Attorney Cleared Of Girl's Charge

TALLAHASSEE (AP) — Prosecutor John Rudd today dropped morals charges against Rep. Hugh Grainger and said he "questioned the credibility" of the lawmaker's accuser, Florida state coed Stephanie Stapleton. Grainger (D-Jacksonville) was arrested by Tallahassee police in early December on charges of asking the 19-year-old Miss Stapleton to pose for lewd pictures and for serving alcoholic beverages to a minor.

In Jacksonville, Grainger, a real estate and mortgage broker, said he had not been officially notified that Rudd's office would not prosecute.

"I have not confirmed this with my attorney and I'd rather talk with him before I make any statement," he said. Murray Wadsworth, of Tallahassee, in the next day or so.

"I've taken the position I'm not taking any action," said Rudd, Leon County prosecuting attorney. He said he questioned Miss Stapleton in the company of her attorney, V. Craig McCaghren, of West Palm Beach, and Assistant City Police Chief Billie Bennett, on Saturday in his office.

"During this conference Miss Stapleton repudiated some material statements previously reflected in the Tallahassee police department report attributed to her."

"Due to the repudiation of some previous reported facts and a question as to the credibility of the witness, I am of the opinion that criminal charges should not be filed by this office," Rudd said in a written statement.

"If further inquiry is to be made, the grand jury is available. This action does not attempt to judge the defendant guilty or innocent, but is rendered on the improbability of securing a conviction."

Around The Clock

By JOHN A. SPOLSKI

Ain't it the truth... "If you can take it or leave it, probably no one wants it."

Waiting right up to deadline time for AP to cover it for us... but, nothing on the wire about it yet... Representative Bill Gibson had his own bill on the matter, but was so impressed with Judge Salt's version of same, that Gibson scrapped his and will introduce the judge's on "Death Sentence" for selling dope.

Received a call from Orlando, re/comments in the Clock... said that there is a new device (about to be introduced on the market) which is inexpensive and will detect counterfeit bills. Will arrange to cover this one with story and pics... should be a boon to local businessmen, and put an end to the fast-back artists.

Still reflecting on that terrific trio... Chet Atkins, Boots Randolph and Floyd Cramer as they entertained a full house last year in Orlando. Their music was supreme.

They're coming back on the 11th of February at Orlando's Municipal Stadium, and you betcha I'll be tapping my toes... right in the front row.

OVERHEARD... "We know where you can get a car that has only been driven 2,800 miles. That's all we've been able to get out of our fourth-handed clincher."

You're right... there have been IRS representatives in our area... checking to insure compliance on the posting of base prices by retailers, as required under the Economic Stabilization Program. Got yours up?

Should be a very interesting City Commission meeting tonight. Wonder if the attendance will be any better than the one I attended last week. All of 17 in the audience—two of them were the new commissioners, plus four more who were related to them.

SIGN OF THE TIMES: That sign of long standing advertising the Sanford Zoo would be relocated at the southwest corner of French Avenue at Seminole Boulevard, on the lakefront... has disappeared.

When the ship has sunk everyone knows how she might have been saved.

Fear is the tax which conscience pays to guilt.

Headlines Inside THE HERALD

MIAMI — New York Mayor John Lindsay says Israel, unlike Vietnam, deserves U.S. support, because it is a nation of "three million people who are morally right." (Page 5)

TALLAHASSEE — A federal court decision in Alabama will not force Florida to go to single member districts in legislative reapportionment... House Speaker Richard Pettigrew. (Page 5)

WEATHER — Yesterday's high 84 low 59. Partly cloudy through Tuesday. Highs 78 to 85. Low tonight in 60s.

Except for a minor Arctic front in the extreme north central part of the country, mild weather blanketed the nation today.

Top Lions Award To Glenn Turner

TAMPA (AP) — Glenn Turner, controversial Florida millionaire whose firm is under indictment in numerous states on charges of pyramid marketing, was named "American of the Year," Sunday by the Orlando chapter of the Lions club at half-time of the American Bowl game, televised nationally.

The civic club designation came despite strenuous opposition from the parent organization, Lions International, which objected not only to the migration but also to a flyer mailed out with the International's stamp of approval, saying the award came from one "unauthorized" group.

Turner owns Kocot Interplanetary Corp., which is accused in various states of operating a multilevel cosmetic sales scheme. The company is based in Orlando.

In accepting the trophy, Turner lauded America as "the land of opportunity" where, he said, a boy born with a speech defect on the wrong side of the track could make something of himself.

Michael Harris, executive director of the bowl game, said officials decided to proceed with the presentation despite the controversy because a man he accused would prove guilty. Turner, he said, contributed more than \$17 million to charities in the last two years.

And the mailout with the official stamp, he added, was an honest mistake.

The latest action against Glenn Turner Enterprises, Inc., was filed in Texas last Friday. The state charges Turner, three other Orlando men and nine Texans operated a self-motivation course called "Data to be Great" as a pyramid marketing program.

Auto Theft Ring Cracked — Sheriff

By BILL SCOTT

A statewide auto theft ring, specializing in the stealing of rental cars and reselling them, has been broken by a combined force of Sanford, Seminole County, Orlando and Florida Bureau of Law Enforcement officers with the arrest of two men during the weekend.

Sheriff John Polk announced late Saturday that Stephen Tyler Tolter, 27, Titusville, was charged with possession of stolen property. Chief Deputy Duane Harrell disclosed that Richard Carl Schultz, Lake Avenue, was arrested Sunday on possession of stolen property charges by Det. Tony Calangelo.

Calangelo reported that six cars had been recovered in the foray against the ring that operated between Jacksonville, Miami and Tampa.

Tolter is in the county jail in lieu of \$5,000 bond but Schultz posted a \$10,000 bond Sunday and was released.

