TODAY'S BIBLE VERSE

Ye shall know the truth and the truth shall make you free. A rightous man hateth lying.—Pr. 13:3.

We can always tell the difference between a pessimist and an optimist. The pessimist always notices what didn't get in the paper; the optimist always reads what is in it.

There are more ways than one of raising municipal revenues. In Dickendorf, Germany, the other day the town council voted to levy a special tax of \$2 on everyone owning a bathtub.

Latest talk is that the "East Coast Turnpike" will come down the center of the state passing near Orlando, "tapping the rich agricultural areas of Central Florida," according to Road Chairman Richard Simpson. It could be built this way and be only 14 miles farther from Jacksonville to Miami than down the East Coast, and it would probably save millions of dollars in the cost of right-of-ways.

A bill has been introduced in the Senate to build a new mansion for the governor costing \$250,000. Of course, they spent \$5,000,000 rehabilitating the White House during Truman's administration, and by comparison \$250,000 seems small (snaps), but it strikes us a little queer job on the roof, a little interior redecorating, and get us safely by the period of high taxes and high prices without wrecking the ship of state.

It is as foolish to drive a car without knowing whether your brakes are in good condition as it would be to cross a busy street without looking in either direction. About five percent of all automobile accidents are the result of faulty mechanism, but a very high percentage, but one which could be reduced even further were it not for the human factor involved. Check your brakes, also your headlights, tires, horn and rear view mirror.

The biggest real estate deal in history was not consummated during the 1920s, nor even in Florida but goes back 150 years to the purchase of Louisiana from France for \$15,000,000. Nor is this sum, big as it is for the times in which it was paid, what makes this the biggest deal. It is the fact that for a measly little \$15,000,000 the United States acquired possession of the states of Louisiana, Oklahoma, Arkansas, Kansas, Missouri, Iowa, Nebraska, Minnesota and the Dakotas and parts of other states for as little as four cents an acre.

There is a 50-50 chance, a prominent lawyer yesterday, that the Supreme Court will validate Seminole County's hospital bonds, despite the ominous opinion of the State Attorney. Even so, the gamble is so great that steps should be taken in so far as possible to proceed along other lines in the event the issue is invalidated. And to that end it would be well to invite Citizens Hospital Committee, or to authorize a new one, in order to mobilize public opinion and be prepared for action when the time comes. We cannot afford to delay the construction of a new hospital any longer than absolutely necessary.

The selection of Mrs. Anthony Best as 1953 American Mother of the Year brings home the fact that it is not always the woman who bears the most children who makes the best mother. Mrs. Best never had any children of her own, but she married a man who had four and whose wife had died. And she was such a good stepmother to those children who were not born by any blood ties that a national jury of prominent women selected her as American Mother of the Year. It is comparatively easy to be a good mother in order to please a jury, but it is not so easy to be a good mother in order to please a child.

Rising Europe

Secretary of the Treasury George Humphrey said recently that Western Europe is capable of working out a way to stand on its own two feet. He indicated that United States aid to Europe will continue in the meantime. It does not sound surprising these days to hear that a man with the business acumen of Secretary Humphrey has confidence that Europe can eventually achieve financial independence again. But just after World War II there were many people who were convinced that Europe was a bad risk, that the money we were sending to help was just good money being sent after bad.

A sound Europe benefits us in many ways. Today a stable economy would mean a strong deterrent to Communist aggression. Communism feeds on weakness and is seldom very successful where a government is able to meet its obligations.

Europe has always been a valuable market for our exports. Once that continent is completely self supporting again we may hope to get some return on our investments. The United States can be proud of what Europe has accomplished with our help. From the point of near-bankruptcy where it tottered at the end of World War II, Europe has come a long way toward complete recovery.

Ignoring Laws

It is one thing for policemen to hand out traffic tickets. Sometimes it is not so easy to collect the fines that such tickets carry with them. When people are allowed to ignore the tickets they not only escape the responsibility for their violation but they frequently continue to break the traffic laws.

