

Celery Feds Under Dogs Tonight In Clash With Lions

Both Teams Weigh Same But Landon Team Is Speedy

Controls High School's Celery Feds will go into their fray tonight against the Landon Lions in Jacksonville as the underdogs after their poor showing against the light Eustis eleven last Friday.

The game will start at 7:30 o'clock as the first tilt of a doubleheader which finds Andrew Jackson of Jacksonville meeting Westside High School in the second contest which will begin immediately after the Landon-Sanford clash.

Coach Leonard L. McLucas announced he would take a squad of 85 men to Jacksonville, leaving about 1:30 o'clock.

In an effort to find a better backfield combination, McLucas will start a shifted backfield but will use approximately the same line that started the Eustis fray.

Danny Altman will take over as quarterback John Angel at fullback, while Eddie Hill will play at halves. This quartette, McLucas believes, will be able to stir up a bit of action.

Monday and Tuesday the squad was sent through stiff scrimmages in an effort to iron out some of the mistakes that came to light against the Panthers. Yesterday the team took its easy and merely ran through their plays and engaged in some punting and passing practice.

The only injury in the Eustis clash was Dumb Epps and his ankle, which was slightly sprained, has apparently responded to treatment and the speedy back should see plenty of action tonight against the Lions.

McLucas plans to use a varied attack, relying on Epps and Bob Wilkinson to do all necessary passing.

The Stanford starting lineup: Charles Davitt, qb, 140; R. H. Standland, 125; Jimmie Renard, lt, 205; Jim Hiser, c, 175; Donald Jones, rg, 165; Ashby Jones, rt, 230; L. M. Telford, re, 140; Danny Altman, qb, 130; John Angel, fb, 150; Dumb Epps, hb, 160; Leslie Howard, hb, 160.

Mississippi To Present Strong Front To Gators

GAINESVILLE, Oct. 5.—A devastating offense and a formidable defense is facing the University of Florida football team when it goes out to face Mississippi State here on Friday night at 8 o'clock Saturday night.

That is the verdict from an observer who watched the States pile up overwhelming victories in their first two 1936 opponents. Coach Sam McAllister scouted Mississippi State in both its games and says it uses the Tennessee system and it's effective as the Volunteers themselves.

Three backs spark the offense from the tailback spot. Against the Gators, Stan Chambers and O. B. Jefferson and Harvey Johnson were the shining lights, while Frank Chambers showed the way to the smashing 19 to 0 victory over highly favored Arkansas last Saturday. All three are juniors.

"It's an experienced team with a lot of confidence in itself," reported McAllister, "and they are just as likely as not to pass on first down or run on fourth down. It's attack is very versatile, showing power through the air, through the line, and around the flanks. An attack had to be versatile to run up 61 points in just two games."

But offense is not the Maconnaise only forte, adds McAllister. The defense is also potent.

"Why just think, in two games an opponent has been reduced to 10 points. Sanford's 30 yard line only once this year was Arkansas." Even then the man-of-both Arkansas line, which McAllister says is the largest he's ever seen on a football field, was unable to penetrate farther into Macon territory.

Randy and powerful, the State

team will average six feet in height and near the 200 mark in weight.

McAllister also reported

and has most efficiently mastered the Tennessee system taught by his new coach, Allyn McKeith,

himself a former Vol star.

When Nelson Patterson of Cleveland, Ohio, was compelled to leave the editorial staff of the *Sanford Herald* published weekly in Sanford, Fla., October 1, 1936, he was succeeded by Jimmie Renard, who has been writing for the paper since 1935.

HITLER TALKS PEACE, THREATENS WAR

Last Of Polish Army Gives Up To Nazi Forces

Hitler Says 10,527 Were Killed In Drive On Poland And 30,322 Wounded

British Hear Of Iroquois Plot

Admiralty Declares Nazi Story Is Too Absurd To Deny

By Associated Press
The main theaters of the European war today were the world's air waves and Berlin's Kroll Opera House where Adolf Hitler proposed a European peace settlement of wide scope.

Hitler announced German casualties in the Polish campaign were 10,527, 30,322 wounded and 5,604 missing.

The German high command, which gave the details of Hitler's review of troops in Warsaw yesterday, said the last remnants of the Polish army, about 8,000 men, surrendered near Kock, east of Debilin.

On the Western Front a calm night was reported, with the capture of the usual patrol activity.

