## GOP WARNING IS SOUNDED BY FLETCHER

### Assuming Office At Head Of Committee He Says Country Must Put On Brakes

CHICAGO, June 7.—(A.P.)—Henry P. Fletcher, new national chairman of the Republican National Committee met its members today and told them the country "must put on the brakes."

"We've got to bring a realization to the people of what is happening in Washington. We've got to make them realize what is going to happen to them unless the brakes are put on," he said.

Fletcher presided the committee for the new statement of party policy which it announced yesterday.

"Under that banner we can win the fall elections and every other election," he said. "You have united the party and made it possible for all of us to go into the fight thinking we are going to win."

Fletcher came to launch the party's campaign to regain its prestige in the fall Congressional elections.

The Republican National Committee yesterday declared a new platform of "careful reform" for the nation, dispatched thanks to former President Hoover for championing "American government, mental health and selected Fletcher, former ambassador to Italy, as the party chairman.

The new platform, issued as the basis on which the party will ask for votes in the fall congressional elections, declared for a "liberal and progressive spirit," and made the party stand for social legislation to aid pressing economic problems.

As soon as the committee had chosen Fletcher, a notification committee was named. Fletcher said he would be in San Francisco, Pa., by telephone and would immediately for Chicago to meet the executive committee today.

The meeting then adjourned. Program to former President Hoover reading:

The Republican National Committee, in meeting assembled, sends you most cordial greetings and reiterates its appreciation of your devotion to our country's best interests and your holding and advancement of American ideals of government. We express the earnest hope that you may be spared for many years to enjoy the well earned gratitude of your countrymen.

The new platform declared the country had been "backward in social legislation" and announced the party was determined to meet the problems of unemployment.

## Monster Rutabaga Is Grown Near Lockhart

Another monster in vegetables, this time a rutabaga that weighed twelve pounds and one ounce when it was picked, was displayed at The Herald office this morning by Ben Tillman, neighbor resident of the Lockhart section.

Tillman, who took the unusual subject to the Chamber of Commerce where it will be on exhibition for some time, said that it was about six months old. He has grown several other large rutabagas, he added, but none has approached it in weight.

## Paralyzing Strike In Steel Industry Looms As Probable

By The Associated Press  
Despite the determined efforts of Hugh Johnson, Recovery administrator, to make peace, a paralyzing strike in the steel industry today became hourly more probable while outbreaks of violence in the Alabama mine fields and Cincinnati's typewriter company strike caused a heightening of public vigilance. From San Francisco however, came a hint of a break in the long-drawn-out strike, with the release of all Alaska shippers.

## Roosevelt Signs Stock Market Control Bill, Seeks Board To Administer Its Powers

WASHINGTON, June 7.—(A.P.)—President Roosevelt signed the stock market control bill yesterday and turned to the processes of setting it to functioning, the first step of which is the appointment of a five-man commission to administer and enforce it.

By its own terms, the bill will become effective, with the exception of its margin provisions, July 1, if the regulatory board has been named prior to that time.

Washington generally expects James M. Landis, federal trade commissioner, who played a prominent part in drafting the measure, will be one of the five selected, thus necessitating also the appointment of a new trade commissioner.

Moreover, the capital would not be surprised to see one or more of the following named to the stock

commission—Thomas Corcoran, reconstruction corporation attorney, then Cohen, Public Works counsel, and Ferdinand Pecora, counsel to the Senate Banking Committee.

All three, like Landis, were influential in drafting the law and assisted throughout their consideration of the measure. In addition, Pecora was in charge of the long investigation on Wall Street and banking practices.

Exactly when appointments will be made is uncertain. With appointment of the commission and arrival of July 1, manipulative practices such as options and pools, wash sales and matched orders will be prohibited, and corporations with listed stocks will be required to make reports to the commission on their financial condition.

## BROAD AMERICAN TREASURY OFFER FARM BELT SEEN OVERSUBSCRIBED GLOOM SHROUDED OVER 8 TIMES

### Recent Rains Failed To Break Drouth; Relief Unsighted

(By The Associated Press)  
Despite cooler weather and intermittent rains that mitigated severity of the disastrous 1934 drouth, pessimism shrouded the broad American farm belt, Wednesday, having found substantiation in the reports of two government agencies.

As the toll of aridity spread eastward leaving dead crops in burned fields through wide stretches of the Middle West grain lands, a weather bureau bulletin said recent rains had failed to break the drouth and permanent relief was not yet in sight.

To this prospect was added a Department of Agriculture report that conditions would "materially affect the national food supply." Agreeing with President Roosevelt, who pressed for \$25,000,000 relief to the suffering farmers, that there was no danger of famine, the department asserted total production of wheat, feed grains and hay would be greatly reduced.

Ravages of the weeks long drouth have taken such toll in wheat fields that the crop from present indications, the department said, was reported likely to be "much below" harvests of any of the last 25 years, with the possible exception of 1933. The livestock supply has been reduced.

Need of rain was becoming more pronounced in New York, Western Pennsylvania, West Virginia, about half of Tennessee, Northern Alabama, and parts of Mississippi, Northern and Western Arkansas and Texas. Crops in Maine were threatened.

The great Northwest received new rains that brightened prospects.

Precipitation was scattered but there were predictions of showers in Minnesota and the Dakotas.

## Clarke Robertson Fined \$10 And Costs For Having "Abused" Frank Ferguson

ORLANDO, June 7.—Clarke Robertson must pay \$10 and costs to the State of Florida for the peace of mind he received by unburdening himself of certain expetives directed at Frank L. Ferguson several weeks ago, a criminal court jury decreed Wednesday after deliberating for two hours.

The trial was attended by a record crowd of city and county officials, bankers, business men, automobile engineers, capitalists and members of the Taxpayers League, who many times were called to order by the court when they laughed at the testimony given by the man.

In his declaration Ferguson had stated that Robertson had gripped his throat when the two men confronted each other in the altercation. Robertson declared to the court that he had false teeth and, therefore, could not grip them in the face of the plaintiff.

Robertson admitted on the stand that he had used language similar to that used in the information in expression of his contempt for the Tax League official. He quoted to look down

## Swanson Okeys Plan For Construction Of 21 Ships To Be Ready In 5 Years

WASHINGTON, June 7.—(A.P.)—In the Navy's first definite move toward treaty strength, Secretary Swanson yesterday approved plans for the construction of 21 Naval vessels.

Fourteen destroyers and six submarines, Swanson said, will be the first ships built under the Vinson plan to lay down by 1939 the 102 remaining fighting craft permitted by treaty.

They will be constructed with \$100,000,000 of earmarked Public Works funds to be provided in the deficiency appropriation bill pending in the Senate.

In addition, one heavy and three light cruisers will be built out of current appropriations from specifications approved yesterday. Swanson said the Navy hoped to open bids some time in August.

The United States, under treaty, can lay down before Dec. 31, 1936, 65 destroyers totaling 92,200 tons and 10 submarines aggregating 28,500 tons.

The plan for which plans were approved yesterday will bring these totals down to 50 destroyers of about 7,500 tons and 21 submarines of about 2,700 tons still to be built.

Of 251 destroyers, the Navy had 103 on the books at the beginning of the year. Thirty-two new ones had not yet been ordered. Forty-six of 21 destroyers were under age 10, and 149, 20 per cent, under construction or completed.

The Navy's latest figures showed that the fleet had 11 destroyers out of 162 under age at the start of 1934, 60 building or under way, and 10 of 51,221 tons, 60 per cent, under way. Thirty-two out of 42 destroyers under way were under age 12, including 10 approved for building in 1934, and 22 to be completed by 1935.

With the completion of vessels now under construction, Japan will be up to treaty strength in all classes of ships.

Neither the President nor the Navy secretary commented on the conference given at a White House conference Tuesday to Rear Admiral Richard H. Beigh, who will sail Saturday to England as a special Naval visitor to Paris.

With new ships coming into the fleet, Swanson said, the Navy would need more men. Navy officials said yesterday a lack of 100,000 men at New York may be the condition of the Navy's 60,000 men. The fleet is only 50 per cent manned, Swanson said. He estimated a total of 65,000 or 70,000 would suffice.

## FIRST STEPS TYDINGS WANTS TOWARD BIG TO BRING END NAVY TAKEN TO DEBT FUSS

### Swanson Okeys Plan For Construction Of 21 Ships To Be Ready In 5 Years

## Lehmann Will Address St. Cloud Graduates

Karl Lehmann of the Chamber of Commerce, will deliver the commencement address to the 25 graduates of the St. Cloud High School on Thursday night, June 21.

