

Andy Sierra Bests Early Wynn, Sends G-Men Into Lead, 3-2

Lookouts Take Five Run Lead In First Four Innings But G-Men Came Back In 9-5 Tilt

G-Men Collect 13 Hits Off Wynn, Mote And Crisfield As Sierra Allows Locals Total Of Four Bingles

GAINESVILLE, Harris Field, Sept. 16.—Andy Sierra hurled four-hit ball here last night as the Gainesville G-Men defeated Sanford Lookouts 9-5 to take a 3 to 2 game lead in the championship playoff of the Florida State League.

One more victory will give the G-Men the series.

The Lookouts took a five-run lead over Gainesville in the first four innings when the Gainesville infield collapsed. But the G-Men came back strong to tie the score at 5-5 in the fifth. Three runs in the seventh and one in the eighth gave them the necessary margin.

Sierra hurled great ball, not allowing a single runner to reach first after the fifth inning. Bob Pittman, the league batting champion, was the leading hitter of the game with four for five, Bray and DeVincenti each had two hits. One of Pittman's was a double while both of Bray's were good for two bases.

Gainesville placed a crippled line on the field last night with Livingston going behind the plate for the injured Staub. Shortstop Rogino moved over to second, and Howell with an injured arm, took short.

Staub broke his thumb Monday night when in throwing to second he hit the bat of Langston, stretched across home plate. Langston was called out for interference.

The box score:

Sanford	AB	R	H	E	A
Clay	4	0	0	0	0

McLucas Pleased With Boys In Initial Scrimmage

Forguson Shines In Backfield In Initial Session

Young Out With Rib Injuries; Bob Howell Looks Good

The Seminole High School Celery Feds underwent their initial scrimmage session of the season yesterday afternoon in the rear of the high school on the new practice field as 22 of the gridders went through their paces with great spirit and they displayed their gridiron knowledge before the three local members who were pleased very much with the show.

Standing out in yesterday's bone crushing work was Darrell Forguson, big 186 pound half back who was converted into that position from a tackle post. Forguson ripped through the line with speed as well as power and no did many of the other Fed backfield men.

Also shining was the work of Robert Howell, 180 pound tackle who is on the field for his second year of football. Howell displayed his knowledge of the tackle post and his big body is hard to stop when the aim is to make a hole in that time for the pigskin toters to trot through.

Playing the first string in the session yesterday afternoon were the following: Bill Colbert was at left end, Robert Howell at left tackle, Hubert Smith at left guard, Fred Genas at the center post, N. A. Harker at right guard, Ashby Jones at right tackle, Sam "Killer" Waits on right end, Johnny Moran at Quarterback, Leon Lawson at left back, Darrell Forguson at right half back and Robert "Stony" Stoloff at full back.

Before the short scrimmage yesterday, Coaches McLucas, McCracken and Riser sent their men into an extensive exercise drill and then drilled them on all forms of blocking and tackling.

James Young, junior, who was roomed for a first string position after showing up last year will not be able to take part in the present drills due to an injury he received the other afternoon. Young has several ribs injured but he is expected to return soon.

Hatters Suffer Initial Injury Of Present Year

1936 Star Gets Kick In Face With Shoe During Scrimmage

DELAND, Sept. 16.—Tom Kirkland of Miami, was the first Hatter forced to the sidelines in the injury route this season at the Stetson grid machine drilled at Hulley Field here yesterday without the services of the star 1936 pivot man. Kirkland was slightly hurt Tuesday in a line scrimmage and Coach Bradley Cowell kept him out of uniform yesterday. He has a minor cleat wound on the face but hopes to work out today.

The Stetson mentors limited the afternoon practice session to offense drills with the Hatters working out in shorts.

"The boys are pretty tired from their first week of hard work in full uniform," Cowell said, "and we're letting them rest up a bit for a scrimmage Friday."

The tackle problem at Stetson, who again with the graduation of Bridges and Minchert last evening and the absence of both tackles from last year's frosh eleven when the Hatters reported this fall, was partially solved yesterday when Cowell moved Anderson and Godbold, guards, and Swanson, end, to the tackle group. Ed Newkirk, a Florida grad, also returned varsity tackle.

Another tentative shift in the roster was that of Richard Brannon from fullback to quarter. The Indianapolis triple threat started good in his first signal-sinking role and will strengthen his position now alternated between Capt. Emmett Clonts and Bob Anderson.

946,575 Witness Southern League Games This Year

MEMPHIS, Tenn., Sept. 16.—Attendance to 1937 Southern Association baseball games dropped nearly 200,000 from 1936 figures, with the Atlanta Crackers maintaining their prestige as the circuit's biggest drawing card, statistics released by President John D. Martin showed last night.