Sources close to the British Admiralty here said "at last" came to Washington that the United States liner Iroquois, now enroute to New York, would be sunk in fulfillment of a British plot.

A flotilla of United States war vessels raced last night to protect the American steamship Iroquois after the government received an amazing tip from the head of the American navy that the vessel would be sunk as she neared this country's shores laden with Americans coming home from Europe.

The Iroquois is owned by the Clyde McIlroy Line (American) and is used normally in the New York, Charleston, Jacksonville, Miami coastal service. She was taken from that service to help return refugees Americans from Europe.

The tip, as made public by the White House, did not say how or by whom the vessel would be sunk. But it left the strong implication that Germany was laying the responsibility in advance on England or France.

While expressing incredibility that anyone would do such a deed, the White House despatched several naval ships and a coast guard cutter to the side of the 200-ton vessel, which left Goba, Ireland, with a crew of 278 and 564 passengers, virtually all of whom are Americans.

A statement issued at the White House said:

FIGURED IN this radiophoto, passed by the camera in Berlin, Soviet and German troops discuss their respective armaments. In the center, a Soviet Tank Corps man is answering questions put to him by the German soldiers at left and right. The tanks shown are at Rostov-Litvak, the German-Soviet border in Poland.

Here's behind-the-scenes shot which is helped during world series. Soviet tanks can hardly wait until big show gets under way.

A BRITISH SEAPLANE was over the torpedoed tramp steamer Kensington Court, sunk in the Atlantic, preparatory to loading and rescuing the crew. The seaplane rescue, effected by two planes, is believed to be the first time seaplane have rescued shipwrecked sailors at sea.

THIS PHOTO of German submarine was taken by amateur cameraman aboard U.S. freighter Weymouth, just after U.S. had halted ship off Irish coast by firing shot across her bow. Sub commander boarded freighter, examined her papers, allowed her to continue to New York.

This conventional shot of an American Legion convention shows delegates in a Chicago night club. Several "blacks" face the convention's sit-in conference, however—drinking a national power policy.

