## Senator Asks Harry To End Rail Strike

### Morse Claims There Is No Justification For Present Railway Dispute

WASHINGTON, July 3—(AP)—Senator Morse (R-Ore) said today President Truman should take immediately whatever steps are necessary to end the railway switchmen's strike "because we are at war."

Commenting at a Senate Labor Subcommittee hearing, Morse said there is "no justification" for continuance of the week-old strike of the AFL Switchmen Union against five midwestern and western railroads.

The Senate group is holding hearing on a bill which would outlaw railroad strikes and require arbitration of disputes in the industry.

The Switchmen's Union turned down yesterday a government plan for an end to the strike, called to back demands for a 40-hour week with the same pay which has been received for 48 hours. The plan was made by John Thaddeus Jr., chairman of the National (Railway) Mediation Board who called attention to the Korean situation.

Morse told other members of the Senate Committee:

"The President of the United States owes it to the American people to issue a statement on the situation and propose whatever steps are necessary for a settlement because we are at war."

Senator Donnell (R-Mo), sponsor of the anti-strike bill, called for prompt action on the measure "in the interest and welfare of our country."

But Senator Elbert Thomas (D-Utah), the subcommittee chairman, counseled against "hasty action."

"If Congress has to act emotion-ally," Thomas said, "the chances are the law would be a bad law."

Morse said the union and railroad "were it to the American people to get together and negotiate a settlement." He added that "men of good faith" could reach an agreement in five hours.

Morse said it is not his intent to stand idly by while a railroad strike jeopardizes our efforts to end the war.

## Florida Supreme Court To Decide Vacancies Issue

TALLAHASSEE, July 3—(AP)—The Florida Supreme Court today was asked to determine whether the retiring or new chairman of the State Democratic Executive Committee has authority to fill county committee vacancies.

Eleven persons appointed as members of the Duval County committee by State Chairman E. B. Donnell of West Palm Beach asked the court to void the appointments made by 11 other members previously made by retiring Chairman Alex Littlefield of Panama Beach.

The court made no immediate decision.

Edgar W. Waybright, Sr., representing the Donnell appointees, argued before the court that Littlefield had no authority to make his appointments following his defeat May 23 as state commissioner from Volusia County.

Waybright said Littlefield's authority following his defeat was limited to getting the date for an organization meeting of the state committee.

Donnell was elected state chairman June 19 and made his appointments to fill the 11 vacancies on the Duval Committee.

John Mackay, representing the Littlefield appointees, said Littlefield had authority to call a organizational meeting and that the state committee has full authority until the next election.

Waybright said the court has authority to call the organizational meeting, but also has authority to fill vacancies of the state committee, Mackay said.

## American Military Personnel Forced Out Of Seoul

ARMED AND IN DISPERSED FORMATION these members of the American Military Advisory Group in Korea march 16 miles from Red captured Seoul to the Kimp'o air base, just before it was seized by Northern Communists. After evacuating U.S. civilians from Korea's capital, these officers and men were forced to cross the Han River in small boats. Kimp'o was later recaptured by South Korean troops after B-29 superfortresses in their first appearance over Korean war theatre, bombed that air base. (Army Radiophoto from International)

## Senators Issue Report To Trace Crime Network

### Solons Say Criminal Grapevine Covers Large Part Of U. S.

WASHINGTON, July 3—(AP)—The Senate Commerce Committee has issued a report designed to trace the network which carries racing news to the nation's bookies.

As outlined by the committee, this network is an extremely complicated affair, sometimes involving the relay of horse race information through a number of companies before the news reaches those who have paid for it.

The committee issued the report after holding a series of hearings on ways to curb the estimated three to five billion dollar annual business of the nation's bookmakers.

The report lists more than 2,000 companies and individuals who either receive or distribute race news over an intricate system centered in Chicago.

Senator MacFarland (D-Ariz), who directed the drafting of the report, said he is sure most of those listed are bookmakers, but emphasized that some of those named conduct a strictly legitimate business.

The report itself noted that the distribution of racing news is not illegal, although its use by bookies is.

The main race news service mentioned in the report is the Continental News Service of Cleveland, which operates out of Chicago. The committee has said continental has a virtual monopoly over the handling of such information.

One chart in the report showed the news relay from Chicago: Continental, to Illinois Sports News, to the Midwest News Service, General News Service and H. & H. Publishing Co. then, Midwest to 261 subscribers in 51 Illinois cities; R. & H. to 118 outlets in 10 Illinois cities; General to 23 subscribers in 10 states, who in turn supply a number of subscribers in other states.

Meanwhile, Reconstruction Finance Corporation found itself involved in a gambling clash between two brothers, operating competing casinos in Reno, Nev.

A Senate Banking Subcommittee brought the situation into the open in disclosing that \$975,000 of

## AP Reporter Feigns Poverty To Make Escape From Red Invaders

### TAEJON, South Korea, July 3—(AP)—Bill Shinn, American educated Korean reporter for the Associated Press, feigned poverty and ignorance to escape from Seoul with his family.

"The only way to avoid antagonizing the North Korean Communists," he said, "is to be ignorant and poor—or pretend to be."

Shinn slipped through their fingers Saturday. He was given an education at Hastings College in Nebraska by American Army officers after World War II.

He was one of the first natives to flee North Korea when the Russians moved in there at the end of the war.

When the Americans left Seoul Wednesday Shinn saw the Communists enter the city. As he fled in the neighborhood, he packed his wife, Sally, their three-year-old son, Johnny, and Shinn's sister and brother into a 1929 Model A Ford he brought with him.

