JAPAN WANTS TO SELL KIAO-CHOW RAILROAD TO PAY GERMANY

WASHINGTON, Dec. 15.—Subject to Tokio's approval, the Japanese delegation yesterday accepted the Chinese offer to pay 53,000,000 gold German marks for the Kiao-Chow-Tsinanfu railroad in Shantung, plus what Japan has made in permanent improvements, but less deterioration.

When the conversations between the two delegations were renewed yesterday afternoon the Chinese offer to buy the railroad outright in cash but the Japanese, it was said, raised questions as to why this course was pursued, pointing out that all other railroads in China had been built with the aid of foreign loans.

The Chinese delegates replied that the Chinese consortium was ready to finance the restoration of the railroad and China's desire was to make use of this in order to do away with "foreign control."

Mr. Hanihara of the Japanese delegation said after the meeting that satisfactory progress had been made toward a settlement of the Shantung question, but would give no details.

CONGRESSMAN IS SUICIDE AT CAPITAL

ELSTON, OF CALIFORNIA, WAS DISAPPOINTED IN SECURING NAVAL BASE

(By The Associated Press) SAN FRANCISCO, Dec. 15.—Friends of Congressman Elston here and at his home in Berkeley expressed themselves as mystified today by reports from Washington indicating he had taken his life. Elston occupied a respected place in the community and his career both as attorney and member of congress was regarded successful.

WASHINGTON, Dec. 15.—The house adjourned today until tomorrow out of respect for Representative Elston, whose body was found last night in the Potomac river. Immediately after convening the house adopted resolutions of regret and authorized the selection of a committee of eighteen members to accompany the body to California in case of burial there.

STATE HAS THE MONEY TO ADD CAPITAL WINGS SAYS THE STATE BOARD

Resolution Adopted in July Printed in the Tampa Tribune

TALLAHASSEE, Dec. 15.—In connection with the recent protest emanating from Ocala with reference to the extension to the state capitol building, upon the ground that there are not sufficient funds available to carry out the provisions of the act, it is interesting to know that way back in July of the present year, before any protest had ever been made or conceived, the board of commissioners of state institutions, by formal resolution, determined that there were funds available for the purpose.

It appears that the commissioners of state institutions as a capitol commission applied to the board of commissioners of state institutions as provided by law for a determination as to whether or not there were sufficient available funds for the purpose of state institutions, acting upon the advice of the comptroller and the state treasurer, adopted the following resolution which appears upon and has been copied by The Tribune correspondent from the official minutes of the board of commissioners of state institutions. The minute entry in question is in the words and figures following: "Tallahassee, Florida, July 29th, 1921. At a meeting held in the executive offices at the capitol building, Tallahassee, Florida, by the board of commissioners of state institutions on this the 29th day of July, A. D. 1921, the said board of commissioners of state institutions had under consideration the provisions of chapter 8422, laws of Florida, acts of 1921, providing for the enlargement, alteration and repair of the capitol building at Tallahassee, Florida, and appropriating the sum of two hundred and fifty thousand dollars to be expended by and under the direction of the said board of commissioners of state institutions in and about the enlargement, alteration and repair of the said capitol building. It was then and there decided and declared by the said board of commissioners of state institutions that the funds necessary to meet the payments for such enlargement, alteration and repair of the said capitol building at Tallahassee, Florida, as authorized by chapter 8422, laws of Florida, acts of 1921, will be available when the same becomes due and payable and constitute a charge against the state of Florida. Thereupon, it was then and there resolved by the said board of commissioners of state institutions that the said board of commissioners of state institutions do immediately proceed to arrange, undertake and procure the enlargement, alteration and repair of the said capitol building, in substantial conformity with the general plan, which has been outlined and in accordance with detail drawing and specification as shall be prepared by competent architects with the approval of the said board of commissioners of state institutions."—Tampa Tribune.

WILL MEET IN ORLANDO

ORLANDO, Dec. 15.—The Florida Educational Association will meet in annual convention here Dec. 27 to 31, inclusive, and indications that reduced railroad rates will be granted the delegates is taken to mean that the attendance will be large, the local committee in charge of arrangements expecting at least 1,500 persons. Members from Palm Beach county already are planning a campaign to have the next meeting held in West Palm Beach, according to reports received here.

FRENCH DELEGATION GIVES PROPOSAL FOR INCREASE IN THE FRENCH NAVY

That Would Upset the Whole Plan for Naval Reduction

NOT YET REVEALED

BUT BRITISH UNDERSTAND THE PLAN PROVIDES FOR 35,000 MORE TONS CAPITAL SHIPS

(By The Associated Press) WASHINGTON, Dec. 15.—The French delegation has presented proposal for so great increase in the strength of the French navy that the British declare that such program if carried out would upset the whole plan for 5-5-3 naval reduction. Although not yet entirely revealed the British understand the French plan provides for the building program which would give France capital ship tonnage of thirty-five thousand tons more than Japan and preponderance of New Port Jutland type of craft over all nations.

Although indicating disapproval of such building program said to have told the arms conference if France carries out such construction she (Italy) must carry out similar building program. Combined, French and Italian fleets thus would be some two hundred thousand tons stronger than British or American allotments under revised figures agreed on yesterday by big three.

