

## Vessel Sinks

(Continued from Page One)

by since early morning.

The Kjoebenhavn was traveling between Copenhagen and Aalborg when she hit the mine. Aalborg is northwest of Copenhagen across the Kattegat.

The company said the ship went down in 10 minutes, four miles south of the Aalborg Bay lightship in the northern part of the Kattegat. Early reports to the company, it said, indicated only two lifeboats were lowered before the vessel sank.

Crowds of relatives of crew members and passengers assembled in front of the D.F.D.S. office in Copenhagen when the company was not able to furnish them with any information about the survivors.

The only complete passenger list was aboard the Kjoebenhavn, and company officials in Copenhagen are trying to reconstruct it.

The Danish state railway put three extra trains into service from Copenhagen to Aalborg. They will stop en route to pick up relatives who will be carried to Northern Jutland free of cost.

One official said about 200 of the passengers probably were asleep in their berths when the explosion occurred. The rest traveled stateroom and most of them spent the night in deck chairs.

When news of the disaster spread in Copenhagen flags were lowered halfmast on all ships in the harbor. Aalborg city is also in mourning.

The Danish state radio cancelled its regular programs to send out news bulletins of the disaster.

First survivors brought ashore were a miserable group of exhausted, wounded men and women.

## Oviedo News

Special to The Sanford Herald

By MARIAN R. JONES

The Camelia Garden Club of Oviedo closed their season with a covered dish picnic at Sweetwater Park. The honor guests were Mrs. A. W. Epps and Mrs. Ginn of Sanford. The principal speaker, Mrs. Epps, gave an interesting lecture on "Wild Trees and Their Shrubs That Can Be Moved Successfully Into Your Yard."

Those enjoying this party included Mesdames C. R. Clonts,

men. Most of them did not know whether kinfult with them on the vessel were dead or missing.

They told of seeing frantic passengers jumping off the foundering vessel, some with children in their arms.

"I was asleep in my berth below deck and was awakened by a terrific noise," said Helge Petersen, a business man from Aalborg.

"I did not realize what had happened, until I heard the sound of splashing water through the corridor followed by cries from a woman apparently in agony. I thought she was seasick, but suddenly I knew everything."

"I grabbed my trousers, rushed to the deck and jumped into a veritable bedlam. Men and women fought to reach the rail. Other tried to get away from the rail while crew members were pushing people into the water. I climbed a ladder in a frantic race against rushing waters, when the Kjoebenhavn went down."

"I won and clung to the ladder just above the water, exhausted beyond belief, for two hours until help arrived."

A swimming party and weiner roast were enjoyed by the members of the fourth grade at Sweetwater Park, given by Mrs. H. D. Ellis, homeroom mother, and Mrs. Walter Teague, teacher of the grade, assisted by Mrs. Mathers, Mrs. Doc Malcolm, Mrs. Smithson and Mrs. Lotz. Those attending were Buddy Boatwright, Albert Ellis, Robert Pryor, Owen George, Walter Hilliard, Glenn Lee, Louis Lotz, Keith Malcolm, Lorne Mathers, Terry McMahon, Myron Willis, Marvin Wye, Harry Partin, Doris George, Betty Millikan, and Dorothy Simmons.

A Stanley Products party was sponsored by the Bethany Circle of the Oviedo Methodist Church at the Oviedo Woman's Club. Bingo was also enjoyed by the following: Mesdames Don Ulrey, Roy Clonts, Jr., Merritt Ulrey, Bill Colbert, Marion Estes, Donald Leinhardt, Rosemary Tesinsky, Walter Teague, Lionel Nelson, Ann Thompson, Jim Stanley, C. T. Niblack, Bill Martin, M. L. Gary, Roy Clonts, Jr., Bill Meek, Marguerite Partin, and Misses Jane Seacrest, Thelma Lee and Ann Leinhardt. Orange Juice and homemade cookies were served

to the guests.

The newly appointed committee chairman of the Oviedo Woman's Club have been announced by Mrs. J. P. Cox, president of the Woman's Club. Those appointed were Mrs. Louise Martin, House Chairman; Mrs. T. L. Lingo, music; Mrs. Lena I. Hunt, Legation; Mrs. Augusta D. Covington, Health; Mrs. Max Leinhardt, Red Cross; Mrs. Sparks Lee Clonts, Girl Scouts; Mrs. Lucille Niblack, Building Chairman; and Mrs. Marian Jones, Hospitality.

Invitation was by the Rev. J. E. McKinley, welcome by Herbert Stenstrom and the benediction was given by the Rev. Mark Carpenter.

Other planes of the same company, which serves Southern Mexico, said the wreckage of the plane had been sighted from the air. Lack of communications in the region slowed reports.

The bodies brought here were those of Capt. Vicente Manzano, inspector general of the Chiapas state police; the pilot, Capt. Enrique Cano, and co-pilot Francisco de Ochoa.

Unconfirmed reports said 13 persons and the pilot and co-pilot were killed when a Servicios Aereos de Chiapas plane crashed in a

landing at the ranch.

## Hi School Grads

(Continued from Page One)

highest grades and perfect conduct, and which, Mr. Lawton pointed out, is one of the most difficult prizes to obtain. He declared that Miss Whitner richly deserved the medal.

Immediately after this presentation, Jane Whitner, sister of Dorothy, was presented by Mrs. Francis E. Bok with the D.A.R. award for her high 98 average in history. Jane Whitner thus was again honored, for she recently won a medal from the Colonial Daughters for a patriotic essay, received the key from the school for the highest average in history, and also won a \$100 cash prize from radio station WTRR in a general quiz program. Her history teacher was Mrs. William B. Wray.

Amid loud applause Herbert Stenstrom, president of the senior class, and Frances LeFils were presented by State Senator L. F. Boyle in behalf of Campbell-Lessing Post 53 of the American Legion, with the Legion awards given annually to boy and girl graduates on the basis of character and scholarship.

Eugene Kendall, graduate, was singled out by Senator Boyle, offered the praise and thanks of the American Legion for his services as a bugler at funerals of veterans and was presented with an Elgin wrist watch.

The seven veterans who received diplomas were: Benjamin Mills, S-1c USN, who had three years and four months of naval service before he returned to high school; Pfc. James Rigney, who had 15 months of army service at various camps; Sgt. J. E. Smith of the Orlando Air Base, who had 28 months service in the European theater of operations.

Two brothers, Vernon and William Hargis were called forward together by Mr. Morris to receive their diplomas. Vernon with a rating of EM-2c had two years of service in the Navy, and William, AERM-3c had 20 months of naval service in the Pacific theater of operations. The other veterans were J. C. Franklin, S-1c USN, and Donald H. Meyers, T-5 of the 24th Division who saw two years of service in the Philip-

## Longwood

By A. PIERPONT MENICK

A delightful bridal shower in honor of Ernestine North, a bride this week was an event of Thursday afternoon by Mrs. Rayburn Milwee and Mrs. James Payne in Library Hall. Seventy-five guests were invited. A green and white motif was carried out in decorations, green and white calladiums with ferns surrounded the punch bowl and were scattered about the hall. A magnificent plant of Pandanus from Mrs. Bistline was a center of attraction. Many elegant gifts were received by the honoree. Miss North is to be married to Morgan Patterson of New Orleans at 6:00 o'clock P. M. in Longwood Baptist Church. The ceremony will be followed by a reception at Longwood Hotel.

The Home Demonstration Club had an end-of-the-season picnic in Sunnyside Park Thursday noon 22 members and guests enjoyed this affair.

A musical program by Lyman Glee Club under direction of Mrs. Milwee and piano numbers by Mrs. Edgar Mitchell of Sanford, and several of her pupils was attended by a large and enthusiastic audience Tuesday night.

The baccalaureate sermon for Lyman graduates was preached by Rev. Nath Thompson in Lyman Auditorium Sunday night.

Commencement address for graduates will be by Station University Dean of Men Wednesday night in the Auditorium.

At Christ church services for remainder of month of June will be at 9:30 o'clock in the mornings of Sundays.

Mrs. Maude Tupper with her first grade children and home room mothers are having picnic outing at Sanford Zoo and luncheon in Big Tree Park.

## ELECTRIC WATER HEATING

## LOW ELECTRIC RATES

## PLUS FOWLER EFFICIENCY MAKE THE ELECTRIC

## WATER HEATER THE BEST BUY FOR YOUR HOME

Decide to heat water electrically and you can start counting the pennies it saves right now. Yes, low electric rates in this area combined with the efficiency of the Fowler electric water heater assure you the least cost for automatic hot water.

Because the Fowler is scientifically insulated 3 ways to retain the maximum heat, it requires a minimum of electricity. Long-life "black heat" elements also help reduce heat loss, and provide trouble-free operation for years to come. Fowler elements are covered the tank instead of in the tank, eliminating maintenance costs from spud or gasket leaks, lining and scaling in the tank. Fowler's rust-resistant porcelain-lined tank insures absolute protection from tank-rusty water.

Thirty-three years of manufacturing so fine a product enable Fowler to back every water heater with a 20-year replacement guarantee. Start on the road to new water heating economy with your order for a Fowler Electric Water Heater now.

## Draft Measure Is Delayed By House Group

Vote Is 6-4 To Send Bill To House Floor Debate This Week; Passage Is Assured

WASHINGTON, June 14. (AP)—The Rules Committee voted 6-4 today to send the draft bill to the House floor for debate later this week.

The decision has been pending in the Rules Committee since May 7. Before the vote was taken Chairman Andrews (R-NY) of the House Armed Services Committee appealed for the measure to be cleared to the House floor.

Rep. Dewey Short (R-Mo.), leading draft opponent in the House, opposed the action by the Rules group.

Passage of the bill is considered virtually assured. Similar legislation passed the Senate last week.

The committee balloted after a final two-hour open session and a half-hour behind closed doors.

Chairman Leo E. Allen (R-Ill.) refused to say how committee members voted. He said, however, that only one roll call was taken.

A motion to table the bill was defeated 7 to 3, Allen said. The committee decided to allow three hours of general debate on the bill. It will be open to amendments, and one motion to recommend the bill to the Armed Services Committee will be allowed.

Meanwhile Senator Ives (R-NY) complained that the Republican-backed bill to change the Reciprocity Trade Agreements Act gives the tariff commission what amounts to veto power.

Senator Millikin (R-Colo.), floor manager for the measure, disagreed but promised to consider an amendment offered by Ives.

Ives raised the point as the Senate opened debate on the bill to revise and extend the foreign trade act of 1947. Voting on amendments and then on the measure itself is scheduled to start at 4 P. M.

Under the bill, the Federal Tariff Commission would have to investigate and hold hearings on trade agreements before the President could sign them.

Ives contends the commission's studies might take so long that the trade program would bog down. Or, he added, it might be down to report to the chief executive. He said that, in effect, would give the agency veto power.

Ives later offered an amendment. (Continued on Page Six)

## May Sales Reports Indicate Price Drop In Most Commodities

The May sales report of the Sanford State Farmers Market indicates that prices of commodities, on the whole, were lower than in May, 1947, according to figures released by Market Manager H. J. Lehman.

Produce during the past month brought \$230,247 for 107,432 units compared with \$266,848 received for 144,564 units in May, 1947.

Florida produce brought \$220,402 and out of state produce, \$3,844.

Green beans led with total sales of \$18,328 at \$1.45 unit average. Oranges at \$2.20 average a box, brought \$34,091.

Golden celeriac averaged \$2.05 a box and brought \$21,902. By the sack corn averaged \$1.90 a box brought \$8,153.