They fled southward. Near Suwon, he left his family. He talked with me at Suwon and promised to return the next day after deciding whether to keep his Associated Press job.

But that night intelligence reported the Northerners had broken through and we got out. Shinn returned to where he had left his family, but they were missing.

Figuring they might have

## Twenty-Three Die When Train Hits French Vehicle

### BOURG-EN-BRESSE, France, July 3—(AP)—An express train carrying 900 children of French coal miners crashed into a French car bus near here today, killing 23 persons on the bus. None of the children was injured.

Only one of the 26 bus passengers escaped with slight injuries. He and the two other more seriously injured survivors were taken to a hospital in nearby Lons-le-Saunier.

The crash occurred at a grade crossing near this town, which is 35 miles northeast of Lyon. Officials said the barrier, which should have been down across the road while the train passed through, was open. The speeding train caught the bus squarely in the center, stranding bodies and tangling metal for some 2,000 feet along the track.

All the bus passengers were residents of Foisat, many of them war veterans headed for an outing at Lake Saint-Point. The train was a special express carrying the children from Northern France to a vacation colony in the French Alps.

## Columbia College Survey Shows World's Ten Most Boring Books

### NEW YORK, July 3—(AP)—What are the 10 most boring books in the world... that is, among the great classics? Anyone who's been through an English course has his own ideas about that.

But said and identified Columbia University Press, tired of taking votes for the 10 most boring. Through its magazine, "the pleasure of publishing," it polled hundreds of editors, writers, bookellers, librarians, literary critics and amateurs.

The results were printed yesterday. They will bring splendid joy to high school and college students—and little bit pain to their teachers. Taken all in all, the list of 10 most boring books is the required reading list of a well-learned school for the old world.

The list of 10 most boring books is the required reading list of a well-learned school for the old world. The list of 10 most boring books is the required reading list of a well-learned school for the old world.

## American Planes Slow Down Red Armored Column Drive; U.S. Combat Troops Strafed

### Australian Fighter Aircraft Fires On Americans In Battle Front Mix-Up

### B-26 Returns With Red 'Souvenir'

AN ADVANCED AMERICAN POSITION ON THE KOREAN FRONT, July 3—(AP)—Five to seven Mustang fighter planes with Australian markings gave American ground forces in South Korea their first taste of warfare today when they made a savage 25-minute strafing and rocket attack near U. S. positions.

(Tokyo said this was the same attack which AP correspondent Tom Lambert previously had reported by unidentified planes and in which he said one American sergeant was slightly wounded in the foot.

The exact circumstances were not clear. The earlier dispatch had implied the Americans were under direct attack and made clear that in any event the raid was on the village in which the Americans had their command post.

General MacArthur's headquarters communique mentioned Australian fighters joining American planes in attacks on varied targets Monday but said nothing about an attack so near American ground troops.

Lambert, who was on the scene himself, telephoned his information to Tokyo in a series of interrupted calls. In dictating his news last night, he identified the planes as Australian, he picked up the previous account at the second paragraph, indicating that it still stood as follows:

The aircraft dropped out of a clear sky in a fury of fire and flame which shook but did not unnerve the young troops, most of whom had never been in combat.

The raid began about 3:30 A. M. The first five airplanes, which had been flying overhead, suddenly dropped like falcans on the mud-walled town in which the Americans have their command post.

The Yanks dived for cover like veterans—and like veterans did not begin popping away with rifles as the South Koreans do, endeavoring everyone in the vicinity.

With deliberation the planes hacked away at the town with machineguns, lazy circled and came roaring back with rockets.

As the first five planes reformed and flashed in for their third sweep with machine guns hammering, Roy McCartney of

## Services Held Today For Mrs. E. H. Palmer

Funeral services were held this afternoon at 4:00 o'clock for Mrs. Edmond Haney Palmer, who died Saturday afternoon at the home of her daughter, Mrs. P. D. Anderson, in Lake Mary, after a long illness.

Services were conducted at Erickson Funeral Home Chapel with Dr. E. D. Brownlee and Rev. C. C. White officiating. Burial was made in Lake View Cemetery.

Mrs. Palmer, the daughter of Mary Elizabeth and Sydney J. Wright, was born Oct. 20, 1865 and had made her home in central Florida since 1901. Her only survivor is the daughter, her husband having preceded her in death on June 4.

Active pallbearers were R. E. Beckwith, Orlando, Ralph Austin Smith, E. F. Whittier, Jr., A. E. Rossetter, Arthur Moore and Fred E. Wilson. Honorary pallbearers included Judge E. G. Duckworth, M. D. Oakes, Dr. T. W. Lawton, Dr. E. C. Gales, Dr. E. H. McCauley, Dr. A. Williams and E. A.

## I. C. C. Gets New Carraway Will Plan For F. E. C. Ask For Recheck Of Census Count

### Atlantic Coast Line Asks Commission To Set Valuation

### Chamber Of Commerce Recommends Mayor Wire Sid Herlong

JACKSONVILLE, July 3—(AP)—A reorganization plan for the bankrupt Florida East Coast Railway should include a provision for its capitalization at \$45,000,000; the St. Joe Paper Co., suggests in a revised plan submitted to the Interstate Commerce Commission.

Meanwhile, the Atlantic Coast Line Railroad, which has been waging a long struggle with the paper company, a Florida DuPont interest, for control of the FEC, has asked the ICC to put a new valuation on the Jacksonville to Miami railway. It also has asked that the ICC fix a value of the ACL system in order to arrive at a valuation of stocks and bonds that would be authorized in a reorganization plan.

