## BUSINESS INCREASES IN U.S. BUT LITTLE UNEMPLOYMENT CONDITIONS ARE REVIVING

### Secretary Davis Makes Rosy Statement Based on Reports

### UNEMPL'M'T. NIHL

ENTIRE COUNTRY SHOWS UNMISTAKABLE SIGNS OF GREAT WAVE OF PROSPERITY

(By The Associated Press) WASHINGTON, May 27.—A picture of steadily reviving business activity throughout the country was drawn by Secretary Davis in a statement today based on reports of employment conditions to the Department of Labor. The reports indicate that unemployment is practically eliminated in New York state, and reduced to more than fifty per cent in Pennsylvania. There is improvement in industrial activity in Minnesota, Wisconsin, Iowa, Michigan, Illinois, Kansas, Missouri. Unmistakable evidence of improved industrial conditions is noted on the Pacific coast while in the South reports show steady improvement in Georgia, Tennessee, Alabama, and there is practically no unemployment in North Carolina.

### BORAH THINKS U. S. CAN NOT GET LYNCHERS

WASHINGTON, May 25.—An opinion that the anti-lynching bill passed recently by the house is unconstitutional and should not be enacted by congress was submitted to the senate judiciary by a sub-committee headed by Senator Borah, Republican, Idaho. The bill was discussed at length and the committee deferred final judgment until later.

Senator Borah was joined in holding the bill unconstitutional by Senator Ovorman, Democrat, North Carolina, and Senator Shields, Democrat, Tennessee. Other sub-committee members, Senator Sterling, Republican, South Dakota and Dillingham, Republican, Vermont, were said not to be in complete disagreement but believed the bill might well be passed and be put to the test before the supreme court of the United States.

That the supreme court of the United States has decided squarely in a lynching case from Alabama that a federal anti-lynching law was beyond the federal powers was contended by Senator Borah and his associates. Therefore it was said that they asserted it would be useless to present the question anew under the pending bill, to the high court. The question of procedure, however, was questioned by other committee members and a decision went over.

### BISHOP KILGO ILL IN MEMPHIS HOSPITAL

(By The Associated Press) MEMPHIS, May 25.—Bishop John C. Kilgo, of the Southern Methodist Church, who is ill in a local hospital, rallied strongly after a relapse early today, and physicians said he is now resting more comfortably, although his condition is still described as critical.

## BELFAST SCENE OF FIGHTING, MANY KILLED

TOTAL CASUALTIES WERE FOUR DEAD AND TWENTY-SEVEN WOUNDED

(By The Associated Press) BELFAST, May 25.—Total casualties in Belfast during the night were four dead and twenty-seven wounded. The wounded include only cases taken to the hospitals.

## \$150,000 BOND ISSUE VOTED AT PLANT CITY

PLANT CITY, May 25.—Property holders of Plant City Tuesday ratified by a vote of more than six to one a bond issue of \$150,000 for municipal improvements and to refund floating indebtedness.

The vote was 265 for bonds to 42 against the proposition.

The bond issue carries \$38,000 for a city hall and fire station, \$21,000 for extension of water mains and improvements of waterworks system, \$15,000 for extensions and improvement of sewerage system, \$12,000 for fire protection equipment. The balance, \$65,000 is to refund floating indebtedness accumulated over period of years.

## WHEAT PRICES SLIDE DOWNWARD IN CRASH

(By The Associated Press) CHICAGO, May 25.—Prices for May delivery of wheat here smashed heavily downward yesterday. Losses of six cents a bushel over night were shown in the closing quotations for what month—\$1.32 to \$1.32 1-4—nearly twenty-eight cents a bushel loss since a recent downward swing began.

Opinions among traders last night leaned to the view that the leading interests on both sides had been getting out from under their burdens and that instead of a struggle lasting until the end of the month, the May deal of 1922, was already virtually completed except perhaps for pyrotechnic changes almost inevitable from the windup of huge transactions.

## PANIC IN WALL STREET AVERTED BY PROSECUTING THE BUCKETSHOP GANG

(By The Associated Press) NEW YORK, May 25.—District Attorney Banton yesterday told the Lions Club, at a luncheon meeting that he had averted a financial panic in Wall Street early this year, by clearing out more than a score of "fly-by-night" brokerage houses and bucketshops.

"You may not know it," he said, "but the sentiment of people against the operations in Wall Street had reached such a pitch that it was only through the exercise of the greatest caution on my part that a panic was averted. Complaints poured in not only from persons residing in New York but from the forty-eight states of the country."

Mr. Banton described efforts that were being made to have brokers regulated.

The first attempts in that direction calling for the adoption by the legislature of only a "milk and water bill," he said, was strongly opposed before the legislature committee by "that chief bull thrower, the president of the stock exchange."

It was that and other opposition, he said which determined him to have a "regular measure put thru. He urged that all civic bodies put their power behind the movement to force the passage of the regulatory measure soon to be offered in the legislature.

## The Clyde Line announces a special summer rate on the river trip between Sanford and Jacksonville of \$10 for the round trip effective May 15th and up to and including September 30th. This is one of the finest trips in Florida and the round trip rate on the fine Clyde steamers is well worth the extra time it takes on the ships.

## ALABAMA POWER COMPANY HAS NO CINCH ON SHOALS ON ACCOUNT OF CONTRACT

### Attorney General Says They Have No Exclusive Purchase Rights

(By The Associated Press) WASHINGTON, May 25.—Opinion by Attorney General Daugherty submitted to Secretary Weeks and sent today to the house military committee holds contract executed by government with Alabama Power Company invalid with respect to provision which power company officials contended gives them right of exclusive purchase of government's interests in steam power plant at Gorgas, Alabama.

## Defense Finds Pistols Figured in Ward Case When Peters Killed

Council for Ward Seems to Have Kept Back Pistols

(By The Associated Press) WHITE PLAINS, May 25.—Council representing Walter S. Ward, who claims he shot Clarence Peters in self defense two weeks ago, turned over to the sheriff today two pistols which are alleged figured in the story told by Ward of a battle between him and a band of blackmailers.

WHITE PLAINS, N. Y., May 25.—Clinging to his silence concerning the nature of the blackmail threat which he asserted had led up to his shooting of Clarence Peters, ex-marine, Walter S. Ward, millionaire baker's son, yesterday resigned as police commissioner of New Rochelle.

In the early part of the day the only word that came from Ward sources was a denial of the report that he would resign under fire. But yesterday afternoon shortly before his attorney notified the New Rochelle authorities that his resignation was in the mail, a man close to the Wards told the army of reporters mobilized here that they might as well go home, as "the family has the case sewed up tighter than a drum."

## Unlimited Debate Not Permitted Under New Ruling

If Majority of Senators Can Have Their Way

(By The Associated Press) WASHINGTON, May 25.—Movement that is said to have the backing of a large number of senators, to change the ancient senate rules permitting unlimited debate initiated today at a conference of Republican members.

Republican leaders later warned in the senate by Underwood, Alabama, the Democratic leader, he would resist to his utmost any effort by the majority to apply the gag rule for passage of the tariff bill. Other minority senators intimated the closure rule would provoke prolonged discussion.

## SOLDIERS BONUS LEGISLATION STOPS WAITING ON DEMOCRATS

(By The Associated Press) WASHINGTON, May 25.—Democratic members of the senate finance committee may be called upon to break a deadlock among the Republicans of the committee over soldiers' bonus legislation. The subject was brought up yesterday, at a meeting of the majority and it developed that there was a five to five decision on the so-called McCumber plan—the amended house bill—and the Smoot proposal to issue to service men paid up insurance policies in lieu of all compensation options heretofore proposed.

Chairman McCumber said after the session that he probably would call a meeting of the entire committee for this week. The meeting probably will be deferred until the return from Indianapolis of Senator Watson, Republican, Indiana, who has had several conferences recently with President Harding on the bonus question.

The only action taken yesterday by the majority was the appointment of a sub-committee consisting of Senators Surtis, McLean and Sutherland to hear Representative Mondell of Wyoming, the Republican house leader, relative to substituting the pending reclamation bill for the land settlement feature of the bonus measure which the senate committee Republicans have agreed to strike out of that bill.

Mr. Mondell suggested that if it could be incorporated in the bonus legislation it probably could be enacted at this session.

## PITCHER HUBBELL SEVERELY INJURED STRUCK WITH BALL

(By The Associated Press) PHILADELPHIA, May 25.—Wilbur Hubbell, Pitcher, was severely injured in the first inning of the first game between Philadelphia and Brooklyn today when he was struck on the head by a ball batted by T. Griffith, of Brooklyn. The Philadelphia twirler was rushed to the hospital, where it was said concussion of the brain and probable fracture of the skull.

