U.S. Brands Soviet Danube Rule Invalid

Yugoslavia Attacks Russia For Double Role Played On In- ternational Front

WASHINGTON, Nov. 15—(AP)—The United States served notice on Russia and five Soviet bloc states today that it considers invalid their new commission to control shipping on the Danube River. The commission was set up Nov. 11 at Galatz, Romania. It replaced a control commission dating back to 1921 on which five western nations were represented.

An American note today said that the new arrangement, coupled with the device of Soviet-controlled joint shipping companies on the river, is "clearly designed to enable the Soviet Union to maintain a monopoly on Danubian commerce."

The Soviet bloc commission, it was charged, violates the peace treaties signed with Bulgaria, Hungary and Romania and "violates the concept of international waterways which has been recognized in Europe for more than 130 years."

Meanwhile at Lake Success, Yugoslavia blasted at Russia for appearing before the United Nations as a champion of peace while exerting "aggressive pressure" in efforts to oust Premier Marshal Tito.

Yugoslav Delegate Milovan Djilas gave his country's views to the General Assembly's 49-nation political committee. He devoted most of his long speech to an attack on Russia but he also assailed the western powers for what he called war propaganda. He said that when the Canadian Delegate Paul Martin told Soviet Foreign Minister Andrei V. Vishinsky the "peace contribution Russia could make toward world peace would be the dismantling of their fifth column in other countries."

Marshall said Russia demands complete subordination of her own people, but adds that the United States "wishes to share the subservience of the citizens of other countries, these pretensions" (Continued on Page 3)

Prominent Kiwanian Was Former Lieut. District Governor

William Brown Zachary, Sr., 78, well known resident of Sanford for many years and former lieutenant district governor of Kiwanis, died yesterday afternoon in the local hospital following an illness of two weeks.

Born Nov. 6, 1871 in Conway, Ga., Mr. Zachary had lived here for 30 years. His residence was at 619 Magnolia Avenue. Until his retirement in 1944 he was a dispatcher with the Atlantic Coast Line Railroad. He was a member of the First Presbyterian Church, a past president of the Sanford Kiwanis Club and served one term as lieutenant district governor.

He is survived by his widow and one daughter, Mrs. Charles Hamilton of Atlanta, Ga.; one son, William B. Zachary, Jr., of Louisville, Ky.; three granddaughters, Lynn and Gayle Raulerson and Judith Ann Zachary; one sister, Mrs. William Platt of Arcadia.

Funeral services will be held at the First Presbyterian Church at 8:00 P. M. tomorrow with Rev. A. G. McInnis and Dr. E. D. Brownlee officiating. Burial will be made in Evergreen Cemetery.

Members of the Kiwanis Club will serve as honorary pallbearers and are requested to meet at the church at 2:30 P. M. Active pallbearers will include W. C. Tison, J. Beasley Odham, Dr. Lester Phillips, Albert Pitts and Ernest Galloway and John Galloway.

Civil Rights Favored By Secretary Tobin

WASHINGTON, Nov. 15—(AP)—Secretary of Labor Tobin today said that "the fight will be kept up" for passage of a law ending job discrimination.

"The peoples of the world," he said, "are looking to America and Americans for help in building a world where all races, colors, and creeds can live and work together harmoniously and constructively."

Tobin addressed the convention of the National Council of Negro Women. President Truman is scheduled to address the group tonight (about 8:30, EST). He was expected to make it the occasion for a new plea for enactment of his Civil Rights program.

Tobin listed recent instances in which colleges have permitted the entry of Negro students, and added that there also have been gains for the Negro "on the job front."

"You know," he said, "that I have fought for a federal law to end job discrimination. This goal has not yet been achieved, but I can assure you that the fight will be kept up."

Gay Says Sales Tax May Not Be Enough To Run State This Year

JACKSONVILLE, Nov. 15—(AP)—Even sales tax revenue may not be enough to run the State government this fiscal year, Comptroller C. M. Gay told delegates to the state chamber of commerce convention today.

It is too early to tell how much the new tax will provide, Gay said in a speech prepared for delivery at this morning's convention session.

But if advance estimates of \$40,000,000 are right, he continued, the State will have to dip into the general fund for \$7,000,000 to keep operating through June, 1950.

"And this is based on continuation of the 10 percent budget reduction now in effect," Gay said.

If this happens, he added, the State probably will not have a safe working balance. It will be about \$7,000,000 on July 1 when it should be at least \$12,000,000 at that time of year—usually a slack period in tax collections.

Although sales tax revenue is expected to add \$40,000,000 to the State income, about \$19,250,000 of this is offset by 1949 laws giving cigarette tax money to cities and gasoline tax money to counties, Gay said.

Another factor to be considered, he told the trade body, is that the new sales tax didn't start until November, four months after the start of the state's fiscal year.

Judith Coplon Is Pictured As Good Federal Employee

NEW YORK, Nov. 15—(AP)—Judith Coplon, convicted of spying for Russia, was pictured in a federal court today as a competent government worker who "did out various subversive organizations" for the U. S. Attorney General's office.

Her lawyer, Archibald Palmer, gave this picture at a hearing preliminary to the spy conspiracy trial of the former government worker and her ex-friend Valentin Gubichev, suspended Russian employe of the United Nations.

FBI Agent Robert R. Granville, on the witness stand, agreed with Palmer that Miss Coplon had received promotions in the Department of Justice and that her work had been praised by her superiors.