The paper company and the ACL sent their proposals to Washington preparatory to locking horns again before the ICC in a FEC reorganization hearing beginning July 11.

The only other principal reorganization plan before the commission is one suggesting the sale of the FEC to its 3,000 employees. If this is approved by the ICC and the federal district court, it would make the FEC the only worker-owned railroad in the country.

The St. Joe company explains that a \$45,000,000 capitalization of FEC is proposed instead of the \$10,500,000 as provided in the commission's plan of Jan. 8, 1945 for two reasons:

First, because of the increased earning power of the FEC, which

## Soil Conservation Chief Warns Of Dust-Bowl Condition Return

### WASHINGTON, July 3—(AP)—The possibility of a return to U. S. soil conservation service said today.

The service said June reports "indicate continuing possibilities of trouble ahead for the drought-spotted southern and central great plains unless rainfall picks up during the rest of the summer and farmers put every possible acre under conservation cropping and other measures."

Drought conditions, said the announcement, have prevailed in some areas since last October and that wide damage already has occurred, adding:

"First was a series of dust storms in March and April, principally scattered over a wide area from Nebraska and north-central Kansas through eastern Colorado and New Mexico into the Oklahoma and Texas Panhandles.

"Second was a curtailed winter wheat crop, to which insect damage also contributed, with only a fraction of average yields in some sections and no crop at all in others."

The announcement quoted Dr. H. Bennett, chief of the Soil Conservation Service, as saying:

"The census of our soil conservationists and other qualified observers is that prospects for the return of so-called dust bowl conditions are more serious than they have been at any time since the 1930's."

"The dust storms this year already have been more severe than at any other time since 1933."

Reports from Soil Conservation

## Invaders Seen Likely To Move Again Under Night Cover; Navy Sees Action

### WASHINGTON, July 3—(AP)—U. S. Marine and Marine Air units today were ordered to Japan, the Defense Department announced. The Navy said troops and air units from the First Marine Force at Camp Pendleton and El Toro, Calif., would be rushed across the Pacific with orders to report to General MacArthur.

TOKYO, Tuesday, July 4—(AP)—The Communist invaders of South Korea were within six miles of the town of Suwon today, but front and headquarters accounts indicated they had virtually halted while gathering strength for a new all-out assault.

By ASSOCIATED PRESS  
Communist invaders of South Korea slowed today their powerful armored advance today to lay low in the face of a fierce daylight pounding by U. S. bombers and fighters. Under cover of night they were likely to move again and possibly make their first contact with U. S. ground troops.

American bombers and fighters in large numbers sprayed bombs, rockets and machinegun fire at the Communists, four of whose tank columns were across the Han River. Another Red tank column had taken Wouju, 50 miles east of Seoul, captured South Korea capital.

The Communists were building up their antiaircraft positions in the Seoul area and carrying out heavy bombing attacks on Suwon, but they failed to dislodge the South Koreans still hanging on to the town and its airfield, 23 miles south of the fallen capital.

Two Red tank columns were reported 25 miles below the Han in a morning breakthrough outflanking Suwon and its airfield. (Continued On Page Six)

## Underpasses Are Asked By Florida Cattlemen's Group

### CLEARWATER, July 3—(AP)—The State Road Board today took under consideration a request from the Florida Cattlemen's Association for cattle underpasses where highways cut through big pasture areas.

The cattlemen said they wanted to safeguard the traveling public, and were not trying to evade responsibility under the state law banning cattle from the highways.

Alfred McKethan, road board chairman, indicated the board would consider making such provision in future highway bills, but if underpasses are provided on existing roads it will be at the cattlemen's expense.

No specific spots were suggested for the passes. The cattlemen, headed by W. M. Larkin of Dade City, referred only to "suitable and reasonable locations."

The board's session was the first act in a three-day celebration of progress on the long-sought bridge across lower Tampa Bay, connecting Pinellas and Manatee Counties.

Bids for the first section of that project will be opened Wednesday night in a public ceremony at St. Petersburg at which Governor Warren will be the principal speaker.

Other routine bids were scheduled to be opened today, but the board indicated it would defer that until its Wednesday morning session.

The board continued in session this afternoon, after handling these matters in the morning:

1. Assured Dade county of \$2,000 from gasoline tax funds next year to meet a possible shortage in money for a bascule bridge at 30th Street near the Miami Airport.

2. Agreed to give Key West Improvement, Inc., a group of private developers, 1,200 feet of ramp. (Continued On Page Three)

Sanford Giants To Meet Saints At MBP Tonight

Loss Could Dump Locals Into Fifth Place In League

The game between Sanford and DeLand was rained out last night when old man weather unleashed a sudden downpour that succeeded in drenching the infield.

Tonight the locals will take on the visiting Saints at Municipal Ball park. Sanford will be out to snap a four game losing streak administered them.

Sanford is holding on to fourth place in the league standings by only one-half a game. A defeat for them tonight and a win for fifth place Gainesville will dump the locals in the second division.

At press time today a hailer had not been picked to see duty tonight.

BOLONS WIN ORLANDO, July 2.—(Special)—Arnold Strocker made his home debut a howling success last night. The former St. Augustine player came in to pinch hit for Ed Brocklyn in the bottom half, bases loaded and blasted a single that gave Orlando a 3-2 decision over the Daytona Beach Islanders.

