Hostages, Reagan Get Fresh Start 52 Heroes Arrive In West Germany

State Department spokesman Jack Cannon said it was a "very happy day" when the 50 men and two women arrived in West Germany after a 485-mile journey that took them to Athens and Algiers.

The Americans arrived at Wiesbaden air force hospital at dawn on two blue air force buses, ending a 13-hour, three continent journey that began on a runway in Tehran.

President Reagan gave strict marching orders to his Cabinet choices today, telling them to stick with his newly ordered federal hiring freeze and help him cut the government budget.

Sharon Riggins Edwards, a teacher at Idyllwild Elementary School, is not afraid to let the world know her feelings on the released hostages: "I'm really happy. I prayed a long time. I'm just concerned about people who were held for 441 days, that's it."

Land Committee Chairman Defends Report Proposals

By DIANE PETRYK
Herald Staff Writer

"All the way through we tried to take out this language of big brother," Bo Simpson told Seminole County commissioners in a meeting scheduled to allow the Comprehensive Plan Review Committee to explain its final report.

Simpson, chairman of the committee, said the report was "reasonably well received" by the commissioners.

"We just tried to take out the bureaucratic words they really didn't mean that way," he said. "We didn't tear down their thing at all."

Members of the review committee met with four county commissioners Monday and went over their proposed changes to the county's adopted Comprehensive Plan. Commission Chairman Bob Sturm was attending the presidential inauguration in Washington and could not be present.

The plan, which is primarily a guideline for land use, came under fire in late 1979 in response to proposed amendments that would have banned construction of permanent homes in flood-prone areas and restricted development in areas designated for preservation and conservation.

Among other changes the review committee recommended, it advised deleting the plans entire section on preservation areas.

The committee insisted areas the county wishes to protect from development be purchased at fair market value from the owner, not usurped through planning and zoning regulations.

Simpson pointed out that state law requires such compensation.

"We didn't do a thing in the world that's not in the law," he said.

The commission cannot implement any changes to the plan, however, until the proposals are brought before the designated Local Planning Agency for analysis and recommendation, circulated for a 60-day review and comment period and then subjected to two public hearings.

The 15-member review committee, which met from April 1 to Oct. 1, was appointed by the commission after the flood of protests over the proposed amendments.

But Simpson, a real estate developer, said

Man Convicted In Grocery Hold-Up

A 41-year-old Orlando man was convicted of robbery in Circuit Court Tuesday in connection with the May 21 hold-up of the Post Grocery Store at 1908 W. Eighth St., Sanford.

In addition to the robbery conviction, a 12-member jury found that Henry Love, alias Henry James Denard, was in possession of a firearm during the commission of a felony.

Judge Donald Bell deferred sentencing pending a background investigation. Love is subject to a maximum 15-year prison term of which at least three years must be served.

Assistant State Attorney Ralph Erikson said he will seek a 30-year sentence due to Love's past criminal record.

Love was accused of entering the grocery store, locking a clerk in the bathroom and taking an undetermined amount of money and a .38 caliber pistol from the cash drawer.

Chemical Firm Must Respond To Suit

By DONNA ESTES
Herald Staff Writer

City Chemicals Co. Inc. must respond by today to a lawsuit filed against the Orlando firm seeking its eviction from a leased two-acre site it is using as a chemical storage facility in Sanford.

The facility is located in a fenced-in field off Airport Boulevard and Jewett Lane.

Bill Colbert, attorney for Evergreen Enterprises, a subsidiary of the Seminole Employment Economic Development Corp. (SEEDCO), which leases the facility to City Chemicals, said he has received notice that officials of the Purdy Road chemical company were served with the eviction suit. The suit was served on Arthur Greer and Bill Howard, president and vice president respectively, of the firm.

He said it is expected that a hearing will be held in the county court on the eviction within the next two weeks.

Colbert said his clients are claiming in the court action that City Chemicals violated its lease with Evergreen Enterprises by breaching the covenants of the agreement.

He said the lease agreement included sections banning the storage of hazardous wastes on the property and permitting termination of the lease if the firm failed to have the necessary city, state and federal permits to store.

The lease was executed with City Chemical for the two-acre tract in September, 1980 for a one-year period. In early November, city officials discovered 3,270 drums of chemical waste stored at the site.

After a state fire marshal's inspection of the facility, he was declared to be a fire hazard. The State Department of Environmental Regulation (DER) has said the site presents an imminent danger.

A Seminole Circuit Court ruling obtained by DER and the city required the firm to fence in the facility and to remove leaking drums from the site.

