

Star Explosion Is Reported By Harvard Scientist

CAMBRIDGE, Mass., Apr. 21.—(AP)—The explosion of a star with the force of a billion Hiroshima-type atom bombs was reported last night by an internationally-known Harvard scientist.

Dr. Harlow Shapley, director of Harvard College Observatory, said the explosion must have occurred six years ago. The flareup, however, was recorded on earth for only 20 minutes last Dec. 7.

The discovery was made by Dr. Willen Luyten of the University of Minnesota.

Dr. Shapley said that the star, known as "L 720-8" is about six light years away from the earth. It is one of a pair of stars believed to be nearest the earth. The other is Alpha Centauri—four and one-half light years away.

Describing the flareup as a "unique phenomenon," Dr. Shapley said that if the sun were to explode the same way "uncomfortably hot for a quarter of an hour."

The Harvard scientist said the exploding star, located in the constellation Centaur (the whole is probably the nearest star visible in the United States). The other is observed chiefly in the southern hemisphere.

They revolve around each other in 20 to 25 years and are three times as far apart as the earth from the sun. Both were described as "extremely red." They are surrounded by great clouds of shining hydrogen and calcium gas.

The discovery was made by Dr. Luyten while comparing plates taken by him in South Africa in 1930 with those made at Harvard observatory in 1944.

Dr. Shapley explained the plates actually proved the explosion although the flareup was not visible until last December.

He also based his conclusions on observations at the University of Arizona observatory, the McDonald Observatory in Texas, the Mount Wilson Observatory in California and the Union Observatory in South Africa.

Natives of Bikini, who moved to permit the bomb test, have finally found a permanent home on the island of Kili, 500 miles southwest of Bikini.

Commie Army

(Continued from Page One)

China's "sovereignty and territorial integrity." It instructed Red troops to seize all "war criminals," particularly retired President Chiang Kai-Shek.

The announcement by the Communist chiefs was left some room for negotiation on the basis of Red terms it will be accepted. The government is still in Nanjing when Red forces surrounded the capital. Nationalist leaders will be given another opportunity to sign a peace agreement with the Communists. Such an agreement would amount to outright surrender.

The Communist communiqué said that the order to fire was issued because the Nationalist government had rejected the peace proposal formulated at Peiping.

The announcement charged the Nationalists refused to accept the peace terms because the Nationalist government still "obeys American imperialists and Kuomintang (Government party) chief Chiang Kai-Shek in their effort to prevent the liberation of the Chinese people and a settlement of domestic problems by peaceful means."

Meanwhile the government information office released the full text of the reply made yesterday to the Communists through the Nationalist delegation in Peiping. The release was given as all branches of the government remaining in Nanjing prepared to flee.

The government stated that even if it had signed Red peace proposals "narrow minded attitude and oppressive spirit" would have been unacceptable to both the National army and the people. The reply charged that the entire proposed agreement "smacks of Communist military control of the entire nation."

The statement expressed the belief that the government could not accept the Red terms because an lasting peace would result. The agreement, the government statement continued, provided for "total elimination of the Nationalist army" through amalgamation into the Communist force. Politically the government would be placed at the beck and call of the Communists, it said.

The government statement asked the Communists to "change

Race Equality Policy Set In Armed Forces

WASHINGTON, Apr. 21.—(AP)—The Armed Forces' new policy on treatment of negroes requires that when qualified, they shall be assigned to military duties of any type "without regard to race."

This was disclosed with an announcement yesterday that Secretary of Defense Louis Johnson has ordered the Army, Navy and Air Force to furnish by May 1 their plans for forwarding "equality of treatment and opportunity" in line with instructions from President Truman.

Johnson's policy statement said "Some units may continue to be manned with negro personnel; however, all negroes will not necessarily be assigned to negro units. Qualified personnel shall be assigned to fill any type of position vacancy in organizations and services installations with out regard to race."

Voice Of America

(Continued from Page One)

and "necessarily would reflect upon the objectivity of the news services from which such newscasts are prepared.")

The Wiggins report said most newspaper editors share the "misgivings" of AP and UP about releasing their news for government use, since "the independence and impartiality of the wire services is as important as ever."

The report concluded, however, that such misgivings now have less force in view of the "responsibility in which the State Department agencies have used the news given them."

"We have more reason to run whatever risk there is, now that the decisive phases of the cold war are at hand," the report added.

"As long as Western civilization is at stake, the war is either cold or hot, will bring forth the most conscientious objectors, who believe the measures essential to survival."

"The hard facts of life, however, force most of us into the realistic choice between the lesser and the greater evil. We come out of our soul-searching convinced that it is wiser to give up something of our way of life for a short time than it is to risk giving up all of it for all time."

The proposal is expected to reach the membership in a resolution to be considered Saturday morning. Wiggins' colleagues on the committee are Lloyd M. Felton, editor of the Newark News, and Harold F. Wheeler, managing editor of the Boston Traveler.

ASNE President Edwin D. Cannon told the meeting that American efforts to bring about a United Nations agreement on freedom of information may backfire and "leave us further back than we started."

given miners who leave the pits before the scheduled end of the work day. Under the UMW-Anthracite Operators' Agreement, an early quitting time is permitted when working conditions in the mines are considered "bad."

The sitdowns spent their second straight night underground last night in the coal company's number six mine here. They had fresh air piped in by mine fans, electric lights and cooked food sent down from the surface.

The "stay home" request made last night was sent to the company's miners at pits at Tannock, Lansford, Condale, Summit Hill and Hesquehoning.

Congress Roundup

spiritual means for the treatment, supervision and treatment are directly contrary to the teachings of their religion and, if forced upon them, would interfere with their constitutional rights to practice their religion freely."

Therefore, he said:

"We would like to request that H. R. 2803 (the Social Security expansion bill) be amended so that Christian Scientists will be completely exempted if they so elect, or if not, so that they will receive benefits upon certification of an accredited practitioner of healing by prayer or spiritual means and without medical examination, supervision or treatment."

And Senator Taft (R-Ohio) told the Senate that 45 per cent of the people of the nation can't afford to build a four-room house. He figured the cost around \$7,000.

Urging approval of a pending housing measure, the Ohioan said he thinks Congress must act speedily on housing aid.

"It is one of the most important social and economic problems before the people of the United States," he said.

