Red Negotiator Named By China

TOKYO (AP)—Wang Ping-nan, Red China's choice as negotiator in the Geneva talks with the United States, holds high rank in Chinese Communist circles and is a close associate of Chou En-lai, premier and foreign minister.

Peiping radio announced Wang's selection yesterday soon after President Eisenhower told a press conference the Geneva session starting Monday could lead even-

Smathers Helpful In Getting Bill Slated For Action

WASHINGTON, D. C. (Special)—Senator George Smathers (D-Fla.) was today instrumental in getting the "trip lease bill" which is so beneficial to all agricultural interests, favorably reported out of the Senate Interstate and Foreign Commerce Committee. The bill will now be placed on the calendar for action by the Senate.

In answer to inquiries, Sen. Smathers stated the action by the committee was a great step forward since this problem has been under consideration by the congress since 1953.

Smathers also stated that he will exert every possible effort to bring this legislation up for floor consideration and to work towards its early passage.

The legislation as reported out of the committee would allow the agricultural producers to continue to trip lease on a return trip home after having carried agricultural products, livestock or fish to market centers. The practice of trip leasing is extremely beneficial to the citrus industry and all agricultural interests in Florida for it permits quick and flexible transportation of perishable crops to distribution centers resulting in a considerable saving to not only the farmer but consumer as well.

Ax-Slaying Cases Quietly Reopened By Senate Group

NEW YORK (AP)—The Senate Armed Services Committee "has quietly reopened" the case of the late ax slaying of three American army officers in Peenemunde, Germany, the New York Daily News said today.

Former Army Capt. James H. Beach of Lima, Ohio, was charged with the crime last year in Washington, D.C.; Capt. Adrian L. Weaver, New Rochelle, N.Y.; and Lt. Stanley M. Rosewater, Omaha, Neb.

They were discharged in their beds at a luxurious villa in Peenemunde and their bodies were not seen until West Germany regained its sovereignty, the German state prosecutor started a new investigation.

Natural Gas Bill Outcome Uncertain

WASHINGTON (AP)—A bill to exempt natural gas producers from direct federal regulation came to the House floor today. Neither friends nor foes made any confident predictions.

If it should be passed, it is unlikely that Senate leaders, driving for early adjournment, would call it up for what promises to be a lengthy debate there. It still could be acted upon next year.

The bill would remove the present authority of the Federal Power Commission to fix producers' prices for gas sold to distribution companies through interstate pipelines.

Bakers claim it would not increase prices to consumers.

ACTRESS SAVED
PHILADELPHIA (AP)—Dolores Costello, a famous actress, was rescued from a burning building today by a fireman who saw her in the flames and threw her out of the window.

Costello, 35, was being taken to a hospital by ambulance when she was rescued from the burning building.

A fireman who happened to be passing the burning building saw Costello in the flames and threw her out of the window.

THE CASE WITH WHICH a typical American farmer washes her face by using an automatic washer is viewed with mild amazement by one of the Soviet farmers now touring the West. To show the Russians how simple it is, farmer Tom Cooper has taken off his shirt in his Jefferson, Ia. home and his wife has it in the machine.

Evidence Of Arson Sought In Blazes At Saratoga Track

SARATOGA SPRINGS, N.Y. (AP)—Chief of Police Robert Fianagan hurried here today from a conference in Buffalo to take charge of an investigation of two fires that destroyed three barns and damaged another at the historic Saratoga race track. Evidence of arson was sought.

No horses were harmed in either fire. The first, Tuesday night, destroyed a barn at a training track across the street from the main track. The second yesterday burned down two barns and damaged another near the main track.

Mayor Addison Mackery said yesterday's fire, "we have a firebug in our midst." Fire Chief George Kirkpatrick agreed.

Saratoga opens its 90th season Monday. Hundreds of thoroughbred horses are being shipped here. Much of the stable space hit by yesterday's fire was unoccupied. A caterer chopped out the back of one barn so that grooms could lead out 21 horses, well known.

Mickcliff Building Sold To J. H. Lee

A singing auctioneer sold the Mickcliff Apartments, 606 South Park Ave., in Sanford yesterday for \$18,000 as a crowd of over 100 spectators and prospective buyers gathered for the sale.

The apartment building, property of Dr. J. C. Boyce, was purchased by J. H. Lee of Sanford.

Bidding started at 2 o'clock yesterday afternoon and continued until 6 o'clock. \$10,000 was the first bid offered with several prospective buyers vying for the main - thoroughfare apartment building.

Hansborough National Realty Company handled the transaction.

Man Pays Off Debt; Clears Conscience

BRIGHTON CITY, Ohio (AP)—A man walked into the police station here yesterday and asked officer R. C. Hampton: "How much do I owe you for two blankets I walked away with three years ago?"

The man explained to the surprised officer that one cold night three years ago, "when I was down on my luck," police let him stay in a cell overnight.

In the morning, he said, he decided. He would come in handy as he pushed them through the bars and picked them up after checking out.

"My conscience has bothered me ever since," said the man, who gave no name and address. "I vowed the first time I got to Brighton City again I'd drop in and pay for them."

Police decided \$5 would be a fair price. The man paid and left.

Justice Of Peace Pays Himself Fine

TEMPLE, Tex. (AP)—Justice of the Peace A. E. (Son) Warren paid himself \$11.50 fine yesterday for driving on the wrong side of the highway.

He entered a shaky plea of guilty, admitting he drove down the wrong side of the busy Temple-Belton T. & M. expressway before a policeman flagged him down.

His mind was on a fishing trip, he said, and he figured the motorists who blew their horns and waved as they passed "were just friendly folks"—so he waved back at them.

45 Girls Swept To Sea

YOKO, Japan (AP)—A giant wave swept a junior high school swimming class to sea today and 34 teen-age girls died amid confusion and delay in rescue work, police said.

Forty-five girls taking their final swimming ability test were swept away by the great breaker. Twelve teachers, swimmers and other helpers recovered all 45 within an hour.

The last one of delay in giving rescue work, police said.

The tragedy, Japan's worst swimming beach disaster, occurred on the sea of the about 4 miles northwest of Nagoya on Sunday.

"I saw an ambulance go by and learned of the accident from the hospital. The beach was isolated. There was too much delay in administering first aid."

Dr. Susumu Nagai said, "We were called too late. Many picked up were laid on the beach and remained there at least 15 minutes before artificial respiration was begun."

The girls, all Japanese students from the Yui community, had started a working swimming course last Thursday.

They had gone about 25 feet out into the sea today for their final ability test.

A watchman was broke over them. The powerful abutment from the sea came in. Shards of his car came to shore.

Mysterious Circumstances Surround DeLand Slaying

DELAND (AP)—The slightly built wife of a bull doctor operator and self styled rural preacher was slain under mysterious circumstances at their home early today.

Her husband, Menweather L. Smith, 31, was held without charge for investigation after telling officers a story of grappling with two strangers in the dark.

Chief Deputy John Tapscott said Smith told him that last night he and his wife, Zona, 31, watched television in their bedroom and "afterward we kissed and hugged each other and went to sleep."

"Sometime afterward I was awakened by someone grabbing at my throat. I swung hard, knocked him to the floor and held on until there was no further movement."

"Then I heard a noise coming from my son's room and thinking there was a second stranger I went to his room and I struggled with a man but he got away."

"Then I went back into my bedroom and found my wife on the floor in the same position I left the intruder."

The officer said Smith said he put his wife back in bed and lay down beside her, "exhausted by the two altercations."

The son, Samuel, 18, was quoted by Tapscott as saying "I was in my room when I heard a commotion in my father's room. Next thing I knew my father came and grabbed me but I broke loose. He caught up with me on the front porch but I broke loose again and ran down the road to a neighbor's house."

The officers said there were two pools of blood on the bed and another on the floor; that Smith had lacerations over his left eye and fingernail imprints on his neck.

They said they found no firearms but did find a small hole in the woman's skull near the hairline.

Judge Tells Need For Juvenile Home In Seminole County

Speaking before the Jaycees noon luncheon today was Seminole County Judge Ernest Householder, also juvenile judge for the county. After being introduced by program chairman Tommy Stringer he gave the background of the beginning of juvenile courts in 1899 in Colorado and brought the history up to the current time.

The speaker brought out that Seminole County does not have a detention home which creates a hardship since under the present conditions, any child which must be held overnight is placed in the County Jail.

Judge Householder further explained that the juvenile court is not a penal court but a court of correction. He went on to say that he hopes to get every civic club and organization that will listen to him to start a juvenile welfare committee made up of local groups this fall. The problems in the county are not juvenile delinquents, but prevention of same, the speaker continued.