Colbert, who is also Sanford city attorney, said depositions have been scheduled with Greer and Howard for 1 p.m. and 2 p.m. Thursday by DER attorney William White.

Colbert said he and Royce Pipkin, City Chemicals attorney, will also be present for the depositions.

Altamonte Repays \$200,000 On Debt

By CHARITY CICARDO
Herald Staff Writer

Similar to the hare and the tortoise, Altamonte Springs is edging its way out of the red.

City Manager Jeff Etchberger told the commission during its meeting Tuesday that \$200,000 has been repaid from a loan of \$450,000 the city obtained for operating expenses.

A total of \$100,000 was returned to the sewer, water and drainage trust fund, while another \$100,000 was put back into the bond interest sinking fund.

The city still owes another \$100,000 to the water, sewer and drainage trust fund and \$150,000 to the interceptor fund.

Etchberger said the city paid the debts earlier than expected because of early regular tax payments.

In a work session held before and after the regular meeting, Etchberger outlined 13 priority projects the city is facing in the future.

The top priorities include: development of a computer-based financial management systems; evaluation of building, zoning and planning operations relative to possible reorganization; development of transportation plan; revisions of the city's Comprehensive Land Use Plan; and development of overall water and sewer program funding strategy.

Businesses Hit By Freeze

To Get State Attention

TALLAHASSEE, Fla. (UPI) — Gov. Bob Graham has ordered the state Departments of Labor and Health and Rehabilitative Services to set up temporary offices in areas impacted by last week's freeze to help people and businesses affected by the disaster.

Graham on Tuesday extended the state of emergency he declared after the temperatures caused widespread damage to citrus, vegetables, flowers and ornamentals, sugarcane and tropical fish farms.

He said much of the impact has not yet been realized and will be long term in nature.

Graham also extended an order temporarily weighing truck load weights for trucks hauling freeze-affected crops to market.

Fed Aid For Land Sought

TALLAHASSEE, Fla. (UPI) — The state Cabinet hopes to get the federal government to put up about half the money for purchase of environmentally endangered land on Rookery Bay in Collier County and the Lower Apalachicola River in Franklin County.

The Department of Natural Resources was authorized by Cabinet members Tuesday to negotiate for the purchase of the two tracts under the federal National Estuarine Sanctuaries program, enabling the state to qualify for federal matching funds.

Both projects are high on a state land acquisition committee's 27-item priority list. Spring Hammock, an environmentally significant area in Seminole County, is currently 7th on that list.

Under current practice, the Cabinet can reject the entire list or take a particular project off it, but cannot move projects up or down in order of priority. The committee said Cabinet members should ask the Legislature for this authority.

Ex-Nazi's Citizenship Stripped By High Court

WASHINGTON (UPI) — The Supreme Court today stripped a former Nazi death camp guard of his American citizenship because he obtained it illegally.

The 7-2 decision affirmed an appeals court ruling that Fedor Fedorenko had concealed his guard service at the notorious Treblinka camp when applying for a U.S. visa, and later when seeking citizenship.

The majority ruled against Fedorenko because his "false statements about his wartime activities were willful misrepresentations for the purpose of gaining admission into the United States as an eligible displaced persons."

When he applied for a visa in 1949 under the Displaced Persons Act, Fedorenko listed his occupation as a Polish farmer who had been forced to work as a laborer for the Nazis.

Americans Celebrate Hostage Release

United Press International

America whistled, chimed, rang and beeped its pleasure, and tied a yellow ribbon on everything that didn't move.

The hostages were free!

The news was spread in siren wails, whoops and hollers, although bells were the favored method of communication from Annapolis to San Francisco.

Barbara Deffley, wife of a Methodist minister, went into her husband's church in Homer, Ill., and rang the church bell for about 44 minutes.

Mrs. Deffley emerged exhausted, her face streaked with tears of pride. "At 100, it didn't seem like I would make it," she said. "But at 200 I got my second wind."

Legislators and lobbyists in the Kansas Capitol came racing to their doors when tour guide Billie Shively tugged the bell in the rotunda 32 times. Republicans hugged Democrats, and there were handshakes all around.

"It brought 'em out didn't it?" Mrs. Shively shouted.

A siren blast in Albuquerque, N.M., lasted 44 minutes — one minute for every day the hostages were held in Iran.

"Listening to the sirens go all over town is one of the most wonderful sounds I've heard in a long time," said Mayor David Rusk.

