

Contracts Arrive And Buddy Lake Pitches Tomorrow; Lookouts Hope To Even Score With Lowly G-Men Today

Doubt As To Lake Staying Is Said To Be Dispelled

Director Says Purchase Price Money Will Be Obtained

Contracts for the purchase of Buddy Lake by the Sanford Lookouts from the Albany, N. Y., club of the International League arrived today, and Manager Stuffy McCrone of the Lookouts stated that Lake "positively will pitch in Thursday's game against DeLand."

There was some doubt as to whether the purchase of Lake would go through, but Director Jimmy Wright of the Sanford Baseball Association said that "we'll get the money somehow" after President C. F. Wert of the Association declared that the organization is without funds to go through with the purchase.

Mr. Wert said that Buddy was not anxious to play in a small league but Mr. Wright replied that the association would let him go at any time he would better himself even though the Lookouts did not do so well in a trade for him.

With Buddy Lake on the mound tomorrow (Thursday half-holiday) it is expected that there will be a record crowd at Sanford Field. The DeLand Reds now lead the second division in the State League and the Sanford Lookouts are in the cellar with the Gainesville G-Men. A victory tomorrow will net put the Lookouts on a par with the Reds, but Stuffy said they are going into the game to win. He is going to use all first string men and give the visitors a real battle, he declared.

Lake will probably be opposed by either Dean Fisher, southpaw, or Bunch, underhand pitcher with the Reds.

Stuffy Hopeful Of Being In Game With The Reds Tomorrow

Stuffy McCrone, manager and first baseman for the Sanford Lookouts, hopes to be able to be back in the game tomorrow when the home team meets the DeLand Reds on Sanford Field. Stuffy strained the ligaments of his right hand several days ago when he struck another player with his outstretched fingers while running for a ball.

Saints And Reds Tie With Azaleas For Second Place

DeLand Defeats St. Augustine, 4 To 3, Tuesday Afternoon

Tuesday's game in the Florida State League caused several changes in the percentage column. Daytona Beach defeated Palatka and replaces Palatka at the top of the column; DeLand defeated St. Augustine and DeLand, St. Augustine and Palatka go into a tie in second place; and as a result of its defeat by Gainesville, Sanford drops to the bottom of the column. In yesterday's game in St. Augustine, the DeLand Reds spotted St. Augustine an early two run lead and then pined nine hits off Nick Wise to earn a 4 to 3 victory in the Florida State League.

The Saints were unable to hit with men on bases and mustered but five blows off the hurling of Hoskewicz who weakened in the ninth and gave way to the relief pitching of Jake Bunch who stopped a belated St. Augustine rally one run short of its goal.

Singles by Skinny McGowan and Jerry Fitzgerald produced a Saint run in the opening frame and another was added in the third when Third Baseman Duverniet booted in a run. But from then until the ninth the Saints were harmless.

Russell-Turnblow misjudged Majesky's fly to left in the fourth and the blow went for two bases, paving the way for two DeLand runs. Bolting and Kinard figured in the rally with single. The Reds scored a run in the eighth without a hit and then pined three blows off Wise in the ninth to knock in their fourth and deciding run.

Sanford Junior High School Plays Daytona Here Friday

Game Will Be Played On Sanford Field; Admission Is Free

Sanford Junior High School will play Daytona Beach Junior High School on Sanford Field next Friday afternoon at 3:30.

President C. F. Wert of the Sanford Baseball Association granted permission to Principal H. E. Morris of the school to open the grandstand to the public and to let the players on both teams use the locker rooms and shower baths.

There will be no charge for admission, and the principal of the school, and members of the teams hope a large crowd will turn out to see the first inter-school baseball game of the season.

Ban Is Placed On Radio In Baseball

CHICAGO, Apr. 29.—In a 26-word statement, Kansas Mountain Landis, commissioner of baseball, warns all major and minor league baseball clubs, not to make any additional commitments for radio broadcasts of games.

The order was issued after Commission Landis heard pleas from W. G. Bramham of Durham, N. C., president of the National Association of Professional Baseball Leagues, and George M. Trautman of Columbus, Ohio, president of the American Association and chairman of the executive committee of the National Association. They told Landis that fans in minor league cities were listening

Sanford's Tennis Champions Enter State Tournament

Will Leave Today For Gainesville To Play In Doubles, Singles

Four of the five tennis champions of Seminole High leave this afternoon for Gainesville to enter state tournament play beginning tomorrow on the University grounds tomorrow. They will be accompanied by Coach Leonard McLucas who is confident the boys will show up well in competition with the winners in other districts. Sanford enters the state meet by virtue of its defeat of Orlando, DeLand, New Smyrna and Apopka.