He stated this morning, Mr. Lehmann gave the address to the Klamm High School class in the same county two years ago.

## Maryland Would Give Roosevelt Lump Sum Payments Now

WASHINGTON, June 7.—(A.P.)—Senator Tydings, Democrat, Maryland, introduced a resolution in the Senate yesterday which would authorize President Roosevelt to negotiate lump sum settlements or payments under certain conditions in goods or services of war debts owed the United States by European nations.

The resolution was introduced without consultation with the state department. No preliminary discussion concerning debt settlement in this manner have been held with any of the debt nations.

Under the Tydings resolution the President would be given power to conduct an exhaustive analysis of the twelve billion dollar debt owed the nation with the objective of determining precisely how each debt was contracted, for what purposes, whether obtained in gold or currency contracts by goods purchased here, and what portion of any lump sum amount was expended in the country for war or reconstruction supplies.

On that statistical analysis President Roosevelt would be authorized to negotiate new debt financing agreements with each debt nation in which the character of the debt and the debtors' capacity to pay would be taken into account.

Under the resolution, the President would be authorized to pay the debt in gold or currency, or in goods or services, or in a combination of these methods.

The resolution would be subject to the approval of the Senate.

The resolution would be subject to the approval of the Senate.

## Author Subpoenaed by House Nazi Committee

WASHINGTON, June 7.—(A.P.)—The House Nazi investigation committee today subpoenaed a writer, author, for questioning about a reported accusation by him that Roosevelt has a "patriotic propaganda" chairman, Mr. McManis, Massachusetts, Democrat, of the special committee, also told newspapermen that J. D. Doolittle, German ambassador, was to be interviewed about evidence that attacks the nation.

The author, who is a member of the House Nazi investigation committee, today subpoenaed a writer, author, for questioning about a reported accusation by him that Roosevelt has a "patriotic propaganda" chairman, Mr. McManis, Massachusetts, Democrat, of the special committee, also told newspapermen that J. D. Doolittle, German ambassador, was to be interviewed about evidence that attacks the nation.

## Circuit Court Spring Term Adjourned Again Until Next Monday When Trials Begin

Resuming activities after a several day adjournment, Spring term of Circuit Court convened before Judge Millard B. Smith of Tallahassee yesterday morning for little more than an hour before another adjournment, until Monday morning, was ordered.

State's Attorney Lloyd F. Boyle was on hand for the first time since his long illness.

Judge Smith ordered the adjournment of several prisoners, instead of the one or two of several attorneys representing prisoners, sentenced to prison who had pleaded guilty, and signed a commitment ordering Alfred Nash, negro boy, to serve a two year term at the Florida Industrial Home to Boyle.

Nash had been found guilty of entering without breaking with intent to commit a felony.

Contracts Awarded In 5 Months Of 1934 136 Percent Better

BALTIMORE, Md., June 7.—(A.P.)—The South during the first five months of 1934 showed an increase of 136 percent in contracts awarded for engineering, building and construction projects over the same period of last year.

Figures compiled yesterday by the Manufacturers Record for 16 Southern states reveal that contracts totaling \$234,510,000 were awarded during January-May, 1934, as against \$99,277,000 for the first five months of 1933.

Road-building leads the list of major classifications, with contracts totaling \$98,776,000 being bid during the January-May period. Industrial and engineering projects are in second place with awards of \$69,207,000.

Contracts for general building, including apartments, hotels, banks, offices, stores, churches and homes, were valued at \$11,713,000. Public building contracts were for \$4,202,000. Contracts called for \$11,532,000 to be spent for construction of school buildings.

Construction awards in the Southern area during May were for \$18,471,000, while contracts for \$1,900,000 are still under bid. Construction of dwellings took \$6,000,000. A total of \$2,126,000 was awarded on May 31.

WHITE "OUT" FOR BRIDES  
HOLLYWOOD, June 7.—(A.P.)—In a tip to June brides, Rene Hubert, French designer who heads a clothing department here, said yesterday white bridal costumes are no longer the thing. "To be up to the minute summer brides must wear pink, soft pink in chiffon or organdy," he said.

Local Future Farmers Capture Major Honors At Convention In Gainesville

Members of Seminole Chapter, Future Farmers of America, ran away with almost all of the honors at the annual state convention of Future Farmers of America Chapters, held at Gainesville during the last three years.

Ed Tyler was elected as president of the Florida Association of Future Farmers of America.

The live stock judging team, composed of David Earle, Homer Carter, and Boyd Coleman, won first place in a field of 31 other teams as the best live-stock judging team in the state.

Annie Belle Page, charged with an assault with intent to commit murder in the first degree, pleaded not guilty upon arraignment, as did J. T. Fortier, white, charged with a statutory offense. Their trials were set for next week.

Fletcher Zow, charged with armed robbery, was represented by an attorney who asked that the indictment be quashed. His request was granted.

Willie Smith alias Cleveland Smith, pleaded guilty to a charge of murder in the first degree. He is to be tried on Thursday.

Charles Brazell, found guilty of grand larceny and breaking and entering, was sentenced to 18 months in the county jail.

## TRAMMELL HOLDS LEAD OVER PEPPER

JACKSONVILLE, June 7.—(A.P.)—A slight margin today kept intact Park Trammell's record of never lagging in a political contest, but another Democratic primary race with Claude Pepper, youthful Tallahassee attorney stands between the state's junior senator and renomination for a fourth term in the upper House.

Virtually complete unofficial returns gave Trammell 75,863 to 73,130 for Pepper.

Three congressmen who had opposition were definitely returned by the voters and two runoff races for railroad commissioner are assured.

In Group One Eugene Matthews and Lester Wells will meet, while Jerry Carter and Herbert Carr will tangle in Group Two.

As returns piled up late yesterday Trammell and Pepper ran a neck-and-neck race, with first one in the lead and then the other.

Once during the count Pepper had a lead of several thousand in Duval county gave him an almost three-to-one victory over Trammell.

Complete unofficial tabulations from Duval's 34 precincts gave Pepper, 11,044; Trammell, 6,776; Mitchell, 3,631; Bikes, 1,636; and Mrs. Wells, 665.

Another woman who made a bid for the voters was Mrs. Bubs E. Croker, of Palm Beach, widow of the late Tammany Hall chief, who sought to wrest the Fourth District from Trammell.

City, County Will Help Rebuild Scout Camp At Silver Lake

City and county officials will co-operate, it was announced by Kewanee R. W. Ware at the Kiwanis Club meeting in the Monaca Hotel yesterday noon, in providing a suitable Boy Scout camp in this county at once.

Mr. Ware stated that upon his appearance before the Board of County Commissioners yesterday, he was given the assurance that county convicts would be sent to the old Boy Scout camp on the west shore of Silver Lake at once to clean up the underbrush and drag muck out of the lake shore for a considerable distance in front of the camp.

He also reported that the City Commissioners have agreed to donate an old building which is to be torn down and rebuilt as three small one or two room shacks for the boys.

When he had completed his report, the discussion revolved itself into ways and means of building the shack. It was decided to lease an appeal to unemployed carpenters and other friends of boys, asking that they donate their services for a few days in helping construct these buildings.

Arthur Branan as chairman of the Seminole County Boy Scout Council will accept the names of carpenters or workers who will volunteer for this work as soon as possible.

The remaining part of the meeting was devoted to a talk on the prospects of opening the Monaca Hotel soon, and a discussion of the publicity recently received by the city through its Komodo dragon. The speaker was Karl Lehmann.

Those attending the meeting were: Kewanee T. L. Dennis, Bill DuBois, E. I. Hoy, R. W. Ware, J. L. Hart, Harry Wrenn, J. G. Leonard, F. E. Williams, Julia Dingler, E. C. Harpoot, R. C. Moore, R. A. Smith, Gordon Barnett, F. S. Lamson, Frank Schaal, V. A. Spear, E. C. Wainburn, Arthur Branan, Earl Wainburn, Joe D. Jenkins, E. E. Anderson, J. L. Marandotto, C. E. Scott, E. F. Donaghy, E. J. McHardy, Howard Long, J. G. Shreve, E. R. Schrey, T. E. Randall, W. O. O'Connell, L. Thury, M. E. Coleman, Ray Fox and W. A. Coleman.