"Did you know," the lawyer asked, "that she dug out various subversive organizations put on Tom Clark's list?"

"I did not," Granville replied. "The reference was to former Attorney General Tom C. Clark, now a Supreme Court Justice."

"Did you ever find that this girl had ever been a Communist?" Palmer asked.

"Not that I can recall," the FBI man said.

Granville commended the 30-year-old woman who arrested Miss Coplon, a tiny, 28-year-old brunette, and Gubichev after a six-and-a-half-year pursuit in New York last Mar. 4.

2 White Men Held In Negro's Death

WALHALLA, S. C., Nov. 15—(AP)—Two young white men were arrested near Charleston today on charges of slaying an elderly negro farmer near here Saturday night.

Police in the seaside city, 200 miles from here, identified the prisoners as Leroy Parker, 23, of Walhalla and James D. Lawrence, 24, of Berkeley county.

The men offered no resistance as Sgt. A. Roth and four other officers arrested them in a roadside car. Roth said the men were in the car when they saw the car and turned back.

6-Year Old Girl Found Murdered By Sex Pervert

MISSING SINCE YESTERDAY, GIRL'S BODY FOUND IN TRASH BOX

LOS ANGELES, Nov. 15—(AP)—The head crushed by an axe, six-year-old Linda Joyce Glueck was found slain today a few blocks from her home. Police broadcast a pickup order for a 67-year-old man. The man had been missing from the home of her parents, Jules and Lillian Glueck, since yesterday afternoon.

Officers identified the man they found as a known pervert, questioned only last April in a child molestation case, but released.

The cloudy body was found by the case when a night-long search by neighbors and officers failed to find the body. It was found in a trash box in the backyard of a modest dwelling near her own home.

It is understood that the mother, told of the discovery, immediately one of the most intensive man-hunts in the city's history was begun for the found slayer.

It was at that vicinity that the murder of Nina Martin and her sister Mae occurred in 1924 in a case that led to the conviction of "Sam" C. Stone, a nightwatchman.

The case was the city's most notorious child murder since 1916, when six-year-old Rachelle Glueck, daughter of butcher Al Glueck, was kidnapped at play.

A first grade student at Cross Street Heights school, Linda was last seen about 3:30 P. M. yesterday. Mrs. Glueck told police she saw her daughter ready and called for her at 5 P. M. I got no answer, so I went out and asked the other children in the neighborhood, but nobody had seen her."

Police said a six-foot high fence bordering on an alley is the rear of the home where the body was found. (Officially theorized it might have been tossed over the fence and into the pile of boxes where it was discovered.)

Of the man police are seeking, Mrs. Glueck told police: "He had played with her, but he was so sweet and kind to her he liked to give her candy."

Linda, four feet, two inches tall and weighing 65 pounds, was still wearing the blue plaid dress, red shoes and yellow socks in which she disappeared.

Police said a later examination would be required to determine if she had been molested.

Mrs. Roumillat's Uncle Dies In Tampa

W. D. (Uncle Bill) Craibree died at his home in Tampa on Friday morning. He is an uncle of Mrs. F. E. Roumillat of this city.

Mr. and Mrs. Craibree have visited frequently in Sanford for many years as the guests of Mr. and Mrs. Roumillat and had many friends here.

They celebrated their golden wedding anniversary here in February, 1948. Those from Sanford who attended funeral services in Tampa yesterday morning were Mrs. G. A. Wood, Mrs. A. W. Lee, Mrs. A. B. Wallace and Mr. and Mrs. Roumillat.

Adenauer Announces Big Three Agree To Go Easy On Germans

City Is Asked To Ban Lurid Comics By County Judge

Sanford County Judge Douglas Stenstrom today requested that the City Commission take action to curb the sale of lurid comic books which emphasize crime and sex.

The Commission took immediate action on the matter by requesting City Attorney Edson Shindler to check into ordinances adopted against sale of such publications in Coral Gables and other Florida cities with the possibility of Sanford adopting such an ordinance.

Judge Stenstrom told the commissioners that he attributed two recent cases of delinquent minors here directly to the reading of this type of "so-called comic literature."

The Commission said City Manager Clifford McKibbin authorized completion of the sale for \$7,000 of the former shuffleboard court site at Palmiste Avenue and Second Street in the Thelma Hill Court, of which Jesse Jarrell is local representative, for erection of a building.

Action was deferred on the request of the zoning board to change the text of the zoning ordinance to permit more leniency in determination of the minimum first floor area requirements for houses. A special meeting with members of the Adjustment Board will be held soon to consider this.

Mr. McKibbin declined this meeting.

A lease to Florida Fishbowl Co. was amended to put the responsibility on company maintenance of the A and R building at the principal airport. The company, and setting rental at \$250 a month for the balance of the five year lease which ends in October, 1952.

Approval of a quit claim deed to the city was also considered.

Committees Named By Tourist Club To Plan Program

Forty-seven members of the Sanford Tourist Club met last night to form committees to carry out their program of tourist activities. The club, comprising the former membership of the Sanford Shuffleboard Club and the Tourist Club, now numbers about 35 local residents and 12 tourists, and is growing rapidly, according to John Senkark, president.

Edward Higgins, manager of the Seminole County Chamber of Commerce, welcomed the group. He stated that repair work is in progress at three shuffleboard courts in Palm Melon Park and that when this work is completed 10 courts will be available for playing. New equipment has been purchased by the City, including 10 sets of cues.

