

Seminole Sweep Twin Bill From DeLand 48-32; 34-19

Bisbee And Krider Pace Celery Fed's Second Straight EFC Cage Victory

DELAND — (Special) — Despite the absence of high scoring Gordon Clark, the improving Seminole High School quintet unleashed a well executed attack with spirited hustling and sharp shooting to roll over the DeLand Bulldogs, 48-32, here last night.

In the opener the Seminole junior varsity quintet racked up its third consecutive victory by handing the Bulldogs JVs a 31-19 shellacking.

Bubba Bisbee, who few expected to be a star on the Seminole courts this year, clearly showed the effects of the strict training of Fed Coach, John Scott, as the lanky left-hander poured in 14 points while Jimmy Krider added 16 for the individual high honors of the evening while pacing the Seminole victory.

Junior Metts got into the act with his best scoring game in over a year of cage play by racking the count for 10 more for the Fed's.

Coch Scott's charges broke out in a rash of tallies early in the game to romp to a 14-9 first period lead and a 22-16 bulge at the intermission.

The Seminole overcame the freeing tactics of DeLand, which was intended to men the almost impenetrable Sanford defenses, by outpointing the bulldogs, 10-4, increasing the Seminole lead to 32-21.

The sea-saw fourth period saw Sanford churn the count for 16 more markers while DeLand only put in 11.

Last night's triumph gave Scott's Seminoles a perfect 2-0 record in East Florida Conference play and their second straight victory. The Sanford varsity now boasts of a 3-0 record in the same league.

The Fed Jayvees scored their third straight win and now hold a 3-1 season count.

Sanford will meet New Smyrna Beach here Friday night.

Clary Wins MVP Trophy Award In Southern League

Pennington's Son-In-Law, Al Sims, Is 2nd In Voting

NEW ORLEANS — Second baseman Ellis Clary, a 26-year-old veteran of 16 professional baseball seasons, won the Southern Association's most valuable player award for 1952 in a close race with pitcher Al Sims, his team-mate on Chattanooga's pennant-winning Lookouts.

Sports editors and writers gave Clary the nod in a poll conducted by both Phillips of the Birmingham Post-Herald, secretary of the group. Results were announced today by Charles Harth, president of the Class AA baseball league.

Third in the voting was New Orleans' power hitter, outfielder Frank Thomas, batting .333 for the season, led the league in home runs with 35, in runs batted in with 132, most total bases with 338, and was second in doubles with 40. His home is in Pittsburgh.

Clary, whose home town is Valdosta, Ga., sparked the infield play of the Lookouts and batted a .333 for the season, knocking three triples and 26 doubles. He played 131 games at second base and was second in fielding only to Mollie's Forrest Jacobs at that post. He played 12 games at third without an error.

Both Clary and Sims received six first place votes, but Clary compiled more second and third place votes to run up a total of 40 points compared with 38 for Sims.

Sims, the winningest pitcher in the league last season (19 and 1/2 wins) and last year (17 and 1/2), was the runner-up for a 727 mark.

Al Negrotto Sets Bowling Pace In VJ-62 Navy Loop

Al Negrotto, inveterate bowling player from the Sanford Naval Auxiliary Air Station who plays in all four leagues at the Sanford Bowling Alleys, has finally come into his own at this week's official averages reveal he is pacing the VJ-62 Navy League with a 149 average.

Standing but a pin behind Negrotto is Bill Luthwood at 148. A two-way tie for third place honors is held by Carley and Sprague with 138 averages, although Sprague has amassed his ranking percentage in just three games to Carley's 21.

Carley's 195 game still stands as the highest individual effort in the sailor circuit.

New Smyrna Defeats Crooms Five, 28-23

New Smyrna Beach scored a 28-23 triumph over the Crooms Academy Panther quintet in the opening basketball game of the season here last night.

For Crooms, Ernest Thorne made one of the two baskets in the first period that found New Smyrna and Crooms tied, 4-4.

The visitors took a 13-11 lead at the half and added three more points to the spread in the third period while the two clubs each hit for seven markers in the final desperate quarter.

Oliver "Two-Pound" Smith was high scorer for the Panthers with eight tallies and A. Brown of New Smyrna equaled Smith's eight-point effort to lead the winners.

Bill Carley rolled a top 460 series for the losers. Bob Warren hit for a 440 three-set total for the winning Bearcats and Fogal's 433 series was the best effort for the losing Hellicats.

J. R. Peter led the way for the JRB's with a 494 series, high for the league's evening play, while Bill Carley rolled a top 460 series for the losers. Bob Warren hit for a 440 three-set total for the winning Bearcats and Fogal's 433 series was the best effort for the losing Hellicats.

JRB's Pick Up Game On Leading Hellicats

The second place JRB's picked up a game on the loop leading Hellicats by defeating the Tigercats in two of three games last Tuesday night in VJ-62 Navy bowling league play at the Sanford Bowling Alleys.

Meanwhile, the Hellicats were dropping a pair in the third ranking Bearcats while the fifth place Hellicats were picking up a clean series sweep on a forfeit for the fifth straight week failed to show up for the weekly games.

J. R. Peter led the way for the JRB's with a 494 series, high for the league's evening play, while Bill Carley rolled a top 460 series for the losers. Bob Warren hit for a 440 three-set total for the winning Bearcats and Fogal's 433 series was the best effort for the losing Hellicats.

Oviedo's Johnny Jones Cracks Century Point Mark With 102

Oviedo's pride and joy, the sensational 15-year-old Johnny Jones, became the first Lion and Seminole County scorer to crack the century scoring mark this season when he poured in 19 points against Lyman last Tuesday night to boost his year's count to an unbelievable 102 markers in just six contests.

Jones' phenomenal total gives him the county prep leadership in average points per game with an even 17. He has in addition scored 88 of his points on 41 baskets to pace all the county players.

In spite of a sprained ankle injury, which kept him sidelined for two of the six Oviedo games, lanky rebound ace Walter Duda is the No. 2 Lion point producer with 45 for the season, second position in the average of 16.8.

While Norman Fore, chunky little Lion guard, is third in points with 39, he is fourth on the basis of points per contest with a 6.5 average. The third ranking honors in average go to Billy Meek, who is currently nursing a badly sprained ankle. Meek left the Oviedo scene two games ago and possessed a neat 9-points per game percentage with 30 scored in four tilts.

Lion Coach Paul Mikler, who has been constantly plagued with injuries and illness will lead his charges against the highly touted Umatilla quintet Friday night in Umatilla with the girls' game preceding the featured clash at 7:30 p.m.

From all reports this year Umatilla is the top ranking quintet in the class of Central Florida Conference which Oviedo holds an enviable leading 3-0 record.

The Friday evening battle shapes up to be the big CFC clash of the night with the outcome rated strictly in the toss up class. However, the outcome of this struggle should go a long way in determining the winner of the CFC cage championship this season.

Oviedo holds the best county prep basketball record this season having four wins against only two setbacks, owning victories over Clermont, Lyman, Boone JVs, Groveland while falling only to Ft. Pierce.

NEWAIK, N. J. — Willie Sydnor, 14½, New York, outpointed Monroe Kurtz, 14, Newark, 6.

Lakeview Five Toss Lyman High, 48-32

WINTER GARDEN — (Special) — Longwood's Lyman high school quintet started strong again last night but was unable to hold on to the lead and fell to Lakeview High School five here last night.

Lakeview Jayvees won the opener from Lyman, 47-30. Bill Fleming hit for 21 points to lead the Lakeview varsity attack while Pamphro was high for Lyman with 12.

Driskill Unseats Charlie Shaw As Lyman Top Scorer

The uncanny long-range shooting skill of appropriately named Bobby Driskill has been the chief factor in making the recent Lyman High School losses bearable for Longwood Greyhound Mentor Jim Payne.

The youthful sophomore Driskill came from the No. 2 position in the last two games to unseat the Lyman leader Charlie Shaw with a tremendous 26-point outburst. Driskill, having played one less game than Shaw's five, holds a 45-43 point edge over the senior forward. Driskill also paces the Hawks with an 11.5 average per game and 21 buckets for the season.

Pulling into the No. 3 slot is Allen Thomas, lanky sophomore center whose amazing 30-foot one-handed swishers irritated Oviedo fans last Tuesday night. Thomas, who also has a brother, Ed, playing on the Longwood quintet, broke into his own in the Oviedo-Lyman clash by pacing the losing Hawks attack with a potent 18 points. Thomas has 33 points scored this season and a 6.7 average.

James Newman, the fourth ranking Lyman scorer, bolted the team only last week to leave Coach Payne with almost an entire green sophomore lineup.

The Greyhounds, building for the future with sophomores, have anything but a great record thus far this season having won but one game in five. (Note this does not include Lyman's game with Winter Garden last night, nor do the records listed below include Winter Garden tilt.)

The Paynemen opened the season by falling to Apopka of the bigger Orange Belt Conference and then proceeded to thrash St. James by 15-points, but turned around and was speed out by the Panthers by a single tally. From this point

3 of the many reasons why these NEW DODGE "Job-Rated" TRUCKS should be seen by every truck owner

1. NEW! More Powerful Engines! Seven brawny engines with high horsepower and high compression ratios, three of them brand-new. Greater cooling capacity, increased displacement, twin carburetion available on larger trucks. PLUS proved features like 4-ring pistons with chrome-plated top ring, exhaust valve seat inserts. Once again Dodge Trucks set the pace in power!

2. NEW! Extra-Powerful Brakes! Stop easily on the steepest grade, fully loaded! Super-safe brakes give smooth stops, reduced driver fatigue, less possibility of brakeage with fragile loads... new increased stopping power on 1-chlor 2½-ton trucks! PLUS Dodge's oversized braking surface with rivet-free Cyclobond linings on all hydraulic brakes.

NEW! Truck-o-matic Transmission! New Truck-o-matic transmission available on ½- and ¾-ton models of Dodge "Job-Rated" trucks... saves shifting, cuts driver fatigue, lets you rock out of snow, mud, sand. Only Dodge offers shift-free Truck-o-matic! PLUS 9½ fluid Drive, famous power cushion that prolongs truck life, protects your load.

3. NEW! Over 50 featured

50 ways new! Reinforced cab construction, larger exhaust system, extra-capacity radiators. Tinned glass, heaters with stepped-up heat output available. PLUS motorized ignition, high-torque capacity starting motors, and other Dodge distinctive features. See the new Dodge trucks at your dealer's today!

THURSDAY JAN. 15, 1953

TODAY'S BIBLE VERSE
 Yet he called himself the first
 born of many brethren, and prom-
 ised we should do greater works.
 A few mortals have shown that
 they can live truly spiritual and
 not animal lives. That is a new
 order of being. Not a slow evolu-
 tion, but an astronomical leap.
 Truly this man was the son of
 God. — Mark 16:39.

Maintaining Air Power

General Hoyt S. Vandenberg, air force chief of staff, warned recently that any cutbacks in plane production may prove to be "catastrophic." General Vandenberg pointed out that in the last five years Russia has produced five times as many planes as we have. The present Russian production rate still equals or better our own, Vandenberg believes, even though our program for producing aircraft has been greatly accelerated since the start of the fighting in Korea.

At the end of World War II the United States had the greatest air force in the world. But, after fighting ceased, expenditures for defense in this country were reduced to 15 per cent of the war time peak. Russia, on the other hand, continued to spend at the rate of 55 per cent of its war time high. American planes, the best of their kind during World War II, are now obsolete and must be replaced.

There are some who think that the Republicans can effect the reforms they promised by cutting military expenses. It would certainly be wise for the incoming administration to examine the military budget to see if economies are not possible. But General Eisenhower, as a former military leader, is not likely to allow drastic reductions in defense spending where such spending is vital to the security of the country.

The second best air force in the world is not good enough for the United States in these dangerous times. Increased production will be necessary and that will cost money. The prospect is not pleasant but it is a good deal less disagreeable than facing a Russia with clear-cut superiority in air power.

Riots in Poland

Reports from behind the Iron Curtain describe riots staged by indignant Catholics in Cracow, Poland, when Archbishop Eugene Bazalk was arrested by the Communists. A number of demonstrators, the report said, were killed by police who fired into the crowd which had gathered to protest the arrest.

