SANFORD, FLORIDA, TUESDAY, MARCH 13, 1923

NUMBER 299

REPRESENTATIVE WOMEN ARE VISITING SANFORD ATTENDING THE MEETING

OF THE DIRECTORS OF THE STATE FEDERATION OF WOMEN'S CLUBS

CLOSING TODAY

After Two Days of Important Business and Pleasure Luncheon at C. Club.

To see the fine body of representative women who arrived on every train yesterday is to receive a strong impulse of hope and confidence in the work of the Federated Clubs of Florida...

The first meeting of the board was called to order by the President, Miss Elizabeth Skinner, of Dunedin, at 2 o'clock. After the Lord's prayer in unison, Mrs. W. T. Gary of Ocala reported the finances of the Federation in good shape...

Reports were given by Mrs. C. E. Hawkins, of Brooksville, recording secretary, and Mrs. Harriet Byrnes of Oldsmar, corresponding secretary.

Mrs. J. W. McCollum, as state director, reported her work. Mrs. Pepper of Gainesville reported for the Florida Bulletin called attention to the fact that she has a full page ad from Sanford Merchants and Sanford is also to have a special write-up...

Mrs. Swartz of Tidewater reported excellent progress in Home Demonstration work.

Mr. Newton, of the Red Cross Seal work voiced an appreciation of the work of the Federation and bespeaks a continuation of their assistance. He reported a substantial decrease in tuberculosis in Florida.

Mrs. McCollum who has been the Florida director to the General Federation, resigned her office and Miss Elizabeth Skinner was elected to fill her unexpired term.

The evening session was opened by the singing of Swanee River, the loved federation song. The invocation was given by Mrs. Henry Wight, and words of welcome by Mrs. R. E. Tolar, president of the Sanford Woman's Club.

The music for the evening, entirely by local talent, was truly delightful. Miss Mildred Simmins played a Polonaise by MacDowell, with perfect understanding and grace.

PRESIDENT AND PARTY STILL CRUISE

HAVING TROUBLE WITH SAND BARS IN EAST COAST CANAL

(By The Associated Press) FORT LAUDERDALE, March 13.—Harding's nomadic vacation cruise down the Florida East Coast today became even more nomadic. It has been dependent for the past week only upon the whims of the members of the party, but for the past twenty-four hours it had to take into consideration the rise and fall of the tide.

Legion Circus Big Success First Night

Although it rained pretty hard last night there was a large crowd out and the big tent just suited the occasion. Everyone enjoyed the acts thoroughly. There were candy wheels, where you could get a big box of candy for ten cents, and then the ham wheels, coffee wheel, aluminum wheel, baby doll wheel and many other wheels too numerous to mention.

Go down there tonight and you will be surprised at the acts of the wonderfully educated dogs; they are almost human or that is, they understand the English language pretty well and do things that you would think only a human being could do.

Churchwell's Big Four Day Sale

In this issue Churchwell's have an advertisement for a four days sale starting tomorrow. They will sell all furnishings, uniform cloths, percales, crepes, tissue, Flaxon, organdies and other dress goods and ready to wear dresses at prices that will make them move at once.

STORM RAVAGES COUNTRY; REPAIRS BEING MADE TODAY IN TELEPHONES AND WIRES

FRENCH TAKE COKE PLANTS IN THE RUHR

CIVIL MISSION OF ENGINEERS PUT PLANTS INTO OPERATION

(By The Associated Press) ESSEN, March 13.—The civil mission of engineers headed by Coste, the French inspector of mines which came into the Ruhr to exact coal reparations from industrialists, has begun realization of its plans.

The party of engineers escorted by a battalion of French infantry, seized today the state coke plant near Westhold with a thousand tons of coke on hand.

The German population of Recklinghausen district has been warned by General Laignelot, commanding the district, it was announced today, that in event any further French troops were assassinated or ambushed the Burgomaster of Buer who is held as hostage, together with four other town officials, will be shot at once as a measure of retaliation.

Sanford Chautauqua Association Formed at Last Night's Meeting

Starting Next Week Vigorous Campaign Will Be Made on the Ticket Sale

An enthusiastic meeting of the signers of the Redpath Chautauqua for the season of 1923 was held in the lobby of the Welaka building at 8 p. m. March 12 at which time was formed the Sanford Chautauqua association.

