It is understood that C. C. Chillingsworth of West Palm Beach, and Davis & Giles, of Orlando, also have been retained by Miss Clarke.—Orlando Sentinel.

BIG FOUR ASK FOR BALLOTS THIS WEEK

VOTING ON WAGE REDUCTION WILL TAKE A MONTH

CLEVELAND, Aug. 16.—The call for the referendum of all the members of the "big four" railroad brotherhoods and the Switchmen's Union of North America to determine their attitude of wage reductions ordered by the United States Railway Labor Board, under which they have been working since July 1, may be issued before the end of this week, according to officials of the railroad brotherhoods here last night.

The ballots for the referendum must be sent out to the membership before September 1, James Murdock, vice-president and acting head of the Brotherhood of Railway Trainmen during the illness of President W. G. Lee, said last night.

It will take a month to complete the balloting and know the verdict of the train service employees of the nation's railways, Mr. Murdock said. A statement outlining the attitude of the chief executives of the five organizations may be issued before the end of the week. The situation hinges, not so much on the average 12 per cent reduction already ordered, but on rumors that the railroads would seek further wage reductions, the elimination of time and one-half pay for overtime and the revision of schedules and working rules.

"If the railroads propose to go ahead and upset all we have gained through years of negotiation, and eliminate time and one-half pay and other working rules and conditions, no power on earth can hold the railroad men of the country," President Lee of the trainmen said in a recent interview.

Acting on the instructions of the conference of general chairmen in Chicago, July 1, the brotherhood chiefs are holding conferences with railway executives in each of the four regions and established by the Interstate Commerce Commission.

They are putting up to them these four propositions:

That the wage reduction already ordered be called and the old rates of pay restored.

That no reduction be required or sought.

That no effort shall be made to take time and one-half pay away from their members.

That for a fixed period no attempt be made to cancel or change present schedules or working rules.

OVER FIVE MILLIONS OUT OF EMPLOYMENT SAYS SECRETARY DAVIS

SANFORD BUSINESS MEN WILL VISIT OSCEOLA ON WEDNESDAY, WILL BE FIRST OF TRADE TRIPS

Osceola has been advised that the initial trip of the Trade Extension Committee of the Sanford Chamber of Commerce would be made to that section next Wednesday. The committee plans to leave Sanford promptly at 3 p. m. arriving in Osceola an hour later. Two hours will probably be spent in this prosperous community getting acquainted and discussing plans for better road communication between Osceola and Sanford.

It is generally known and admitted that the business from Osceola, which now goes to towns adjacent thereto, could be diverted to Sanford if a stretch of approximately four miles of extremely bad road could be improved.

As a result of this condition the business men of Sanford have already lost thousands of dollars of desirable business and will continue to be the losers if some concerted action is not taken immediately to give the people of Osceola a good road to Sanford. They have repeatedly stated their preference for Sanford, and would have thrown their whole volume of business to this city if it had not required the courage of a pioneer to undertake the

FRENCH PREMIER TO REPRESENT FRANCE HERE

DISARMAMENT CONVENTION WILL BE THE REAL CLASSY THING

WASHINGTON, Aug. 16.—The hope of American officials that the disarmament conference will be a diplomatic conclave of the first order was strengthened yesterday when France informed the state department that she would send her premier, Aristide Briand, at the head of her delegation of diplomats.

The decision is expected here to be followed by similar moves on the part of other powers, investing the gathering with extraordinary significance and giving it much of the plenary authority that was possessed by the council of "heads of states" at Versailles.

The French notification came in the form of a message from Premier Briand himself, transmitted through the American embassy at Paris, saying merely that the premier would take pleasure in personally representing his country at the conference. It was the first formal acceptance to be received from any of the invited nations.

Meantime the administration's preparation of its own part in the conference was advanced by a request sent to congress for an appropriation of \$200,000 as an initial budget to pay expenses of the American representatives and of a secretarial-general.

The sum fixed in the request and the data accompanying it apparently disposed of any expectation that this government would pay expenses of any of the visiting delegations, for congress was informed specifically that the money was to be used for the retariat-general alone.