In Baltimore, civil defense sirens hailed the hostages' freedom with two prolonged blasts. Church bells rang, bus drivers honked their horns and one brown van covered with yellow ribbons tugged the length of two downtown streets.

Americans' desire to tie a yellow ribbon far outstripped the supply of old oak trees — it appeared to be gift-wrapping the

The National Christmas Tree, kept in near darkness the last two holiday seasons...is now blazing with lights.

Jimmy Carter, in one of his final acts as president, ordered the tree refitted with lights and turned on to celebrate release of the 52 American hostages and an end to the 444-day national nightmare.

entire nation.

In Mount Pleasant, Pa., home of hostage Jerry Meale, Mayor Bill Potoka ordered yellow ribbons strung on parking meters and telephone poles.

The Foshay Tower in Minneapolis was enveloped in ribbon, and an Oklahoma drilling company draped 52 yards around its flagpole atop its Tulsa office building. Hundreds of Tulsa elementary school children raced through a city park, tying

yellow ribbons to trees.

"This is really a great day," said Diane Terry, 11. "The hostages are coming back. It was sad when they were gone." The faded yellow ribbons tied on trees outside the governor's mansion in Colorado last March by junior high school students were removed by the school children and packed in a box to give to hostage Billy Gallegos of Pueblo.

Anticipating the de-ribboning that would follow the hostages' return to the United States, the Olive Branch, Miss., Chamber of Commerce sent out a request for used yellow ribbons, promising to mail them to the Ayatollah Khomeini.

Massachusetts House Speaker Thomas W. McGehee, 56, shinned up a pole in front of the Statehouse to raise the American flag, which had been kept lowered for more than a year in honor of the hostages.

"It was a privilege," said McGehee breathlessly as he returned to the ground.

Members of the AdAman Club of Colorado Springs drove their jeeps to the top of 14,500-foot Pike's Peak Tuesday night and set off fireworks.

Dan Scott, a 24-year-old New York ironworker, climbed atop an unfinished skyscraper in midtown Manhattan and raised a hand-lettered banner saying "Free at Last."

Scott had been making the climb every day since March to change the numbers on a special sign marking the days the hostages had been held.

Pumping their fists in the air, some in the crowd watching the action chanted: "Never again, never again."

Families In Florida Plan Reunions

TAMPA, Fla. (UPI) — The parents of two of the American hostages released by Iran plan to go to Washington for a reunion as soon as they can, but the mother of another said she will wait to meet her son until after he and his wife have had a vacation.

Retired Air Force officer Charles Roeder, father of Air Force Lt. Col. David Roeder, and Harold and Elsie Koob, parents of Kathryn Koob, were awaiting some word today on when the Americans will be flown to Washington.

"I won't be seeing him until he comes into Andrews (Air Force Base)," Roeder said Tuesday after making sure the Americans had left Iran.

Roeder, a widower from Oshkosh, Wis., is a winter resident of Fort Myers.

"I hope to get out of here this weekend," he said. "We've never been a Fedor Fedorenko to go out public, you know. There won't be any press or anything like that. We may do it within our own home."

The Koobs, visiting from Jesup, Iowa, with their daughter Annabeth Voigts of Tampa, said they don't know for sure where or when their reunion with their daughter will be but indicated it would be Washington.

"I don't know and I don't care," the

happy mother said Tuesday. "I'm very anxious to talk to Kathryn about it."

The Koobs received a call from Kathryn early today and Mrs. Voigts said she sounded "wonderful."

Mrs. Voigts said she and her sister discussed "just a lot of small talk. She said she had done a lot of reading." But she declined to say what Kathryn and her parents talked about.

"That's their call and it's personal and I have no comment on it," she said.

She said after the call the phone was taken off the hook until after her parents had gone to bed.

In Winter Haven, Edith Scheuer said she was "stunned" and started to wear down after the months of tension. A winter resident from the Rochester, N.Y., area, the 81-year-old Mrs. Scheuer is the mother of Air Force Col. Thomas Scheuer, ranking military officer among the 52 hostages.

But she said she will wait awhile for her reunion with her son.

"He needs time with his wife," she said.

"They're going somewhere away together for a couple of months. That's (Washington) no place for me. I'll just wait until we can all get together for a big family meeting."

