

### Mountain City Booms Apostle For Governor

### Father Riker Hopes For Success Where Sinclair Failed

HOLY CITY, Calif., Feb. 13.—The "world's perfect government," heretofore confined to a few acres in the Santa Cruz mountains, is about to spread.

"Father" William E. Riker, its talkative apostle, is out for governor of California in the 1938 election. He hopes to succeed where Upton Sinclair and his EPIC plan failed.

In case he doesn't, he is going to transfer the blessings of the system to Mexico. He has just made a good will tour south of the Rio Grande in his private airplane. Galvanizing cards urged the Latins to have faith in the future.

The 63-year-old philosopher has demonstrated that on a small scale he can make his ideas click. Holy City (population 80) has been providing a living for Riker and his flock for 20 years.

Its business has expanded steadily even during depression. Now it includes a store, hotel, three restaurants, two filling stations, a bottling works, print shop, postoffice, two meeting halls, a barber shop, shoe shop, curio shop and an astronomical observatory.

The latter will issue you an elaborate deed to a lot on the moon. But bearded Joe Witzak, the astronomer, explains the deed is just a joke.

To the hundreds of thousands of motorists who drive through it annually, Holy City is remembered chiefly for its peep shows and gigantic figures of Santa Claus.

The peep shows are built in the form of churches. They are devoted strictly to moral lessons and are a substitute for the exhortations Father Riker used to deliver from the pulpit.

The Santa Clauses—once Christmas decorations in a San Francisco department store—symbolize the satire of the white race. For Holy City's ruler is strong for white supremacy, and when he can spare time from his "world's perfect government" he dashes off a pamphlet on putting other races in their place.

Most striking feature of the perfect government is its "boning" money. With the government in control of all finance, Riker believes, money drawn from the central banking system, will bounce right back to it and

there never will be a shortage. Suitable work for all—capitalist as well as laborer—with early retirement on liberal pensions will be achieved through his fiscal system, Riker believes. He also has worked out production, distribution and social phases of his theory.

So assured of his logic is the Holy City overseer that he has a standing offer of \$25,000 reward for anybody who can find a flaw in it.

### Austria Rumbles With Opposition As Nazis Push Drive

Continued From Page One and Austria.

Britain's leaders had what was considered a "show down" talk with Count Dino Grandi, Italian Ambassador to London, on the role of Italy in the Austrian crisis. Meanwhile France made plans to speed up its armament program.

Austria last night was on the verge of headlong surrender to Fuehrer Adolf Hitler's demands for complete Nazi "pacification" of the government, after Great Britain and France refused aid against encroachments.

Chancellor Kurt Schuschnigg and the Fatherland front, fighting to escape being brought under the Nazi yoke, struggled to prevent the ministers of finance and propaganda from being added to the five cabinet posts which Schuschnigg turned over to Nazis or Nazi sympathizers when he capitulated to Hitler's demands 48 hours ago.

Germany, her appetite apparently whetted by the success of the coup, also sought to gain control of Austria's army by claiming the vacant post of minister of defense.

There was deep gloom in Vienna last night and general resignation to the eventual creation of a Nazi Austrian state, similar to German-dominated Danzig, under a "Gleichhaltung"—co-ordination—of German and Austrian internal and foreign policies.

It appeared that Austria was about to come under "cold Nazification" or "subjection by administrative measures without an actual merger, and by a constant application of pressure by Hitler.

To glaze waffles, spread each one, after it is baked, with melted butter and a little granulated or confectioner's sugar. Then slip it under the broiler for a minute.

Tests by the National Physical Laboratory of Great Britain have shown that a short length of rubber hose inserted in water systems will shut out furnace-stoking and water circulation noises.

## Vinson Wants Funds To Test Aerial Bomb

### Stanford Inventor Says Device Will Cause Big Change In Nation's Defense

Power Of Bombs Told Committee

House Passes Huge Appropriation Bill; Goes To Senate

WASHINGTON, Feb. 19.—(AP)—Chairman Vinson (D-Ga.) of the House Naval Committee today suggested using part of a fifteen million-dollar experimental fund to test the mysterious new "aerial bomb" which the inventor said would revolutionize this country's defenses.

Vinson referred to a device which Lester F. Barlow, Sanford, Conn., inventor, said would force drastic alterations of the proposed billion-dollar naval expansion program.

Barlow said the new bombs, dropped from tremendous heights, could "blanket" an area 16 miles square in three minutes and cripple any battleships.

Barlow said the committee he would not be satisfied with Vinson's proposal because he "would not even have put my ideas in the printed office."

Yesterday the House passed unanimously and sent to the Senate the \$180,748,883 appropriation bill for the State, Commerce, Justice and Labor Departments, which the Senate appropriations committee voted to report favorably President Roosevelt's request for a \$250,000,000 deficiency relief bill to meet mounting unemployment costs.

The four-department bill is \$2,108,748 more than was appropriated for the current fiscal year, but \$1,818,509 less than was sought by Mr. Roosevelt in his budget estimates for the 1938 fiscal year. The bill carried \$25,047 more than the amount recommended by the House appropriations committee.

The appropriations by departments: State, \$16,408,750; Justice, \$42,222,478; Commerce \$46,926,890; Labor, \$34,822,960.