He went on to say that prevention should start in the home, school, and always the church. He appealed to the Jaycees to set a better example for a way of living that the teenagers could follow. He stated that only five percent of juvenile aged youths are ever admitted to court.

The Judge explained the reason for the request for the \$8000 appropriation for the juvenile court which would be a full time judge, commissioners and is still under consideration.

Larry Jones, juvenile counselor for this county, was also a guest today. Among other visitors were Larry Condit, president of the Orlando Jaycees who offered an outline of the summer conference to be held in Orlando Aug. 5, 6, 7. One of the main speakers will be Sumner Priddy, international vice president, of West Virginia.

Sparkman Suggests Exchange Of Visits

WASHINGTON (AP)—Senators Aiken (R-Vt.) and Sparkman (D-Ala.) suggested today that top Soviet leaders be invited to the United States and that Vice President Nixon be sent on a reciprocal visit to Russia.

The two members of the Senate Foreign Relations committee made these proposals after President Eisenhower told a news conference yesterday that exchange visits "throughout the whole echelon of government" had been discussed informally at the Geneva Big Four conference. Eisenhower added that no definite invitations were issued.

The possibility opened up that Eisenhower would visit Russia and Soviet leaders would come here. He was asked if he had discussed that at Geneva, and he replied they had talked "not only about officials visiting back and forth" but about opportunities for citizens of each country to exchange visits.

Allamonte Springs Office Is Entered; Few Things Missing

Crowbars were used last night to tear down two doors at the Allamonte Springs express office. The express office was entered about 9 o'clock Sheriff Luther Hobbs' office.

Deputy Sheriff Morgan McClelland said that the express office was entered about 9 o'clock last night.

Apparently the intruders were scared away when a Negro attempted to deliver some form to the express office. The unidentified Negro said that he saw someone running from the place when he approached.

Deputies found an electric adding machine and two Underwood typewriters behind an Oak tree about 150 feet from the building. The only item missing from the ransacked building was an electric radio and clock.

Deputy Sheriff McClelland, O. G. Owens, and Hubbard Eubanks investigated the attempted burglary. They say that an early arrest is expected.

Ike Will Release Personal Decision About Secretary

WASHINGTON (AP)—The "personal" decision President Eisenhower says he will make on Harold E. Talbott's future as secretary of the Air Force apparently will have to be made without any advice from the Senate.

There was no indication that an early report would be made by the Senate Investigations subcommittee which inquired into Talbott's about-to-be-severed outside business connection.

Talbott dramatically told the subcommittee yesterday he is giving up, effective next Sunday, the partnership in the New York firm of Paul B. Mulligan and Co., which has paid him \$12,022 in the 2 1/2 years since he took his Pentagon job.

Talbott declined comment on published stories that he was about to resign. The White House said it has not received a resignation, and it dismissed as unfounded various speculations about a possible successor.

Bulgaria Admits Firing On Airliner

LONDON (AP)—Bulgaria admitted today its anti-aircraft guns shot down an Israeli airliner, killing all 36 persons aboard. It said the plane was off course for 100 miles over Communist territory.

Bulgaria expressed regret for the tragedy and appointed a government commission to inquire into the disaster in which 12 Americans perished.

Breaking a 24-hour silence, the Bulgarian Telegraph Agency, in a broadcast communique, said the El Al Constellation left its course over Yugoslavia yesterday entered Bulgarian air space "without warning" over Trun.

The plane, by Bulgarian account, moved within a short distance of Sofia on its errant course, then flew south before being shot down in flames near Petrich, just a few miles from the Greek border.

The Bulgarians said their anti-aircraft defense was "unable to identify the plane, and after a few warnings, fired."

Residents Seeking Relief From Rains

ALBUQUERQUE, N.M. (AP)—Residents of low-lying areas in northern Albuquerque apprehensively watched rain clouds today, hoping their sudden homes could dry out.

Torrents pouring down arroyos yesterday from a cloudburst east of here made a lake of many blocks in low areas of the city's north end.

Water was hip deep in places. Then, late at night, water from two more heavy showers high on the 10,000-foot range began flooding another area about one mile north.

Complaints On Tax To Be Heard Friday

Two important Seminole County meetings are slated for tomorrow at the Seminole County Court House.

At 2 o'clock tomorrow afternoon, the Board of County Commissioners will sit at an equi-libration board at a meeting to hear complaints and criticisms about taxes.

At 7:30 tomorrow evening, the Board of County Commissioners will conduct an open hearing on zoning regulations for the county. Primary zoning regulations will concern property holders on either side of 17-92 in Seminole County where the proposed new highway between Sanford and Orlando is in the planning stage.

Touring Americans Surrounded By Food

ODESSA, Ukrainian Soviet Republic (AP)—Soviet hospitality will get the blame if the wives of the touring American farm delegation don't like the poundage their spouses are acquiring.

The 19 Americans have experienced an all-out effort in the food and drink department ever since they arrived in the Soviet Union. Sometimes one eating session almost piles up on top of another, and waitresses are showing the effect.

WASHINGTON (AP) Members of the Soviet Union will share against the filming of television shows depends on the outcome of a vote which will be made known July 31. Here top figures in the delegation get together in Hollywood. They are (l. to r.) Frank Adams, president of AFSA; Walter Phipps, president of the Soviet Union; and Ralph Bellamy, head of Actors Party Association.

What's Wrong With This Town? Is Question Asked Many Times

The question has been asked thousands upon thousands of times. And, just a few days ago, one of the city's leaders passed the question along to his audience and fellow leaders.

However, no one ever seems to be able to get to the bottom of the question. No one seems to want to get the answer.

The question came about when the efforts

of several committees toward the establishing of an already successful industry on a firmer footing came to light.

No sooner was the question asked, than the statement was made that business investors seem never to find the time to establish themselves on property secured from the city.

Let's look at the surface and see what we can find for ourselves. Have the proper committees, organizations, interested citizens, groups, or whatever you might call them, been organized to perform one gigantic effort toward getting industry here? If the committees have been established properly, then have they been given the authority to reach out and induce small business people to use Sanford as their headquarters?

It might be well for more than one person to say "What's the matter with this town?" A lot of people, with concerted action before them and a successful, prosperous Sanford as their goal, can conquer more than bickering and hesitating.

U. S. Aid To France

The results of the foreign aid program cannot be seen by the average American. That this program is endorsed year after year by the majority of Americans represents an act of faith. Though the results are invisible here, they are real.

American aid to France has transformed that nation's economy. It has produced changes in French industry and a minor revolution in French agriculture.

French farmers traditionally insisted on almost obsolete methods. Their agricultural yield was one of the lowest in Europe. As a result of American aid, the French farmers today are producing surpluses for the first time in history.

This is because of mechanization. The manufacture of agricultural implements is rising rapidly. The prewar production of 200 tractors a year had risen to 40,000 in 1954 and will probably hit 50,000 this year. Of the nearly 460,000,000 invested in this industry since 1945, the largest part was obtained from the French treasury in Marshall Plan funds.

As a result of these improved methods, France no longer needs to import food from abroad, and is now seeking markets for its surplus wheat, livestock, sugar and dairy products.

Success has decreased need for American aid to France, and has shown what can be done to help other nations. Aid is expensive, but such results are worth the price.

Udall Rises Again

On the night of May 25, the little Kansas town of Udall was ripped apart by a tornado. The next morning the people of Udall—those who were left—started to rebuild.

The first structure to go up housed town offices, the post office, the Red Cross and federal disaster agencies. By mid-July there were a grocery store, a restaurant and hardware store, and the work of nearly a score of new homes had been raised.

The people of Udall are planning big for their new town. They envision an idyllic suburban development which will attract commuters from Wichita, 25 miles to the north. Their plans are coming to fruition because they have had the will, the courage and the energy to go ahead instead of sinking into apathy after disaster struck.

When Udall has risen again from the prairie, it will be a testimonial to man's unconquerable spirit.

Keeping Up Good Times Problem

NEW YORK. (U)—How to keep good times going is the problem today for the money managers. They think they have the answer in mild restraints on credit.

Their idea: Not only have you never had it so good, but if you're to avoid hard times in the future, money mustn't be let to get too easy now.

So the cost of short-term borrowing has risen to the highest point in more than a year and a half. And the price of long-term government bonds has fallen—another way of saying that the yield on them has risen to keep pace with higher rates charged on other loans.

This may be hard for some to

understand—the fellow, say, who is looking for a comfortable-to-carry mortgage for a new house for a growing family; or the businessman who'd like a bank loan, at last year's cost, to get ready for the fall and Christmas trade.