10th Ranked Lady Bucs Invade Seminole For Clash

Mainland's Lady Buccaneers, the state's 10th ranked 4A basketball team, invades Seminole High tonight for a clash for first place in the Five Star conference. The Lady Bucs are currently on a five-game winning streak which has pushed their record to 13-3 for the season and 7-0 in conference. Seminole, meanwhile, is 6-1 in the Five Star and 3-0 overall. Just last week Mainland knocked off DeLand, 46-43, who was ranked fifth in the state at the time. Five-foot-9 Cheryl Roundtree leads the attack with 16 points a game. Missori McCoy, a 5-11 center, adds 10 per game. For Cheryl Klein's Tribe, Robin Higgins and Johnnie Bennett start at the guards, Tony Hardy and Bobbie Madison at forwards and Cathy Jones at center. Action begins with the junior varsity game at 6:30 p.m.

Cotton-Led UCF Battles FSC

ORLANDO—Sanford's Ruben Cotton, fresh from a 24-point, 13-rebound performance last Wednesday, leads the Central Florida Knights against Florida Southern here tonight at 7:30. In the Knights' narrow one-point victory Saturday over Biscayne, Cotton scored 11 points and grabbed nine boards. Tonight, however, UCF will try to stay undefeated in the Sunshine conference, which FSC won last year en route to the national tournament. Of the Knights' four losses in 29 games, three came at the hands of Florida Southern last year.

Soccer, Wrestling On Road

ORLANDO—Coach Chuck Russak's Fighting Seminole soccer team travels to Bishop Moore Wednesday to take on last year's 3A state champion Hornets at 4 p.m. Senior John Jane has been the Tribe's number one booter with two goals in a 2-2 deadlock with Spruce Creek and five goals in a win over Rockledge. The Tribe is 7-3-1. Another Seminole squad on the road will be Scott Sherman's wrestling team which ventures to Oviedo tonight to face the Lions of John Horn. Seminole is 4-3 in dual meets. Junior varsity action starts at 6 p.m.

3-0 Osceola Moves Atop OBC Standings

McCrimmon Cracks Whip, Cowboys Tame Lions

By SAM COOK
Herald Sports Editor
OSCEOLA—Lions' Coach Dale "Digger" Phillips was searching for a catchy nickname to tag on his seven varsity players before Oviedo's first place matchup with Osceola here Tuesday.

"Digger" coined the "Magnificent Seven" and was pretty pleased with it, until sixth man Freddie Robinson went out with a sprained ankle while "fooling around" before the game. "I guess you'll have to call us the 'sucky six,'" mused Phillips about his six dressed out varsity performers. Well, despite Digger's assessment, Oviedo was more magnificent than sickly, but a fourth quarter surge led short as the Cowboys tipped the Lions 71-67 in Orange Belt conference play. The loss dropped Oviedo to 10-6 for the season and 2-1 in conference. Osceola, which is ranked 10th in the 3A state poll, improved to 13-5 and 3-0 in the Orange Belt.

"I think our switching defenses made the difference," observed former Indiana standout Coach Ed Kershner.

The Cowboys opened with a 1-3-1 zone, moved to a man-to-man for a

short time, then settled into a 1-1-3 "chaser" where sophomore Jimmy McCrimmon gave 5-4 Kurt Kline fits. Osceola's steady sophomore blocked five of Kline's shots and turned off three passes which he picked into layups by himself or fellow guard John Campbell.

Oviedo's Terry Jones personally carried the Lions in the first quarter with 13 points—including a spotless 9-0 performance at the foul line. "Terry Jones is the most improved player in the county," said Phillips about his 6-4 senior who helped the Lions to a 21-19 period one edge. In addition to his 13 points, Jones coaxed 63 junior Jimmy Silcott into foul trouble along with 6-7 Raphael Phillips. Both set out most of the second quarter with three fouls. During that stretch, though, Oviedo couldn't capitalize as the Lions went scoreless the final three minutes of the half. McCrimmon's two free throws, a bucket by sixth man Paul Davis and two more charity tosses by Frank Ford gave the Cowboys a 38-32 advantage at intermission.

After shooting a hot 6-of-12 during the first period, Oviedo cooled to 3-of-13 in quarter two. "I don't know

why we cooled off," said a puzzled Phillips. "We were taking good shots, but he (Kershner) brought his defense out more which bothered us."

The biggest bother was McCrimmon. The 5-11 guard hit for nine points along with a foul-plagued Phillips. Osceola fired in 13-of-31 for the half. Both teams were torrid at the foul line. The Cowboys converted 8-of-9 while Oviedo connected on 16-of-19. "No doubt about it. Free throws kept us in the ballgame in the first half," said Phillips.

The Lions' trouble started two minutes into the quarter as McCrimmon stole a Kline pass and slam-dunked his layup. "He's got great acceleration to the basket," marveled Kershner about his 5-11 leaper.

