Grand Opening

TOMORROW FROM 9 A. M. TO 8 P. M.

FLORIDA STATE BANK

IN SANFORD

CARROLL DANIEL

CONSTRUCTION COMPANY, INC.

2710 SANFORD AVE. SANFORD, FLA.

The Sanford Herald

WEATHER: Fair through Tuesday. High today in the mid-80's. Low tonight, 62-66.

VOL. 53 United Press Lensed Wire Established 1908 MONDAY, APRIL 24, 1961 SANFORD, FLORIDA NO. 176

THE SCIENCE OF NUTRITION studies made by these students won the top three awards in this field, with cash prizes from the Seminole County Lunchroom Assn. and medals from the Science Club. Seated, from left, Judy Whitmore and Bobby June Berry, sophomores, second place winners. Standing, Patty Glenn Johnson, sophomore, who won third place and Bill Leffler, sophomore, first place, all from Seminole High School.

ROBERT BULLARD

Bullard Wins Top Awards At Science Fair

The most outstanding science student in Seminole County is Robert Bullard, a senior at Seminole High School, who took six separate awards for his engineering study of a Sanford-New Smyrna Beach Canal.

Bullard received the \$100 scholarship award from Dearborn Corporation as the most outstanding student, a silver plaque from Dearborn, the gold trophy presented by the Sanford-Seminole Jaycees for the best overall science project, a \$25 award from Dynatronics for the top physical sciences project, a \$25 bond from The Sanford Herald for the best project and awards from the Florida State Science Fair, for second place in Physics and Engineering.

Judges determined Bullard's presentation, complete with thesis, photographs, maps, studies and engineering layouts, the product of nearly a year's work, study and exploration to be the finest example of scientific thought, creative ability, thoroughness, clarity of presentation, technical skill and practical value.

The 17-year-old senior is the son of Navy Chief and Mrs. George Bullard of Sanford and is a straight A student at Seminole High where he is also president of the Science Club.

There were 23 students awarded honorable mention at the Science Fair, although only one in each category had been elected.

Physical Science, junior high level: Dick Palmer, Allen Berkmyer, Randy Payne, Mike Nelson, Barbara Messimer and Ted Clark, all from Lyman Junior High School.

Biological Science, junior high level: Kenneth Puff, Sanford and from Lyman Junior High, Sheryl Jones, Ariene Smith, Don Patrick and Valerie Shay.

Senior High School, Biological Science: Mike Coalo, junior; Bobby Lankford, senior; Judy Whitmore, sophomore and Bobby June Berry, sophomore, all from Seminole High. Eugene Futch and Jeff Schembera, both sophomores at Lyman.

Senior High Physical Sciences: Bill Leffler, junior and Mark Jenkins, senior at Seminole High and from Lyman High, Thomas Foresa, junior; Charles Kurvin, junior; Bill Maher, senior and Frank Lusser, senior.

Junior High School winners, who received cash awards and medals given by the Seminole High School Science Club, were in two categories.

Physical Science: First place, Danny Castellberry; Second place, Ronnie Hall and Third place, Larry Tuck.

Biological Science: First place, Billy Day; Second place, Nancy Rusk and Third place, David Evans.

Owen Cammack of Geneva, who is a junior at Seminole High School received the award from Southern Chemical Company of Sanford for the most outstanding chemistry project.

Supt. R. T. Milwee presented most of the awards to students, who were called on stage to receive recognition.

The final top award for the most outstanding student was made by science teacher and director of the fair, Don Reynolds who said:

"I feel that I would like to make this award personally, because I know this student better than any other teacher here and take great pride in his outstanding accomplishments."

Judges for the Fair were Dr. Harlan Rhodes and Dr. Forbes of the U of F Experiment Station here, Dr. E. C. Pritchard of Stetson University, and Dr. Bernard Blais of the Naval Air Station.

Cash prizes were given by the Sanford-DeBary Heart Council, the Seminole County Lunchroom Assn., Kiwanis Club, Dynatronics, Inc., Southern Chemicals Co., Dearborn Electronics, The Sanford Herald and the Jaycees.

The Seminole High School Science Club was host and sponsor for the Fair and also presented gold medals to the winners. The Sanford - Seminole Jaycees co-sponsored the event.

Castro Plans New Bloodbath

MIAMI (UPI)—Premier Fidel Castro, brushing aside the pleas of five Latin American presidents was expected today to unleash the biggest firing-squad bloodbath yet in "socialist" Cuba.

The bearded Cuban also was expected to build up his government's defenses against what he called invasions staged by the U. S.

In a four-hour-and-33-minute television Sunday, Castro said such attacks would sound the death knell of the United States.

He sneered at U. S. leaders, calling Sen. Barry Goldwater (R-Ariz.), a "murder" and saying President Kennedy reminded him of Adolf Hitler. He threatened blows at the "very heart of the Yankee empire" — presumably meaning retaliation by Russian rockets.

Despite pleas for clemency from the presidents of Argentina, Colombia, Costa Rica, Mexico and Venezuela, Castro indicated he would deal mercilessly with 700 prisoners he said were taken in last week's fighting.

Castro also confirmed indirectly that there was a mass roundup of Cubans after the April 10 invasion, affecting perhaps as many as 50,000 persons. He said it was necessary to arrest "all suspicious persons," but added that those proved innocent would be released.

As Castro spoke, leaders of the Cuban underground were appealing to the United States and the rest of the free world for aid which they said was necessary to keep Cuba from becoming a new Hungary.

"We believe that if we do not get U. S. help we will be doomed," an underground statement said.

"We may suffer the same fate as our parents who died in the struggle to free Cuba from Spain."

Underground leaders also complained that the U. S. Navy was at least partly to blame for the defeat of the invasion.

They said U. S. naval vessels accompanied the invaders from Guatemala but that their commanders kept the attackers waiting too long offshore "giving Castro more time to muster his defenses and making the rebels weak with seasickness."

They said U. S. naval vessels accompanied the invaders from Guatemala but that their commanders kept the attackers waiting too long offshore "giving Castro more time to muster his defenses and making the rebels weak with seasickness."

House Tackles Legislation On Welfare, Industry

TALLAHASSEE (UPI) — Administration-backed bills authorizing creation of private industrial development corporations and permitting the state to recover welfare payments from estates of recipients who have died were tossed into the House hopper today.

Rep. George Hollahan of Dade said he had abandoned his plan to get the House to take up one of their normal order the administration's obscene literature bills. He said there was some opposition to the measures, which have already passed the House.

The Industrial Development Corporation bill was sent to two committees for study. It would not reduce the state's credit but would put the state behind moves of private corporations to lend money to industries trying to get started in Florida or seeking to expand.

The controversial bill to recover from the estates of welfare pensioners was sent to two committees also. A double committee reference "always lessens a bill's chances of getting through the Legislature." The bill would put the state in line to recover if any estate is left after the widow, children and other bills and obligations are taken care of.

In committee action today, the House Public Amusements Group voted out, 7-3 another race track bill. This one authorizes a harness horse track at Vero Beach in Indian River County.

Bills authorizing Plant City, Fla. to authorize St. Augustine and Orlando to use federal urban renewal funds were introduced in the House today.

News Briefs

Feed Date Extended

GAINESVILLE (UPI) — Florida farmers today were given a two week extension on the deadline to sign up for the federal government's emergency feed grain program. The deadline, originally set for May 1, was pushed back to May 15.

Ballard Elected

MIAMI (UPI) — The National Guard Officers Assn. of Florida has elected Col. Robert A. Ballard its president. Ballard, a World War II hero who served as a paratrooper in the Battle of the Bulge, was named to the post Sunday. He has served as commander of the Miami-area guard since organizing units after his discharge.

Institute Opens

DELAND (UPI) — The third annual Theological Institute opened today at Stetson University with more than 50 ministers of all faiths registering for the three-day gathering. Speakers include Dr. Penrose St. Amant of the Southern Baptist Theological Seminary, Louisville, Ky.; Dr. Claude Broach of St. John's Baptist Church, Charlotte, N. C. and Dr. Robert Paterson, pastor of the First Baptist Church, Eustis.

Sukarno Greeted

WASHINGTON (UPI) — President Kennedy personally greeted Indonesia's neutralist President Sukarno on his arrival today for talks which may provide a gauge of U. S. prestige in the wake of the Cuban incident. After the airport welcome, the presidents drove to the White House for a morning conference and a working lunch with Secretary of State Dean Rusk and Indonesian Foreign Minister Subandrio.

Tension Grips France

PARIS (UPI) — President Charles DeGaulle started mobilizing special army reserves today to stop a military revolt in Algeria from leaping across the Mediterranean into France itself.

DeGaulle, invested with dictatorial powers, acted after the country had gone through a six-hour invasion alert. The alarm was canceled early this morning but France remained tense.

Official sources disclosed President Kennedy had sent DeGaulle a message of support in the Algerian crisis. U. S. Ambassador James Gavin took it to Elysee Palace Sunday night.

A brief cabinet communique at noon announced that certain army reserves could be called back into service and formed into "regularly organized reserve units."

The government also put 2,000 volunteers and said it would arm them tonight. DeGaulle's main tactic at the moment appeared to be to isolate the insurgents. The Finance Minister said all payments, rulings and transfer of funds between Algeria and other French territories had been suspended. Communications also were severed.

Fifteen thousand troops, police and volunteers backed by light tanks guarded key points in Paris.

In Algeria, the rebel generals who proclaimed their revolt last Saturday appeared to be extending their power without bloodshed. They claimed complete control of Algiers, Constantine and Oran—the three key military centers in Algeria.

Although little June Webster couldn't be present when she was honored last week by the Legislature for her safety story, a special assembly period at Sanford Junior High school will be held soon to present the youngster with the plaque.

It won't be long before there is another clock in the downtown area soon. A large clock and temperature chart will be constructed on the Sanford Atlantic Building within the next two weeks.

John Brunley is the new president of the Sanford Civic Club. Brunley was elected at a meeting last week. Other officers named were S. J. Davis, first vice president; A. W. Woodall, second vice president; Robert Brinson, secretary; Charles Kampf, treasurer and James Foster, sergeant-at-arms. Directors elected were Joe Denton, Gene Estridge and F. Wade Tye.

Loch Arbor Pipe Work Set Tuesday

A major step to relieve flooding and drainage woes for residents of Loch Arbor will start Tuesday, Supt. of Roads J. C. Lavender said today.

Lavender reported that his crews will lay 792 feet of pipe-line from Crystal Lake to Lake Mary Rd. The project will cost \$10,000 and will be completed in about 10 days.

Fleet Reserve To Meet Tuesday

Members of the Fleet Reserve Association Branch 147 of Sanford will meet Tuesday at 7:30 p.m. in the Fleet Reserve Bldg. on Seminole Blvd. to discuss sponsoring a Sea Scout ship.

Objectives and future of the ship and to recruit prospective young men will also be discussed.

Traffic Toll

TALLAHASSEE (UPI)—Traffic accidents in Florida took seven lives over the weekend, the Florida State Patrol reported today.

Paris (UPI) — President Charles DeGaulle started mobilizing special army reserves today to stop a military revolt in Algeria from leaping across the Mediterranean into France itself.

DeGaulle, invested with dictatorial powers, acted after the country had gone through a six-hour invasion alert. The alarm was canceled early this morning but France remained tense.

Official sources disclosed President Kennedy had sent DeGaulle a message of support in the Algerian crisis. U. S. Ambassador James Gavin took it to Elysee Palace Sunday night.

