

CAPONE NEARS FEDERAL PEN ABOARD TRAIN

States He's Through With Rackets While Enroute To Prison; Heavy Guards Kept

ABOARD CAPONE TRAIN ENROUTE TO ATLANTA, May 4.—(A.P.)—Al Capone, disillusioned and dejected gang chief, approached Atlanta federal penitentiary today with the assertion he is "through with rackets." Tonight he will start serving an 11-year sentence for evading income taxes. Capone, sitting up hope at last, said there is "nothing to do but to make the best of it."

As his train entered the Southland the gangster feasted and kept up a rapid fire conversation with guards, but did not try to hide his disappointment. At every stop from Chicago to Atlanta, provisions were made for local police to watch the train from the outside while nine guards kept a vigil inside his car.

Capone, sentenced to 11 years in federal prison for income tax evasion, was started for Atlanta penitentiary, after a last minute shift in plans. It previously had been understood he would be sent to Leavenworth.

The government, in seeking to keep the various convicted members of the Capone gang as widely separated as possible, decided to send him to the southern prison, far from the scene of his operations here. Others of his former henchmen are in widely separated prisons.

Ralph Capone, Al's older brother, is in the McNeil's Island prison on the West Coast, while Jack (Duke), Gene, Sam, Sonny, Deagan and Frankie Lane are serving their terms in Leavenworth.

The beginning of Capone's 11-year sentence, probably tonight, will mark the end of a bitter fight through the federal courts, and is hoped by public officials to be the beginning of the end of his machine gun rule of the city's underworld.

The last legal obstacles preventing the gangster's removal to prison were eliminated yesterday as soon as official notice was received.

Report On Beer Bill Says Legalization Would Hurt Rather Than Aid Recovery

WASHINGTON, May 4.—(A.P.)—Sharply conflicting views on the effect of legalizing beer were presented to the Senate yesterday as its Manufacture Committee reported adversely a bill to permit manufacture of 4 percent brew.

A committee majority of seven asserted in a report prepared by Senator Hatfield, Republican, West Virginia, that it would "add to enforcement difficulties" and retard rather than accelerate economic recovery.

A minority of four, in a statement presented by Senator Metcalf, Republican, Rhode Island, said beer would promote temperance and provide revenue and employment. It decry prohibition, saying its effect "seems to have been the driving of people to hard liquor with a resultant increase in drunkenness, deaths from alcoholism and general lawlessness."

The majority opposing the beer bill comprised Senators Hatfield, McNary, Republican, Oregon; Goldsborough, Republican, Maryland; Cutting, Republican, New

JAP MARINES ALMOST DEFY U.S. SOLDIERS

Patrol Invades American Settlement In Search For Chinese; Leaves Reluctantly

SHANGHAI, May 4.—(A.P.)—A Japanese marine patrol invaded the American Settlement last night, ignored police protests, indiscriminately attacked Chinese civilians and attempted to defy United States troops until a battalion of the Thirty-First Infantry forced them to withdraw.

The Japanese yielded sullenly and with threats to return in force regardless of the American troops, but a clash between the blue-jackets of Nippon and the infantrymen, who have been on duty since the Shanghai war, was averted by a narrow margin.

The incident rose out of Japanese charges that Chinese in the American defense sector of the settlement had been harrying stones across Soolow Creek at Japanese Chapeau on duty in the native Chapeau sector which was almost destroyed during the recent hostilities. It was in view of possible renewal of such stoning that the Japanese threatened to return and exact vengeance.

A strong guard of the Thirty-First Infantry was posted throughout the affected district after the controversy.

The Japanese invasion occurred in the neighborhood of the Wu-chow Road bridge, not far from the Sinwa water-tower. The recent bombing of five high Japanese officials in Shanghai and the present interruption of negotiations for a truce in the Shanghai conference.

Milane Theater's Straw Vote To Be Launched Tonight

The Milane Theater's straw vote gets under way tonight, and an added attraction, all candidates for office of sheriff of Seminole County will be heard in two-minute talks on the subject of citizenship.

Each person purchasing an adult ticket for the performance, will be handed a "Milane Theater straw ballot" which he will be asked to fill out and place in a ballot box before leaving the theater. Two judges will be appointed to count the votes, and the results will be announced in The Herald tomorrow afternoon.

A similar ballot will be handed adults on the following Wednesday nights, and the cumulative total will be announced in The Herald on each day following.

Candidates for the legislature, Senate and circuit judgeships, will be invited to speak on future programs, it was announced by J. L. Marquette, manager of the theater.

Patman Withdraws Charge That Mills Will Profit By Provision In Tax Measure

WASHINGTON, May 4.—(A.P.)—A charge, quickly withdrawn, that Secretary Mills "will profit by many millions" through a provision of the tax bill he helped to frame, yesterday wrote a melodramatic finish to more than three weeks' testimony on cash payment of the soldiers' bonus.

