By LARRY VERSHEL

The Pipeline Co. hassle should come to a favorable end now... The latest is that the company will offer the city \$100 per MONTH instead of \$100 annually... That ought to make the city happy.

MEMO TO DR. FRANK LEONE—(County Health Director)... Have you checked whether those fair workers have health cards? I thought it was a state law.

Reports are that Gov. Farris Bryant will be invited here for the Semi-Centennial in April.

They're building a "closed-in" office for Howard Hodges over by the Sanford Atlantic Bank.

Yesterday's test of the CD siren proves one is just not adequate... We need more to cover the city... Lady told us that when she heard the noise she thought it was a screaming of ear brakes.

Did you know that Volusia County has set up a license tag office in DeBary... Why not one here in the Bear Lake, Forest City, Altamonte area? ... I'm so tired of seeing those "7" license tags in the south on the way home every night.

The data being supplied by the Navy explaining its great need for the pipeline (you know, THAT pipeline) gives plenty of REASONS, not EXCUSES, for the three Musketeers who shot it down because all the facts had not been presented to them, to give it a rousing vote of approval... GOOD for the Navy, FINE for Sanford, GREAT for the U.S. Taxpayer... But then, nobody, but NOBODY, seems to be paying any attention to that last one... However, the other two beneficiaries of the progressive plan are sufficient reasons to give it full endorsement—with a hip, hip, hooray!!!

That Chase and Co. story about their new building materials setup in Orlando might have fooled you... Marlin Stinchfield is the manager of the building materials department for the huge Sanford-based firm—and is still stationed right here... The manager of the Orlando office is Cliff Ingram, their veteran and popular salesman... Now we're getting somewhere... when a SANFORD firm branches into the territory to the south!!

Oops, school board meets next Thursday and not today... Wake up, buddy!

Why doesn't the city do something about that hole-filled entrance onto W. 12th St. off of French Ave.?

North Orlando Councilman Clarence Memory Tuesday night volunteered to grade Edgemon Ave. and keep it in passable condition if the village would pay for gas to operate the equipment. The alert council immediately accepted the offer and work will begin this Saturday.

Already his friends are calling him "Senator" Cleveland... and the election, if held, isn't until March 26. Good luck, Mark.

Although no official appointment has been announced, Mrs. Dorothy Harden probably is going to be the new assistant clerk in Altamonte Springs.

Bids on DeBary Nursing home about to be opened this week... Don't be surprised if W. J. Miller of DeBary gets the job anyway... We hear the boys starting the home are dealing with DeLand banks. How come?

Frank Voltoline tells us the Jaycees are planning their fertilizer sale soon.

Tommy Peterson's brand spanking new office on the corner of Commercial and Park should be ready next week.

Ervin Urges Plan

Decision Nears On Apportionment

MIAMI (UPI)—Three federal judges heard two hours of arguments for and against a proposed new reapportionment of the Florida legislature today, then took the matter under advisement. They promised to try to reach a decision by the end of the day.

"The court realizes the importance of a prompt decision," said presiding judge Warren L. Jones at the end of the arguments. "It will, if it can, try to reach some decision before the close of the day."

He said there would not be a decision before 2 p.m.

Atty. Gen. Richard Ervin asked the court at the start of the hearing to approve the plan. But Miami attorneys Peter Sobel and Richard H. Max Swann argued against the proposed new 43-senator, 112-representative legislature.

Sobel asked the court to temporarily reapportion both houses by judicial decree to "protect the rights" of citizens, but to permit the next legislature to permanently reapportion itself. He said the court should retain jurisdiction in the case, however, to insure that this is done.

Sobel presented the court with a proposed temporary plan calling for 135 senators and 62 house members, a plan

vastly different than those considered by three special sessions of the legislature. But he did not elaborate on the plan in the courtroom. He gave the court an outline of it.

Swann said the main discrimination in the 43-112 plan is in the makeup of the Senate.

"The House is not good, but I wouldn't object to it too much if it wasn't tied to the Senate," he said.

"The stranglehold in this state has been in the Senate for many, many years, and will continue to be if the court approves that formula," said Swann.

He said that in other states, reapportionment formulas less discriminatory than the one before the court had been ruled unconstitutional.

Attorney Reece Smith, representing the mayors conference and also a consultant for Swann, called both the House and Senate plan "a shame."

Ervin, who filed a brief in behalf of the proposed plan, commented at the end of the hearing: "We have a good plan. It isn't what I wanted. It isn't what many people wanted. But it meets the minimum standards set by the court."

Two assistant state attorney generals, Edward S. Jaffrey and Joseph Jacobs, also argued for the plan during the two-hour hearing in a crowded courtroom.

Legislators Differ On Court Action

Seminole County's legislative delegation differed slightly today in their opinion of what will be the federal court's decision on the Legislature's reapportionment plan following hearing today at Miami.

"It's anybody's guess what a court will rule," Rep. Joe Davis said.

"However, I feel," he added, "that the federal court will approve the House part of the plan with 112 Representatives but I am doubtful it will approve the Senate part with 43 Senators."

On the other hand, Rep. Mack Cleveland Jr. said he believes the court will approve the entire plan.

He based his belief on a previous court order, adding that this is an improved plan voted on by the people last November. He said the court then indicated it does not want to have to interfere but rather would desire that the Legislature iron out the matter.

British Market Entry Not Dead

BOSS (UPI)—Chancellor Konrad Adenauer said today that French President Charles De Gaulle has promised to renew discussion of Britain's entry into the European Community.

The manager of the Orlando office is Cliff Ingram, their veteran and popular salesman... Now we're getting somewhere... when a SANFORD firm branches into the territory to the south!!

The West German leader told Parliament that he is "for British entry into the Common Market above all else."

Then he said De Gaulle has promised to discuss the matter with him once the Paris-Bonn friendship pact is out of the way.

Adenauer's government Wednesday night sent the treaty to both houses of Parliament and asked for speedy ratification.

Navy Officer Charge Dropped

JACKSONVILLE (UPI)—A complaint charging Lt. Col. Joseph H. Stroppe of Cecil Field NAS here with theft of government property, was dismissed Wednesday after a legal hassle over inspection of FBI notes by the defense.

George H. Murphy, an FBI agent, used notes in testifying at a preliminary hearing that Stroppe placed on a private farm several hundred feet of galvanized and plastic pipe which were the property of the Navy.

Band March

The Seminole High School Band will march all the way from the high school to downtown Sanford today, a distance of three and a half miles, Bandmaster Ernie Cowley has announced.

"This long march is in preparation for the four and a half mile parade route which the students will undergo at the Florida State Fair Monday, when they march in the Gasparilla Pirates Invasion Parade," Cowley said.

Good News For Kids

'Extra' Fair Day

Seminole County school children will get an extra day at the Seminole County Fair this year, because of the bad weather which occurred on the two days originally designated as Kids Days, Fair Association President John McCloskey announced today.

Friday, school children will be admitted free from 3 to 6 p. m. with all rides half price on the midway, McCloskey said.

"The bad weather was out of our control," he said. "But we do want to give the kids a fair sunny day to enjoy the rides and shows at the Fair, so would like to take this means of providing fun and entertainment, at reduced prices."

Raymond Fox of Lake Mary won the bicycle Wednesday, with Barbara Gracey of Oviedo holding the lucky ticket for the translator radio. Anice Benton of Sanford won the spinning reel and rod and Allen Lemon the basketball.

County Road Freeze Damage Inspection Set Next Week

On-the-spot inspection for freeze damage of county roads to determine priorities for repair will be made by county officials next week.

County commissioners will accompany County Engineer William Bush and Road Supt. J. C. Lavender on the tour.

Gen. J. C. Hutchinson, commission chairman, said this morning numerous calls are being received relative to damage by the December freeze.

Bush reported the damage is so extensive that repairs "will be more than the county can afford," thus the necessity of priorities. Lavender previously had estimated the damage at \$20,000.

Meanwhile, the county officials were preparing to make a study of needed primary and secondary road projects for presentation to State Road Department officials at a hearing March 7 at DeLand.

General Hutchinson stated he had received Wednesday from the State Road Department a summary of state funds allocated for Seminole County primary and secondary roads.

County Gasoline, Sales Taxes Up

Seminole County paid \$178,292 in sales and gasoline taxes during January, according to a report today by Ray E. Green, state tax collector.

The state collected \$58,650 in sales taxes in Seminole County last month, as compared to \$72,884 in January, 1962, and \$67,976 in December, 1962.

Gasoline taxes collected for January totaled \$99,722, as compared to \$91,815 in January, 1962, and \$92,780 in December, 1962.

4 Scholarships Awarded Here

Three teaching scholarships and one nursing scholarship have been awarded to Seminole High School students under the general scholarship service loans, W. W. Wharton, exceptional child counselor for the county announced today.

Elizabeth Brandt, Johnetta Gore and Bedford Aiken were the three NHS seniors who were notified that the scholarship loans would be available to them, and Carolyn Turner received the single basic collegiate nursing scholarship awarded in this county.

Wharton said that the nursing scholarship was for \$500 a year and the teaching scholarships for \$200 per trimester. Each is a service loan, which is cancelled if the student serves in the profession for which he received the scholarship, but must repay if he drops out or does not teach or nurse in the state.

Navy Polaris Scores A-OK

CAPE CANAVERAL (UPI)—A powerful new model of the Navy's seagoing Polaris Missile thundered 1,600 miles across the Atlantic Ocean today to score its first success.

The Polaris, known as the "A-3," roared from a land-based launching pad at 11 a. m.

Within 20 minutes, the rocket scored on target and brought its first success in seven tries.

The six previous tests of the Polaris "A-3" have ranged from "partial" successes to failures.

