# VISUAL NEWS of the WORLD in PICTURES

## ANOTHER CHUNK OUT OF NINGRA

Quindici, and the other Ningra Falls, N.Y., announced that for the first time in 100 years a whole chunk of rock had fallen from the mountain. The rock was the size of a house. The fall was on the morning of 20th June. The rock was 100 feet long and 50 feet wide. The water had passed over the rock, but it was not broken. (Associated Press Photo)

## MANY DIE AS FIRE TURNS HOTEL INTO ROARING INFERNO

This Associated Press picture provided a striking general view of the blaze which swept the Kerna Hotel at Lansing, Mich., causing the deaths of at least 15 of 200 sleeping guests. At least five of those who died were members of the Michigan legislature. Many were killed or injured as they leaped from windows or the roof into the ice-cold waters of the Grand River, or to the street.

## AFTER FIRE SWEEPED MOVIE STUDIOS

This scene of desolation—brightened only by the presence of Screen Actress Kay Francis—was left by the fire that swept half of the 80-acre moving picture studios of Warner Brothers—First National at Burbank, Calif. Estimates of the damage ranged from \$200,000 to \$300,000. (Associated Press Photo)

## THE ROYAL WEDDING

The bride, Princess Elizabeth, and the groom, Prince Philip, are shown in this picture. The bride is wearing a white gown and the groom is wearing a dark suit. They are surrounded by other guests and bridesmaids. (Associated Press Photo)

## Child Stars Grab Spotlight In 'New' Hollywood

The "new" Hollywood, scrubbed clean of its objectionable features in the recent drive for better, safer and saner pictures, turns the spotlight on its child stars, six of whom are shown here. (Above, center, is Shirley Temple, flanked by two young ladies who are challenging her right to top honors; Baby Jane (left) and Cora Sue Collins (right). Below, Baby Leroy (center, below) is receiving competition from Billy Lee (left, below) and David Holt (right, below). (Associated Press Photos)

## Lisa's Coming Back

Lisa Lindstrom, 22-year-old swimming star whose back was broken in an auto accident last summer, is shown in the sun at Miami Beach, Fla., where she is recovering from the injury which forced her to wear a steel brace. She has hopes of regaining, in 1936, a place as a United States representative in the Olympics. (Associated Press Photo)

## THESE GIRLS KNOW THEIR NEEDLES

Grandma in her chimney corner is not the only expert with needle and thread in these modern times. For example, here are four modern maidens who won first prizes in sewing in the National 4-H style contest at Chicago's International Livestock exposition. Left to right: Lucile Morris of Greenwood, Ind., maker of the best wool dress and school suit; Almetus McKinley of Vicksburg, Miss., best wash dress; Virginia Chailion of Autaugaville, Ala., best party dress; and Lorraine Havelly, of Mayetta, Kan., best street dress. (Associated Press Photo)

## WIDENERS THROAT OF GIRL

Throat and respiratory tract have been treated by widening the throat. The girl, who was believed to have received the treatment at Manchester, Mass., is shown in this picture. The girl is wearing a light-colored dress and is looking towards the camera. (Associated Press Photo)

## PRINCIPALS IN ROYAL WEDDING PARTY

Here is one of the official photographs taken at the wedding of the Duke of Kent and Princess Marina of Greece at Westminster Abbey, an event which captured the world's fancy. The royals of England, the bride's parents and the bridesmaids. Left to right: King George, the Princess of York (seated); Princess Nicholas of Greece, the bride's mother; the bride and the bridegroom; Lady Mary Cambridge (seated) Queen Mary; and Prince Nicholas of Greece. (Associated Press Photo)

## Amnesia Victim?

Dr. George H. Bigelow, director of Massachusetts general hospital at Boston and former health commissioner of Massachusetts, became the object of a nation-wide search after disappearing in the neighborhood of Farmingham, Mass., his birthplace. It was feared he was a victim of amnesia. (Associated Press Photo)

## PREFER PILLORIES TO HARD WORK

Refusing to work on the streets of Paintsville, Ky., in lieu of paying fines for drunkenness, these three mountain youths were locked in chains with 25-pound iron balls attached and placed on a corner of the main thoroughfare by order of Police Judge E. A. Patrick. Two hours later the weather grew cold and the judge ordered them back to jail. "We'll stay in jail the rest of our lives rather than do a lick of work," protested the prisoners who are shown above. Left to right, Oscar (Blackie) Felphay, James Price and William Dills. (Associated Press Photo)

## Friction Over Saar Territory Comes To Head

### Region Is Stirred By Shooting Of Civilian Witness Of Attack On Englishmen

**SAABRUCKEN, Saar Basin Territory, Dec. 17.—(A.P.)**—The shooting of a Saarlander yesterday in a violent clash between a crowd and the British captain of the Saar Civil Police brought increasing friction between foreign police officers and Saar inhabitants to a head today.