## Accident Occurred Near Jacksonville Early This Morning ATLANTA MEN

IN ONE CAR AND SPECIAL RAILROAD AGENTS WERE IN CAR BOUND FOR PABLO BEACH

(By The Associated Press) JACKSONVILLE, May 25.—Charles E. Kersey and Edford McKeel, both of Atlanta, were killed and eight other men injured in an automobile collision shortly before dawn today on the highway between Jacksonville and Pablo Beach. Kersey and McKeel were in a car with three other men and were bound for the city. Five railroad special agents were in the second car and were bound for the beach. The injured said that when the two cars drew together the outbound car dimmed the lights and drew to the proper side of the road but the inbound car did not use its dimmers. The inbound car struck the other machine, and ripped the entire left side off of it, left the road and overturned, killing Kersey and McKeel instantly. Of the eight survivors all were hurt but not seriously enough to be removed to the hospital. The accident occurred on a straight stretch of road.

McKeel, Kersey and three friends went to Pablo at midnight on a fishing trip but rain threatening they were returning to Jacksonville. The party in the other car was enroute to the beach on a fishing trip, planning to arrive before daylight. Four of them were railroad men, employees of the Jacksonville terminal company, the fifth an acquaintance.

## SENATE FIGHT OVER TARIFF TAKES TIME

SIX HOUR STRUGGLE OVER ONE ITEM OF AD VALOREM ON GRAPHITE

(By The Associated Press) WASHINGTON, May 25.—Practically all the daylight hours yesterday were spent by the senate in a fight over tariff duties on graphite, which split both the Republican and Democratic ranks, but left the finance committee majority victorious.

Assault after assault was made on the committee proposals, with roll call following roll call, but each was repulsed, the duty being approved as recommended—ten per cent ad valorem on amorphous graphite, 20 per cent crystalline lump, and 2 per cent a pound on crystalline flakes.

## PAPERS WERE REMOVED FROM REVENUE BUREAU SAYS COMMISSIONER BLAIR

(By The Associated Press) WASHINGTON, May 25.—Commissioner Blair of the Internal revenue bureau said today that more than three hundred packets of papers were removed from unit of revenue bureau after dismissal of A. D. Sumner, Deputy Commissioner of Internal revenue in charge of the accounts and C. C. Childs, supervisor of collections, recovered and under examination.

## BIRMINGHAM TROLLEY STRUCK BY TRAIN THIRTY-TWO INJURED

(By The Associated Press) BIRMINGHAM, Ala., May 25.—Thirty-two persons were injured, several seriously, when a Tidewater car on the Birmingham Railway Light and Power Company lines was struck this morning by a freight train of the Alabama Great Northern Railroad at Woodlawn, a suburb of this city. Confusion in following the signals of the crossing, the flagman said to have caused the accident. The trolley car was broken in two when it was struck. The engine which was pulling forty empty cars and was derailed by the impact and ran on the ties for nearly three hundred feet before stopping.

## CHARLEY FRANK, DEAN OF BASEBALL, IN SOUTH, IS DEAD

(By The Associated Press) MEMPHIS, May 25.—Funeral services for Charley Frank, dean of the Southern base ball men and one of the founders of the Southern Association, who died early yesterday here after year's illness, will be buried today. Burial will be made in a local cemetery.

If any subscribers of the Daily Herald have a copy of April 12th, the Herald office would like to have one or more copies and will pay five cents per copy for them.

## DEFENSE RESTED IN BLIZZARD CASE THIS MORNING

(By The Associated Press) CHARLESTOWN, May 25.—The defense rested its case this morning in the trial of Blizzard on a charge of treason. A rebuttal was begun immediately by the prosecution.

## ASK SPECIAL SESSION OF LEGISLATURE FOR REPASSING GAS TAX LAW

(By The Associated Press) TAMPA, May 25.—The board of governors of the Board of Trade yesterday afternoon passed a resolution requesting Governor Hardee to convene the legislature in a session for the single purpose of re-passing the gasoline tax law. This act, which places a tax of one cent per gallon on all gasoline sold in the state, the money to go to the road fund, has been declared invalid by the supreme court. Attorney General Buford, however, has asked for a rehearing.

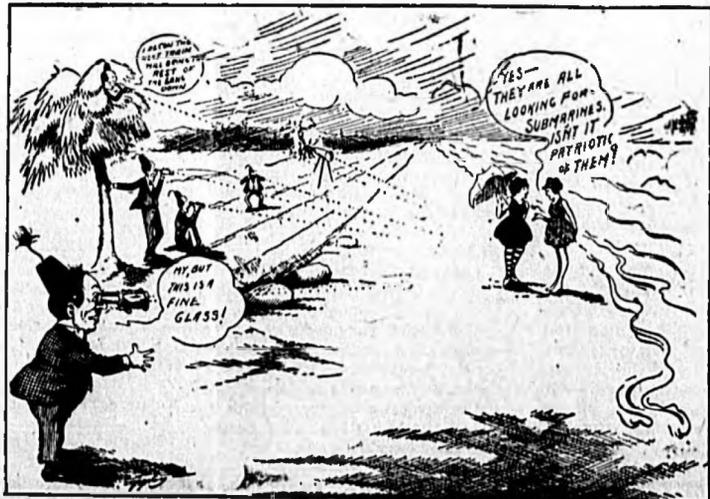

## FERTILIZER PLANT AT GAINESVILLE BURNS

GAINESVILLE, May 25.—The entire plant of the Standard Fertilizer Company was destroyed by fire Tuesday night with a loss estimated at approximately \$20,000. The flames spread to a carload of fertilizer on a spur track and that likewise was destroyed.

The loss is said to be partly covered by insurance.

HAVE PURCHASED PROPERTY AT CORNER OF SANFORD AVENUE AND SECOND STREETS

The B. & O. Garage of this city have purchased the property at the north-east corner of Sanford avenue and Second streets and will erect one of the finest salesrooms and garages in the city at an early date. The B. & O. Garage under the management of Messrs. Perry Jernigan and Braxton Baggett has been most successful and recognizing the fact that Sanford would soon be a city of twenty-five thousand people have been looking for a good location to build a much larger and more commodious structure for their constantly increasing business. They handle the celebrated Lexington and Hupmobile lines and at their new garage will give services on these two cars only and thus guaranteeing Lexington and Hupmobile owners the best of service at all times. In their new place they will carry a full line of parts for these cars and with a line of accessories and an up-to-date garage and salesroom will have one of the finest places in the state. Messrs. Jernigan and Baggett believe in advertising and state that much of their success is due to the fact that they have spent over \$100 per month every month in the year with the Daily and Weekly Herald in advertising the Lexington and Hupmobile cars and in their new building they will do more than this and expect to let the world know what the B. & O. Garage is doing.

ARE AMONG THE MISSING AND ESTIMATE OF LOSSES CANNOT BE ESTIMATED AT THIS TIME.

(By The Associated Press)  
BREAST, May 22.—Ninety-eight persons are missing and two hundred and forty-two were saved of those aboard the British steamship Egypt, when it was sunk off Island of Ushant Saturday night by a collision with the French steamer Seine, according to the latest official figures.

Among the missing are two American women, Mrs. M. L. Sibley and Miss V. M. Boyer, whose home addresses are unknown here.

According to the Egypt's Purser, the ship floated only twenty minutes after her plates were crushed by the Seine. The Egypt, he declared, was not moving at the time of the accident, and was lying to, on account of the dense fog and sounded her siren continuously.

The Seine loomed up out of darkness and struck the Egypt amidships. Purser estimated that fifteen passengers, thirty white officers and fifty lascars of the crew were missing.

"SPURLING'S SUBDIVISION" is attracting attention—lots are being sold right along and building in this section is such as to gladden the heart of those who have the good of Sanford at heart.

This is no idle talk—I have weighed the statement and to say just what is my candid convictions would put it most too strong for the careful, conservative person—that person whose eyes are turned backward—The fellow who has VISION will agree with me now—the other later.

# COLUMBUS, GEORGIA, TORN UP OVERR CONTROVERSY OF OFFICIALS ABOUT COMMISSION FORM

## An Attempt Was Made on the Life of the Mayor By the Bomb Route

(By The Associated Press)  
COLUMBUS, Ga., May 22.—Joint conference of county and city authorities today to consider action to be taken to bring to justice the persons responsible for explosion of a bomb under the home of Mayor J. H. Dimon here Sunday morning. Attempt on mayor's life attributed to persons who recently addressed letters to Dimon and City Manager Hinkle threatening to kill both unless Hinkle was discharged. Hinkle was attacked on the street near his home several weeks ago by persons said to be opposed to commission form of government now in effect here.