Grandmother at 28 is Distinction Tampan Attained Monday

(By The Associated Press) TAMPA, Aug. 16.—Grandmother at the age of twenty-eight is the distinction held by Mrs. Ethel Coulnot, of Tampa, attained by the arrival yesterday of a daughter to her daughter, Mrs. Francis McCullough. Mrs. Coulnot was married at thirteen years and Mrs. McCullough, who is fifteen, is the oldest of her three children.

AMERICAN GIRLS CUT IMPORTATIONS BY BOBBING HAIR.

WASHINGTON, Aug. 16.—When American girls adopted bobbed hair, they struck with terrific force at the foreign human hair trust.

Human hair sold in America for years has been a prolific source of revenue for Chinese and other exporters.

Human hair importations have dropped from 222,000 pounds to 7,000 pounds a month. Only \$14,000 worth entered American ports in June, as compared with \$196,000 worth the same month last year.

HENRY LODGE IS CHOSEN ON COMMITTEE

AS MEMBER AMERICAN DELEGATION AT DISARMAMENT CONVENTION

(By The Associated Press) WASHINGTON, Aug. 16.—Henry Cabot Lodge, chairman of the Senate foreign relations committee has been definitely selected by President Harding as a member of the American delegation to the disarmament convention. The formal announcement of Lodge's selection was made at the White House today. He is the second member of the delegation to be named, having previously announced Secretary of State Hughes would be the chairman.

TAMPA ORDINANCES REGARDING AUTOMOBILES STRICTER AND STRICTER.

(By The Associated Press) TAMPA, Aug. 16.—Three hundred and ninety-two motorists have been fined in municipal court for violations of the city's new traffic ordinance since it became effective a month ago. Enforcement regulations requiring all owners of automobiles to register their cars with the police department came effective today, and more arrests are expected.

STRIKERS USE PEACEFUL MEANS PICKETING SHOPS

(By The Associated Press) WINSTON-SALEM, N. C., Aug. 16.—At 12:30 this morning, Captain Ben H. Gray, commander of the Winston-Salem military company, received a telephone message from General Metts, ordering his company to report at once at Kannapolis for duty in connection with the strike there of textile mill workers. The company will leave at 11:20 this morning in special coaches on a regular train over the Southern railway, and will arrive in Concord about 2 p. m.

Society Wedding Interests the State, Hundreds to Attend

That Society wedding, that street dance, that prize dance, that good band music, that well lighted street with the many colored lights, those good things to eat and all of the other good points of that big time the Educational Committee of the Woman's Club intends to give the people here on the night of Friday, August 20th, is making the people sit up and take notice.

Not only in Sanford and Seminola county but in adjoining counties for everybody is invited—yes, mam—everybody, come right in and help the Woman's Club to erect that building for the school lunches that are to take care of the hungry children this year at our grammar school.

This movement is way ahead of any of the movements that would take care of the children living thousands of miles from here. This is charity beginning right at home and the kind you can see while it is working.

So get behind this society wedding and street dance and make it one of the big successes of the year. Now is the time to stimulate business and the merchants are all in line to offer big sales for that day and get the people here to enjoy a big time at night. Watch the Daily Herald for future announcements.

Food Shortage in South in Scientific Sense Only

DEFINITE INCREASE

REPORTED IN ALABAMA, ARKANSAS, MISSISSIPPI, OKLAHOMA AND TEXAS

(By The Associated Press) WASHINGTON, Aug. 16.—Conservative estimates indicate 5,000 deaths and one hundred thousand cases of pellagra in the country in 1921, according to a statement issued at the White House simultaneously with an announcement that President Harding had received from the Public Health Service a report that the food shortage in the South had assumed proportions of famine only in "Scientific restricted sense." Based on report from surgeon general, the White House statement was given out late yesterday said: "Definite increase" of pellagra reported in Alabama, Arkansas, Mississippi, Oklahoma, Texas and "probably North and South Carolina while some evidence indicates an increase in Georgia." In Kentucky and Virginia the statement added "testimony points to a decrease." Findings of the Health Service report to the president it was said was based largely on incomplete statistics furnished by health officers of twelve Southern states recently in conference here with Surgeon General Cumming.

DEFLATION COST AMERICA BIG SUM, SENATOR STATES

Unnatural Way of Forcing Credit was Responsible

(By The Associated Press) GREENSBORO, N. C., Aug. 16.—Forty-three billion dollars has been lost by the people of the United States through "unnatural deflation, forced through," Senator E. F. Ladd, Republican, of North Dakota, declared in an address yesterday before the opening of the Southern Tariff congress.