Cabbage was down to 90 cents a sack and brought \$19,012. Peppers averaged \$2.74 a bushel and brought \$18,292. Sweet corn had a good sale at \$3.28 a crate for 4,011 crates. By the sack corn averaged \$2.54 for 4,684 sacks.

Cucumbers at \$4.37 average brought \$12,987. Okra with only 262 bushel hampers averaged \$5.54 a hamper. The largest import was 250 sacks of Maine potatoes at \$5.18 per 100 pound sack. Florida potatoes brought \$1.43 per 50 pound sack for 2,914 sacks.

**BASS LIMIT**  
Wade Singletary reveals he and Chester Canada each caught 2 bass yesterday, averaging 2 pounds per fish in the St. Johns River.

Mr. Singletary says they were using a top water plug and caught their limit in about 2 hours time, however they wouldn't reveal the location in which they caught their fish.

**SHERIFF'S CONVENTION**  
Sheriff P. A. More will leave tomorrow for the two day convention of sheriffs at West Palm Beach.

The sheriff was in a happy frame of mind this morning, due to having recovered today, his police dog, who got lost in New Smyrna last week.

## Tells Press Of Palestine Truce

SECRETARY GENERAL of the United Nations, Trygve Lie (left) tells newsmen at Lake Success, N. Y., that both the Arabs and the Jews have accepted unconditionally the four-week truce effected by Count Folke Bernadotte, U.N. mediator in the Holy Land. A three-nation coastal patrol has been requested by the Count to guard against any attempt by either side to reinforce its fighting men. (International)

## City Recreation '48 Celery Prices Hit Lower Markets Than '47 Season

### Director Ganas And Assistants Reveal Summer Program

Plans for the City Recreational Program were explained at the Rotary luncheon today by Fred Ganas, recreational director, and his two assistants, Linda Gingles and Hugh Carlson. They were introduced by Andrew Stine who promised the co-operation of the Rotary Club.

Mr. Ganas said that a letter has been written the parents of all the children in the Sanford public schools informing them of the program and asking them to send their children to the playground where their activities will be carefully supervised.

He pointed out that a system of awards based on points given for good conduct, sportsmanship and improvement will be worked out and that a field day will be held at the end of the summer to which the public will be invited.

The children will be taken swimming twice a week, where they will receive instruction in swimming and diving.

The need for a city playground was emphasized as well as additional equipment and recreational facilities. County school property will be used this summer, Mr. Ganas said, with the playground at the Grammar school being the center of activities.

Mr. Carlson said that efforts would be made to provide some sort of sport or recreation for every individual and that no one would be allowed to go home dissatisfied if possible. "Our aim is not over-spoken," he said, "but our goal is high."

Mrs. Gingles who has charge of the girls' program said that lessons would be given in tennis and swimming and that other sports like ping pong, volleyball and a miniature bowling alley would be available for the different age groups. She also said the girls would be taught how to make robes, rugs, lamp shades and other things which might be used in decorating their rooms.

President Gordon Branson presided. Visitors included John Homan of Bartow and Charles G. Marian of Lakewood, N. J.

**FLAG DAY**  
Flags were on display throughout the downtown section today in honor of Flag Day.

When General Washington assumed command of the colonial forces at Cambridge, Jan. 2, 1776, the "Grand Union" flag which had 13 red and white stripes with a blue canton with a white union jack in a blue canton, was raised.

This flag was generally used by the Revolutionary forces until Aug. 2, 1777, when a hurriedly improvised flag with 13 red and white stripes and 13 white stars on a blue canton was raised over Fort Mifflin at Philadelphia.

The new flag had been authorized by the Continental Congress on June 14, 1777.

**New Fever Spread By Mice Is Told Of In American Medical Journal**

By HOWARD W. BLAKESLEE  
Associated Press Science Editor

NEW YORK, June 14 (AP)—A new fever, discovered in New York City, spread by mice and resembling typhus, smallpox and chicken pox, is described in today's June issue of the American Journal of Medicine.

This disease, called rickettsial pox, is not fatal, but it makes people mightily sick for a few days with fevers that may run up to 104.

Dr. Morris Greenberg, who describes the discovery, says the disease probably is old, but that it has not been recognized before. It is spread by tiny mites on house and field mice.

These mites have been found on mice in Egypt, the District of Columbia, Philadelphia, Indianapolis, Boston and Tucson, Ariz. Mice may have them everywhere. Up to now scientists haven't been interested in hunting because no evil was known of the mites.

The fever was first detected in Queens, one of the New York boroughs, on Long Island, in 1946. There an epidemic hit a small area of 69 three-story buildings. They housed 2000 and in them six per cent of the adults and five per cent of the children had the peculiar fever.

Dr. Greenberg said the disease probably was imported into Queens, but where from is unknown. Last year the fever was found again in four New York City boroughs, but there were fewer cases.

## Anti-Lynch Bill Is Approved By Senate Group

Southern Democrats Vow Bitter Fight; Chance Of Passage This Week Remote

WASHINGTON, June 14. (AP)—The Senate Judiciary Committee today approved 10 to 3, a bill to make lynching a federal crime. A Southern opponent promptly promised to "fight it to the bitter end."

The bill, conceded only a remote chance of Senate passage during the closing week of this session, would provide criminal and civil penalties against members of a lynch mob.

Senator Ferguson (R-Mich.), chief committee backer of the legislation, still held out a hope for time on the jammed Senate schedule to consider it. Southern Democrats have promised to try to kill it by any means at their disposal.

The Republican Policy Committee has placed the bill high on its priority list without actually assigning it any time.

Voting against the measure at a nearly three-hour closed committee session were Senators Moore (R-Okla.), Eastland (D-Miss) and Fulbright (D-Ark.).

Favoring it were Chairman Wiley (R-Wis.), who announced the results, and Senators Langer (R-Ind.), Revercomb (R-W.Va.), Donnell (R-Mo.), Cooper (R-Ky.), Ferguson, McCarran (D-Nev.), McGrath (D-R.I.), Kilgore (D-W.Va.) and Magnuson (D-Wash.).

Eastland said he will try to defeat it with every means at his disposal.

"The statement is made that what is in the bill is already in the law," he told reporters. "If that be true, then the bill is an unnecessary measure."

**Mrs. Harden Resigns As School Trustee Of Seminole County**

The resignation of Mrs. George C. Harden as a school trustee of Seminole County was accepted "with regret" at a meeting of the school board, Friday.

After reviewing a petition from school patrons, the board appointed Mrs. A. D. Rountree to succeed Mrs. Harden, subject to approval of the State Board of Education.

The other two trustees are R. F. Cooper and Roy Howell.

Recommendations of the State Survey Committee on schools as to expenditures of the capital outlay fund, were adopted, said Mr. Lawton.

Bids for celotex surfacing for class rooms were received, and Supt. Lawton announced that the school board would purchase from those bidders able to make early delivery of material.

H. J. Gut, insurance agent, was requested to make a study of the insurable value of school buildings in Sanford and to report his findings in the near future.

Miss Ruth Hand was re-appointed as supervisor of instruction. Other appointments were: Maggie Evans as supervisor in English; Mrs. Oscar Price, supervisor of music; Mrs. Mildred Babcock, art supervisor; Mrs. C. M. Boyd as part time attendance officer; Mrs. Gertrude Gilbert as office secretary to Supt. Lawton; and Mrs. Ruth Kirch as office clerk.

The following teacher appointments were made for the Lyman School at Longwood: Mrs. Gene Carlson, first grade; Mrs. Hettie McNamara, third grade and Mrs. Edna Pinkerton, home economics.

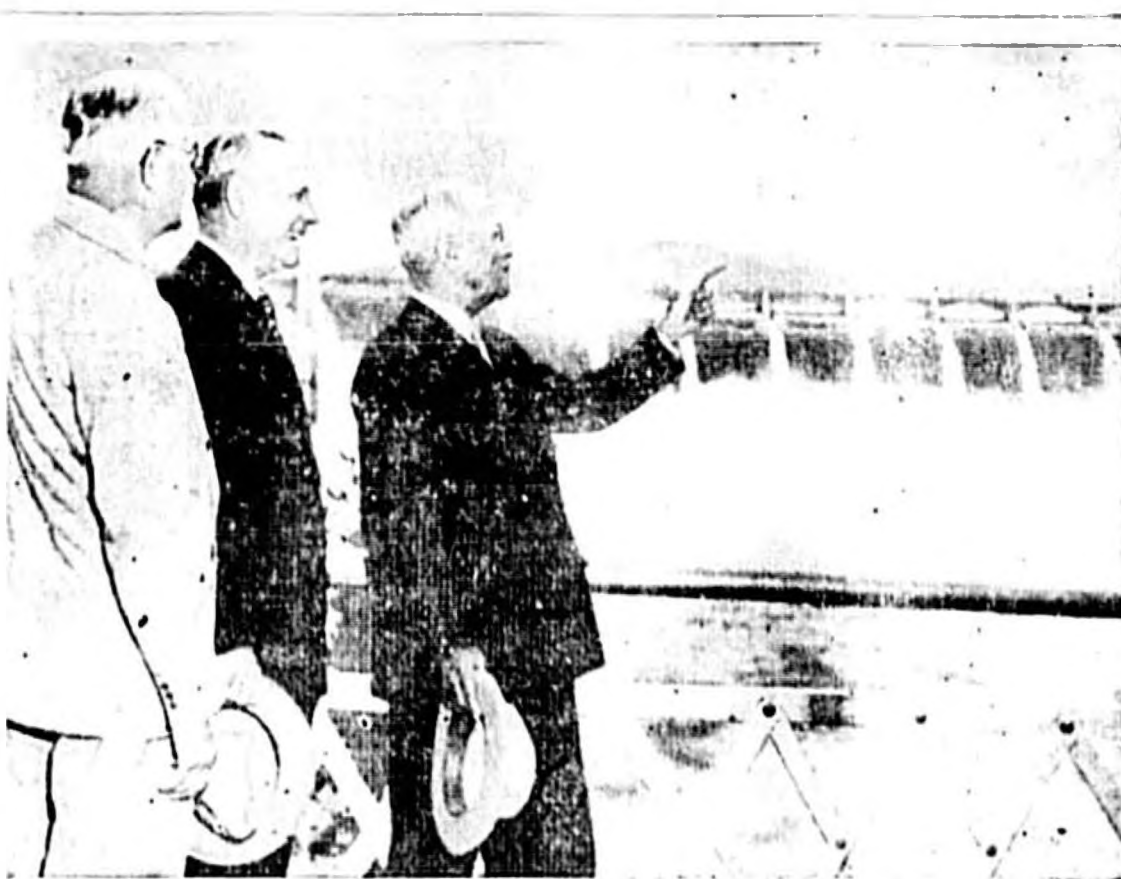

The two week quarantine rule required of pupils coming to Seminole County from other counties or states, and for pupils leaving the county and returning was rescinded, Mr. Lawton revealed.

This action he explained was due to the fact that most other counties in the state had rescinded such requirements, and because the health units feel that they are an unnecessary burden to principals and patrons. It will therefore not be necessary for students taking vacations out of the state to present health certificates in order to enroll, he declared.

**CUBA ARREST**  
W. T. Cates, pool room operator, was released on bond, Saturday after being arrested on a charge of operating a lottery for sale of "Cuba."

Records of the lottery were found at the time of the arrest in the pool room on First Street, Police Chief Roy G. Williams said this morning. Patrolmen who arrested Chief Williams in making the arrest at 10:00 A. M. were Frank Rickett, Max Bam and J. H. Patterson. The case is pending.