There was little question about the rocket today. It climbed unerringly into a clear blue sky. Its path was marked by a brilliant white vapor trail characteristic of solid-fueled missiles.

The second stage, which had given missile scientists some headaches on earlier flights, performed to perfection. As the booster dropped away, the upper section ignited and sent the nose cone out of sight.

The Navy officially tallied the shot as "highly successful."

Anti-Filibuster Bill Laid To Rest By Solons

WASHINGTON (UPI)—The Senate today laid to rest the 1963 anti-filibuster rule fight which has blocked other business for three and a half weeks.

It made its key decision to end the rule change struggle on a 54-42 vote by which it refused to apply its controversial gag rule to halt debate.

Then in a swift leadership move overriding liberals seeking another test the Senate voted to adjourn until Monday.

The adjournment action wiped out the long-pending motion for consideration of a rule change and killed the issue.

No Pay Hike For Governor

TALLAHASSEE (UPI)—Gov. Farris Bryant indicated today he will ask the legislature for pay increases for cabinet members and other top state officials but would not seek a raise for himself.

Bryant told his news conference he felt a request to boost his \$22,500 a year salary might endanger the chances that the legislature would provide raises for other cabinet members.

Congress Gets Blueprint For Better Health

WASHINGTON (UPI) — President Kennedy sent to Congress today the administration blueprint for improving the nation's health and boosting its medical facilities and manpower.

In a special message "on improving American health," Kennedy said Social Security health insurance for older people "must be enacted this year." He said such a measure was "long overdue" and should be at the "top of the congressional agenda on health."

But he reserved the details of the controversial medicare program for his special message on aging expected to go to Congress late next week.

Administration officials declined to give the total cost of today's proposals, mostly familiar items. Officials said the financial recommendations were included in the 1964 budget.

Among the requests Kennedy renewed were grants for medical and dental schools, air pollution control, health research, vocational rehabilitation, encouragement of group practice, improving maternal and child care and health and community health services.

The President also said there was a "clear and urgent need" for tighter control over the marketing of food, drugs, therapeutic devices and cosmetics.

Kennedy urged a five year extension of the Hill-Burton Act providing federal aid for construction of health facilities, due to expire June 30, 1964. He asked an additional \$35 million to provide financial assistance for modernizing or replacing hospitals and nursing homes under the law.

He said the need for "high quality" nursing homes would be "especially great" and urged an increase in the budget for such facilities from \$20 million to \$60 million annually.

Home Nursing Assn. Elects New Officers

By Mrs. Clarence Snyder

Dr. Elmer Merz was installed as president of the West Volusia Home Nursing Assn. at a recent meeting in DeLand.

Also installed were Mrs. Hildegarde Johnson, first vice president; Dr. W. L. Fiddler, second vice president; Mrs. Marge Ulrich, secretary and E. T. Lloyd, treasurer.

The group's annual report presented by Lloyd showed a balance of \$408 in the treasury. Total income of \$5,790 was derived from service fees, contracts, donations and fund drives. Total expenses were \$5,381.

Miss Olive Seymour, director of nurses, gave the annual activity report. A total of 2,314 cases were attended last year; 704 patients were attended free; 772 paid the full fee and 117 paid part fee; 331 were contract cases. Fees are \$2.50 for bedside care and \$1.50 for injection.

Guest speakers for the evening were Dr. D. V. Galloway,

County Public Health Director; Dr. Charles Bradley, his assistant and Miss Ruth Mettinger, state supervisor of public health nurses.

Miss Mettinger explained the various types of visiting nursing and said West Volusia's combination type (home nursing in conjunction with the Public Health Dept.) appeared to be the most satisfactory in services and finances.

She also reported that a few years ago there were only six groups in Florida but now there are 29 nursing groups in the state.

Dr. Galloway spoke of improved services being planned and said to put the organization on a completely paying basis would cost patients \$4 per visit. This means the association now saves those most in need thousands of dollars, he said.

Dr. Bradley told how home nursing saves doctor's time, patient's money and improves health more rapidly.

Junior High Athletic Assn. To Sponsor Chicken Dinner

By Jane Casselberry

The South Seminole Junior High Athletic Assn. will sponsor a chicken dinner on Saturday starting at 5 p. m. at the Longwood Elementary School Cafeteria.

The menu will include fried chicken, baked potatoes, green peas, coleslaw, rolls and dessert. Unusual bargain prices, including a special rate for families, have been set for adults with special prices also available for children under 12 years of age.

Amateur chefs Henry Duncan and Burton Ferrell, who have carved quite a reputation for themselves in the culinary department, will be in charge of preparing the

dinner assisted by the cafeteria staff and other volunteers.

Entertainment will be provided by the Lyman Dance Band. Proceeds from the dinner will go toward the athletic fund.

Since this is the school's first year in operation, the Athletic Assn. has had to work hard to provide equipment for various sports at the school and has supported the program in every way.

The association also is selling shares for the proposed 50 by 84 foot basketball court for \$1 each. These will be available at the dinner and those wishing to purchase a share will receive a "deed."

A wet and cold day to you. Wish I could say it was spring BUT. So help me I did not order this kind of weather. I asked the groundhog to please not see his shadow. But the critter must have because it's weather for ducks. * * * or something. Sure hope it clears up before Monday. That's the day that the high school band goes to Gasparilla in Tampa. We want the sun to be shining real nice like. Charlie and Terry Rabun and Gary Pittman are going from out this way. By the way have you bought some chocolate candy from any of the band members yet? This candy sale is an annual event for the band. The money taken in from it goes toward the uniforms and other expenses incurred by trips and so forth. So get your candy now and you will be doing your bit for the band. Its really good because I have bought some. * * * Have you been out to the fair in spite of the rain? It is certainly a shame that it had to pick this week to rain. But anyway go out and see the exhibits and other attractions. The 4-H boys and girls have such attractive booths and some of the schools also. The Five H Riding Club has an exhibit. And Ora Canup and son, Donald, have entered some of their ceramics. Some of the Monroe ladies have entered their sewing crafts and canned goods. So go see it before it closes Saturday. * * * The Monroe Home Demonstration Club meets tonight at White Hall. Some very interesting things to discuss to all members try and attend. Lorena Tindell and Mildred Standifer will be the hostesses. Bring a new member with you. See you there. * * * Carol Spivey is on the sick list. Also Ethel Todd. Get well gals so you can return to school. * * * Did you go see the art exhibit of high school student Clyde Harris? It is on display at Senkarika on Magnolia Ave. Clyde is doing real good with his drawings. Go see them and sign the guest book there. * * * Another reminder about the Variety Show the Monroe PTO will give in April. If you haven't already contacted Jean (Mrs. Morris) Metts that you will do an act of some kind, be sure and do so right away. The PTO has been having nice shows and this one will be no exception so call Jean and let her know what you can do. The little second graders gave their interpretation of Snow White and the Seven Dwarfs last week in the school auditorium. I saw the kiddies in their costumes and they were so cute. Hope you were one of the crowd who saw the show. * * * Forgot to mention I.D. members, bring a white elephant with you tonight to be auctioned off. * * * Sorry to hear that Linda Hittell has the flu bug. Linda went over to Holly Hill last weekend to see former Monroe gal Connie Griffiths. I know that they had a wonderful time together. Then Tuesday the bug hit her hard. * * * Happy birthday to Norrie Norwood, Gwen Muse, Pauline Warfel and Richard Hittell who have birthdays coming up this week. Wonder which one is the youngest? * * * I know that you have heard the saying "No news is good news," that is true but in this case it doesn't apply because of the bad weather this past week everyone has decided that home is the best place to be so we are going to blame it on the weather because we have a short column this week. But call me at FA 2-4722 and let me know what you are doing.

ing. From Riverview Ave. east through Monroe, send in your news. * * * Our thought this week is by Henri Amiel. "Personality. It is not what he has, nor even what he does which directly expresses the worth of man, but what he is." This thought was sent to me by my aunt, Mrs. Phil Allen.

PTA To Sponsor Card Party

By Jane Casselberry
The PTA of South Seminole Junior High School at Casselberry will sponsor a benefit Valentine's Day Card Party on Thursday, Feb. 14, at 8 p. m.

The party will be held at the American Legion Home on Prairie Lake. There will be prizes and refreshments of cake, coffee and punch. Mrs. Rose Brockenbrough is chairman of a committee to plan the affair.

Critics Not Sold On Cuba Photos

WASHINGTON (UPI)—The Kennedy administration, armed with stacks of photographs and intelligence reports, pressed its campaign today to convince the public that Cuba is no military threat.

But the administration's loudest critics said they were unconvinced by the extraordinary intelligence briefing Defense Secretary Robert S. McNamara and an aide gave the nation Wednesday night on television.

President Kennedy was expected to reiterate at a 4 p. m. news conference today that all Russian offensive missiles and bombers have been removed from Cuba and have not been brought back.

Central Intelligence Director John A. McCone, who said Wednesday that reports of a new Soviet buildup on the island checked out "negative," was to resume testimony today before the Senate preparedness subcommittee in a closed hearing.

ST. LOUIS (UPI) — Jerry Stovall will be a familiar sight to his old fans who saw him in a Louisiana State University uniform when he performs this year for the St. Louis Cardinals of the National Football League. The Cardinals revealed Wednesday that he'll wear No. 21—the number he wore at LSU.

tal indigestion," Edwin Gumm told Kiwanians Wednesday.

Gumm, vice president of the Illinois Agricultural Association was speaking of his recent trip to Russia where he and 36 other American farmers, paying their own way, on a People to People tour, visited the Soviet farms, after Soviets had visited American farms in Illinois, previously.