# SANFORD LADIES BAND WILL START REHEARSALS WITH THIRTY MEMBERS

## Third Band to Start in Sanford in the Past Eight Months—Some Record

Sanford is destined to have not only one of the largest bands in the state but one of the best bands in the state and will have more musicians here in the next twelve months than you could find in a city of twenty-five thousand people. This condition was brought about by E. A. Ball, the efficient bandmaster, who since his taking up his residence here has been the most active man in his line in the South. Mr. Ball first organized the Municipal Band that has been brought into bearing in a few short months into one of the finest bands in the state. Not content with this Mr. Ball brought out a thirty piece Saxophone band called the Legion Sax Band and within a short time he had the boys playing so well that they have already given a concert. Now comes the Ladies' Band that promises to be one of the best and one of the most unique musical organizations in the entire south. Composed of some thirty ladies this band has received their new instruments and will give their first rehearsal this week and by the beginning of the tourist season will be able to "blow" with the best of them.

But now comes the best part of all this band business. The Municipal Band, the Legion Sax Band and the Ladies Band will be combined into one big band of NINETY MEMBERS and at the beginning of the tourist season will open the season with a big band concert—one that will create a furor all over the state and will no doubt put Sanford in the front ranks of musical organizations in the south.

Good band music and good bands are the greatest asset to any city and recognizing this fact the people of Sanford are backing their bands to the limit and the world will hereafter know Sanford as being the best "band city" in the United States for the size of the city.

The regular Tuesday concert in Central Park will be postponed this week and the band concert will be given at the Peoples' Bank corner Friday night. Chairman Lake, of the band committee will have arrangements made for the band to play on the street that night for the benefit of the first contingent of Shriners to come to the city and there will be a fine band concert and street dance for the visitors.

# HELEN HUNT WINS SUIT FOR DAMAGES

## JURY FINDS FOR PLAINTIFF IN CASE AGAINST DR. HULLY AND STETSON

Miss Helen Hunt, of Jacksonville, was awarded \$25,000 damages last evening by a jury in the 17th Judicial Circuit Court in this city in a case against Dr. Lincoln Hulley and the Stetson University, charging malicious and illegal expulsion of the plaintiff from the University in 1907. The verdict, which was brought in by the jury at about 6:30 p. m., came as a culmination of a five days' heated trial in Orlando, and as stated by attorneys for Miss Hunt, as an award to her after fifteen years of continuous but very much interrupted efforts to exonerate herself from the cloud that was cast about her when ordered from the school, and particularly for the refusal of Dr. Hulley to offer reasons for her alleged expulsion.

Miss Hunt was awarded \$15,000 by a jury in Volusia county against Dr. Hulley for slander in 1911, but this verdict was set aside by the Florida Supreme Court, and much testimony from that trial was used for the present trial.

In a ringing address to the jury Saturday afternoon, E. W. Davis, counsel

for the plaintiff, plead with the jury to give the young woman total exoneration for which she has been fighting for so many years, and declared that the amount asked by her would only partially compensate her for the persecution she has suffered resulting from the expulsion from the college and the refusal of Dr. Hulley to at least make a statement that her character was not involved. He made several deliberate charges against Dr. Hulley and attacked his Christian principles and ethics as an educator and head of a christian institution to deal with a young girl placed in his personal care at the college as he had done with Miss Hunt, who was then only a girl of less than seventeen years of age. He enumerated the many petty charges, mostly unruly pranks, charged by Dr. Hulley to have been made by her and which was said to have resulted in her dismissal from the school because of being incorrigible and uncontrollable, and in practically all cases succeeded in satisfactorily proving that she was only a participant of many, or they were only imaginations and perhaps inventions of the dean of the girls. Mr. Davis drew a word picture of this dean that caused almost tumultuous laughter in the court room and in the jury. He said he was unfit to be in charge of young girls of lively spirits who were unused to the extreme puritanical measures which were propounded upon them by this dean, who was a spinster.

L. W. Baldwin, leading counsel for the plaintiff, opened the case with a one-hour's address, and was immediately followed by Judge T. Picton Warlow and Judge L. C. Massey, both counsels for the defense. Both summed up their case clearly and convincingly, but the address of Mr. Davis, which was the last to be given, came almost as an electric current, in an overwhelming manner, and rang with human appeal that was irresistible.

The case went to the jury at two o'clock Saturday afternoon and at 5 p. m. the jury filed out to consider the verdict.

Immediately upon receiving the news of the verdict, Attorneys for Dr. Hulley and the University, announced that a motion will be made next week for a new trial.

Miss Hunt was almost at the verge of a nervous collapse last evening, but overwhelmed with joy when told of the news and with tears sparkling she exclaimed, "At last—after fifteen years I can feel totally exonerated. I shall always have a tender spot in my heart for Orlando and its people, and particularly for that jury."—Orlando Sentinel.

## TWO OF FLORIDA'S GIRLS TO BE SENT TO PARIS

Anne Harwick of the Florida State College for Women and Lucy Fletcher of Greensboro, Florida, High School will represent Florida at the International Track and Field Meet for Women in Paris, August 20, 1922. The event will be staged in the Pershing Stadium under the auspices of the Federation Sportive Feminine Internationale.

This decision was reached Sunday May 14, when the results from the Eastern Tryout Meet, held at the Oakesmere School, Mamaroneck, N. Y., the previous Saturday were announced. Miss Harwick made first place in Annals in the javelin throw, making a record of 127 feet, 10 inches, and breaking the world record by five feet. The new world record in javelin throwing was set, however, by Kathryn Agar of Oakesmere, who made a distance of 134 feet, 3 1/2 inches during preliminaries. She failed to do as well in the finals. The measure for the javelin event is taken on the "both hand" throws.

Miss Harwick also entered the baseball throw and the shot put events in each of which she ranked second.

All during her career in the Florida State College for Women, Tallahassee, Miss Harwick, who is a senior now, has starred in athletics where her individual scoring has done much to win the championship banner for her class.

Lucy Fletcher, freshman in Greensboro High, was unable to attend the Eastern Tryout Meet because of illness in her family. Since her record of 8 feet, 1 1/8 inches, broad jump, made at the Florida State College for women during the State High School Girls' Athletic Met could not be approached at Oakesmere any nearer than 7 feet, 7 inches, she has been selected to go to France on the American Team.

These two Florida girls, Anne Harwick, formerly of Jacksonville and now of Miami, and Lucy Fletcher of Greensboro will represent Florida in Paris in August if Florida people evince enough interest in what these girls have done and can do to give the money needed to send them to Paris.

Their total expenses will approximate \$1500. Of this sum, Greensboro has promised \$150; Florida State College \$200. Will the other communities of the State raise the remaining sum, so that Florida can be represented in the All American Team? Send all donations before July 20 to Miss Katherine W. Montgomery, P. S. C., Tallahassee, Florida, Instructor in Physical Education in Florida State College, and member of the National Women's Track Athletics Committee.

In selecting the All American Team to send to the International Meet in Paris, all records, (1) from the recent

National Intercollegiate Telegraphic Meet for Women, (2- from all recent State High School Girls' Meets, (3) for athletic competitions for women conducted by playgrounds, industrial centers, and Y. W. C. A. athletic organizations throughout the nation, an (4) from the Eastern Tryout Meet at Mamaroneck, New York, May 13, were considered by the National Committee in choosing the All American Team. Ehls included thousands of competitors and it is indeed a splendid achievement of our Florida girls to have made this American Team and Florida is honored. What financial backing will each citizen of the State give these girls that \$1500 may be raised to send them to Paris in August?

## ANOTHER BREAK IN LEVEE THREATENS TO FLOOD MORE LANDS

(By The Associated Press)  
NEW ORLEANS, May 22.—A section of the batture or river bank during normal stages, at Stanton plantation on the west bank of the Mississippi river, eight miles below New Orleans, caved in late yesterday, according to Frank H. Kerr, chief of the state levee engineers, who returned from the scene last night. Major Kerr said it was impossible to tell the exact width of the slough but soundings taken on the inside of the levee indicated that the current of the river did not carry the batture away to its full depth.

Major Kerr notified R. T. Colner, chief of the fourth levee district, that he considered it likely that the levee proper would not be affected. No repairs were attempted last night, but men were put to work filling sacks with sand so that they would be ready in the event of emergency. A score or more of New Orleans policemen were sent to the scene to attend to relief work if such becomes necessary. Stanton plantation is in Orleans parish.

## NEW SALESROOMS AND AUTO GARAGE FOR SANFORD

Sanford is not only recognized by home people as being one of the best places for investment but the people of other cities are recognizing this fact as well and Orlando folks will soon become heavy investors in this city. Among the first is the San Juan Garage of Orlando, distributors of the Studebaker, Packard and Chevrolet cars who wanting a salesroom in Sanford and being unable to rent a place, bought the Parker property at the corner of First street and Myrtle avenue and will erect at once a fine brick salesroom and garage that will be a credit to the city.

A. C. Fort is in the city and expects to spend much of his time here in the interests of the new salesroom and garage being one of the owners of the San Juan Garage and it was through his desire to locate in Sanford that the deal for the Parker property was pulled off. Paul Biggers, of this city, will be one of the salesmen for the new garage and with their line of cars the new business is bound to prove successful. The new building will be 100x87 feet and modern in every particular.

