U.N. Indorses Security Plan Without Veto

Assembly Agrees To U. S. Resolution By Large Majority As Reds Are Defeated

ROME, Nov. 3—(AP)—The European committee of foreign ministers, at a closed door session here, refused today to take any action on the proposal for a unified European army for defense against Communist aggression. The action was taken, informants said, because of the determined insistence of the British delegate, undersecretary Ernest Davies, that the European council, in its charter, was not competent to act on matters of defense.

NEW YORK, Nov. 3—(AP)—The U. N. General Assembly ratified today Secretary of State Acheson's plan for a veto-free system of collective security on a world basis.

Backers of the plan said it was designed to discourage any new Korean-type aggressions.

It will prevent a freezing of U. N. peace preserving activities by a veto in the Security Council.

The resolution calls for a peace patrol to check on the world's trouble spots, the calling of emergency assembly sessions on 24 hours notice and the earmarking and training of military units by member nations for U. N. use.

By overwhelming majorities the Assembly voted down a series of Soviet amendments which would have emasculated the resolution.

The voting was a long process, with the count being taken first by sections and then on the entire plan. The vote on the whole resolution was 82 to 5 with 2 abstaining.

The Soviet bloc cast the five opposing votes. India and Argentina abstained. Lebanon was absent.

After the result was announced, Assembly president Nasarwanji Entezam of Iran said the resolution was the most important of the 1950 session and perhaps constituted the most far-reaching action ever taken by an Assembly.

He told the delegates: "It is now for us to show the world we are uniting for peace."

The resolution was guided through the 60-nation political

Indians Express Anger At Chinese Assault On Tibet

Tibetan Forces Fall Back On Pemba Go As Reds Drive On

Judge M. B. Smith Convenes Circuit Court On Tuesday

Circuit Court will convene Tuesday morning at 10:00 o'clock in the fall term with Judge M. B. Smith presiding. O. P. Herndon, clerk of the court, announced this morning.

A total of 16 jurors have been summoned from which group a Grand Jury consisting of 18 persons will be selected.

The Grand Jury will then retire to take up such matters as may be presented to them.

The time of the reconvening of the court for trial of civil and criminal cases, if any, will be determined by the Judge, said Mr. Herndon.

Judge Smith arrived this morning to confer with Sheriff P. A. Merlo, and State Attorneys Murray and Hubert Griggs regarding the term dates.

The service of injunctions includes Horace M. Cochran, Milton A. Lusk, Polk D. Slavton, John Duda, H. J. Russell, Robert D. Strong, Mrs. Gabe Stewart, Michael Maury Crews, G. W. Johnson, Walter E. Price, L. A. Shriner, Windell Bradby, J. L. Perkins, E. A. Monforton, W. C. Hill, Roland K. King, Herman A. Fisher and J. D. Woodruff.

Other jurymen are W. R. Meeks, James H. Lee, Jr., R. C. Smith, Raymond W. Herron, W. O. Bridgeman, E. F. Story, Howard Montith, George Jakobkin Jr., L. S. McMillan, David M. Earle, N. C. Miney, William M. Lodge and John S. Krider.

Sanford Civil Air Group Needs Plane For Defense Work

The Sanford Squadron of the Civil Air Patrol is badly in need of an airplane for defense and rescue work. Captain Remley, member of the squadron, declined today.

Due to a rotation program set up by Army Air Force headquarters, the squadron has lost its Army airplane which it needs very much in order that the members may maintain flying proficiency and to engage in any rescue work required.

"All Civil Air Patrol squadrons will be tied in very close with civil defense plans," he added.

"And it is imperative that the Sanford Squadron have an airplane."

Ways and means of raising the money to purchase an airplane were discussed at the meeting Wednesday night. About \$2000 was pledged by the members, but an additional \$4000 will be required to buy a suitable airplane, Mr. Remley pointed out.

Several plans were discussed and it was decided to approach the City and County officials, civic clubs and business houses. Personal contributions will be gratefully received, he said.

The membership maintains the Civil Air Patrol is badly in need of an airplane for defense and rescue work. Captain Remley, member of the squadron, declined today.

NICKEL POP

SAN FRANCISCO, Nov. 3—(AP)—"OK, kiddies, your nickel will buy a bottle of pop for a while."

The American Bottlers of Carbonated Beverages ended their convention without acting on the hotly debated issue. But they weren't happy about it.

And Alvin G. Beaman of Nash-

ville, Tenn., assuming the presi-

dency, predicted the industry can-

not stick with its nickel price. He

said equipment prices have risen

70 per cent since 1939 and payrolls

and other operating costs have

gone up too.

Crowds Gather At Blair House After Shooting

An excited crowd jams the street in front of Blair House, Washington, after two gunmen stormed the official residence of the President in an apparent effort to assassinate the chief Executive. Three White House guards were wounded and one of the two gunmen, both identified as Puerto Rican Nationalists, was killed. The other is in critical condition. (International Soundphoto)

SKIP'S WALK

WASHINGTON, Nov. 3—(AP)—President Truman skipped taking his usual morning walk today.

Secret Service men gave the reason to telling reporters of Mr. Truman's decision to stay at home.

But apparently there was no direct connection with the attempt on his life Wednesday. He took a stroll yesterday and has appeared unperturbed about the assassination attempt.

Common Pleas Judge William D. Radloff of Pickaway county passed sentence on the 21-year-old defendant, who pleaded guilty to two minor fires in Circleville.

