## Warning Given To Parley By Red Delegate

### Ukrainian Declares Balkans May Again Become Powderkeg To Threaten Peace

PARIS, Aug. 22.—(AP)—The peace conference held a plenary session today and heard an airing of Balkan quarrels. From the delegate of the Russian Ukraine came this warning: The Balkans may become the powderkeg of Europe once more and threaten world peace.

The representative — Dimitri Manuilsky — was arguing on the side of Albania against Greece. Earlier, Greek Premier Constantine Tsaldaris had announced that he would like to see the Italian treaty amended so that Greece would receive northern Epirus which is southern Albania now. Tsaldaris contended that his country's claim to that area dates back several centuries.

However, the Russian Ukrainian spokesman took another point of view. Said he: "We now see how the declarations made here by Greece really endanger the peace of the world. We know how wars have been prepared."

Then Manuilsky asserted that "someone" — he did not identify that someone specifically — is seeking to cause trouble on the Albanian frontier. He declared that what he called the abnormal situation in Greece may create Balkan trouble. The Russian acknowledged that the Albanian parliament once voted support of Mussolini. But he added, "Other votes are now being prepared elsewhere which may have results as strange."

He charged that the Greek government had falsified voters' lists. He wanted to know why the referendum on the return of King George to Greece was being held this year instead of in 1945.

"It is clear," asserted Manuilsky, "that someone wants this referendum taken in a hurry and for a purpose."

## Condemned For Haifa Bombing

CHAINED TOGETHER two of eighteen Jewish men stop precede their comrades as they arrive at the British military court in Haifa, Palestine, where they were given the death sentence for their alleged part in the blowing up of the city's railway workshops. Four girls (bottom) who received their imprisonment, arrived along the national anti-Bandage cover injuries received in truck crash as they were escaping scene of blast (News of the Day News) from International.

## Witness Says Yugoslavs Cheered After Fighters Downed Transport

TRIESTE, Aug. 22.—(AP)—An eye witness account of the shooting down of an American transport by Yugoslav fighters was given today by a former American soldier. The veteran, who asked that his name not be used, said that from where he saw the incident the Yugoslav planes involved appeared to be of American manufacture.

The American who saw the incident from a hotel window near the town of Ribed, asserted that the sound of the planes' motors and the lines of their bodies convinced him that they were American P-51 Mustangs.

The American, a veteran of combat service in Italy, added that he himself heard no sound of shooting but that other witnesses in the streets of the Yugoslav town later told him they heard four or five loud explosions resembling cannon fire.

"It was clear," he declared, "that the transport plane was hit in the air and was burning."

## Legion Officials Leave To Arrange Boys State Plans

W. B. Zachry, Jr., state adjutant, and Holmes Melton, assistant state adjutant of the American Legion, left this morning for Tallahassee in order to make arrangements for the Boys State program at Tallahassee which the Legion is sponsoring.

Five Sanford boys, accompanied by Edward Marshall as counselor, will leave Saturday morning to join the mythical boys state at which 260 boys from all over Florida are expected to be present.

The following boys from Sanford, sponsored by civic clubs will attend: John Brunley, Lions Club; Simon Dingfelder, Kiwanis Club; Larry Lassing, Elks Club; Francis Babcock, Rotary Club and Francis Wilson, Jaycees.

## H. C. Mermstock Of St. Cloud Speaks At Townsend Plan Meeting Held Here

The regular, monthly meeting of the Fifth District Council of the Townsend Club was held Sunday at 2:00 P. M. in the Court House with approximately 50 members hearing H. C. Mermstock of St. Cloud deliver an address on the Washington Flash, the Townsend Plan publication.

Mermstock said, "It is a lot of Downey of California, Robert Taft of Ohio and Claude Pepper of Florida now have a senate vote for the Plan to come on the floor for the first time in 13 years. Although the Plan did not pass in Congress because of the 'tag' rule, Mermstock quoted Downey as saying, 'Most of the senate and the majority of the distinguished thinkers rose to vote for the program and set the stage for a better fight on Jan. 7, 1947 and added, we must not give up now. Friends of the Townsend Plan in the north have joined for the first time with southern senators and congressmen. Senator Walter George of Georgia, chairman of the senate finance committee, joined with the Townsend Plan supporters, having previously been opposed to liberal aid grants. Senator Olin Johnson of South Carolina threw his weight for the Townsend Plan and gave some stirring tributes to Dr. Townsend."

"At this time Senator Downey urged that the Plan to specifically called by name in the study which has been promised for 1947."

# Tito Summons Top Advisor For Meeting With U.S. Ambassador

## Russian Paper Resumes Attack On US-Anglo Bloc

### Publication Charges France Is Swinging Into Alliance

MOSCOW, Aug. 22.—(AP)—The Soviet newspaper Pravda, organ of the Communist party, resumed its attack today on what it calls the Anglo-American bloc at the Paris Peace Conference. In today's article the newspaper charged that France is also swinging into the Anglo-American bloc.

In a dispatch from Paris, Pravda correspondent Boris Zhekov complained that the French delegation has been taking a different line from the one taken by the French representatives at the last Foreign Ministers Conference.

Zhekov noted that Leon Blum, former French premier, has been a week-end guest of Secretary of State Byrnes and has been seen frequently in company with Byrnes. The Russian writer suggested that this fact may explain the alleged change in the French attitude.

Zhekov further asserted that the Anglo-Americans are out to build up a world economic rule based on the American dollar, and that Blum is an advocate of this idea.

## Clashes Between Hindus, Moslems Spread In India

BOMBAY, Aug. 22.—(AP)—Clashes between Hindus and Moslems are spreading today in India. The rioting first appeared in Calcutta last week end.

Police are taking strong precautions in two cities in Bombay province — Dacca and Ratanagar — to prevent further outbreaks of violence. Clashes also have occurred in two other Indian provinces.

Both Moslem and Hindu leaders in New Delhi have condemned the rioting. It is being said that the better fighting will affect current efforts to form an interim government pending plans for making India independent.

Meanwhile, authorities are trying to increase the seriously depleted food supply in Calcutta. Workmen are continuing the gruesome job of picking up bodies and clearing away the wreckage of looted shops.

## F. W. Dubose Faces Trial For Driving While Intoxicated

Following arrest on charges of reckless driving, driving while intoxicated and without a driver's license, F. W. Dubose was released on bond today pending trial in City Court Friday.

