Automobile Accidents Over Week End Fatal To 8 People; Two Killed Near Gainesville

GAINESVILLE, Fla., Aug. 31.—(P)—Mrs. Effie Smith, of Haysworth, near this city, was killed, Jake Hallbrook, of Gainesville, is still unconscious in a local hospital, and Mrs. W. H. Bright, of Gainesville, was injured and taken to a local hospital. Mrs. Bright and Isaac Barnes of Gainesville, were both injured tonight in an automobile accident which occurred on a rain-soaked highway three miles north of here Sunday afternoon about 2:30 o'clock. Mrs. Smith was rushed to a local hospital, but died about 20 minutes after arriving there without having regained consciousness.

The automobile, a small touring car owned and driven by Mr. Hallbrook, is said to have been going along the slippery pavement at 35 miles an hour when it suddenly commenced skidding and rolled over three times. Mrs. Bright told the police, Mrs. Smith was thrown high into the air and landed on the roadway. No signs of external or internal injuries could be found on her body, according to information from the hospital.

It is expected that Hallbrook will recover.

MODERNISTS GET SCATHING REPLY FROM CANDLER

Judge Candler Takes No Stock In "Guessing of So-Called Modernists, He Declares In Speech at Alexandria, La.

ALEXANDRIA, La., Aug. 31.—(P)—Declaring he takes no stock in "the guessing of so-called modernists" and paying a high tribute to the late William Jennings Bryan for his religious convictions, Judge John S. Candler, of Atlanta, Ga., in an address here today said the Bible carries its own appeal, needs no defense and solves its own problems.

Judge Candler's address was delivered before the second annual meeting for a one-day session of the organized men's Sunday school classes of the Louisiana Methodist conference.

Bible Carries Own Appeal
"If the gospel is presented fairly," said Judge Candler, "it will need no defense. The Bible carries its own appeal. It solves its own problems. I take no stock whatsoever in the guessing of the so-called modernists. I think that many things they are saying are both foolish and unworthy, but I am inclined to the opinion when strong men and good men who believe the truth go out of their way to discuss some of these things, they are wasting ammunition, and are calling attention to things that otherwise people would never hear about. The reason we hear so much of argument and controversy about the Bible is because those who question it make so much noise about it. As the men of America study the truths of Christ they will increasingly become exponents of great service, love and enduring sympathy for mankind."

"William Jennings Bryan was a man who had a tongue of silver, but also a heart of gold. At the beginning of his life, he took the right side of every issue. He had the courage of conviction in a cause that he knew to be unpopular. He never yielded to the side of the popular where he thought it was in conflict with the right. Every attitude which he took before the public was on a high plane."

Great Man Gone
"From the American stage, in his passing, has gone one of her greatest men, a moral force of great magnitude, a Christian gentleman, who was respected by his enemies, a political factor that was always honest. Such a life will live on forever. Men will read throughout the ages to come of his life. They will pronounce his name with respect and will always remember him as a follower of God, one who has walked with Him and whose lost spoken testimony was for Him."

FRENCH AND U.S. TO AGREE SOON, SAYS CALLAUX

French Minister of Finance Predicts Agreement Will Be Reached Within 9 Days After Arrival In America

Wants Parliament To Know All About Parley
Cabinet Official to Bring With Him Influential Men; Will Return on October 3

PARIS, Aug. 31.—(P)—M. Callaux, the Finance Minister, expects an agreement with the United States debt funding commission within nine days after his arrival at Washington Sept. 23. He believes that in any event the negotiations can be so nearly completed that unfinished minor points can be settled by some of his colleagues whom he would leave in Washington for that purpose. He himself is determined to depart from New York by the steamer France, Oct. 3, so as to be in Paris when parliament reconvenes.

Undoubtedly having in mind the fate of the Versailles treaty, he is taking with him influential senators and deputies. His choice has been influenced by three considerations to have first of all members powerful in both houses of parliament next, those having special knowledge of America, and finally technical advisers.