The turnstiles clicked in Atlanta 261,015 times as compared with 301,111 last season.

Total 1937 attendance was 961,575 against 1,164,165 for 1936. 1937 game attendance for other clubs:

Little Rock	162,333
New Orleans	110,809
Birmingham	113,364
Memphis	107,549
Nashville	106,392
Knoxville	51,870
Chattanooga	42,066

POST REWARD FOR RUSTLERS

LIVE OAK.—(P)—Suwannee County commissioners offer \$25 reward for arrest and conviction of cattle thieves. Commissioner T. T. Law said cattle owners suffered heavy losses in the county's open range areas recently.

Dionnes Celebrate 12 Wedding Anniversary

CALLANDER, Ont., Sept. 15.—(AP)—Mr. and Mrs. Olivia Dionne, parents of the world-famous quill tupelets, celebrated their twelfth wedding anniversary last night at a quiet dinner party at the Callander Inn.

On Sept. 15, 1925, Olivia Dionne took his fiancée, 16-year-old Elizabeth Logros, to the little Sacred Heart church in nearby Corbett.

The Rev. Father Daniel Breer married them in the presence of a few French-Canadian friends.

Twelve years later they were the parents of 12 children, five of them probably the most famous children in the world. The quill tupelets were born three years ago.

There are four cable stations and 831 miles of cable serving the Land of Flowers, according to the State Chamber of Commerce.

Nanking Ruler Rushes To Aid Of North China

Two Crack Armies Of Central Government Go To Aid Of Hard Pressed Regionals

60,000 Japanese Cross China River

Chinese Warn Shipping Against Air Raid Near Coast

PEIPING, Sept. 17.—(AP)—Two armies of crack Chinese central government divisions were reported being rushed into north China today to end the slaughter of the half-armed regional troops and break the Japanese advance to the south.

The main body of the Japanese army of 60,000 men effected a crossing of the China River under the brilliant light of a full moon and pursued the bravely resisting Chinese rearward toward Choeow, the new Chinese advance base, 40 miles south of Peiping.

The Japanese were striking the retreating eight divisions of Chinese provincial troops both in front and on their right wing.

China officials in Nanking warned foreign shipping to stay outside the 12th meridian, off the China coast between 6 A. M. and 7 P. M. indicating the danger was preparing to send out a fleet of war planes to attempt to break the Japanese blockade.

The Chinese warning was given in official notices to the embassies. Recently, the region mentioned extends across waters between the coast and where pilot ships are anchored in the vicinity of this city.

Officers Named By Oviedo Chapter Of Future Farmers

The Oviedo Chapter of Future Farmers of America launched their program for the coming year at their first meeting in the Oviedo High School recently, according to R. V. Cooper, advisor.

The program for the coming year was tentatively outlined and plans were made to take part in numerous F. A. activities which will be held this year.

Mr. Cooper also announced that they hoped to have John Jones, honored Seminole chapter member, at their next meeting to discuss with the body the value of a good project.

Fifteen members were present and elected the following officers to serve during the coming year: President, Edward Jordan; Vice-President, Spencer Walwright; Secretary, Eugene Allen; Treasurer, Arthur Hunter; Reporter, T. L. Lingo; Advisor, R. V. Cooper.

RADIO EARNINGS

NEW YORK, Sept. 17.—(AP)—Columbia Broadcasting System and subsidiary companies reported yesterday estimated net profit after provision for federal income tax and surplus, for the twenty-six weeks ended July 31 of \$2,225,212, equal to \$1.48 per share on 1,507,500 shares of \$2.00 par stock to be outstanding on completion of exchange of old 10% value stock.

China Resents U.S. Embargo On Munitions

Curb On Arms Shipments Is Called Unfair By Chinese; Wichita Cuts Trip

NANKING, Sept. 17.—(AP)—The Chinese government was displeased today to have protested officially to the United States against this government's embargo on arms to the Orient, charging it was unfair treatment of China.

Dr. C. T. Wang, Chinese ambassador to Washington, was said to have conveyed the bitter reaction of the Chinese government to the United States Department. The Washington decision forbidding government-controlled merchantmen from transporting war supplies to either Japan or China was characterized by a foreign office spokesman as "certainly not impartial."

"It may be aspirationally but a complete embargo would at least be fairer for it would have all shipments to either China or Japan," he added.

The H. S. Wichita, which was bound for China with a cargo of war planes, and all other government-owned vessels are obeying President Roosevelt's orders that they must not transport arms or ammunition to the Eastern belligerents, the United Maritime Commission announced yesterday.

