Feds Are Underdogs Against Eustis Three

Seminole High's cage team will be the underdog tonight when they go to Eustis to seek revenge for a previous 22 to 20 defeat handed them by the highly-rated Eustis five.

With three first string members back from last year's conference champions, Eustis undoubtedly will be favored tonight. Sanford's recent 44 to 18 lacing by Daytona did nothing to alter this situation, although, by the laws of sports psychology, the Feds should be raring to go, while Eustis should be supremely overconfident. If such should be the case, a close game is in prospect.

Moore Goes From Braves To Yankees

BOSTON, Feb. 6.—(AP)—Secretary John Quinn, of the Boston Braves, announced Thursday night that Outfielder Gene Moore had been sent to the New York Yankees to complete the deal for Tommy Holmes, recently acquired outfielder.

First baseman John "Buddy" Hassett already had gone to the New York club for Holmes in the exchange, which called for cash and two Boston players. Moore, a seasoned outfielder and an average hitter, was handicapped by injuries last year with the Braves.

Sanford, in second place four full contests behind the leader, suffered three consecutive losses by Duke's Tavern.

In other matches, Pepsi Cola took the Grapette outfit for three straight, while Lucky Boy won two of three games from Coca Cola. T. Bolly and Bill Thorne came through with excellent shots, when both made a 6-7-10 split.

New members bowling this week were O. L. Shuman and Billy Wallace. Any other bowlers who would like to join a team in the league are asked to go to the bowling alley and "get acquainted."

The standings:

	W	L
Royal Crown Cola	11	1
Spencer Hardin Dairy	7	1
Coca Cola	6	6
Pepsi Cola	5	7
Dukes Tavern	5	7
Grapette	5	7
Lucky Boy	5	7
Seminole Tire Shop	4	8

Large Crowds Turn Out At Kennel Club

LONGWOOD, Feb. 6. (Special)—The sixth week of racing at the Sanford-Orlando Kennel Club opens tonight with another good card on schedule. Return of warmer weather has brought the crowds out in larger numbers the past two nights.

Tonight's feature race is a 5-16th with a well-matched field with Fast, Furry, Eric, Gay, Dap, Dap, Mint, Grand Sis, Daisy Mint, Starry Flag and Extra Special.

The sensational winning streak of the eighth dogs continued thru Wednesday night. Four of the 11 races Wednesday night were won by dogs in the outside post position, making a total of 11 victories in the last 22 races at that time.

U. S. Army Air Force Will Have Million Men By End Of '42

BALBOA, Panama Canal Zone, Feb. 7 (AP)—The United States Navy today announced the loss, through accident, of the submarine, S-34, in 301 feet of water with only three survivors.

WASHINGTON, Feb. 7. (AP)—The War Department announced today that the Army Air Force would be expanded to a million officers and men this year, and "double that number later on."

As part of the expansion plan, some cadets at West Point will be graduated as pilots and then serve a year for air training, which will be completed after graduation. The new goal for the Air Force will be to have the service expanded to a million men.

A Japanese cruiser was sunk, another damaged and a submarine hit today by the Dutch navy off Amboina, in the East Indies, according to the Dutch navy. The Dutch navy said it was the second largest Dutch base, is virtually in enemy hands.

Japanese heavy artillery, concentrated on the southern shore of Manila Bay, in the Philippines, yesterday shelled and heavy tanks in the bay but inflicted no material damage in a three-hour assault, the War Department announced.

American bombers answered with "blistering" replies. In the skies over General Douglas MacArthur's headquarters on the Philippines, two U. S. fighters battled four Japanese bombers and shot down one.

Despite Gen. MacArthur's success in maintaining resistance in the Philippines and heavy tolls exacted on the enemy elsewhere, Washington military experts expressed the opinion that the Japanese losses in men and ships in the far Pacific had been far more than balanced by the territory overrun and strategic points taken in almost two months of fighting.