An amendment by Rep. John H. Tolan (D Calif.), to provide \$5,000 for a six to nine months Commerce Department survey of (Continued on Page Four)

## Geo. H. Bridge, Jr. Longwood Mayor, Offers Candidacy

Another candidate for the State Legislature in Group No. 2, appeared today with the announcement of Geo. H. Bridge, Jr., of Longwood, who says that he stands for "an economical, constructive businesslike administration of state government" and is willing to give personal time in order to serve his county and state to this end.

Mr. Bridge, who is the mayor of Longwood, says that this is his first venture into political outside of his own little community, where he resides with his wife on their farm, Grove which is now his chief business interest.

## Soviet Scientists Are Taken Off Ice

MOSCOW, Feb. 19.—(AP)—Four Russian scientists who have been marooned for more than eight months on drifting Arctic ice, were taken to safety today on the icebreaker Taimyr and Murgan. The four men and all the equipment which they have been using for meteorological observations looking toward the establishment of a Russian airbase across the North Pole to the United States were loaded on two rescue craft. The four scientists were planted near the North Pole by an aerial expedition on May 21.

## Celery Prorate To Continue At 75 Another Week

### Government Asked To Purchase Surplus Celery At \$1.10

The Celery Control Committee in a meeting last night voted to recommend to the Secretary of Agriculture for another week of proration of 75 percent of all Florida celery available for shipment and also passed a resolution requesting the Surplus Commodities Corporation to purchase 75 cars of the surplus at a price not less than \$1.10 per crate.

It seemed to be the consensus of opinion of Control Committee members present that the first of the action started last week should be continued through another week and possibly adjusted to an even heavier reduction in shipments.

The available supply of Florida celery for the coming week was reported as over 50 cars higher than for the previous week but California shipments were estimated at approximately 125 cars as compared with the 243 cars shipped during the current week.

Leading shippers in expressing opinions declared that while the celery market "was not a whole lot better" a slight upward trend in some of the markets was noted in the last few days and most of the shippers in both the Sanford-Osiedo and the Sarasota-Manatee sections optimistically forecast a healthier market condition throughout the coming week.

Estimated returns for the commodity were approximately the same for the current week as for the previous week but growers at the meeting declared that greater returns must be forthcoming in order to avoid a financial crisis.

In a report of V. Y. Bowman, chief estimator, it was revealed that the general quality has improved with estimated yields in some sections as high as 650 crates per acre.

Regarding government purchase, members of the Committee recommended that \$5 cents (Continued on page two)

## Two Guilty Pleas Heard By Judge

Two guilty pleas were heard by County Judge H. W. Ware recently, records at the Court House revealed today.

Willie Murphy pleaded guilty to charges of assault and battery and was sentenced to pay a fine of \$10 and costs or serve 30 days and John Henry Thomas, who pleaded guilty to the same offense was sentenced to pay a fine of \$5 and costs or serve four months in the County Jail.

## Survey Is Planned Of St. Johns Canal

Col. E. J. Brown of the United States Engineering Department in Jacksonville today stated that Col. Earl North also of the War Relocation Corps, will be in the section soon to investigate the possibility of the St. Johns-Indian River Canal.

Col. North and Col. Brown came to Sanford aboard the "Palmetto" which docked at the Municipal Pier for a short time today.

## City's Plan To Adjust Taxes Gains Support

### Bank Considers Loans To Aid Delinquent Taxpayers In Settling Old Taxes

High praise of the City Commission's efforts to effect settlements of all delinquent taxes and to restore to the tax rolls all real property within the city came from three independent sources today while one of them, the Sanford Atlantic National Bank, offered means of assisting delinquent taxpayers in raising the necessary funds.

E. O. Rhinholzer, president of the institution, commended the action of the Commission, proposed that the bank would consider loans on improved City property for the purpose of paying adjusted delinquent tax accounts, and urged the cooperation of the public to this end.

John Melich Sr., former chairman of the Board of County Commissioners, wrote the City Commission expressing the hope that local property owners would take advantage of the plan and pledging his own cooperation; while Walter L. Cooper, prominent real estate and insurance agent, predicted a big increase in building and real estate activity as a result of the movement to adjust taxes.

The letters in full are as follows: February 19, 1938 Hon. Edward Higgins, Mayor, City of Sanford, Sanford, Florida.

Dear Mr. Higgins: I read with much interest your letter published in the "Sanford Herald" of February 18th and wish to heartily commend the action of the City Commission in this effort to clear up an unfortunate tax situation, reduce and equitize the tax burden and restore value to Sanford real estate.

As evidence of our sincere interest in this matter, the Sanford Atlantic National Bank will be pleased to consider loans on improved City property for the purpose of paying adjusted delinquent tax accounts to the City in cases where there is a fixed income, either from the property or in the owner in an amount which would insure the repayment of the loan in regular installments at stated intervals.

We wish you much success in this effort to restore prosperity to Sanford and bespeak for the City Commission the co-operation of our people.

Cordially yours, E. O. RHINHOLZER, President.

Sanford, Florida, February 16, 1938. Hon. City Commission, Sanford, Florida. Gentlemen: Your new tax and special assessment adjustments in my (Continued on Page Four)

## Petition Delays Vote On Georgia Liquor Question

NEWTON, Ga., Feb. 19.—(AP)—Georgia's first scheduled county option liquor referendum was temporarily postponed today on a petition charging the legislative act providing for the elections as unconstitutional.