The Communists are determined to stamp out religion and in every country where they have come to power clergy members of every denomination have been persecuted. Yet the report from Poland indicates that the persecutions are useless, that people still cling to their religious beliefs even under pressure from the state.

It is natural that the churches and the Communists should find themselves on opposite sides. The Reds deny the dignity of man as an individual, the churches affirm the belief that man is created in the image and likeness of God.

It is possible to change a man's mind about economics, to persuade him that he will get a greater share of the things he needs if he will change his government from a capitalistic to a communistic one. Hungry people are easy to delude. But to erase religious belief from people's hearts is all but impossible.

For thousands of years the Jews have been persecuted and yet they still address their prayers to the God of their fathers. There have been wholesale attempts to wipe out Christianity but it still survives, stronger because of opposition. In the long run the Communists will fail as Nero and the rest failed.

Hard To Be A Humorist

Wiscracking is dangerous. The playwright George S. Kaufman was temporarily dropped from a television program because before Christmas he ad libbed, "Let's make this one program on which no one sings 'Silent Night.'" This brought in several hundred protests that he was anti-religious. Entertainment sponsors are notoriously fearful of public disfavor, and even a single protest may bring about a change in program or personnel.

Kaufman says that he had no anti-religious idea at all. His aim was to protest against the commercialization of this Christmas carol. As a veteran producer of plays with popular appeal, he should have known, however, that many people are literal-minded in the extreme. Had he objected, as he might well have done, to the eulogies of home and mother to which politicians are addicted, he would have been charged with hostility to those two institutions.

The humorist runs a risk of offending somebody whenever he opens his mouth. Yet he cannot keep still and make a living.

Try and Stop Me
 By BENNETT CERF

A FAMOUS movie producer, more noted for his lavish productions than his command of the English language, was asked, "What do you prefer; monogamy or polygamy?" The great man considered carefully for several seconds, then declared, "Well, gentlemen, it all depends. In my office, I like monogamy. But in my home, give me white maple every time!"

A professor at a college in the inner Ozarks is still puzzling over the answer he got from a husky student when he asked, "What makes your tongue so black?" The student's explanation was: "Wal, Professor, I drop a jug of corn likker on a freshly tarred road."

My 11-year-old son, Chris, who has excellent taste, says he wouldn't mind falling into a lake if Dinah could be his Shore.

THE CIRCULAR STAIRCASE

THE WORLD TODAY
 By JAMES MARLOW

WASHINGTON—It was to be Secretary of State Acheson's last news conference. The small audience of the State Department was almost filled with reporters and commentators who had been dealing with him since he became secretary four years ago.

He came in, looking like a man who had had a good night's sleep. He seemed at ease, as usual, but with an almost birdlike alertness, which is also usual with him. Nothing about him suggested the extraordinary pressure of the four years unless perhaps it was his hair. It had turned very gray.

As he sat down at a small table, facing the newsmen, the photographers knelt on the floor. They said, "Start talking." He looked at them as if to say, "To whom?" Crouching closer, they said: "Talk over our heads." Acheson grinned: "Oh, I couldn't talk over your heads."

Everyone laughed. Everyone in the room, some time or other, had heard Acheson accused of talking down to people, particularly to congressmen, with whom his relations could hardly be worse.

Acheson, of course, might argue that he merely talked on the level he was used to while respectfully assuming his listeners were on the same level. And among his intimates he is said to be a lively man with a taste for earthy language. But this part of him could not be detected in his sometimes mildly humorous but always unending public appearances.

No matter what the reason for his public austerity—a natural condition, a deliberate attitude or a deep self-consciousness—never, in his misfortune, able to establish a warm and personal link with Congress.

It happened to be in the State Department a time ago, when national anxiety over communism and had had a major part in shaping some of the most far-reaching postwar policies, such as arms for Greece and Turkey, the Marshall Plan, the Atlantic Pact, arms for Europe.

But while the European fortress was being cemented he was attacked for not having done enough in Asia, where communism, after overrunning China, finally erupted in the Korean war.

It is questionable that even President Truman would consider Acheson's judgment always beyond dispute.

Acheson has said little in his own behalf. He has shown enormous patience under attack. He may have felt puzzled, but necessary for a man in his position and his dilemma. He told foreign service officers last week that the State Department's critics were "thoroughly justified" in their judgment once something really evil is let loose in the world it cannot be eradicated overnight without patient and persistent effort.

As for what he told his final news conference: He read a prepared, and rather literary, farewell, replied to some questions.

Harbor Collision
 (Continued From Page One)

The anchored off Governor's Island and reported she was taking water.

The Chickasaw anchored a short distance away with a gaping hole above the waterline in her bow.

Sanford Industries
 (Continued From Page One)

The organization explained that this medium will be available to all citizens of Sanford as it is the thought and desire of the Industrial Board that this program be community wide in scope, it was further explained. All citizens will have a chance to participate in this effort to make progress a fact and not just a subject for discussion.

Mr. Breckenridge, manager of the Chamber of Commerce, informed the group of the prospectus program would make it possible to approach the group with proof that Sanford does welcome new business and will cooperate in every way in getting them established here.

He endorsed the new program and promised the cooperation and cooperation. Mr. Garrett advised the board of the plans of his associates to establish a business in Central Florida and expressed his opinion that an early meeting with the newly formed Sanford Industries, Inc. would probably result in satisfactory arrangements for locating the manufacturing business here.

Mr. Chase announced today that he has called a meeting of the entire board for tomorrow night at 8:00 o'clock at the City Hall for the purpose of discussing and confirming the action of the chamber committee.

See No Early Meeting Between Ike and Stalin — Special to Central Press

WASHINGTON—Informed Washington observers expect President-elect Eisenhower to order quiet exploration, through diplomatic channels, of Soviet Premier Stalin's professed willingness to aid in ending the Korean war.

However, these onlookers do not foresee an early meeting between Ike and Stalin, though they do not rule out the possibility that such a conference might take place sometime in 1953.

The President-elect is reported determined to increase the United Nations striking potential in Korea to a point making it crystal clear to the enemy that an offensive on their part would be met by crushing counter-attacks.

Meanwhile, the new United States chief executive is expected to seek some method of putting the truce negotiators back in business without compromising the United Nations stand on the prisoner-of-war issue.

One indication that United States-Soviet relations might improve after the general enters the White House is seen in the re-emergence of Marshal Georgi Zhukov as an important military figure in Russia.

Marshal Zhukov Zhukov, for a time, suffered virtual banishment, presumably because of his wartime friendship with the late. Some military analysts believe that Stalin may now attempt to use this same friendship to establish liaison with Ike.

Rural Common Sense
 By SPUDS JOHNSON

A new year of opportunity lies before Florida farmers, and they should make the most of it.

Nineteen Hundred Fifty-two, with its successes and failures, is past history now, but its experiences should help farmers to plan for a bright and successful year in 1953.

It is well to check up on the past year so one may be fully cognizant of the things that proved right and also, of the mistakes that were made, so he may retain the worthwhile things and endeavor to rectify or avoid mistakes of 1952 in his program for 1953.

A certain practice, such as growing a cover crop, proved helpful and profitable in 1952, the farmer surely wants to repeat it in 1953. If a tobacco plant bed was ruined by frost because the farmer failed to take control measures in time, surely the farmer wants to avoid that mistake in 1953.

So it is well for the farmer to review his farming program of 1952 so he may plan with care and good judgment his program for the new year.

Close attention to production costs and crop returns is important all the time, but it probably will be more important in 1953 than it has been in several years. Economists think prices generally will be lower this year than in 1952 if the war is not extended to other areas and if the national budget is balanced or near-balanced, but prices which the farmer pays for the things he buys will not fall as rapidly as the prices the farmer receives for his products.

With that in mind, the farmer should readily recognize the importance of careful crop planning, of paying close attention to the market, of economizing whenever possible without reducing the yields and quality of his crops, and of taking advantage of all research information that will help him to be efficient and successful in his work.

If he does those things and he gets an "even break" from the weather, the farmer should do all right in 1953.

Keep the plaster from crumbling when you're driving a nail into plastered walls by freezing a strip of adhesive tape over the spot first. The plaster won't crack if you drive the nail through the tape.

Those who are of home will find it handy to have a small magnet on their car, to pick up iron and leave the key in the car.

Tramway Hall, New York published information, a directory for the purpose of disseminating information about the program of the United States.

Kidnaped Youth Is Given Back To Real Parents By Court

SOUTH BEND, Ind., U.S.—A nine-year-old boy who had lived most of his life as the son of a South Bend factory technician received a new set of parents yesterday in an emotional courtroom scene.

An elderly judge, sneaking in a few words and with his eyes downcast, awarded the boy to an Ohio couple and ruled the boy for the son of the woman who had been his mother since he was born in 1944.

The lad, known as Charles Joe Tipp, bears a striking resemblance to the boy who was born in 1944. He is the son of a man who had been living with her as her son.

Tip had brought the boy to South Bend from Tampa, after Mrs. Tipp, who had been operating a tavern there, was placed in the institution. He testified earlier that he had returned from a trip and told him she had given birth to the boy.

Medical testimony was introduced at the hearing that an examination of Mrs. Tipp showed she was pregnant in 1944, as a nurse had identified pictures of her and said she had gone to work for them in October, 1944, as a nurse and under the name of Mary Wilkey.

Medieval Pageantry

into Spain, France, Italy and Portugal and two Spanish prelates. The attacks besetting the church from communism were underlined by the fact that when a Roman Catholic newspaper labeled as Francis Cardinal Spellman of New York—who flew here from Korea—as a "champion of aggression."

Spellman, 67, also charged that the conspiracy "emphasized above all the political aspects of the church." At the time his criticism primarily was named the new cardinals. The Pope declared that none of his selections were politically motivated. The arrests primarily were in Italy in Communist-ruled Yugoslavia, whose government broke relations with the Vatican after learning that Archbishop Aloisius Hudobek of Zagreb, star master of a Yugoslav church-state dispute, was included in the list of new cardinals.

Spellman, who was released conditionally last year after serving five years of a 16-year sentence for alleged wartime collaboration with the Nazis, was one of the two new cardinals from Red-ruled countries absent from the consistory. The other was Stefan Cardinal Wysynski, primate of Poland.

British Sledge

owner of the Punkal stevedocks at Dr. Karl Scharding, former official of the Reich Propaganda Ministry's Radio Department.

The announcement said Portuguese authorities had for some time that a group of former Nazi leaders in the British zone were plotting to regain power.

The arrested men were seized under a law empowering occupation authorities to act in the event of a threat to the security of the Allies; the statement said.

"For some time British authorities have been aware that a group of former Nazis have been plotting to regain power in Western Germany," the Foreign Office statement said.

"In the field of foreign affairs, this group has been principally concerned with preparation of anti-Western views and policies, from centers in the British zone."

ROBERT S. VAN ATTA, C.S. Rochester, New York

Robert Van Atta To Speak On Healing

How the understanding of God's spiritual laws may be applied to daily living will be the topic of a Christian Science lecture to be given Sunday by Robert S. Van Atta of Rochester, New York. It was announced today by First Church of Christ, Scientist.

Mr. Van Atta, who is on tour as a member of the Christian Science Board of Lecturership, will speak in Seminole High School Auditorium, French Avenue, Sanford at 2:30 p.m. The lecture is open to the public without charge. Mr. Van Atta's subject will be "Christian Science: What It Is and What It Does."

An engineer for a number of years, Mr. Van Atta served in an engineering capacity at one time on the Panama Canal and on railroad construction in Bolivia. He later was an aeronautical engineer with the Army Air Corps. He has been a student of Christian Science since 1917, is an experienced practical practitioner of Christian Science healing, and has been a Christian Science lecturer since 1940.

PERSONALS

Mr. and Mrs. A. C. Cleveland and two children, Jeannette and Carol, have moved their residence from Celery Avenue to 1007 Palmto Avenue.

Mr. and Mrs. J. A. Vin and Miss Ruby Stenstrom have left for Philadelphia, Pa. where they will spend about two weeks. They will also visit in Roanoke, Va.

