

Joe Justice Raps Homer To Decide Fed-Senator Tilt

Zedalis Bests Kettles
In Hurler's Duel
To Cop 4 To 3 Game
A's Here Tomorrow

ORLANDO, June 10. (Special) Joe Justice's sailing home run in the seventh frame with Craig Lybrand resting on the keystone sack proved to be the needed margin of victory for the Orlando Senators in a hard fought 4 to 3 contest in which Stan Zedalis and Carl "Goose" Kettles tangled in a nip and tuck hurler's duel.

Justice's four ply poke was the second game deciding blow of its kind that the former Rollins College star has unleashed this year against the Celery Feds.

The Orlando infield gave big Zedalis nearly perfect support and turned in four sparkling double plays, one of which proved to be fatal for the Feds. In the ninth canto with the tying tally on the third sack a brilliant double play killed a would be Fed uprising.

The Sanford aggregation outfit the locals 8 to 4, and the new Fed skipper paced the attack with three hits in five appearances at the plate.

The only Senator batter able to reach the offerings of Kettles, the Fed stellar mound ace, for more than one hit was Lybrand who blasted a single and a double in four appearances. Right fielder Ty Brazil hit one single and the bag cleaning round tripper by Justice were the only other hits by the Senators.

Jim Blalock made his first appearance in the Sanford lineup last night and played an excellent contest in the right field garden. Blalock also hit once in four trips.

The Sandfordites continued their errorless play field. Jerry Siffman, Manager Murray, John McManus and Don Ricketson formed the errorless infield who gave Kettles perfect support atfield.

Sanford is slated to invade Palatka tonight and will return to the Municipal Park for a single contest tomorrow evening.

COMMENTS from the SIDELINES

By ARTHUR BROOKWITH, JR.

ROLLINS SIGNS GRID CONTRACT WITH FLORIDA

ORLANDO, June 10. (Special)

Rollins College and the University of Florida football aggregations are slated to meet in Gainesville on Oct. 16, 1948 and was announced here yesterday by Jack McDonald, athletic director at Rollins College.

McDonald stated that Coach Ray Wolf of the University of Florida made the initial offer of the contact over a month ago.

Jersey City We note that Arnold Finnrock announced in his column in the Florida Times Union today that the Jersey City club will maintain their Spring training headquarters here in Sanford next year.

Jersey City is a farm club of the New York Giants, and is a mighty good aggregation to have in anyone's park for spring training, but the only catch is that there is not any confirmation in the City of Sanford that the team is going to be in Sanford next year.

It is true that the Giants have contacted the local facilities for the Jersey City outfit, but at 9:00 o'clock this morning there was no confirmation from official sources that negotiations have been completed.

Several central Florida towns are concerned over the change in training sites for the Jersey City club. DeLand is working for the team as well as Daytona Beach and Palatka.

Sanford has the best baseball park and the best hotel facilities in the state for a Spring training session for that matter, but that does not say that the Giants will send their team here.

We sincerely hope that Carl Hubbell and his associates see fit to send the International League club here for their Spring activity, but we are not getting too "hepped up" over the possibility until we are really sure that they have fully agreed to make this their head-quarters.

Sanford certainly will welcome the Jersey City team if they come here for their pre-season activity next year. We want the New Jersey city aggregation to come here next Spring. Sanford needs the Giant farm club and the Giant farm team needs Sanford.

The Boston Red Sox led the American League in fielding in 1946 with a .977 mark, the same percentage posted by the Cleveland Indians in 1945, fielding leaders that year.

New Federal Farm Program Is Suggested

Need Cited For Universal Training; Truman Urged To Sign Tax Cut-Bill

By WILLIAM T. PEACOCK
WASHINGTON, June 11, (AP)—A new scheme for government planning to keep farm prices approximately steady today was offered to Congress.

1. A big government-backed "buying pool." This would stand ready to buy non-perishable farm products at "fair" prices. The idea is that in times of surplus, when prices tend to go down, this buying would hold them up to the "fair" level. When supplies were scarce, the pool would sell.

2. A special tax on the first sale of commodities coming under the plan. This would provide money to take care of losses on the pool operations.

John Brandt, of Minneapolis, president of the National Cooperative Milk Producers Federation, presented the plan to the House Agriculture Committee, which is studying the question of a new, long-range, federal farm program.

The House itself took a bill to appropriate \$58,650,257 for those government agencies which have run into unexpected expense and need the money to finish out this month, last of the government's current fiscal year. A big part is for the Veterans Administration which has found many veterans' benefit laws are costing more than was anticipated. The

Mongolian Invasion Of China Extends Red Expansion Pattern

By GLENN BARR
AP Foreign News Analyst

If the alarms being sounded in Nanking prove true, the worldwide struggle against the spread of Communism has extended to the great interior plateau of Asia, the roof of the world. That is an area where nearly all factors are in favor of the Red Forces; there is little the anti-Communist elements can do to oppose any advance.