The situation was very serious, these experts said, and the Philippines were to be expected to fall. Only the delivery of vast reinforcements can turn the tide of battle, they added, and at this time reinforcements on the scale required are not available.

The War Department requested yesterday that General Emilio Aguinaldo, Philippine independence leader, be asked to declare the Philippines free of Japan, and to appeal to General Douglas MacArthur's forces to withdraw.

Speaker Says Japan Made Peace Offers

WINTER PARK, Feb. 7.—(AP)—Col. Thomas T. Egan, former secretary to Generalissimo Chiang Kai-shek of China, declared today that Japan had made peace offers to the Chinese.

Among them, he told the Rollins College Institute of International Relations, was one in which Japan promised to conquer India-China, Thailand and Burma and give them to China as indemnity for the loss of Manchuria and an unspecified northern province.

New Motor Mechanics Class To Be Started

Teachers Will Give Out Sugar Ration Books

Henderson Issues Details Of Plan; Will Crack Down Hard On Hoarders

WASHINGTON, Feb. 7.—(AP)—The nation's public school teachers were given last night the huge task of issuing sugar rationing books to every man, woman and child in the nation, and were directed to crack down on hoarders by withholding the sweet from them until their supplies are used up.

Price Administrator Leon Henderson announced details of the rationing program under which books containing stamps will be distributed entitling each individual to a strictly limited quantity of sugar—probably 12 ounces a week.

Only one person in each family will have to apply for the stamp books. He will be required to sign an application stating the amount of sugar in his household. All supplies over two pounds per person will be considered hoarded sugar, Mr. Henderson said.

As a discouragement to dishonest reporting of family sugar supplies the application will carry on its face the warning that false reports to the government are punishable under the Federal Criminal Code with penalties up to \$10,000 fine or 10 years imprisonment.

Each book will contain 20 numbered stamps, each good for the purchase of a definite amount of sugar—probably 12 ounces—during a designated week. The public school teachers, under supervision of local rationing boards, will personally supervise the registration of consumers, the issuance of books and the removal of stamps from the books of persons having excess supply.

"This action is necessary," Mr. Henderson said, "in order to place all sugar consumers on an equal footing. There has been a considerable amount of hoarding in recent weeks. In the meantime every patriotic citizen should reduce his normal sugar consumption by at least a third. Those who have hoards should stop buying more sugar and start using up their hoards. Retailers should continue limiting sales to individuals until the formal rationing plan is put into effect. And consumers should remember that the retailers are not responsible for the shortage."

The rationing of sugar is absolutely necessary as a war measure, the price administrator emphasized. "The facts are that we can count now on only about 5,500,000 tons of this year's crop against 7,900,000 tons in 1941. That means a one-third reduction must be made in both household and industrial consumption."

Mr. Henderson explained the major reasons for the decline in supply as being threefold: "Sugar cane is required to make molasses from which alcohol can be derived for manufacture of smokeless powder. Cut-down on sugar means more powder for our soldiers. Secondly, our imports from the Philippines have been cut off and those from Hawaii will probably be curtailed. Third, our allies have lost some of their supply sources and will draw in part on some of our surplus sugar."

Other OPA officials said that supplies of sugar for home fruit packing and canning would be made available under some system to be worked out in future months. This problem will not become acute until fruit and vegetable crops begin to come in.

British Bombers Entertainment Committee Is Strike At Axis African Forces

Russians Annihilate 600 Nazis In Two Sectors Of Front

(By Associated Press) British fighter planes and bombers lashing Axis spearheads in Africa today were reported destroying considerable Nazi vehicles. The Allies said there is no change in land positions. Meanwhile, the Russians claimed the rout of Germans on two designated sectors of the front and the annihilation of 600. The Soviets extended the fighting to three salients, one 35 miles from the Latvian border, another 30 miles from Smolensk, and the third between Kharkov and Stalino.

