Truman Speech

(Continued Prom Page tine)
of States' Rights Democrats,
Today, the Chief Executive took no-retreat stand on Civil Rights.

regardless of whether it might cost him electoral votes in the South. He devoted an entire speech to the Issue at a public school in Harlem, where he received an

award from Harlem ministers. He said the report of the Civil Rights committee was in the tradi-tion of the Perlanation of Independence and the Constitution.

He said it offered a method for making a living reality for every American, regardless of race, religion or natural origin, of Amer en's constitutional guarantees of equal protection of the laws.

"When every American knows that his rights and his opportuni ies are fully pretected and in specified by the federal, state, and local governments," the President f unity that really means some

"It is easy to talk about unity But it is the work that is done for unity that really counts." That, apparently, was another dig at Republican nominee Thomas

E. Dewey and his campaign talk Mr. Truman related that he had

nsked Congress to do 10 things recommended by the Civil Hights committee but "you know what hey did about that" So, he said, he did what he could

without the belp of Congress That, he explained, was to come xecutive orders establishing 3 committee on equality of treat ment and opportunity in the achied services and covering fair em-ployment practices in the federal eovernment.

own advantage is shown by the United States to Africa.

If this proved impracticable, he dead with evil is to fight it. As denial of the Most Rev. Richard J.

Cushing. Roman Catholic Archive hishep of Boston, who was quoted by Truman's presidential accretary more than a 10 per cent Negro stand to profit by it. As evidence. by Iruman's presidential secretary as saying "I think you are making one of the greatest and most courageous fights in history in behalf of the people," but who later told reporters, "All I said was "I think you are outling up a great fight". And then he added "Both the Democratic and Republican candidates are putting up a great fight."

In more than a 10 per cent Negro population, would be only fair. He was perfectly serious.

Liherals Oppose Legislation

Yet it is ton generally assumed in the North that this sort of non-serious typical of Southern think-ling on the race question. It is not. Yet it is impressive to find such men of unquestioned good will as Ralph McGill, of "The Atlanta Constitution"; James E. Chappell, of "The Birmingham News"; Sons-

Tuesday are local amendments and do not concern the people outside the communities directly affected.

Virtually all of the objective uses Virtually all of the objectives pro- Among such liberals, there is not posed in the other amendments much real objection to the anticould be achieved by legislative action without amending the Constitution. If it is a good thing, for instance, to transfer one cent of the santi-lynching bill, altitude of the santi-lynching has altitude of the santi-ly the gas tax money from the schools most disappeared in the South, to the Road Department, the Legistature has the power to do it Once playment-practices bill and the it is written into the Constitution. anti-aegregation bill.
it cannot be changed, except by Passage of either of these two

it cannot be changed, except by another Constitutional amendment, even if the time should come when every cow path in the state was paved with asphalt and the schools were starving to death.

One thing Henry Wallace is right about— and coming from the richest candidate in the presidential race, he ought to know— there are just as many Wall Street men mixed up in the Democratic Party as in the Republican Party. Take Averill Harriman, for instance, son of the founder of the New York Central, former Secretary of Courters of the state was mould not exist in the South. Yet it does exist, and it is a political factor of the first importance. To disregard it as a political factor is to court disaster.

Would Foster Prejudice
Race prejudice, they argue, has always been the most convenient instrument of those determined to prevent any sort of social or edo-nomic progress in the South. Passage of the civil-rights proposals were starving to death. Central, former Secretary of Commerce and now connected with the European Recovery Administration; James Forrestal, former Wall Street banker, now Defense Secretary; James R. Lovett, former Wall Street banker, now Undersecretary of State; Herbert Lehman, of Lehman Brothers, Wall Street bankers, former Democratic governor of New York. Other important Democratic include Bernard Baruch, formit, has accelerated this progress. ers, former Democratic governor of New York. Other important Demo-erats include Bernard Baruch, for-mer Wall Street speculator: Nelson Rockefeller: Cornelius Vanderolft,

Merchant Ships

The United States this summer has been building more of the world's ships than previously in peace-time. In the three months ending with September, according to Lloyd's Sanford, Florida Register of Shipping, world shipbuilding was at a new high We notice gain from the previous quarter.

gain from the previous quarter.