Mr. and Mrs. W. M. Clark have as their guests Mrs. Clark's father, C. L. Roberts, and Mr. and Mrs. Ruddy Gay, all of Frankfort, Ky.

John M. Nichols, Aviation Structural Mechanic 3, returned yesterday a 30 day leave with his parents, Mr. and Mrs. Anton Nichols.

Mr. and Mrs. Paul Oeland of Greenville, N. C. are visiting with Mr. and Mrs. Wallace M. Phillips in San Lanta, Mr. and Mrs. Oeland plan to spend about a month at various interesting points in Florida.

Second Play Planned By Theater Guild

The Sanford Theater Guild, at its second quarterly meeting Tuesday evening, voted to produce a second play toward the end of February and a third play later in the spring.

E. W. Thomas, president of the group, presided. Miss Blou Baker, treasurer, reported a substantial balance in the bank as the result of the four recent performances of "The Night of January Thirteenth." During the business session Paul Bissell and Mrs. Francis Roumlat J. were appointed costume managers, Mrs. Clara Jobe and Mrs. Robert Billinger will handle publicity and Miss Betty Cullum will act as Recording Secretary. Paul Bissell, Ewing Dean and Bill Bissell were appointed to the Board of Governors to fill vacancies.

An "open house" from 8 to 10 p.m. on Jan. 27 will give all those in the community who are interested in the Sanford Theater Guild an opportunity to look over the Guild building at the corner of Sixth Street and Laurel Avenue, and to meet and talk with members of the group.

Mrs. Ginn Is Hostess For Chancel Choir

Members of the Chancel Choir of the First Presbyterian Church were the guests of Mrs. Clara Ginn at her home on Sanford Avenue following the weekly choir rehearsal last night. Delicious refreshments were served after which a period of impromptu singing was enjoyed with Mrs. George Touhy as accompanist.

Those enjoying the occasion were Mr. and Mrs. John A. Bissett, Mr. and Mrs. Charles Scudder, Mr. and Mrs. William Hong, Mr. and Mrs. Charles Morrison, Mr. and Mrs. Al Case, Mr. and Mrs. George Touhy, Mrs. Harris Kells, Mrs. Leon Walker, Mrs. Kenneth Sapp, Miss Elise Hutchison, Mrs. Maude Wilson, Mrs. William Cortright and the hostess, Mrs. Ginn.

TOUHY TRIP

Breakfast in Sanford and supper in San Francisco will be the unusual experience today of Mrs. George Touhy, who has been living at 2041 Magnolia Avenue.

Mrs. Touhy left this morning for California, where she will visit a brother in Santa Cruz. His plane left the Orlando airport at 7:30 and after touching at Tampa, New Orleans, and Dallas will arrive at San Francisco at 6 o'clock.

SEMINOLE III By BEVERLY GRAY

Download on Drama: Senior class play rehearsals for the presentation of "Little Women" are underway now. Every afternoon the various portrayers of the well-known characters undergo practice with the supervision of Mrs. Boyd Coleman.

One of the outstanding attractions in this play will be the costumes, which are being ordered from a costume company now. They'll really be different and add so much to the play, too! To help pay for the costumes, the committees working for the play, appealed to the Senior class to have a dance. It's going to be called "Little Women" and will be held in the Canteen after the game. Stage—thirty cents; drug—forty cents. There will be a flourish, refreshments, and lots of GOOD music, don't forget the Canteen Friday night. EVERYONE is invited, so all you boys get dates and come on down.

Chit Chat in Class: Is it true that Yvonne Cullen and John Clarke are casting glances in each others directions? 'Tis rumored so anyway. A new singing talent at S. H. S. and in the Fresh Class is Barbara O' Barr. She really is wonderful! Edwin Tison seems to do fairly well, interested in the Fresh class, too!

Could it be a blonde named Barbara? ? ?

Barbara? ? ? Marianne Strickland dating a darlin' Senior boy for the dance Friday night! I bet there will be loads of couples there that night!

Before the game is going to be an awfully exciting basketball game with New Smyrna! We're planning on winning, of course, so why don't you make it a date, too? After Tuesday night's victory with Deland, we'll really be ready to show New Smyrna what we can do! 1-1-1

Quite a few members of the S. H. S. Glee club participated in Clinic recently. There, where students from all over the state are sent, voices are valuated and some time in the spring, members will go again and receive a rating. They all said they had a marvelous time, but really worked hard! That's all for now. Be seen' yal!

De Bary Doings By KAY HENNINGER

On Sunday morning, Billy W. Jr., a student in the Stetson Memorial School, will preside at the service to be held in the Mansion. It is hoped that a large number of military will be there in encouragement of this young man. His subject will be "What is Salvation?"

The installation of officers for the ensuing year was the main business of the meeting of the Deary Civic Association, Inc. at the monthly meeting at Dickson Memorial Library in Orange. Those installed were: Hudson Myers, President; Gustav King, Vice-President; Gustav King, Treasurer; Mrs. Robert Brown, Recording Secretary; Janet King, Corresponding Secretary; Vincent Valentine, Chairman; William Hoyer, Sentinel; Frank Hill, David MacFarlane, Mrs. Vincent Valentine and Charles Youman, new members of the club.

The Plantation Estates Womens Club will sponsor a Touring Florida Card Party on Wednesday evening, Jan. 21, in the Mansion. The affair will be served at 7:30. Proceeds are for the DeBary Fire department. Come and bring your friends.

Mr. and Mrs. Aaron Dungan are hosts at a Canasta Party last week. The eight-handed game was most interesting and refreshments were delicious. Those present were Mrs. and Mrs. R. E. Peck, Mr. and Mrs. Cesar Robello and the Jennings sisters.

Miss Alice Cooper is recuperating in her home after having undergone surgery in the hospital in Orlando.

Mrs. Everett Swift is back home from a long stay at Fish Memorial Hospital.

Mr. and Mrs. George Korber of Buffalo, stopped off on their way to Miami where they intend to spend the remainder of the winter's visit for two days with their friends Mr. and Mrs. William Newell.

Mr. and Mrs. Ellis White and Mrs. Ida Herman, all of Baltimore, are guests last week in the home of Mr. and Mrs. H. F. McDermott. Mrs. Herman is Mrs. McDermott's sister.

Mr. and Mrs. William Boyer are enjoying their trip up North. They're expected back soon and say they will be glad to get back to town.

Mr. and Mrs. Ernest Moeller are back from a long visit with their son.

Mr. and Mrs. Joseph Meyer have returned after an absence of four months.

Early this week, Mr. and Mrs. Joseph Buck left on their way where they expect to spend a couple of months with their daughter and her family.

The holiday travelers are getting back. Mr. and Mrs. Ed Healy returned in one day last week.

Mr. and Mrs. Charles Riechen are to be at home again after spending five weeks in Cincinnati with their family and friends. They reached DeBary on the 14th and left immediately for Ft. Myers.

Mr. and Mrs. Robert J. Yarrington and their two children, went to Ponce de Leon, Long Island, for the holidays. They got back on Tuesday bringing Mrs. Anna Yarrington with them. She plans to stay here permanently in DeBary with her son and his family.

Mr. and Mrs. George Hopper are on their way to DeBary from a visit to Miami where they spent the holidays with their children.

Mrs. Whitner Tells Of Auxiliary Meet

Mrs. H. F. Whitner Jr. announced today that a quarterly meeting of the Woman's Auxiliary of the Episcopal Church would be held on Monday at 3:00 p.m. in the Parish House.

The speaker for the occasion will be Miss Edna Boardley, national secretary of the United Thank Offering. Miss Boardley serves as the Woman's Auxiliary representative to the National Council of Episcopal Churches. Mrs. J. N. Hudson is the local chairman of the United Thank Offering.

Following Miss Boardley's talk an informal tea will be served with Mrs. George Swartz in charge.

Francis Dorton Is Honored On Birthday

ELDER SPIRINGS (Special) — Mrs. Bill Dorton honored her daughter Francis recently with a birthday party at her home marking her tenth birthday.

Games were enjoyed by all, with prizes awarded to Irene Johnson, Johnson, Lewis Carter and Robert Myers.

Mrs. Dorton was assisted in serving the guests by her daughter Mrs. Evelyn Dorton. Refreshments of hot cocoa, cake, cookies and candies were served to the following guests: Henry John and Ann Shumacher, Lewis Carter, Alice, Betty and Kay Stantler, Sammie Leonard, John Daniel Taylor, Irene Johnson, Nellie Pickern, Irene and Billy Price, Robert Myers, Betty, Thomas and Susie Norris and Edith Carter.

Social Department Has Dessert-Bridge

The Social Department of the Sanford Woman's Club entertained yesterday with a dessert bridge and Canasta party at 1:30 p.m. Hostesses were Mrs. H. S. Duggan, Mrs. L. E. Spencer, Mrs. J. D. Cordell and Mrs. W. H. Jennings.

Beautiful carnations in various shades were used in decorating with pure white blossoms on a long table in the auditorium.

Election of officers for the department was held with Mrs. C. M. Flowers being re-nominated as chairman. Vice chairman will be Mrs. S. C. Graham; secretary, Mrs. Ben Wade; finance, Mrs. J. C. Anderson; membership, Mrs. J. D. Callahan; program, Mrs. C. L. Beilding.

Mrs. H. Wayne Tucker, chairman of the Civic Department, told of the museum tea being sponsored next Wednesday at the club house at 2:30 p.m.

Following announcements, card games were enjoyed and after scores were tallied the high prize for bridge was awarded to Mrs. J. E. Harker, Canasta, Mrs. J. H. Jones and scenes to Mrs. W. B. Brinnan.

Those enjoying the afternoon were Mrs. Baker, Mrs. Ralph Austin Smith, Mrs. H. M. Papworth and guest Mrs. C. C. Sylvester of Vermont, Mrs. Raymond H. Smith, Mrs. Jones, Mrs. Scott E. Weiler, Mrs. Flowers, Mrs. L. L. Hill, Mrs. D. C. Howard, Mrs. C. Hender son, Mrs. Brinson, Mrs. C. F. Proctor, Mrs. Anderson, Mrs. J. M. Gillon, Mrs. E. Courier, Mrs. H. Beck, Mrs. George McCall, Mrs. Roy Tillis, Mrs. E. Compton, Mrs. John Eick, Mrs. B. B. Crumley.

Francis Dorton Is Honored On Birthday

Mrs. H. F. Whitner Jr. announced today that a quarterly meeting of the Woman's Auxiliary of the Episcopal Church would be held on Monday at 3:00 p.m. in the Parish House.

The speaker for the occasion will be Miss Edna Boardley, national secretary of the United Thank Offering. Miss Boardley serves as the Woman's Auxiliary representative to the National Council of Episcopal Churches. Mrs. J. N. Hudson is the local chairman of the United Thank Offering.

Following Miss Boardley's talk an informal tea will be served with Mrs. George Swartz in charge.

Catholic Youth Club Plans Name Change

The Catholic Youth Club met in the church annex on Monday evening with one of the main topics of discussion being the changing of the club's title. In the discussion it was pointed out that the word "youth" in the title has been misleading and does not necessarily concern age limits. Names will be submitted to the president, Miss Claire Normand, during the month and will be voted upon at the next regular business meeting.

The club also made plans for a party and old fashioned taffy pull to be held Jan. 21 at 7:30 p.m. in the church annex Mrs. Clara Kin dall is in charge of the food committee and Miss Peggy Comstone is the chairman of entertainment. Each member is entitled to bring a guest.

ADDITIONAL SOCIETY (Continued On Page Five)

Mrs. Howard Monthle, Mrs. O. M. Harrison, Mrs. F. T. Meriwether, Mrs. J. P. Cullen, Mrs. Chai Har key, Mrs. A. H. Barber, Mrs. J. H. Cullen, Mrs. Metta Starke, Mrs. Harriam, Mrs. Arthur Ferber, Mrs. Rucker, Mrs. S. D. Hughley and Miss Ethel Kiechhoff.

New Device Tests Hearing Of Child By Electric Means

MIAMI BEACH (AP)—The hearing of a six-month-old child may now be tested by a new electrical device acting on the lie detector principle.