Representative Patman, Democrat, Texas, a leading bonus sponsor, made the assertion shortly before the House Ways and Means Committee ended its hearings and prepared to consider in closed session the plan for making the bonus payment with \$2,000,000,000 of new currency issued for that purpose.

Patman's statement drew a storm of protests from both Democratic and Republican committee members that it was withdrawn. The Texas said:

"On the statement of the acting chairman, I shall be very glad to exonerate the secretary of the Treasury."

Representative Crisp, Democrat, Georgia, who presided, had advised Patman that Mills declined any comment on the tax section referred to, which authorized the revaluation of estates left between Sept. 1, 1928, and Jan. 1, 1932.

Secretary Mills said he did not care to comment because he would be a beneficiary, Crisp said.

Representative Treaway, Republican, Massachusetts, told Patman he was "slapping this com-

mittee very unfairly when he says we have been influenced by government officials." Representative Doughton, Democrat, North Carolina, interjected that Mills' attitude "was not subject to criticism," while Representative Childloom, Republican, Illinois, quoted the Treasury head as saying during consideration of the retroactive estate provision:

"The Treasury does not propose to make recommendations because my father died at the height of the boom." The secretary's father died Jan. 28, 1929.

Patman's charge was that Mills and his attorney worked with the revenue committee on the tax bill and were in position to exert "considerable influence" in its drafting. He said the section allowing an 18-month revaluation period on depreciated estates "will be equal to an inside burglary of the Treasury."

"This provision presents an effort on the part of the secretary of the Treasury to receive personally a large sum of money at the expense of the other taxpayers of the United States," his statement said.

Robert L. Owen, of Oklahoma, former chairman of the Senate Banking Committee, closed for the bonus sponsors. He endorsed an amendment to the Patman bill for an issue of government bonds to be sold if the purchasing power of the dollar should fall too low under a new currency issue.

The elimination of the one-fourth of one percent tax on stock sales removed \$48,000,000 in revenue from the estimated yield of the House bill.

The Treasury reported yesterday that the deficit for the first 10 months of this fiscal year stood at \$2,381,000,000.

With the revenue bill almost completed last night, the finance committee was admittedly looking about for more sources of funds. Import duties on rubber, coffee, tea and cocoa were under serious consideration.

The New York Stock Exchange has contended that the House tax rate would put it out of business. Secretary Mills recommended the four cents a share rate, which was adopted on motion of Senator Gurnea, Democrat, Oklahoma.

POSTAL RATES ARE RAISED BY SENATE GROUP

Finance Committee Is Struggling To Find Enough Revenue To Counteract Deficit

WASHINGTON, May 4.—(A.P.)—Postal rates were raised and stock sales levies modified yesterday by the Senate Finance Committee as it struggled to raise enough revenue to offset the growing Treasury deficit and the dying House economy bill.

The tax of one-fourth of one percent on stock transactions, put in the revenue bill on the floor of the House, was eliminated and a flat levy of four cents a share substituted.

The House increase from two to three cents in the first class postage rate was approved and the committee also reached out for five million dollars more by boosting the second class postal rates to the high 1921 schedule.

The House provision permitting revaluation of the estates of those who died between Sept. 1, 1928, and Jan. 1, 1932, to allow for shrinkage of security values for inheritance tax purposes, was rejected.

Against—LaFollette, Republican; Harlan, Connally and Oostgen, Democrats.

STORY RELATED OF CAPONE RISE TO SOVEREIGNTY

Nervous Flight Of His Boss Gave Gangster Underworld Sway

CHICAGO, May 4.—(A.P.)—Bullets fired by his sworn enemies, made Al Capone king of Chicago's gangland.

The feud was aimed at Johnny Torrio, first lord of the post-Volstead underworld, who controlled Chicago and vice on the South side and in adjacent suburbs. It failed to kill Torrio, but wounded and frightened, he abdicated in favor of Capone, his lieutenant. He fled to St. Petersburg, Fla., where he still resides.

Thus the scar-faced chieftain began to reap a fortune in a half-dozen extra legal activities.

Graduation Class Of High School To Boast At Least 70

The graduation class of seniors at Seminole High School this year will contain the names of at least 70 students, according to an official list released today by Prof. G. E. McKay, principal of the school.

Of the 70 students who have completed all work for graduation except that of the last unit, 46 are girls, and 24 are boys. Prof. McKay declared that there is a possibility that a few other names will be added to the list when required work is made up.

The following students will be graduated in June:

The Misses Elizabeth Adams, Ethel Holly, Eleanor Cameron, Lois Couch, Eleanor Corington, Ruby Currey, Camilla Dean, Marjorie Forrest, Susan Gantt, Mary Garrett, Hazel Greer, Dorothy Halton, Louisa Hickson, Barbara Hill, Doris Hopkins, Lois Hunt, Mary Hurt, Ruth Johnson, Ann Jones, Catherine Kelley, Jean Laney, Gracelyn Lewis, Mary Stewart, Clara Farham, Ruth Freeman, Frances Pearson, Rose Pitt, Emily Priest, Margaret Pranger, Mae Purdon, Irma Rife, Lois Shelly, Donnie Ringler, Elizabeth Smith, Juanita Smith, Viola Hill, Christine Stouffville, Pauline Stouffville, Hazel Toy, Jean Thompson, Catherine Tubb, Marjorie Turner, Margaret Warner, Conely Waters, Minnie Waters, and Frances Wilson.