The pending measure would authorize the government to help finance the building of 810,000 public housing units during the next six years. It also carries authority for slum clearance loans and grants, as well as a four-year farm housing program.

The House is still on its Easter vacation. It swings back into action Monday, probably with debate on the dynamite-packed labor program.

The Senate Foreign Relations Committee was called into an afternoon closed session to hear Secretary of State Acheson report on the hush-hush arms-for-Europe program, and its possible cost.

Other senators not on this committee have been insisting that the plans be made public before the Senate votes to ratify the North Atlantic Defense Treaty. Senator Taft (R-Ohio) said he has been promised this will be done.

The Senate Armed Services Subcommittee continued its investigation into whether Americans were guilty of brutality in forcing confessions from Nazis responsible for the Malmedy massacre.

German storm troops murdered American captives in the Battle of the Bulge. Many were tried

Legislature

(Continued from Page One)

and convicted, several sentenced to death. Some Senators insist that if brutal and illegal methods were used to get confessions and thus convictions, the death sentence be lifted. The Army denials there was any brutality.

The hearings now under way are designed to decide that question. Today Kenneth F. Ahrens of Erie, Pa., was called to tell how the massacre occurred. He was one of the few who escaped.

Also before a Senate committee—was the bill to repeal federal taxes on oleomargarine. And a labor subcommittee heard testimony on a bill to increase minimum wages.

WILLIAMS NAMED

TAMPA, Apr. 21.—(AP)—The Tampa Times said President Truman today signed nomination of Boyce A. Williams, Leesburg citrus grower, to replace Allie J. Angle of Tampa as customs collector for South Florida.

Legislation

(Continued from Page One)

introduced a bill to provide for the election of delegations to national political conventions in the second primary election. They are and there have been complaints that they make the ballot too unwieldy and slow down voting.

The House adopted a resolution commending Florida Boy Scout leaders for "invaluable service to our youth" and Rep. Cobb of Virginia asked the Legislature memorialize Congress in favor of a "limited world federal government."

A Senate-approved resolution expressing opposition to federal control over state industries was adopted by the House today. It "expresses the opinion of the Legislature that the State favors continued State ownership and control of lands and resources under the sea," Rep. Bryant of Marine said.

The U. S. frigate "Constitution" once carried the statue of Andrew Jackson as a figurehead.

Legal Notice

NOTICE OF INTENTION TO APPLY FOR PASSAGE OF LOCAL ACT SPECIAL LEGISLATION

Notice is hereby given that the Board of Public Instruction of Seminole County, Florida, will apply to the 1949 session of the Legislature of the State of Florida for the passage of local or special legislation providing for the division equally between Seminole County, Florida, and the Board of Public Instruction of Seminole County, Florida, of all monies hereafter allotted to Seminole County, Florida, under the provisions of and resulting from Chapter 1932, Laws of Florida Statutes, 1911, providing for bonded tax tracks, and all laws amendatory thereof or supplement thereto and pending here said Board of Public Instruction of Seminole County, Florida, and said Board of Public Instruction of Seminole County, Florida, shall be placed in the general school fund of said county and used for general school purposes.

T. W. LAWTON
As Superintendent of Public Instruction of Seminole County, Florida, and
Executive Secretary of said Board of Public Instruction of Seminole County, Florida.

British Ship

(Continued from Page One)

The RAF Kaitak Airfield at Hong Kong.

Late today funeral services for the 40 men who died on the Consort were held.

Early in the evening 50 survivors of the Amethyst arrived here by train from the north. Among them were five wounded.

Survivors said 80 officers and crewmen were still aboard the ship.

Chief Petty Officer David Heath and the Amethyst went aground when a Communist shell hit the wheel house and jammed her controls.

The ship's guns, trained on Communist positions, were quickly put out of commission by Red fire, he said.

Heath said at this point a white flag was raised but the Communists kept on firing. The British sailors were ordered to abandon ship and the men swam 200 yards to the south shore of the river.

More British ships, the Belfast and Constance, are en route to the Yangtze a London admiralty statement said.

13,700 On Strike

(Continued from Page One)

Ford about 600, the UAW's Rouge group, has scheduled the completion of its strike vote for tomorrow.

In the Packard dispute Ralph Urban, president of the UAW Packard local, said employees protested conditions from use of a gold point spray for cars being prepared for the company's 50th anniversary celebration.

A management spokesman, however, said proper safeguards had been set up and that health authorities had approved the methods.

Two thousand miners walked off their jobs at Lehigh Navigation Coal Company operations yesterday and the additional 1,000 followed suit this morning.

In carrying out the work stoppage, the miners responded to a "stay home" request made last night by the United Mine Workers-Panther Valley Committee.

UMW officials in announcing the planned stoppage last night said it would continue until the coal company agreed to settle the pay-decree grievance which the sit-downers blamed for the action.

The sitdown was started on Tuesday by 13 miners but three tired members of the group returned to the surface yesterday.

The strike is the third sitdown stemming from a long-standing dispute over the amount of pay

LEAPS TO DEATH

TAMPA, Apr. 21.—(AP)—A man registered at a hotel here as Zack Phelps Kaye, about 55, leaped to his death today from the 10th floor of the Hotel Florida.

Detective A. Y. Myers said the man registered Sunday under that name but laundry marks found on his trousers led officers to believe the name used was fictitious.

Insurance Tax Bill Recovers From Setback

Rep. McClure Introduces Measure To Remove All Rent Controls In State

TALLAHASSEE, Apr. 22—(AP)—The Senate passed House Bill 384 today calling for re-registration of all Seminole County voters in 1950. The measure was previously passed by the House.

TALLAHASSEE, Apr. 22—(AP)—Governor Warren's bill to double the tax on insurance companies' premium receipts recovered today from a temporary setback.

Administration supporters, who apparently had been caught napping yesterday when an insurance broker member had it assigned to his committee on insurance, lost no time this morning in getting it withdrawn again.

The House took it away from the insurance committee on a voice vote and left it solely before the finance committee. A double committee reference increases the chances for defeat of a bill because either committee can keep it off the calendar.

Both Senate and House spent most of their time on comparatively non-controversial bills, but the House set up a battle royal for next Thursday.

It agreed to start debate then on the Senate-approved bill to require fencing of all Florida (Continued on Page Two)

Douglas Stenstrom Presented Award At Jaycee Meet

Judge O. Douglas Stenstrom yesterday received a memento from the Junior Chamber of Commerce at the annual meeting of the Seminole County Junior Chamber of Commerce at the Tourist Center. The award was in recognition for having been selected the outstanding man in Seminole County for 1948.