The machine, known as a psychometer, is used in conjunction with a standard audiometer and registers the child's exact amount of hearing through skin reactions to sound and minute electrical shocks.

The psychometer is among scientific devices on exhibition during the 7th annual University of Florida Midwinter Seminar in Ophthalmology and Otolaryngology.

The psychometer employs little shock electrodes, which are strapped to the child's leg. Sound sequence then becomes meaningful to the youngster who begins to listen, perhaps for the first time in his life.

The machine, through contact with the child's skin, registers the amount of hearing possessed by the child.

"New testing techniques in pediatric deafness" is scheduled for discussion by Dr. Victor Goodhill, Los Angeles ear, nose and throat specialist, at tonight's meeting of the Florida Society of Ophthalmology and Otolaryngology (pertaining to the eyes and ears).

Another innovation likely to prove a boon to the hard-of-hearing adult is a minute transmitter. It is a pronged affair less than half an inch long and takes the place of the vacuum tube in modern hearing aids.

Unbreakable and unharmed by being dropped, the transmitter has a life of 90,000 hours compared with the 5,000-hour life of the average vacuum tube in hearing aids, its manufacturers claim.

Negro Prefers Jail In 'Bama To North

CLEVELAND (AP)—"Are you sure you want to do this?" the judge asked the 28-year-old Negro charged with a \$3 unarmed robbery.

"Yes," replied Carlilyn Armstrong yesterday, insisting that he wanted to return to Alabama's Kilby Prison to finish a robbery term which has 97 years and 8 months to go.

Armstrong, charged with robbery, explained he had been a trustee at Kilby. "They treated me all right," he said. He insisted he enjoyed life there before he escaped June 26, 1950.

"You are the first colored person I ever heard of that preferred a Southern prison to a Northern one," said Common Pleas Judge Frank J. Merrick. Then the judge ordered the prosecutor's office to notify Alabama authorities their prisoner wants to go home.

Armstrong was sentenced to 90 years from Morgan County, Alabama, March 8, 1949. He was arrested here in the holdup of delicatessen owner Tom Ayna, 68.

Bob Topping Marries Spouse Number Five

SALT LAKE CITY (AP)—Henry J. (Bob) Topping, the tinsmith heir, and Mona Mae Wood, 24, identified as an ice skating instructor at Sun Valley, Idaho, obtained a marriage license yesterday.

Actor Jimmy Cross announced in Hollywood that the couple had married. Topping recently was divorced by actress Lana Turner.

Newsmen were unable to find who performed the marriage ceremony, and they were unsuccessful in attempts to reach Topping.

On the license application Topping gave his age as 39, his residence as Ketchum, Idaho, and his occupation as "investment man."

Topping has been married four times—to actresses Lana Turner, Arline Judge and Jayne Shaidt and Gloria Baker, a society girl.

The old Norse ships had steering oars only on the right side near the stern and the term "starboard" (steerside) is believed to have derived from that fact.

Increased Performance in New Chevrolets

The low, sweeping lines of the 1953 Chevrolets are exemplified by this four-door sedan in the "Two-Ten" series, which this year offers increased performance, comfort and convenience in addition to a complete re-design. Apparent in this view are the enlarged front and rear vision, new fender and hood contours and a fresh grille treatment that enhance the rugged beauty of the cars. Four-door sedans are also available in the "One-Fifty" and the new Bel Air series.

Greater Attendance Predicted For Fair

ORLANDO (Special)—Attendance records at the Central Florida Exposition will top this year when the curtain raises on the 1953 event, the fair's general manager, O. P. Swope, predicted today. The fair will run for six days and six nights from Feb. 23-28.

With opening day but six weeks off, Swope observed that more exhibits, finer displays and better entertainment are on tap for fairgoers, heralding the biggest and best fair in the 40-year history of the event.

Feature of the 1953 fair will be the agricultural and home economic displays and exhibits, both on the county and community level. Exhibitors will vie for high honors, ribbons, and almost \$25,000 in premiums.

Emphasis will be on youth and their part in the agricultural progress of Central Florida. The statewide boys and girls Four-H poultry and egg show and the sixth annual state Four-H dairy show and judging contest will be featured. The cattle judging will take place on Monday and the poultry judging on Saturday, closing day of the fair which is also designated as Four-H day.

A total of \$2,000 will be awarded winners of the various divisions of the event.

Paul Goebel, who played with the Chicago Bears many years ago, is Mayor of Grand Rapids, Mich. The sheriff of the Grand Rapids area is also a former Bear, Hugh Blacklock.

George Strunwels, former New York Yankee and Cleveland Indian infielder, was a backfield star for the University of North Carolina in the late 30's.

Arnie Weinmelter, star tackle of the Chicago Bears, was a sergeant in the field artillery during World War II.

lions of the Four-H dairy show and judging contest. Similar worthwhile premiums are made available in the poultry show.

6 Elderly Persons Die, Six Missing In Nursing Home Fire

WARREN, Pa. (AP)—An elderly woman is dead and six others—four of them children—are missing in the wake of a windswep fire which early today destroyed an isolated 14 room nursing home near this Western Pennsylvania city.

The blaze was discovered shortly after midnight. Firemen from nearby Youngville said the two-story frame building was enveloped in flames when they arrived.

Louis Heath, who lived near the home, said he rushed to the scene and carried Mrs. Mary McComb, 53, of Union City to safety. Mrs. J. A. McCoy, 60, who had operated the nursing home for more than 10 years, said she escaped through a side door.

J. E. Chapel, Youngville police chief, identified the dead woman as Mrs. Nettie Clark, 80, formerly of Youngville. Chapel said she died a few minutes after being rescued from the blaze. He listed the missing as:

Mrs. Maude Stroupe, 75, formerly of Clintonville, and Merle Nourse, 70, both patients at the home for more than eight years and these nieces and nephews of Mrs. McCoy: James Durlin, 12; his brothers Thomas, 10, and Joseph, 14, and a sister, Jo Ann, 16.

Patricia Durlin, 15, another sister, climbed down a fire escape to safety. The Durlin children are orphans.

"This is horrible. Everything is destroyed. There is just a thick pile of glowing rubble there now," Firemen combed the smoldering debris through the night searching for bodies.

Firemen said the blaze apparently started on the first floor where two coal stoves were used to heat the entire building.

**Baptist Minister
Mails Last Checks
Paying Huge Debt**

By NORBERT OLSHEFSKI
AP Newfeature

D. LITTLE ROCK—A short, graying Baptist minister walked into the Little Rock Post Office recently and mailed 110 checks—the last payments on a \$700,000 debt of honor.

It was a debt that took nine years to pay through the sacrifices of fewer than 200,000 Arkansians Baptists.

The minister, who declines to be named, is Dr. J. H. Harrison, pastor of the Little Rock church, who volunteered to seek the debt in 1923, threatened to dissolve the Arkansas Baptist Convention.

The problem was a \$1,200,000 bond issue debt that in 1921 threatened to dissolve the Arkansas Baptist Convention.

Bonds were sold during the 1920's when the convention launched an expansion program that built three colleges, a hospital, an orphanage and an ambitious state mission.

Then the depression hit and in one of Arkansas' 60 bank failures during January, 1931, the convention lost \$51,000—the interest payment on the debt built up in the 1920's.

The situation was hopeless. An emergency meeting of the Baptists' executive board was called. The general secretary, Dr. T. H. Harrison, reported on the hopeless situation and submitted his resignation.

It was then that Dr. Bridges, pastor of a Little Rock church, volunteered to seek the debt in 1923, threatened to dissolve the Arkansas Baptist Convention.

Three months later the board met again. Still Bridges did not have a solution.

As chairman, Bridges refused to recognize a board member who wanted to second a motion that the group go on with the faith that "God will see us through."

He formulated a plan to retire the debt in 31 years and gained the committee's approval. The Baptists then thought they had a solution to the problem.

But holders of promissory notes and some bondholders started suing the Convention. Churches and members became discouraged and stopped contributing. Dr. Bridges was forced to compromise.

A federal court in 1926 approved a committee-suggested plan to settle the debt.

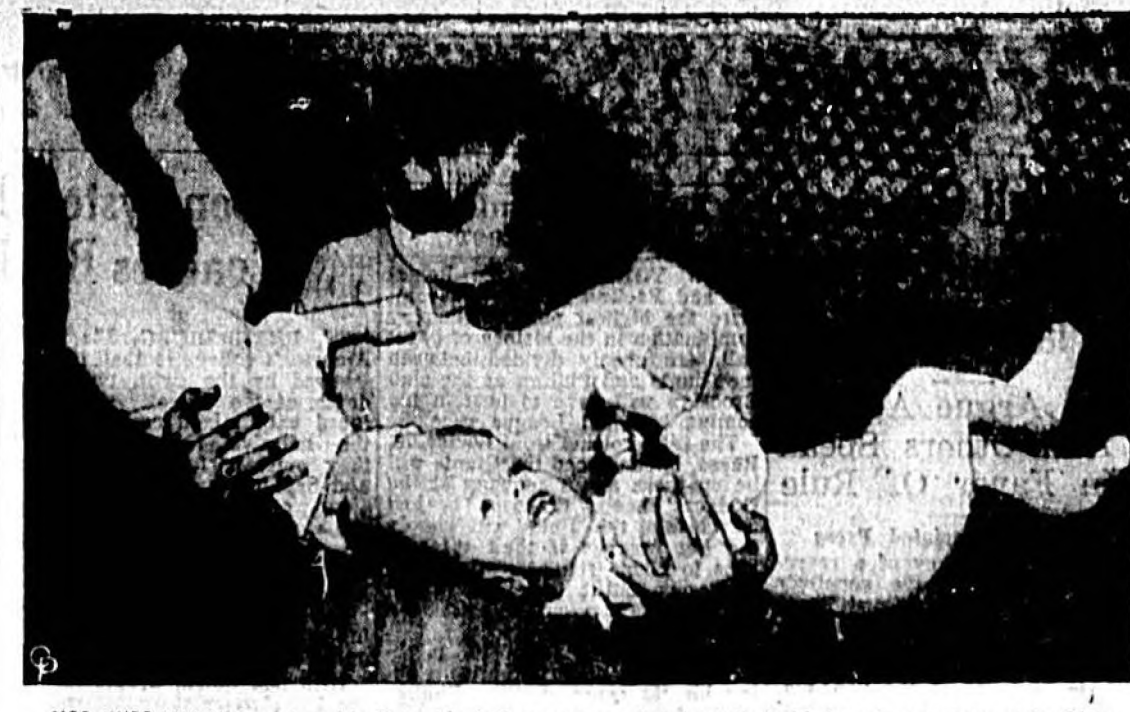

35 cents on the dollar. A special campaign resulted in enough to retire the bonds and notes on the basis of 55 cents to the dollar.

The Arkansas Baptist Convention was legally free of its tremendous debt.

Being just legally free did not satisfy the executive board nor Dr. Bridges. They placed all the cancelled papers in a strong box and hid it in back of the safe.

Dr. Bridges traveled the state and told those who once held the bonds and notes that some day Arkansas Baptists must pay their "home" debts.

At the 1943 Arkansas Baptist Convention in Little Rock, the executive board recommended that the 65 per cent remaining indebtedness be paid in full. It would cost \$700,000—three times the Convention's annual budget.

MRS. KURT KNAAK is pictured in Dusseldorf, Germany, as she playfully holds her stamess twin girls, Gitta and Letta, now 18 months old. The parents have given their consent for surgery to separate the infants that doctors announced the twins had separate brains and nervous systems. Dr. Peter Hoeltgen, leading West German brain specialist, will perform the operation in the near future. (International)

**McCarty Must Ask
For Resignations
Says State Group**

TALLAHASSEE.—If Gov Dan McCarty wants resignations from members of the State Livestock Sanitary Board, as he has indicated, he apparently will have to ask for them formally.

John DuPaul, Dade County dairyman who has served on the board since the Caldwell administration, brought up the question of offering resignations at a meeting here in the 20's.