The Chinese official news agency's version is that troops of the Mongolian People's Republic (Outer Mongolia), supported by four planes bearing Soviet markings, crossed the border into Sinkiang, or Chinese Turkestan, and marched some 200 miles before meeting opposition. That would be easy enough in those distant, desolate wastes.

The reason for the invasion, if such it is, remains obscure. Doubtless if there is military action in progress we shall have shortly some account from the other side, more familiar story of border violation or other justification for punitive action.

It is doubtful that the outside world ever will know much about what really is happening.

However, it is impossible to separate this flurax on one of the frontiers from the worldwide pattern of Russian pressure and expansion. Outer Mongolia ostensibly is an independent republic, having won its freedom from China late in 1945 as the result of a plebiscite which followed the Soviet model of near-unanimity. The plebiscite itself was one of the concessions the Kremlin wrung from China in the treaty signed just as Japan was collapsing and which carried so many seeds of Russian-Chinese discord.

But Mongolian independence is strictly qualified. The first major act of the infant republic was to sign, on Feb. 27, 1946,

(A Jewish Agency source said that from November, 1946, through (Continued on Page Four)

a treaty of friendship and mutual

1947-48 Resident Fishing Licenses Now Available

Committee Finds Federal Housing Agency "Failure"

By WILLIAM F. ARBOGAST
WASHINGTON, June 11, (AP)—

The House Appropriations Committee declared today the Federal Public Housing Authority has failed miserably to meet its purpose.

It said more than 31 percent of all public housing intended for low income tenants is occupied by persons who make more money than the maximum permissible or are otherwise ineligible.

"The EPA," it said, "has taken virtually no action to rectify this situation."

The committee said a provision of the U. S. Housing Act which called for the elimination of one slum dwelling unit for every dwelling unit built by the government "has been almost completely ignored and the slums have continued to develop and grow."

The day's bag limit per person indicated on the license as eight black bass, not less than 12 inches long, from fork to tail; 20 speckled perch; 15 jack; 20 pine, bream, shell cracker, warmouth, redeye, trout, stump knocker, other species of bream or 25 of a mixed string.

Sales or shipment of any fresh water fish except catfish, garfish, mudfish or black fish is prohibited. March is the closed season on black bass for the Fifth District which includes Seminole and adjoining counties.

During the past season, approximately \$5,181 was received at Judge Ware's office from sale of fishing licenses. This amount included 2275 resident licenses at \$2.00 each; 100 non-resident licenses at \$7.50 each and 275 of the 10 day licenses at \$2.75 each. Resident fishing licenses issued in 1946 totalled 1,175.

In order to secure a resident license a person must be a citizen of the United States who has lived in Florida for six months or more. Licenses are not transferable and should be carried on the person while fishing. No license is required for fishing with pole and line in the county of legal residence. County residents may fish with up to three poles and lines.

The day's bag limit per person is indicated on the license as eight black bass, not less than 12 inches long, from fork to tail; 20 speckled perch; 15 jack; 20 pine, bream, shell cracker, warmouth, redeye, trout, stump knocker, other species of bream or 25 of a mixed string.

Sales or shipment of any fresh water fish except catfish, garfish, mudfish or black fish is prohibited. March is the closed season on black bass for the Fifth District which includes Seminole and adjoining counties.

FBI Loyalty Checks Delays Foreign Aid

WASHINGTON, June 11, (AP)—Time-consuming "loyalty checks" by the FBI and other preliminaries raised the prospect today of a delay of several weeks in the start of full-scale American military-economic aid to Greece and Turkey and emergency relief to other countries.

Consequently, directed-individual FBI investigation of all key personnel in appraising the \$400,000 Greek-Turkey recovery undertaking and the \$350,000 relief program for European nations and China.

sociation in regard to the pro-

gram for the coming season, ac-

cording to H. H. Colman, presi-

dent. Miss Brock introduced the

program to Sanford during the

first few days of the successful

open-ballot boxes.

Caldwell Says No Money For TB Sanatoria

Governor Tells Boys State People Wanted Appropriations Without Taxation

TALLAHASSEE, June 11, (AP)—

Governor Caldwell said today the \$2,500,000 appropriated by the 1947 Legislature for construction of new tuberculous sanatoria probably will not be available for expenditure.

In a letter to Chairman W. T. Edwards of the Tuberculosis Board and to its members, Caldwell said

"in view of the fact that the Legislature failed by about \$250,000 to match its appropriations with revenue, it will be impossible to make the allocation in the near future if at all."

Addressing about 350 American Legion Boys' State delegates today, Caldwell said the 1947 Legislature failed to match its appropriations with money to meet them because "the people of the state said 'appropriate, not tax.'