He was sentenced to 10 years in prison to run consecutive.

Mr. Radloff, a former state senator, said he was impressed by the defendant's attitude.

OVERCOMING THE LAWS OF

NATURE: "Prayer is a force as real as terrestrial gravity. As a physician I have seen men, after being stricken by disease, lift themselves out of disease and rebirthed by the serene effort of prayer. It is the only power in the world that seems to overcome the so-called 'laws of nature,' the occasions on which prayer has dramatically done this have been termed 'miracles.' But a constant quiet miracle takes place hourly in the hearts of men and women who have discovered that prayer supplies them with a steady flow of sustaining power in their daily lives." — Alan Corry.

FIRST CHRISTIAN CHURCH
1607 Sanford Avenue

J. Randall Faris, Minister
"A GREAT CLOUD OF WIT-
NESSES" will be the morning ser-
mon the Minister will give at the
morning hour.

Florida Forest Service Watch Towers Symbolize Protection

By GEORGE AMOS

Driving along one of the state highways, here and there you notice a tall, slender skeleton of steel stretching its head toward the sky.

The sentinel, of course, is a fire watch tower, and its head is a small observation room from which a towerman watches for signs of woods fires.

To the general public, these fire towers are the most noticeable features of the Florida Forest Service's fire control program.

As prominent as they appear to the public, these "eyes" of the Service are but a small, though important, part of the vast fire fighting organization operated by the Forest Service to combat woods fires.

Marine PFC John W. Stoddard of Sanford was promoted to his present grade after completing boot training at Parris Island, N. C. Stoddard fired a score of 100% with a Gun to qualify as a marksman. He also fired the carbine, pistol, rifle, Browning automatic rifle and machine gun mortars and flame thrower demonstrations. He joined the Marines in July.

"Adam and Eve" Man" is the

subject of the Lesson-Sermon

which will be read in Churches of

Christ, Scientism, throughout the

world on Sunday, Nov. 5.

The children's "Tot" in "Tot" Israel,

return unto the Lord thy God; for

they that hast fallen by thine iniquity"

(Matthew 10:1).

Among the citations which com-

promise the Lesson-Sermon is the

following from the Bible: "There-

fore hearken unto me, ye men of

understanding: for I should do wickedness; and

from the Almighty, that he should

commit iniquity. For I have not

done it; but that ye may see that

I have done it, and that ye may

see that I have done it."

The Lesson-Sermon also includes

the following passage from the

Lesson-Sermon: "Behold, I will

bring you a prophet; and when he

telleth you, saying, 'Hearken

unto this word'; then ye shall

say, 'We will not hear him.'

The Lesson-Sermon also includes

the following passage from the

Lesson-Sermon: "Behold, I will

bring you another prophet; and

when he saith unto you, 'Hear-

unto this word'; then ye shall

say, 'We will not hear him.'

The Lesson-Sermon also includes

Is The City Administration Hoarding - Are They Right? *LEST WE FORGET*

WHEN THEY SAY — — The Average citizen doesn't have sense enough to know what he wants?

National Production Authority regulation prohibits the use of critical war materials in the construction of a stadium, after Midnight of October 26th.

In an attempt to squeeze under the deadline, work was started by the City (not by the contractor). On the afternoon of October 26th the City ordered one cubic yard of Concrete for \$16.00, Invoice No. 16360, dated October 25th. This was ordered AFTER restriction regulation had been broadcast and only hours before Regulation deadline. The next day the City said don't bill this concrete to us, bill it to the Jarco Co. (contractor). Then the invoice number 16360 was cancelled and a new invoice No. 16390 was rewritten billed to the Jarco Co., dated October 27th. (This was after the government regulation went into effect.)

Is our City keeping Faith with our National Government and the fighting men at the front, by using critical war materials for amusement? If you have relatives in the service, would you be proud to point to this as progress?

Is this the right Spirit? Is this the kind of Integrity we want?

Is this the kind of example that you expect from your City Government?

If this is the SPIRIT or tactics we stand for, then our efforts in the service during the last war and the efforts of the men now fighting in Korea are only to uphold FAST DEALINGS and other means to an end, regardless of what is good for the majority of the average citizens? — Or is our City Government operating to further the aims of a few individuals?

IS THIS THE KIND OF CITY GOVERNMENT YOU WANT?

**THIS ATTEMPT TO KEEP
THE FAITH WAS TRIED
AND FAILED BY A VOTE
OF 3 TO 2.**

**Resolution Of The City Commission
Of The City Of Sanford, Florida
Suspending For The Time
Being Construction Of War Memorial
Stadium.**

WHEREAS, the City of Sanford, Florida, has undertaken to construct a stadium in memory of those who participated in the late World Wars, and

WHEREAS since the decision to construct War Memorial Stadium there has been a change in economic conditions and our country is engaged in an extensive war defense program which has required the establishment of an agency known as National Production Authority for the purpose of controlling the use of materials essential in said war defense program, and said Authority is allocating at this time essential materials for use in said defense program and has banned construction for amusement purposes including recreation, and materials that will be used in the construction of said stadium are critical materials necessary for the National Defense Program; and, such materials have greatly increased in price and in the opinion of the City Commission of the City of Sanford, Florida, it would be unwise economically and unpatriotic at this time to continue the construction of said stadium:

NOW THEREFORE BE IT RESOLVED by the City Commission of the City of Sanford, Florida, that work on the construction of said War Memorial Stadium in the City of Sanford, Florida, be suspended until the National Production Authority releases critical materials for that purpose.