A brief cabinet communique at noon announced that certain army reserves could be called back into service and formed into "regularly organized reserve units."

The government also put 2,000 volunteers and said it would arm them tonight. DeGaulle's main tactic at the moment appeared to be to isolate the insurgents. The Finance Minister said all payments, rulings and transfer of funds between Algeria and other French territories had been suspended. Communications also were severed.

Fifteen thousand troops, police and volunteers backed by light tanks guarded key points in Paris.

In Algeria, the rebel generals who proclaimed their revolt last Saturday appeared to be extending their power without bloodshed. They claimed complete control of Algiers, Constantine and Oran—the three key military centers in Algeria.

Although little June Webster couldn't be present when she was honored last week by the Legislature for her safety story, a special assembly period at Sanford Junior High school will be held soon to present the youngster with the plaque.

Woodall, second vice president; Robert Brinson, secretary; Charles Kampf, treasurer and James Foster, sergeant-at-arms. Directors elected were Joe Denton, Gene Estridge and F. Wade Tye.

Show Goes On For Lucille Ball

NEW YORK (UPI) — Comedienne Lucille Ball, who collapsed on stage in the middle of Saturday night's performance of "Wildcat," said the show would go on tonight and she would be there.

The star's dance routine partner, Edith King, suffered a broken wrist trying to catch her when she fell.

Miss Ball, who took a two-week leave of absence from the show earlier this season because of a virus infection, was suffering from another virus attack Saturday night.

In Hollywood, Miss Ball's estranged husband, Desi Arnaz, was hospitalized with a severe virus infection.

Audubon Society To Hear Reports

Nominating committee reports for a new slate of officers will be given at the meeting today of the Seminole Audubon Society.

Members will meet in the School Farm Bldg. behind the Junior High School at 7:30 p. m. with Mrs. F. Luske, Mrs. H. C. Heisel and Mrs. E. Dickerson as hostesses.

James Sims, program chairman, has arranged for Mrs. A. Walt of DeBary to show her collection of bird picture slides.

Ohio Woman Is County's 5th '61 Traffic Victim

A 53-year-old Ohio woman became the county's fifth traffic fatality this year after a three car collision at SR 406 and Hwy. 17-92 Saturday morning, the Florida Highway Patrol reported.

Emma Louise Williams of Vienna, Ohio died on arrival at Florida Sanatorium suffering from head and internal injuries.

Her husband, Lawrence Williams, driver of one of the cars in the mishap, was listed in "fair condition" today at the hospital suffering from lacerations and head injuries.

Trooper J. L. Sikes said that Williams was going east of SR

438 and while crossing Hwy. 17-92 was hit on the right side by a car operated by George E. Waters of Orlando. Waters was taken to Orange Memorial Hospital suffering from fractured ribs and abrasions on both arms.

After the two cars hit, the Williams' vehicle skidded into a car driven by Gloria Setchfield of 133 Onyx Rd., Sanford.

Williams' car was totaled a total wreck while damages to Waters' vehicle was estimated at \$700 and \$100 to the Setchfield car, Sikes said.

Cause of the accident is still being investigated, Sikes said.

Reds, British Agree To Laos Cease-Fire

LONDON (UPI) — The British government announced today that an agreement has been reached with the Soviet Union for a cease-fire in Laos.

The announcement was made in the House of Commons by J. H. Godber, undersecretary of state for foreign affairs.

Godber said Foreign Secretary Lord Home had reached agreement with the Russians on preliminary arrangements for a cease-fire and a conference on the war-ruptured Asian kingdom.

The agreement came after weeks of consultation between Britain and the Soviet Union, acting in their capacities as co-chairmen of the 1954 Geneva conference that settled the war in Indochina.

Godber said the agreement included three "communications" which will be published Tuesday. They are:

A call for a cease-fire. A call to India to convene the three-power international supervisory commission.

A call for a 14-nation international conference on May 12 in Geneva.

Freeman's statement was made in testimony before the House Agriculture Committee which opened hearings on the administration's new long range farm bill.

DeBary Show Set Tuesday

DeBary Garden Club members will stage their second annual Flower Show Tuesday at the Community Center from 2 p. m. until 5 p. m. and from 7 p. m. until 9 p. m.

Theme of this year's show is "April, the Capricious Month."

PHYSICAL SCIENCES TOP CASH AWARDS, presented by Dynatronics, Inc. with gold medals from the Science Club went to Seminole High School students, from left, first, Robert Bullard, \$25; second, Leonard Himes, \$10 and third, Owen Cammack, \$5.

BIOLOGICAL SCIENCE WINNERS were from left, first place, Adrian Wahlberg, a senior at Lyman High, who received a \$25 bond from the Kiwanis Club and a gold medal, second; Margaret Jones, Seminole High senior, a \$10 cash award from Dynatronics and a gold medal and third, Roy Goodwin, a sophomore at Lyman High, \$5 cash award from Dynatronics and a gold medal.

A \$100 SCHOLARSHIP AWARD, the Benjamin S. Naven Memorial, presented to the most outstanding science student in Seminole County each year, was delivered to science teacher Don Reynolds of Seminole High by officials of Dearborn Electronics. An engraved silver tray is also given. From left, Eamon Geoghegan, chief engineer, Reynolds and R. J. Simpson, president and general manager of Dearborn.

'Witches' Study Action Against Nuclear Threat

LONDON (UPI) — Dr. Gerald Gardner, a self-proclaimed witch, said today the world situation is so precarious the witches of Britain may have to "raise a cone of power" against a nuclear war.

A well-known anthropologist when he is not engaging in witchcraft, Gardner, 77, said that at least three times before in history British witches have massed their powers to prevent harm to the nation.

"The first time we know of was in 1588 when witches 'willed' the failure of the Spanish Armada," he said.

"The witches also worked against Napoleon in the days when he was assembling invasion barges on the French coast.

"And the word went out again during the last war to concentrate on the mind of Adolf Hitler and keep him from going through with his plan to invade England.

"Whether the witches helped or not I will leave it to others to judge — but the fact is that in all three cases the things the witches did not want to happen, did not happen."

Gardner, who is curator of the only museum devoted to witchcraft in Britain, said the threat that general war would probably involve the use of hydrogen bombs had been worrying the witches for some time.

"I think they may now do something about it," he said.

Sanford Negro Held For Murder

A 21-year-old Sanford Negro is being held at the county jail without bond on a first degree murder charge after a shooting in Midway Saturday night, the Sheriff's office said today.

Horace Campbell was charged with shooting to death Willie Lee Hillary, a Midway teenager, in the chest at 10 p. m.

The shooting occurred at Sipes and King St. in Midway. Investigating officer J. Q. Galloway said there were "several eyewitnesses" to the shooting.

Hillary, died on arrival at Seminole Memorial Hospital. Galloway said he was shot in the upper chest by a .22 caliber pistol.

No reason was given for the shooting.

An inquest will be held at 5 p. m. today, the Sheriff's office added.

Lake Mary Young People Attend Retreat

A number of young people of the Lake Mary Community Presbyterian Church attended the Spring Retreat at the Lake Placid Conference Center.

The topic, "Christian Vocation," gave the group a more spiritual outlook on daily living, members reported, and pointed out guides to be used in later life.

Making the trip with Rev. and Mrs. John W. Pilley and children were Albert Kouhs (Pop Pop), Dale Alexander, Kristi Gonzales, Joey Missa, Linda Echols, Fee Wee Knight, Deborah Kirsch, David Wilson, Myrna Williams, Ronnie Lanford and Thomas Best.

Murphy Aids Roads Program

Graham Wilson, Castellberry road board chairman, said today that residents of the area owe Richard Murphy of Inland Materials, Inc., a large vote of thanks for his generous contributions to road repairs completed in the town last month.

Murphy provided the fill and labor for patch work on Lake Triplet Dr. and S. Triplet Dr., completely free of charge. Wilson said, which gave the town a big boost in its roads improvement program.

THREE BOY SCOUTS OF TROOP 34, sponsored by the First Methodist Church, received awards at a recent Court of Honor. From left, Robert Shalala, assistant Scoutmaster, awards Honor Patrol pennant to Russell McKnight for his patrol's outstanding score in appearance, attendance, uniform neatness and projects, Center,

Larry Williams is congratulated by Scoutmaster W. W. Tyre, as Steve Mills, right receives award from assistant Scoutmaster Pete McKnight for their record as Tenderfoot Scouts making the most progress.

Business Briefs

Xerography (pronounced zee-rog-ra-fee) a brand new and remarkably simple printing process has been introduced into Sanford by Seminole Offset Printers of 750 W. Ninth St.

As explained by owner Jim Smith, Xerography is a clean, fast, dry, direct positive, electrostatic copying process requiring neither water, liquid chemicals, no intermediate film negative, or even a dark room. The simple principles of static electricity, by which two objects of unlike electrical charges attract each other, form the basis of the process.

Through this method, anything written, printed, typed or drawn may be copied in photo-exact form, enlarged or reduced. Printing can be turned out at low cost and in remarkably fast time. Actually, if the occasion demands, an average printing job can be completed, wrapped and ready for the customer in 10 to 15 minutes.

Jim Smith, came to Sanford from North Carolina in 1949, and now lives at 3622 Country Club Road in Tee 'n Green Estates.

For the past several years he was associated with Curry's Offset Press at Orlando. Past experience include supervision of Dupont Company's printing plant and the Pan-American Airways printing facility, printing supervisor at the Orlando Air Force Base, and he set up and was for a time supervisor of the Martin Co. Printing Plant.

David Smith of Strickland-Morrison, Inc., Sanford, announced the arrival of the exciting new Falcon Futura, "compact cousin of the Ford Thunderbird." The Futura features a deluxe interior with Thunderbird-inspired bucket seats, deep-pile carpeting, and a distinctive and functional console between the individually adjustable front seats. Located in the console is a convenient personal effects compartment. The new Falcon Futura offers durable vinyl interiors in five colors. Models are now on display in the Strickland-Morrison showroom at 308 E. First St.

Marvin Dyal, office manager for Bill Hemphill Motors, Inc. has just received the Number One Honor Roll Award for accountants from Pontiac Motor Division, Jacksonville Zone which includes all of Florida and parts of Georgia.

The award is based on proficiency and accuracy in submitting records and reports to the Pontiac Motor Division. Dyal was presented a plaque and pen by Bill Sparks, district manager on April 16 at Bill Hemphill Motors. This is the second consecutive year he has received this award.

Comedian Joe E. Brown was born in Holgate, Ohio.

Code Of Ethics Outlined As Realtor Week Opens

This week has been designated as Realtor Week by Gov. Bryant and the Seminole County Board of Realtors is publishing a series of articles explaining the Code of Ethics. The series continues:

Article 11.
"In accepting employment as an agent, the realtor pledges himself to protect and promote the interests of the client. This obligation of absolute fidelity to the client's interest is primary, and does not relieve the realtor from the obligation of dealing fairly with all parties to the transaction."

The first provision, in effect, is a reflection of the law of agency. Here the realtor enters into a voluntary relationship. He need not accept employment as an agent; he can refuse the assignment if it is not to his liking. But if he accepts the employment, then he "pledges himself" to protect and promote the interests of the client. The fact that he "pledges himself" creates a moral tone in the relationship. This is a lack of compulsion.

It is significant to note that he shall "protect and promote the INTERESTS of the client." The interests of the client can be other than monetary, therefore it becomes the realtor's responsibility to learn of these interests in order that he may "protect and promote" them. It is especially significant that the realtor is not expected to promote the SELFISH interests of the client. The client's interest is PRIMARY. It is not all-inclusive. The responsibility of

Attending Course

City Manager W. E. Knowles is attending a three-day short course for city managers in Winter Park. The conference started Sunday and will end Tuesday.