"Their government showed us the finest and most modern farm implements at the big fair in Moscow, but when you get out on the farms you don't see any of this equipment. They are using implements that we used 30 or 40 years ago," Gumm reported.

He added that parts are so scarce that many of the big machines the Soviet farms do have sit idle in the middle of a field, because small parts cannot be obtained to repair it.

"There are so many things wrong with the Soviet farm system, under the government-owned plan, their level of productivity is shockingly low," he said.

Gumm blamed the low production on lack of insecticides and fertilizers, and the ridiculous government orders to plant or harvest crops when the government says it wants it to be done, rather than to plant in season and harvest in season in accordance with Nature.

They have no meat at all in the stores, Gumm said, and reported that the Soviet interpreter told them that their people did not need meat, because they could get all the vitamins they needed from vegetables alone.

Gumm described the subways as fantastic, saying

that they were built with in-laid mosaic tile on walls and floor, beautiful chandeliers, and go very fast.

"Only seven percent of the Soviet people are members of the Communist party," "They don't let just anybody join, you have to prove yourself."

"I am mighty glad that I was born in America, for if I hadn't been born here, I would never have known any difference," Gumm said.

The speaker was introduced by Floyd Palmer, whom he is visiting. Palmer and Gumm were at Stetson to-

gether in 1917 and Mrs. Palmer and Mrs. Gumm were schoolmates in Galesburg, Ill.

Vegetable Market

In New York Wednesday Florida cabbage sold for \$4.00-\$4.25 per crate, with small to medium sizes at \$3.50-\$3.75. Celery was \$3.25-\$3.50 per crate of 2 to 4 dozen sizes, with a few at \$3.75. Light offerings of Chinese cabbage were \$2.00-\$2.25, endive was \$3.00-\$3.75, mostly \$3.00-\$3.50 and escarole \$2.00-\$2.75, mostly \$2.25 per crate. Romaine lettuce ranged from \$2.00-\$2.75, mostly \$2.00-\$2.50 and fair quality and small Boston lettuce was \$1.25-\$2.00 per crate, according to quality and size. Crates of 6 dozen bunches of curly parsley were \$3.00-\$3.50 and radishes continued to sell for 75 cents to \$1.00, mostly \$1.00 per basket of 30-6 oz. film baskets. Watercress was 12-15 cents per bunch. Rain and wet fields interfered with harvesting in Central Florida yesterday. Offerings were extremely light, and very few sales were quoted. Celery brought \$2.25 per crate for 2 to 8 dozen sizes. Cartons of fair quality cauliflower were \$2.00 for 12 small to medium heads, and radishes continued to sell at 65-75 cents per basket. Supplies of all other commodities were insufficient to quote, but cabbage at Belle Glade sold for \$2.75-\$3.00, mostly \$2.75 per crate. Shipments from Florida Tuesday included: celery, rail 17 cars, truck, 39 carlot equivalents; cabbage, rail 1 truck 44; escarole rail none, truck 18; lettuce rail none, truck 8 and radishes rail 2, truck 10.

Horses and mules still have a good run for their money in New York State. There are an estimated 42 thousand of them and they are worth nearly \$5.5 million.

Casselberry Boy Scout Troop Changes Location Of Meetings

By Jane Casselberry
With a membership of 50 boys, Boy Scout Troop 341 of Casselberry has outgrown the old meeting place on Overbrook Dr. and is now meeting in Weaver Hall of the Casselberry Community Methodist Church.

At their first meeting at the church held Monday night, Ted Daniel was surprised with a decorated birthday cake, made from Angel food cakes stacked three high, which was served with punch by his wife and daughters.

The troop is planning two activities in honor of Boy Scout Week. The scouts have been asked to attend church in uniform this Sunday which is Boy Scout Sunday. Catholic boys will attend Mass together and the Protestant boys will meet at the Casselberry Community Methodist Church at 10:45 a. m. where they have been invited to attend in a body.

Enterprise Girl Scouts Celebrate Fifth Birthday

Garden Club To Meet In Chuluota

This month's meeting of the Chuluota Hills and Her Garden Club will be held at 7:30 p. m. Monday at the home of Mr. and Mrs. George T. Haig, who will present the picture program of gardens, flowers trees and shrubs in Florida and other states.

A beautification program for the area will be discussed and George R. Boulden will report on methods and means for getting the program underway in the community. Members will present preferences and suggestions for monthly programs during the year.

Community Methodist Church at 10:45 a. m. where they have been invited to attend in a body.

There will be a covered dish supper on Monday evening at 7 p. m. for the scouts and their families. Each family is asked to bring a covered dish, salad or dessert and their own table service.

Following the supper a Court of Honor will be held and two films, "Lure of Lanchester" and "How to Pitch a Tent" will be shown.

Two of the scouts, Jerry Skidak and Ricky Casselberry recently were elected by their fellow scouts as outstanding campers to be candidates for the Order of the Arrow. They underwent the Ordeal held last weekend at Camp Lanchester in the Ocala National Forest and were initiated into the organization.

Reorganization Set For Fire Dept.

The entire North Orlando Volunteer Fire Dept. is being reorganized upon recommendation of the Village Council by Henry Ward assisted by Bob Dean.

The first reorganizational meeting was held last Saturday and another will be held at 5 p. m. on Feb. 16. Mayor Frank Fasula's action on Jan. 19 in dismissing Bob Stephenson as Village Fire Chief has been determined illegal and out of order by all parties concerned.

Income Tax Man To Address DeBary AARP

By Mrs. Adam Muller
The DeBary Chapter of the American Assn. of Retired Persons will meet at the Community Center at 10 a. m. Friday. Guest speaker will be W. H. Parkinson of the Orlando Internal Revenue Service office who will speak on "Special Income Tax Provisions for Retired People."

A question and answer period will follow. Past President Elmer Grumbacher is investigating a new insurance plan to cover medical costs of cancer cases and will report on his findings at the March meeting of the group. At that time a local representative of the company also will be present to discuss the plan.

Marge Ulrich, president, reports that a delegation from the DeBary Chapter will attend the Area Four AARP Conference to be held April 4-5 in Clearwater.

No formal charges will be filed against Stephenson and no hearing will be conducted.

The new volunteer group will elect its own officials and will be completely independent of council jurisdiction. Village-owned equipment, which includes the fire truck, will be made available for lease or purchase to the group and although insurance premiums for the first six months are being paid by the village, the volunteers after that time will have to provide their own funds.

Ward has asked that the siren and two batteries removed during the recent Cuban Crisis for use as a warning system be replaced on the truck. He stipulated that one of the first steps towards putting the newly formed organization on an operating basis must be to get the truck in running condition.

All men in the village interested in joining and working with the volunteer association are invited to attend the next organizational meeting.

Lyman Brain Team To Meet Oak Ridge

By Jane Casselberry
Lyman High School will face Oak Ridge of Orlando in another Brain Bowl Match to be held this Sunday at 3:30 p. m. in the Lyman Auditorium.

The Lyman Brain Team lost to Satellite Beach in an encounter last Sunday.

Participating on the team this week will be David Smith, Pete Carlson, Roger Schmidt and a new member, Richard Hall.

5-H Club Sets Monday Meeting

The February meeting of the 5-H Club will be held at 7 p. m. Monday in the Home Demonstration Center in Sanford.

Plans will be made for attending the Florida State Fair in Tampa on Feb. 16 (4-H Day) and members who wish to make the trip will be required to bring up-to-date Record Books to the meeting.

This Sunday the club will be special guests of the New Smyrna Beach Hiding Club "Sandspurs" at a show when the local 5-H'ers will be recognized and introduced as a group.

Last Sunday a number of members took part in a show at Umatilla, bringing home seven ribbons in spite of the inclement weather.

Plans presently are being made for the club to make a morning visit to Seminole Raceway to see the pacers work out. More details on this trip will be announced at Monday night's meeting.

Firemen To Collect

By Jane Casselberry
Casselberry Fire Chief Paul Bates has announced that there will be firemen on hand at the Casselberry Fire Station from 8 a. m. until 2:30 p. m. Sunday to receive donations for the Cerebral Palsy Drive being held in conjunction with the annual telethon.

Phoenix Opens

PHOENIX, Ariz. (UPI) — One of the greatest fields in the 23 year history of the Phoenix Open Golf tournament teed off today with defending champion Arnold Palmer, National Open champion Jack Nicklaus and PGA king Gary Player rated as the men to beat.

It's the first round of a 72 hole tournament played on one course the flat lined Arizona Country Club.

The pros aren't beefing because they are used to all types of courses. But there will be some trouble on the greens here. Because of a

plant disease most of the greens were lost during the winter and these have been brought along in the last two months to a playable condition.

"It's going to take some tricky putting to get the ball in the hole" said veteran Stan Leonard of Vancouver B. C. "They've done a fine job of bringing these greens along. But they still are going to give us some trouble."

The top pros ripped up the 6,700 yard layout in the pro am Wednesday, however. Bill Casper and Joe Campbell tied for low money with

six under par 66s, each winning \$230. Don Massengale and Don January had 67; and the 68s included Nicklaus, Jack Fleck, Mason Rudolph, Jack Cupit and Art Wall.

Palmer, with a lot of help from comedian Bob Hope, won the pro amateur money of \$200. The Masters champion had a 70, but with Hope, an 11 handicapper, helping him eight strokes, his team had a best ball of 17 under par 55.

"Can you imagine that guy tying me with a 35 on the front nine," groaned Palmer after the round.

Indications are that all the top money winners this year still are at the peak of their games and will be fighting for first prize of \$5,300 here.