Public record of the vote on the above Resolution at commission meeting Monday October 30th, 1950.

**Voting For: Stemper Voting Against: Carraway
Chase**

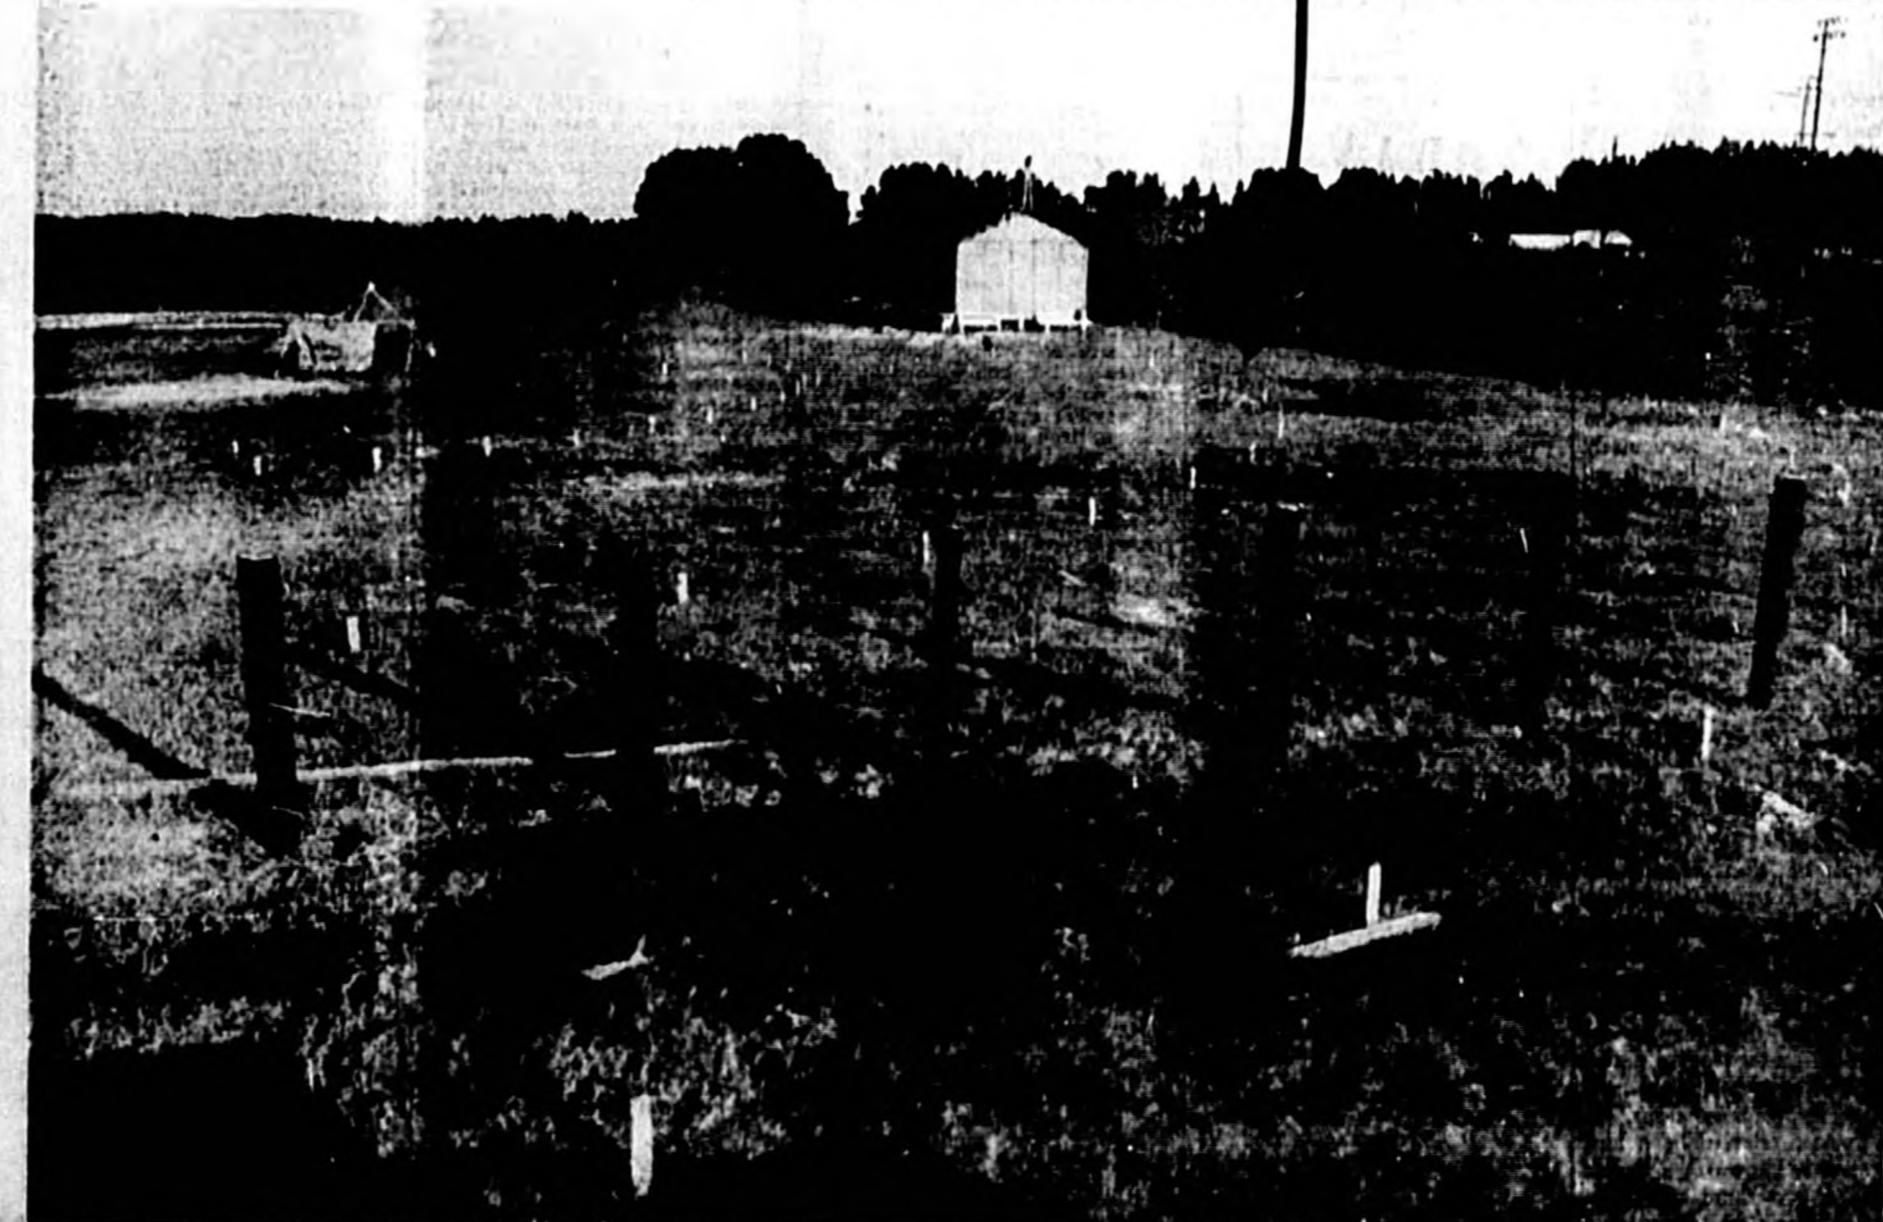

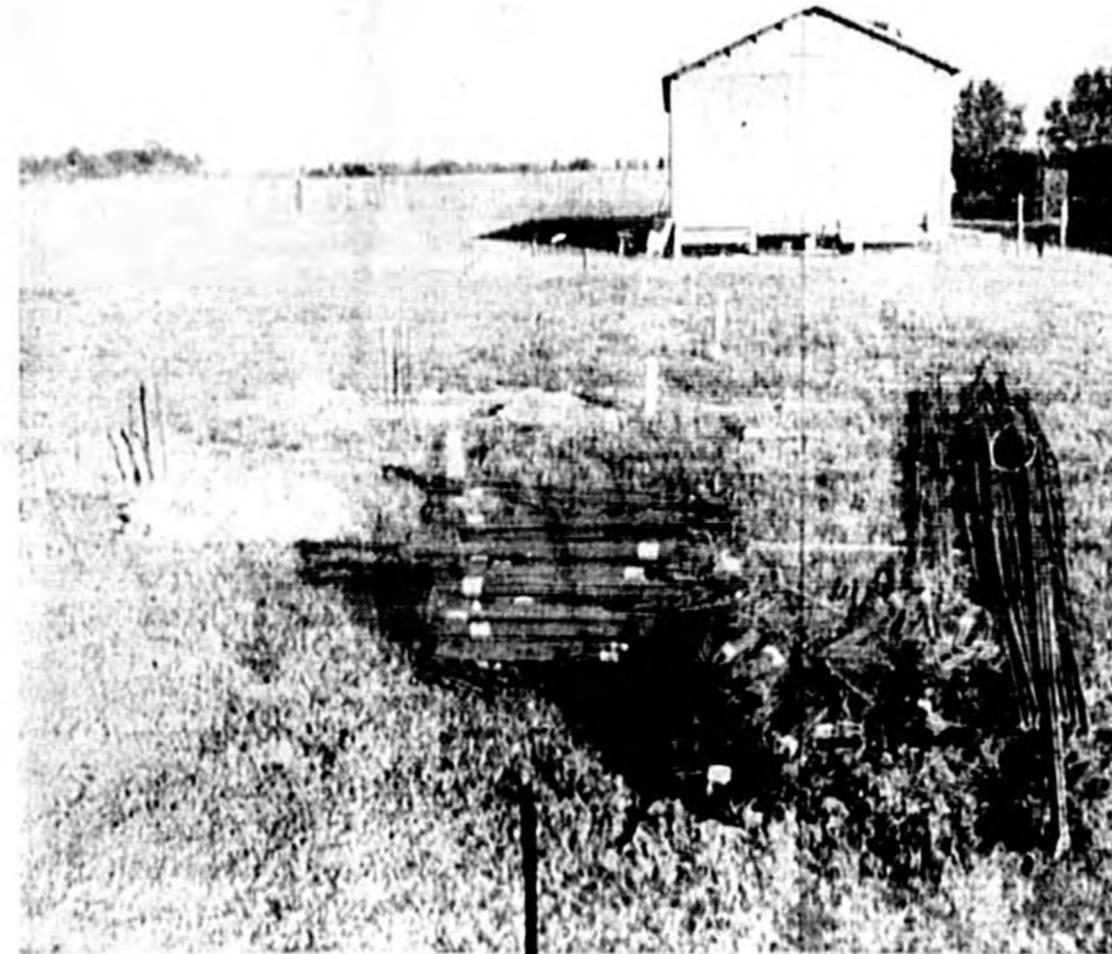

**Krider
Dyson**

GUINER'S EYE VIEW OF KOREA. In a picture postcard setting of misty mountains and a field, holding a rifle, an American soldier shatters the silence with fire of a 105mm divisional machine gun. The gun is mounted on a gun emplacement in South Korea. It is only two weeks that the partial setting before the province of Hida, who hide in holes at 4,000 feet on their helmets across the rugged terrain, ready to mete out death to intruders.

This Is Your War Memorial Stadium

Some say we can't stop contract without a great loss.

Picture of Sanford's War Memorial Stadium supposed to be substantially under construction before deadline date of the NPA regulations. These pictures taken November 1, 1950 between the hours of 3:30 and 4:30 P. M. They show the substantial construction claimed, 6 days after the deadline date Oct. 26. There have not been any contractors or workers at the job since the start. Will we lose thousands of dollars if we obey the order of our national government during the time of a War Emergency?

CRUMLEY & MONTEITH INSURANCE

Want a ride that's "out of this world"?

Better Buuq Buick!

Want to be free from that nervous tensing up for a jolt every time a rough spot looms in the road ahead?

Want to enjoy the relaxing feel of a sure-footed car beneath you, that stays level even when the road doesn't?

Well, sit, ease into a Buick and see how such matters are cared for.

See what a wonderful difference in level buoyancy coil springs can make when you have them on all four wheels, not just the front ones.

And while you're at it, get the very special thrill of its mighty Fireball power plant, plus the free-as-a-bird in flight bility of its Dynaflo Drive.