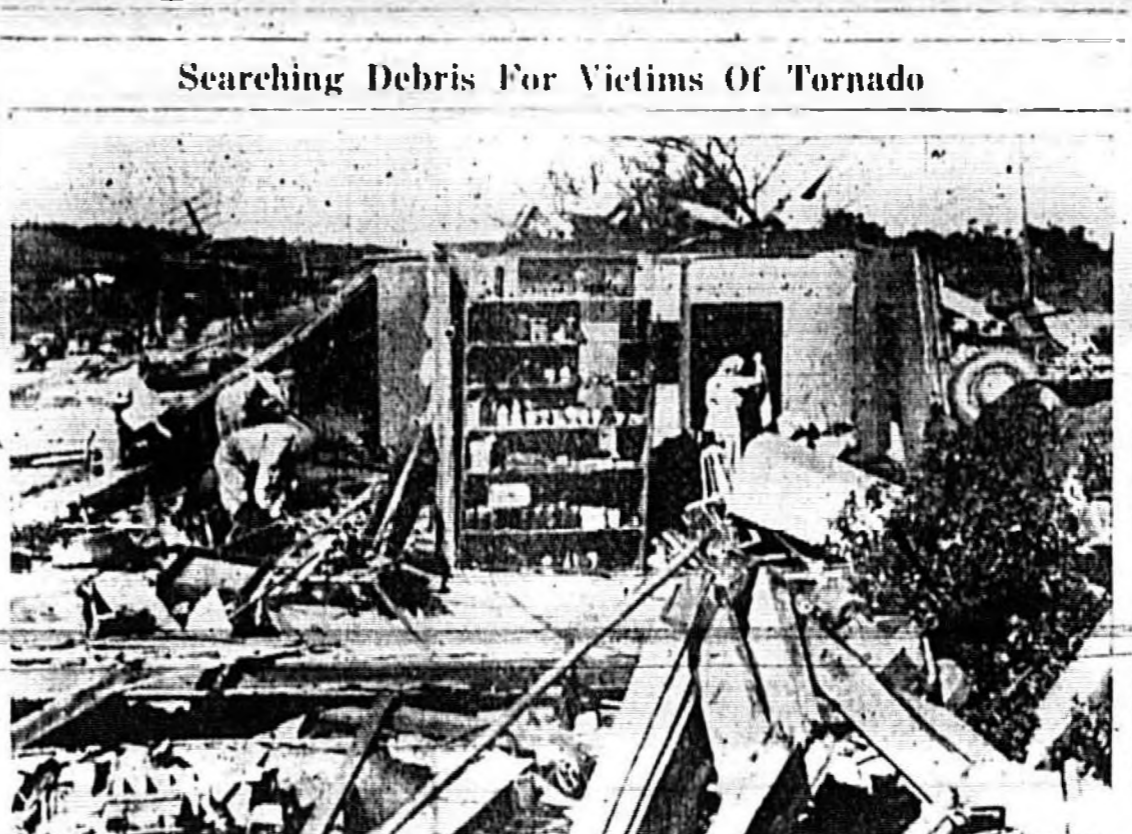

According to police, Dubose, while headed north on the Orlando Highway early this morning, lost control of the automobile he was driving and crashed through the fence of the cabin court at Twenty-fifth Street, ran through the yard and narrowly missed a cabin, then through the fence on the other side and came to rest in a ditch. He was reported to be uninjured. The automobile is the property of W. A. Dodson of 817 Myrtle Avenue.

## Larry Lossing Will Attend Boys State

Larry D. Lossing, son of Mr. and Mrs. Ralph Lossing and well known boy cartoonist, who has appeared at many civic functions here, has been selected as a representative to the forthcoming Boys State program at Tallahassee by the Sanford Elks Lodge.

Larry Lossing is a cousin of the late Arthur D. Lossing who was killed in action in World War I, and whose name was incorporated into that of Campbell-Lossing Post 53 of the American Legion.

TRUMAN IN BERMUDA HAMILTON, Bermuda, Aug. 22.—(AP)—President Truman arrived today in the capital of Bermuda. The Presidential yacht Williamsburg headed south after running into storms on the northeast coast of the United States.

RESCUE WORKERS SEARCH SCATTERED DEBRIS FOR VICTIMS OF TORNADO. The wreckage which destroyed the building at Market Street was started by a tornado which struck the town on Aug. 19. The wreckage is being cleared away by the city workers.

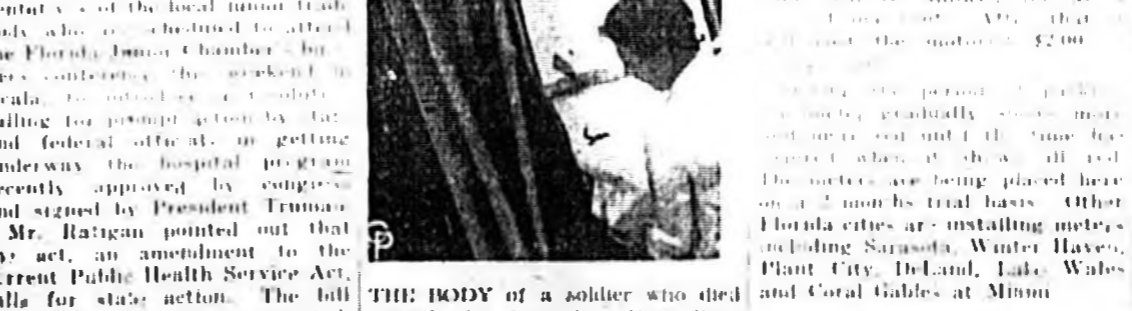

## No Abolition Of Rent Controls In Area Foreseen

### Statement By Jack Rattigan At Jaycee Luncheon Today

President Jack Rattigan of the Sanford Jaycee Club today announced that he had been informed by the Office of Public Affairs that the local rent control board that he could not foresee any abolition of rent controls in this area.

Mr. Rattigan, who is also president of the Sanford Chamber of Commerce, said that he had been informed that the local rent control board would not be abolished in this area.

Mr. Rattigan pointed out that he had been informed that the local rent control board would not be abolished in this area.

THE BODY of a soldier who died aboard the troopship New Bern Victory while en route from Leghorn, Italy, to the U.S. is carried down the gangplank following the ship's arrival at Staten Island, N. Y. Debarcation of GIs from the vessel was delayed, several hours, to permit segregation of 42 military personnel who had been in the same quarters with the stricken serviceman. (International)

## Wartime Spy Runner Is Purchased By New Zealander From Australia

By GORDON A. TAIT  
SYDNEY—A retired Royal Australian Navy ship with a long war record in Japanese waters, touched Sydney recently on its way to New Zealand to start a new career as a pleasure yacht.

Built like a Macassar prau, this 46-ft. vessel, the Binting San, once mounted hidden machine guns and trench mortars as she sailed in 1944 behind the Japanese lines to drop spies on islands of the Netherlands East Indies, and pick up Japanese secret information.

The present owners, Australian engineer Donald Jennings and his wife, have pieced together some of the history of the vessel since they bought her from the Australian Government.

Standing high out of the water, with smoke as thick as telegraph poles, the Binting San was laid down in Brisbane in 1942 by local boatbuilders. Five Ambonese supervised to see that the boat was

## Byrnes Leaves Peace Conference To Talk With Advisors On European Affairs

BELGRADE, Aug. 22.—(AP)—The Yugoslav government responded today to an American ultimatum by releasing seven Americans who were taken into custody when their army transport plane was forced down on Aug. 9. Their release came one hour before the United States presented to Marshal Tito a 48-hour ultimatum demanding that they be freed and allowed to leave Yugoslavia safely.

With the exception of the pilot, the crew was declared that their plane was not fired upon after it was on the ground. This statement was corroborated by the passengers. There still is no word of the fate of the crew of the second plane.

PARIS, Aug. 22.—(AP)—The chairman of the Senate Foreign Affairs Committee, Senator Tom Connally, arrived in Paris today. The Texas senator conferred immediately with Secretary of State James Byrnes on the Yugoslav situation. Connally was called by Paris by Byrnes to join in the Peace Conference discussions.

WASHINGTON, Aug. 22.—(AP)—Under Secretary of State Acheson already is preparing to call the United Nations Security Council to action against Yugoslavia should that nation defy Washington's angry 48-hour ultimatum over the plane incidents. The deadline for Yugoslav compliance is tonight at 11 o'clock tomorrow night (ET).

BELGRADE, Aug. 22.—(AP)—Marshal Tito has summoned his top foreign relations advisor to be present today at his meeting with United States Ambassador Richard C. Patterson. The meeting will be held at Tito's summer home in Ribed, near the Austrian border.