A committee was appointed to manage shuffleboard tournaments and includes Tom Vernon, Carl Elsenhower, C. L. Madden, Robert Hawthorne and L. C. Hughes. The committee was instructed to meet this morning with City Manager C. F. McKibbin to discuss any improvements that may be made at the courts.

Another group formed last night was a house committee to welcome visitors and plan entertainments. This includes Mrs. W. E. Smith, Mrs. A. C. Starke, Mrs. W. E. Tench, F. A. Eatorly and Mrs. F. L. Cawley.

Mrs. Floasie Webb invited members to attend the two hour program of songs, singing to be given by the LaVere Trio of Station WJLT of Atlanta, Ga., Saturday night at 8:00 o'clock at Seminole High School auditorium.

Following the business session members enjoyed a social hour and games.

GREEN ELECTION
ATHENS, Greece, Nov. 15—(AP)—Speakers for major parties in the coalition government said today they have agreed that general elections should be held next spring.

Lewis Warned To Make Peace In Coal Dispute

WASHINGTON, Nov. 15—(AP)—John I. Lewis and the United Mine Workers today paid \$1,120,000 in court fines for their penalty for failing to obey a court order to end a 1948 coal strike. Wells Hopkins, general counsel to the union, made the payment to Harry W. Hall, clerk of the U. S. District Court. Hopkins remarked that the fine is "probably the biggest ever paid by a defendant in the Federal courts, certainly the biggest ever paid by a labor union."

The announcement came as he began negotiations with the western high coal producers in the hope of relaxing occupation restrictions on Germany.

In a formal speech to the West German parliament broadcast by the Frankfurt radio, Adenauer made the report on the results of the Paris European ministers' conference.

The United States, France and Britain have agreed to invite West Germany to many international organizations.

The Allies have agreed to allow Germany to set up trade relations in foreign countries.

FDIC Is Against Insurance Raise On Bank Deposits

WASHINGTON, Nov. 15—(AP)—The Federal Deposit Insurance Corporation today announced that it is against raising the \$5,000 limit of insurance it provides for any one's bank account.

"There would be no benefit to a customer" from a statutory increase in the limit, FDIC Chairman Duple T. Hall told a Senate Finance Committee study of government insurance and credit policies.

Hall summarized arguments for and against raising the \$5,000 limit, but concluded that the Western powers have agreed to a certain relaxation of dismantling of former German industry.

Glee Club Prepares For Variety Show

Members of the Seminole High School Glee Club are preparing for their annual presentation of the Variety Show on Nov. 25. The program will feature old songs and new ones, including bit tunes from the current musical attractions on Broadway, "Miss Liberty" and "South Pacific".

Opening the show will be a chorus number composed of Garret White, Kenneth Robbins, Bill Harrison, Jimmy Hansen, Charles Turner, Bobby Kuraid, Donald Cain and Gene Hasty with Ada Adams, Barbara Gillyard, Ann Dunn, Emma White, Carolyn Hudson, Shirley Penneck and Margaret Malloy.

A triple trio, composed of nine girls will sing "I'm Going to Wash That Man Right Out of My Hair" and Jeanette Wolf will sing "A Wonderful Guy". The dancing chorus for the latter number will include Carolyn Melmus, Denise Stevens, Joan Humphrey, Penny Wallace, Mildred Miller, Jean Wilson, Joyce Anderson and Ann Whitaker.

Adding a musical note to the presentation will be a black face act that will include Bill Brown, Clark Messler, Jimmy Ludwig, Billy Jimenez, E. H. Smith, Jr., Jack Spencer, Gerald Covington and Donald Kuttell. Donald Humphrey will serve as master of ceremonies and a double quartet will sing "That Lucky Old Sun". Rehearsals started on Nov. 8 and will be climaxed with a dress rehearsal on Nov. 28. Miss Ollie Reese Whittle will direct the show which will be given for students during the afternoon and for adults in the evening.

Vols, Wildcats Mix In Crucial SEC Tilt

Lightest Conference Football Schedule Can Prove Fatal To Kentucky Eleven

By ASSOCIATED PRESS
A Southeastern Conference football players got set for heavy work today after finding light Monday drills a snap.

Only eight games are slated this weekend. If the lightest schedule the conference has faced since the first week of the gridiron season.

Kentucky football scouts brought a warning home to Lexington that Tennessee is "bigger and stronger in every position" and there are more of them.

Backfield Coach Frank Moseley said "Tennessee is improving every week."

So the Wildcats donned sweat clothes for a rough workout as they prepared for Saturday's game with the Vols.

Some cheering news was forthcoming for the Vols at Knoxville. Tailback Hal Littleford and tackle Norman Meseroll will be available for the Kentucky game. Both worked out lightly as the Vols took a look at Wildcat plays in a dummy scrimmage.

Littleford was sidelined with an attack of buritis in the left knee. Meseroll was out with some torn ligaments in the right knee.

Monday was a holiday for the Georgia Bulldogs and their coaches. It was the first time this season that Athens enjoyed such a rest. There wasn't even a skull practice meeting. But it was back to the grind today, as the Bulldogs set ready for Duquesne and the last game of the year on Sanford Field.

At Tuscaloosa, Alabama's Crimson Tide worked out lightly. The Tide met Mississippi Southern Saturday. Coach Red Drew happily reported he was unable to spot any serious new injuries, as he called last week's victory over Georgia Tech one of the best of the year.

He said it was another team victory in which Alabama turned in its top defensive game of the season. He had praise especially for backfield center Butch Avinger, Tom Calvin and Jack Brown.