He quoted newspaper stories that McCarty would consider it proper if members of holdover boards, including the livestock sanitary board, would submit their resignations to permit him to appoint men who reflect his thinking.

Before he was inaugurated, McCarty told Florida cattlemen he wanted to take politics out of the board, which has been deadlocked much of the last two years on policy and personnel matters.

"If the governor wants my resignation, I for one am willing to give him mine," DuPaul said. He was a supporter of McCarty in the last campaign. His term expires in July.

Other board members disagreed. Hal Chaires expressed the general sentiment when he said:

"I want to cooperate with the new governor but I have worked on the board to the best of my ability and plan to continue doing so. I think if he wants my resignation he should ask me for it."

The board voted to lift the anathema against McCarty in the office 10 days ago but was told they couldn't be made so because of an auditing staff shortage.

State Auditor Bryan Willis said his present staff is from ten to three years behind on audits of some county offices. He asked for funds to raise pay of his assistants and hire seven new auditors to help carry the load.

Altogether, he requested \$938,649 for the next two years. That's about the same amount he asked for in the Legislature and that gave him \$328,000 less than that.

Increasing medical and hospitalization costs plus a growing demand for state help in treating indigent crippled children were cited as justification for an increase in the Legislature's Children's Commission funds from \$1,290,000 in this biennium to \$1,790,000 in the next two years.

Another movable agency the State Children's Commission asked for \$83,836, an increase of \$21,700 to carry on its work of studying juvenile needs, recommending new laws for the Legislature and promoting better children's care throughout the state.

The State Railroad and Public Utilities Commission asked an appropriation of \$285,000 during the next two years, an increase of \$184,000.

Commissioner Richard Mack said the agency needs more money to carry out the supervision of private gas and electric utilities companies which was given to it by the 1931 Legislature.

He said the commission had been able to do little more than "rubber stamp" requests of electric power companies for authorization to borrow more than \$9 million dollars for plant expansion.

Mack expressed belief that the commission should go into the need for such expansions because invariably the companies come back after plants are built to request rate increases to compensate for the expenditures.

Errol Flynn makes love to Marjorie O'Hara in this scene from "Against All Flags." Color by Technicolor. Showing on the Ritz Theater screen today and Friday.

**More Funds Asked
For Various State
Bodies, Services**

TALLAHASSEE.—More money for children's services, utilities regulation and auditing of public officials' accounts was requested today as cabinet members and legislators went into their second day of 1933-35 budget hearings.

Gov. Dan McCarty particularly urged legislative appropriations committees to consider increasing the state auditor's funds. He said he had requested audits of all agencies under him when he took office 10 days ago but was told they couldn't be made so because of an auditing staff shortage.

State Auditor Bryan Willis said his present staff is from ten to three years behind on audits of some county offices. He asked for funds to raise pay of his assistants and hire seven new auditors to help carry the load.

Altogether, he requested \$938,649 for the next two years. That's about the same amount he asked for in the Legislature and that gave him \$328,000 less than that.

Increasing medical and hospitalization costs plus a growing demand for state help in treating indigent crippled children were cited as justification for an increase in the Legislature's Children's Commission funds from \$1,290,000 in this biennium to \$1,790,000 in the next two years.

Another movable agency the State Children's Commission asked for \$83,836, an increase of \$21,700 to carry on its work of studying juvenile needs, recommending new laws for the Legislature and promoting better children's care throughout the state.

The State Railroad and Public Utilities Commission asked an appropriation of \$285,000 during the next two years, an increase of \$184,000.

Commissioner Richard Mack said the agency needs more money to carry out the supervision of private gas and electric utilities companies which was given to it by the 1931 Legislature.

He said the commission had been able to do little more than "rubber stamp" requests of electric power companies for authorization to borrow more than \$9 million dollars for plant expansion.

Mack expressed belief that the commission should go into the need for such expansions because invariably the companies come back after plants are built to request rate increases to compensate for the expenditures.

Runaway Train

(Continued From Page One)
8:45 p. m. The train was due at Joseph L. Miller of Washington, a passenger, said the train must have been traveling close to 50 miles an hour going through the yard and "probably thought we were going to die."

The Red Cross said it had been informed at least 12 persons were admitted to Cassally Hospital. A nurse listed three of them as Irving Goldberg of Baltimore, Keith Bunel of Falls Church, Va., a Washington suburb, and Peter Bella of Washington.

Four persons were admitted to Emergency Hospital. None appeared to be hurt seriously.

The station master's office said that some of those aboard the train were injured.

A physician at the station clinic said between 20 and 30 injured had been processed through the clinic in less than an hour. He said most of these appeared to be only shaken up and bruised.

The doctor said he saw the engine crew leave the locomotive with the engine in the yard and a baggage room was located directly under the engine.

The locomotive crashed across the entrance of the baggage room before the floor gave in leaving the head end of the locomotive hanging on a beam. The tail end of the locomotive was in the air. Those present were Mrs. McWhorter, Mrs. Miller, Mrs. J. A. Strayer, Mrs. Lillian Vickers, Mrs. Park, Mrs. Venable, Mrs. R. D. Harrison, Mrs. Raymond Baker, Mrs. S. E. Barlow, Mrs. C. R. Kewler, Mrs. L. G. Edson and Mrs. Hal Culbert.

Indigent crippled children were cited as justification for an increase in the Legislature's Children's Commission funds from \$1,290,000 in this biennium to \$1,790,000 in the next two years.

Another movable agency the State Children's Commission asked for \$83,836, an increase of \$21,700 to carry on its work of studying juvenile needs, recommending new laws for the Legislature and promoting better children's care throughout the state.

The State Railroad and Public Utilities Commission asked an appropriation of \$285,000 during the next two years, an increase of \$184,000.

Commissioner Richard Mack said the agency needs more money to carry out the supervision of private gas and electric utilities companies which was given to it by the 1931 Legislature.

He said the commission had been able to do little more than "rubber stamp" requests of electric power companies for authorization to borrow more than \$9 million dollars for plant expansion.

He said the commission had been able to do little more than "rubber stamp" requests of electric power companies for authorization to borrow more than \$9 million dollars for plant expansion.

**Job Benefit Funds
Becoming Unpopular**

TALLAHASSEE, (Special)—Collection of illegal claims by fraud is becoming unpopular in Florida, according to a comparative statement issued by the Unemployment Compensation Division of the Florida Industrial Commission. The report of Director W. U. Norwood, Jr., to Chairman James T. Venable shows that during 1932 "benefits obtained through misrepresentation continued to decline, in amounts received also in percentage."

Claims disqualified totaled \$91 compared to 1,016 in 1931; the amount of money represented was \$30,807, or two-fifths of one percent of the amount paid in benefits during the year. There were 78 persons convicted of fraud compared to 100 in 1931 and 110 in 1930; the total amount of over-payments recovered was \$30,000 in 1932; \$20,018 in 1931, and \$25,489 in 1930.

During the year over 50,000 claimants were screened and investigated by the central office and field depots. This screening and investigation has been stepped up during the past 12 months. Eight cases are now being prepared for prosecution among out-of-state claimants. Local office claim-making methods have been strengthened in order to prevent fraud before it becomes "fraud in fact."

Some claims filed, however, are filed in error because of a misunderstanding by the claimant. Each case is treated individually on the evidence gathered.

Circle No. 1 was conducted by Mrs. H. E. McWhorter who opened the meeting with a prayer. The devotional, given by Mrs. W. P. Venable, was taken from Rom 8:1 with the subject being "The new year right," urging that the most year be foretold and the highest possible goal set for the new year.

Mrs. Charles F. Park, common law suspensions chairman, outlined the work of that group for the year which will include visits to churches and foretelling prayer meetings.

Mrs. John Miller gave "The work of the Society" and stressed the opportunity in our own communities to do for the most needy and help with the social sewing. A collection was taken for the House of Missions. Those present were Mrs. McWhorter, Mrs. Miller, Mrs. J. A. Strayer, Mrs. Lillian Vickers, Mrs. Park, Mrs. Venable, Mrs. R. D. Harrison, Mrs. Raymond Baker, Mrs. S. E. Barlow, Mrs. C. R. Kewler, Mrs. L. G. Edson and Mrs. Hal Culbert.

**Additional Society
Baptist Circle Meetings**

Mrs. John L. Lee was featured on the monthly program of the Baptist Circle circles, giving a review on Monday afternoon of the Baptist Women's Missionary Society in Florida. She stated that the First Baptist Church constituted in Florida was in Bethlehem (now Campbellton) in 1825.

The Florida Baptist convention was organized in the parlor of the Rev. and Mrs. R. Mays, Madison county, in 1851; with the Rev. W. N. Chandon, for whom Chandon Hall at Stetson University was named, being elected secretary in 1880.

She said the first direct meeting of the Baptist Women's Missionary Society was in 1881 when the Rev. S. A. Bailey, missionary of the State Mission Board, said in his report: "We cannot too earnestly urge the importance of our sisters organizing societies in our churches for systematically collecting funds for mission."

His suggestion resulted in the appointment of Mrs. N. A. Bailey as state secretary of women's work in the Educational Building and in 1894 had no cars or efficient means of transportation yet they met in missionary meetings. Mrs. Lee stated, adding that their accomplishments are a challenge for the present W. M. S. on to the women in our church today.

The general program met followed individual circle meetings and covered dish luncheon at noon. Mrs. A. J. Peterson, president of the W. M. U., conducted a short business meeting prior to the program and announced that clothing which had been donated during the past month was ready to be shipped to Korea.

Circle No. 2 was conducted by Mrs. H. E. McWhorter who opened the meeting with a prayer. The devotional, given by Mrs. W. P. Venable, was taken from Rom 8:1 with the subject being "The new year right," urging that the most year be foretold and the highest possible goal set for the new year.

Mrs. Charles F. Park, common law suspensions chairman, outlined the work of that group for the year which will include visits to churches and foretelling prayer meetings.

Executive Vice President Harold Cole of the State Chamber of Commerce said the observance Feb. 16-21 is designed to make each Floridian conscious of the health-giving value of citrus products and the importance to the state of the citrus economy.

KIDNEYS MUST REMOVE EXCESS WASTE
Kidney troubles may be due to slow-down of kidney function. Doctors say good health is very important to good health. When some everyday condition, such as indigestion, backache, or a general feeling of tiredness, is not relieved by usual means, it may be a sign that the kidneys are not doing their work properly. It is important to get the kidneys working again. Get Doctor's Pills today!

Sanford Seeks 3rd EFC Win With New Smyrna Tomorrow

Seminole JV's Will Be Trying For 4th Straight Victory In SHS Twin Bill

The Seminole High School basketball team with two consecutive East Florida Conference cage triumphs under their belts, holding the league lead with the mighty Bahamas Semifinals, will make their third EFC defeat tomorrow night against New Smyrna Beach at the SHS gym.

The Celery Fed Jay-Vees will open the twin bill at 7:30 p. m. against the Barracuda JV's. Bill Fleming and Fred Ganas' Junior Fed will be in quest of their fourth straight win and third successive EFC victory.

Coach John Scott, who says his varsity eagles are standing on very well under their terrific verbal onslaught, took time out today to praise his charges.

"While the kids are still making mistakes that they should have mastered in the 4th and 5th grades, I definitely think they are improving, and most of all, I am very well pleased with their spirit," he said.

The last two wins have certainly helped the kids. They are serious about the game and are beginning to use their heads out there. The fellow Hisebe (Hibbs) has, as I said earlier in the season, all that it takes to make a fine basketball player. His 11 points against Ireland came as no surprise to me.

"Hisebe is fast and has a lot of spring in his legs and with more experience can really become a top flight player."

Scott expressed disappointment in the attitude of Gordon Clark.

Page 6 Thursday, Jan. 15, 1933 THE SANFORD HERALD

Bill Sweeney, the Mayfair Inn's new tennis professional will conduct a series of Saturday morning clinics beginning this Saturday at the Mayfair courts for both children and adults.

John Scott, Lubna Hisebe

The Fed's top scorer, who was sidelined several days due to a strained ankle.

"Why, Clark never even came to the Deland game or tried to even suit up. I have seen a lot of players and know that if they are injured they will at least suit up for the game and want to play."

