## EFFORTS MADE TO GET ITALY BACK INTO LINE

**Naval Agreement Has Been Given Boost As French Warm Up To Offer Of "Security"**

LONDON, Mar. 28.—(AP)—Having succeeded in drawing France back into the five-power naval parity, the American and British delegations today turned their attention particularly to Italy, with the same of some sort of communication from the representatives of the Mussolini government.

Meanwhile, so long as the delegations and conference observe the offer of "security" which will be made France as price of reclusion of her naval figures, and the consultation pact into which the Americans may be drawn confirmed the principal topic of conversation.

But while the situation with reference to France apparently has been greatly eased and now gives promise of possible tangible development in the direction of a naval agreement, Italy has stood her guns and reiterated her original contention, "parity with any continental power."

France as consistently is maintaining, even though this phase of the naval argument is out of the limelight, that she cannot accept parity with Italy, and that the home government is contending for the right to build up France's total, with no limit to its capacity to do so.

The principal idea of the British and Americans now is to get the French and Italians face to face in the same room to discuss their differences. Thus far efforts to achieve that meeting have proven fruitless. The British and Americans are ready to go in that obviously no agreement is possible unless the two concerned are willing to discuss matters.

Ambassador Gibson talked last night with Dino Grandi, Italian foreign minister and head of his government's delegation here, while Secretary Baldwin, Ambassador Gibson and Prime Minister MacDonald got together this morning at Ten Downing Street to discuss the situation.

**Calais Plans Huge Demonstration As Protest On Tariff**

CALIAS, France, Mar. 28.—(AP)—Today was almost like a day of mourning in this city center of a great lace industry.

Early this afternoon the town was closed tightly in preparation for a huge demonstration of employees and employers against the greatly increased American duties on lace imports.

Shortly after one o'clock stores and many cafés were closed, while car lines ceased operating.

Wood collected in the town squares and shortly before two o'clock there were between 2,000 and 3,000 persons holding up for the protest.

Police expected no trouble although earlier in the day communists had placarded the town, demanding that workers abstain from the "capitalist" demonstration.

A resolution adopted at a joint meeting of employers and employees declared that unemployment had doubled in Calais since announcement of the American duties.

**Curbing Being Placed In Front Of Temple**

City employees under the supervision of James Moulton, city inspector, are engaged in the process of placing a curbing in front of the Masonic Temple on Park Avenue opposite the Court House. The Masons intend to beautify the front appearance of their building by planting palms and shrubbery there.

Previously there was a paved parking space in front of the building which was continually used with care. The new plan, several Masonic members explained, will not only add to the appearance of the building itself but also to Park Avenue, where the numerous and costly buildings are located, as well as the municipal pier and sea. Park Avenue is also the intercity link of the state highway.

## Drastic Regulations Are Effectuated In Prison With Idea Of Subduing Mutiny

JEFFERSON CITY, Mo., Mar. 28.—(AP)—Drastic regulations went into force today in the Missouri State Penitentiary with prison officials determined to subdue mutinous felons who caused strikes and near riots yesterday and Wednesday.

"I'm going to have obedience in this prison if it takes gunpowder to do it," Warden Leslie Hull added. He called 600 convicts assembled in the main dining hall last night, as he stood up and down before them.

It was in the same hall where 300 prisoners, demanding "bread and meat" over the disturbances of prison discipline Wednesday noon and where a group of the same was broken up with tear gas bombs yesterday. A dozen or more were nursing bruised heads received when they ran about unguarded in lapsing through windows, after wrecking furniture and tearing up a kitchen.

Several score of suspected ring leaders were isolated today while approximately 200 more were segregated in "I" Hall, the cell building for "hard-boiled" criminals, all facing prison discipline. Confinement was one of the lighter forms of punishment promulgated by prison officials. Convicts involved in the plot will serve the full 12 months of each year of their sentences, officials said, instead of the usual five months allowed off for good behavior. Flogging of freedom will be denied them.

The suspected leaders went without food last night and will not be fed until late today, when they are to receive substantial amounts but not the same fare as given loyal prisoners. The "soft" measures, prison officials said, will continue for some time.