The Hon. Forrest Lake was elected chairman. Mr. Lake at all times having the welfare and interest of the people of Sanford at heart, was very largely responsible last year in making arrangements for the return of the Chautauqua to Sanford this year, and it was felt that he could best lead the association in making this a big success.

It was decided that starting next week a vigorous campaign for the sale of tickets would be put on. Tickets can now be procured from various members of the Association at this time.

Students over 12 years \$1.75; children under twelve and over six \$1.50. All student tickets will have to be secured from Mrs. R. C. Maxwell.

It was voted at this meeting that all money made from the Chautauqua this year would be given to the Sanford Boy Scouts, dear to the hearts of this community and well deserving of this courtesy.

State Pardon Board Starts Four Days Session at Tallahassee

For Clemency In Behalf of More Than One Hundred Convicts

(By The Associated Press) TALLAHASSEE, March 13.—The state pardon board composed of the governor and the members of his cabinet except the treasurer and the superintendent of public instruction started upon four days of public hearings today.

Attorneys come here from throughout the state to present arguments for clemency in behalf of more than a hundred convicts. The list carries none of the states notable crime figures.

BRINGS OUT ADDITIONAL DETAILS OF DEATH AND DESTRUCTION IN STORM WAKE

Dead Total Reaches Two Hundred Mark and Millions of Dollars in Loss

(By The Associated Press) LOUISVILLE, March 13.—Nine persons are dead and more than 80 others are reported to have been injured and an estimated loss caused by property damage at close to a million dollars stood out as the toll of the violent wind storm which swept Kentucky Sunday night and early on Monday.

CHICAGO, March 13.—Gradual restoration of telephone and telegraph facilities in the storm swept area between the Rocky mountains and the Appalachian range today brought additional details of death and destruction that followed in the wake of the hurricane. The dead totaled forty, the injured counted approximately 200 and the damage is reported at millions of dollars.

CHICAGO, March 13.—Upward of two score persons were killed as a result of a severe March wind and rain and snow storm which swept the country from the Rocky Mountains to the Appalachians Sunday night and Monday morning.

Many scores were injured and property damage is expected to run into the millions. Tennessee suffered the heaviest loss of life, the towns of Pinosy and Deansberg being wrecked and 16 losing their lives at the former place and one in the latter town, according to reports late last night.

Snow or rain and in some cases both accompanied by a terrific wind which in some localities reached a velocity of 80 miles an hour took lives, wrecked buildings and crippled telephone communication systems.

The south suffered most, two towns in Tennessee being completely wrecked and 30 lives lost. Twenty-five persons were reported killed at Pinosy, Tennessee and five at Deansberg. Two relief trains, one with eight physicians and a second with fifty relief workers were dispatched from Jackson to Pinosy.

Nine deaths were caused by the storm in Central Kentucky. Three persons were reported killed at Richmond when the wind lifted a small farm house containing three adults and ten children from its foundation, carried it fifty yards and hurled it to the ground in splinters.

Two were killed at Bowling Green, three at South Union, and a 9-year-old boy was killed and five other children injured at South Portsmouth when the roof was blown from a high school building into a yard where the children were playing, according to reports reaching Louisville.

Other reported deaths included two at Chicago, one at Steubenville, O.; one at Massillon, Ohio; one at Greenwood, Miss.; one at Eldorado, Arkansas, and one at Milwaukee.

Heavy property damage accompanied the storm in all these places. In some sections the damage was estimated at \$500,000 to \$1,000,000, some towns were completely cut off from communication with outside points while in some instances a single wire furnished the only means of communication. Damage to wire service was general throughout the entire central section of the country, some industries were reported to have been forced to abandon work owing to lack of electric power.

Heavy damage was reported from many points in Indiana.

THOMSON, Ga., March 13.—Between forty and fifty houses were destroyed with property damage estimated at many thousand dollars in the windstorm that struck the southern part of this place last night at about 7 o'clock. No loss of life was reported. At Taylortown, a negro settlement three miles from here, ten shanties are said to have been destroyed. Several persons are reported as having hid narrow escapes from toppling houses.