Bad news came to the Florida Gators, just about knocked out of the Big Ten High School Conference football title although still unbeaten, seeking to keep its clean against Orlando this week.

Lee, needing only a Thanksgiving Day victory over Jacksonville to clinch the crown, is idle this week. The Gator with London last week meant the title to Lee because the Dickinson rating system shows more points for beating a first-division team. Lee played more first-division teams.

This week's card:

Edison and Lakeland won again last week, staying close in the race. Edison just got by improving St. Petersburg, 6-0. Lakeland trounced Salus, 21-0.

In other games, Jefferson ripped Orlando, 12-7, and West Palm Beach trounced Fort Lauderdale, 32-0. Miami Jackson lost to Miami High, 21-0, while Hillsborough road Pensacola, 27-26, in games against outsiders.

Top Hunting Season Predicted This Year

TALLAHASSEE, Nov. 15—(AP)—With a few breaks from the weather, Florida may shortly enjoy one of its best hunting seasons.

The State Game and Fresh Water Fish Commission expects the season starting Nov. 22 to be "better than average," and might even be better than last year.

The Commission said the state's deer population appears to have increased in all areas except the northern Florida Big Game Preserve and the Ocala National Forest.

Deer again are plentiful. The main break that is needed from the weatherman is a little less rain. Commission said. The Commission said the state's deer population appears to have increased in all areas except the northern Florida Big Game Preserve and the Ocala National Forest.

St. Augustine Leads EFC With 5 Wins, No Losses

DeLand In 2nd Place, Smvrna Climbs To 6th

The St. Augustine Yellow Jackets lead the East Florida Conference for the fourth consecutive week after winning from the conference EFC leader, Seaside by 24-0.

DeLand held its No. 2 position by defeating hapless Leesburg 32-0. Leesburg is on the bottom rung, having lost 7 and tied 1 with no wins.

Palatka climbed from last week's No. 5 spot to 3rd position by defeating Winter Park 18-6.

Fourth on the roster are the New Smyrna Barracudas who came from behind to slip by Sanford 19-14 in a hard fought thriller last Friday.

Seaside slipped from third to fifth place after being swamped by the Yellow Jackets.

Sanford went down, also, pushed by the fighting New Smyrna. Culas and the Feds now retain 6th place in the conference.

In the No. 7 slot is Winter Park, tripped by Palatka.

Eustis stayed in eighth position after a non-conference loss to Umatilla 18-6.

Red Drew Of 'Bama' Is Coach Of Week

ATLANTA, Nov. 15—(AP)—Alabama's 20-7 victory over Georgia Tech earned Coach Red Drew the honor of Southeastern Conference Coach of the Week. In a poll of Southern sports writers conducted by the Atlanta Journal, Drew received 15 of 18 votes.

Kentucky's Paul Bennett, whose team trampled Florida, 33-0, received two votes, from Larry Shropshire and Ed Ashford, and Tennessee's Bob Neyland, whose team trampled Florida, 33-0, received two votes, from Larry Shropshire and Ed Ashford.

In the early minutes of the Notre Dame-North Carolina game at Yankee Stadium, New York, the Irish score their one and only touchdown. At top, Dick Haning, day, scores past the Irish's Len Hart (82). In center, Haning finds the going rough. At bottom, he falls over the goal line. After a sensational 6-0 score at the end of the half, Notre Dame wrapped up the game 12-0.

Charley Connerly Hits Peak As Tossers For NY Giant Grid Squad

PHILADELPHIA, Nov. 15—(AP)—The crowd is gradually coming to the top of the National Football League individual statistics.

Charley Connerly of the New York Giants took over top spot in the passing department for the first time in five weeks and bounced from sixth to third last week because the Dickinson rating system shows more points for beating a first-division team. Lee played more first-division teams.

Connerly is top with 198 throws for 3,000 yards and 22 touchdowns in 12 games. He leads Bobby Layne of the New York Bulldogs by six points under the inverse system.

Layne's record reads 196 touchdowns for 101 completions, 1,270 yards, five touchdowns and 61.5 percentage.

The same story holds true to the ground gaining department. Green Bay's Tony Canadeo still leads but big Steve Van Buren is crawling up on him each week.

Canadeo has carried the ball 155 times for 716 yards and a 5.3 average.

Van Buren retained second spot and gained 25 yards on Canadeo as he upped his record to 618 yards on 163 carries and a 3.8 average. Elmer Angerman of the Chicago Cardinals is third with 56 yards and has the best average of 4.2. The Eagles' Boat Pritchard fell to fourth with 508 yards and a 4.0 average.

Tom Fears of the Los Angeles Rams caught seven passes for 77 yards Sunday at Pittsburgh to tie with Bill Shipley of the Bulldogs in pass receiving. Bob Mann of Detroit is third with 39 receptions good for 569 yards.

Gene Roberts of the New York Giants continues to lead the scores with 84 points on seven touchdowns running and

Mainland Gridders Remain Unbeaten To Lead NEC

JACKSONVILLE, Nov. 15—(AP)—Mainland of Daytona Beach, one of the few unbeaten football teams left in Florida, goes after key victory in pursuit of the Southeast High School Conference title this week.

The defending champion Tallahassee team, with three tie games and a loss as its 1949 NEC record, will tackle Mainland in the big one of four league games.

It is scheduled for Friday, at 7 o'clock at Gainesville. Live takes at St. Pauls Thursday and Fletcher at Holmes Saturday.