## President Pays A Visit To Grand Coulee Dam

ROARING COLUMBIA RIVER FLOOD WATERS pour over the spillway of the vast Grand Coulee Dam, Washington, as President Truman (center), Gov. Mon C. Wallgren (left), and Frank B. Rowley, Chief Engineer of the dam, pause to inspect the huge irrigation and flood control project. In an unscripted speech in Olympia before a convention of the Communication Workers of America, an independent union, the President said, "four remedies" for doing away with the Taft-Hartley Act. November 1948. (AP)

## Gottwald Is Made 1st Red President Of Czech Nation

New Leader Is Hailed As A Socialist In A Socialist Country

PRAGUE, June 14. (AP)—Czechoslovakia's first Communist president was elected and took office today.

Premier Klement Gottwald was elected by a show of 296 hands in a public parliamentary election held in 16th century Vladislav Hall, and was hailed by speaker Oldrich John as "a Socialist president in a Socialist country."

Apart from Gottwald and a woman deputy who resigned three days ago, only two voters were not accounted for among the 300 members of parliament, who include 214 Communist Party members.

The new president swore allegiance to the People's Democracy Constitution, went into the Vladislav Hall to review troops and police, and then crept back into the courtyard where Catholic Archbishop Josef Beran greeted him and Mrs. Gottwald at the door of St. Vitus Cathedral.

The archbishop, clad in brilliant scarlet robes, shook hands heartily with the presidential couple and then escorted them into the church for a Te Deum (thanksgiving) mass, sung to an Ambrosian chorale.

An audience which packed the ancient Vladislav Hall applauded the election long and loud and chanted:

"Attila! President Gottwald—long live President Gottwald!" They joined in singing the National anthem.

The British, French and United States, Chinese and Russian ambassadors headed the diplomatic corps present. Twice the Czechoslovak radio commentator noted that Laurence Steinhardt, American ambassador and dean of the corps, was present.

Military and naval attaches of embassies also attended in uniform. Eduard Benes, who resigned as president a week ago, was not present at the election of Gottwald.

**High School Library Will Remain Open**

Seminole High School library facilities have been made available to students during the summer months. It was announced today by Miss Edna Chittenden, school librarian. A vacation reading club is being organized.

The school library will be open from 10:00 A. M. to 2:00 P. M. on week days. Prizes will be given to the three students who make the best all around book review reports. To compete students are required to read 10 books which have been approved by the librarian and which include one biography and one travel book.

Except for a short period, the library will be available to the students all summer, said Miss Chittenden. Students who have just graduated from the eighth grade or high school students are eligible to join the reading club.

## President Says Only Opponents Call His West Tour 'Political'

LOS ANGELES, June 14. (AP)—President Truman said today that only his opponents consider his cross-country campaign a "low-down political trip."

He was to receive James Roosevelt, son of his predecessor in the White House and chairman of the Democratic State Committee, at his hotel today.

Military and civic leaders, headed by Los Angeles Mayor William W. Parson, headed the welcoming committee. Honors were paid by Marines and a Navy band as the chief executive left for his headquarters at the Ambassador Hotel.

Truman, dapper in a brown suit, appeared on the train's back platform. Asked how he felt, he said: "Oh, you always feel fine in California." Mrs. Truman and daughter Margaret, with him, were presented with carnation leis by wives of Los Angeles newsmen, who brought the President's party under no-political auspices.

To the cheers of a small crowd which edged by the barriers at Union Station, the President arrived from San Francisco at 10:10 A. M. Pacific Daylight Time.

The President, with Mayor Fletcher Bowron and Walter Aves, chairman of the board of the Greater Los Angeles Press Club, Mr. Truman's host, were assigned a salmon pink convertible. The President's talk at 3:15 P. M. is under auspices of the city.

The strike had been threatened by the seven unions involved for any time after tomorrow midnight. It would involve dock workers on the East, Gulf and West coasts as well as the seamen who man most of the nation's merchant shipping.

The injunction, asked by the Department of Justice acting under orders from President Truman, was granted by Federal Judge John W. Clancy.

The injunction specifically named the National Maritime Union, the Marine Engineers Beneficial Association, and the American Radio Association, all CIO affiliates.

**Miss Rivers' Injured Saturday, Condition Is Said Unchanged**

The condition of Miss Catherine Rivers of Sanford, who was taken to a hospital Saturday in New Smyrna after being thrown from her horse, was today reported by relatives as about the same.

A brain specialist was called to investigate a possible concussion, it was reported. Miss Rivers is said to have been unconscious for two hours after the accident, and then only regained consciousness at intervals. X-rays revealed no broken bones.

Details as to the exact cause of the accident are lacking, but Sheriff P. A. More, who is a member of the Dusty Boots Riding Association, was present at the races, was of the opinion that the borrowed stallion which Miss Rivers was riding leaped ahead in a girl's race, suddenly bolted and made for an opening between automobiles parked on the beach, and as she was thrown or fell, Miss Rivers slid on the beach, colliding with one of the parked automobiles.

Miss Rivers has been an active member of the Dusty Boots Riding Association and during the past year has served as secretary to Raymond M. Ball, president of the Sanford Board of Realtors. She also attended the Sanford Vocational School.

**Palestine Has Quiet 1st Time In Months**

CAIRO, June 14. (AP)—All of Palestine's scattered fronts were quiet today as the Holy Land experienced its first peaceful day in six and a half months.

The Israeli government announced it was complying with the four-week armistice. Disagreement developed, however, over the question of food convoys for Jerusalem's 90,000 Jews.

The Truce Commission met in the Holy City to frame a report to Count Folke Bernadotte, the United Nations mediator, on the Jewish refusal to permit a check of convoys at Bab El Wad.

Bernadotte himself was in Rhodes setting up headquarters for negotiations designed to turn the present armistice into lasting peace.

## Truman Vetoes Bill Raising Aged Benefits

Says He Acts In Time For Congress To Re-vise Measure Which He Calls Piecemeal

WASHINGTON, June 14. (AP)—President Truman vetoed today a bill increasing needy aged benefits asserting it would bar 750,000 persons from old age insurance.

Mr. Truman said he was acting on the bill in "adequate time" for Congress to change it. He assailed "these piecemeal attacks" on the Social Security Program.

The vetoed bill carried an additional \$184,000,000 annual federal contribution at the rate of \$5 a month for needy aged persons and the blind, and \$3 a month for dependent children. The states match these grants. Mr. Truman said these increases "fall far short" of what he requested.

But another section of the bill blocks extension of old age insurance—financed by payroll taxes—a group composed largely of salesmen who work for commission and over whom no employer exercises direct control.

The veto message assailed this section.

Simultaneously, on Capitol Hill, the House passed another Social Security measure and sent it to the Senate. It would make it possible for an additional 3,500,000 persons to participate in old age insurance.

The veto and the bill passed today cover two main divisions of the Social Security Program: (1) Direct grants for the aged, the blind and the dependent children, and (2) insurance for old age retirement paid for by employers and workers through 1 percent payroll taxes.

The vetoed bill would have allowed a federal-state payment of \$50 monthly for each needy aged person and blind person, and \$27 a month for a dependent child. Size of the payments are set by the states.

Were it called simple time to (Continued on Page Six)

**St. Johns River Trail Association Is To Meet Tomorrow 10 AM**

The St. Johns River Trails Association will meet tomorrow morning at 10:00 o'clock at the Tourist Center with Edward Higgins presiding. About 20 representatives of cities on the inland "trail" between Jacksonville and Miami are expected here.

Plans for an advertising campaign for the coming year to publicize the route will be made, said Mr. Higgins, and it is possible that officers of the Association will be elected.

In his capacity as manager of the Seminole County Chamber of Commerce, Mr. Higgins keeps close tabs on inquiries received about Sanford and Seminole County. Those amounting to 12 to 15 a day, and concern the advantages offered by this section for vacation, recreation, homes and industrial opportunities, he revealed this morning.

An illustrated pamphlet showing bathing beaches and scenes at Sandhills Springs, was pointed out by Mr. Higgins as very effective advertising.

"Sandhills Springs can be made one of the outstanding attractions of the state," he commented. "It is well located for traffic and on the Orange Blossom and St. Johns River Trails."

**Boy's State Delegates Offered Free Ticket**

Seminole County's five delegation to Boys State in Tallahassee have been offered free transportation by air by Florida Airways, Joel Field, Boys State chairman for Campbell-Lessing Post 53 of the American Legion, was informed Saturday by J. L. Dyer, airways president.

The boys are scheduled to leave Sanford Municipal Airport at 2:00 o'clock Saturday afternoon, with Mrs. Dorothy Fox, local airways station manager, serving as stewardess. The plane will land at Dale Mabry Field, Tallahassee.

The delegation and the civic organizations co-operating with the American Legion in sending them to the convention are: Stanley Brunley, Kiwanis; Arnold Harrington, Lions; James Ludwig, Elks; Bobby Brinson, Rotary and Frank W. Cranston, Jaycees.

**MARONIC MEETING**  
Sanford Lodge No. 62, F and AM will meet Tuesday evening at 8:00 o'clock at the Masonic Hall at which time the Fellowship degree will be conferred on Master Masons.

## BIBLE VERSE TODAY

Your hands must be clean of  
unworthy deeds and your heart  
pure with no evil thoughts.—Ps.  
24:3: Who shall ascend into the  
hill of the Lord?

A white girl in Frankfort, Ky.  
has been refused admittance to  
Kentucky State College for Ne-  
groes. Which is exactly as it  
should be. A white girl has no  
business trying to get into a negro  
college.

Those who object to mud-  
slinging campaigns as a means of  
winning votes should be interested  
in President Truman's tour of the  
West where he is taking a "non-  
political trip." If this trip is "non-  
political," we will be interested in  
hearing what he has to say when  
the campaign really warms up.

President Truman, who said  
that the Chicago Tribune is one  
of the two worst newspapers in  
the United States, is in turn char-  
acterized as a "nincompoop" by the  
Chicago Tribune, adding that  
"Thanks to the Tribune the nation  
now knows Mr. Truman for the  
vote-stealing, graft-protecting,  
gangster-paroling Pendergast man  
that he is." Some time before No-  
vember we wouldn't be surprised  
to see the opponents in this cam-  
paign start some serious name-  
calling.

The Senate Judiciary Committee  
has decided to eliminate from the  
anti-lynching bill a provision for  
fining the county \$10,000 in case  
a lynching might occur and hopes  
that the Southerners will accept  
this "watered down" version.

However, Senator McClellan of  
Arkansas says, "They can't write  
an anti-lynching bill which the  
South will accept. It is not a proper  
subject for federal legislation  
unless we include all murders,  
gangster killing, rape and similar  
crimes." Amen. If the federal gov-  
ernment is going to concern itself  
with a crime such as lynching, it  
should concern itself with a crime  
such as rape.

President Truman who used to  
be a senator from Missouri and  
later served as president of the  
Senate and therefore should, it  
seems, know what he is talking  
about, says on his west coast  
"non-political tour" that this is  
the worst Congress the nation has  
ever had since the first one met.  
That is a long time and covers a  
lot of ground. That statement  
takes in a lot of sorry Congresses,  
for since colonial times we have  
occasionally had a Congress that  
was a honey. But we have had  
some Presidents who didn't rank  
so high either, even as Presidents  
go. President Truman might well  
be said to be one of them. In  
fact, there are some who think he  
is the worst President this country  
has had since George Washington.  
And with the worst President and  
the worst Congress, it is small  
wonder that prices are high, the  
future uncertain.