D. A. J.
Friday afternoon the Sallie Harrison chapter N. S. D. A. R. held its regular monthly meeting at the lovely country home of Mrs. F. P. Dutton.

During the business session it was decided to hold a spend the day picnic on Flng day, March 27, visiting Chapters from DeLand, Daytona, New Smyrna and Orlando are invited to join us and spend the day at the site of old Fort Mellon. Another interesting feature of this meeting was the presentation of the flag to the South Side Primary school, by the Sallie Harrison chapter through Mrs. John Leonard.
Resolutions were made by the Chapter on the death of Dr. N. DeV. Howard.
Another matter of importance was

the endorsing of Mrs. Wallace G. Hanger as president General of N. S. D. A. R.
The regent, Mrs. W. E. Watson, brought a Surprise package to the meeting, which proved to be scarfs and tray covers to be made and given by the Chapter to the Linen Shower for the hospital.
Miss Frances Dutton, the charming daughter of the hostess, told most interestingly of her trip abroad.
At the conclusion of business, a pleasant social hour was enjoyed, the hostess serving delicious refreshments.
About twenty members were present at this meeting.

LOVELY BRIDGE PARTY
Artistic in every detail was the bridge party given Saturday afternoon by Miss Lucy Byrd Smythe at the Montezuma, honoring Mrs. S. W. Ferguson of Titusville (nee Dorothy Fielding) a recent bride. There were four tables of players.
The dainty color motif of pink and white was carried out with quantities of sweet peas. The tally cards were also designed in pink and white. After several interesting games, scores were counted and the prizes, dainty vanity puff boxes, given. Mrs. Ferguson, honoree, was presented a hand painted bonbon dish, painted by the hostess.
At the conclusion of the card game the hostess assisted by her mother, Mrs. Charles Campbell and Mrs. Fred Walsma, served a delicious salad course and coffee followed by an ice course. On the plates were favors of sweet peas.
This was a charming courtesy and one of exceptional pleasure to the guests who included the members of the Alpha Delta sorority.

MOTHERS' CLUB
Friday afternoon the members of the Mothers Club and a few extra guests were entertained by Mrs. M. Mimarik at her home on Laurel ave.
The rooms were bright with quantities of red cross and ferns. Several matters of important business were discussed and plans made, among them being the cooked food sale to be given Saturday to start the fund for Better Films for School Children, which the members hope to show every Saturday morning.
After the business had been disposed of, the hostess served a tempting salad course and coffee.
Among the guests present were Mrs. T. M. Puleston, Mrs. Joe Chittenden, Mrs. Forrest, Mrs. S. W. Bradford, Mrs. Frank Adams, Mrs. Leinhardt, Mrs. Augusta Eigenmann, Mrs. Orion Stenstrom, Mrs. Volie Williams, Mrs. R. R. Dens, Mrs. Geo. Paxton, Mrs. W. M. Thompson and Mrs. E. D. Chittenden.

LINEN SHOWER FOR HOSPITAL
Friday and Saturday are the days for the Linen shower for the hospital and it is earnestly desired that every one will contribute generously and these articles are greatly needed.
Chairmen have been appointed for the various churches and if you are not a member of any of these churches you are invited and welcome to contribute any way; it will be appreciated. Just send your articles to one of the chairmen.
Friday and Saturday of this week, Speer & Son, Yowell, and Churchwell Co., will hold a special sale on these articles, so buy your articles and save money and still help a worthy cause.
The articles needed are Sheets 75x90 or 90; pillow slips 43x12; dresser scarfs 22x30; tray cloths 12x14; towels of all kinds and sizes; single bed dimity spreads.
Let's all pull together and make this shower a success.

ST. JOSEPH, Mich., March 12.—William Z. Foster, of Chicago, was placed on trial in the Berrien county circuit court this morning charged with writing, advocating and "deliberately justifying" the doctrine that "industrial political reform should be brought about by crime, sabotage, and other unlawful methods of terrorism."
Foster is the first of 32 persons arrested after a raid on a national communist party meeting last August, to face trial.