"Little Mac's" dunk made it 44-36 Osceola and three minutes later he stole another pass, but Oviedo's Ronnie Murphy grabbed him en route to the layup. McCrimmon sank the layup anyway, then hit the free throw for a 52-40 bulge.

The lead was still 13 points—59-46—after the referees disallowed Murphy's halfcourt switch, which appeared to be the buzzer getting 1, Totals 24-19-24-7.

The fourth quarter belonged to the county's leading scorer (12.1 per game) Bill Burgess. The sharp-shooting senior hit six straight points before Murphy raced the length of the court to make it 61-58 Osceola.

Osceola then proceeded to build a 70-63 advantage on free throws by McCrimmon and Campbell. Burgess paced all scorers with 22 points. Murphy was just behind Jones' 18 with 17 of his own including eight rebounds.

For the Cowboys, McCrimmon notched 18 points. Campbell with 15, Phillips with 11 and Ford with 10 completed their four players in double figures.

Phillips felt Robinson's injury may have cost them the game. "He's worth 10 points. That's his average," Phillips pointed out painfully. Maybe as painfully as Robinson's troubling ankle.

OSCEOLA (71) Campbell 15, McCrimmon 18, Silcott 8, Ford 10, Phillips 11, Davis 5, Brown 2, Ford 2. Totals 24-15-18-71.

Hawks' Brightman, O'Shaughnessy Paste Apopka

GOLDENROD—Senior guard Bruce Brightman tossed in 20 points and running mate Tim O'Shaughnessy handed out a whopping 10 assists as Lake Howell stomped winless Apopka 65-51 here Tuesday night in Five Star conference action.

The improving Silver Hawks climbed to 7-6 for the year and a level 4-4 in the conference. Apopka is still winless (0-8) in the Five Star and 0-2 on the season. In junior varsity play 6-4 sophomore Jim Wood dropped in a free throw with no time remaining to give Lake Howell a 65-64 double overtime victory over the Blue Darter JV. In the varsity contest, Lake Howell exploded from a 26-21 halftime edge two minutes into the second half. "We got two cheapies that turned it into a rout," said Howell coach Gregg Robinson. Two steals opened a 41-31 Hawk lead to 16 points. First, Brightman picked off a pass, scored and converted a three point play. Then Hawks' center Chuck Duplacted Brightman's feat for a 47-31 bulge. The Hawks went into a delay game with 5:30 remaining. Junior leaper Mark Layton scored on a backdoor layup and Brightman added two free throws as the margin grew to 21

points before Robinson sent in the subs with four minutes left. After the game Robinson was impressed with the passing wizardry of his two guards. "O'Shaughnessy ran the show tonight," Robinson raved. "And the passes Brightman was making against their press made them get out of it."

Scott shoveled in 15 points and Layton added 10 to give Lake Howell three men in double figures. Brightman handled in eight boards, while the muscular Scott collected seven. Wallace Swift and Delvin Everett each tallied 14 points for Apopka.
Apopka (51) Webb 5, Swift 14, Everett 14, Grant 2, Davis 4, Justice 2, Bridges 8. Totals 20-11-17-51.
Lake Howell (65) Layton 10, Scott 15, Camacho 1, O'Shaughnessy 4, Brightman 20, Studdy 5, DeSanto 1, Owen 2, Davis 4, Sebarg 2. Totals 23-19-23-65.

Texas Cake Makes A Big Hit At Church Suppers

By TOM NETSEL

Vonnie Smith is the type cook who enjoys spending all day in the kitchen making something special. She likes to cook, but as a single parent finding the time to do it is the difficult part.

Mrs. Smith lives on First Street in Lake Mary with her 9-year-old son, Aaron, but after putting in eight hours at the office, there is not much time, or energy, left for standing over a hot stove.

For the past five years, Mrs. Smith has worked as a medical secretary for Dr. Handrick and Shell in Sanford. Prior to that, she was employed in a similar capacity at Seminole Memorial Hospital. She has made her home in Lake Mary for four years and DeBarry was home for many years before that.

Vonnie Smith begins preparing a sweet treat. She says desserts are her specialty.

She says desserts are her specialty. She said and anything chocolate is a special favorite. At her church's covered-dish suppers, she said members are always looking forward to her Texas cake.

Mrs. Smith attends Haverne Park Baptist Church and is active in a recently formed Sunday school class. It is the Single Again, Single Parent class for those who are widowed, divorced or single. "The class just started," Mrs. Smith said, "and it is just getting going good."

