## DEMOCRATIC LANDSLIDE SHOWN EVERYWHERE IN THE ELECTIONS

### DEMOCRATIC VICTORY IS ASSURED WITH THE ELECTION RETURNS TODAY

LATER RETURNS SHOW SENATOR LODGE LEADING GASTON IN MASS.

#### DEMOCRATS WIN

In New York and Other Pivotal States—Solid South is Again a Reality

(By The Associated Press) NEW YORK, Nov. 8.—Swept before the rising tide of the Democratic victories in many states, the tremendous Republican majorities piled up in the Harding landslide of two years ago, were knocked right and left in yesterday's election. Republican majorities in the senate and house were sharply reduced but the Republican managers declared they would not be wiped out. At noon the two parties were tied with 178 each in the race for the necessary majority of 218 to control the house and it became apparent that the deciding votes yet to come from the west and middle west.

ST. PAUL, Nov. 8.—The defeat of Representative Volstead, Republican, author of the Volstead law was indicated in the returns available at 10:30 today. Reverend O. J. Kvale, independent, was leading by 1,000 with more than half the precincts in the district heard from.

COLUMBUS, Nov. 8.—Fess lead over Pomeroy for the senate was increased to 11,000 with additional returns this forenoon.

CHICAGO, Nov. 8.—Illinois Democrats increased their congressional delegation from three to six on account of additional returns.

NEWARK, Nov. 8.—Edwards overwhelmed Frelinghuysen, a friend of President Harding and the administration spokesman in the race for the senate. Edwards holding two to one lead, Judge Silzer, Democrat, was elected governor.

INDIANAPOLIS, Nov. 8.—The election of Ralston, Democrat, to the senate over Beveridge was assured. Ralston's lead of 14,000 with 2,000 of 3,100 precincts in.

DETROIT, Nov. 8.—Michigan voters apparently departed from tradition and elected a Democrat to the senate. Ferris is leading Senator Townsend by 11,000 with only eight hundred precincts reported.

WILMINGTON, Del., Nov. 8.—Official returns from all but four precincts in Delaware give for senate Bayard, Democrat, 39,344; DuPont, Republican, 38,152.

SEATTLE, Wash., Nov. 8.—For the senate, Senator Blandinger, Republican 63,964; Dill, Democrat, 68,503.

BOSTON, Nov. 8.—With the state complete Senator Lodge defeated Gaston, Democrat, by 1,945 votes. A recount undoubtedly will be asked by Gaston.

SAN FRANCISCO, Nov. 8.—The election of Democratic governors over Republicans, now occupying seats, conceded in Arizona, and Oregon. Democrats in the lead for congressional places now held by Republicans in Montana, New Mexico, Oregon, and Utah. Hawaii for the first time elected Democratic delegate to congress.

WILMINGTON, Del., Nov. 8.—With twelve districts not heard from Bayard, Democrat, had 363 eld over DuPont, Republican, for the senate.

NEW YORK, Nov. 8.—Associated Press tabulation of the vote for the

### BONUS BILL WAS CARRIED IN ILLINOIS

FIFTY-FIVE MILLION DOLLARS WERE VOTED FOR BOYS OF WORLD WAR

(By The Associated Press) CHICAGO, Nov. 8.—By a majority of more than three to one Illinois voters voted the \$55,000,000 bonus to Illinois soldiers in the world war yesterday and also voted in favor of the return of light wines and beer.

#### IRISH REPUBLICANS OPENED FIRE TODAY ON MILITARY BARRACK

(By The Associated Press) LONDON, Nov. 8.—The Irish Republican Army opened fire on the Wellington Military Barracks at 9:30 this morning and the fighting is believed to be continuing. The fighting is continuing.

#### TO PAY \$50,000,000 MORE

(By The Associated Press) LONDON, Nov. 8.—The British government has directed the further payment of \$50,000,000 to the United States on November 15, to apply on the interest due on the war debt, pending an agreement between the two governments for the funding of the debt.

This measure was made necessary by the unavoidable delay in sending a British debt mission to America caused by the resignation of the Lloyd George ministry.

House of representatives showed a 2-1 margin at the close of the day's session. The Democrats have a 2-1 margin in the house and the Republicans have a 2-1 margin in the senate.

ATLANTA, Nov. 8.—The solid south is again a reality. Led by Tennessee, where Governor Taylor, Republican, was defeated by Perry and Chapman, Democrat, National Commission registered the solid south for the Democrats. Only twenty states then complete, 218 members required for majority.