The policy of mild restraint is based on the belief that price inflation isn't much of a threat in the United States now, but that credit inflation could be. And credit inflation could kill the business boom simply by overstimulating it and bringing on a bust.

With an apparent focus for the easier credit terms that have become popular, the comptroller of

the currency has told the 4,000 national banks in the land: "Go ahead and do all the consumer loan business you can, but be sure you do it sensibly."

The Federal Reserve Board has sent notice to the 1,300 state banks who are members of the system that it plans to keep an eye on their installment credit activities.

The official worry stems from the chance that all the talk nowadays about higher prices could lead businessmen and consumers to start stocking up on goods and materials to beat any anticipated rise. Borrowing to build up inventories, officials fear, could lead to the same situation that preceded the recession of 1945 and 1946-47.

Consumer credit is already at an all-time high. During the first half of this year, the Federal Reserve notes, bank loans to business increased by two billion dollars. This is contrary to customary experience. Bank loans usually drop in the first half of the year and increase in the second half to take care of the crops and the fall pickup in trade.

Officials are quick to point out that there is nothing dangerous in the size of the loans, either in the business or consumer levels. National income and production have kept rising with the pace for the last twelve months. But the money managers believe the prospect of an over-optimistic credit inflation being piled on top of the present considerable boom.

Their policy appears to be: Enough credit and money to keep the boom going along at its present pace—but not so much as would lead to an over-optimistic boom, after the kind, in hard times.

A man in active service for 12 months can be discharged provided he agrees to go into the trained ready reserve for a period which, when added to his active service, would total four years.

Examples: Jones gets out of the Army after two years' service. He must go into the trained reserves for three years. Then for another year he is in the standby reserves.

Congress made a special provision for men already in the armed forces. When they get out, since they're covered by the old law, they can choose to go into the non-training ready reserves.

But Congress said the government could not have more than 400,000 men in the standby reserves and only until July 1957—could either this deal, which they could take or reject.

JAMES MARLOW

Take Quick Look At Reserves Bill

WASHINGTON. (U)—This is an ABC on the military reserve bill just passed by Congress to build up a pool of trained men. President Eisenhower is expected to sign it into law shortly. It will go into effect at that moment.

First look at the reserve program as it stands under a law passed in 1951.

Under that law everyone discharged from the armed forces, unless he served eight years, must then go into the reserves so that his total active and reserve service is eight years.

There are three kinds of reserves:

1. Ready reservists who train. They drill one night a week, from 12 to 16 weeks a year, and spend 17 days in camp. They get paid, according to rank, for the days and nights they drill.

2. Standby reservists who don't do any training. They get no pay.

3. Standby reservists. They, like the second group of ready reservists, do no drilling. Both groups of ready reservists, in case of war, would be called into active service ahead of the standby reserves. Who, under present law, goes into the ready reserves and into the standby reserves?

1. Anyone with less than five years in the armed forces must, upon his discharge, go into the ready reserves. But whether or not he takes reserve training is voluntary. If he doesn't take the reserve training, he must stay in the ready reserves until his eight-year obligation is up.

2. Anyone who has had five years in the armed forces, or a total of five in the armed forces and the trained ready reserves, can ask for a transfer into the last-to-be-called standby reserves until his eight years are up.

That's the way it is now. It will remain that way for all those who enter the armed forces before Eisenhower signs the new bill: they have a total obligation of eight years on active service and in the reserves.

For those who enlist or are drafted after the new bill becomes a law, the total obligation will be six years instead of eight.

They will have to put in combined service of five years in the armed forces and the trained ready reserves, and one year in the standby reserves.

They won't have a choice as to whether or not to go into the standby ready reserve when they get out of the armed forces. They'll have to go into ready reserve training.

Examples: Jones gets out of the Army after two years' service. He must go into the trained reserves for three years. Then for another year he is in the standby reserves.

Congress made a special provision for men already in the armed forces. When they get out, since they're covered by the old law, they can choose to go into the non-training ready reserves.

But Congress said the government could not have more than 400,000 men in the standby reserves and only until July 1957—could either this deal, which they could take or reject.

A man in active service for 12 months can be discharged provided he agrees to go into the trained ready reserve for a period which, when added to his active service, would total four years.

Examples: Jones gets out of the Army after two years' service. He must go into the trained reserves for three years. Then for another year he is in the standby reserves.

Congress made a special provision for men already in the armed forces. When they get out, since they're covered by the old law, they can choose to go into the non-training ready reserves.

Women Sparkle As Dusk Sets In

NEW YORK. (U)—Curbstone reflections of a pavement Plato:

A girl's best friend isn't a diamond—it's dusk, the time of day when she begins to sparkle herself.

Twilight is for the ladies, the big hour of charm. As a man feels most like a man in the morning (well, on some mornings at least), so a woman feels most like a woman at twilight. It is then she puts her best face forward.

One of the surest signs of the feminine sex's superior physical endurance is the fact that where as a man's strength wears down during the day, a woman's strength builds up.

Or so it seems to the average husband. He finds home from work all worn out from the ordeal of holding down a warm swivel chair, his feet numb, his head aching, at his office. But his wife, who has put out perhaps three times as much energy in performing her household chores, is still as fresh as a daisy.

All he wants to do is yawn or fall asleep watching television.

But she—she wants to start living. Evening brings out the moth in her.

Some women, I know, will snort at my theory that the sexes live by a different interior clock.

So let me try to prove it by citing a situation familiar to many married couples:

The tired husband arrives home and is told by his wife that this is their wedding anniversary and they are going out for the evening with another couple. Well, he doesn't want to. He begs, whines, pretending he has fainted from weakness. All to no avail.

"Get up off that clean rug and go get dressed," snaps his wife. When the two couples meet, the wives are as lovely and sparkling as schoolgirls. But the husbands are drooping. They look like a pair of guys who need refueling at the nearest hospital blood bank.

So what happens? The husbands are as morose and mute as clams. But midnight works a magic change. The wives begin to fade like cinderella, the husbands come alive. They want to get out on the dance floor. They laugh, tell jokes to strangers at the next table, and call to the waiter for madder music and stronger wine.

The weakening wives plead to be taken home, and get this reply: "Home is for women and children."

When the night club closes, the husbands still don't want to go home. They want to push over bus signs and throw rocks at the moon.

Now, what has made this change in the attitude? Very simple. The strength of the wives ebbed as the night dwindled, the strength of the men rose with the approach of daylight, the time when men feel strongest.

Women like to surround themselves with mystery. They don't want to be seen too clearly. They want to keep up an illusion. And a woman knows that she, as does a professional magician, creates illusion easiest in a half-light.

So it is that dusk stirs in her the eternal she, and her womanhood unfolds like a flower as the sun goes down and night comes on.

Anybody have any other mysteries about women they'd like to have cleared up?

Soviet Officials Return To Moscow

BERLIN. (U)—Soviet Premier Bulganin and Communist party boss Nikita S. Khrushchev left East Berlin by plane today for Moscow after a three-day visit with the East German Communist regime.

Prime Minister Otto Grotewohl and his Cabinet, along with top Soviet officials and East European diplomats, saw the Russian leaders off.

The Soviet chiefs stopped here on their way from the Big Four summit conference.

Before boarding the Russian plane, Bulganin in a brief speech said he was impressed by the workers, industry and intellectual life in East Germany. He wished "continued success for the German Democratic Republic in its fight for a unified, democratic and peace-loving Germany."

SAFETY, a crop to be harvested in every farm and in every home, is covering special attention from more than one-half million 4-H Club members taking part in the 1955 National 4-H Safety Program.

As a part of their 4-H Club work, members in all 48 states are correcting hazards such as those seen in the above drawing. They are attempting to reduce the Nation's annual farm toll of 14,500 lives, 1,200,000 injuries, and an economic loss of about a billion dollars.

4-Hers, working as individuals or in groups through their local clubs, remove hazards to farm hazards, correct the unsafe conditions. They give demonstrations on hundreds of topics pertaining to farm home and highway safety. Members present talks before group meetings and other clubs and conduct post-demonstration in the schools; and build habits of habit.

To extend the Cooperative Extension Service in conducting the 4-H Safety Program, General Motors has just published a new "4-H Safety Handbook for Local Leaders," which provides for 4-H leaders through County Extension Offices.

In addition, GM provides incentive in the National 4-H Safety Awards program which is arranged by the National Committee on Boys and Girls Club Work. Medals are made available to four county winners; an all-espouse trip to the National 4-H Congress in Chicago is given to the state winner; and \$200 college scholarships are presented to eight national winners.

"In the drawing, there are more than 45 accident hazards or unsafe conditions shown. Don't let them occur on your farm or in your home."