No riots were fired in quelling yesterday's outbreak. Prison guards, augmented by Jefferson City police and machine gun squads from national guard units controlled all vantage points. An airplane of the 10th Observation Squadron was landed with a salvo of tear gas bombs from St. Louis. The plane, also equipped with a machine gun, was being held here until chances of a new rebellion are past. Five other national guard planes were ordered to ready in St. Louis.

## Mysterious Mule Annoys Residents With His Prowlings

ATLANTA, Mar. 28.—(AP)—A mule whose coming and goings have become almost as mysterious but not as terrifying, as the strange pranks of Sherlock Holmes' friend of the Baskerville's will have Atlanta's "Scotland Yard" on his heels before long.

Residents on North Avenue said the "mystery mule" clatters along sidewalk in that vicinity late at night, tramples down flowers and shrubbery, snags and snorts and makes himself otherwise objectionable. They reported to police that they did not know where he came from.

James Beavers, chief of police today instructed his men: "Any muley mule, that runs at large and bothers people in North Avenue, particularly at night, must be caught. Where he comes from during the day, we do not know, but there are a great many complaints, and I want him caught."

## Tom Watson Home To Be Put Upon Market

SAVANNAH, Ga., Mar. 28.—(AP)—The Telegraph says today that Hickory Hill, famous home one-time Georgia senator and author of a noted history of France, is to be sold.

The old home, the setting of many a gathering of political powers in the state, and the place from where Tom Watson wrote many of his essays and other works, is at Thompson, Fla. Upon the death of Watson, it passed to his granddaughter, Miss Georgia D. Watson. The Telegraph says the estate is now in process of settlement and information from Thompson is that it is to be put on the market.

**ENDS AIR TOUR**

MIAMI, Fla., Mar. 28.—(AP)—One modern Ponca De Leon has succeeded in the air. After flying some 16,000 miles in Latin America in 20 days, William H. Gammel, 76, retired publisher of Augusta, Ga., is happy, healthy and enthusiastic over airplane travel. He landed here late yesterday.

## PLANE ESCAPES HAIL OF LEAD BUT IS LATER TAKEN

FEDERAL AGENTS FIRE ON AIRSHIP SUSPECTED OF RUMRUNNING

SEATTLE, Mar. 28.—(AP)—A seaplane that was driven by a two-man crew through a hail of lead from the shotguns of United States immigration agents, was suspected it of having been used for smuggling. Glenn, narcotics and liquor into this country, was held here today after it was found deserted on a beach.

The two men in the plane escaped but the officers arrested Arthur E. Monday, who, they said, was transferring beef in the plane to an automobile parked on the beach. The car was seized and Monday was held at the immigration detention station. The car, officials said, contained five sacks of over and 35 gallons of aviation gasoline.

Acting on advance information, the immigration officers yesterday posted a lookout on a hill to watch for the plane. When it alighted in landing, he identified his companion, who rushed to the beach to surround it. Monday, they said, avoided the fliers, who immediately began getting underway. The second pilot opened fire when they saw one of the men in the plane. Both men got away. Stopped to get a gun, he was soon out of reach of the officers' guns.

On the lookout had seen the fleeing plane alight on the water at Brown's Bay, near Seattle, where its occupants speedily abandoned it after running it ashore. It was seized by customs agents and towed to Lake Union. The body of the plane had been damaged badly by gun fire.

The plane's license was issued to German Gills, owner, and Walter Remer, pilot, customs officials said. Both were sought for questioning.

## Woman Drowns Her Children, Kills Self

HARRIMAN, Tenn., Mar. 28.—(AP)—A woman's jury today found that Mrs. Dorothy Welsh, 26, murdered her three young sons by drowning and then committed suicide by hanging herself at her cabin home of Dr. Armond, near here, sometime Wednesday night. M. C. Ellis, of Harriman, who acted as coroner in the case, said testimony at the inquest showed that Mrs. Welsh had been brooding over the alleged failure of her husband to provide for her property.