The fever of hostility growing out of the presence of Englishmen in administrative jobs at police headquarters reached a boiling point early yesterday when Captain James Justice, and a German girl were mobbed and beaten.

Geoffrey G. Knox, chief commissioner of the Saar Basin territory, immediately began a personal investigation of the whole incident, including a complaint by Prince Hubertus von Lowenstein, German exile, that he had been insulted by British officers in a cafe where Captain Arthur G. Hensley of England, chief of the Saar Civil Police, was present.

Since Hensley is a close friend of Knox and was brought to the Saar because of his fine war record, the position of Knox himself has been made delicate.

Saarbrücken was quiet today but foreigners were anxious for international troops dispatched at the request of the League of Nations to take over the situation.

Tension accompanying the approaching Saar plebiscite was increased yesterday by the wounding of a Saar resident and the beating by an angry mob of a British member of the League of Nations international police force.

A bullet from the pistol of Capt. James Justice, an Englishman, (Continued On Page Four)

## Control Board Sees Food Costs Rising

**TALLAHASSEE, Dec. 17.—(A.P.)**—The State Board of Control today proposed increases of three to five percent in the operating budgets of institutions under its direction. Part of this, it was explained, is necessary to allow for possible increases in the cost of food stuffs.

The Control Board met with the State Budget Commission which will consider the budgets for recommendation at the next Legislature.

The Governor informed the Control Board that he had asked every state institution to submit, through the Florida Planning Board, suggestions for a long-time plan for the erection of new buildings.

Such buildings, he said, will be based on a basis of conformity to plans for other buildings as they become necessary in the future.

## Steel Industry To Be Modernized

**CLEVELAND, Dec. 17.—(A.P.)**—A hundred million dollar program of new equipment is today's answer of the steel industry to the contention five years ago that it then was already far overbuilt. The biggest item in the program of new steel mill equipment is that of United States Steel Corporation which has pledged \$40,000,000 worth of modernization in the coming year.

Huge plants and new processes which five times as great as the present time demands for its products. Dozens of plants were shut down and others were working on a part time basis. Today, the new program shows how far the situation has changed. Automobile manufacturers and railroads are expecting to use much greater quantities of steel, one factor in the matter.

## Bank Interest Rates Ordered Reduced Feb. 1

### Action Held As Prod By U. S. Officials To Business Recovery

**WASHINGTON, Dec. 17.—(A.P.)**—Federal officials applied a powerful "cheap money" prod yesterday to business recovery by reducing the maximum interest payable by 13,000 banks on \$11,000,000,000 of time and savings deposits from three to two and one-half percent.

The new rate becomes effective Feb. 1. It was fixed jointly by the federal reserve board and deposit insurance corporation with this frank purpose:

"The reduction in the deposit rate is in harmony with the prevailing downward trend in interest rates and is expected to support the trend, particularly in regard to rates on long-time money, which are an important factor in business recovery."

"The decrease in rates on time deposits should have a tendency to bring about a decline in the cost to borrowers and to encourage depositors to seek investment for their idle funds."

"A more favorable capital market may be expected to create a more favorable mortgage market as well as encourage refunding operations and the undertaking of new capital projects generally, a development essential to recovery."

These words were used by the (Continued On Page Three)

## Slain Woman's Last Thought Was Of Baby

**WUHU, ANHWEL, Province, China, Dec. 17.—(A.P.)**—Mothers of this little missionary community were lavishing care and attention yesterday upon little Helen Frisell, the murdered American mission girl, Mr. and Mrs. J. C. Stain.

The infant's escape from the cruel fate that befell her father and mother was regarded as little short of miraculous.

Discovery of clean extra napkins and ten dollars wrapped in the child's clothing was taken here to mean the unfortunate mother's last thoughts before her public execution at the hands of Chinese brigands were of her child.

## Citrus Growers Urged To Use Care In Pruning Trees Blighted During Freeze

**GAINESVILLE, Dec. 17.—(A.P.)**—Citrus trees injured by recent cold should not be pruned immediately and there is little growers can do for them until they have had sufficient time to ascertain the damage that has been done in the opinion of citrus specialists with the University of Florida experimental station and agricultural extension service.