THURSDAY, JUNE 7, 1934

At least one candidate who believed in inflation has been defeated.

It looks as if it might take more than one good sneeze to get rid of Pepper.

Republicans can't talk against the alphabet soup. They started the GOP.

Frances says her position on war debts is sound. And believe us, sound is much slower than slant.

It would be a good joke on Uncle Sam if those European nations would go under the Wilcox bill.

Some of the young lawyers in the Brain Trust are known as the "hot dog boys."

Republican Big Guns in Chicago are trying to organize against the New Deal.

The French government, which ran Hearst out of France a few years ago, has invited him to come back.

Uncle Sam has been writing letters lately to foreign governments with regard to war debts.

Local unemployed, who think Congress should pass a law prohibiting women from the right to earn a decent living, should send their petitions to Miss Frances Perkins, head of the Department of Labor.

Stocks took a little spurt Tuesday after several weeks of almost complete stagnation.

If previous elections are any criterion, some persons voted for Mrs. Croker without knowing that she was the wife of Dick Croker.

It would seem that Mr. Snell has spent much of his life in the wrong calling.

Fruit Flies Vs. Drought

A recent letter from Harry Papworth, prominent grower and able Chamber of Commerce leader, who is now spending a well deserved vacation at Daytona Beach, clearly contrasts the attitude of the Federal government toward the plight of Florida farmers and citrus growers, who suffered from the fruit fly campaign, with the flurry of excitement and sympathy in Washington toward the victims of the drought in the Middle West.

"We have all deplored the terrible drought in the western part of the country which has entailed such enormous loss to the farmers," Mr. Papworth writes, "and we note by the press dispatches from Washington that the Federal government contemplates putting out several hundred million dollars for the benefit of the farmers, for which we are all pleased."

"Now please note the comparison," Mr. Papworth continues. "The Federal government came into Florida and destroyed the farmers' crops to prevent the spread of the Mediterranean fly to the extent of some eight million dollars and yet the farmers have been waiting for four or five years for the Federal government to make a settlement. A fair comparison should bring some action in Washington to aid the long suffering farmers of Florida who have been waiting so many years for an adjustment."

When one stops to consider that the fruit fly campaign in Florida was as much in the interest of the Georgia peach farmer, the Texas citrus grower, and the growers of fruits and vegetables in every other part of the country as it was to free the Florida farmers from the ravages of this pest, when one realizes that if the fly had not been stamped out in Florida, it would have soon over-run the whole country, it is difficult to understand why congressmen from other states should be reluctant to ask their taxpayers to share the burden of expenses.

It may be, as we have heard one or two local growers suggest, that the government is more strongly influenced by the politics in the situation than by the merits of the case. Funds are contributed generously to the drought victims because they represent a sizable block of the voting population. Funds are denied Florida farmers, equally deserving, because their political influence is not sufficiently felt.

In any event, it does seem to a lot of our people that Florida is being discriminated against.

A Thrilling Moment

The Congress of the United States is probably the most respectable law making body in the world. In its halls the brainiest men in the United States gather to make the laws which govern the people of this country. Notable are the debates which take place there. Ponderous are the philosophic meditations, mighty are the oratorical outbursts, stupendous are the weighty problems solved in its cloistered chambers.

Day-by-day records are kept of these momentous proceedings. The Congressional Record is printed every night and laid upon the desks of the members before the opening of the next day's session. But occasionally this important document strays into the hands of a layman, a novice in political affairs, an ordinary citizen. The average man cannot understand the complexities of the extraordinary situations involved.

Herewith, we reproduce a small section from the Congressional Record. See if you can make anything out of it.

Mr. Snell. Mr. Speaker, I demand the reading of the complete Journal as provided under the rule.

The Speaker. The clerk will read the complete Journal.

Mr. Byrns. Mr. Speaker, I make the point that is always done and it is not necessary for the gentleman to make such a demand.

Mr. Snell. I make the point, Mr. Speaker, it is not always done, and I demand the reading of the complete Journal.

The Speaker. The chair has heard the gentleman's demand, and the clerk will read the complete Journal.

The Journal of the proceedings of yesterday was read.

During the reading of the Journal the following occurred:

Mr. Snell. Mr. Speaker, the clerk did not read the next motion.

The Speaker. The clerk is now reading the next motion appearing on the Journal.

The clerk resumed the reading of the Journal.

Mr. Snell. Mr. Speaker, I ask that the names of those who failed to answer be read.

Mr. Blanton. Mr. Speaker, I make the point of order the speaker ought not to pay any attention to this mesalpyrote mode of procedure on the Republican side.

The Speaker. The chair will say to the gentleman from New York that the Journal is going to be read, and the chair may state that it will aid the chair and the House if the gentlemen will remain quiet while the Journal is being read.

Mr. Blanton. In view of the gentleman's demand, let him listen to it read from top to bottom.

Mr. Snell. If the Journal is read all the way through according to the rule, I shall not object.

The Speaker. The clerk will resume the reading of the Journal.

Mr. Blanton. The gentleman wants to hear his name read.

And so on and on, over and over again, interminably.

To settle this and other inconsequent matters six roll calls of the House were required which involved the calling of the name of each of the 435 members, in itself a long, tedious job.

SANFORD, TWENTY YEARS AGO

Professor Perkins, Mrs. Perkins, and Ethel Gerwin Perkins left on Wednesday's boat for Jacksonville whence they go to their old home in Virginia. They have been residents of Sanford for the past 10 years and their parting was a sad one.

The first half-holiday of the season started today and half of the population went to Orlando to attend the ball game.

Carl Koumiltat and John Hunter have purchased the business of the Sanford Pressing Club in the Sanford House Annex and will continue the business at the old stand. Both of these young gentlemen are excellent and will make good in the new business.

Wednesday afternoon the good ladies of the Presbyterian Church gathered at the home of Mrs. H. C. DuBois and then went to the new home of Mr. and Mrs. W. M. McKinnon on Magnolia Avenue where they presented Mrs. McKinnon with beautiful flowers, shrubs, and vines all potted and ready to place on the porch and steps and grounds of the McKinnon place.

Mrs. C. C. Morris entertained her Sunday School Class on Tuesday afternoon at her home on Demara Avenue. Those present were: Nellie Lane, Alice and Elizabeth, Speed, Lillian, and others.

New Fair Throngs Storm Street of Villages

Shown here is part of the record-breaking opening day crowd at the Street of Villages, during a "tour" of the world in a single day, was the principal attraction for the opening.

PAOLA

The many friends of Miss Bernice Sapp will be surprised to learn of her marriage last week to F. D. Barger, of Miami, Fla. Mr. and Mrs. Barger left for New York and will visit the World's Fair in Chicago before returning to Miami in July to make their home.

W. V. Dunn of Lake Mary was in the city Wednesday and gave the information that the home of Mrs. Catherwood had been destroyed on Tuesday night.

Mrs. Catherwood lived at Lake Mary and the home was entirely consumed by flames as there was no means of saving it except the small efforts of a volunteer bucket brigade.

GENEVA

Miss Pauline Moran was the honor guest at a miscellaneous show given by Mrs. M. E. Dooley at her home Friday afternoon. The porches, dining room and living rooms were artistically decorated with asparagus plumosus fern and antigon leptopus. A musical program was rendered after which a Tom Thumb wedding was held with Lillian Moran as bride, Johnny Toole, bridegroom, and the following attendants Eleanor Dooley, Virginia Toole, Sue Harrison and Jean Moran.

After the wedding Miss Pauline Moran was seated at a table and presented with many beautiful presents. At the tea hour a salad course was served after which Miss Moran cut the bride's cake, a large four tiered cake beautifully decorated in green and white and served it with punch. Over sixty ladies were present including guests from Chuluota, Oviedo, Longwood, Sanford, Kissimmee and Lake Mary.

Mrs. Doris Ingraham of Chicago and Daytona Beach spent last week visiting her mother, Mrs. Floy Miller.

Howard Lindsey who has been attending the University of Florida is attending an R. O. T. C. training camp in Columbus Ga.

Mr. and Mrs. W. L. Sieg have moved to their new home at Persimmon Hammock on the St. Johns River.

River. Rose Edith Zandover plans to leave Saturday for New York, City and East Long Island to spend the summer. Mrs. Schellenberg and Mrs. Stroup of Kissimmee attended the shower for Miss Moran Friday afternoon.