He said the deficit occurred "not because the legislature was unable to add—but because the people of the state had not said that if \$28,000,000 were appropriated for schools, \$28,000,000 had to be placed in the Treasury."

"If the people of Florida had said, 'If the University of Florida is going to have 9,000 students in the next school year, and their funds must be met,' the Legislature would have met immediately," he said.

But Caldwell told the young men

"you must be over when the people

(Continued on Page Four)

Caldwell told the young men the legislature had made "great strides" in education, because the people of Florida came to the conclusion Florida's future is wrapped up in the degree of education given future citizens of the state.

"All of the troubles of the state will be over when the people

Senator Holland To Address Meet On Labor Day

WASHINGTON, June 11, (AP)—

Senator Spessard L. Holland has accepted an invitation to speak at a dinner to be held at the Mayfair Inn Labor Day night following an all-day celebration and regatta on Lake Monroe.

Eduard Higgins, manager of the Seminole County Chamber of Commerce, told the board of directors at a meeting held at the Holiday Inn last night.

Unofficial estimates placed the loss at \$1,000,000 or more. Flames destroyed equipment, machinery and plane parts as well as Navy C-45 "Skymaster" and a Trans-Pacific Airlines DC-3. One five-fighter was treated for minor injuries in the only reported casualty.

The fire started in a corner of the 200-yards long wooden hangar used by Pan-American and Trans-Pacific Airlines. It was controlled within an hour.

Higgins said a spokesman for the Seminole County Chamber of Commerce, which is in charge of the regatta, said the damage was caused by lightning.

The committee said a provision

of the U. S. Housing Act which called for the elimination of one

slum dwelling unit for every dwell-

ing unit built by the government

"has been almost completely ig-

nored and the slums have continued

to develop and grow."

The day's bag limit per person is indicated on the license as eight

black bass, not less than 12 inches

long, from fork to tail; 20 speckled perch; 15 jack; 20 pine, bream, shell cracker, warmouth, redeye, trout, stump knocker, other species of bream or 25 of a mixed string.

Sales or shipment of any fresh

water fish except catfish, garfish,

mudfish or black fish is prohibi-

tored. March is the closed season

on black bass for the Fifth Dis-

trict which includes Seminole and

adjoining counties.

Automotive Industry Faces New Strikes

MARSHFIELD, June 11, (AP)—

The automotive industry became en-

snared in new labor troubles to-

day that forced production shut-

down at plants of the Hudson

Motor Car Company and the Con-

tinental Workers developed a few

hours after 15,000 Hudson CIO

United Auto Workers refused to

cross picket lines set up by an

estimated 600 Hudson office work-

ers who are seeking wage in-

creases.

opments came within hours after

a threatened crisis had been averted

through a zero-hour contract

agreement between the CIO Uni-

ited Auto Workers and the Briggs

Manufacturing Co.

First Step Taken In Vote Fraud Inquiry

KANSAS CITY, June 11, (AP)—

The government took its first

step today in a federal in-

vestigation of the 1946 primary

election here with U. S. District

Attorney Sam M. Wadsworth

suing for a court order to impound all

records and ballots in the election.

Wadsworth said he would ask

for the injunction "to be as brief

as possible."

"I am the friend of mine and I understand there may

be a new deal at DeLand," Stein-

necke said. "If Sweeney has any

thing to do with it, I think some-

thing can be worked out and I'll

be back. But I won't return un-

til I get a decision.

Steinbecke said his resignation

was effective at 12:01 a.m.

He had given his resignation to

Jimmie Roberson, DeLand Club

president, but Roberson was un-

available for comment.

Business Manager Bill Page

said he had received no official

notification of Steinbecke's action

but expressed the opinion "things

will iron themselves out."

"Sweeney is a good friend of

mine and I understand there may

be a new deal at DeLand," Stein-

Mongol Invasion.

(Continued from Page One.)
aid with the Soviet union. Soon thereafter Moscow was sponsor-ing its application for member-ship in the United Nations, a bid which was rejected by the western powers.

Actually the Mongolian people's republic is one of the oldest examples of the puppet state, and one of the most effective. It moves at Moscow's bidding and if Russia does have designs on Sinkiang, and she has given evi-dence of such in the recent past, Mongolia would be the logical instrument for pushing them. The Mongolian army, a far-removed and feeble descendant of the hordes of Genghis Kahn before the Russians came in, now is trained, supplied, guided by the Red army.

A movement into Sinkiang would be a slow flowing back of Russian power, rather than a new expansion. Russian influence for decades has been strong in that semi-independent territory of China. The bulldogs of China, the bullions of the SWC's great Turkish Trunk-line brought it, well within the Soviet economic orbit and this hold has been reinforced by the new feedstock branches of the Turkish built and building as part of the Soviet Union's current five-year plan.