CHRYESEN, Wyo., Nov. 8.—Frank Mondell, Republican floor leader in the house and by more than a quarter of a cent, almost continuously in congress, almost defeated for the senate by senator Kendrick, the Democratic incumbent. Returns from half of the state give Kendrick 4,300 lead.

ST. PAUL, Nov. 8.—Shipstead, the Farmer-Labor candidate for the senate, is leading Kellogg, Republican, by more than 27,000 with one-third of the state returns in.

CHARLESTON, W. Va., Nov. 8.—Returns from three-fourths of the state for senator give Neely, Democrat, 12,000 lead over Senator Sutherland, Republican.

WASHINGTON, Nov. 8.—Complete figures show Bayard, Democrat, elected to the senate over Senator Coleman DuPont, Republican, by a majority of 1,300.

HELENA, Mnt., Nov. 8.—Burton Wheeler, Democrat, is maintaining his lead over Carl Riddick in the race for the senate, with six hundred precincts reported. Wheeler is leading by 6,000 votes.

### RED CROSS MEMBERSHIP ROLL CALL PROCLAMATION

WHEREAS, the American Red Cross Observation of Membership Roll Call has been fixed for Sunday, November 12th, A. D. 1922, between the hours of 1:00 p. m. and 2:00 p. m., and, WHEREAS, we fully appreciate the wonderful services rendered to our country by the American Red Cross and feel that each and every citizen of our community should co-operate to the fullest extent with the Red Cross in this membership roll call movement; and, WHEREAS, the plan adopted by the American Red Cross is to have each and every person remain at home between the hours of 1:00 and 2:00 p. m. on Sunday, November 12th, in order that they may be called upon by the representatives of the Red Cross and their membership enrolled, NOW, THEREFORE, I, Charles E. Henry, as Mayor of the City of Sanford, Florida, do proclaim that Sunday, November 12, 1922, will be set aside for the observance of membership roll call of the American Red Cross between the hours of 1:00 and 2:00 p. m., and do request and urge every person in the City of Sanford, Florida, to co-operate with the American Red Cross in this movement and either enroll their membership prior to that date or remain at home between the hours of 1:00 and 2:00 p. m., on Sunday, November 12th, 1922, in order that they may be interviewed by the representatives of the American Red Cross whose loyal service has met with the hearty approval of very section of the United States, and whose service I would especially appreciate by all.

CHARLES E. HENRY, Mayor

### DEATH LIST AT EIGHTY IN SPANGLER DISASTER, THIRTY-TWO RESCUED

Explosion Cause Will Be Probed by Mine Experts Some Funerals Held Today

SPANGLER Pa., Nov. 8.—The Red Cross quickly as they were by coal company's mine, swept by a gas explosion Monday morning, was cleared of its dead yesterday.

Late yesterday afternoon rescue crews brought out five bodies, believed to have been the last in the workings. This brought the total of known dead to 80. Thirty-two miners were rescued.

Funerals of the company declared that they had not been able to identify all the bodies. The bodies were buried in the mine when the explosion took place. The total of rescued survivors includes six miners who were in the cage when the flood of gas and smoke issued from the mouth of the shaft. The total dead includes three miners, rescued alive, who failed to return to the mine.

Further search of the workings was made last night. Men of the rescue crew were sent to the mine to look for any of the men who might have been trapped in the mine Monday without reporting to their boss. All miners listed as missing have been accounted for however.

The quiet precision which marked removal of the corpses to the morgue was evident last night as preparations for the funerals got under way. The buried bodies were removed from the mine.

SENATOR UNDERWOOD WILL RETIRE FROM SENATE LEADERSHIP

Birmingham, Ala., Nov. 8.—Senator Oscar W. Underwood of Alabama announced formally here today that he would not be a candidate for leadership of the Democratic minority in the senate after March 4.

"The condition of my health," said the senator, "makes it advisable, both in justice to the party and to myself, that I should not offer for reelection. I do not want my friends to feel any unnecessary alarm about my health, but it is not robust enough for me to continue after March the duties of leadership which require such constant attendance."

Upon reaching home here from Washington recently, Senator Underwood was attacked by bronchitis and he had to cancel his speaking engagements. He is greatly improved and is up and around again, but his physicians have advised him to go away for a rest. He left tonight for Pass Christian, Miss., where he will spend a week or ten days.