Secretary of Labor Schwel-  
bach, who was worked hard all  
his life, made a name for himself,  
and probably has few regrets,  
died of heart failure last week  
at the age of 53. So many men  
are dying from heart attacks these  
days that many men of 45, and  
younger, are beginning to worry  
lest their own pumps give out  
before some other tragedy over-  
takes them. As for us, we don't  
know of any better way to die.  
Lying in bed with tuberculosis,  
gangrene or cancer has no appeal  
for us. Neither does being struck  
by a freight train at a railroad  
crossing. Julius Fleischmann, the  
yeast king, would not take his  
doctor's advice to go easy after  
passing 45. Playing polo at Miami  
Beach one Sunday afternoon, he  
rode furiously for six chukkers,  
shooting goals from all over the  
field, knocking his opponents out  
of the way, tearing hell for  
leather up and down that 300  
yard field, then suddenly dropped  
dead. What better way is there  
to die?

## Truce In Palestine

The best news in some time is that of the cease fire  
agreement in Palestine. First, it stops the unnecessary slay-  
ing of people on both sides. Second, it shows what may be  
done by a determined negotiator under the United Nations.  
With four weeks in which to pursue conversations around a  
table, there is a very good chance that the truce may be-  
come a permanent peace.

Both sides now save face. The complaint of the British  
long had been that in spite of all efforts they could not get  
representatives of both Jews and Arabs in one room with  
themselves to discuss the matter. Now the British are out,  
except for a few thousand of occupation soldiers waiting  
for shipping homeward. So neither Jew nor Arab lose face by  
sitting down with the British. The Arabs have shown their  
desire for Palestine, have demonstrated their not inconsid-  
erable force. The Jews have shown that they mean business  
about keeping their homeland, and what they can do about  
defending it.

All rules have been observed, and all hands may now  
enter conference with self-respect. There is no reason why  
either party concerned should want war. No one wants a  
little war to become a big one. Prophecy is vain. But the  
chances are good for peace and for at least a tentative solu-  
tion of the problem.

## Vandenberg Speaks

Senator Arthur H. Vandenberg has been rather quiet  
lately. But no political consideration moved him when he  
got up and told off the Congress the other day on the sub-  
ject of the ERP. He knows, as few men know, what is  
needed in Europe.

He knows that dollars are not everything. He would  
not stand on any given sum. But he knows, and stated  
firmly and clearly, that a serious cut in the planned amount  
would be interpreted as a deliberate beginning of scuttling  
the Marshall Plan with its hope for the world, with the  
certain destruction that would follow running away from its  
responsibility.

Out of the fiddle-faddle and political backings and fill-  
ing of election year a strong voice spoke. Let the Congress  
mark well its warning. Let it do, for once, what is right,  
not merely what looks politically expedient.

Courage Shown By Anemia Victim Only  
12 Year Old, Is Well Worth Emulating

By HAL BOYLE

NEW YORK (AP)—Louis is a  
twelve-year-old boy who lives on  
borrowed blood but never asked  
anybody to lend him any courage.  
L. oving up at a doctor in the  
Kings county hospital giving him  
his four-hundredth blood transfu-  
sion. Louis said cheerfully:

"I sure get tired of coming to the  
hospital all the time. But one  
of these days I'll get over this,  
and I won't have to come  
back again."

He doesn't know the odds  
against him. He doesn't know  
that all victims of his strange  
malady must keep periodically re-  
fueled themselves with other  
people's blood—or die.

At seven months Louis was  
stricken with Cooley's anemia, a  
rare disease which strikes chiefly  
among children of Mediterranean  
descent. Until recent years, the  
small victims of his obscure ail-  
ment simply weakened progres-  
sively until death took them.  
There was no cure. There is no  
cure. But it was found they  
could be kept alive by repeated  
transfusions.

How long? Louis is one of  
the children who is living that  
answer.

Since his seventh month the  
body has existed only by the bor-  
rowed vigor tapped from the  
veins of friends and strangers.  
He has never seen. He began by  
taking a fifth of a pint at each  
transfusion. Now every few weeks  
he needs four pints. Later he  
may require even more.

As he lay on a bed in the Kings  
county hospital receiving his 204th  
pint of blood, Louis joked with  
the nurses. He didn't look ill.  
He is a little undersized, but his  
brown eyes sparkled, and he talk-  
ed glibly of how soon he could give  
the hospital back its peppermint-  
striped pajamas and go for a trip  
to the country.

"I used to get the blood from  
my father," Louis confided. "He'd  
bring me here and he'd give as  
much blood as they'd let him."  
"That's right," said Dr. Harvey  
Gollance, deputy medical superin-  
tendent, "his father literally  
would bleed himself white for the  
boy."

Now the blood is provided by  
the American Red Cross, which  
collects it in Brooklyn and other  
areas for patients such as Louis.  
"It is always possible that

someone will discover a cure,"  
said Dr. Gollance. "Not too long  
ago we'd have had to give Louis  
up for lost in his infancy. But  
now we can keep him alive for  
many years, as long as we have  
the blood to give him. And he  
can lead a reasonably normal life.  
But he'll have to keep coming  
back for transfusions as long as  
he lives."

The doctor spoke too low for  
Louis to hear. The boy was im-  
patient to leave.

"I like to work on the farm in  
the country," he said. "I like to  
plant things and take care of  
horses. But when I grow up I'm  
going to be a baseball player. Like  
Joe DiMaggio. I play in the out-  
field myself."

Louis leads a normal life. He  
is an excellent student and will  
start junior high school next fall.  
He likes soccer, football and base-  
ball. But after four or five weeks  
his strength wears out. His lips  
begin to swell. His skin turns  
yellow. And Louis knows then  
he has to go to the hospital.

"My legs feel heavy, and my  
arms feel heavy, and I feel aw-  
ful tired all over," he said.  
"But a couple of hours after I  
get the blood—as soon as it has  
a chance to go through my body—I  
feel swell."

The average adult has more  
than ten pints of blood. In his  
brief life Louis has taken about  
twenty times that amount into his  
small body. Sometimes he wonders  
who it came from and what they  
are like. Someday he would like  
to meet a donor who has helped  
him.

"First I would say 'Hello' to  
"Thanks" to him," said the boy.  
"Then I don't know what I would  
say. It's hard to think what to  
say to somebody who gave you his  
blood. What would you say?"

GERMAN GIRLS WORK IN  
POLAND

GORZOW, Poland (AP)—Young  
German girls have to work for  
their daily bread in this former  
German town of Landenberg. Poles  
have crews of them at work in  
the heart of the town, clearing  
away the debris of war-destroyed  
buildings. Most of the girls ap-  
pear to be between 16 and 18  
years of age.

Poles pay them 4½ cents per  
day in addition to their food and  
lodging.

## HERE WE GO AGAIN!

Florida Producers  
Break All Records  
Despite Storm Ruin

JACKSONVILLE, June 13.—  
That the Florida State Markets  
have broken all previous records  
is revealed by the astounding fact  
that gross sales through three  
auction markets alone amounted  
to more than seven million dol-  
lars, to date, announced William  
L. Wilson, Director of the State  
System, which has 25 active sales  
centers.

"This increase, in spite  
of the Florida City Market hav-  
ing suffered severe storm dam-  
age, which practically killed it  
last fall, proves the magnitude  
of our vegetable trade in Florida.  
Gross sales through the Florida  
City market for 1947 amounted to  
\$1,208,000, while gross sales for  
the 1948 spring season alone  
amounted to over \$1,230,000."

Port Pierce has more than  
doubled the sales through that  
market to date. Figures show  
398,751 packages sold through the  
market in 1947 and with still a  
month to go 770,697 packages  
passed through this year. Gross  
sales in 1947 amounted to \$2,000,  
588.50 and to date amount to  
\$3,515,479.10. This is probably  
Florida's largest tomato market.

Facilities at this market were ex-  
panded during this past year, but  
there is still a demand for space  
both by growers and buyers.

The Wauchula Market closed  
its season with a considerable in-  
crease in number of packages  
handled. 242,922 packages passed  
through this market in 1947 with  
a return of \$1,010,581.56 to grow-  
ers, while the 1948 figures show  
390,784 packages at a gross re-  
turn of \$1,614,125.93. This market  
is largely a cucumber and tomato  
market, with bell peppers, egg-  
plant and squash following close-  
ly in quantity lots.

The fact that the markets as a  
whole have surpassed previous re-  
cords is all the more remarkable  
when it is recalled that the floods  
and hurricanes did so much dam-  
age in the growing areas during  
and just prior to the Fall season.

The 25 markets in the State  
system handle a wide variety of  
items besides produce. Livestock  
markets sell substantial numbers  
of cattle and hogs weekly. Foul-  
try, pine gum, pecans and even  
pine needles are among the com-  
modities handled.

Reports from markets not yet  
closed for the summer show:  
That the Starke State Farmers'  
Market shipped its first car load  
of cucumbers, R. B. Alvarez,  
Manager, advises "the first car  
of cucumbers ever shipped out of  
this market was loaded by the  
Manhattan Produce Corporation  
of New York."

"Bradford Coun-  
ty," said Mr. Alvarez, "has long  
been known as a strawberry and  
green corn area, and this season  
was the first cucumber deal we  
have handled. Over 200 acres  
were planted and indications are  
that the acreage will be greatly  
increased next year. Growers  
were so well pleased, many are  
already planning doubling their  
acreage next season."

Plant City reports a total of  
25,011 packages of produce pass-  
ing through that market during  
the last 6-day period, with a re-

5,722 bushel hampers of Bell  
peppers following closely with 5,772  
bushel hampers of Fancy and  
Jumbo bushel hampers of Choice.  
Eggplant, 4,274 bushel hampers  
and 2,433 crates of tomatoes.

Other commodities reported  
passing through the Plant City  
market were green corn, Hot pep-  
per, Yellow Crookneck squash,  
and watermelons—all in small  
quantities, with 225 bushel ham-  
pers of Butter beans, averaging  
\$3.25; 80 bushels of Baby limas,  
averaging \$3.70; 181 bushels Ford  
Hooks, averaging \$3.00; Fancy  
cucumbers, 100 bushel tubs, aver-  
aging \$4.10.

State Unemployment  
Shows May Increase

TALLAHASSEE, June 14 (Spe-  
cial)—Reflecting an increase of  
58 over the previous month, the  
number of employers subject to the  
Florida Unemployment Com-  
pensation Law, reached 11,375 at  
the end of May, Carl B. Smith,  
Chairman of the Florida Indus-  
trial Commission, reported today.

The peak in the number of cov-  
ered employers this year was re-  
corded in February when there  
were 11,471, which was highest  
number ever covered.

May's total represents an in-  
crease of 161 over the figure for  
the same period a year ago de-  
spite the amendments to the Law  
by the 1947 Legislature removing  
from coverage any employing unit  
whose pay roll in any calendar  
quarter was \$5,000 or more and  
any employing unit which togeth-  
er with one or more other units  
was owned or controlled by the  
same interests and which if com-  
bined with them would be liable.

Plant City reports a total of

MORE REFUGEES SEEK  
HOMES

SALONIKA (AP)—To help re-  
lieve Greece of the burden of sup-  
porting more than 1200 political  
refugees, the United Nations Spe-  
cial Committee on the Balkans  
will ask the governments of coun-  
tries to which the refugees have  
expressed a desire to migrate if  
they will admit some of the re-  
fugees as immigrants. These  
countries include Australia,  
France, Syria, Turkey, Great Bri-  
tain and the United States.

Assigned last October to as-  
sist Greece, Albania, Bulgaria  
and Yugoslavia in repatriating  
their refugees, UNSCOB recently  
admitted it could not accomplish  
the task because the satellite  
states refused to cooperate.