From 1934 to 1942 Sinkiang, which has a population of perhaps 4,000,000 and an area of about 600,000 square miles, was under virtual Soviet domination. Russian controlled agents, the Sov-Intorg, monopolized all Sinkiang's export trade. Businessmen, wearing Chinese uniforms, were re-pored stationed at Hami. In 1942 when Russian fortunes in World War II were low, the Chinese succeeded in negotiating a Russian withdrawal and resumption of full Chinese control.

Sinkiang lies at the juncture of three tremendous land masses: India, China and Russia. Were it more developed and less savage physically, Russian penetration there would doubtless cause immediate alarm throughout the western capitals. Should the Red But—some of the world's greatest mountain ranges and most forbidding wastelands isolate it from the great Asiatic centers of population. Even so, with India soon to be cut loose from British protection and with China in tragic upheaval, there will be

Housing Failure

(Continued from Page One.)
pared to consider cuts in Housing Agency funds for the fiscal year starting July 1.

Other general statements made by the committee included these:

1. The FPHA has failed to dis-pose of wartime housing and has inaugurated a "socialized scheme of disposition" to mutual organizations which completely ignore any veterans' preference, unless the veteran was already in occu-pant."

2. Despite the housing shortage in this country, the FPHA sold in France last year 8,110 new prefabricated units.

3. Some FPHA records were in such an "atrocious condition" that a reputable accounting firm declined to audit them.

4. The agency has followed "ex-travagant personnel policies resulting in overstaffing and duplication of work." The investigators recommended the closing of all regional offices.

5. The veterans' emergency housing program is "a dismal failure."

6. There has been definite indica-tion that the agency appears partial and paternal to the United Pupils Workers of America (CIO), and in San Diego em-ployees used their positions to intimidate local housing authorities into giving preferred treatment to CIO strikers."

7. In the San Francisco area allegations were made that building materials "were held up" by FPHA employees; that political contributions were solicited and obtained by FPHAs; that regional offices gave lucrative contracts for serving surplus material to individuals who had no facilities and took no responsibility."

8. In one instance, an FPHA desk made available to the com-mitted investigator was found "paramount" with copies of the local Communist paper."

9. Many FPHA bulletin boards carry propaganda urging pres-ure on Congress on behalf of the CIO unions and castigating Congress for its attempts to shackle labor."

Wallace Sponsors

(Continued from Page One.)
WTRR has called committee members to a meeting this day to approve and sign the report.

Senator Pepper (D-Cal.) scheduled to introduce Wallace, former vice president and secretary of commerce, on a program arranged by the Southern Conference at the Water Gate Amphitheater on the banks of the Potomac River here Monday evening.

Also on the program are Zero Mostel, radio and stage comedian; Dr. Clark Foreman, conference president; and Dr. Joseph L. Johnson, chairman of the Washington committee in charge of the event.

The conference is charging \$60 cents to \$160 for some 6,000 seats. A conference spokesman said Wallace and Mostel will be paid for travel expenses only, and net proceeds will be used for "regular work" of the organization chiefly in Washington.

State Department officials de-clined to detail the note's pro-posal immediately, but it was learned that the message on this country's tip was sent to Soviet Lieut. General N. J. Sviridov, chairman of the Allied Com-trol Commission in Hungary, with copies to Moscow and to London.

As the document was originally prepared, it accused the Royals of "unjustified inter-ference in the internal affairs of Hungary and of violating the Yalta agreement. It proposed the three-power investigation with the threat of taking the whole case to the United Nations unless satis-factory information can be turned up, absolving Russia, or the American accusations."

The late President Roosevelt,

Prime Minister Churchill, Adm-

alin and Generalissimo Stalin and Russia reached an agreement at a Yalta conference regarding poli-cies to govern occupation of en-emy, Japan.

Diplomatic officials indicated to that the term "United Na-tions" is not actually used in the text of the note as finally sent, but said there was no mistaking that an appeal to the United Na-tions is the ultimate move.

The frigid June tempestuous

by the Coast Guard Auxiliary, the directors voted to underwrite the project to the extent of \$750 after it was indicated by Mr. Coleman and Al Lee, speaking for the Coast Guard, that sufficient revenues could reasonably be expected from the affair to provide the

expenses and meet all expenses.

Frank Shames, vice president, presided at the meeting in the absence of W. V. Bitting who was ill. Mr. Coleman read the treasurer's report and George Stine reported on the American Legion's memorial project. Mr. Higgins said that the membership of the port of the trade body has been even more successful than last year, and that the organization now has 314 members.

He also commended the Seminole County delegation in the State Legislature and reported that efforts to have French Avenue made a state road have been successful and that work on resurfacing of this thoroughfare will begin in the near future.

Kiwanis Meet

(Continued from Page One.)
community, Mr. Rivers declared that WTRR is a station of strictly modern equipment. In from 12 to 18 hours it could be changed from the present AM (amplitude modulation) to FM (frequency modulation) which is the reason the tower was built so high. Power can also be increased easily by addition of but little equipment he said.

