

Senators Take 3 To 2 Lead Over Lookouts In 10th Frame

Cook And Hudson Nicked For Only Three Bingles

Locals Nick Bob Overstreet For Eight Hits During Overtime Contest; Cole Scores Winning Run

By JULIAN STENSTROM
ORLANDO, June 27.—The Orlando Lookouts first sacker, Lando Senators yesterday pushed the box into center field to score.

The Orlando Senators gathered across a run in the last half of the 10th stanza to capture a 3-2 lead. Hudson walked Bob Overstreet to 2nd decision over the Lookouts' second and Bonner on an at-bat.

On the hill for the Lookouts' triumphed sacrifice, forced Overstreet to the base.

Bob Cook who allowed seven at second, Hudson bore the Senators one hit which was down to whiff Alabama Smith good for one run in three in but Sammy Cole drew another single. Cook was taken out in the walk to send Bonner to second.

South and replaced by lanky Sal base.

Hudson who gave up only two with a short single to left field to bats during the seven innings he score Bonner but Davis cut off

new action on the hill.

Bob Overstreet, Sanford hurler, caught Cole off second.

The score was tied two and

two until the final portion of the 10th frame. Hudson fanned

Smith but Cole drew his third

walk. Keller singled past third

base and went to second himself

while Cole slid in to third base,

safe by inches. Jack Frye hit a

high bounding grounder down the

plate but too late to get Cole

who had taken advantage of the

deep left field.

In the Senator's half of the

fourth, Cole walked and scored

when Jack Frye doubled to right

field. Manager Rodgers removed

Cook from the mound and re-

placed him with Hudson who

went the Orlando batsmen down

in order.

In the Lookout half of the

fourth, Davis opened with a

double, this time to deep right

field. Pitman went out in the in-

field but Mayo Langston came

through with a smash through

Bradshaw Keeps In Contact With Club

Charles E. Bradshaw, president of the Seminole County Baseball Association, may be away from Sanford at the present but he is in constant contact with local officials and always gets first hand returns of the Lookouts' games.

Mr. Bradshaw is away on a business trip and at present he is in St. Louis. Mr. Bradshaw has sent the Lookouts a new catcher, Johnny Ade, and in the meantime has conferred with officials of the Atlanta, Cracker, Chattanooga Lookouts, and many other Southern Association and American Association officials.

Mr. Bradshaw has asked the Sheriff to take control.

Law and order are certain to be in force at one district baseball tournament in the National Semi-Pro Congress program, with Sheriff Larry Mingin serving as district commissioner for the

Burlington County, N. J., tourney. Serving on a baseball board of directors with Mingin is Wal Conroy, who once played with Ruppert era.

Quadruplets Born To Pair In Arkansas

27-Year-Old Wife Of Orchard Worker Declares Surprise At Momentous Event

States She Had Expected Twins

One Baby Dies But Others Are Given Chance To Survive

DEQUEEN, Ark., June 28.—(AP)—Quadruplets, all girls, were born during the night to Mrs. H. T. Valentine, 27-year-old wife of an orchard worker, but one of the infants died a few hours after birth. The surviving three were brought to a hospital here.

Dr. G. L. Kimball, the attending physician, said they had a chance to live.

He reported the mother, who remained at her home four miles from the city, was in a satisfactory condition.

"I never dreamed such a thing as this would happen," Mrs. Valentine, who weighs only 98 pounds, told her husband after the arrival of her fourth baby.

"I sure was surprised," Father said. "We had really expected twins but four—good Lord. How would we ever take care of them."

The Valentines have a five-year-old daughter. The second child, an 18-months old daughter, died three years ago.

Japs Warned Not To Lay Hands On Strategic Island

LONDON, June 28.—(AP)—Britain and France made known yesterday a warning to Japan to keep hands off the strategic Chinese island of Hainan off the South China coast, and a pledge to get together to handle any complications.

The two governments showed bluntly that they were keeping jealous eyes on their interests in the Far East, despite their preoccupation with diplomatic trouble in Europe.

Richard Austin Butler, under-secretary for foreign affairs, told the House of Commons of the warning, and a foreign office spokesman in Paris confirmed France's readiness to stand with Britain.

The two governments told Japan that if she persisted in a reported intention to land troops on Hainan there would result "uninsurable complications" and that Britain and France would act as the circumstances demanded.