There is a monthly sharing meeting where the members discuss the problems of being single. They have guest speakers and usually have a monthly social of some kind. Visitors are more than welcome, Mrs. Smith added.

Crafts, sewing and crocheting are activities Mrs. Smith enjoys. She said she is not very physical and playing ball is not her idea of a good time, but get her within earshot of Country music, especially the Staller Brothers, and that is another situation entirely.

'We Gambled, We Lost' Champagne Ball Proceeds Could Offset 'Almost Bankrupt' Concert Association

By DORIS DIETRICH
OURSELVES Editor
Seminole Mutual Concert Association is in trouble — financial trouble — to the tune of \$2,000, according to the president, Jan Freeman.

"We gambled and we lost," and "We're almost bankrupt," she repeated several times.

The association stems from a concert group which started in Sanford about 44 years ago. The non-profit organization has depended on civic support to keep this phase of culture alive in the community.

This year's 16th Annual Champagne Ball was postponed from December to Jan. 31 in an attempt to attract a larger crowd, Mrs. Freeman said. For the past several years, fewer patrons have attended the balls during the holiday season.

Mrs. Freeman said proceeds earned from the ball help to bring quality concerts to the community. "We are hoping enough community-oriented people will attend the ball and help pull us out of the red," she added.

According to the president, memberships are considerably off this season.

"We tried to keep prices at a level without scaring patrons off," she said. "Even after budgets have been established, costs keep escalating and unexpected expenses keep coming up. We tried for the community's sake to keep family memberships down to \$35. Other similar groups are charging as much as \$50 for memberships."

Mrs. Freeman continued, "Funds that accumulated over the past years were used to offset the rising costs, inflation and light economy in securing high calibre programs."

Senior citizens and longtime concert patrons are "not coming out," Mrs. Freeman said. "We are just not getting enough people. We need new blood — new people. We need younger people. If they don't support it (SMCA), the concert association is going to drizzle away."

In speaking of the "small membership" of the association this year, Mrs. Freeman said, "We didn't sell enough memberships at \$35. We gambled and we lost."

One of Mrs. Freeman's greatest concerns now is that she personally signed the contract to guarantee payment to the Tommy Dorsey Orchestra, the final concert of the season scheduled March 16. "I have my name on the line for that," she said. "The concert association is in bad shape — almost bankrupt," she added.

Reservations for the champagne ball should be made by Saturday with Mrs. Frederic Gaines, chairman, 323-0253. According to Mrs. Gaines, the \$40 per couple gala will begin at 7 p.m., and will include a free champagne hour, a prime rib dinner and dancing to the Bill Hinkle Dance Band. The ball is open to the public.

Ervin Assist(ing) Man Behind Raiders' Success

"If there is a good woman behind every good man, then it would follow that there is a good passer behind every good scorer."

That man for Seminole Community College's number one ranked Raiders is former Daytona Beach Seabreeze's Eric Ervin.

"Eric's (Irvin) floor game is excellent!" — SCC Coach Joe Sterling

Ervin, a 5-4 point guard, is the man who makes the Raiders go. Last year at Seabreeze the quick-footed guard averaged 15 points a game while handling out a school record 225 assists.

And things haven't changed much after a year. After 19 games, Ervin's 119 assists rank second in the state.

"Eric's floor game is excellent," lauds SCC boss Joe Sterling. "His job is ball handling and leading the fastbreak."

Jones, Travis Filer and Mike Rynals surrounding you. Ervin, however, knows his job, which is to get the ball to the scorers. It comes natural to him. It's something he's done well since he started playing the game.

"We liked Eric's quickness," Sterling recalls about his floor leader. "He was at Seabreeze and a couple of four year schools wanted him."

"But he felt it would help him to go to SCC for two years. It would make him a better ballplayer before going somewhere else," added Sterling.

And you can count Sterling among the people that's glad he did.

Tonight, the Raiders travel to Lake City in quest of their 19th win for a 7:30 tipoff.

Pop Fly Awards
Mary Popins Broom: To NFL Commissioner Pete Rozelle, who fined Oiler center Carl Mauck \$250 for having his shirt out on Monday night TV.

Ervin has done his job so well, that the Raiders have been ranked number one in the state most of the year while running to an impressive 18-1 record.

In addition to his 6.3 assists a game, Ervin finds time to score 6.4 points per game which isn't easy with the likes of Bruce McCray, Lorne

Crooms Hosts Lyman Tonight

Chris Marlette's Crooms' Panthers, who are outscoring opponents by over 22 points per game, entertains Lyman's young Greyhounds tonight at 6:30 at Crooms High.