Scott then turned the subject in the much talked about plan to play the Florida and Lynn, the other two Seminole County cage teams.

"I think it would be a good idea and one which would stimulate more interest in basketball in Sanford if we could play these two teams. From what I have heard, Deland has a top notch outfit and our boys would like to play them," Scott commented.

In previous years the two county teams never were able to get Sanford to play. Sanford's Athletic Director, Public Instruction, Ravburn T. Kilgore, told this reporter that he was in favor of the two schools playing Sanford. However, no action has been taken as yet.

Jameson Photo

The 23-year-old Bascom reached that decision last night after taking a terrific beating from the heavyweight champion in the scheduled 10 rounder that ended abruptly when Charles won a ninth-round technical knockout.

Tech, playing another in a string of comeback victories Charles hopes will lead to another crack at the title.

The fight, which was telecast nationally from the St. Louis Arena, was stopped by Referee Dick Young after two minutes and 31 seconds of the ninth round.

The defeated St. Louis, Ill., neophyte almost continually on the defense, had a bloody face at the end, the referee jarring, slinging rights and lefts through as hooks and up-purcuts.

The 31-year-old Charles was ahead on points all the way. He was contracted for \$2,000 to fight on Feb. 18.

A crowd of 3,800 paid a gross gate of \$9,072. Charles, who was contracted for \$2,000 to fight on Feb. 18, received about \$2,500. Bascom picked up about \$1,100.

Jury Is Selected For Perjury Trial Of Ex-Kentucky Player

NEW YORK (AP)—Jury selection for the perjury trial of basketball star William Spivey continued today with the prosecution weighing evidence against a witness.

The 23-year-old Spivey, former all-American court player with the University of Kentucky, is accused of lying when he denied before a grand jury here that he ever talked with anyone about point-fixing in games before or during the 1930-1931 season.

The indictment charges Spivey discussed such point "sprinkles" with Jack West, jailed gambler, and two Kentucky teammates, Jim Lane and Walter Hirsch.

Basketball gamblers usually bet on the number of points by which a team will win, rather than making a straight bet to win.

Five jurors, three men and two women, were selected yesterday.

The pre-trial fireworks featured West, brought here Tuesday from the Auburn state prison where he is serving a two to three year sentence for bribery and conspiracy in basketball fixes.

West, balding yesterday at testimony before a grand jury, said "Why do I have to testify? My case is settled and I'm doing my own thing. What do I have to do with this case? I take no sides. What do I care if Bill Spivey is guilty or not?"

General Sessions Judge Louis Capozzoli said: "Your testimony is material. You are given every protection of the law possible."

Contempt proceedings were started against West last night. He was held in jail until he agreed to testify.

Spivey's case has been the only one to go to trial in the cage scandals disclosed during the past two years. Others have pleaded guilty to gambling and conspiracy charges.

The seven-foot Spivey, whose home is in Macon, Ga., was suspended from the University of Kentucky in 1931. He was indicted last April on the perjury charge, stemming from his grand jury testimony in February.

Spivey is accused of getting \$1,000 for his part in arranging four series of three basketball games in the 1930-1931 season against St. Louis University, De Paul University and Notre Dame.

West, balding yesterday at testimony before a grand jury, said "Why do I have to testify? My case is settled and I'm doing my own thing. What do I have to do with this case? I take no sides. What do I care if Bill Spivey is guilty or not?"

Sunshine Park To Open With Record Field Of Entries

OLDSMAR (AP)—Racer purses and a record entry of horses promised to bring the biggest opening program crowd to Sunshine Park today.

E. C. Roth's Roman Bath, recent winner at Tropical Park; and Emerald Hill Stable's featured horse are favorites in the featured 100-yard race.

Total purses today are \$3,500. A year ago they were \$7,100. A record 133 horses entered in the nine races and 787 are jammed in the stables for the 31-day meeting.

Attendance is expected to surpass the 7,500 who turned out opening day of 1932, but it could be so good it backfires.

The 1928 Legislature let Sunshine Park pay a flat daily fee of \$4,000 in lieu of the regular 4 per cent state tax on betting as long as the average daily mutual handle is under \$175,000.

Last year an average daily attendance of 3,311 bet an average \$136.73.

If this year's average bets go above \$175,000 a day, the state would more than triple its take.

After four years of losing money, Sunshine Park, which opened in 1928 and had its first year's profit in 1932, is now in the black.

Last year John Kane, Wilmington, Del., sold his majority stock to Lombardi and John Mason, Cleveland, O.

Lincoln Plant, who continues as president, said the steady growth of the track—only one in Florida outside the Miami area—has attracted better thoroughbreds than ever before.

Wyatt's Resignation Is Confirmed By U-W

CHEYENNE, Wyo. (AP)—The resignation of Howland Wyatt, who has ridden high, wide and handsome for six years as University of Wyoming football coach, was announced Wednesday night.

The resignation was announced by Dr. George Duke Humphrey, Wyoming president, while here on legislative business from the seat of the school at Laramie.

The Arkansas contract was offered the 36-year-old one-time Tennessee end last Monday on condition that Wyoming release him from a 10-year contract with nine years to go.

A meeting of the Wyoming Board of Trustees was held Monday to consider the matter. Previously, Wyoming officials indicated that when, and if, Wyatt resigned, the matter would go through channels for consideration at a regularly-scheduled meeting Feb. 28.

The special board meeting indicated Wyatt would be released to accept a five-year Arkansas contract at \$12,000 a year. Wyatt's Wyoming salary has never been officially disclosed, but reportedly was \$10,000 a year.

Rosewall Eliminates Seixas Once Again

MELBOURNE, Australia (AP)—Duplicating his upset victory over Vic Seixas in the U. S. Nationals at Forest Hills last September, Ken Rosewall today eliminated the Philadelphia star from the Australian National Tennis Championships.

Seixas, playing captain for the U. S. Davis Cup team in the recent challenge round, had been heavily favored to beat Rosewall in the semi-finals and go on to win the Australian title.

But the 26-year-old Rosewall delighted a crowd of more than 2,000 by changing to a fore-hand victory, 6-2, 7-6, 6-4.

Rosewall now will meet his countryman, Fred Perry, in the final on Saturday. Rose came from behind to beat Ken Ayre, 6-4, 6-4, 6-1.

146 Golfers Tee-Off In San Diego Open

SAN DIEGO (AP)—A field of 146 golfers was set to tee off today in the first round of the \$10,000 San Diego Open tournament, and 145 had stout hopes that Lloyd Mangrum would experience a pronounced cooling off for the four rounds of play.

The handsome, 38-year-old Mangrum will be seeking his third straight tournament win in the \$4-hole Monteblanco, Calif., Open. Tournament site here is the San Diego Country Club, with par 36-72 for its 6,000 yards.

The defending champion, hopelessly back again, is Ted Kroll of New Hartford, N. Y.

As usual, the challenging list is well populated with tournament-wise players—national open champion Julius Boros, Dr. Cary Middlecoff, Jack Burke Jr., Jimmy Bolt, Dutch Harrison and others.

Fullback Max McGee was Tulane's leader in rushing, punting, punt returns and kick returns. He tied with Quarterback Pete Clement for scoring honors.

Next spring will mark the 30th year that the Cincinnati Reds have held their spring training in Tampa, Fla.

Charles Beating Forces Bascom To Quit Ring Career

ST. LOUIS (AP)—A battering Edward Charles, throwing each punch like a knock on the door of opportunity, has ended the heavy-weight career of Young Wesley Bascom, a strong-hearted lad who hopes to do better among the light-heavies.

The 23-year-old Bascom reached that decision last night after taking a terrific beating from the heavyweight champion in the scheduled 10 rounder that ended abruptly when Charles won a ninth-round technical knockout.

Tech, playing another in a string of comeback victories Charles hopes will lead to another crack at the title.

The fight, which was telecast nationally from the St. Louis Arena, was stopped by Referee Dick Young after two minutes and 31 seconds of the ninth round.

The defeated St. Louis, Ill., neophyte almost continually on the defense, had a bloody face at the end, the referee jarring, slinging rights and lefts through as hooks and up-purcuts.

The 31-year-old Charles was ahead on points all the way. He was contracted for \$2,000 to fight on Feb. 18.

A crowd of 3,800 paid a gross gate of \$9,072. Charles, who was contracted for \$2,000 to fight on Feb. 18, received about \$2,500. Bascom picked up about \$1,100.

LSU Vaults Into Undisputed SEC Basketball Lead

By The Associated Press

Louisiana State's Tigers were all alone in front of the pack today in the Southeastern Conference title race, thanks to Georgia Tech and a four-year-old jinx.

The seven-foot Spivey, whose home is in Macon, Ga., was suspended from the University of Kentucky in 1931. He was indicted last April on the perjury charge, stemming from his grand jury testimony in February.

Spivey is accused of getting \$1,000 for his part in arranging four series of three basketball games in the 1930-1931 season against St. Louis University, De Paul University and Notre Dame.

West, balding yesterday at testimony before a grand jury, said "Why do I have to testify? My case is settled and I'm doing my own thing. What do I have to do with this case? I take no sides. What do I care if Bill Spivey is guilty or not?"

Football Coaches Are Split Over Platoon Change

By The Associated Press

An informal survey of a representative group of the country's coaches by The Associated Press revealed today that opinion on the merits of outlawing the two-platoon system is almost equally divided.

Those in favor of the "one-platoon" system which was restored yesterday by the NCAA's football rules committee for the first time since 1941, advanced as their main reasons:

1. The era of the specialist is over.
2. Recruiting will be lessened.
3. Coaches will have to go back to teaching fundamentals.
4. It will benefit the smaller schools.
5. It will help colleges financially by making for smaller squads.

Coaches who preferred the two-platoon system advanced as their arguments:

1. It gave more boys an opportunity to play.
2. Boys were less susceptible to injury.
3. Not as much practice time was required.
4. The change will mean a poorer brand of football.
5. Niggie Munn, coach of the undefeated Michigan State Spartans, who was committee member for the first time since 1941, advanced as his main reasons:

"This needs study. I have gone on record by letting as many boys as possible play, and I'm for anything that gives players that chance. So I like the platoon system, even though as a player I was against the rule change, and naturally will go along with it, but I can't see anything wrong with the way it was. I think it will throw a wrench into the change."

If the coaches couldn't agree on the benefits or lack of them in the change, they were unanimous in one point—the change was completely by surprise. A survey before the rules committee meeting showed the coaches to be in favor of two platoons by a 4-1 margin.

Red Drew of Alabama, the Orange Bowl winner, was against the change.

Football has now returned to the "one-platoon" days," he said. "Instead of having 90-man squads, it will be reduced to 50 men."

But Floyd Schwarzwald, whose Syracuse team lost to "Bama" in the New Year's Day game, was clad with the new rule.

The team's overall pose made the difference last night when Syracuse engineered a 69-22 victory over Auburn, the only other team with a perfect record. Duke scored 21 points—17 after drawing his fourth personal foul at the start of the second half—and controlled the ball off the backboard.

Seton Hall now has won 18 straight, with 14 games left on an arduous schedule.

Seton Hall Is Only Undefeated Quintet

NEW YORK (AP)—Seton Hall stands alone among the nation's college basketball teams as the only major unbeaten team today.

Walter Dukes, 6-11 center, and the team's overall pose made the difference last night when Syracuse engineered a 69-22 victory over Auburn, the only other team with a perfect record. Duke scored 21 points—17 after drawing his fourth personal foul at the start of the second half—and controlled the ball off the backboard.

Seton Hall now has won 18 straight, with 14 games left on an arduous schedule.

TENNIS MEET

ST. PETERSBURG (AP)—Favorable still coating in the Florida West Coast Tennis Tournament.

In Wednesday's second round play, Bernard Barzen, top seeded from San Angelo, Tex., breezed by Harry Worrell, St. Petersburg, 6-0, 6-0. The other two top seeded men had it almost that easy.

Women favorites came through in the same way. Top seeded Dora Hart, Miami, beat Judy Bryant, St. Petersburg, 6-0, 6-1 and Shirley Fry, Akron, O., defeated Betty Washington, Tampa, 6-4, 6-2.