## PALATKA CURB MARKET STARTS UP THIS WEEK AFTER FIRST ATTEMPT

Palatka's second attempt to start a curb market where farmers can sell their produce direct to the consumers will open for business tomorrow morning at 9 o'clock on Lemon street just in front of the court house. If present plans work out there will be a large number of growers of fresh vegetables and other products in with their supplies and the housewife will, no doubt, find it to her advantage to get her basket and go to market.

The venture has been planned and worked up by Miss Floressa Sipproll, home demonstration agent, and she has secured the cooperation of many farmers. Local business men are also interesting themselves in the venture as it means the bringing into Palatka of a large number of farmers who will have their cash sales with which to make their own purchases after the market closed.

Already one producer is advertising in today's paper that he will have fresh eggs, from the finest chickens, at 25 cents per dozen, or will sell five dozen for the dollar. He also will offer new potatoes at 20 cents per peck and all other produce at similar prices. This represents a saving of about 25 per cent and no thrifty housewife can afford to overlook it. He has forty dozen fresh eggs at this price, and may have more. Shipped eggs from other states cost 30 and 35 cents here, and potatoes shipped from here to Jacksonville and back again cost 40 to 50c per peck.

Let everybody clean up their yards and residences and get ready for the advent of the thousands of people here Saturday. Sanford will be talked about for many months to come and it is up to the people as to whether it will be favorable or unfavorable talk.

Entered as Second Class Mail Matter August 25, 1905, at the Post Office at Sanford, Florida, Under Act of March 3, 1879.

The Sanford Daily Herald is published every afternoon (except Sunday) and thoroughly covers this trading section.

Col. Stovall of the Tampa Tribune has sued the Florida Post at Winter Park for libel.

The campaign so far has been a dead one. Seminole county should live up things and have some good meetings.

Next Sunday will be National Memorial Day or rather next Tuesday is National Memorial Day and Sanford will observe Sunday instead.

The Florida Pharmaceutical Association holds its annual meeting on June 14 in St. Petersburg.

At every meeting of the circuit court in Sanford one is struck with the fact that Seminole county must be peopled with a fine class of citizens.

A "Ford For President" club has been formed in Detroit. If Henry Ford has anything to do with it we will mark him off the list of acquaintances.

HELP THE BOY SCOUTS

Deane Turner of this city is treasurer of the District Boy Scouts Division and this division comprises the counties of Osceola, Lake, Orange, Volusia and Brevard.

SANFORD STEPS FORWARD

The voters of Sanford recently showed their public spirit and their good sense by overwhelmingly supporting a bond issue for municipal improvements.

Sanford Herald that the present population of Sanford is in excess of 7,000. Reference to Sanford's achievement would not be complete were mention omitted of the part the Sanford Herald played in securing the passage of the bond issue.

PERRY WALL DISCUSSES VITAL PUBLIC PROBLEMS

The address delivered at the regular weekly luncheon of the Rotary club yesterday by Hon. P. G. Wall was a masterly and courageous review of local and state political conditions.

It is high time that the progressive, thinking men of this state gave heed to these matters. A demand should be made upon the democratic state executive committee that state convention be called for the consideration of public affairs and for the proclamation of party principles.

Mr. Wall declared in his address that the three outstanding problems to which the intelligence of the state should address itself are taxation, education and transportation.

CHARACTER ASSASSINS

If we are to accept the clandestine whisperings, so insistent now that no one can ignore them, there is an epidemic of slanderous gossiping raging locally.

MICKIE SAYS

THE EDITOR SENDS ME OUT HERE TO MAKE KICKS ONCE IN A WHILE. BUT JUST BETWEEN YOU 'N ME, HE THINKS HE'S RUNNING HIS PAPER IN BEST TOWN IN THE COUNTRY 'N HE SWEARS NOBODY NOWHERES HAS GOT AS LOYAL 'N FRIENDLY A BUNCH OF SUBSCRIBERS!

CHARLES J. JUDGE

Other communities, according to the public press are suffering the ill effects of this blight. We recall many years ago a similar condition in a south Florida city where we were then residing.

In every community it is to be found this coterie of character assassins. They draw no distinctions. Every one who is worth discussing at all is placed upon the operating table of opinion and X-rayed by exploiting tongues.

Can that person who has never been tempted stand in just judgment over his weaker brother? Is it just that those whose colorless souls know nothing but the routine should sit in judgment of those to whom has been given that restless temperament which makes for action some often misdirected?

BE BROAD—ADVERTISE

Could you do without a telephone in your business? Has the automobile displaced the horse to haul your merchandise? Would you write your business letters with pen and ink instead of a typewriter?

and trust company which was one of the first in the field but which never got anywhere because it fought against accepting the telephone, the electric light, the typewriter and everything new, including advertising.

Not one bit too strong is this argument of the man who does not believe in advertising. That fellow who refuses to use a telephone, or a typewriter, or electric lights, or automobiles, or a cash register is foolish, you say.

So are you, if you fail to avail yourself of the great power of publicity. Advertise and be broad!—St. Petersburg Times.

PERSONALS

(From Thursday's Daily) Mrs. Endor Curlett and her mother, Mrs. Eichner, of Geneva, were in the city yesterday.

Thursday afternoon and nothing to do till tomorrow. Go out to the golf links and look them over.

Court is moving right along and it begins to look as though it would be finished by Saturday night.

Mr. and Mrs. H. H. Pattishall, of Geneva, were in the city today on business and visiting their many friends and relatives.

T. W. Lawton, the genial superintendent of schools was called to Jacksonville yesterday by the serious illness of his mother.

Curtis Barber, who is attending the Florida State University at Gainesville, will arrive home Sunday for the High School commencement exercises.

Remember that the National Memorial Day will be observed at Central Park Sunday afternoon at 4 o'clock. Everybody is cordially invited to attend.

Mr. and Mrs. R. A. Terheun have moved from the Dr. Marshall house on Park avenue to the Shinholser house at the corner of Third street and Magnolia avenue.

Major W. S. McClelland and Laurie Taylor, of Eustis, were among the prominent visitors to the city today. Major McClelland is president of the Eustis State Bank and one of the most prominent citizens of Lake county and is well known all over the state of

Florida. Laurie Taylor is proprietor of the Palms Pharmacy, one of the finest drug stores in this part of Florida. Both of them are old friends of the Herald editor and we were glad to see them again.

J. S. Sligh, M. W. Tarpley, Mayor Duckworth, H. H. Dickson, B. R. Cox and Chas. McDowell, of Orlando, were here last night attending a meeting of the Central Florida Water Traffic League.

Hon. W. A. MacWilliams, candidate for congress from the Fourth district, was here today in the interests of his candidacy. Mr. MacWilliams has many friends in Sanford who are always glad to see him.

Dr. Ralph Stevens had his radio telephone all set last night to get the Marine Band concert and he not only heard this fine band playing in Washington but heard a fine speech on the Woodrow Wilson Foundation Fund delivered in Detroit and other items of interest and music from most of the

big stations east and west. Dr. Stevens now has a set that is all right and he and his friends are enjoying this personal touch with the rest of the United States every night.

The Juniors of the Sanford High School will banquet the Seniors tonight at the Valdez Hotel and it is said that over one hundred will sit down at the tables—one of the largest crowds that ever attended a Junior banquet.

F. P. Rines has an advertisement in this issue calling attention to the fact that he is giving away a free auto signal lamp. With every dollar cash purchase you get a free chance on the signal lamp. See Fred and have him tell you about it.

Mr. and Mrs. F. B. Langley and son, Frank, of Lakeland, were in the city yesterday the guests of Mr. Langley's brother, Dr. Theo. Langley. Mr. Langley was formerly trainmaster here and the many friends of the family were glad to see them again.

No Dust

EVERY tourist and motorist knows the aggravation—yes, danger—of dusty roads and streets. Every farmer suffers the loss of revenue when crops are sprayed with grit and dirt from dusty highways.

VITRIFIED Brick PAVEMENTS

eliminate these aggravations, dangers, losses, burdens and costs, for the wearing surface is so tough, hard and dense that it produces no dust. Equal merit with brick in respect to dustlessness may be claimed for other pavements, but none can offer the combination of dustlessness and durability.

**FOUNTAIN OF YOUTH CASE AT ST. AUGUSTINE TAKES A NEW TURN**

(By The Associated Press)  
ST. AUGUSTINE, May 23.—Lyonella M. Day, of Jacksonville, has recovered her Fountain of Youth temporarily at least, just because she thought she was unmarried in 1919 when legally she was married, and had no right to deed away the property. Since that time, however, the husband in the case has died.