Sheriff Polk stated Tolter was arrested at the Jai-Alai Fronton and agents recovered one of the vehicles. "More arrests are anticipated," Calangelo reported.

Working on the case were Sgt. William Lykens and Lt. Charles Fagan, Sanford police; Det. Charles Simmons, Orlando police; Paul Legg and Calangelo, Seminole County, and Florida Department of Law Enforcement agents, Calangelo said.

The car theft operation "bust" came just two days after Seminole County investigators arrested 15 persons in connection with the breaking of a large scale theft ring specializing in the burglary of homes, vehicles and business establishments.

Ten men were arrested Thursday night and five more were arrested Friday, including a 16-year-old juvenile.

The Friday arrests on a number of stolen property charges included Donald W. Goodall, 21, Winter Park; Richard Earl Goodall, 19, of 281 Church Street, Longwood; John Deauville, 20, Tolpata Trail, Longwood, and Steven W. Bennett, 20, Jessup Avenue, Longwood.

SOMEBODY ELSE IS TAKING HER PLACE

"Hallie," a bald eagle wounded by a bullet, is held by Mrs. Doris Mager, Matfield, Florida Audubon Society consultant on birds of prey. Another female eagle has joined the mate on their nest on the Upper St. Johns River, near Eau Gallie, in an effort to hatch two eggs. Food is airlifted to the nesting eagles while Hallie, with a steel pin inserted in her wing, recovers.

\$100,000 Library Given Trinity Prep

Trinity Preparatory School is the recipient of a memorial library building. It will be known as the "Newton Dycman Rich Library" and has been given by Mrs. Newton Rich and her two daughters, Mrs. Marcia K. Rich McKee and Mrs. Kenneth A. Conley, of Falls Church, Va.

The architect is James G. Gamble, Rogers of Winter Park. The building, which will cost in excess of \$100,000, is intended to be a learning laboratory and will provide lecture rooms, audio-visual projection rooms, conference rooms for use of inter-department programs, areas for displaying art in its several forms, as well as providing in-house facilities for individual study. The library building will itself be a key building on Trinity's multi-million dollar campus.

The gift of a library building comes just at the time when Trinity had announced its new humanities program. The present library area will be converted into an art studio and music studio.

Mr. and Mrs. Rich came to Winter Park about 17 years ago. Rich died January 1970. Even after his retirement, he continued active in his business, the LeMyer's Company of Chicago. He was chairman of the board of LeMyer's, the largest electrical contractor in the United States.

Mr. and Mrs. Rich for many years were active in philanthropic activities both in Orlando-Winter Park area and in Chicago area. Rich was one of the founders of Trinity Preparatory School.

In accepting the gift, Rev. Canon A. Rees Hay, headmaster, said, "This library building advances Trinity's academic program many years in one stroke. We had not anticipated such a gift. 1971 was a special year for us. To just finish one building and begin another is exciting."

Trinity is a co-ed college preparatory school, grades seven through 12, located near Goldenrod on State Highway 48. This year the school has 342 students enrolled.

No. Orlando Plans Election March 21

By MARION BETHA

NORTH ORLANDO — Village Council at a 7:30 meeting tonight will learn the ramifications of the March 21 elections with regard to candidates filing.

Qualifying period for the candidates for the municipal elections begins on Feb. 18 and ends on Feb. 29. All candidates must file and designate a campaign treasurer as well as a campaign fund depository. Registration books in the county, for which village residents must now register, close on Feb. 18.

Vacancies exist in the office of the mayor and in groups 2 and 4 Council seats presently held by Winston Hurt and Charles Kelley.

Also to be discussed tonight is the leasing of a police car by the village, since it is felt that this method will be considerably more economical than the purchase and maintenance of vehicles.

Specifications for the village insurance will be taken under consideration by Council.

LOCAL AUDITIONS COMING

Plans for the Oberammergau Passion Play to be presented at the Sanford Civic Center Feb. 8-10 by Heritage Productions of Richmond, Va., were discussed at a breakfast meeting today of the Sanford Ministerial Association. Rev. William Norris, president of the association, which will sponsor the presentation locally, looks over photographs with (left) Mrs. Andrea de Flammia, coordinating director, and Miss Joyce McConihay, ad-vice representative. Some 50 local residents will be recruited to augment the professional cast of 25.

Building Charge On Agenda City Will Consider Sale Of Land

A request by five Sanford residents to purchase the 14-acre city-owned tract, first designated as the site for the relocation of the Sanford Zoo, is expected to come before the City Commission at tonight's 8 p.m. session.

The property, located on Seminole Boulevard, west of French Avenue and adjacent to The Sanford Herald, is reported to be under consideration as a site for an apartment complex, if the city and the group can arrive at a fair price.

City Commission at one time indicated the property could be used for the zoo but later the County Commission advised that a larger land tract located just these along northern U.S. 1792 would be available for the zoo. City Commission understood them to place the acreage on the open market for sale and an appraisal was authorized.

Another agenda item to be discussed and possibly enacted from the city zoning and planning board that a \$400 capital improvement charge be placed on each new dwelling unit to be constructed in the city.

The charge was recommended in the zoning board's new annexation report to the Commission as a means of obtaining funds to provide water and sewer improvements.

Injured Couple 'Serious'

A 30-year-old Seminole Junior College instructor and his 27-year-old wife are listed in "serious" condition in the intensive care unit at Florida Hospital today after a Sunday night West First Street collision between their station wagon and a sports car operated by Gary Cornelius, 27, of 1218 W. Sixth Street.

Thomas Hobbs, Gale, his wife, their six-year-old son, John, and Cornelius were transferred to Florida Hospital from Seminole Memorial Hospital by Herndon Ambulance helicopter.