Want Negotiations Known.
The French government is convinced that it is essential for parliament and the country to understand by authoritative voices what takes place at Washington when the French debt settlement comes up for discussion there. It was first announced that M. Callaux accompanied by only one expert and that the other members of the mission would follow at an early date. It now has been decided that he and the others will go together aboard the steamer France, Sept. 16.

The members of the mission represent various political affiliations. Vincent Auriol, president of the socialist party, which with its 194 members in the chamber has been supporting the Painlevé government, but decided recently to withdraw its votes. Maurice Bokanowski belongs to the opposition of conservative cabinets, without being the partisan of any particular party, but is a member of the Poincaré cabinet. Senator Henry Bergery holds a singular position in the Senate, as for eight years he has been a supporter of the conservative cabinets, without being the partisan of any particular party, but is a member of the Poincaré cabinet. Senator Louis Dausset, the fourth member, has been elected by the present Senate appropriations committee as its supporter to draft its report on the budget.

de Chambrun Knows U. S.
Marquis de Chambrun, of the chamber, is selected for his thorough knowledge of American and his remarkable grasp of legislation affecting your country, that you may advertise the same for sixty days, in accordance with the Constitution.

"I shall include in my call the Key West measure and such local projects as the Representative and Senators as have been advertised in the manner stated above."

"Yours very truly,
JOHN W. MARTIN,
Governor."

Authorities Probing Killing Of Rich Negro

ATLANTA, Aug. 31.—(P)—AT—A four-fold investigation is being pushed today in the assassination Saturday night of "Pink" Whaley, wealthy negro Republican leader, who was shot and killed while he was apparently asleep on a bench at the Southern Railway station here. Representatives of the United States Marshall's office, state detectives, county and city officers have begun seeking the trail of the slayer.

"Love," Not "Obey," Necessary Word In Wedding, Declares Atlanta Woman

ATLANTA, Aug. 31.—(P)—Whether the word "obey" is stricken from or left in the Episcopal church marriage service makes not a little difference in the opinion of a representative of the contracting party most interested—a woman.

The woman is Mrs. A. H. Sterne, prominently identified with church and parent teacher association work. She is a member of the fashionable All Saints Episcopal church and is the wife of a former president of the Churchmen's Club of Atlanta.

Mrs. Sterne has been much interested in the debate between R. Rev. Irving Peake Johnson, bishop of Colorado, who opposes, and the Rt. Rev. Charles L. Slatery, bishop conductor of Massachusetts, who espouses elimination of the word "obey" from the marriage service of the church.

Final action on whether it will be eliminated will be taken at the triennial general conference of the Episcopal church in New Orleans on October 7.

MINERS GREET STRIKE ORDER WITH SANCTION

Enthusiasm Marks Week-End Meetings When Suspension Order Is Read For Last Time Before Strike Begins

General Walkout Is Scheduled Tuesday
Oklahoma Miners Will Strike; 7,000 Ordered to Walk Out 1924 Wage Scare Is Sought

PHILADELPHIA, Aug. 31.—(P)—Enthusiasm marked the final reading at union meetings over the week-end of the order calling for suspension of anthracite mining operations Monday at midnight.

The two orders, the second arranging for retention of about 8000 maintenance men in the pits to prevent flooding, and the general deterioration during the illness, were issued in time to reach all the 325 locals in districts 1, 7 and 9 by Saturday.

All miners were informed in advance through local newspapers of the contents of the order. Nevertheless, the actual reading in the droning voice of the union secretary being the signal for marked expressions of solidarity and enthusiasm punctuated with excited shouts, pleading a finish light until all wages and working demands were won.

The demands which the men made conditional to renewal of the working contract with the operators, were formulated at the district convention at Scranton last week. A ten per cent wage increase for 45,000 to 50,000 contract miners, \$1 a day additional for day workers, the check-off, by which company paymasters would take out union dues from the men's pay, equalization rates (for which the miners have striven for years) and a two year contract, were the principal features in a long list.