In America, more than 90 per cent of new car production is distributed at home while British exports six of every ten cars produced.

\$2,500 In Prizes Awarded At Bank's Open House Event

The Florida State Bank made hundreds of visitors welcome at an all-day open house Saturday and closed out the day by awarding \$2,500 worth of General Electric appliances as door prizes.

Emcee Charlie Morrison officiated at the drawing of the names of the lucky winners.

First prize winner was R. W. Sheddon, who got a television, stereo and radio console.

Second prize, a radio and stereo combination console was won by Helen Johnson.

Third prize, a Mobile Maid dishwasher, went to Mrs. C. P. Harkey.

Fourth prize, a console model television was won by 12-year-old Lannet Thompson.

Fifth prize, a radio-stereo console was given to Reida McCall.

Sixth prize, a Mobile Maid dishwasher was won by Mrs. J. C. Walter.

New Recreation Head Here May 3

James Jernigan, who was named city recreation director last week at a special City Commission meeting, will report to work May 3, the City Manager's office said today.

Jernigan, who now lives in Rock Hills, S. C. was hired at a starting salary of \$5,700.

Prosecution Says Eichmann Once Beat Jewish Boy To Death

JERUSALEM (UPI) — The prosecution said today it would call two eyewitnesses to prove that Adolf Eichmann lied when he said he never personally killed a Jew. They will introduce testimony that Eichmann beat a Jewish boy to death for stealing fruit from the back yard of his home in Budapest.

This information came from Israeli Solicitor General Gabriel Bach outside the courtroom. He declined to identify the two witnesses and said they probably would not testify for two months.

The keystone of Eichmann's defense is that he never ordered a Jew to be exterminated and never personally killed one. In a one-million-word statement which Eichmann dictated after his capture, he said he was solely concerned with arranging transportation of Jews to the extermination camp and had no part in formulating the policy of Adolf Hitler's "final solution"—extermination of the Jews.

Boat, Ski Club Make Plans For Outboard Race

Sanford's Boat and Ski Club members met Thursday at the home of Mr. and Mrs. Sam Levy in Loch Arbor.

Plans were made for the club to operate a refreshment stand during the day at the St. Johns River Outboard Marathon on May 7. Mrs. Levy, appointed chairman of the project, says the stand will be set up near the bandshell.

The next meeting of the group will be held at the Vernon Tee home in Orlando.

Red Space Franchise May Be Near End Soon

CAPE CANAVERAL (UPI) — Two U. S. rockets tuned with urgency but tempered by scientific caution may put an end within nine days to cosmonaut Yuri Gagarin's exclusive franchise on manned space travel.

Since the momentary disillusionment caused by the April 12 space flight of the stocky Russian major U. S. scientists have resisted a wave of panic with a determination to do the job the way the planned in the first place.

FIRST GRADE PARENTS WHO JOINED THEIR CHILDREN for lunch at the Southside School, around the table are, Vincent Schmidt, with daughter Lisa, Mrs. J. G. Rumbley with Mary Sue; Mr. and Mrs. Mason Wharton and daughter Lillian; Courtney and mother, Mrs. Florence Hook and James and Mrs. Dossie deGanahl. The children are from Mrs. Wiggins room and Mrs. Velma Mitchell, principal, stands at the head of the table. (Herald Photo)

Youngsters Play Host At Lunch

Youngsters attending the South Side Primary School are having the happy privilege of doing what most children everywhere like to do, play host and hostess.

For the past several weeks and continuing for the present the children in one of the first, second,

third and fourth grades will issue invitations to their parents to "come have lunch with me" at a specified time and date. The reason for the specified time is to make sure that the lunchroom staff prepares sufficient food to take care of the invited guests.

The same menus are being used that are served to the children on any regular school day as the school wants the parents to see the school lunch program as it is actually presented to their children.

The idea of allowing children to invite their parents began some years ago, to help the parents become better acquainted not only with the school lunch, that important part of their child's school day, but with the school plant, other parents, the teachers and the whole school program as well.

Parents visiting have been asked to offer comments and suggestions and the response has been varied and numerous. This gives the school a better idea of what the parent is thinking and they can take all ideas and suggestions into consideration when planning future operations.

Art Teachers Home From Meet

Art teachers of Seminole County have recently returned from the National Art Association Convention held at Miami Beach. Present at the convention were art teachers from every state in the U. S. and from Canada.

This past week in Sanford, the local art teachers worked at a Binney and Smith Work Shop for teachers which was held at the Pinecrest School each afternoon

and evening in five-hour sessions. All are now busy with last minute plans and preparations for the County Art Exhibit which will be held in Sanford, in the Woodruff Building on the corner of Park Ave. and First St. for four days, May 2, 4, 5 and 6.

The public will be invited to view this art show and see how all the study and activity reflects in the art work of the local students.

Seeking The Link

Politicians in both parties generally agree that President Kennedy has found ways to enhance his popularity with the American people. But few seem to feel that he knows how to use the popularity.

Public support for the more controversial among his major programs, including aid to education, medical help for the aged, and altered foreign aid, is reported stuck on dead center.

These measures ride the thin edge. Observers say they could win or lose narrowly, be watered down, or, in the case of medical aid, even be put off until another year.

This taut condition continues to exist even as the president breaks all "exposure" records in the effort to sharpen his personal image with the public. The cold facts are without parallel.

Nine times his press conferences have been televised—a few in live form, the rest on tape for later playback in full or in part. No network, to be sure, has carried them all in full, but one has done it seven times, another six, and the third five times. Lately they have tended to pluck out just the highlights.

One network has devoted two hour-long programs to Kennedy and the White House, and the other two systems have given him one such outing. Mrs. Kennedy has been featured once or twice on separate programs.

On top of his inaugural and State of the Union addresses, he got live TV treatment for his half-hour speech on Latin America. And network officials estimate he averages healthy chunks of time three or four times a week on regular newscasts.

Supplementing this has been steady newspaper and magazine picture and story coverage in almost unprecedented volume.

Time will tell how long all this will last, and whether the public will tire of it or the White House will taper it off at the source.

But the political world appears convinced right now that, aside from the obvious benefit to the president personally, it isn't paying off. The feeling exists that a big link is missing, and that Kennedy hasn't found how to supply it.

On that subject he's getting plenty of advice from staff aides, lawmakers, politicians and others. The idea of "fireside chats" is mullied over at the very time some worry is expressed about overexposure for him.

Maybe in the nation's present mood it's impossible to enlist energetic and compelling popular support for either Kennedy's programs or any other strongly assertive policies.

But among those who watch with interest how presidents use their power and their popularity, considerable belief exists that he has not yet given it the big try.

Dr. Crane's

Worry Clinic

CASE H-467: Randy L., aged 36, is out for high school track.

"Dr. Crane," he began, "I ran a mile day before yesterday, and two miles last night."

"But today I was so stiff I couldn't run at all. What makes a fellow's muscles so sore?"

"When your muscles work, they produce lactic acid, which is the same substance you find in sour milk."

Normally, the acid is flushed out of the work muscle by the action of our blood.

But if you athletes or house-holders sit down after heavy exercise, and let your muscles cool off prematurely, then you are sure to complain of soreness the next day.

For these little droplets of acid will then act like millions of needle pricks when you try to move.

So be sure you keep warm and taper off after your mile run or your spading of the garden!

And when you do stop your exercise, then stand under a hot shower for an extra 5 or 10 minutes.

Keep the water plenty warm so your skin becomes ruddy. For the

prolonged hot shower will prolong a better circulation of your blood till most of the lactic acid is removed.

Remember, it isn't the heavy exercise that produces your sore muscles but the failure to flush out the millions of droplets of lactic acid AFTERWARDS!

Randy was not in condition when he tried out for the track team.

And the day he ran the two miles, he was so weary and winded, that he slumped down on the ground.

There he lay, on the cool soil, resting. He finally rolled over long enough to ask a pal to get him a bottle of ice cold pop.

Then he continued lying on the ground while he watched a couple of his teammates trying to pour water.

This 30 minutes on the ground chilled his muscles and thus let the blood vessels in his legs shrink.

For when you are chilled, your arteries tighten down to a smaller diameter. Consequently, less blood floods the previously working muscle fiber.

From Rome

Henry McLemore

ROME—Those American cities which hope to profit by the Government's campaign to bring foreign tourists to our country had better see to it that they have a festival on their civic calendars.

All tourists love festivals and carnivals, and none more than Europeans. They are used to hundreds of them a year, and would certainly expect to find them in the United States.

The festivals need not be great big ones, costing thousands of dollars and months in preparation. The great majority of the European gala days are quite simple and call for little more than imagination on the part of the townspeople and a legend.

I have attended a thousand of these "days" in Europe and would be glad to offer my services to any American village, town, or city that wanted to add one as a lure to tourists. Here are a few quick suggestions any town is welcome to use.

Staple Day: On Staple Day in, say, Galesburg, all the children march through the streets carrying small staple ladders, and the parade ends up at the fire station where the ladder, and the children, according to custom, are wet down by hoses. Legend: In 1723 a small boy saved the town of Galesburg from burning to the ground when he climbed on a small ladder and roused the firemen by throwing a rock through the fire station window. On this day all adults wear their coats backwards, adding color to the scene.

Grundy Wednesday: On July 17, if a Wednesday falls on that date, the inhabitants of the town all climb on their roofs at dawn and repair any umbrellas handed up to them. Those on the rooftops are fed by the visitors, the food's being handed up in gay wicker baskets attached to long poles. Legend: On Wednesday, July 17, 1741, it rained.

Dried Onion Festival: On this day the windows of all the houses in the town are framed with strings of dried onions and the oldest inhabitant is given a ton of the dried vegetable. The presentation is accompanied by a street dance to which sailors of the U. S. S. Forrestal are cordially invited. Legend: 1710 a curse was placed on the town by a wandering snuff drummer, but when he was pelted out of town by a barrage of dried onions the curse was lifted and the bell in the church steeple began to ring.

quity, but believed to have its origins in a Fire Festival practiced by the Fluids, an offshoot of the Druids.

Coal Scuttle Day: Coal scuttles are hidden all over town by the bachelors and the single girls hunt for them, wearing sunbonnets and overshirts. The girl finding the most scuttles is allowed to see the bank balances of all the unmarried men in town to aid her in the choice of a mate. Legend: Started in 1911 by the First National Bank and the Lehigh Scuttle Works.

These, and similar festivals, would be sure to attract foreigners. Unless America provides them, Europeans will stay at home and attend almost identical ones of their own.

Fay Henle's

Your Pocketbook

From the mallbag, courtesy of Mutual of New York, comes a hilarious glossary of insurance terms:

Contract—kind of bridge. Benefit—an Elk's picnic. Joint Life—Cafe Society.

Family Income Policy—Mom's manipulation of the budget. **Ordinary Life—**our unglamorous existence.

Preferred Life—the way the other guy lives. **Better still, I wish some authority would compile a serious set of definitions, not merely confined**

to insurance, but covering all the devices people like us must understand if we are to successfully plan our finances.

Perhaps if the choices that men were better understood, there would be less opinionated controversy among the industries catering to the protection and the growth of your dollars and mine.

Such a set of definitions might read something like this: Insurance—protection you buy for your loved ones that will make them rich in security, not rich in dollars.

One of these days, it's going to be spring. And one of these days, you may be interested in a larger home or a better home... one that may require some financing.