Jackie Burke, who won the Lucky International in San Francisco, warmed up with a two under par 70. Gene Littler, second leading money winner on the tour last year, had a 69. Gene's last competitive round was the final at the Palm Springs golf classic and he had a 64 there.

Palmer, the defending champion, is going for his third consecutive title here, and his second of the 1963 tour.

THE LINEUP

Rain Continues To 'Plague' Harness Track

Plagued since Sunday with rain Seminoles officials were again forced to cancel racing Wednesday night. With a promised clearing forecast for the area, harness and quarter horse racing is expected to resume tonight.

Meanwhile extensive conditioning of the 1/4 mile oval has been underway.

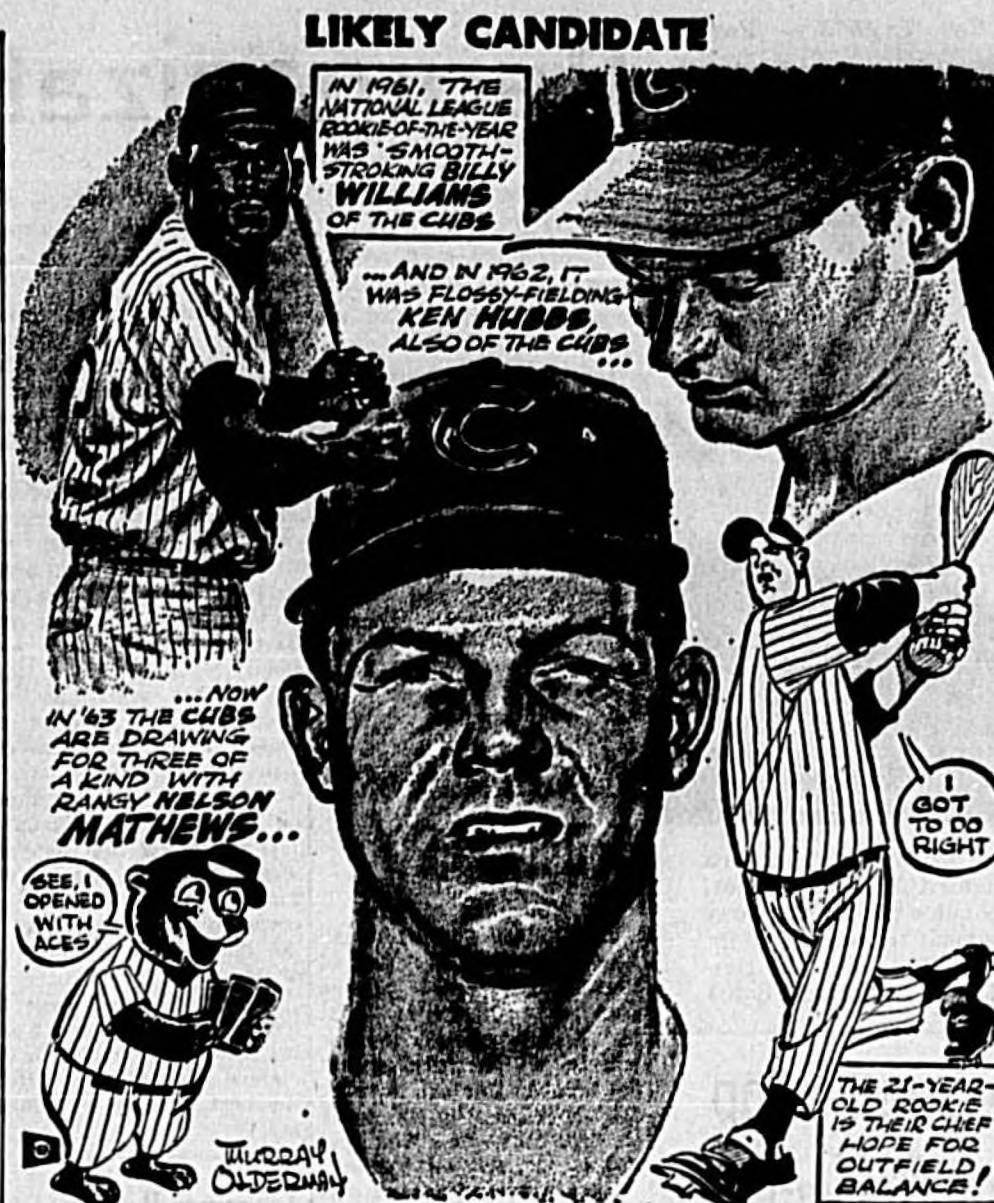

The featured quarter horse race for tonight will have graded double A class racing 350 yards. Minky Joos, Gizi with jockey P. Moore scheduled to be a board looks to be the favorite after making her only start at this new meeting a winning one Friday night.

Strongest opposition will likely come from Mr. Swamp Fox a three year old from the King Ranch of Florida and Vaughn War Bomb a four year old who won a 250 yard race on Saturday night.

The 8th race harness horse feature finds six starters in race for non winners of \$6,000 last year. Heading the field of these six fast pacers is Grand Gratten a winner on Friday night for trainer driver Bill Robinson and Meadow Girl also a winner on Friday night's opening card.

The morning line favorites however will likely be H. D. Chimes The five year old gelded son of H. D. Hanover who finished fourth in the feature race Friday after a bad start but who was closing fast at the finish.

The program for tonight includes five harness and four quarter horse races as the lights go on at Seminole Park.

Frank Robinson Comes Out Of Retirement; Inks Pact

United Press International — All it took was a \$60,000 contract to bring Cincinnati's Frank Robinson out of "retirement."

The 27 year old outfielder, who insisted last September that 1962 would be his last one in base ball, signed with the Reds for 1963 Wednesday, accepting a \$60,000 contract that made him the highest paid Cincinnati player in history.

Outfielder Jim Rickman, infielders Larry Burright and Tim Larkness, pitcher Larry Foss and catcher Norm Sherry all came to terms with the New York Mets; catcher

Tom Haller signed with the San Francisco Giants and outfielders Roger Sorenson, Paul Blair and Dave May were satisfied by the Baltimore Orioles.

Pryor's Still Holds Lead In Mixed League

Pryor's State Farm Insurance team still holds the lead in the Thursday Night Mixed League having 53 wins and 25 losses.

One point behind is Powell's Office Supply with 51 wins and 29 losses and one point behind them is Appleby's Restaurant with 50 wins and 30 losses. Fourth place is held by Heart Council with 32 wins and 45 losses. Fifth is

Stelmeyer's with 29 wins and 51 losses and last but not least is Cook's Corner with 26 wins and 54 losses.

There were only three series of 500 plus this week. Vergil Anderson of Pryor's having a 533; C. E. Pierce of Appleby's with a 547 and Ellen Betts of Powell's with a 523.

Taylor Named Top Player

BOSTON (UPI) — Jim Taylor, Green Bay's powerful fullback, today was selected as the top National Football League player of 1962 in the weekly Editor's Poll.

Taylor received a percentage score of 93 in the balloting by 85 of the nation's sports writers. Y. A. Tittle, the New York Giants quarterback, was second with a percentage of 86.

The Kodiah bear is said to be the largest meat eating animal in the world.

Outfielder Don Dillard obtained in a deal with Cleveland, became the 26th member of the Milwaukee Braves to capitulate, and the Philadelphia Phillies signed infielder Cookie Rojas, catcher Larry Cright and pitcher Dick Beck and Ferguson Jenkins.

John Quess, general manager of the Phils, announced that infielder Billy Klum, released by the club late last season, has been invited to spring training.

Papp Eyes World Title

VIENNA, Austria (UPI) — Unbeaten László Papp of Hungary, very impressive in his second defense of the European middleweight crown, hoped today for a summer shot at the world title.

Veteran Papp, 37 and the only admitted professional athlete in the Soviet bloc, scored a technical knockout in the 13th round over George Aldridge of England Wednesday night before 15,000 in jammed Stadthalle Arena.

It was southpaw László's 30th victory and perhaps the most impressive performance in his 22 professional fights, which included two draws. Also, it was knockout No. 11.

Papp, the only three-time Olympic boxing champion, weighed 156 1/2 pounds; Aldridge, 138.

Referee Ben Briel of Holland stopped the uneven contest with only 26 seconds remaining in the final round because Aldridge, champion of

the British Isles, had just risen from a knockdown and was tottering groggily. His right eye was swollen shut.

Signs With Bills
BUFFALO, N. Y. (UPI) — Quarterback Phil Vigna of Kansas State College of Pittsburg and linebacker Frank Loeffler of Missouri Valley College have signed 1963 contracts with the Buffalo Bills of the American Football League.

U. S. Loses
VIENNA (UPI) — An estimated 12,000 fans watched a Czech All-Star squad defeat the touring United States amateur ice hockey team, 3-2, Monday night at Prague, according to Radio Prague.

New Stadium
NEW YORK (UPI) — It's now official: New York's new stadium in Flushing Meadow Park will be known as "William A. Shea Stadium."

Aldridge, 26, was floored in that session by a left smash to the jaw for a count of eight.

That was the only time George hit the deck; but in the 11th round the stocky, black-haired and black-mustached László gave him such a battering against the ropes that referee Briel pulled László away and counted beside Aldridge until the bell rang at the count of eight.

Farm Out White
SAN FRANCISCO (UPI) — Ex-Villanova guard Hubie White was farmed to the Camden, N. J., Bulls of the Eastern Basketball League Wednesday by the San Francisco Warriors of the National Basketball Association.

Rejects Offer
ROME (UPI) — Giulio Rinaldi, the European light heavyweight champion, Monday turned down a \$10,000 offer to fight Jose Torres in Puerto Rico "in the near future."