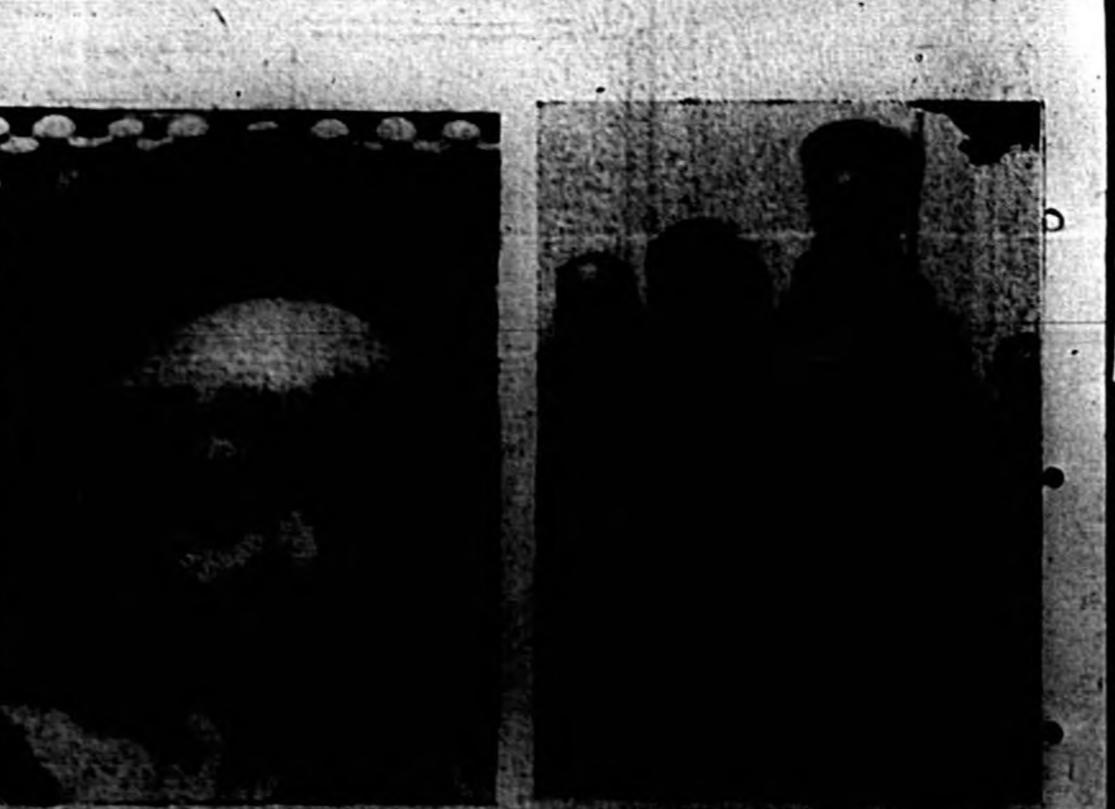

AS THEY have during Europe war since the days of Troy, the Germans again become military bad guys, and Frenchmen, other neutral countries, must aid in Germany. Germany could expand and wipe out her long-dreamed British-American oil colonies to the Far East. France would have an objective with which to attack the Mediterranean. Foreign Minister Robert Schuman was told: "Under no circumstances, under no conditions, must we make peace with the Germans."

THIS IS how the Germans and French troops stack up in the bitter fighting on the western front.

Landon's Lions were rough and ready the underdog Celery Feds last night to score a 26 to 6 victory.

Dan Fraiser led the way for the Lions first touchdown with the game hardly five minutes underway. He dashed 34 yards to cross the goal and ran 34 yards to the goal line and then filling his end zone.

All applications for under the 1938 program have been made to the state, and the new law and issuance of checks should be completed in the near future.

The third touchdown was made when Fraiser took the ball on the third play after the Feds had possession and scored for the goal.

He kicked the extra point and the Lions' second touchdown came in the second quarter when Landon kicked off to the Feds and the ball was returned to the 25 yard line. Newman made 15 yards to the 10 and then ran 15 yards to the 5 and then automatically stepped up the duty on Cuban sugar to 15 yards to the 10 and then ran the remaining 35 yards for a touchdown. The try for extra points was successful.

Landon kicked off to Sanford and the Feds could not make any headway on the return. The ball at the line punted. Landon again started for the double stripes and the Feds again had to punt. Fraiser put the ball on the 25 and then ran 25 yards to the 5 and then automatically stepped up the duty on Cuban sugar to 15 yards to the 10 and then ran the remaining 35 yards for a touchdown.

Producers who sell in excess of quotas provided by the program will receive payment that would have been due them for compliance with the sugar quota stripe. Some Florida producers have several thousand more acres than they have planted to sugar for this year. They must decide whether they will harvest this year or let it go to the market immediately after the outbreak of war.

The series with Sanford proved, above all, that Miami is one of the best baseball cities in the country.

Salmagundi Staff Is Announced For 1939-40 Session

Mrs. Phillip Smith, sponsor of the Salmagundi, announces the members of the Staff for 1939-40.

Editor — Louise Perkins, business manager — Edward Higgins, Associate business manager — Mary Wiggin, Associate editor — Edith Landquist, Louise Moughton, Esther Strange, Mabel Chapman, Jane Lloyd; Art editors — Elsie Hutchinson, Eleanor Marshall; Circulation managers — Madelyn Truluck, Estelle Hart, Hugh Lester, Carolyn Dague; Advertising manager — Mary Wiggin; Sport editor — Elizabeth Kelly; Herald, Jackins, Simms, editors — Raymond Bell, Evelyn Stowe.

The Salmagundi, although a major senior project with the staff chosen from the senior class, is edited for the whole school and covers all phases of school life. Each year the staff tries to make the better better than the one of the preceding year. Because of this, the publication of the book took place in the Spring as an event which is looked forward to by all the students of Seminole High School.

Second Grade Pupils Give Chapel Program

The chapel program was given last Friday morning by the pupils of Mrs. Mitchell's second grade. The Scripture was given by John Anderson. Several songs were sung by the class, and interesting poems were recited. Owen Kelly was the announcer and those taking part on the program were John Fox, John Williams, Eugene Smith, Joyce Johnson, Eddie Senkarik, Betty Holloway, Raymond Nipper, George Sims, Bobo Dean, Jimmie Powell, Howell Scott, Dorothy Morrison, Nancy Urias, Margaret Herndon, Mickey Kendall, Mary Carol West, Donald Ludwig and Billie Fox.