The commission's announcement came soon after reports had been received that 10 ships (Continued on Page 2)

McLucas Praises LaGuardia Leads Football Field In Election Held For High School In New York City

New \$25,000 Project Ready For First Grid Contest

"We'll have an ideal football field here after the present project is completed, probably one of the best high school fields in the state," Coach Leonard McLucas, head of the Seminole High School football team, announced today.

Although the approximately \$25,000 project for improvement of the field behind the high school has not been completed yet, the Sanford Colery Feds will play their first night game in Sanford on the best field the local players has ever played in a home game here.

"There is a good turf on the field at the present time," Coach McLucas said, "but in another season the field will be in excellent condition." At the present time the local area is "rain" dirt in the practice field in the lot constructed for that purpose next to the practice field in order that the field might be in good shape for the games.

The WPA project which calls for an expenditure of over \$24,000 on the playground has been held up for some time due to the lack of materials for the bleachers at the fence which will surround the field.

However, the local project director reported today that the lumber for the bleachers has arrived and that the workers were getting it prior to building the bleachers which will probably begin Monday.

The cyclone fence which is provided for in the project has not arrived yet but it is hoped that it will be erected before the first game.

Last week the Seminole County Board of Public Instruction awarded a contract to the Randall Electric Company of Sanford for the installation of lights on the field at a cost of approximately \$2,500. The 60,000 watt lighting system will consist of 10 lights and reflectors the same type as those at the Sanford Municipal Athletic field and will be mounted on 10 poles at a level of 55 feet.

At their meeting the School Board considered various types of reflectors but decided on the type used at the baseball field as the best even though the initial cost is somewhat greater.

The lighting equipment will be installed according to requirements generally accepted as standard for lighting football fields, which have been approved after several years of experiment with various methods and work will begin probably next week.

Circuit Judge Millard B. Smith was in Sanford on official business today.

Members of the Sanford Fire Department faced the heat of a roaring grass fire on Washington (Continued on Page 2)

City Election Books To Open Next Monday

City Primary Will Be Held For One Commissioner Nov. 2; Election On Dec. 7

Registration books will be opened Monday and will remain open until Nov. 20 to Sanford citizens who wish to vote in the coming City election in which one City Commissioner will be elected to succeed W. A. Laffer whose term of office expires this year.

The primary which will be held for the election of nominees will be on Nov. 2 and the final ballots will be cast on Dec. 7. City Clerk Frank B. Lamson announced today.

An act passed by the last session of the Florida Legislature outlawed payment of poll taxes, but this does not have any effect on this election, City Attorney Fred R. Wilson stated today.

All voters will be required to have their back poll taxes paid before they are eligible to vote, the City attorney said.

The city commissioner who is elected in this election will take his place in the City Government on the first Tuesday after the first Monday in January. It was learned, and will serve for a term of three years.

Any qualified voter is eligible to run as a candidate in the primary election. Mr. Lamson pointed out, however, the candidate must file his name with the City Clerk at least 30 days prior to the election, requesting that his name be placed on the ballot.

The commissioner whose term of office expires, W. A. Laffer, is the oldest member of the Commission, and during his term of service had done much for the best interests of Sanford and has always adopted a constructive stand in matters relative to the city.

Mr. Laffer was elected to the City Commission in a special election in 1935 to complete the term of former Mayor Nelson Gray who resigned. He completed the two years of Mr. Gray's term and has twice been re-elected to serve three terms and he has served one year as mayor of Sanford.

Mr. Laffer has not stated as yet whether or not he will be a candidate for re-election in the coming election.

Sons Of Legion To Begin Practice On Bugles Tonight

The Sons of the Legion Drum and Bugle Corps of the Camp "Looking West" of American Legion here will resume their practice at the Legion Hall tonight at 7:30 o'clock. Percy Mero, advisor of the corps, announced today.

During the summer Mr. Mero stated, the practice sessions were discontinued because of the large number of boys who were away from Sanford. However, since the schools have started the boys have returned and practice sessions can be resumed with the hope of developing a bigger and better corps this year than last.

The group, however, is being its advisor, Karl Soderstrom, who has served as their captain for the past two years, Mr. Mero said.

Mr. Soderstrom was an excellent bugler and led the team to honors at the Legion convention in Lakeland last spring. He is leaving next week to take up duties with the U. S. Navy.

Jack Keene, former member of the Sanford Corps, was recently appointed captain of the Miami Corps, the largest junior corps for the State, Mr. Mero said.

WILLISTON.—(AP)—L. E. Vance, president of the Seminole River Press Association, and Jay Clardy United States Senator Claude Pepper and Representative E. A. (Liz) Green will be principal speakers at a meeting of the association Saturday at Rainbow Springs, five miles north of Dunellon.