Clifford Ables, program chairman, presented a motion picture presenting information on the operation of the Florida Unemployment Insurance program and its benefits.

The nominating committee presented names for officers for the coming year. John Senkarik and H. F. Gans were named for the presidency, Malcolm MacNeil and John Sheppard for the two vice president posts, George Wilcox for treasurer, A. W. Fenn, Jr. for secretary.

P. M. Gingles, Henry Tamm, W. H. Stemper, Robert Newman, Jr., Homer Stiffler, Kaylie Housholder, Jack Morrison and Alvin Shindler were named or elected to be directors of the organization. Five directors will be selected from the group.

Guard Is Commended For Soil Day Help

The National Guard was commended at a meeting held last night in the Sanford Army in a letter from Edward Higgins, steering committee chairman, for the fine job done by the organization on Miracle Soil Conservation Day, April 17. He added that without the National Guard's help completion of the project would have been impossible.

Along with the from Mr. Higgins, Company Commander Raymond Under also read a letter from Col. Clyde Travelsted, battalion commander of Orlando, complimenting the local unit for the fine showing made during Federal Inspection held a few weeks ago.

Announcement was made that the National Guardsman will go to Camp Blanton for rifle practice the last three weeks in May. A report was heard from Lieut. John L. Sauls on the local recruit drive which is now underway with the unit being divided into two groups: 1. Under the direction of Sgt. J. W. Humbley, blues, Sgt. C. O. Jones.

Lieut. Sauls stated that many new members are being recruited by the two sides and added that anyone desiring information pertaining to enlistment may contact Lieut. Kader, Sgt. T. W. Brown or himself. The next meeting of the Guard unit will be held at the Army on Thursday night at 8:00 P. M.

Senators Tour Capital Slums

IN SUPPORT OF HIS SPEECH in the U. S. Senate urging the passing of the long range housing bill and its slum clearance provisions, Sen. Paul H. Douglas (D-Ill.), led several colleagues on a personal tour of the slums within sight of the Capitol. Here, talking to a resident of the area, are (left to right): Senators Theodore F. Green (D-R.I.); Douglas; and Wayne Morse, Republican of Oregon. (International Soundphoto)

Tomorrow's Most Promising Citizen To Be Selected In Herald Contest

Who is Sanford's "Most Promising Citizen of Tomorrow?" This will be decided in a contest starting today and sponsored by the Sanford Herald in cooperation with Cox the Photographer of Essex Studios, Kader's Jewelry Store and the Ritz Theater.

Nominations are now in order and may be made for the coveted honor by any permanent resident of Sanford simply by filling in the ballot appearing on the society page of this edition of the Herald. Nominations are limited to children under five years of age and will be handled by the selection committee in the order in which they are received.

The names of the successful nominations will be published, beginning Monday, and one each day thereafter, in the classified ad columns of the Herald. Mothers of children nominating a son or daughter will be notified by the selection committee in the order in which they are received.

The American, British and French occupied zones of Berlin are the eastern outposts of democracy. Col. C. E. Crosland, Rhodes Scholar and West Point graduate, told members of the Sanford Executives Club at their final meeting of the season at the Longwood Hotel last night.

Col. Crosland was introduced by J. W. Hall whom he had known for many years in Lakeland. Floyd Palmer, president of the Club, announced that election of new officers will take place in the Fall.

He described a visit to Berlin during a trip to Europe last summer, pointed out on a large map that the western Allies, in occupying Berlin are deep in Russian held territory and inquired, "Why do you think we as Americans have nothing to gain by spending one million dollars a day feeding the people of Berlin?"

Answering his own question he declared, "If we were to be pushed out of Berlin, there would be the biggest slaughter in history and thousands would be dispatched to work in salt mines."

"If we were to leave, Russia would take over Berlin," he said. "If we were to leave, Russia would take over Berlin," he said. "If we were to leave, Russia would take over Berlin," he said.

U. S. Order Seeks To Keep Milk Free From All Traces Of DDT

WASHINGTON, Apr. 22—(AP)—A new Agriculture Department order is aimed at keeping all traces of DDT out of the U. S. milk supply. Officials say very small amounts of the insecticide are not alarming, but they want to keep the total amount in all food as low as possible.

Experiments have shown that DDT may appear in the milk of dairy animals after it is used on them or their feed.

W. G. Reed, chief of the livestock insecticide division of the Agriculture Department's Production and Marketing Administration, has notified insecticide manufacturers not to recommend DDT for use:

- 1. On dairy animals.
- 2. On feed consumed by dairy cows or animals being fed for slaughter.
- 3. As a residual spray in dairy barns. Residual sprays are ones that last indefinitely, clinging to walls, floors, etc.

This means that the labels on any DDT shipment in interstate commerce may not contain recommendations that the insecticide be used for these three purposes. Labels now are being revised. The Department of Agriculture also has revised its recommendations to farmers and is "telling them not to use DDT on dairy cows."

Thus DDT, one of the most widely publicized fly killers, is being removed of one of its major assignments—killing flies and insects around dairy barns and milk processing plants.

Commie Army Advances At Will In China

Capital Of Nanking Is Cut Off Both On East And West; Li Calls Meeting

NANKING, Apr. 22—(AP)—A Chinese communique late tonight said Generalissimo Chiang Kai-Shek and acting President Li Tsung-jen had jointly decided the government "must fight for the people's freedom and National Independence to the end." The statement on the results of a conference of the two leaders at Hangchow during the day, came as Communist armies were streaming almost at will on broad fronts south of the Yangtze river on both sides of this capital. Li announced that Premier Ho Ying-chin, who also attended the meeting, was given full command of all Nationalist forces.

NANKING, Apr. 22—(AP)—South Yangtze valley ports, cities and towns fell like clay pigeons today before a mounting Red onslaught.

So weak was government opposition that wholesale desertion to the Communists were feared. Foreign military observers said a general troop withdrawal may have been ordered.

Nanking was last emptying of officials. High level Chinese, wearing white helmets for the troops and many swimming tennis rackets, bolted for departing planes.

Acting President Li Tsung-jen Premier Ho Ying-chin and General Pai Chung-hsi, commander of the Yangtze river forces, met at Hangchow for an important meeting with retired President Chiang Kai-Shek. Chung was asked to take over the government again.