It is being reported from Belgrade that the Yugoslav Premier, Josip Broz, is standing in the United States ultimatum. This country is demanding immediate release of American airmen forced down when two American transport planes were shot down by Yugoslav fighters.

Achilles is Deputy Foreign Minister and is expected to discuss the foreign policy of Tito's government.

Yugoslav planes even have been reported to have been shot down by the British, of three American A-24s personnel believed to have been killed Monday when a transport plane was shot down in flames. The wreckage was said to be about two miles inside Yugoslav territory near the Austrian border.

Two other members of the crew were seen to parachute from the plane as it fell. They are believed to be held by the Yugoslavs, along with seven other Americans and three non-American passengers of another Army transport plane which was forced to land ten days earlier.

PARIS, Aug. 22.—(AP)—Secretary of State James Byrnes gave the Yugoslav situation precedence over all other matters today. He left the Paris Peace Conference session almost as soon as it convened to confer with his advisors.

Byrnes met with Charles E. Bunsen, State Department advisor on eastern European affairs, and Samuel Reber, advisor on European affairs.

It was doubted that there would be any immediate official comment from the Yugoslav peace conference delegation on the United States ultimatum. One Yugoslav source declared that the matter was in the hands of Marshal Tito. There was no indication whether the ultimatum will be accepted or rejected.

## LT. WILLIAMS RELEASED

Lt. Fred H. Williams, 420 Oak Avenue, has been placed on inactive duty by the United States Navy, according to information received today by the Naval Personnel Separation Center, Jacksonville.

## TO STUDY BUDGETS

President Jack Rattigan of the Sanford Jaycee Club today said that members of the board of directors had voted to make a thorough study of city budgets for 1953-1946, 1944-1945 and 1945-1946.

The mastiff is the largest and most muscular dog.

MOST PEOPLE cut a cake to celebrate their birthday. But not these twin sisters, Mrs. Catherine Kiraschoch (left) and Mrs. Mary Franzen, of Jamaica, L. I. They give three-months-old Dennis Barrett, Mrs. Kiraschoch's great grandson, a bath, even though he objects. (International)

AT HOLLYWOOD EMERGENCY HOSPITAL, Dr. S. V. Marichenko and Nurse Hattie Arundsen administer medical aid to Jimmy Ulley after he had been slugged by gunmen in a fashionable filmland restaurant while they held famed movie stars at bay. Ulley, bingo boss aboard the gambling ship Lux, suffered a severe concussion. (International Soundphoto)

PRESIDENT TRUMAN MAKES HIMSELF COMFORTABLE aboard the presidential yacht Williamsburg in the Washington Navy Yard at the start of his 18-day cruise in Atlantic waters. With the President (left) are Matthew Connelly (standing), Maj. Gen. H. Vaughan, military aide, and Charles Ross, press secretary. The President does not plan any public appearance, though he is expected to eschape several times. (International)

LONDON, (AP)—The metropolitan police force, in a campaign for 5,000 recruits to bring the force back to a pre-war strength of 20,000, has lowered minimum height requirements from 5 feet 9 inches to 5 feet 8 inches.

FOR HIGHER PAY—WARSAW, Poland, (AP)—The Central Committee of Trade Unions has requested the government to boost the pay of "state employees, the militia, secret police, railway workers and pensioners."

**Tired Kidneys Often Bring Sleepless Nights**

Doctors say that kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up at night. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep. When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headache and dizziness. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

BIBLE VERSE FOR TODAY

SOME ARE MORE ANXIOUS
THAT THEIR FAULTS BE HID-
DEN THAN THEY ARE TO
HAVE THEM CLEARED OUT:
Clear thou me from hidden faults.
—Psalm 139:23

There were more prominent
dignitaries attending the canal
hearing Tuesday than this city
has seen in a long time.

The Times-Union quotes Mer-
ryle Stanley Ruker as saying
that the United States govern-
ment, due to its failure to cut
expenses, is the "chief inflator"
in the United States. Still trying
to prime the pump.

Veterans Administration at
Pass-A-Ville reveals there are
1,800 veterans in the five south-
eastern states who will benefit
from the recently signed statute
furnishing an automobile to for-
mer soldiers who lost one or more
legs in the war.

GI students from overcrossed
University of Florida may be ad-
mitted to F. S. W. C. Nat. Talia
hasse, Governor Caldwell reveals,
and the time may well come when
some hardened former soldier
when asked where he got his
degree, will reply, "From the
Florida State College for Women".

One of the most frequently
misused words in the English
language is "accommodate". We
don't know why it should be, as
it is really very simple, having
two c's and two m's, but where-
ever "Tourists Are Accommodated"
we find home owners spell
it "I accommodate", "accommodate",
"acommodate", and even "acom-
modate".

One former GI in Miami has
solved the housing problem, at
least for the time being and with
the approval of the local author-
ities. He has pitched a tent for
himself and family of five chil-
dren on a lot he owns on the out-
skirts of town on which he had
hoped to build a house. Pending
arrival of building materials, he
has been given permission by
zoning officials to remain there.

The Russians seem to think
that Britain should get out of
Palestine and let the Jews
settle their own troubles. No
doubt they would settle them in
the time-honored way of bloody
civil war, leaving the pieces for
the Russians to pick up whenever
they are ready. As between
Russian domination of the Near
East and British domination, we
do not see where the Jews or
Arabs either are left with a
very hard choice.

Florida needs a hundred million
dollars worth of new school build-
ings, county superintendents meet-
ing at Gainesville estimate. And
the figure is not too high, accord-
ing to State Superintendent Colin
English, who adds he doesn't
know where the money is coming
from. One way might be for the
State to lend some of its surplus
funds to counties at low interest
rates. There is no safer place
for the State to put its idle funds
than in school buildings for Flor-
ida children.

Girls are notoriously better spell-
ers in school than boys. In the
recent National Spelling Bee, there
were 18 girl entrants, only 10 boys,
as the best spellers in school from
all over the country. But when the
match ended one boy left standing
on his side, spelled the word which
the girl left standing on her side
missed, and so won. The word she
missed, he spelled was "flaccid."
Other stingers are: "hypotense,"
"coventants," "queue," "knavery,"
"colander," "staccato,"
and "abscise." How many of them
can you spell? Define?

The government undertook a
big order when it promised to
educate all the GIs in the Army.
The University of Florida now
reports that it has \$,319 applica-
tions for this Fall, with accom-
modations for only 6,000. Pre-
war registrations seldom ran high-
er than 3,000 and there has been
little new building since then.
Furthermore, more important than
buildings are the teachers who are
in as scarce as dormitories. Presi-
dent Tigert urges all applicants
to postpone their matriculation at
the University until February if
possible.

A Job Well Done

On Monday night of this week, Co. C, Fourth Bat-
talion, Florida State Guard, was mustered out of ser-
vice after five years of as patriotic and unselfish service
as any organization on the home front during the war
period. Though it was never called out for active duty,
it may safely be said that the very fact that it was at
all times ready, well armed, well trained, and ably led,
was a very stabilizing influence in the community and
contributed largely to the feeling of security which all
felt.

The Guard met every Monday night throughout
those five years. Around a nucleus of older men who
were regular attendants at all drills was built an organi-
zation composed mostly of teen age youths who took
advantage of the opportunity of learning the fundamen-
tals of close order drill, extended order, rifle practice,
the use of hand grenades and gas masks, and of military
life in general, before embarking upon active duty.