Try and Stop Me

By BENNETT CERP

THERE'S A TOUGH supervisor with a voice like a siren in a California airplane factory who has his crew of workmen thoroughly cowed. A couple of scoties from the East are particularly scared of him.

One morning a minor earthquake shook the plant. While the startled workers were discussing the tremor, the supervisor stepped up behind them and roared, "Back to work, you varmints, or I'll do it again!"

"Thirty years ago, recalls Ed Wynn, he introduced a job that has been the basis of his success. He said the first way to do it was to let the workers know that he was in charge. He said the second way was to let the workers know that he was in charge. He said the third way was to let the workers know that he was in charge. Miss D. Jones Future Bride, Feted Tuesday

Mrs. L. A. Barley honored August bride-elect, Miss Doris Jones with a miscellaneous shower Tuesday night at 8 o'clock in the home of Mrs. J. W. Brown. Decorations of red, yellow, white and pink roses were placed throughout the room and one creation originally displayed a setting of wedding bells tied to candles amid the flowers.

The honoree was presented a corsage of sweetheart roses and lily of the valley entwined with wedding bells.

Games were played and prizes went to Mrs. Frank Noel and Mrs. Leland Rudd.

Refreshments of punch, open faced sandwiches decorated with various colors and different shapes, mints and nuts were served. The dining room table was covered with a "beautiful" Irish linen cloth and crystal dishes and matching punch bowl were also used. Two three branched candelabra holding burning tapers were placed on each side of the punch bowl.

The honoree was presented with many lovely gifts. Those present to be with Miss Jones were her mother, Mrs. W. L. Jones, her sister, Miss Delores Jones, Mrs. C. B. Sheppard, Miss Betty Sheppard, Mrs. Leland Rudd, Mrs. Frank Noel, Mrs. W. O. Stansell, Mrs. Robert Cushing, Mrs. Roy Britt, Mrs. Ed Kirchhoff, Mrs. W. P. Brooks Jr., Miss Bobbie Morton, Mrs. Calvin Wright, Miss Paulette Cason, Mrs. Frances Walton, Mrs. John Miller, Mrs. Christine Woodruff, Mrs. Joe Wright, Mrs. J. B. Stabler, Mrs. R. L. Morton, Miss Patty Brown, Miss Martha Grogan, Miss Mildred Turner, Mrs. L. T. Sheppard, Mrs. Frank Bryant, Miss Colleen Engstrom, Mrs. Forrest Engstrom, Mrs. R. T. Hunt, Mrs. A. L. Wilson, Mrs. W. T. Ball, Mrs. Vin. Carr, Mrs. B. E. Ratliff, Mrs. E. A. Corington, Mrs. Margaret Weber, Mrs. Herman Fisher and Mrs. Dela Gallowsay.

The vanguard of the 1st Division arrived here Monday.

Today Emilie, her two children and her husband, C.W.O. Vale, are established in a rented house in nearby Junction City and already are talking about buying a home of their own.

Emilie's task of setting up a new household in the United States has an added complication. In addition to her household duties and caring for her 18-month-old daughter Patricia and 4-month-old son Billy, she has a language barrier.

A German girl, she speaks and understands a little English but her husband still must interpret fast-moving conversation for her. She loves the supermarket. "It's good, fine. You can buy anything there," she said.

She added that over her "everything's bigger" — the shops, the cars — but the service is not equal to Germany. A young man there has an apprenticeship — studies three years to be a waiter. Dressing cost less here, but they're made better in Germany, I think.

With her husband's coaching plus special classes at Ft. Riley to help the wives adjust to life in America, the Turners figure the language problem will be solved shortly.

Unmarried soldiers had few problems. They went to barracks to live.

Almost 300 enlisted men and officers, plus 31 dependents, were in the group arriving Monday. Two smaller advance units came earlier. The movement will continue into December.

Mince chives and mix with butter; place a dollop of the mixture over each portion of broiled steak as you serve it. Makes a wonderful sauce as it mixes with the meat juices. The steak should be broiled so it is rare or medium-rare.

If there is an electric blender in your kitchen? Use it for fruit and milk drinks for small fry. If you make the drink an hour or so before serving and chill it, you may want to add a few ice cubes or a bit before serving. Milk, ripe bananas and sugar make a delicious drink.

Past Noble Grands Meet At Home Tuesday Evening

The Past Noble Grands Club met with Mrs. H. L. Moore Tuesday evening. Mrs. Brodie Williams presided over the business meeting and honored the past deputy presidents in the club.

Mrs. Carl Chorpensing was in charge of the program. The next meetings to be with Mrs. W. E. Jameson.

Delicious refreshments were served to Mrs. H. E. Cordell, Mrs. W. E. Jameson, Mrs. C. E. Chorpensing, Mrs. Fred Myers, Mrs. Nancy Dobbins, Mrs. W. D. Thornton, Mrs. Brodie Williams, Mrs. Charles E. Cole, Mrs. Norma Kyle, a visitor and the hostess.

Such wonderful ways to serve sweet red cherries. We're talking about fresh fruit—bright red Lambers or dark red Bing.

Use them in a make-your-own salad for lunch, letting family and guests help themselves from a big bowl of tossing greens, a crust of French dressing, cream-style cottage cheese and scooped-out shells of fresh pineapple piled with the pineapple pulp, bananas and cherries. Roll rolls go along and tea or coffee. There's a really refreshing summer course. Then for a fancy desert, try individual cherry Alaskas.

CHERRY HELP—YOURSELF

Ingredients: 1 large pineapple, sugar, 1 pound red sweet cherries, 2 bananas, lemon juice, mixed salad greens, French dressing, cream-style cottage cheese.

Method: Slice pineapple in half lengthwise; cut out pulp and discard; sprinkle pulp with sugar to taste; let stand 30 minutes. Stem cherries; wash in colander with cold water; drain well and pit. Cut bananas into 1/4-inch slices and sprinkle with lemon juice. Drain pineapple and mix gently with cherries and bananas; pile into pineapple shells. Let guests help themselves to fruit, mixed salad greens, French dressing and cottage cheese. Makes 8 servings.

INDIVIDUAL CHERRY ALASKAS

Ingredients: 1 pound sweet red cherries, 18 marshmallows, 1/2 cup pineapple juice, 1/2 cup coloring, 2 egg whites, 1/2 teaspoon salt, 1/4 cup sugar, 6 sponge-cake cups, 1 pint very firm vanilla ice cream.

Method: Wash cherries in colander with cold water; remove stems from all but 12 cherries; pit stemmed cherries and cut in half. Quarter marshmallows; add pineapple juice and melt over low heat, stirring occasionally. Remove from heat; add a few drops of red food coloring—enough to make a pretty pink; cool. Beat egg whites and salt until stiff; gradually beat in sugar until very thick and glossy; peaks should stand up straight when beater is slowly removed.

Gently fold marshmallow mixture into stiffly beaten egg whites. Fill sponge-cake cups with very firm ice cream; add a layer of the pitted halved cherries. Spread marshmallow meringue over top so ice cream is completely covered and will be insulated against broiler heat. Place on cookie sheet or broiler tray; brown quickly under broiler; watch carefully because this may take only a few seconds. Garnish with whole cherries with stems. Serve at once. Makes 6 servings.

OTHER WAYS WITH CHERRIES

Dip sweet red cherries in a fritter batter and fry in deep fat. Serve with a foamy lemon sauce.

Want to dress up that yellow or white cake made from a mix? Serve squares of it with cherry sauce and whipped cream. To make the sauce, pit a pound of sweet red cherries and put them

MISS NORMA FAYE HARVEY (Photo by Cox)

Sept. 3 Wedding Date Selected By Miss Harvey, Ensign Clause

BIRTHS

Mr. and Mrs. E. C. Harper Jr. announce the birth of an 8 lb. daughter, Susan Dancin, July 25 at the Fernald Lighthouse Memorial Hospital. Mrs. Harper will be remembered as the former Miss Sue Collum.

In a saucpan with half a cup of light corn syrup. Heat the cherries and syrup, stirring occasionally; then simmer about five minutes. Stir in a quarter teaspoon of almond extract and cool.

Add pitted halved sweet red cherries to a gelatin dessert; some sweet red cherries and a sprinkling of sugar; bring edges of pastry together so you have triangles and crimp edges together with a fork. Prick turnovers well and bake in a hot oven until lightly browned.

Want a luxurious dish for Sunday Brunch? Fold chopped pitted sweet red cherries into a light-as-a-feather waffle batter. Bake waffles and serve with butter, powdered sugar and a garnish of whole cherries with stems left on.