SEMINOLE BANK FOR CONSTRUCTIVE XMAS GIVING

GIVE REAL GIFTS THIS CHRISTMAS IS THE SLOGAN OF THIS BANK

"If every man, woman and child received a savings account as a Christmas gift this year, we would have a real Christmas in this community," said A. R. Key, cashier of the Seminole County Bank.

"It's a novel and constructive idea in Christmas giving," Mr. Key went on to say, "and one that carries real cheer throughout the year. It represents more than the gift of money because it implants the germ of a habit that means success to any one who acquires it."

The Seminole County Bank is running an interesting series of ads suggesting the gift of a savings account to mother, children and others. The savings pass book will be delivered in appropriate Christmas dress to carry better the spirit of the Yuletide.

"THE THREE GHOSTS OF LIFE." Do you believe in ghosts? Well if you do or do not, you will be delighted to hear the message on the subject given above.

The speaker is one who has studied this subject for number of years and has been able to deliver a message that has brought a new revelation of life to many people.

The message will be delivered at the Baptist Temple. By Dr. George Hyman, large audiences are attending these services and many are expressions of the delight of them.

## NEW GIFT SHOP TO OPEN STORE IN WELAKA BLOCK

Sanford is to have a gift shop at last and the O. T. O. Shop will open in the Welaka Block in Room 5 or where the Popular Market was formerly located. They will carry a full line of Christmas cards, stickers, novelties of all kinds. Watch for their announcement.

## WOMAN'S CLUB NOTES

The Literature Department of the Woman's Club held a most interesting meeting on Thursday afternoon.

The subject for the program was Handel and Mendelssohn, most appropriate for the Christmas season.

Mrs. E. W. D. Dunn of Orlando, a charter member of the Literature department with a wonderful paper on Handel, she spoke in detail of the life of this great genius, showing how from early childhood his soul was wrapped up in music, she also mentioned his chief works, especially his great oratorios, the Messiah, which has delighted so many audiences. Mrs. Dunn's anticipated with pleasure and this one was if possible better than ever. After this paper the audience enjoyed the Halleloyoh chorus from the Messiah from the Victor record, kindly loaned by Mr. Yowell.

Mrs. A. E. Douglass next gave an unusually fine paper on Mendelssohn and especially emphasized his greatest oratorio Eljoh.

Mrs. A. M. Phillips then sang "Come Unto Me" in her usual charming manner, as illustrating "Eljoh" and will attend and are open to all lovers of music and literature.

## RABBI WISE—COMING

The people of Sanford will be delighted to know that Rabbi Stephen Wise of New York will speak in Sanford again this winter. The arrangements have been made through the Kiwanis club.

A large audience heard Dr. Wise last year and all these are looking forward to hearing him again. The lecture this year will be given in the Princess Theatre. The charge for admission will be 75 cents.

Dr. Wise is an International Character and one of America's best speakers. His subjects are always timely and with thoughts of the present needs.

It is a question in the mind of many as whether or not the Princess will hold the large number who shall desire to hear this noted speaker. It is well to buy the tickets at an early date. Call at any drug store or bank.

EARLY AMERICAN PIONEERS, NEW SERIAL AT THE STAR, WILL THRILL THE COUNTRY

Objectionable Features of Serials Eliminated by Use of Prominent Figures

"A Bent Arrow sometimes finds a Bigger Stag."—Old Navajo Maxim. Kit Carson is still alive! John C. Fremont is again with us! Gold has been rediscovered in Sutter's Creek, California!

A new departure in motion pictures shown at the Star Theatre Monday, December 19th, will enable the boy and girl of today to see the glorious "Gold Rush of '49", the Indian fights of the early plainmen, and the activities of the "Molly Maguires," "The Evening Angels" and "The Vigilantes." The "Old West" with its glamor, the "Bloody Frontier" with its picturesque costumes—these are not dead; they have not passed on.

Kids who have wished that they could have lived in the good old days when beaded buckskin and furs would have been their "uniform of the day" will be able to see the same heroes they worshipped in the pages of their history books, and, it must be admitted, "dime novels." The filming of a "serial" "Winners of the West," wherein are narrated the exploits of John C. Fremont and Kit Carson, will give the American lads an opportunity to see these courageous pioneers in "reel life."

Not only will children be shown inspiring characters on the screen in such a way that they will take additional pleasure in pursuing their studies and become cognizant of the word "Americanism" but the so-called "objectionable" features of "serials" will be abolished. Statistics presented by the various censor boards indicate that 85 per cent of the present censorship activity and agitation is engendered by the fact that children see motion pictures. It is with a sincere desire to present only worthwhile subjects for the consumption of minors and to reduce censorship to a minimum that this novel departure in "serials" has been launched.

Few persons realize the appeal motion pictures have for children. It is estimated by film producers that the public which patronize "serials" is made up mostly of children—90 per cent is their approximate figure. The film producers recognize that the tastes and requirements of children should be considered constantly during the production of a "serial."

Realizing the necessity for presenting films that shall appeal to the children, stimulate without exciting them, and, if possible, have a distinct educational value without becoming tiresome, one of the largest producers of "serials" has conceived the idea of basing these films on characters in American history. Instead of children being shown "The Agonies of Agnes"; "The Exploits of Egbert" and "The Escapes of Ermintrude," this company will present series of authentic incidents in the lives and careers of the conspicuous figures of this country's early days.