Most important cities below the Yangtze in Red hands were Kainan, 85 miles east of here, Kweichow, 130 miles southwest and dozens of less places between Wuhu, 60 miles southwest of here and Anking, 150 miles southwest.

From Kweichow the Communists could march straight to the sea at Hangchow, less than 200 miles away. Such a move would isolate Shanghai and Nanking to the north.

There was no way of estimating the Communist strength across the river. The red radio said Communist troops had swarmed between Wuhu and Anking along this figure probably was exaggerated.

Fires from Communist shells landed in Fukow, across the river from Nanking. The capital's population was not overly excited. Most people had become resigned to the Red's taking the capital.

The foreign office urged foreign embassies to follow to Shanghai and Canton. U. S. Ambassador L. Clayton Stuart had made no plans to leave Nanking.

With Communists to the east threatening to cut off all roads to the north, (Continued on Page Two)

Song Team To Attend Rotary Convention

Charles Morrison, Rotary song leader, and Harry Kudell, accompanist, will lead the singing at the Rotary State meeting at Sarasota Sunday.

Last night they helped Winter Park Rotary celebrate its second birthday. The program included singing and playing by Rollins students.

Sanford Men Named To WOW Offices

Two Sanford members of the Woodmen of the World were elected to important offices at the organization's bi-annual state convention at Miami Tuesday. John A. Lane was elected as an auditor of the Florida (head Camp jurisdiction, and H. J. Finch was named as one of three members to serve as a Florida delegate at the Woodmen national convention in San Antonio, Texas in June.

Mr. Finch, G. W. Pitts of Tampa, and W. C. Berry, Ocala will represent the 12,000 Florida members at the convention.

U OF F JOURNALIST
GAINESVILLE, Apr. 22—(AP)—Rae O. Welmer, veteran middle-west newspaper reporter and editor, will join the staff of the University of Florida's department of Journalism July 1.

Outstanding in his newspaper career is the eight years he served as assistant and managing editor of PM, widely read New York newspaper during the late 30's and middle 40's.

BANKS TO CLOSE
All banks in Seminole County will be closed Tuesday to observe Memorial Day.

Truman Asks Congress For Medical Insurance Plan; Wherry Raps Arms Aid Cost

Nebraskan Says Program Must Be Cut To Fit Pattern Of Government Income

WASHINGTON, Apr. 22—(AP)—Senator Wherry of Nebraska, the GOP floor leader, asserted today that the whole program of foreign aid including arms for Western Europe must be "cut to fit the pattern" of government income.

Wherry told reporters he thinks Secretary of State Acheson was "taking a four out of the air" in his estimate of the cost. Acheson told the foreign relations committee yesterday that helping rear nations which signed the North Atlantic Treaty would cost \$1,300,000,000 in the year beginning July 1.

This would be the major share of a proposed \$1,450,000,000 for foreign military program.

Acheson he thinks this amount ought to be scaled off domestic military and other spending programs. Wherry said he wants Congress to "lay the whole thing on the table at one time."

These expenditures must be cut to fit the pattern of income and the President should have the responsibility of doing just that," the Nebraska Senator said.

Several senators said privately they were surprised that Acheson had not set a larger price tag on the arms program.

The long range housing bill was sent to the House today after the Senate approved it a few minutes before midnight last night. The bill to create a new agency to handle the public housing program.

The bill, requested by the President, authorizes a vast slum clearance program, construction of 500,000 public housing units in the next six years, a farm housing project and research to cut the cost of home building.

House opposition and in the Senate, too, for that matter, centered on the public housing feature. (Continued on Page Two)

FBI Catches Enemy No. 1 After Chase In Indianapolis

INDIANAPOLIS, Apr. 22—(AP)—Clyde Milton Johnson, the FBI's probable enemy No. 1, lay in critical condition at a hospital today after a chase with a bullet in his back.

Johnson was wounded in a running gun fight with three FBI agents on crowded Monument Circle last night. Bullets struck two automobiles and the wounded Johnson was charged with robbing the North Side branch of the First National Bank at Memphis, Tenn., Feb. 8 and with escaping from the Cook County Jail at Miami, Fla., Mar. 1.

FBI said Johnson "is the nation's most wanted man wanted more than any other man at this time."

Johnson's wife, Billie Glaze Johnson, 26, was arrested at a downtown hotel a few minutes after he was captured. Foster also was charged with helping in the Miami escape and with being an accessory after the fact to the bank robbery.

Hack Pleads Guilty To Gambling Charge

DELAND, Apr. 22—(AP)—George Hack, charged with keeping a gambling room at the Club Diamond south of here, pleaded guilty before circuit judge Herbert Frederick today and was fined \$1,000 or one year in jail.

He paid the \$1,000 fine. Hack's trial had been scheduled for Monday but he elected to come into court today and plead guilty.

He was arrested Aug. 21 with seven others in a series of county-wide raids on suspected gambling establishments. The others have all pleaded guilty, also.

GOLF TOURNAMENT
MIAMI, Apr. 22—(AP)—W. A. (Dub) Pagan, Sanford, Fla., moved into the semi-finals of the Florida State Amateur Golf Tournament today by defeating William Y. Stembler, Miami, in the 19th green.

Carl Dann, Jr., of Orlando, four times winner of the tournament, turned back Jim Spencer of Sanford 9 and 1. Dann was 2 under par on the first nine and held a 1-up advantage.

Hays and Dann are paired for the semi-finals round.

Plans Are Made To Launch '49 Hospital Drive

Ratigan Outlines Need Of \$25,000 To Complete Year

Plans for an intensive campaign to raise \$25,000 in order that Leonard Laubach Memorial Hospital may continue operation throughout the rest of the year, were outlined at a directors meeting yesterday by Eck Ratigan, chairman of a committee for the hospital drive, which has been meeting two nights a week for the past month in an effort to plan a solution for the hospital's financial difficulties.

The plan was accepted upon motion of R. W. Ware. The starting date for the campaign was tentatively set for May 8. I. W. Lawton, president of the Association, expressed approval of the plan, and commended Mr. Ratigan and his committee for their work.

Members of the voluntary committee which met to plan the hospital drive are Mr. Ratigan, Judge Douglas Stenstrom, Edwin Shindler, J. J. Moughton, Jr. and T. E. Tucker.