Oklahomans Ordered Out
HARTSHORN, Okla., Aug. 31.—(P)—An official strike order effective at midnight August 31, and involving all union miners in Oklahoma, was promulgated at the HenryETTA field area, affected, but which miners claim a number of union miners will join in the strike to enforce the higher wage scale.

Jarvis Funeral To Be Held At Home Tuesday Afternoon

FUNERAL SERVICES FOR E. B. Jarvis, prominent railroad conductor of this city, who died suddenly early Saturday morning on a train at Florence, S. C., will be held tomorrow afternoon at 3:00 o'clock at the family residence on Oak Avenue, Dr. F. D. King, Baptist pastor, officiating.

Interment will follow at Lake View cemetery, Taylor Commandery No. 28, Knights Templar having charge of services at the grave.

Mr. Jarvis' death came as a shock to his friends here who were confident that he was well out of danger from a recent illness resulting from a year of ill health.

At the time of his death, Mr. Jarvis was on the way to Hendersonville in accordance with his doctor's orders, and when he left Sanford on Friday morning was apparently in good health and spirits.

The telegram announcing his sudden death from heart trouble came a few hours before a postal card mailed from Jacksonville Friday night asserting that he was feeling unwell.

W. P. Wolfe, Marcus Tyre and C. J. Wolfe, close friends of Mr. Jarvis, left Sanford Saturday morning to join the funeral party which arrived here last night.

Mr. Jarvis was born in North Carolina but spent the greater portion of his life in Florida, moving to Sanford over 13 years ago from Lakeland.

SANFORD GETS HEAD OFFICE OF NEW OIL FIRM

Central-Florida Oil Company Is Formed With W.M. Cathrae, Eustis, As President

F. W. Talbot To Be General Manager

Work On Plant Near Goldsboro Will Get Under Way Shortly

According to an announcement made today the Central-Florida Oil Company, a distributing agency for the Sinclair Refinery Company, has been formed here and will commence operations from head office at Sanford as soon as tanks and warehouses can be erected on the two acre tract recently purchased by the newly formed company west of Goldsboro on the Atlantic Coast Line railroad near the Florida-Mecklenburg Concrete Pipe Company.

W. M. Cathrae is president of the corporation, comprising almost entirely of local men, and F. W. Talbot, former business manager of the Florida Vegetable Corporation, is secretary and treasurer, and will serve as manager of the chain of agencies that the corporation plans to open at strategic points in Orange, Lake, Seminole and Osceola counties, the territory allotted the Sanford branch.

In commenting on the establishment of the agency here where four rival oil companies are already entrenched, Mr. Talbot declared that Sanford had been selected for the head office only after experts had made an exhaustive study of the town's possibilities and agreed that the "City Substantial" was the town destined to become the greatest inland city of the state.

Work To Begin At Once
Permits and licenses have already been obtained and active work on the construction of the plant will commence within the next few days, according to Mr. Talbot.

The tank material and expert construction men are already on the road to Sanford, and the manager of the new concern expects to have his fleet of delivery trucks in operation before Oct. 15.

A location has already been obtained for a sub-station at Orlando and it is believed that this agency will be opened for business about the same time that the local plant is completed.

Other stations in Orange, Lake, Osceola and possibly Volusia counties will be constructed at an early date according to present plans all of these to be administered from the Sanford office.

It is understood that the plant here will be quite competent to handle the business of Orange and Seminole counties until additional agencies can be constructed, the two tanks that will be erected here having a combined capacity of 35,000 gallons of gasoline.

A large pump house, two warehouses, a garage and office buildings will be erected within the next few weeks, Mr. Talbot announced.

Engineer To Locate Here
E. R. Munser, supervising engineer for the Sinclair interests, will arrive in Sanford in the next few days to locate here for a time while employed in scouting Florida sites for additional points.