Basing his figures on recent testimony of John Skelton Williams, former comptroller of the currency, Senator Ladd said the nation "is indebted to Mr. Williams for enlightening it as to the workings of the Federal reserve system as now carried out by seven men who have the power to inflate and contract without regard to the government."

"Having inflated the currency until the dollar is worth about forty cents," he said, "the government proceeds to borrow \$24,000,000,000 to help pay the expenses of a great world war. The real value of these dollars was not to exceed \$12,000,000,000 in the purchasing power under normal conditions."

"The same seven men proceeded to deflate the purchasing power of the dollar and now the government will have to liquidate that debt that is the common people, the real workers of the land, will pay for the most of it on a basis representing the value of \$50,000,000,000 when expressed in terms of agricultural products."

Referring to the tariff, Senator Ladd advocated an alliance between the South and the West to prevent the farmers from becoming the "prey of the great manufacturing centers." "The farmer is not justified," he said "in remaining silent under the treatment which affords ten per cent protection on raw hides and then gives 150 per cent protection on leather products so hidden as average person does not know the trouble."

TOURIST SEASON TO OPEN OCTOBER 1ST

JACKSONVILLE, Aug. 16.—Tourist rate tickets to Florida from all sections of the country will go on sale October 1, making the opening of the tourist season, according to advices received in railroad passenger traffic circles here. Last year was the first time the rates became effective so early and the earlier sale had the effect of prolonging the tourist season. The plan was so successful the roads adopted it again this year.

NOTES FROM CO. D

SANFORD COMPANY MAKING GOOD AT JACKSONVILLE ENCAMPMENT

Headquarters, Co. D, 1st Inf. F. N. G. Camp of Instruction, Camp Johnston, Fla. August 13th, 1921.

Dear Mr. Holly:

No doubt you would like to hear from Company D as to whether we are doing our duty, or not. You may rest assured that the outfit is doing their part, and fully intend to bring home the bacon.

Captain DeCottes is up at 5:30 a. m. right with the boys getting them started early, always the first on the field, and is certainly doing everything for the boys that he can do to make the outfit more efficient in their work. Lieuts. Hutchison and Lossing are doing their part towards helping us along, towards the name of being the best outfit in camp. And I may say that if we are not the best, we are good as the best.

The boys are making a record on the 1,000 yard range, and will go, on Monday for all day. Major Wilson, the machine gun officer, is very much pleased with the organization that we have, and is throwing flowers our way. Every man is interested in his work and doing his best. There are several cups offered, and Co. D is going to carry back a few with them, if such a thing is possible.

We want Sanford to be proud of Co. D and we are not going to fall down on the job.

Sincerely,
VIRGIL L. SMITH.

P. S.: Here are a couple of good ones we put in the Metropolis:

"Private Wimbish is some soldier. He believes in obeying orders. Friday night he was called from his cot and told that six policemen had been shot in a riot at the county jail. He jumped to his feet, raced to regimental headquarters and reported the company ready for action. What they said at headquarters has been deleted by the censor."

Two more good meals were served Friday. Some chow we're getting.

Private first class Isadore O'Brien Meredith, "baby hippo" has a pair of pants that will fit him now. Congratulations Meredith."

On Parade

Yesterday morning we had big Tom Meredith, 190-lb. Kentucky bred, in the line up. Tom is a good soldier but likes to sleep in now and then. The captain put the question to Tom as to why he hadn't shaved. The conversation follows:

Captain: "Meredith, you understand you're to answer all officers with 'Yes Sir and No Sir.'"

Meredith: "Yes, Sir."

Captain: "Did you shave this morning, Meredith?"

Meredith: "No."

Captain: "No what?"
Meredith: "No razor."

Capt. DeCottes Talking to Pvt. Green
Capt.: "Where were you born, Green?"

Green: "Florida, Sir."

Capt.: "What state were you born in, Green?"

Green: "Asleep, Sir."

Capt.: "I mean what state in the United States?"

Green: "Pennsylvania, Sir."

Capt.: "What part?"

Green: "Why, all of me, sir."

A Good Reason

Capt. to Sergeant Mero: "You were in the air force, weren't you?"

Mero: "Yes sir. I had poor feet, sir, and they put me in there because I used to fall out on route marches, sir."

