## Kelsey Nabbed Convicts, But His Gun Was Empty

Many persons are killed each year while cleaning or playing with "unloaded" guns. Knowing this, Ovidio Constable Kelsey didn't take any chances when he unloaded his before cleaning it last week.

But had Kelsey had occasion to pull the trigger of the gun with which he captured two escapees from an Orange County road camp, he would have heard a loud "snap." It still wasn't loaded.

Of course, the constable didn't discover this fact until after the two convicts had been securely handcuffed and placed into the custody of a deputy sheriff.

This fact wasn't included in the official report of the case, reported by The Herald on Friday. The discovery came as quite a shock to Kelsey. Shortly after the prisoners were handcuffed, Kelsey checked the gun. To his amazement, it was empty.

Recovering from the brief shock, the constable remembered that he had cleaned the gun and had been sure that it was unloaded. He wanted to avoid a possible accident with an "unloaded" gun, which he knows is the most dangerous kind.

Had the two convicts decided to resist, he could have been in real trouble.

This was one of the unusual turns the case took. The other came with Kelsey's introduction to the pair, Ernest Sutherland, 32, and Robert Green, 20. He became acquainted with the escapees when they stopped his car for hitchhiking on the road. Kelsey arrested them.

At the time he stopped his car, Kelsey thought they were two of the eight who had fled from the jail in Deland.

It is probable that Kelsey made a resolution about the time he saw the empty gun chamber.

## Mayor To Return; Agenda Is Listed

Mayor Melvyn Warner will return to his post on the Sanford City Commission tonight after an absence of approximately three weeks. He is sound again, following an emergency appendectomy performed early in the month.

On the agenda for tonight's meeting of the commission will be:

1. Discussion of a reciprocity clause in the ordinance licensing contractors.
2. Request of W. M. Pope, 1014 W. 10th St. for a beer and wine license.
3. Discussion of an extension of coverage on the group life insurance.
4. Report on annexation petitions.
5. Authorization of the mayor to execute a deed with Lee Brothers.
6. First reading of ordinances.

**HELPS UNITED FUND**—Ed Korgan Jr., 17, (center), a DCT student at Seminole High, has pledged \$2 monthly to the United Fund. Korgan, son of Mr. and Mrs. Edward A. Korgan, 240 Orange Avenue, is working at the Florida State Bank under the diversified training program. He turns his pledge over to Roy Mann, UF treasurer, as Howard McNulty, campaign chairman, (left), looks on in approval. (Herald Staff Photo)

## 166 Others Flee; Rescue Squadrons Racing With Time

RISHTOP, Va. (UPI)—An explosion ripped through a two-mile-deep section of a Pocahontas Fuel Co. mine here today, trapping 22 men. A company spokesman said 166 other miners fled to safety.

Two rescue squadrons of 15 men each began working their way toward the trapped men. The rescue squads were equipped with portable telephone equipment and were expected to begin reporting to the mine office during the afternoon.

Roland C. Luther, company vice president at the scene, said he did not know whether the missing men were dead or alive.

The survivors fled by foot and by flatcar from the miles of tunnels that run beneath the West Virginia Virginia border in this mountainous area. The blast occurred in the same mine where 37 men died in an explosion Feb. 4, 1957.

Luther said 14 miners about 1,500 feet from the blast area telephoned immediately after the explosion and said they were barricading themselves. But when it was found that the ventilation system was not affected in their area, they ran to safety.

One man in the mine who said he was 2,000 feet from the blast said, "I was knocked down." He managed to get up and run to safety, he said.

Two rescue squads "are working their way to the section," Luther said.

Luther said the explosion caused little visible damage to the mine, but he did not know if any part of the mine had caved in.

A crowd of between 1,500 to 2,000 persons waited outside the roped-off mine shaft for word of the missing miners.

It was not immediately known whether the explosion was caused by gas. No names of the missing men were released.

## Legion Will Hold Meeting Tonight

Joel S. Field, commander of American Legion Campbell-Lossing Post No. 53, today announced that a reconvened meeting of the adjourned Oct. 20 meeting will be held tonight at the Legion Place, Highway 17-92, at 8.

Plans will be made for groundbreaking ceremonies early this week for the new Legion fair building. Contract for construction has been awarded and Robert Mahan, finance officer has given the green light to start work.

J. Q. (Slim) Galloway will give final instructions to all committee members of the advance Veterans' Day fish fry to be held Nov. 8 at the Farmers Auction Market.

Location of the event, which was scheduled to be held at the Legion Place, has been changed due to the large attendance expected, as shown by advanced ticket sale.

"The House committee of the Post also will make final reports on rules and regulations at tonight's meeting, according to Lynn Lyons, committee chairman.