BEAR RAID UPON DOLLAR IS BEING STAGED ABROAD

Markets Are Nervous Over Legislation To Inflate U. S. Money

NEW YORK, May 4.—(A.P.)—Foreign money markets, which have shown evidences of nervous chills whenever the suggestion of possible inflation of American currency is mentioned, yesterday began selling dollars and putting their dollar balances into other currencies.

Foreign exchange authorities said the movement began in Europe and later extended to American markets. They said the shifting of international funds from America to foreign centers was the distinct reaction of the world to the passage of the Goldsborough bill by the House, directing the federal reserve to regulate commodity prices to the level of about 1926 by manipulation of currency and credit.

While assurances were cable to foreign centers that no unbridled currency inflation plan was contemplated, selling of the dollar continued. Some of the selling was regarded as speculative.

The American dollar wobbled in France, Belgium, Switzerland and Holland. As a result, the currencies of all those nations were quoted above the gold export point—or that price at which it is cheaper to ship gold from New York in payment of foreign obligations than to buy the currencies of those nations with American money.

The currencies of Belgium and Holland went to new high prices for the year. The Dutch guilder, a gold currency, was conspicuously strong and exchange dealers reported heavy shifting of balances to Holland. The guilder closed at 40.58 cents for cable transfer.

Other foreign currencies which are well cemented to a gold standard showed strength at the cost of the dollar. Belgian francs advanced .04 of a cent to 14.05 cents. French francs were up 7.16 point to 3.94 cents, reversing the franc's recent down trend and again putting it above the gold point.

Warning Is Given On Solicitor Of Funds

Mareno Fagg, state superintendent of the Children's Home Society of Florida, has issued a warning that all persons should watch for a man traveling about this state in a Jordan automobile, soliciting funds for the Society.

Mr. Fagg declared that this man, or any other collecting funds for this purpose, is an impostor, for the Society has no solicitors at any time. He urged the co-operation of police and private individuals in bringing this man to justice. The man was last heard of at Bradenton, he said.

GRAND JURY WILL GET EVIDENCE IN CLARKE'S DEATH

British Flier Is Being Held In Connection With Mystery Case

MIAMI, May 4.—(A.P.)—All evidence by which the state seeks a murder indictment against W. N. Lancaster for the mysterious shooting of Helen Clarke, will be in the hands of the grand jury by tonight, State Attorney Vernon Hawthorne said today. The jury is not expected to report before Saturday or Monday.

Lancaster, a former British flier, is held in jail on a murder charge preferred by Hawthorne in connection with the death of Clarke, who was shot in bed in the home of Mrs. J. M. Keith-Miller, Australian aviatrice, here recently.

A mass of documentary evidence was taken before the grand jury consisting of letters from Lancaster's diaries.

Lancaster was jailed Monday night on a charge preferred by State Attorney N. Vernon Hawthorne. The charge was made after the flier admitted writing and signing the suicide notes.

"Of course," he said as he sat on the cell cot, "I know it is not possible to defend myself but I know that I am innocent of the boy's death."

As Lancaster spoke, he looked severely at two pictures of Mrs. Jessie Keith-Miller, his flying partner for the past five years, and at whose home he and Clarke were living when the latter, collaborating in the preparation of the woman's life story, was mysteriously shot.

"Another thing," Lancaster said, "I do not blame Mr. Hawthorne for holding man in connection with the case."

There is the circumstantial evidence against him, he continued, particularly the two notes which he admitted writing after he said he was awakened by the explosion of a pistol as Clarke was shot lying in bed.

"If I were in Mr. Hawthorne's place, and had such circumstantial evidence, I should know it was my duty to hold him."

Election Clerks Are Considered By County Commission

Selection of election clerks who will sit at polling booths throughout the county on June 7, occupied a major portion of the May meeting of the County Commissioners at the Court House yesterday.

Each Commissioner presented the names of suggested clerks, and a complete list was temporarily sketched, subject to the okay of the persons who have been appointed. County Clerk V. E. Douglas will visit the various communities during the week to arrange for the erection of booths at the most advantageous location in each community, and will contact with each person who has been selected to ascertain if he is willing to act as a clerk.

SALVATION ARMY OFFICIAL VISITOR ON EVE OF DRIVE

Will Study Local Conditions And Outlook For Drive's Success

Some indication of the thoroughness and efficiency which is adopted by the Salvation Army in its yearly work and during the days of its annual maintenance drive is indicated in statements made by Brigadier Alfred Taylor, commander of the Army for Florida and Georgia who visited here today.