Symptoms Of  
Heart Disease

By W. V. Biting  
Touchton Drug Co.

Heart disease need not short-  
en your life. Many people live  
for years with a diseased or  
weakened heart. Furthermore,  
they live full, enjoyable lives  
with few restrictions. These  
are the people who took warn-  
ing from re-occurring symptoms  
and consulted the doctor early  
and followed his advice faith-  
fully.

Some of the more common  
symptoms of heart disease are  
swelling feet, breathlessness,  
fatigue, dizziness, digestive dis-  
turbances, and pains in the  
chest.

If you have been experienc-  
ing any of these symptoms, see  
your doctor now. Buy what  
medicine he prescribes from a  
skilled pharmacist.

This is the 210th of a series  
of Editorial Advertisements  
appearing in this paper each  
Monday.

## Miss Wiggins Married To Charles Park

One of the loveliest of the June weddings took place on Friday at 4:00 p.m. when Miss Kathryn Cornelia Wiggins, daughter of Mrs. M. S. Wiggins and the late Mr. Wiggins, became the bride of Charles Lanier Park, Jr., son of Dr. and Mrs. Charles Lanier Park of this city. The Reverend Father Carpentier performed the impressive marriage service at 4:00 o'clock in the Chapel of Peace of Holy Cross Episcopal Church.

The small chapel was beautifully decorated with white, chrysanthemums, gladioluses, and greenery. The bride wore a white tulle gown with a long train and a full skirt. She carried a large bouquet of white and pink roses. The groom wore a tuxedo and carried a small boutonniere.

The bride, who entered the chapel on the arm of her uncle, Mr. A. Leffler, was lovely in a dress of white tulle with a full skirt and a long train.

The bride, who entered the chapel on the arm of her uncle, Mr. A. Leffler, was lovely in a dress of white tulle with a full skirt and a long train. She carried a large bouquet of white and pink roses. The groom wore a tuxedo and carried a small boutonniere.

Serving as her matron of honor and only attendant was her sister, Mrs. Lee Permenter Moore. Mrs. Moore was dressed in a pink and white gown. The bridesmaids were Misses Mary Carlisle, Mary Carlisle, and Mary Carlisle. They wore white dresses and carried white bouquets.

Mr. Park chose as his best man his brother, Robert Park, and as his usher, Mr. John Hill. The wedding was held at the Chapel of Peace of Holy Cross Episcopal Church.

Miss Wiggins wore for her wedding a white tulle gown with a long train and a full skirt. She carried a large bouquet of white and pink roses. The groom wore a tuxedo and carried a small boutonniere.

Immediately following the ceremony a wedding supper was given by the aunt of the bride, Mrs. B. L. Perkins, and Mrs. Isabelle Barnwell at the Perkins' home on Magnolia Avenue.

The bride and groom were accompanied by their families to the wedding. The bride wore a white tulle gown with a long train and a full skirt. She carried a large bouquet of white and pink roses. The groom wore a tuxedo and carried a small boutonniere.

## Dyson Home Scene Of Rehearsal Party

Mrs. James Terwilliger, Jr. and Miss Elizabeth Dyson entertained on Friday evening honoring the bride party for the Thurmond-Bowes wedding. The party was held at the Dyson home on West Seventeenth Street following the wedding rehearsal.

Lovely arrangements of spring flowers were used in the living room and side porch. The dining table was covered with a lace cloth and centered with a large arrangement of flowers in pastel shades. At each end of the table were crystal punch bowls encircled with fern.

Those assisting with serving and entertaining were Mrs. Nancy Brock, Mrs. W. E. Priddle and Mrs. F. A. Dyson. Guests attending were members of the wedding party, relatives and out of town guests.

## Ouida Carlton Given Shower On Friday

Miss Ouida Carlton, whose marriage to Robert Tuttle will be an event of Wednesday evening, was honored on Friday evening with a miscellaneous shower given by Mrs. J. D. Carlton, Miss Jean Williams and Miss Rose Marie Foust. The shower was held at the Carlton home at 550 Plumosa Drive.

Games were enjoyed during the evening and prizes were won by Mrs. C. E. Carlton, Mrs. J. L. Clark and Mrs. O. T. Pearson. Miss Carlton was presented her gift in a novel way. She was given a fishing pole and seated in the middle of the living room. Each time she withdrew the pole from the green crepe paper which formed the pool she found a gift on the end of the line.

Refreshments consisting of caramel pudding, butterfingers and coffee were served at the conclusion of the games. Those invited to be with Miss Carlton were her mother, Mrs. G. H. Carlton, Mrs. Larry Johnson, Mrs. W. E. Stewart, Mrs. Robert W. Williams, Mrs. C. E. Carlton, Mrs. Virgil Whittle, Mrs. T. J. Williams, Mrs. Theodore Williams, Mrs. O. T. Pearson, Mrs. L. L. Earl, Mrs. Moseley, Mrs. Ernest Mary, Mrs. J. E. Foust, Mrs. J. E. Rowland, Jr., Mrs. B. K. Hardison, Mrs. O. A. Manning, Mrs. Gordon Oldaker, Mrs. Melvin Dekle, Mrs. Peacock and Mrs. Clyde Cummings.

Also the Misses Mary Carlton, Polly Oldaker, Betty Sasser, Mary Lynn Ross and the hostesses.

## Grammar Pupils Go To Marine Studios

(By Carol Loeckelt, Louise Benton and Ellen Lyon)

The boys and girls of the Grammar School took a very interesting and educational trip to Marine Studios, in Marineland, Florida, St. Petersburg, Mrs. Wolfe, Mrs. Ray Fox, Mrs. L. E. Walker and Mrs. R. W. Cassius furnished the transportation.

We arrived there at 12:30 o'clock, and ate our lunch in the beautiful park that surrounds Marineland.

After eating, some of the children went down on the beach to gather shells. They found very few because it was so late in the morning.

Soon we were called to go into the studios. We all found port-holes, and all you could hear were "aha" and "aha."

Some interesting sights were the porpoise, which seemed to be smiling all the time, the shark with the sucker fish which fastens himself to the shark and eats scraps from the shark's dinner; and a big turtle, who annoyed the people by swimming back and forth in front of the port-holes, blocking their view of the other fish.

Some little sea animals in small tanks were the starfish, sea urchin, the eel, and the pipe fish, which is a cousin to the seahorse.

Feeding time came at 2:00 o'clock, and it was the most interesting part of the trip. A man came out on a little platform and held little fishes in his hand for the porpoises to jump and get. Another trick he did was to hold a fish between his teeth and the

member of the Pi Beta Phi social sorority.

Mr. Park also attended schools in Sanford and is a graduate of Richmond Academy in Augusta, Ga. He graduated from the University of South Carolina with a Bachelor of Science degree and received a Commission in the United States Navy. He served for three and one half years with the Navy V-12. He is at present studying at Emory University School of Medicine in Atlanta where he and Mrs. Park plan to make their immediate home. Mr. Park is a member of Sigma Nu social fraternity and of Alpha Kappa Kappa medical fraternity.

Following the supper Mr. and Mrs. Park left for a wedding trip to Lake Rabun in North Georgia near Atlanta. The bride wore a traveling two piece suit of brown and white Russian whipcord with brown and white accessories.

Mrs. Park attended Sanford schools and graduated from Bynole High School. She attended Stevens College in Columbia, Mo. and during the past year she has been a student at Stetson University where she was a member of the Junior class. She is a

member of the Pi Beta Phi social sorority.

## Personals

Mr. and Mrs. Jerry Wells had as their dinner guest on Saturday evening G. A. Edmonds.

Mr. and Mrs. Wallace Phillips have as their guests Mr. and Mrs. Guy D. Wood, Jr. and sons, Barry and Wayne, of Belle Glade.

Mrs. Edward Schaefer of New York City is visiting Mrs. Miriam Russell at her home in Loch Arbor for several weeks.

Mrs. E. B. Smith left today for Macon, Ga. where she will visit for two weeks with her sister and brother-in-law, Mr. and Mrs. C. M. Namie.

Mr. and Mrs. T. O. Brown, Jr. have returned from Winter Haven where they attended the Bacon-Harmon wedding on Friday. Robert Harmon is Mrs. Brown's grandson.

Mr. and Mrs. Harry J. Byrd and three children left Friday for their home in Martinsville, Va. after visiting Mrs. Byrd's parents, Mr. and Mrs. Philip Allen for the past week.

Mr. and Mrs. Thurston Adams and daughter and son, Peggy and Sammy, of Coral Gables are guests of Mr. and Mrs. Gordon Dean for several weeks at their home on Lake Onira.

N. E. Thurston has left for Littleton, N. C. to attend the funeral of his brother-in-law, Henry A. House, who died on June 10. Mr. and Mrs. House have been frequent visitors in Sanford and have many friends here.

Mrs. Clara Lorig has as her guests at her home on East Fifth Street, Mrs. Ralph Paisley and three children, Joan, Elinor and Ralph, Jr. and Mrs. T. J. Hudson all of Toronto, Canada.

Joe Petras has returned to his home in Sanford after working for the past three months in Pittsburgh for a two weeks visit before going to the Georgia School of Technology to attend the summer vacation.

E. B. Smith, Jr. left on Saturday with his brother, Terry, for Baylor Military Camp on the Baylor Military School campus in Chattanooga, Tenn. where he will serve as junior counselor. They plan to return to Sanford in about six weeks.

Among those attending the commencement exercises at Florida State University last week in Tallahassee were Mr. and Mrs. James Chestnut, James Chestnut, Jr., Thomas Berkner, Mrs. John Donohue and sons, Mickey, and Mrs. W. H. Harriett and daughter, Sylvia.

porpoises jumped for it.

When the diver was in the tank feeding the fish you could hardly see him for all the little fish, and the big fish, too, had gathered around him for food. When the food was gone, the porpoises would come up and look in the basket, see that it was empty, and swim away.

Betty Diehl was watching the fish up on the top deck, and accidentally dropped some money in the water. She went down after it and could only find a dime, so he brought her up a shell.

On the way home, we stopped at Flagler Beach and went swimming.

There were no casualties. San-Jon Dunn lost her shoes and Louise Benton lost her shorts and blouse in the dressing room.

Room 8 hopes that in the future, all the rooms in the county will get to see Marineland and other interesting places; not for fun, but for education. Thousands of people from all over the United States come to see Marineland and yet most of the children right here in Florida have never seen it, and some haven't even seen the ocean.

The trip Room 8 took was a success and they hope that they have convinced the school board that it is an educational trip and maybe they will let us use the county buses for such things when we work for them.

There were no casualties. San-Jon Dunn lost her shoes and Louise Benton lost her shorts and blouse in the dressing room.

## Miss Thurmond Wed To Charles R. Bowes

The marriage of Elizabeth Fanning Thurmond, daughter of Mr. and Mrs. John Paul Thurmond, and Charles Rodrick Bowes, son of Mr. and Mrs. Marcus William Bowes of Miami, was solemnized on Saturday afternoon at 4:00 o'clock by the Rev. J. E. McKinley at the First Methodist Church. Graceful arrangements of gladioluses, calla lilies and greenery were used in decorating to form a lovely setting for the wedding. On each side of the chancel rail where the ceremony was performed were tall pedestals holding large arrangements of the white flowers and palms and lighted candles were used as a background. The family pews were marked with sprays of white gladioluses and fern tied with white satin ribbon.