The first of these historical "serials" will narrate the adventures and struggles of John C. Fremont, soldier and explorer, whose excursions across the Rocky Mountains and into the west beyond form one of the brightest pages of American history. Particular care has been taken to cast in the leading role a person whose appearance, character and general experience fit him to portray so distinguished and important a character. Art Acord, winner of the world's ro-

deo championship, an experience plainsman and typical of the true pioneer, has been chosen to enact the leading part in this new departure in "serials."

Carl Laemmle, president of the company which is responsible for the innovation, feels that the presentation of important national heroes on the screen will bring about a valuable sense of co-operation between the screen and the school. A child's disinclination to study will disappear when he has his lessons served to him in the form of entertainment. He says:

"Universal has taken this step because it realizes that youth must be served. Youngsters crave action and adventure in story and on screen. What could be more fitting to give them screen entertainment based upon historical incidents and woven around characters they are taught to respect and admire?"

"In our forthcoming 'serial,' 'Winners of the West,' we have chosen Jno. C. Fremont as the first of this illustrious band to be immortalized on the heels of Fremont's trail. Acord 'serial' recounts the adventure of a band of hard pioneers, travelling across the plains and through the Rockies in their prairie-schooners, on the heels of Fremont's trail-breakers.

"Included in the 'serials' are all the picturesque activities of the 'Forty-niners' during the gold-rush period and all the stirring adventures of the Indian-infested wilds. We are taking every precaution to assure the authenticity and accuracy of every incident narrated in this production. Costumes will be 'right,' the settings will be accurate, and we shall sacrifice none of the picturesque glamor of the 'Roaring Forties' to any convention motion picture technique.

"The preparation of the script has been entrusted to Ford Beebe, one of our most dramatic scenario writers and himself a descendant of one of the original 'Forty-niners' who did so much to furnish the pages of our history with one of its most glorious episodes. We shall endeavor to select a cast that shall be especially suited to the roles wherein they are cast—it is not enough to merely say, 'This character is Fremont, that one is Kit Carson, etc.' the actor must look like the original person to the last detail.

"Mr. Beebe has spent several months consulting reference volumes dealing with the characters and exploits to be screened. Some of the more important historical works to which he has had recourse are 'The Life of Kit Carson,' by Anderson, Gertrude Atherton's 'The History of the Lewis and Clarke Expedition,' 'The Santa Fe Trail' by Hays, John C. Fremont's 'Memories of My Life,' Eldridge's 'The Beginnings of San Francisco,' Brady's 'The Conquest of the Southwest' and 'The Old Santa Fe Trail' by Inman.

"There has been a certain hesitancy on the part of motion picture producers to make 'costume pictures' because it was feared such productions were doomed to failure by the public's lack of interest in semi-historical subjects. That this theory was a fallacy has been proven by the popularity of certain foreign films of a historical nature. The one objection to these films was that they were in many instances propaganda.

"The substitution of pictures portraying some of the picturesque figures and more striking and significant episodes in American history should certainly be welcomed by those among us who are eager to foster a spirit of patriotism in our children. Incidentally, as we are going to handle them properly, these pictures should prove an effective agency in the interest of Americanization.

"The names of John C. Fremont, Daniel Boone, Israel Putnam, Marion the Swamp Fox, Paul Revere, Ethan Allen, Nathan Hale, Kit Carson—to mention only a few of the conspicuous figures of our early days—certainly suggest the daring deeds of fine spirits which are suitable for reflection on the screen; and Washington, Franklin and Alexander Hamilton not less definitely offer themselves as heroes for treatment in moving pictures which would amply supply the interest aroused by the clash of high purpose and intellect against opposing will and circumstances.

"Few persons realize the appeal motion pictures have for children. It is estimated that the public which patronizes 'serials' is made up mostly of children—80 per cent is the approximate figure. We recognize that the tastes and requirements of children should be considered constantly during the production of a 'serial.' "It is with this purpose before us

that we have determined to co-operate with the schools of the land by placing before the children a motion picture that shall combine the entertainment value of a clean picture with the inspiring and educational factors to be derived from an intelligent study of those phases of our country's development which are most picturesque. We feel great good can be accomplished by presenting screen versions of the lives of those pioneers, heroes, warriors and statesmen, whose lives serve as an example to the youth of our land.

"We feel that we are advancing the cause of Americanism to a considerable degree by inculcating in the minds of those millions of children who are fond of motion pictures, a reverence and appreciation of those hardy, courageous and daring heroes who helped to make our country the glorious land it is today. In 'Winners of the West' we have succeeded in placing on the screen several of the most inspiring episodes of that most beloved, 'the buck skin era.' Upon glamorous period in our country's development, the success of this innovation will rest our decision whether we shall broaden the scope of this new departure and include the lives of virtually every picturesque hero who had so much to do in blazing the way for our present civilization."

\*\*\*\*\* UPSALA AND GRAPEVILLE \*\*\*\*\*

Elmer Tyner spent the week end at Windermere going down on the train to visit friends.