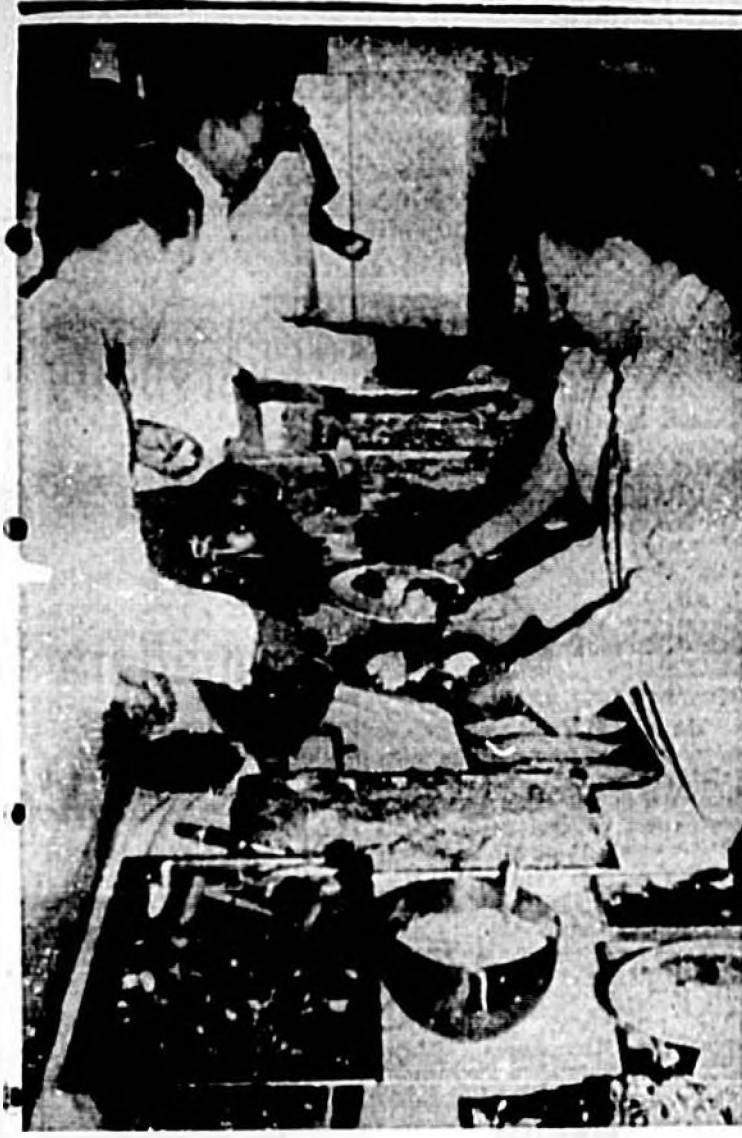

## Dunn's Trial Set Here On Nov. 17

"Wreck damage" to the car amounted to mud on the right side. At that time, Dunn revealed that the official report stated that his car "ran off into a deep ditch." The vehicle had no visible dents or broken parts.

Dunn said the official report also would describe him (Dunn) as being "in a very drunken condition." He repeated his Friday statement to the effect that he had taken four drinks and four transmitters and "didn't know whether he had gone to sleep or passed out."

The commission nominate today said that he had "told the whole story." The final chapter will be written Nov. 17 when the case is heard, as far as he's concerned.

Dunn defeated R. C. Dodd by 27 votes in the Sept. 3 primary race for the District 4 seat on the County Commission. A group of Oviedo citizens are waging a campaign in behalf of Oviedo Mayor Lee Gary for this post.

**PLENTY OF FOOD**—Visiting Junior Chamber of Commerce members found the food good, and plentiful, yesterday in Sanford. The local Jaycees were hosts for the District Four meeting. Here is a view of the "chow line" (Bergrstrom Photo)

## Sanford Jaycees Host To Meeting

Jaycees of the Fourth District, meeting here yesterday, heard a report from D. A. Toliana, Lakeland attorney and national director of the Fourth District.

Following an appraisal of the work Jaycees are doing, Toliana announced that Bob Cox, national president, will tour Florida after a conference in Fort Lauderdale next year.

Don Smith, Orlando, district vice president, presided over the fall caucus held in the Shrine Club Building. He reported on amendments to by-laws which would be presented for ratification at the next state conference. The winter caucus, slated for January, will be held in Winter Haven.

Judge Volie Williams Jr., Sanford, instructed the members on parliamentary procedure during the three-hour business session.

The Jaycees defeated an attempt to make Leesburg the site for the spring caucus in March. A move for 11 per cent participation in Jaycees International also was opposed.

John Alexander, Sanford Jaycees, was chairman for the caucus preparations. A buffet dinner, prepared with the help of Jaycee wives, was served following the meeting.