The workers explained that injured trees after an early freeze need to receive different treatment from those after a late winter freeze like the one in 1928. There is the possibility of another freeze this winter, they said, and if trees have more time to recuperate and put out a new flush of growth, the

workers feel a cold as low as 26 degrees would do them a lot of damage.

As an insurance measure to save the trees in case of another severe freeze, they suggest that growers either bank their trees soon or be ready to do the job quickly.

As to fertilization, they say the fall application should be sufficient for the present, but the regular late winter application will be needed to assist the trees in showing out and developing new growth.

To rush out with an extra application of nitrogen or other quick acting fertilizer now would encourage new growth on the partly defoliated trees and put them in a condition where they would be more susceptible to damage from a later freeze, they said.

## Power Issue Compromise Seen As Near

### Industry Spokesman Who Holds TVA As Unconstitutional Meets Roosevelt

**WASHINGTON, Dec. 17.—(A.P.)**—The issue of giant power and the government's attitude toward it leaped to the forefront today with the disclosure that Thomas N. McCarter, spokesman for a broad segment of the industry, expected to visit President Roosevelt before night.

The White House call by the man who heads the Edison Electric Institute and the Public Service Corporation of New Jersey underlined recent talk in the capital that moves are afoot for a "compromise" between the Administration and those opposing its power policy.

McCarter declared war last week on such public projects as the Tennessee Valley Authority with its "yardsticks" of federal power.

Robert H. Burns, 42, electrical engineer by profession, died at the Fernald Lighthouse Memorial Hospital late yesterday afternoon of internal injuries he received in an accident at Sanford Avenue and Tenth Street at about 7:30 o'clock Saturday night.

Funeral services were held at the Erickson Funeral Home at 3:30 o'clock this afternoon. Rev. Wm. P. Brooks, Jr., of the First Baptist Church officiated, and burial was in Lakeview Cemetery.

Followers were J. A. Williams, Irvy McClane, Walter Braden, W. H. Tomlin, C. F. Proctor, and H. C. Washburn.

Mr. Burns was injured when his bicycle collided with an automobile being driven West on Tenth Street by W. J. Rhodes, local insurance agent. A coroner's jury viewed the scene of the accident this morning in company with Sheriff J. F. McClelland and Justice of the Peace J. C. Roberts.

The jury gave the opinion that Mr. Burns died as the result of an "unavoidable accident."