And no one will object to cherry muffins! Just add chopped pitted sweet red cherries to a rich muffin batter; serve hot with butter. Orange sections can go along with the cherries if you like.

Fill sponge-cake cups with prepared vanilla pudding-and-ple filling mix; top with pitted halved sweet cherries and a dollop of sweetened whipped cream.

How about turnovers? Roll out your flakiest pastry and cut in squares. Fill with pitted halved sweet cherries.

Sept. 3 has been chosen as the wedding date for Miss Norma Faye Harvey and Ensign William Clarence Clause Jr. The engagement and coming marriage is being announced today by Mr. and Mrs. R. L. Harvey, parents of the bride-elect.

Miss Harvey was born in Scriven, Ga., and attended schools in Tampa and here graduating from Seminole High School in 1952. She attended Florida State University in Tallahassee for one year and is presently a dance instructor at the Duxbury School of Dancing. Miss Harvey is a member of the Dancemasters of America.

Ensign Clause, son of Mr. and Mrs. W. C. Clause Sr., was born in Sanford and graduated from SJS with the class of '51. Graduating with a BS in Physics, from the University of North Carolina, he is now attending Navy Flight School in Pensacola.

The wedding will be at the First Baptist Church with final plans being announced at a later date.

Personals

Mr. and Mrs. Dean Wade and sons Lowell and Mike have returned to their home in Owensboro, Ky., after a visit with Mrs. Wade's aunt and family, Mrs. W. E. Dancy on Pineaway Road.

Friends of Mrs. W. A. Knight Sr. will regret to learn that she is critically ill in the Florida Sanitarium in Orlando.

Mr. and Mrs. D. R. Watkins and family, who recently moved to Pahokee from Sanford, spent the weekend here visiting relatives. Their son, Mike stayed over for a few days and went home today.

Marilyn Monroe Is Scrutinized By Red Farmers

SPENCER, Iowa, (U.P.)—"She's not so bad!" said Boris Savelev of the Soviet farm delegation Tuesday night after seeing Marilyn Monroe in "The Seven-Year Itch."

"Of course," he added, "for us it's not entirely a motion picture of the type to which we are accustomed."

"She has a beautiful body!" said Peter Babindra, also of the Russian group.

"It seems to me," he declared, "with a certain amount of justification, that she's not there for the sake of the motion picture but instead the motion picture exists for the sake of her."

"When she does mimicry," Babindra said, "she sometimes disturbs her face."

"If you publish this," he added, "she'll be angry at me."

Marilyn emerged from the searching examination of five pairs of Russian eyes tonight much better off than Jane Russell. One of the Russians made remarks disparaging the famous Russell charms—most of them—after seeing her in a motion picture Monday night.

Good Eating Means Different Things To Various People

By MARJORIE M. MORRISON

Florida State Board of Health. Most of us have heard the expression, "This is good eating!" What does it mean to you? Chances are that this will depend upon your age, your cultural background, and the section of the country in which you were reared.

To a teenager, good eating may be a hamburger and a chocolate milkshake. To a typical rural Southerner, it may be turnip greens and cornbread. But for a person of Italian extraction, it may be a dish of spaghetti served with a glass of good red wine.

To a nutritionist, the term means eating a wide variety of foods, prepared in such a way as to retain their food value, and served in an appetizing and attractive manner. Meals prepared with these standards in mind will most likely meet our body's needs.

Each of us should consider our body as our personal house. Our life and health depend on the materials we use in it — and certainly food is one of the most important. We know that adequate food is essential to good health. We know that a good diet throughout life helps build resistance to disease. We must depend upon our food for the energy to do our work, as well as for building and repairing our body tissues.

Why, then, do we sometimes fail to use the best materials in building these personal houses? A recent editorial in The Journal of the American Medical Association gave the three factors affecting good nutrition as follows: not enough money to purchase the right food; lack of practical knowledge; and the influence of superstitions, both ancient and modern.

For most of us, it is not a question of money, but a question of not knowing what we need in order to be well-fed. Much has been accomplished during the past few years through nutrition, but there is more to be done.

About 10 years ago a survey was made of 5,000 persons with regard to their knowledge of good nutrition. The survey revealed that less than half knew enough facts about nutrition to make a wise selection of foods when they had a choice, as in a cafeteria, for example.

'Itty Bitty Buddy' Is Beginning Picture With Paramount Studios

HOLLYWOOD (U.P.)—Progress reported on George Gobel, movie star—Lonesome George, the TV idol, is making a movie over Paramount way. It's a remake of "The Lady Eve," the 1941 laugh-getter that starred Henry Fonda and Barbara Stanwyck. Only they're not going to call it that; they're looking for another title now (how about "The Real George").

George was doing a scene with Mitzi Gaynor, who plays the Stanwyck role, and looking real natty. The little feller had on a spottish

tuxedo with white coat and his old pals of the National Barn Dance would never have recognized him. It was George, all right. You could tell when he opened his mouth and those droll tones came out. He was doing a scene in which Mitzi swooned in his arms at the sight of his pet snake. George's gyrations to revive her had everyone on the set stifling snickers.

"That's the way it is all the time," said Mitzi a few days ago. "David Niven and I have the damndest time keeping straight faces when we're playing scenes with George."

"He's the funniest man—and as shy! Why, he's probably suffering the tortures of hell in that scene where he has to catch me and rip my dress."

Like Mitzi, George is in good hands. Directing him is Norman Taurog, who has handled most of the leading comedies of the past 20 years. Lately he has specialized in Martin and Lewis.

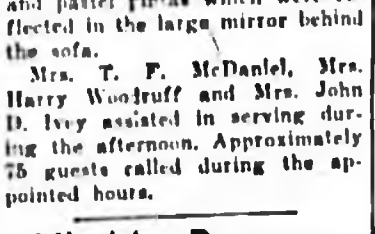

"People have asked me how he compares to Martin and Lewis. My answer is that there is no comparison—there's two of them!"

"George is going to surprise a lot of people as an actor. He's terrific. He has a quality that comes right off the screen at you."

Overseeing the show is Ford Jones, a round-up preachment who produced the first "Lady Eve." Also films with Red Skelton, Bing Crosby, Bob Hope, etc., including several "road" epics.

"This Gobel has a great quality in the rushes," Jones remarked. "He leaps right off the screen."

No Delay, Waiting For Men Desiring To Enlist In Corps

Immediate enlistments are now open in the United States Marine Corps.

According to T/Sgt. Donald R. Gross, local Marine recruiter, there is no delay or long period of waiting for men desiring to enlist in the Corps. Qualified applicants are now being accepted at the Marine Corps recruiting station located at P. O. Building, Sanford, every Wednesday from 9 to 12 a. m.

If you're ready to go on active duty and want to leave right away, you can be enlisted immediately and sent to recruit training at Parris Island, S. C. Although some applicants previously experienced delay in being accepted, the recruiter pointed out that there is no longer any waiting period. Volunteer now and you're on your way to becoming a Marine, he said.

Currently, men are being accepted for four and six years with liberal bonuses paid upon enlistment. Retirement benefits have also increased under the provisions of the new pay raise enacted by Congress. Thus, a young man who enlists at age 17 or 18 and serves 20 years can retire at age 37 and draw liberal retirement pay for the rest of his life. There is no payroll deduction made for this pay, the entire cost is borne by the United States Government. Young men who wish to get started on an exciting career with the Marine Corps and reap future security should apply for immediate enlistment now, the recruiter concluded.

People Forget Video, Movies Rarely Spoke

NEW YORK, U.P.—It could be that the recent hasty marriage of the television and movie industries is a love match. It also could be a shotgun wedding with that threatening figure of pay-see TV holding the gun on both bride and groom.

In any event, the knot has been tied and the couple has set up light housekeeping. Everybody has pretty much forgotten that only a short time ago they scarcely spoke to each other.

A couple of weeks ago Broadcasting Telecasting magazine dug out a comprehensive study of the commercial aspects of the marriage. In substance, it found that television films now are a 300 million dollar a year business—and may be a 350-million-dollar annual business by the end of the year.

This, of course, is good news in Hollywood, where numerous sources say employment is up and there's a new aura of prosperity. But the television audience won't be able to judge the marriage fairly until the couple has settled into the community and begun contributing to it.

So it's still a time of questions rather than answers. For example: Does a heavy film schedule in the coming year mean better TV entertainment? Is Hollywood going to give its best to the television medium? If it does can it attract more people to movie theaters? But if it does a mediocre film job for TV, is there less danger of affecting theater receipts?