The coroner's investigation was begun yesterday, a few hours after relatives found Mrs. Welsh's body hanging from a rafter in the kitchen at her house at the railroad junction known as Dr. Armond. The bodies of her three sons, each wrapped in quilts tied together at each end, were found in a pool nearby.

## Nine Men Injured In Underground Blast

NEW YORK, Mar. 28.—(AP)—Nine men of a crew of 15 working 100 feet below Boston Road and Pelham Parkway, the Bronx, in a shaft of the city's new water system, were injured today when a drill caused the explosion of a stock dynamite, which had failed to explode in a previous blast.

Eight of the injured were taken to Fordham Hospital, where the condition of four was described as serious. The ninth was attended at the scene, for convulsions. The four seriously hurt were Jack Condon, 25, and Joe Martin, 20, possible fracture of the skull; Herbert Browning, 32, fractured skull, and Frank Gilbert, 32, possible loss of the sight of both eyes. All of the injured live in New York.

## SERVICE RECESSSES

WASHINGTON, Mar. 28.—(AP)—After a meeting of five minutes the Senate recessed again today until Tuesday when it will begin consideration of Muscle Shoals legislation.

## HORSE HAVING 100 TO 8 ODDS WINS BIG RACE

IRISH JUMPER COMES IN 1ST IN EXCITING NECK AND NECK FINISH TO WIN GRAND NATIONAL

AINTRIE, England, Mar. 28.—(AP)—Shaun Gallen, the much-famed Irish jumper, carried the colors of W. H. Midwood to victory today in the ninety-first running of the Grand National race, a neck and nose duel over the last lap of the race and one-half mile course with Mellorays Belle, John H. Whitney's American owned Sir Lindsay, and 100 to 1, 2 against.

Shaun Gallen was quiet at 10 to 8 against in the betting while the odds on Mellorays Belle were 20 to 1 against in 100 to 1, 2 against Sir Lindsay.

Sandy Hook and Buddymen, owned by Stephen Sanford and Gordon Selfridge of the United States, respectively, did not finish the grueling test over the 30 furlongs, but Victor Lamond's Roy Arch II, came in with the third and the remaining field.

Str. Lindsay, the best liked of the American entries, put up a game battle under 100 pounds but finished a length back of the two leaders. Whitney's horse and Mellorays Belle took the last jump together with Shaun Gallen a length behind. The latter, however, came up with a rush to win in a drive.

Grakle, the favorite in the 100 to 1, 2, finished the final lap well up among the leaders but disappeared somewhere "on the mattox" and did not finish.

On gala 20th birthday, Saturday afternoon, will be available at a "children's matinee" at the Johnny P. Jones carnival on Melville Avenue. At the grand matinee all children under 12 years of age will be admitted to any show, admission being 25 cents for five cents. The matinee will also be the last day which the midway will be in operation this year. It closes Saturday at midnight.

## DISPUTE ARISES OVER CANADIANS' LIQUOR SYSTEM

WILLY LEADER OF PACK THAT KILLED SHEEP AND CATTLE IS TAKEN

WASHINGTON, Mar. 28.—(AP)—A dispute over the success or failure of the Ontario system of government liquor dispensing emerged today from the investigation of prohibition enforcement and conditions conducted by the House Judiciary Committee.

With the testimony of the Ontario liquor manager to the effect that the plan in vigor there has been "absolutely, entirely" always in the record, the wits proposed to bring the present provincial prime minister to Washington for testimony before the committee.

Dispatches from Toronto, however, indicated that the province's premier, Mr. Frank Oliver, had agreed to accept such an invitation, although he offered to give representatives of the committee every aid if they should go to Canada for a first hand study of conditions there.

Representative L. L. Lummus, Democrat, of Maryland, the chairman of the wet bloc, invited nevertheless, that Ferguson be asked to appear. He asserted that Drury was defeated by the present premier in an election the fundamental issue of which was the continuance of the government.

"We extend the invitation," Drury wrote, "with the sincere belief that with the associates you would most like you would be on the intimation that have been extended to you with any man you would consider as fit abiding faithfully and creditably to the community."

The letter went into detail on the public new hardware on gunning savings each day during the annual sale.