"Free men everywhere know that the purpose of the United States is to restore the world to health and to re-establish conditions in which the common people of the earth can work out their salvation by their own efforts."

"We seek a peaceful world, a prosperous world, a free world, a world of good neighbors, living on terms of equality and mutual respect, as Canada and the United States have lived for generations."

"We intend to expand our energies and invest our substance in promoting world recovery by assisting those who are able and willing to make their maximum contribution to the same cause."

"We intend to support those who are determined to govern themselves in their own way, and who honor the rights of others to do likewise."

"We intend to aid those who live to live at peace with their neighbors, without coercing or being coerced, without inflicting or being intimidated."

"We intend to uphold those who respect the dignity of the individual, who guarantee him equal treatment under law, and who allow him the widest possible liberty to work out his own destiny and achieve success to the limit of his capacity."

"We intend to cooperate actively and loyally with all who honestly seek, as we do, to build a better world in which mankind can live in peace and prosperity."

"We count Canada in the forefront of those who share these objectives and ideals."

"With such friends we face the future unafraid."

Mr. Truman, who arrived in this country yesterday with Mrs. Truman and their daughter, said that Canada and the United States had set an example to the world of living together for years "in harmony for the common good."

Canada and the United States have reached the point where we no longer think of each other as foreign countries," he said, but as peaceful and cooperative neighbors on a spacious and fruitful continent."

He added the Soviet Union would insist that the task on pre-hibiting atomic weapons be considered from the viewpoint of its "necessity." He did not change his basic position for immediately outlawing the bomb and only then for a convention setting up atomic controls.

In a speech given wide advance

of the conference, he said:

"The International Control Commission should be set up with the framework of the council, where the veto applies."

The commission should have its own inspectorate apparatus.

3. Composition, rights and obligations of the commission, as well as provisions on basis of which it shall act, shall be determined by a special international convention signed by nations."

4. The commission shall be composed of stations of the Atomic Energy Commission, shall select its personnel on an international basis, and "periodically carry out inspections of facilities for mining and production of atomic materials."

5. The commission shall check stockpiles, investigate and verify the accounting and study production operations.

6. The commission shall "have access to any facilities for mining production and stockpiling of materials."

7. Signatory states to the convention prohibiting atomic weapons must have a right to carry on "unrestricted scientific research" directed toward discovery of methods for use of atomic energy for peaceful purposes.

Meanwhile in St. Petersburg, Comptroller Clarence M. Gay said he was "confident" the State Cabinet would be "able to get by and do a good job" in running the state on funds available it during

Holland To Talk

(Continued from Page One.)

House itself was down for \$65,000. Its committee expenses and telephone bills are running ahead of estimates.

The Senate went on with debate

on the so-called Bulwinkle Bill,

concerned with railroad rate-in-
creases.

He made these other points:

1. The United States will not be "shielded" by Great Britain for two or three years if another

war occurs.

2. There "certainly will be"

a period of extreme uncertainty

in international affairs during the next five or six years.

3. Asked whether there was any other possibility for safeguard

Bride Steals Home To Trip Azaleas

Locals Score Five Runs In Seventh To Gajin Victory: A's Here Tonight

PALATKA, June 11 (Special) — A five run uprising in the seventh inning by the Sanford Celery Feds proved to be the needed margin of victory as the visitors pounded out a 6 to 5 victory over the Azaleas here last night.

Southpaw Johnny Tomat went four routes for the invaders and held the local to his scattered hits while striking out three and issuing five free tickets.

On the Sanford roster, Tom Tyler and Jimmy Tamm, both Tyler Bellini baseball stars, continued their merry pace with the bickor as Tyler bashed out the safeties in three trips to the platter and Blalock hit safely twice in five appearances.

Manager Dan Murray, Buddy Lake and Dave Brude each gathered two hits during the evening. Ernie Moller bashed out the only other hit received by the Feds.

The Celery Feds picked up their winning run in the eighth when Dave Brude stole home on a double steal.

Tom pulled himself out of the quagmire in the final frame by sending the Palatka shortstop, Danson down by way of the strikeout route with three men on the runways to retire the side.

The Celery Feds will entertain the Azaleas at the Municipal Park in Sanford tonight, and tomorrow night the Deland Red Birds invade the red home grounds.

Didn't Like School Name ... Changed It

LANSING, Mich. (AP) — Michigan State College gained the nickname "Spartans" 21 years ago when a pair of sports writers imposed the silent treatment on a contest-winning nickname and imposed one of their own.

In 1926, Michigan Agricultural College became Michigan State College and the college sponsored a nickname contest to replace "Aggies." The name "Michigan Spartans" was chosen.

However, two local newsmen decided the new name was too cumbersome for headline writers and they chose "Spartans" from among the list of rejected names.