Sydney J. Harris, hospital administrator, presented each director with a detailed financial report of the hospital, pointing out that a deficit of \$20,000 exists and said that he had accumulated over a two year period.

Mr. Lawton read a letter from Randall Chase, chairman of the Board of Directors, pointing out that it had been decided not to present a bill to the Legislature asking for aid for the hospital, due to a State law which makes it illegal for the county or state to support any but public hospitals. If the hospital attempted to deed its property to the County, it might encounter difficulties with the War Assets Administration, he stated.

This statement was confirmed by Edwin Shindler, attorney for the Board, who pointed out that in event of change of title of the hospital, negotiations would have to be opened with the Federal government.

Mr. Lawton stated that the Board had been hopeful of getting financial support from the County but due to the requirements of the State law, it was deemed not advisable to make the Legislature asking for aid for the hospital. (Continued on Page Two)

Blood Bank Clinic Termed Success By Sanford Lions Club

The Blood Bank Clinic sponsored Monday by the Lions Club was successful, Cliff Ables, chairman of the program told Lions today at the Lions Center.

Twenty-one volunteers appeared, and of these 21 were chosen for donation to the Blood Bank. The donations were given from 10:00 to 11:00 P. M. at the Sanford Clinic.

After a three months' interval donations from 12 persons will be asked, and these will assure continued adequate supplies for a time in the Seminole Blood Bank. Mr. Ables thanked Mrs. Mary Rawlings of the clinic as stating:

L. P. Patton, chief clerk at the local Post Office, was inducted as a Lion in Henry White, who stated that the service of the club to the community, told of its ideals, and warned the new Lion against the Tail Twister, ever seeking a loophole whereby a member may be fined 10 cents for being late or forgetting his pin, or other offense.

E. E. McCall asked that more managers and umpires turn out for games in the club's sponsored Junior Baseball League.

J. F. Spillman of the Florida Industrial Commission presented a sound film, showing how workers, eligible for unemployment compensation, are benefitted and often aided in getting other work during periods of layoffs due to material shortages, damage to plants because of storms or fires, and for other reasons.

New Rules For Catholics Laid Out In Revision Of Catechism

WASHINGTON, Apr. 22—(AP)—The first major revision of a Roman Catholic Catechism in the U. S. in over 60 years tells Catholics, in effect, they cannot "attend" Sunday mass by merely watching one over television.

The new 426-page religious textbook, climax of 12 years' research by prelates and Catholic scholars known as the Confraternity of Christian Doctrine, does not specifically mention television.

But it says a person must be "bodily present" at the place where mass is celebrated in order to fulfill his obligations to the church. The confraternity in a separate press release linked the admonition to the question of television masses.

The National Catholic Welfare Conference representing the church's hierarchy said the new textbook—a revised edition of the Baltimore Catechism used as a standard text for secondary schools and colleges in the United States since the 1880's—leaves the "basic doctrine unchanged."

But it pointed out that the familiar question-and-answer textbook now answers many modern-day questions not even thought of in the 1880's.

It either covers for the first time or alters former positions on such things as war, government, labor-management problems, mercy killings and Communism. Of particular timely interest is one answer that backs up Archbishop Richard J. Cushing's stand (Continued on Page Two)

System Of Special Taxes To Finance Proposed Measure Is Also Requested

WASHINGTON, Apr. 22—(AP)—President Truman asked Congress today to vote compulsory medical insurance as part of a national health program.

In a special message to the Legislature Mr. Truman said the "traditional method" of paying for medical care "cannot meet the health needs of today."

He recommended that Congress provide for a system of government payment of medical bills from a fund to be collected by special taxes.

Mr. Truman also asked:

1. To examine financial aid for the expansion of medical schools.

2. Federal aid for "construction of hospitals and other medical facilities in communities where they are needed."

3. Federal grants to help state and local governments "expand their hospital and child health services and to provide for crippled children and general public health programs."

Mr. Truman set a 2,000-word message to Congress. His proposals, many of past advocacy, had been anticipated and lines already were being formed for a battle over the recommendations.

Some Administration backers say they are practically no chance that the program will be enacted in this session of Congress.

The American Medical Association has already begun a campaign (Continued on Page Two)

For-Get-Me-Not Sale Nets \$175 For DAV

Sale of for-get-me-nots by school students and members of the D. A. V. proved a success and the \$175 netted will be used for disabled veterans in Seminole County, Post Commander Charles Volopich reported at the meeting last night at the Legion Hut.

Gilbert Erickson, disabled veteran who was sent to Bay Pines yesterday, will be given a box of cigarettes.

All members are urged to be present at the May 5 meeting when a membership drive will be planned.

Car May Be Clue To Solve Murder Of John Garriss

ATLANTA, Apr. 22.—A blood stained automobile was a possible clue today in the search for the slayer of John Garriss, Metropolitan Opera tenor.

Police broadcast a lookout notice for the car, a blue Packard. Then a short while later, they cancelled the notice.

Officers refused to say definitely if the car had been found. Parking lot attendants called police to say the automobile had been left with them for about half an hour. They said they noticed bloodstains in the back seat.

Meanwhile, mental experts studied the queer motives which led young Theodore Hillen to kill a little boy.

Hillen, 19, slow-witted and languid, confessed that he garrotted and clubbed six-year-old George "Peanut" Counter in a hotel furnished room yesterday.

And in Carson City, Nev., a wink at the buddy of two policemen he shot to death, 19-year-old David Blackwell died in the Nevada penitentiary gas chamber at dawn today.

Blackwell, a former Tacoma, Wash. high school boy, was executed for the fatal shooting of Reno police officers Leroy H. Geath and Allen Glass as they sought to question him about a robbery in November, 1947.

Executives Meet

(Continued From Page One) could occupy many Channel ports in 15 days," he declared. "We have won the battle of the air lift," he asserted.

He referred to nations like Poland, Rumania, and Bulgaria as the "perimeter of democracy" because they have in them many freedom loving people, although under Communist control.

In his travels in Germany, France and Belgium, he declared he did not encounter at any time anyone who was unfriendly or hostile. He told of the plane trip from New York to London in 14 hours during which he slept most of the time, though his wife remained wide awake.

The trip to France included visits to battlefields of both World Wars. A motor trip with a news correspondent was made to Ludwigshafen in Germany, to the Ruhr Valley and eastward toward Berlin, where difficulties were encountered due to the Russian imposed blockade.