Clay Gains In Boxing
PROVIDENCE, R. I. (UPI) — Cockey Cassius Clay was moved into a challenging position today by the World Boxing Association, which boosted him from third to second among heavyweight contenders.

That elevation placed Clay, of Louisville, Ky., in the slot from which he can challenge the winner of the return April title fight between champion Sonny Liston and top contender Floyd Patterson.

Although more than a million earthquakes shake the earth each year, not one of them can be predicted.

Denny Mac Rated Top SOKC 'Choice'

One of the track's winningest greyhounds belonging to T. J. Daniel, owner of the winningest kennel, is certain to rate as the favorite in tonight's featured ninth race at the Sanford-Orlando Kennel Club.

He is Denny Mac, who has won four of his last five grade A starts. Two of these victories were racked up in the very fast time of 31.06 seconds and 31.11 seconds. The big 75-pound brindle is just a medium fast breaker

but usually pours on the steam to get to the front before the first turn is reached. Then he concentrates on trying to increase the distance between himself and his closest contenders.

Seven hard-driving speedsters will oppose Denny Mac tonight, namely Speed Beam, Zot, Sleek Ponda, Cherokee Hukou, Hello Charlie, Foxworth and Big Calhoun.

Sleek Ponda is a three-time winner, having triumphed in grades C, B and A. In nine starts, all in grade A events, Zot has failed to hit the win column but he has been a quinlinea factor four times.

Wright Favored At St. Pete Open Tourney

ST. PETERSBURG, Fla. (UPI)—Mickey Wright of Dallas, Tex. was an odds on favorite today as a field of 35 women pros teed off in the \$15,500 St. Petersburg Women's Open, the richest event ever on the Ladies Professional Golf Association tour.

The long ball hitting Texan ignored cold and rain Wednesday along with Clifford Ann Creed of Alexandria, La. to fire a par 71 over the 6,116 yard Sunset Golf and Country Club course in a pro patrons tuneup event.

Miss Wright rates the favorite role on the basis of her showing Wednesday under the adverse conditions and on her victory last week in the Sea Island, Ga. Ladies Open.

The youthful Miss Creed lacks the tournament experience of Miss Wright, having played in only one pro tournament last year.

Four familiar names trailed the two leaders in the tuneup with 73s. They were Jackie Pung, Peggy Kirk Bell, Marlene Bauer Hagg and Judy Kimball.

A local favorite is Murle Lindstrom of nearby Pinellas Park. She finished third at Sea Island.

Stelmeyer's with 29 wins and 51 losses and last but not least is Cook's Corner with 26 wins and 54 losses.

There were only three series of 500 plus this week. Vergil Anderson of Pryor's having a 533; C. E. Pierce of Appleby's with a 547 and Ellen Betts of Powell's with a 523.

Pryor's was the only team reporting splits with Steek Bolly converting the 3-10 and 3-7-10; Vergil Anderson converting the 3-10 and Eleanor Anderson converting the 5-10.

Stelmeyer's with 29 wins and 51 losses and last but not least is Cook's Corner with 26 wins and 54 losses.

Sandspur Lead Goes To Welch

Welsh Tire Shop gained the lead in the Sandspurs Bowling League by winning three points from the Jet Inn.

McRoberts Tire, who held first place by one point, lost three to the St. John's Realty team and the positions are reversed, with McRoberts now one point behind Welsh Tire.

Factory Paint Outlet came away with a three-point win from Alex of Sanford and Stiemper's Real Estate and Stiemper Mfg. Co. split the decision of two wins each.

Eleanor Anderson had high series of the week, a 479, and also high game of 130. Jane Webster turned in a 175 and Louise Owens a 164.

VAH-3 Wives Pacing Loop
VAH-3 Enlisted Wives, with 44 wins and 33 losses, still hold first place in the Hoiler Motor Navy Wives Bowling League.

VAH-3 Officers Wives hold second place with a 43.33 record, followed by NAM-7 D 2 with a 43-43-43 score.

Gene Spradlin, of VAH-9 EW, rolled a 175 to take credit for high game and Pat Siple, of NAM-7 D 2, rolled a 501 for high series.

VAH-3 Enlisted Wives, with 44 wins and 33 losses, still hold first place in the Hoiler Motor Navy Wives Bowling League.

Dear Abby: By Abigail Van Buren

DEAR ABBY: Sixteen years ago I married a man I did not love. I knew I didn't love him but I was lonely. Now I have met a man I love dearly. He loves me, too. It is a decent love and not a dirty one. There are children on both sides. What should I do? Go on living with a man I don't love or go to the one I love with all my heart? Please help me. SO IN LOVE

DEAR SO: How can an illicit "love" between two married parties be a "decent" love? That "love" didn't flower all by itself. It was born in impulse and cultivated by stealth. If that is "love," then love is a dirty word (which it isn't). Stay with your husband and tell your "love" to stay with his wife. No one finds real happiness stepping on the hearts of others.

DEAR ABBY: Our office is in an uproar this week. Every girl here received a post card invitation with the following message: "Bridal shower for Minnie. Please call the above number for gift suggestions." It's Minnie's number, so apparently she is giving it herself. Minnie was married once, had three children and was divorced. She married again last January. Now, five weeks later, this "bride" is giving herself a "bridal" shower. Who's crazy? VIRGINIA

DEAR VIRGINIA: Anyone who accepts such an invitation.

DEAR ABBY: When you read this you will know why I can't sign my name or ask for a personal reply.

so please give me some advice through your column. I am a trusted employee, and have handled the cash for several years. The bookkeeper showed me a foolproof way to steal small amounts of money, and we have been doing this for two years. We don't take great amounts, but it is now adding up to more than I had intended to take. I have been having nightmares about getting caught and being sent to prison. I want to quit stealing, but the bookkeeper does not want to quit and we have to work together. How can I confess and make things right without involving the bookkeeper? We are both family men. If I don't start living right I am afraid I will do something desperate. What is the answer?

DEAR IN DEEP: Tell your colleague in crime you're going to confess the amount you have taken, and would like to work out restitution, with interest. If he won't do likewise, it's his neck.

CONFIDENTIAL TO "L": Drop that pill, Grandpa, and get yourself a Valentine!

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Highlights

TV Time Previews

7:30-8:30 p. m. (NBC) Wide Country. "The Man Who Ran Away." A rather drab plot with a predictable outcome, since it concerns one of the regular stars and he's sure to be exonerated. Andy (Andy Prince) is fingered by an injured six-year-old girl as the driver of a hit-run car. Andy can't prove he wasn't there and begins to doubt his innocence. Brother Mitch (Earl Holliman) moves all his weight to free him, but is balked by a mother (Mala Powers) who is out for Andy's blood.

8-9 p. m. (CBS) Perry Mason. "The Case of the Lethal Locket." Michael Rennie takes over for Raymond Burr tonight and is very convincing as a law professor who is faced with a case the likes of which he has never found in books. One of his female students admits killing a blackmailer and asks the professor's help. Patrice Wymore is excellently cast as the step-mother of the defendant and, if the photographer looks familiar, he is the "Burns and Allen" announcer, Harry Von Zell. Patricia Manning is featured as the student with regulars William Hopper, Barbara Hale and William Talman.

8:30-9:30 p. m. (NBC) Dr. Kildare. "The Good Luck Charm." It's a treat to see Gloria Swanson play a has-been movie star again.

Jacoby On Bridge By Oswald Jacoby

North's two-club response is the Stayman convention which asks South to show a four-card major suit. South rebids two spades. North goes to two no-trump and, with a full 17-point no-trump plus two tens, South is delighted to go on to game.

West opens the queen of clubs and as anyone can see that suit is the enemy. South lets the queen of clubs hold. There is nothing to fear from a shift. He wins the club continuation and notes that he has to do something about both the ace of spades and king of hearts in order to take the nine tricks he has contracted for.

king of hearts will be a trick only if East holds it. Therefore, South should go right after the ace of spades.

He leads a spade toward dummy's queen and continues the suit until West plays his ace. West will lead another club to knock out South's last stopper, but now South can take the heart finesse with safety, because East has no more clubs.

East will make his king, but will have to lead back a diamond, whereupon South will play the ace and wind up with three tricks in each major suit plus two clubs and one diamond for the total of nine as advertised.

We The Women: By Ruth Millett

Quietly, sedately and without fanfare, more and more women are taking to pipe smoking says the owner of a tobacco shop in a southern city.

Whether this is going on all over the United States, I don't know, but it will be. The pipe smokers have found that a pipe has a soothing, comforting effect on them—something much needed in these times of hectic daily living and threatening events.

One pipe-smoking friend recently told me that he was convinced that many women would be confirmed pipe smokers if they weren't too timid to be seen puffing contentedly on a pipe. "Every woman I ever let have a few puffs on my pipe has always said she liked it fine," he said.

It's not a fad or a case of the pipe-smoking women trying to be "cute"—they puff contentedly on their pipes in the privacy of their own homes—not in public.

After all, back in the pioneer days of our country many women smoked pipes—especially older women who, when they retired to a corner in a rocking chair, took a pipe along for company.

A pipe may be just what today's woman needs to calm her restless spirit after the day's hectic rush is over, the children are in bed, and the house is at last quiet.

Then, puffing on a pipe, the

woman of the house could light up and lean back in an easy chair and find the kind of quiet relaxation that pipe-smoking men always seem to have reflected on their faces.

So perhaps there are more women than anyone knows who are already confirmed pipe smokers in private, and as many others who would be if they weren't too timid to light up.

Homemakers

By Mrs. H. L. Johnson

Well, hello, again. Are you in the cooking mood again this week? We have some wonderful recipes and ideas for you.

I know you have often wondered if you are spending too much for groceries, or how much you could cut your food bill — if you tried.