G. J. Clark, well known in Sanford as a sales manager, who formerly conducted sales for Woodruff and Watson, Yessell and Company and other local stores, has charge of the 10th Hardware Sale which begins tomorrow. The big hardware store is closed today to make final preparations and arrangements for the opening tomorrow.

The sale will probably come up next Tuesday in the next session of the Circuit Court in this country.

## RAT POISON SERIOUSLY AFFECTS SIX CHILDREN

LOS ANGELES, Mar. 28.—(AP)—Six children were in serious condition today from the effects of rat poison, which they ate from a can found in an alley near their homes.

The children are Lorena, 9, James, 7, and John McCoy, 5, Irene, 6, Jerome, 3, and Theresa Geraldine, 11-months-old. The McCoy and Geraldine homes are on opposite sides of the alley. As soon as they had eaten the poison, the children began screaming. At the general hospital the children were reported in serious condition.

## SERVICE INAUGURATED

PLYMOUTH, England, Mar. 28.—(AP)—Mail and passenger service from the west coast South American ports to Plymouth by way of the Panama Canal was inaugurated today with arrival of the Pacific Company's liner *Orduna*.

## SEARCH IS BEGUN FOR 2 ESCAPED CONVICTS

TALLAHASSEE, Fla., Mar. 28.—(AP)—State prison authorities were searching today for two men regarded as the prison inmates as desperate criminals who this morning made their escape from a convict camp near Illinois town.

Those escaping were L. Mitchell Pilgrim, who was serving a life sentence from Dade county for a statutory crime, and Eddie West, sent up from Hillsborough county for 15 years for breaking and entering and grand larceny. The bureau said it was Pilgrim's third escape and West's second.

## MARIANNA—Three carloads

of oranges shipped to Moultrie, Ga. recently.

## DOHENY CLEARED OF BRIBERY CHARGE

## TONS OF SLUSH RESULT FROM CHICAGO SNOW

THAWING OUT PROCESS BRINGS FURTHER DISCOMFORTS ON HEELS OF SEVERE BLIZZARD

CHICAGO, Mar. 28.—(AP)—Chicago splashed about today in two billion tons of slush.

First came the winter gale, raging madly and whipping spring far southward; then the snow, two days and nearly 20 inches of it; and then came the thaw.

Snowdrifts slopped into streams under the warmth of the sun that rushed through a sky gray yesterday; impassable streets became urban swamps; snow-packed houses became rookeries of winter, showering flakes and sleet on persons on the streets below.

Winter's echo, the weather blizzard reported, left a surge of two billion tons of snow on Chicago and its environs. Part of this, of course, melted away—part was dumped into the Chicago river and Lake Michigan; but Chicagoans were in no mood to argue—as far as they were concerned, there was still two billion tons left—dry, cold, sloppy slush.

The thaw brought an approach to normal transportation—clearing snow banks, removing trees and trees, and opening pathways. The snowplows approached regularly.

In the Loop, police ropes held crowds back from dangerous downspouts of ice and slush from buildings, forcing them into slippery streets, huge trucks downed the already-beaten paths that were much in demand in the storm were clogged as they crawled about, scattering pedestrians.

Throughout the city and suburbs, 40,000 unemployed were directed at \$1 an hour to aid the sun in routing the snow.

School children, flushed with a two-day's vacation, sloped back to their classrooms this morning; pathways were opened to many sitting factories; Lake Michigan settled back peacefully into its churning bed and water ran more clearly from faucets.

For two days, the usual din was heard in the soft, falling snow—but the noise emerged again today—the noise of millions of feet slushing in slush.

## Policeman Is Dead From Shots Fired By Angered Judge

DECATUR, Ala., Mar. 28.—(AP)—T. E. Wright, policeman, died late last night at a hospital from bullet wounds in the abdomen said to have been received when he was shot by Judge William E. Skeggs. Several blood transfusions were made.

Judge Skeggs was in the county jail here. He was arrested Wednesday night by Patrolman William Moore, who was with Wright at the time of the shooting.