The organist, Mrs. J. L. McGowan, rendered "Ave Maria," "Liebestraum" and "Indian Love Call" prior to the marriage service. Dick Aiken, soloist, sang "Because" and "At Dawning" and the traditional wedding march was played by the organ.

Given in marriage by her father, the bride wore a beautiful wedding gown of white tulle with a long train and a full skirt. She carried a large bouquet of white and pink roses. The groom wore a tuxedo and carried a small boutonniere.

The bride, who entered the chapel on the arm of her uncle, Mr. A. Leffler, was lovely in a dress of white tulle with a full skirt and a long train. She carried a large bouquet of white and pink roses. The groom wore a tuxedo and carried a small boutonniere.

The bride and groom were accompanied by their families to the wedding. The bride wore a white tulle gown with a long train and a full skirt. She carried a large bouquet of white and pink roses. The groom wore a tuxedo and carried a small boutonniere.

# Giants Split Contests Over Weekend; Play Here Tonight

## Locals Trim Islets, Drop Game To A's; Sanford To Be Hosts To Deland Red Hats

The Sanford Giants split their games over the weekend by losing to the Palatka Azaleas and defeating the Daytona Beach Islets. Yesterday's contest with the Islets, which was to be played at City Island Park in Daytona Beach, was washed out by a heavy rain just prior to game time.

Eddie Lisiewski, elbowed, his way to a victory over the Daytona Beach Islets. Saturday evening, and limited the hard hitting Islanders to seven well scattered hits as he fanned but one free ticket and fanned seven. Sanford won the tie by a 7 to 4 margin.

The locals found the going a little tough on Friday night as Len Heller and George Purcell set the Giants down on three hits as the invaders registered a 6 to 4 victory.

Tonight the Sanford organization will meet the Deland Red Hats at the Municipal Park in a single contest which will get started at 8:15 o'clock.

Manager Hal Gruber has not returned to Sanford, and Buddy Lake, veteran Sanford player, continues to pilot the Giants.

Len Matte and Tommy Cataldo each rapped home runs for the Giants in the contest with the Daytonians here Saturday night.

It is likely that Don Umscheid will get the hill call for the contest tonight.

## Herlong Tags Fines On Players, Teams For Infractions

SILVER SPRING, June 14 (AP)—Florida State League President Syd Herlong, Jr., announced at league headquarters here today that he had levied the following fines for various infractions:

The Deland baseball club was fined \$25, although the fine was suspended, for playing outfielder Hecy Brasington Saturday night, two days before his name could come off the disabled list.

In addition, Brasington was suspended one day, so that he is not eligible to play until tomorrow night, June 15. Brasington's name went on the disabled list on official records as of June 4. Herlong pointed out and Deland placed him back in service inside the usual 10-day period despite the fact that two league directors voted against permitting this action.

Herlong explained that a between annual meeting, by law amendment requires a unanimous vote of all clubs, and that the two votes thus voted Deland's request that an amendment be altered to permit Brasington to play.

Manager Joe Vitter of Deland was fined \$10 for remarks he made to umpires after the game of June 11.

Red Roberts of Daytona Beach was fined \$10 for a demonstration he staged in Leesburg June 10.

John Laporta of St. Augustine was fined \$5 for his actions in a game on June 8, while Frank Gillespie of the Saints drew a similar fine for his antics before the stands in Palatka June 6.

Joe Eaton of Gainesville was fined \$5 for the remarks that led to his being tossed out of a game in Orlando June 10, while Charlie Heinbaugh, Orlando's rookie batting sensation was fined \$5 for unwarranted choice of words used against an umpire in Gainesville June 11, words that also led to his expulsion.

Player Bill Hall of Leesburg was fined \$2 for pocketing the ball when the last out was made in Palatka June 4. League rules make the player and umpire responsible for the return of the ball to the home club.

The Leesburg baseball club was instructed to pay a \$24 bill for damages caused to umpire Clyde Cofer's car because of the failure of the club to provide adequate police protection.

It seems that someone poured sand into the gasoline tank, and otherwise inflicted damages totaling \$24.

Players are notified of their fines by wire. Herlong explained, and are ineligible for further play until the fine is paid.

Herlong's action came as he cleared his desks in anticipation of a two-week vacation he expects to begin next Saturday.

**POISON IVY**  
OAK or SUMAC. Now treatable with itching, drives up blisters quickly, soothes and cures. At drugstore, 5¢.

**CAN BLACK-DRAUGHT HELP A BAD BREATH?**  
Yes, Black-Draught may help a bad breath if the only reason you have bad breath is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or two a dose. There's no harm in taking it with your regular meals. If you are troubled with such symptoms as loss of appetite, headache, dizziness, constipation, nervousness, bad breath—and if these symptoms can be due to constipation—try Black-Draught.

GLENN LANGAN and VICTOR MATURE relax between "takes" during filming of 20th Century-Fox's "FURY AT FURNACE CREEK."

## High School Baseball Tournament Scheduled To Begin Here Tomorrow

By ARTHUR HECKWITH, JR., Herald Sports Editor  
The Seminole High School Country Club will open the Florida State High School Baseball Tournament tomorrow afternoon with the Tampa Jefferson High School combine to start the grind to determine a new state high school baseball champ.

The second contest of the opening day will find Palatka High pitted against Andrew Jackson of Jacksonville at 8:00 o'clock at the Municipal Park.

Last year's champions, Ft. Lauderdale High, failed to come through in state district eliminations, and Miami Senior High will represent the Ft. Lauderdale district.

Sanford has been tagged as the pre-tournament dark horse by the coaches of the teams being represented at the meet.

Miami and Leon High of Tallahassee will meet at 1:00 o'clock on Wednesday and Avon Park will meet Pensacola at 3:00 o'clock Wednesday afternoon. No night game has been set for Wednesday.

Tomorrow's winners will meet at 3:00 o'clock on Thursday and Wednesday's winners will tangle at 8:00 o'clock Thursday evening. The winners of these two games will meet at 8:00 o'clock on Friday night for the state crown.

Jackson of Jacksonville and Miami Senior High are rated as favorites to come out on top in the clash.

## Changes In Rosters For Florida State Loop Are Announced

SILVER SPRING, June 14 (AP)—Changes at St. Augustine dominated roster reshuffling in the Florida State League over the weekend, it was revealed from Florida State League headquarters here today.

In addition to signing a new manager—John Sebastian—to succeed Don Anderson—the Saints signed rookies W. T. Lovett, Jr., third baseman; W. E. Story, pitcher, and Harry C. Davis, Jr., outfielder.

Other changes in the St. Augustine roster include disabling John Pawlick, an infielder, and Gordon Knisley to Franklin, Va.

Also reported were releases to Al Gallo and John Zant at Deland and the signing of rookie outfielder James Symes.

Gainesville released Gil Waldrip and sent Bill Jones back to Miami.

Palatka signed rookie Jack Nelson; reinstated and then released Dewey Albritton; released Milt Ralston and John Baraki, and signed Donald Reiter.

Sanford disabled Lonnie Worsham and reinstated Charles Peipo.

The league-leading Orlando Senators signed rookie pitcher Jack M. Robinson, rookie catcher W. J. Zarnoch, and limited service pitcher Henry Cabre while sending catcher Clume to Bridgeport, Conn.

At the same time, it was announced that fans would vote on the umpires to be used in the annual all-star game between selected teams of rookies and veterans July 4.

This was decided over the weekend and will be the first time the fans have had a choice in selecting the arbiters.

Voting for the players and umpires will be held in Daytona, Sanford, Leesburg, and Palatka on the night of June 24 while fans in Gainesville, Deland, St. Augustine and Orlando will cast their ballots June 25.

In addition, fans will be asked to select a "most popular" player with the man selected to be presented with a trophy donated by Zeb Ratliff, Sanford sportsman.

**Do you suffer distress from 'periodic' FEMALE WEAKNESS**

With Its Nervous, Nightmare Feelings?  
Are you troubled by distress of female functional monthly disturbances? Does it make you feel so nervous, cranky, restless, weak, a bit moody—at such times? Then try **Dr. E. F. Pinkham's Compound** to relieve such symptoms. Women by the thousands have reported remarkable benefits. Pinkham's Compound is what doctors call a uterine sedative. It has a grand soothing effect on one of woman's most important organs. Taken regularly—Pinkham's Compound helps build up resistance against such distress. It also cures stomachic trouble! All druggists.

**Change of Life**  
If the functional middle-age changes and peculiarities of menstruation, such as irregularity, weakness, nervousness, insomnia, etc., are troubling you, Pinkham's Compound is a remedy for this purpose.

**Monthly Female Pains**  
Pinkham's Compound is very effective to relieve monthly cramps, headache, backache, nervousness due to tension, and other monthly disturbances.

## COMMENTS from the SIDELINES

By ARTHUR HECKWITH, JR., Herald Sports Editor

Sanford Hall Park  
Bernard Kahn, jovial sports scribe for the Daytona Beach News-Journal, recently penned a column about the Sanford baseball field, and there is a lot of truth in what he has to say.

"I took a very dim view of the Sanford ballyard Wednesday night," he says. "The field is so poorly illuminated that the play is lost in what he has to say."

He says: "The field is so poorly illuminated that the play is lost in what he has to say."

He says: "The field is so poorly illuminated that the play is lost in what he has to say."

He says: "The field is so poorly illuminated that the play is lost in what he has to say."

## Thrill Of Salt-Water Angling Comes With Catching Sailfish

DAVAGIAC, Mich. June 14. (Special)—To thousands of sportsmen the supreme thrill of salt-water fishing comes when the angler is engaged in a spectacular tug-of-war with the glamorous sailfish.

Here, to many, is the most graceful fish that swims in any kind of water and for sheer beauty it is surpassed only by the dolphin.

More words cannot convey the breathtaking experience that comes when an angler feels the hook sink home on his first sailfish and then watches those inspiring leaps, the amazing "greyhounding"—or walking on its tail—and the frenzied, high-speed dashes in trying to shake the hook. When the battle, won or lost, is finally over, there is much that never will be forgotten.

However, it is only within the past four decades that the sailfish has been taken on rod and reel, for the rather peculiar method of hooking it was not discovered prior to that time.

In the first part of this century, anglers trolling off the Florida coast with strip bait were sure, would get strikes which would mangle the bait but even though they struck back vigorously, they could never hook the fish. Finally it was discovered they were sailfish, then called "spikfish."

The reason for the failure to hook the sailfish was due to its unusual method of striking. The sword, or bill of the sailfish, is not used to pierce its prey, but rather to stun it. It will approach a smaller fish with considerable speed, strike or tap it sharply with its bill, and then pause a few seconds to see if its victim is stunned. Before it recovers, the sailfish will then seize it in its mouth. When anglers felt this tap, which was the effort of the sailfish to disable the bait, they struck, therefore losing the sailfish, as they pulled the

ments," Kahn grinned. (By the way, Kahn is calling Sam Lemma's Islets the "Democrat.")

While we are on the Daytona Beach subject, we will continue with a discussion we had with Benny on the news release set-up for the Florida State League.

The Daytona scribe has been endeavoring to get the League office to share news releases with the evening papers. Instead of giving all of them the evening papers which are included in the towns with teams entered in the Florida State League.

Daytona has a morning and an evening paper. They are published through the same facilities under management, but the main sports page for the News-Journal is published in the afternoon paper.

With this in mind, we find that there are six of the eight cities represented by teams in the circuit, having afternoon papers only. There is one weekly, St. Augustine, Palatka, Sanford, Daytona Beach, Deland and Gainesville all have afternoon editions, while Leesburg has a weekly paper. Orlando has morning and afternoon publications.