## Baptist Y. W. A. Meets At Miss Hazel Tew's

Regular meeting of the Y. W. A. of the First Baptist Church took place on Monday evening at the home of Miss Hazel Tew on Avocado Avenue with Miss Florence Hardy in charge of the devotional. Miss Kathleen Calhoun taught the first chapter from the mission study book.

During the business session a plan was made for pictures for the scrap book and it was decided that a group picture of members of the class be made for the book. During the social period refreshments were served.

Those present were: Mrs. F. L. Hito and the Misses Lois Martin, Katherine Kelly, Myrtle Nelson, Gladys Kinlaw, Vera Phillips, Eva Cunningham, Florence Hardy, Kathleen Calhoun, Hazel Tew, Thelma Tew, and Mary Helen Tew.

## Mrs. J. D. Woodruff Honors Mrs. Barber

Honoring Mrs. Bronson Barber of Los Angeles, Mrs. J. D. Woodruff entertained the members of the Young Matrons' Duplicate Club and a few other guests at a bridge party and luncheon Tuesday at her home on South Sanford Avenue. Quantities of roses were used to adorn the rooms where the guests were entertained.

Immediately after the arrival of the guests luncheon was served informally at the card tables. Duplicate bridge was then enjoyed until late in the afternoon when high score prize, sports handkerchiefs, was given to Mrs. L. Hawkins Connelly and cut prize, a novelty silver box, was presented to Mrs. Marcia L. Saben. Mrs. Barber received sports handkerchiefs as a memento of the occasion.

Those present were: Mrs. Bronson Barber, honor guest, Mrs. W. C. Hill, Mrs. B. D. Caswell, Mrs. L. Hawkins Connelly, Mrs. Wynne W. Potter, Mrs. L. F. Boyle, Mrs. W. A. Adams, Mrs. Marcia L. Saben, Mrs. M. S. Wiggins, Mrs. A. Bartholdi Peterson, Mrs. C. R. Kirtley, and Mrs. P. A. Mero.

## Farce, Satire Screened At Milane Theater

Romance, satire and farce are combined with highly pleasing results in "Where Sinners Meet," RKO-Radio's sparkling comedy of human follies which has its first showing today at the Milane Theater.

The story, although somewhat daring in theme, is handled in such skillful fashion that it will not offend the most fastidious. In gay and light-hearted manner it advances the brief that many contemplated marriages would never take place if the prospective bride and groom each had an opportunity to see the other at his or her worst during the pre-nuptial period.

Diana Wynyard and Clive Brook are co-stars, and it is the first time these popular players have been seen together since they scored such personal hits in the epic, "Cavalcade."

Billie Burke, as a wife who is never happy unless she has a man to pamper, adds new laurels to her long list of comedy successes. Reginald Owen, as Miss Burke's husband, and Gilbert Emery, as one of the most remarkable butlers ever seen on the screen—or anywhere else, for that matter—garner a large share of the laughs.

## LINER TOWED IN

**HONOLULU, June 7.—(AP)—**The liner President Roosevelt arrived here today under its own power with no sign of the fire which broke out 150 miles at sea late last night. She was conveyed by a coast guard cutter and the Navy's fire fighting tug.

My friends, allow me to express my sincerest appreciation for your splendid support given me in the primary Tuesday.

During my term of office as one of your legislators, it will be my earnest effort to represent the entire county fairly, and honestly to the utmost of my ability.

Wishing success and happiness to one and all,

Your Representative,  
**E. E. BRADY**

## Personals

Miss Eva Hensley left today for Jacksonville to take nurse's examinations.

Roy Holler and L. E. Frazier have returned from North Carolina where they spent a few days.

Miss Aline Chapman has gone to Tuscaloosa, Ala. where she will attend summer school at the University of Alabama.

Jess Long, Jr. has arrived from Atlanta to attend the Long-Hansen wedding at Daytona Beach tomorrow night.

Miss Marguerite Graves of Columbia, S. C. is the guest of her sister, Mrs. Roy Holler, Leffler Apartments.

Mr. and Mrs. Love Faircloth arrived today from Lakeland to make their future home here. Mrs. Faircloth has accepted a position with P. Paul's Beauty Shop.

Miss Marilee Torrance has gone to North Carolina to spend the summer with her aunt, Mrs. H. I. Sanders in Charlotte and Blowing Rock.

Mrs. Burdette C. Levi has re-her home on the Jarrell plantation, C. after having spent several days here with Mr. Levi and their daughter, Mrs. Jesse Jarrell.

Mr. and Mrs. Peter Schaal and daughter, Sandra Ann, have moved from the Central Apartments on Park Avenue to 720 Mellonville Avenue.

Mr. and Mrs. Jesse Jarrell arrived in Savannah, Ga., yesterday afternoon after a motor trip from Sanford. The Jarrells will make their home in Savannah, Ga., yesterday afternoon near that city.

Mrs. T. H. Robertson, Mrs. T. H. Robertson, Jr., and Miss Mary Fletcher Robertson of Fayette, Ala. are the guests of Mr. and Mrs. J. O. Long at their home on Oak Avenue. They will attend the Long-Hansen wedding at Daytona Beach tomorrow night.

Mrs. J. D. Dossey and Mr. and Mrs. Gregg Maxey of Sebring have returned from Gainesville, Ga. They were accompanied by James D. Dossey, Jr., Hugh G. Maxey, and Johnnie Bogie, also of Sebring who were graduated this week from Riverside Military Academy at Gainesville.

Among the out-of-town persons who have arrived to attend the Long-Hansen wedding at Daytona Beach tomorrow night are: Mrs. T. L. Long, Miss Mary Augusta Worthington, and Billie Worthington of Montgomery, Ala. They are the guests of Mr. and Mrs. J. O. Long, Oak Avenue.

Forming a party spending today at Daytona Beach are: the Misses Elizabeth Shoemaker, Helen Vernay, Ann Jones, Emily Borling of Lakeland, Mary Higgins, Dorothy Mitchell, Kathryn Thigpen, Marguerite Ingley, Martha Adams, Virginia Meriwether, and Mary Chapman.

## Mrs. M. S. Wiggins Entertains At Bridge

A bridge party was given yesterday afternoon by Mrs. M. S. Wiggins at her home on Magnolia Avenue in honor of Mrs. Bronson Barber of Los Angeles, who is the house guest of Mr. and Mrs. G. D. Bishop. Mrs. Barber received finger tip towels, a gift from the hostess.

The rooms of the Wiggins' home were opened en suite for the occasion and decorated with a profusion of red sinias, red radiance roses, and other garden flowers. Tallies and other party appointments harmonized with the floral decorations.

After several progressions of bridge scores were added and prizes awarded, Mrs. John L. Galloway held high score and was lucky in cutting and received dusting powder and chiffon hose while Mrs. H. D. Caswell, who held second high score, was the recipient of a novelty tray.

At the tea hour a salad and sweet course was served by the hostess, assisted by the Misses Cecilia Truack, Lillian Adams, and Dorothy Wiggins. Those present were: Mrs. Bronson Barber, honor guest, Mrs. C. R. Kirtley, Mrs. G. A. Speer, Jr., Mrs. S. O. Choo, Jr., Mrs. R. J. Holly, Jr., Mrs. W. C. Hill, Mrs. Allan Moseley, Mrs. John Galloway, Mrs. Andrew Carraway, Mrs. W. A. Adams, Mrs. B. D. Caswell, Mrs. J. D. Woodruff, Mrs. James A. Wright, Mrs. Edmund Mesch, Mrs. E. S. Baughan of Jacksonville, Miss Fannie Reba Munson, and Miss Margaret Peters.

During the meeting Mrs. Walter L. Cooper resigned as president for the coming year after which Mrs. Arthur Branman was chosen to take her place. Upon motion the meeting was declared an adjourned meeting until Tuesday, June 12 at 10:00 A. M. when a corresponding secretary will be elected.

At the conclusion of the president's report, Mrs. Cooper, on behalf of the board of managers, presented Mrs. Smith with an arm bouquet of red roses and statice.

## A Favorite White House Dessert

By Mabel Love

DESSERTS play an important part on the White House menu. The prune soufflé pictured above is a great favorite with the President, according to Mrs. Henrietta Nesbit, the White House housekeeper.

Sweet foods are high in energy value; so perhaps a fondness for sweets is partly responsible for the abundance of energy the Roosevelt family displays.