In addition to the regular drills, rifle practice was
frequently held with .22 caliber rifles in back of the
Armory, and with Springfields and submachine guns in
the clay pits west of the city and at the Orlando Air
base, and the men were also thoroughly schooled in the
use of shotguns for riot duty and practice in shooting
clay pigeons was frequently held on the lake front.

Inspection officers from State headquarters at St.
Augustine constantly kept officers and men alike on
their toes, and once each year a federal inspection was
held at which valuable instruction was given by officers
fresh from combat. Overnight camps were occasionally
held and once each year a battalion encampment of
several days took place at Camp McQuarrie.

To Capt. John Galloway, who led the company from
its first day, to Lieut. John Meisch and Lieut. Porter
Lansing, as well as to the other officers and men of this
company, go the thanks and appreciation of the people of
Sanford for a job well done.

Great Lakes Strike

Striking seamen on the Great Lakes can tie up one
of the country's major industrial lifelines, if enough
vessels are stranded without manpower. The C. I. O.
strike for shorter working hours got off to a slow start,
but whatever degree of interference it achieves is one
more blow at the fleet which has met impediments since
the opening of lake navigation last spring.

Primary cargoes of the lake freighters are iron ore,
coal, limestone and grain. The steel industry depends
on those ships. The grain carriers are needed more than
ever before in this year of scarce box cars.

If iron and steel production is to proceed at maxi-
mum rate through the fall and winter until the shipping
lanes are cleared of ice again next spring, 61,500,000
tons of ore must be brought from Lake Superior to the
lower lake ports by the end of this season, according to
the Iron and Steel Institute.

Last spring the lake fleet was held up by strikes in
coal and ore mines. This year factory production is in
danger of slackening off because of possible shortage of
raw materials carried by water.

The importance of Great Lakes commerce is in-
dicated by cargo figures computed by the Lake Carriers'
Association. In 1945 the ships carried 84,800,520 tons of
iron ore, 55,246,197 tons of coal, 16,318,193 tons of lime-
stone, and 18,717,773 tons of grain.

The issues at stake in this strike are small in com-
parison with possible reverberations throughout Ameri-
ca's heavy industry. It behooves both sides to come to a
settlement soon, if another major block to production is
to be avoided.

Pepper

Think twice before you put that extra shower of
pepper on your breakfast eggs. It may not be simple to
refill the shaker.

Pepper enters all over the world used to buy 133
million pounds a year. This year there will be 45 million
pounds available. In Singapore the pepper market is full
of speculators. Smuggling and wild prices are part of
the story.

Trouble, of course, is in the East Indies, chief pepper
producing area, where the Jap invaders destroyed most
of the pepper trees to plant rice or use the land for
military purposes. Now jungles must be cleared, new
trees planted, and it takes three years for them to bear.

Nazis Grow Scarce
In British Germany

By JAMES DEVLIN
AP Newswriter

BERGHEIM, Germany (AP)—Of some
22,000,000 Germans in the British
Zone, less than 750,000 will be dis-
qualified from voting because of
Nazis activities or associations.

Occupation authorities assert,
however, that a larger number—the
exact figure not yet decided—will
be barred from standing as candi-
dates.

The British say this autumn's
local elections will be the first in
13 years in which the Germans of
the area have had a chance to cast
an unfiltered ballot.

Although the elections will be
under British control, the me-
chanical operation of the balloting
will be entrusted largely to Ger-
mans.

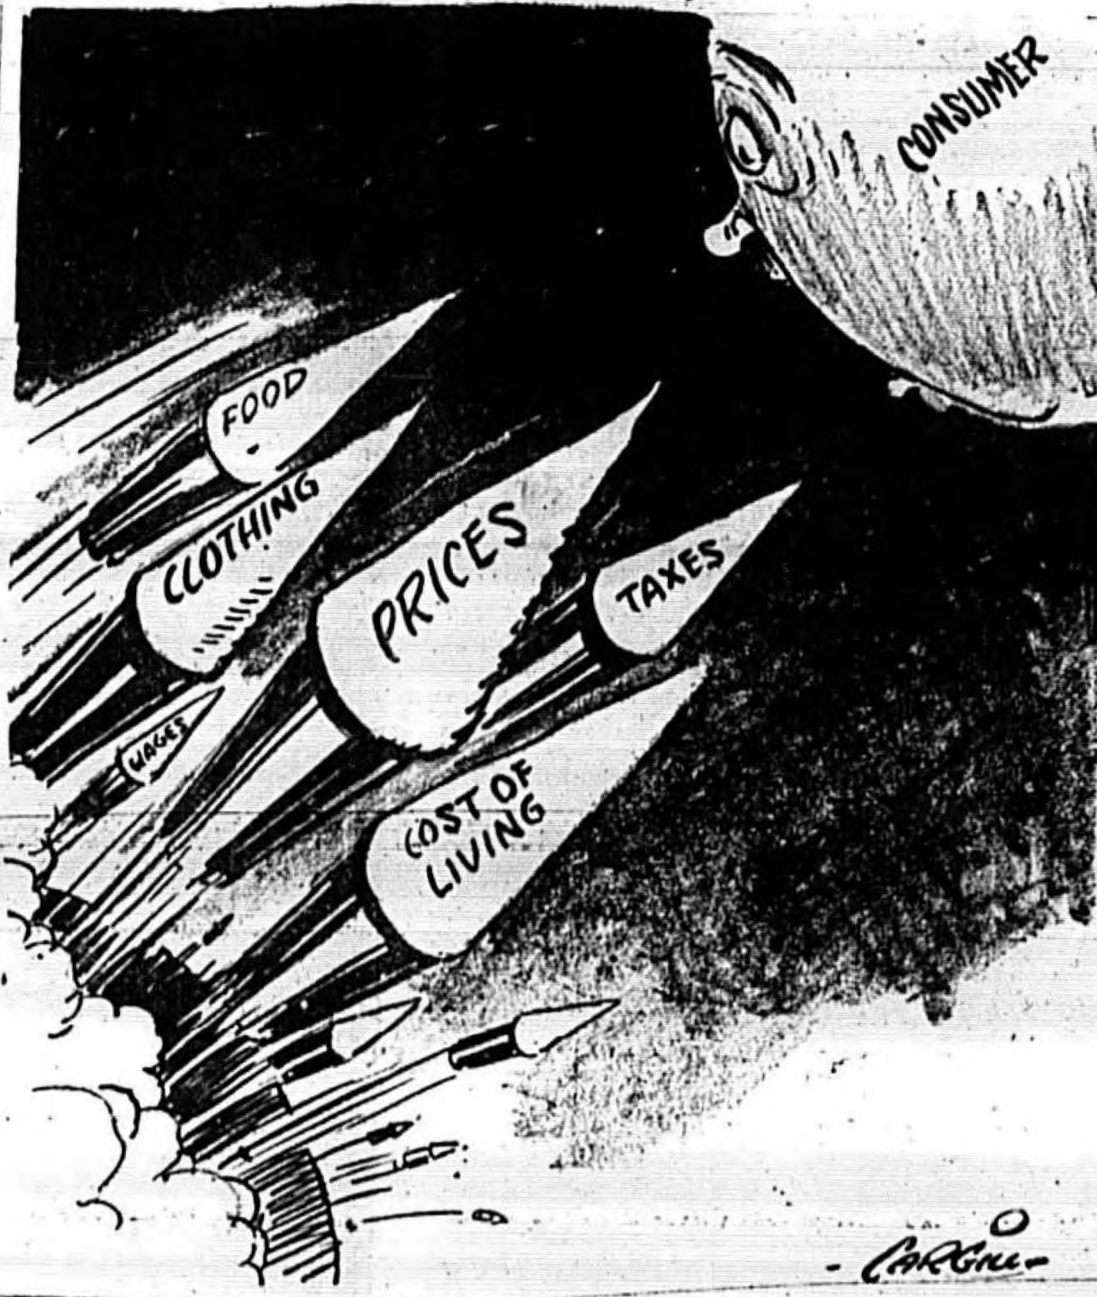

Germans consulted on the elec-
tions have shown greatest interest
in achieving an absolutely secret
ballot. One Briton said "bitter ex-
perience" had taught them to
fight shy of any system whereby
a ballot could be identified as
having been cast by any particu-
lar voter.