The 11-3 Panthers have piled up 804 points for an average of 61.8 a game. Their opponents have scored 507 points for 39 a game.

Crooms has collected 543 rebounds for 41.7 per game. As a team, they've handed out 234 assists (18 a game) and shot 46 percent from the foul line (118-196).

Despite running a fastbreak attack, Crooms has turned the ball over only 170 times or about 13 times a game.

Individually, guard Steve Alexander paces the Panther scoring parade. The smooth 9th grader has scored 210 points in 15 games for 17.5 points per outing. Alexander missed one game for disciplinary reasons.

Next on the list is the Panthers' talented 6-2 center Willie Mitchell. Crooms' soft

Kelvin Robinson has been the best Panther free throw shooter. Robinson has connected on 9-of-11 attempts for 81 per cent.

Alexander has dropped in 30-of-40 for 75 per cent, best among the starters. Mitchell is 20-32 for 62.5 per cent, while seventh man Tommy Stiffey has hit 7-of-10 for 70 per cent.

Turnover leaders for Crooms are Alexander with 31, Wynn with 24 and Grey with 16. "For as much as Grey handles the ball, that's an excellent ratio," Marlette observed.

Grey, whose brother, Richard, plays a similar position in Bill Payne's Seminole, is a runaway leader in assists with 80 for 6.2 a game.

Sixth man Bruce Franklin has totaled 49 for 3.8 per game, while Alexander is averaging 3.8 on 43 handouts.

Casselberry To Boost Attorney's Pay
 By CHARITY CICARDO
 Herald Staff Writer
 The Casselberry City Council has agreed informally that the city attorney's salary should be raised \$25 per hour.
 At a work session following a regular Monday meeting, Mayor Owen Sheppard asked the council to consider raising City Attorney Kenneth McIntosh's hourly rate from \$25 to \$50. He did not propose any changes in the monthly retainer fee of \$100.
 Sheppard pointed out that other city attorneys usually get \$75 \$100 per hour with a monthly retainer of a \$1,000. "He has been offered so much more, but he choose to stay with us," said Sheppard.
 All of the councilman agreed with Sheppard that the raise was necessary.
 Council Chairman Tom Emice said, "I don't think we could find a better attorney in Florida."
 The pay raise will be placed on next's week agenda.
 In other business the council gave Ed Keuling, director of utilities, an informal go ahead to hire an architect for the utility department building extension to City Hall.
 The council will give formal approval at its next meeting. The utility department is currently operating from leased space, Sheppard said.
 The new extension would house the utility department and all city departments except fire and police, which will expand into the existing City Hall building.
 The architect will tell the council what the planning proposal will cost and make a working drawing of the proposal, McIntosh said.

MRS. JAMES RAY WILLIAMS

Miss Erazo, J.R. Williams Repeat Vows

Mary Jane Erazo and James Ray Williams were married Jan. 3, at 2 p.m., at St. John Vianney, Orlando. Father Stephen Maenichos and the Rev. Charles Swagerty, uncle of the bridegroom, officiated at the double ring, unity candle ceremony.
 The bride is the daughter of Mr. and Mrs. Gregorio Erazo, 577 American Heritage Parkway, Orlando. The bridegroom is the son of Mr. and Mrs. Ennie P. Williams Jr., 209 Crystal View South, Sanford.
 Given in marriage by her father, the bride chose for her own a formal original gown by Christina, fashioned along the old-fashioned silhouette. Bands of natural Venice lace adorned the high-necked bodice and full Bishop sleeves. Her chapel-length veil of imported French illusion was secured to a camelot headpiece. She carried a cascading bouquet of white roses and carnations showered with off-white streamers.
 Stephanie Roberts, Orlando, served the bride as maid of honor. She wore a green gown styled with a pleated skirt and short jacket, and carried a bouquet of rainbow-colored flowers.
 Bridesmaids were Jan Mathews, Tanya Ates, Myrna Feliciano and Donna Gowan. Their attire and flowers were identical to the honor attendant's.
 Jerry Long, College Park, served as the bridegroom's best man. Usher-groomsman were David Erazo, Jim Lawrence, Scott Cousseaux and Bill Collier.
 Kathie Ribley was the flower girl and Joshua Crago was the ring bearer.
 The bride's parents entertained at a reception following the ceremony in the St. John Vianney Social Hall.
 Following a beach wedding trip the newlyweds are making their home in Altamonte Springs. The bride is employed by the U.S. Postal Service, Orlando, and the bridegroom is employed by the U.S. Postal Service, Sanford.