Lake City, tangled by Mainland last week, meets non-conference Starke Friday.

Gainesville and Ocala joined Mainland in winning last week. Gainesville tripped Lake City, 15-0. Ocala blanked Holmes, 15-0 after four losses. Tallahassee turned back Jordan of Columbus, 7-0.

2 Platoon System Enemies Fight To Change SubRuling

NEW YORK, Nov. 15—(AP)—Get ready to battle this winter over "two-platoon" football. The subject is red hot again.

The small guys, snorting fire and brimstone, are again the big guys, with their multiple-unit squads and lush athletic coffers, as all for it.

The matter will come to a head at the meeting of the college rules committee here in January. Chief spokesman for the opponents of the free substitution rule is Harvey Harman of Rutgers, former president of the football coaches association.

"I am convinced we can change the rules and kill the two-platoon system," Harman says. "I know 99 per cent of the coaches are against the present rule."

Harman and his crowd want the standards revised so that a coach can substitute only two or three men at a position.

The anti-platooners are planning a nationwide letter-writing campaign to present their case. "The two-platoon system will destroy football," argues Harman. "It's making the rich richer and the poor poorer."

Low Little of Columbia, chairman of the coaches rules committee, says the boys not to be heavy in their judgment.

"This much I know," he said. "You can't equalize the playing strengths of teams by legislation."

Detroit Dominates Scoring Race In Ice Hockey League

MONTREAL, Nov. 15—(AP)—Goal keepers shudder when Detroit's crack line of Ted Lindsay, Sid Abel and Gordie Howe are on the ice and the statistics show why.

The trio, highest scoring forward line in the National Hockey League, dominated the circuit's individual scoring race today.

Terrific Ted, the leftwinger of the trio, leads the league in scoring with 18 points, having banged 11 goals and set up eight others.

Howe, youthful right winger, is second with 14 points on five goals and nine assists. Abel, center, and the league's most valuable player last year, is tied for third with three players at 13 points.

Headlocked by Abel are Montreal's brilliant Maurice (The Rocket) Richard, Boston's Paul Ronty and Chicago's Doug Bentley.

Richard is getting a bashing in goal-keeping. The Montreal rightwinger has blasted home 12 goals in 14 games.

Rou Conacher of Chicago, California's Gordie Howe and Doug Bentley are tied for the lead in play making with nine assists each.

Montreal's Hall Durnan continues to show the way for top honours in goal-keeping. Durnan has a goal-against mark of 1.57 and leads in shutouts with three.

Butch Boochard, Montreal's bruising defenseman, has drawn the most penalties, 20 minutes.

Charlie Justice Is Number 1 Pro Choice

PITTSBURGH, Nov. 15—(AP)—Charlie Justice, Pittsburgh Justice (Choo Choo) Justice, great running back from North Carolina University, was announced today as the No. 1 draft choice of the Pittsburgh Steelers of the National Football League.

Justice says he won't play. "Not particularly that he won't play with the Steelers, because, so far as is known, he didn't know he had been drafted by the Steelers when he made his announcement."

He just doesn't mean to play professional ball, that's all. The Steelers said they picked Charlie at a National League draft meeting in Philadelphia a week ago.

Justice had originally been drafted by the Philadelphia Eagles, wealthy in back already and angling for some fancy linemen, gave up Justice to the Steelers in exchange for the Pittsburgh team's No. 1 draft choice.

All-America Charlie had said previously he wouldn't turn pro footballer unless he got an offer that was "too good to turn down."

Now, he says: "It's time to quit. I'm 20 and I have been playing football for a long time (11 years—in high school, for a service team and in college). I want to get started in a coaching job and the sooner I get into it the better. If I went pro I'd lose a couple of years."

Cator Regulars Out For Tussle With Hurricanes

Fal Johnson And Russ Godwin Injured In Kentucky Grid Game

GAINESVILLE, Nov. 15—(AP)—Two Florida regulars may miss the Miami game Friday night. End Fal Johnson definitely is out for the season. He injured his left knee again in the Kentucky game. Fullback Russ Godwin, who is out for the season, may be able to play some against the state rival. An epidemic of head colds and drizzly weather failed to stop Florida's limbering up drill yesterday. They got a good look at Miami plays and ran through pass formations.

And in Miami, the Hurricanes go through their only scrimmage session of the week today in preparation for the homecoming game with Florida here Friday night.

Couch Andy Gustafson said he would hold scrimmage sessions to a minimum to avoid further injuries to his squad, already riddled with six ailing players.

Coach Andy Gustafson has been shifted from left to right halfback to center Don Cobb of Ocala, who is out for the season with a torn ligament in his knee.

"The team which wants this ball game the most will win it," Gustafson told his squad yesterday. He said he would leave things entirely up to the players for this important game, which will decide the Florida championship.

Gustafson called Chuck Hunsinger the best ball carrier he'd ever seen and said if Hunsinger was playing on a winning team like Army "he'd be a dead aim for all American."

A crowd of 55,000 to 60,000 is expected to see the Miami-Florida tussle in the Orange Bowl.

Hunters Urged To Obey Safety Rules

TALLAHASSEE, Nov. 15—(AP)—With the 1949-50 season approaching, the State Game and Fish Commission today urged hunters to observe safety rules in the fields.

Commission Director Coleman Newman said more than 20 Florida hunters were either killed or injured last year because "they failed to observe a few simple safety rules."

The general hunting season will open Nov. 22.

He said the advance sale of hunting licenses indicates there will be more hunters this season than ever before.