Russian front dispatches spoke for the first time in weeks of the invaders in a three-day period ending Thursday night. (Raher, important German defense junction north of Vyazma on the north-central front, was under Russian siege from three sides with German food and munition stocks running low, said a Free French agency dispatch from Stockholm to London.)

Some observers believed the Russian failure to mention any specific gains for days was caused by a general Soviet pause to reorganize their shock troops and supply lines. Raging blizzards in some sectors hampered offensive operations, but renewed Nazi thrusts indicated that the weather had relaxed in some zones. Meanwhile, British forces pushed back to the rugged western approaches to Tobruk will make a stand short of that battered port "from a line which can be defended and defended successfully," highly-placed British informants declared confidentially last night.

Indications were that General Sir Claude J. E. Auchinleck's Eighth Army already was organizing positions for such a stand. Officers of the New Smyrna Lodge of the Elks occupied the chairs and conducted the business session at the joint meeting of the New Smyrna and Sanford lodges here last night at the Elks' Lodge, Secretary W. J. Thilgen stated this morning. Contributions were made to the Elks' war relief fund, Mr. Thilgen added, and preparations were made to celebrate Fast Friday, Rulers' Night next Friday. At this meeting, it is expected that Karylie Householder will be initiated into the Order.

Nazi Report Allies Plan Taking Norway

BERLIN, Feb. 7. (AP)—German newspapers carried a lengthy report today from Stockholm that Prime Minister Churchill was laying plans for a large-scale landing operation on the Norwegian coast and hopes to have the support of the United States fleet.

The dispatch asserted, "Churchill was convinced of the necessity of the operation in the event of the outbreak of hostilities, even at the risk of losing further large quantities of British shipping."

George Washington signed the United States Constitution on April 16, 1787.

Boat Sortie Believed To Be Test To Discover Defense Plan Of Singapore Army

Long Range Guns Shell Vital City

Flaming Oil May Be Poured In Water To Halt Attacking Foe

(By Associated Press) Singapore's guns blasted Japanese invasion boats in the Johore Strait today, while Nipponese long range artillery dropped shells in the city. The boat sortie was believed to be a test for the reported British plan to pour flaming oil in the strait.

Some of the men, planes, ships and supplies have been removed from the Singapore naval base and from several airfields on this beleaguered island because they could not operate under Japanese shell fire, Lieut. Gen. A. E. Percival, commander of Imperial land forces here, disclosed last night at the end of a week of siege.

But he said firmly: "We will hold Singapore! There is no question about it." "Just because we do not see so many of our aircraft overhead and our naval units does not mean the air force and navy have abandoned Singapore," added General Percival.

"They have gone to places where they can bomb Japanese bases just as efficiently and build up our naval strength. The navy is continuing to do a lot of work around the island and Malayan shores under different circumstances."

The navy's rescue of nearly 1000 British troops who had been cut off in Malaya provided ample evidence of the heroic work British warships have been doing in Malayan waters.

The evacuation was carried out in several successive nights by fleet units operating under the very nose of the Japanese, and the Tommies now are helping to man Singapore's defenses.

Sanford Girls Receive Honors At Stetson U.

DELAND, Feb. 7. (Special)—Two Sanford students at Stetson University are listed among those receiving Honor Roll or Dean's List rating for scholastic work during the semester just closed, a release by Dean Harry C. Garwood revealed here today. Honor Roll lists numbered a total of 77 students at Stetson for the semester, while 24 students made Dean's List rating, the highest honor that Stetson bestows upon junior and senior students, requiring a 2.5 average, implying a near-straight "A" record.

The Sanford honor students are: Mrs. J. M. Garwood, who achieved in addition to Honor Roll rating, the coveted Dean's List. She is a senior in the College of Liberal Arts and is the daughter of Mr. and Mrs. James A. Strange.

All Reserves Called Into Active Duty

WASHINGTON, Feb. 7. (AP)—President Roosevelt issued an executive order today calling into active military service all organized reserve units not already in active duty.