Frank Ericson was a caller at the home of August Swanson and other Grapeville friends Sunday.

Mr. Lyons, of Sanford, visited at the home of W. C. Meador last Sunday.

Mrs. E. W. Lundquist was visiting in Grapeville, Thursday.

Mrs. E. F. Lundquist and little daughters were calling on Mrs. Alma Neleo Tuesday afternoon.

Miss Hazel Pritchard, the cousin of Mrs. Barwell Beck, has accepted a position with the Chamber of Commerce in Sanford.

Alfred Ericson and daughter, Margaret and son Gilbert, were among those motoring to Orlando Sunday to hear Bishop Candler at the Methodist conference.

Mr. and Mrs. F. F. West and Mr. and Mrs. Charles Cramer and children visited friends at Maitland on Sunday.

Mr. and Mrs. A. L. Campbell and children were callers at the home of Volle Williams and wife Sunday.

Friends here will be glad to hear of the birth of a little son to Mr. and Mrs. Fred Krell at Windermere; all are doing nicely under the care of Mrs. August Swanson.

Mr. and Mrs. Snymore Pritchard have been down to Longwood for a number of days helping Mrs. Benton with some work about her grove and at some carpenter work.

Mr. Joe Harold kindly cared for Mrs. Stedt during her late illness caused by a new kind of rheumatism, affecting all of one side, keeping her in town with them.

Rev. Clarke and wife called in to see Mrs. J. E. Vaughn Wednesday. We are glad to see them both in better health, Mrs. Clark having had a bad abscess on her finger.

Sunday was a beautiful day and we got a start again at 2:00 p. m. with the Sunday school. Come and help.

A letter from Rev. Albertson and wife says how pleased they are that we are trying again and offering if desired to come over later and assist Rev. Clark in a Sunday school institute.

There was a good congregation out on Sunday; at the Wednesday evening meeting at 7:00 we are asked to bring our bibles as we are having a special series of bible study.

Sunday we were pleased to have with us Mr. and Mrs. Burnett and daughter and son and Miss Inke, of Paola and Mrs. Nyland and daughter Julia of Lake Mary at the services. Clarence Bergquist, one of our Upsala young men, has started up a new business in Sanford as radiator repair man, having learned his trade in the A. C. L. tin shop; he and Archie Swanson are also members of the new Sanford band. Encourage the boys all you can.

Dear Old Kris:

I think "the missus" deserves a REAL CHRISTMAS present this year.

Can you think of anything she would appreciate more than her own Savings Account—a real nest egg that she can add to regularly?

She has a lot of dreams tucked away in her head of things she wants to do, so if I give her a little start I'll bet she will save enough to make those dreams come true. Bless her heart, I should have done this long ago.

Please open a Savings Account for her with the enclosed check and hang the pass book, with my card enclosed, on our Christmas tree.

EAST SANFORD

Mrs. Avery Jane Elizabeth Raulerson passed away Monday at 2 o'clock P. M. She had been ill since August. She spent her last few years here with her daughter, Mrs. I. V. Bridges. Mrs. Raulerson was born in Cameron county, Georgia, 76 years ago but spent the most of her life near Lake City, this state. She had been the mother of 27 children only 6 of whom are living, having had three husbands. Mrs. Bridges is the only child of her 1st. marriage her 2nd. and last husbands were brothers. Mrs. George Mitchell and Mrs. Harwood Warren are also daughters, a son and daughter live else where. Mrs. Raulerson was well loved by her children and all that loving care could do was done for her. Rev. George Hyman preached a short sermon at the grave side saying many kind and loving words to help the family in the loss of their dear mother. Many beautiful flowers covered the casket and grave, the burial taking place at the Lakewood cemetery. The family have the sympathy of all the East Sanford in their bereavement.

The family wish to thank all friends and neighbors for the many kind words and help during the illness and death of their mother.

Mrs. J. M. Corley has as her guest Mrs. Mollie Wood of Atlanta, Ga., Mrs. Wood will go to Miami for the winter after completing her visit here.

C. C. Morris arrived here on Tuesday from West Palm Beach on a business trip. Mr. Morris resided here a number of years and is being welcomed by many friends.

The American Fruit Growers Inc., and some others who employ a good deal of help made another cut in wages for field hands beginning Monday \$1.25 per day for the men and \$1. for women. It seemed necessary as all growers have been having hard luck all this season so far.

Miss Alma Lohmas was given a big surprise party Saturday evening at her home on Celery ave., to help her celebrate her birthday. There was about 80 persons as guests, games, dancing and refreshments were enjoyed. Miss Lohmas received many pretty gifts.

Make the editor happy by sending in your job printing now.

LONGWOOD

Mr. and Mrs. Smith and Mrs. Farrington, of Maine, arrived last Thursday afternoon and are located in the Nelmyer Cottage for the winter.

A. Y. Fuller and E. W. Honk were transacting business in Orlando on Thursday.

Mrs. Chas. Polk and twins of Sanford were visiting Mr. and Mrs. Nelmyer Thursday afternoon.

Charlie Heath and Harry Kramer were lucky enough to kill a deer one day last week.

Mr. Black, who represents the Lake Nurseries of Leesburg, was a visitor in town Thursday.