New York City is at present engaged in a drive to collect the fines on delinquent tickets. Since the drive began the city has collected over \$200,000 on traffic tickets which were long ignored by their recipients.

Traffic laws are adopted for the safety and convenience of all drivers. It is necessary to regulate things like parking so that traffic can flow smoothly through the streets. The person who violates a traffic law is doing more than breaking a rule set up by a democratic society. He is demonstrating a lack of concern for the rights of his fellow motorists.

If one set of laws can be broken with impunity, all law is weakened. New York is wise to call delinquent parking violators to account. All communities can profit by stricter enforcement of these regulations.

Market For MIGs

The offer of \$100,000 for a Russian MIG-15, which was recently printed on leaflets and dropped over the North Korean lines, is a novel and startling development. The result may prove to be one of the most interesting chapters in the history of the Korean fighting.

What type of man would find the offer appealing? Will the United Nations lines be visited by a host of Russian armmen anxious to begin life anew under the democratic system? Will the Russians take advantage of the opportunity to send over a carefully-selected, highly-trained spy in a doctored MIG-15 from which all the secrets have been stripped?

The proposal poses other problems. What would happen to the pilot who flew the plane into UN territory? Would he be allowed to pick the spot where he wanted to live? If he should happen to be granted entry into the United States would he have to pay income tax on the \$100,000?

Golden Wedding

(Continued from Page One) The Randall family settled some 15 miles away on the banks of the Oklawaha River. Here they planted an extensive orange grove and operated a general store. Their large beautiful home was a mecca for the many tourists who viewed the beauties of the river by steamboat. Both families are identified as pioneers of that section.

Mr. Priest made his calls on his bride-to-be by horse and buggy, crossing over the Oklawaha River at Grahamville Landing on a hand pulled wooden ferry boat. They were married in the bride's ancestral home in 1903. The bride wore a formal white satin gown, made with a long train and applied all over with clusters of white satin grapes. Yards of silk ruffling and lace trimmed the flowing pleated sleeves and the bolera of the dress. The high collar and waist were stiffly boned according to the style of the day. She carried a white silk fan studded with brilliants, a gift of the groom. A cascade of orange blossoms was arranged with the fan.

Mr. and Mrs. Priest lived in Kendrick and Anthony until 1922 when they moved to Sanford.

They are lifelong members of the Methodist Church. Mr. Priest was superintendent of the Anthony Sunday School and had an unbroken attendance record for 23 years. Mr. and Mrs. Priest have six children: Clarence Patrick of Miami, Sarah Lou (Mrs. George R. Sims) of Mt. Dora; Fannie Belle (Mrs. R. Earl Kipp) of Orlando; Florence (Mrs. A. Clyde Brockman) of Pensacola, and Randall Degony of Sanford. They have nine grandchildren and two great grandchildren.

No individual invitations are being issued locally but all friends of the couple are cordially invited to attend the reception.

Tornado

(Continued from Page One) After smashing 30 two-unit apartments in a housing project near the base, the storm entered the base and whirled giddily over the area. Some structures were leveled, some unroofed, and others were left untouched.

Brick buildings in the town and on the base were torn apart as if made of plywood. Heavy damage was reported in the industrial area of the military installation where supplies are stored and maintenance work is done. Maj. D. de S. Trumbull Jr. reported. The area was closely guarded and newsmen were not permitted to enter that section.

Trial Of Civil Cases In Circuit Court Next Week

Circuit Judge M. B. Smith will sound the civil docket for the spring term of court Tuesday morning at 10:00 o'clock. Three cases are on the docket.

Also on Tuesday, Judge Smith will sentence three men who were convicted in criminal action during this term.

Yesterday afternoon the jury returned a verdict of guilty in the case of Walter James, colored, who is the operator of a beer garden in Orlando and charged with entering the property of Clifton Thomas, owner of Club 430 in Altamonte Springs, with intent to commit a felony.

Also involved in the same case is Sylvester Wade who pleaded guilty in the charge of breaking and entering with intent to commit a felony. The third sentence to be meted out also involves a breaking and entering charge with intent to commit a felony by Otis D. Jenkins, who changed his original plea of not guilty to guilty.