Newman cited five rules for hunters to follow:

Know your gun thoroughly, always remember the gun muzzle in the "business end," watch your step while walking, don't shoot until you're sure, don't mix alcohol and gun powder.

Joe Louis Praised Boston Opponent In Exhibition Bout

BOSTON, Nov. 15—(AP)—Joe Louis left Boston "feeling good" and with a sincere verbal pat on the back for Johnny Shkor, the Boston and Baltimore heavyweight with whom he went ten exhibition rounds.

Louis, who had a majority of 2471 Boston Garden fans rooting for him last night, drew the plaudits of reporters for his decency.

As he reclined on a rubber table wrapped in towels the retired heavyweight king responded to a question.

"Sure I'd have knocked him out if I could've with one punch. But I didn't want to get him staggered around 'n then do it. This was an exhibition."

There wasn't much doubt that Louis, who began a string of ten 10-round exhibitions here, could have "gone after" Shkor and cut him considerably, eventually knocking out his opponent.

The Brown Bomber still has his punch, though his lack of timing from inactivity was obvious.

While his handlers pressed an ice pack against his scraped right eye, Louis continued to praise Shkor.

"That boy is as good a heavy-weight as there is. There's none fatter. He's a lot better than last year when he and I went four rounds in an exhibition here."

Tide Picked To Stomp Mississippi Southern

TUSCALOOSA, Ala., Nov. 15—(AP)—Little Mississippi-Southern College will try to play David to Alabama's Goliath here Saturday.

Southern has had a good season in its only league since a 71-7 blasting at the hands of Kentucky to open the season, and Coach Thad (Pie) Vann says "we're hoping not to get slaughtered as we were against our last Southeastern Conference opponent."

Alabama, with victories over Georgia and Georgia Tech in successive games, will be the overwhelming choice, of course. Coach Harold (Red) Drew will have his men paying special attention to Southern and Cliff Coggins, who has set a new college record this year for yardage gained by a pass receiver.

Coggins, in 46 catches, has accounted for 1330 yards. He needs only eight more catches to break the record for number of passes caught set by Ramsey Pools of Ole Miss in 1947.

Boston Coach Quits

BOSTON, Nov. 15—(AP)—Freddie McGuire, former big league baseball player and one-time Holy Cross star, has resigned as Boston College baseball coach to become New England scout for the Boston Red Sox.

until you're sure, don't mix alcohol and gun powder.

HERE'S THE "LAST WORD" ON TIRES!

TIRE TRUTHS
BY THE GENERAL

PRIZES GALORE AT ORLANDO IN FARM FESTIVAL
GENERAL TIRE PARTY NOVEMBER 18 and 19

TIRE CHOICE IS SERIOUS MATTER

Generally, most people pay much attention to the make of their car, but they don't think about the choice of their tires. They'll spend hours selecting their car, but they won't spend a moment's thought about the tires. They'll buy a car that costs \$1,000 more than they can afford, but they won't buy a pair of tires that cost \$10 more than they can afford.

There is so much stamina built into all General Tires that they may be regarded as several times their actual cost. It's because they are beginning to realize that they ARE the most modern for replacing safety tires. General Tires are built at their Orlando headquarters. General Tire Supply offers the most modern for replacing safety tires. General Tires are built at their Orlando headquarters. General Tire Supply offers the most modern for replacing safety tires.

Set of General Tires will be "drip proof" - an essay contest with a fine gift as prize will be announced for 141 youngsters. A Hardwick was runner-up from South Atlantic Gas Company will be awarded the best essay. Doreen of other valuable prizes will be on the list, and thousands of bunches of Florida's Finest celery will be doled out to all comers.

Every man and woman on the big General Tire staff will be devoting their-elves to entertaining you and giving that you have the time of your life. They want to meet you, and we want you to meet them! To meet a sales event it's a big, jolly "get acquainted party".

CAKE CONTEST

Maybe you will win a special prize with the new \$100.00 Hardwick cake. First prize in the General Tire Supply's exciting Cake Contest! Tell her to bring it to the Farmer's Fall Festival, 100 West Washington Street, Orlando, on Saturday morning, November 19. Entries close at 1 o'clock Saturday afternoon. Judging begins then, with the Prize Award being made about 3 o'clock.

2 Newspapermen Are Hanged For Gandhi's Death

Bodies Of Godse And Apte Are Cremated After Execution

AMBALA, India, Nov. 15—(AP)—The young editor who assassinated Mohandas K. Gandhi and the man who told him to do it were sprung simultaneously through a gallows trap at the Ambala central jail this morning. Their bodies were cremated immediately afterward.

Narayan V. Godse and Narayan B. Apte, two Hindu nationalists, walked to their death with smiles on their faces. Their foreheads were painted with sacred marks. Each man carried a small package, presumably of Hindu scriptures, which they were allowed to hold as their hands were tied behind them.

A moment before the trap was sprung the two young fanatics shouted in unison "May the United India be immortal. We salute the holy motherland."

These were the Nationalist slogans which had inflamed them to take the life of the sainted Hindu spiritual leader who hated violence so much he tried to end Moslem-Hindu strife.

A witness to the execution, which ended a two-year-legal battle following Gandhi's assassination in a New Delhi garden Jan. 30, 1948, said the two men thanked their jailors for their kindness and asked that they "finish the business quickly."