The writers first used their own nickname sparingly, and then ventured into headlines with it, causing an uproar upon the student publication which picked it up. Eventually, the two writers first spelled the word "Spartan," and eliminated the "o" two days later on the advice of readers.

Ute Coach To Address Cornell Cage Conference

PHACAT, N. Y., June 11 (AP) — Van der Pek, University of Utah basketball coach whose teams have captured national championships in two of the last three years, will serve as instructor of the court game at the New York State Public High School Athletic Association's annual coaching school at Cornell University, Aug. 25-30.

Ute's "Iberation from favoritism" to oneself in one month recalls many cases in baseball history where a manager was signed soon after winning a pennant.

Lake Sewell brought St. Louis

its only American League pennant in history in 1944, only to be dumped by the club after the 1946 season.

The New York Yankees' Joe McCarthy won the last of seven flags and six world championships for the Stadium forces in 1945, but resigned his managerial post after the 1947 season got underway.

Most flagrant cage was that of Rogers Hornsby who won the world championship with the St. Louis Cards in 1926 but was not asked to manage the team the next year. Hornsby had the last sneer when the Cards failed to repeat in the National League.

The Cincinnati Reds recently produced perfect pinch-hitting in a double bill at Philadelphia. Eddie Lukan got two-hits in a pinch role, and Ray Mueller, Arky Wahl and Benny Zientara got one each.

The Clubhouse

By JIM BECKER
AP Newswriter Sports Writer
NEW YORK—Sports fans are notoriously fickle and their emotions fluctuate the fastest when baseball managers are concerned.

Eddie Dyer and Mel Ott, managers who handled respectively the World Champion St. Louis Cardinals and the cellar-dwelling New York Giants last season, testify to the rapid change of heart a baseball fan can exhibit.

Dyer was the toast of St. Louis when he master-minded the Cards to the big prize last October, but when the Redbirds got off to a miserable start this year the skipper must have felt like using alley entrances to ball parks.

Master Melvin is in just the other position. The Giants hadn't gone anywhere since the great outfielder took over the reins in 1942 and there were repeated howls for his scalp from the direction of the stands. This year his Giants picked up after a slow start and spent the second month

start and spent the second month

of the season flirting with a league lead. Ott suddenly has

become a second McGraw. If you win you're a hero, if you lose you're a bum. It is this reaction from the fans and press that accounts for the sunny smile on the faces of Bill McKechnie and Del Baker who have traded their managerial headches for a soft spot on the coaching lines.

Deacon Bill, reportedly the highest paid coach in the game, can sit back and watch Lou Boudreau take the rap when a Cleveland pitcher goes sour or the bunting attack doesn't produce runs.

Baker, a low sign-stealer, openly admits that he finds his Red Sox coaching job a cinch because he doesn't have to "take the second guessing from the press box."

Dyer's "Inferioration from favorite" to oneself in one month recalls many cases in baseball history where a manager was signed soon after winning a pennant.

The New York Yankees' Joe McCarthy won the last of seven flags and six world championships for the Stadium forces in 1945, but resigned his managerial post after the 1947 season got underway.

House Group Will Probe Union Reds

Un-American Activities Committee To Send Observers To Hear Wallace Talk

WASHINGTON, June 12 (AP)—Rep. J. Parnell Thomas (R-N.J.), chairman of the House Un-American Activities Committee, reported today he has received a letter threatening him with death and has turned it over to the FBI. Thomas said the three-page, hand written letter warned him of death in June and Rep. Rankin (D-Miss.), a committee member, of death in July.

Thomas said the letter is

of more serious tone than

many other "crackpot" letters

that are received frequently.

He said that he had intended

to say nothing about it and

let the FBI have full opportunity to try to trace it but

was informed that Rankin had

mentioned the threat on the

House floor.

WASHINGTON, June 12 (AP)

The House Committee on Un-

American Activities decided today

to start hearings June 23 on what

Chairman J. Parnell Thomas (R-N.J.) described as "infiltration

of Communists into the labor unions."

Witnesses, Thomas announced,

will be members of the CIO Elec-

trical Workers Union from Bridge-

port, Conn., Schenectady, N.Y.,

and New York City.

Thomas announced also that the

committee unanimously approved

a report on the Southern Confer-

ence for Human Welfare which

will be released to newspapers

Sunday. The committee plans to

send several observers to a meet-

ing here Monday, sponsored by

the conference, at which Henry

Wallace will speak.

The committee's in 1944 had re-

ported the Southern Conference

was a Communist front organiza-

tion.

Thomas also announced:

1. Upon recommendation of a

Subcommittee on Fascism, "there

will be instituted an all-inclusive

program of investigations and

hearings on Fascism." Dates have

not been set. Additional members

will be added to the committee

staff to help on the inquiry.

2. Victor Kravchenko, former

Russian army officer who worked

for the Soviet Purchasing Com-

mision in New York, will be

heard by the committee, on June

23.

