Every day, modern electric living makes something or other old-fashioned...

while electric living gets more low-priced.

You're probably like most people. Many of the items you used ten years ago have been replaced with modern electric conveniences. The result is that you are probably using more electric service than you did then. The average residential customer has more than doubled his use of electricity since 1955.

This greater use of electric service by everyone has helped FPL add bigger and more economical plants and improved facilities. In fact, there have been 10 rate cuts in the last 10 years! No question about it: you get

more modern convenience . . . and more flameless electric living . . . more for your money than ever before!

Whitehair For Senate

Seminole County voters will par-ticipate in the selection of two mem-bers of the State Senate in the May S primary.

The man chosen must represent not only Seminole but 10 other counties in the heart of Florida from the Atlantic Ocean to the Gulf of Mex-

It is an unwieldly district and we are hopeful that the 1967 Legislature will do something to subdivide it. But in the meantime, we must be content with what we have.

We also must vote for the candidates who we believe will really represent us in Tallahassee. We must

resent us in Tallahassee. We must vote for the man who knows something about Seminole County, its people and its problems.

The Sanford Herald believes the man who best answers this description in the 16th District race is Francis P. Whitehair of DeLand.

Whitehair is an extremely able man with a long record of excellent government service. He once represented Seminole County on the State Road Board and as far as we can determine did a creditable job.

by a rapidly growing county.

Most of our readers, we feel sure, are cognizant of many of Mr. White-hair's achievements and with his

background.

In addition to being a member of the State Road Board, he served as undersecretary of the Navy during the Korean War. He retired from the Navy during World War II with the rank of commander. We believe Mr. Whitehair to be a man of wisdom and of sound judg-ment and a natural for the State

The Herald urges its readers to support Francis Whitehair for the State Senate (16 District) in the May 8 primary.

Thought For Today For he is like one who is inward ly reckoning. "East and drink!" He says to you; but his heart is not with you.—Proverbs 23:7.

CIRCLEVILLE, Ohio (UPI) - A weekend traffic accident near here turned into a real rhubarb. The highway patrol said a truck swerved to avoid hitting a car and spilled its cargo over the Interstate 7: freeway. The cargo was 16,000 pounds of rhubarb.

You'll notice some frontwindow ventpanes missing in the 1966 cars, especially in Riviera by Buick with its new mir-circulation system, first major innovation in body-interior ventilation in 32 years.