The United Kingdom system of
numbering ballots consecutively
on the back was unsatisfactory to
the Germans. They offered an
alternative plan and British offi-
cials accepted it.

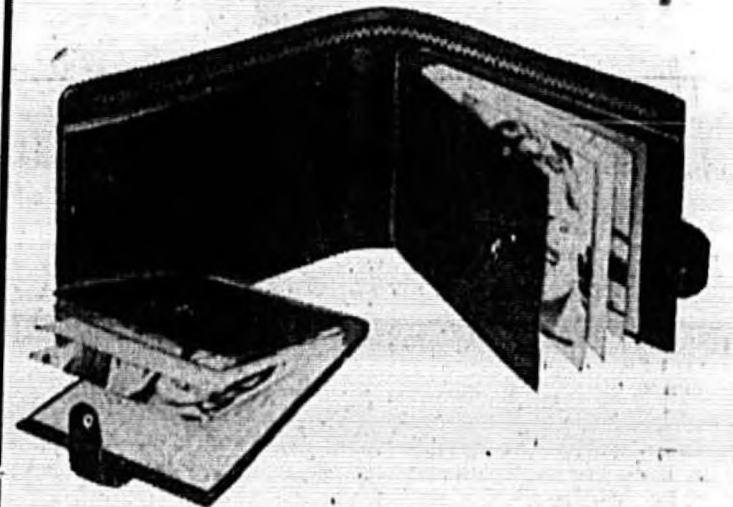

The British are looking forward
to the elections as a weathervane
of German thinking. They want to
see whether the voice of the peo-
ple is strong enough to influence
party platforms or whether party
discipline will be strong enough to
pull waverers into line.

Yale has 20 freshmen with lac-
rosse experience.

"ROCKET AGE"

No Finer Inside Story
in a Man's Wallet!

"The Senator"
by SWANK...\$5

This "dual personality" wallet which changes its
character as the occasion demands, is a gift that any
man who gets around a lot will appreciate. With the
detachable pass-case inside, it's a man-sized wallet
for business hours. Simply remove this and presto—
he has a wafer-thin billfold for social wear. Includes
zipper protection and ample storage space for cards
and stamps. Durable hand-crafted by renowned
Swank in genuine Morocco, black and brown.

Personals

Miss Martha Page is spending this week in Tampa with friends.

Mrs. W. C. Deble and son George spent last week in Augusta, Ga. with relatives.

Mrs. John L. Lee and daughter Allison have left for Burlington, N. C. where they will visit with relatives for about two weeks.

Mrs. Irving Fernberg and son Richard have departed for Daytona Beach where they plan to spend the month of August.

Frank Bradley, Jr. of Wilmington, N. C. is visiting his grandparents Mr. and Mrs. E. C. Echelon, West First Street.

Mrs. E. J. Nelson of Miami is visiting her parents Mr. and Mrs. R. G. Hickson and her sister Mrs. Charles Betts.

Mrs. George Gray flew to Oklahoma City, Okla. today to visit with her brother Ted Flash who is ill.

Mr. and Mrs. Edwin Lockert and son have returned from Memphis, Mich. after a visit with Mr. and Mrs. Mark Minor.

Mrs. Corene Mann and son Billy of Montezuma, Ga. are visiting her brother and sister-in-law, Mr. and Mrs. W. K. Brown.

Carl Harold Chapman is spending a few days at home with his family before reporting to the placement camp, Camp Stoneman, Calif. for overseas assignment.

Max Bradbury, auditor of J. B. Beard Steel Company, Shreveport, La. is visiting his mother Mrs. C. O. Bradbury and brother and sister-in-law Mr. and Mrs. Carl Bradbury.

Rev. Paul Yates with Mrs. Yates and son Nathan left today for Birmingham, Ala. where they will attend the International Assembly of the Church of God.

Mr. and Mrs. Clifford F. Proctor, Jr. are expected to arrive home tomorrow after spending a brief honeymoon in Georgia and Martinique. Via Mrs. Proctor was the former Phyllis Allen.

Mr. J. D. Callahan has returned from a month's visit in New York, Maine, Mass. and N. H. While away he visited her sisters Mrs. John H. Meyer and Mrs. Otto C. Stroth.

Orien Farrell, Jr. who is a senior dramatic student at the Pasadena Playhouse, Pasadena, Calif. is spending a month with his parents Mr. and Mrs. Orien Farrell, Sr. at their home on Park Avenue.

Mr. and Mrs. W. E. Kader left today for Tampa to spend several days on business. Mr. Kader recently returned from spending a week in Orlando with Mrs. S. T. Bethea who has been ill but is now improving.

Friends of Elliston Baker son of Mr. and Mrs. M. E. Baker will be glad to learn that he is convalescing at his home on West First Street after being confined in the Orange Memorial Hospital in Orlando for the past two weeks.

Mrs. Donald Dunn, who is spending the summer months at Coronado Beach, has just been released from the Ridgeview Hospital in Daytona where she has been confined for several days due to an acute attack of Stomach poisoning.

The Egyptian papyrus, "The Book of the Dead," written about 1500 B. C., is the earliest known illustrated work.

Miss Hinchliffe Given Bridal Shower

Miss Geraldine Hinchliffe, bride-elect, was honored on Monday evening by Mrs. Dewey Matthews at her home 1100 West First Street with a miscellaneous bridal shower. Summer flowers mixed with lace fern were used to decorate the party rooms.

Games and contests were conducted with the winners being Miss Emma Jean Methvin, Miss Hinchliffe and Miss Joan McTeer. Many beautiful gifts were presented to the honoree in a large white basket.

The hostess assisted by Mrs. Hubert Smith served a delicious course with sandwiches, assorted nuts, fancy coffee and a cool drink. Those enjoying the affair included Miss Hinchliffe, Miss Jane Chapman, Miss Jane Rose Dutton, Miss Mary Touchton, Miss Emma Jean Methvin and Miss Joan McTeer.

Also Miss Martha King, Miss Joan Williams, Miss Barbara Chapman, Miss Dorothy Price, Miss Lucille Hillman, Miss Betty Rose Hoolihan, Miss Lillian Moran, Miss Emily Mathews and Miss Delores McClelland.

Also Mrs. W. F. McTeer, Mrs. G. C. Hinchliffe, Mrs. Hubert Smith, Mrs. Haywood Ivey, Mrs. E. V. Miller and Mrs. Dewey Matthews.

Hints To Housewives

Along with pleasant distractions, August is known as the month of the year for the worst spoilage of baked goods. Good kitchen care can cut the loss considerably. So here are some hints from the U. S. Department of Agriculture to offer the following timely reminders for bread making.