J. S. Dinkel is moving his saw mill from the Oviedo road to Lake Mary and will be ready for business in a couple of weeks.

The cafeteria supper held at the Library Friday evening, December 9th, was quite a success in spite of the rainy weather. A neat sum was realized which goes toward the building fund.

Mrs. A. Y. Fuller spent Monday in Orlando.

Friends of Mrs. Griffin will regret to learn that she is very low at her home in South Longwood.

John Dunbar and daughter, Miss Elise, have arrived from Willa Grove, Pa., and will be located in their cottage on Wilma avenue.

The Ladies of the Civic League will hold their annual bazaar Thursday, December 15th. There will be a cooked food table, fancy work and also a candy table.

There will be services at the Christ Church Sunday afternoon and at 3 o'clock, Father Peck officiating.

J. E. Phipps was a visitor in Jacksonville the first of the week. Mrs. H. R. Chapman and little Ray are expected to arrive next week to spend the holidays with Mrs. Chapman's parents, Mr. and Mrs. J. S. Dinkel.

Mrs. Hawkins, of Boston, arrived Wednesday. Mrs. Hawkins was called home on account of her mother, Mrs. Griffin's illness. Mr. Woodcock was a visitor in Sanford Wednesday. Mrs. P. F. Carey, of Tampa, is the guest of her mother, Mrs. Geo. Lewis.

Mr. and Mrs. T. G. Roebuck and Miss Harriett Grist were visitors in Sanford Wednesday afternoon.

Mrs. Shaw and son Martin, of Miami, were the guests of Mrs. Shaw's brother, B. J. Overstreet, Wednesday and Thursday.

Did you hear the band last night?  
 The Herald is proud of our wonderful organization. No better band anywhere.

Faith even as a grain of mustard seed will remove armament.—Palatka News.  
 Yes, even as a "cootie."

Need we call attention to the fact that Christmas approaches on rubber tires. Only a few more days till the big day.

And what Sanford people need is that "sticking together" spirit that holds fast regardless of differences of opinion, personal matters and all else. We have the right spirit—let us cement it together.

Sanford business houses look very attractive now in their holiday attire. More of them should light up their show windows at night and some of them should keep open nights from now till Christmas.

Get ready for those big sales days after January first. There will be more money, more tourists, more business of all kinds and it is up to Sanford merchants to get their share. Sales days will bring the crowds.

Sanford will have the golf course and country club sooner than expected. Our public spirited citizens have realized the great benefit to be derived from a country club and golf links and tentative plans will soon be made public announcing the securing of property and the starting of work on one of the finest in the state.

The Herald has been congratulated upon the editorial written about the business men of Sanford having special sales weeks and getting the people to do their trading in Sanford instead of sending out or going out of town to buy their goods. The Herald wants the Chamber of Commerce through the Retail Merchants Committee to take up this matter at once. Sanford should be the trading center of Florida. We have everything to make it.

The white brute who assaulted and robbed a lady in DeLand last week has been captured in Jacksonville. The county should be spared the expense of a trial. This brute should be hanged at once without using the expensive machinery of the law or making any more fuss about it. This crime will not be condoned regardless of whether the brute is white or black. We believe in allowing the law to take its course on every crime except this one and whenever it occurs we will be willing to help on the rope.

**GREAT THINGS FOR SANFORD**  
 The Herald would like to announce some of the great things that are in store for Sanford but they cannot be mentioned now for it would queer the deals pending but suffice to say that this city is on the eye of the greatest building program that the city has ever experienced. Sanford is on the eve of accomplishing those things that the Herald has exploited for fifteen years. Sanford is about to obtain all that the city should have obtained many years ago and while they were a long time coming they will be

none the less welcome. The editor of the Herald feels like giving up the helm and taking a long vacation. We feel like going away for a year and coming back to see all these hopes realized. It would be like going to sleep and awaking in Paradise. It would be great, only—there is much work to do to put them over but we would like to give our friends this great Christmas treat and it is just this:

You can congratulate yourselves this day over the fact that Sanford intends putting over in the early spring the greatest building program ever attempted here. Sanford intends to have miles of new streets and sewers, Sanford intends to improve the lake front and have the boat basin, Sanford intends to have this city so metamorphosed by next fall that the winter visitors will be falling over themselves trying to get accommodations here for all the problems of the quarter century will have been solved for this city.

Sounds big. Sounds like hot air, sounds like boasting. But we happen to know what is stirring and we happen to know who is back of all this great program of improvements and with the help of the progressive people of Sanford the program will be carried out.

The future of Sanford is now assured. We had doubts about it before. We have none now. It means that more money will be in this city in the next six months than ever before. It means another tourist hotel and the country club and the golf links and everything.

The Herald is just mentioning these things in a casual manner today because it is the Christmas gift for Sanford and we want the people to know that the best times are coming for all of them. We cannot take you into our confidence today and spill the whole story but we feel so good about it that we can hardly keep our promise to keep mum.

So this much is mentioned today because it will cause many to have hope and those who might be feeling blue can take new heart. It is always darkest before dawn and the dawn is now breaking and the sun of prosperity will be shining through the clouds in a few months with a force that will dazzle the eyes of even those who have had the unbroken faith all along. We will tell you more about all this great work later.