LOCALS

Nellie Turner circle will not meet, on account of special meetings at the church.

Clifford Penbody arrived in the city today and is a guest at the Valdez Hotel.

Mark it down for record. There were no automobile accidents on the Sanford Orlando road Saturday night or Sunday morning.

Dudley Roy arrived Sunday afternoon from Tampa, Fla., to visit his aunt, Miss Bazelle, at 204 Park Avenue. Mr. Roy formerly resided here but has been in Old Mexico for the past year.

Mr. and Mrs. Frank Jenney and Mrs. Norman Billmeyer left today for points on the East coast and from there they will motor to their home in Cumberland, Md. Mr. Jenney is head of one of Maryland's largest printing plants and is also interested in many other enterprises. He is an old friend of W. T. Field of this city and was attracted here by the glowing accounts that Mr. Field wrote him about Sanford. Mr. and Mrs. Jenney will return to Sanford next season with the idea of staying all winter.

THEY WILL NOT FORGET
A practical lesson was given in cooperation when the Glen St. Mary nursery gave to the school children of Moore Haven plants with which to reset their school grounds that had been denuded by the floods last summer. These future citizens of the Glades will not forget this act of kindness.—Orlando Reporter-Star.

MANY DIE IN PITTSBURGH FIRE

PITTSBURGH, March 8.—Fifteen persons have been taken to hospitals seriously burned and fifty others are believed to be trapped in a building which is completely surrounded by a fire that is sweeping the lower north side district, according to reports of police last night at 9 o'clock.
Several persons lost their lives in the fire which half an hour later was believed to be under control, police announced. Emergency relief workers hurried to the scene and began search of the debris for bodies of possible victims.
The flames were confined to a four-story brick building, one floor of which was utilized as a club room.

CAPACITY OUTPUT AT HUPP PLANT
SHORTAGE OF CARS IMMINENT; ALL RECORDS BEING BROKEN SAYS LOCAL DEALER
Though the Hupp Motor Car Corporation completed a 30 per cent enlargement to its Detroit plant only seven weeks ago, it already finds itself forced to operate its entire facilities at capacity to meet its present demand, is the information just received from Detroit by Perry Jennings of the B. & O. Motor Co., local Hupmobile Dealers.
All previous Hupmobile sales records are being shattered, Hupp is finding itself in the unique position of just having considerably added to its output facilities and then almost immediately discovering that they are insufficient.
February shipments of Hupmobiles easily surpassed those of January, which came close to breaking all the monthly records. The continuance of transportation difficulties throughout the month necessitated further numerous driveaways to the nearer centers of distribution in an effort to lighten the general traffic burden and to provide additional freight cars for shipment to the more distant cities.
"Hupmobile distributors and dealers last November placed orders for 1923 delivery for nearly 10,000 more cars than the company produced in its record year of 1922," says Mr. Jennings. "Now they are urging the factory to raise their quotas still higher. They point out that they must have even more to meet the demand. Many distributors are reporting that their present orders already indicate a shortage of Hupmobiles in their territory within the next two or three weeks.
Hupp's manufacturing department is making an intensive study of the corporation's entire plant facilities in an effort to find ways to raise the daily output to a higher level. They hope to increase this output during the last six months of this year, in order to provide for the continually greater demands for Hupmobiles."
The heavy sales of January and February already make it certain that Hupmobile business for the first quarter in the corporation's history, and that it will probably break all quarterly sales records of this company.

BEAUTIFUL WOMANHOOD FOR MARCH

The March issue of Beautiful Womanhood is fascinating. It contains a wide variety of information on Beauty and Beauty Culture. Among the contributors are Charlotte Perkins Gilman who writes "Do you know beauty when you see it?" Then there is an interview with D. W. Griffith on "What is Beauty?" as told to Capitola W. Ashworth. Marie Rappold advises you to "Sing Your Way to Health," while Kitty Gordon thinks "Forty of age of supreme beauty." These are only a few of the many interesting features in this superbly illustrated number. There are besides an article by Alice Mary Kimball on how to "Overcome your shyness—and get a husband," "How to be happy though divorced" by Felton Owsler, "Love Roads" by Richard Barry and the autobiography of a foot ball star "Once a Beautiful Foot! But Now" and editorial by Bernarr MacFadden as only he can write it.

blocks and offices are all right and they make a fine appearance on the business streets but Sanford needs more people to help fill the stores and Sanford today needs at least two hundred new homes and a dozen good apartment houses.