His term of senator from Alabama extends four years from next March.

### STATE RETURNS ARE SLOW OTHER AMENDMENTS CARRIED REAPPORTIONMENT IN DOUBT

ALLIES AGREE UPON POLICY TO BEST TURKS

WILL MAKE PLANS FOR RESISTING DEMANDS OF TURKEY

(By The Associated Press) LONDON, Nov. 8.—In view of the attitude assumed by the Turkish nationalists in Constantinople, it was declared in official circles here yesterday that the Lausanne peace conference may be postponed to the end of the present month and may possibly be abandoned. The opening of the conference had been fixed for November 11.

CONSTANTINOPLE, Nov. 8.—The allied commission in Constantinople has given the Turkish nationalists a stern warning to refrain from any further acts of violence. The commission has demanded that the Turkish nationalists should comply with the requests of the high commission for permission to take complete and speedy action. It is now certain that allied authorities here will deal with any attempts at disturbance or subversion of the Ministry of Interior in a drastic manner.

British, French and Italian are as one in their determination to the power of the movement which the Kemalists have set in motion. The British have at no time since the intentions of the Turkish nationalists were made explicit relaxed to the least degree their vigilance and now French warships are about to proceed here or are on their way to strengthen the allied authority.

London, Nov. 8.—The allied authorities have decided to create the necessary conditions for the holding of the conference. The allied authorities have decided to create the necessary conditions for the holding of the conference.

The allied foreign offices are working in harmony, being agreed upon a policy of resistance to the Turkish demands for the military evacuation of Constantinople and the British forces there are said to be "quite sufficient" to protect the civilian population.

A test of the Allied authority is being made in the case of the Kemalists' arrest and condemnation to death of Ali Kemal Bey, editor of the anti-Allied newspaper Sabah. The Allied high commissioners have notified Rafta Pasha, nationalist governor of Constantinople, that no political persecution will be tolerated and that force, if necessary, will be used to liberate the editor.

TO ESTABLISH PRECEDENT. WASHINGTON, Nov. 8.—President Harding, Secretary of War Weeks and Navy Denby, with military escort, will go to the grave of the unknown soldier on Armistice Day and leave a wreath there after a brief ceremony which is expected to establish a precedent to be followed throughout the year.

No national holiday will be proclaimed by the president who is said to feel that the simple exercises at grave are preferable of expressing of official government recognition of the day.

HARRISBURG, Pa., Nov. 8.—Five men were killed, and two injured in an accident today in the Olympian mine of the Hudson Coal Company.

#### LATEST FIGURES SHOW THE ELECTION OF CAWTHORN STATE SUPERINTENDENT

#### SLIGHT LEAD SHOW

In Favor of Ratification Re-apportionment Amendment—Florida Democratic as Usual

JACKSONVILLE, Nov. 8.—Latest figures indicate election of Cawthorn. The fate of the re-apportionment amendment is in doubt with a slight lead in favor of ratification. Other three amendments apparently carried by comfortable majorities.

The biggest surprise in the election in Seminole county was the verdict last night from scattered returns on the re-apportionment amendment. All the amendments seem to have carried in this county and there is great reason to believe that the school amendment giving the counties the right to use \$50 million if necessary. Reports from the state cannot be given today but it seems that the school amendment carried as did the official's salary amendment and the judges.

The votes here in the two precincts were as follows, the county precinct not heard from and the official count will be given after the canvass, tonight.

Precinct No. 1. Trammell, 152; Lawson, 11; Sears, 149; McCay, 20; Brown, 137; Taylor, 117; Burr, 135; Campbell, 127; Cawthorn, 150. For re-apportionment, 114, against 30.

Precinct No. 3.—Trammell, 190; Lawson, 27; Sears, 184; McCay, 31; Brown, 183; Taylor, 145; Burr, 174; Campbell, 169; Cawthorn, 200. For re-apportionment, 78; against re-apportionment 78.

The vote was tight in Seminole county as it was in Sanford and but little interest was evinced by the voters either during the day or after the polls had closed and for one time the clerks were not bothered while they were counting the votes.

The ballot boxes will be brought in today and the official canvass probably be made tonight at which time the official figures will be available. It is felt that it was practically the same on every day.

JACKSONVILLE, Nov. 8.—Scattered unofficial returns from 28 counties gave the re-apportionment amendment a lead of 561. These returns embraced 36 precincts from north and west Florida counties. For 80 precincts out of 1,062 in the state, 3,214 votes were in favor of the amendment and 2,653 against.