The first opponents' cooperative bank in Denmark was founded in 1895.

MAKES PEACE WITH ROOSEVELT?

Belief That John Lewis, CIO Chief, Who Recently Made Sharp Criticism of President Roosevelt, Had Made "Peace" with the Chief Executive Grew in Washington After Lewis Emerged Smiling from a Conference to Which the President Had Summoned Him. The CIO Generalissimo Is Shown Above Leaving His Taxi as He Reached the White House.

Belief That John Lewis, CIO chief, who recently made sharp criticism of President Roosevelt, had made "peace" with the chief executive grew in Washington after Lewis emerged smiling from a conference to which the President had summoned him. The CIO generalissimo is shown above leaving his taxi as he reached the White House.

Anti-tam Battle Asturian Guard Is Commemorated At Gijon Blast Path Of Rebels

ROOSEVELT DEPLORES SECTIONALISM AND "MISUNDERSTANDING"

ANTIETAM Battlefield Sharpshooters Maryland, Sept. 17.—(AP)—President Roosevelt commemorated the 75th anniversary of the bloody Anti-tam battle today with a speech commending the nation for "not only acting but also thinking in national terms" under his administration.

A crowd estimated at from 15,000 to 20,000 cheered as the President was introduced in Sen. Archibald Tydings.

Deploping "sectionalism" and "misunderstanding" engendered by the era of reconstruction following the war and contrasting it with the national spirit of today, the President said "deeply we appreciate that the distress or difficulty of any one part of the union adversely affects each and every other part. We stand ready in all parts to lend a helping hand to those Americans who need it most."

Archie L. Betts Is Elected Cashier

Archie L. Betts was elected cashier of the Sanford Atlantic National Bank by the Board of Directors in a meeting held in the bank yesterday.

Mr. Betts is today celebrating his thirty-first year in the banking business in Sanford, and has been with the Sanford Atlantic National Bank since 1929. He has served the bank in the capacity of assistant cashier since 1930.

In announcing the selection of Mr. Betts as cashier of the institution, a statement from officials of the bank declared that he has received a well earned promotion having performed his duties in connection with the bank with the highest degree of efficiency and loyalty from the beginning.

Out-Of-Town Shriners Picnic At Sanlando

About 75 out-of-town shriners will assemble at Sanlando Springs tonight for a big barbecue. Ed Lane, Ambassador of the Morocco Temple stated today.

A large number of the Jacksonville Shriners, who are entertaining the Sanfordites have chartered a bus to bring them to Sanford tonight. Mr. Lane was advised and about 20 visitors are expected to attend the festival from the Temple at Daytona Beach.

A large menu for the Shrine gathering is being prepared by Sanford's "Barbecue King," George H. Brown, including all kinds of barbecued meats and all that goes with it.

Patrol Ended By England Off Spain's Coast

France Concur That Full Quota Of Warships Are Needed For Pirate Quest

Italy-Germany Resent Action

French And English Abandon Effort To Appease Mussolini

LONDON, Sept. 17.—(AP)—Britain today ended the unsuccessful non-intervention patrol of Spain to make available her full quota "of warships" for "the more important" task of driving pirate attackers from the Mediterranean. France joined in the decision.

The foreign office announced the end of the patrol formed by the 27-nation Non-Intervention Committee in an effort to keep arms and men from either side, in the Spanish civil war.

The decision to end the patrol, carried on by French and British warships after Germany and Italy withdrew in anger because of attacks against their ships last June, was considered a new rebuff to Premier Mussolini and Reichschancellor Hitler.

Italy and Germany are equally resentful of the new power agreement drafted at Linn and giving Britain and France the major control of the pirate war in the Mediterranean.

Great Britain and France have abandoned diplomatic efforts to persuade Italy to join the Mediterranean "piracy" patrol, authorizing British sources said last night.

The British and French foreign offices were said to have exhausted their patience in attempts to soothe the anger of Premier Benito Mussolini.

They also decided, it was learned, that it will not be permitted to create a new crisis in the 27-nation Spanish Non-Intervention Committee by attempting to force the "piracy" issue before it. The neutrality body, which may meet today, is prepared to block any such move by Italian Ambassador Dino Grandi by taking the position that it is without authority to deal with the Nyon M'El (German) accord.

Mussolini, who has demanded a share in the "piracy" patrol equal to the roles of the British and French navies, will be told that his demands for revision of the Nyon plan must be laid before the nine-power conference re-convening in Nyon, Switzerland, today.

Italy can not deal with France and Britain alone in this matter; any requests must be taken before the entire conference, it was said.

Men's luggage differs from women's luggage in that the corners of women's luggage are rounded.