Capt.: "Well you do yet, don't you, Sergeant?"

Mero: "Yes, Sir."

Capt.: "Well, I think I will have you transferred there again, Sergeant."

Mero: "Pardon, Sir, may I ask why?"

Capt.: "Yes, Sergeant, because you will only fall out there just once."

COAST LINE STRIKE PENDING; CLERKS ONLY AWAIT BALLOTS

Strike ballots which are to be furnished Atlantic Coast Line clerical and station employes in order that they may decide whether they will accept a reduction in wages given them a short time ago have not yet reached the employes in this city, it was said Friday morning. The ballots are to be returned to headquarters of the union organization by September 1, so it is pointed out that there is still plenty of time and that the ballots may not reach here for some time.

Tampa employes predict that when the returned ballots are counted, however, it will have been decided to strike. They maintain that no alternative has been left them but striking in protest against the reduction in wages which went into effect a short time ago, for, they say, they have been informed that if the present reduction is accepted without protest further reductions in their wages will be made.

A representative of the union workers was in Tampa a short time ago and visited other cities and railroad centers in Florida. He declared the clerical and station workers were united in favor of rejecting the new wage, and that strike ballots would be sent employes here in the near future to be returned to headquarters where results would be determined and action taken.—Tampa Times.

The joy of a kind act is from the same source as that of anything well done—it is all in the doing and not in the gratitude of those for whom it is done.

FLORIDA ASSOCIATED DAILIES MET IN DELAND AND DAYTONA SATURDAY AND SUNDAY

And Had One of The Finest Meetings of The Year

One of the strongest associations of newspaper men in the South is the Associated Dailies of Florida and when they meet four times each year at some city or cities even though the meetings are held on Saturday and some times on Sunday and there is but little time to discuss the vital questions that concern the craft it is short and sweet and make it snappy with the Daily Newspapers and they lose no time in soft talk but go to the point and make every minute count, thus accomplishing more in a few minutes than other associations could in three or four days.

One of the most pleasant occasions of the Associated Dailies was the meeting at DeLand and Daytona Saturday and Sunday. The business meeting was held Saturday morning at the Commercial Club, the guests making the Putnam Inn their headquarters.

The following program was carried out:

Advertising — E. S. Wadsworth, Thomas Advertising Service of Jacksonville.

Collections—D. H. Conkling, Palm Beach Post.

How to Get Business—Major Quimby Melton, Jacksonville Metropolis.

Newsprint—W. A. Elliott, Jacksonville Times-Union.

A number of discussions by Geo. E. Keller, state representative of the Gergenthaler Linotype Company and many others present took place and a real treat was the speech of Major Lew B. Brown, of the St. Petersburg Independent. Major Brown has been in the newspaper business for over forty years.

The discussions brought out many important facts in connection with the printing business the most notable being high wages that still prevail and high prices of printing paper, freight rates, etc. Also that during war times when other lines of business were making fortunes the newspaper had never raised their rates and were still going along on the same old rates of pre-war periods.

At noon the newspaper men were the guests of the DeLand Commercial Club under the able management of the popular secretary, Earl Brown, at beautiful DeLeon Springs where they enjoyed the cooling waters, the shade trees, an elegant luncheon and the society of the hospitable DeLand folks.

The entire crowd was then taken over DeLand and parts of Volusia county and at eight o'clock the DeLand News was host at an elegant banquet at the Putnam Inn where a five course dinner was served in Putnam Inn style. No set program was pulled during the dinner but with Chris Codrington, of the News acting as toastmaster and calling upon the live wires present for two minute talks the evening was a lively one especially since a bunch at the foot of the table took a shot at every speaker and sang songs at the conclusion of each talk. President Jordan of the Chamber of Commerce and Mrs. Jordan and Secretary Earl Brown and Mrs. Brown were also guests at the banquet and came in for their share of the compliments.

At the close of the banquet the entire party was the guests of Mr. Dreka at the elegant new Dreka Theatre Saturday night being the first night of the opening. Words would fail to describe the beauties of this new and up-to-date moving picture house that cost over \$60,000 and was made possible by that public spirited citizen and some of his friends. This makes two new theatres for DeLand and this fact alone should be one of the strongest advertisements that DeLand could have—two of the finest theatres in the state built this summer—and then there are hundreds of new houses going up and many new store buildings and the Athens of Florida will soon be the principal city of Florida if this activity keeps up. However, when you meet the Codringtons, Chris and Clayton, see their shop and see what they are doing in the way of boosting and building DeLand you will know where most of the "pep" is coming from and while doing all of this Clayton has time to make the best secretary that the Associated Dailies could find anywhere.