Attending the caucus were Jaycees from Apopka, Bartow, Clermont, Eustis, Haines City, Kissimmee, Lakeland, Leesburg, Mulberry, St. Cloud, Winter Haven, Winter Park, Lake Wales, Orlando, Winter Park, Longwood and Sanford.

**Parents File Suit To Reopen Schools**  
NORFOLK, Va. (UPI)—White parents in Norfolk filed suit in federal district court today asking that this port city's six integrated schools be returned to local control so the plaintiffs' children could be educated.

The suit named Gov. J. Lindsay Almond, Atty. Gen. Albert S. Harrison Jr., Norfolk School Supt. J. J. Brewbaker and all members of the Norfolk School Board as defendants.

It was the first direct action taken by white parents in Virginia for reopening of schools which have been closed by anti-integration laws.

**Governor To Make 'Extortion' Ruling**  
DAYTONA BEACH (UPI)—The results of a hearing into an alleged extortion case involving two Volusia County officials will go to the office of Gov. LeRoy Collins for final action.

The hearing, held for Constable J. T. Kinchen and Peace Justice J. C. Beard, ended Saturday night after two days of testimony. State Attorney William W. Judge accused them of conspiracy.

Judge withdrew a charge against Beard Saturday of having filed affidavits on which no warrants were issued after Beard's attorney produced the affidavits. Beard said they were filed in the sheriff's office.

Judge noted that Kinchen had billed the county for \$500 for a trip to Phoenix, Ariz., to return a prisoner. When questioned about the trip, Kinchen said he did not go to Arizona but sent a guard and R. M. Freeman instead. He testified he paid the two \$400 plus \$133.40 for trip expenses.

When Judge asked if the remaining money was Kinchen's profit, the constable replied "yes." Judge then asked Kinchen if he knew that it was his duty in the case of illness to turn the prisoner matter over to the sheriff's office. Kinchen said: "I guess that would have been the proper thing."

## Chamber Thinks 'Goal Within Reach'

At a meeting at the Chamber of Commerce Friday afternoon, campaign captains in the membership campaign reported contacting a majority of their assigned firms and turned in checks and pledges that brought the total membership fund to \$6,570.

According to Clifford McKibbin, there are other organizations that remit at the first of the year, and he was confident that the \$10,000 sought from members would be in the treasury for use in the current administration.

President Mack Cleveland expressed appreciation for the public-spirited effort of the captains and commended them for their accomplishment, when told of the results thus far in the drive.

McKibbin said that although some of the workers reported the necessity of making some back-calls, he was not going to extend the solicitations over the end of the month. "If there ever was a year when the need for widespread support of the C of C effort was evident, this is it," he said.

"Every alert businessman should be aware to be identified with this unified effort that brings more people to Seminoles County, more business to our community. This means more customers at the door of every firm in the county. If a businessman does not recognize the extent of associating himself with these 'carrying the ball' for the general welfare, he ought to reexamine his promotional efforts for his firm," the drive chairman continued.

He said he hoped that if any firm had not been called on, it could call the office of the C of C—or better yet, mail a check to the office. The minimum fee is only \$25, he added, and any business could afford this—and many of them could and should pay more.

Herlong continued his campaign for reelection through the Fifth District.

The Leesburg congressman spent Friday in Seminole County, then moved into Brevard for a "Sud Herlong Appreciation Day" on Saturday.

On his tour, Herlong emphasized his seniority in the House. Herlong seeking his sixth term, visited Sanford, Oviedo and Altamonte Springs on a handshaking expedition. Except for a luncheon address to supporters in Sanford, he made no speeches in Seminole County.

Herlong reminded his campaign workers that Congress is the most exclusive club in America, one that operates entirely on the seniority system.

He attributed the strength of the South to the policy of "selecting good men and returning them there." He said states rights, as guaranteed under the 10th Amendment to the Constitution, is the big issue in Washington.

He took a verbal swipe at his GOP opponent in the Nov. 4 general election. Without mentioning his name, Herlong said "he is a candidate of the Republican National Committee and of six nothing but the GOP platform."

Dempsey suffered possible internal injuries, a broken jaw and cuts. Mrs. Dempsey suffered lacerations.

A passenger in the car, Sybil Grant, 18, Longwood, escaped with minor injuries.

**Grid Game Slated**  
The football teams of Sanford Junior High and the Seminole High Junior High will play tomorrow at 4 p. m. at municipal stadium.