The petitioners contended provisions for enactment of the law, which ended 23 years of prohibition in Georgia, were not contained in the Governor's call for a recent special session which passed it.

The restraining order, calling for a hearing on the temporary injunction on Mar. 12, makes mandatory the continuation of the election which was set for Monday.

## Child Is Killed In Tornado Near Live Oak

PETREY, Ala., Feb. 19.—(AP)—A tornado, ripping into the Live Oak community near here, today killed a four-year-old child. A falling chimney crashed the small girl.

The tornado apparently struck in only one spot, demolishing the walls of the home of Lester Cochran, farmer. The dead girl was his child.

## GORILLA CHEWS RINGLING CHIEF

John Ringling North, executive head of the Ringling Bros. & Barnum and Bailey circus, is wearing a sling following an encounter with a huge gorilla which snatched his arm through bars of a cage and chewed it severely at the circus winter quarters at Sarasota, Fla. North is shown looking at a picture of the beast.

## Japanese Advance Suggestion For Anti-War Treaty

### Talk Made By Member Of Parliament In Public Opinion Test

TOKYO, Feb. 19.—(AP)—A suggestion that the United States and Japan sign an anti-war pact was advanced today by Takeo Miki, a member of the Japanese parliament.

Addressing a giant mass meeting, Miki said "if there is any hesitancy in the minds of either people concerning the reality of the unwritten bond of friendship, let it be manifested more clearly by a written pact against war, solemnly contracted by the governments of the United States and Japan."

It was learned from a reliable source that Miki's speech was a trial balloon for a non-aggression pact project being considered by the Japanese government and was designed to test public reaction.

Meanwhile, Emperor Hirohito of Japan, dismayed because of the failure of his armies to advance in their campaign to occupy China's provisional capital in Hankow, today named a new supreme commander for the Yangtze Valley area and ordered the mobilization of more than 100,000 additional reservists for a final mighty drive to end the Chinese-Japanese war.

Lieut. Gen. Iwane Matsui, in (Continued on Page Four)

## Installation Of Police Radio Is Nearing Finish

### Chief Williams Says Initial Tests Are Most Satisfactory

Initial tests of the Police radio equipment being installed at the local Police Station was termed as "most satisfactory" by Chief of Police Roy G. Williams this morning.

Receivers have been installed in each of the local Police patrol cars by W. D. Hoffman, local RCA dealer, and test using the mobile transmitter in the auto of H. M. Lehighy, who is in charge of the installation of the equipment, showed recently purchased equipment to be in perfect working condition.

The 25 watt ultra high frequency transmitter at the Police Station is also in working order but the mast, over 100 feet in length, on which the radiator will be mounted, has not as yet been erected.

Workers, however, are planning erection of the mast this afternoon. It was learned at the Police Station this morning.

Tests of the station transmitter today proved it to be in working order. Patrol cars picked up signals from the transmitter which was tested without an antenna.

Full operation of the equipment is expected to get underway early next week.

## Celery Feds Down Tavares Cagers By 33 To 21 Margin In Last Home Game

The Seminole High School Celery Feds won their final home game of the current game season from the Tavares Bulldogs by a score of 33 to 21 in a hard fought tilt on the local court last night.

The Feds not only played their best home game and also completed their schedule of conference games but will finish the season against the Orlando Tigers of the Big Ten conference in the new Orlando gym Tuesday night. During the season the Feds have lost only two of ten conference games, losing one each to the Daytona Beach Buccaneers and the Leesburg Yellow Jackets.

In the first five minutes of play last night the Tavares quintet made five successive field goals to take a lead of 10 to 3 but the Feds, retaliated with 5 field goals in the last three minutes to take a lead of 13 to 10 at the end of the first quarter.

The Bulldogs failed to threaten the lead of the local delegation after the initial scoring spurt. The Feds led by a score of 23 to 12 at the half.

Pedest, great Bulldog pivot man, took scoring honors in the game with a total of 13 points. Detroit, Ferguson, crack Fed guard, took second honors in the tilt, collecting nine points. John, M. Martin, another Fed guard,

## Famous Fisherman To Show Casting

Jack Lamb, world famous fisherman, author and writer, is coming to Sanford next Tuesday and will appear in a free exhibition of bait and fly casting for the benefit of building fishermen who want to learn more about the sport.

A writer for Colliers, This Week, Field and Stream, and many other national publications, Mr. Lamb is also the author of six books on fishing, and his last book "How To Catch Old John Bass" has sold more than 100,000 copies.

If you like to fish, and want to learn some of the real secrets of the sport from a man who has spent his entire lifetime in the sport, Mr. Lamb will show you at his exhibition Tuesday.

## W. H. Tunncliffe Appoints Director

W. H. Tunncliffe, president of the Acceptance Corporation of Florida, announced yesterday the appointment of Austin E. Lanfille of Leesburg to the corporation's board of directors.

Lake County Judge A. B. Harlow, Jr., was appointed to the advisory committee of the organization. Mr. Lanfille is secretary of the First Federal Savings & Loan Association in Leesburg.

## Europe Tense As Hitler Plans Talk On Central Europe

### Crisis Looms In British Cabinet Over Mussolini

### Eden Urged To Quit If Chamberlain Sacrifices Principle

LONDON, Feb. 19.—(AP)—The British cabinet struggled in an urgent session today with what was reported widely to be a crisis between Prime Minister Neville Chamberlain and Foreign Secretary Anthony Eden over Chamberlain's new friendship gestures to Italy.