Godse, the 29-year-old editor of the Poona Daily, had fired the shot that killed Gandhi as he walked to prayer in front of hundreds of his followers. Apte, the publisher of the newspaper, was executed for leading the plot. Four other men received sentences of life imprisonment for participation in the plot while a fifth was acquitted.

As the two condemned men stood on the gallows they looked skyward and recited from the Hindu scriptures in the last words of the man, which are considered the words of God. The Hindu, they were still smiling as the black hoods were placed over their heads.

An eyewitness said four Brahmin priests attended the execution, reciting the scriptures and pouring rice and "ghee" (clarified butter) on the burning pyre. "The bones and ashes will be immersed in the holy river at some later date, in compliance with the requests of the youths' relatives."

Hours after the hanging of officials still refused public access to any part of the execution site. To avoid demonstrations and possible violence, even the closest relatives were not told an informed source said the bones and ashes would be immersed in the holy river secretly.

A strict curfew had been placed around the prison all night until after the execution. Following the hanging, there was violence among some 17,000 nearby Hindu and Sikh refugees, many of them sympathetic to the anti-Moslem Godse.

Police held two men—apparently friends of Godse's—who attempted during the night to scale the 20-foot walls of the jail. Otherwise no disturbances were reported.

Although the people of Ambala still did not know whether the deed had been hanged or not, the government announced the execution in New Delhi. It took place at 8 o'clock this morning.

Ambala is in India's teeming Punjab where hundreds of Moslems and Hindus have died in bitter clashes which arose out of the partitioning of Pakistan and India after they received their independence in 1947.

City Is Asked

(Continued from Page One) the Board of Health of the City of Sanford, Florida, subdivision, now occupied by the Sanford State Farmers Market to facilitate financing of improvements at the market, was approved. This eliminates the reservation of a previous deed that if ever the market area ceased to be used for its present purpose, the land was to revert to the city. The Commission, said Mr. McKibbin, felt that the market was "sufficiently entrenched" to stay in Sanford.

Attendance of delegates representing Sanford at the convention of the Florida League of Municipalities, Nov. 27, was approved. The Mayfair Inn, said Mr. McKibbin, has invited the League to hold its 1950 convention here. Mr. McKibbin and City Secretary Director E. H. Johnson reported attendance Monday at the meeting of the Florida section of the American Waterworks Association in Orlando and said they would attend other meetings.

Retailers Face Bright Future In Sales Volume, But Profit Less

By SAM DAWSON
NEW YORK, Nov. 15—(AP)—Retailers are facing a pretty bright future in the next months ahead as far as their sales volume is concerned. The pinch comes in profits.

The amount of money being rung up on department store cash registers right now is only a shade below a year ago. And remember that last year was one of the best in grand totals that department stores ever had.

But this year their profits are being shaved down by high operating costs. On every score it costs more to stay in business now than a year ago. As one merchant said: "The more you earn the less you make."

In a recent survey the National City Bank of New York shows that 68 large retail corporations in the first half of this year had a sales volume only 1 per cent under the comparable period of 1948. But their net income was down 1 per cent.

The 27 department and specialty stores in the list reported sales only 3 per cent under a year ago, but their profits were off 35 per cent.

The latest report of the Federal Reserve Board gives department store sales at 2 per cent under last year for the week ended Nov. 5.

That's about the most cheering news these retailers have had all this year. From Jan. 1 to date, department store sales slumped an average of 6 per cent under 1948. It's true that the comparisons of this year's volume has been made against the banner year of 1948, the tail-end of the post-war boom.

And it is also true that the present good showing is partially accounted for by a temporary but sharp drop in the volume of business at this time last year. Last year's bad business makes this year's good business look still better.

But the recovery was made despite the lengthy and costly coal and steel strikes. Just before the coal strike started Sept. 10, sales were 7 per cent under last year. They got steadily worse after the steel workers walked out, their low point, department store sales were down a whopping 12 to 14 per cent under last year.

What about the rest of this year? The head of one of the largest department store groups in the country—Fred Lazarus Jr., president of Federated Department Stores Inc.—guesses that dollar volume will be "somewhat lower than a year ago."

That probably means only a few percentage points lower. An exact figure is impossible to give, even at the end of the year, because of the uncertainty of further strikes and shut-downs.

But with everything normal, retail trade can continue its present pace at the cash register.

Bojangles' Robinson Has Heart Attack

NEW YORK, Nov. 15—(AP)—Bill "Bojangles" Robinson, 71-year-old veteran stage and screen dancer, was in a hospital today, "serious and uncertain."

An official of Columbia-Presbyterian Medical Center said Robinson was not "in a crisis at this time," but that because of his age, his condition was considered "serious and uncertain."

The dancer was admitted to the hospital late yesterday after an unspecified heart condition, which had bothered him previously, became intensified, the official said. He was placed in an oxygen tent.

Robinson celebrated his 62nd birthday nine years ago by dancing 62 blocks down Broadway. He was honored by the city for his 50 years in show business on Apr. 29, 1945, when Mayor William O'Dwyer proclaimed "Bill Robinson Day."

Truman Report Show Europe's Prices Too High

ECA Declares U. S. Is Willing To Accept Competition

WASHINGTON, Nov. 15—(AP)—President Truman today sent to Congress a Marshall Plan report declaring that Europe must lower its prices to compete in the United States market for the American consumer's dollar.

"The United States, of course, must be willing to accept greater competition from European suppliers in order to help Europe pay its way," said the study prepared by the Economic Cooperation Administration.

Even if European sales in the United States were doubled—thus restoring Europe's pre-war share of this market—the volume would represent less than 1 per cent of this country's total output and would "only be scratching the surface of the American market," Congress was told.