You say the word and we'll be delighted to give you the latest facts and figures on the latest type of mortgage loan. There's not the slightest obligation, just see or call us and we'll do the rest.

Making your city a better place to live, work and raise a family—the result of a GROWING Savings and Loan business

FIRST FEDERAL SAVINGS & LOAN ASSOCIATION

Ed Koterba's Assignment Washington

POTOMAC, Md.—I had heard of strange things happening to households, like glass jars rocking off their basement shelves and humming noises coming out of walls. But I never thought one of those phenomena would ever come to haunt us. For the past five months, ever since we moved into this country place, it's been the mysterious case of the harpstrapping. "Fluke in A-flat," Doty calls it. Every night and day, many times an hour—sometimes mere seconds apart—there is that plucking of what sounds like a harpstring except a bit coarser. More like the A-flat string of a piano.

It isn't in the plumbing because there is no plumbing where the sound originates. This house is about eight years old and we've checked with the previous owners. Did they experience this fluke in A-flat? They looked at us as though we were crazy. It couldn't be imagination, for our visitors have heard it, too. One of them suggested the best way to get rid of it is to tear the house down and start all over again. But I don't want to do that. That plinking is beginning to grow on me. But I wish I knew what was causing it...

"Fluke," it goes, mezzo-forte. Always a perfect A-flat. Sometimes it seems to come from behind the bedroom wall, sometimes from the attic. Several times it appeared to be plinking away in our music room, though there was no one in it at the time—I don't think. Twice I heard it coming from under my bed.

It happens in cold weather. It happens in warm weather. It plinks whether the temperature in the house is rising, dropping or staying level. Someone suggested it was the creaking of wood against

wood as in expansion due to heat. But this was ruled out because it is a metallic sound—and it moves around the house. I'm not superstitious, but it all seems to be cloaked in an aura of the spiritual. Could it be the harp of angels beckoning me on? Oops, there it goes again. This time it came from behind the bookcase. It would be scary if it didn't have such a cheerful sound—something like a banjo player tuning up.

I know it isn't in the furnace. The furnace man came and gave the house a thorough check. And he left scratching his head.

There are so many people who helped make our trip successful that we would like to thank these persons publicly: The Seminole County Board of Public Instruction, the principal Mr. A. J. Bracken, and the faculty of Seminole High School, all who gave permission to make the trip possible. Mr. Cecil Carlton, chairman of the Lions Fish Fry, and the members of the Lions Club for sponsoring the Fish Fry. Mr. Hugh Prince, manager of the Movieland, for permitting us to raise money by sponsoring a show. Mr. W. K. Lovelace, manager of the Bits Theatre, for permitting us to sell show passes to raise money.

Mr. Marcel Falls who painted the banner which preceded the "Marching Seminoles" in the parade.

Mr. Dan Wright who contributed 12 cases of fruit to be consumed on the trip.

The many merchants who advertised in our Birthday Calendar.

LETTERS to the Editor

Mr. Ned Mitchell of the Atlantic Coast Line for his efforts in arranging and accompanying us on the trip and the fine service of the Atlantic Coast Line.

The Elks Club for permitting us to use their barbecue grounds.

The following persons for their individual donations which totalled \$900. This amount was raised the day before the trip began and it was the amount needed before the trip could begin: Jim Hdm, Bralley Odham, Dan Wright, Dr. Earl Faust, Bob Hancock, Dr. R. M. Rosemond, Dr. Edwin Lindsay, Dr. Bob Smith, Ernest Southward, Irving Feinberg, Judge Volie Williams, W. A. Patrick, Dr. Thomas Largent, Joe Davis, Marion Harmon, Sanford Atlantic Bank, Florida State Bank and Kingwood Manor.

The Lake Monroe P-T-O for sponsoring a minstrel show to raise money.

And the many friends and citizens of Sanford who bought our candy and tickets to our fund raising projects.

To all the above, the "Marching Seminoles" give you our heartfelt thanks.

Sincerely,
 Ernest Cowley
 Bandmaster

SO QUICK!

with a new flameless "quick-recovery" electric water heater

Nothing in water heating compares with the super-speed of a "quick-recovery" flameless electric water heater. This remarkable new water heater is the answer for larger families who require a lot of hot water in a hurry.

CLEAN! No constant-burning pilot light... no soot and greasy film caused by flame. **QUIET!** Absolutely free from noisy "blast on" and "blast off" sounds. Noiseless as your electric light.

SAFER! No flame or fumes to worry about. Amuses peace of mind. **COMPACT!** Saves valuable space. Needs no vent or flue. Tucks snugly even in a dank, **UNUSUAL!** Compact in operation—because **Sanford Service** flexibility know a larger bargain than ever.

Nearly a million Florida homeowners have already switched to flameless electric water heaters. How about you? See your appliance dealer, plumber, or electrical contractor for the style you'll want.

There's no Heat! for Electric Living

Memorial Program Planned Wednesday By UDC Chapter

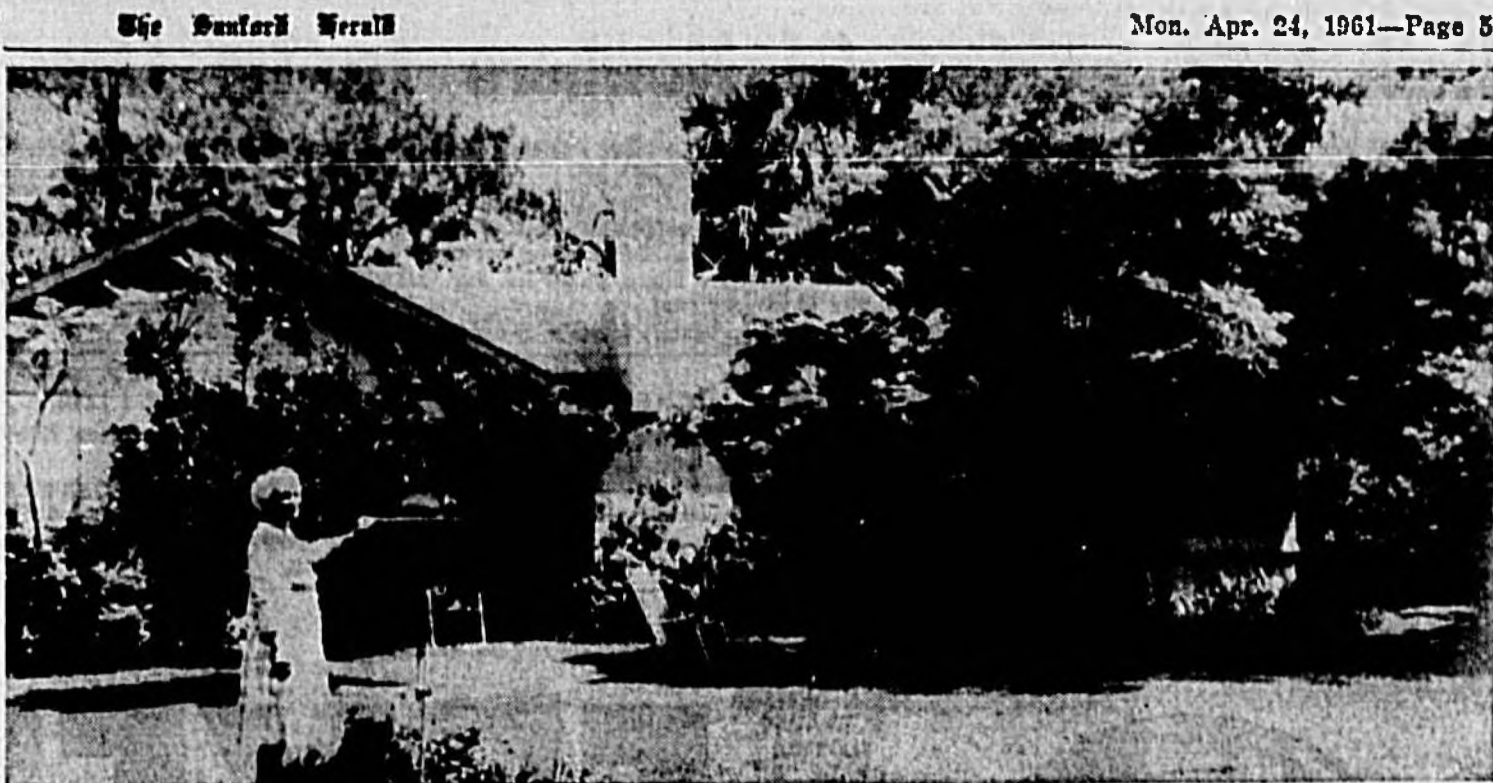

The Norman de Vere Howard Chapter of the United Daughters of the Confederacy will meet Wednesday at 10 a. m. at the home of the president, Mrs. M. R. Strickland, 918 Palmetto Ave.

A Memorial Day program will be presented and guest speaker will be Edwin Shiholeer. Subject of his talk is "Patriotism and Loyalty, Yesterday and Today." Mrs. Roy Wright Sr., will serve as co-hostess.

Church Calendar

TUESDAY

- First Baptist Church Brotherhood supper and program meeting 7 p. m.
- First Presbyterian Men of the Church supper meeting, 7 p. m.

THE GARDEN OF MRS. HARRY C. OAKS was chosen by the Sanford Garden Club as garden of the month. Mrs. Gerald Behrens and Mrs. A. D. Roundtree, beautification chairmen of the Mimosa and Palm Circles served as judges. The selection was made on overall appearance

and color balance. The appearance of the back yard on the Summerlin Ave. side was especially effective. Mrs. Oaks is inspecting a bird house in one of her many flower beds.

(Herald Photo)

Woman's Club Plans Benefit Card Party

The American Home and The Civic Department of the Sanford Women's Club held a joint meeting, Wednesday at the club house.

The American Home group met with Mrs. Douglas Stenstrom for morning coffee and short business session, then joined the Civic Department for a covered dish luncheon at noon.

Garden Circles

Members of the Driftwood Circle enjoyed a delightful motor trip to Eustis to the "Garden Barn," where they held their April meeting.

The group was met by Miss Rube Harris of the "Barn" and a well informed tour of the garden was made. Everyone was quite impressed that this is an organic garden, no fertilizer or spray of any kind is ever used.

After viewing the garden, they were taken to the "Barn" where Miss Harris spoke to the group and much information was gained on the care of house plants.

Many interesting articles were displayed including all sorts of dried leaves, flowers, etc. used in exotic flower arrangements. Also beautiful carved wooden birds from Japan, some outstanding ones from St. Petersburg, and lovely, graceful hand rubbed and waxed palm fronds from Hawaii which would do justice to the decoration of any table.

A short informal business meeting was held after the program. Mrs. Mackey, president asked for the help of those that could avail themselves on April 24 at 1 p. m. at the main gate of the Naval Air Station to do some additional planting which has been the circle's project for this year.

The members who were present for the tour were the Misses Kay Phillips, Helen Gleason, Banks Golden, Le Verne Hamilton, Elaine Wagner, Lorraine Lankford, Slys, Mattie Baglow, Fran Mackey, Gale Simmons, Susan Jones, Shirley Blake, Elaine Hoganson and Mary Kauffman.

MAGNOLIA CIRCLE
Members of the Magnolia Circle met at the home of Mrs. A. H. Harris with Mrs. H. B. Odham Sr. as co-hostess. Mrs. H. K. Ring, president, presided at the business session when plans were discussed and completed for the programs for the coming year.