The White House prune soufflé is practical, economical and easy to prepare. So that you can try it in your own home, here is Mrs. Nesbit's recipe for it:

**Prune Soufflé**  
Three-fourths cup of cooked prunes sweetened to taste, pitted and chopped. Beat four large egg whites or five small ones until very stiff. Gradually fold in prunes. Pour in buttered baking dish and bake in a pan of water in moderate oven for twenty minutes.

**Custard Sauce**  
Beat the yolks of the eggs until foamy. Add juice in which prunes have boiled and return to double boiler. When the sauce starts to thicken, take from the fire and cool. This can be served either hot or cold.

After several progressions of bridge scores were added and prizes awarded, Mrs. John L. Galloway held high score and was lucky in cutting and received dusting powder and chiffon hose while Mrs. H. D. Caswell, who held second high score, was the recipient of a novelty tray.

At the tea hour a salad and sweet course was served by the hostess, assisted by the Misses Cecilia Truack, Lillian Adams, and Dorothy Wiggins. Those present were: Mrs. Bronson Barber, honor guest, Mrs. C. R. Kirtley, Mrs. G. A. Speer, Jr., Mrs. S. O. Choo, Jr., Mrs. R. J. Holly, Jr., Mrs. W. C. Hill, Mrs. Allan Moseley, Mrs. John Galloway, Mrs. Andrew Carraway, Mrs. W. A. Adams, Mrs. B. D. Caswell, Mrs. J. D. Woodruff, Mrs. James A. Wright, Mrs. Edmund Mesch, Mrs. E. S. Baughan of Jacksonville, Miss Fannie Reba Munson, and Miss Margaret Peters.

During the meeting Mrs. Walter L. Cooper resigned as president for the coming year after which Mrs. Arthur Branman was chosen to take her place. Upon motion the meeting was declared an adjourned meeting until Tuesday, June 12 at 10:00 A. M. when a corresponding secretary will be elected.

At the conclusion of the president's report, Mrs. Cooper, on behalf of the board of managers, presented Mrs. Smith with an arm bouquet of red roses and statice.

Mrs. Phillips, membership chairman, reported the names of Mrs. John Schorard, Jr. and Miss Marjorie Minor as new members who were passed by the board and Mrs. Claude Herndon re-instated as a member. The resignations of Mrs. Frances A. Hickson, Mrs. S. B. Higleyman, and Mrs. S. O. Shindler were read and accepted.

During the meeting Mrs. Walter L. Cooper resigned as president for the coming year after which Mrs. Arthur Branman was chosen to take her place. Upon motion the meeting was declared an adjourned meeting until Tuesday, June 12 at 10:00 A. M. when a corresponding secretary will be elected.

At the conclusion of the president's report, Mrs. Cooper, on behalf of the board of managers, presented Mrs. Smith with an arm bouquet of red roses and statice.

At the conclusion of the president's report, Mrs. Cooper, on behalf of the board of managers, presented Mrs. Smith with an arm bouquet of red roses and statice.

## Party Is Given For Debt Fund Of Church

A "measuring party" for the benefit of the debt fund of the First Baptist Church was given yesterday afternoon by Mrs. M. N. Cleveland and Mrs. H. H. Hill at the home of Mrs. Cleveland on

Palmisto Avenue with a large number of guests in attendance. Music and songs were rendered during the afternoon by the Misses Mildred Nix, Charlotte Nix, Carolyn Collier, and Cornelia McRae. Mrs. W. J. Rhodes entertained with a few readings.

Other entertainment were several contents in which Mrs. Frances E. Holz and Mrs. O. C. Gibbs won prizes. Refreshments were served by the hostesses to the following: Mrs. R. L. Garrison, Mrs. Sarah J. Stewart, Mrs. I. E. Estridge, Mrs. B. R. Buck, Mrs. C. W. Beck, Mrs. C. A. Anderson, Jr., Mrs. S. J. Nix, Mrs. James G. Sharon, Mrs. Jane B. Smith, Mrs. W. P. Brooks, Jr., Mrs. G. S. Selman, Mrs. A. L. Stacy, Mrs. R. F. Cooper, Mrs. J. C. Mitchell, Mrs. R. M. Burns, Mrs. Francis E. Holz, and Mrs. H. B. Odham.

Also Mrs. O. C. Gibbs, Mrs. E. C. Hauger, Mrs. R. N. Nipper, Mrs. J. E. Laine, Mrs. F. W. Stanley, Mrs. W. F. Walsh, Mrs. J. T. Newby, Mrs. R. L. Glenn, Mrs. W. J. Rhodes, Mrs. H. H. Hill, Mrs. M. N. Cleveland, and the Misses Allie Trafford, Mildred Nix, Charlotte Nix, Carolyn Collier, Cornelia McRae, Grace Estridge, Ruby Lou Anderson, and Margaret Anderson.

Extensive systems of irrigation canals, now abandoned, were built in Arizona by ancient Indians.

# Unemployed Of County Send Protest To Roosevelt Over Relief Methods Now In Use

Unemployed residents of Seminole county, as represented by E. J. Tipping, have protested, in a letter sent to President Roosevelt and other high officials, against the present method of caring for the unemployed.

The letter reads as follows: "Dear Sir: We, the unemployed or a part of the unemployed of Seminole county, Florida, have watched with keen interest the activities of Congress for the past two sessions, and sincerely regret to state that so far we have failed to see one piece of legislation passed by this august body, which in our opinion, will remedy our present major problem, namely unemployment.

"We do not lay claim to statehood, but had we the power of Congress or the power invested in our Chief Executive at the last Congress meet, we could have long ago done away with all relief boards, and certainly Congress could have—would it.

"Here's the how: "Legislation to prohibit women from public work.

"Assessment on every man's earnings, to create a fund to pension those who have no males in the family.

"Legislation to prohibit the woman with able-bodied males in the family from public work.

"Legislation to this effect will enable fathers to feed their young, thereby relieving the government of this responsibility.

"We do not believe it necessary to call your attention to methods often used by the flapper to secure preference in employment. We do not deem it essential to tell you that would you congressmen completely break the morale of man, or make a criminal of him at heart you have only to continue the practice heretofore adhered to by sending him to the female heads of relief boards seeking relief.

"In conclusion, please allow us unfortunate to plead with you to do something by way of legislation and in behalf of the child whose parents are unemployed and who do not receive a sufficient aid from the relief boards to keep the wolf away from the back and front doors. Give us legislation, and please take the charity out of it.

"It may interest you to know that in this particular county the relief workers receive approximately \$3 a head per month, \$16-80 maximum. Deduction of \$10 from this amount for rent and we have a balance of \$2 to \$6.50 left with which to feed and clothe families of five and six. IT CAN'T BE DONE.

"Respectfully submitted by the unemployed of Seminole County, Fla. Prepared by E. A. Tipping."

Country Providence, R. I., New Tribune

## Vares Finally Lose Hold On Pennsy GOP

PHILADELPHIA, June 7.—(AP)—Control of the Republican organization of Philadelphia yesterday passed from the last of the Vares.

George, Ed, and Bill in the past 30 years held a tight grip on part or all of the organization, but today Bill—William S. Vares—last of the three brothers, was eliminated as the head of the party. No new leader was named in his place.

His elimination was accomplished by former followers with election of Edwin H. Cox as chairman of the city committee after James M. Hazlett, Vares candidate for re-election, saw he was beaten and withdrew. Cox's election was made unanimous.

## Welcome to Fair

Rufus C. Dawes, president of a Century of Progress, welcomes a record-breaking opening day through to the new World's Fair in Chicago May 28. The Fair has scores of new features and exhibits this year and is entirely new in appearance.

## County Board Seeks Names Of Bond-Holders

(continued from page one) at the meeting by residents of several precincts.

Justice H. W. Ware, who appeared in behalf of Boy Scouts and their camp near Silver Lake, was given assurance that county convicts would clear off the property at once.

The Commissioners decided to purchase two new one-and-one-half ton gravity trucks with certain detailed equipment, and bids were ordered advertised. Bids also were ordered on graveling and oil contracts for the year.

## Rolph Died Penniless By Recent Comparison

READING, Pa., June 7.—(AP)—Four persons were killed and a fifth was critically injured today when their automobile crashed through a heavy barricade at the dead end of a street and plunged over an embankment to the railroad track 25 feet below.

The driver of the car, Lawrence Kuhns, was the only one of the quintet living when police, who were forced to go three blocks out of their way to reach the tracks, found the wreckage and the five mutilated bodies with one still breathing. Kuhns was dying when taken to a hospital.