Some diplomatic quarters were informed Eden had threatened to bolt the government if the Prime Minister sacrificed the Foreign Secretary's League of Nations ideals for a quick bargain with Italy's Premier Mussolini.

Herbert Morrison, one of Britain's labor leaders, urged Eden to resign from the cabinet in defiance of any "humiliating deal" between Chamberlain and Mussolini.

## Demonstration Club Wins First Place

The canned goods exhibit of the Seminole County Women's Home Demonstration Clubs was awarded first place at the Central Florida Exposition, Mrs. Gladys Hamilton, Central Florida Home Demonstration agent, in charge of the exhibit, announced today.

The entry, Mrs. Kendall said, was made through the co-operation of approximately 50 women of the Home Demonstration Clubs and the entry was given 917 points of a possible 1000 by the judges.

The display consisted of 264 varieties of canned goods in 338 containers. Seminole County exhibit of crystallized citrus was also awarded third place by the Judges, Mrs. Kendall said.

## Dr. James Clinton Will Hold Mission

Dr. James H. Clinton begins a ten day mission tomorrow at the Sanford Congregational Church, it was announced today. He will speak both Sunday morning and Sunday evening, and each evening during the week.

Dr. Clinton was born and educated in Ireland. He holds his ministerial career in Londonderry, for 11 years after coming to the United States he was pastor of Central Congregational Church in Philadelphia.

## Two Couples Issued Marriage Licenses

Licenses to wed were issued to two couples yesterday in the office of County Judge H. W. Ware, records revealed this morning.

Licenses were granted to James A. Stokes and Helen P. Calhoun both of Osteen also to Bruce E. McKay of Sebringville, Del. and Mary Elynn Jean of Daytona Beach.

## High School Band To Give Concert At Pier

The Seminole High School Band, under the direction of T. M. Dillion, will present a band concert on the Band Shell on the Municipal Pier on the afternoon of Feb. 27. The Herald was reliably informed today.

The local High School band consists of 40 pieces and the scheduled performance will last approximately two hours.

## Nazi Say "Message Of Peace" To Come From German Dictator Tomorrow

### Statesmen Gain But Little Hope Von Papen Sees Similar Pacts Made With Neighboring Powers

BERLIN, Feb. 19.—(AP)—Three weeks of wild rumors of momentous changes in Central Europe will reach their climax, perhaps with a sign of fulfillment, when Reichsfuehrer Hitler delivers his newest message to the world tomorrow.

The old familiar question "What will he do next?" echoed in all the chancelleries and there was no official indication of what might be his plans or to what degree he proposed to reveal them. His closest collaborators predicted it would be a "message of peace." But that was small comfort to anxious statesmen.

It was taken for granted he would picture the recent changes in Austria—namely five cabinet members favorable to Germany and freeing Nazi political prisoners—as a vital step toward European peace.

Franz von Papen, retiring Nazi ambassador to Austria who negotiated the Anschluss with Austria's German record, said it was but the first step toward a commonwealth of nations in middle Europe "under Germany's leadership.

He declared that other similar agreements were expected to follow, especially with the "successor states" carved out of the old Austro-Hungarian Empire at the end of the World War.

"Austria will be an example of how uncertainty in Middle Europe can be swept away," he said. "This, as the Fuehrer will say February 20 (in the Reichstag), is being done by Germany's agreement to guarantee Austrian independence as a page four)

## Ballard Announces For Re-Election To County Commission

Re-affirming his 1936 platform promises of economy and efficiency, W. B. Ballard, of Altamonte Springs, announced his candidacy today for re-election to the Board of County Commissioners from District Three in the May Democratic Primary election.

In making known his intention to offer for re-election, Mr. Ballard pointed to the record of the present board and stated he believed it had served the public in an efficient manner and at a reduced cost to the taxpayer.

He declared he would continue to work for "better government at less money" and said he believed that the two years' experience on the County Commission "inside looking out" would be of great value to him in better serving the people of Seminole County.

He stressed the need for cooperation between City and County officials and emphasized that such co-operation is being given and that he would continue to work towards this end.

Mr. Ballard has been a resident for 38 years of Altamonte Springs, where he is a prominent farm grower and is actively identified with the public affairs of that community, being its city clerk, tax collector, tax assessor, and treasurer.

## COUNTY AUDITED

TALLAHASSEE, Feb. 19.—(AP)—State Auditor W. M. Wainwright reported yesterday on the records of Assessor James M. Owsen, Jr. and Judge Richard P. Robbins of Palm Beach county, recommending few changes in present procedure.

## LOCAL WEATHER

The City's Offer

Delinquent taxpayers in Sanford should not hesitate to take advantage of the offer by the City to settle all assessments against their property on a basis extremely favorable to them.

The compromise offered by the City consists primarily of the cancellation of all taxes prior to 1934 on unimproved property, and all but 10 percent on improved property, providing the 1934 taxes and subsequent taxes are paid in full.

More than two and a quarter million dollars worth of property in Sanford belongs in this category of real property which has been escaping taxation merely through the expediency of not paying.

The time has come when every property owner will either have to pay his share of City taxes or lose his property. Those who could not pay have been shown every consideration possible.