It was all threshed out in a suit brought by Miss Day against the Fountain of Youth Company, in which she claimed that control of the property, which embraced other things historical, such as Spanish antiques, had been wrested from her through the organization of what she thought was to be a trust to operate for the benefit of disabled soldiers.

The divorce papers of 1919 were brought into the hearing of the suit and acted in a most snicky manner. First the defense wanted to know just what Miss Day could show as authority for bringing the suit under the name of Lyonella M. Day. The plaintiff had on hand the final divorce decree, but the defense insisted that the full divorce proceedings were necessary to prove her single identity. It was necessary to hold up the hearing a day while all the papers were sent from Jacksonville. When they arrived Circuit Judge Gibbs told the plaintiff's attorneys that he would declare the papers invalid because a provision in them to cover the address of Miss Day's former husband was illegal.

The provision read that the "address" of the husband was unknown whereas it should have read, it was ruled, that his "place of residence was unknown."

Then as the case continued, it became necessary for the defense to show that Miss Day was a single of obtaining them.

Then when the papers were introduced, Judge Gibbs declared formally that the divorce was invalid and that Miss Day was really Mrs. John McConnell when the property transaction took place. She did not have the right to deed away her husband's property.

Of course, there may be further action on the part of the defense which provides a possibility that the ownership of the fountain may gain the reputation of changing hands as often a place has changed locations since Ponce De Leon came here in search of it.

**SERVICES AT FIRST BAPTIST CHURCH NEXT SUNDAY**

The new pastor of the First Baptist Church, Dr. F. D. King, with his family, arrived this week from Fort Myers where they have resided for the past five years. Dr. King begins his pastorate here at once. It is desired that every member of the Sunday school be on hand next Sunday morning at 9:30 to greet him. His first sermon as pastor will be preached Sunday evening at 8:00 o'clock, as the Baptists will join with the other churches in attending the services at the High School building Sunday morning. The Stetson Quartette will furnish special music at both Sunday School and evening services.

Every member of the church is urged, and visitors are cordially invited, to attend.

**BE PRETTY! TURN GRAY HAIR DARK**

TRY GRANDMOTHER'S OLD FAVORITE RECIPE OF SAGE TEA AND SULPHUR

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

**Circuit Court Grind —Many Cases up— Finish This Week**

Circuit Court convened Tuesday with Judge James W. Perkins presiding, and Geo. A. DeCottes, state attorney; V. F. Douglass, deputy clerk, and C. M. Hand, sheriff, in attendance.

Court was opened and called to order by the sheriff in accordance with law.

The sheriff having made the return on the regular venire and the jurors being present, the following answered to their names, to-wit: C. A. Betts, F. A. Johnson, C. F. Proctor, O. G. Bell, G. E. LaVigne, L. A. Sheldon, J. W. Osteen, R. L. Dann, H. H. Witte, D. E. Mathers, Harry Lee, H. F. Kent, H. F. Lossing, L. H. Gore, T. M. Bledsoe, B. A. Hartley, A. B. Mahoney, J. M. Hunter, Jos. T. Nixon, W. P. Fields, R. L. Wheeler, Aubrey Moran, John Meisch, S. O. Chaso, B. H. Nelson, A. J. King, J. E. Torwilliger, J. L. Miller, E. H. Kilbee, H. C. Parker, A. VanNess, J. B. Johnson, O. T. Pearson, C. D. Couch, L. B. Mann.

The following person was not found: W. M. Morris.

The court here excused the following persons from jury duty: H. F. Lossing, J. E. Torwilliger, G. E. LaVigne, J. M. Hunter, Jos. T. Nixon, John Meisch, F. A. Johnson, C. G. Bell, A. B. Mahoney, H. C. Parker, R. L. Dann, L. B. Mann, L. H. Gore, J. L. Miller, L. A. Sheldon, J. W. Osteen, J. B. Johnson, S. O. Chaso.

State Attorney George A. DeCottes here moved that the regular venire be quashed, owing to irregularities in the drawing of same, and the court ordered that the regular venire be and the same is hereby quashed and the clerk of this court is ordered to issue a special venire of 36 to be summoned from the body of the county of Seminole, same to be made returnable at 2 o'clock p. m., May 23, 1922.

The court here sounded the civil docket and set the several cases for hearing.

The State of Florida, vs. Floyd Cowart, assault with intent to murder. Acting State Attorney Schelle Malines here moved the court to continue this case for the term, which was granted by the court.

The State of Florida vs. James Goolby, assault with intent to murder. Acting State Attorney Schelle Malines here moved the court to continue this case for the term, which was granted by the court.

The sheriff here made return on the special venire and the following answered to their names: W. P. Fields, Harry Lee, A. VanNess, E. A. Farnell, E. L. Brown, C. A. Betts, T. M. Bledsoe, J. H. **Citrus Shipments During the Year, Break All Records**

With possibly five hundred cars of citrus fruit yet to be shipped during the present season, figures compiled by local growers yesterday indicate that Florida has shipped more oranges and grapefruit this year than ever before. And it has brought exceedingly good prices, the growers said.

Estimating that at least a thousand cars of fruit were shipped by express, the total for the season is fixed at 36,163 cars. This figure exceeds by nearly 3,000 cars the shipments of last year which were estimated at 33,607.

It was pointed out that the last few years have noted a steady increase in Florida's fruit exports, due not only to favorable conditions but to the increased acreage devoted to orange and grapefruit groves. On this basis it is estimated that next year will see the yield of another record breaking crop and so on ad infinitum until citrus culture reaches the highest stage of its development in the Peninsular State.

In 1918 the crop was little more than half as large as this year's and it was considered in the championship class as things went in those days. The crop was about eight million boxes then. It reached the lowest stage in 1895 when the freeze reduced shipments to little more than 1100,000 boxes.

Shipments of oranges by rail this season have reached 17,993 cars, with 16,070 cars of grapefruit. Much fruit has gone to Eastern markets via water routes, besides that shipped by express.—Orlando Sentinel.

**LOWEST-PRICED ROAD IN THE STATE**

TAVARES, May 24.—Yesterday the Lake Construction Company of Leesburg made a surety bond for \$58,000 for the faithful performance of its contract to construct nineteen miles of roadway from Astor to Altona, with ten miles of shell surfacing and nine miles of clay.

The entire cost of this nineteen miles of roadway is a trifle under \$7.00 a mile. This road has been cleared to sixty-six feet wide as clean as a whistle. The roadway will be twenty-four feet wide and surfaced fifteen feet.

There has been some state comment on the low price of this road contract, the idea being advanced that it was impossible to do the work at this price, or the work would be slighted. As originally stated, the price of less than \$7,000 a mile included engineering costs. The work will meet the requirements of the state and federal highway commission, so that in future years the grade or alignment will be acceptable to them.

In the cost there are included forty-six cast iron culverts, a pressure-treated crosstied timber bridge 320 feet long and sixteen feet width roadway. The grade includes 110,000 cubic yards of grading. There is one hill 120 feet high that will be cut to 5 per cent grade. The roadway goes through a thirteen-mile swamp, and in one mile of same there is 12,000 cubic yards of fill.

This is told to prove that this road has the problems that confront roadbuilders. The supervision of County Engineer Heller will be as strict as that of federal supervision, and when completed it will stand as a monument of efficiency in road making and at a price that has not one penny of graft or favoritism or politics in it.

The \$38,000 school bonds to erect a new high school building to Pruden & Co., Toledo, O., for \$40,000.40. After the bids were opened the six bond buyers who were lower in their bids suggested that the bonds be put at auction and the buyers allowed to bid the limit. The successful bidder refused to accept the challenge.

**BURR ATTENDS MEET ON SOUTH'S FREIGHT RATES**

TALLAHASSEE, May 24.—R. Hudson Burr, chairman of the Florida Railroad Commission, left Saturday for Atlanta, where he goes to sit with the Interstate Commerce Commission for a hearing on freight rates in the south which will last through the week.

At the request of carriers operating within the Southern territory and of many interested shippers the Interstate Commerce Commission has instituted an investigation of the class rates applicable in interstate commerce within this territory; between that territory and the Mississippi river crossings; between that territory and the Ohio river crossings and points beyond; and between that territory, excepting North Carolina points and Virginia cities and eastern points beyond in trunk line and New England territory.

This investigation has been instituted because the rates in question, in many instances, differ materially for substantially similar hauls on like classes of traffic; because the relationship of the first class of the rates on the lower classes varies greatly in many of the difference scales and adjustments; and because many of the rates are higher for shorter hauls over the same line or route. The investigation is favored not only by the carriers and shippers but also by most if not all, the railroad commissions of the Southern States. The carriers have been working upon a revision of the rates for many months. The commission believes that by instituting this investigation it will be possible to secure results more constructive and harmonious than can be secured in the separate proceedings which will otherwise be inevitable and that much time and labor will in the end be saved.

The schedule for hearing various subjects beginning Monday, May 22, include every possible phase of rates. The matter of most interest to Florida will be reached on June 1, when rates between all origins and Florida points will be discussed.