The triumph sliced Daytona Beach's lead over the second place Senators to one and a half games. Before Strocker's timely appearance, Walley Gaddis and Brocklyn had hooked up in a somewhat lengthy but stirring mound duel, and the Senator southpaw gained some measure of revenge for the 16-inning heart-breaker he lost in Daytona Beach earlier in the season.

SAINTS BOW

ST. AUGUSTINE, July 3.—(AP)—The St. Augustine Saints bowed out in the rain to the Leeburg Packers 9 to 2 in a two-and-a-half hour game that saw Saint second baseman Lyle Judy brained with a wild pitch by Pat Brinkley.

The Saints grabbed a one run held in the first as Judy's hard-earned ticket squared in a tally from the local base.

The locals marked up more in the third and then took things easy as Leeburg scored three in the second, two in the fourth and three in the seventh.

Starter Jim Pruitt gave up 4 hits to the Packers and then relinquished his duties to Ken Motley, who went the majority of the game and allowed 9 additional safeties.

TENNIS TOURNAMENT

FOREST HILLS, N. Y., July 3.—The first six seeded players opened play today in the New York State Tennis championships. They are, in order, Don McNeill, national indoor champion from Chicago; Dick Savitt of Orange, Conn.; the yesterday upset McNeill; and Eastern Clay Final at the National Club of Pasadena, Calif.; Ricardo Bahlers, College of William and Mary, Williamsburg, Va.; Seymour Greenberg of New York; and Sidney Schwartz of New York.

Robert and Rickardville, N. Y., also advanced to the second round. McNeill and Schwartz are scheduled for 10:30 a. m. today at the Forest Hills Club, N. Y.

Right on his heels are two Savannah swingers, Frank Stevenson, State A high school title holder, and Robert Manley, Jr. They tied the old mark with 68.

Also shooting sub-par golf yesterday were Carroll McNeil of Douglas, Vernon Ray of Jacksonville, and Eddie Johnson of Tallahassee. They carded 71.

The final 36 holes will be played tomorrow.

LELION GAME OFF R. P. Glavin announced today that the game between the American Legion and America scheduled for July 4 has been postponed until Wednesday, July 5, at 10:30 a. m. The game will be played in Sanford.

SHORT AND SWEET - By Alan Mavner

PHIL RIZZUTO, OF THE YANKEES, WHOSE EARLY SPRING EFFORTS ARE STRENGTHENING HIS CLAIM TO THE TITLE OF BASEBALL'S NO. 1 SHORTSTOP!

CHICAGO, July 3.—(AP)—The major league's All-Star fireworks don't explode until July 11, but the rival American and National Leagues today had their big guns lined up and ready to boom in baseball's midsummer classic.

The Boston Red Sox and St. Louis Cardinals, each with three positions, dominated the nationwide balloting for the 16 All-Star starters—exclusive of pitchers—which ended last weekend.

A total of 3,167,32 fans participated in the poll for the 17th annual "dream game" at Comiskey Park. The 20-day balloting was conducted by 200 newspapers and radio stations.

Only three other clubs besides the fence-wrecking Red Sox figure in the lineup American loop Manager Casey Stengel of the New York Yankees must start and play at least three innings. They were the Detroit Tigers and Yankees with two players each and the Cleveland Indians with one.

Nation's favorite shortstop, Phil Shotton of Brooklyn has two of his own Dodgers and one each from the Philadelphia Phils, Pittsburgh Pirates and Chicago Cubs, along with the Cardinals. They also have the starting lineups and June 29 batting averages:

AMERICAN Walter Dropo, Boston, 1b 343 Bobby Doerr, Boston, 2b 294 George Kell, Detroit, 3b 372 Phil Rizzuto, New York, ss 317 Ted Williams, Boston, cf 325 Walter Evers, Detroit, of 261 Larry Doby, Cleveland, of 371 Larry Berra, New York, c 291

NATIONAL Stan Musial, St. Louis, 1b 351 Jackie Robinson, Brooklyn, 2b 378 Willie Jones, Phils, 3b 302 Marty Marion, St. Louis, ss 261 Enos Slaughter, St. Louis, of 332 Hank Sauer, Chicago, of 307 Roy Campanella, Brooklyn, c 311

Stengel an dShotton will pick their own pitchers, probably eight or nine apiece. They also have the privilege of naming the rest of the players on the 25-man squad behind the eight starters.

The complete National loop team is to be announced Wednesday in the American League roster the following day.

On the basis of the listed batting averages, the American edge Stars—boasting a one-sided edge over the series—own an advantage in combined hitting of approximately .335 to .315.

Clubhouse By FRANK ECK AP Newsfeatures Sports Editor NEW YORK—Everybody who will be at the 14th renewal of the All-Star game at Chicago's Comiskey Park on July 11, will be able to say: "I played in the first game here back in 1933."

Only two National Leaguers who started that first classic, the headline of Chicago Tribune sports editor Arch Ward, still are active in the big leagues.

They are Cub manager Frankie Frisch and Bartlett Left. Frisch, a bank supply salesman from New York, meets Budge Patsy of Los Angeles.

In the other two quarter-final clashes, Eric Sturgeon of South Africa, second fourth, and Mulloy, who hails from Miami, takes on Jaroslav Drobný, the Czech exile who is seeded third.

With a full week of play still ahead, the women's singles field has eight Americans in the round of 16.

Between 1924 and 1937 American teams were unable to win the Davis Cup.

Davis Cup tennis competition was inaugurated in 1900, with the United States team defeating the British.