Each member was asked to bring a floral arrangement to the meeting and after refreshments were served the members judged each other's entries.

They were all so pretty that it was a difficult task to select the best ones. After much deliberation those taking home prizes were Mrs. Ring, Mrs. J. W. Massler, Mrs. E. H. Smith and Mrs. W. L. Gramkow Sr.

Other members enjoying a delightful morning were Misses D. C. Ragan, H. H. Sherwood Sr., Frank Lanke, J. N. Barnett, Otto Sordoff, E. L. Wiggins, Robert Lee, P. L. Elmore, G. H. Sikes, William J. Sinclair, J. E. Nichols and V. M. Smith.

At the business meeting plans were made to give a party for patients of the Sarepta Rest Home. It is scheduled for 2 p. m. Thursday, Mrs. Carl Schilke and a volunteer committee will be in charge of arrangements.

Mrs. F. E. Roumillat Sr., a former club member, was a special guest of the group for the day. She has recently composed and had published a song entitled "America The Great And The Free."

Mrs. H. C. Echelberger, soloist, sang the composition, accompanied at the piano by Mrs. Roumillat. It was very enthusiastically received by the members and Mrs. Roumillat graciously presented the club with a copy for future use.

Guest speaker was Mrs. S. C. Dickerson, who chose as her subject, "Landscaping." She brought out many interesting ways to make the best of your home and emphasized the use of tropical plants rather than trying to use plants not accustomed to our tropical weather.

She pointed out that neat appearance in the yard rather than chopping it up into sections. Another point she stressed was foot paths leading to the neighbors. This would permeate a welcome sign and induce them to drop in and chat once in awhile.

She said "That we are so busy these days that sometimes we forget the golden rule, 'Love thy neighbor.'"

Mrs. John K. White American Home chairman and Mrs. R. T. Warren, Civic chairman, presided jointly during the afternoon session. Members were reminded of the benefit card party planned Wednesday, starting at 1 p. m.

Door prizes will be awarded and refreshments served. Club members were urged to invite guests to the event. Mrs. Al Hunt and her committee will be in charge. The speakers table held a beautiful arrangement of driftwood and hibiscus. Luncheon hostesses were Mrs. Robert Kuhn, Mrs. Carl M. Stewart, Mrs. R. F. Steele, Mrs. Kenneth Spaulding, Mrs. Clarence Snyder and Mrs. Schilke.

DeBary

Personals

Mrs. and Mrs. Edward McCarthy of Maria Rd., entertained Mr. and Mrs. George A. Ferguson of Livingston, N. J., and Miss Ann Wheeler of Mass., recently. Roma Custer, of DeLeon Rd. and Eunice Lambert, were hostesses at a four table luncheon and bridge last week, at Mrs. Custer's home.

Personals

Mrs. J. F. Hawkins has returned to her home in Mecksville, N. C. after spending the winter with her sister and her husband, Dr. and Mrs. H. Wayde Rucker at their home on Valencia Drive.

MRS. O. L. BARKS holds a beautiful arrangement of driftwood and hibiscus that adorned the patio refreshment table at her home when members of the Rose Circle assembled for the monthly meeting. Mrs. A. W. Epps, center, was co-hostess and Mrs. Henry Simpson presented the program for the day. Mrs. Simpson is president-elect of the circle.

(Herald Photo)

Low Heat Is Best For Cooking Eggs

This season is traditionally "Egg Time" and this may be a good time to check your usual ways of cooking eggs to be sure of giving attention to important details in making this protein food appetizing and attractive.

Miss Myrtle Wilson, home demonstration agent, says that "low heat is the secret for tender texture."

TO FRY, heat fat in a fry pan. Break eggs into a saucer, then slip them into the fat. Sprinkle with salt and pepper. Cook over low heat, basting with the fat, until whites are firm.

If you prefer eggs with less fat, "fry-poach" them; Melt a little fat into the pan—just enough to grease the bottom—and hold over low heat. Add eggs, one at a time, then pour in 2 to 3 tablespoons water, cover the pan tight, and steam until eggs are done.

TO POACH, have salted water boiling gently in a shallow pan. Break egg into a saucer, one at

a time, and slip them into the water. Reheat the water to simmering, take pan from fire, and cover. Let stand 5 minutes, or until eggs are as firm as desired.

TO COOK EGGS IN THE SHELL, wash them, put into a pan, cover completely with cold water. For soft-cooked eggs, heat water slowly to simmering. Cover pan and remove from heat. Let stand 8 to 5 minutes, the longer time for the larger number of eggs. For hard-cooked eggs, heat water to simmering and simmer 20 to 25 minutes. Serve eggs hot, or place them at once under cold running water until chilled through.

Local Events

MONDAY

Sanford Drove BPO Does meet at 8 p. m. in the Elks Club for regular business session and initiation of one new member. A special hour will follow the meeting.

Enterprise

Personals

By HELEN SNODGRASS
Harvey E. Dunn, left Saturday for Naval Air cadet training.

Mr. and Mrs. John Earl Ogden and children of Jacksonville were weekend guests of Mr. and Mrs. Harvey L. Dunn.

Jimmy Shields of Hollywood Calif., is spending two weeks with his mother, Mrs. Ida Hasleden at her home on Stone Island.

Mrs. Lottie Ryan of Martin Ky., Mrs. Sallie Harwood and daughter Carrie Lee of Bristol Va. arrived this weekend for a visit with Mr. and Mrs. Jack Ryan.

Miss Helen Snodgrass and Mr. and Mrs. Fred Harris of Winter Park visited M. H. Ryan at the Veteran's Hospital in Lake City Sunday.

Mr. and Mrs. Dick Hart are returning to their home in Indiana this week after spending the winter at their home on Clark St.

Carroll Peterman returned home last week after spending the past several months in Clewiston, where he is employed by the coast line railroad.

Chinese Couple And Missionary Give WMS Program

Miss Lila Watson, a retired missionary from China, was the featured speaker at the monthly meeting of the Woman's Missionary Society of the First Baptist Church.

The program was sponsored by Circle three of the WMS. Mrs. A. J. Peterson introduced the speaker and also Pastor and Mrs. Ho, a Chinese couple who were special guests for the day.

Rev. Ho has been a pastor in Indonesia for the past 22 years. Miss Watson and Rev. and Mrs. Ho conducted a round table discussion on the book "600 million Chinese."

The book deals with Chinese habits, dress and the way they live and act. They have no freedom of action or speech and each person is told it is their duty to inform on anyone who differs in any way.

Each person is only allowed two ounces of flour or rice per day due to the great shortage of food. They are not permitted to use farm machinery and work with their hands.

Phillips-Corn Wedding Planned

Mr. and Mrs. T. R. Phillips, Geneva, announce the engagement and approaching marriage of their daughter, Elisabeth Dalphine to Ronald Thomas Corn, son of Mrs.

Lula Corn, of Ormond Beach. Miss Phillips attended school in Geneva and Sanford. She presently is a member of the 1961 graduating class of Seminole High School.

She is an active member of The First Baptist Church of Geneva and sings in the choir.

The groom-elect graduated from the Mainland High School in Daytona Beach in 1957, has served with the U. S. Army and is presently employed by the McDonald Aircraft Corporation at Cape Canaveral.

An early June wedding is planned, following Miss Phillips' graduation.

MISS PHILLIPS

Fidelis Class

Enjoys Social

At Britt Home

The Fidelis Bible Class of the First Baptist Church met at the home of Mrs. J. R. Britt, 816 Catalina Drive, for the monthly business and social get-together. Mrs. William Cavanaugh, class president, called the meeting to order and Mrs. Ray N. Murray gave the devotion. Mrs. Murray is helping with the services at the newly-organized Ravenna Park Baptist Mission. She spoke to the group concerning the work and progress of the mission.

Movies of scenes in the Hawaiian Islands were shown and narrated by Virgil Duffell.

Plans were discussed for the mother-daughter banquet scheduled for sometime in May. During the social hour, refreshments were served from a laced covered table decorated with arrangements of pinks and ferns.

Other arrangements in the room were made of magnolia, hibiscus and other material typical of Hawaii. Hawaiian punch and open faced sandwiches were served by Mrs. Britt and her co-hostesses, Mrs. Christine Woodruff and Mrs. Ernest Nelson.

Mrs. V. C. Messenger and Mrs. Theo Vickery were welcomed as guests. Other members present were Misses D. W. Haskins, J. N. Murphy, N. L. Bishop, S. J. Brooks, Vernon Davis, J. Malloy, Lavina Vance, Rodney Harris and Ruth Gatebel, class teacher.

Most people probably think the childhood classic, "Hans Bräner or the Silver Skates," was penned in picturesque Holland. The tale was written in the bustling American city of Newark, N. J., by Mary Maps Dodge.

Garden Club Plans Aid To Boys Camp

By MONA GRINSTEAD
Mrs. Ewington Harville was hostess with Mrs. Frank Bailey, co-hostess, to the April meeting of the North Orlando Garden Club which was attended by 26 members.

Mrs. Robert Dean, president of the club, reported that Mrs. William MacKintosh and Mrs. Tony Kreck will assume the secretarial duties through the remainder of the term. Mr. Robert Derum, recuperating from recent surgery, is unable to continue with club work at the present time.

Mrs. Kreck read minutes of the March and April executive board meetings. She also read the minutes of the organizational meeting held 18 months ago at the request of a member. Of the present 32 members, only seven of the original group remains.

The president advised that Mrs. Roy Burke, historian, is keeping a scrapbook which is available for reference. Mrs. Bailey suggested that the club help supply needs of the Cuban teenage refugees at the San Pedro Catholic Boys Camp in Winter Park. Further investigation reveals that dishes, pots and pans and all types of men's clothing are needed and members with donations are to contact Mrs. Malvin Campbell, Mrs. Bailey or Mrs. Jo Tufts.

Mrs. Harry Nellis, April Garden of the Month award winner was introduced and congratulated by the judging committee chairman.

Word was received from Mrs. Volla Williams that she accepts the club's invitation to be guest of honor at the June banquet to be held at the Villa Nova Restaurant.

Reservations for this event are to be made with Mrs. LeVerne Ward with individuals handling their own meal costs and tips and taxes to be paid by the club. It was suggested that as a beautifying project, the club buy trees or shrubs for resale to residents. Mrs. Lois Wallace advised that a Sanford nursery had offered large ligustrum bushes at a bargain price and she said she would get more information on the offer.

Following a plant exchange which closed the meeting, a refreshment course was served by the hostesses.

Wives of all chief petty officers, on active duty or retired, are cordially invited to attend one of the regular meetings as a guest prior to joining the club. Meetings are held at 8 p. m. in the NAS ballroom each third Wednesday.

Seminole Swimmers Smash Marks

Two Seminole High swimmers set two Orange Belt Conference records in the annual OBC swim meet here Saturday.

Jack Ivey set a new OBC mark in the back stroke and John Lake established a new conference record in the breast stroke class.

The Seminole High team finished third in the meet.

Weekend Sports Summary

By United Press International
SATURDAY

NEW YORK—Glohemaster beat favored Carry Back by 3 1/2 lengths in the \$80,250 Wood Memorial at Aqueduct.

ALBANY, N. Y.—Gov. Nelson Rockefeller signed into law a bill permitting New York City to build a new baseball park for the new National League team.

HALLANDALE, Fla.—Noble Turn returned \$81.50 for \$2 in winning the \$10,000 Hallandale Purse at Gulfstream Park.

LAWRENCE, Kan.—Phil Mulkey of Memphis, Tenn. broke his own decathlon record in the Kansas Relays with 7,268 points.