### Strictly Feminine 'Who's Who' Proves What Men Had Feared

By EVERETT R. IRWIN  
CHICAGO—(UPI)—The American woman has proved, in what was once a man's world, that she knows what's what.  
The proof is in the very first "Who's Who of American Women," which will be published Oct. 31.  
It was compiled by the editors of Marjorie Who's Who, Inc., the firm which for 60 years has been putting together "Who's Who in America."  
The book lists about 19,000 of the 34,000,000 women of voting age in the country.  
Wheeler Sammons, Jr., the freetrad male publisher, said they are "women outstanding as women," and not necessarily women who stand out from both their sisters and brothers. The American woman has made a name for herself in scores of fields once almost the exclusive province of men. There are listed, for example, 125 women bank presidents and at least 240 congresswomen. There are advertising executives, TV announcers, radar scientists, biochemists, textile consultants, editors and diplomats.

Lasted are such women as Helen Louise Booth, first and only woman to be executive secretary of the New York Board of Trade.  
—Mrs. Theresa Livingston of Montpelier, Vt., only woman state director of recreation.  
—Corinne Lasater, Duke of Pauls Valley, Okla., first woman director of the Farm Credit Administration.  
—Elinor Mallett Hasselmann of Ann Arbor, Mich., a parapsychologist and the only one listed in the book.

### Quiet Day Scheduled

The Women's Society of Christian Service of the First Methodist Church will observe the Week of Prayer and Self-Denial on Tuesday with a Quiet Day of prayer and meditation in the church. From 10:20 a. m. to 2 p. m. the women of the church will meet to pray for the work of missionaries in Bolivia, Cuba, and Mexico. Special projects in these countries will be supported by the successful giving of the members of the W. S. C. S. throughout the United States. A portion of the money so raised will be used to support homes for retired deaconesses.

Meditations for the day are centered around the theme "All Things Are Mine," based on hymns of Charles Wesley. Leaders for the meditations are Mrs. E. M. Williams, Mrs. W. S. Higginbotham, Mrs. J. E. Terwilliger, Mrs. J. J. Loper, and the organist is Mrs. Albert Hickson.  
Those planning to attend should bring sandwiches for the meal. The hostesses will be furnished by the Women's Society of Christian Service.  
Juliet goes juvenile in sleep wear inspired by Shakespeare. A pajama set by Gibbs is designed like a page's costume of Elizabethan times. A yoked and striped cotton flannel top is worn over a cotton knit leotard.

### Nancy Richards In Flying High

Nancy Richards, daughter of Mr. and Mrs. E. F. Richards, has been selected as a member of the troupe of "Flying High", Florida State University's Circus.  
Trips are held annually in the fall, and are open to any student registered at the University. Acceptance is based on nomination, poise, showmanship, ability to grasp quickly the idea involved in performing a new stunt, attitude and willingness to work. After a student is selected for the troupe, a "C" average must be maintained in order that the student may stay in the Circus or travel with the troupe.  
None of the two hundred students in the troupe receive pay for their participation nor are there scholarships or out-of-state tuition exemptions. The Circus is self-supporting and receives no tax funds.

Howell, eleventh grade and Mrs. Jack T. Hyant, twelfth grade.

### Personal

Miss Nancy Cash, a sophomore at Florida State University, spent the weekend with her parents, Mr. and Mrs. Woodrow Cash, Lele, and Mrs. Vann Savage spent the weekend in Panama City.  
Mr. and Mrs. Roy Symes Jr. returned last week from Newark, N. J., stopping briefly to visit friends in Charlottesville, Va., on their way home.  
Frank Scott, son of Mr. and Mrs. F. D. Scott, made the Dean's List for the current six weeks at Chattanooga, Tenn.  
Mr. and Mrs. Robert S. Brown visited friends in Clearwater over the weekend.  
Miss Martha Anne Cameron, daughter of Mr. and Mrs. John M. Cameron, has been initiated as a charter member of Gamma Phi chapter of Sigma Kappa, first national sorority to be installed at Kentucky Wesleyan College.  
James Henry St. John, son of Mr. and Mrs. J. B. St. John, has pledged Xi chapter of Phi Kappa Alpha at the University of South Carolina where he is attending on a Naval scholarship.  
Group Hears Stylist  
Neil Altman, hair stylist, gave a demonstration on hair styling at the Tuesday night meeting of Zeta Xi chapter of Beta Sigma Phi held at the home of Miss Joan Wright. A question and answer period concerning the care of hair followed the demonstration.  
Mrs. Ralph Betts presided over the business meeting and welcomed the new pledges, Mrs. Sam T. Skilton, Mrs. Lynn Swain Jr., Mrs. David Brandt, Mrs. Troy Ray, Mrs. Robert Beases, Mrs. Betty Anne Carter, Miss Mary Ann Wright, and Miss Nancy Smith.  
Dinner Is Planned  
The Seminole County Evening Home Demonstration Club met Wednesday night for a brief business meeting.  
Under discussion was a proposed turkey dinner to be held at the Center Nov. 4 for club members and friends. Mrs. Ruth Gowan is the chairman for the dinner. Six members and Miss Myrtle Wilson, county home demonstration agent, were present.