INSTITUTE OPENS TOMORROW AT FIRST BAPTIST CHURCH

Letters and cards are constantly being received at the office of the First Baptist church telling of the coming of delegations from churches throughout the district covering six associations.

Mrs. Peelman, superintendent of the women's work in Florida, Miss Leachman of Atlanta and Mrs. B. A. Inglis of Jacksonville will reach the city this afternoon.

The opening session will be tomorrow morning at 10 o'clock. The feature of tomorrow morning's session will be an address by Miss Leachman of Atlanta, and the features of the afternoon session will be addresses by Mrs. Peelman, State W. M. U. secretary, and Mrs. B. A. Inglis, Jacksonville.

Among others who will deliver addresses Thursday morning will be Dr. R. W. Thiot, DeLand; Dr. S. B. Rogers, Jacksonville, and Dr. B. D. Gray, Atlanta.

CELERY SHOULD BRING BETTER PRICES

The peak of the celery shipment may not have been reached as yet but Sanford probably topped the heap Saturday or will one day this week.

France says she is ready to quit the Ruhr section any time Germany pays up. We don't think France likes the job any better than the Germans and it would seem like a good policy on the part of Germany to pay up and get France off her neck.

SANFORD NEEDS MONEY FOR INVESTMENT

Sanford needs hundreds of thousands of dollars for investment in good property. This sounds big but it is true. The Building & Loan Association is more than two hundred thousand dollars behind in its loans and other companies are in the same boat.

General Complaint About Tax Burden, Forget About Expense

Putnam County Representative Says They Must Pay the Fiddler. (By The Associated Press) PALATKA, March 10. — "While there is a general complaint regarding the steadily increasing tax burden the very people who are registering the 'biggest kicks' are already urging their legislative representatives to support this bill and that bill calling for heavy appropriations."

to be lightly considered. An epidemic might result in more damage to the state, from a financial viewpoint, to say nothing of the loss of life, than many times the amount sought to be saved by an extreme economist.

"I also favor increased pensions for the old Confederate soldiers. The number of pensioners is decreasing every year, so this will permit an increase in pensions to the survivors without increasing the pension tax millage."

"I believe that the best and fairest way to raise more revenue for good roads is to increase the gasoline tax to two cents, giving the department for general use one cent and the respective counties one cent. Thus the man who derives the benefits accruing from good roads is the man who pays."

Interesting Data of Early Days

The destruction of the Ocklawaha hotel at Eustis by fire, and an inventory of the salvage which followed brought forth among other things the register of the hotel for the season of 1886-87.

The register is the old-fashioned kind with a page of blotting paper between each register sheet and on this blotter is the advertisement of Jacksonville, Chattanooga, Savannah, and Atlanta houses.

Foremost in the State Bank of Jacksonville, with Henry A. L'Engle the manager, it is said that it would "make collections at all points that are accessible." Mumby, Stockton & Knight were doing a wholesale and retail business in crockery, china, glass and cutlery.

The most interesting part of the register shows the tremendous growth of Florida, since 1886. Bartow is accredited with 1,200 people, Bradenton, 20; Brooksville 1,000, Cedar Key 2,000; Daytona 1,500; Eustis 1,000; Gainesville 3,000, Jacksonville 18,740, Key West 10,000, Lake City 2,500, Lakeland 1,000, Leesburg 1,000, Live Oak 500, Madison 800, Monticello 1,000, Ocala 2,500, Orlando 2,500, Palatka 2,000, Pensacola 9,000, Sanford 1,200, St. Augustine 2,500, Starke 500, Tallahassee 1,000, Tampa 3,500, Tarpon Springs 200, Tavares 300, Waldo 400, White Springs 200. This completes the names of Florida towns of importance to have mention.