Up to the time of the recent war, this country had not been an important builder of ships, in relation to the total of the world fleets. The relatively high amount of building previous and interested to know that Mrs. Cleveland has built a lovely home here on Plantation Estates, and is been an important builder of ships, in relation to the total of the world fleets. The relatively high amount of building there on Plantation Estates, and is blanking to come here in the near future. Evidently the only thing mander of the Yokosuka Navai and remain the undisputed leaders, building more than half of all their ships. American shipbuilding facilities were relating funds, will be charged for all resulter silvery leading funds, will be charged for all resulter silvery leading funds, will be charged for all resulter silvery leading funds, will be charged for all resulter silvery leading funds, will be charged for all resulter silvery leading funds, will be charged for all their ships. American shipbuilding facilities were greatly expanded during the war, and some of this expansion may endure to lift the rank of the United States as a builder.

The number of merchant ships flying the American ships flying the American beautifular.

The number of merchant ships flying the American ships flying the American beautifular and remains the fact that she saw that the versands of the Dellary Mansion, that she fished in the lakes ships and the base.

The number of merchant ships flying the American flag increased very greatly during the war. In 1939 the The Hernid is a member of the American merchant fleet included about a seventh of the ship tonnage of the world; a year after the end of the war the fleet amounted to half the world merchant tonnage, which was in turn greater than before the war. The American fleet has been decreasing since that time, but probably will remain large enough to keep America a major mercantile nation.

Stopping Lightning

The rain makers with their airplane-loads of dry ice MORE PEOPLE IN PRISON AND SLAVE LABOR CAMPS are at it again. Their latest idea is to prevent lightning.

TODAY THAN THERE EVER Given favorable circumstances, scientists have been able WERE BEFORE! FAITH AND to make rain fall where they believe it would not have fallen PRAYER HELP TOO. He hath without the stimulus of dry ice dropped from planes. A sent me to bind up the broken question is always possible for the doubter. The rainmaker bearted, to proclaim liberty to the needs clouds with which to work, and when rain falls from prison to them that are bound.—

Isa. 61:1.

hearted, to proclaim liberty to the needs clouds with which to work, and when rain falls from a cloud in the sky who can say with certainty that if man had kept his fingers out of it, there would have been no

Under proper circumstances, a threatened thunderthis election over pretty soon, the atorm might be prevented by using the same technique, United States is liable to give the thinks Dr. Vincent J. Schaefer of the General Electric Company, who developed the rain-making method. He suggests this might be of value in preventing lightning in small If you have any hot ideas about areas where much damage is caused, as for instance in a hav the City's Charter should be forested region subject to frequent thunderstorms, with amended, send them to Charter numerous resulting forest fires set by lightning.

The prevention of lightning, like the making of rain, chairman. They're asking for it. may be yet many years away as a practical process. But it can no longer be said with strict accuracy that nobody does anything about the weather.

Wilson Explains

the state and the schools. If this amendment is adopted, the Legislature could not make any further disposition of the one cent without a constitutional amendment, and this would deprive the schools and relleage of general revenue fund of the pres- cents per mile for not more than ent \$6,000,000 derived therefrom. This would have to be made up in

some other manner." The second amendment," Mr. Wison continued, "would author, or \$600 per year, he continued, ise the issuance by the school "Florida is far behind many beards of each county, subject to states in the remuneration of its free holders, of hands amounting. The fifth amendment movides including present outstanding for the amendment of the Conb-mis, to not more than 15 per stitution article by article, with cent of the assessed value of the city two publications of notice thrids, to not more than 15 per celly two publications of notice cent of the assessed value of the as now required. Mr. Wilson extracting to the last assessment. Those who feel that a new Contribes bonds would have to be paid striften is in order will probable against the amendment by

"The second amendment would vote against the amendment but also authorize the issuance of the who feel that radical and bonds without the approval of the vholesale charges are not necessity. bonds without the approval of the electors in an amount not to exceed 20 per cent of the assessed value. These lands would be payable from maneys authorized and apportlened by the Legislatore for school capital author yand debt acryice purposes and money provided by the county from county school revenue sorces including all valorem taxes.

Any will probably vale for up any will be continued.

The sixth amendment would authorize the recalling into further end independent of the taxes who had refrired it believed that the judges who would ended the continued to rest on their laureds.

ad valorem taxes.

It is generally agreed, he added, that this amendment, if adopted, would retard rather than promote the educational interests of the state.