### Gamma Lambda Will Honor Young Woman

The selection of Young Woman of the Year of Oviedo will be announced at a dinner at Mt. Plymouth Hotel Nov. 1 with members of Gamma Lambda Chapter of Beta Sigma Phi attending.  
The young woman upon which this honor and recognition is conferred will receive a certificate of award from International organization of Beta Sigma Phi.  
Selection is made by secret ballot of community leaders from the community the young woman is to represent on the basis of her contribution to one or more of the following fields of endeavor: service, cultural and civic work, homemaking, business, teaching, and other community activities.  
Beta Sigma Phi, sponsoring this community-by-community recognition of the past young women are playing in community betterment, is an international organization of women devoted to social and cultural development with 4500 chapters in the United States and 14 other countries. No member of the organization is eligible for candidacy for honor of Young Woman of the Year.  
Beta Sigma Phi has many claims of recognition itself, in cultural and community service. Its members have given generously of abilities, time, efforts and money to aid their respective communities and the nation.

### Sleep Needs Differ

How many hours of sleep do you and your family need each night? This varies with the individual—his general state of health, temperament, type of work and climate. The following sleep chart, however, gives some suggested quotas based on age:  
2-3 years 12 to 14 hours  
with two hour nap during day  
4-5 years 11 to 12 hours  
with nap in afternoon  
6-10 years 10 to 12 hours sleep  
Adults 8 hours sleep  
Whatever the amount of sleep in individual requires, the type of bedding equipment he uses determines whether or not he will wake up refreshed in the morning. Sleep, at its best, can only be had when the mattress and bed springs give proper support and comfort.

# Seminoles Beat Winter Park

**BY JERRY COVINGTON**  
A great team effort by the Sanford Seminoles resulted in a very important 13-7 OBC victory Friday night over Winter Park. An inspired line was the brightest spot all evening with the Seminole spark plugs firing in on quarterback Mike Mosher to completely stop any offensive threat by the usually great playermaker and passer, Kelly Lake, Nerly Ross and Dave Stanley headed the attack against Mosher and had him fumbling all evening. Near hit through the middle, Stanley and Lake on both sides to completely unnerve the Wildcat quarterback.

Ross found himself in this contest, Stanley played the greatest game of his brilliant career. He homesteaded in the backfield

all night. The stone-faced guard refused to be taken out on a single play and rushed Mosher so fast that he was able to get but a few passes away.

Don Foster played his best game. The 216-pound tackle injured his knee in the second period, but was not to be denied his share of the glory. He mixed up some tape at the half and continued the rest of the evening with plenty of power. He also picked up another important PAT with his talented toe.

Bob Day and James Markham filled in for Carter while he was slowed by the knee and were effective against the Wildcat offense. Markham, a sophomore, shows a lot of promise.

Tackle Charlie Bogan also found himself and had a big share of

the success. The big junior was pouring through the line to stop the fast Wildcat backs.

The linbacking of Harold Stone and Duke Schirard snuffed out several threats in the secondary. The defensive play of Cliff McKibbin could not be overlooked on several occasions Jacobs and Mosher went wide, but McKibbin was there to drive them out of bounds and hold them to a minimum.

The Sanford offense in the first half looked far superior to that of the Wildcats. Vernon Kirk put on a one-man show on the ground by flipping off the tackles for not less than three yards every time. The scrappy senior has his best night of the season and picked up half of the Sanford yardage on the ground.

Kirk and Lundquist were the only Seminoles to find the way through the tough Winter Park defense. Lundquist ran the ball four times for 23 yards. He also had two long runs called back because of penalties.

Gerald Jones and Allan Swaim, big senior ends, set up both of the scores with their catches. Jones made a catch that looked like a pro in the second period to set up the first Swaim followed in the same period with a 13-yard TD catch. Cecil Dandridge hit five of nine passes, had no misses on the others.

Sanford kicked in the opening period and the Wildcats drove deep. Dave Burns broke up the middle for 23 yards to the Seminole 20. Mosher passed to the Seminole eight. But the Seminole line made a great stand, taking over on the 12.

Kirk slipped through on the first play for 11 yards and a first down. With a little running from the Seminoles took off. After another first down by Kirk, Dandridge threw over the middle in Swaim for 10 yards. The Seminoles moved to the 30 but had to kick. Dandridge busted into the end zone and the Wildcats took over on the 20. They moved to the 35 but Lake pounced on a fumble.

In the second period the Seminoles made their move. Kirk picked up two first downs. Lundquist moved the ball to 15 on a seven-yard run. Dandridge hit Jones across the middle and the big end bulled to the one. Dandridge took it over on a sneak. Carter converted and it was 7-0 with about 5 minutes remaining.