He told of a visit with Archduke Otto, who spoke in Sanford before the Executive's Club last year, and said that the latter had in his possession a stack of Russian papers from behind the Iron Curtain. Col. Groland told of how the Russians got possession of American plates for printing of occupation money in Germany, painted bills by the bale, and told of how American authorities issued new money, making the old money worthless.

The automotive industry now produces as many vehicles in a day—23,000—as it produced in the entire year of 1944.

According to men in the field, more salesmen earn \$10,000 or more a year than do members of any other profession.

VISITORS WELCOME

Legislature

(Continued From Page One) livestock after July 1, 1950. It is reported to be in for a stiffer fight in the House than in the Senate, where it was passed by a vote of 28 to 9.

Rep. McClure of Pinellas introduced a bill that would remove all rent controls in Florida under authority of the recently enacted Federal Rent Control Act.

Rep. Carlton of Duval county suggested refunding to retail gasoline dealers 2 percent of gas taxes collected by them. The refund would reimburse dealers for gasoline evaporation.

The House received a bill by Rep. Pooser of Jackson which would amend the free hog cholera serum law to permit farmers to inoculate their swine themselves instead of having it done by the county veterinarian.

Reps. Dowla of Putnam and Lanfuff of Dale today introduced a bill which would put the State Road Department on the same July 1-June 30 fiscal year as other state agencies. The Road Department now is the only agency that uses the calendar year as its fiscal year.

Reps. Moody of Hillsborough and Tappan of Gulf proposed the State 1950 general election ballot include a suggested recommendation to Congress that it approve setting up a limited World Federal Government.

The ballot item would read: "Do you, as a sovereign citizen of Florida and the United States of America direct our representatives in the national Congress to urge the president and the Congress to take the lead in cutting for amendments to the United Nations Charter, strengthening the United Nations into a limited World Federal Government capable of enforcing laws to prevent war?"

The Royal Palm was named by the House and the "Woodpecker lobby" today as their choice for Florida's official state tree.

Aided considerably by the fact that there's a palm tree (of unknown variety) on the State seal supporters of the Royal Palm weathered nearly an hour of spirited debate to come out with a 60-8 vote.

The Senate passed by 22-16 a bill to require a person found liable in an accident to pay costs of the mishap or lose his driving license for a year. The present law provides that a driver may have one "free ride" before being subject to such penalty unless he shows evidence of future financial responsibility.

A bill to "ban the closed shop in Florida" for professions as well as labor unions was introduced in the House by Rep. Pooser of Jackson county.

He said it "includes the law profession and all others." The measure would declare "that any group, organization or association in which persons are required to be members before being able or allowed to carry on his particular business, job, calling or profession is a labor union within the meaning of this act."

All rent controls in Florida would be ended by a bill introduced in the House by Rep. McClure of Pinellas.

The bill provides for notification of the Federal Housing Expediter that "federal rent control is no longer necessary in the state of Florida."

Under the new federal law, all rent controls would automatically be terminated 15 days after receipt of such notification.

The Committee on Salt Water Fisheries offered the House a bill which would set a minimum size for redfish caught in Florida.

There is no regulation at present governing the size of redfish which may be taken. The committee measure would make it a misdemeanor to take a redfish less than 12 inches long from the end of its nose to the fork

China War

(Continued From Page One) to Shanghai, the U. S. embassy warned Americans to get out now.

(The State Department in Washington reported approximately 200 Americans were attached to the embassy. Eighty-seven more U. S. citizens still were in the capital.)

Foreign military quarters said the Communists in a surprise river crossing had captured the government's naval base at Kiangyin. The base is about midway between Nanking and Shanghai.

From Kiangyin it is easy to cut the roads to Shanghai. But an even greater threat was boiling up about 80 miles to the southwest.

There the Communists had advanced at least 15,000 veteran troops across to the south bank under heavy artillery fire.

Latest reports from defense ministry sources said the bridge-

head was being expanded. Government troops were unable to counterattack because of artillery fire. These sources said however, that government troops had started a counterattack against another bridgehead planted by 3,000 Reds on the south bank 60 miles east of Nanking. In this area Red troops were so close to the highway and railway that travel between Nanking and Shanghai already was unsafe. But routes may be cut at any time.

Another new crossing was made near Anking, about 150 miles southwest of Nanking, by 6,000 Communists, the ministry source said.

Government defenders, stretched thin over 600 miles of river front, seemed powerless to check the Communist tide.

There was not official confirmation that the leaders of Nationalist China had gone off to see Chiang. But Chinese press dispatches insisted that Chiang was

waiting in Hankchow for them. Purpose of the conference was not given.

Government offices all over Nanking were packing to leave, mostly for Canton in south China. Transport planes shuttled from Nanking to both Shanghai and Canton carrying out officials.

(The Hong Kong newspaper Sing Tao Jih Po said in a dispatch from Canton that a state of emergency had been declared there.)

The Daily News said Communist troops were attacking three miles north of Pukon, the railroad across the Yangtze from Nanking. Firing could be heard plainly in the capital.

One theory as to why engagement and wedding rings are worn on the third finger of the left hand is that the Egyptians believed a vein ran from that finger directly to the heart.

The Sanford Herald

Established in 1888... Published daily except Saturday and Sunday at Sanford, Florida... 111 Magnolia Avenue

FRIDAY, APR. 22, 1949

SIBLE VERSE TODAY

Every mother magnifies the Lord in song. The miracle of birth were it not so common an experience...

How much does it cost to have a fatal highway accident? Most of us do not think of such a thing in terms of cash...

A friend of ours visiting in London for the first time since the war finds that eggs and bacon as well as many other items are still rationed...

World Government is not exactly expressed by realistic thinking Winston Churchill, but the evils of expansion nationalism, the opposite extreme...

Another reason for opposing any and all taxes proposed in this session of the Legislature is the Senate's action in turning down the so-called "bookie" bill...

Col. Leigh Read, in whose honor it is proposed that the new branch post office, as well as the section now known as "the former Naval Air Station" or the "Municipal Airport" be named...

In ancient Rome every freeman was permitted to wear an iron ring.

Chinese Revolution

The Chinese civil war, after a three months' truce has been resumed with renewed vigor. Ever since the end of the Japanese war the Chinese Communists of the north have been fighting the Chinese Nationalists of the South with all the fury of the usual fratricidal struggle...