His visit was prompted by a desire to study local conditions and the prospects for the success of the coming drive for \$4641.10 which is needed to operate the local post for another year. He wished to ascertain if the Army's program in Sanford could be improved in any way, and to voice the experience of several years as a director of units in the national Army.

He expressed pleasure that copies of the budget of operating expenses had been placed in the hands of each member of the local Advisory Board, and suggested that any persons wishing to know what becomes of the funds derived during drives, should spend a few moments with any member of the Board, or call at Army campaign office in the Melach Building, where Ensign Charles Johnson, state representative, or Captain Annie Harris, commander of the local post, will explain details.

Regarding the handling of the Post's finances, Brigadier Taylor expressed himself as follows:

Stage Is All Set For Chuluota Barbecue

Fully 40 candidates for state and county political offices will be present at Chuluota tomorrow at 11:00 o'clock, where they will be heard in short addresses on their candidacies as a feature of the annual free barbecue and basket picnic staged by N. C. Jacobs and S. V. Long, residents of that community.

Candidates for county offices will be given an opportunity to speak during the morning, while, starting at 1:00 o'clock, after a free barbecue has been served, candidates for the major county and state offices will begin speaking.

Mr. Long estimates that enough food will be prepared to take care of a crowd of at least 3000 persons, and he extends an invitation that all voters in this county attend the affair.

School Board Guests Of Diatetics Class

The Seminole County School Board, and a few other guests, today enjoyed a luncheon of all Florida products which had been prepared by 50 freshmen girls who have recently completed a 12-week course of study on foods and diets at Seminole High School under Mrs. D. D. Smith, and Miss Mahal Wilson.

Among the guests present at the luncheon were: Fred T. Williams, chairman; C. W. Culpeper, W. M. Haynes, T. W. Lawton, of the school board, Prof. G. E. McKay, and Alex E. Johnson.

The food was prepared and served by the girls, each of whom had passed the required test to give her ability as an adept pupil of home economics. The luncheon was one of a series of similar events marking the closing weeks of school life in this county.

Four Defendants In Honolulu Slaying To Serve One Hour Each

HONOLULU, May 4.—(A.P.)—The four Americans convicted in the Honolulu case were sentenced to 10 years imprisonment with hard labor, but Prosecutor Kelley announced that Governor Poindexter has agreed to commute the sentences to one hour imprisonment each.

ROOSEVELT LEADING IN ALABAMA'S BALLOTING

MONTGOMERY, May 4.—(A.P.)—Alabama's 24 votes in the Democratic National Convention were almost in the grasp of Franklin Roosevelt. Tabulations from a third of the ballot showed A. E. Carmichael had 56,032 votes to lead the Roosevelt ticket against Hugh Maloney, leading unopposed group, 45,567.

MIAMI BEACH—Building permits aggregating \$15,000,000 were being secured here.

SANFORD LOSES TO ORLANDO IN DIAMOND BALL

Test Is Carried To 11 Innings Before Decision Is Reached

BY E. H. Cullen
Building 11 innings before a decision could be reached, Orlando today overcame Sanford in the diamond ball.

Palmer pitched the first four innings for Sanford, allowing three hits for three runs, Al Sanders home run in the fourth, with one on accounting for all three runs. For the first three innings Palmer allowed the Orlando team only one hit, Overstreet first man up in the first inning getting a single. Johnny Hodge went into the box in the fifth, and is therefore credited with the loss of the game.

Nellie Menges started for Orlando and lasted four innings. Bebe Daniels, first up for Sanford in this inning poled one to deep left for the circuit. Sanford put over another run in the second, the result of Bolly's double and Malley's single, giving them a two run lead, which they lost in the fourth. Going into the last half of the ninth inning three runs behind, Weaver, first up, drew a walk, Thompson, forced Weaver at second, Cordell flew out, Hunter singled, scoring Thompson. Sanders singled, bringing in Hunter, Bender scoring on Bolly's single trying the score into a hard knot which was not broken until the eleventh inning.

Sanford had its best chance of winning the game in the tenth, when Kelly, first up to face Sanders who went into the box in that inning, got a double and stole third. However, Sanders struck out Palmer, Bach and Weaver in succession.

Going into the eleventh inning, Flynn, first up, flew out, Shepp hit to Hodge who tossed the ball over to Hunter for the put out. However, Hunter dropped the ball and Shepp was safe. Overstreet doubled, scoring Shepp and breaking the tie. Kerr doubled scoring Overstreet. Peel hit to Bach, who fumbled in the error; Sanders drew a base on balls, filling the bags. Kelly hit a high fly to Bolly, who as he went to catch the ball, stepped into a hole in the left field and causing him to drop the ball; this accounted for three more runs, Parham tripled, scoring Teles, Parham scoring on Elliott's out at first, Mott went out at first to end the agony, but even runs had trickled over in this inning, and as Sanford could not push over but one run in their half, the game ended with Orlando on the long end of a 22 to 16 score.