The scene of the battle was 25 miles south of Langston, headquarters of the communists in Fulton province. The soldiers were reported to have been the communists, arrested 50 within reds and captured and turned to the community headquarters and school in the provincial effort to end racial depredations in Southern Fukien.

## Night Gain For Repeal Is Observed In Digest Poll; Kansas Is Only Dry State

THIRD REPORT OF THE LITERARY DIGEST PROHIBITION POLL  
(From The Literary Digest for March 29, 1930)

State	For Enforcement	Modification For Repeal	Total
California	26,160	27,086	53,246
Connecticut	2,294	4,843	7,137
District of Columbia	1,342	1,006	2,348
Georgia	4,061	3,821	7,882
Illinois	30,721	40,918	71,639
Indiana	19,779	14,864	34,643
Iowa	17,812	12,298	30,110
James	17,957	6,823	24,780
Michigan	18,707	20,802	39,509
Minnesota	17,901	17,530	35,431
Missouri	18,980	15,601	34,581
Nebraska	8,812	5,280	14,092
New Jersey	15,265	20,611	35,876
New York	42,800	56,506	130,316
North Dakota	2,289	2,009	4,298
Ohio	34,900	36,172	71,072
Oregon	5,109	4,176	9,285
Pennsylvania	31,585	34,824	66,409
South Dakota	2,664	2,015	4,679
Washington	7,028	7,728	14,756
Wiscons'n	9,002	11,273	20,275
	333,978	382,117	715,095

## THE QUESTIONS

- Do you favor the continuance and strict enforcement of the Eighteenth Amendment and Volstead Law?
- Do you favor a modification of the Volstead Law to permit light wines and beers?
- Do you favor a repeal of the Prohibition Amendment?

Kansas is the only state that is "bone dry" in The Literary Digest's nation-wide poll on Prohibition, according to the third week's tabulation of over a million votes which will appear in Saturday's issue of the periodical. Of the 1,244,483 postcard ballots returned 527,388, or over 42% of the total, vote for repeal of the Prohibition Amendment, 383,117 favor modification to permit light wines and beers, while nearly 27% of those voting to date, 353,078, urge the strict enforcement of the Eighteenth Amendment and Volstead Law.

The returns evidence a slight gain in the ratio of those favoring repeal.

Of the twenty States whose returns are listed in the current tabulations, Georgia, Indiana, Iowa, Kansas, Nebraska, North Dakota, Oregon, South Dakota and Iowa show Washington's more votes in favor of enforcement than for either modification or repeal.

In Missouri, a strong dry vote runs considerably ahead of that for modification, but the "Show Me's" vote for repeal is greater than for either enforcement or modification.

The other ten States, California, Connecticut, Illinois, Minnesota, Michigan, New Jersey, New York, Ohio, Pennsylvania, Wisconsin, and also the District of Columbia, give a vote for repeal greater than for either modification or enforcement.

Georgia, the only southern state from which ballots have been tabulated, shows 4,063 votes for enforcement out of a total of 10,855 counted.

An additional 541,548 votes are reported this week over the returns last week.

North Dakota is the only state that has changed toward a drier attitude.

Attention is called by the magazine to the fact that "the drys are voting" as evidenced by a substantial ballooning for strict enforcement in known arid centers. The Literary Digest states that its editorial policy of non-partisanship and its capacity as a gatherer and tabulator only of the ballots, forbids the magazine interpreting the vote as either wet or dry. However, they quote a number of newspapers that maintain the poll shows a preponderance of wet sentiment in the country so far as reported.

Although the wetts undeniably have the best of it in this tabulation, The Literary Digest states, "Let it be remembered that the poll is still in its infancy. Many states remain to be heard from, and immense dry areas have yet to be given a voice. Mail bags swollen with ballots and letters are being dumped by the dozen in The Digest headquarters. The mere work of sorting the mail is prodigious and time-consuming."

No man can foresee what the next tabulation may disclose, or how soon the drys may turn the tables on their opponents and change the poll into a neck and neck race.