Many of the newspaper men and girls went to Daytona Saturday night to attend the dance and the rest of the party rested until Sunday morning when they journeyed to Daytona Beach to be the guests of Mr. and Mrs. Edward Fitzgerald of the Daytona News. Ed. Taylor of the Miami Herald was one of the hosts on this occasion but sent a wire stating that he "could be with them in spirits" only. At noon the Fitzgeralds served one of their wonderful buffet luncheons that are the delight of every newspaper man and woman in Florida and that have made this prince and prin-

cess of hospitality famous with the hundreds that they entertain during the year. Hot creamed shrimp, right fresh from the ocean, hot rolls, gold tongue and ham, baked beans, guava paste, cake, pickles and everything was there in abundance and cooked and served as only the Fitzgeralds know how and for several hours about sixty guests enjoyed the elegant home of Mr. Fitzgerald. After a dip in the ocean they scattered for their busy offices over the state where they are hitting the keys today and thinking about the good time they will have at the next meeting in Miami with a side trip to the Bahama Islands. They will not soon forget the generous hospitality of DeLand and of the Commercial Club, of the good people, of the Codringtons and the various hotels and of the Fitzgeralds and others at Daytona Beach, who made their stay so pleasant. The following officers were nominated by a committee composed of R. J. Holly, Chris Codrington and W. A. Elliott and elected by acclamation: Quimby Melton, of the Jacksonville Metropolis, president; Ed. Taylor, of the Miami Herald, vice-president; Clayton Codrington, of the DeLand News, secretary and treasurer; W. A. Elliott, of the Times-Union; W. M. Pepper, of the Gainesville Sun; Harry Brown, of the Lakeland Telegram; Lew Brown of the St. Petersburg Independent; T. E. Fitzgerald, of the Daytona News on the board of governors.

NEW SCHOOL FOR OVIEDO IS ASSURED

HAVE VOTED \$20,000 IN BONDS FOR NEW AND MODERN SCHOOL BUILDING

Oviedo, the second city in size to Sanford in this great and thriving county of Seminole, believes in higher education and giving the girls and boys of that school district the best that money can buy in the way of school houses and equipment. And to show that they believe in education the good people of Oviedo have voted on bonds to the sum of \$20,000 in District No. 3 which comprises Oviedo and the section in and around that little city.

The new building will have four rooms on the first floor and each room will seat 40 pupils. The second floor will be an auditorium with a seating capacity of 500 which has been a crying need in Oviedo where they have many fine entertainments during the year but heretofore have had no place in which to hold them. The building will be of brick and modern in every respect with a fine lighting arrangement and steam heat. A complete electric lighting plant for the new school house will guarantee good lights for using the auditorium at night. Architect Trimble, of Orlando, has drawn the plans and as soon as the bonds are sold the bids will be advertised and the contract let and some time in the near future Oviedo will have one of the finest school houses in this part of Florida.

WANT COMMUNITY SHOWINGS FOR FAIR.

Community exhibits as well as county exhibits are being sought by the Florida State Fair Association for the Florida State Fair and Exposition at Jacksonville, November 12 to 19.

W. F. Flynn, director of agricultural exhibits, is now in Nassau county where he is continuing his efforts to interest various communities to send exhibits to this year's fair. Mr. Flynn has just returned from a trip down state and met with much encouragement.

The community exhibits consist of agricultural displays similar to the county exhibits and a large number of communities, most of them close to Jacksonville, but some at more distant points, will have big displays at the coming fair.

Only three spaces are left in the agricultural building, B. K. Hanafourde, secretary and general manager, announced Friday. The spaces average about 40 feet in length and the counties who have not yet signed up will have to hustle if they expect to get in. Mr. Hanafourde said. Counties that have already made arrangements for space are the following: Putnam, Taylor, Columbia, Bradford, Alachua, Escambia, Suwannee, Madison, Gadsden, Leon and Duval.

Of the remaining spaces, two are 30 feet in length and one 40 feet.