**THE TRUTH ABOUT FLORIDA**  
 The Sanford Chamber of Commerce through the publicity committee has been getting out considerable publicity through the publication of booklets and advertising in the newspapers and magazines, signs on the roads, etc. The policy governing the committee has been "tell the truth." The truth is good enough about Florida and certainly more than good enough about the Sanford section. We need no highly colored statements about the City Substantial, we have the goods and we do not wish to make any statements that are not substantiated by facts. The truth about Sanford is stranger than fiction but the Chamber of Commerce is prone to state only facts in all the literature and in all the letters sent out to prospective residents and investors. The majority of them think Sanford is hiding her light under a bushel because more advertising is not of the lurid sort. The Jacksonville Metropolitan sizes up the situation as follows: "Tell the truth, the whole truth, put it attractively; sell the county to visitors. But be sure that the county is sold on its merits. Its merits will make it great."

Thus the Fort Pierce News-Tribune advises the people of St. Lucie county. It is good advice, too—advice that is good for the people of every county in Florida.  
 "Why any community or county in Florida should attempt to exaggerate its qualities is inconceivable. If there was ever a place that truth described better than fiction, if there was ever a place that required neither superfluous adjectives nor overdrawn rhetorical phrases in the picturing, that place is Florida.  
 "Many Floridians have fallen into the habit of saying, 'Florida is a great state,' but called upon to define its claims to greatness they fall into vague generalities. They point to the blue sky and remind you of the weather and sunshine—"and a million other things!"  
 "Before the people of Florida can successfully sell the state with all its possibilities to the world they must know the facts. The world doesn't buy generalities; it demands specific things—and is entitled to them.  
 "We teach the history of the state in our schools, emphasize the dates of important events, but to what extent are the facts and possibilities of Florida impressed? We take great interest in political things, which is the proper interest for us to display, but what do we know about the state's agricultural resources? Its minerals and the versatility of its soil?  
 "Facts—the truth—those make Florida the wonder state, as the News-

Tribune says of its home county, and before we can sell these facts we must first become familiar with them. The best salesman is the one who knows his product and believes in it. Having learned the facts it will be no trouble for the various counties to "sell" themselves, for nothing is half so convincing as cold facts."

The state is being enjoined from building wings on the capitol building at Tallahassee. Probably afraid the old building will fly away.

Revolution in Guatemala or some other seaport the other day kicked out the president. Dispatches yesterday said he had resigned and his resignation was accepted. On the same order of stopping a man's wages and he quits.

Old days in the west will be shown at the local theatre soon. It will probably reproduce the "gold mines" that Sanford people own and show them where the money went.

My special request upon behalf of the men is that the ladies will think twice before buying cigars for the men folks. Be sure they are good cigars and that the "taste will not linger" after the gift is forgotten, etc.

It has now been discovered that a British mess sergeant captured Jerusalem and not the general staff of the British army. The mess sergeant no doubt captured the city with his pork and beans. **\$10,000 BILL TOOK HIS BREATH**  
 ST. PETERSBURG, Dec. 16.—Although St. Petersburg enjoys a climate equal to that of any other city in the state, Floyd Thomason, teller at a local bank, said he was "frozen" in his tracks a day or two ago when on looking at a bill handed him by a woman who requested change he discovered it was of the \$10,000 denomination. She asked for \$1,000 and \$500 bills in exchange but finally decided to open an account with it.  
 So far as known it was the second bill of that denomination to appear here. Two years ago a man deposited a \$10,000 bill but it was a special transaction, the bank having supplied it to the customer. Bills of the \$10,000 denomination rarely appear in "public" being used almost exclusively in transactions between banks.

If only 10 per cent of us are crazy, as that professor says, how does he account for the fact that we spend more money for new cars than for new houses?

**LAKE MARY**

Mrs. A. E. Quigg spent Wednesday in Orlando attending a family gathering of her children.

Mr. and Mrs. R. T. Humphrey announce the arrival of a girl born Saturday, Dec. 11th. Both mother and baby are doing fine.

Mrs. N. H. Braddock and little daughter, Myrtle, and mother, Mrs. Anna Swanson, returned home last Wednesday from the east coast, having spent a month in Miami, Fort Lauderdale, Delray and Palm Beach.

Mrs. Alice Henry, of Orlando, spent Sunday afternoon with her grandmother, Mrs. M. V. Evans.

Mr. and Mrs. William R. Crossmore, of Galveston, Tex., arrived Sunday to spend the holidays with Mr. and Mrs. W. G. Ferguson at their beautiful home on the lake.

H. D. Durant has just purchased the Martin place near the depot and expects to make considerable improvements there.

Mrs. Alice Norwood expects to move in her new house on Wilbour avenue the last of this week.

Mr. and Mrs. Ellsworth Brown and Mr. and Mrs. Langford and family motored to New Smyrna and other places on the coast last Sunday.

Mrs. Langford, who is running the Crystal Lake Hotel is planning to build a modern up-to-date hotel near the depot and have it ready for next season.

The new arrivals at the Crystal Lake Hotel are: Mr. and Mrs. Jermiah Rowe, of Hampton, N. H.; Charles Crosby, of Hampton Falls, N. H.; George G. Pike, of Exeter, N. H.; Mr. and Mrs. Charles McMahon, of Seabrook, N. H.; Mrs. Newman, of Exeter, N. H.