The disclosure was made in the Commons as dispatches from Tokyo and the British ambassador, Sir Robert L. Craigie, went a half-hour yesterday detailing Anglo-Japanese relations with the Japanese foreign minister, General Ugaki.

Hainan is directly opposite Northern French Indo-China, and is close to the route between Hongkong and Singapore. Britain's far eastern strength lies.

Chinese reported that Japanese forces tried on Sunday to land on the island but were repulsed by machine gun fire.

South To Get Several Experiment Stations

WASHINGTON, June 28.—(AP)—William advised Secretary of Agriculture, yesterday, that several rather large experimental stations will be set up in the South.

These stations will serve as land and water transportation centers.

PWA Allocates Funds For Projects Throughout U. S.

WASHINGTON, June 28.—(AP)—The Public Works Administration gave the Bureau of Fisheries yesterday \$1,055,350 for 78 projects in 39 states. The allocations include:

Florida—Peninsula, construction of road and bridge, repairs and alterations of buildings and docks, water supply, construction of experimental tanks at U. S. Fishery Station, \$25,000; Wakulla, \$30,000.

The PWA allocated \$2,900,000 to the Geological Survey for 90 projects.

Forty-five of the projects provide for mapping surveys, while the remaining 45 will provide for repair and improvements to geodetic survey facilities in each of the 8 states.

The allocations for enlargement or improvement of existing ports or facilities included: Florida, \$10,000;

Projects for making flood and drought surveys and maps include: Florida, \$10,000.

The Public Works Administration disclosed that the Justice Department proposed to spend \$1,150,000 allotted Saturday for personnel housing projects at pen-

it and correctional institutions throughout the Nation.

A breakdown announced by PWA included: Edinborough, Fla., dwelling, \$55,000.

A sum of \$10,000,000 was allotted by the PWA for 185 projects to improve Coast Guard stations throughout the country.

The work will include replacement, remodeling, and enlargement of stations and facilities.

The allocations included: Florida—Missouri Legume, \$15,000; East Pierce Inlet, \$75,000; Lake Worth Inlet, \$100,000; Gilbert Bar, Sta-

tion, \$1,200; Miami, \$75,000; Jackknife Beach, radio station, \$8,000; Santa Rosa Station, \$6,000; St. Petersburg, \$10,000.

Secretary Wood also allotted an additional \$1,000,000 for new work on 22 river and harbor projects.

The large allotment, \$1,750,000, went to the Great Lakes and Hudson River Waterway in New York.

Others included: Indiana waterways, Bendix, \$1,000; Lake Michigan, \$10,000; Mississippi River, \$1,000; Apalachicola Bay, St. Marks River, Fla., \$200,000.

Bertrand H. Snell Retires From Job As Congressman

G.O.P. Chieftain From New York State To Mind Own Business

Sees Danger Of Dictator Unless Conditions Are Changed

WASHINGTON, June 28.—(AP)—Rep. Bertrand H. Snell, Republican leader of the House and hard-hitting critic of the Roosevelt Administration, announced his retirement from Congress yesterday.

He said his purpose in leaving, after 24 years in the National Legislature, was to devote his time to his varied business interests in Upper New York State.

"The public responsibilities which have been mine for a number of years past have been exceedingly heavy and constant and my own business accordingly has been very greatly neglected," said a statement issued at his office here. "The time comes when one's family and health must have some consideration."

The question who his successor would be became a subject of speculation as soon as his announcement was made. The first name generally mentioned was that of the comparatively youthful Rep. Martin of Massachusetts, assistant Republican leader. Other possibilities discussed were Rep.

representatives Mapes of Michigan, the dean of the Republican membership; Representative Fish of New York, who has been demanding a liberalization of the Republican Party, and Representative Teller of New York, whose opposition to the Roosevelt Administration has been as unremitting as that of Snell.

Snell's service in Congress goes back to the middle of the first Woodrow Wilson Administration. He was elected in 1915 to fill a vacancy, and has served continuously since that time. His rise was steady. Fifteen years after his first appearance in Washington, he was one of the rulers of the House.

When Nicholas Longworth was speaker and Representative Tilson of Connecticut was Republican leader, Snell filled the important post of chairman of the Rules Committee, through which must be sifted virtually every bit of legislation to reach the floor of the House. The "triumvirate" became famous.

Two Young Mandrill Baboons Will Arrive At Zoo From New York Soon

Superintendent of Parks James L. Moughton said this morning that two young mandrill baboons have been purchased by the zoo and will arrive here from New York later in the week.