The third amendment proposed of the municipality and other taxe districts, the 89th to be composed right direction but it will be to be composed right direction but it will be to be composed right direction but it will be to be composed right direction but it will be to be to be a step in the districts, the 30th to be composed of Monroe county in South Florida, and the 40th to be composed of Washington and Calhoun counties in North Florida," Mr. Wilson asserted. "This revives the legister representation fight between North and South Florida, but fairness to Monroe county would indicate that it should constitute a senatorial district itself."

This seems to be a step in the right direction, but it will not save the entire expense of assessing and collecting taxes by the individual units, since the larger amount of work could not be done without relditional assistance. These amendments relate to St. Lucie, Broward, Volusia and Pinelles counties, The imposition of these additional duties on the county tax colleture representation fight be-tween North and South Florida, but fairness to Monroe county would indicate that it should con-stitute a senatorial district itself."

The fourth amendment, he con-tinued, relates to the eligibility of the members of the legislature and their compensation and increases their present \$6.00 per day com-pensation, to \$10.00 per day and

Strom Thurmond Runs Long Chance

Uf Being Elected President Of U.S.

By ALDERMAN DUNCAN

COLUMBIA, S. C.—It's the longest sort of chance that J. Strom Munique, signed by "A. Henderson reported with his Marines munique, signed by "A. Henderson reported with his Marines munique, signed by "A. Henderson reported with his Marines Commandant," according to Marine Corps tradition, as chronicled in a recent issue of the Marine Corps Gazette, marks the introduction of the United States in a recent issue of the Marine Corps Gazette, marks the introduction of the United States Marines succeded in many with his record in his two years as governor. He has succeded in many things which political observers thought practically impossible.

The 45-year-old Thurmond to U.S.

JACKSONVILLE, Oct. 29, (Special)— "Have gone to Florida to fight the Indians. Will be back when war is over." This brief commandant," according to Marines to Gen. Winfield Scott, in charge of the combined forces in Florida, at Columbus, Ga. Under direct orders of the Secretary of War and technically an Army officer, Henderson was placed in command of a brigade composed of Marines, On June 1, 1836, Col. Archibated

Impossible.

The 45-year-old Thurmond has served this state in all three branches of government. Before his selection to the governor's office, he was a circuit judge Before that he was a state senstor.

Thurmond has almost certain assurance of a minimum of 38 votes from South Carolina, Alabams, Mississippi and Louisiana.

Thurmond has almost certain assurance of a minimum of 38 votes from South Carolina, Alabams, Mississippi and Louisiana.

Thurmond has almost certain assurance of a minimum of 38 votes from South Carolina, Alabams, Mississippi and Louisiana.

have contributed heavily to his political rise, are ambition, determination and an amazing amount of energy.

form of "States' Rights." With Thurmond these do not constitute exactly in the says they are essential to the continuance and the continuance of t political freedom as it has been known in this country. He be-lieves racial segregation in the South is necessary to racial har-

He has blasted President Truman's Civil Rights proposals at every opportunity. The proposed law and fair employment practices law, in his opinion, would not only break down the federal constitution but would endanger local liberties and the right of local self-government.

Son, who comes up for reelection in 1950.

National Debut
Thurmond's debut on the national scene was at the 1947 governor's conference at Salt Lake City.

Two Purposes
Thurmond's Presidential candidcy has two purposes. One is to
register a Southern protest
against advocacy of Civil Rights
proposals by both major parties,
particularly the Democratic party,
to which the South has paid long
allegiance.

Where he outlined a plan for istional defense. He advocated total
mobilization in case of war or pational emergency.

He attracted wide attention last
November by marrying 21 yearold Jean Crouch, one of his office
secretaries. Their romance develappearance. allegiance.

in the hope that he might emerge as a compromise choice in the event of a deadlock between the Republican, and Demograts. The constitution provides that if no Presidential candidate receives a majority of the electoral college votes the House of Representatives, voting by states, shall name into the army as a captain. After tives, voting by states, shell name the President from among the three hignest candidates. Thurmond hopes to win almost

ill of the electoral votes of the Southern states, This would give him a total of more than 100, Al-

000 popular votes don't count. Yes, but in those two states

popular votes for Truman wouldn't

be included in the total national popular vote to elect him? That's

But walt. Suppose in Illinois Truman gets 3,000,000 popular votes and Dewey gets only 1,000,-

000. Then Truman gets Illinois' 28 elecotral votes and Dewey's 1,000,