Overstreet, for Orlando and Claude Kelly for Sanford shared honors in hitting, each being credited with four hits out of five times up.

While Sanford outthrew Orlando, getting 19 hits to Orlando's 15, they were unable to come through when hits meant runs.

Al Sanders, two homers, accounted for seven of Orlando's runs. Hunter for Sanford and Overstreet for Orlando also hit for the circuit, each bringing in a runner.

Tonight the Local League opens up, with Company D facing the strong lineup and a good battle with the Growers. Both teams have it in prospect. Thursday night Firestone and Medical Corps clash, while the Sanford team goes to Winter Park. Friday night the Girls play the Orlando girls.

Motherhood Seen As Advantage To Stars Of Screen

HOLLYWOOD, May 3.—(A.P.)—Intrinsic advantages of parenthood have become, surprisingly to many, as helpful a part of the Hollywood career as good voices were when the films went vocal.

Some of the brightest stars, beautiful of recent offspring, find their popularity as reflected at the box office is increased, indicating motherhood or fatherhood is anything but an impairment to art and glamor. Others are happily public in their announcement of impending interesting events.

When Norma Shearer added motherhood to her accomplishments three years ago, some of her friends were doubtful. But it wasn't long before everyone knew she had become even more alluring to fans.

Bebe Daniels and Bessie Love were next among the more notable, and then Vivian Duncan. Their popularity grew.

When Gloria Swanson became a mamma the first time there was not the slightest halt in her professional advance. Now a child has been born to her and Michael Farmer without any indication that it will keep her away from great screen triumphs.

Once Hollywood's elect kept blessed events a secret, and contained penalties for parenthood on the theory that domesticity destroyed romance.

Now Mary Astor, Helen Twelvetrees, Sue Carol and Florence Vidor make it known far in advance that they will be mothers this year.

Mary Astor and Dr. Franklin Thorpe have decided their baby shall be born in Honolulu. Sue Carol and Nicholas Stuart will return from the East to Hollywood for the great day. The baby of Florence Vidor and Jascha Heifetz also is to be born in Hollywood. Helen Twelvetrees and Frank Woody expect a child in October.

Dolores Costello and John Barrymore have one child, and they volunteer the information that another is coming.

Food Specialist To Give Performances

As a good-will offering to the house-keepers of Sanford, the Sanford Independent Grocers Association has arranged with Charles B. McFerrin, food specialist of Orlando to give two of his novel educational entertainments on Wednesday and Thursday, May 4 and 5 at the City Hall, at 3:00 o'clock.

His subjects are said to be exceedingly interesting, and highly entertaining to both men and women. As a food scientist and specialist for many years, Dr. McFerrin has collected a mass of helpful hints relating to diet, health, and food problems.

The members of the Association believe that Dr. McFerrin's appearance here will be greeted by large audiences, and that much good will be done by the McFerrin educational entertainments. Those attending are requested to bring note book and pencil, and men as well as women are invited.

SOCIALIST GAINS IN AUSTRIA SEEN AS SIGNIFICANT

Provincial Elections Show Decided Leaning From Bourgeois

VIENNA, May 3.—National Socialist gains at the expense of bourgeois parties, especially the Christian Socialists and Pan-Germans, are a significant feature of the provincial elections held over the week-end in Vienna, lower Austria and Salzburg.

In Vienna, though the Social Democrats triumphed as was expected and now have 65 out of 100 mandates, almost a two-thirds majority, the National Socialists with formerly no representation now have 15 seats. The Christian Socialists mustered only 19 seats, losing the right to nominate the Deputy Bürgermeister.

The gains of the National Socialists outside Vienna necessitate cooperation of the Social Democrats and moderate bourgeois parties to maintain normal administration. Though the Communists won no seats in any provincial diet, it is significant that both in Vienna and lower Austria their votes are double those of the last election.

Elections for the provincial diets take place every five years. Since the last elections the number of representatives has been reduced, so that in Vienna, for example, instead of 120, there will be henceforth only 100.

Everything points to there being very little change in the constitution of the parties in the new diets. In Vienna, the Social Democrats will again form the large majority, and in the provinces the Christian Socialists will control policy.

With the exception of a few industrial centers like Wiener Neustadt and St. Pölten, both in lower Austria, it can be said that the two big political parties work together in more or less tacit understanding in local affairs in the country. But in Vienna it is quite different. Here the election campaign was conducted by both Social Democrats and Christian Socialists with great energy.

Vienna holds the key to Austria, not only because it is the capital but also because it has more than one quarter of the total population, and is the bulwark of Socialism against the conservative countryside.

For the last 13 years, Austrian Marxism has ruled at the Vienna Rathaus; municipalization of building, business and banking has gone on apace during this period at the expense of private enterprise.