Mr. Moughton declared that the zoo was able to buy the baboons only because of the generous contributions to the zoo and because of money raised off of concessions.

The animals are being sent from Meeme Brothers and Ward, dealers in animals, of New York. This is the same company from which the leopards in the zoo were purchased. Mr. Moughton stated.

An article appearing in the National Geographic Magazine for May, 1933, by Dr. William M. Mann, director of the National Zoological Park in Washington, D. C., describes the baboons vividly.

Chief, Ray G. Wissman, announced today that there would be no Municipal Court next Monday, July 4, being a legal holiday. The regular session will be held Thursday afternoon.

Commons Hears That Insurgent Guns Are Aimed At Gibraltar

The 20th anniversary today of the shot that started the World War found the Chinese and Japanese stalemated in their war and saw Europe filled with tension over the Spanish civil conflict.

Archduke Franz Ferdinand of Austria-Hungary was assassinated June 28, 1914, at Sarajevo, then in Austria-Hungary but now in Yugoslavia. Out of that shot grew the World War.

Today in the British House of Commons, the Duke of Atholl gave what she said were details of Spanish insurgent guns "threatening Gibraltar" and she would ask Prime Minister Neville Chamberlain tomorrow what he plans to do about them.

Chamberlain is already faced by mounting indignation over continual bombings of British merchant ships in Spanish ports. Some quarters believed he would receive new demands to allow ships to arm for defense.

Adding to the British uneasiness was the report that Premier Mussolini held a conference with two of his foremost fighting men. The purpose was not disclosed.

Spanish insurgents rendered Howard Barron this morning, one day after the Spanish government accepted Great Britain's plan for neutral commission to investigate bombings of Spanish cities. There were no reports on the victims or the damage.

Weekly Luncheon Of Jaycees Held At Valdez Today

Several members of the Jaycees expressed their intention at the regular weekly luncheon at the Valdez Hotel today of attending the fish fry to be given by the New Smyrna Jaycees Thursday June 30.

The New Smyrna Club extended an invitation last week to the Sanford Club and several other clubs in the central part of the state to be their guests at the fish fry. E. E. Laney reported that Joe Davis is preparing a comic magazine written supposedly by members of the bovine tribe. When he completes it, he will submit a copy to the state president and if it is approved it will be submitted to all the clubs in the state.

The purpose of the magazine, he declared, is to create sentiment in the state before the next legislature meets to put through a bill to remove cattle from the highways.

The meeting next week will be the first under a new set-up whereby the club will meet only twice a month.

"Ah, ha," said Peter Rabbit, as
he laid his paper down.
"Here's an editorial writer who
has really gone to town."

In favor of us rabbits and, if he
can have his way,

From off the rabbit runways the
motor cars will stay.

And we can live and propagate,
a lively group, until

The hunters choose to shoot us
as we gambol on the hill."

"That's very fine, I have no
doubt," replied his little
wife,

"But just what difference does
it make when they take our life?"

"Why, don't you see?" asked
Peter. "The States raise you
and me

And then we raise some little
ones to catch the hunter's
feet."

"That may suit you," said Molly,
"but I can see no reason
Why the aim of our existence is
to make a hunting season."

International Law Has Ceased

At every new violation of international law by Germany, Italy, Japan, and the Spanish rebels the world stands abashed. On many sides the totalitarian states are condemned for their callous indifference to a shocked and horrified world opinion and there has been no indication that such violations of international law will cease. The Democratic nations complain pitifully that such acts must stop and try to effect agreements with the dictator nations in an effort to halt the violations.

This is the fundamental error in international diplomacy. Outlaw nations cannot be dealt with in time-honored tradition—and Germany, Italy, Japan, and rebel Spain are outlaws among nations. They cannot be trusted. They do not believe in international law but pretend to in order that when necessary it may be bent to their own ends. They believe only in national law, a national law of might and power that recognizes only a greater might and power.

Consequently, there is no international law today. Amity and co-operation must exist between nations if international law is to exist for "international" means "between nations." In the absence of an international law of freedom and justice the Democratic nations are being forced, whether they want to or not, into an alliance which some day will have to combat the international brigandage of the totalitarian governments.

Spell It Out

According to a news release from the Florida Association of Real Estate Boards, the main project of its public interest committee for 1938 will be to induce every public and private interest in the state to write the full name of "Florida" on all letterheads and correspondence.