TAMPA, Nov. 8.—Scattered returns from 23 counties compiled by the Tampa Tribune show 1,867 for re-apportionment and 2,235 against. No returns from Hillsborough, Duval, or Escambia are included.

JACKSONVILLE, Nov. 8.—Florida's Democratic congressional delegation was returned in yesterday's elections.

The Democratic nominees for four of the five state offices involved in yesterday's election were unopposed. The unexpired term of state school superintendent was sought by W. S. Cawthorn and R. R. Riley. Neither is a Democratic nominee as the vacancy in the office developed after the primary.

Despite the fact that the Republicans entered the field in larger numbers than ever before in an "off year" election in this state, the day's vote for state and national offices proved, as usual, to be nothing more than a ratification of the Democratic primaries of last June.

Park Trammell, junior senator, was re-elected over his independent Republican opponent, W. C. Lawson, of Orlando.

Looks like Democratic weather. Florida had an awful fight to keep in the Democratic ranks.

Congressman Andy Gump made a great campaign against the reappointment amendment.

The meeting of the Associated Dailies in Gainesville will be a regular college affair. The program is a fine one.

Is there any more word from Sumter county in the Tampa Tribune? Shipping 32,000 carloads of vegetables last year (?) they should be mighty busy over there just now.

The Clearwater Sun says "Burglars Are Loose in Clearwater." Well, that is certainly treating them like winter visitors. It would make serious inroads upon their health to confine them where the sun shines 365 days in the year, counting Sundays.

Despatches say that the clappers are disappearing from the streets of England. Well, since they started in England, or rather the term "clapper" started over there, it is well to have it diminish there and then we will endeavor to stop the disease over here.

John McWhorter of the Tampa Tribune and Joe Reese of the Real Estaters Masterpiece of Miami are struggling over the argument about how many of the editors of Florida papers are southern born. They should worry about that. It is not where they came from but where they are going that should be worrying about these birds.

YET WE MAKE MISTAKES: The greatest indoor sport among some people seems to be the little game of finding mistakes in the paper and calling the attention of the editor to them. There is not a newspaper in the world that is free of mistakes, and it is doubtful if a person could find a paper that has no mistakes.

The public, as a whole, is too ready to place the blame for any accident in which an automobile figure on the driver of the automobile," said M. O. Eldridge, executive chairman of the American Automobile Association.

Time was many, many years ago, when the mohammedans in their fancied power, demanded ransom of the Christians, demanded obedience and demanded that they kiss the toe of Mohammed, but the Christian nations of that time, while not as strong as now in numbers, had the real quality of men in their veins and they told the Mohammedan nations where they could go and helped send many of them on the journey.

THE DRIVER NOT ALWAYS TO BLAME: The public, as a whole, is too ready to place the blame for any accident in which an automobile figure on the driver of the automobile," said M. O. Eldridge, executive chairman of the American Automobile Association.

Over a certain period of time in which 7,327 accidents, involving private automobiles, occurred, the police department of New York City found by thorough investigation that in 460 cases the driver of the car was to blame; in 3,168 cases the person injured was to blame; and in 3,683 cases the cause of the accident was unknown.

These figures serve to emphasize," Mr. Eldridge continued, "the contention of the A. A. A. that no traffic regulation is complete until it provides a penalty for jaywalking. The jaywalker, in my opinion, is the most serious menace to traffic safety in the United States today."

Have the Herald do your next job of printing. We have the equipment to do all kinds of job printing.

kept busy. We will be pleased to buy copies of any paper which can be either typographically or in statement of fact. We will be pleased to find a merchant who never made a mistake putting up an order, a lawyer who never lost a case through his own errors, a doctor who never wrongfully diagnosed a case, a druggist who never made a mistake, a postoffice who never put mail in the wrong box, a woman who never forgot to put in the salt while cooking or to put tea in the teapot before putting in the water. Bring in some of your mistakes paragraphs who find it easy to criticize the newspaper and we'll give them the chance of their lives to find out whether they are really human."

SANFORD IS AN INVESTMENT

There are many out of town visitors to Sanford just now and there have been many during the summer. They did not come to take the St. John river trip or to see the beauties of Sanford or to enjoy the climate or to play golf on the finest golf links in the South. They might have said they were coming to Sanford for that purpose, but they came and they are still coming to Sanford to look around, having heard so much about the wonderful growth of this city and the great possibilities here from an investment standpoint.