He will bring his family here and may locate permanently according to Mr. Talbot, who is now seeking to locate an apartment for him.

It is understood that the culmination of plans to bring the oil company here was accomplished only after a year of agitation and endeavor begun last September by Mr. Cathrae and other local men interested in the project.

House Pleads Guilty To Tampa Robberies

TAMPA, Aug. 31.—(P)—Albert House, who styles himself according to police, a bandit and yeggman, today entered pleas of guilty to two robbery charges when arraigned in criminal court here. He may be sentenced this week, the court said.

House was arrested here last March following a series of robberies including the Hay-Tampa Cigar factory payroll robbery. Five days later he sued his way out of the county jail. Early this month he was recaptured in Toledo, O.

Lester Gilgra and John Kenick, who claim Terra Haute, Ind., as their home, were also arraigned with House. They entered pleas of not guilty and the trial date will be announced later.

Theresa House, who passed as the wife of House following his capture, was not arraigned. She admits she is not the wife of the alleged bandit.

STEWART'S WASHINGTON LETTER

By CHARLES P. STEWART

WASHINGTON, Aug. 1925.
The Secretary of the Navy will build, whose department runs the Virgin Islands, doesn't admit responsibility on its part for the deplorable conditions which Judge Lucius J. M. Malmn charges exist there, it's beyond anybody's power to deny truthfully that economically the islands' population has degenerated disgracefully since the United States took the group over from Denmark in 1917. Comparative figures speak for themselves.
In 1919, before the effects of American rule had had time to make themselves fully felt, the islanders' exports to this country amounted to \$2,276,512. Those for 1923 were \$397,031.
That the decline was due to naval maladministration doesn't necessarily follow. To some extent it certainly doesn't follow.
The application of American laws to insular industries and trade have been to blame for the decay of the once busy, prosperous port of St. Thomas, the islands' metropolis, until today it seldom is visited except by a very semi-occasional, navy transport.
Formerly a stopping place for the big ships of several lines, it is not now touched by one. Its commerce is almost wholly gone. It is difficult even to reach, or to leave, once there.
The legislation which wrought this ruin was not of the navy's making.
It was the work of a Congress in Washington of whose members few can find the Virgin Islands on the map, without hunting, and some of whom probably never heard of them.
The distant Danish government took an interest in the Virgin group and its people, shaped its policies in their interest and turned them over to the United States as a thriving colony. This country put them under the charge of a naval governor and forgot them—and the governor, too.

SMOKERS DIVIDE TWIN BILL WITH ST. PETERSBURG

Swanson Beats Brewers in the Opening Game While Houston Has Tampa at Mercy in 2nd; Smokers Falls in 9th

TAMPA, Aug. 31.—(AP)—The league leading Smokers broke even with St. Petersburg Saturday afternoon in a doubleheader. The first game went to Tampa, 4 to 1, but the Smokers won the second 2 to 1, when a last inning rally by Tampa fell one short.

Swanson had the best of Brower and Stagg in the first and the Smokers shelled Slim off the mound in the third inning with three hits and three runs. The first had been scored in the first inning on a base on balls, a sacrifice and a single.

Houston had the Smokers at his mercy in the night cap and gave up only two hits in the first six innings and was not in danger. In the seventh the Smokers rallied with two hits and one run but Nance struck out for the third out with a runner on second.

The Saints put over their first run in the second inning on a single by Barnes, a stolen base and Block's single. Mitchell drew a base on balls in the sixth, stole second and scored on Cox's two bagger.

Babe Ruth Takes His Case To Commissioner Landis; Says Huggins Incompetent

ST. LOUIS, Aug. 31.—(AP)—Scoring Miller Huggins, manager for what he characterized as an attempt to shift the blame for the poor showing of the New York Yankees this season, George Herman "Babe" Ruth, baseball's premier slugger, left here Sunday for Chicago, where he proposes to lay the entire case growing out of the \$5,000 fine and indefinite suspension imposed upon him yesterday before Commissioner Landis.