Effective dates for calling these units will be announced later by the Secretary of War. Units not already in active fighting service were not detailed in the order.

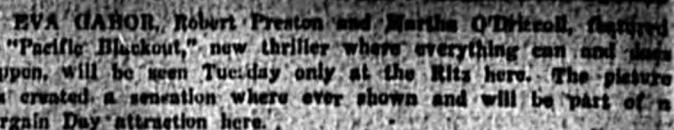

45 Survivors Land From Sunken Ship

EAST COAST CANADIAN POST, Feb. 7. (AP)—Forty-five survivors reaching here in three lifeboats reported today an enemy submarine had sunk their coastal freighter off the Canadian coast. Twenty-seven crewmen are missing. Vessels from this port are searching for the fourth lifeboat containing the remainder of the freighter's crew of 72.

RANGOON, Burma, Feb. 7.—The young man from Chicago came landing up at the old Burma city down, down at the rate of 140 miles an hour.

Somewhere near him he dashed Tomhawk plain. His back with the painted feathers grinning up at the sky as if the earth like a crazy man over his head, plowings, bowing.

The Georgian kar-falling half-broken steps of the wheel slipped annoyingly, he let it off and put it in the ground.

The revolving sky, the rattles, the clouds and passing green jungle made a chaos around him. No matter how restrained, he couldn't manage himself. And his country was ground.

RANGOON, Burma, Feb. 2.—The young man from China, came landing on the olive Burma sky-down, gliding down at the rate of 140 miles an hour.

Somewhere near him he dispatched Tomhawk plane. His back with the painted red feathers grinning up at the sky. He sat the earth like a crazy man over tall, plowman, to the Georgian kar-falling half-broken strays of the wheat flapped annoyingly in the air off and put it in the ground.

The revolving sky, the red riddles, the clouds and painted green jungle made a canvas around him. No matter how restrained, he couldn't manage to get his feet into the ground.

...sitting, and, if I could tell you what there are going to be like a year from now—or even tomorrow—I wouldn't be here. I'd be dead."

He looked out of the broad window and across the frost-bitten Mall for a moment.

"As a matter of fact," he said, "there are certain things we can say in attempting to draw a broad picture of what a year of war will bring as far as food, clothing and shoes and all the smaller things of life are concerned."

"I suppose most of us are wondering whether we'll have enough to eat. I don't think we need to worry about rationing or any kind of food and/or from abroad."

"One thing I'd tell you for sure—we won't have the experience of the first world war, when housewives bought penny candy for coffee because there was no sugar. We'd cut out the candy manufacturers first."

"We certainly going to have a make-up our minds to using a lot of substitute products and doing without some of the important things—like tea, oranges and coffee. There's plenty of wheat, of course, even for fine wheat flour."

"Outside of substitutes, we're greatest change we're likely to see in our groceries is the way they're packaged. This is to be expected. It's the only way to conserve space, to get the most use out of the same raw materials. In appearance, the packages will seem to be the same, but when you get the contents, you'll be surprised to see them."

"To furnish it, I suppose, they're going to use a lot of tin."

THE Moscow correspondent of the Moscow Times, in an article published in the Moscow Times, writes that the Moscow and Leningrad studios were recorded at the first short wave listening station reporting on extensive radio reception work undertaken in the area liberated from German occupation.

The Moscow radio set sale. The collective farmers of the entire Moscow region are working hard in preparation for spring sowing, repairing tractors and all agricultural implements. Soon the vast farm fields will be green and more on a land liberated from the invaders.

Now that the Germans have been hurled from the Russian cities of the Moscow region, the people have begun to give Boris life to the towns and villages.

Hundreds of small and medium-sized enterprises and co-operatives are being set up in the towns and villages. Increasing production, rapidly reconstituted and the population.

The Embassy staff in the same time has been reduced to the bare minimum from the 300 employees before the German occupation of the city.

During the German occupation, the staff of the Embassy was reduced to a bare minimum.