The best place to keep bread is in a refrigerator. Many housewives find it worthwhile to make room for bread in the refrigerator at all the year round as well as in the summer months.

Use a tin container, if used, wash it frequently with hot soap suds, thoroughly, preferably in the sun or an oven. Mold spores find lodging place in the seams.

Deposits of any spoiled bread at once, and clean the surroundings thoroughly to prevent remaining mold spores or other spoilage organisms from getting a fresh start. Although mold on bread is unpleasant to eat, it is not dangerous. So if mold affects part of a loaf only, cut the moldy part off and make good use of the rest.

Let fresh home made bread cool in a rack in the air before freezing. Protect it from dust and insects, but do not cover during the cooling. Wrapping the hot bread in a cloth not only provides a favorable chance for mold spores to get a start, but tends to affect the crisp crust.

Man Catches Woman Before Bridge Leap

GREAT FALLS, Mont.—A.P.—(Clarence) Kommer watched a woman nervously pacing a bridge over the Missouri River and was ready when she climbed to the rail for a suicide leap. He jumped just a bit faster than she, caught her wrist as she tumbled toward the turbulent water and held her dangling over the railing until policemen helped him haul her back to safety.

AUXILIARY TO MEET

The Veterans of Foreign Wars Auxiliary will meet tonight at 8:00 o'clock at the Community House, according to an announcement made this morning.

Switzerland Builds Children's Village

TROGEN, Switzerland.—A.P.—Foundations of a village to shelter 350 orphans from various devastated European countries were laid recently on an eleven acre tract near Trogen, in the mountainous eastern part of Switzerland.

Yellowstone Awaits Reconversion Boom

CODY, Wyo.—A.P.—Secretary Martin Kurts of the Cody Club reports happily that tourist questions about nearby Yellowstone National Park are returning to prewar norms. An Arizona woman wrote recently asking for a schedule on geysers, eruptions and Kurts replied that, except for "Old Faithful," it was strictly a case of "pay your money and take your chances."

ANNOUNCEMENT

Mr. and Mrs. William I. F. Stringer of this city announce the marriage of their daughter Thelma Ruth to Charles W. Appleby, son of Mrs. Charles H. Appleby and the late Mr. Appleby, on August 13 in Windsor, Ga.

Teen Talk

DEAR JUDY, There's a new trick the kids have for using Navy middies, started by the girls at the summer session of Bergen College, N. J. They share the blouses from their brothers or friends, or buy 'em at the Navy surplus store and dye 'em in different colors. Husbands were popular during the summer but for back-to-school the kids are dyeing 'em bright red, green and blue. Plaid ties set them off slick. And they're perfect to wear with jeans.

Yugoslavs Cheered After Fighters Downed Transport

Continued From Page One on the way down. The witness didn't see any parachutes but he says others told him two figures had been seen parachuting from the stricken transport. The American gave this description of the attack: "The two plane gave chase to the transport over Bel, overtook it across the lake from the town and made several passes at it. The plane then went into a slow turn as though it were about to return to Bel to land. Then the fighter planes dived again and the plane fell off into a spin and spiraled to the ground with great clouds of black smoke coming out of it. After it crashed on the far side of the mountain, one of the fighter planes dived low over the lake and zoomed over the city as though in a victory gesture. Many persons in the crowd cheered as the fighter passed over them."

School Program Makes Grave Problem

SANTA FE, N. M.—AP. Homes of old-time Santa Fe residents, some of them descendants of the Spanish conquistadores, which have been sold for more than 100 years ago, will be distributed in the interest of education.

It's Time Somebody Did Something

ROCKFORD, Ill.—AP. The Secretary for the Chicago Police Department has called for a more drastic action against the city's police force. He says that the police force is not doing its job and that it is time somebody did something.

DAUGHTER OF Gen. Joseph T. McNarney, Betty J. McNarney, 21, of Washington, D. C., will marry her father's former aide, Maj. Charles E. Williams, in Germany on August 7. The ceremony will take place in Frankfurt. (International)

# Celery Feds Run Roughshod Over Orlando In 9 To 3 Tilt.

### Schantel Hurls Three Hit Game; Sanford Plays In Palatka Tonight

By ARTHUR BECKWITH, JR., Herald Sports Editor.

Behind a masterful three hit pitching performance by Jim Schantel, the Sanford Celery Feds downed the league leading Orlando Senators in a 9 to 3 contest at the local park last night.

The Feds banged out 12 base knocks off of the services of Lou Bevil the Chattanooga pitcher who was sent to the Senators by the Washington chain line to the need in Orlando for a pitcher of high calibre when Gene Majors was released.

Sanford scored the nine runs in two big innings. The first Fed score came in the sixth inning as Al Bryant singled to center followed by a free pass issued to 'Hot' Tuttle, a single by Buddy Lake scoring Bryant and the need in Orlando for a pitcher of high calibre when Gene Majors was released.

The Feds banded out 12 base knocks off of the services of Lou Bevil the Chattanooga pitcher who was sent to the Senators by the Washington chain line to the need in Orlando for a pitcher of high calibre when Gene Majors was released.

# Player Appreciation Event Set For Next Monday Night

### Hialeah Course Tops In Revenue Take For 1946

### Horse Race Tracks Produce 9 Million Dollar Donation

MIAMI, Aug. 22. (Special)—The State of Florida collected \$15,000,752.12 in revenue from horse and dog racing, and jai alai games during the 1945-46 season, more than doubling its take in any previous season in the state, according to the annual report of the Florida State Racing Commission, released today.

The state's three horse tracks, the Hialeah, the Jai Alai Club and the Gulfstream Park at Hialeah, produced the state's largest share of the total, \$9,529,257.21, or 63.5 per cent of the total, followed by the Jai Alai Club, \$3,741,625.23, or 24.9 per cent, and the Gulfstream Park, \$1,731,870.68, or 11.6 per cent.

The commission's report also shows that the state's total revenue from horse and dog racing, and jai alai games, increased 100 per cent over the 1944-45 season, when the total was \$7,500,000.

TRIBE HITTER

### Security Lumber Moss Meet Tonight

The last game in the first round of playoffs in the City Softball League will be played at the Lakewood Park tonight at 8:00 o'clock.

The Security Lumber Company will play the Moss Amusement Company in the first game, and the Mosses will play the Lumbermen in the second contest.

The winner of tonight's fracas will be privileged to meet the Senators by the Washington chain line to the need in Orlando for a pitcher of high calibre when Gene Majors was released.

### SPORTS LAUGH

When Babe Herman was in his prime he hit in the thirties with the Brooklyn Dodgers. He was a constant target of the fans in rival ballparks. One fan in New York practically made a career of razing Herman when he came to town.

One day this heckler kept calling the Babe "a bum." Herman took it for a time. Then, suddenly, in a fit of rage, Herman walked over to the heckler's box and sent him a "pork" at him.

Herman, in a rage, demanded, "Phone me if you always razing me."

The heckler, in a rage, replied, "I pay money to get in here to enjoy myself and I get a 'pork' when I get out of the hole."

Herman forgot his intentions of committing "mayhem" and good naturedly said, "Okay, if that's your biggest enjoyment in life, go ahead and raze."

### Does Take Champ Over Boxing Champ

LEWISTON, Mont., Aug. 22.—(AP)—Jim Kostroff, who won the world lightweight championship in New York City, has been named boxing champion of the world.

Kostroff, who is 26 years old, was signed after a great season with the Kansas City Monarchs of the Negro American League, was right behind Clark in hitting with 307 and led the circuit in stolen bases with 32.