A further inducement to property owners to settle their delinquent taxes, as well as a ray of hope for those who have been carrying the burden these many years, is seen in the prospects for tax reduction if every property owner becomes a taxpayer.

And so it is to the advantage of everyone, taxpayers, as well as non-taxpayers, that this plan of the City succeeds, that delinquent taxpayers take advantage of the opportunity which is afforded them of settling their old taxes and putting their property in good condition, and that the last vestige of the late lamented boom be removed from the battle-scarred horizon of the City of Sanford.

Hitler Marches On!

As Japan conquered Manchuria, as Italy conquered Ethiopia, so has Austria this week been brought under the iron heel of the German dictator.

Beyond Austria is Hungary, already closely allied to Hitler's fascist friend Mussolini, and beyond Hungary is Rumania, where King Carol is vacillating between his old alliance with France and the new powers of Central Europe.

And what does this extension of Nazi influence throughout Central Europe mean? Dorothy Thompson, in her newspaper column "On the Record" calls it "horror walking."

"Persecuting men and women of Jewish blood," she continues. "Moving now into the historic stronghold of Catholic Christianity. . . . led by a patricide. . . . One of two things can happen. Despotism can settle into horrible stagnation. . . . All of Europe, east of the Rhine, will become eventually a no-man's land of poverty, militarism, futility, a plague spot. . . . More likely, the law of perpetual aggressiveness will cause it to move farther and onward. . . . to the point where civilization will take a last stand."

Can anyone doubt that Hitler's latest move will in the end mean war?

Celery Prorate To Continue At 75 Another Week

Continued from Page One of the purchase price to be given the shippers for handling but not to include government inspection fees and the remainder to be paid to the growers.

J. C. Latta, secretary of the Committee, after contacting W. G. Mead, chief of the general crop section of the AAA, reported that the mechanism for government purchase could not be set in motion during the current week but that buying of the commodity for diversion through other channels will begin early in the coming week.

It was indicated, however, that there might be some controversy as to the full extent of celery purchased and the price per crate paid for the commodity.

In an adjourned meeting, shippers agreed to meet next week to eliminate the smaller than 10 dollar per crate from the market and also decided to ship a few cars as possible on Tuesday and Wednesday of the coming week.

CITY BRIEFS

Continued from Page One of the purchase price to be given the shippers for handling but not to include government inspection fees and the remainder to be paid to the growers.

The Hon. Cyril Bentley, a white minister noted for his work among negroes, will show a movie picture entitled "Down Where the Need is Greatest" in the Parish House of the Episcopal Church Sunday night at 7:30 o'clock.

The regular monthly meeting of the Women's Civic Committee of the Seminole County Chamber of Commerce will be held in the Chamber building Monday morning at 10:30 o'clock with Mrs. Bessie O'Connell of Geneva presiding.

The regular monthly meeting of the Women's Civic Committee of the Seminole County Chamber of Commerce will be held in the Chamber building Monday morning at 10:30 o'clock with Mrs. Bessie O'Connell of Geneva presiding.

CANDLELIGHT

By NINA OLIVER DEAN

In a skeptical world in which the alarms of war are all but made inaudible by the din of toppling standards, when the goodness of the old established order is being questioned in government, in business, and even in the church itself, there has been a deal of criticism directed toward the newspapers.

The popular fallacies have been aired, that most newspapers belong to some gigantic chain that stretches imperiously over the country for its own interest; and are dominated by a few rich and powerful families; and that those which are not controlled by either of these sinister influences, are under the thumb of their advertisers.

As a matter of fact, comparatively few newspapers are chain owned, or controlled by the so-called "big rich" families. As far as the advertiser is concerned, no one advertiser represents a sufficient portion of the total revenue of a newspaper to exert control over the policy of a paper.

There are many newspapers throughout our country, from the powerful metropolitan dailies to the small but significant papers of the type run by William Allen White in Kansas, that strive for the good of their communities, because the good of the town, of all its people, not just one section, is indissolubly knit with the good of its newspaper, just as the vigor and strength of a man's voice depends upon the strength of his body.

FLORIDA HIGHLIGHTS

STEPHEN R. MALLORY of Florida SECRETARY of the CONFEDERATE STATES NAVY.

The task that confronted Stephen R. Mallory when he became secretary of the Confederate States navy in 1861 was almost superhuman. The Confederate government had not a single ship-of-war. It had no abundant fleet of merchant vessels from which to draw reserves. It had no seamen. The South was without a large force of skilled mechanics. There was but one plant that could supply large caliber guns.

buy all the necessities. Considering the difficulties surmounted, the accomplishments of Secretary Mallory was little short of marvelous. The voice of the WHOOPING CRANE, which once wintered in Florida, is indeed remarkable, for the resonance of its notes carry for unbelievable distances. This is probably due to the fact that its wind pipe is often as long as the bird itself, being coiled in many convolutions within the breast bone. Such a powerful volume of sound coming from the throat of a bird is quite unusual.

DO YOUR SHOPPING NOW By ROGER BARSON

BARSON PARK, Florida, February 19. Business sentiment is about as bad as I ever remember. I think it is even flatter than in the 1932-33 period. Yet, strange as it may seem, this is a good sign.

Industrial output has fallen like a comet, yet retail trade has held up remarkably well. January "clearances," while not quite matching the whitewashed 1937 season, were good. Merchants cut prices much more than usual in order to keep their goods moving.