The four composing the team entering the tournament in Gainesville are Billy Zachry, Herbert Smith, Charles Robinson and John Morgan. Julian Adams, who helped Sanford defeat other tennis teams in this district, was unable to go to the state meet. Zachry, Smith, Robinson and Morgan will enter both singles and doubles play. The only man who participated in the finals of either tennis event last year who is entered again this year is Enwright of St. Petersburg, who paired with Jack Bushman last year and lost to Goernsey and Huppell.

The tennis entries lack the stars that last year's tournament boasted. Frank Goernsey, Orlando, last year's singles champion, as well as double's winner, is a freshman at the University of Florida as is his doubles partner, Sonny Phipps. Orlando won the tennis tournament in 1935 by virtue of winning the doubles as well as the singles.

The field will be in first-class shape for the opening of the season next week, the superintendent said.

Daytona Goes To Top Of League By Beating Palatka

Azaleas Shut Out By Islanders Who Get 10 Runs On 13 Hits

DAYTONA BEACH, Apr. 29.—Moose Fralick pitched another five-hit game as the Islanders shut out Palatka, 10 to 0, here yesterday and replace the Azaleas at the top of the league.

The big right hander struck out nine men and didn't leave a single base on balls as the Islanders cut loose with a 13-hit attack on Allen and Tolbert.

Allen gave up 10 hits in seven innings. Tolbert was nicked for three safe blows. A home run by Morton in the first inning scored Hosnak.

Mittleman, who led the Daytona Beach attack, knocked a home run to centerfield in the seventh to score Boris and got a pair of singles.

Gainesville Won Tuesday Against Sanford Rookies

G-Men Score 4 To 1 Win In First Game With Stuffy's Nine

Using only a few of his best players, Manager Stuffy McCrone of the Sanford Lookouts sent second string men into the game with the G-Men in Gainesville yesterday, and lost. Gainesville scored four runs to Sanford's one. Stuffy said the rookies had to be tried out so it could be determined what men should be kept and who should be allowed to travel, and it was deemed best to use them in the game with the weakest team in the league. As a result of yesterday's game, Sanford drops to the cellar with Gainesville. The G-Men have been in that lowly position every since the season opened.

But the Lookouts hope to win today. Some of the stronger men were to be in the lineup. Yesterday's game in Gainesville was a low-hit contest, the Sanford club collecting six and the Gainesville team five; Wildness on the part of McCown, the starting Lookout hurler, and five errors affixed contributed to a large part of the G-Men scoring.

In the ninth, the Sanford team filled the bases with none down, but Albritton tightened down and made the next hitter pop up to the infield, struck out the next, and caused the third to fly to the outfield, holding them scoreless in that inning.

Cubs Defeat Giants In 39 To 6 Contest

The Cubs defeated the Giants, 39 to 6, in Tuesday evening's Lions League game. Drummond pitched for the Cubs and allowed only four hits. He also made a home run. Dale, Giant pitcher, allowed 18 hits. Meyer caught for the Cubs and Palmer caught for the Giants.

In Monday's game the Yankees defeated the Red Sox, 5 in 9 1/2 innings and 4 runs; off Lopez 6 in 1 1/2 innings and 5 runs. Wild pitch; McCowan, losing pitcher; McCowan, umpire; Campbell and Graham. Time of game 1:51.

Clements' Share Of Townsend Plan Was Near \$78,000

No Money Was Put In Pension Movement By Ex-Secretary

WASHINGTON, Apr. 30.—Robert E. Clements, well-known promotional genius of the Townsend Plan, told the House committee investigating pension movements that he had taken nearly \$78,000 out of the movement. Mr. Clements thought that since the day, two and a half years ago when Dr. Francis E. Townsend first made him "see the light," (Old Age Revolving Pensions, Ltd.) had yielded the pair of them "about \$130,000." Asked if he had ever put any money into the plan himself, Mr. Clements replied with a smiling negative. The money that laid the golden eggs in the Townsend Plan was "The Townsend Weekly," founded by Dr. Townsend and Mr. Clements together last March. The "Weekly" was a great success from the start, for it was established when the Townsend Plan's lean times were over and a fatter day had begun its circulation at one time was 250,000, and its pages were crammed with advertisements, many of them of patent medicines. Consequently, a few months after its establishment Dr. Townsend was able to pay \$7,500 in dividends on his ten shares, and Mr. Clements a like amount on his ten.