Due to the driver's condition, police were unable to learn the details. Neighbors called officers after hearing the crash.

## Southeastern States Are Deluged By Rain

ATLANTA, June 7.—(AP)—The Southeastern coastal states yesterday were deluged by further downpours of rain that had caused thousands of dollars in damage to cotton and other cash crops.

Damages from daily rains that brought precipitation for the last month far above normal was centered mostly in Georgia and the Carolinas with an area of several counties around Augusta, Ga., reported a third of the cotton crop damaged and small grains ruined. Streets of Atlanta are flooded daily and crops on the hills of North Georgia are being washed away.

Weeds and grass were skyrocketing in the Carolinas with lower South Carolina reporting "tremendous damage" to small crops that are ripe and being ruined by mould.

## Lady Says CARDUI Relieved Pain In Side

Cardui helped an Oklahoma lady as described below and many other ladies who have been in a similar way. "I had a burning in my side every few weeks," writes Mrs. M. M. Brown of Springdale, Ark. "I had been told that Cardui was the best thing for it. I started my first bottle and I was relieved. I had been told that Cardui was the best thing for it. I started my first bottle and I was relieved. I had been told that Cardui was the best thing for it. I started my first bottle and I was relieved."

## FRANMELL HOLDS LEAD OVER PEPPER

(two used more prominently) District congressional office from Mark Wilcox.

She was a body second in the contest. Wilcox had 1496 compared with 1128 for the incumbent, Mr. Franmell, who was endorsed by the State Board of Education in the primary. Congress: Major Paul Crank, of Orlando, counted 7754 votes in this race.

By a curious coincidence, leaders in the Senate race were born in nearby Alabama towns. Pepper's birthplace was in Chambers county, while Franmell is a native of Macon county, Ala.

After attending public schools of Tallapoosa county, Alabama, Pepper worked his way through the university of that state and taught school for a time. Just prior to moving to Perry, Fla., to assume a law practice he was professor of law at the University of Arkansas for one year.

Both Franmell and Pepper are gifted orators and they waged a strenuous campaign. Pepper was said to have filled more than 300 speaking engagements since he entered the race in February.

After serving a term in the Florida Legislature, Pepper moved to Tallahassee from Perry and resumed law practice. Franmell was governor of Florida from 1912 to 1917. He was elected to the Senate first in 1916 and he and Senator Fletcher are the oldest pair in point of service in the Senate. He is chairman of the naval affairs committee.

## LEGION BILL PASSED

WASHINGTON, June 7.—(AP)—The Senate yesterday passed a bill authorizing the war department to lend equipment for use at the national convention of the American Legion at Miami, Fla., in October, 1924. It now goes to the White House.

## FOR OYSTER LOANS

WASHINGTON, June 7.—(AP)—The Senate yesterday passed a bill to authorize production-credit associations, operating under the farm credit administration, to make loans to oyster planters. It now goes to the House.

## UNDER THE WIDE AND SPREADING SKY

SUMMER is the season when the possibilities for enjoyment are multiplied about you. Under the wide and spreading sky there is room for much happiness.

You don't need great wealth, and you don't need to fasten all your hopes for happiness on a short vacation. Whether you live in the city, with all of its modern means of tempering the climate to your needs, or in the country where the good earth responds so beautifully to your touch—there is much to do, pleasantly and happily.

But there is art in enjoyment. You should dress properly for each occasion. You should have within easy reach the things that make hospitality inviting and gracious. You should have the means of refreshing and beautifying your person and improving your sense of well-being. You should be comfortable.

It is not so hard to do all this. It is not accomplished in one frenzied and expensive effort. Comforts should grow about your home, as flowers and fruits blossom and ripen.

Read the advertisements, and acquire the things you need from what you learn there. Fresh light summer wear. Foods and beverages that keep crisp and cool in modern refrigerators. Gas and electricity that rock and lighten without heating your rooms. Electric fans. Perhaps. Song, music, and the joys of fresh fruit for the summer dinner.

And read in the advertisements where to go and what to do, so that you can make Summer the golden season of your life.

# WOMAN'S NIGHT LIFE BECOMES THING OF PAST

## Wines, Fine Liquor

BERLIN, June 7.—(AP)—With a night of empty restaurants, Berlin's night life prepares to duck some of its chairs, lock some of its wine and liquor closets and otherwise yield to approaching summer.

The night is strictly financial. It begins with the cash register and runs up and down, like a dominant melody, from bartender to waiter to dance girl.

It is a lament, nothing less, for the days that used to be. It is a reproach against the new "coffee and beer" night life of Berlin.

Its classical emanation includes both the depression and the various effects of the new regime.

In swanky West End bars, where the bar stools are well polished and pressed against the wall, the waiter has this emotional juggling of his hands down to a science.

He is the more efficient of his kind, and he looks at the customer in the face.

He is the more efficient of his kind, and he looks at the customer in the face.

He is the more efficient of his kind, and he looks at the customer in the face.

He is the more efficient of his kind, and he looks at the customer in the face.

# Fireworks Thrill World's Fair Crowd

Brilliant fireworks displays are a frequent night feature at the new World's Fair in Chicago. This bomb

is one of the many that burst on opening night. The buildings are left to right: Federal building, Sky

and Electrical group. The opening day crowd was surprised to find the Fair complete.

problems of recovery; of unemployment with its unending tale of human suffering, of agriculture with its lost markets and relatively low prices.

Also, there will be on the Republican calendar, the committee promised, some effort to solve some broader problems, among them "how to achieve a wider spread of prosperity."

# Construction In South Shows Big Gain Over 1933

(Continued From Page One) expended for stores.

Contracts yet to be awarded are \$32,349,000 for general building; \$78,056,000 for public buildings; \$67,249,000 for roads, streets and paving; \$193,396,000 for industrial and engineering projects, under which head are placed dredging, filling station, garages, industrial plants, levers, sewers, drainage and waterworks. The total of contracts still unawarded is \$371,050,000.

"The volume of store building work undertaken in recent months is decidedly encouraging," the Manufacturers Record says, "since it indicates that conditions in the South have improved and is recognized by investors."

"Inability to finance renovation and repair work and new dwelling construction through normal channels—building and loan associations and saving banks—has been the major deterrent to a revival of home-building in volume."

ISTANBUL, Turkey, June 7.—(AP)—Zaro Agha, who claims to be 150 years old, was discharged yesterday from the children's hospital, pronounced entirely cured from the attack of Bright's disease he suffered five weeks ago.

# TOURISTS... are Florida's Greatest HOME BUILDERS

Visitors come and go — but it is a surprising fact that one out of every twenty tourists becomes a permanent resident of Florida. Agriculture, industrial and commercial development follow directly in the wake of an increased tourist volume.

Take the nine year period, 1923 to 1931 — for which birth rate figures are available — as an example. During this period our population increased approximately 500,000. The birth rate figures show 100,427 more births than deaths — a normal increase of one-fifth the net actual gain. If we estimate a volume of 8,000,000 visitors for those years, the gain of 400,000 not due to births represents five per cent of one visitor, or one out of every twenty.

Both California and Florida show the same history of growth traceable to tourist traffic. California statistics indicate that five to ten per cent of those tourists become permanent citizens.

Look at it from another angle: 400,000 of our 500,000 gain in population were newcomers to Florida. Four out of five people were non-residents until they visited here and became fascinated with Florida's attractions.

To develop our resources, increase our markets, add wealth to the State, we must bring people here in greater numbers... show our visitors a "sample" of the joys of living in Florida... describe our opportunities in terms of less favored climes.

A unified, concentrated advertising program for All Florida will increase our tourist business and with it will come increased demand for our products, expansion of our industry and commerce. To help Florida grow and prosper, we must tell the story of our advantages to the hundred million people of the United States who have never been here. Let's all work together for a unified, cooperatively planned effort to bring about Florida's future prosperity.

It is a wholly voluntary organization, composed of representatives of all the various interests of the State. Its purpose is to plan and coordinate the efforts of all these various interests in order to bring about the best possible future for Florida.

# WHAT A TIRE! WHAT A TIRE!

See it here! Goodyear test drivers burned out brakes—wrecked cars—pounded the roads night and day—and it kept its grip twice as long as other tires!

IF YOU think the non-skid tread on your present tires wore out too soon — you're right!

Ordinary treads can't stand the strain of modern driving.

But come in today and see a tire that will!