The following civil cases are due to start on Tuesday: C. T. Niblack vs. the Atlantic Coast Line railroad in which the plaintiff claims the railroad carelessly and negligently handled a car of celery and failed to provide adequate refrigerator service. Mr. Niblack is asking \$20,000 in damages.

LeRoy B. Giles, Edward K. Goethe and David Hendrick are the attorneys for the plaintiff, and William C. Hutchison is attorney for the plaintiff.

Walter B. Emery, plaintiff vs. Henry O. Parlin, defendant, in which the former is asking \$5,000 for injuries received in an automobile accident on Nov. 11, 1950. The defendant has filed a cross suit for \$1,000.

Murray W. Overstreet is attorney for the defendant, and Sam E. Murrell and Sam E. Murrell Jr. are attorneys for the plaintiff.

Frank Jacob, doing business as Jacob Van Lines, plaintiff, vs. S. K. Kupi, defendant, in which Jacob is claiming \$411.02 balance due for furniture hauling charges from Chicago to Cassberry. The defendant has filed a counter-claim for \$2,194.98.

Attorneys in the case are W. B. Clowry for the plaintiff and Wilson Alexander for the defendant.

Any liquor dealer who cashed a welfare check would be subject to a 30-day jail sentence and \$250 fine under a bill by Sen. Robert Palmetto. The measure would make revocation of license the penalty for a second offense.

Publication of names of any person under 18 years old involved, either as accused or victim, in a sex offense would be prohibited under a bill introduced by a Senate committee.

The measure also would require the judge to clear his court of any lot relatives, lawyers and court officers when a person under 18 was testifying in a sex case. Newspaper reporters would be allowed to remain in the court, however.

Bill to exempt Christian Science children from school health examinations and instruction in disease symptoms passed House after debate which one member said was reminiscent of an "old-fashioned revival meeting."

The health examination bill passed 41-33 and the instruction bill cleared 55-22.

Supporters fought off an attempt by Rep. Ayres of Marion County to bill the measure on grounds that it would deprive school children of other faiths by requiring them to associate with youngsters who might be carriers of undiagnosed contagious diseases.

Supporters said forcing Christian Scientists to submit to measurements of their religious beliefs violates the freedom of worship guaranteed by the Constitution.

Assessed Valuation TALLAHASSEE (AP) — The Florida House voted 70-10 today to disreard assessed valuations in determining how much counties can afford to pay and how much money each should get from the state to finance the public schools.

It passed a bill completely rewriting the formula for determining comparative wealth of the counties. Under the minimum foundation program for financing a uniform school system the state gives poorer counties more help than richer ones.

The new formula would give the most weight to a county's sales tax returns, auto tag sales and the number of gainfully employed workers. Lesser consideration would be given to the value of farm products and railroad and telegraph property valuations set by a state board.

The present formula gives too much weight to effective buying income as established by still another formula, assessed value of non-exempt property, retail sales and

Evening speakers will include, among others, Dr. J. McDowell Richards, Deatur, Ga., president of Columbia Theological Seminary and Mrs. Norwood Phelps, Jacksonville, representative of the Presbytery in Church, U. S. at the recent meeting of the Central Council, World Council of Churches in India.

Miss Bessie Conway Lewis, with the Board of Christian Education of the Presbyterian Church, U. S. for 17 years will again have charge of the Book Room for the Synodical Training School.

In addition, Miss Lewis will also conduct the morning devotionals and will lead a 15-minute recreational program each evening.

International situation and would like to see peaceful statements made by the leaders of these governments supported by deeds," he said.

The speech was a highlight of Moscow's May Day celebration which also included a short military review and a longer workers' parade.

Bulgarian said the Soviet Union believes that with "good will and a sensible approach, all international differences can be solved by peaceful means."

But since the West has given no signs of reducing the armament race or "closing down of a wide network of military bases spreading over territories bordering on the Soviet Union," he added, "our government will continue to show due care for the ensuring of the peace and security of our country."