Then, recently, a coolness set in between the two men, who had come to know each other when Mr. Clements hired Dr. Townsend as a real estate salesman in Long Beach, Calif. Newspapers and magazines were hinting that Mr. Clements was the "brains of the Townsend Plan," and Dr. Townsend called the lawyer "The Boss" and "The Man." After conference, they decided to declare another dividend on the "Townsend Weekly" stock. This time there was more than \$100,000 in the paper's treasury. They each received \$25,000 for their share, and then Mr. Clements decided to sell his ten shares of stock in the "Weekly" to Dr. Townsend. Dr. Townsend accepted the offer, and paid Mr. Clements his \$25,000 dividend for the shares, thus bringing Mr. Clements' takings from the publishing enterprise up to \$78,000. Besides this money, Mr. Clements received, in salary, expense money, profits from the sale of other literature, salary from the "Weekly" and other O. A. R. P. sources the sum of \$20,381.25 or a total of \$98,381.25 for his thirty months' work for the plan into which all people paid 10 cents a month in the hope of receiving \$20 a month from the government some day. The plan, indeed, was like a snowball. By the new year the O. A. R. P. organization was well established, and the money was coming in regularly. He drew a weekly salary of \$100 from the movement, received \$14,973.75 in expense account payments, and drew a pro-rata share of the \$1,043.62 expenses of the Washington apartment which he and Dr. Townsend kept up together. Then after the "Weekly" was founded in March, 1935, he got \$120 in salary from it, and sales of other literature brought in \$385. This year his salary was boosted to \$250 a week by O. A. R. P., and before he left the plan he got

Reformatory Is Stop Sign On The Road To Alcatraz; 1st Offenders Get Chance

By WILLIAM M. PINKERTON —(AP)—In a prison built on the right path, young men who were once "lost" are being given a chance to turn their backs on crime. Supt. Joseph Sanford says all but two of the 24 buildings of the federal industrial reformatory here, housing 1,300 first offenders against national laws, were built by the inmates. A chair factory and another small dormitory to house disciplinary "problems" will be completed by the inmate workers this year. Inmates do most of the cooking and baking, run the prison laundry, scrub the floors and polish the brass. The prison farm produces vegetables, milk and pork for the mess.

Construction work. All the iron beds of the institution and much of the other metal equipment and woodwork were turned out in prison shops. "If there's anything of a mechanical nature that we can manufacture here, we do it," Sanford explains. A chair factory and another small dormitory to house disciplinary "problems" will be completed by the inmate workers this year. Inmates do most of the cooking and baking, run the prison laundry, scrub the floors and polish the brass. The prison farm produces vegetables, milk and pork for the mess. The typical Chillicothe guard frequently serves as keeper, foreman and teacher all in one. He is also a disciplinarian, looking for trouble to prevent escapes, he may be a skilled tradesman, capable of bossing the job and instructing the men in their trade. Two nights a week the shop crews are given instruction in the techniques of the trade at which they are working. And one after-noon a week is devoted to studying the theory of the trade. As shops were added to the prison plant, inmates were able to take over more and more of the

Spain's Premier Chief Mainstay Against The Reds

By ALEXANDER H. CHILMADRID, Apr. 30.—(AP)—Manuel Azana, Spain's stocky, thick-set premier, is being called Spain's chief bulwark against revolutionary socialism and communism. Head of a leftist government that depends in great part on those very forces for support, his job daily increases in complexity as members of his coalition clash in bloody strife with fascists of the extreme right. With the old monarchist party in a state of political impotency, the communists and revolutionaries are trying to run the republicanism system. Premier Azana sometimes has been called the Kerensky of the Spanish revolution, for many predict that after him will come communism as it did in Russia. His closest friends don't like the comparison and point out with differences in the character of the two men. The new premier is not content with mere oratory. A month after the new government had been formed he had yet to make his first speech. Instead he had been plugging along contently, the structure of the new government, giving the extremists certain amount of rope to let of the steam of the election victory jubilation, but stepping in when the situation developed violence. That he can be hard when he feels the necessity is generally conceded. In fact one of his rightist charges against him in the election campaign was that his 1933 government had shown unnecessary brutality in putting down an anarchist uprising.