"The automobile has always been a subject of class legislation. It is a shining target for every legislator seeking new means of revenue. It pays more than any property of similar value in the world and a subject to more regulations than any other means of conveyance.

"The American Automobile Association stands for obedience to the law and for observance of all traffic regulations, but we feel that if a motorist is to be fined for disobedience of a traffic signal, then the pedestrian should be fined for jaywalking across the street, putting himself as well as every motorist in that immediate vicinity, in danger.

"The automobile has done more to enhance man's value to his community and to enhance the value and enlarge the scope of that community than any other invention, and we respectfully maintain on behalf of the motorist that the automobile driver is entitled to much more consideration than he now receives."

BEWARE OF BIG WORDS

The simplest, most direct way of putting things is the best way, and in order to be readable, attractive and pleasing, no article has to be interlarded with big words, used seemingly for showing the familiarity of the writer with the dictionary. It is the same way in conversation. Say what you have to say in the most direct and forceful manner possible, and it will carry twice the weight that it would if couched in obscure language, marked by words that convey an idea of grandiloquence and seek to statements that may be made.

This does not mean by any means that commonplace expressions and "slang" should be emphasized, or that we ought to overwork certain words and phrases, with which all of us are more or less familiar, thus betokening a poverty of the English language that is pitiable.

However, it does mean the use of well-chosen words, which fit the subject and the occasion. Tom Drier, in Forbes Magazine, recently said: "One time I hired a young Williams college graduate to help me. In training him the hardest job I had was to persuade him to quit using big words. He was like the parson who said, 'This morning, children, I propose to offer you an epitome of the life of St. Paul. Now, children, can any one tell me what an epitome is?' The word had paralyzed the youngsters, so there was no reply. The good man then went on, 'Epitome, children, is, in its significance, synonymous with synopsis.'"

KISSING MOHAMMET'S TOE

Time was many, many years ago, when the mohammedans in their fancied power, demanded ransom of the Christians, demanded obedience and demanded that they kiss the toe of Mohammed, but the Christian nations of that time, while not as strong as now in numbers, had the real quality of men in their veins and they told the Mohammedan nations where they could go and helped send many of them on the journey.

THE DRIVER NOT ALWAYS TO BLAME

The public, as a whole, is too ready to place the blame for any accident in which an automobile figure on the driver of the automobile," said M. O. Eldridge, executive chairman of the American Automobile Association.

Over a certain period of time in which 7,327 accidents, involving private automobiles, occurred, the police department of New York City found by thorough investigation that in 460 cases the driver of the car was to blame; in 3,168 cases the person injured was to blame; and in 3,683 cases the cause of the accident was unknown.

These figures serve to emphasize," Mr. Eldridge continued, "the contention of the A. A. A. that no traffic regulation is complete until it provides a penalty for jaywalking. The jaywalker, in my opinion, is the most serious menace to traffic safety in the United States today."

AMERICAN LEGION PLANS FOR BIG DAY SATURDAY STORES CLOSED ALL DAY

And Everybody Will Celebrate With Campbell-Lossing Post

The local Post of the American Legion also requests that everyone in Sanford display the national emblem on that day. Plans of the American Legion to make Armistice Day celebration the biggest and best ever held in Sanford are nearly completed. The entire city has entered into the spirit of the plans. The action of the business men of the city in signifying their willingness to close this day is very commendable.

KANSAS CITY WARD LEADER ARRESTED

Kansas City, Nov. 7.—Sam Lawler, ward leader, was arrested here today on a charge of conspiracy to violate the election laws. Lawler's arrest followed that of three men who made sworn statements, according to the police, that they had received instructions on how to vote and what name to vote under at the drug store operated by Lawler.

KING POSTPONES OPENING OF CONFERENCE

London, Nov. 8.—The opening of parliament has been postponed from November 20 to November 23. The king will take part in the customary state ceremonies.

WEDNESDAY EVENING, NOVEMBER 8TH

Wednesday evening, November 8th, we will have a tucky party for the benefit of the League and there will be tables set for cards and other games and refreshments will be served and those who desire to win a prize should come dressed for the occasion. This event will be held at the Knights of Columbus Hall. Admission 50c. 193-1tp

OF ALL HOLIDAYS DEVOTED TO NATIONAL CELEBRATION

Of all holidays devoted to national celebration Armistice Day, without doubt stands next to the Fourth of July and should be fittingly observed. The American Legion takes this opportunity to thank the merchants for their co-operation in closing. By doing so their employees who are members of the American Legion can take part in the program which it would be impossible for them to do if they were required to work on that day.