These recent sales have offered some real bargains and there will be more between now and the Easter season. Not only grocery, meat, department, clothing, furniture and shoe stores, but the big mail order houses, are going after business "hammer and tong."

Many Fortunes Made in 1932 This current period of industrial recession shows how sensitive the business cycle is. Each phase brings its own special opportunities. People with foresight and courage who bought securities and commodities and started new enterprises in 1932 have established fortunes. We have a similar opportunity today—in a smaller way. Right now cash is a "sale" and raw materials and securities are a "buy." Those who are buying and investing today are doing

newspaperman for he adds to the dignity of the press both by his achievements and his belief that a good newspaper has a soul. There are a great many newspapers which possess that intangible thing called spirit, subservient to no special interest, and there will always be an individual there who sees the spirit of the age and makes the spirit articulate. A newspaperman today is a great blessing for the time as there are men like John Palmer of the Washington Herald and a man like the late John P. Morgan of the New York Times.

customers know about them. I think that mechanics and manufacturers now realize this more than they did in 1929. No, only should purchasing power be inflated, but the will to buy should be encouraged. Advertising is the last item to cut in your sales budget unless you want to close up shop. The dolly Brahmas is represented in Hindu art as four-headed and four-armed, and riding a swan or goose.

## Social Calendar

**MONDAY**

The regular meeting of the Woman's Missionary Society of the First Baptist Church will be held at the annex at 8:30 o'clock with Circle Number Two in charge.

The Sunbeam Band of the First Baptist Church will meet at 8:30 o'clock.

The Junior R. A. Boys of the First Baptist Church will meet at 8:30 o'clock.

The Daughters of Wesley of the First Methodist Church will meet at the home of Mrs. C. C. Sperring, 138 Elliot Ave., Mayfair at 8:00 o'clock. Hostesses will be Mrs. Sperring, Mrs. J. O. Laney, Mrs. McMichael, Mrs. B. B. Baggett, Mrs. L. C. Leonard, and Mrs. J. O. Adams.

The Dependable Class of the First Methodist Church will meet at the home of Mrs. O. S. Toler at 7:30 o'clock.

The regular business and social meeting of the Fifty-Fifty Bible Class of the First Methodist Church will be held at the annex at 7:30 o'clock. A Prof. Quiz contest will be held and each is requested to bring a question. Hostesses will be Mrs. C. E. Williams, Mrs. Oscar Price and Miss Louise Swain.

The Prayer Band of the Woman's Auxiliary of the First Presbyterian Church will meet at 8:00 o'clock followed by the inspirational meeting at 8:30 o'clock. E. J. Pace of Orlando will be the guest speaker and will illustrate with cartoons as he talks. All are urged to be present.

The regular meeting of the Friendship League of the Congregational Church will be held at the home of Mrs. Henry Schumacher at 8:00 o'clock.

## Mrs. Pearl Tyre Presides At Meet

Mrs. Pearl Tyre presided over the meeting of the Semantics Chapter Number Two Order of Eastern Star which was held Thursday night at the Masonic Hall.

During the business session plans were made for a cooked food sale to be held today on First Street. The worthy matron announced that the next meeting would be obligation night. G. E. McKay presented R. E. Peurifoy with a Past Patron's Jewel, the highest honor that can be given to a man in the Eastern Star.

Proceeding the business meeting a covered dish supper was held in the banquet room. The following program, sponsored by Mrs. R. C. Maxwell, was given in honor of George Washington's birthday:

Patriotic Song.  
Personal description of George Washington and a poem, "The Modern George Washington" — Mrs. G. E. McKay.  
Two piano selections — Freddy Fields.  
Two readings — Miss Ann Benson, extracts from "Washington's Farewell Address" — Mrs. H. W. Turner.  
Song, "America, the Beautiful."  
There were approximately 40 members present at the business meeting and 75 members and friends at the supper. Visitors were as follows: Mrs. Elizabeth Housland of Madisonville, Ky., Mrs. Clara Austin of Gainesburg, Mich., Mrs. Florence B. Davis of DeLand and Mrs. Ella W. Melan of St. Petersburg.

## Personals

Friends of Mrs. Jan. C. Roberts will regret to learn that she continues to be ill at her home, 301 Elm Avenue.

Mr. and Mrs. E. M. Carroll have as their guests Mrs. J. L. Alvarez, Mrs. A. M. Thompson and Ethel Alvarez of Ocala.

Mr. and Mrs. Jas. C. Roberts had as their guests Wednesday, Mrs. E. A. Buchanan and daughters, Irene and Clara, Miss Louise Layton and Bill Downs of Tampa.

Mr. and Mrs. Preston Mills and Mr. and Mrs. Ferdinand Mills and daughter, Lois, have returned to their home in Ocala after having visited Mr. and Mrs. E. M. Carroll and Russell Alvarez.

Mr. and Mrs. Nell Van Leeuwen were the guests of Miss Katherine Lewis and Hodman Lehman Thursday night to see the play "Great Tor" presented at the Annie Russell Theatre in Winter Park.

## Girl Scouts Meet At Little House

Mrs. C. M. Herz demonstrated a novel experiment at the meeting of the Girl Scouts of Troop Number One which was held yesterday afternoon at the Little House.

During the afternoon charms were made after which refreshments were served to approximately 30 members.