Justice Lawyer Is Still Sure US Had Had Crummer Case

WASHINGTON (AP) — A Justice Department lawyer told House investigators today it is still his "honest opinion" that the government could not have won a mail fraud case against Roy E. Crummer and associates.

William T. Paisley, testifying before a House Judiciary subcommittee said he was a member of a five man panel of lawyers who studied the Crummer case in 1948 and recommended dismissal.

He described Securities and Exchange Commission lawyers as being "over-enthusiastic" in getting indictments against the Crummer concern, a Topeka, Kan., bond firm.

The charges grew out of dealings in bonds issued by Panama City and Citrus County, Florida, in the late 30's and early 40's.

Paisley said he undertook a study of the case following a Justice Department conference at which Francis P. Whitehair and James L. Fly represented the Crummer interest.

Whitehair, a Deland, Fla., lawyer, later became undersecretary of the Navy. Fly formerly was a member of the Communications Commission.

Paisley described the government's case as "full of weaknesses." "There weren't any complaining witnesses," he said. "It was a case of the SEC going out and working the case up."

"I don't know that these people (bondholders) lost any money they were entitled to," he said.

Earlier the committee heard testimony to the effect that Crummer and his associates made a profit of about \$185,000 to which some witnesses contended the bondholders were entitled.

Lesser consideration to railroad and farm property valuations and telegraph property valuations is supporting the bill to change the formula.

Sponsors of the bill contend great differences among counties in property valuations have resulted in distorted calculations of comparative wealth and inequitable allocations of state money to the counties.

Some counties, in an effort to boost their tax assessments the full value required by law but not needed anywhere, have found they were in effect penalized by moving up on the scale of comparative wealth, thereby losing state school funds to counties with less local property valuations low.

Brooksville Boy Is Winner Of Citrus Exchange Scholarship

TAMPA (Special) — John F. Crum, of Brooksville has been awarded the Florida Citrus Exchange annual \$1,000 scholarship in cooperation with the University of Florida. It was announced here today by Armer C. Johnson, of Mount Dora, chairman of the Exchange scholarship committee.

The award, established in 1948, is made by the Exchange each year to an outstanding graduate of the College of Agriculture who desires advance education in the field of cooperative marketing.

Crum, a 36-year-old Marine veteran of World War II, graduated from Hernando High School in 1934 where he was active in sports. He attended Carson-Newman College in Tennessee, Florida State University, and the University of Florida.

Before entering the Marine Corps in 1939, Crum became interested in the citrus industry through work performed in packing houses and canning plants in the Brooksville area. Following completion of graduate work at the University of Florida, he expects to enter employment in the field of citrus research and economics.

Crum is the son of Mrs. Mary A. Beville, of Brooksville, and is married to the former Patricia Kinnear, also of Brooksville.

Dale Carnegie Class No. 2 Has Graduation Dinner

Class No. 2 of the Dale Carnegie program held its graduation banquet last night at 7:00 p.m. at the Presbyterian Church Educational Building with about 75 class members and their guests present.

The program for the evening was opened with an invocation by Mrs. Beatrice Anderson and the surrender of the gavel from James Arch, an instructor, to Raleigh King, who was elected president of the class.

A delicious dinner was enjoyed after which the class song was sung. The song was composed and led by W. S. Brunley, Jr. The class history was given by Mrs. Ruth Scott followed with the presentation of student speeches.

Bill Fleming read the class poem and directors speeches were given by Mrs. J. D. Cordell, Mrs. Clara Jobe and L. Comdr. Travis Putnam. Instructors Ozale Orquid of Montverde, and James Arch of Orlando. Diplomas were awarded by Mr. Arch, and the program was concluded with the singing of "Auld Lang Syne."

The banquet table was arranged in a U-shape and covered with a white cloth. Bright red gladioli and greenery were used decoratively and placecards marked the seating arrangement.