Kansas still stands like the rock of Gibraltar for Prohibition enforcement as is. The imposing mass of its dry vote in ratio to the population of the State, will go far toward squashing any sporadic local rumors that "the drys are not voting." For Kansas, the supreme citadel of Prohibition, is voting magnificently, and from no State do we receive more heartfelt petitions for extra ballots in bulk—petitions which we are obliged to deny to preserve the integrity of our system for the impersonal distribution of ballots.

North Dakota has slipped into a drier attitude since last week, when its vote for Repeal slightly outnumbered its vote for Enforcement.

## MOLLINS COLLEGE 1930 GRID CARD IS NOW FINISHED

### Coach McDowall Includes 5 Last Year Teams In Schedule

WINTER PARK, Fla., Mar. 28.—The Rollins College football schedule for 1930, as announced today by Jack McDowall, director of athletics and football coach, includes games with five opponents of last Fall.

The schedule will begin comparatively late next season with the first game listed for Oct. 20 at Douglas, Ga., where South Georgia State College will be met. The remainder of the schedule, as definitely arranged, follows: Oct. 25, South Georgia A. & M. College at Winter Park; Nov. 1, open Nov. 8, Southern College at Lakeland; Nov. 15, open; Nov. 22, University of Miami at Miami; Nov. 29, Stetson University at Winter Park. McDowall, it is announced, is negotiating with one or two other colleges for games in December. McDowall also reports that foot-

"As for those perennial four-column, and further contributions to the dominant repeal total are furnished by Connecticut. The District of Columbia, Michigan, Minnesota, Missouri, Ohio and Wisconsin."

In the previous but considerably smaller Prohibition Poll undertaken by The Literary Digest, in 1922, the third week's return on the same three questions showed the vote at 135,834 for strict enforcement, 145,727 for modification, and 76,029 for repeal.

ball uniforms of a new design have been ordered for the 1930 squad. The jerseys will be a colorful arrangement of gold stripes on a light navy blue background and the headgear will be of the Princeton type.

The Rollins candidates for the 1930 edition of the gridiron squad concluded their spring practice sessions this week with excellent prospects of producing a fast and capable team next season.

### Motorist Hits Man Who Dashes Up Alley

Detroit, Mich., Mar. 28—(AP)—Gerald Bowdin is all out of breath the result of trying to catch a man he ran over with his automobile. The man stepped from the curb in front of Bowdin's car and was knocked down. He got to his feet and ran up an alley as Bowdin stopped. Gerald overtook him after a spirited dash and attempted to persuade him to go to a hospital.

Dissenting, the victim took to his heels again and outdistanced Bowdin in a chase of several blocks. Police to whom Bowdin reported the incident admitted that it was a new wrinkle in the "hit-and-run" classification of automobile accidents, but told Bowdin not to worry about "leaving the scene of an accident" (a serious offense in this city) for the man probably was wanted by the law.

TO FORM CABINET

BERLIN, Mar. 28.—(AP)—Heinrich Bruening, centrist leader, was asked by President Von Hindenburg today to form a new cabinet replacing that of Chancellor Hermann Mueller, who resigned yesterday. Herz Bruening accepted.

—

WASHINGTON, Mar. 28—(AP)—The Rollins College football schedule for 1930, as announced today by Jack McDowall, director of athletics and football coach, includes games with five opponents of last Fall.

The schedule will begin comparatively late next season with the first game listed for Oct. 20 at Douglas, Ga., where South Georgia State College will be met. The remainder of the schedule, as definitely arranged, follows: Oct. 25, South Georgia A. & M. McDowall, it is announced, is negotiating with one or two other colleges for games in December. McDowall also reports that foot-

### PHILADELPHIA WINS PRIZE

WASHINGTON, Mar. 28—(AP)—Philadelphia was declared the grand prize winner of the 1922 national fire waste contest to day by the national fire council. The city also took first place among cities of more than 500,000 population, showing the greatest decrease in the number of fires resulting in losses of more than \$1,000.

—

BAD FIRE HITS TOKYO

TOKYO, Mar. 28.—(AP)—Several hundred buildings were destroyed by fire at Komatsu-machi, Northwest Japan, today. Damage was estimated at yen 1,000,000 (about £200,000). The blaze swept the town hall, police station and schools. One fireman was killed and three others seriously injured when a time engine turned over.