In their program, the Social Democrats point to the great work done on behalf of the poorer sections of the community in supplying them with up-to-date tenements at cheap rentals, to the excellent public baths and the stadium erected, to the public gardens, and to one of the most modern school systems in the world.

The Christian Socialists reply that all this has been achieved by "reducing the middle-class to the level of a proletariat, that it is quite false economy."

Where moderate enlightened opinion in general agrees that some compromise could be effected, it is in regard to the municipal housing program and the present taxation system. More than 800,000,000 schillings (\$14,000,000 at par) have been sunk in municipal houses, and it is felt that either the future housing program must be considerably reduced or rents must be raised until they give something approaching an economic return on capital. At present they are far from such a condition.

SUB-MACHINE GUN FOR INFANTRY IS PROVED SUCCESS

Tests On Small Arm For Foot Soldiers Highly Gratifying

WASHINGTON, May 3.—The War Department's long search for a deadly sub-machine gun to be carried by a single soldier appeared yesterday to be near a successful end.

Tests on the Garand .276 caliber rapid-fire gun, recently carried at Fort Benning, Ga., were described by officers as highly satisfactory. However, the War Department, out of its 1932 appropriations, has just ordered construction of eighty .30-caliber automatic rifles of similar fire-power for service tests and a choice will be made between the two designs. The .30's will be manufactured by the Government armory at Springfield, Mass.

Every nation in the world has concentrated its energies since the great war on the perfection of a practical automatic rifle. The war period failed to produce one. This arm is considered by military technicians as of signal importance. Its perfection, some officers predict will lead to a complete reorganization of infantry.

It is estimated that a company of 125 men, armed with the new gun, would have superior firing power over a company of 250 men equipped with the present five-shot Springfield rifle.

Along with these developments there came to light yesterday the story never revealed before, of a rapid-fire appliance for the ordinary Springfield rifle which the United States Army developed toward the end of the World War. This device was being held for a "surprise party" against the German forces early in 1919, but the

Testimony Given New Money Issue Would Be Menace

WASHINGTON, May 3.—(A.P.)—Testimony that a \$2,400,000,000 issue of new money would upset the national currency and impair Federal reserve banking control was the opposition's last word yesterday against redemption of veterans' bonus certificates.

Dr. E. A. Goldenwiser, research economist for the Federal Reserve Board, left this advice with the House Ways and Means Committee. Sponsors of the plan will take the stand today in rebuttal.

John Janney, chairman of the executive board of the American Society of Practical Economists, said the new-money plan would be a calamity.

Janney recommended that Congress restore the purchasing power of silver through the purchase of one billion ounces.

"This action would stabilize and relieve gold of the heavy pressure it now carries," he said. "It would restore the purchasing power of gold."

Goldenwiser said "when currency is issued and there is no demand for it, it comes right back into the Federal reserve system."

Just before people do not carry money in their pockets and the banks do not keep more in their vaults, for it is a dead asset. "The banks would liquidate their debts with the reserve system and the system would be left high and dry. It would prolong the depression."

Herriot Is Likely Head Of Coalition Regime In France

PARIS, May 3.—(A.P.)—A liberal coalition government headed by the veteran statesman of the left, Edouard Herriot, last night became a possibility for France on the face of radical socialist victories in Sunday's election.

The issue will not be decided until next Sunday, for less than one-third of the 614 seats of the chamber of deputies were filled on the first ballot. A second vote will be necessary on 361 seats.

The radical socialists emerged from the preliminary test with 63 seats while the left Republicans of Andre Tardieu, present premier, lost heavily, placing only 37 candidates in the victory column.

Influential newspapers admitted Sunday's swing toward the radical socialist left, but rejoiced that this movement had not gone to the extreme of socialism or communism. The strong position obtained by the radical socialists in the larger cities was generally attributed to unemployment among the working class.

Little change in the French foreign policy would be made by M. Herriot.

J. Pierpont Morgan Is One Collector Who Reads Books

NEW YORK, May 3.—(A.P.)—J. Pierpont Morgan, who made the world-famed Morgan library available to scholarly sections of the public, is one of the few living collectors who reads his own books.

Miss Belle de Costa Greene, custodian of the Morgan bibliophile's treasures said years after some book or rare manuscript has been sought and catalogued, he will ask for it, naming the exact shelf on which it is to be found.

"His mind is photographic," she said. "He can stand before a shelf for a short while and then locate for the position of any book, should he ever want it in days to come."

Miss Greene's work is law in the two marble buildings which house the library. The idly curious are not admitted, but scholars and scientists, properly recommended have free access to the priceless photographs, illuminated manuscripts and early printed books.

ATLANTIC CITY, N. J., May 3.—(A.P.)—With the avowed intention of "finding an answer to the world" for its spiritual and temporal troubles, the general conference of the Methodist Episcopal Church opened its quadrennial convention yesterday.

REPORTS INCOME

NEW YORK, May 3.—(A.P.)—The Skelly Oil Company reports income of \$329,588 for the quarter ended Mar. 31 after taxes, interest, depreciation, depletion and other charges. This compares with net loss of \$778,345 in the first quarter of 1931.