LOCAL WEATHER

BIBLE VERSE FOR TODAY

HEAR, YE NATIONS: There fore wait ye upon him, saith the Lord...

We're afraid if they keep on throwing this Klan issue in his face...

God helps those who help themselves. Do your part for the trail-r camp!

It ought to be of some significance that, after 15 years of radio...

500 Freshmen Sign Up at University—headline. And only a few years ago there weren't 500 students in the entire university...

We see where John L. Lewis had another conference with the Trustees of the White House Wednesday. Gosh! How those two boys do hate each other!

One hundred and fifty years ago today the Constitution of the United States was signed. Long may it wave, this is Constitution Day.

General Markham is going to retire as chief of army engineers. Is he succeeded by Col. Julian Schley. Wonder what Col. Schley's recommendation will be on the cross state canal?

The Japs insist they will brook no interference by foreign powers in their little playground in China. That's probably what they meant when they machine-gunned the British ambassador.

A few years ago people complained about the scarcity of money; now it's the high cost of living. Wouldn't it be nice if we could have low prices and prosperity at the same time?

We see where the Florida Industrial Commission has granted another extension of time for the filing of liability reports. It must have been kidding the last time when it intimated there would be no further extensions.

Congratulations to the County Commission on the prospects for next year. Seminole County taxpayers need this little saving and it is a very welcome aid to many an individual budget.

Japanese bombs are playing havoc with civilians in Chinese war zones. But as yet, so far as we know, no poison gas bombs have been exploded. This possibly is being reserved for the big show which may start in Europe any day now.

A woman in Florida City down town almost got a peeping check from the government for old age assistance. She promptly returned it with the note: "I am returning the money to you so that it may be sent to someone who needs it. Can you imagine anyone declining money from the government?"

Could Italy and Germany hope to win a war on land against Great Britain, France, Russia and their allies? How much help could Japan, with a war in China on its hands, give to the armies of Italy and Hitler?—Ocala Star, in 1933 Germany hoped to win a war against Great Britain, France and Russia...

Selling Qualities

Those who have believed that life begins at forty need not worry for fear it is all over at fifty, or at seventy, even though they happen to be a Supreme Court Justice. Youth has much to offer, of course, but it doesn't have everything. According to a recent sales analysis, it is shown that men and women of middle life or later have greater aptitude in salesmanship than persons of younger years.

The analysis was made in stores in New York, Pittsburgh and several other large cities, according to the Miami Herald, where the demand for trade would appear to be harder on the middle-aged than the youthful. It was found that people in their fifties outsold the forties; the forties, the thirties, and the twenties. The results applied also to sales in stores where proprietors prefer youth and good looks and the managers try to push youngsters ahead.

"There are many patent factors which account for this success in older men and women," the Herald says. "Their job is their bulwark for social security. They have held their positions on past merit and experience. Their years have added something to their equipment that youth cannot have."

"While every man and woman of 50 would wish that they were once again in their twenties to enjoy anew that unparalleled period of life's way, they have never been able to understand the growing tendency in modern business to push them from the scene and deprive them of gainful occupation at the time when their mental powers and experience fit them best for their occupations."

"Youth and its good looks have their place. So, too, have the fifties."

Time

Time—what is it? It is the price we must pay for everything worthwhile.

If we budgeted time, that most valuable of all commodities, let's say that we must have:

Time to work, for otherwise success is impossible.

Time to think, for thinking is the source of power.

Time to play, for only in this way can we recreate our energies and have the physical strength to continue.

Time to read, for reading maketh a full man, and the right kind of books are the fountain of wisdom.

Time to worship, for man needs some inner source of strength.

Time to be friendly, for otherwise we lose the human touch.

Time to dream, for we must lift our eyes, our minds and our hearts beyond the circumscribed round that today's toil brings, if life is to be lived at its best.

Time to love and be loved, for here lies life's best happiness.

Time to look around, lest we become selfish and self-centered.

Time to laugh, for through laughter we minimize pain, sorrow, disappointment. It is one of God's great gifts to mankind.—St. Augustine Record.

THE PORTUGAL newspaper Seculo reports that Alvaro Esteve, a Spanish manufacturer with insurgent sympathies, played dead in Malaga Cemetery for two whole months. Mr. Esteve hid in an empty coffin in the family tomb to escape government troops during government domination of the seaport. He emerged when the insurgents took the town. Each night, said Mr. Esteve, he heard the screams of persons being executed in the graveyard. He subsisted on food his sisters concealed in wreaths which they laid each day upon graves. His hair, jet black two months ago, turned a snowy white.—N. Y. Times.

WASHINGTON DAYBOOK

WASHINGTON, Sept. 16.—

These soborators of self-sacrificing federal officials who stay on the job while high-priced positions await them on the outside will learn looking into.