The Wildcats moved the kick out to the 30, but the line poured through on Mosher, and Stanley pounced on the fumble to give the Seminoles possession on the Winter Park 35. After nice runs by Kirk, Lovaine and Lundquist, Dandridge threw a long pass over the head of Jones and the big end snatched it for 26 yards. Two plays later Dandridge hit Swaim, who made a coming catch, for the TD. The point attempt failed and the score read, 13-0.

In the second half Winter Park came rearing back. Injured star John Jane was called from the bench, but on the first play Stanley threw the flash for four-yard loss. Jane ran the ball twice more but was unable to gain against the Seminoles.

The lone Winter Park score came in the final period when the Wildcats took to the air. Mosher passed 35 yards to the Seminole eight, then ripped off guard to score two plays later. The kick was good and that was the end of it. Kirk fumbled on his own 29, but three plays later the Wildcats returned the favor and that was all. Dandridge ran out the clock with his wide end sweeps and also picked up the final first down of the evening.

# Browns, Colts Continue To Lead Pro Grid League

**By EARL WRIGHT**  
United Press International  
Jim Brown, the 230-pound lead Coach Paul Brown selected when he "lost" a coin toss in 1958, may start a new Cleveland Browns dynasty with the biggest season rushing and scoring spree in National Football League history.

While the Baltimore Colts (8-0) retained their one-game Western Division lead Sunday with a 35-10 victory over the Washington Redskins, Brown ran amok for the fifth straight week to spark the Browns (5-1) to a 28-24 victory over the Chicago Cardinals.

Brown helped Cleveland retain its two-game Eastern lead by scoring four touchdowns on runs of 62, 41, 7 and 2 yards.

The Chicago Bears (4-1) remained close behind the Colts by defeating the San Francisco Forty-Niners, 27-14, during a game in which one of the 60,000 Kears Stadium fans provided part of the halftime entertainment by socking Coach George Halas of the winners. The New York Giants (3-2) regained undisputed second place behind Cleveland by defeating the Pittsburgh Steelers, 17-6.

Tobin Rote sparked the Detroit Lions to their first 1958 victory, a 41-24 triumph over the Los Angeles Rams before 81,703 in the Coliseum, and the Great Day Packers edged the Philadelphia Eagles, 38-35 in the other game.

**Will Shatter Records**  
But Brown, a 22-year-old fullback from Hempstead, N. Y., and Syracuse University, is the big story of the first part of the 1958 NFL campaign. Barring injury, he almost certainly will shatter the all-time rushing record (1,146 yards set by Steve Van Buren of Philadelphia in 1949) and Van Buren's record for touchdowns (18) made in 1945. At his present pace, Jim also will break the sea-

son scoring mark (138 points) set by Don Hutson of Green Bay in 1942.

Cleveland planned to pick Lee Dawson of Purdue the first in the 1958 NFL draft but selected Brown when it lost a coin toss for the first choice.

Leonard Lyles, best Baltimore rookie who raced 103 yards against the Bears with a kickoff in the team's 1958 opener, broke Washington's back by carrying one 101 yards in the third period. John Unitas threw two touch-down passes to Ray Berry while Lenny Moore and Alan Ameche scored on runs to delight 54,403 fans after Bert Zagers gave the Redskins a brief lead.

**Bears Carry Halas**  
Willie Galimore of the Bears ran 20 yards to score the first time he handled the ball against the Forty-Niners. He also outran the Forty-Niner secondary to score on a 43-yard pass from Zeke Bratkowski in the last period. Halas was escorted off the field by a bevvy of his big Bears after they won before a capacity crowd of 60,000 at San Francisco.

The Giants turned two fumbles by Tom Tracy of the Steelers in 10 points during a steady rain at Yankee Stadium. Halfback Carl Karlovac raced 23 yards to score with Tracy's first bobble and Pat Summerall kicked a 36-yard field goal after halfback Jim Patton recovered the second.

# Burnett Sweeps, Leads In Bowling

After four weeks of being tied for first place in the Sanford City Bowling League, Burnett Painters finally got out of the rut they were in with New York Life Insurance by taking three big games from the Insurers.

The loss dropped the Insurers men into a tie for second place with Bukar Music Shop, which won only one game from Mather of Sanford. Celery City Printing retained the form it finally found last week and took three straight from Gene's Seminoles Dry Cleaners. The Cleaners' loss dropped them into a tie for fifth place with Mather.