The commission has called up members of five commissions from as many Southern States to sit with them in the discussion of this matter. These state commissioners are James A. Perry, of Georgia; Alexander Toward, of Virginia; R. Hudson Burr, of Florida; A. J. Maxwell, of North Carolina; and A. G. Patterson of Alabama.

**SPEAKING DATES IN COUNTY FOR CANDIDATES**

The following speaking dates have been arranged for the candidates in the county and all those running for state and national office are invited to be present and speak at these meetings if they desire:

Longwood, night of May 29th; Oviedo, night of May 30th; Monroe, night of May 31st; Geneva, night of June 1st and Sanford, night of June 3rd.

The members of the Democratic Executive Committee are expected to act as chairmen of the meetings wherever they have been arranged and get up the crowd for the candidates.

**ROOM THE POSTOFFICE BUSINESS IS URGED**

(By The Associated Press)  
DAYTONA, May 25.—Florida postmasters assembled in the 14th annual convention here yesterday were urged to "talk and boom the postoffice business you might own," by O. C. Cole of Atlanta, representing the headquarters of the postal service.

**USE SULPHUR TO HEAL YOUR SKIN**

BROKEN OUT SKIN AND ITCHING ECZEMA HELPED OVER NIGHT.

For unsightly skin eruptions, rash or blotches on face, neck, arms, or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even lery, itching eczema is dried right up.

Get a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.

**COMMENCEMENT EXERCISES FOR THE WEEK BEGINNING THURSDAY NIGHT, MAY 25TH**

The commencement exercises of the Sanford schools begin Thursday night with the banquet of the Juniors to the Seniors at the Valdez Hotel.

Sunday morning at 11 o'clock Dr. Hyman will preach the Baccalaureate sermon to the graduating class at the High School auditorium.

Monday morning at the Grammar School auditorium the graduation exercises of the Eighth Grade will take place.

Monday afternoon at 5 o'clock will be class day at the High School.

Monday night Mrs. Munson's classes in music will give a recital at the High School Auditorium at 8:00 o'clock.

Tuesday night graduation exercises of the Class of 1922 at the High School Auditorium beginning at eight o'clock.

Wednesday night Sanford High School Alumni banquet at the Valdez Hotel.

**TRY TO LAY OUT RAGE AT DOOR OF KLU KLUX KLAN**

(By The Associated Press)  
COLUMBUS, Ga., May 23.—Anonymous letter and a postcard signed "K. K. K." referring to the bomb explosion at the home of Major J. Homer Dimo nearly Sunday morning as "our last warning" and demanding that "you and Hinkle go at once" were received by the mayor yesterday.

Hinkle referred to in the letter, is City Manager H. Gordon Hinkle, who was attacked a month ago on one of the principal streets of the city.

In an anonymous letter received by the mayor at that time, the resignation of the mayor and city manager were demanded.

Rewards totalling \$10,000 were offered yesterday by the city and county commissioners for evidence to convict the person or persons guilty of placing the explosive on Mayor Dimon's porch Sunday, and a mass meeting has been called for tonight to formulate plans for apprehending the bomb plotters.

The text of the letter received by the mayor read:

"We asked you to fire that and you did not do it. You see what we are going to do to you. We will get both if you don't fire him at once. This is our last warning. It will be too late for you when you find out who we are. Act at once."

The following was contained on the postal card:

"This was merely a warning. We will get you next time. Damn your \$10,000. You may offer a million dollars and still not get us. You and Hinkle must go and go at once. This is our last warning. K. K. K."

In a statement issued last night by Dr. W. F. Whitehead, a reputed leader of the Ku Klux Klan, denied that the Klan had any knowledge of the postcard received by the mayor yesterday, and said that the local organization stands squarely behind the officials for law and order.

**GILCHRIST IS CONFIDENT**

(By The Associated Press)  
JACKSONVILLE, May 23.—Gov. Albert W. Gilchrist, candidate for the democratic nomination for United States Senator, is spending practically all of his time in the field, visiting the various sections of Florida.

He arrived in Jacksonville last Sunday morning after a tour of parts of the western peninsular and central Florida, and along the east coast to Miami and return. Whichever he visited he met with enthusiastic receptions and assurances of strong support. For nearly two weeks he made an intensive campaign and upon his return here expressed utmost confidence in victory at the polls June 6 next.

**EAT LESS MEAT IF BACK HURTS**

TAKE A GLASS OF SALTS TO FLUSH KIDNEYS IF BLADDER BOTHERS YOU.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidney's aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone, makes a delightful effervescent lithia water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious disease.—Adv.

# ONLY HOPEFUL OF REDUCTION IN R. R. RATES

## SAYS PRESIDENT REGARDING THE WHITE HOUSE CONFERENCE

(By The Associated Press) WASHINGTON, May 23.—Harding represented at White House as merely hopeful of a voluntary reduction in transportation rates would result from Saturday night's White House dinner conference. Obstacles in the way of obtaining voluntary action by the railroads in the way of rate reductions on thorough going basis desired by the administration was described at the white house as somewhat formidable.

## NATIONAL SINN FEIN RATIFY AGREEMENT REGARDING ELECTION

(By The Associated Press) DUBLIN, Ireland, May 23.—Ard Pheis, national Sinn Fein organization, today ratified the agreement reached last week by factions of the Dail Eireann, regarding elections and compositions of the government.

## TWO YOUNG MEN EN ROUTE TO MAINE IN 17 FOOT BOAT

(By The Associated Press) ST. PETERSBURG, May 22.—Somewhere between this city and Jacksonville are two youngmen on route to Maine in a 17 foot canoe.

The adventurers are Herbert Ryan of Haverhill, Mass., and William P. Harms, of Brooklyn, N. Y., who spent the winter here. They are traveling as far as Jacksonville over the inland route.

Harms and Ryan plan to obtain the signatures of the mayor of each city in which they stop. They were in Pulver before they left here.

The canoe is equipped with ample provisions and in addition the men carried fishing tackle and guns with which they hoped to replenish their stores as they become depleted on route.

## NEGRO PLEADED CASE AND WON OUT

(By The Associated Press) TAMPA, May 22.—Edgar Heath, negro, believes in the old adage that if you want anything done it is best to do it yourself. Edgar was tangled up here this week with Henry Van Dyke, a fellow member of his race, the two having been haled into court on a charge of breaking and entering with intent to commit a felony. The charge was that they entered a store here and got away with an undetermined quantity of perfume.

Van Dyke was called first by Judge Gibson and immediately pleaded guilty. Not so, Heath, Edgar pleaded not guilty and told the court he would handle his own case without the assistance of an attorney. Van Dyke testified against his as a witness for the prosecution and assisted his other witnesses attempted to show that Edgar was crooked. Van Dyke even went so far as to tell the court that Edgar was with him when they broke into the store.

The testimony didn't ruffle Edgar and at the proper time he questioned the witnesses. He failed to make a summing up speech but at opportune moments pointed out to the jury and after a short absence it returned and rendered a verdict of NOT guilty.

## HIGHWAY ROBBERIES AT DAYTONA BEACH MAKES CURFEW LAW

(By The Associated Press) DAYTONA, May 22.—As a result of a highway robbery by two negroes at Daytona Beach recently, Mayor Bailey has warned negro residents that they must be at home each evening by ten o'clock. Additional deputies have been appointed to enforce the edict and all negroes found on the streets after that hour will be arrested. Petty thefts and other misdemeanors which have occurred at Daytona Beach and Seabreeze during recent months has prompted strong sentiment against permitting negroes to reside in either place and reports received here say the movement toward that end is gaining momentum.

In Sanford "the bond issue" has been the subject of conversation and speculation for some time. Wednesday the election was held and the bond issue authorized by a vote of practically eight to one. The amount to be raised in this way is \$825,000, and the money will be used for extension of paving, the erection of a municipal building and the extension of Park avenue into Lake Monroe, with a municipal dock. The people are

evidently in hearty accord with the proposed plans for improvements, and Sanford will be busy and happy during the summer carrying forward the good work.—Times-Union.

The verdict in favor of Miss Helen Hunt rendered by the court at Orlando Saturday night will give general satisfaction all over the state where the young lady is known and held in esteem. Expelled from Stetson University for no good or sufficient reason the young lady's life was all but ruined and her fight for fifteen years to get justice and vindication has been watched by those who knew her best and especially by her newspaper friends. The verdict for damages given her Saturday should set at rest all doubts about the justice of expulsion from schools and the termination of this case will cause college authorities to go slow before expelling students and wrecking their careers. The Herald congratulates Miss Hunt upon the result of the trial at Orlando and hopes that this will end the case that has caused the young lady and her dear old mother and all of her relatives and friends so much sorrow and that has almost ruined her health.