Baring his inner side of the friction existing between the mite manager of the Yankees and baseball's highest salaried player, Ruth concluded his statement with a declaration that if Huggins is to continue at the helm of the team he (Ruth) felt that he could no longer continue playing for him.

Radiating confidence and appearing in perfect physical condition, Ruth was disposed to talk freely of the latest development in his turbulent baseball career. He seemed more concerned over his suspension than the unprecedented fine assessed against him.

Tells of Friction Although there had been slight friction between Ruth and Huggins on several occasions, Ruth contended that the latest development was caused by a minor infraction of the club rules by the "King of Swat."

"I came in an hour and a half late Saturday morning," Ruth said, "I had been out with some friends until midnight, and then took an automobile ride because it was so warm. I arrived at the Buckingham at 2:30 a. m. We were ordered to be in at 1 o'clock. "Saturday I went out to the ballpark and Huggins met me in the clubhouse. He said I need not ordered me to catch the first train to New York. The train is going back tonight, and I asked him if I could not wait and go back with the boys. He said I could not. "This suspension is just an attempt on the part of Huggins to shift the blame for the team's

poor showing onto me. He charges me with excessive drinking. That is no true. I have never trained so faithfully in my life as I have this year. I was out later than he allows only twice on this road trip—Saturday morning, and once in Cleveland. "I am in condition to play and at the risk of being banished, I will say that I believe my suspension will hurt, not help the team. Huggins could have fined me any amount and not made it public. Instead of that he took a course that was sure to bring publicity. He knew he could in this manner shift some of the blame for our seventh place position to me.

Says Huggins Incompetent "The truth of the matter is that Huggins is incompetent. He has had a wonderful team under him in the past and it virtually managed itself. Last year we lost the pennant to Washington when we could have won by fifteen games. That was Huggins' fault. He did not get the most out of the team.

It has been published that I disobeyed orders on the field, and mention is made of a game in Chicago. I came up in the first inning with two men on the base, one run in and no one out. Huggins ordered me to hit. Instead I sacrificed because I thought it was the proper play. The next man went out, but the second singled and we had two more runs. Thus we got three that inning instead of one because I might not have hit safely.

"In the ninth inning of the same game, there were two men on and we were a run behind with no one out. He ordered me to sacrifice and instead I tried to hit. A single would have tied the score and an extra base hit would have won. I hit a hard liner that Shoely, the Chicago first baseman, turned in to a double play.

"I contend that I was right on those two occasions. I would not mention them except that they were published and I want to explain my position in the matter."

SENATORS BOOST THEIR LEAD OVER THE ATHLETICS

Washington Now Leads Mackmen By Margin of Three And Half Games; Detroit Defeats Philadelphia Again

CHICAGO, Aug. 31.—(AP)—Washington made a clean sweep of the three game series with Chicago by taking the final game Sunday, 9 to 6, and increased their lead over the Athletics to three and one half games, as Detroit won from Philadelphia.

Rice's hitting was the big factor in putting the world's champions in the game after the White Sox were leading, 3 to 1, at the start of the seventh inning. Rice came through with a triple, with the bases filled and put Washington in the lead.

TIGERS TROUNCE ATHLETICS DETROIT, Aug. 31.—(AP)—Detroit made a clean sweep of the three-game Philadelphia series by winning Sunday's game 7 to 4. It was to seventh consecutive victory for the Tigers.

Stoner was in difficulty much of the time, but smart support kept Philadelphia scoreless for the first five innings. Hade's double and Simon's single gave the Athletics one in the sixth, while Simon's home run in the following inning scored Bishop who had walked, and Hale, who had singled.

Wildness by Walker and Rommel, who succeeded him, gave Detroit four runs in the third on two hits. Four men got three trips to first base in this inning after Woodall and Stoner had singled in succession to open the inning. Detroit bunched four hits off Rommel.