It's an experience that you owe yourself—and it's yours for the asking. The thing to do is get in touch with your Buick dealer—and discover the ride that only Buick owners know.

In other words, sample this two-

FOUR-WAY SWING-ARM: The rugged front end of the new Buick. Note (1) seven on-ramp safety control bars are independently adjustable; (2) wide-life locking bumpers; (3) master parking and parking assist.

Amendment

(Continued from Page One)
result in giving them a judge elected by people 160 miles away. They don't think that would be right.

If the amendment should be ratified, they would elect their own judge—and their own state attorney. It would be the smallest

circuit in the state and the only county—except populous Hillsborough—with a judicial circuit to itself.

As things stand now, the circuit judge and assistant state attorney assigned to Monroe county have jurisdiction only over those criminal cases that involve the possibility of a death sentence—murder, rape and kidnap-

Stassen

(Continued from Page One)
War show that venture was a bold, successful step to preserve world peace.

For the GOP, Stassen said in Columbus that "The National Security and hopes for peace had been dissipated in the last five years" partially because of the

Administration's foreign policy. At Kingsport, Tenn., GOP National Chairman Guy Gabrielson said the Korean war had brought "soaring inflation." He criticized President Truman who, he said "refuses to use the controls he has before election."

The choice before the nation, Gabrielson said, "is clear—liberty and opportunity for all Americans, or Socialism, bureaucracy and the welfare state."

Meanwhile, Henry Morgenthau, Jr., former secretary of the treasury who resigned from the Truman Cabinet in a huff in July, 1946, was listed among the top \$10,000 contributors to the Democratic campaign fund.

The Democratic National Committee reported to the clerk of the House that it had received \$1,085,000 from all sources and spent \$848,125. It had an unexpended balance of \$237,272 on hand Oct. 25.