Thomas said Kravchenko will

"tell us how Communism op-

erates in Russia and what we can

expect here under Communism."

Kravchenko gave up his job with

the Russian government and wrote

a book called "I Choose Freedom."

Wallace Expected To Toss Hat Into Presidential Ring

JAMESTOWN, N. D., June 12 (AP)—Mrs. Eleanor Roosevelt declined today to become a candidate for Vice President, saying "nothing could induce me to run for public office."

WANTAGH, N. Y., June 12 (AP)—Governor Thomas E. Dewey introduced at a political rally as "the next president of the United States," declared today in reply that "I am very happy right where I am." Dewey spoke at a luncheon meeting of the Nassau County Republican Committee.

LOS ANGELES, June 12 (AP)—The Los Angeles Times reported today that Henry Wallace will toss his hat in the ring for President within the next two months.

A story by Kyle Palmer, Times political editor, said that Wallace

"will be a candidate for the Democratic presidential nomination in the preferential primaries of California and in at least a dozen other states."

"Machinery looking to the organization of a Wallace-for-President committee here is in operation with the knowledge and consent of the former Vice President and cabinet officer."

The paper said Robert W. Kenney, former California attorney general and sometime Democratic candidate for governor, "and others are not yet willing to publicly identify themselves with the Wallace revolution" were supporting the movement.

Meat Prices Reach New High; Sugar Rationing Is Abandoned

Babe Didrikson Wins British Open Golf Tournament

Texas Tomboy Vanquishes Jacqueline Gordon 5 And 4

CEILANE, Scotland, June 12 (AP)—Mrs. Babe Didrikson Zaharias of Denver, became the first American ever to win the British women's amateur golf title today by defeating Jacqueline Gordon of London, 5 and 4, in the 36-hole final.

Held even during the morning's 18 hole round while she was dressed in grey culottes and a yellow sweater, Mrs. Zaharias switched to her black dress of blue corduroy slacks at the lunch hour and quickly won a five up advantage in the first six holes of the afternoon.

She was out in 36 as compared to women's par of 37, blasting an eagle three on the 20th hole.

On this hole Babe outdrove her opponent by almost 100 yards and dropped her second 18 feet beyond the cup. She rammed home the long putt for the eagle three.

She needed three strokes to reach the green on the 21st while Miss Gordon overhit the carpet in the same number of blows.

Babe's next was to within 10 feet of the cup and she dropped it for a par five. Miss Gordon seemed to be wavering after Mrs. Zaharias' display of power and needed a six.

The gallery had grown to huge proportions with the word, "phenomenal," heard most frequently. Babe won two more holes and was five up on her London rival.

Hillside, native hope to keep thin skin in Britain, chose her second on the twenty-third into a bunker while the Babe played it safe and won, five strokes to six.

The American challenger pulled her drive hardly of the 24th, sending it into the crowd in the rough.

" Didn't hit anybody, did it?" she asked the steward.

"I don't want to hit nobody," she explained.

Mrs. Gordon's drive was 40 yards further down the fairway but her second went into a bunker while Mrs. Zaharias' recovery landed on the green, 35 feet from the cup. She measured the distance carefully. The putt hung on the lip and she was down in four.

The native Texan carried the five up advantage through 27 holes, reaching the turn of the 36th hole.

Anderson gave three specific reasons for his action: 1. The International Emergency Food Council allotted the United States

Memorial Services Held For Mrs. Root

Soil Conservation District Is Planned

Memorial services were held on Tuesday afternoon at 2:00 o'clock in the Congregational Church for Mrs. J. H. Root, wife of the Rev. J. B. Root, who died in Johns Hopkins Hospital in Baltimore, Md., Friday, June, following a long illness.

The services were conducted in the heat of the summer, at the Court House in regard to establishment in Seminole County of a soil conservation district. It was announced this morning by County Agent C. H. Dawson who said that he had a petition with the 25 signatures of residents necessary to bring about the hearing.

If the testimony is favorable and funds are available the Soil Conservation Department will establish the Seminole County

soil conservation district, and their engineers will establish a complete survey of drainage.

Five growers will then be selected as a board, and these in turn will select the projects to be carried out. The overall survey will be performed by the many privately owned farms.

Members of the Daughters of the American Revolution, of which Mrs. Root was an active member, attended the services in a body.

Truck Driver Killed In Ringling Tent

BALTIMORE, June 12 (AP)—Five shots touched off a string among the tents of the Ringling Brothers Barnum and Bailey Circus at breakfast time today and police found the body of a circus truck driver tentatively identified as Richard Sheahan, 46, of Arlington, Va.

There were five bullet wounds in the victim's chest and belly. Capt. Oscar Koch, state witness, told him three men were seen running from a tent when a dozen other drivers were washing and shaving.