Dick Richards led the Painters in their victory, as he rolled 202-640. Jim Malone, led the Insurance men to no avail as he scored a 321 series. Al DePalma and Gerry Fox were hot as they led Mather to his two to one victory over the Musicians, rolling a 325 and a 321 respectively. Pete Bukar led his team with a 291. Harold Herbst with a 211,510 and Clyde Piercy's 221 helped make things easier for the Printers, as Gene's team continued to have trouble locating all its men.

Spit-shrinkers for the night were Ed Kirchhoff, who made a five-and-dime, and Harold Herbst and Pete Bukar who both made the 3:30 split.

Wednesday night, the hottest team in the league will attempt to cool off first-place Burnett as Mather of Sanford tries to come up from fifth place tie. New York Life will try to repel the newly-found attack of the Celery City

# Undefeated Ranks To Be Cut Again

**By JOE SARGIS**  
United Press International  
Mississippi, Louisiana State, Colorado U. and Rutgers were the only major unbeaten and untied college football teams in the nation today — but the "honey-moon" should be over for at least two of them by next Saturday night.

Army, Ohio State, Texas and Northwestern, four of the nation's top-rated schools, were bounced from the ranks of the perfect record teams last Saturday, throwing the battle for the mythical national championship wide open.

Either Mississippi or LSU will be eliminated Saturday when they meet in the South's "game of the year" at Baton Rouge, while Colorado is almost certain to go because its next opponent is Oklahoma, a team which has won 43 straight Big Eight games.

That leaves Rutgers, a rather small "power" next to the Big Ten, Southern, Southwestern and Pacific Coast teams, as about the only "sure" bet to complete the

season with an unblemished record. The Scarlet Knights of New Brunswick, N. J., play Delaware Saturday.

Army and Ohio State, rated one-two last week, were expected to battle it out down to the final week for the national championship, but both were caught in last Saturday's wave of upsets.

**Army Ties Pitt**  
The Cadets, with star halfback Pete Dawkins and full back Harry Walters, limited to spot duty, were lucky to get off with a 14-14 tie with Pittsburgh, rated 18th, while the defending champion Buckeyes had to battle back from a 7-0 deficit in the third period to tie the 12th ranked Wisconsin, 17-17.

Texas, the nation's fourth-ranked team, was upset by Rice, 31-7, in the tough Southeast Conference and Northwestern was toppled by Iowa, 24-20, in an important Big Ten skirmish.

Meanwhile, LSU kept its perfect record alive when fullback Tommy Davis punted a 19-yard field goal with three minutes left for a 10-7 victory over a surprisingly tough Florida team. The Misses had all it could do to de-

porarily stopped, it now appears that the race for the national championship may involve as many as six teams— Army, Ohio State, Auburn, LSU, Iowa and Ole Miss—provided they don't get caught in another form reversal.

Of these, LSU appears to have the easiest task, if it gets by Ole Miss, because the Tigers have games with Duke, Mississippi State and Tulane remaining after Saturday's big "test" Army plays Colgate, Rice, Villanova and always tough Navy, while Ole Miss meets in order Ole Miss, Northwestern, Purdue, Iowa and Michigan.

**Sandspur Lead At Stake Tuesday Night**

First place in the Sandspur Bowling League will be at stake tomorrow night when Perfection meets Roundlat & Anderson.

Perfection leads the league by one and one-half games after dropping three points to Robson's last week. Roundlat's moved up into a challenging position by taking three points from ABC.

In other matches, Insurers' night, Wilson-Maier played ABC and Wade's takes on Robinson's.

Wilson-Maier turned on the heat last week and came up with all of the top honors. The furniture team took four points from Wade's had high team game with 628, scratch, and 822, handicap, high team series, scratch, 1,972 and 2,474 handicaps.

This is the highest scratch series to be bowled this season by any team. Credit is due the entire team. Every member bowled over her average. Helen Gerbis rolled 196 and Margie Woods a 467 series to spark the team.

High single game of the evening was the 196, scratch, and 218 handicap, by Helen Gerbis. Aler Shaw rolled a 478, scratch series, giving her the high handicap series, 529.

Lucille Harris picked up three splits, the 37, 37-0 and the 37-

**Service Gas Holds Mixed League Lead**

Service Gas Company continues to hold first place in the Mixed Bowling League by taking three games from Weibolt's Camera Shop. Service Gas has a total of 17½ wins and only 4½ losses.

Cook's Corner is in second slot with 15 wins and 11 lost, followed by Harvey's Plumbing & Heating, which moved into third place, taking two games from Sanford Linen and Tile. This puts the floor coverers in fourth slot.

Weibolt's Camera Shop's run of bad luck put them in fifth place, and though the Appliance Mart is still in last place, they made a nice try at a comeback by winning three games from Cook's Corner.

High in the game series of the evening was rolled by H. K. Ring who had a powerful 340 series to beat out Charles Jarrett, with a 324 and Bob Sweeney, who rolled a 495.