There is no doubt that some are offered better positions; and when they stay on to "work for the president" through the election period or a session of congress, they lose money. But the losses are well balanced by personal benefits gained from their service for the government.

James Landis, chairman of the securities exchange commission, and Edward F. McGrady, assistant secretary of labor, are the latest pair to quit the government to contest for bacon and eggs in the outside world. The government will miss them, and it has been stated that the hole left by McGrady in the labor department will be particularly hard to fill.

It should be written at once that both Landis and McGrady are the proudest sort of individuals. They are the kind you would like to have for friends for life. But Landis and McGrady cannot write in the honest privacy of their diaries that they served the federal government at a tragic sacrifice to their welfare.

Several months before McGrady's proposed departure became public knowledge, he had offers from outside concerns that easily topped his \$9,000 salary as assistant secretary of labor. He stayed on at the President's request, on information here given because the President wanted him during the election and the troublesome labor period that followed. To that extent there was sacrifice on the part of McGrady.

But look at the whole McGrady picture, instead of just a part. He is 65. During 60 of those years not one man in a thousand outside of labor ranks could have held who McGrady was. For 25 years before his appointment as assistant secretary, he was an organizer and lobbyist in Washington for the American Federation

of Labor. It was an important job, but not such a job as to cause private enterprises to rush to his side with fat offers. Those offers developed after he became assistant secretary and made a name for himself as a strike mediator.

Don't undercut this man McGrady. He is a bargain at whatever figure the Radio Corporation of America had to pay to get him as its labor relations man. But the offer came after his government service, not before.

Much the same can be said of Landis. He never had an extensive private practice; so he didn't give up a \$100,000 a year law business to help the government out of a hole. He was so bright as a Harvard law student that Justice Brandeis chose him as his law clerk, a distinction that means something even in these court-baiting days. But justices are allowed only \$5,000 for office assistance, and that sum usually must include pay for a stenographer.

From that job Landis went back to Harvard as assistant professor of law. He made a rapid climb and was professor of legislation when, in 1923, the government invited him to help write the securities act. The government paid him \$10,000 a year. That is more than teaching usually pays.

Chances are his successful trick in government service put him in line for dean of the law school away ahead of the time he could have expected if he had stayed in the class room.

What To Do -

If You Get Lost In A Forest

- 1. Send out an SOS—three S's in quick succession repeated at intervals. You can do this by: A. Howling a whistle. If you haven't one with you use your lips. B. Sending up smoke signals if there's no danger of a forest fire regulated by a blanket or coat. C. Using a mirror to flash sun signals. D. Building three small fires in a row, if it's night or... E. Turning a light on and off three times in succession.

MAN ABOUT MANHATTAN

NEW YORK, Sept. 15.—Architecturally the face of New York as if attacked by a coterie of plastic surgeons, is undergoing a drastic change. The Times Square area has been the one most effected, there being no less than two solid squares of alterations completed in the last year. This has claimed the east side of Broadway from 45th to 53rd street, with new cinema theaters and office buildings, the lower floors of which have been grabbed up by alert managers of dime stores, pharmacists and shopkeepers.

The old stretch of outmoded white way, which once included the famous roof garden where Ziegfeld, as a beginner, made his early bids for recognition as a producing genius, has disappeared, and in its place has come a bright sweep of chromium fixtures and neon displays.

This is only a minor fraction of what they say is yet to come. The town really will never be satisfied until its traffic system is completely reorganized, and no solution suggests itself—that is, none which offers permanent satisfaction, except a widening of the boulevards and perhaps erection of elevated runways for the side streets.

Crossing the island is now a hopeless and, frequently, a nerve-racking experience. Of New York's seven million inhabitants, nearly a million and a half reside on the island, and at there are

twice as many automobiles as there are bathubs, one can understand what the problem is, say, around five in the afternoon with everyone rushing lickety-split to get into of out of the city.

Hobart B. Upjohn, the architect, says the town now is a "hopeless jungle of every-which-way traffic." He thinks widening the streets is the only sensible solution, and checkmates opponents of his scheme, who claim that such a process would carry away important "frontage" by pointing out that only the cheap and dirty back yards would be lost.

To move the buildings back and eliminate these back yards, he says, would save the city enormous wealth and also do away with accumulations of refuse and rubbish. With no back yards, he says, there would be no place to dump rubbish.

It is true that desirable rentals are scarce on the island, there being an overwhelming demand for satisfactory living quarters. Mr. Upjohn believes Manhattan might easily accommodate six million residents without trouble, which must cause astonishment in some quarters because of the difficulty the island now has in caring for its million and a half.