—

CONCERN IS FELT

CANTON, Mar. 28.—(AP)—Further concern for the 16 American Catholic missionaries at Kanchow, Kiangsi province was shown today when it became known that authorities believed Henan, 80 miles from Kanchow, had fallen into the hands of communists and bandits who have been pillaging and killing throughout the southern part of the province for weeks.

—

BILL APPROVED

WASHINGTON, Mar. 28—(AP)—The Smokers bill to bring烟器, cigarette merchants and dealers in perishable farm produce under federal regulation was approved today by the House agriculture committee.

### GIRLS FAVOR SMOKING

EVANSTON, Ill., Mar. 28—(AP)—Out of the 353 ballots returned in a poll conducted by the student newspaper at Northwestern University, 282 voted in favor of installing smoking rooms in dormitories and sorority houses and 51 against, the paper

## GAR WOOD'S NEW MISS AMERICA IS BEING REPAIRED

**Speed King Hopes To Reach 100 Per Hour Mark In Next Trial**

Miami Beach, Fla., Mar. 28.—(AP)—The Miss America VII with which Gar Wood hopes to break his own world speed boat record and at the same time reach the century mark, was tied up for repairs today with the attempt for a new record indefinitely postponed.

A damaged cylinder head, developed during an exhibition run in the final day's program of the 17th annual Miami Beach regatta yesterday, will cause the Miss America's motors to be taken down under supervision of factory representatives before the record run is made, Wood said last night.

"There is no use going out for the speed attempt until the boat is in perfect condition," Mr. Wood said. "Factory men are coming to look over the Miss America VIII and until they make adjustments there will be no racing."

Odie Porter, official timer for the American Automobile Association, who was here for the regatta and to act as timer for Wood's scheduled run today, left for Daytona Beach last night.

"Bay Head II," driven by its owner Chris Ripp of New York bounded across the waters of Biscayne Bay to victory in the feature event of the final day's regatta program—the 16-inch unlimited hydroplane race. "Bay Head II" piled up a total of 72½ points in two heats for the winner's trophy although it finished second in both heats. "Buckeye II" driven by Gleason Bradfield, Barnesville, Ohio won the first heat, but was far down the line in the second while "Sparrow V" driven by Elmer Johnson, Bennington, Vermont, crossed the finish line ahead of the field in the second heat after trailing in the initial run. The winner's speed averaged better than 45 miles an hour.

Ross Maddocks, Cambridge Mass., piloted his speedy outboard craft, "Flash" to victory in the final heat of the Col. E. H. E. Green trophy race to clinch the handsome cup. Maddocks won the first heat of the event the previous day. His average speed for the 1 1/2-mile trip yesterday was 36.15 miles an hour.

**Dispute Arises Over Canadians' Liquor System**

(Continued from page D)

He expressed surprise that Drury had testified and added that since he did so, he thought that the prime minister might be willing to give the real facts either by mail or oral testimony.

The dryans are expected to complete their testimony next Wednesday, when the committee resumes its hearings, and two weeks later the wetts are to begin the presentation of rebuttal evidence. They are planning to present Pierre S. Dupont of Wilmington, Delaware, among their rebuttal witnesses.

### UNINJURED IN FALL

MARSHALL, Fla., Mar. 28.—(AP)—Fallen two stories and landing on her face against the front door step of an apartment house early today, Helen, the 13-month-old daughter of Mr. A. Goff Hunter, suffered only two broken teeth. A loose tooth in the wisdom of the room in which the child was playing caused the misstep.

### SETS RECORD

## J. TER WILLIGER, LEROY TO MEET IN GOLF FINALS

**Two Players Will Oppose Each Other In 36 Hole Play Sunday**

John Terwilliger and Leon Leroy, well known and popular Sanford golfers, have survived the pitfalls of amateurs, the cantankerousness of mashies, the exasperation of putters and the stubbornness of opponents to reach the final round in the city championship tournament, which has been in progress at the Country Club Links for the past few weeks.