Those who advocate Communism for our country are reckoning without the cost. Even if enough ignorant and poverty-stricken people could be found to make a formidable show of revolution, they could not win.

Family Confusion

"Confusion now hath made his masterpiece!" This line from Shakespeare was most aptly quoted by Justice Robert Jackson in the dissenting opinion of a recent Supreme Court decision regarding the Inter-state effects of divorce laws.

The whole national standard of family integrity and security would be raised if there were something approaching a uniform divorce code in all of the states. And at least the shams and futilities of so many of the quick divorces would give way to some measure of reality.

The Urge To Gamble

It would be hard to find an incident to illustrate more clearly the immorality of gambling than that of the fake kidnapping in Los Angeles. A mother had lost most of her family's savings by betting on horse races.

New Catholic Rules

On other modern questions, the new catechism says: Public officials are "obliged to make appointments on merit" and must not "demand money or its equivalent" for such appointments.

Dr. C. L. Persons, O.P.T. Optometrist, 111 Magnolia Avenue, Sanford, Florida

THE WORLD TODAY

By DEWITT MACKENZIE

We shall know soon how much striking-power the Chinese Communist armies possess, for their task of crossing the mighty Yangtze River—last formidable barrier between Red China and the Nationalist south—would be Napoleonic if they encountered strong resistance.

Peace could be achieved solely on Red terms. The only way to fight it out.

The Nationalists carry out the plans which they have been contemplating, we are witnessing the beginning of another stretch of bloodshed and destruction. It is small comfort to note the historical fact that this will be only a further phase of the civil strife that has been going on intermittently ever since the revolution of 1911...

Hospital Drive

Recommendations, stressed the need of employing a full time paid worker of known executive ability to head the drive in order to make it a success, and to finish it within a two or three week period.

Avery Keeps Grip On Mail Order Firm

CHICAGO, Apr. 22.—(AP)—Sewell Avery kept his iron grip on Montgomery Ward and Company today.

Mr. Lawton expressed thanks to the Business and Professional Women's Club for a \$50 donation derived from their play, "The Light Eternal." All bills have been paid at the former hospital building on Oak Avenue, and revenue of \$50 to \$100 is due to be derived from its rental to welfare agencies, he said.

South Side School Has Easter Program

Pupils in Miss Mary Robinson's third grade of the South Side Primary School entertained the students recently with an Easter program during the regular chapel period. The program was as follows: song, "Happy Easter to You"; school; 2nd Psalm and prayer song; school; reading, "Why We Celebrate Easter"; Ann Turner; song, "At Easter Time"; fourth grade; piano solo, "Roses"; Ellen Vihlen.

The play, "Peter Rabbit's Easter Basket," included the following cast of characters: Teddy Walker, Jeanette Dees, Janie Brown, Agnes Stansfield, Betty Lou Driggers, Judy Cornelius, Charlotte Dunlap, Margaret Henham, Janet Parison, Gloria Flowers, Clark Tills, Jackie Mackey and Charles Dooley.

Also Hugh Gooding, Roger Dunn, Lawrence Howard, Charles Stafford, Ralph Wright, Ellen Vihlen, Dana Rankin, Virginia Thomas, Betty Mikolajek, Ann Turner, Joanne Hughey, Joyce Green, Sam Phillips, Neil Stoolhoff, Chester Jerry, Charles English, Chester Cherry, Nolly Dunn, Billy Stinson, Bruce McCoy, Lamar Fryer, Richard Plagan and Tommy Arnold. The announcer for the program was Ann Turner and the pianist, Miss Vivian Welch.

COMBINES DENOMINATIONS
CLEVELAND, Apr. 22—(AP)—The general synod of the Evangelical and Reformed Church has given approval to a merger with the Congregational Christian Churches.

The Pilot Club will hold its regular business meeting in the Tourist Center at 8:00 P. M. preceded by the board meeting at 7:30 P. M.

Approximately 1000 U. S. colleges and schools have courses in salesmanship.

Personals

Mrs. B.L. Perkins left yesterday for Charlottesville, Va. to visit her daughter Miss Martha Perkins.

Friends will regret to learn that Mrs. J. A. Smith continues to be ill at her home at 112 West Twentieth Street.

Friends will be interested to learn that Mr. and Mrs. Charles S. Morrison are celebrating their 35th wedding anniversary today.

Capt. and Mrs. Ralph Papania of Washington, D. C. were recent guests of Mrs. Edward Potter and daughter Robin.

Mr. and Mrs. E. I. Hoy plan to leave tomorrow for New York City where they will spend about a week.

Lieut. (JG) and Mrs. Herbert Moreland arrived today from Jacksonville to visit with Mr. and Mrs. L. E. Hatten and Mr. and Mrs. H. A. Moreland.

Mrs. H. W. Purvis and daughter Mrs. Z. L. McClellan of Augusta, Ga. arrived yesterday to spend some time with Mr. and Mrs. E. M. Galloway at their home on Mellonville Avenue.

Mr. and Mrs. W. T. Mitchell of Sarasota and Mr. and Mrs. Curtis Bowen of Gainesville are spending a short time with Mr. Mitchell's brother and sister-in-law Mr. and Mrs. J. C. Mitchell.

Mr. and Mrs. P. H. Tepsic and daughter Martha Jean plan to leave tomorrow for Chatham, N. J. where Mr. Tepsic will be associated with the Clemmishaw Company. They expect to make their home in Glen Ridge, N. J.

Mr. and Mrs. Ralph A. Smith, Jr. of Montgomery, Ala. arrived today to spend the weekend with their parents, Mr. and Mrs. Ralph Austin Smith at their home on Park Avenue. Mrs. Irma Curry, house mother of the Lambda Chi Alpha Fraternity at the University of Alabama, accompanied them and the group will attend the Lambda Chi Alpha installation ceremonies at Stetson University.

Glee Club Concert Is Given At School

About 200 persons attended the Spring concert of the Seminole High School Glee Club under the direction of Miss Ollie Reese Whittle presented last evening at 8:15 P. M. in the high school auditorium. Adding to the spring theme were the pastel evening dresses worn by the girls of the glee club which added a colorful note to the occasion.

Banking the stage was greenery and at each end were tall floor baskets of Picardy gladioluses. Proceeds from the free will offering taken during the evening will be used to defray expenses incurred on a trip to the Tampa Music Festival next week.