Last Tuesday morning the first meeting of the year was held by the Association for Childhood Education. The meeting was presided over by the president, Miss Louise Swain. Interesting reports were given by several members of the group who have attended summer schools. Refreshments were served by the second grade teachers.

Fans Commended On Attendance At Game

The spectator's view of the football game was very different from that of the sports writers, I imagine.

The Sanford football fans are certainly to be commended on their attendance at the game. There were more spectators from Eustis than from Sanford. Our cheerleaders' costumes certainly were gay and stood out very distinctly. We like the colors very much and the contrast of the boys' and girls' costumes was very pleasing.

The Eustis band was very good and performed well. They certainly did form a good "S" and played our school song with enthusiasm.

The sorority pledges were a sight to behold. Decked out in straw hats, long dresses and carrying rolling pins, they were the attraction of the game. They did a snake dance during the half for the Eustis fans.

The team certainly played well especially Joe Davis and Dub Eppa.

New Requirements Set Up For Course

The commercial department of Seminole High School has announced the requirements for a commercial certificate. In order to receive a certificate, a student must have eight commercial credits. The subjects offered are two years each of the following subjects: shorthand, bookkeeping, typing and commercial English. One year of business arithmetic is offered and one year of commercial law also. An average of 80 in shorthand, bookkeeping, typing and commercial English, is required.

Only one student received a certificate last year.

EDWARD MARSHALL

Sanford High School extends its thanks to Billie Threlkeld, for his services extended to us. Before Mr. Morrison became manager, our theater cards could only be used on Wednesday and Thursday; as the same picture was on during these two days we were privileged to see only one show. Now, however, because certain tickets are allowed to attend any matinee except Sunday, for fifteen cents less than one-half of the regular price.

In view of all the students in our school having season tickets, we are pleased to say that we need to say no more.

GRAMMAR SCHOOL NOTES

By MRS. CHARLES B. COLE

The students of the Sanford Grammar School experienced their new type fire drill Wednesday morning. Two of the school doors were closed to indicate a blocked passage. This forced the students to go out other doors. Despite the blocked passages, the students emptied the building in one minute and fifteen seconds. Earlier in the day they were also given instruction on vacating the auditorium if fire should occur during any other auditorium period. The students were given the early influence of the auditorium in one minute and thirty seconds.

Fire Chief Mark Cleveland is scheduled to talk to the students Monday morning at 8:30 on "Safety During Fires." The fire department has arranged for monthly inspections of the building to see that every likely hazard is eliminated. They have several fire extinguishers in the building fire extinguishers. Trip Along Hudson River From Albany To New York Is Recalled

By MARY WIGGIN

When asked to tell of our most outstanding experience this summer, there is very little of mine along the Hudson River from Albany to New York City.

On June 7, when New York

City is in the middle of its

spring season, we started

through the beautiful Catskill

mountains. Yes, you're right,

they are the very same moun-

tains where Rip Van Winkle slept for twenty years.

We drifted along the Storm King Highway, past little communities

which still bear the influences

of the early Dutch who settled there.

About dark we reached the

city limits of New York and

while traveling through Riverside Park we glimpse Yonkers just opposite us.

But the highlight and climax of that lovely day was the adventure

through the newest tunnel, the Lincoln Tunnel.

The sun was low, the New

York skyline was in full view,

and I at last reached my destination with a day spent seeing things that I'll remember always.

The afternoon was cool and the

Dr. W. P. Brooks Addresses Junior High School Pupils

In answer to Tuesday morning

we were privileged to hear a talk by Dr. W. P. Brooks, the president of the First Baptist Church, presented our little group with a box of apples.

He stated that, just as small rotten spots in apples will gradually engrave them, so also will your wrong actions eat lives if you allow it a start. His talk was followed by the song, "Forward Christian Soldiers."

Tuesday afternoon the faculty of our school enjoyed a combination picnic and swimming party at Glendale Beach, taking Sunday crowds up the river from New York City. Oh! How I longed to be with them.

Wednesday morning we

had our annual Safety

Meeting at the F. F. A. Building.

The classes were well represented, the attendance being: freshman, 12 sophomore, 16 junior, and 16 senior parents.

The minutes of the last meeting were read by Mrs. Carter, the former president, was read by the secretary.

Miss Edna Chittenden, school librarian, made an appeal to parents for books and magazines to replace those that had been lost.

Various committees were ap-

pointed and voted on. The com-

Publications, Mrs. J. B. Dodge.