China Painting Explained

The January meeting of Sanford Seminole Art Association was held at the Greater Sanford Chamber of Commerce building with Marie Richter presiding during the short business session.
 Martha VanTine and Donna Beards, both active members of the art association, gave a program on china painting.
 Each is an accomplished artist and both are winners of awards throughout the state with their delicately beautiful porcelains. Mrs. Brinkle was first place winner at the Kappa Kappa Gamma show in Clearwater recently.
 The women showed the several stages of firing, with examples of each stage and displayed many types of china painting.
 Arthur VanTine ran slides with the women explaining the process of china painting and answering questions from the audience.
 Following the program, hospitably chairman Fran Tingle and her committee served refreshments.

Garden Of Month' Changed

According to Beth Hall, a spokesman for the Garden Club of Sanford, there will be no "Garden of the Month" award given by the club this month due to the damage to plants and lawns caused by the recent freezing temperatures.

Mother-In-Law Asks For It From Bride

DEAR ABBY: My son was married last June at a beautiful church wedding and his bride received many lovely wedding gifts. (There were over 300 guests.)
 In September I started getting calls. "Did Wendy ever get our wedding present?" I mentioned this to Wendy, and she said she was waiting for her monogrammed stationery. I told her I'd be glad to buy her some appropriate stationery and even help her write the notes, but she said she was "too busy" getting settled, and she'd rather wait. (This girl is a college graduate.)
 My friends were asking me if Wendy ever received their wedding gifts, so I wrote a "thank-you to everyone I knew had given them a gift. I signed Wendy's name, and mailed them off."
 When I told her what I had done, Wendy was furious. Now my son isn't speaking to me. I really don't think I did such a terrible thing. Abby, what would you have done in my place?
 MOTHER-IN-LAW
 DEAR MOTHER-IN-LAW: I would have apologized to those who inquired, and let Wendy suffer the consequences of her own procrastination and bad manners.
 DEAR ABBY: I am 14 and I'm in love with my teacher. He is 30 and married, and I know there is no hope for me, but I think about him night and day. (Especially night.)
 I did a couple of dumb things, like copying his picture out of a yearbook for art class, and I also told some kids in school how I felt about him. Well, it must have gotten back to him, because now he avoids me and won't even look my way. Before this, he would smile at me and say hi.
 I have written him a dozen letters but I've torn all of them. I can't tell how I feel. What should I do?

Alcohol Can Cause Insulin Reaction

DEAR DR. LAMB—I'm a borderline diabetic controlling my blood sugar by diet and weight control. My diet consists of 125 grams of carbohydrates and a total of 1500 calories.

DEAR READER—Alcohol, when used to excess, can be dangerous for anybody. Small amounts of alcohol are particularly dangerous for diabetics who require medicine to control their blood sugar.

Now, the reason you're having trouble finding out how much carbohydrate comes from a gram of alcohol is that this doesn't happen. There are certain things in nutrition and in medicine which are absolute sciences and they're just as exact as mathematics.

Girl Scout Cookies Come Up Many Delicious Things

Girl Scout cookies are on sale January 30 through February 22 in Central Florida. This is an opportunity for the community to support its local troops and the Citrus Council of Girl Scouts. The cookies sell for \$1.50 per box.

This year there are six varieties of cookies and one snack item. Troops use the portion they make from the sale for camping trips, service projects, and troop program. Watch for Girl Scouts at your door or in shopping area. If no Girl Scouts come to your door, call your local Girl Scout office.

The following recipes using Girl Scout Cookies are Barry kitchen-tested.

Of Hearts, Sweethearts And Such...

Love-Ly Foods Seem To Say: Have A Happy Valentine's Day

Valentine's Day descended from a Roman feast called Lupercalia, celebrated on Feb. 15. Young women and men chose partners for the festival, exchanged gifts and enjoyed each other's company long after the celebration. The date and name were later changed, and Valentine's Day became a joyful European custom with many romantic beliefs associated with this special occasion.

Although many of the old beliefs and superstitions have changed, the custom of giving candy, kisses or heart-felt sentiments to loved ones is still being practiced.

One of the most personal ways to express your sentiments for family and friends is with special foods, prepared with loving care. Two superb valentine dinners are featured here... a festive dinner for the family and an elegant company repast.

For a valentine entree to delight your family, serve Heart-Y