THREE FLORIDIANS COMING ON ZR-2

WASHINGTON, Aug. 15.—Southern states will be well represented among the men on the navy's big dirigible ZR-2, when it sails from Howden, England, probably Aug. 25, on its trans-Atlantic air voyage for Lakehurst, N. C.

One of the watch officers is Lieut. Henry W. Hoyt, of Clearwater, Fla., and the assistant engineer will be Chief Machinist Shine S. Halliburton of Macon, Ga.

Among the riggers will be Maurice Lay of Greensboro, N. C., and among the mechanics will be Charles W. Cass, of Jacksonville, Fla., Lloyd E. Crowl, of South Carolina and Llewellyn T. Stevens of Atlanta, Ga. One of the radio operators will be John T. Robertson, chief electrician, of New Smyrna, Fla.

Lieut. Hoyt, who is thirty-one years old, is a native of Clearwater, Fla., graduated from the Naval Academy in 1914 and specialized in kite balloon duty at sea.

He won a navy cross during the war. A number of other southern men will be aboard. They include Lieutenant-Commander Valentine N. Bieg, a native of Alexandria, Va., whose home is at Bryn Mawr, Pa., is senior engineer officer of the ZR-2. Lieut. Commander Richard F. Byrd, Jr., (retired), air navigation officer of the vessel, is a native of Winchester, Va., making his home in Washington, D. C.

What a difference in the morning. Speaking about the weather and not about any parties.

Did you ever see anything finer than this summer that you spent at home in the finest place on earth?

Looks like "we white collar boys" are coming back now that the Republican tariff tinkers are about to fix the income tax so the ordinary newspaper editor can get by without borrowing money to pay the tax.

We can tell the Republican party one thing: If they keep their pre-election promises of taking off those burdensome and dampfoot taxes that were put on by the Democratic administration they will not only earn the everlasting gratitude of the people but will perpetuate their party in power for some time to come.

The Trade Extension committee starts on their pilgrimage tomorrow. They may or may not set the world on fire but they have their heart in the work and are giving up time and money to boost Sanford and Sanford merchants.

We congratulate the Orlando Sentinel on their many improvements as the following notice in the Sentinel indicates: "In an effort to keep pace with growing and expanding Orlando,

CLAM Fry diced salt pork until brown. Boil sliced potatoes and PIE onions in milk to cover until tender. Put a layer of bread crumbs in a baking dish, add a layer of Burnham's Steamed Clams with a little pork, a layer of potatoes. Sprinkle with salt and pepper and moisten with clam juice. Repeat layers until dish is full, cover with pie crust. Bake in quick oven. Deane Turner WELAKA BLOCK Phone 497-494

Orange county and this section of Florida, the Sentinel has installed another new Linotype. The room adjoining the Sentinel on the South has been leased and a new 16-page Hoe press with an output of 16,000 copies per hour will be installed soon, the large press being shipped last week. The press will be near the front window so the people can see their favorite paper roll out of the wonderful press which is the only one of its kind in Inland Florida.

Miami was chosen as the next meeting place of the Associated Dailies of Florida, which will be held in November. Orlando made a fight to secure the next convention, but when it was announced that Ed. Taylor, of the Miami Herald, pledged a trip to Miami there was no more fight in the crowd. Miami was chosen without opposition.—Orlando Reporter-Star.

A meeting is being held in Sanford today by the war department to receive objections, if any are filed, against the granting of right to build a bridge over the St. Johns river at Osteen ferry. The river is very narrow at this point, and it will cost little to throw a bridge across. It should be built higher than the usual bridge, which would be a great convenience to boat owners, and would lessen the work of the bridge tender.—DeLand News.

THE UNEXPECTED HAPPENS.

Unless we are greatly mistaken smelling salts will be needed to revive Secretary Cox of the Chamber of Commerce when he receives, within a few days a check from the Florida Press Association refunding about 14 per cent of the \$1,200 which was paid the Press Association when the National Editorial Association spent a part of a day in Orlando in March.

The committee in charge of the finances of the tour find there is \$3,000 dollars over after all expenses have been paid. At the meeting of the Dailies held in DeLand Saturday several members of the executive committee were present and it was voted to rebate the various towns in proportion to what was paid by them to the Association.