According to a hospital spokesman, the boy's condition is "fair." He is in the hospital pediatrics section.

Cornelius is reported in "good" condition, the hospital spokesman added.

Police said at least 30 minutes was required to extricate Cornelius from the wreckage.

The Hobbs reside at 108 Valencia Drive in Sanford.

Editorial Comment

Changing Challenges Confronting Journalists

If journalists had fouled themselves to the point of believing that the Fourth Estate would escape the dramatic changes which have shaken (and in some instances shattered) professional traditions which seemed impervious to shock, they ought to know better now.

This is still the case in every level of reporting from the White House and the Hill, where grave issues which shake national and international relations are decided, to the county courthouses and city halls, the chambers of commerce and the professional associations with which such newspapers as The Herald deal daily and intimately.

Of all those who are being caught in this controversial mess, none have as many responsibilities resting on their shoulders and have to bear them as openly (with their by-lines on Page One) as the conscientious journalists.

The free press needs to be "free." This can be accomplished only when those who make the news are equally dedicated to this important basic of an operative and effective democracy!

Waldheim's UN Test

Few could envy the Austrian diplomat Kurt Waldheim in the task he assumes as secretary general of the United Nations. There is honor in being chosen for such a post, to be sure, but in the honor of the United Nations itself is so in need of repair that Mr. Waldheim is beginning his service like the inheritor of an estate built on the proceeds of a shady business empire.

Indeed, the history of the U.N. secretary generalship has been one of frustrating attempts to make the world organization command the respect of its own members.

Mr. Waldheim has expressed an awareness that the salvation of the U.N. must begin with internal reform. He has issued a plea for more realism in what U.N. agencies attempt to do.

The General Assembly, however, has just approved another record-high budget to be met by an obviously inequitable assessment formula, while a reduction appears inevitable in the voluntary contributions of the United States of America on which so many U.N. activities rely.

Fed Budget Going Up, Up, Up!

By RAY McHUGH
Clad, Washington Bureau Copley News Service
WASHINGTON — The Nixon administration is putting the final touches on a proposed 1973-74 budget that will approach \$200 billion.

Fiscal experts expect an increase of \$20 to \$22 billion over President Nixon's \$200 billion "full employment" budget.

The new budget's revenue picture also will be affected by high unemployment, plus the increased personal income tax exemptions, the accelerated investment tax credit and the elimination of auto excise tax.

For Congress, Legislature New District Study Set

TALLAHASSEE, Fla. (AP) — A federal court decision in Alabama will not force Florida to go to single member districts in legislative reapportionment, says House Speaker Richard Pettigrew, D-Miami.

Pettigrew planned to appoint today a 23-member legislative reapportionment and a slightly smaller congressional reapportionment committee.

Work on new strategic systems, some administration sources say, is essential if the President is to negotiate successfully in Moscow in May and if the strategic arms limitation negotiators are to maintain credibility in their discussions with the Soviets.

Legislators Ready For Next Full Session

TALLAHASSEE, Fla. (AP) — The House Appropriations Committee begins work today on Gov. Reubin Askew's \$1.29 billion budget while a Senate committee investigates the Florida Highway Patrol.

As legislative committees prepared for a week of pre-session hearings, the Appropriations Committee was to examine the budget presented to legislators last week.

U. S. Support Of Israel Urged By Mayor Lindsay

By KEN GEPFERT
Associated Press Writer
New York Mayor John Lindsay, campaigning in heavily Jewish Miami Beach Sunday night, said Israel, unlike Vietnam, deserves U.S. support because it is a nation of "three million people who are morally right."

HHH Tosses In Hat, Would End The War

By THE ASSOCIATED PRESS
Sen. Hubert H. Humphrey formally announced his third bid for the presidency today, calling for "reconciliation, rebuilding and rebirth."

In a speech prepared for Philadelphia's Poor Richard Club, a spot favored by wealthy Democrats, the 61-year-old jurist said his first priority would be to end the war in Indochina.

The former vice president, who lost the Democratic presidential nomination to John F. Kennedy in 1960 and the White House race to Richard Nixon in 1968, plans to enter the April 23 Pennsylvania presidential primary.

Continuing his attack on the Nixon administration, Humphrey said, "I've seen three years of sustained indifference and error on the part of an administration with limited vision and understanding cannot fundamentally damage the underlying health and vitality of this nation."

Dancer Shawn, 80, Dies

ORLANDO, Fla. (AP) — Ted Shawn, founder of the Jacob's Pillow Dance Festival at Lee, Mass., died Sunday in a Florida hospital. He was 80.

Edwin M. "Ted" Shawn started dancing in 1911 and during his long career was often called the father of modern dance in America.

Amish Community Interests Couple

By LIZA BAKER
Oliver and Roselyn Jones, Sixth Street, took a holiday vacation visiting relatives and friends in Atlanta, Ga., where they were guests of her brother and family and his sister and family.

Jones and their children, Mike and Karen.
One of the most fascinating sights of their trip was a drive through the Amish countryside. The Amish have their own one-room school houses and do not associate with outsiders. The unmarried couples, regardless of the weather, must ride in open buggies while the married folk have enclosed buggies. Their farms are lovely with immaculate barns and quaint windmills.
The Joneses also found the old Colonial towns of York and Lancaster most fascinating with their cobbled stone streets