It is only a span of 37 years since this hotel register was opened, and the population of the towns that are cities now and those that were then mentioned as resorts and are no longer known, tells the story that towns are made where men make them.—Lake Co. Lancers.

DR FRANCIS E. CLARK, FOUNDER OF CHRISTIAN ENDEAVOR TO VISIT FLORIDA

Endeavorers are looking forward to the visit of Dr. Francis E. Clark, who with Mrs. Clark will spend part of this month in the state as guests of Mrs. Carrie F. Conrad, of DeLand. As Dr. Clark is taking this vacation for necessary rest he will not be asked to make any public addresses. He will, however, speak at the state rally in Orlando, Friday, March 23. This special rally will be held in the Presbyterian church, Friday evening beginning at 7:45. Orlando being easily accessible to all parts of the state, it is hoped that large numbers of present and former Endeavorers will avail themselves of this excellent opportunity to hear the beloved founder and leader of the Christian Endeavor organization.

This is the second time that, thru the state and Dixie Endeavorers, Florida has extended to Dr. and Mrs. Clark the healing of its sunshine and gifts from Florida of rest and rejuvenation stand as exceptions, however in his busy life. Though Dr. Clark has extended his travels as widely as perhaps any man living, has gone wherever Christian Endeavor has gone—into nearly every country on the face of the globe—he has paid his own way, partly by making addresses but mostly by his pen and in all the forty years he has been president of the United Society and the World's Union of Christian Endeavor has never received a dollar of salary. As Dr. Clark has stated upon numerous occasions his visit to Florida in 1917 renewed his health and prolonged his life, it is hoped that this visit will again restore his vigor and prolong his activity in his remarkable work. Another prominent Endeavorer visiting the state is Dr. Wm. Shaw of

Boston, Mass., publisher of the Christian Endeavor World. Dr. Shaw was for many years treasurer and later secretary, for the United Society of Christian Endeavor. A physical collapse following an automobile accident made it imperative that he give up part of the work he was carrying. Dr. Shaw's Florida friends hope that our state will give to him, also, a generous restoration through its glorious sunshine, during his visit in St. Petersburg.

Registration for the state convention, to be held in Miami, June 8-11, is going on as rapidly as if it were "always June in Miami." Pensacola district has its full quota registered and other districts nearer Miami will soon follow Pensacola's example.

One evening during Christian Endeavor Week, Roger Babson, the widely known economist and statistician, was a guest at a banquet given by the Atlanta Christian Endeavor Union. He spoke informally, and paid a tribute to Christian Endeavor as a special influence in his life. "I owe more to Christian Endeavor than to anything, because it was in a Christian Endeavor society I found myself. My first job was on the lookout committee. That is where I first learned to sell goods; I learned there to make people do what they said they didn't want to do, but they thanked me later. In Christian Endeavor I learned to talk religion to these young people and said what is well worth passing on to older people. "Young people, the world is not moved by figures; it is moved by feelings. What this old world needs today is not money, or markets, or goods, but men. The greatest thing in the world is not business, or pleasures, or nations, but man. And the greatest thing in man is not education, or talent, or influence or brains, but an immortal soul. The need of the world today is not schools or factories or cities, but a revival of religion!"

Shoots Golf Ball Into Shop; Out of Window; Gets a 3

BELLAIR HEIGHTS, Fla., March 13.—A freak golf shot happened on the eighteenth hole of number two course here yesterday. J. H. Wall, of Oskosh, drove a ball from the 18th tee into Alex Smith's shop. George Gordon, a pro, was just going into the shop when the ball was passed in just ahead of him.

Laura Werno Ladies Quartet on Chautauqua Program
Among the features of the coming Redpath Chautauqua will be the popular programs given by the well-known Laura Werno Ladies Quartet.
This company never fails to provide a feast of musical entertainment and artistry. Especially notable among their offerings are musical and dramatic numbers given in costume depicting the dress, manners and songs of the American Colonial period, the Civil War days, the early seventies and of the Quakers.
Instrumental trios, cello and violin solos and readings are also prominent on the quartet's programs, which are always hailed with delight.