From every Board of Trade secretary in the state we have reports of early inquiries. Double the number of letters and requests for information are being received at this time than in former years. The inquiries are the direct result of the publicity given the state by the editors who were on the tour. Millions of readers, who, otherwise would never have known of the beauties of the state, became familiar with most every section from the descriptive word pictures sent home by the dined and wind (grape juiced) pen pushers.

It cost Florida less than \$50,000 to show these men the state and we could not have bought the publicity received as a result of the kindnesses shown for upwards of a million dollars.—Orlando Reporter-Star.

WHY NOT BOBBED HAIR?

Bobbed hair is not dignified in the opinion of Marshall Field & Co., of Chicago, the latest recruits to the employers' campaign against the fashion, and the girl who refuses to wear her crown of glory in the time-honored manner will have to go.

If Marshall Field & Co., or any other company employing girls, can think of a more sensible innovation among the hundreds adopted yearly by their employes than the custom of bobbing the hair, they have been more observant of passing styles than the average citizen. The wonder is that more women have not rebelled earlier against the less sanitary and less comfortable

mode so long in vogue. Bobbed hair is easy to comb, easy to wash, cooler in summer, impossible to disarrange and not disagreeable to look at. To possess it is to share with men in a degree the freedom from the necessity of protracted labor in front of a mirror which has given the male a decided advantage in commercial and industrial competition. It removes one more of the barriers to physical activity which were raised against women during the so-called age of chivalry. Even the Chinese are abandoning the practice of footbinding. The American girl should be allowed to wear her hair the way she likes it.

In essence the attempt to control women's styles is only one more evidence of the rule of Mrs. Grundy and the various leagues for the suppression of personal liberty in this our normal age. Whatever is now is wrong in their eyes. But when it happens to be sensible it will probably win out anyway.—New York World.

GOOD SENSE FROM POSTMASTER GENERAL

Postmaster General Hays made the following remarks on business conditions at a luncheon given by the Washington Rotary Club on August 10th. The last sentence of these remarks, which is capitalized, was received with great enthusiasm by the Rotarians:

"I would like to fill the country with the Spirit of Rotary.

"There is a lot of business that is really sick, still staggering with the shell shock of war and the debauch of extravagance, but there is a good deal more that is merely malingering. What we need more than anything else is the common sense of courage and confidence. There is, of course, the greatest era of expansion and prosperity ahead that the world has ever seen. Every one knows this and the only question discussed is when it will start. Well, it's time to go out and meet it.

"LET US HAVE LESS OF 'THOU SHALT NOT' AND MORE OF 'COME ON, LET'S GO!'"

At the same luncheon the postmaster general made the following suggestion concerning a campaign which he proposed should be inaugurated by the Rotarians throughout the country to extend economy in town, city, township, county and state expenditures. The Washington Rotary Club unanimously adopted his suggestion and will recommend it to the International Rotary Clubs for action.

You are familiar with the President's purpose to lower the expenses of the Federal Government to the irreducible minimum. This is necessary and will be done.

The expenses of the Federal Government, however, constitute but part of the expenses of government.

The authorities in control in our towns, cities, townships, counties and states just as certainly owe a similar service to the situation.

In a very few instances this service is being attempted, but there is no systematic effort whatever in this direction.

The total expenditures of the towns, cities, townships, counties and states exceed those of the Federal government, except only the payments on the already contracted war indebtedness which cannot be avoided.

The opportunities for economy are just as great.

The same tax payers pay all the bills.

I propose a nation-wide, systematic, enthusiastic and sincere movement to reduce also these expenditures of local governments.

I suggest that the Rotarians of the country make this their business and that they inaugurate and with their incomparable zeal and ability cause to be developed a successful movement to this end.

Only by this universal effort for efficiency and economy can the maximum good be accomplished and a complete recovery be had.

New Smyrna will soon have another new ice factory.

Notice of Application for Tax Deed Under Section 575, General Statutes, Laws of Florida

Notice is hereby given that J. E. Laing, purchaser of Tax Certificate No. 60, dated the 2nd day of June, A. D. 1919, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Seminole county, Florida, to-wit: Lot 9, Block 9, Tier C, Sanford. The said land being assessed at the date of the issuance of such certificate in the name of Unknown. Unless said certificate shall be redeemed according to law tax deed will issue thereon on the 18th day of August, A. D. 1921.