Robinson was signed for organized ball after much deliberation by Branch Rickey, Brooklyn president. Thus it is up to Rickey whether Jackie gets a trial with the Dodgers.

Baltimore has a Robinson, too, but it is Eddie Robinson, Orioles' first baseman, who is hitting .332. He hit .324 with 217 hits, 37 homers in 1945. In 1942 he hit .317, homers for Baltimore and batted .309. The Cleveland Indians can be expected to exercise their option on the 25-year-old Star. Left-handed pitcher, Dewey Soriano, from Seattle of the Pacific Coast league, has a high percentage of home runs. He has 10 home runs and 10 RBIs in 10 games. For their books are never overvalued, but are always returned on time.

### Chess Fans Play Fair With Public Library

RICHMOND, Va.—A.P.—Chess players rank high on the list of good citizens so far as Thomas F. Avey, city librarian, is concerned. "They evidently have a high sense of responsibility," he said. "For their books are never overdue, but are always returned on time."

# Texas League Has Produced Its Share Of Major League Material

By HAROLD V. RATLIFF AP News Editor

DALLAS—The Texas League, which has produced its share of major league players, is due to contribute more players to higher company than for a number of years, chiefly because the league's discipline operations after the 1944 season, but in building from scratch this year, brought in the youngest ball players it ever had. Thus, while the league's discipline operations after the 1944 season, but in building from scratch this year, brought in the youngest ball players it ever had.

Hein Becker, pitcher for the Celery Feds, is a rookie star. He is a right-handed pitcher, 6 feet 10 inches tall, and weighs 210 pounds. He was born in Cleveland, Ohio, and has been playing professional baseball since 1944. He is currently with the Celery Feds of the Florida State League.

### To Go To Eire Is Human And Not Uncommons

AP Newsfeatures  
DUBLIN—Eire is a refuge nowadays for people who dislike the rationing and the politics of England.  
In the British House of Commons, members grumbled that to get a permit to visit Eire takes three weeks. Hulse Secretary Chuter Ede promised a speeding.  
There is plenty of food, drink and entertainment. Food is almost unlimited, provided you can get a hotel room. Many brands of Scotch are sold at half the prices of Britain or Northern Ireland.  
Food is a trifle rich for newcomers from rationed countries. Hotel managers sometimes have to call in the doctor to attend overeating guests.  
In the Kildare Street Club, veterans of Poota now read the Irish Press financial notes in preference to those of the London Times. There is more money to be made on the Dublin Stock Exchange.  
An English visitor remarked to Lord Gligavy, governor of the Bank of Ireland, "I've come over here, bought a castle and all that, to get away from these damned Eschaltans on the other side. Under Mer-de-Valleyra, 'Atrah' is the only country where a gentleman can live like a gentleman now."

BISON DISASTER  
YELLOWSTONE PARK, Wyo. A.P.—Yellowstone National Park's carefully built herd of buffalo shrank as at least 38 animals drowned last winter in the Yellowstone River. Rangers said the herd apparently moved down a steep bank and onto ice that broke under the weight. Started in 1907 with 24 animals, the herd had grown to about 700.

CHARGED with the murders of Suzanne Degnan, Frances Brown and Mrs. Josephine Rose, 17-year-old William Heirens, shown in rear with nurse and policeman, receives the first of a series of tests to determine his mental condition at the Illinois Neuropsychiatric Institute in Chicago. Dr. Seymour Stein (foreground) reads graph of machine which records the brain waves of young Heirens. (International)

RUSSIAN observer at the recent Bikini atom test, Simon P. Alexandrov, professor of the Moscow Institute of nonferrous metals and gold, is shown as he entered the University of California cyclotron building in Berkeley, Calif., to inspect the atom smasher. He was taken on a conducted tour of the famed laboratory by U.S. Army officials. (International Soundphoto)

SMILING Edward Malagrani, 2, is shown leaving a small bakery shop in Philadelphia, Pa., with about all the bread he can carry. He is the envy of those waiting in line to get their share of bread. The bread shortage was caused by the current bakery workers strike in the Quaker City. (International)

ESCAPISM IN TROPICS  
TAHITI—A.P.—Polynesians have abandoned virtually all interest in overseas happenings, now that the war is over and Polynesian soldiers are home. A typical attitude is: "If the papa (white men) wish to threaten to blow each other up with atomic bombs, why should we trouble our minds over their quarrels?" So few turn on their radios for foreign broadcasts.

## Britain And Poland Clash On Election

### Britain Accused Of Interfering In Poland's Internal Affairs By Embassy

LONDON, Aug. 23.—(AP)—Britain and Poland clashed again today on the subject of the Polish general elections in November. A Polish embassy spokesman charged that Britain was interfering in Polish internal affairs. He particularly criticized the statement issued in London that British supervision of the November general elections would be necessary.

The Polish official added that Britain's remarks about the conduct of the June national referendum meant that the British government actually was taking sides with opposition parties in Poland. In reply to the Polish embassy official's accusations, a British Foreign Office spokesman retorted that Britain will not interfere financially with Poland until the Poles guarantee a free election in November.

## Picnic Held At Rock Springs By Red Shield Club

About 54 boys and girls of the Salvation Army sponsored Red Shield Club enjoyed a picnic and outing at Rock Springs yesterday afternoon, according to Byrd Hudson.

This was the final outing of the season, one of three picnics which have been enjoyed by more than 160 boys and girls, he said and predicted that the club would have a still more successful season next summer.

Mr. Hudson, secretary and assistant, and Mrs. Nancy Brock, recreational director, have assisted the club in its meetings and outings. The club has met at the Junior High School.

"Mrs. Brock has done a splendid job as director," said Capt. Hudson.

## Veterans Of Allied Nations Get Benefits

PASS-A-GRIFFLE BEACH, Aug. 23. (Special)—The Veterans Administration has authorized to grant certain benefits to veterans of allied nations residing in the United States. L. A. Bryant, Jr., officer in charge of the VA Sub-Regional Office at Orlando announced today, based on information received from the VA in Washington, D. C., that the VA is authorized to provide discharged members of allied forces who reside in the United States such benefits as hospitalization, education, training and other similar benefits.

## New W.A.A. Policy Is Set Up For Veterans

JACKSONVILLE, Aug. 23. (Special)—The War Assets Administration will no longer be eligible to exercise priority rights in the purchase of government surplus property, William J. Warren, Regional Director of the War Assets Administration, said today. The new policy decision was designed to protect veterans who are purchasing surplus for use in their own business to discourage purchases for speculative purposes and to assure speedy use of surplus property in the reconstruction program, according to Mr. Warren.