Betty Callan had high series for the ladies with 452 and also high single game of 180. Mary Elmore rolled second high with 491, followed by Gladys White who had a 492.

The 3410 split was picked up by Millie Powers, and Fred McCleary skillfully cleaned the deck by knocking off the 6710 split.

The week's bowling finds Service Gas vs. Sanford Linenium & Tile, Cook's Corner vs. Weibolt's, and Appliance Mart vs. Harvey's Heating & Plumbing.

# Crown At Stake In Red-Bengal Game

**By DAVID M. MOFFIT**  
United Press International  
ATLANTA (UPI)—Louisiana State and Mississippi match perfect records before 45,000 fans Saturday night at Baton Rouge, La., in a high-stakes contest from which the winner will emerge as one of the few remaining major unbeaten, untied teams in the nation.

In addition, Saturday night's victor probably will win the Southeastern Conference title and stands a good chance of being rated the nation's No. 1 college football team.

LSU prepared for their test with their toughest games of the season. The Louisiana State Tigers beat the defensively tough Florida Gators 16-7 with a field goal by injured fullback Tommy Davis in the waning minutes of the fourth period.

The Mississippi Rebels jumped

off to an early lead, then put on a series of second-half goal line stands to edge Arkansas, a long-time nemesis, 14-12.

That Florida line, ranked third in the nation on rushing defense before game-time, limited Louisiana State to 89 yards on the ground. But halfback Billy Cannon managed to penetrate it enough to lead a 62-yard drive in the second period which he capped with a touchdown, and again in the fourth period to set up Davis' winning field goal.

Mississippi moved almost at will in the first half but saw Arkansas, led by halfback Jim Mooty, dominate the second. Mooty gained 120 yards and scored two touchdowns, but bobbed an attempted conversion pass that would have produced a tie. Bobby Franklin, the conference offense leader, scored twice for the Rebels.

There are three other intra-conference games scheduled for Saturday, Auburn, which extended its unbeaten string to 19 games with a 10-7 win over Maryland, will be at Florida; Georgia, a surprise 28-0 victor over Kentucky, will be at Alabama, 9-7 upset winner over Mississippi State; and Mississippi State will be at Kentucky.

Friday night in non-league action, Vanderbilt, 30-6 winner over

Virginia, will be at Miami, and Tulane, which lost to Kansas 14-9, will be host to Texas Tech. Saturday, Georgia Tech, 20-0 loser to Southern Methodist, will be at Duke, and Tennessee, beaten 10-0 by Florida State, will be host to North Carolina.

Junior halfback Gary O'Steen put on a one-man show in Alabama's upset of Mississippi State, keeping State in the hole with brilliant quick kicking, furnishing key yardage for the scores, and intercepting a pass.

## FUTURE FLORIDA ENGINEER: Toys today...structural steel tomorrow

Today he is learning with toys...tomorrow he may be working with skyscrapers... helping design a better Florida. Just what are his opportunities?

Today, engineering is booming! From 1950 to 1958, with an increase of 48%, Florida is one of the fastest growing states in the Union. And with some 2400 new people moving in every week, Florida will need even more engineers to plan airports, sanitary and water systems, highways, bridges, seaports, railroads, power plants, pipelines,

skyscrapers... innumerable other facilities. Latin America, too, is continually hiring Florida engineering firms for work in Central and South America.

But what of tomorrow? Can this boy count on these opportunities to continue? Or will he be limited by socialistic decrees? He will have his chance... but only if we preserve our system of free enterprise... the system which has "engineered" for Florida... and America... the best way of living that the world has ever known.

Just as "free enterprise" has helped our engineers design a better Florida for tomorrow, so has it helped Florida Power & Light Company plan for a better tomorrow electrically. FPL is pushing ahead on a record-breaking expansion program... \$310 million is estimated cost for the 1958-61 6-year period alone... to provide you with HAPPIER FLORIDA LIVING... ELECTRICALLY!

### Probers Hunting Mine Blast Clues

BISHOP, Va. (UPI)—A team of investigators search today for the cause of an explosion that wrecked a deep tunnel of a coal mine killing 22 miners, apparently instantaneously.

The blast Monday touched off the tunnel where 37 miners died in a crumbling explosion 20 months ago. The mine was operated by the Pocahontas Fuel Co. The safety division of the United Mine Workers headquarters in Washington said the Bishop mine "has one of the worst accident records of any coal mine in the country." A UMW spokesman said 70 miners have died in the mine since Jan. 1, 1934. The investigating team was headed by Crawford L. Wilson, director of the West Virginia Mines Department. Wilson, who said the explosion apparently was caused by gas as was the 1935 explosion, was in charge of the inquiry because the main shaft of the mine is in West Virginia.