## Mason Bell Ringers To Give Concert Here

The Mason bell ringers and triple chime players of Los Angeles, the Rev. and Mrs. Bernard Mason, who are on their third tour of the United States, will give a novel concert at the First Baptist Church Wednesday, Feb. 23, at 8:00 o'clock P. M.

This group is nationally famous for their interpretation of sacred music on many novel instruments rarely heard on the entertainment program. The program will consist of selections played on the following instruments: Swiss harp, bells, musical glasses, singing saw, magical viol and golden viharapp.

Two special numbers will be played on the world's largest set of Triple Octave Chimes and "The Victor Thersmin." The latter instrument has no key-board, strings, reeds or pipes and is played without the performer touching it, simply waving his hands in the air.

## Europe Tense As Hitler Plans Talk On Central Europe

Continued From Page One

legitimacy and independence.

The developments mean that Nazis in Austria now can openly say they are Nazis. All that Germany wants in Austria is that nationalists have a right to express their views as other groups have.

The world has been trying to believe there has been a split between Germany and Italy because of Italy's attempts to reach a closer understanding with England. That is wrong.

"Germany will do the same thing. It is Italy's and Germany's sincere desire to establish permanent European peace. This cannot be done without the understanding and friendship of the great powers."

"Germany is holding her hands out to England in friendship, provided England recognizes Germany's natural human demands for return of colonies."

## It's Azalea Time in Florida

Winter Haven—Azaleas for the next month will be the most colorful flowers in Florida and above they are shown in full bloom along the lagoons in tropical Cypress Gardens, where they are beautiful and colorful just as in the other show places of the State, like Japanese Gardens at Clearwater, the Ravine Gardens at Palatka, the Dixon Azalea Gardens at Orlando; the Venetian Gardens at Leesburg and the Singing Tower Sanctuary at Lake Wales.—Photo by Dahlgren.

## Gardens Discussed By Mrs. Covington

Mrs. Augusta Covington gave a talk on "Connecticut Gardens" at the meeting of Rose Circle of the Sanford Garden Club which was held yesterday morning at the home of Mrs. L. I. Frazier.

During the business session, with Mrs. W. S. Coleman, chairman presiding, it was reported that the average attendance for the first half of the year was 61 percent. Mrs. J. H. Coleough, plant material and exchange chairman, announced that over 1000 plants had been given out during the month, and presented a list of suggested plants for planting at this particular season.

It was reported that 300 petunia plants had been given to the South Side School. Mrs. F. E. Roundhill, Junior Garden Club chairman, announced that Mrs. W. E. Watson had given a talk at the South Side School recently on bird houses, shelters and feeding trays, exhibiting feeding trays made of cake tins and a wren house made from a honey can. These articles were painted green to resemble the leaves and tree branches. A bird bath made of a cypress mixing bowl fastened to a substantial piece of wood was another inexpensive method exhibited to attract birds to gardens.

Mrs. Watson also spoke on the necessity of having water for drinking and bathing purposes.

It was decided to have the next meeting in the form of a picnic at the home of Mrs. W. H. Turnbull on Sanford Avenue. The committee in charge of arrangements is as follows: Mrs. Augusta Covington, Mrs. O. J. Pope, Mrs. L. I. Frazier, Mrs. C. E. Park and Mrs. D. L. Thrasher. Mrs. W. S. Coleman and Mrs. J. H. Coleough were elected delegates to the State Federation meeting to be held in Jacksonville in March and Mrs. George A. DeCottis and Mrs. O. J. Pope were elected alternates.

Mrs. Covington, who has spent some time in Connecticut, gave an interesting account of several gardens, illustrating her talk with pictures. Referring to one of the gardens, she stated, "The background for 500 rose bushes was a mass of tall trees and large shrubs. There were many rustic bridges and flower beds in all shapes and sizes and everywhere a mass of color. A beautiful pink tree stood under the shade of the trees, formed a lovely picture. Next to this garden was a wild garden with an enchanted tone. The flowers looked like bright colored snakes and lems around green skirts." In another garden Mrs. Covington said there were 22 varieties of daisies. She mentioned having attended four garden shows, while in Connecticut, which were very lovely.

Those present were: Mrs. W. S. Coleman, Mrs. Fred R. Wilson, Mrs. J. H. Coleough, Mrs. O. J. Pope, Mrs. E. F. Housholder, Mrs. A. W. Epps, Mrs. G. L. Park, Mrs. A. Covington, Mrs. J. M. McCaskey, Mrs. D. L. Thrasher, Mrs. W. E. Watson, Mrs. C. E. Mason and guests, Mrs. C. E. DeCottis, Mrs. A. G. Fort, Mrs. E. H. Stone, Mrs. F. E. Roundhill, and Mrs. L. I. Frazier.

City's Plan To Adjust Taxes Gains Support

Continued From Page One... opinion are fair and equitable and I shall urge all my friends and associates to take advantage of same.

It is only by getting all delinquent taxes paid up and all property on the tax rolls that the minimum tax rate for the future can be secured.

I am 100% for this plan and sincerely hope that the citizens and property owners of Sanford will take advantage of this decided saving.

Sincerely yours, JOHN MEISCH, Sec.

February 19, 1938

Hon. City Commissioner Sanford, Florida

It is very gratifying to me to read in the Herald statement of your plan of adjusting delinquent taxes and special assessments on properties in the City of Sanford. This is going to encourage people to clean up their taxes and continue to pay taxes on their property because of the advantage of having Homestead Exemption will make the tax very small on a piece of home property.