Both proposed amendments provide for numbering the new section as Section 18 of Article V of the constitution. There already is a Section 18, adopted two years ago to provide for direct election of the special Escambia county court of record judge.

Adoption of the amendment would change that division of criminal jurisdiction. The circuit judge would still be mainly involved with civil lawsuits.

There will be some minor constitutional numbering problems if the voters should ratify the Monroe county amendment and also the one authorizing juvenile courts with broader powers throughout the state.

Both proposed amendments provide for numbering the new section as Section 18 of Article V of the constitution. There already is a Section 18, adopted two years ago to provide for direct election of the special Escambia county court of record judge.

A census report yesterday

allowed the 1940 shift in population will mean an aggregate state gain of four, that includes 11 House seats, for seven or nine others. The changes will not affect the Congress being elected next Tuesday, but the one elected in 1952.

Col. Runge

(Continued from Page One)
went up the road of retreat.
They have small arms fire to salvage nearly 500,000 bags of rice, barley and wheat and many cartloads of sugar, tobacco, cotton, wool and other items that would have been of great value to the enemy if captured.

Driven within a few weeks into a beachhead only one-seventh of the area of South Korea, the ROK army struggled to recruit, feed and train more than 1,000 new troops a day.

"The American Army supplied them with boots, ponchos, field jackets, helmets and canteens," Runge said.

"But in the first two months of the war, the ROK quartermaster corps made over 200,000 fatigue suits, 200,000 rubber-soled shoes, 250,000 sets of underwear, 200,000 fatigue caps and 350,000 pairs of socks."