Those receiving diplomas last night were Mrs. Anderson, Benny Austin, Robert Brown, Mr. Brunley, Mrs. E. H. Want a basic formula for a main dish that you can vary a thousand ways? Sound impossible, but it's true. The chief ingredients for the dish are 1 1/2 cups of precooked rice (prepared according to package directions) plus a can of condensed soup and 1/2 cup of milk plus 1 cup of fish or hard cooked eggs (for Lent) or meat or poultry. You can also add cheese, celery, onion, green pepper, parsley, mushrooms, pineapple, olives, horseradish, chili sauce, peas, corn, Chinese vegetables or what have you. Then all you do is mix the rice and the other ingredients and turn into a casserole and bake in the oven or under the broiler.

Here are a few suggestions as to combinations: Rice and cream of tomato soup with shrimp or crab and green pepper; rice and cream of chicken soup with Chinese vegetables and a dash of soy sauce; rice with vegetable soup and ruffled hamburger. You can go on and on. "Compound."

To show you how the formula works in detail here's a Lenten dish: Creamed Salmon with Parsley Rice.

CREAMED SALMON WITH PARSLEY RICE
Ingredients: 1 1/2 cups packaged precooked rice, 1 1/2 cups water, 1/2 teaspoon salt, 2 tablespoons chopped parsley, 2 tablespoons butter or margarine, 1 can condensed cream of asparagus soup, 1/2 cup milk, one 7-ounce can salmon (drained and flaked), 2 tablespoons finely chopped onion or sweet pickle or chili pickle, dash of pepper.

Method: Mix rice, water, and salt in saucepan just until all rice is moistened. Bring quickly to a boil over high heat, uncovered, fluffing rice once or twice with a fork. Do not stir. Cover and remove from heat. Let stand 10 minutes. Add parsley and butter, mixing lightly with a fork. Mean- while mix soup and milk in a

medium heat, stirring occasionally. Add salmon, cucumber or pickle and pepper. Mix and heat thoroughly. Makes 4 to 6 servings.

Serve over the rice. Arrange parsley rice in serving dish and top with the creamed salmon. Serve mixed with the rice. Add parsley rice to the creamed salmon. Mix lightly and serve at once.

Casserole: Add parsley rice to the creamed salmon. Mix lightly and turn into 1-quart casserole. Sprinkle with buttered crumbs. Broil 2 to 3 minutes or until lightly browned.

Methodist Church Begins Religious Services Sunday

The most extensive evangelistic effort ever undertaken by the Methodist Church in the Florida Conference will be launched Sunday as a part of the United Evangelistic Mission which has been conducted throughout the nine states of the Southeastern Jurisdiction of the Methodist Church.

A battalion of more than 300 guest preachers, most of them from the South Georgia area, will be in Florida during the solid week of "evangelizing - preaching - evangelism" in which the guest preachers, local ministers and lay people will engage.

Some 35 guest preachers will be in the Orlando District, where Dr. O. E. Rice, district superintendent, will be chairman of the Mission. They will preach in local churches throughout the district each night while teams of lay workers from various report on progress and individual churches are busy in the neighborhoods.

Following the admission of Jesus to "Go forth, two-by-two," these lay workers will visit in their communities, spreading the Word of God and offering fellowship in the traditional manner of the Methodist Church.

Each evening the lay workers will meet in their respective churches for dinner and to receive instruction in visitation evangelism before "taking to the field" in search of lost souls. On succeeding evenings they will report on progress made the night before.

The lives of more than 155,000 Methodist members will be forcibly touched in the UEM campaign, which will reach out to thousands of other lives during the next week.

Daily "Periods of Power" are scheduled in Orlando's First Methodist Church and First Church of DeLand for the host and guest preachers. They will hear lectures on visitation and pulpit evangelism, listen to inspirational sermons by the fellowship of their colleagues.

Bishop John Branscomb, former pastor of Orlando First Church, is general chairman for the United Evangelistic Mission in the Florida Conference, with Dr. Donny A. Cooke, superintendent of the Jacksonville District, serving as executive chairman. Dr. Samuel W. Robinson of the General Board of Evangelism, is the area director. He has been in Florida since January, helping Bishop Branscomb and the district superintendents of the Conference to plan the Florida phase of the United Evangelistic Mission.