## THE RAIL RATE MENACE GROWS

A showdown or crisis on rail rates cannot long be postponed. This week a Seattle post company writes Capper's Weekly that it costs 18 cents to ship one of its 9-cent posts to the Dakotas and that instead of shipping 2 or three cars of posts a day to that territory it does not now get an order.

A receipted freight bill for a car of salt shipped from Kansas City to B. T. Hadley, Secretary-Treasurer of the Main Elk Stock Association at New Castle, Colo., shows the freight \$501, came to three times the cost of the salt, which was \$150 at the shipping point.

The Auto-Fedan Hay Press company finds its business greatly crippled because it must pay \$2.08 1-2 a hundred to ship hay presses to Los Angeles, for instance, as against a freight rate of \$1.15 for export to foreign lands. Why should a shipper be charged nearly twice as much for a shipment for home consumption as he is charged for a shipment for export?

Unless there is a quick reduction in railroad freight rates to about pre-war levels, or the prices of agricultural products are increased sufficiently to equal the advanced in rates there will be profound readjustments in agricultural production, involving readjustments in industry as well, so Secretary Wallace of the department of agriculture tells a New York audience. The blighting effect on agriculture of the increased level of freight rates, he informed these honorees, can hardly be comprehended. If they continue for any length of time he foresees these disastrous effects:

First—The favoring of the farmers of South America and Australia at the expense of our own farmers, because of the substantial decrease in ocean rates.

Second—Keeping prices of farm products in the large surplus producing states at figures lower than justified by the investment in land equipment and by cost of production.

Third—Prolonging the period of dissatisfaction among farmers due to encouragement of advocates of economic fallacies of all sorts.

Fourth—Improving the position of eastern truck and fruit growers but at the cost of milk and dairy products because of the advanced prices of hay and coarse grains necessarily shipped from the west.

Fifth—A gradual shifting of industrial enterprises westward near to surplus food-producing territory.

Finally—The promotion of a sectional rather than the national spirit making more an dmore difficult large national policies with respect to international policies with respect to international affairs.

Secretary Wallace pointed out to these New Yorkers that this nation has been built up by a system of low railroad rates to encourage long hauls to manufacturing, industrial and business centers, with a corresponding return haul of manufactured products, and that a sudden reversal of this theory of ratemaking, if continued, would result in great economic injustice, great confusion in the agricultural industry and business uncertainty for a long time.—Capper's Weekly.

## AN OUTSIDER'S VIEW

The following editorial from the Buffalo Saturday Night was written by a man who is not, and never was, a Rotarian: "Contrary to the common impression that Rotary is a great and powerful organization because it embraces the most effective men in the community, we are of those who hold that it has won to its support the best citizens because it is founded on a great and powerful idea. Perhaps it is not too much to say that the

idea fundamental to Rotary is one which may in the early future entirely change the complexion of society, curing some of the more patent of our political troubles as well as those of our economic life.

"Our interpretation of the Rotary idea is impartial and objective. It seems to us vastly more than the spiritual cement which holds together a little group of people after the fashion that a common belief holds together the members of a religious sect. Rather, we should say, Rotary permeates modern business life, the members of the organization itself merely setting the fashion and lending confidence to the weaker citizens through the example of their undiminished success.

"Like all good things, the principle of service as the basis of a right to commercial existence has been much pawed over and misunderstood. There are simpletons and congenial chair-pushers in business who honestly suppose that the principle of service has been satisfied when a customer has been waited on politely and speedily, even though he may be being vastly overcharged for inferior merchandise.

"To our way of thinking, Rotary with its loftier commercial ideals, demands that the business man shall not only serve his customer's interests in his absence; shall rigidly put aside any temptation to take advantage of his customer's lack of expert knowledge; shall substitute for the ancient principle of bargaining, "let the buyer beware," the more honorable and manly one, "teach the buyer freely to place his trust in me!"

"Time was, and not so very long ago, when the average business man felt a measure of repugnance for the things he had to do to keep afloat in business. The best of them shrugged their shoulders, quoted "business is business," in extenuation, and felt relieved when they might retire to the safe haven of home or club as from a disagreeable but necessary daily contact.

"Instead of providing a sanctuary from business, Rotary set itself to make of business, not a cunning struggle for mastery between foxes, but a matter of transactions between men, a clean and honorable series of service contacts, in which the individual's primary responsibility should be, not merely to get his money and get away, but to render service so fully and convincingly that the buyer must owe a debt of good will over and above the money price paid.

"Under the influence of Rotary's leadership, we believe that society is entering upon a new phase of its ever-changing form. Whatever may be the opinion of the cynical who see only the surface, trickery, chicanery and commercial skull-duggery are becoming rarer and less tolerable every year. And the sphere of Rotary's influence is immeasurably broader than the roster of Rotary's membership.

"Rotary's great service to society lies in the fact that it has taught business, purely as a matter of sound common sense, certain deathless ethical principals which generations of clergymen have sought to teach, none too successfully as matters of lofty sentiment and spiritual salvation."

## NEWSPAPERS BREAKING NO SPEED LAWS

Echoing the sentiments The Gazette has been trying to impress upon the people the Miami Herald says that while the press is giving certain publicity to each candidate announcing there is being taken no decided pushing for one candidate over another; adding that for the past many decades newspapers have been used at entrapments for pulling chestnuts into the pockets of many scheming politicians on the ground of "party fealty."

Many of the older newspaper men have long since learned the lesson of the pussyfooting candidate who is anxious to get something, and lots of that something, for nothing. A candidate for any office of considerable note would not expect of his followers to make a daily discourse on the street corner in his favor unless there was to be a financial reimbursement yet the many of them will belittle a newspaper that does not come out each issue with some flattering words in his favor.

Then there are many candidates who lack the initiative to give newspapers any hint of a "story" in their favor. They are buoyed up with the belief that every publisher is ready to break his neck to get a tale of glee and glory about him for the "good of the party." That which is secured with no effect is never appreciated—no matter what it may be. In these days and times and conditions no newspaper is going out of its way to boost anyone for public office—for the word "gratitude" is missing from the lexicons of ninety percent of the politicians immediately the polls are closed.

If anything is not worth hustling and working for it is really not worth

the having—and the office-seeker who imagines for the moment that his newspaper man is "going to write his fingers off" because of the love for any one man has a blending of the brain, which should be unscrambled at the earliest opportunity.—Kissimmee Gazette.

## THE FARMER'S GREATEST FRIEND.

The county agents of Florida are doing more right now, probably, than ever before for the farmer. At least that is the opinion of E. W. Jenkins, of the Agricultural Extension Division, University of Florida, who has supervision over the work of county agents in the counties of South Florida except those on the East Coast.

According to Mr. Jenkins the problems worked on by these agents are too numerous to mention, but he says the four most important are: The control of insects and diseases of farm, truck and grove crops; fertilizer problems, purchase, preparation and use; marketing, both buying and selling; and dairying.

From time to time the county agents hold farm schools. On these occasions specialists are secured from the state's college of agriculture. The specialists go right into the field, grove or truck patch with the farmers and together they study the problems to be found there. Schools for the control of insects and diseases on citrus and truck crops have been especially popular.

Because of unsettled business conditions and of the high prices that, until recently, prevailed for fertilizers, the agents have had a busy time advising farmers in the correct uses of different fertilizers. And their advice has been much in demand.

Cooperative marketing has been stressed and emphasized by the agents in all the counties for the last few years, especially since the problems of production became secondary to those of marketing. In nearly every county there are cooperative marketing organizations which are buying the farmers' supplies and selling their products, doing both cooperatively and saving money in doing so. In Alachua County, Mr. Jenkins, states, there are seven communities organized and functioning along these lines.

Dairying has become a major project in but a few counties. In the short time it has been emphasized in Marion County a cooperative creamery has been established and is placing over a thousand dollars every week into the pockets of the farmers. In Hernando County the business men say they could and would not do without the dairy industry.

## ALL LOCAL DRUG STORES HANDLE FERRALINE

You do not have to go any farther than your nearest Drug Store to get Ferraline. This wonderful remedy is for sale everywhere. Just declare your right now that you will keep in a bottle of Ferraline. The results will amaze you. Thousands have been benefited by its use. For nervousness, indigestion, rheumatism and disorders of the blood it has no peer. Read these testimonials which are but a few taken from the hundreds in our files. Rev. W. D. Spurlin, Presbyterian minister, of Demopolis, Ala., says: "For a great many years I have been subject to spasmic, and at times severe attacks of indigestion. Having heard of the curative effects of Ferraline, on one or two of my best friends, I decided in almost sheer desperation, to try it, and I am glad to say it has greatly benefited me."

"I desire, without solicitation or hesitation, to commend to those persons who are over worked or who are in a run-down condition, Ferraline as a tonic. I took two bottles and felt almost like a new person."—Adv.