The body was found inside a stack of tires under the front flap of the tent. Reporting he had encountered "considerable resistance" when he mentioned the circus men, Captain Koch ordered five drivers held for investigation. No gun was found.

SWEDEN IS SHOT

STOCKHOLM, June 12 (AP)—The Swedish Foreign Office said today it had been advised by the Swedish chargé d'affaires in Vienna that a car belonging to the Swedish relief mission in Austria had been fired upon by Russian soldiers early last evening.

The foreign office said the driver of the car, identified as a man by the name of Carlsson, had been killed and that Torsten Arneus, leader of the mission, had been wounded.

Truman Seeks To Continue Credit Rules

Consumers Affected On Installments; Truman Continues His Tour Of Canada

WASHINGTON, June 12 (AP)—The bawling steer and the grunting hog jumped back again into the public spotlight today and there were unnumbered charges and counter charges in explanation for the sudden boom in meat prices in livestock markets and in butcher

shops.

Average price of steers and yearlings at Chicago yesterday rose to an all-time record high at approximately \$26.00 a hundred pounds according to the Department of Agriculture. This topped the peak of \$25.40 established last October immediately after the OPA ceilings were removed. For the first time since Mar. 5 the top reached \$30.

Live hogs have not advanced as sharply as beef cattle, the tone yesterday being \$24.75 a hundred pounds compared with \$30.00 on Feb. 25.

Cattle receipts at Kansas City yesterday, the largest for a June 11 in 25 years, advanced to the best price since January.

While the price for top grade cattle is lower, the Department said steers of medium and low goods are higher than last October. A smaller percentage of strictly good and choice cattle are arriving and the price spread between various grades is narrowing.

Unless Congress does this, Mr. Truman said he plans to end the present regulations, based on wartime legislation. These regulations, under executive order, fix the size of down payments and fix the length of time in which the balance due must be paid by installments.

These controls affect purchases of such things as household goods, refrigerators and automobiles.

Mr. Truman's views were stated in a letter to Mariner B. Eccles, chairman of the Federal Reserve Board, which yields the controls on installment-buying credit. Eccles read the letter to the House Banking Committee when he asked the committee to pass a measure giving the reserve board power to continue operation of controls in peacetime.

Meanwhile, President Truman wound up his trip to Canada with a holiday from official business, today before starting back to Washington tonight. He has been given a new special train, a 11-car special, to travel on the Canadian Pacific.

The last ration book can be thrown away. However, sugar price controls remain. So does rationing of industrial sugar. But these two evils are scheduled to end Oct. 31.

Secretary of Agriculture Anderson ordered the sugar ration end yesterday, thus beating the Republican-controlled Congress to the draw. The House had set for a vote today a bill calling for an immediate end to household sugar rationing. A Republican spokesman indicated Congress would go ahead with the bill to make sure no return to controls could be ordered.

Anderson said he had acted because larger quantities of sugar are available. Asked by a reporter whether the pending congressional move influenced his action, he said: "A better way to put it would be: Did Congress hurry it because it knew this action was coming?"

Sugar was the first food rationed and the last freed from coupon control.

Anderson gave three specific reasons for his action: 1. The International Emergency Food Council allotted the United States

(continued on page three)

Guernsey Elected Head Of Rotary International

SAN FRANCISCO, Calif., June 12 (Special)—At the 30th annual convention of Rotary International, which winds up its five-day session here today, delegates representing 6,200 Rotary Clubs with a membership of 302,000 business and professional executives in 61 different countries, elected S. Kenneth Guernsey of Jacksonville, Fla., as president of that organization for 1947-48.

Mr. Guernsey is executive vice president of the Gulf Insurance Company of Jacksonville, and since 1933 has been secretary of the National Boys and Girls Club of Florida. He will correlate the whole drainage area and provide a master plan for drainage now performed by the many privately owned farms.

The program of soil conservation hearings has been initiated by the Extension Service of the Department of Agriculture at Gainesville, he said.

Certain county owned ditches have been designated for cleaning soon by the drainage committee of the Seminole County Farm Bureau, said Mr. Lawson. Leo Bullock is chairman of the committee.

The program for soil conservation will be carried out by the many privately owned farms.

The program of soil conservation hearings has been initiated by the Extension Service of the Department of Agriculture at Gainesville, he said.

Elected to Rotaract, 1947-48

board of directors was Tom Benson of Sussex, England; Largo Bonita of Brazil; Daniel de Jongh of Rotterdam, The Netherlands; Gil J. Putyat of Manila, The Philippines; Charles Jourdan-Gasson of Nice, France; Aly Emine Yehia Pasha of Alexandria, Egypt; and six additional directors from the United States and Canada.

One of the largest conventions held anywhere in recent years, and perhaps the most international, the Rotary Convention attracted more than 13,000 Rotarians and members of their families from some 50 different countries.