Marketing Proposal Suggested By USDA For Tomato Crops

The U. S. Department of Agriculture has recommended adoption of a marketing agreement and order for tomatoes grown in Florida south or east of the Suwanee River. Growers will be given an opportunity at an early date, to vote for or against the agreement, according to M. F. Miller, Lakeland, Field Representative of the USDA.

Tomato growers will be notified of the dates of the voting period and will be furnished ballots and copies of the proposed order by agents of the Department of Agriculture.

Two-thirds of the tomato growers by number or by volume who vote in the referendum must approve the issuance of the marketing agreement and shippers of not less than 51 per cent of the volume must sign the agreement before it can become effective.

The marketing agreement and order would authorize the regulation of shipments of tomatoes by grade, size, quality, and packs. The regulations could apply to any or all portions of the production area, during any period of the marketing season.

Comparable grade, size and quality regulations will apply to imported tomatoes when regulation are in effect on Florida grown tomatoes.

The agreement and order would be administered by a committee composed of 15 Florida tomato growers.

FHP Tells Of Plans To Put 10 Stations On 24-Hour Basis

TALLAHASSEE.—Because of increasing demands by almost a night long flow of traffic on highways, the Florida Highway Patrol said today that it will put 10 more of its radio stations on an around-the-clock basis about Aug. 15.

Patrol Commander H. H. Whitman said the ten additional stations will be those at Pensacola, Panama City, Palm Beach, Tallahassee, Lake City, Orlando, Ocala and Deland.

Stations already on a 24-hour basis include Miami, Jacksonville, Tampa, Pahokee, and Lakeland.

In several instances, the state department in the June release showed skyrocketing increases in traffic on Florida highways.

Some typical examples is a 125.2 per cent increase since 1949 at the SRD counter on U.S. 97 near Lake Placid, a total of 3,643 vehicles pass that location daily. A 104.6 per cent increase on U.S. 19 at Panama Springs, a total daily flow of 7,485 daily; a 91.9 per cent increase in the period from 1950 in traffic over U.S. 98 at Phillips Inlet, or 3,017 vehicles a day.

AMBASSADOR RECEIVED VATICAN CITY U.P.—Pope Pius XII yesterday received U.S. Ambassador Clare Boothe Luce for her first audience since she became envoy to Italy more than two years ago.

Rev. S. M. Daniels, Pastor—Can goods and all types of food brought will be given to the Good Samaritan Home.

Sox Push Credited To Unsung Fielders

BOSTON (U-P)—Jim Piersall, Boston's "other outfielder," and the left side of the infield are the unsung men of the Red Sox push to within three games of the American League lead.

The names in the headlines are those of left fielder Ted Williams, who leads the team in batting with a .340 while playing in 43 of the 56 games, right fielder Jackie Jensen, with 76 runs batted in, and first baseman Norm Zaichin, with 20 home runs.

But it's taken timely singles to enable the Sox to win 37 of their last 48 games too. And the quartet of Piersall, second baseman Billy Goodman, shortstop Billy Klaus and third sacker Grady Hatton have had 'em when they were needed.

Piersall got the hits that beat Cleveland's third-place Indians (two games behind New York) twice in as many days. With the score tied 1-1 Tuesday night, Piersall showed his speed by beating out a high bouncer that scored what proved to be the winning run in a 5-1 triumph.

Yesterday his three-run homer put the Sox ahead 3-2 and they went on to a 6-2 victory.

It took injuries to Milt Boling and Eddie Joost at the start of this season to give Klaus his chance after the Rex Sox purchased him from the American Assn.

Eighth Inning Rally Saves Cards.

American Loop Tight Scramble

By JOHN CHANDLER
The Associated Press

The heat was on in more ways than one today with only 6 1/2 games separating the first-place New York Yankees and fifth-place

Chicago White Sox. The Yankees defeated the White Sox yesterday 7-4, and the Boston Red Sox downed the Cleveland Indians 6-2, making the situation all the tighter. Detroit missed a big chance to gain ground, losing the second game of a double-header to Baltimore 8-7 after winning the opener 8-4.

The current leaders, New York, Chicago, Cleveland, Boston and Detroit, are the same five clubs who fought it out for the 1940 pennant. That year the season closed with Cleveland a game behind Detroit, and New York two games back. Boston ran fifth that year, eight games out.

Kansas City grabbed a double win yesterday over the Washington Senators 6-4 and 4-1, the opener going 11 innings.

In the National, the Cincinnati Redlegs ganged up on Brooklyn in the 10th inning for a 4-3 victory, while the Milwaukee Braves handed Robin Roberts of the Philadelphia Phils his first defeat since June 26. The Braves 2-1 victory left them in second place, 12 1/2 games behind Brooklyn. The Chicago Cubs flattened the New York Giants twice, 4-2 and 9-8, while St. Louis downed Pittsburgh 6-1.

Walter Droy was the hottest hitter for the White Sox, who evened their series with the Yankees at one each. Droy had three hits and drove in three runs as Chicago knocked Eddie Lopat from the mound in the second inning.

Ex-Yankee Harry Byrd held New York to three hits through seven innings, then was driven to the showers when the Yanks got three runs on four hits. Dixie Howell came on to preserve Byrd's sixth victory.

Boston made it two straight over Cleveland when Jimmy Piersall slammed a homer and single to drive in four runs. Vic Wertz homered for the Indians, who could get only six hits off right-hander Tom Brewer. Piersall's homer came in the fourth with two on and Art Houtteman.

Gus Zernial's three-run homer for Kansas City was the big blow in the first game, but Washington's Tom Umpfret sent it into extra innings with a two-run homer in the ninth. The A's Bill Harrington, third of four pitchers, gained his first big league victory in the second hit.

Detroit handed Baltimore its eighth straight loss in the opener, and led 7-1 after five innings of the nightcap. Then the Orioles scored three runs in both the fifth and sixth innings to knot the score. Jim Dwyer's single scored Cal Abrams with the winning run in the seventh.

Cincinnati loaded the bases in the 10th inning, then rookie Bill Smith singled off lower Cleveland pitcher to bring in the winning run. Don Hoak and Duke Snider homered for Brooklyn. Johnny Klippstein pitched the 10th inning and gained credit for the victory.

Roberts, seeking his 17th victory, hooked up in a hurling duel with Lew Burdette for six innings at Milwaukee. Then in the seventh the Phils scored on three singles, but the Braves bounced back in the bottom half with the winning rallies after two North End South O'p. 11 min. West 118.95 feet to a point 119 feet East of beginning.

DETROIT (U-P)—The closest American League pennant scramble in 16 years.

Not since 1940 when Detroit won the flag two days before the season ended has there been such a battle.

The Chicago White Sox defeated the New York Yankees yesterday 7-4, and the Boston Red Sox downed the Cleveland Indians 6-2, making the situation all the tighter. Detroit missed a big chance to gain ground, losing the second game of a double-header to Baltimore 8-7 after winning the opener 8-4.

Dropo Overcomes Habits At Plate

NEW YORK (U-P)—Big Walt Dropo once more is a big man with the bat. He has overcome some bad habits at the plate.

Since the All-Star Game July 12, the 6-5, 220-pound Chicago White Sox first baseman has looked more like the Dropo of 1950, when he hit .322, tied for the American League's runs-batted-in title with 144 and hit 34 homers as a member of the Boston Red Sox.

"Yes, Walt sure is playing ball for use these days," said Manager Marty Marion today as the White Sox went into the third game of the Yankees series trailing the league leaders by one game.

"I would say Walt is hitting better because he has corrected bad batting habits," the lanky manager continued. "No longer does he take a long lazy swing. He's sharp with a purpose. He is getting more power now that he is hitting more off the front foot. And he finally got rid of that Fenway Park swing."

Dropo was in quick agreement about the "Fenway Park swing."

Dropo gave the Pilots a messy four hits. The Flyers clubbed out 15 hits off Rip Sewell and Jim Turner, including a homer by Jess Gaudreau and four singles by Tony Gatch.

Daytona Beach outslugged St. Petersburg 11-7 and last place West Palm Beach won its third straight 6-5 over Gainesville.

Daytona Beach scored eight times in the first two innings and rode out St. Petersburg's two little and too late comeback. Vern Watercutler led the Islanders' 13 hit attack with a triple and three singles.

When an early lead evaporated, the West Palm Beach Braves came back to beat Gainesville on a single by pinch hitter Dave Edgley, scoring pinch runner Gil Gates. The high spot for Gainesville was a triple play in the fifth inning. With the hit and run sign alone and runner at first and second, Dick My-

Early-Morning Race 'Between 2 Automobiles Finds Damage In Finish

An early-morning race between two automobiles through Sipea Ave. in Midway ended with both cars damaged and a restaurant closed up until repairs have been made.