### KU KLUX KLAN PLAYED PART IN SHIELDS' CASE

MRS. SHIELDS WROTE TO KLAN HEADQUARTERS—INVESTIGATION LED TO HER ARREST

(By The Associated Press) DELAND, May 22.—One of the most interesting features in connection with the case of Mrs. Alice Shields, charged with murder as a result of the shooting to death of her husband, William A. Shields, near here the night of February 6, last, was the part played by the Ku Klux Klan which led to the arrest of Mrs. Shields. Several stories of the participation of the Klan have been told and the different versions have resulted in a misunderstanding of the purported facts.

Mrs. Shields was to have been placed on trial at DeLand last Monday but with the work of selecting the jury virtually underway it was discovered two of the state's principal witnesses Mrs. Lillian Ferrell, of Eau Claire, Wis., and H. L. Berry, of Waverona, Ga., had not been subpoenaed and had returned to their homes. State Attorney George A. DeCottes as a consequence moved for continuance of the trial until the fall term, a request which the court granted.

Mr. DeCottes explained to newspaper men the Ku Klux feature in detail in order to get that angle of the case cleared up. Mrs. Shields was arrested at St. Cloud some time after the death of Shields and after Assistant State Attorney R. S. Mott had been plotted there by an unidentified member of the Klan.

After the arrest of Pete Smith, a negro, as a suspect, and Mrs. Shields' charge that Smith had killed Shields and attempted to assault her, Mrs. Shields went to St. Cloud to the home of her father, L. S. Davis, a Union army veteran who had settled in St. Cloud about fifteen years ago. From there Mr. DeCottes said Mrs. Shields wrote a letter addressed to "The Leader of the Ku Klux Klan" in Atlanta, Ga. She declared she was being persecuted and needed help and asked that a Klansman be sent to see her. The letter added that while she knew many men in this section were Klansmen she did not know them and if a member were sent to her, the letter she had mailed to Atlanta could be exhibited as a means of identification. Headquarters of the Klan in Atlanta ordered that the local Klan send a member to Mrs. Shields and the letter, as she had instructed, was given the messenger as credentials. Mr. DeCottes said Mrs. Shields was interviewed by a Klansman and the interview resulted in the mailing of a communication from the Klan to Mr. Mott.

The Klan's communication signed, "Committee of Investigation, Knights of the Ku Klux Klan," informed Mr. Mott that if he wanted to learn the purported facts surrounding the killing of Shields he must meet in a hotel in Orlando at a designated time a messenger unknown to him but who knew the assistant attorney by sight. Mr. Mott followed instructions and upon meeting the messenger was piloted to St. Cloud.

At St. Cloud the assistant attorney, in the presence of three strangers, but whom he was informed were Klansmen, obtained a lengthy statement from Mrs. Shields. The statement typewritten, was signed by the Klansmen, as witnesses, on the lower left hand corner of the last sheet. Then the Klansmen tore their signatures out of the sheet, retaining the bit of paper containing them. Mr. Mott declares he does not know the identity of the witnesses and the statement, in the files of the state attorney, has a large section of the last sheet missing.

the missing bit bearing the names of the Klansmen.

The Klansmen gave to the Assistant State Attorney, the letter Mrs. Shields wrote to the Atlanta headquarters and it is understood if it is found necessary to disclose the identity of the witnesses to the statement obtained from Mrs. Shields by Mr. Mott the Klan may do so. Mrs. Shields was ordered arrested and charged with murder by Mr. Mott because he said the statement was so widely at variance with her previous stories of the killing.

Another feature of the case around which many stories have been built was the amount of life insurance Shields left. The authorities at different times having stated they were proceeding on the theory that Shields was killed as a result of a plot to realize on his insurance, rumor had it that the insurance was as great as \$10,000. The actual amount, according to the State Attorney, was \$2,042. Mrs. Shields has stated her husband had borrowed from one of the banks \$1,400 against the policy, leaving a balance of only \$642, with which several bills Shields had contracted in DeLand amounting to between \$300 and \$400 had to be met.

(From Monday's Daily) City is "perking up" for the Shriners.

Sanford is being advertised by her progressive citizens.

Now for the big improvements of all kinds and a most busy summer.

Three are as many new homes going up in Sanford now as any other city can boast in the south.

Remember the band concert will no be at Central Park tomorrow night but will be given Friday night at Peoples Bank corner.

Mr. and Mrs. J. P. Anderson and little daughter, Beatrice of Lakeland are the guests of Mr. and Mrs. Frank Graham at their attractive home on Sanford Heights.

The Municipal Band will not have the regular concert in Central Park tomorrow night but will have a concert Friday night at the Peoples Bank corner for the benefit of the advance guard of Shriners. Concert and street dance at that time. Tell your friends.

Palm Springs is again the mecca for those who want to take a cool plunge these warm days or to enjoy the beautiful scenery in a picnic party and spend the day there. Palm Springs is undoubtedly one of the most popular resorts in this part of the state.

Mr. and Mrs. C. H. Dingee left this morning for their home in Dunedin after spending a week here the guests of Mr. and Mrs. R. J. Holly, Mr. and Mrs. Dingee are old residents of Sanford and have many friends here who gave them a warm welcome. Mrs. Mary Palestine and Mrs. J. N. Whittier accompanied the Dingees to Dunedin and will be their guests for several days.

Mr. and Mrs. Earl Brown and little daughters of DeLand were in the city yesterday the guests of Mr. and Mrs. R. J. Holly and made a trip to Palm Springs. Mr. Brown is one of the busiest men in the state and is a hustler of the real kind. He is City Manager of DeLand, Secretary of the Poultry Association, head of the Fair Association, a poultry fancier and successful chicken raiser, an orange grower and farmer and in half a dozen other propositions.

Mrs. Hunt and daughter, Miss Helen Hunt of Jacksonville spent yesterday here the guests of Mr. and Mrs. W. B. Zachry. Miss Hunt is the society editor of the Times-Union and recognized as one of the best in the profession. Miss Hunt is also a graduate of the Woman's College at Tallahassee and has been admitted to the bar. Her old home was at Oakland in Orange County and her father was well known here where he laid out the old Orange Belt Railway and afterward many of the newer railroads in the state. Miss Hunt has been in Orlando for the past week where he suit against Stetson University and Dr. Hully was successful and in which she was awarded a verdict of \$25,000 damages.

Let Mrs. Mary Graves Tell You Her Poultry Raising Experience. "Three years ago bought an incubator, this year I've made money. Rats stole my baby chicks. Didn't know until a friend gave me a cake of RAT-SNAP. Next morning found two dead rats in hennery. Kept finding them. Suddenly they disappeared altogether. It's the only sure rat killer." Take Mrs. Graves' advice. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.—Adv.

### COCOANUTS MAILED ARE EASILY LOST SAY MAIL CLERKS

(By The Associated Press) MIAMI, May 22.—The Florida cocoanut has lost some of its succulent flavor for the South Florida postal clerks just as corn beef and prunes became persona non grata with the doughboys during the world war.

In the case of the cocoanut versus postal clerks, however, it is a matter of the fruit's entry into the mails, rather than a palatable dislike.

It is all caused by the hundreds of tourists who annually insist on mailing the nut without placing it in a carton. Unlike the castoff collar, however, the nut's topography will not permit Uncle Sam's various notations. Frequently, for instance, a clerk in handling the parcel will find that the stamp has slipped over the destination. Neither have rubber stamps yet been furnished that will fit the features of the cocoanut and leave a legible impression.

However, the clerks assert, they realize that the cocoanut advertises the state and they are filled with the Chamber of Commerce spirit. Therefore they are willing to bear the trials.

### ANTI-DANCING SOCIETY FORMED AT STETSON REFRAIN FROM TERPICHORE

(By The Associated Press) JACKSONVILLE, May 22.—The ability to dance is not a requisite of pleasure, according to Miss Virginia B. Hamilton, a student at Stetson University, DeLand and president of the Anti-Dancing Society. The status of the society is not exactly known but Miss Hamilton told her auditors at the Sunday School-B. Y. P. U. conference of the Southern Baptist Convention here, that it originated with her and two other young women in 1919. The membership has grown to more than 2,000 she says.

Miss Hamilton is the daughter of the ex. W. W. Hamilton, former superintendent of evangelism of the Southern Baptist Convention and now pastor of the First Baptist Church at New Orleans.

Miss Hamilton said that she and two other young women at that time only 14 years old, decided that just because they did not dance it was not necessary for them to be wail flowers. They found also that it did not detract from their popularity. So, all of a sudden, they pledged themselves to refrain from the terpsichorean temptation. They called themselves the Anti-Dancing Society. They kept their secret for a while but later decided to let others in on their new found pleasures. Then it was decided to adopt the name "Alpha Delta Sigma," not as a sorority, but merely the Greek letters for "A. D. A."

Membership in the society carries only a pledge that the applicant abstain from dancing and encourage others to do likewise.