The food economists of the USDA say what various typical families would have spent by following a low-cost food plan during a week in October:

Family of two, 20 to 4 years — \$14.

Family of two, 20 to 34 years — \$12.40.

Family of four with preschool children — \$20.80.

Family of four with school children — \$24.

This plan developed by the research service of USDA gives each family enough food to comply with the Research Council's recommended dietary allowances. It doesn't allow for a lot of fancy extras. The price for the food included in this plan is based on the average retail prices for the U. S. during October.

I received a wonderful letter from Louise Poulton of Sanford. She sent in some wonderful recipes to share with you. She said that since arriving in Sanford just before Christmas from Canton, Ohio, her hobby has been reading the papers and collecting other people's recipes. Let's try her Easy Dessert first. Sounds so simple and easy to prepare. I made it for Sunday dinner and it was really delicious.

1 quart buttermilk (heavy)
1 can crushed pineapple (No. 3 can)
meant 1/2 cup sugar
1 tsp. vanilla

Beat with beater until good and foamy then pour into ice cube tray and freeze hard. Or if you like it sort of mellow stir often and it will be like sherbet.

Homemakers can look forward to a good supply of eggs, broilers and turkeys during the coming year. The USDA reports about the same amount of turkeys and eggs available in '63 as in '62. And there'll be more broilers on the market.

Here's another salad, which is easy to prepare. Jean Reynolds likes this one. Lime Jello, cream cheese and crushed pineapple are the main ingredients.

1 pkg. lime Jello
1 small pkg. cream cheese
1 can crushed pineapple (small)
1 pkg. chopped nut meats
1 cup hot water, 1 cup tap water

Dissolve Jello in 1 cup hot water. Mash cream cheese and combine with Jello. Add 1 cup tap water. Chill until mixture begins to thicken. Add pineapple and nut meats. Jell. Makes 7 servings.

From Louise Poulton comes this recipe for Corn Flake Cookies.

1 cup white sugar
1 cup brown sugar
1 scant cup Crisco
2 beaten eggs
2 cups flour
1/4 tsp. salt
2 tps. baking powder
2 cups corn flakes

1 cup coconut

1 tsp. vanilla

Drop by teaspoons and bake in 350 degree oven 10-12 minutes. Press thumb on cookie and add nuts or cherries if you like before baking.

Bacon and Beef Whirls

1 1/2 lbs. ground beef

1/2 lb. sliced bacon

1 tsp. salt

1/4 tsp. pepper

1 tps. Worcestershire sauce

3 tps. water

1 cup corn flakes

1/4 tsp. marjoram

Arrange bacon slices with edges slightly overlapping on a sheet of waxed paper 8 to 10 inches long. Combine beef and remaining ingredients. Mix thoroughly. Spread meat mixture evenly over the bacon and roll lengthwise of the slices of bacon. Wrap tightly in waxed paper and chill thoroughly. Before slicing, place wooden picks through the roll at 1-inch intervals to hold the bacon in place. Cut in 1-inch slices. Brown slowly on both sides in frying pan, turning occasionally until done, about 15 to 20 minutes. Pour off the drippings as they accumulate. Serves 6 to 8.

Pork Chop-Mince Meat Stuffing

6 rib pork chops, cut 1-inch thick

1 cup soft bread crumbs

1 tps. lard or drippings

1/2 cup mince meat

3 tps. chopped onion

1 tsp. salt

1/4 tsp. pepper

Make pocket in each chop by cutting into the chop along the bone. (Chops cut from this side hold the stuffing better.) Combine crumbs, mince meat and onion and stuff each chop with this mixture. Brown chops on both sides in lard or drippings. Pour off drippings. Season. Cover tightly and simmer 45 minutes to 1 hour or until done. 6 servings.

Sixty million pounds of chicken have been bought this year by the USDA for use in the national school program. Divided among the 15 million youngsters who eat lunch at schools participating in the program, this comes to about 8 servings per child.

Try using one thickness of wrapping paper as a pressing cloth on wool, dacron or corduroy pants. Sponge the paper with water and press with a hot iron. The crease will be knife sharp.

Do sticky cards make your friends suspicious of your misdeeds? Cotton dipped in spirits of camphor will clean paper playing cards. Dry with fresh cotton. Try it.

When spots appear on suede shoes or bags that ordinary brushing won't remove, try this: Lightly rub over each spot with an emery board — then steam over a boiling kettle. Your suede will look like new.

Apples won't crack while baking if you peel a 1-inch band around the middle or top. Core apples, stuff the centers, add a little water to pan and bake.

Frost cupcakes in half the time. Dip the top of each cup-

Corner

cake into soft frosting, swirl slightly, quickly turn right side up.

Baked-bean Sandwiches

Slice 1 can brown bread in 10 rounds. Top slices with one 1-pound can (2 cups) baked beans. Add generous spoonful of hamburger relish or pickle relish. Place the open faced sandwiches on ungreased baking sheet. Bake in moderate oven 375 degrees 8 to 10 minutes or till piping hot. Makes 5 servings.

Try this for a luncheon dinner — Green Beans, Cream Style.

Cook one 10 ounce package frozen green beans, following directions on label; drain. Soften one 3-ounce package cream cheese; blend in 1 tablespoon milk, 1/4 tsp. celery seed, 1/4 tsp. salt. Spoon over hot beans. Makes 4 servings.

Don't forget to send in those recipes and hints. Send them to me, Rt. 1, Box 1-B, Sanford. Will be looking for them.

Catholic Club Plans Card Party

The All Souls Catholic Women's Club held the annual covered dish supper with over 50 members in attendance. Each one brought along a specialty dish made from a favorite recipe, and the buffet style supper was a gourmet's delight.

Mrs. Robert L. Bauman presided over the business meeting. Mrs. John Corso, chairman of the annual card party, which will be held on Feb. 26, at 8 p.m. in the Social Hall, announced that her co-chairmen were all hard at work on the party and everything was running smoothly.

The refreshment chairman, Mrs. John Zeuli and Mrs. A. Constantine, promised a surprise treat this year, and Miss S. Easterby and Mrs. F. Donahoe, who are in charge of selecting the individual table prizes, promised to select a prize that will appeal to all.

Distribution of the tickets is being handled by Mrs. John Pierra who will be happy to accommodate any and all avid card players. Members were asked to get their tickets early. Donations are small and there will also be a drawing for door prizes.

Other chairmen assisting in the planning are Mrs. E. Snavey and Mrs. T. La Tour, door prizes; Mrs. J. Parella, tables and seating; Mrs. J. Von Herbulis, score pads;

Miss Edith Krygier, decorations, and Mrs. T. Michels and Mrs. F. C. Huhn, publicity.

Mrs. La Tour, civic participation chairman, reported that Mrs. R. LeFils, Mrs. Michels, Mrs. Zeuli and Miss Betty Michels had served last month on the USO project and Mrs. J. Purdy donated a pint of blood to the blood bank.

Mrs. La Tour is also serving as representative of the club in the current project of the community to aid the Scepta Rest Home. She urged all members to support the Spring Ball being held in April for benefit of the home. Mrs. La Tour will have additional tickets on hand for anyone interested in helping this cause.

Mrs. Hauman reported that 19 women are now attending the study group, which is being conducted on the second and fourth Thursday of each month by Father Howles. The group meets right after the Novena devotions, and will continue on this schedule.

Mrs. P. Aucoin gave the spiritual message and after the meeting adjourned Miss Easterby and Miss Krygier conducted the party games.

THINGS TO DO IN

FEBRUARY

In the cold north, February is the rocking chair month for gardening. Flower catalogs flood the mail—it is too cold to stick your nose out, but in Florida the azaleas are bursting into bloom, which is a welcome sight after Jack Frost's visit. If it is dry these beauties need to be soaked about every second or third day, for they require lots of

water, especially during blooming season.

All of the annuals that were planted in December and have withstood the freeze should be fed and cultivated. It is still not too late to put out petunias and some other annuals. Consult your nursery man and see what annuals are available.

No pruning yet. Although our fingers are itching to cut away the dead wood of the shrubbery this dead wood will be great protection if this month hands us another freeze.

Don't forget to put leaves, grass trimmings and every thing organic on the compost pile, for this pays off richly in the years ahead. One gardener was heard to say "I haven't the heart to start over." Another said "nothing but hardy plants." Take heart. "Behind the clouds the sun still shines." Happy gardening.

Michael Long Celebrates 13th Birthday

Michael Long, son of Mr. and Mrs. H. E. Long, celebrated his 13th birthday last Sunday. A group of friends joined him at his home and they journeyed to New Smyrna Beach.

They had planned to roast hot dogs and hamburgers on an open fire. The weatherman had other ideas and they were forced to eat the hot dogs without roasting, with potato chips, birthday cake and soft drinks. In the car as the rain came down.

Mike will now have the honor of celebrating his big day twice for his mother promised to take the group back another Saturday when the weather is more cooperative.

He received a number of nice gifts and had the pleasure of spending the afternoon with his friends.

Those making the trip with him were Jimmy Higginbotham, John Bent, Bruce McKibbin, John Smith, Billy Higginbotham and his mother.

Coffee Break VS A Good Breakfast

Is the coffee break an efficient substitute for an adequate breakfast? Recent studies have shown that when people eat an adequate breakfast they are more productive and do not tire as easily.