Miss Susan White, David E. Soper Exchange Vows In Candlelight Rites

MRS. DAVID EDWARD SOPER

Miss Susan Alvina White and David Edward Soper were united in Holy Matrimony, Dec. 29, 1971 at 7:30 p. m. in Holy Cross Episcopal Church, Sanford.
Rev. Leroy D. Soper, Jr., father of the groom, was officiating clergyman at the candlelight, double ring nuptial Mass. Miss Beatrice Buck, organist, presented appropriate nuptial music including the processional "Trumpet Voluntary" by Purcell and the recessional "Festival Fanfare" by Bach.
The bride is the daughter of Mr. and Mrs. Alvin Lea White of 125 Laurel Drive and the groom is the son of Rev. and Mrs. Leroy D. Soper, 101 West Woodland Drive, all of Sanford.
Church decorations included vases with arrangements of cream full mums, white daisies, and greenery, two nine branch brass candelabra with Cathedral tapers and potted plants. The bride, given in marriage by her father, wore a formal length gown of candlelight silk tulle. Crystals and seed pearls lavishly sprinkled on pearl deques formed the high neck and sleeveless, a band of lace and beading accentuated the empire bodice.
The long silk illusion veil fell from a crown of matching lace and beading. She carried an Edwardian bouquet of ivory tiaras, stephanotis and baby's breath with miniature ivy and ivory satin ribbon streamers.

silver candelabrum with a cascading arrangement of cream full mums, white daisies and Canadian lily.
The punch table was overlaid with a cloth identical to that on the bride's table and centered with an identical silver candelabrum arrangement. Punch was served from two silver punch bowls on either end of the table. Potted palms were placed at vantage points throughout the reception area.
Mrs. Robert Driscoll presided at the bride's book table adorned with a single tiara rose in a silver bud vase. Mrs. Donald Brough, Mrs. Phillip Simpson, Mrs. Michael Cato and Miss Bonnie Cato cut and served the cake and pouring were Mrs. Joseph Kurimal, Mrs. Willis De Brine, Mrs. Harry P. Cochrane, Mrs. Robert Shelden and Miss Jan Simpson. Floating hostesses were the Misses Holley Kurimal, Susan Simpson and Becky Simpson.
For traveling, Mrs. Soper chose an orange plaid pantsuit with long matching coat and camel accessories. The couple left for a wedding trip to Walt Disney World and their new residence will be 631 East Cal St. Apt. 606, Tallahassee. They are both seniors at Florida State University. The groom plans to enroll at Medical School University of Miami in September 1972 and the bride will teach in elementary education.
Out-of-town guests included Miss Anita Antilla, Helsinki, Finland; Mr. and Mrs. Arthur J. Gardner Jr., Eau Gallie; Miss Sue Lande and Mr. and Mrs. Albert Hummel, Jacksonville; Mrs. Herbert Klamm and Mrs. Pamela Klamm, Tampa; Miss Linda Jenkins, Miami; Mr. and Mrs. John Hallett and Mrs. John Stillwell, Pinecastle; Mr. and Mrs. Wayne Cain, topped with a nosegay of ivory roses, white daisies and baby's breath. The floral arrangement was a five-branched

catleya orchid purse corsage. The groom's mother wore a Federal blue street length A-line dress with contrasting lace trim, matching accessories and a white catleya orchid corsage. Mrs. Valentine Soper, grandmother of the groom, wore a street length dress of Navy blue with white trim, matching coat and a white carnation corsage. Mrs. Arthur J. Gardner Sr., grandmother of the groom, wore a beige street length dress with lace trim and a pink carnation corsage.
Following the ceremony, a reception was held in the Church Parish Hall. The bride's table was overlaid with a white organza cloth and centered with a four-tiered all white wedding cake, topped with a nosegay of ivory roses, white daisies and baby's breath. The floral arrangement was a five-branched

We The Women:

The interesting thing about family gatherings is that, no matter what the social or ethnic background, the same types of relatives pop up. Psychologists tell us basic human nature is the same in such gatherings. Recognition of the various personalities not only makes for real understanding but also for tolerance.

Polly's Pointers

DEAR POLLY—Bernice can put a one-inch-wide masking tape on the back of her carpet runner that curls up. Put it all across, being sure it is even at the center of the runner, press down firmly, then put a second strip over the first one, press down firmly and have no more turned-up ends. This has really worked on my runners—MRS. W. D.

Highlights

MON, JANUARY 10, 1972
8:30 CBS Gunsmoke. "Hidalgo." For the second time this season, Matt Dillon is seriously wounded. He's getting to be a risky job. This time, he's shot down and left to die while trailing a notorious bandit across the Southwest. A young boy, his aging grandfather (played by Thomas Gomez) and a young girl find him and nurse him. The bandit learns Dillon has survived, and goes after all four.

The Once-Proud Liner Now An 'Incinerator'

By FORREST EDWARDS
 Associated Press Writer
HONG KONG (AP) — The once-proud passenger liner Queen Elizabeth, transformed into an \$18-million incinerator by the normal exit, about 200 others jumped into the harbor and exploded. Nine Chinese workers were hospitalized for injuries and scores more were given first aid.

The cause of the fire was not known, but the ship's last British master, Commodore Geoffrey Hain, said at his home in England: "I do not believe the fire could have started accidentally. The flames spread too quickly for that. It must be sabotage. I cannot understand how it could have spread so quickly unless it started in two or three places simultaneously."

One officer of the Hong Kong service also commented that the spread of the fire through the ship's 12 decks was "surprisingly, phenomenally fast."

SHERIFF'S DEPUTY G.H. Clayton apprehended three juveniles Saturday night shortly after they had stolen a car belonging to Henry L. Muse, 2508 Elm Avenue, Sanford. In the top photo, Clayton searches one of the youths while Deputy T. R. (Bob) Hey holds the light for him. In the bottom photo, examining nearly a full case of beer taken from youths upon arrest, are (left to right) Hey, Elijah Faulkner, Clayton and auxiliary officer Art Buford. Clayton apprehended the stolen car on Michigan Avenue just east of Sanford Avenue. (Gary Taylor Photos)

THE BARGE GUYS

'Nefertiti' Was An Ancient Beauty

By LEE LINDER
Associated Press Writer
PHILADELPHIA (AP) — Archaeologists using a computer to reconstruct Egyptian temples say Nefertiti, one of the most beautiful queens of the Nile, may have been more powerful than her pharaoh.