Dr. O. E. Rice, superintendent of the Orlando District, is heading

Religious Information Study Club, for those who wish to know more about the Catholic religion, Thursday 8:00-9:00 p.m. in Parish Annex fourth Sunday after Easter. The Gospel story for this Sunday is taken from John chapter 10 verses 5-14. The Apostles were saddened on hearing that Christ was to leave them. But he consoled them with the promise that the Spirit of God, the Advocate, would come upon them and teach them "all the truth" and comfort them. This is the "Spirit of Truth". God the Holy Spirit Worldly judgment is not to be trusted when it is a question of eternal happiness. Only God's church, guided by the "Spirit of Truth" can be an unshakable guide through the confusion of man made ideas about religion.

Subject of the Lesson-Sermon in all Christian Science churches next Sunday: "PERMANENT PUNISHMENT." Man's opportunity to think from a spiritual standpoint and so overcome sin and suffering is stressed.
A verse from Hebrews (12:11) provides the Golden Text: "No chastening for the present seemeth to be joyous, but grievous; nevertheless afterward it yieldeth the peaceable fruit of righteousness unto them which are exercised thereby."
Bible selections include this from Romans (6:16): "Know ye not, that to whom ye yield yourselves servants to obey, his servants ye are to whom ye obey; whether of sin unto death, or of obedience unto righteousness?"
Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Christian Science commands man to master the propensities, — to hold hatred in abeyance with kindness, to conquer lust with chastity, revenge with charity, and to overcome deceit with honesty" (p. 405).

Sanford Loses 6th Straight, 8-4 To Cocoa Indians

Leonard Hits In 11th Straight; Cardinals Play In Cocoa Tonight

By KENT CHETLAIN
Sanford's sacking Cardinal stringers found out the hard way last night, why the revitalized Cocoa Indians were leading the league, losing to the Tribe, 8-1, before a large gathering of 1,047 on ladies night at the Memorial Stadium.

Held in reserve for the big Cocoa opener in Sanford, the old pro Murray Hurl started, but he apparently didn't have anything new to offer the slugger Indians. They combed the Seminole Blue-refs for nine hits and six runs before Murray grabbed a bar of soap and headed for the showers in the sixth.

Last night's defeat was the sixth in a row for the plummeting Redbirds who now have hit rock bottom in the Florida State League.

Silverthorne Jack Cade
League. The locals have been steam-rollered by DeLand, twice; Palatka, once; Daytona, twice; and now Cocoa.

Tonight, the flying Redbirds will try to bounce back in the two-game series finale at Cocoa. An ex-President Herbert Hoover once said, when you hit the bottom, there is only one way to go and that is up. So maybe this will be the theme for Sanford's dreary band of hussling rookies.

Paul Smith, twice elected manager, is slated to open on the hill for the Dunham this evening at the league's handbox—Provoost Park.

LEONARD ROARS ON A 500 CLIP
Tommy Leonard, Sanford's sensational hitting outfielder, banged out a one-run homer to extend his consecutive hitting streak to 11 straight games.

The husky little flyhawk, who led the Coastal Plains League in hitting in his rookie season last year with a .375 mark, has now collected 21 hits in his last 48 times up for a cool 500 clip. Leonard is now hitting .331.

Meanwhile, Clyde Briggs, Jax Beach star hitter, maintained his batting skin by driving in the winning run in the first inning of the Memorial Stadium game. He is batting .375 in all 17 games played this year by Jax Beach. Last year Jack Cade opened the first 21 games by hitting safely at least once in each encounter, Cade was stopped by the Seminole Blues and a nifty catch off the wall in DeLand by Bill Campo.

The power hitting Indians displayed their batting prowess by not striking out a single time last night while unleashing an 11-hit onslaught, including doubles by hurler Leo "Sinbad the Sailor" Simard, Jim Kolker, and Bill Vadimsky. It was Vadimsky who in the fifth broke a 1-1 tie with a two-run homer to boost his RBI total to four for the evening.