SUNDAY

MOSCOW—A touring American men's basketball team defeated a Soviet national team, 76-69. Russia's women's team downed a Yank girl squad, 65-48.

MILAN, Italy—The scheduled junior welterweight title bout between champion Duffie Lof of Italy and American challenger Carlos Ortis was postponed by rain. The fight has now been slated for May 10.

BEAUMONT, Texas—Mary Lana Faulk won the ninth annual Babe Zaharias Women's Open golf tourney with a 54-hole total of 211.

Electricmen Pace All Star Loop

Scores in the All Star League show N. J. Electric Co. with a narrow lead at 46 1/2 points with Garlyn Kennels close behind with 45 wins. Mar Lou's is in third place with 41 wins and Lossings fourth with 38.

Garlyn swept the team honors with a 639 for the team high single game and 1797 for the high team series.

John Spolski took the individual stakes with a high game of 232 and 615 series.

In the City League, a close score prevails too, with Lake Monroe Inn holding 77 1/2 wins, to second place Buddy's 75. George's Tavern team holds the third spot with 71, followed by Lane, Inc., with 65.

Team high singles went to Lake Monroe with a 934 and a series of 2737.

Earle and Maloney had a tie for high with two games of 224. Foster was close with 223, but Maloney took the individual series with 606.

Wieboldt's Hold Lead In Play

Teams in the "T" League at Jet Lane are running a very close race between first and second place teams and third and fourth place.

Wieboldt's is holding a close first place lead with 58 1/2 wins, crowded by Country Club's 59 wins score. Karns Insurance is in third place with 45 1/2 games won, while Nationwide threatens from fourth place with a score of 44 1/2.

In the week's play Wieboldt's took high game and series with 628-1715. Country Club has 557-1540 and Smith's Amoco 553-1277.

High scores were made by Charles Dulla 126-475; Mary Jane Gordon 123-425 and Dot Button 120-472.

FRONT AND CENTER - - - By Alan Mauer

Phils, Tigers Have Something To Cheer About This Year

United Press International

Art Mahaffey and Jim Donohue have good reasons to celebrate today but even those sturdy, 22-year old right-handers must stand in line for a slice of 40-year-old Warren Spahn's birthday cake.

For, as even Spahn himself might say, "They're a couple good young 'uns, all right, but time will tell."

Mahaffey gave the down-trodden Philadelphia Phillies something to shout about when he came within one strikeout of the all-time major league single game record by fanning 17 batters in the nightcap of a 1-0 and 6-0 sweep of the Chicago Cubs Sunday while Donohue fanned the Detroit Tigers' early-season pennant hopes by relieving in both games of their 3-2 and 3-1 victories over the Los Angeles Angels.

Old man Spahn, meanwhile, ticked off April 23, 1961, on the calendar—his birthday with a classy seven-hitter that earned the Milwaukee Braves a 3-1 triumph over the Pittsburgh Pirates and Spahn the 280th victory of his career. He needs 11 more wins to become the sixth pitcher in modern history to win 300 games during his career.

The Los Angeles Dodgers beat the Cincinnati Reds, 3-1, to hold a half-game grip on first place and the St. Louis Cardinals scored five runs in the ninth inning to score a 7-4 decision after losing the first game of their double header to the San Francisco Giants, 2-1, in Sunday's other National League action.

In the American League, the Baltimore Orioles beat the New York Yankees, 4-1, the Minnesota Twins edged out the Washington Senators, 1-0, the Cleveland Indians out-scrambled the Kansas City Athletics, 10-8, and the Chicago White Sox and Boston Red Sox divided a pair, the Red Sox winning the opener, 4-3, and the White Sox taking the nightcap, 7-1.

Mahaffey, a 6-1, 200-pounder from Cincinnati who had a 7-3 record and 2.32 earned run average for the Phillies in 1960, missed by one strikeout equalling the major league record shared by Bob Feller and Sandy Koufax. He fanned five Cubs in a row in the first and second innings and struck out the side in the second and sixth. He fanned Ernie Banks, Ron Santo, Frank Thomas and Don Zimmer three times each.

The Phillies, who gave ex-Red Sox pitcher Frank Sullivan the only run he needed when Bobby Gene Smith homered in the ninth inning of the first game, backed Mahaffey with a seven-hit attack featured by Johnny Callison's three-run fifth-inning homer. It was a big day indeed for the Phillies but they started and ended it in the same place—last place.

Donohue, a 6-3, 190-pounder from St. Louis, retired the final two batters of the first game with the bases filled and came back to gain his first major league victory in the nightcap for one inning of shutout relief. Dick Brown homered for Detroit's first run in the opener and delivered the game-winning pinch single in the 11th inning of the nightcap as the Tigers ran their winning streak to seven games. They lead second place Minnesota by a half-game in the AL.

Spahn struck out four and walked four en route to his first 1961 victory behind a 13-hit Milwaukee attack that included three hits by Johnny Demerit and two each by Roy McMillan, Ed Matthews, Hank Aaron and Wes Covington. Vern Law, major league pitcher of the year in 1960, was ripped for 10 hits in eight innings and suffered his third straight defeat of the new campaign.

Johnson Defends Title Tonight

PHILADELPHIA (UPI)—Harold Johnson, a new champion with an old hunger, defends his National Boxing Association light-heavyweight title tonight against Von Clay, a fellow Philadelphian with a big punch.

The 3-1 odds favoring Johnson reflect his confidence that the 21-year-old Clay will be his 65th victim in a 75-bout career. Why else fought the champion, who has fought through 16 lean years, risk a bread-and-butter title just two short months after winning it?

Johnson captured the NBA versions of the 175-pound title by whipping Jesse Bowdry at Miami Beach in February after the NBA had stripped Archie Moore of the crown for failing to defend in 18 months. However, Moore is still recognized as champion in New York, Massachusetts and Europe.

Clay, making a bid for the 175-pound crown in his 19th professional bout, is billed as the devastating puncher in the no-TV, 15-rounder expected to attract a crowd of several thousand at the cramped Arena.

His 13-3-2 record sparkles with 10 knockouts, including the recent demolition of Chk. Calderwood while the Scotman was red hot with 21 consecutive wins.

Pitcher Dies

SAN FRANCISCO (UPI)—Cy Falkenberg, who won 125 games during his 15-year major league pitching career at the turn of the century, died Sunday at the age of 81.

Hebert Comes Out Of Nowhere To Tie Classic Golf Play

HOUSTON, Tex. (UPI)—Slender Jay Hebert, so far behind the leader on the 13th hole he was pulling for Tommy Bolt to win, birdied three of the last five holes Sunday to erase a five-stroke lead and tie Ken Venturi, forcing the \$40,000 Houston Classic golf tourney into a playoff.

The playoff—the third straight for the spring classic—will be played over 18 holes today beginning at 2 p.m. EST. The winner will take home \$7,000 and the loser will sack \$3,000 second place money.

Some 20,000 spectators swarmed the course on a sunny, windy day to see Hebert melt Venturi's almost invincible lead.

Venturi, of Palo Alto, Calif., sailed into the 14th hole with an accumulative six-under-par card. Hebert of Lafayette, La., was one under at that point.

Then Venturi, a smooth-swinging golfer who learned how to play golf from Byron Nelson, lost two strokes to bogeys when his usually accurate iron shots failed. Hebert, who said he was pulling for Bolt because Tommy was only three strokes behind Venturi, began to wax hot.

The former Louisiana State golfer capped his comeback by canning a 25-foot birdie putt on 18 to give him a 67 for the day and a 276 total.

Venturi faced a 30-foot putt on the final green for the Houston plum, but pushed it two feet past for a two-under-par 68 and 276.

Bolt, former Houston swinger now playing out of Crystal River, Fla., turned in an even par 70 for a 278 total and third place, good for \$2,500.

Lionel Hebert, Jay's brother, took fourth with 279. Strongman Arnold Palmer, Master's champion Gary Player of Johannesburg, South Africa, and Peter Thomson of Melbourne, Australia, came in with 283 each—good for a 10th place tie.

Jackson's Takes DeBary Kegler Title

Jackson Service Station wound up with the championship in the final game of the DeBary Social Bowling League. DeBary Business men were in second place with 71 wins, Faron No. 1 came in third with 65 and Peck Real Estate was fourth with 62.

H. Schob had a high game of 234 with a series total of 614 in the leagues final game of the season.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: Why are parents so indifferent about what time their teenagers come in at night? I've turned a deaf ear to our 17-year-old daughter's plea that no one else has to be in by 11 p. m.

Recently other couples have come home with her from the movies, and they stay until all hours. My wife says, "At least we know where they are."

DEAR OLD FOGY: I think teenagers should "be in" at a decent hour in order to get enough rest and sleep.

DEAR ABBY: There is a man who belongs to our club who is giving me a pain in the neck. Just because I am a widow (50), and he is a widower (72), he thinks it is a real treat for me to dance with him.

He simply wears me out. He is nice to talk to, but I wish I could get out of dancing with him. Have you any suggestions? EXHAUSTED

DEAR EXHAUSTED: This might seem corny, but tell him you have a corn.

DEAR ABBY: My husband wants me to get a job, and right now! Our baby was two this month. I want to be home with our child until she goes to school, but my husband thinks I am just lazy.

DEAR NAGGED: You HAVE a job, and it is a very coveted, full-time position. Stay home and raise your TWO children!

DEAR ABBY: My brother and his wife went to court and changed their name legally because of a family quarrel. I am heart-broken and so is the rest of the family. I feel like a fool. Tell me, is he still my brother or not? CONFUSED

DEAR CONFUSED: He is still your brother. What's in a name?

We The Women:

By Ruth Millet

"I probably won't be seeing you any more," the sweet-faced young woman in a maternity dress told me the last time I went into the shop where she has been working for several years.

child, myself. And my husband agrees that we'll get along all right without my working.

They will, too. Because they have already made the important decision—that for a child to have a full time mother is more important than for the family to keep up a two income standard of living.

This is the decision a great many working wives and their husbands are never able to reach. They may think the wife ought to give up her job when the first baby arrives—but they aren't willing to accept a lower standard of living to make it possible.

You Can Look To "Colorful" Fall TV

By ERSKINE JOHNSON HOLLYWOOD—(NEA)—"Walt Disney's Wonderful World of Color," a series of 25 one-hour shows on NBC-TV's schedule next fall, was designed, you can be sure, to help sell RCA color TV sets.

year-old TV hero with a vivid imagination that turns him into a U. S. naval officer, a big league ball-player, a space explorer, etc.

There are no worries in the writing camp about "Gunsmoke" being expanded to a full hour next fall. More time to develop characters, producer Norman Macdonald says, and more time to plot the action without leaping to conclusions.

"I'm not retiring for RCA. I'm selling it for myself." Well, anyway, remakes of "The Prince and the Pauper," starring Guy (Zorro) Williams, and Hayley Mills in Jules Verne's "The Castaways" will be included in the Disney series.

Maybe Mr. Disney will even give us a one-hour instruction film on how to keep a color TV set tuned. . . . The "are you retiring" question came again to Jack Benny.

TV is getting "em all into the situation comedy league and now it's Dan Duray, who tracked down TV killers before he retired as a movie menace. On film and waiting for a green light is "The Holidays Abroad," in which Duray plays a newspaper columnist with wife and children.

Heavies are long gone from Dan's career—he's been playing character roles in movies and TV—and he has a simple explanation for his bow out as a merchant of menace. "You have to pick the field that's going good," says he. "Today, unless you live in the Congo or Laos, its situation comedy."