Bobby Usher, Cincinnati Reds' pitching rookie, hurled and bled his absa ndiego, Calif., American Legion team to the national title in 1941.

Walker Cooper, now catching with the Boston Braves, played for the National League in six All-Star games.

Boston And Cards Have 3 Men Each On All-Star Nine

HAMBONE'S MEDITATIONS By Almy

'PEAH LAK DE FOLKS WHUT AIN' GO NOSHIN' TO DO, DEY AIN' NEVUH GOT TIME TO DO NOTHIN'!

Nashville Vols Shutout For 1st Time In 2 Years

By HUGH SCHUTTE ASSOCIATED PRESS The Birmingham Barons are two games closer to being host team to the Southern Association All-Star contest for the first time.

New Orleans has a new manager and Nashville's Vols have suffered their first shutout in two years.

Birmingham, battling with the new Atlanta Crackers for the league lead and the All-Star bid, cut two off the Crackers' five-game margin with 13-3 and 6-3 victories. The Barons worked over the Atlanta pitching staff for a total of 29 hits in the two contests.

Former Major Leaguer Bill Burwell took the reins of the New Orleans Pels from Hugh Luby, who resigned. The Pels immediately showed new life by shutting out Mobile, 7-0.

Lloyd Hittie, last of the Washington Senators, handed Nashville its first shutout since June 9, 1948, when Mike Palm of Birmingham turned the trick.

Luby was sent to Chattanooga to recuperate from an illness. After a three-week rest he started against Atlanta and was kayoed in the second inning. Making his second start Sunday he was invincible against the mighty Vols, winning the nine-inning opener, 6-0.

Memphis split the first 30 battles for extra bases, but Red Lavigne, Red Mathis and Fred Hatfield, Atlanta had four two-baggers among the nine hits.

Only two National Leaguers who started that first classic, the headline of Chicago Tribune sports editor Arch Ward, still are active in the big leagues.

They are Cub manager Frankie Frisch and Bartlett Left. Frisch, a bank supply salesman from New York, meets Budge Patsy of Los Angeles.

In the other two quarter-final clashes, Eric Sturgeon of South Africa, second fourth, and Mulloy, who hails from Miami, takes on Jaroslav Drobný, the Czech exile who is seeded third.

With a full week of play still ahead, the women's singles field has eight Americans in the round of 16.

Between 1924 and 1937 American teams were unable to win the Davis Cup.

Davis Cup tennis competition was inaugurated in 1900, with the United States team defeating the British.

Bobby Usher, Cincinnati Reds' pitching rookie, hurled and bled his absa ndiego, Calif., American Legion team to the national title in 1941.

Walker Cooper, now catching with the Boston Braves, played for the National League in six All-Star games.

July 4 Will See Twenty Races Run At Volusia Track

DAYTONA BEACH, July 3.—(Special)—With eleven eight-dog races highlighted by the Miss Dixie Handicap, slated for tonight, a ten-race matinee program starting at 2 o'clock tomorrow afternoon, and another ten-race program tomorrow evening, the current Fourth of July weekend is making dog racing history in Volusia County, and persons have flocked here from all parts of the county to watch the thrill-packed contests.

Racing Secretary Merrill "Duke" Watts has taken special care in selecting an all-star cast for the Miss Dixie Handicap, which will be run as tonight's feature ninth race, and it will be watched by the South's most glamorous young ladies who are in Daytona Beach to compete in the annual Miss Dixie Beauty Contest at the Bandstand tomorrow. These lovelies will be the guests of President William L. Huntley at the track tonight.

The handicap will bring to the post such fan favorites as Safe Bingle, Sly Bunter, Mom's Flash, Karlock, River's Edge, Montine, Ten Value and Little Ace. Mrs. O. Z. Ferrell's Top Value has already caught up three wins this season, while Stephen Eziery's Safe Bingle and Montine, owned by Honor Kennel, have annexed two wins each. Bandle owned Little Ace, popular here last season, will be making her debut tonight, after two schooling wins.

Eight veteran marathoners will gallop over the beach course in the final and eleventh race of the evening. Included are Sacramento, Pretty Pretty, My Luck, C. and Slow Burn.

Pennant Chase In Southeastern Loop Hottest In Years

By ASSOCIATED PRESS When a team loses one game and drops from second to fourth in the standings there is no uttering the heat of the pennant chase. That's the situation in the Southeastern League today where six of the eight clubs are playing at a 500 or better clip.

Only Selma and Anniston aren't in the battle for the coveted first division spots which lead to the Shaugnessy playoffs.

The decisive was taken by Meridian's Millers who lost to Pensacola, 5-1. Montgomery won the second place position by a 7-1 victory over the log of Selma and Jackson's Senators took third after trimming Vicksburg, 5-2. Gadsden handled Anniston's Ramblers, 12th place in a row, 12-11. It was also the 2nd defeat for the Rams in 25 outings.

Larry Brunko started for the Millers but was driven out in the initial frame as the Elms pushed four runs across. Ed Boyle took over and kept Pensacola under control. Andy Elko gave the Millers only four hits and would have had a shutout except for a lone tally in the eighth.

Montgomery's contest three Selma hurriers for 15 hits while Smith held the Rams to eight. The Rebels started off with four runs in the initial frame of Kendrick and kept up the barrage on Jim Logan and Charles Allen.

Rudy York hung up his 11th win against these losers as he kept eight Vicksburg hits scattered. The only time the Dixies could score was in the second inning when Bill Newman noted a homer with Gene Dickens, who had walked, on base.