It is argued, and wisely so, that by using the customary "Fla." the citizens are failing to take advantage of the name and apped of the full name. Scarcely any other state is so blessed with a name as euphonious and expressive as Florida, and it seems like a lack of appreciation to abbreviate it.

Aside from any artistic appeal, we feel that it is a poor policy to abbreviate addresses anyway. In the first place, it is more difficult to recognize, and in the second place, it shows that you are in a hurry and don't want to waste much time on the letter. It seems to us that the least a person can do in his letter is to get the whole address down with all the punctuation needed. We are always suspicious of letters that are so efficiently done that they look as though they have been turned out by a high-speed press.

We heartily endorse the Real Estate Board's recommendation that "Every bank, business, chamber of commerce, and individual school child and adult, should pledge to abbreviate the fair name of our state and should pledge to join this movement to the end that the full advantage of the splendid name of our state shall be utilized and known to all the world as Florida."

Dutch Schneider To Hurl Tonight Against Palatka

Smith Or Miller To Be On Mound For Visiting Outfit

Manager Bill "Raw Meat" Rodgers of the Sanford Lookouts announced yesterday afternoon that Dutch Schneider, ace southpaw for the Lookouts, would take the mound tonight when the Lookouts play hosts to the Palatka Azaleas.

Schneider has two starts recorded since joining the Lookouts, winning one and losing one. The left-hander shut out Leesburg in his first attempt by a score of 4 to 0, allowing four hits while in the second game he gave up six hits but lost the tilt by a score of 7 to 3 to Palatka last week.

Manager Herbie Thomas of the Azaleas will probably start Eddie Smith or Slim Miller against the Lookouts while Jeff Emerson or Joe Hudson will do the receiving if Conner or Johnny Aldrich take over the catching department for the Lookouts.

The line-up for the visitors will include Upchurch on third base, Swoon in centerfield, Manager Thomas on second base, Bill Letz on second base, Buster Kinnan in leftfield, Wes Trammell on shortstop, and George Rubin in rightfield.

For the Lookouts, Billy Moore will lead off and play in center field, Joe Doljek will play in leftfield, Eddie Davis on first base, Bob Pitman on third base, Mayo Langston in right field and Joe Ruggiero on second base. "Mountain Boy" DeRamus is shortstop.

Playing with the Atchison semi-pros is Marty Peters, ex-Navy-Dame athlete and present coach at St. Benedict's college. The Atchison nine is expected to make a strong bid for top honors in the Kansas State Semi-Pro Baseball meet at Wichita.

Engle Seeks Larger Crowds By Signing Rodgers Hornsby

Once more, Joe Engel who is doubt come with the club to San known to the baseball world as Ford next season if the Lookouts greatest showman pulled a hold their spring training activities expected to bring more patrons to Engle Stadium in an opportunity to see one of Chattanooga. He has named America's baseball greats,

Rodgers Hornsby as pilot of the faltering Chattanooga Lookouts of the Southern Association.

Hornsby will be placed on the active list, and Engel, and would be able to play at any time necessary. Hornsby was for six straight seasons, the batting champion of the National League and also led the league in another season.

He began his professional baseball career with the Dennis, Texas club in 1914. In 1915, he went to the St. Louis club and remained there until 1926.

Hornsby joined the club during the game yesterday in Nashua, New Hampshire, and the following year with the Boston Nationals. He spent the next four seasons with the Chicago Cubs.

IN THE FIELD OF SPORTS

By JULIAN STENSTROM

The Seminole County Baseballs started one hit baseball until the Association has printed some new seventh inning but to the game scenario cards which have been in the ninth when the Columbia handed out to the fans, every outfit pushed over three runs.

The young hurler has made a big hit with the Mason fans and is expected to go places with the club.

Sanford fans may have an opportunity to see Rodgers Hornsby perform if the Chattanooga Lookouts report here in March of 1939 for their spring training activities. Engel has named Hornsby pilot of the Lookout hurling corp and with the backs he received Saturday night, he still should soon run up his win column.

Big Dan Brainard, who was the Lookouts ace moundman last season, signed with the Marion Peaches last week after getting his free agency from the Greenway Club of the South Atlantic League. In his opening tilt in a Peach uniform, Brainard had a colored infant male child under the name of John Henry Major.

Major, at Sanford, Seminole County, Florida, died the 13th day of June, 1938.

Lookouts-Senators Postpone Contest

The scheduled tilt last night between the Sanford Lookouts and the Orlando Senators was postponed until July 21 when the two teams will clash in a double header at the local park.