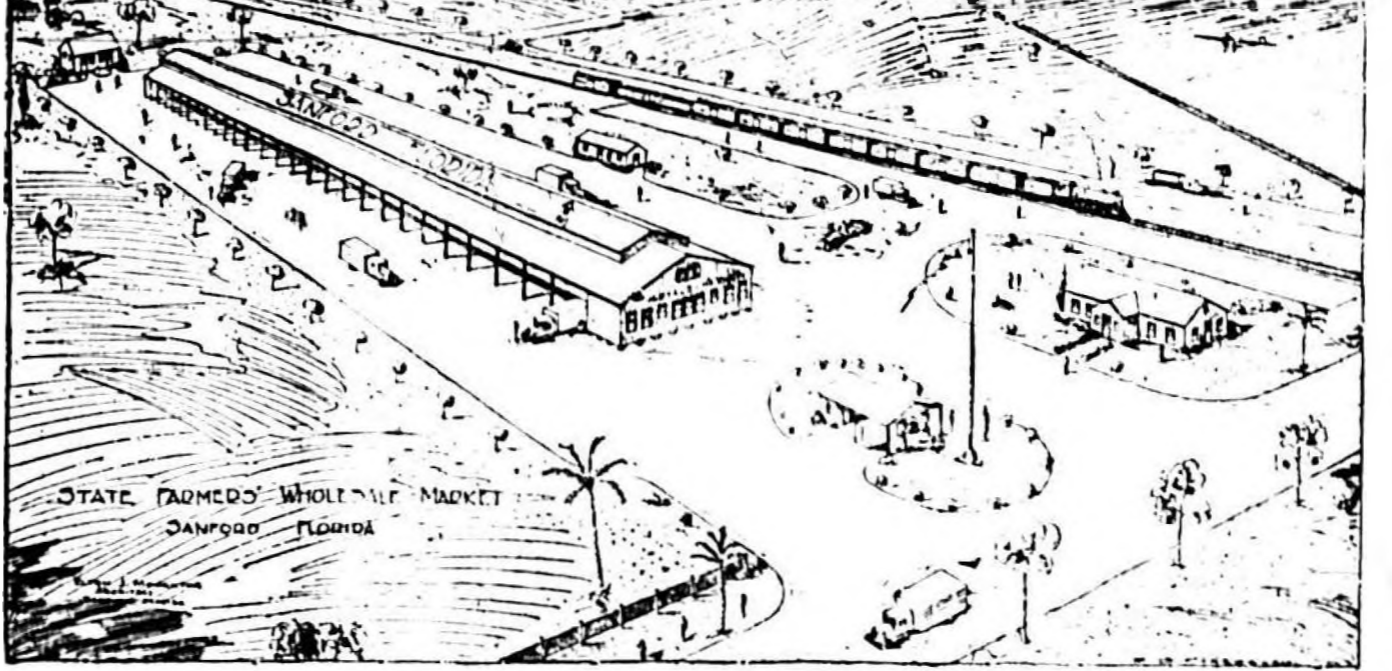

According to testimony, Mr. Rhodes was driving away from the Wright Bros. filling station. He turned off Sanford Avenue into Tenth Street, his car in second gear. Just as he had swung the corner, he saw a man on a bicycle directly in front of the car and jam a few feet away.

Mr. Rhodes said he applied his brakes and that the car was virtually stopped. Mr. Burns, however, the testimony shows, apparently could not stop his bicycle in time to prevent an accident.

The impact of the collision threw him against the radiator, and although he did not appear to be hurt when Mr. Rhodes and others went to assist him, he became ill late Saturday night. An operation was performed Sunday, but the effect of his injury appeared beyond relief.

Mr. Burns was born at Danville, Ill. on July 6, 1892, and he had resided here for the past four years. He is survived by his widow, Mrs. Orrie J. Burns, and five children, Robert Burns, Thelma Burns, Ruth Burns, John Burns, and Marcelus Burns. The family resides at 1219 Myrtle Ave.

## \$30,000 STATE FARMERS' WHOLESALE MARKET TO BE DEDICATED TUESDAY

Above is an architect's drawing of the new State Farmers' Wholesale Market which will be dedicated with elaborate ceremony at 2:30 o'clock tomorrow afternoon.

## Most Of Large Incomes Of 1932 Found In East

### New York Alone Has 8 Of 20 Million A Year Individuals

**WASHINGTON, Dec. 17.—(A.P.)**—Rich Eastern states took a major share of 1932's big incomes with New York alone claiming eight of the 20 million year individuals in the entire country.

New Jersey was second with four in the million or more class. The others included Pennsylvania, North Carolina and Illinois with two each and Michigan and Delaware with one each.

The two largest net incomes for 1932, listed between \$1,000,000 and \$5,000,000 each, were in New York. The Empire state also reported the largest share of aggregate individual net income with \$2,741,651,296 out of \$11,655,790,008 for the whole country and the largest share of \$709,150,000 out of corporation net incomes aggregating \$2,154,111,000.

Details on 1932 incomes were made public by the treasury yesterday.

In 1932, the treasury said, 427,430 individuals filed returns of which 1,999,000 were taxable. The average net income was \$4,000 for all returns and \$9,250 for taxable returns.

The gross income of all reporting corporations was \$11,000,000,000, the net \$2,154,111,000 and the tax liability \$286,031,000 of \$1,025,078,000 in cash and stock dividends paid by corporations, including filing income tax returns totaling \$1,972,110,000.

Major sources of 1932's \$11,000,000,000 income included \$81,000,000 from salaries and wages, \$81,972,110,000 from dividends and interest.

## Well Assaults Sloan For Recent Address

**NEW YORK, Dec. 17.—(A.P.)**—Matthew Well, vice president of the American Federation of Labor, last night accused Alton Sloan, Jr., president of General Motors, of "attempting to deceive" the Roosevelt recovery program "by your new law campaign."

He assailed Sloan's speech before the Illinois Manufacturers' Association in Chicago on Dec. 11, and said the General Motors "not only takes issue with the other motor magnate, Henry Ford, and with Franklin D. Roosevelt, but with Herbert Hoover, squarely reverses his own position of two years ago."

## Public Cash Registers Are Ringing Song Of Prosperity In Every Part Of Florida

**TALLAHASSEE, Fla., Dec. 17.—(A.P.)**—If you ask Florida's tax collectors "how's business?" They'll tell you it's booming.

The public cash registers at collecting time of better times as the ringing open and shut to receive the breaking amounts of tax collections.

A forecast of four percent allowed for tax payers during November accounted for some of the collections, but generally over the state the tax collectors reported

## Coughlin Blasts Muniton Makers For Activities

**DETROIT, Dec. 17.—(A.P.)**—African muniton manufacturers are "unhandful of muniton," the Rev. C. E. Coughlin charged in an address yesterday that he actually kept out of the muniton business during the world war and out of fear of offending Japan and Italy, and that his state departments will not press a sale of a secret process to Japan.