The new "G-3" All-Weather! It has a wider tread—flatter tread—more rubber in the tread—more non-skid blocks in the center of the tread—and gives 43% longer non-skid mileage than the best previous Goodyear All-Weather.

No matter what car you drive—no matter how you drive—this tire will give you more miles of safety—AT NO EXTRA COST!

# WARNING!

Watch the rest of the industry try to copy this amazing tire. Watch them try to duplicate Goodyear's claims. But, remember, you have to have "non-skid" before you can have "non-skid mileage." And to have "non-skid," you have to have GRIP where you see it here—GRIP in the center of the tread—the place where it counts, because it's the spot where the tire contacts the road. Look at the grip on this Goodyear Tire and see yourself why buy any tire that lacks this safety! And keep in mind that you cannot successfully build this type of non-skid tire without the extra durability of Superflexion cords.

# THE BEST News Of All

You Pay No More For The New "G-3" All-Weather

## NRA Gives Up Its Attempt At Fixing Prices Of Products

### Official Action Will Require Revision Of Codes To Guarantee Freer Competition

WASHINGTON, June 8.—(A.P.)—NRA officially and definitely turned its back on price fixing yesterday in outlining a new policy that will require the revision of scores of codes to permit freer competition.

The force of the anti-trust laws against covert price-fixing combinations was made unquestioned by the new plan, which reduced all code restrictions on prices to the simplest terms on a base which would make arrangements to keep prices up difficult if not impossible.

Only in definite emergencies would even a minimum price be fixed for any industry or any item. NRA men said they believed the new policy represented the first agreement of either government or any business agency on what constituted desirable price competition.

The declaration was a product of months of economic study, which was affected indirectly by activities of groups such as the Darrow board. It responded partly to earlier public criticism and observation of officials on result of the experimental codes.

Announcement of the new policy was made simultaneously with disclosures that the 50 or so industrialists who have worked with NRA as members of the industrial advisory board—some of them with names known to the whole nation—have arranged to meet in Hot Springs, Va., within 10 days to compare views on NRA operations and suggest a plan for the future. The meeting will be strictly private and Hugh S. Johnson may or may not attend. It was understood he had been invited.

The role of the new price policy is:

1. Willfully destructive price cutting is forbidden and any prices which appear unreasonably low may be investigated and a correction required if they are found to be unfair.
2. Fixing of even a minimum price will be allowed only in cases of demonstrable emergency, threatening destruction of business firms, employment or wage levels. Then only NRA shall have the right to determine what is the minimum price to be fixed and it shall be "the lowest reasonable cost" not a profit-covering figure for the majority of enterprises.
3. Open price posting which means letting all competitors

(Continued On Page Six)

## Herald Appreciates Co-Operation Given On Election Night

The Herald is able to give its readers speedy service in compiling election returns on Tuesday night partly because of the efficiency of the group of men and women members of the various canvassing boards around the county.

From the time that Mayor Martin Stanko of Slavia first called The Herald, about seven minutes after his poll had been closed, until the last returns came in from Mayor J. H. Menick at Longwood, the telephone bell rang continuously as clerks in the 11 other county precincts reported.

The Herald is appreciative of this service, and on behalf of its readers, it thanks the men and women, some of them unnamed, who assisted in making the early returns possible.

This group must include J. E. Fox of Paola, Mr. Menick of Longwood, Mr. Stanko of Slavia, H. F. Haines and Frank Kay Anderson of Altamonte Springs, John Riley of Ocala, Frank Evans of Lake Mary, E. F. Haight of Fern Park, L. E. Jordan of Orlando, and Mrs. A. G. Wagner of Ocala.

Appreciation also is extended to the persons who telephoned the Herald from Gabriella, Forest City, Lake Monroe, and Geneva, as well as to T. W. Lewton, E. H. Bennett, and others who assisted.

## HEAVY SHOWERS DRENCH FARMS IN MINNESOTA AREA

### Expert Estimates Fall Worth \$50,000,000 To North Dakota Alone

ST. PAUL, June 8.—(AP)—Rain drummed a dance of dollars on the sunbaked farm lands of the Northwest today.

Worth \$50,000,000 by one expert's estimate in North Dakota alone, a steady downpour flooded fields in nearly every section of the drought-stricken states of Minnesota and the Dakotas.

Secretary Wallcut, edified here today with drought relief funds, and announced that despite a break in the drought, the federal government will continue its relief program.

The plan contemplates supplying 35,000,000 bushels of seed to Northwest farmers for next year's crops.

Rainfall averted the national drought picture while government relief machinery, compelled by the need of 50,000 victims in the farm belt, stood ready yesterday to alleviate the misery, killing ten people for President Roosevelt's Saturday message to Congress.

Soaked precipitations blanketed many sections in the Middle West drought region, soaking soil where drifted soil was turned into mud. Receiving the long-delayed water alike were past sowing and lands on which corn and sorghum crops had been planted and which now gave promise of at least some harvest.

The President, having estimated that more than 125,000 families in the grain producing West had suffered irreparably in the drought, prepared to ask Congress for a \$225,000,000 purse with which to spread relief. Leaders on Capitol Hill predicted speedy passage on that the program, steadily framed, could be pushed.

The first weather bureau bulletin in six weeks telling of rains. (Continued On Page Six)

## County Blood-Hound Killed By Automobile

One of the county's three blood-hounds was killed by an unknown motorist shortly before noon on Wednesday morning on Park Avenue between Eighth and Ninth Streets, it was learned at the Court House today.

The blood-hounds had been used on Tuesday night in a search for John Garvin, negro who fired the shot which proved fatal to Elmore Cash, another negro.

Sheriff J. F. McCalland, believing that the dogs might have to be used again in a continuation of the fruitless Tuesday night search, took them to his horses on French Avenue.

They escaped from his yard, and two of the dogs were found on downtown streets. The third dog was missing until early Wednesday afternoon when several persons on Park Avenue reported a dead dog which proved to be one of the blood-hounds.

## Puleston Reports On Activities For May

During the month of May, Dr. S. Puleston, as physician for Seminole County, made 12 calls at the County Jail, four visits each to the County Camp and the County Home, performed seven major operations and three minor operations, and held 22 office consultations.

## OBSERVE ANNIVERSARY

VATICAN CITY, June 8.—(AP)—Pope Pius and his papal court celebrated yesterday the fifth anniversary of the ratification of the latrans accord with Italy whereby the Vatican became an independent state and the pope a temporal sovereign. The pontiff celebrated a mass in his private chapel.

## DILLINGER'S LIEUTENANT IS SHOT DEAD

### Nation-Wide Search For Ace Aide Of Desperado Ends As He Is Slain In Iowa

WATERLOO, Iowa, June 8.—(AP)—Police guns yesterday built off the nation-wide search for James Carroll, 38, one of John Dillinger's ace lieutenants. He was fatally wounded and captured here yesterday, only to die a few hours later in a hospital.

Carroll was shot in a parking lot near Waterloo, Iowa, where he had been present when Dillinger and his desperado band made their sensational escape from the Wisconsin north-west on the night of May 22 at the cost of two dead, one a federal officer.

She was, she said, Carroll's bride of a week or ten days, and gave the name of Jean Crumpton, 21, recently paroled from Madison, Wis. with two other women on charges of harboring Dillinger at the Little Bohemia resort.

The shooting of Carroll yesterday afternoon gave rise to reports that Dillinger himself and a woman companion in the car were the object of search in the Waterloo vicinity, but police were silent as to this.

It was a trivial thing that tripped up Carroll, minor trouble to his automobile. Carroll drove his car to a garage, making mechanic to fix it. The mechanic grew suspicious when he noted the license plates and weapons on the machine. As soon as he completed his work, he notified police.

Detectives Emil Steffen and E. Walker spotted the car passing the city. Screened from passing eyes, they watched the machine. When Carroll and the girl walked toward the car the officers stepped out and identified themselves.

The quick-shooting expert reached for his gun, but it was too late. The detectives fired and Carroll fell, bullets in the left arm and in the chest, and three slugs in the spine. He was rushed to hospital where physicians and nurses were called.

Quick to admit his guilt, Carroll's first words were "I'm sorry about the little girl."

"She doesn't know what it's all about," he said, "I've got \$700 on me. Be sure that the little girl gets it."

Whether he talked further is the possible when abouts of the Nation's No. 1 public enemy was not disclosed, but police immediately searched through the county for another car. The machine supposedly headed eastward.