"All of this was made in only two cities—Taegu and Pusan."

The ROKs now are busily completing manufacture of new cotton quilted winter uniforms for the troops.

But the country isn't advanced enough industrially to solve the greatest shortage—transportation vehicles, Runge said:

"They have taken every available civilian vehicle and are buying all the trucks from Japan they can get—but it still isn't enough."

THE RECORD FORECASTS THE FUTURE

I have been your City Commissioner for the past three years. I am proud to point to some of the progressive movements and accomplishments during this period.

1) The New York Giants purchased Mayfair Inn, and moved their entire farm system to Sanford.

2) Florida Fashions, Inc. was in its infancy three years ago, and today is the largest business of its kind with home office in the South.

3) New sewer lines have been laid and money appropriated for the largest extensions in the past 20 years.

4) Water and fire mains have been extended, and fire plugs for those without protection. Further extensions are now being planned.

5) Police and fire protection have been improved.

6) Streets have been paved. Many unpaved streets have been graded and improved, both in white and colored sections.

7) Bids are now being obtained for new improved water pumps to increase our water supply. A survey of our entire source of water supply was obtained, and a long range plan is being carried out to meet the needs of a growing Sanford.

8) Three million dollars in new construction has taken place during the past three years.

9) We have succeeded in reducing our City debt by \$305,000.00 and are operating on a cash basis within our budget.

I am looking ahead and planning for Sanford's future on a sound business basis. I do not claim all of the credit for this progress, but I am proud to have had a part in it. My program will be to continue to work for expanded industry, more tourists, and more and better service to the citizens of Sanford.

Listen to WTRR Monday, Nov. 6 at 7:00 P. M.

JOHN KRIDER

Your vote for me as your City Commissioner will be sincerely appreciated.

Pd. For By Friends Of John Kridler

**Are You Satisfied With
Sanford's
Growth?**

The State of Florida Showed a 44% increase in population from 1940 to 1950.

SANFORD showed only 14.4% gain in the same period—30% below the state-wide average!

WHAT'S WRONG?

We believe the influence of special interests and self-satisfied persons have kept Sanford from keeping pace.

High Court To Hear Union On No Strike Law

Supreme Court Also Agrees To Review Tillamook Indian Land Claims Case

WASHINGTON, Nov. 6—(AP)—The Supreme Court today refused to lay down a flat rule for figuring the vacation rights of veterans who return to their old jobs. The effect of the court's action is to set up a double standard for the time being at least. One—for veterans in Ohio, Michigan, Kentucky and Tennessee—holds that time spent in uniform may not be computed as time worked for purposes of determining vacation time. The other—for veterans in Pennsylvania, New Jersey, Delaware and the Virgin Islands—holds that vacation time is to be figured as if the veteran had never gone off to war.

WASHINGTON, Nov. 6—(AP)—A Wisconsin state law banning strikes by public utility workers was assured of its second test before the Supreme Court today. Ten other states have similar laws.

This point was stressed in the appeal filed by a union representing employees of the Milwaukee Electric Railway and Transport Company. It cited the states as Florida, Indiana, Kansas, Massachusetts, Michigan, Nebraska, New Mexico, North Dakota, Pennsylvania and Virginia.

The result, the union's appeal stated, is that workers find that despite congressional action to protect them through the National Labor Relations Act, "the right to strike or bargain collectively in its true sense have been denied" by the state laws.

The Wisconsin law makes it a misdemeanor for employees of a public utility to go on strike or cause any work stoppage or slowdown which would result in an interruption of an essential service.

The Supreme Court agreed to rule on an Indian Land Claims case which the Justice Department said could result in other claims totaling \$14,000,000,000.

The U. S. Court of Claims here found various bands of Tillamooks and other Oregon Indians were entitled to \$2,296,000 plus interest of \$14,255,616 from 1855 to 27,258 acres of tribal lands taken by the United States.

A special act of Congress had

Puerto Rican 'Plotters' Arrested

UNITED STATES POSTAL OFFICIALS and Federal marshals arrested a number of Puerto Rican Nationalists, including Eliot Torresola, brother of slain Grisello Torresola, who made an attempt to assassinate President Truman. Earlier, more than 450 Nationalists surrendered to the island's military authorities. Top, Puerto Rican guardmen close-in on a house in Jayuya where revolutionaries allegedly hatched the assassination plot. Center, Eliot Torresola (right) is removed under guard of local police and FBI agents. At bottom are some of the 130 rebels who gave up with Torresola, near Jayuya. (International Soundphoto)

Sanford Citizens To Vote In City And County Elections Tomorrow

By WILLARD CONNOLY

Polls will open tomorrow in Sanford at 7:00 A. M. and will close at 7:00 P. M. in both the city and general elections.

Voting for the election of two city commissioners will take place in the City Hall. The candidates

for Group No. 1 are John Kader, incumbent, versus Sam Martin. In Group No. 2, Randall Chase, incumbent, is opposed by John Ivie.

In the general election of congressional, State and County candidates, west Sanford voters in Precinct No. 1 will vote at the Girl Scout headquarters in the old ACL Depot on Commercial Avenue and voters on the east side at Precinct No. 3 in the Tourist Center.

