### Safe Driving

A little pamphlet issued by Governor Sholts' Safely Committee, of which Asher Frank is chairman, reveals that 30,500 persons were killed in the United States last year as a result of automobile accidents, that 546 of these deaths were in the State of Florida, and that the property dam-age resulting from these accidents in Florida amounted before Marriner S. Eccles of Utah to \$500,000.

In the light of such facts, the importance of careful driving can be better understood. Most highway accidents are the result of carelessness on the part of some automo- Roosevelt to governor of the fed bile driver. If everyone would carry out the suggestions eral reserve board more than fulfor careful driving as prepared by Asher Frank's Safety Committee, such accidents could be almost eliminated. Study them. the union he awang into the heart of his discourse, "social justice" basing it on the second of 10 points which coheerns the living

secessity for readjustment of the wage system, urging the adoption of a yearly salary instead of the hously or weekly wage. He sited president of the E. I. Du Pont de Vemours and Co., and one by Donald Richberg, executive director of the national emergency council.

Du Pont was quoted as saying: 'All government regulations of business, as such, and as distinguished from any other forms of activity, should be treated as an individual-no better, no wome."

Richberg was quoted with the words: "It has become possible for businessmen to prey upon each other and the public by methods that are just as vicious and time-dishonored as forgery and embezziement."

"Mr. Du Pont is only representative of his class," Father Coughlin said in launching an attack on what he termed the faire" principles on which the Du tified in demanding the removal of Pont fortune was founded.