Jackson was ahead in the first inning on Bud Pennington's 15th circuit cut of the season. Ed Zabel walked three hits and three stolen bases led the Senator's attack as Al Lamacchia who lost his sixth against three wins.

Homer Springs, hurled an eight-hit shutout for Gadsden. Joe Cleary, the Ram righthander, also gave up eight hits, but was toughed for a lone marker in the fifth. That was the difference. Manager Bill McBee scored after opening the inning with a single and coming all the way around on Billy Benis' double to left.

Seals and Grover Bowers each had a pair of safeties while Bill Anzevski had two hits for Anniston. He tripped to open the fourth but failed to score as three Rams grounded out on infield rollers.

The Double Outbreak of the Western League was a low record by winning both ends of their first doubleheaders on the road this year.

The Double Outbreak of the Western League was a low record by winning both ends of their first doubleheaders on the road this year.

NOTICE

At the 2 o'clock on Tuesday morning, July 25, 1950, the Board of Public Instruction will review sealed bids on alterations for the improvement of electric lighting in the South Sanford School, Sanford, Florida. The bids will be opened by a cashier at the Board of Public Instruction for Seminole County, Florida.

## India Offers To Mediate In Korea Crisis

### Official Notes Are Sent To American, Red Governments By Pandit Nehru

LONDON, July 4—(AP)—India has told Russia and the United States she is ready to mediate in a bid to end the Korean war, official source said today.

The Indian offer was conveyed to the Russian and American governments by the Indian ambassador in Moscow and in Washington, these sources said whether the offer embodied detailed proposals for mediation was not made clear immediately.

But, the information reported, this is how India views the situation:

If Korea had been left to work out its own future the present fighting and its ever present threat to world peace would not have arisen.

India regards Korea as a single country and wants to see it reunited politically and economically.

Any attempt to end the fighting there would have to take into account that the Korean people want unity.

Prime Minister Jawaharlal Nehru's government has never entered relations with the South Korean government. Equally it has not recognized North Korea.

There was no British official comment on the offer.

The informants recalled what Indian Foreign Secretary K. P. S. Menon said about Korea in the United Nations General Assembly two years ago. Menon then declared: "Deep down in the heart of every Korean whether in the North or in the South, is this longing for unity x x x. What has obstructed progress is the 38th parallel. If a government is to be established in the North or in the South, it cannot also be national in a military sense, that is in the sense that it can normally defend itself against aggression without foreign assistance."

What Menon said in 1948 is held to be India's view today. On that basis India feels she can serve the cause of world peace if she is given the opportunity as a mediator.

## R.F.C. Now Faced With Problem In Night Club Loan

### Senators Say Money Should Never Have Gone To Gambler

WASHINGTON, July 4—(AP)—What happens if Merit Weathermer's swank new gambling spot starts taking the play away from his brother Lou's Sky Room Casino at Reno, Nevada?

Two Senators—Fullbright (D-Ark.) and Douglas (D-Ill.) said yesterday that the Reconstruction Finance Corporation may have to take chips to back a \$975,000 loan it made last year.

Fullbright and Douglas are members of a Senate Banking Committee checking on RFC lending policies. They contended at a committee hearing that: (A) The U. S. government, through an RFC loan, is a stakeholder in Lou's place and (B) if Merit's joint starts drawing the crowds, RFC may have to raise the ante at Lou's to stay even.

Loan operators the Sky Room Casino at the Manor Hotel. The hotel got the \$975,000 loan.

Over at the Riverside Hotel, a \$1,000,000 batch of privately financed improvements will give new class and tone to Merit's gaming room, opening Aug. 1.

Fullbright and Douglas said the RFC should never have become involved with the Manor Hotel in the first place, especially since Lou Wertheimer is a known legitimate gambler with a police record.

"There's just no excuse for the loan," Fullbright, chairman of the group, told a reporter. "There's nothing we can do about it now. But I hope the public disclosure will discourage such loans in the future."

Douglas said the loan was "against public policy, should not have been made and is impossible to justify."

Construction of the Manor Hotel was financed in 1946-47 by the bank of America and the First National Bank of Reno. Last October, the RFC took over \$975,000 of their obligations and left the banks with \$325,000.

RFC officials—including director Harvey Underwood and board chairman Harley Hise—defended the loan as a legitimate transaction in the public interest. Underwood said it was no worse to loan money to a hotel with a legal

(Continued on Page Three)

## Otis Barton Will Make 6,000 Foot Dive Into Ocean

### LOS ANGELES, July 4—(AP)—Otis Barton, only man in history to see the world creatures who inhabit the ocean at a depth of 4500 feet, is going to try again.

Sometimes this summer the Boston scientist plans to take his steel diving bell down to at least one mile, and perhaps to 6,000 feet.

Most of Barton's record-setting descent last August off Santa Cruz Island was made in darkness because his lighting system failed. Consequently, his movie cameras did not record the strange, self-illuminated sea creatures he described by telephone during the perilous dive.

This time, however, the lighting will be ocean-proof, he said yesterday. Powerful bulbs sealed in mineral oil will be attached to the outside of the 7,000-pound bell which Barton calls a "benthoscope."

Tests of the new lighting system will be made next week. If they are successful, preliminary diving will begin off La Jolla, Calif., about mid-August. These dives will range down to 300 feet.