Major Review Opens On Cuban 'Failure'

WASHINGTON (UPI) — The question of how the United States could be so misinformed about the military strength of Cuba, 90 miles from its shores, will be the subject of searching review.

The Kennedy administration has begun a major reappraisal of the military tactics, intelligence operations, decision-making and diplomatic machinery involved in the Cuban debacle.

This review will be made primarily within the scope of a major survey ordered Saturday by President Kennedy of methods to combat Communist subversion and guerrilla warfare around the world.

There will be no attempt to turn the survey, headed by Gen. Maxwell D. Taylor, into a court of inquiry into intelligence failures in Cuba, but the Cuban lesson emphasized the need for the sweeping study.

Officials here said that U. S. intelligence made two major miscalculations in Cuba. They said it badly misjudged Premier Fidel Castro's military power and the degree of his police-state control over the Cuban people.

On the military side, these sources said, one of the big failures was in not knowing the number of planes Castro had in operation. There has been no verification of reports that he had Soviet MiGs in operation, but he did have far more propeller-driven planes than U. S. intelligence estimated.

One source said there had been intelligence information that Castro's entire air force consisted of only four planes. There were many more, although no figure was given by this source.

Garden Club Makes Nominations

By MRS. MONA GRINSTEAD
The North Orlando Garden Club made nominations at a meeting this month for elections scheduled in May.

Made through a committee and from the floor, they included, for president, Lucy Fairburn, Vera Anderson and Myra Blodden; for vice president, Virginia Robinson and Irma Bailey; for secretary, LaVerna Ward and Sara Frantz; for treasurer, Etta Harville; and Maureen Biddle and for chaplain, Elida Sommers and Pat Levy.

Typed forms bearing the names of all candidates will be delivered to members for further reference. The name of Ruth Davis will be substituted for that of Irma Bailey for the vice presidency since Mrs. Bailey has resolved word that she will be moving from the community by June 1.

Voting will be done by secret ballot at the next meeting to be held at the home of Mrs. Donald Nell with Mrs. Jack Sutton as co-hostess.

News Executives Gather For Meet

NEW YORK (UPI) — More than 1,500 U. S. and Canadian newspaper executives gathered here today for the opening sessions of the 75th annual American Newspaper Publishers Association convention.

The third annual United Press International Regional Editors and Publishers Association's breakfast this morning will kick off four days of meetings, discussions, panels and social events at the Waldorf-Astoria Hotel. Frank H. Bartholomew, president of UPI, will preside at the breakfast.

The events associated with the convention will be climaxed Thursday night by a speech by President Kennedy at the annual dinner of the ANPA's Bureau of Advertising.

Presbyterian Men To Meet Tuesday

The Men of the Church will have their monthly dinner meeting at the First Presbyterian Church at 7 p. m. Tuesday.

Included on the program will be a 30-minute film entitled "Serving Christ."

The Central Intelligence Agency also was said to have reported that 13 to 15 Soviet ships were in Havana Harbour unloading supplies the week before the invasion attempt.

But, according to sources here, it was felt that even if there were tanks and planes on these ships, they could not be assembled quickly enough to go into action against the invaders.

Sources said the Cuban rebel assault was planned originally as a "quiet" operation in which small groups would slip into Cuba and one day proclaim a provisional government. They then could call for a general uprising.

Only 1,000 to 1,500 men took part in last week's assault. Just how the attack was allowed to be billed as a "major invasion" and why the security wraps came off was another subject of major soul searching within the government.

Laine, Connie Adams, Linda Sweeney, Margaret Weinfertner, Linda Sue Duncan. Back, from left, Alan Brad-dock, Herman Heinle, D'ckie Gerling, Richey Hall, Leonard Biondi, Phillip Godin, David Sullivan, Doris King, Jeannette Bradley, Doris Goodwin and Ellen Peters. (Cox Photo)

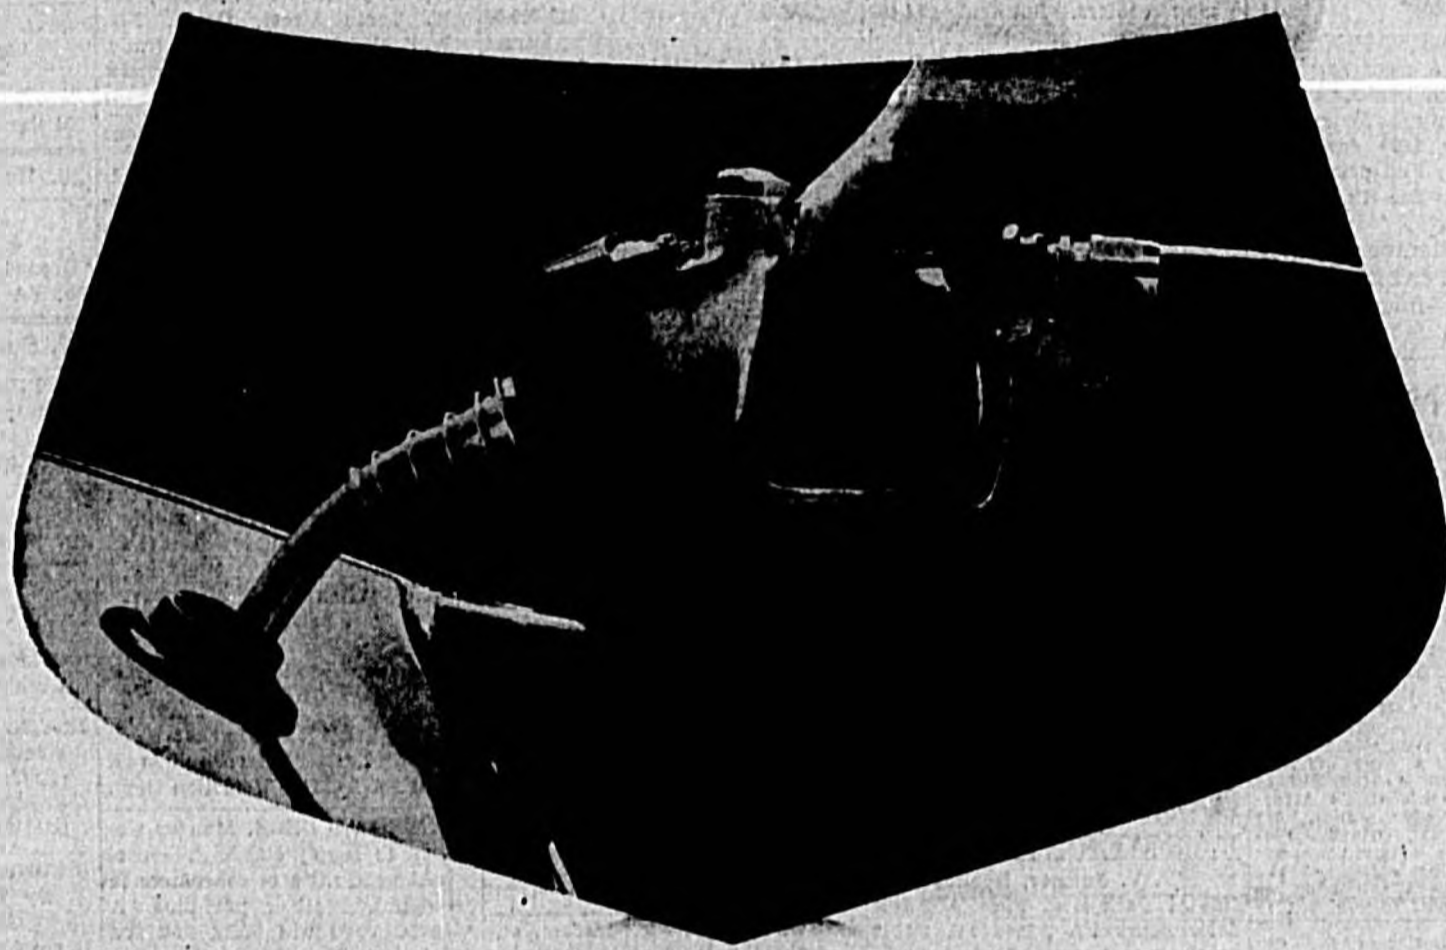

Fire Destroys 2-Story Home; Family Of 9 Die

NORTH BEACH PARK, Md. (UPI) — A pre-dawn fire today destroyed a two-story frame home here and killed an entire family of nine, state police reported. The victims included William Bowden, his wife and their six children, and Bowden's mother, according to Percy Gerierson of the North Beach Fire Department. All nine bodies were covered. The cause of the fire was not immediately determined. State police from Annapolis theorized it might have stemmed from an open fireplace. Gerierson said all the victims were white.

Five In County Enlist In Army

Five young men from the Sanford area have enlisted in the regular U. S. Army. They are Pfc. Eddie Martin, Sanford, who re-enlisted for assignment at Fort Dix, New Jersey; Gerald Smith 17, Sanford; Thomas Smith 17, Paisley; Barry Krause 19 and James Mullis 18 of Maitland. All were given their choice of training and assignment. Mullis and Gerald Smith selected automobile mechanics, Thomas Smith joined the paratroopers while Bar-ry Krause elected to serve in Europe upon completion of basic training. The Army recruiter may be contacted at the Sanford National Guard Armory each Monday.

A DARING NEW OIL COMPANY—A BOLD NEW GASOLINE

The "Total Service" you've been waiting for...

Tenneco. New name, new service, new gasoline. ■ Gasoline with guts, determination, enthusiasm. Gasoline that comes alive on wheels. Gasoline that looks at the road and says "go". ■ We've been developing our products and programs over many years, consolidating them into a powerful, competitive oil company. And now we're ready. Full-grown. Staffed with youth, vigor and flexibility. We've got backing and background, some of the keenest men in the industry and some outrageously bold ideas about products and service. ■ For instance: We're going back to essentials. Just two pumps—no more. Just Regular and Premium—no more. Just two grades of gasoline with the same premium ingredients. Everything that can be put into a gasoline is in both our Regular and our Premium... all the multi-purpose additives, our Regular's got them. The difference is in the octane rating. Your car has an octane sense. It will tell you which grade of Tenneco makes it happy. ■ We've got something else: "Quality Twine". Gasolines and oils that work together in your car to keep it

clean, to keep it right... to keep it out of the shop and on the road. ■ Any gasoline can lose its best qualities between the refinery and the gas pump. Not so with Tenneco. We've got a detective service, a crew of experts that hounds our gasoline all the way down the line. They check it in pipes, trucks, at the station and, if you want, in your car. We call it "Performance Control System". High-sounding but it works like a charm. ■ We've got something else that's high-sounding, "Total Service". But we don't just say it, we give it. We've got a dealer who is half beaver, half mother hen. He's got a feel for cars, a talent for getting you on the road quickly and a fiendish devotion to his spanking new red-white-and-blue Tenneco station. He's courteous and quick and he knows what he's doing. If Tenneco's the muscle, he's the hustle. It's a tough team to beat. ■ We're new but we're complete. And we're competitive. We've got strong ideas about how petroleum products should be made, delivered and sold. Try us—you'll get what you pay for. Try us and see if your car doesn't have a new lust for the highway. See if the going isn't better when you take to the road from Tenneco. See if our sign isn't really a signpost, a beacon, something new to guide by.

Tenneco—Signpost for the Sixties

VOL. 53 United Press Leased Wire Established 1908 TUESDAY, APRIL 25, 1961 SANFORD, FLORIDA NO. 177

Building Inspection Ordered

The City Commission directed the building inspector and fire chief Monday night to see that all downtown commercial buildings comply strictly with building regulations.