One of the main jobs that Premier Azana has been pushing is division of Spain's large estates among the peasant farmers. The law for the division of these estates was adopted several years ago but was allowed to slumber through the rightist regimes of 1934 and 1935. This law has again been put into full operation and thousands of farm-workers are being assigned small tracts weekly. In some of the provinces impatient workers have taken lands or staked out claims on their own hook. This was particularly true in the province of Badajoz where agricultural laborers floored out of their villages and took possession of estates under divisions worked out by their own organizations. The government, insisting that the land must be divided according to law, faced by the old tradition that says: "Get the peasants on the land and nothing will get them off." One of the main complaints of dispossessed proprietors has been that compensation granted them has been far below the actual value of the land. The valuation is worked out on the basis of the taxes paid and the government answer has been that if proprietors for years have been defrauding the government by paying only glorified low taxes, the fault for present low values is their own.

SAVE 76c On VITA-MIL Friday and Saturday Only All Who Suffer, Don't Buy MEDICINE Until You Read This!

Don't go on suffering a sick run-down, worn-out feeling any longer. Just take the coupon and 49 cents to Laney's Drug Store, Sanford. In return they will give you a generous \$1.25 size bottle of VITA-MIL. Then watch how this quick, easy way sweeps from your system the poisonous wastes and acids that cause your aches, pains and weakness. WHAT IS IT? Vita-Mil is a formula consisting of more than 20 herbs which are blended together in one liquid compound. Taken shortly after meals, it mixes with one's food, thus throwing off the poisons that foster stomach troubles and permitting the liver and kidneys to function properly. It acts within ten minutes to stop belching and gas and will remove impurities that may have been inside of you for a long time. It will clear out old fermented substances, half-digested food and other impure matter. Often the stomach is half-filled with such impurities, and form a "coating" on the intestine lining causing stomach trouble. The removal of these substances permits the gastric juices to flow freely, makes the digestive organs sweet and clean and gives complete relief from shortness of breath and dyspepsia. Likewise it has a great action on the liver, kidneys and bowels, and thus, cleanses and improves the whole system. Vita-Mil does not contain alcohol nor a single habit-forming drug. It is greatly different from any other remedy and contains more ingredients than three ordinary medicines. NOW IS YOUR CHANCE. Now is your chance to swing back to health—to have once more that feeling of pep and vitality which makes you glad just to be alive and breathe God's air. Now is your chance to regain been appetite, sound digestion, calm nerves, deep slumbers and a body that is working normally to throw off poisonous wastes. Get a bottle of VITA-MIL, a liberal \$1.25 supply for only 49 cents. Act now. This offer positively will not be repeated, so clip the coupon and take it to your drug-gist today.

Sanford Lady Finds Relief In Vita-Mil

Mrs. Nellie Weiborn of 409 W. 18 St., Sanford, Fla., says: "For the past 9 years had been ill most of the time, suffered from low blood pressure, back ache and constipation. My kidneys and liver gave me trouble and a times the joint of my hand were so swollen that I couldn't of Sanford close my fingers. I owe it to my mother and sister, who live in Hattiesburg, Miss., that I feel better now, for they had written me to take Vita-Mil, which has given them great relief from their ailments, to get relief. I acted on their advice and how I feel better than I had for years. The back-aches are gone, my liver and kidneys are functioning properly, my bowels are quite regular, my hands don't swell now and I really feel 10 per cent better generally. I give Vita-Mil all the credit for this change in my health and I am glad to recommend it to all who suffer as I mightly good medicine."

"See the Norga before you buy!"

Picture the average Norga owner. Before she buys her refrigerator, she looks at three different makes—chooses Norga. The reasons for her choice are (1) convenience, (2) economy, (3) mechanical superiority and (4) responsibility of the manufacturer. The survey that brought these facts to light also disclosed another very significant fact. After this average owner has had her Norga for a period of time, she finds that it is even better than she had expected—better in the essential qualities of convenience, economy, cleanliness, dependable performance. And remember, the Rollator Refrigerator we are offering you today is improved in every part—improved in styling, in flexible interior arrangement, in convenience features, in efficiency, in economy of operation. It is, by a wide margin, THE ROLLATOR COMPRESSOR. Now you're getting better value for your money than you ever had before. Norga Refrigerator—improvement in every part.