Ellis Robison, 20-year-old Negro of Midway, driving a Pontiac sedan was racing Willie C. Cummings, 26-year-old Midway

Negro, driving a Ford Sedan, when the Robison car went out of control, skidded more than 100 feet into the front of the Silver Grill Restaurant tearing a post out from under a porch roof, bringing the structure down over the front door. The Pontiac skidded an additional 20 feet smashing a fence and several posts be-

fore coming to a stop it was reported.

The Ford car, driven by Cummings, skidded out of control when the Pontiac swerved into the building. Cummings brought his car to a stop after crashing into three fence posts.

The accident was investigated by Deputy Sheriff Hubbard Eubanks and Constable J. Q. "Slim" Galloway. Eubanks arrested Ellis Robison, charging him with "reckless driving."

Constable Galloway said that he found Cummings at his home, the damaged car pulled around behind his home. Cummings has been charged with "Leaving the scene of an accident" and "reckless driving." Damage to both cars has been estimated at \$300.

Rosa Lee Robinson, operator of the Silver Grill Cafe, said that damages to the building would come to at least \$500. The property is owned by Abraham Jenkins, Midway Negro.

Several Laws Ready To Be Effective Starting Aug. 3

TALLAHASSEE—Several laws passed by the 1955 session of the legislature affecting the Florida Highway Patrol and the Department of Public Safety, will become effective next Wednesday, Aug. 3.

Among them is the one which requires that all under 18 years of age must submit proof of age when applying for a driver's license.

A 25 cents per license fee increase on driver's licenses. Funds derived will be used exclusively toward financing driver education in public schools.

Another law becomes law August 8 provides the widow a pension of one half a trooper's pay if the officer is killed in line of duty.

An act becoming law October 1, strengthens the financial responsibility law. It extends the period of suspension from one to three years and authorizes the suspension of the vehicle registration in addition to driver's license.

It also adds under the act the operator as well as the owner of a vehicle.

Also becoming effective Oct. 1 is an act which puts into operation placing blood type in the space provided on a driver's license. This, however, is a permissive bill.

Several other laws governing operations involving driver's license procedure will also become effective.

British-Made Jets To Replace Planes Assigned To Isle

WASHINGTON (U)—The United States is buying 140 jet fighters for the Royal Air Force.

They will replace American and Canadian-manufactured F86 Sabre Jets assigned to Britain when that country had trouble in production models of its own aircraft.

The F86's, numbering about 400, will be returned to the U. S. Air Force for reallocation to other countries under the North Atlantic Treaty Organization program.

The Defense Department made the announcement today by releasing without comment a British Ministry of Defense statement published simultaneously in London.

About 45 Hawker Hunter jet fighters will be produced to replace the F86s provided the RAF since 1953 and 1954.

Supper Tomorrow At Country Club

A gigantic barbecue will be served tomorrow night at the Mayfair Inn Seminoles Country Club in honor of the newly arrived commanding officer of the Sanford Naval Auxiliary Air Station and his staff.

The barbecue, to be attended by the Seminoles County Chamber of Commerce and its members and has been planned by Chamber Manager Forrest Breckenridge.

Chamber of Commerce President Earl Higginbotham extended an invitation to Chamber of Commerce members. Tickets to the affair are \$10 a couple.

Congressmen Hope To End On Schedule

WASHINGTON (U)—Congressional leaders pushed the throttle down today as hopes faded that the first session of the 86th Congress would wind up on schedule tomorrow night after all.

House leaders, who previously had not expected Congress to quit before next week, supplied the biggest impetus.

After the House passed a bitterly disputed natural gas bill last night, the leaders got unanimous agreement to call up tomorrow night bills which they originally had planned to handle Monday.

Army Deserter Gets 25-Year Sentence Doing Hard Labor

NEW YORK (U)—A World War II Army deserter who changed his name, raised a family and founded a thriving business — has been sentenced to 25 years at hard labor by a court-martial.

The penalty, imposed yesterday after Arthur Athans, 35, Falconer, N.Y., pleaded guilty, is subject to automatic review.

Athans' wife, Marjorie, who took their five children with her to the court-martial on Governors Island, tearfully told the board: "You couldn't ask for a better husband."

She married the ex-soldier in 1946, and has said she knew nothing of his desertion until his arrest last May.

Approximately 600 friends of the family petitioned the court-martial for leniency.

The deserter, who took the name of Joseph Trainer, operated a successful automobile agency near Jamestown in upstate New York for five years.

13 Cases Are Heard In County Court

Judge Ernest Housholder, Seminole County Judge, recessed court yesterday until Aug. 29 after hearing 13 cases. In the three days of court proceedings, two were found guilty as charged, two not guilty, three cases were not pressed, three estranged bonds, one case was continued and one declared a mistrial.

The final session of the County Court, in this term, included: Russell & Chaudoin alias Junior Chaudoin, charged with "possession of still apparatus" estranged a bond of \$50; Mack Alexander charged with "parking on the highway" estranged a \$50 bond; and the case against James Smith for "possessing beverages not permitted to be sold under license" was declared a mistrial when the jury could not agree upon a verdict.

Police Are Looking For Girl's Parents

BALTIMORE (U)—The Police Department's missing persons bureau hoped today would bring someone to claim a pet, 2-year-old who has been on their hands more than 36 hours.

"She's just precious," said one of the matrons. "She's playing quietly and having a good time."

The youngster, picked up Wednesday afternoon in a downtown 5 and 10 store, won't tell her name or where she lives.

She can talk but apparently doesn't care to. Slightly liked by all the attention she was getting yesterday at Pine Street station, the city clearing house for lost children, the tight-lipped matron told the matrons to "get away."

CHINATOWN MAY GET UNIFORMED OFFICERS

SAN FRANCISCO (U)—Acting Police Chief George Hawley has moved to abolish the historic Chinatown police squad which dates back 70 years to the days of Tong wars and slave girls. He recommended abolishing Chinatown's narrow, alleyway with regular uniformed policemen.

PRESIDENT EISENHOWER removes his glasses to emphasize a point in a radio and TV report to the people on the Geneva conference. Speaking from Washington, he said the "acid test" of the "spark kindled" at the meeting would come when the Big Four foreign ministers confer in October. The President added that while hopes for peace had been limited, we cannot afford to be complacent; nor can we believe that one week of negotiation can "wholly eliminate a problem arising out of the wide gulf that separates East and West."

Merchants Nite Set For Next Thursday

More than 20 Sanford merchants and interested citizens are staging a gigantic "Merchants Nite" at the Sanford Memorial Baseball Stadium next Thursday, Aug. 4, 7:30 p.m.

The Sanford Cardinals will meet the Daytona Beach Islanders in the "Merchants Nite" celebration when it is expected that the game will be played for a packed stadium.

The merchants presenting the baseball affair for Sanford citizens and fans, are distributing 11,000 tickets to the game.

This is one of the events that has assured a complete season of baseball for the Sanford area, and is one of the factors leading up to a big team in league standings.

Merchants and citizens who are distributing the nearly 12,000 tickets include:

Angela Drive-In, Angel's Kat, Andy's, Atlantic National Bank, K. L. Bass, Dave's, Harry's, Wreath Furniture Company, Phil Spinks Gulf Service Station, C. D. Benson, T. W. Brown, Camp, C. R. Dawson, Dew Don Inn, Firestone Store, Florida State Bank, Ponder's, Furniture Center, Harry's Liquor Store, Jacobson Department Store, Jim Spencer's, John Benhar's, Jones Grocery, John, McLaughlin's Drug Store.

He said the question of German unity at the Geneva conference brought out "a real difference" between the West and Russia — the Russians demanding a security pact before agreeing to German unification and the West contending that Europe cannot be secure until Germany is united.

Necessity Stated Cause Of Easement

Judge Vassar Carlton, today, in contempt proceedings, filed against Mrs. Arle King of West First St., warned that the court had ordered a 15-foot easement over her property because of necessity.

The Circuit Court Judge told Mrs. King that she will not molest or interfere with, in any way, persons employed by C. A. Lee.

Lee explained to the court that he had been kept from bulldozing and improving the 15-foot easement to his property.

Lee was represented by attorney George A. Speer Jr.

Breckenridge Tries To 'Sell' Sanford

Seminole County Chamber of Commerce Manager Forrest Breckenridge is back in Sanford following what he termed "a very successful trip" to Miami.

Breckenridge was in Miami to "sell Sanford" to well known financiers and investors who had become interested in local industrial progress.

The Chamber Manager was back home yesterday in time to attend the "Coffee Club" gathering.