STORM FIRST HEADED FOR FLORIDA TURNS INLAND TO MISSOURI

TAMPA, March 12. — Abruptly changing its direction yesterday afternoon, the southern storm of which warning was issued Saturday by the weather bureau at Washington passed from Texas into Missouri and last night was central over Southern Missouri. The storm, which was increasing in intensity, was traveling toward the Great Lakes region and according to W. J. Bennett, meteorologist of the Tampa office of the weather bureau, promised to cause great damage on the lakes unless another change in direction occurred on the intensity of the storm abated.

Meteorologist Bennett stated that the storm would not be felt anywhere along the Gulf coast or in any part of Florida, though by some freak of weather one or two points on the gulf coast in West Florida experienced gales of more than forty miles an hour, yesterday.

Great Comedy, "Turn to the Right," a Chautauqua Feature

"Turn to the Right," notable comedy success, presented by a cast of New York actors, will be one of the outstanding features of the coming Redpath Chautauqua.

"Turn to the Right" runs over with bubbling fun and is replete with startling surprises and complications. It tugs at the heart-strings, and tears start to the eyes only to be washed away by the cleanest of laughter.

"Turn to the Right" is one of the great American comedies.

ROTARY CLUB HAD MEETING AT VALDEZ TODAY

MANY WERE OBLIGED TO BE ABSENT ON OTHER BUSINESS BUT MEETING WAS SNAPPY

The Rotary club held their regular Monday meeting at the Valdez hotel today and while many were out of town on waterways meetings and other business the ones present made up for it in holding a snappy meeting and one that was replete with many good things.

Dr. Carpenter invoked the divine blessing on the meeting and after president D. L. Thrasher had called the meeting to order he asked Dr. Carpenter to say a few words on the "Tourists in Florida" and the speaker having resided in many Florida tourist cities made some valuable suggestions along the line of amusements and how to get tourists and how to hold them. He cited the fact that Sanford had everything they wanted but could be improved upon in several ways, and the biggest thing was to have an adequate advertising fund to advertise Sanford in every part of the country as a tourist resort and that a campaign fund of \$25,000 was none too little.

Dudley Roy Had a Wild Voyage From Frontera

Vessel Adrift Four Days With Little Food Aboard and Danger of Rocks.

D. B. Roy, of the International Petroleum Company, who has been down in Tabasco for the last several months, and who recently returned to the Tampico office, tells a thrilling story of the voyage he had from Frontera to Vera Cruz.

In fact he was so thrilled he does not remember the name of the vessel on which he made the trip. He said the ship encountered rough weather just out of Frontera and was driven far out of its course. It buffeted the storm for four long days and was threatened several times with being dashed against the rocks. During the storm, however, the vessel was driven into a bay, the name of which was not known, and there it remained until it was safe to venture out again. The vessel had started with only a small supply of food and this was entirely exhausted long before land was reached.

The voyage from Frontera to Vera Cruz under ordinary circumstances only occupies part of a day. It took 101 hours, or four days and five hours to make that trip.—Tampico (Old Mexico) Tribune.

The D. P. Roy referred to above is Dudley Roy, who has just arrived in Sanford from Tampico, Old Mexico, where he has spent the past year. He will spend some time here visiting relatives and friends before returning to Mexico.

Defeated Chief Elected Today in Ft. Lauderdale

(By The Associated Press)
FORT LAUDERDALE, March 13.—After being defeated by one vote last fall for chief of police, Lucien Craig was elected last night at a special election, called following the death of D. G. Tenbrook, his former opponent, who was chief for four years.

Bread and Cake For The Editor

The editor of the Herald has many friends in Lake county and they are among the best people in the world, and not the least of these friends are two old German bakers, both of them bakers. One of them, J. A. Warnecke, has a bakery in Tavares, and he sent us a fine golden pound cake by T. B. Lanier and it was some cake. "Dutch" sent a note and said he wished he could have us over for a real treat. We will see him later.

Billy Schmidt, the boss baker of Eustis, sent us two loaves of real German-rye bread, and when you get a loaf of Billy Schmidt's real German rye bread you are getting something good.

Thanks, old friends. There is nothing as sweet as the thought that the friends of twenty years ago still cherish your friendship and remember you now and then.