Despite the six afternoon publications, and their support, assistance in keeping the interest built up in the loop, nearly all of the releases from the Florida State League first appear in the one morning paper covering the league, and the Times-Union, which comes out of Jacksonville.

We feel that the small evening papers of the league are carrying the most of the support for the league, and are most widely read in their own towns, and deserve an even break on "hot" stories.

We are satisfied that evening papers should not get all of the news releases, first, but they should not have to get all of their releases after the morning papers have "kicked" the stories around.

Sports Editor Kahn points out that pitching records were supposed to be released for Wednesday afternoon papers this year, but they have been consistently released for Sunday morning editions.

"I realize how the small papers feel about this thing. However, we have a Sunday edition, and are not hurt too badly by it. But the small papers will not publish on Monday a story which appeared in Sunday morning papers, and you can not blame them," Benny declared.

"We have been told to rewrite the story with a local angle, but this is usually impossible, because there is no local angle to add to many of the releases," Kahn adds.

"Oh well, it looks as if we will just go ahead and battle the elements."

Not in many years have we been able to offer Top-Quality Generals at the low Sale price of this husky General Silent-Grip. Not a second-line lightweight—a genuine Top-Quality General. Famous for traction and quiet running. "Windshield-wiper" action tread for quick stops on wet pavement.

## Russians Are Said To Be Prepared To Fight World War 3

By HAIL ROYLE

NEW YORK (AP)—I just talked to a man fresh back from Moscow, and he scared me.

He said something I have said out loud and believed in my heart for some time. That the Russians are prepared to face another war, and we are not.

This is a rough way to put the situation, but he says it is true. He is an experienced observer. Therefore I think his views are worth presenting, even though I have to do so anonymously.

Some of them are controversial from an internal standpoint, but he isn't politically partisan himself—so here goes. He says after a year and more in Moscow:

"It is foolish for Americans to kid themselves that there is an effective isolation movement against the Russian government. There simply isn't one."

The Russians believe that there is only one more battle to win—the Third World War," he said. "And then they feel they'll get all the advantages they don't have now."

He was speaking of the mass-produced creature comforts such as the American civilization has produced most of and been most successful in distributing among its people—motor cars, washing machines, radios, and other gadgets to relieve life's tedium.

He is very cynical, as many Americans would be, after seeing abroad, and said:

"Both America and Russia are like two railroad engines headed down a one-way track toward a certain collision."

"It is a hell of a way to run a railroad—and it is a hell of a way to run a world."

This man, and he is known only as "American," believes that the one way to combat Russian expansionism is by a display of internal and external force.

If the American people feel that the Russians are afraid of them, they are wrong," he said. "They have been told by their leaders that they won the last war, and therefore today they believe they are invincible."

He said he felt the only thing that would permanently stop the Russians from a program of conquest and assimilation was the full threat of an American fist.

"Force is the only thing they respect," he continued, "because that is what they live by."

I asked him how he felt about his own country's awareness of its world problems and responsibilities. He is a patriotic man who saw men die in the last war and took his own share of the risks.

He said:

"All I can say is that the Russians have been conditioned by their propaganda to fight one more war for what they believe it will get them—and we aren't willing either to fight that war or put the money into Europe to prevent it."

This is only the opinion of one man back from Moscow who says he thinks the basic issue left in the civilized world today is "Human freedom."

He says we do have it here and they don't have it there, and that

## UN Truce Planes Patrol Palestine's Coastal Movement

U. S. Furnishes Ships  
That Check Immi-  
grants, Supplies;  
Holy Land Is Quiet

CAIRO, June 15, (AP)—Count Folke Bernadotte said today United Nations planes, supplied by the United States, are patrolling the Palestine coast to check ships arriving with immigrants and supplies.

Bernadotte, who arranged the current four-week armistice as U. N. mediator, arrived today while Arab politicians and army chiefs of staffs discussed the Palestine question. He came from Rhodes, where peace talks are to be held.

Jerusalem and the rest of the Holy Land remained quiet.

Bernadotte said all supplies sent into Jerusalem are under inspection and control, regardless of the route used. The Consular Truce Commission in Jerusalem set up a check post at Bab El Wad, but the Jews sent no convoys past it, a dispatch from that city said.

The commission also was planning a check post at the Allenby bridge across the Jordan to guard against Arab movements of arms and munitions.

Asked what rations of food, water and electricity are permitted to the Jews in Jerusalem, Bernadotte said these would be fixed by the Truce Commission, in cooperation with the Jews and Arabs.

The coastal patrol planes are four C-47 transports and one small C-54 transport.

A patrol by surface ships is planned also, Bernadotte said. He denied having asked the British for ships, as a British foreign office spokesman asserted a few days ago.

The spokesman said in London today the British have agreed "in principle" to provide ships and planes for U. N. observers. British military authorities in the area, he said, are to decide on the number of planes and ships and the authority under which they will operate.

The mediator said "of course" he is taking steps to see that no armed fighting men are transported to either side. He already has observers in some ports and has asked for international co-operation.

(Continued on Page Three)

## British Complete Distribution Of New German Marks

HAMBURG, Germany, June 15 (AP)—A reliable source said British army trucks today completed distribution of new German marks to banks of the British occupation zone—a final step in revision of Western German currency.

British officials declined to comment on the report. German bank officials would say only that they are ready to carry out the currency measure.

The plan is aimed at taking from 70 to 90 per cent of the present inflated money out of circulation. The Americans, British and French have in this way put Western Germany on a self-sufficient financial footing.

The new mark will not have any value immediately on the international market. It is hoped eventually to give it an international value of 30 cents. Internally it will be worth about 30 cents in services and goods by world standards. The pre-war reichsmark was worth 40 cents.

## British Plaid Sent In Czech Visa Deal

PRAGUE, June 15, (AP)—The foreign ministry acknowledged today that the British embassy has protested against the Czechoslovak government's refusal to give Alex. Lawrence, a British correspondent, a visa to remain here longer.

Both the ministry of information and the foreign ministry insisted Lawrence was not being expelled. He was the third British correspondent to leave here in similar circumstances since the February events (in which the Communists seized control of the government).

Dr. Evzen Klinger, head of the foreign ministry press section, said Lawrence was making Czechoslovak policy and economic officials when he and Karl Robson, who left previously, went to protest the detention of the Bulgarian-born bride of Alex. Collet, first British correspondent to leave the country.

## Anti-Truman Meet To Be Held Before Demo Convention

Thurmond Says Caucus  
Is Decided On By  
Southern Governors

LOS ANGELES, June 15 (AP)—An INS source here quoted President Truman as saying yesterday that California sunshine makes Florida's look like thirty cents and gave permission to be quoted.

NEW CASTLE, N. H., June 15, (AP)—Governor J. Strom Thurmond of South Carolina announced today that a caucus of Southern states opposed to the nomination of President Truman will be held in Philadelphia before the Democratic National Convention.

Thurmond said the meeting was decided upon by seven Southern governors at a private session during the National Governors' Conference here.

He said the caucus would be held a day or two before the Democratic Convention and that some Western delegations would be invited.

"We are against Truman," Thurmond said. "We feel he is not the right man for President. If he is nominated we don't think he can be elected. At any rate we are against him."

Thurmond has been one of the leaders of the so-called Southern revival against Truman which was touched off by the President's Civil Rights Program. The Southern governors who met with Thurmond discussed several candidates for the nomination but would not identify them.

The South Carolina governor said Truman would probably get the nomination if he wanted it.

"But he does not stand a chance of being elected," Thurmond said. "President Truman will only hurt the party if he accepts the nomination." Thurmond said, "I hope he will see the futility of accepting."

Thurmond said South Carolina will not vote for Truman in the election and neither will it vote.

(Continued on Page Three)

## John Fox Is Among Model Plane Winners

DELAND, June 15 (AP)—Arthur Hays of Deland and Ronnie Sharp of Daytona Beach walked away with top prizes here in the first annual State model airplane meet at Deland Airport.

Hays was awarded a trophy for making the highest number of points in the various events.

First, second and third place winners in that order were: Elmer Wassman, Jacksonville; C. A. Bevis, Gainesville; W. T. Thomas, Daytona Beach, for Class "A" gas.

John Fox, Sanford, Class "B" (gas).

Johnny Funk, Jacksonville, Class "C" (gas).

(Continued on Page Three)

## Applications For Florida State Jobs Increase Despite Elections

TALLAHASSEE, June 15 (AP)—Applications for Florida state jobs are increasing—even in the face of prospects for a general turnover in top positions with the change of governors next January.

It isn't as it was during the war, and shortly after, when state agencies had to use all sorts of lures to attract workers from higher paying private jobs.

Except for some technical lines, job seekers have been outnumbering job openings for several months.

Department heads looked for a slow up after the election. They thought applicants would wait a while to see who will be running the departments after Fuller Warren succeeds Millard Caldwell as governor.

It's been three weeks since the election, and the applications haven't slackened up yet, a poll of agency heads revealed.

Ed Straughn, executive secretary to outgoing Governor Caldwell, said "For the last year we've had a lot of applications from qualified people."

"I believe it has picked up some—even since the election. I don't know why it should. In the last several months we've had three times as many applications as we had two or three years ago."

Similar information came from the Department of Agriculture, State Controller, Road Depart-

ment, Beverage Department, Industrial Commission and State Highway Patrol.

Ralph Davis, executive director of the Industrial Commission, said it was hard to say why there should be an increase in state job requests. General unemployment in the state isn't greater than a year ago.

All the departments reported a great demand for temporary summer work by college and high school students, and a considerable number of applications from June graduates.

Davis said there appears to be quite a tendency for themselves who haven't worked for several years to hunt jobs in order to help out with the cost of living.

Straughn said "I believe it's before a mass meeting of the United Left Party in Rangoon Sunday, urging insurgents to declare their belief in Leftist unity and join the United Front."

## Senate Group Relaxes Rules On ECA Funds

Bridges Says This Will  
Give More Latitude  
To Hoffman As Di-  
rector Of Program

WASHINGTON, June 15, (AP)—Chairman Bridges (R-NH) said today the Senate Appropriations Committee had knocked out many of the restrictions which the House placed on foreign aid spending.

This, Bridges said, will give more "latitude" to Economic Cooperation Administrator Paul G. Hoffman. He is boss of the European Recovery Program.

The Senate group eliminated the House restrictions yesterday in voting to spend \$6,125,700,000 on help to other countries in 12 months.

This is \$408,000,000 less than asked by President Truman. The House had cut out an estimated \$1,175,000,000 by piling funds and putting the program on 15-month basis.

The Senate Committee made only one major cut in the House totals. It reduced the International Children's Emergency Fund from \$60,000,000 voted by the House to \$20,000,000.

Bridges said the agency has unspent funds from last year and has been using a large part of its funds "behind the iron curtain."

The Appropriations Committee staff reported these major House restrictions on spending were removed from the bill:

1. A requirement that aid to China be administered in the same manner as military aid to Greece and Turkey. Instead, the Senate Committee boosted the China aid total to \$160,000,000 for 12 months instead of the \$400,000,000 for 15 months allowed by the House. Of the Senate total, \$128,000,000 may be used for military aid if the President directs. This is in line with China aid legislation passed by the Congress.

2. A ban on funds for the International Refugee Organization until it agrees to lower the level of displaced persons to that of the people in the same area. Senators decided to junk this after voting IRG \$70,700,000.

A provision that each nation receiving grants set aside not less than 10 percent in local currency for purchase of critical and strategic material needed by the country.