Cocoa broke a scoreless tie in the two-thirds with a run on Simard's two-bagger and Bobby Jones' bing. Bill Silverthorne tied the contest with a long homer over the left field wall to lead off the fourth for Sanford. Silverthorne's wallop was the first circuit club by Sanford player in the Memorial Stadium this year. It was only the second homer hit by a Sanford player this season. Earlier, Lou Galvetti cracked one over the short right field wall at Jax Beach for the first circuit smash by the Cards this year.

Silverthorne was Sanford's batting hero with a bullet-like single past third baseman Domingo Veliz in the second inning and a homer. He is batting .360 for 14 games this season.

Vadimsky slammed his homer over the left centerfield fence in the top of the fifth after Kolker drove a single to left, Jones and Veliz aimed to put Cocoa out in front 4-1, and from there they merely added to their margin.

Sanford turned in an unusual double play to end the sixth when with Vadimsky on third and only one out, Jones lifted a fly to Silverthorne, who tossed to the plate. Reliever Dave Leonard cut the ball off, but whirled around and fired it to Bob Skelton who made the successful tag, although there was some doubt by fans whether Skelton actually did tag Vadimsky.

Sanford made a valiant last try in the ninth when Bob Wagner singled with one out followed by Bill Betty's bing and Leonard's bing to score Wagner, come support to Jones and Silverthorne smashed a drive into Veliz's mitt to end the fray.

Orlando Moves Up To 7th By Ending 4-Game Nose Dive

By The Associated Press
Everybody but the league-leading Cocoa Indians had to rally in late innings to win in the Florida State League Thursday night.

Palatka put over a run in the ninth to rank the DeLand Red Hots 7-4 and skip them out of second place. Orlando's Senators broke a four-game losing streak also, scoring the winning run in the last inning, by beating Leesburg, 7-6.

Jacksonville Beach broke a 4-4 tie in the fifth and topped Daytona Beach, 7-4. The victory kept intact the Sea Birds' all-winning record in their home park and put them in second place.

Cocoa held its one-game margin with an 8-4 decision over the tall end Sanford Cardinals. Leo (Sinbad) Simard pitched a seven-hitter for the league leaders. Bill Vadimsky, rookie first baseman, took charge of Cocoa's hitting department by driving in four runs on a homer and double.

Clyde Briggs batted in the tie-breaking run for Jacksonville Beach with a double. Not a pitcher in the league has been able to blank the young lefthanded outfielder who has hit safely in all 17 Sea Birds games.

Orlando's winning run in the last of the ninth came when Leesburg's versatile Al Gandolfi overthrew first base in an attempted pickoff play. Gandolfi played second base, shortstop and then catcher after Jim O'Toole, the Lakers' regular catcher, had a collar bone broken in a home plate collision with Senators' Pitcher Joe Brumfield.

Mike Kavanagh and Billy Bass fired the big guns in the Palatka Azaleas' victory over DeLand. Kavanagh hit a bases-loaded homer in the seventh and Bass won his own game by singling home the third run of the ninth inning. It was the 11th hit off Dick Dotson, the same number DeLand got off Bass.

Rollins, Stetson Plan Sports Day Event In DeLand

The annual Stetson-Rollins sports day, in which teams from the two institutions will compete on an intercollegiate basis, will be held in DeLand tomorrow, according to Mrs. Sara Jernigan, director of the women's department of physical education.

Contests will include golf, archery, tennis, volleyball, and softball. The contestants will meet at 10 a. m. for registration and instructions. Competition and instructions. Competition and instructions. Competition and instructions.

Joan Williams and Lou Jones will represent the Fanny Hatters in tennis. Nancy Haxton and Dale Lander will participate in archery. Marce McNeely, Babes Steffen, Betty McKee, Sandy Shearouse and Babes Blakely will be on the golf team.

Esteri Gullickson, Sandy Shearouse, Tolle Tolleson, Joan Moorhead, Margaret Turner, Barbara Robn, Dicky Thomas, June Wardard and Beatrice Thomas will be on the volleyball team.