## Doctor Of Divinity Degree Given Hardin

The Doctor of Divinity degree was conferred upon Rev. Smith Hardin, pastor of the Baptist Methodist Church and former pastor of the First Methodist Church of Sanford, during exercises held at Southern College in Lakeland on Sunday morning it was learned here today.

## County Home Living Costs For May \$396

Cost of operating the County Home for the month of May was \$396.14, it was announced at Court House yesterday by H. J. Dean, superintendent of the Home.

With 32 inmates quartered in the Home, it cost 12 cents a day to feed each inmate, and 30 cents a day to feed, house, and clothe him.

## YALTS TO HONOR ROOSEVELT

NEW HAVEN, Conn., June 8.—(AP)—President Roosevelt will visit New Haven June 20 to receive an honorary degree from Yale university.

## IMPORTANT DATE FOR THE JAYCEES?

COCAL GABLES, Fla.—Well, anyway, June 20 is an important date because it is the opening of the county national convention of the Junior Chamber of Commerce of the Miami Dade county here. Mable Pritchard, one of the official hostesses, reminds the Jaycees in novel fashion.

## STEEL WORKERS CWA PROGRAM IN TO MEET WITH COUNTY OKEYED MISS PERKINS BY COMMISSION

### Delegation Unable To Discuss Strike With President Thursday

WASHINGTON, June 8.—(AP)—The CWA program, a project of the Federal Government and the United States Steel Corporation, was taken over by the National Industrial Conference Board, the Board of Economic Warfare, and the War Relocation Authority.

The CWA program, a project of the Federal Government and the United States Steel Corporation, was taken over by the National Industrial Conference Board, the Board of Economic Warfare, and the War Relocation Authority.

## Hurricane Sweeps Central American Capital, Killing 8

### San Salvador, City On Pacific, Leveled By Storm Which Made Over 500 Homeless

NEW YORK, June 8.—(A.P.)—Eight lives were lost, 500 persons were made homeless and damage estimated at \$1,500,000 was done by a hurricane that swept San Salvador, capital of the small Central American country of Salvador on the Pacific coast yesterday and last night. Pan-American Airways reported today.

All-American Cables previously had reported that its line to San Salvador had been out for 36 hours.

Martial law was declared today as a result of the complete collapse of communication facilities, light and power lines, and railroad travel.

Reports wirelessly to Pan-American Airways via its airport at Salvador, which escaped damage, said that many large buildings in the capital were partially demolished.

Homes in the residential district of Ilopango and Forosango were washed away by the heavy rains that fell during the storm, the report said, while the highway to La Libertad was rendered impassable.

San Salvador, the smallest and most densely populated republic in Central America, is bounded on the north by Honduras, on the east by Nicaragua, and on the west by Guatemala.

Its principal city, San Salvador, where the hurricane struck with great force, has a population of over 90,000 persons. It is considered one of the most advanced of the several Central American nations, and its ruling bodies are active in the promotion of education and commerce.

San Salvador is a port of call for many ocean liners. Steamship dock at Acajutla, 65 miles from the capital, which is reached by railroad and modern paved highways. Earthquakes and volcanic eruptions are common to the area, although an occasional hurricane striking in the Gulf of Mexico, or Caribbean Sea, has its effect upon the tiny republic.

## High Elk Official To Install Officers Of Sanford's Lodge

Edward L. Thompson of Daytona Beach, District Deputy Grand Exalted Ruler of Elks Lodges in Florida East, will act as high installing officer at Sanford Elks Lodge tonight when the 1934-35 officers are installed into office in ceremonies that are scheduled to attract over 100 out-of-town guests alone.

Mr. Thompson will select the other installing officers from among the representatives of lodges at New Smyrna, DeLand, Daytona, Cocoa, and Eustis.

The new officers are: F. C. McMahon, succeeding O. W. Spencer as exalted ruler; P. F. Dornier as leading knight; B. L. Perkins as loyal knight; Peter Thurston as lecturing knight; Howard Overlin as secretary; E. B. Rourke as treasurer; W. J. Tall as treasurer; and John Zerrone as trustee.

## BOLIVIAN TROOPS PRAISED

LAPAZ, Bolivia, June 8.—(AP)—Reports from the front yesterday said President Salasman, accompanied by the minister of war, had visited the fifth and sixth units of operations, addressing the troops and facilitating General Paz Soldan for his victory in the "strategic" sector of the Chaco.

## LONG IS WINNER OVER KILBEE IN RACE FOR BOARD

County Commissioner S. F. "Sammy" Long of Chuluota was re-elected to office for another term by a margin of two votes, it was revealed this morning at the end of the official tabulation of ballots cast in Tuesday's first Democratic primary.

Mr. Long had a lead of one vote when all returns had been counted on Tuesday night, having polled 158 votes in Ocala, Geneva, and Chuluota, while his opponent, F. H. Kilbee, had polled 157 votes.

## LONG IS WINNER OVER KILBEE IN RACE FOR BOARD

County Commissioner S. F. "Sammy" Long of Chuluota was re-elected to office for another term by a margin of two votes, it was revealed this morning at the end of the official tabulation of ballots cast in Tuesday's first Democratic primary.

Mr. Long had a lead of one vote when all returns had been counted on Tuesday night, having polled 158 votes in Ocala, Geneva, and Chuluota, while his opponent, F. H. Kilbee, had polled 157 votes.

The absentee ballot was received at the Court House office of Judge J. G. Sharon, and it decided the election definitely in favor of Mr. Long.

It was recalled today that in 1932 Mr. Long defeated Mr. Kilbee by four votes. Mr. Long polled 130 votes against 126 polled by Mr. Kilbee.

Only eight absentee ballots, received through the mails from several points in Florida, were added to the unofficial totals announced late Tuesday. One ballot was that of a voter residing at Chuluota; four ballots were cast by voters residing in Precinct One Sanford, and three ballots were cast by voters in Precinct Three Sanford.

A tabulation of the eight absentee ballots revealed that Park Farnell gained six votes, John F. Stokes and Mrs. Hortense K. Wells gained one vote each in the U. S. Senate race; Mark Wilcox gained four votes in his race for the House of Representatives; E. S. Matthews gained three votes and Wm. J. Place and Lester Wells picked up one vote each in the railroad commissioner race in Group One; John Newbern picked up three votes and Jerry Carter picked up two votes in the railroad commissioner race in Group Two.

Also, F. E. Hady gained four votes; J. E. Jackson gained three votes and Gordon Barnett gained one vote in the state representative race in Group One; G. W. Spencer gained four votes; O. P. Herndon gained three votes; and I. P. Hagan gained one vote in the Group One representatives race; Albert Jarrell and J. E. Preston gained two votes each; and S. A. H. Wilcox gained one vote in the race. (Continued On Page Six)

## Baer-Carnera Title Battle Will Go On

NEW YORK, June 8.—(AP)—Max Baer and Primo Carnera today were reported in "satisfactory" condition for their 15 round next Thursday night at Madison Square Garden bowl, and the New York State Athletic Commission ordered the fight to go on as scheduled.

Both boxers were given an exhaustive examination at Commission headquarters by Commission physicians who ruled the fight should go on without a vote of the Commissioners.

## Wilkinson Seen As Victor In 1st Primary

That S. A. H. Wilkinson has been elected state committeeman from Seminole County appeared certain this morning when it was reported that the high man in the committeeman race is elected without the necessity of going into a runoff primary.

In Tuesday's election Mr. Wilkinson received 746 votes to 541 for J. E. Preston, 265 for Albert Jarrell, and 201 for W. E. Mallen. Mr. Wilkinson did not have a majority of the votes, but he did lead his nearest opponent by 205 votes.

According to information received this morning, the State Committee adopted a resolution early this spring which provided that the high man in any race for a Democratic committee post would be declared the winner in the first primary without the necessity of holding another election.

## ALLEGED SLAYER CAUGHT

BLOOMINGTON, Ind., June 8.—(AP)—Edwin Coffin named by two accomplices as the youth who killed a Scott county deputy sheriff and wounded a Seymour policeman Monday night, was captured by Bloomington police Wednesday afternoon.

## NO LIQUOR ON CREDIT

ST. ALBANS, Vt., June 8.—(AP)—You can't put your liquor on the cuff in this state, Vermont recently tumbled over the water wagon and dealers here are finding they must do a lot of explaining to customers unfamiliar with the ruling of the state control board that all beer and wine sales must be for cash.