## Pfc Wiltmer Newsome Was Buried Sunday

Impressive funeral services under direction of Campbell-Lossing Post 83 of the American Legion, were held Sunday afternoon at 4:00 o'clock in Evergreen Cemetery for Pfc. Wiltmer Newsome, who at the age of 23 was killed in action during the invasion of France on June 15, 1944.

The Rev. W. P. Brooks, Jr., pastor of the First Baptist Church, officiated. A National Guard firing squad, commanded by Sgt. Ralph Geiger, gave the salute. Pall bearers were: Lester Tharp, Sgt. Richard J. French, Kenneth Herman Harriott, Carol Godwin and Herbert Smith. Taps were sounded by Eugene Kendall.

## Applications For Florida State Jobs Increase Despite Elections

TALLAHASSEE, June 15 (AP)—Applications for Florida state jobs are increasing—even in the face of prospects for a general turnover in top positions with the change of governors next January.

It isn't as it was during the war, and shortly after, when state agencies had to use all sorts of lures to attract workers from higher paying private jobs.

Except for some technical lines, job seekers have been outnumbering job openings for several months.

Department heads looked for a slow up after the election. They thought applicants would wait a while to see who will be running the departments after Fuller Warren succeeds Millard Caldwell as governor.

It's been three weeks since the election, and the applications haven't slackened up yet, a poll of agency heads revealed.

Ed Straughn, executive secretary to outgoing Governor Caldwell, said "For the last year we've had a lot of applications from qualified people."

"I believe it has picked up some—even since the election. I don't know why it should. In the last several months we've had three times as many applications as we had two or three years ago."

Similar information came from the Department of Agriculture, State Controller, Road Depart-

ment, Beverage Department, Industrial Commission and State Highway Patrol.

Ralph Davis, executive director of the Industrial Commission, said it was hard to say why there should be an increase in state job requests. General unemployment in the state isn't greater than a year ago.

All the departments reported a great demand for temporary summer work by college and high school students, and a considerable number of applications from June graduates.

Davis said there appears to be quite a tendency for themselves who haven't worked for several years to hunt jobs in order to help out with the cost of living.

Straughn said "I believe it's before a mass meeting of the United Left Party in Rangoon Sunday, urging insurgents to declare their belief in Leftist unity and join the United Front."

He delivered such utterances as: Capitalism must go. No foreigners must dominate Burma politically or economically. Burma would benefit from close economic and friendly association with Russia. The political ideology of the Western powers offer nothing to Burma. Propagation

## Marshall Assails Funds Cut

TALKING TO TWO MEMBERS of the Senate Appropriations Committee, Secretary of State George C. Marshall (right) is shown before he told legislators in Washington that House cuts in foreign aid funds were "dangerous" economies. He stressed the "psychological effect" the move would have on the non-communist countries in Europe. At left to Sen. Joseph O'Mahoney. Next to him is Sen. Styles Bridges. (International)

## City Authorizes River Association Loan Application For Port Terminal

Legal, Financial, Engineering Data Is  
Supplied For RFC

The City Commission last evening authorized Mayor R. A. Williams and City Manager H. N. Sayer to apply to the Reconstruction Finance Corporation for a loan, tentatively estimated at \$340,000, for the purpose of constructing freight terminal facilities on the lakefront immediately west of French Avenue, Mr. Sayer reported this morning.

In connection with this, Mr. Sayer revealed that he had compiled detailed information as to Sanford finances, bonds, debts, school finances, taxes etc., to go into the application. Legal information is being supplied by City Attorney Fred Wilson, and engineering data, plans and estimates for warehouses, docks, etc., by the engineering firm of Smith and Gillespie of Jacksonville.

Manager Edward Higgins and the Seminole County Chamber of Commerce has prepared data regarding shipping, the deepening of the St. Johns River channel to 12 feet and the commercial advantages such a project will bring to Sanford and Central Florida.

"It may be a long project, but we have taken the first step and I believe we are headed in the right direction," declared Mayor Williams this morning in regard to the project, and he added that the city administration will do everything possible to further it. Action in getting the city owned lake front property filled to the proper level for a terminal area was a major step in the right direction, he pointed out.

Hills for the removal of the piling and charred ruins of the former St. Johns River warehouse and docks at the foot of Palmetto Avenue, were received from Otto Caldwell, former manager of the river line office here, and from Lewis and McDowell of Winter Park. These were taken under advisement.

The Commission passed a resolution (Continued on Page Three)

## Burmese Leftist Forces Attempt To Make Burma Embrace Marxism

By MILTON KELLY  
NEW DELHI, India, June 15 (AP)—Powerful Burmese Leftist forces are reported attempting to draw Burma into close relationship with Soviet Russia and make Burma a state following the Communist ideology.

These same forces, curiously enough, are busy trying to crush with bullets self-styled Communist guerrillas fighting in the interior of Burma. Many learned Burmese told this reporter on a recent visit to Burma they are baffled.

Premier Thakin Nu, scheduled to retire from the cabinet July 20, was quoted in press dispatches from Rangoon as reiterating that all leftist forces in Burma, including "true" Communists, should unite under one banner and turn to Marxism. (Thakin Nu spoke before a mass meeting of the United Left Party in Rangoon Sunday, urging insurgents to declare their belief in Leftist unity and join the United Front.)

He delivered such utterances as: Capitalism must go. No foreigners must dominate Burma politically or economically. Burma would benefit from close economic and friendly association with Russia. The political ideology of the Western powers offer nothing to Burma. Propagation

## Congress Vote Clears Trade Agreement Act

Truman's Recommendations Are Again  
Disregarded In Ap-  
proval For 1 Year

WASHINGTON, June 15, (AP)—Congress passed and sent to the White House today a Republican-sponsored bill extending the Reciprocity Trade Agreements Act for one year with some changes in its provisions.

The House completed congressional action, passing the tariff bill by voice vote after accepting amendments tacked on by the Senate in adopting the measure yesterday.

In approving a one-year extension and changing provisions of the act, the Republican-dominated Congress again disregarded recommendations of President Truman.

The Administration had asked for a three-year extension of the reciprocal trade measure without changes. Unless Mr. Truman should veto the 600-sponsored bill, it will revive the Trade Agreements Act which expired last Saturday midnight.

Using renewal of the act on "as is" basis, Secretary of State Marshall had told Congress any other action would cripple America's global economic leadership.

The Republican-backed bill gives new authority to the Federal Tariff Commission to recommend "world points" beyond which the commission feels the President should not go in making agreements. The commission would have to make such reports within four months after it is called upon to do so.

The President could disregard these recommendations but would have to tell Congress why he did so within 30 days.

A provision in the original House bill giving Congress "veto" power over agreements when the President recommended them was stricken from the bill by the Senate. The House accepted that action.

Democrats fought to the last in an effort to get an extension of the bill without change.

## Norris, Dam Town Is Sold To Bidder For \$2,107,500

NORRIS, Tenn., June 15, (AP)—Norris, the town dam built, was sold at public auction today for \$2,107,500.

The successful bidder was Henry David Epstein of Philadelphia, who said he was representing a group of Philadelphia businessmen.

The Tennessee Valley Authority built the town in 1933-34 to house personnel working on nearby Norris Dam. Later, many of TVA's high-ranking officials, including former chairman David E. Lilienthal and incumbent Gordon R. Clapp, settled here.

The property sold included 1,284 acres of land, 342 dwelling units, several commercial buildings, a two-story schoolhouse, fire station, and numerous other structures.

The terms called for \$500,000 cash and the balance to be paid on the day TVA transfers possession of the properties to the buyer.

The announced minimum price which would be accepted was \$1,849,750.

## COAL DISPUTE

WASHINGTON, June 15 (AP)—Soft coal operators today broke off contract negotiations with John L. Lewis, saying they were "getting nowhere."

The Southern Coal Producers Association, which mines one-third of the nation's soft coal, did not object to the action of the operators, but served notice that it is ready to bargain with Lewis—separately if necessary.

## PLANES MISSING

NEW YORK, June 15 (AP)—Three B-17 planes are missing on a flight from the Azores to Coracao. The Coast Guard said today. They were last heard from at 8:50 A. M. (EST) today when one reported an engine afire.

## Draft Measure Is Delayed By House; Passage Predicted

Solons Rebuke  
State Department  
For 'Voice' Smears

Say NBC Failed To  
Use Ordinary Safe-  
guards In Scripts

WASHINGTON, June 15, (AP)—A congressional committee said today that "unfortunate" broadcast casts went out on the "Voice of America" because the State Department was "negligent" and the National Broadcasting Company failed to use "ordinary safeguards."

These conclusions were reported by a House Expenditures Subcommittee which investigated the "Know North America" series broadcast by NBC under contract with the State Department.

A storm arose in Congress last month when Senator Caphart (R-Ind.) read to the Senate transcripts of some of the broadcasts. They contained such statements as "New England was founded by hypocrisy and Texas by sin."

Both Senate and House investigations were begun.

They developed that most of the scripts were prepared by Rene Borgis, a native of Venezuela. Borgis testified that he had not liked "cheap comedy" in the scripts, but that it was ordered by his superiors.

The House group, headed by Rep. Chenoweth (R-Colo.), made these recommendations:

1. That members of the advisory commissions authorized by law be appointed immediately by the President.

2. That, except in extraordinary situations, only American citizens who have lived the greater part of their lives within the United States, be employed to prepare our foreign information broadcasts.

3. That no foreign broadcasts be conducted unless the scripts are either first written in the English language or translated into English and accurately checked.

4. That language experts be employed by the State Department to monitor and control all broadcasts as they are going out on the air.

5. That in all our foreign broadcasts, emphasis should be placed on quality instead of quantity.

6. That in the absence of clear and convincing evidence of the need for, and the effectiveness of, our broadcasts to Latin America, such broadcasts be reduced to a minimum, or eliminated.

The committee said it is "convinced that if there did not exist a deliberate design and intention on the part of some employees of the National Broadcasting Company to sabotage our efforts to promote international understanding and goodwill, those employees of the company were ignorant of the intent and purpose of this phase of the foreign information program as authorized by Congress."

"But—his my husband—has all he can do working to support us," Mrs. Pope continued. "So I had to lay the first beams because they were too big to tote, but from then on it was my job."

Mrs. Pope began working on the house and well in August of last year. She dug the well some 25 feet deep using just a pick and shovel.

"It was mighty hard on my neck and back," she commented. The Papes have 17 boys and four girls.

## Rowton, Wheeler Are Planning Boys State

E. A. "Laddie" Rowton, assistant state Legion adjutant, and Mark Wheeler are in Tallahassee making plans for the coming Boys State Convention, it was announced today by A. Reid Mann, department adjutant, who with Mrs. Mann and son, will leave Friday for Tallahassee.

He will leave then by plane for Atlanta, Ga. where he will confer with the National Convention Corporation in regard to the Georgia Legion convention to be held during latter October, and will then return to Tallahassee.

The five boys of the Sanford delegation to Boys State will leave Sanford Municipal Airport at 2:00 o'clock Sunday afternoon, not Saturday as previously stated.

## Texans Plan World's Tallest Building

HOUSTON, Tex., June 15 (AP)—The world's tallest building may be erected here.

Officials of the United Building Supply Company said yesterday they are considering plans for a structure 140 stories, 1,366 feet high. That would be a foot taller than the palace of the Soviets in Russia, and would dwarf New York's Empire State building by 124 feet.

Murel Goodell, general manager, said the skyscraper would house "the world's largest department store, the world's largest theater, and the world's largest hotel." Space probably would be left for some smaller businesses.

The building would have 1,600,000 square feet of floor space, and would cost about \$25,000,000.