"The participating countries must intensify their export drive to the dollar area if they are to attain independence from extraordinary outside assistance," the report went on.

"This will require on the part of many European businessmen a reorganization of factory methods, installation of new and more efficient machinery in order to reduce costs, greater attention to merchandising and advertising, redesigning of products and packaging to suit American preferences, and a determination to serve American customers with the care and attention they receive from American producers."

It also will be necessary, the report said, for the Marshall Plan countries to give their exporters incentives to enter the tough American market. This will be done, as ECA Administrator Paul G. Hoffman has suggested, by letting the exporting companies keep a share of the dollars earned in export trade.

The report covered ECA operations up to July 1 of this year. It also emphasized the warping effect of the Marshall Plan countries' export controls and exchange restrictions which keep a share of the dollars earned in export trade.

It repeated Hoffman's plan for the economic unification of Europe, noting some steps in that direction but declaring that progress "on the whole has been slow."

With reference to the problem of high European prices, it was stated: "Devaluation of currencies was unavoidable if the gap between prices in the two parts of the western world was to be narrowed."

On the more favorable side the report said: "Industrial production in the Marshall Plan countries reached a new peak in the second quarter of the year; the farm outlook indicated a probable record post-war production; foreign trade expanded—but not in the direction of the

United States; inflation continued to abate.

"Stable democracies with a broad parliamentary basis have been brought into being and strengthened," the review continued.

"The Communists have been put on the defensive throughout the five nations of Western Europe. Lack of this renewed spiritual strength and the realities of a sustaining diet, control of rampant inflation brought about by steadily increasing production—now 18 per cent above pre-war—

and courageous actions taken by the participating governments to hold down prices and wages, x x x

"Against these achievements, however, must be set the inability of the Western European countries to improve their dollar position. Despite the fact that their combined exports in the second quarter of 1949 reached a post-war peak, shipments to the United States declined and the dollar gap widened.

"The inability to convert their growing national output and increased volume of trade into a reduction of the dollar gap is a basic problem of the participating countries.

"Production and trade increase and productivity improves, it is essential that prices in the post-war areas gradually adjust themselves to those prevailing in the hard currency areas. The allowing trade again to flow freely and permitting import restrictions and foreign exchange regulations to be lifted."

CAMDEN, N. J.—Real metal in cans is the answer science has now provided to the increasingly difficult and expensive process of repairing auto bodies and fenders. Don't replace it, metal it, is the new approach. A rusted-out door panel is first sanded to remove dust and paint and then a special fiber is dipped in a solvent and applied to the now bare metal, as shown lower left. When the fiber is dry, Met-Lit is applied over it with a brush, as shown in the top photo, or with a spray gun or a spatula. Once dry, the repair is metal-hard and may be sanded smooth and painted like any metal for a finished job like that on the lower right. This amazing new material, a product of the R. M. Hollingshead Corp., is now being introduced in auto body shops across the country. Even individual car owners who are handy with sandpaper and a paint brush can make body and fender repairs quickly and easily. Harder than lead and more rust-proof than stainless steel, Met-Lit provides a repair job as durable and permanent as any more expensive methods now in use.

Commercial Flight In Jet Transport Claimed By Italian

By CESARE BRUNINI

ROME—An Italian air force colonel claims to be the first man to pilot a jet propelled plane over a commercial route. Colonel Maria De Bernardi, 1928 Schneider trophy winner, recalled the flight in an interview.

"That was November 1941, when I drove the first jet plane from Milan to Rome," he said.

"I was at the time, one of the Caproni aircraft factory's test pilots and in April 1941 I tested the jet plane for the first time, taking off from the airport of Taormina. The tests went on for over 18 months, and at the end of November 1941, I flew the jet—a Caproni Campini—from the airport of Linate near Milan to Giussano near Rome."

An air ministry spokesman readily backed up De Bernardi's claim.

"We don't want to act like the Russians who claim that they were first in everything," observed Col. Filippo Giolitti.

"But we have found reason to believe that De Bernardi was the first man to fly a jet over a commercial distance. At the time he carried air mail bearers, he stamped 'first jet propelled flight Milan-Giussano'."

"After De Bernardi's successful attempt, a new type of jet was prepared by the Caproni factories under Secondo Campini's supervision but after the armistice, the Germans prevented us from working on it any more."

The journal of the British Royal Aeronautics Society of Jan. 1948 records German jets for the first time Aug. 27, 1940, with Heinkel H. 178. The magazine added that the British Gloster Whittle E-28-30 flew for the first time May 14, 1941, while the Americans took off with their Bell P-50A Lockheed Oct. 1, 1942.

Col. Giolitti said that Italian intelligence has proved that the Germans never flew any commercial distance with jet Helikets in 1939.

Col. Giolitti drew on his memory to describe the birth of jet propulsion in Italy.

He said the inventor of jet went to the air force commander of northern Italy, General Rino Corso Fougier, in 1939 with the plans for his new plane.

"Gaston Campini, the inventor, advised me the General's office with a leather case full of documents. He told the General that he had discovered a new way to fly a plane without a pilot."

Col. Giolitti said he was convinced if all of the \$1,500,000 allocated is used or exceeded "we can get through a deficiency appropriation covering the excess spending without too much trouble."

"It seems desirable to me that you get work actually started in two areas of the district if possible. This however, will have to be left to the discretion of the U. S. engineers in charge of the job."