The program last night was the first presented in the auditorium since the new acoustical equipment has been installed and added much to the enjoyment of the musical presentations.

Outstanding among the group numbers rendered was "Cornfield Melodies" by the boys' double quartette which includes Richard Ransbottom, Bobby Marrs, Gene Harper, Floyd Cooper, Stanley Brumley, Arnold Harrington, Richard McNabb and Bobby Cawley. Also receiving much applause from the audience was "Russian Picnic" by the mixed glee club with the solo part being taken by Bobby Marrs.

For harmony lovers was the excellent rendition of "Waltz in D Major" by the ninth grade glee club and the piano solo "Mala-guena," Leucoma, played by Joan McTeer was very well received.

Other numbers included the ninth grade glee club singing "Stars and Stripes Forever" and "In a Persian Market." The girls' quartette which includes Joyce Hatts, Kathleen Babcock, Peggy Wilson and Betty Duncan rendered "I'm Gwine to Ring in De Heav'nly Choir" after which three solos were given: "Morning" by Anita Aiken, "The Open Road" by Stanley Brumley and "The Hills of Home" by Ingrid Esterson.

The sextette including Anita Aiken, Ingrid Esterson, Bettye Hall, Kathleen Babcock, Joan McTeer and Betty Duncan sang

Miss Jeanne Reiter Weds Albert Clarke

Announcement is being made today of the marriage of Miss Jeanne Reiter, daughter of Mrs. Naomi Reiter of Longwood, to Albert F. Clarke of Orlando. The marriage was performed in Lake Wales on Sunday after which the couple returned to Enterprise to make their home.

Mrs. Clarke attended Lyman School and Sanford Vocational School. She is now employed by the Western Union Telegraph Company. She is publicity chairman of the Dusty Boots Riding Association and has won numerous awards and prizes in riding contests and races. Mr. Clarke is originally from Bartow and is now associated with the Pittsburg Pipe and Engineering Company in Orlando.

Lambda Chi Alpha Will Be Installed

The national chapter of Lambda Chi Alpha will be installed over the weekend at Stetson University. Ralph Austin Smith, national treasurer of the fraternity, announced today. Sanford members of the Stetson chapter are David Gatchel, John Root, Harold Heckenbach, Bobby Jones, Laurier Beard, Peter Bukur, Dick Warren and Ed Fielding, a pledge.

The installation activities start Friday night with initiation ceremonies at the Woman's Club in Deland. Saturday night a banquet will be held at the Mayfair Inn in Sanford with David Gatchel acting as toastmaster. Two national officers of Lambda Chi Alpha will be present and are Dr. Houston Karas, national vice-president and faculty member of Louisiana State University, and Mr. Smith.

The main address of Saturday evening will be given by Dr. Karas and others speaking will be Dr. J. Ollie Edmunds, president of the University and Dean Davis along with Prof. E. C. Pritchard, faculty advisor for the Deland group, and Mr. Smith. Following the banquet a dance will be held at the Naval Air Station in Deland. Activities will close on Sunday with group attendance at church and luncheon.

The installation of the Stetson chapter will be the 129th chapter of Lambda Chi Alpha, the largest of the college social fraternities, according to Mr. Smith. He added that many prominent alumni and active members throughout the South are expected to attend the activities. The Florida chapters of the fraternity at the University of Florida, Florida-Southern, Rollins, University of Miami and the colony at the Florida State University will have large delegations.

"Angel Street" Will Be Presented Tonight

The Seminole County Junior Chamber of Commerce presents "Angel Street" by Patrick Hamilton at the Seminole High School Auditorium tonight at 8:00 o'clock. The play will be under the direction of Stanley Woolf and is a Drama Guild production.

"Gas Light" motion picture, starring Ingrid Bergman, was taken from the play. Miss Bergman won an Academy Award for her work in the picture.

Penny Kasper, star of the show, is playing her third year with the Guild.

"Softly As in a Morning Sunrise" and the mixed ensemble rendered "Rain and the River" and "Good News." The entire girls' glee club rendered four numbers: "Mashed" "If I Thine Eyes," "Robin in a Lilac Bush," "Now the Day is Over" with the solo part by Ingrid Thompson.

Selections by the boys' glee club were "Hollin' Down to the Day," "Dance My Comrades" and "Ride the Chariot." The closing numbers on the program were "The Holy City," "Religion is a Fortune," "You'll Never Walk Alone," "Russian Picnic" and the Alma Mater by the mixed glee club.

Accompanists for the program were John Fite, Mary Anne Galloway, Carolyn Patrick, Elizabeth White and Joan McTeer. Glee club officers are Arnold Harrington, president; Bettye Hall, secretary and treasurer; Anita Aiken, Richard McNabb and Dan Hatten, business managers.

FIRE PROTECTION
ORLANDO, Apr. 22—(Special G. G. Ware, chairman of the Florida Bankers' Association, today endorsed the proposed state-wide forest fire protection bill. He said it would mean that Florida's woodlands and forest industries, no longer devastated by widespread fires, can become economic assets as valuable to the state as its outstanding tourist business.

BONUS DAY
BISMARCK, N. D., Apr. 22—(AP)—June 29 will be "B" (for bonus) day for an estimated 60,000 North Dakota veterans of World War II.

Brig. General H. L. Edwards, state adjutant general, whose office will make the payments, said that date had been set for receipt of applications. Bonuses are expected to average \$450 at the rate of \$17.50 per month for foreign service and \$12.50 for state service between Jan. 1, 1941 and Jan. 1, 1945.

About 41 million cars, trucks and buses are being used in the nation today.

Mrs. Albert F. Clarke, the former Jeanne Reiter daughter of Mrs. Naomi Reiter of Longwood, whose marriage to Mr. Clarke was an event of Sunday in Lake Wales. Mr. and Mrs. Clarke plan to make their home near Enterprise.

ON LAST LEG
FULLERTON, Calif. Apr. 22—(AP)—The last 100 hours, record nonstop fliers Bill Harris and Dick Hodel say, are the hardest. Fighting off fatigue, the two pilots passed the 200-hour mark today and discussed plans to shorten their shifts at the end of the week.

That's their goal—1,008 hours days away. They cracked the old record of 226 hours last week.

Women owned an estimated 140 billion worth of life insurance at the end of 1947.