There are but three two-party contests in the general election. George A. Smathers, who won over Claude Pepper in the May Democratic primary, is opposed by John P. Booth, Republican. (Continued on Page Four)

Kader And Kader Win Speed Tests

Two Sanford watch makers, William E. Kader and his son, John Kader, were each awarded prizes of \$50 for their speed and skill in taking apart and assembling watches at the convention of the Chronograph and Watch Makers Saturday and Sunday at the Mayflower Hotel, Jacksonville.

William Kader, using the lancet, tools, chronograph and the Easel-O-Graf volume provided for contestants, won his prize by taking apart and reassembling a 32-part doctors pulse meter and chronograph in 24 minutes and 22 and a half seconds. On a watch contest (without the book) he did the job in 20 minutes and 45 seconds, and tied with the 16 minutes and 45-second record of Tom Donahue, a national champion assembler from the Pennsylvania Horological Institute.

As in past years all students

Mrs. Fred Robb said, will be encouraged to earn enrollment fees, which amount to 50 cents for each elementary schoolboy and \$1 for each group of boys in the high schools. Any failure to raise over and above the required enrollment fees will be deducted for projects of the Junior Red Cross here in the county.

CHARLES ANDERSON, A. C. L. Conductor, Killed In Accident

Republican Governor St. Louis Democrats Outspend GOP 6-1

NEW YORK, Nov. 6—(UPI)—Guy Thomas E. Dewey sat down before a television camera at 10:30 o'clock yesterday afternoon at the Erickson Funeral Home with the Rev. W. P. Brooks, Jr., and the Rev. J. R. Root, officiating. Burial will be in Evergreen Cemetery.

Mr. Anderson, who lived at 916 French, is reported to have become tangled in a chain connecting a locomotive and a freight car when the engine stopped suddenly, and he died instantly.

He was born at Luray, Fla., Sept. 14, 1901, and had lived in Sanford for 37 years. On Nov. 24, 1923, he entered the service of the A. C. L. as a trainman, and was promoted to conductor on June 7, 1941.

A Navy veteran of World War I, he belonged to the American Legion, was a member of the Brotherhood of Railroad Trainmen, and a member of the First Baptist Church.

Survivors include the widow,

Mrs. C. A. Anderson, Jr.; five daughters, Mrs. R. L. Prevo, Sacramento, Calif.; Mrs. V. M. Schlesinger, Deland, and the Misses Marjorie, Joyce and Laura Ann Anderson of Sanford; two sons, Charles A. Anderson, 3rd and Craig Anderson, both of Sanford; the father and mother, Mr. and Mrs. C. A. Anderson, Sr., Sanford; one sister, Mrs. M. L. Robinson of Mexico, N. Y., and five grandchildren.

JEHOVAH'S WITNESSES

BERLIN, Nov. 6—(AP)—A Russian zone court today sentenced 16 members of the Jehovah's Witnesses religious sect to long terms at hard labor on charges of acting as "spies" for the west.

The Communist East German government banned the Jehovah's Witnesses as an antistalin group two months ago. Five hundred Jehovahs were rounded up in mass arrests by the People's Police.

NAME HATH

WASHINGTON, Nov. 6—(AP)—Mrs. Paris Meota and Madame Bonnet arrived at the same cocktail party with the same hats.

Mrs. Meota is U. S. Ambassador to Luxembourg; Madame Bonnet is the wife of the French Ambassador.

They were identical elephant ears, affixed with shell pearls and with sequin-dotted veils.

They spoke. That's all.

MacArthur Seeks Security Council Advice On Chinese Attack In Korea; GIs Start Small Scale Offensive

United Nations Force Halts Red Chinese 50 Miles North Of Ruined Pyongyang

By ASSOCIATED PRESS
SEOUL, Korea, Nov. 6 (UPI)—American troops in northeast Korea this afternoon recovered a half-mile of ground lost to a morning Communist attack and fought bitterly for no gain in the northeast against an enemy newly identified by General MacArthur as Chinese Reds.

Elements of two U. S. divisions holding the bridgehead area north of the Chongchon River near Korea's west coast recovered the territory lost to the Reds six miles north of Anju.

They had been shoved back an estimated half-mile by two battalions of Communists who attacked in darkness at 4:30 A. M. but were finally halted at 7 A. M.

An earlier enemy feint at the bridgehead Sunday night had been stopped cold by American artillery, while American troops of the British Commonwealth Brigade also halted a stab by two Red companies in a heavy fire-fight.

Despite these to-and-fro struggles, the northwest flank was described as relatively quiet Monday, compared with the big actions of last week that caused a 50-mile American withdrawal.

Five Russian-made Yak fighter planes ineffectively strafed part of the South Korean Division on that front near Kuan late Monday.

In the northeast, U. S. Marines beat back a bitter Chinese counterattack in slasing hand-to-hand combat Monday just south of the

French Show Off Their New Anti-Tank Weapon

TWO FRENCH SOLDIERS DEMONSTRATE a light anti-tank weapon similar to the American bazooka, during demonstration of new weapons by troops of Western Union countries at the British School of Infantry, Wootton Bassett, England. The gun can be handled by one man or a team of a man and a loader. (International)

Plan To Reduce Building Permits So Far This Year Exceed \$1,158,259

Doctor Says Decay In Children Can Be Reduced 70 Percent

The Rotary Club voted to spend on a municipal project for adding sodium fluoride to the City water supply for the purpose of reducing tooth decay to 70 percent from

one-half of the children. The club is to meet Oct. 1 at a cost of \$100,000.