STARKE—Former DeWitt C. Jones Hardware Building Being Entirely Remodeled Preparatory to Occupancy by Branch Store of Baird Hardware Co.

FOR the last three years this Company has conducted an intermittent advertising campaign of "Buy Florida Grown and Florida Manufactured Products" primarily to bring to the attention of the people of the state the value of consuming these products grown and manufactured in the state, which are equal, and in some respects superior, to those imported.

The work of the State Department, the Department of Agriculture, the University of Florida, Florida Marketing Bureau, Extension Club, women's clubs, Parent-Teacher Associations, and individual and collective cooperation in this campaign, has wrought a remarkable change in the attitude of the people of Florida toward the products grown and manufactured in the state.

The Commissioner of Agriculture states that in 1927 Florida imported \$127,800,000 worth of meat, feed, dairy and poultry products for its own consumption, and that in 1931 the total import of these products was reduced to \$60,000,000. The figures specifically are as follows:

ITEMS	1927	1931
MEATS	\$ 48,000,000	\$ 20,000,000
FEED	48,000,000	28,000,000
DAIRY	22,000,000	6,800,000
POULTRY	12,800,000	4,800,000
TOTAL	\$127,800,000	\$ 60,000,000

During the year 1931, Florida consumed \$128,922,000.00 worth of these products. Of this amount \$25.00 per cent was of home grown products. An additional \$25.00 per cent of home grown products was used in the manufacture of other products. The rate of increase in Florida grown products is 5:1 up, within a few years Florida will not only supply its own needs, but will be in a position to export its surplus advantageously.

There has been an earnest and consistent effort on the part of local growers and manufacturers to produce products that would gradually sell themselves and upon the state of Florida. Further cooperation with the producers on the part of all consumers in Florida, will bring about a progressive agricultural and industrial situation in the state.

Sophisticated Film Opening At Miami
One of the most delightful motion pictures to reach the local screen in many a day is "Strictly Dishonorable." Universal's sophisticated comedy, which opened its engagement today at the Miami Theater.

In the subtle pliancy of its story, the brilliance of its dialogue, and the acting of its players, even down to the smallest role, this screen play is a position gem. And it is noteworthy that there is not an "extra" in the picture. The cast is not large, and every role is an "acting" part.
Paul Lukas is quite in character as the sentimental lover, and delivers a performance bound to increase the rapidly growing circle of admirers who are following the story. It is simply delightful as the innocent sweetheart, and Lewis Stone's performance as an older man never been better demonstrated in the picture. The picture is a gem, and the picture is a gem.

Daughters Of Wesley Class Is Given Party

With Mrs. C. E. Gormley, Mrs. S. E. Jones, Mrs. O. M. Estridge, Mrs. J. P. Thurmond, Mrs. R. L. Robertson, and Mrs. W. A. McMillen as hostesses, a May Day party was given last night for the members of the Daughters of Wesley Class of the First Methodist Church at the home of Mrs. Gormley on Magnolia Avenue. Mrs. M. L. Wright presided over a short business session which preceded the party.

The guests were entertained on the lawn of the Gormley home where two Maypoles had been erected. After the Maypole dances, Mrs. E. B. Stowe was crowned Queen of the May, and Mrs. C. E. Whittington, Mrs. T. L. Sullivan, Mrs. M. H. Spencer, and Mrs. J. O. Adams were selected to be her maids. Accompanied by Mrs. J. W. McKinnon, Miss Mildred Nix rendered several violin solos, and Mrs. George Hardin gave several vocal solos with Mrs. Burke Steele as accompanist.

A color scheme of pink and white was developed by the party decorations and by the refreshments which were served late in the evening. Those present were: Mrs. Collins Brown, Mrs. George Hardin, Mrs. E. J. Thill, Mrs. O. R. Keisler, Mrs. T. L. Sullivan, Mrs. J. W. McKinnon, Mrs. Burke Steele, Mrs. E. B. Raiford, Mrs. O. E. Story Related Of Capone Rise To Sovereignty

(Continued From Page One)
taining his power through mob funds that reputedly cost a thousand lives.

Capone, just turned 31 and with the general appearance of a section hand, came to Chicago in 1919 as a bodyguard to "Big Jim" Colosimo, baron of the dives of the "turbulent twenties."

The jagged furrow which marks his left jaw, received, he claimed, with the "lost battalion" and which police say is a memento of the Five Points crowd in Brooklyn, soon earned him the sobriquet "Scarface Al."

"Big Jim" was assassinated in 1920. Torrio, with Capone as his aid, caught up Colosimo's rackets, recruited hoodlums attracted by the initial liquor syndicate in Cook county.

Under the name of Al Brown, by which he was known as manager of the Four Deuces cafe, he was arrested for the murders of two men but released when seven witnesses refused to identify him.