I predict that inside of the next six months there will be great activity in the purchase of homes, vacant lots and building together with a lot of repair work and alterations, all being the results of the fine work of the City Commission in enabling people to own a home or a piece of property without having to pay an outlandish tax on same. Again I say I am 100% for this method of adjustment and extend my best wishes for your success. WALTER L. COOPER.

Japanese Advance Suggestion For Anti-War Treaty

Continued From Page One... charge of Japanese forces in the Yangtze area since the start of the campaign there was recalled to be replaced by one of the three ranking senior generals of the army—Shunroku Hata, former commander of the Formosan army and head of the inspectorate general of military education.

It was understood Gen. Hata will resume his duties at once, although Tokyo had no confirmation of his appointment. He is a veteran artillery officer and rose through the ranks by slow promotion to the post of inspector general of military education, one of the most important posts in the army.

Imperial headquarters—Japan's super-government for the war—announced last night that large reinforcements will be sent to China at once to support the army's lengthening lines of communications as it drives farther inland.

South Dakota was the first state to try to trap pheasants for stocking purposes.

Spanish Rebels Encircle Teruel In Aragon Drive

HENDAYTE Feb. 18.—(AP)—Spanish insurgents officially announced today that they had encircled Teruel in their new South Aragon offensive. Two thousand government troops garrisoning the provincial capital city were fighting to defend it.

Gen. Francisco Franco's offensive, striking east and southeast from the Alfranca River valley north of Teruel, gained several miles of mountain territory.

Government dispatches said there was heavy fighting around the Belchite sector, on the northern sector of the Aragon front, where their troops had been forced back. There was no confirmation in Madrid, however, of insurgent reports that Teruel had been encircled.

Many American volunteers of the Loyalist International Brigade were killed in hand-to-hand fighting yesterday in an attempt to stem nationalist troops advancing down the Alfranca valley to within four miles of Teruel.

The 11-mile nationalist drive, which caught the enemy unawares, was estimated to have cost 600 loyalist lives. Nationalists claimed the offensive was a brilliant military coup and caught the loyalist unprepared.

The nationalists captured Teruel, eight miles north of Teruel, next took Caspe, Labreda, six miles away, then raised the bridge across the Alfranca River at Villalba Baja, within sight of Teruel.

Advancing behind fronts of bombing planes and a devastating artillery barrage, the nationalists drove the vaunted government International Brigade from half a dozen positions and closed in on Teruel in their latest bid to capture the city.

Five hundred loyalists were slain on the banks of the Alfranca River near Peralejos, eight miles north of Teruel, in a two-hour hand-to-hand battle. Simultaneously, a second column advanced from Escorpinea, one mile east of Alfranca, to within four miles of Alfranca, important link in Teruel's communication route to Alisa. 23 miles to the northeast.

A third column struck out toward El Pobo, likewise across the Sierra del Pobo range, three miles southwest of Alfranca.

### Rebels Fight To Retain Teruel After Re-Capture

Insurgent Force Has Started Drive On Sagunto Highway

### Hitler Defies Powers In Bold Demand For Colonies And In Boast Of Strength

By Associated Press  
HENDAYE, France, Feb. 21.—(AP)—Fighting raged in the heart of Teruel today and government defenders were reported surrendering in small groups as insurgent assault forces battled to retain full possession of the strategic south Aragon city.

While a desperate government garrison was being pounded into submission, another offensive force launched new offensives against Sagunto highway, advancing five miles southeast of Teruel. It appeared that Generalissimo Franco's army intended driving as far as possible toward the Mediterranean. Government dispatches from Madrid admitted losses.

By Associated Press  
REICHSCANCELER Adolf Hitler addressed a demand for return of Germany's war-lost colonies directly to Great Britain yesterday in a ten-hour speech that emphasized his firm control of German military might.

### Funeral Services Are Conducted For L. Duncan Cameron

Funeral services for Lawrence Duncan Cameron, 24, who was instantly killed in an auto accident near here early Sunday morning, were held in the All Saints Catholic Church, this morning at 10:00 o'clock, with the Rev. J. J. Kilgoban, pastor of the church, officiating. The body will be sent to Charleston, S. C. where interment will be made.

### Japanese Effort To Cross Yellow River Is Repulsed

SHANGHAI, Feb. 21.—(AP)—Japanese were repulsed in an attempt to cross the mighty Yellow River just north of Kaifeng, an important city on the Lunghai railway line in northern Honan province.

CROWD OF 25,000 SEE WAR ADMIRAL WIN WITH EASE

This unusual picture taken from the roof of Miami's Hialeah Park grandstand, which throws its shadow onto the track, shows War Admiral's wide margin of a priority over other contenders for the \$1,100 Heather Purse. The Admiral was hardly breathing heavily at the end, and as far as anyone could see, wasn't even sweating. Sir Oracle finished second, and Caballero 2nd finished third. The victory marked the Admiral's four-year-old debut.

### Nerves Blamed By Dr. Puleston For Ill Health

Dr. Samuel Puleston gave a talk at the Rotary Club luncheon today on "How To Live," and Ben Carpenter, president of the Orlando club, extended an invitation to the Sanford Rotarians to participate in an inter-city meeting at Orlando in the near future.