San Francisco (U)—Three turncoat former corporals who embraced communism at the end of the Korean War return today to their families—and to charges they betrayed their nation and their comrades in a prisoner of war camp.

The charges, most serious of which is to lodge under the Uniform Code of Military Justice, carry a possible death penalty.

The three, who refused repatriation and went to Red China at the end of the war, are William C. Cowart, 32, Dalton Ga.; Otto Hill, 24, Hillsboro, Miss.; and Olympia, Wash.; and Lewis W. George, 29, Jacksonville, Tex.

When they renounced communism in Hong Kong July 9, they said they were ready to pay the penalty for their actions.

Under the President Cleveland docks at 1 p.m. today the Army charges will be read to them.

Alliance Preparing To Form Federation

KUALA LUMPUR, Malaysia (U)—The Malay-Chinese-Indian Alliance today prepared to form the Federation of Malaysia's first elected government after winning a majority in the 98-member Legislative Council.

Final results of the British protectorate's first national election Wednesday confirmed the Alliance's boast it would win 51 of the 52 seats at stake. The British high commissioner, Sir Donald MacGillivray, will appoint the other 46 members.

Critical Opposition Is Shown

Shigemitsu Asks
Official Word

TOKYO (U)—The arrival of six U. S. Army atomic cannons at Okinawa raised political fire today in Japan's Diet Parliament.

Under critical opposition questioning Prime Minister Ichiro Hatoyama said the United States had not informed Japan that the atomic guns and rockets were being sent to the Far East for the first time.

"Since this issue is very important," said Foreign Minister Mamoru Shigemitsu, "we have immediately asked for official confirmation."

"The government's attitude will be decided by the reply."

A Washington announcement said a six-gun battalion of 200 mm. atomic cannon and a battery of long-range 150mm. bombardment rockets were being assigned to the Far East.

At Okinawa, biggest U. S. Far East base, an Army spokesman said the guns had arrived there with the 603rd Field Artillery Battalion and would be unloaded tomorrow and Sunday. The 603rd trained at Ft. Bragg, N. C.

There was no word on where the 5th Artillery Battalion, a unit equipped with 76mm. "Honest John" rockets, would be stationed. It trained at Ft. Sill, Okla.

The Army emphasized both the cannon and the rocket can use either conventional or atomic warheads.

Housholder Speaks To Joint Session Of Church People

Judge Ernest Housholder spoke last night to a combined meeting of the Central Baptist Church Brotherhood and Women's Missionary Society.

Housholder continued his fight for juvenile delinquency prevention rather than juvenile delinquency prosecution. He said, "the prevention of juvenile delinquency does not begin in the court but rather, in the home, school and church."

Speaking to nearly 100 assembled church people, Housholder explained his request for an additional \$3,000 to support the Juvenile Court and its activities throughout Seminole County.

Charles Hayes, vice president of the Central Baptist Church Brotherhood presided over last night's meeting.

America Reportedly Warns Yugoslavia Of Fighter Planes

BELGRADE, Yugoslavia (U)—The United States reportedly has warned Yugoslavia that construction of Soviet MIG fighter planes might seriously affect U. S. aid to President Tito's government.

Well-informed sources said the warning was given the Yugoslav Foreign Office by U. S. Ambassador James Riddleberger.

Rumors that Russia has expressed willingness to supply Yugoslavia's aviation industry with a license to build the MIGs have circulated here recently.

The government reportedly discussed the possibility of using Western designs with the United States, Britain and France, but the West's price was said to be too high.

Airport May See Hunting On Base

OMAHA (U)—There may be some deer hunting soon on the greens of the Omaha airport.

The airport is located north of the city and adjacent to the lowlands of the Missouri River. In the cool of the evening the not-so-shy but quite hungry deer come up from the river bottoms to graze on the airport greens.

That gives pilots fits.

So the State Game Commission today is considering sending in some expert riflemen from its forces.

Strangulation Said Reason For Death Of DeLand Woman

DELAND (U)—A pathologist says Mrs. Zona Smith, 33, found dead in her husband's car on a highway yesterday, died of strangulation.

The husband, Meriwether L. Smith, 31, a bulldozer operator and part-time preacher, is being held on an open charge pending an autopsy.

Deputies who found the body said Mrs. Smith's head lay on a pool of blood from a wound on her forehead and that bloodstains covered the bedsheet and floor of the room. But Dr. W. W. Schneider, pathologist at Halifax Hospital in Daytona Beach who performed an autopsy, said the head wound was not sufficient to cause death.

Chief Deputy John Tapscott said Smith told him he fought with his home, finding one of them in the room of his son Samuel, 18. The boy, however, was quoted as saying his father attacked him, he fled and called the sheriff's office.

Campbell's Office Sees Wrong-Doing On Company Head

WASHINGTON (U)—The office of Comptroller General Joseph Campbell says it was wrong in two accusations of wrongdoing against Howard L. Young, a congressional lobbyist, and a corporation which was dropping them.

Young is president of American Zinc, Lead and Smelting Co., of St. Louis. He retained his position with the company when he was an official in the Defense Materials Procurement Agency during the Truman administration.

Allegations of "misconduct of interest" in Young's handling of some zinc contracts during his time with the DMPA were made by Campbell last July. The Senate Finance Committee Production Subcommittee conducted an inquiry. Yesterday, the committee made public testimony taken the day before in which Campbell's office said two of its charges against Young were based on wrong information.

Strong Editorial Issued In China

TAIPEI, Formosa (U)—The official China Daily News said editorially today: "We smell a rat in the recent announcements from Washington. We must be on the alert for anything."

In the strongest editorial comment yet by Nationalist Chinese papers on the Geneva talks starting Monday between Red China and the United States, the paper said the meeting was "100 per cent a product of appeasement."

It said, "The so-called tension in the Formosa Strait was created by the Russian and Chinese Communists to lure the United States and the rest of the free world into another trap."

"Discussing a cease-fire with them means stepping right into that trap."

"We shall never accept a cease-fire."

Norval G. Marlatt Dies In Hospital

An Elder Springs resident, Norval G. Marlatt, 83, died today in the Fernald Laughton Memorial Hospital following a short illness. Born June 3, 1872, he came to this community in 1913.

He is survived by a sister, Mrs. Mable Kimbel of Daytona Beach; three sons, Wilbert E. of Detroit, Mich., Ralph H. of Washington, D. C., and Norval Frederick of Hammond, Ind.; five grandchildren; and two great grandchildren; two brothers, Wesley of Pasadena, Cal., and George of Sealton, Wash.

Remains will be sent to Hammond for burial. No funeral will be held and it has been asked that flowers be omitted.

ROBERTA COOK, who presided of the Junior Chamber National Bank, Twenty Nine Palms, Calif., is shown in the U. S. Commissioner's Office in San Diego when he arrived by train. She was charged with abduction. Cook was taken into custody at the Del Mar race track and jailed on suspicion of stealing more than \$10,000.

Natural Gas Bill Passes By Margin In House Action

WASHINGTON (U)—A bill to free natural gas producers from federal controls passed the House by a six-vote margin last night but promptly was stalled in the rush to adjourn.

Acting Majority Leader Clements (D-Ky.) said opponents of the bill in the Senate program Sen. Daniel (D-Tex.), an oil-backer, conceded it is "awfully late" to start debate this year on such a controversial issue.

The Senate can act upon it during the session beginning next January.

The House last night passed 200-203 a bill by Rep. Harris (D-Ark.), frankly aimed at overturning a 1954 Supreme Court decision. It would exempt producers from the Federal Power Commission's price fixing authority.

The high court had ruled that the FPC should regulate producer prices for gas sold to interstate pipelines. It said the FPC was wrong in contending it lacked this power under the 1938 Natural Gas Act.

Nazarene Church Announces School

The First Church of the Nazarenes announces a two-week Daily Vacation Bible School beginning August 14. Mrs. Robert Carter has been named as Supervisor with an administrative staff composed of the following women: Mrs. Tom Spivey, Mrs. Robert Bodenbaugh, Mrs. Spencer Castle, and Mrs. Robert Spear Jr.

At a recent dinner meeting at Taddy's, Bible School workers were instructed and detailed plans made for a very fine school.

More announcements will be given in the near future regarding time and curriculum.

HOPE FOR RECORD

MANILA (U)—Susan Bryan, 21, San Francisco travel agency employee, arrived at 11:30 a. m. today aboard an Air France plane on her record-setting race on commercial airliners. She left at 12:30 p.m. on the same plane for Tokyo, she started from San Francisco Tuesday and hopes to arrive there before noon Saturday, breaking the 11-hour record.