Terwilliger defeated Clyde Chapman 4 and 3, and Leroy won over G. W. Spencer, Jr. 1 up on the nineteenth hole. The match between Leroy and Spencer was more or less a seesaw affair. On the seventeenth hole Spencer had his chip down by one hole, but he dropped the eighteenth and nineteenth and thereby lost his match.

The two candidates for the city championship will meet on the City Club Sunday, if the weather permits. The club professionals, Alton Stewart announced today, The players will play 36 holes 18 on Sunday morning and another 18 in the afternoon to decide who shall reign as king of local linksmen for the coming year.

At the beginning of the tournament a large field consisting of the cream of players entered, and after several weeks of match play the contestants were gradually eliminated until now only two remain in the race. The match Sunday is expected to be one of the best local amateur games seen here.

While interest in the tournament has been steadily increasing during its course of play, an even greater degree of enthusiasm is expected to prevail Sunday, when a little gallery of golf fans are expected to gather at the Sanford golf course to witness the combat.

Helen made sixty field goals, believed to be a record in basketball scoring. In a game recently she scored eighty-four points.

## "Two Toes," King Of Wolves, Will Rove No Longer

(Continued from page D)  
yesterday. Twenty-two hours and their owners were the sheriff and Robertson of Wythe, Ark., company and set out to capture "Two Toes." The hounds came at dawn and followed him and his pack across the ridges. He fled many of his 14 to 15 dogs, dashed back and even went into the swamp. But the hounds kept their noses to the ground.

Before 11 A. M. "Two Toes" had half snarled and the line was nearly passed. Thereafter the hounds found him, barked and compassed in a dead circle. The hounds spread out around the head of the line and circled.

He watched in despair. When he turned to run he was so large and well that he had no place to go.

### KILLED IN ACCIDENT

BURNTVILLE, N. C., Mar. 28.—(AP)—Thomas F. Anderson, 31, president Burntville business man, was killed yesterday evening in an automobile accident. A companion, Ned McLaughlin, 21, Burrsdale, said Anderson apparently went to town while driving and the car skidded off the road and drove into a tree. Anderson McLaughlin was cut and bled to death.

OCALA, Fla.—Garrison Clothing & Shoe Company, importers, store building recently purchased.

## J. TER WILLIGER, LEROY TO MEET IN GOLF FINALS

### BASEBALL

ORLANDO, Fla., Mar. 28.—(AP)—Manager Dan Howley plans to keep the Cincinnati Red squad intact until he reaches home, thus allowing himself ample time to decide which players to place elsewhere. Two or three pitchers, one or two infielders and at least one on fielder will have to be farmed out or sold. The pitchers are giving Howley the most worry. The team will start the northward trip today.

NEW ORLEANS, Mar. 28.—(AP)—The problem of getting the Shrine hurlers to make up the Cleveland baseball staff has returned to Mount Marion's Roger Peckinpah. A week ago, Peck thought he had his mind all made up, so Leo Barnhart's good work against New Orleans has put him in the rancor. Barnhart was selected for another year of seasoning. Ed now the tribe chieftain is gone.

TAMPA, Fla., Mar. 28.—(AP)—The Detroit Tigers took a breath spell today preparatory to starting a long series of exhibition games between here and the metropolis. The trip home will be in stages with stops in four stations every day from now until April 11, which is two days before the opening day at Detroit. The Tigers concluded 10 games yesterday to administer a 6 to 4 defeat to the Toronto international club.

FOUNTAINVILLE, Fla., Mar. 28.—(AP)—George Sieber, veteran trout fisherman with the Boston Boys, who is hitting stiff oak bluffs a valuable player although he quit last season was not what is expected to be one of the best. Yesterday he garnered a double eagle, a wild two runs and showed ability in playing for the latter, making four putts in his outer garden.

BUNNAGOLA, Fla., Mar. 28.—(AP)—Charlie Buffing, Red Sox hard-hitting pitcher, proudly will start the opening game at Washington and attempt to start the season right. Veteran of the mound staff, he is in excellent condition. After dropping his first 12 contests in 1929, he won nine and then 10 of the others with a last-place club.