Woodmen Juniors Defeat Troop 345 By 11 To 3 Count

The Woodmen of the World Junior baseball team pounded out an 11-3 victory over Troop 345 of the Boy Scouts in a five-inning affair Wednesday evening.

Larence Howard spun a seven-hitter for the winning Woodmen while Kenneth McMurray was absorbing the defeat, allowing 11 blows. Howard punctuated his performance with 10 strike outs and issued but a single pass.

McMurray was equally effective in the whiff department, matching Howard's 10 while allowing one base on balls.

Dunn Holds 2 Daily Drills For Cardinals

Manager J. C. Dunn continued his double morning and afternoon practice sessions to whip his sacking Cardinal charges into winning form. It was reported this morning by Bobby Newman, club director.

For the second straight day, Dunn emphasized hitting drills to

bolster the anemic Sanford batting attack. During the past two days, Dunn has stressed fielding practice to polish his erratic charges on the field.

Meanwhile, Bob Folkert, flashy fielding centerfielder who was sidelined a week ago as a result of a bruising in Leesburg, had X-rays taken of his head in Orlando to determine whether he can return to the lineup.

Since Folkert has been sidelined, the Cardinals have nosedived into the cellar, winning but one game and losing six in a row.

First Baseman Is Sent To Cards; Sanford Releases Louis Rotola

The St. Louis Cardinal farm system has assigned the Sanford Cardinals a large first baseman who is due to arrive here today, it was announced today by General Manager Jim Field. Simultaneously, the Redbird front office announced the unconditional release of right fielder Lou Rotola.

The new gateway guardian is 20-year-old Price Westbrook, 6-foot-2½, 165 pounder who can also double as a pitcher. Westbrook was sent down to Sanford from the Hazlehurst, Ga. farm team of the Class D Georgia State League. The lanky first sacker had been playing with Hazlehurst, which is leading the league with a 7-1 record.

Westbrook throws right and bats left. He was signed by Redbird scout Dick Roth in 1952. The first baseman began as a pitcher with Albany last season only to be transferred to Goldsboro and converted into an initial baseman.

Meanwhile, Louis Rotola, giant 19-year-old outfielder from New York, was handed his release before last night's game. Rotola played in the first two Cardinal games without making a hit.

Rotola had been a star in the first two Cardinal games without making a hit.

Sports Roundup
By GAYLE TALLEOT

NEW YORK (AP) — As we understand it, they are staging a match race at Louisville tomorrow between a big gray horse named Native Dancer and a little, longtoed lucky named Eddie Arcaro, with opinion on the probable outcome pretty well divided.

The Dancer, though undefeated in 11 starts, never before has tried to run a mile and one-quarter. Arcaro has gone the distance many times in becoming the world's richest rider. The Dancer will be on his own, whereas Arcaro is expected to receive some assistance from his owner, Corcoran, if it develops into a close thing in the stretch.

Not being in position to give an expert on-the-ground appraisal of the two champions, we asked Ben Jones, the world's richest trainer, to try to split them. His prompt reply was sharp and biting.

"In this case," Ben says, "I've got out two wonder bids, I could bet on him, though, at that short odds. He'd better not give Arcaro an opening."

The official Australian tennis team of Ken Rosewall, Lewis Hoad, Ian Ayer, Mervyn Rose and Clive Woodward begins its European tour in the Rome championships on Monday. Wilderspin, a newcomer of 22, upset Hoad in the Aussie national championships last January.

It is plain that the Australian Davis Cup Committee intends to play its two wonder bids, Rosewall and Hoad, both in singles and doubles in next winter's challenge round at Melbourne. The team of Rose and Don Candy, which defeated Frank Seigman and Ken McCrear in last year's New South Wales title meet, has been broken up and Rose commanded to pair himself with some member of the touring squad.

Can't say that this materially improves our chances of winning to big mug back. Those juveniles play doubles about as well as they do singles, and they play a very long time without tiring.

Bill Summers, the veteran American League umpire, says that battle royal between the Yankees and the Browns at St. Louis the other day was the worst he has seen in his 20 years in the game.