"We know beyond any question that she was far more important than ever realized," says Dr. Ray W. Smith, one of the University of Pennsylvania archaeologists who conducted the study.

"It's only a flash in a pan in the life of people," said Smith, director of the federally financed project that began in 1965 and now is winding down at a cost of \$600,000. "But it depicts a time of enormous, powerful and startling activity."

Smith said the study provided evidence of 35,000 decorated stone blocks from ancient temples reportedly show Nefertiti may have been more powerful—religiously, anyway—than King Akhenaten.

The history books credit Akhenaten with the first major cultural revolution. His 17-year reign influenced dramatic changes in art, literature, government and social practices, and he was the first to be called pharaoh.

He is also said to have developed a religion that cen-

Hughes Denies 'Autobiography' Billionaire Leaves Seclusion

By GENE HANDSAKER
Associated Press Writer
LOS ANGELES (AP) — A Pulitzer Prize-winning novelist said on the telephone, identified by Howard Hughes' spokesman as that of the billionaire industrialist emerging from long seclusion, said his purported forthcoming autobiography is a fraud.

"Patently false" and "a total fantasy fiction" were other terms he used to describe the book in the long-distance conference with seven reporters gathered about a table in a Los Angeles hotel banquet room.

But the publisher, McGraw-Hill Book Co., and Life magazine, repeated Sunday their belief they have "the authentic biography."

The news conference, said by ABC television networks, NBC, and sound tapes available to the public, was a dispute over the authenticity of the 230,000-word book which McGraw-Hill is scheduled to publish March 27. Life magazine plans to serialize three 10,000-word installments before then.

When McGraw-Hill announced in December it had acquired rights to the manuscript, a Hughes Trust Co. spokesman denied within hours that such a book exists.

Hughes said he was in Nassau in his top-floor quarters at the Britannia Beach Hotel. Asked about Clifford Irving, listed as his collaborator on the autobiography, he said: "I don't know him. I never saw him. I have never even heard of him until a matter of days ago when this thing first came to my attention."

A reporter remarked that McGraw-Hill and Life have said they satisfied themselves of the autobiography's authenticity.

Who's fortune is estimated at \$2 billion, said also: "He plans to become less of a recluse, to resume flying and return eventually from the Bahamas to Las Vegas, Nev."

He definitely expects to have a face-to-face interview with newsmen, intends to have photographs taken for public distribution and wants to resume movie production.

1-4 Industrial Park Development Begun

By FRED VAN PELT
Development of the 200-acre 1-4 Industrial Park is underway, it was reported today by the owner, Dr. J. W. Hickman, who said an agreement for financing has been reached with Ford Motor Credit, a subsidiary of the Ford Motor Company of Dearborn, Mich. The industrial park is triangle-shaped, extending along the east side of Interstate 4 from State Road 46 northward almost to U. S. 17-92 on Lake Monroe.

Hickman said there is an outlet at the north end of the tract permitting easy access to the Port of Sanford.

The Winter Park dentist, who soon will build a home in Seminole County, also has been a real estate broker for 27 years. He developed Seminole Industrial Park on U. S. 17-92 at Fern Park but "that is just about sold out."

Ford Motor Credit, according to Dr. Hickman, is interested in the new industrial park for mortgage commitments and in developing drainage, roads, sewers and water lines, investing on a continuing arrangement. He added the arrangements with Ford Motor Credit were completed with Peter Sweet, of the Atlanta office, and James Alexander, of Winter Park, representing the Atlanta office.

A 50,000-square-foot warehouse is under construction on the site, Dr. Hickman said, and will be completed within 90 days. Contractor is Brody Construction Company, of Orlando. When completed, it will be available for interested industries.

Streets also are under construction, Hickman said, and sewer and water plants are under contract for construction by Lake Monroe Utility Corporation. Hickman said construction of the water and sewer plants will be started within 90 days but it was learned approval of building plans has yet to be given by the Seminole County and State Health Departments.

However, Robert Brown, county building and planning director, indicated "approval is anticipated in due course."

Now, after much of the fanfare has died down, let's drop a line or two into today's thoughts about this county's newest (and probably the most valuable business entity... Auto-Train.

Back when they were first talking about this new venture, you'd have been called a "familiar" if you bought some of their stock... which was selling for about \$10 a share.

Been told by some who had the foresight to purchase something like \$2,500 shares at its inception.

His net worth (on these stocks alone, that is) was a around \$6.5 million this past Wednesday... give or take a penny, folks... but, as of last night—it would have jumped to over \$12 million. (Gee, and here I am trying like mad to make my first mints million, too!)

Which brings me to another favorite subject of mine... those millionaires who didn't pay any federal income tax!

15 Demo Party Candidates Are Listed In State Primaries

TALLAHASSEE, Fla. (AP)— Secretary of State Richard Stone today nominated 15 March 14 presidential primary candidates, putting 1968 third candidate George Wallace in the crowded field of a dozen Democrats.

Stone's action insures that Wallace, feared by other candidates because of his demonstrated vote-pulling power with conservative Democrats, will be on the ballot unless he takes himself out.

Stone said he listed Wallace as a Democrat because "twice since we have collected, particularly a New York Times article quoting Wallace aide Charles Snider, pushed us over the line from grey to black and white. He is a candidate."

Wallace has scheduled a press conference in Tallahassee Thursday to announce his intentions.