But the growing power of the Capone-Torrio forces did not go unchallenged.
Dien O'Banion, with the corps of gunmen, had command of the North Side alcohol business; the six Genna brothers cooked moonshine in the "blood valley." On the West Side the O'Donnells, and on the South Side the Bellis-Eriane gang established themselves.

Then mutual jealousy, suspicion and greed brought the first shot in the gang war. O'Banion, hand extended to three "friends," was shot to death in his floral shop opposite Holy Name cathedral, Nov. 10, 1924. Two months later Capone's town car was riddled with slugs and his chauffeur was wounded. He was saved by a premonition which prompted him not to ride that night, but a war which took more lives than many Latin-American revolutions was on, and to a finish.

Within a fortnight two O'Banion followers made the attack on Johnny Torrio that resulted in his evacuation and at this juncture began the regime of Al Capone.

The entire Genna ran was almost wiped out in reprisal. "Sammo" Amatuna and Henry Spignola died by the guns of gang members; Assistant State Attorney William H. McGowan, Thomas Duffy and James Doeherty were machine gunned to death; Vincent Druehl, North Side leader, was shot down in mid-day on busy Michigan Avenue; Tony Lombardo, head of the Union Sicilians, was strangled and killed; the power of the seven Aliele brothers was crushed and most of the clan assassinated, as were a host of lesser lights.

The bloodiest coup of all came Feb. 14, 1929, when four, murderers sauntered into a north Clark Street garage used as George "Bugs" Moran beer base and lipped seven men along the wall. At the leader's signal, all seven were slaughtered by gun fire.

Capone was arrested half dozen times, here and in Miami, Fla. but witnesses invariably became dumb when confronting the gang leader. Beyond three convictions for gunning and one for contempt, he was not involved in serious difficulty with the law until the income tax case.

JAP MARINES ALMOST DEFEY U.S. SOLDIERS

(Continued From Page One)
file had increased tension and the bluejackets swarmed across the bridge to seize Chinese accused of throwing stones.

They climbed the locked gates at the bridgehead and launched an indiscriminate attack on all Chinese in sight, using stones, bayonets and rifle bullets on the civilian victims of the affray. Many Chinese were maltreated, about a score or more were injured and some were taken to hospitals in a serious condition.

Municipal police were summoned from the Sinza station, but their attempts to end the affair were futile. The sturdy, grim-faced marines ignored them and continued their attack on the Chinese. When the police attempted to interfere they were threatened with violence.

Police reserves were called. As they arrived, the Japanese Marines were dragging two Chinese coolies from a house. The coolies screamed and fought against their captors. The police called upon the Japanese to hand over the prisoners, who were subject to arrest only by the municipal authorities.

The marines flatly refused and the police appealed to the Thirty-First Infantry. A battalion of American troops under command of Maj. Leonard Townsend Girou arrived double-time from their billets.

Major Girou demanded of Lieutenant Commander Katsumo, in charge of the Japanese, that the prisoners be surrendered and that the Japanese return immediately to the Chapel district. Katsumo first attempted to defy the command and there was a heated argument, after which the Japanese commander yielded.

Katsumo reiterated the charges against the Chinese and declared that in event of recurrence of stoning of marines, the Japanese would return in force and exact vengeance "no matter who interferes."

Gagner Increasing Margin Of Votes In California's Poll

SAN FRANCISCO, May 4.—(A.P.)—A steadily increasing margin of votes piled up for Speaker John Garner in California today as his backers claimed victory in the triangular Democratic battle of the state presidential primary, taking the lead from the ticket of Governor Franklin Roosevelt by his strength in populous Los Angeles county.

Texas upset general predictions in favor of the New York executive. Returns from 722 precincts out of 10,271 gave Garner 165,862 and Roosevelt 132,083, and Alfred Smith 118,322.

Salvation Army Official Visitor On Eve Of Drive

(Continued From Page Three)
"All cash received in the annual appeal and all collections made on subscriptions each month, are deposited, and the treasurer, Linton B. Allen, signs a check once each month for one-twelfth of the amount finally raised in cash. This amount is turned over to Captain Harris, who deposits it in the current expense account, and draws checks for the payment of all bills incurred in conducting the monthly operations.

These canceled checks, along with a bank statement and receipted limited vouchers, are systematically kept on file at headquarters, subject to a semi-annual audit. An elaborate book-keeping system, both for cash and services rendered, is kept daily. In addition, latest record forms are used in tabulating all information relative to cases in the family relief and transient relief departments, along with a complete written history of each case, and copies of correspondence filed.

The campaign to raise the annual budget, which this year totals \$4561.16, starts next Wednesday morning for two days. An army of workers will take the field to make a systematic canvass of the city, in the hope of gaining this sum in cash or pledges as soon as possible.

H. R. Stevens is general chairman of the drive assisted by the Advisory Board composed of A. T. White, president, W. A. Lefler, vice-president, Linton E. Allen, treasurer, Mrs. Arthur Banan, S. O.