Next project will be investigation of a mysterious light-emitting layer, believed to be a stratum of dense marine life, found at 1500

(Continued on Page Three)

## Jesse Abrams Gets 90-Day Jail Term

### Jesse Abrams, 55-year-old Negro, was fined \$50 and in addition given a 90-day jail term brought before Judge J. U. Sharon yesterday in Municipal Court on a charge of bootlegging.

M. Williams, Negro, was fined \$100 for 100 days on a charge of driving while drunk and running a stop sign.

Charles Miller, aged 51, on a charge of bootlegging, was fined \$100 for 90 days on a charge of bootlegging.

Some surprising facts have been revealed by biologists who for the past year have been conducting an experiment on lake fertilization at Camp McQuarrie, near Cracked Lake, a 53-acre body of water which a year ago yielded only an occasional undersized bass.

## Yaks Caught This American Plane At Suwon

THE U.S. AIR FORCE INSIGNIA is all that's left of the C-51 when it was caught on the ground at Suwon Airport in South Korea by a raiding force of Hustin-built Yaks. This captured speedboat of the North Korean armies crashed across the Han River, south of Seoul.

## Nearly 60 Seminole County Boys Look Forward To Camp Opening

Nearly 60 Seminole County boys are looking forward eagerly to the opening Monday morning of Camp Winona, near DeLeon Springs in Volusia County, and to two weeks of zesty sports under the direction of Herman E. Morris, who is conducting the camp for the 25th time. Mrs. Morris will assist as camp mother.

The boys will participate in a program of planned activities such as all boys like. Among these are swimming, marksmanship, handicraft, athletics, group games, nature and woods lore, rowing, campfire stories and fishing.

The camp is equipped with eleven large, screened cabins, each of which will comfortably house 11 boys and a counselor. The dining hall is built over the edge of the lake and is a popular spot. All meals are well prepared and a well balanced diet is prepared for each day. A large recreation hall is located near the cabins where boys can enjoy games throughout the day.

Between 7:30 and 9:00 A. M. and taps and lights out at 9:00 P. M. there is a continual round of activities. Following morning exercises and the flag-raising ceremony there is breakfast at 7:30 o'clock, morning inspection, activities and swimming, with dinner at noon, followed by a rest period until 2:00 o'clock when games are played, followed by the afternoon swim, rest and supper at 6:30 o'clock.

At 7:30 o'clock the boys gather around the council fire and hear some of the legends which have delighted boys there for the past 25 years. Some of these legends are "The Boy Who Went Waw," along with Long Knife Harry, One Eyed Peter and Old Sleazy Eye.

The following boys have registered for the camp in its Silver Anniversary year: Jay Altman, Thomas Andes, Orville Harke, George Brinson, Melville Brinson, Bobby Brown, (Continued on Page Three)

## 345 Persons Die In July 4 Wrecks On U.S. Highways

By ASSOCIATED PRESS

Traffic and other accidents have killed at least 345 persons since the nation began its four-day July 4th celebration last Friday night.

Traffic fatalities seemed certain to exceed the 346 predicted by the National Safety Council for the period, between 8 P. M. Friday and last midnight, 345 persons had died on the highways. Another 118 had drowned, and 75 were killed in other miscellaneous accidents.

The deaths were at the rate of more than one every ten minutes. The only reported death from fireworks was in New Hampshire.

The council estimated that by midnight tonight there will have been 35,000,000 vehicles on the highways during the four days and that the nation will have experienced its worst traffic jam in history.

The deaths in southern states, with traffic crowding and miscellaneous listed:

Alabama 17 5 0; Arkansas 3 2 0; Florida 3 1 0; Georgia 11 1 2; Kentucky 5 1 3; Louisiana 5 0 0; Maryland 4 0 0; Mississippi 3 1 0; Missouri 9 1 1; North Carolina 20 5 3; South Carolina 10 6 2; Tennessee 15 2 1; Texas 18 3 5; Virginia 10 4 3.

## Florida Farmers Learn Fish Can Be Fertilized As Well As Crops

ASTOR PARK, July 4—(AP)—Folks who raise corn, cabbage and citrus in this lush sector—and who have seen a "dead lake" come to life—are prepared to switch from agriculture to pisciculture.

"They've learned that fish as well as crops can be made more abundant through the use of standard fertilizer."

The fact is, where we used to use fish to make fertilizer, we're now using fertilizer to grow fish," comments Dr. E.E. Fuding, for 15 years associated biochemist with the University of Florida citrus experiment station. He is now chief horticulturist for the Wilson & Toomer Fertilizer Co., Jacksonville.

Some surprising facts have been revealed by biologists who for the past year have been conducting an experiment on lake fertilization at Camp McQuarrie, near Cracked Lake, a 53-acre body of water which a year ago yielded only an occasional undersized bass.

## Man Bolts From 2 Hospitals To Avoid Surgery

### Escapee Is Sent To State Institution In Massachusetts

SPRINGFIELD, Mass., July 4—(AP)—A man who bolted from two Massachusetts hospitals to avoid an operation for serious internal injuries was under observation at a state mental institution today.

The man, identified by police as Joseph Neneh, 40, of Scranton, Pa., was committed to Northampton State Hospital last night after fleeing three times from Mercy Hospital here.

Previously he had fled from Hale hospital in Haverhill, about 120 miles north of Springfield.

Police said he told the same story after walking into the Hale hospital late Friday afternoon and the Mercy Hospital Sunday noon.

He reported he had been struck in the stomach by a tire rim when a tire exploded while he was helping a truck driver fix a tire.