George Pike, of Exeter, N. H., is a shoe manufacturer looking for a location for a shoe factory, and thinks of locating near the depot, and if he does he expects to bring a dozen or more families here.

Mr. Crosby will start building a residence in a few days.  
 Sherman Sewell, of Salisbury, Mass. has rented the garage here for the season.

Mr. Rowe expects to start building a residence here in a few days.

**DID IT EVER OCCUR TO YOU?**  
 If you want help, if you want a job, if you have something to sell, if you want to buy something, if you have lost or found something, if you want to rent a house or a farm—well, if you want any or all of these things the only way you can have your want realized is to give it some kind of publicity.  
 Now you could start out in your car and go to the several thousand readers of the Herald and it is possible that you could make the rounds in something less than \$2,000—not counting your time as valuable—and you would undoubtedly sell what you wanted to sell, or buy what you wanted to buy. On the other hand if you will tell your wants to the Herald we will state your case, it will go out to the same several thousands people, and your advertising will have cost you anywhere from a quarter to a dollar and a half, according to the number of times you ran the ad, as well as the number of words included in it.  
 Several hundred people will be reading your ad at one and the same time if you run it in this paper, and you will have your wants realized almost as soon as the paper is mailed—as people are always looking for something which is for sale, as well as looking for a place to sell something they have.

**SHERIFF TOOK CHARGE OF UNDERTAKERS PLACE**  
 TAMPA, Dec. 16.—The next time an attache of Sheriff Spencer's office takes charge of an undertaking establishment writ and places the official seal on the door, he will inspect the interior of the places the before doing so.  
 Chief Deputy Givens served an execution against a negro undertaking place here one day this week and attached the contents as a result of action by a concern that claimed the undertaker owned it a bill. After the deputy had sealed the place it was discovered it contained two bodies awaiting disposition.  
 Sheriff Spencer was called into the case later in the day and spent the afternoon untangling legal red tape so that the writ could be made to apply to the building and its contents with the elimination of the bodies. Some persons here versed in law declares that bodies in an undertaking establishment are considered a part of the assets of the concern.

**Chiropractic---What It Is**

**CHIROPRACTIC is the SCIENCE of LOCATING THE CAUSE OF DISEASE AND THE ART OF REMOVING IT BY ADJUSTING THE SPINE** which relieves pressure on the nerves and allows Nature's life spark or nerve energy to flow freely to and from the brain.

The cause of disease as the CHIROPRACTOR finds it is a subluxation or partial displacement of the small bones of the spine. There are twenty-four movable bones in the spine and each has a pair of nerves emanating from small openings on each side between the vertebrae. Subluxations decrease the size of the openings through which the spinal nerves pass, and impinge or press them, hence shut off a portion of the nerve supply to the organs, or parts and the result will be disease, deranged functional activity. A normal nerve supply to any organ or part of the human body generates normal function and maintains health. In adjusting the vertebrae to release the pressure, the CHIROPRACTOR uses nothing but his hands. The whole object of his work is completed when this pressure is removed. Nature does the curing.

**THE WEATHER**

For Florida: Generally cloudy tonight and Saturday rain Saturday in north portion; warmer in southwest tonight.

You wanted engraved Christmas cards and the Herald obtained them for you.

Get your Christmas and New Year's cards, your engraved Christmas cards, tally cards, etc., at the Herald office. They are going fast.

Give him or her a portable Remington typewriter for Christmas. The finest portable typewriter on the Market. At the Herald office.

The ladies of the G. I. A. will hold a bazaar and cooked food sale in the Union Pharmacy tomorrow all day. See their advertisement in this issue and patronize the bazaar.

Meet me at the Herald office tonight. He will buy our fine stationery at that time. They have the finest line of stationery ever brought to Sanford. Herald Printing Co.

Mr. and Mrs. Alf Purden and daughter, Annie May Burton of Jacksonville are in the city the guest of relatives and friends. They are former residents of Sanford and their many friends are glad to see them back.

Bill Satcher, of Longwood, was in today and brought the editor of the Herald a nice strip of venison off the big deer that he recently killed over in the Wekiwa. Come again, Bill, you seemed to have noticed that editors eat.

In the bean guessing contest at Lloyd's Shoe Store the shoes were won by Mrs. H. B. Levy of Geneva. This lady is visiting Mrs. Peters of that place. She guessed the number to be 1525. Also Mr. Rives, express man. There being a tie they guessed again. Mrs. Levy guessing the nearest correct to the number in another jar. Mr. Rives will also get a pair of shoes.

The board of governors and several members of the Chamber of Commerce held their regular weekly luncheon at the Valdez today and many matters of vital interest to the city were taken up and put over. A full

**SANFORD'S TEMPERATURE**

Our weather report today says calm and clear but that meant yesterday. As we go to press with this great sheet of intellectual verbosity it looks very much like the heavens would soon be weeping again. Rain is one of the things we do not need at present but nevertheless it seems that we must have rain before we can get colder weather and if that is the case let us have it. We want cold weather for Christmas and for lettuce and for hunting purposes and other things. 75 yesterday and anyone knows that this is summer weather. Have you bought your Christmas furs yet?

account of the meetings of the chamber will be given at a later date. Meantime watch for the big banquet to be held the night of January fifth.