Already this number of new houses built this year, 133, is well above the figure of 94 erected during 1949. The value of this year's new housing is projected as 70 percent above that of last year.

During October, 11 new houses were built at a total cost of \$81,500.

Permits exceeded the million-dollar mark for the first time last year. During 1947, construction hit an all-time peak of \$66,726.

Declaring that there is doubtless no odor or taste to sodium fluoride and possible harmful consequences from the concentrations proposed, Dr. Black said that only about 14 pounds of the substance per million gallons of water would be added, whereas 20 tons per million gallons are necessary before harmful results are noticeable.

Pointing out that sodium fluoride is found in the natural waters of Colorado Springs as well as in two isolated areas of Florida, Dr. Black said that long periods of tests and checking have proved that while over concentrations tend to discolor the teeth, a certain amount in drinking water reduces tooth decay by 65 to 70 percent. Tests have been made in two cities in New York state and in Michigan for

(Continued on Page Four)

Truman Confers With Acheson On Chinese Invasion

President Maintains Silence On MacArthur Communiqué

INDEPENDENCE, Mo., Nov. 6 (UPI)—President Truman declared today the United States will never again "run out on its responsibility" for the protection of world peace.

To add strength to his statement, the president, in a speech to the nation, said that the country must not run out on its responsibility to defend the world.

Source close to MacArthur said this means he wants U. S. personnel to bomb concentration camps, supply arms and air bases in Manchuria. This would hit the Reds at their source before they could build up a dangerous threat to the allies.

MacArthur declared the North Korean Army had suffered 100,000 casualties, its full estimated military potential by Oct. 1, 1950, that included 100,000 prisoners.

Then the movement of Communist forces from Manchuria began.

Source close to MacArthur estimated about 100,000 Chinese-trained troops, the extreme of the Chinese forces deployed along the Yalu. Their command is described on Page Six.

General States Reds Went Into Action Against U. N. Forces Without Any Notice

LAKE SUCCESS, Nov. 6 (UPI)—The United States today called for a special Security Council meeting Wednesday to consider the intervention of Red China in the Korean war. The meeting was postponed secretly after General Douglas MacArthur formally reported to the Council that Chinese Communist troops had crossed into Korea and were fighting U. S. troops.

LAKE SUCCESS, Nov. 6 (UPI)—General Douglas MacArthur today formally notified the United Nations Security Council that Chinese Communist forces are fighting U. S. troops in Korea.

The changes were made in a special report transmitted by chief U. S. delegate Warren R. Austin.

MacArthur gave a detailed account of specific units which had been identified by his intelligence officers.

Sources close to MacArthur said this means he wants U. S. personnel to bomb concentration camps, supply arms and air bases in Manchuria. This would hit the Reds at their source before they could build up a dangerous threat to the allies.

MacArthur declared the North Korean Army had suffered 100,000 casualties, its full estimated military potential by Oct. 1, 1950, that included 100,000 prisoners.

Source close to MacArthur estimated about 100,000 Chinese-trained troops, the extreme of the Chinese forces deployed along the Yalu. Their command is described on Page Six.

H. M. Rumbey, Sr., Dies Of Illness At Age Of 71

KANSAS CITY, Nov. 6 (UPI)—President Truman had a long telephone conference today with Secretary of State Acheson on the worsening situation in Korea.

Asked unquotable by a newsman, Mr. Truman was deeply concerned over the movement of Chinese Communist troops into North Korea from Manchuria.

Officially, however, the President maintained silence on this development as well as on General Douglas MacArthur's communiqué which denounced it as one of the most offensive acts of lawlessness in history.

One of the best produce banks in this area, Mr. Rumbey for nine years operated the Exchange Bank on Main Street, thus pioneering the large-scale trade in this area. With the advent of the Standard State Bank, he moved his operations there and remained there for about five years.

He was usually a solemn figure in his office at the Hotel Minnehaha where President Truman is staying until he votes to move in his home town of Independence.

Survived by his widow, Mrs. H. M. Rumbey, Jr., and Robert A. Rumbey, Sr., both of Sanford, his grandchildren, the Rev. Mr. J. A. Kelley and Mrs. Anna M. Lillian, both of Marion, and two brothers, W. C. Rumbey and T. S. Rumbey, both of Sanford.

Funeral services for Mr. Rumbey will be held at 10:00 o'clock Tuesday morning at the Erickson Funeral Home with the Rev. A. G. McElroy officiating. Burial will be in Evergreen Cemetery.

He died suddenly at his home in the early hours of Tuesday morning.

However, he said the President talked this morning with Acheson and got a complete report

(Continued on Page Four)

Thermometer Drops To Forty Degrees

Cool weather, reaching a low of 40 degrees this morning, was a principal topic of conversation of Sanford citizens.

Following the balmy temperatures of the prior weeks such as the 80 degree maximum on Friday, the cool spell was ushered in by a noisy thunderstorm that evening.

During a period of less than 45 minutes 1.12 inches of rain fell during the storm, but temperatures were not affected much, and the low that night was 62, according to Elton Moughton, Jr., weatherman.

Sanford Weather

High yesterday, 60.

Low today, 40.

Rain yesterday, 0.

Total Nov. rain, 1.12 inches.

Normal Nov. rain, 1.77 inches.

High tides today, 4:46 A. M. and 1:08 P. M., and low at 9:58 A. M. and 10:19 P. M.

<h2