2-Platoon System Dies To Leave Coaches Big Reorganization Job

ST. PETERSBURG, Fla. (AP)—America's college football coaches, stunned by the swift, unexpected death of the two-platoon system, faced with mixed emotions today the massive reorganization job they must perform between now and September.

The fabulous era of free substitution with its big squads of highly trained offensive and defensive specialists, was ended. Ahead of the coaches in the next eight months lay the task of building whole new teams to play the game both ways.

With one quick, dramatic blow, the two-platoon system was killed yesterday by the Football Rules Committee of the National Collegiate Athletic Association.

It was no secret that resentment against the system and its fabulous costs, which had forced 50 small colleges to abandon football, was building up to a high pitch among college presidents and administrators.

But the coaches, in a recent poll had voted 41 to keep the system alive, and it was generally believed that if the coaches were to be overridden, it would be gradually.

"It was a radical action," said Columbia's Coach Lou Little, who attended the committee meetings in an advisory role.

"But when we thought it over, we decided we could have a good game as we have had before, and this is going to help the colleges with financial problems."

Committee Chairman H. O. (Fred) Crisler, Michigan athletic director, said the momentous decision was reached "with the best interests of football in mind."

"I have never known a single topic to be discussed so thoroughly and by so many people," Crisler said. "We had a free exchange of views from all sections of the country—from coaches, players, administrators, spectators, officials and the press."

"We were gravely concerned about those schools that have had to abandon football. In the end, after three days of serious and selfless discussion, we decided it was necessary in the interest of football's future to bring an end to the two-platoon system."

Crisler called it a historical meeting, the most important since 1908, when the committee made drastic rule revisions to cut down injuries to players and end a threat by President Theodore Roosevelt to outlaw football in the United States.

The regulation, which restores the era of the "iron man" football performer, states that players removed from a game during the two-platoon system may not return to action during these periods:

Players pulled out before the last four minutes of the second and fourth periods may go back into the game only in those last four-minute periods before the half and the end of the game.

Players removed during the final four-minute periods of the second and fourth quarters cannot be used again during those periods.

Two-platoon football was legalized in 1941, with the adoption of a rule permitting unlimited substitutions any time the clock was stopped and single substitutions between plays while the clock was running. Before then, no player removed from a game could be sent back until the following quarter.

Wednesday's action struck like thunder in the country's coaching ranks. Reaction ranged from anger and dismay to an occasional soft voice of approval.

Alabama's Red Drew said it re-ruled football overnight to "use the other hand," said he felt the Warmath of Mississippi State said it set the game back 15 years.

Oklahoma's Bud Wilkinson, on the other hand, said he felt the decision was "in the best interests of the game and I'm highly in favor of it." Wilkinson said the two-platoon system had made "the big teams better, the little school weaker."

Everybody agreed that coaches must work harder now.

"Coaches will have to adjust," said Dartmouth's D. O. McWagarty, a member of the committee. "They can't follow the line of least resistance any more. They'll have to get busy and develop men who can play it both ways."

"This is going to mean a great and sudden change in organization," said K. L. (Tug) Wilson, Big Ten commissioner.

Crisler added that "coaches are going to have to start considering now who their best 11 players are."

Almost overlooked in the excitement of the new substitution rule were a number of other rule changes voted by the committee.

One of the most important restricted the present drastic penalty for pass interference which gives the offensive team the ball at the point of the foul. Under the new rule, the attacking team is given only enough yardage for a first down.

Almost lost in the shuffle was the controversy over the so-called "sucker shift." The committee said it felt the present rule on "false starts" covered the situation and Crisler declared "a just matter of the officials calling it."

Doctor Townsend Exudes Optimism Over Pension Plan

LOS ANGELES (Special) — Dr. Francis E. Townsend, 86 years old today, believes that not since depression years have conditions been so favorable to adoption of the basic features of his plan to pay everyone over 60 a federal pension financed by a 2% business and personal income tax.

He cited three factors which encourage him into hope that much of the Townsend Plan will become law this session of Congress. These factors:

(1) The tremendous surge of concern over problems of the aged touched off by realization that our population is aging faster than almost anyone seemed to suspect.

(2) The wide acknowledgment that business now paid the aged under the Social Security Act are pitifully inadequate.

(3) The mounting anxiety of businessmen over the long-range costs of private pension programs in industry.

This third factor is of utmost importance, Dr. Townsend said, in fighting chances for adoption of his or a large part of his universal pension plan.

Industry already faces the fact that financing retirement for elderly employees is a bigger load than it can comfortably carry," Dr. Townsend said, "and if this is to now, what will the situation be 10 years from now. The great increase in longevity shown in the 1950 census and other recent studies makes it clear that industrial pension programs will become a staggering burden.

In many pension programs, industry failed to take into account the fact that more Americans are living longer years by year, said the doctor, and the average pensioner who remains his active laborer to his 80th birthday.

"The cost of not having a Townsend Plan may soon become too great for industry to bear," he predicted. "The hard-headed business way to settle the whole problem is to wipe out the present pension plan and to substitute adequate Social Security set up in one stroke and adopt the Townsend Plan for adequate pensions for everyone over 60 as a matter of right."

He said businessmen should consider also the advantage of putting the burden of the pension plan on the hands of elderly Americans who are a vast potential market now largely ignored and one which is growing by leaps and bounds.

Dr. Townsend said his Townsend Plan bill will be introduced at this session of Congress along with several separate measures offered by members of the House and Senate. These proposed amendments would incorporate specific features of the Townsend Plan in the present law, including pay-as-you-go financing and a reduction of the age limit for old age pension from 65 to 60 years.

An effort will also be made to repeal the provision of the Social Security Act which requires old age assistance.

"Why should needy old people be singled out for scorn and humiliation?" Dr. Townsend asked. "We expect sympathetic consideration of our legislation," he said, "and more aware that elderly Americans constitute a powerful political force which gains in power through added numbers every year."

He predicted that the Townsend Plan bill would be passed by the House and Senate in the first session of the 80th Congress.

"One Hundred eighty-eight Congressmen observed that the Townsend Plan is the true nature of a Townsend Plan. They have the sense that it is still a proposal for that \$300 a month pension, but they dropped a few months after the first proposed the Townsend Plan, Sept. 30, 1938. In a letter to Long Beach, Calif., newspaper editor, he said:

"The present proposal is for a pension system under which pensioners would rise in prosperous times and prices would be high and in bad times when the cost of living slumped. Money raised

TWO ARTILLERYMEN, who narrowly escaped death or injury in the tragic mistaken bombing of an Allied artillery position behind the Korean war front, examine one of the 15 bomb craters that straddle the area. The U. S. Air Force in Tokyo has indicated that Marine Corps jet pilots are responsible for the error that killed 15 Americans.

Churches To Hold Special Services To Aid Polio Fight

NEW YORK CITY (Special)—For the third successive year, churches and synagogues throughout the nation will hold special services Sunday, Jan. 17 and Monday, Jan. 18 dedicated to the March of Dimes and the fight against polio.

Among clergymen of Catholic, Protestant and Jewish faiths who urged observance of the special services was Rabbi Abba Hillel Silver of Cleveland who said:

"The March of Dimes is a vital and urgent service which should recommend itself to the compassion and intelligence of the American people."

Rabbi Silver was joined by the Rev. Shirley Greene, Agriculture Relations Secretary of the Congregational Christian Church and by Roman Catholic Bishop William Gilmore of the Diocese of Helena and William J. Condon of the Diocese of Great Falls, Mont.

Observance of this occasion, Rabbi Silver said, "will direct us to this year an opportunity to turn our thoughts and the thoughts of our fellow-citizens to the blessed work of the National Foundation for Infantile Paralysis, in marshaling all the forces of scientific research . . . to protect our people against the scourge of polio. This disease, whose victims are particularly children, has unfortunately increased in recent years, bringing tragedy into many lives and many homes."

Mr. Greene, an outstanding Christian leader among the nation's farm families, said, "The March of Dimes is a practical illustration of a central Christian teaching: 'Thou shalt love thy neighbor as thyself.' . . . to protect our people against the scourge of polio. This disease, whose victims are particularly children, has unfortunately increased in recent years, bringing tragedy into many lives and many homes."

PREMIER ABBA SILVER (left) of Cleveland is all smiles as he welcomes home his son, Mr. John Eisenhower, at LaGuardia Field, New York. The latter had just completed a three-day trip by air from Korea. The 23-year-old executive officer of the 3rd Division spent a brief period with his parents before going to his home in Highland Falls, N. Y., for a reunion with his wife and their three children. (International)

Forestry Workers To Get Course In Aerial Photo Work

GAINESVILLE (Special)—Florida forestry workers will get their first short course in aerial photo interpretation, as applied to forest management, beginning Monday, Feb. 2, in the School of Forestry's Aerial Photo Lab, here at the University of Florida.

The five-day Photogrammetry section is intended primarily for foresters and land managers, forest consultants, logging engineers and others with a background in general forestry. K. H. Swinford, Associate Professor of Forest Management of the School of Forestry, is instructor for the course. The course was organized by the General Extension Division of Florida.

Due to limited facilities and equipment, and the great amount of individual instruction required in the use of the equipment, it will be necessary to limit enrollment to ten students. Applications will be given priority on a first come, first served basis. They should be submitted to Robert L. Faizing, General Extension Division of Florida, 707 Seagle Building, Gainesville, Florida.

The use of aerial photographs in applied forest management provides a reasonably accurate and cheap method of timber type mapping and is particularly useful in timber areas, where cuts of conventional ground survey are usually prohibitive.

Using a few simple instruments, a well-trained interpreter can make reasonably accurate measurements of tree height, crown diameter, stand density and stand area, for instance. Combined with a few ground observations, the forester can determine the number of board feet or cords of wood in a timber stand, with a minimum of time-consuming field work. Photographs are valuable aids in such other forestry jobs as forest mapping, stand improvement, fire control, logging planning, drainage and soil conservation, etc.

Designed to acquaint the student with the numerous uses of aerial photographs and to provide suitable work experience, the course should fill a real need of foresters and others concerned with forest land management.

Big Paper Company Begins Work Today On New Jax Plant

NEW YORK (Special)—The St. Regis Paper Co. today announced the start of production at its new kraft pulp, paper and board mill on the outskirts of Jacksonville, Fla.

The new plant has the capacity to produce 100,000 tons of paper annually, thus raising the company's total production capacity to 500,000 tons a year.

St. Regis said the mill represents an important part of the long range Southern expansion program projected by the company, which has acquired over the years a permanent source of wood supply in Florida, Alabama, Georgia and Mississippi.

Many unique features applied for the first time in paper mill construction have been incorporated in the new project, the company said. Nearly a million dollars was spent for installation of equipment to eliminate or reduce air pollution, odors and stream pollution, it was announced.

John K. Ferguson, who was in charge of the company's lumber mill at Fargo, Ga., until construction of the new plant started in 1952, is residential manager. John A. McDermott, from the company's Tacoma, Wash., mill, is general superintendent of the new operation.

Weather May Balk Recovery Of Bodies

FISH HAVEN, Idaho (Special)—Bodies of 10 persons who died in a crash on a desolate mountain ridge near here may not be removed from their frozen grave until spring.

Col. Harry J. Kieling, executive officer at Hill Air Force Base near Ogden, Utah, said an Army identification team from Washington, D. C., was due here today to take over the highly technical job of identifying and removing the wreckage. "An Army plane, a piece here and a piece there, you would have to dig all the snow off the mountainside to get the bodies out."

The search party reached the grim scene yesterday.

The big Army transport smashed into the mountain last Wednesday.

If your gloves are available, don't let them get too cold before handling them.

Which one has that MONTHLY LOOK?
 EYES SHOW CRAMPS, "NERVES", MISERY
 You, too, may not be able to hide that tired, nervous, jittery look each month no matter how much "make-up" you use. Keep your secret safe during "those" days—don't be the one girl in three who shows the strain from tell-tale nerves and cramps—has "that monthly look."
 Take Cardui, a special medicine trusted by thousands of women, girls to help insure against cramps, "nerves" and monthly misery. A little Cardui each day helps build strength so resistance may be greater each month, nervousness and suffering less and less. Look more natural—feel and sleep better. Ask your dealer for Cardui. (Say: "card-you-ee").
 *Many scientists estimate that at some time during life 1 out of every 2 women suffers from monthly discomfort.