**BAND CONCERT LAST NIGHT DREW A BIG CROWD TO CENTRAL PARK**

The band concert in Central Park last night drew a large crowd and the four sides of the park were lined with cars and the benches were filled. Charles Brady sang "Let the Rest of the World Go By" and his rich baritone was greatly enjoyed. The plantation songs of the south with the Dixie interlude was greatly enjoyed and the entire program was of the best up to the usual high standard of this well known artist and the only fault to be found with the entire concert was the absence of seats in the park to seat the big crowd that was present and many of the ladies were forced to stand up during the entire concert. This will be attended to however by the Chamber of Commerce as soon as possible.

Who ate the first oyster? Nobody. The original old grand-daddy, now wrinkled and decrepit, was served to us the other night.

Christmas cards at Herald office.

**RABBI WISE WAS PRO-ALLY LEADER DURING THE WAR**

It was Rabbi Stephen S. Wise, of the Free Synagogue, New York City, who coined the expression heard so often during the last few years—"assassin-aurocy." He used this expression to define the Teuton and Turkish systems of government and the word struck a popular chord in the American press and with the American people.

Rabbi Wise was a recognized pro-ally leader from the beginning of the war. He served as a shipyard laborer at Stamford, Conn. and was closely associated with every war movement throughout the entire period of the war. He represented the American Jewish Congress, and the Zionist organization of America in relation to the Peace Conference. He was awarded the Legion of Honor by France for eminent service to the French Republic during the war.

Dr. Wise's relations have always been close to President Wilson and his cabinet, he having been one of the earliest supporters of President Wilson, long before the latter became president.

Rabbi Wise is one of the most interesting figures in American life today. He founded the Free Synagogue in New York City and several years ago, following his refusal to accept the call to the pulpit of Temple Emanu-El because he thought there might be "strings" tied to the call. Today his Free Synagogue, in Carnegie Hall, is the great social center of New York City—where class distinctions are abolished, where rich and poor alike gather, where Jews and Gentiles meet and worship on the old-fashioned religion of the brotherhood of man—each in his own particular way.

Undoubtedly Rabbi Wise is one of the greatest modern thinkers and speakers. He is a fearless champion of right—a powerful foe of wrong, and he strikes straight out from the shoulder, wherever the blow may fall. As an orator he is said to be without a peer.

Rabbi Wise will deliver a lecture at the Princess Theatre on the night of December 29th under the auspices of the Sanford Kiwanis Club.

**BANKS FINANCE CUBA**

Havana, Cuba, Dec. 15.—Arrangements to secure a loan of \$500,000 from Havana bankers, completed today by the government, will end the fourth monthly strike of street sweepers and garbage collectors, who, in their present attempt to secure payment of nearly two months' back wages, have been out for four days. In addition to paying the white wage, the government will utilize the loan necessities. During the strike, sketchy attempts have been made to keep the capital clean by pressing scores of convicts into service since the strike breakers could not be secured. Many thickly populated streets presented a wired appearance last night when burned by householders.

**SCHOOL TERRORIZED.**

Richmond, Va., Dec. 14.—An attack alleged to have been made by John Morgan upon two teachers because his son was whipped in school caused a panic yesterday in Colonial Heights school, Chesterfield county. Morgan is alleged to have struck one of the teachers, a man, causing his face to be cut by breaking his eyeglasses. Morgan then struck the other teacher. The children fled in terror and great excitement prevailed. Three warrants have been sworn out against Morgan, one charging him with carrying a concealed weapon. He will be tried in Magistrate Spend's court tomorrow afternoon.

**INSURED HIS CITRUS CROP**

TITUSVILLE, Dec. 16.—J. J. Parrish, one of the largest citrus fruit growers on the East Coast, is the first producer in Brevard county to insure his crops against frost. He has insured \$15,000 boxes of grapefruit and oranges.

On the west side of Indian River the premium for the insurance was ten cents a box while on Merritt Island the cost was only eight cents.

Because the island is surrounded by water, the average temperature is about three degrees higher than that on the mainland and the insurance company recognizing the difference charged a smaller premium on fruit in that locality.

An Indian lover of elephants says they go to heaven when they die. Not the white ones. The white elephants go to Ford.

You may break up the graft in the East if you will, but Japan will cling to her holdings still.

**SANFORD HAS IT**

We have in Sanford a place where the motorists can get service of any and all kinds. A modern garage equipped to take care of any need that might arise with any motor car at any time. A modern drive-in filling station, storage for cars, washing and polishing. The service is quick and snappy.

A repair shop, the best equipped in the city, operated by MR. P. A. MERO, with a force of the most skilled workmen.

A battery service station under the able management of MR. DOUGLASS C. GRIFFIN. He knows batteries. There is a vulcanizing shop thoroughly equipped with latest and best appliances for that trade operated by MR. E. S. ROCKEY. He is the tire repair man who has never turned out an unsatisfactory job.

You have travelled through many towns in this state and others, but stop and think, have you ever seen a service station as complete in its line as WIGHT BROS. CO. 227-1c; 19-1c