X-rays disclosed that he had a ruptured kidney and bowel.

The man fled from the Haverhill hospital early Saturday morning after being informed he would have to undergo an operation. He was picked up later in the morning by a nurse from the hospital wearing only a blanket.

He was discharged from the hospital shortly afterward when he insisted that a mile from the hospital he would not consent to the operation.

Sunday noon he walked into the Springfield Hospital with the same story. He had been working in a shoe factory when he was suddenly struck by a wheel and escaped.

Police reported he was found eight hours later in Thompsonville, Conn., returned to the institution, he escaped again. He was picked up near the hospital, he said he had been working in a shoe factory when he was suddenly struck by a wheel and escaped.

Police then decided to commit him to the state mental institution for observation before attempting any operation.

Haverhill police said they checked the address he gave in Scranton and found no one by that name there.

Later they learned that he had escaped the New Jersey State Hospital in Trenton in 1943. Police said the alarm sent out for his capture at that time is still in force.

## U.S. Mediator Says Progress Made In Railroad Strike

### CHICAGO, July 4—(AP)—The nine-day-old strike of 4,000 switchmen might end this afternoon with the return of two other railroad unions.

Both the Brotherhood of Railway Trainmen and the order of railway conductors have set July 15 as their strike date, but some observers believe it would have to be postponed unless the switchmen come to terms before then.

These observers point out that an additional strike by the trainmen and conductors against other railroads might create a national emergency under the terms of the Taft-Hartley law and bring intervention by President Truman.

They added that the recent strike of firemen was against only certain railroads to avoid that circumstance.

As in the case of the firemen, the Switchmen's Union of North America struck only five railroads—the Great Northern, the Chicago Great Western, the Chicago, Rock Island and Pacific, the Western Pacific, and the Denver and Rio Grande Western.

However, some progress was reported yesterday in negotiations between the carriers and the trainmen and conductors.

"Things seem to be moving along now," said Francis O'Neill, Jr., member of the National Railway Mediation Board, at the conclusion of the day's talks.

The switchmen, trainmen and conductors are demanding a 40-hour week at their present 48-hour pay which amounts to a wage boost of 31 cents an hour. They rejected a recommendation by a presidential fact-finding board that they accept an 18-cent-an-hour increase and the 40-hour week.

## NEW MONUMENT

CAMBRIDGE, Mass., July 4—(AP)—A monument carved from 32 tons of Vermont granite was unveiled in honor of George Washington on Cambridge Common yesterday.

The \$30,000 monument is located near the spot where grew the giant tree which shaded the Revolutionary leader at the historic moment he took command of the ill-trained Continental Army 175 years ago.

The structure, called the Washington Elm Monument, was unveiled by Mrs. Lewis Preston Collins, wife of the Lieutenant Governor of Virginia, and Mrs. Frank A. K. Boland, wife of the originator of the plan to build the monument. Boland is chairman of the Washington Elm Memorial Committee.

## FACE'S DEFEAT

CARLE, July 4—(AP)—The Socialist Party voted today to throw its support behind the new government headed by the National Assembly.

### PREPARING TO LEAVE shortly for Korea, Col. Alfred G. Katzin (left), of the 10th Air Force, receives and looks at minutes taken from a meeting of the United Nations Security Council held at U.N. Headquarters, Lake Success, N. Y. Katzin will act as U.N. personal representative during his stay in the Communist invaded Republic. (International)

## "Mothball" Air Force May See Action Against Korean Commies

WASHINGTON, July 4—(AP)—Some World War II piston engine fighter planes may be taken out of the "mothball" for duty in Korea because bad weather and mountains have let jet fighters where it hurts—in the fuel tank.

Because of heavy overcast and mountainous terrain which would make descent over a target area dangerous, military men report, the Lockheed-F-80 shooting stars have had to work in low. Although the South Korean targets are about what less than the F-80's announced combat radius of 500 miles, fuel consumption at low altitude is so high they have little time for maneuvering against the enemy.

Air officers described this as one of the lessons learned in the first week of operations against North Korean targets. It may mean that Republic F-47 Thunderbolts and P-51 Mustangs, now almost entirely assigned to Air National Guard units, will be shipped to the Far East.

## Independence Day English Reporter In Washington Is Claimed Fuchs May Curtail By War Work On Research

WASHINGTON, July 4—(AP)—A wreath on the tomb of the Unknown Soldier, a speech by a diplomat and rockets hurled over the Washington Monument were the scheduled highpoints in the capital's observance of Independence Day.

Because of the Korean situation, many officials and government workers, especially in the State and Defense Departments, will remain on the job.

America and Korea will be subjects of a speech by John Foster Dulles. The special consultant to the State Department, who recently returned from the South Korean republic where American troops are fighting Communist invaders, entitled his address "The Interdependence of Independence."

It will keynote a "salute to independence" program tonight leading up to the traditional Fourth of July fireworks on the Washington monument grounds.

Representatives of 16,000 hard-tipped workers of the food-will industries prepared a wreath for the tomb of the Unknown Soldier in Arlington National Cemetery.

## Modified Welcome At Army Base

Harvey Beck, Jr., who received minor injuries in an automobile collision at Twenty-fifth Street and French Avenue yesterday noon, was released soon afterward from Pernal Landon Memorial Hospital after being given emergency treatment. Ennis Williams, 18, a passenger in Mr. Beck's 1948 Chevrolet, was treated for bruises and lacerations and was released this morning.

The delegates voted to continue support of jury service for women and for strengthening the UN.