Anyway, it's a thought. And almost any cost, if the cross-town traffic situation could be cleared up, would be acceptable. Conditions as they exist now are annoying and bad on the digestion.

LEGAL NOTICE BY THE COURT OF THE COUNTY OF SEMINOLE COUNTY, FLORIDA, in the Estate of H. MARCH, Deceased, in Probate.

Notice is hereby given that the undersigned will, on the 16th day of October, 1937, at 10 o'clock, A. M., in the Court of the Honorable County Judge of Seminole County, Florida, my final return, account and vouchers as Administrator of the Estate of H. MARCH, deceased, and at said time, there and there make application to the said Judge for a final settlement of my administration of said estate, and for an order discharging me as such Administrator.

Date: this 15th day of September, A. D. 1937. As Administrator of H. MARCH, Deceased.

\$12,000,000 Peanut Harvest Is Started

MOULTRIE, Ga., Sept. 17.—(AP)—South Georgia peanut mills hummed today—grinding the first harvesting of a new crop estimated to total 450,000,000 pounds and to bring farmers about \$12,000,000.

More than 45 shelling plants and oil mills in the State, two of which are located here, threw the switch to a mass of machinery earlier in the week, and now are nearing full-time operation preparing raw peanuts for peanut butter, oils, meal, candies and other products.

Terrier Has Acquired Alcoholic Appetite

ATLANTA, Sept. 17.—(AP)—"Skeeter," the bull terrier pup, is a beer-guzzler, but don't blame him. Both his parents imbibed. According to the pup's alcoholic appetite Mr. and Mrs. L. A. White explained a cup of day is the limit—16 maintain sobriety. Once, however, the neighbors

wanted to see for themselves, and "Skeeter" got pilkated. He slept it off. Mrs. F. F. Lanikin owns "Skeeter's" parents. She says they are confirmed bibbers. They won't drink from the bottle. But the sight of one sets them howling with thirst.

Living costs have increased 22 percent in Paris in the last year. The cost of living in France outside of Paris advanced about 23 percent in the same period.

MONDAY
The Fifty-Fifty Sunday School Class of the First Methodist Church will meet at the home of Miss Sara Myrick, Lake Mary, at 7:30 o'clock. Hostesses will be Mrs. William Coleman, Mrs. Porter Lanang and Miss Sara Myrick.

The business and program meeting of the Woman's Missionary Society of the First Methodist Church will be held at the church at 3:30 o'clock. Circle Number Three will have charge of the program.

The business Woman's Circle, with Mrs. E. J. Routh Chairman, will meet at 7:30 at the home of Mrs. H. E. Russell on Celery Avenue.

The Daughters of Wesley of the First Methodist Church will have a picnic at Evansdale Park at 5:00 o'clock.

Picnic Is Enjoyed By Atlantic Employees

The Sanford Atlantic National Bank gave its annual picnic Thursday afternoon at Sand Lake Springs for its employees, officers, directors and their wives. Swimming and games were enjoyed before supper, and Mrs. L. I. Frazier won the prize for her skill in these contests.

After a barbecued chicken supper at 3:00 o'clock, songs and more games were enjoyed. Herman Morris had charge of the program. Herman Brown barbecued the chicken and music was furnished by the Shannon Brothers.

Those present were: Mr. and Mrs. S. O. Shindler, Mr. and Mrs. H. A. Newman, Mr. and Mrs. L. I. Frazier, Mr. and Mrs. Geo. D. Hildreth, Mr. and Mrs. J. L. Ingley, Mr. and Mrs. A. L. Betts, Mr. and Mrs. A. F. Colburn, Mr. and Mrs. R. F. Mann, Mr. and Mrs. J. E. Rowland, Jr., Mr. and Mrs. O. C. McBride, Mr. and Mrs. George A. DeCotes, Mrs. P. M. Scott, Miss Nancy White and Joe Gonzalez, Edward B. Saxton and George W. Frazier of Jacksonville also attended the picnic.

Personals

Mrs. Lourine Beal is spending the week in Palatka with her sister.

Miss Mary Dean has returned from DeLand where she spent the summer with relatives.

Mrs. Alvin Johnson has returned from points in North Carolina where she spent a short time with her parents.

Mr. and Mrs. T. B. Miller have as their guest their niece, Miss Evelyn North, who will attend Seminole High School.

Mr. and Mrs. W. M. Colbert have moved from their home on West First Street to 318 E. Eighth Street.

Miss Antoinette Hayer left today for Fredericksburg, Va. where she will enter Virginia State College as a freshman.

Leslie Minchew of Miami, formerly of this city, has returned to his home after spending a week here with friends.

Mr. and Mrs. Perkins Dean returned Wednesday from Charleston, S. C. where they have been spending some time.