AN INDEPENDENT DAILY NEWSPAPER

SANFORD, FLORIDA FRIDAY JAN. 16, 1953

Associated Press Leased Wire

No. 105

THE WEATHER

Partly cloudy in occasionally cloudy with widely scattered showers and mild through Saturday except becoming cloudy with rain and cooler in extreme north Saturday.

Truman Sets Aside Offshore Oil Land For Navy Reserve

Action Raises Storm Of Congressional Protests As Opposition Plans Steps
WASHINGTON — President Truman today set aside submerged offshore lands as a Navy oil reserve, in the teeth of bitter congressional protests.
In a statement aimed at those seeking passage of legislation to vest ownership in the coastal states of California, Texas and Louisiana, the President declared:
"It has been, and still is, my firm conviction that it would be the height of folly for the United States to give away the vast quantities of oil contained in these lands."

Arbor Day To Be Observed In Public Schools Of County

Arbor Day was observed at Lyman School today with the planting of oak trees and the announcement of the annual Arbor Day celebration. The celebration committee, headed by a number of other schools in the county are having observances for next week.
The Junior Garden Club is making plans for observance at the Sanford schools. Mrs. George Gorden, president of the Sanford Garden Club, with plants to be furnished by the senior organization. Schools for which ceremonies are being planned are Southside, West Side and the Grammar Schools.

Farm Bureau Plans Membership Drive

A concentrated campaign of one day will be held next Tuesday by the Seminole County Farm Bureau to secure new members. The organization, A. B. Tedford, publicity chairman, announced yesterday.
A "kick-off" breakfast will be held at 7:30 a. m. at the Montezuma Hotel to open the membership drive and a combination supper for past presidents of the Farm Bureau and for checking the day's results will be held at 7:30 p. m. at the Future Farmers of America Building.

Harold Lloyd's Paintings Are Like Nothing Else But They Draw Crowds

BY JACK QUINN
BEVERLY HILLS, Calif. — "What is it?" asked a questioner, pausing before one of the paintings.
"A circus," suggested a collector.
"An octopus dancing on a bonfire," said another.
"It's nothing. It's from nowhere," said a third.
And that's the way it went yesterday as reporters paraded past a gallery of paintings by Harold Lloyd, the ham-fisted film comic who now finds himself playing a new role—that of a painter and brush artist.

Coin Telephone Rate Goes To Ten Cents

Conversion of Sanford coin telephones to operation at the 10-cent rate, as authorized by the Florida Railroad and Public Utility Commission on Dec. 18, is scheduled to be completed next week, it was announced today by E. V. Turner, manager for Southern Bell Telephone Company.
The new charge will become effective as that adjustment is made at each coin telephone. It is expected that approximately two million will be required to complete the change on all telephones in this area.
Mr. Turner explained that there will be no change in the manner of using calls from these telephones except that it will require the use of either one dime or two nickels.

3 Gunmen Net \$70,000 From Daring Holdup

Daylight Robbery Of Trenton Bank Takes Place As Witnesses Watch Unconcerned
TRENTON, N. J. — Three young gunmen staged a daring daylight holdup in a residential area bank today and escaped with almost \$70,000 in cash.
The stickup was accomplished while passengers in a bus halted outside looked placidly through the bank window at one of the customers standing with hands raised over his head.
The bank robbers, brandishing guns, crowded five tellers, 10 customers and bank officials at the Hamilton branch of the Broad Street National Bank before they made their escape in an auto bearing New Jersey license plates.
The bandits wasted no time in their five-minute operation. While one gunman ransacked money from three tellers' cages, another at the door swung a sawed-off shotgun and called, "Hurry up!" (Continued On Page Six)

\$300 Check Given By Elks Club For Crippled Children

A \$300 check for use at the Elks Harry-Anna Crippled Children's Home at Umatilla was presented by Sanford Elks Club No. 1241 to William T. Knight, Cocca, vice-president of the Florida State Elks Association, last night at a meeting in the lodge hall.
Mr. Knight addressed local and visiting Elks on matters concerning the Elks home, ritualistic work and membership and youth activities.
A large number of Elks attended the barbecue supper which preceded the meeting. Leo Butler, secretary, said.
Visitors included CPO Clement D. Medley, stationed at the Sanford Naval Air Station who is a member of the Honolulu Lodge No. 616, Harold J. B. Carter, treasurer, past exalted ruler, from Cocoa; Harold Barnhart, past exalted ruler from Newark, N. Y.; Lodge No. 21, and Buddy Evans and William May, past exalted rulers, and Russell Saxon, exalted ruler, all of New Smyrna Beach.
An Elks party will be held in the lounge Saturday night at 8 o'clock. Mr. Butler said, while next Thursday's meeting will be held in Winter Park at 8 o'clock. A state association night will be held.

Sheriff Tucker Still In Serious Condition

The condition of Mrs. Blanche Steiner, Sanford, seriously injured in an automobile accident west of Daytona Beach Saturday night, was described as "fair" this afternoon by a spokesman for the Halifax Hospital, Daytona Beach. She also was said to have spent a "fair" night.
Sheriff Jim Tucker, Volusia county, was said to remain in critical condition today by a New York Journal report. X-rays were taken of the sheriff's head today, he said. The sheriff hadn't realized he had been in an automobile accident although he had regained consciousness and was talking.
Sheriff Tucker was injured in a second automobile accident which occurred in the accident in which Vivian Alexander Spoor, Sanford, and Walter Davis, Chattahoochee, Tenn., were killed.

Three Ring Circus Slated By Jaycees

A three-ring Jaycees circus, complete with trained wild animals and a aerial ballet, will be presented at the fair grounds, McDonough and Celery Avenues Thursday, under the auspices of the Junior Chamber of Commerce, Judge Douglas Stranahan, president, announced today.
The circus will be presented in a large "big top" and will feature a number of international circus acts, including the European wild animal trainer and his mixed group of performing beasts.
Trained horses and shaggy ponies also will participate in the show, as well as educated dogs and simians. An aerial ballet by colorful ventuured girls will be featured by the evening act, "The Land of Make Believe."
Both afternoon and evening shows will be presented.

Driver Is Arrested For Drunken Driving

A Lockport driver was arrested on charges of carpooling and negligent driving and driving while under the influence of intoxicating liquor, after the car he was driving struck a parked car yesterday afternoon.
The driver, a 1950 Buick sedan was driving a 1950 Buick sedan, and struck a 1938 Chevrolet sedan, owned by J. D. Smith, 909 Cypress Avenue, which had been parked on West Thirteenth Street 100 feet west of the Atlantic Coast Line Railroad, a police report stated.
Mr. Lawson was making a "U" turn on Thirteenth Street when he struck the vehicle, knocking it on the sidewalk and knocking off the right front wheel. Damage was set at \$75 to the Smith car and \$100 to the other vehicle.
Patrolman C. C. Dodson, Joe Hickman and C. W. Snider covered the accident.

Secretary Of State

JOHN FOSTER DULLES (left), Secretary of State-designate, and Harold H. Stassen, Mutual Security Administrator-designate, are seen today at a meeting with Gen. Dwight D. Eisenhower in the latter's New York headquarters. The President-elect, deeply concerned over lagging European defense preparations, has ordered Dulles and Stassen to make a hurried fact-finding trip to Europe within 10 days after he is inaugurated as President. (International Exclusive)

Chain Of Missionary Assemblies To Be Held In Sanford Next Week

The annual meeting of the Florida Chain of Missionary Assemblies will be held next Thursday and Friday at the First Methodist Church in Sanford. The program will feature 10 "Christian ambassadors" as speakers. Other activities of the evening speakers will include a men's club luncheon at the Episcopal Parish House, a young adult dinner at the First Presbyterian Church and assemblies at Seminole High School, Crossroads Academy and Junior High School, all on Friday.
The ambassadors who will participate in the program here are as follows: The Rt. Rev. Lane W. Barton, bishop of eastern Oregon; Protestant Episcopal Church; the Rev. Donald H. Ehrig, PhD, director of refugee-famine relief cooperating with the Church World Service; and secretary of the audiovisual aid program of the National Christian Council of India.
The Rev. Langdon M. Hendler, DD, serving with the Presbyterian Church in a rapidly developing area of the Pacific Islands; the Rev. George M. Lawson, DD, native of Iraq and author of a translation of the Bible from original Arabic sources; just returned from London four months in the explosive New Front; Mrs. Monica H. Owen, national field representative of the Division of Home Missions, National Council of Churches, responsible for staff training and program for migrant work.
The Rev. Ray E. Phillips, PhD, and Mrs. Phillips, recently arrived from Johannesburg, Africa, wives of New Front; Mrs. Monica H. Owen, School of Social Work and the Rev. Phillips is a member of the Rotary Club and writer for a South African daily press; the Rev. Ferdinand Stier, DD, publisher and director, Methodist work in Switzerland, and one of the representative leaders of evangelical Christianity in Europe.
Miss Lath Swanson, educator in the Philippine Islands, who spent three years in a Japanese concentration camp, and the Rev. Leslie C. Sayre, TH, executive director of the department of adult work, joint commission on national education, National Council of Churches, and author of this year's study book, "Africa on Parade." The Rev. W. F. Brooks Jr., pastor of the First Baptist Church, will preside at the opening session Thursday which starts at 7:20 p.m. with an organ prelude by Mrs. Cullen Wright. Addresses will be given by the Rev. Stier, using the theme, "Answers to Present Evils," and the Rev. Sayre, "There is No Decline in the West."
Mrs. Randall Chase will preside on the Friday morning session which starts at 10:20 o'clock with an organ prelude by Mrs. Roy Brown. Mrs. Phillips will speak on the "Africa's Frontiers of Youth," followed by announcements by Miss Louise Woodford, state director, "Who is My Neighbor?" and the Rev. Owen, in address by Mrs. C. Owen, followed with luncheon to be held at 12:15 p. m. at the First Presbyterian Church. Mrs. Ralph Austin Smith will be the leader at the luncheon, during which Mrs. Swanson will speak on the topic, "Elijah Ween Take Their Place," and the Rev. Hendler on the subject, "Why Mother with Isolated People."
The Rev. A. G. McKinley, pastor of the First Presbyterian Church, will preside at the afternoon session which will begin with an organ prelude by Mrs. Herman Stone at 2:10 o'clock. The Rev. Lawson will speak on the topic, "An Exclusive Center of the World," and the Rev. Ehrig, on the subject, "Christian Missions and Point IV."
Friday evening activities will be presided over by the Rev. J. E. McKeen, pastor of the First Methodist Church, with the evening program being opened at 7:20 o'clock with an organ prelude by Mrs. George Tomby. The Rev. Hendler will introduce an address on the subject, "Brazil: Marching Forward," and the Rev. Hartson on the topic, "Christ's Backbones and the Roundup."
The Rev. J. L. Zimmerman, chairman of the men's civic luncheon dinner which the Rev. Phillips will be the guest speaker. The Phillips and Miss Swanson will speak at the dinner. The Rev. Phillips and Mrs. Owen at the Negro women's luncheon.
Mrs. Chase is the Sanford chairman of the Chain of Missionary Assemblies, which are being carried on in 22 communities in the state between Jan. 17 and Feb. 26.

Carelessness In Driving Is Dealt Blow By Ruling

TALLAHASSEE — The man who is careless and inconsiderate of others when behind the steering wheel of his automobile becomes a public nuisance and should be barred from the highways, the Florida Supreme Court said today.
The court ruled the Legislature as within its rights in treating a driver's license as a privilege, subject to suspension or revocation for cause.
The highway patrol has authority to suspend a driver's license for a period of 30 days if the driver is found to be negligent or careless in driving, the court said.
The court also ruled that a driver's license is a privilege, subject to suspension or revocation for cause.
The highway patrol has authority to suspend a driver's license for a period of 30 days if the driver is found to be negligent or careless in driving, the court said.