Now is a good time for homemakers to take a good look at the breakfasts which they are serving their families. For a good breakfast, start with a glass of orange juice, or a fresh grapefruit half. Then perhaps a bowl of cereal and something hot. What could be better and easier than:

Potato-Egg Scramble
Cook two bacon slices in a fry pan until crisp—then remove from pan. Fry two cups thinly sliced raw potatoes in the bacon fat until they are well browned, sprinkling with a teaspoon of salt when they start to brown. Cover pan closely and cook over low heat until potatoes are tender. Combine four beaten eggs with ¼ cup milk, season with pepper, and pour over the frying potatoes in the pan. Cook slowly, stirring occasionally, until eggs are set. Crumble the bacon and add just before

South Seminole Welcomes New Families

Mrs. Nora C. Norris, Welcome Wagon hostess for the South Seminole area reports the following new families welcomed recently:

Mr. and Mrs. James E. Strite and children, Pamela and Karla, from Lancaster, Calif.; Mr. and Mrs. R. H. Hallard, Russ, Genia, Cindy and Darrell from Orlando.

Mr. and Mrs. Alex Baxter from Greenwich, Conn.; Mr. and Mrs. E. W. Doughty and Roger from Westfield, N. J.; Mr. and Mrs. Frank Pfeiffer, Mary Elizabeth and Martha Jane from St. Louis, Mo.

Mr. and Mrs. Henry Gibbs and daughter, Debbie, from Orlando and Mr. and Mrs. Ralph Park from Maitland.

Mr. and Mrs. J. H. Coonts from Orlando; Mr. and Mrs. Al Grouce and children, Debbie, Denise, Alvin and Terry, from Newcastle, Ind.; Mr. and Mrs. J. Coler from Schenectady, N. Y.; Mr. and Mrs. John Burke, Aurelia, Susan and Stephen from Orlando.

Mr. and Mrs. John Pollock and Jimmy from Lebanon, Ohio; Mr. and Mrs. R. C. Kinsloe, Michelle, Steven and James from Miami, and Mr. and Mrs. G. E. Warren, Jerry, Sharon and Debbie from Orlando.

either as the main dish or to extend other, more expensive foods. They may be the main component of a salad such as deviled eggs, an ingredient in a mixed or tossed salad, or the source of richness in a mayonnaise dressing.

Eggs are the answer to the sandwich maker's every wish. They provide quick and tempting sandwiches—plain or fancy—for lunch or party. They can be served to all ages from infant to oldest family member and come in handy for quick meals for unexpected guests and for teen-age crowd's popular snacks.

Eggs are the weight watcher's friend. They are an excellent source of protein with a low calorie count. Served hot or cold, plain or fancy, alone or in combination with other foods, they are always a hit. This frozen dessert is a tasty way to serve eggs.

Frozen Pudding
Cream ½ cup of butter with 1½ cups confectioners sugar. Add four large eggs, one at a time, beating well after each addition. Mix in ½ cup chopped pecans and ½ teaspoon vanilla. Add 2½ cups vanilla wafer crumbs and mix. Spread one cup of vanilla wafer crumbs over the bottom of a buttered 8-inch square baking pan. Spread the creamed mixture evenly over the crumbs. Wrap and freeze.

Civic Assn. To Ask For Custody Of Building

The North Orlando Civic Assn. Monday night voted to approach the North Orlando Co. with a plan wherein complete custody of the Community Building in the Recreation Area would be turned over to the association.

F. Stewart Helmly, president, will talk with company officials and Art Rhodes, Roy Burke and Bill Harris will draw up estimates on what costs would be involved to reopen and repair the building.

The auditing committee Rhodes and Bob Derum reported that the books had been found in perfect condition with no unpaid bills before turning them over to Mrs. James Grinstead, treasurer. Members voted to transfer the bank account to South Seminole Bank in Fern Park and approved the execution of the bank resolution authorizing the association to file signatures.

Rhodes, who also is ways and means chairman, included in his report a suggestion that an active welcoming committee be formed immediately to greet new residents and to invite them to become members of the association.

He proposed that the group sponsor a Spring Carnival pointing out that this would provide entertainment and fun for adults and children alike and also would provide stimulus for further summer programs.

Helmly and Derum agreed to contact all committee heads in an effort to get the various committees on an active working basis and asked that reports from each be ready for the next executive board meeting to be held on the fourth Monday of the month. All future meetings of the board will be held on this schedule with this month's to be at Helmly's office in the North Orlando Co. Building.

Another suggestion from Rhodes called for installation of a bulletin board near the general store as a convenience for residents and organizations of the village to post meeting notices and items of interest to the community. Bill Harris and Roy Burke were appointed to complete the project.

The group also voted to begin work immediately on publishing a local newspaper to be delivered to all village residents. A committee of five will be organized and

cooperation will be asked for other groups in providing monthly news items. Membership lists will be

drawn up by Mrs. Grinstead and distributed to all active participants before the March meeting in order that per-

sonal contacts can be made with each person on the membership roster in advance. At the March meeting a

nominating committee will be elected to prepare and present a list of two candidates for each office at the April meeting. Plans for monthly programs will be discussed at the next executive board meeting.

William H. Halm Jr. and Earl Achord were received as new members Monday night.

Firemen Set Annual Dinner In Longwood

By Donna Estes
Longwood Fire Chief Claude Lajo announced that the Volunteer Firemen's Annual Chicken Dinner will be held on March 8 at Longwood's Sunnyshade Park from 4 p. m. until 8 p. m.

The menu will include Southern fried chicken, mashed potatoes and gravy, coleslaw, peas and carrots, coffee, rolls and cupcakes.

Chairmen appointed at this time, other than Lajo as general chairman, include Carl Lommer, supplies; L. L. Cox, tickets; Fred Escalvao, cook; Ted Waltz, home delivery; Morris Rudolph, parking.

Proceeds will be used to buy the fireworks for the Fourth of July Fiesta and to buy additional equipment for the department.

Catholic Guild To Sponsor Card Party

By Louise Simunek
The Catholic Women's Guild of the St. Mary-Magdalena Church of Altamonte Springs will hold a Desert Card Party at 8 p. m. Friday in the St. Mary-Magdalena School.

Individual table prizes and many door prizes will be awarded and other surprises are planned for the evening. Tickets are available from Mrs. William G. Burgan and Mrs. William Tidale, both of Maitland.

Oviedo Bank Adds Member To Staff

By Linda Smithson
The Citizens Bank of Oviedo this week announced that Mrs. Gertrude Corton of Chuluota has joined the staff as a bookkeeper.

A native of Hartford, Conn., Mrs. Corton moved to Florida in 1953 and lived in the Orlando area until 1958 when the family moved to Chuluota.

She and husband, Don, are the parents of two children, Don Jr., who presently is serving a tour of duty with the Navy, and Cathy, an eighth grade student at Oviedo High School.

Foundation Completed For New Water Tank

Casselberry Utilities Co. completed work this week on the foundation for a 116,000 gallon prefabricated metal water tank in the first phase of its \$27,000 major improvement program to provide some 800 customers with better water and service.

An aerator will top the tank to be constructed by Jack Sharpe of Orlando adjacent to the present water tower and facilities at the Queens Mirror South Well also will be improved.

EDITORIAL COMMENT Double Duty

A county fire report for the month of January was released today by Ranger Albert Harris of the Florida Forestry Dept. at Longwood.

Rangers, called out to 25 wild fires and eight miscellaneous fires, issued 17 warning tickets and filed three court cases.

Percentage breakdown shows that 60 per cent of the fires resulted from escaped trash fires, 15 per cent were deliberately set, 15 per cent were caused by children playing with matches and 10 per cent were attributed to carelessness of smokers, campers and other persons.

The Forestry Service presently is engaged in an intensive educational program through which rangers visit various youth clubs, school groups and other organizations to present lectures and films on fire control.

These men are doing double duty to help us save our forests and woodlands. . . shouldn't we help by at least being DOUBLY CAREFUL?

Company Superintendent Paul Bates said today that he hopes to have the new tank in operation by the end of the month.

Actual work on the improvement program was started some two weeks ago by the company after it was given the go ahead on a long debated water rate raise at a Jan. 21 meeting of the Casselberry Board of Aldermen.

Approval of the raise was given at that time by a 3-2 vote of the board which saw Alderman L. E. Woodhams and Board Chairman Ed Lunn voting against the proposal and Alderman Art Lego, Cliff Overman and George Howard for it.

The raise, without which the company said it would be unable to carry out the improvements called for by the State Board of Health, sets the minimum at \$3.50 up to 7,000 gallons; 25 cents per thousand up to 20,000 gallons and 22 cents per thousand thereafter.

Cleveland Quits House; Frederick To Run Dunn: A Question Mark

Stars were being tossed into the political arena today for the special Legislature election on March 26.

Mack Cleveland Jr. telegraphed Gov. Farris Bryant his resignation as Seminole County Representative in the House. At the same time he formally announced his candidacy for the Democratic nomination for Seminole County's new seat in the Senate under the new reapportionment law.

Former Rep. Gordon Frederick immediately announced his candidacy for the Democratic nomination to fill Cleveland's unexpired term in the House.

Vernon W. Dunn, former County Commissioner, said he still is undecided whether he will oppose Frederick in the party primary Feb. 26.

Don Willson, Republican county executive committee chairman, also stated the GOP will have candidates in the ring. He added the committee will meet within the next few days, at which time it is expected candidates will announce their intention to seek the Republican party nominations for Senate and House seats.

Candidates have until noon next Friday to qualify with the Secretary of State.

Frederick said he already has requested qualifying blanks from the State Secretary's office. He also said his campaign fund still is intact and it will not be necessary for him to re-establish it.

Federal-Okayed Apportion Will Go To Supreme Court

MIAMI (UPI)—A federal court accepted Florida's reapportionment plan Thursday, temporarily ending the state's eight-year-old redistricting hassle.

Reaction ran the gamut from relief to disappointment, with some opponents protesting.