Ralph Dean plans to leave Sunday for Charleston, S. C. where he will enter Porter Military Academy.

Friends of Mrs. J. R. Tatum will be glad to learn that she has been removed to her home after undergoing an operation at the Fernald-Laughton Memorial Hospital recently.

Mr. and Mrs. W. D. Crabtree and W. D. Crabtree, Jr. have returned to their home in Tampa after spending several days as the guests of Mr. and Mrs. F. E. Roumillat.

Miss Catherine Miller, daughter of Mr. and Mrs. E. V. Miller, has been removed from the Fernald-Laughton Hospital to the home of her aunt and uncle, Mr. and Mrs. T. R. Miller, Cameron Avenue.

New England reports a boom in the boys' and girls' camp business. Enrollments this summer are from 5 to 40 percent higher than in 1936.

A BAD GUY AND A GOOD GIRL

Bruce Cabot and Virginia Grey are two of the principals in "Bad Guy," this week's new M-G-M offering which plays Saturday at the Ritz screen. Also featured in the exciting drama of a power-line trouble-shooter are Edward Norris, Joan Chaburn and Cliff Edwards.

Over 41,000 Boxes Grapefruit Shipped Already This Season

TALLAHASSEE, Sept. 17.—(AP)—More than 41,000 boxes of grapefruit had been shipped from Florida through yesterday, Commission of Agriculture Nathaniel Mayo reported.

Movements of this year's crop are reported to be beginning much more slowly than last year. In some areas January bloom fruit has matured and already is meeting the market tests.

Only 523 boxes of fruit have been destroyed because of immaturity to date.

Mayo said he had not opened the road guard inspection stations because only 5,287 boxes of fruit have moved out of the State by truck. Shortly 24-hour-a-day truck inspection at the State line will be inaugurated.

Inspection for maturity probably will continue to Dec. 23. Grade inspections by State men, who also represent the Federal service, continue throughout the season.

Florida has 455 telegraph stations and thousands of miles of telegraph wire, states the Florida Chamber of Commerce.

RAIDER IS SLAIN

TAVARES, (AP)—Hunters reported today they had killed one of the most notorious raiders this section has known in years.

It was a wildcat, or "catamount," standing two feet high and measuring 52 inches from tip to tip.

How Cardui Helps Women

Cardui is a purely vegetable medicine, found by many women to ease functional pains of menstruation. It also helps to strengthen women, who have been weakened by poor nourishment, by increasing their appetite and improving their digestion. Many have reported lasting benefit from the wholesome nutritional assistance obtained by taking Cardui. If you need help like this, get Cardui at the nearest drug store, read the directions and try it.

Local Eastern Stars Attend Official Visit

Members of Semole Chapter Number Two Order of Eastern Star attended the official visit of the Worthy Grand Matron, Mrs. Charlotte Perry, at Pioneer Chapter Number 93 at Winter Park last night.

Those attending from Sanford were: G. E. McKay, Past Grand Patron; Mrs. G. E. McKay, Past Grand Matron; Mrs. R. E. Crenshaw, Grand Instructor of District 21, Grand Chapter of Florida, Mrs. Mota Stark.

Mrs. J. D. Crawford, Mrs. H. C. Moore, Mrs. Charles Howson and Mrs. Estelle B. Elliott

Thomas Edison placed on the market the first commercial model of the phonograph in 1888. Within a few years, phonographs and records were sweeping the country.

Volga Canal Fulfills 200 Year Dream

5000 Workmen Laid 5 Years On Ditch 76 Miles Long

MOSCOW, Sept. 17.—(AP)—The Volga canal, which will link the Caspian Sea with the Baltic, is being built by 5000 workmen in five years.

The canal is 76 miles long and will be built in five years. It will link the Caspian Sea with the Baltic.

In money, the canal, with reservoirs, locks, and pumping stations, will cost approximately \$1,400,000,000.

The grandeur is evident from the scale of the project, which is being built in five years.

With locks 85 feet long, 30 feet wide and 18 feet deep, the canal is expected to accommodate 14,000-ton cargo boats.

At least as much earth had to be excavated for the canal as was excavated for the Panama canal.

At least as much earth had to be excavated for the canal as was excavated for the Panama canal.

At least as much earth had to be excavated for the canal as was excavated for the Panama canal.

Metrazol Shock

Therapy Is Seen As Insanity Cure

New Treatment Found Better Than Insulin For Some Cases

CHATTANOOGHEE, Sept. 17.—(AP)—A second treatment has been introduced at the Florida State Hospital for sufferers of dementia praecox.

Metrazol is considered more effective in treating certain types of the disease than insulin.