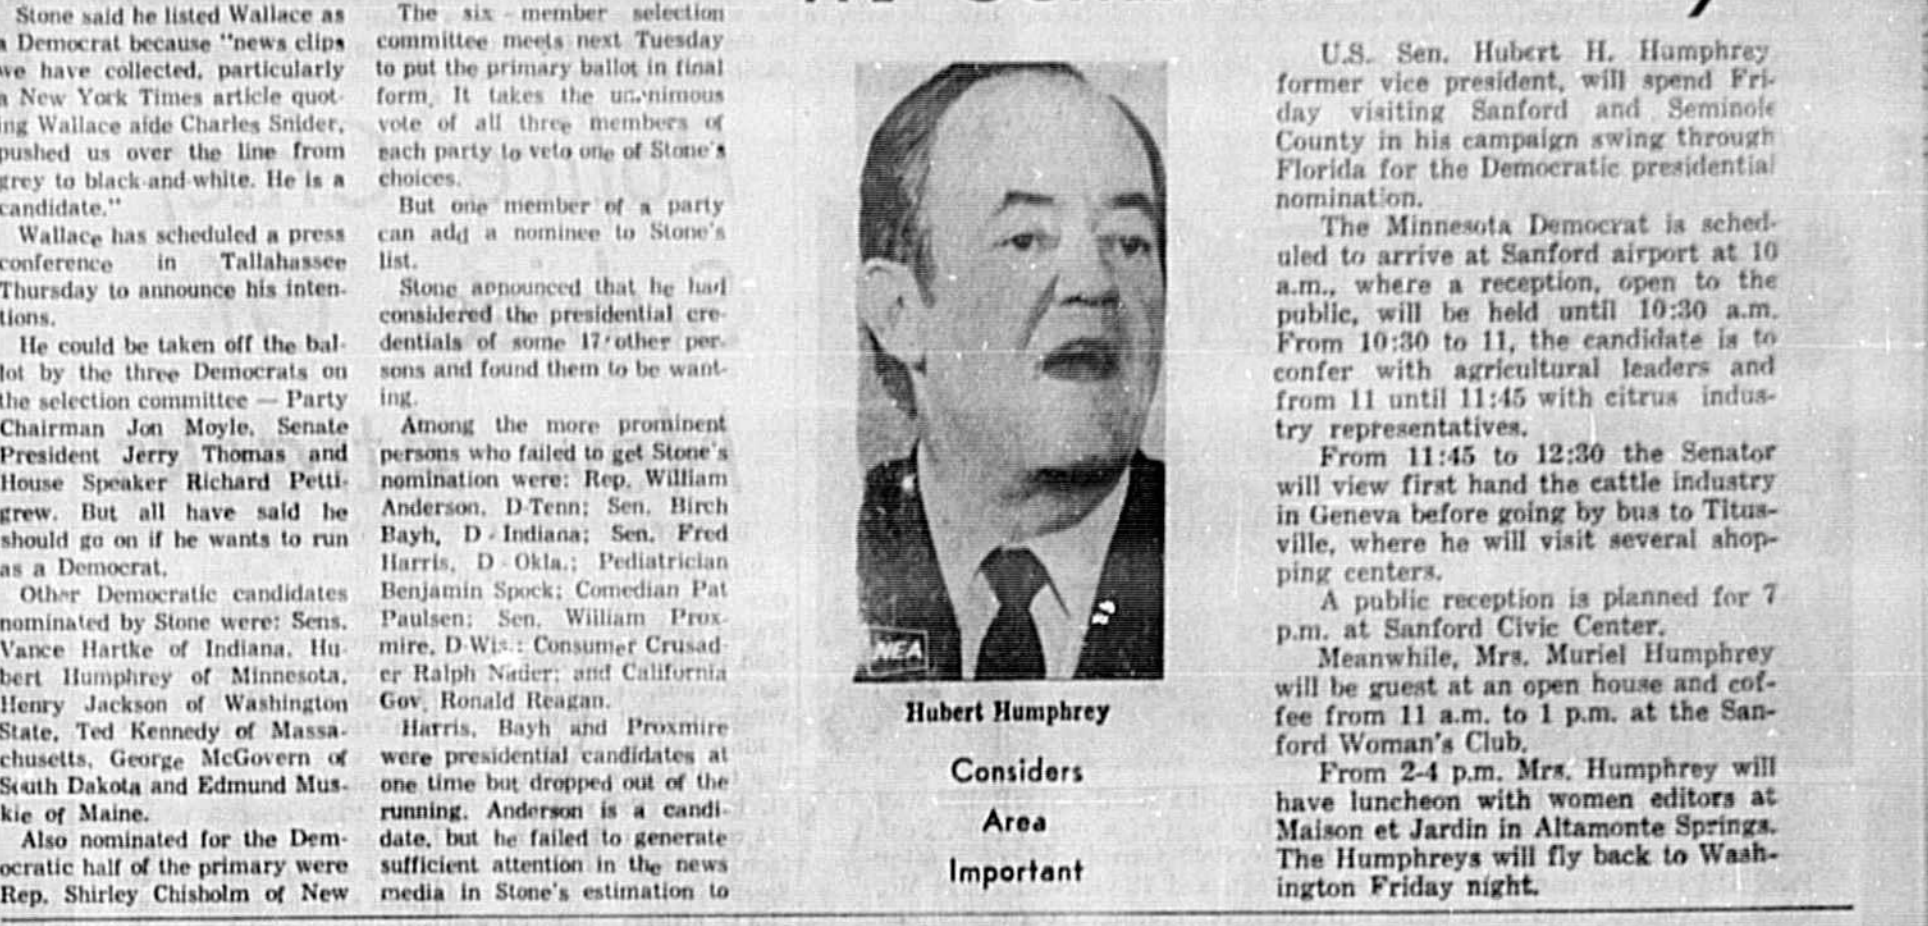

He could be taken off the ballot by the three Democrats on the selection committee—Party Chairman Joe Myle, Senate President Jerry Thomas and House Speaker Richard Pettigrew. But all have said he should go on if he wants to run as a Democrat.