MEAD SAYS CHANGE PRESENT METHODS OF STATE GOVERNMENT

Oviedo, Fla., Nov. 7, 1922. To the Editor of the Sanford Herald: Dear Sir:

Your recent issue has given me confidence that the Florida people would do the fair thing by South Florida is glaringly illustrated in the present act of the State Board of Education in issuing false and fraudulent ballots in the counties of North and West Florida, while sending valid ballots to the counties of North and West Florida.

It can not be truthfully stated that for thirty years the alleged government of Florida has been in the hands of a gang of perjured criminals and traitors to the state, ruling by force and fraud, and with no more useful (de jure) authority over a voluntary association of 100,000 men in the state prison.

Having tolerated their criminal usurpation hitherto, it is necessary to condone what is past and validate their legislation by consenting to it, but this last fraud ought to be the last straw.

South Florida should repudiate these anarchistic repudiate our Constitution, elect a temporary representative government, jail any official sending money to the North Florida rump and appeal to Congress to secure to Florida the democratic form of government guaranteed to us by the U. S. Constitution.

The situation is the same as confronting the state during the construction period of 1912-1914. fraud. The white people of Florida found a way out of bondage and if we are true men we will find a way of escape from this shackles of oppression.

Yours truly, THEOPHILE MEAD

PROTECTION OF U. S. COAST DEPENDS ON NATION'S AIR FORCE

Washington, Nov. 8.—Brig. Gen. William Mitchell, assistant chief of the army air service, announced today on arrival from the bombing tests held yesterday in Hampton Roads, that protection of America's coasts now depended upon the nation's air forces, backed by a good army. Air bombers, he said, had supplanted coast artillery as a protective military weapon, adding that the demonstration yesterday totally eclipsed anything ever before attempted by aviators from a standpoint of accuracy in bombing and potential strength of aircraft.

"Five Martin bombers, loaded with full equipment, including four 300 pound dummy bombs to the ship, bombed two targets under towage from a height of between 3,200 and 3,700 feet," General Mitchell said, "and every bomb dropped was effective, possibly with one exception. The accuracy of this fire is without parallel, especially since the targets were only 20 feet by 20 feet in size, been under instructions only for a short time."

General Mitchell declared it was possible now to protect the Atlantic coast from Chesapeake Bay to Boston "with a couple of pursuit groups of aircraft."

"Give us a base in New Jersey," he said, "and we could reach any point threatened on that part of the coast within two hours' notice of the approach of an enemy."

Experience had enabled pilots to operate at all times, weather conditions notwithstanding, it was asserted confidently.

Extensive maneuvers were being planned by the army air service for next summer, General Mitchell said, explaining that they were intended to furnish additional data relating to the comparative value of artillery and aircraft for coast defense.

"Aircraft can positively guarantee the defense of the coasts," he said, "and with greater economy to the nation than any other arm of the military establishment."

AT LAST A TONIC WITHOUT ALCOHOL

Ferraline, a Natural Product, is a Wonderful System Builder. Easily Assimilated by the Most Delicate Stomach and a Soothing Corrective for the Kidneys. Doctors and Ministers Have Indorsed It. There is no telling the amount of harm alcohol has done to people who have taken it as medicine in one form or another. Hardening of the arteries, high blood pressure, Bright's disease, and cirrhosis of the liver are among the deadly diseases induced and aggravated by continued doses of alcohol even in small amounts.

kidney disorders, and should be taken three times a day in doses of two teaspoonsful wherever there are symptoms of acid stomach, shortness of breath, pains in side or back, and cramps. If the bladder is irritated or the kidneys irregular, FERRALINE has a peculiarly soothing and corrective effect. Where there are headaches, intestinal indigestion, dizziness or constipation, FERRALINE is invaluable.

By a fortunate discovery, a tonic, without alcohol, is at last available. FERRALINE—for so the new medicine is called—is a wonderful natural compound, the ingredients of which are recognized by the medical authorities as having the highest medicinal value. It is especially recommended in case of indigestion, dyspepsia, liver and

Ferraline has been indorsed not only by physicians and ministers but by people in all walks of life, as having no equal in cases of debility, low vitality, and impoverished blood.