Demonstrate the Famous Rice Rupture Method Free to Callers at Hotel

Representing
W. S. RICE
Adams, N. Y.

The Rice Rupture Method Expert,

J. B. WELDON

personal representative of William S. Rice, Adams, N. Y., will be at the Valdez Hotel, Sanford, Fla., Thursday, March 15, and at the Williams Hotel, Daytona, Florida, Saturday, March 17. Every ruptured man, woman and child should take advantage of this great opportunity.

The Rice Method for Rupture is known the world over. You can now see this Method demonstrated and have a Rice Appliance fitted to you. Absolutely no charge unless you are satisfied to keep the outfit after having the appliance adjusted and you see how perfectly and comfortably it holds. No harsh, deep-pressing springs; nothing to gouge the flesh and make you sore. Can be worn night and day with positive comfort. Soft, rubber-like composition pad, any degree of pressure required.

Don't wear a truss all your life when thousands have reported cures through using the Rice Method. Why suffer the burden of rupture if there is a chance to be free from truss-wearing forever? Anyway, it will cost you nothing to come in and learn all about the Rice Method and the wonderful opportunity for help and cure it offers in your case. Remember the Expert will be there only one day then your opportunity will be gone. Just ask at the hotel desk for the Rice Expert and he will do the rest. Call any time from 9 to 12 a. m., 2 to 5 p. m., or 7 to 9 evenings.

Don't miss this great opportunity to see this expert on Hernia.

Will Ask for a Law on Immature Potatoes

The Herald has been reliably informed that steps have already been taken to have introduced and enacted into law in the coming session of the Florida legislature an act prohibiting the shipment of immature potatoes. The law will be similar to the green citrus fruit law which has been of such great benefit to the citrus fruit shippers of Florida.

The question of determining the maturity of potatoes would be determined by the age of the plants as experienced growers have found that oftentimes some plants at the age of eighty-five days have more mature potatoes on them than plants a hundred or more days old, and vice versa.

One prominent potato man said in connection with the proposed law, "One of the greatest drawbacks experienced by the Hastings potato grower is immature stock placed on the market. It reaches the market in a bad condition and if the buyer is not stuck the consumer is and as a result does not want Hastings early potatoes again. And this tends to break a good market."

"Of course no one is really to blame. It usually comes about this way: A grower with fairly well matured potatoes on a brisk market will start digging and getting a good price. His neighbor believes he has just as mature stock and also starts digging and as a result within a few days we hear poor quality potatoes on the market and price drops. While the fellows who were lucky enough to be the first to dig immature potatoes comes out alright his neighbor may be a little late and loses, and the grower who wants to wait until his stock is really matured and ready for the market has to take a much lower price than if all growers would have waited until the proper time."

It is believed that a law prohibiting the shipping of immature Irish potatoes would be of great benefit to every farmer and would tend to bring up the quality of potatoes. While the great majority of potatoes shipped from the Hastings section are of the finest flavor and quality, just a few immature potatoes can give all the good ones a black eye.

The law could not possibly work a hardship on the grower but would be of general benefit to all alike. The Herald is going to make an effort to obtain a copy of the proposed law in order that the growers may know just how it will effect them.—Hastings Herald.

How to Insure Sales for Your Product!

The chief asset of any business is the demand for its product. As long as that demand continues, the business is on a sure foundation. But let that demand subside, and every other asset of the business is in danger of becoming a liability.

In times of prosperity and a rising market there is a general demand for the products of industry that comes to be accepted as a matter of course. It is seldom listed among the assets of the business—it is simply assumed that it will always be there.

Changes in business conditions have little effect on a steady consumer demand for trade-marked articles of common use. The dealer may carry a lighter stock, and for a short time the demand through the jobber may seem curtailed; but just as sure as customers are calling on the dealer for the product, he is sure to supply it, and orders soon begin to flow in to make up for the temporary curtailment. The total consumption continues about the same.

Any manufacturer who has an article for popular consumption that can be trade-marked has the opportunity to insure his consumer market and retail sales by means of Advertising.

During the present business condition the manufacturer who has insured their demand by Advertising are in a far better position—in every way—than those who have trusted to the current demand that was not of their creating.