The priest said he referred to the "unhandful" of muniton of the Rev. C. E. Coughlin, who charged in an address yesterday that he actually kept out of the muniton business during the world war and out of fear of offending Japan and Italy, and that his state departments will not press a sale of a secret process to Japan.

## Hauptmann Charges To Be Aired Jan. 2

**BIRMINGHAM, N. I., Dec. 17.—(A.P.)**—Bruno Hauptmann will go on trial Jan. 2 charged with having caused the skull fracture from which Charles A. Lindbergh, Jr., died shortly after he was taken from his crib in Hopewell the night of Mar. 1, 1932.

The formal reply of the state of New Jersey to the demand of defense forces that it amplify its indictment by supplying the method and manner in which the child died, was a complete rejection of the crumpler's version.

## Clara Bow Achieves Her Heart's Desire

**SANTA MONICA, Calif., Dec. 17.—(A.P.)**—Clara Bow, the "It" girl whose screen career was launched in a beauty contest and she became the red-headed standard bearer of "flamingo" youth, yesterday achieved her heart's desire by becoming a mother.

Clara, now the wife of Rex Bell, film cowboy here, gave birth to a son, weight seven pounds and a half, at 4:10 A. M. in the Santa Monica hospital.

## Notables To Be Here For Dedication

### Public Urged To Join High State Officers In Ceremonies Set For 2:30 Tomorrow

High state and civic officials, including W. R. Smith of Tallahassee as a personal representative of Governor Sholtz, will be in Sanford tomorrow to participate in the dedication of the first State Farmers' Wholesale Market in Florida.

While FERA workmen today were busy putting the finishing touches to a portion of the more than five foot long market building, Chamber of Commerce officials handling the dedicatory ceremonies announced that the guest list includes names identified with the agricultural development of this state.

The list includes: W. R. Smith of Tallahassee, secretary to Governor Sholtz; Congressman Joe Scales of Jacksonville; Commissioner of Agriculture Nathan Mayo; State Comptroller J. M. Figg; State Marketing Commissioner J. M. Rhodes; State Senator J. J. Parrish of Titusville; State Marketing Specialist S. W. Holt of Jacksonville; G. P. Swope of Orlando, district FERA administrator, and city officials and county agents from nearby towns.

The guest list also includes J. P. Walker, general superintendent of the Atlantic Coast Line Railroad, who recently succeeded the late R. A. McNamee. It is Mr. Walker's first public appearance in Sanford, and Coast Line officials here are planning a warm welcome.

While the dedication tomorrow of the State Farmers' Wholesale Market did not in itself open the sale of products, the honor of being the first person to attend a quantity of vegetable and announce himself as "ready to trade" today went to William Williams of Orlando, one of the first out of town dealers to rent a stall.

Mr. Williams arrived here this morning with a load of tomatoes, watermelons, cucumbers and peppers and stored it in the open-air market last night. He is chairman, Miss Susan Williams was at the wheel of the truck, first to link up to the platform and she was delighted over the honor she had won.

A vocal dedication of the Market will follow a public luncheon at the Waldorf Hotel tomorrow at 12:15 o'clock. The Chamber of Commerce arranged for this feature of the program through the cooperation of the Sanford Rotary Club, and 30 minutes of the luncheon program will be broadcast over Station WDBO at Orlando, starting at 12:40 o'clock.

While the public is invited to attend this luncheon, stress was laid today on the fact that only 25 cents will be available, and all persons expecting to attend must make reservation at the Chamber of Commerce office before 10:00 o'clock tomorrow morning.

The luncheon meeting will be held to be held at 12:15 o'clock by S. O. Schindler, Rev. Martin J. Brann will deliver the invocation after which Harry M. Papworth of the Chamber of Commerce will be introduced to provide over the meeting.

## Agriculture Department Issues Extra Report On Crop Loss Caused By Freeze

**ORLANDO, Dec. 17.—(A.P.)**—The Department from the state for the next six weeks will be negligible. The Department of Agriculture was severely damaged from low temperatures and most fields were frozen. It will be a few days before any accurate estimate can be made of the damage.

While there was no actual loss of acreage of citrus reported, the ultimate yield of the older groves will be cut considerably.

Practically the entire vegetable crop was destroyed and the sweet corn and lettuce crops badly damaged.

With the exception of a few peppers in Broward county and a few left on Terra Ceia and Seward farms in Manatee, the fall and winter acreage in other areas was (Continued On Page Four)