Other Democratic candidates nominated by Stone were: Sens. Vance Hartke of Indiana, Hubert Humphrey of Minnesota, Henry Jackson of Washington State, Ted Kennedy of Massachusetts, Edmund Muskie of Maine.

Also nominated for the Democratic half of the primary were Rep. Shirley Chisholm of New York, New York Mayor John Lindsay, former Sen. Eugene McCarthy of Minnesota, Rep. Wilbur Mills of Arkansas and Los Angeles Mayor Sam Yorty.

Nominated on the Republican side were President Nixon, Rep. Paul McCloskey of California and Rep. John Ashbrook of Ohio. Nominees who are non-candidates—as Kennedy insists he is—have until Feb. 13 to file affidavits with Stone saying they are not candidates and take themselves off the ballot.

The six-member selection committee meets next Tuesday to put the primary ballot in final form. It takes the unanimous vote of all three members of each party to veto one of Stone's choices.

Hubert Humphrey Considers Area Important

U.S. Sen. Hubert H. Humphrey former vice president, will spend Friday visiting Sanford and Seminole County in his campaign swing through Florida for the Democratic presidential nomination.

The Minnesota Democrat is scheduled to arrive at Sanford airport at 10 a.m., will spend a reception, open to the public, will be held until 10:30 a.m. From 10:30 to 11, the candidate is to confer with agricultural leaders and from 11 to 11:45 with citrus industry representatives.

From 11:45 to 12:30 the Senator will view first hand the cattle industry in Geneva before going by bus to Titusville, where he will visit several shopping centers.

A public reception is planned for 7 p.m. at Sanford Civic Center. Meanwhile, Mrs. Muriel Humphrey will be guest at an open house and coffee from 11 a.m. to 1 p.m. at the Sanford Woman's Club.

From 2-4 p.m., Mrs. Humphrey will have luncheon with women editors at Maison et Jardin in Altamonte Springs. The Humphreys will fly back to Washington Friday night.

Safer Cigarettes' Cancer Answer?

By JOHN STOWELL
Associated Press Writer
WASHINGTON (AP) — Recognizing that Americans continue to smoke despite the higher risk of cancer, heart attacks and lung diseases, the U.S. surgeon general said today that new efforts must be encouraged to develop safer cigarettes.

And the health hazard may not be limited to smokers, the Public Health Service said in a 225-page report to Congress.

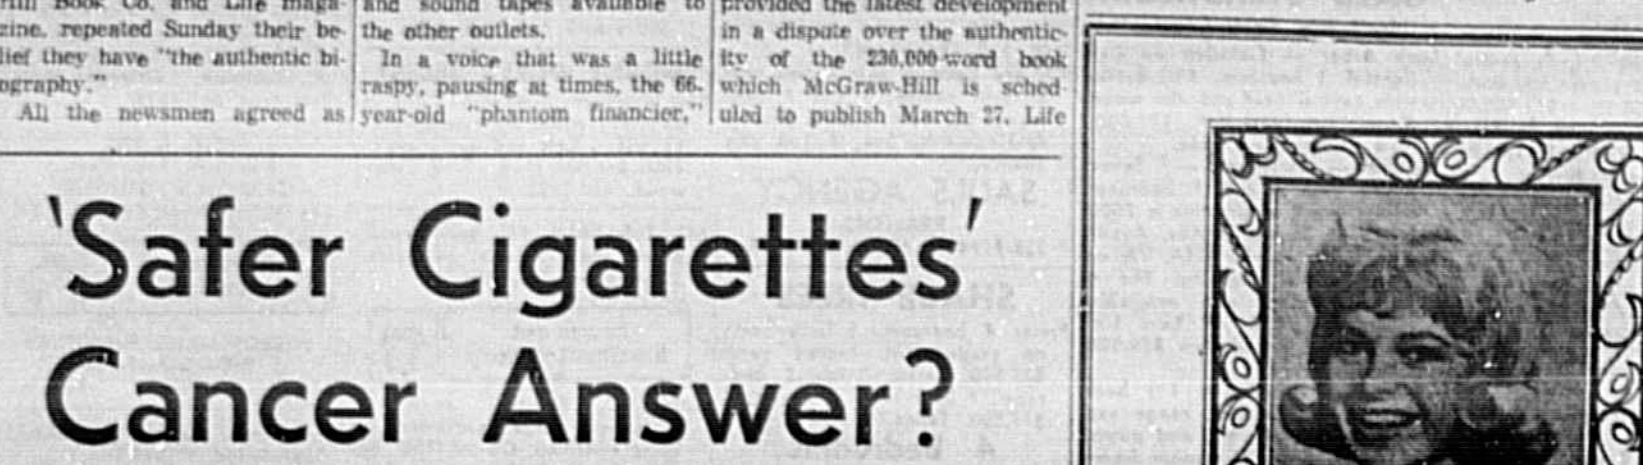

Nonsmokers in a smoke-filled room may be exposed to carbon monoxide levels exceeding some local air-pollution limits, the report said, and especially threatening to persons already suffering from chronic bronchopulmonary and coronary diseases.

"We must continue to encourage cessation as the only certain way to protect both the individual and society from the harmful effects of smoking," Surgeon General Jesse L. Steinfeld said.

"We must also, however, work towards reducing the dangers of smoking for those who have not quit by developing less-hazardous cigarettes and encouraging less hazardous ways of smoking," he added.