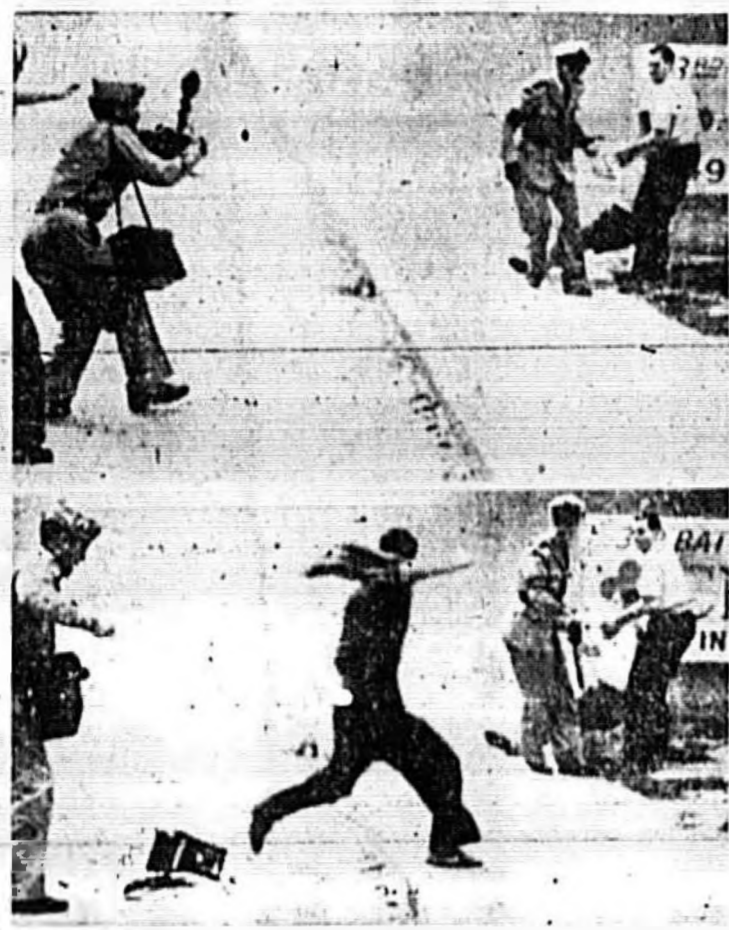

## Harry Brownlee Is Stetson Graduate

DELAND, Florida, Aug. 23.—Harry Brownlee, son of Mr. and Mrs. E. D. Brownlee, 4100 Deland Avenue, Sanford, received the degree of Bachelor of Science with a major in physics at the summer quarter commencement of John H. Stetson University today.

Mr. Brownlee is a veteran of three years service with the Army Air Force.

**V.F.W. MEET POSTPONED**  
Seminole County Post No. 5223 of the Veterans of Foreign Wars has cancelled its meeting slated for Monday night due to the baseball game scheduled for the same evening. Any veterans desiring application blanks or information pertaining to terminal leave pay may contact Post Service Officer Lloyd F. Boyle, it was announced.

## Rioting In Tense Trieste

A DEMONSTRATOR attempts to destroy evidence of the daily riots now going on in tense Trieste by attacking the American cameraman recording the scene as an international policeman, with the aid of a rioter, removes an injured man from the scene. Top, the demonstrator comes up behind the unsuspecting photographer. Center, having knifed the cameraman, the demonstrator runs. Bottom, his captor retrieved, the photographer catches up with the demonstrator. Italian and Yugoslav factions are protesting the international administration of the disputed zone.

## British Ship Heywood Puts Out To Sea Following Sabotage Warning

JERUSALEM, Aug. 23.—The British troopship Empire Heywood put to sea today a short time after naval headquarters received a telephone call warning that the vessel would be sabotaged. The ship is en route to Haifa.

## Workshop Hears Specialists On Education Speak

Better understanding of children on the part of teachers is based on the latest findings of psychology, was the subject of a series of talks given by education specialists this week at the Trinity Workshop training program at Seminole High School. The program is being conducted by the Seminole County Schools and the University of Florida.

## Immediate Price Ceilings On Tires Okayed By O.P.A.

WASHINGTON, Aug. 23. (AP)—The O.P.A. today authorized a retail price rise of about two and one-half percent on tires for passenger automobiles, motorcycles, trucks and buses. The agency said that the increases are effective immediately. It explained that they are to meet the new price control act requirement that dealers' profit margins be returned to the level of last Mar. 31.

Meanwhile, the O.P.A. was speeding work on a list of other price ceilings that under the new law must be in effect tomorrow. Earlier today the price agency granted retail price increases ranging from one to three percent on several kinds of building materials. It authorized a six percent hike on all sales levels for toilet tissue and paper towels. Already on the books are increases for such household items as refrigerators, washing machines, radios and vacuum cleaners. There is a possibility of a further price rise of about three percent for new automobiles. This would be in addition to the seven and three-tenths percent average increase in price ceilings for cars granted six weeks ago.

# Moscow Says U. S. Being Charged With Holding Yugoslav Vessels

## Safety Of Five American Army Airmen Doubled Yugoslav Spokesman Says Turkish Officer Under Guard

WASHINGTON, Aug. 23. (AP)—The State Department is pessimistic about hopes for the safety of five American airmen shot down by Yugoslav fighters last Monday. A spokesman says that the Yugoslav Fourth Army has expressed doubt that any of the Americans parachuted to safety.

A message from Belgrade officially confirms the release of nine occupants of another American Army plane which was forced to crash land two weeks ago. The two incidents led to the strong ultimatum from the United States to Yugoslavia. American representatives in Yugoslavia have been forced by bad weather to postpone until tomorrow a visit to the scene of last Monday's crash.

Meanwhile in Paris an official Yugoslav spokesman says that the Turkish officer who was a passenger on the plane that crashed two weeks ago is being detained. He declares that the Turkish officer's flight over Yugoslavia was not accidental. This statement followed a brief dispatch from Belgrade to the French Press Agency saying that Marshal Tito had decided to reject the United States ultimatum. However, there has been no official statement about such a decision.

## Celery Fed Pilot Lauds Ball Club At Lions Meeting

Manager and first baseman Elzey Whitner of the Sanford Celery Feds in a luncheon talk to the Lions Club today, paid tribute to his men as being more harmonious in spite of their few squabbles. He said that he gave them a lot of credit for their teamwork. He described them as a "winning group of boys" and the winning spirit.

He likewise praised the fans for backing up the team. He joked fun at the conditions of the stadium. He said that he gave them an inferiority complex and declared that at Palatka, his shirt fall was continually coming off. At Palatka, he said, pitcher "Gee" Kellies had to borrow two G-men uniforms to wear. He said that he was so small after having rowed uniforms from two different players on the G Man squad that he had to wear a double-breasted suit. Buddy Luke was described as the greatest natural hitter in the game and compared him to Stan Lathston, former Sanford slugger. He listed the major needs of the young ball player as speed, arm and good power and said that major league scouts take size into consideration as suggested by the Jugs. He stressed the need of experience in every possible play he could make before a young player can go to the major league. He also gave graphic descriptions of the "proliferation and emergence of that confront player and demand quick and accurate thinking and action. At Lyons introduced Mr. Whitner.

Lion certificates were presented by Richard Deas to two new members, Fred Bell and Red Williams.

## Construction And Installation Of Lockers Begin At Local Storage Plant

Construction and installation of facilities for 1,000 lockers was started yesterday at the plant of the Central Florida Quick Freeze and Storage Company at Thirteenth Street and Elm Avenue. Alex R. Johnson, president and Forrest Gabel, secretary-treasurer, predicted that the plant, which will be especially designed to serve individuals and growers, will open during the late fall. At the present time, 500 of the lockers for frozen foods are on hand. There will be facilities for frozen foods in one room, also rooms for chilling and aging meat, spring pork and miscellaneous storage purposes. "We will have, said Mr. Johnson, "facilities for processing and freezing meats, vegetables and fruits, cleaning and dressing of fish and poultry. All frozen foods will be stored at zero temperature. Quick freezing will be done in the latest to below zero degree quick freeze unit."

## British Troops On Guard In Troubled Haifa

TROOPS OF THE BRITISH FIRST INFANTRY REGIMENT are on guard in Haifa. This action is a result of the recent fighting in the city. The troops are on duty to maintain order and security in the area.