A slow rain and soaked grounds caused the postponement about 20 minutes before game time and Manager Bill Rodgers, Manager Bob Ganzel, and Umpires Marvin and Vaughan conferred and decided to call the game.

Flood Control Bill Is Signed By President

Signs Measure With Some Reluctance; Says It Is Not Step In Right Direction

Sees Unemployed As World Problem

States Spending Campaign Will Be In Full Swing July 1

WASHINGTON, June 29.—(AP)—President Roosevelt announced today he had signed the \$385,000,000 omnibus flood control bill "with some reluctance."

Asserting that it "is unnecessary for me to emphasize the importance of carrying on a large and continuous program to eliminate floods, lessen soil erosion, continue reclamation, encourage reforestation, and improve navigation," the President declared the bill he signed "is not a step in the right direction in the set-up provided for general government planning."

In a press conference at his Hyde Park home yesterday, the President observed that there is more unemployment over the world than at any time in history and that no country yet has devised a permanent solution to give work during depressions as well as in boom times.

Many governments, the United States excepted, he said, were meeting the crisis by going in for armaments building, a program that produced goods of no permanent capital value, and which do not reproduce wealth.

In some nations, he went on to say, 45 to 50 percent of the national income was due to armaments construction while he doubted that more than 15 to 16 percent of America's national income could be attributed to the same cause.

Telling his press conference that the \$3,750,000,000 lending and spending campaign would be in full swing by July 1, the President said that even with

Chinese Hold Barrier To Jap Advance

Sino Forces Halt Offensive Against Hankow At Important Yangtze Boom

SHANGHAI, June 29.—(AP)—The Chinese declared today they still held the important Matowchen boom, the barrier to Japan's drive up the Yangtze River against Hankow.

The trend of what may be a crucial battle in the defense of the provincial capital, 475 miles up the river from the boom, was obscured in cautious and conflicting communiques from both sides.

Foreign military observers, considered that Matowchen's fate depended upon the success of Japanese land forces attempting to advance up the north and south banks of the river.

The Japanese, however, were having difficulty on both banks of the river. The Japanese admitted their loss of a day and a half on the south bank and said they had been surrounded on the south bank and was saved only when Japanese planes and reinforcements arrived.

The Chinese reported the Japanese also were bogged down on the north bank with a large number of troops surrounded on the shores of Lake Po.

Japanese reinforcements attempting to land at Wushantou were said by the Chinese to have been repulsed while another attempted landing near Tongluo, was said to have been thwarted.

The Chinese said they sank seven Japanese motorboats and killed 100 men.

A Japanese navy communiqué and three Chinese bombers were shot down in dogfights over Anking, 238 miles downstream from Hankow, when Chinese attempted to bomb Japanese warships concentrated there. The communiqué said there were no Japanese losses.

Chinese air force officers said a "dare-to-die" Chinese fleet sank a Japanese gunboat in the Yangtze river near Anking Monday by deliberately plunging his burning bomb-laden plane onto the vessel.

At extreme advances ran to more than 10 points, U. S. Gypsies leaping to the maximum as building shares attracted increased demand.

Yesterday the stock market calmed down, and prices slipped a little, but on the whole it held to its record-breaking advance of last week.

For the first time since the bulls took control on June 20, declines outnumbered gains in the coming week but the average of 60 stocks, at \$44.80, lost only 20 cents.

The day's trading slackened to a total of 1,289,720 shares, after going well over the 2,000,000 mark for the preceding three five-hour sessions.

Hails were a little upset by dividend news. Santa Fe directors postponed action on the preferred dividend and adjustment bond interest. Reading cut its quarterly payment in half with a disbursement of 25 cents a share. Norfolk & Western directors, while ordering the regular quarterly distribution of \$2.50 a share, said it was anticipated it would have to come partly from surplus.

Santa Fe preferred declined \$3.25 to \$15.60, and Reading declined 50 cents to \$16. Losses of 50 cents to \$1 were numerous in the rail group.

France Decrees Death For Convicted Spies

PARIS, June 29.—(AP)—The French government today issued a decree establishing the death penalty in wartime for certain forms of espionage.

The law was designed to halt the growing number of spy cases in France in recent years.

Severances of penal servitude for life, hitherto reserved for wartime espionage offenses, now were made applicable to peacetime convictions in a new drive which subverts and punishes espionage activities.