Some 300-400 loaves of bread have been stolen in food stores throughout town during the past few weeks. Chief Williams' crew on the ball nabbed two youngsters last night who admitted the crime. Both turned over to juvenile authorities.

The city's \$28,000 resurfacing project gets off the ground next week. . . . 25th and Palmetto.

Health Director Frank Leone today assured us every food handler at the fair DOES have a health card, as required by state law.

Longwood's new well went into operation early this week. . . . one more big project accomplished by the rapidly growing South Seminole City.

Longwood Mayor A. R. Lormann will be on TV Sunday from 11:30 until noon helping out with the annual Cerebral Palsy Telethon.

If you think that Sen. Beth Johnson wasn't pooped (that's the last degree of fatigue) Saturday noon when she talked to the Delta Kappa Gamma sorority at the Mayfair Inn, you are tee-totally wrong. . . . In the session in Tallahassee that factiously has been called a "reapportionment meeting" of the legislature that lasted until about 10 p.m., she had been right on "the firing line." . . . The plane she had expected to fly her to Orlando was grounded (weather, remember?) . . . So, the long drive in a car in the "unseasonable and unreasonable" weather didn't afford any time for rest. . . . A meeting in Orlando to which she must speak. . . . Then the drive here. . . . And her talk to the esteemed teachers. . . . And she had HAD it!!! . . . But the audience thought she is "just a lovely, intelligent person." . . . You see, those two descriptions CAN go together. . . . Come to think of it, those Delta Kappa Gammass can wear the tags VERY well!!!

The North Orlando Village Council is looking for a bargain-priced graduate attorney to serve as Municipal Judge. . . . One more stipulation, the attorney must be a member of the Florida Bar.

RICHARD KEOGH

Keogh Elected C of C Head

The Lake Mary Chamber of Commerce elected and installed Richard W. Keogh as president at Thursday night's meeting.

Other officers taking over will be A. E. Crocker, vice president; Mrs. Frances Weather, secretary, and Mrs. Letha Fowler, treasurer.

Elected as directors were Al Case, Postmaster Clarence D. Donaldson, Dr. Frank Leone, Harry E. Sandusky, Earl W. Toney and Jack Wilbur.

The Chamber unanimously voted to recommend to the County Commission that an interchange to new Interstate 4 be located on Lake Mary Blvd.

Members also signed a petition addressed to the Seminole County Legislative Delegation expressing opposition to any annexation in the State of Florida without a referendum vote of the property owners involved.

Officers and directors will meet next Thursday night to name a chairman.

Revolt Hits Iraq

TEHRAN, Iran (UPI)—Army and air force units rebelled in Iraq today, overthrowing the government and announced that Premier Abdel Karim Kassem was slain.

Reaction ran the gamut from relief to disappointment, with some opponents protesting.

Final Day Of County Fair Saturday

The Seminole County Fairgrounds will be open from 3 to 6 p.m. today, free to school children and all rides will be half price, until 6 p.m.

The weatherman promises perfect weather, sunny and cool, and just right for visiting the exhibits in the exposition hall and big tent, and enjoying the sights, sounds and thrill rides along the midway.

Saturday, the Fair will open at 1 p.m. for the last day, running until midnight Saturday night, with huge crowds expected to take advantage of the fun and excitement in the pleasant weather.

U. S. Navigator Found Safe

SAIGON (UPI)—The American navigator of a B26 bomber which crashed Wednesday while on a strafing mission against Viet Cong guerrillas was rescued "in good shape" today, a U. S. Military spokesman reported.

The navigator was identified as 1st Lt. James E. Johnson of Mary Esther, Fla.

The spokesman said Johnson was picked up near the crash site, about 250 miles north of here.

Two others aboard the plane—a U. S. officer and a Vietnamese—were believed to have been killed in the crash.

Pressure Put On Cuba Buildup

WASHINGTON (UPI)—President Kennedy was reported today to be stepping up pressure on Russia to pull its military forces out of Cuba.

Informed sources said the President planned to send a personal message to Soviet Premier Nikita Khrushchev asking him just when he was going to keep his promise to remove these armed units from the doorstep of the United States. These sources said they did not know whether the message had actually been dispatched as yet.

The President said Thursday the continued presence in Cuba of an estimated 17,000 Soviet military personnel, including about 6,000 organized into regular combat units, was a "matter of concern to us."

Panel Meet Set Monday

Reservations should be made by Monday by Sanford and Seminole County residents wishing to take part in the "Airforce for Citizenship Action" panel discussion to be held all day Feb. 20 under the sponsorship of the U. S. Chamber of Commerce and the Winter Park Chamber of Commerce at the Cherry Plaza Hotel, Orlando.

Reservation should be made with the Seminole County Chamber of Commerce, FAIRfax 2-2212.

Longwood Paves Way For New Light Industry

The way was cleared in Longwood Thursday night for a new light industry when the City Council unanimously approved an ordinance changing zoning from commercial to industrial on an area adjacent to the Atlantic Coast Line Railroad off Molnar Ave.

The zoning variance was requested some two months ago by Russell Bass, owner-manager of Master Door Co. Inc., of Orlando, who at that time advised the council he would permanently locate his plant in Longwood.

First steps in a plan to revamp the city's street marking system to have all streets run north and south and all avenues run east and west were taken by voting to change the designations on a number of each. Avenues to be changed to streets include Highland, Wayman, Myrtle, E. Lake, Wilma, W. Lake, Sarah and Charles. Streets to be changed to avenues are 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42nd, 43rd, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72nd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82nd, 83rd, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92nd, 93rd, 94th, 95th, 96th, 97th, 98th, 99th, 100th.

Portions of avenues to be changed to streets are located on Grant, Oak and Oleander and portions of streets to be changed to avenues are on 12th, Orange, Palmetto and Magnolia.

Molnar Ave. will be renamed Sanlando Springs Drive and Florida Ave. will be changed to Land Ave.

The city voted to go head with repairs on Markham Rd., both in and out of the city limits, setting a \$100 maximum for material expenditures. Although the final vote was unanimous, Chairman R. C. Carlson was strongly opposed to making any repairs on the county's part of the road, however, at the insistence of Councilman John Reams, at least two areas which are not in the city were included in the motion. Mayor Al Lormann agreed with Carlson when Jim Reiter agreed with Reams pointing out that if the county's part is not repaired, the city repairs will last more than six months.

Clay for the work and for other jobs through the year will be bought through bid with the delivery to be made in Longwood as it is needed.

Resident Hurt In Car Mishap

Kyle S. McMillan, 41, of 2403 Orange Avenue, suffered severe lacerations of the scalp at about 7:30 a. m. today when he was forced off Highway 1792 at Fern Park by another automobile.

Trooper Bill Stringfield reported McMillan swerved his car to avoid an unidentified automobile which pulled in front of him. His car left the road and overturned.

McMillan was treated at Seminole Memorial Hospital and released.

The trooper also reported that J. McKay Truluck, 411 Elliott Avenue, suffered a broken jaw and lacerations Thursday afternoon in a freak accident. He is confined to Seminole Memorial Hospital.

Stringfield, who charged Truluck with driving too fast for road conditions, said Truluck's car, when it struck the railroad tracks on Bearlaid Avenue, went into the ditch and overturned. Damage to the car was estimated at \$500.

New Industry A Year Away

The fact that locating Master Door Co. in Longwood is a long range project, still probably at least a year away, was stressed today by Russell Bass, owner-manager of the plant.

Bass said that the Longwood action last Thursday night in approving the necessary zoning change actually only cleared the way for negotiations towards an agreement between his company and Atlantic Coast Line.

Investigation and consideration of county and city tax structures also will play a large part in moving the plant, Bass said.

The company, presently located in Orlando, is a light manufacturing operation similar to that of a small lumber yard.

All-Out Hunt For Tanker, 39 Aboard

PORTSMOUTH, Va. (UPI)—An air search was launched today in the Atlantic and Gulf for a missing tanker carrying 39 crewmen and a cargo of molten sulphur overdue on a voyage from Beaumont, Tex., to Norfolk, Va.

Coast Guard 5th District Headquarters here said the 523-foot American tanker Marine Sulphur Queen left Beaumont Saturday night and was due in Norfolk at noon Thursday.

It should have contacted its Norfolk agent by radio at noon Tuesday and again Wednesday but the Coast Guard said there had been no word from the ship since it left Beaumont.

Four Coast Guard planes began covering the vessel's route early today. The Coast Guard said the entire route would be searched twice.

The Coast Guard said the 7,240-ton ship, built in 1944, was carrying a cargo of molten sulphur kept at a constant temperature of 265 degrees.

The Coast Guard tried to contact the ship by radio and sent an "urgent broadcast" to all ships in the vicinity of the tanker's course to watch for it.

A Coast Guard search plane reported sighting a tanker thought to be the missing vessel 50 miles south of Cape Lookout, N. C. However, the Coast Guard said this ship was the Marine Dow-Chem, not the missing tanker.

A Coast Guard spokesman said it was possible the Sulphur Queen changed course to avoid a storm that hammered the southeast Atlantic Coast earlier in the week. This could delay the ship by a day or two.

The ship was supposed to have reached Havel Co., its agent at Norfolk, Va. 48 hours before reaching the Virginia Capes and again 24 hours before arrival.

The vessel, built at Chester, Pa., originally was known as the Esso New Haven. Its name was changed in 1960. It is owned by Marine Sulphur Transport Co. of New York.

A Coast Guard plane from Elizabeth City, N. C., was searching from the Chesapeake Bay south to Cape Lookout. Planes from Miami, Biloxi, Miss., New Orleans and Corpus Christi, Tex., searched the South Atlantic and the Gulf area.