Witness my official signature and seal this the 12th day of July, A. D. 1921. (SEAL) E. A. DOUGLASS, Clerk Circuit Court, Seminole County, Florida. By A. M. WEEKS, D. C. 7-12-6tc

WHAT PROMINENT SANFORD PEOPLE THINK OF WORLD IN GENERAL TOLD

While travelling around the city this morning (on foot, as usual) we were struck with the wonderful knowledge displayed by many of the Sanford people. All you need to do if you want to find out what the world is doing is to take your stand on any of the corners or at any of the stores, get you a group of Sanford men and start them going. Only this morning we evolved the following words of wisdom from the following Sanford men:

Frank Miller said there is a cow for every inhabitant over in Holland, while here in America there is more or less "bull" to most of the inhabitants.

Felix Frank said: When women wore bustles they were misrepresenting. With the modern high skirts and roll down stockings—you've got to believe it because you can see it.

And then Ed. Higgins spoke up as follows: A lot of men who have a twelve cylinder voice and the nerve of a pirate, are running around on a Ford chassis and a "bad order" carburetor.

And Capt. Elder said: Not a few Democratic postmasters are willing to concede that "Billy" Cox would have made exceedingly good as president of the United States.

And then the Herald man said: On the very same day it was so hot that President Harding was receiving visitors and transacting business in his short sleeves, the same thing happened in the Herald office—which may, or may not, be a peculiar coincidence.

And George Knight blushingly remarked, that if some of the modern ladies would run for office, they would surely make good—as they have so little to conceal and produce so much favorable evidence.

And Fred Williams remarked in passing: Of course it takes drainage engineers to make ready for irrigation as well as for drainage, so I fail to see why the Volstead act should have anything to do with the salaries of the engineers.

SANFORD'S TEMPERATURE

Well, there was considerable drop yesterday and again the change was hardly noticed. In other words when the thermometer went above 100 Sunday the people did not notice it and when it went down to 94 yesterday the change was hardly perceptible, made possible, no doubt in both cases by the fine breezes that blow from the ocean and the gulf all the time in Florida. Anyhow it is a good report that we hand you this mid-August day.

AUTO MOB FAILS.

CHARLESTON, S. C., Aug. 16.—All was reported quiet at the county jail today where Jesse Gappins and C. O. Fox, alleged slayers of William C. Brazell, young chauffeur of Columbia, were lodged in the county jail for safe keeping Sunday morning by Sheriff E. A. Roof of Lexington county, who brought them from Savannah. The Charleston jail is one of the strongest in the south and it is felt that the prisoners will be safe as long as they remain here, which may be some weeks. No indications were reported that the "auto mob" which has been seeking these prisoners, it is said, bent on lynching them, had approached this city.

friends, Frank invited a few of them to meet him at Banana Lake, the suburban home of Frank Brown, last night and when the guests had arrived they found Chef Hambone on the lake shore with chicken pillau and all the side dishes almost ready to eat. After a swim in this clear water lake the entire party were ready for the big feed and how they did attack that chicken pillau, rolls, pickles, hot coffee and other good things. After the pillau they adjourned to the lake pavilion to enjoy the moonlight, to sing, to tell stories for a while after which they gathered at the house where Frank was made to sit still long enough for R. J. Holly to present him with a beautiful Shriner's ring, the gift of the members of the party. Frank was struck dumb for a minute but "came back" in a most graceful speech thanking the friends for their appreciated gift for it meant so much to him, not from its intrinsic value but on account of what it represented in true friendship.

The phonograph worked overtime while the happy couples danced until a late hour before the party broke up and returned to town with the thought uppermost in their minds that Mr. and Mrs. Frank Miller were royal entertainers and they are hoping Frank can arrange to have a birthday at least every six months.

Those present were Mr. and Mrs. Howard Overlin, Mr. and Mrs. John Smith, Mr. and Mrs. Edward Lane, Mr. and Mrs. Archie Betts, Mr. and Mrs. Sherman Lloyd, Mr. and Mrs. Don Bishop, Mr. and Mrs. R. J. Holly, Mr. and Mrs. Frank Miller and Arthur Yowell and Frank Brown.

EASY TO DARKEN YOUR GRAY HAIR

YOU CAN BRING BACK COLOR AND LUSTRE WITH SAGE TEA AND SULPHUR

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.—Adv.