The report, the fifth in a series since the first 1964 surgeon general's report, linked cigarette smoking to disease and premature death, recommended that primary emphasis in developing a safer cigarette

be aimed at reduction of carbon monoxide, nicotine and tar. Sen. Frank Moss immediately announced that his Senate Commerce subcommittee will hold hearings Feb. 1, 2 and 10 to consider legislation setting tar and nicotine limits.

Health Secretary Elliot L. Richardson, in a letter accompanying the new smoking report, told Congress his department supports regulatory efforts by the Federal Trade Commission to require health warnings in cigarette advertisements along with listings of each brand's tar and nicotine content. Printed health warnings

now are required on cigarette packages. "Should these efforts fail, however, we would return to our previous recommendations that this should be accompanied through legislative action," he said.

The report said carbon monoxide, nicotine and tar are "most likely to contribute to the health hazards of smoking." Removal of six other substances described as probable contributors should be given second priority, it said, before efforts are made to reduce several other compounds, considered suspected contributors.

Now, after much of the fanfare has died down, let's drop a line or two into today's thoughts about this county's newest (and probably the most valuable business entity... Auto-Train.

Back when they were first talking about this new venture, you'd have been called a "familiar" if you bought some of their stock... which was selling for about \$10 a share.

Back when they were first talking about this new venture, you'd have been called a "familiar" if you bought some of their stock... which was selling for about \$10 a share.

Been told by some who had the foresight to purchase something like \$2,500 shares at its inception.

His net worth (on these stocks alone, that is) was a around \$6.5 million this past Wednesday... give or take a penny, folks... but, as of last night—it would have jumped to over \$12 million. (Gee, and here I am trying like mad to make my first mints million, too!)

Which brings me to another favorite subject of mine... those millionaires who didn't pay any federal income tax!

How do they do it, you ask? According to one tax consultant, the answer is simple: "Tax devices"... a nice way of saying "loopholes."

This little can will keep mosquitos out, decorate your car grill, protect you on the road, take you fishing and help roast your turkey.

Remember all those cans you've tossed away? Well, electricity is giving them a new life. A life that begins at aluminum recycling centers all over the country. Like the three here in Florida.

For instance, with the help of Floridians who care about their environment, the Reynolds Aluminum Reclamation Center in Coral Gables, Florida, recycles thousands of cans daily.

The cans enter the complex electric process of being sorted and shredded. They're made ready for melting and re-use. Like window screens, highway guard-rails, boat hulls and, of course, aluminum foil.

So, the next time you look at a clean, beautiful park, or picnic in a place that looks the way nature intended it to look, remember electricity.

It's not only part of the solution to cleaning up the environment, but is ingeniously giving old cans a new life.

Electricity. Part of the solution.

Council Holds Out For More Sanford Rejects Offer For Land Regular Work Meets Scheduled By City

By BILL SCOTT
A group of Sanford men last night presented to the Sanford City Commission an offer to purchase for \$100,000 the 14-acre city-owned lakefront tract at French Avenue and Seminole Boulevard as the site for a \$15.5 million apartment complex.

The tract was designated some time ago as the site for relocation of the Sanford Zoo and then was placed on the open market after Seminole County offered property for the zoo relocation.

Rhiner indicated that construction on the apartment complex could start immediately with land preparation and indicated a total of 240 apartments, consisting of one and two-bedroom units, would be built in two phases.

Mayor Lee P. Moore and Commissioner A. A. McClanahan indicated that the figure offered by the group was beneath the \$500,000 appraisal price. Moore first was willing to accept less than the appraisal but talked with four real estate men Monday and Tuesday and the figure was too small, the mayor added.

Moore stated the city had received an offer from speculators for \$125,000 to \$150,000 for the property, in addition to the group's offer.

Rhiner pointed out his offer would bring \$15,000 a year to the city's tax rolls, and he would like immediate use of the property.

DOUGLAS STENSTROM, left, one of a five-man group that offered the Sanford City Commission \$100,000 for the 14-acre tract, located on the lake front adjacent to The Herald, is shown as he withdrew the offer after opposition from several commissioners being evident at Monday night's commission meeting. At right is Jim Rhiner, Sanford contractor, who made the written proposal to the commission. (Bill Scott Photo)

On another action, the Commission gave City Manager W. E. Knowles the power to make administrative decisions affecting personnel matters that previously had been brought to the Commission for approval. Meyer advised Knowles the Commission was kept advised of these decisions by a memo from the city manager.

On a motion by John Morris, the panel approved a prayer before the start of future meetings of the body.

A motion by McClanahan to place a \$400 capital improvement charge on each new dwelling unit to be constructed in the city was tabled until a special Thursday meeting to allow time for the city attorney to study a similar Jacksonville ordinance.

Authorization of a sanitary sewer transmission line from South Sanford to the north in addition to the regular second and fourth Monday night commission sessions.

Wills Explained

Douglas Stenstrom from the firm of Stenstrom, Davis and McIntosh, will be the guest speaker at the Geneva Home-makers Club on Wednesday, at 1 p.m., at the Community Hall. He will speak on making of wills. All interested persons are cordially invited to attend.

Court Refuses Plea Of Guilty On Drugs

By MARION BETHEA
Circuit Judge William Akridge yesterday refused to accept a guilty plea of James Efram Lee III and a trial for Lee is set. Lee was charged with possession of marijuana on Oct. 25.

Lee entered a guilty plea to a lesser charge of possession of a motor vehicle, a lesser charge (arrest of a motor vehicle) and that on Oct. 19 Shook stole a 1968 pickup truck. Shook pleaded guilty to "unauthorized temporary use of a motor vehicle," a lesser charge (arrest of a motor vehicle). The state dropped count one (breaking and entering with intent to commit a crime) and count two (breaking and entering with intent to commit a crime).

The court accepted the plea and adjudicated the defendant guilty. Shook was sentenced to three months in county jail, with credit for time served since Oct. 21.