This move was directed as part of an effort to "avoid the decaying procedure spreading through the downtown area."

The commission also told City Manager W. E. Knowles to write the owner of the Palms Hotel on First St. to bring it up to standard within 30 days or the building would be condemned.

Fire Chief Mack Cleveland Sr. and Building Inspector M. H. (Foot) Yelvington inspected the hotel recently and found it a "fire and health menace."

Commissioner Tom McDonald urged the board to have the inspectors look over all the buildings in the business section of the city.

McDonald made special note of the Woodruff Building on First St. and Park Ave.

Commissioner Earl Higginbotham called for a "vigorous effort" on the part of the merchants to improve their buildings and stores.

"Let's get them all fired up," Higginbotham said.

Better take it easy on water consumption.

Water use is at a near high these dry days and the city has asked all residents not waste any water.

New supplementary information supplied by City Planner George Simons suggests construction of a mall on Second St. and Park Ave. Cost is not discussed but Simons feels it will help beautify the downtown area.

Construction of the new county jail is way ahead of schedule and a recent talk with contractor Jack Jennings reveals that it should be finished by late summer. Work will start soon on installing steel and bars in the facility.

U. S. Considering Total Embargo On Trade With Cuba

WASHINGTON (UPI) — The White House said today it has been considering clamping a total embargo on U. S. trade with Cuba.

No decision has been reached yet on whether to go ahead with the plan. But press secretary Pierre Salinger said today the anti-Castro revolt last week has sharpened consideration of the proposal.

He said such an embargo on shipments to and from Cuba has been under consideration for some time.

The Cuban crisis was discussed earlier between President Kennedy and his Democratic congressional leaders. He also briefed them on the crisis in France and Laos.

Congo Leaders Disagree Again

COQUILHATVILLE, The Congo (UPI) — The conference of Congolese leaders was threatened with collapse today as result of a walk-out and ultimatum by Katanga President Moise Tshombe.

Tshombe stormed out of a meeting Monday after charging that Joseph Kasavubu, president of the central government at Leopoldville, had given in to the United Nations and was "incapable of running the debate" at the conference.

The powerful Katangese leader said he would continue with the conference only under certain conditions which most observers considered impossible for Kasavubu to meet.

Fire Destroys Ranger Truck

Florida Forest rangers lost a \$3,000 power truck while fighting a 15-acre brush fire near the Winter Park Telephone Co. Terrace Exchange offices at Altamonte Springs Monday.

Robert Raulerson, station dispatcher, reported today that the truck carrying a full tank of gas, caught fire while attempting to climb a graded area to reach a better fighting position. Gasoline sloshed from the full tank causing the truck to ignite.

Rangers Lewis Williams and Pete Allison immediately extinguished this blaze but, upon attempt to start the truck again, collected fumes blew the tank cap and flames spread all under the chassis. Although there were 250 gallons of water aboard, the rangers were unable to get the auxiliary pump in operation. Williams received minor burns on both arms in his attempt to save the truck, Raulerson said.

Another crew, immediately dispatched from the tower near 3 p.m. with the aid of the Longwood Volunteer Dept., had the fire under control by 5:15 p.m. A later call to the same location was handled by Altamonte Springs firemen.

Latin America Fund Passage Expected

WASHINGTON (UPI) — The House was expected to approve today with little argument a \$500 million appropriation for Latin American development.

The congressmen, usually given to quibbling over details of such programs, seemed to have one eye on the Cuban situation.

An indication came last week when the appropriations subcommittee approved the bill unanimously. Several members had been outspoken against the funds until then, but were readily convinced when the anti-Castro invasion failed and repercussions set in.

Other congressional news: Defense Department officials were called before the Senate investigations subcommittee to tell about strikes and slow-downs at missile construction sites. The subcommittee is seeking to find out why Cape Canaveral and other bases have been hit by more than 300 labor disputes in four years. Some workers reportedly struck more than \$700 a week with overtime after the strikes were settled.

First Shots Fired In Algerian Crisis; DeGaulle Backed

PARIS (UPI) — A French light cruiser was reported to have fired warning shots today to stop insurgent paratroopers from taking over the big Algerian naval base at Mers-el-Kebir.

Reports circulating in French government quarters said the paratroopers withdrew. There was one report that marines at the base helped repulse them.

There was no official confirmation of either of the reports and no indication how many troops were involved. If true, the incident would mark the first shots known to have been fired since four generals seized key areas of Algeria in a military revolt last Saturday.

The report came after French troops and tanks started rumbling back into France from NATO command in Germany. They were recalled by President Charles de Gaulle to help cope with the Algerian rebellion and the threat to France itself.

Information Minister Louis Terrenois said the government has assigned generals to command the three Algerian army regions—Oran in the west, Algiers in the center and Constantine in the east.

Boostered by a massive demonstration of popular support at home, the president appeared to have weathered the first and possibly the gravest part of the crisis that threatened to capsize the Fifth Republic.

For the second night in a row airfields around Paris and other French cities were blocked by trucks and barricades to prevent insurgents from mounting an air invasion.

Laotians Accept Cease-Fire Plan

LONDON (UPI) — The royal Laotian government today formally accepted the joint British-Russian appeal for a cease-fire between the opposing forces in Laos, the Foreign Office had announced.

The Laotian government said its army was ready to implement the cease-fire as soon as it received an order to that effect.

"For this purpose the head of state, the major-general of the royal armed forces, is ready to establish contact at any moment with the responsible head of the opposing forces, in order to determine an agreement between the two parties for the day and hour of the effective cease-fire," an unofficial preliminary translation of the Laotian communication said.

Highway Accident Reports Increase

TALLAHASSEE (UPI) — The Florida Highway Patrol investigated 22 per cent more highway accidents in March of this year than it did in the same month a year ago, but the number of traffic deaths declined by 21 per cent.

Patrol monthly figures showed 3,628 accidents recorded in which 1,300 persons were injured and 13 killed.

Rigging Curb Set

WASHINGTON (UPI) — President Kennedy issued an executive order today aimed at preventing rigged bidding on government contracts. Kennedy ordered federal departments and agencies to report to the attorney general on identical bids in transactions of more than \$10,000.

CIVITAN ESSAY AWARD WINNERS on the theme "Citizenship," were honored by the Civitan Club members at their dinner meeting. From left, Civitan President Kay Shoemaker, Penny Anderson, second place winner, Margaret Jones, first place winner, and Dr. Bernard Blais, awards chairman. (Herald Photo)

County Board Endorses St. Johns Control Plan

The County Commission gave its endorsement today to the proposed \$17 million Upper St. Johns Water Control project after Chamber of Commerce manager John Kridor assured the board that there would be no ad valorem taxes placed on Seminole County residents.

The board also appointed Commissioners Vernon Dunn and James P. Avery to attend Senate hearings on allocating \$2 million in rights of way funds for the project scheduled to be held within the next two weeks in Tallahassee.

Kridor, in discussing the proposed plan which calls for a series of dams on the upper St. Johns, said "this county would reap the major benefits of the plan."

He also emphasized that this was a conservation project as well as a means to control water.

In other business, the board agreed to meet with H.O. Waldby of Florida State University on a personnel survey of the county road department at a cost of \$750; heard a request from L. B. Beach of Little Venice to regulate boating on a canal between two pieces of property in the area.

Beach said that boats in the area were harmful to his property. However, a delegation of adjacent property owners told the commission that the canal was dedicated for public use. The board turned the matter over to acting county attorney Harold Johnson for legal study.

Space Capsule Shot Fails, Escape System Works

CAPE CANAVERAL, (UPI) — A U. S. attempt to fire a space capsule carrying a "mechanical astronaut" into orbit ended today when the rocket booster blew up. The capsule was saved by an emergency escape system.

The Atlas rocket blasted into the sky at 11:15 a. m. and disintegrated in a massive stream of fire and smoke less than one minute later.

As the booster came apart, however, emergency escape rockets jerked the one-ton capsule free and sent it rocketing into the sky well away from the explosion.

Parachutes opened up a few seconds later and eased the bell-shaped capsule back to earth.

This shot, America's first attempt to fire its space capsule into orbit, was to have paved the way for the free world's first manned space flight, possibly some time early next month.

The wreckage of the massive rocket fell onto the north edge of the cape near its launching pad but apparently well away from any inhabited section. No injuries were immediately reported.

The space capsule, dangling from a huge red and white parachute, descended more slowly, landing on the north launching pad five minutes later.

It was a successful demonstration, although unplanned, for the escape system designed to protect

Second Charter Request Approved For Casselberry

A second resolution asking legislative action on a proposed Casselberry charter has been sent to the county delegation.

The resolution was approved by a two to one vote of the Board of Aldermen at a called meeting Saturday, Alderman Hope Bennett said.

She reported that she and Alderman Robn Lady voted for the resolution and Ben Evans voted against it.

The action was taken upon a request from State Reps. Mack Cleveland Jr. and Gordon Frederick, who apparently had not received the first resolution passed by the Casselberry board at a regularly scheduled meeting March 12.

The Saturday morning session was originally scheduled for Monday at 7:30 p. m. in the Town Hall as a continuation of the April 10 meeting. The earlier date was called because Lady, in Tallahassee all this week, would be unable to attend on Monday.

Board Asks Check Of Tax Changes

The County Commission today asked for an "early" conference with Tax Assessor Mary Earle Walker to discuss certain recent corrections on the 1960 tax roll.

The board authorized Chairman J. C. Hutchison to set up the meeting after District 3 Commissioner James P. Avery said that "it appears some recent corrections were more than clerical."

Avery cited a letter from the State auditor's office which said that the tax assessor only has the authority to approve clerical errors and only the County Commission can make any changes regarding reassessment of property.

At the same time, the board rescinded its action approving some 18 corrections submitted by the tax assessor last week. The majority of the changes concern property in Casselberry.

In calling for the meeting, Avery said he would like some more information on these corrections, including detailed data from Mrs. Walker.

Costs To Control Road Changes, Altamonte Told

The County Commission told members of the Altamonte Springs Town Council Monday night that economics will govern any work on road changes on Matland Ave. in the town limits.

The meeting was called last week after County Engineer Carlton Bliss informed the county board that cost of changing the classification of a road from rural to village could cost almost \$100,000.

The meeting was held to explain the situation to the Altamonte councilmen, who asked for the change and cited unsanitary condition of open ditches on a rural road.

The county board assured the council Monday "we want what you want, but economics will govern what the final decision will be."

The board asked the council to get its engineer and meet with Bliss and engineers from the State Road Department to suggest changes—"as long as they are economically feasible."

District 3 Commissioner James P. Avery told council members that if there are extensive changes a separate consideration of the

Bulletin

TALLAHASSEE (UPI) — The Senate today passed a 43-senator 194 - representative reapportionment compromise after beating down a last-ditch effort to get one extra House member for populous Broward County. The plan, already passed by the House, now goes to the people for approval or rejection in the general election of November, 1962. The vote was 29-8. Counties getting senators immediately if the plan is approved are: Alachua, Alford, Baker, Bay, Bradford, Calhoun, Columbia, Duval, Escambia, Franklin, Gadsden, Hamilton, Harney, Hendry, Hernando, Hillsdale, Holmes, Jackson, Jefferson, Lafayette, Leon, Levy, Lincoln, Madison, Manatee, Marion, Nassau, Oklawaha, Orange, Osceola, Palm Beach, Pasco, Polk, Putnam, Santa Fe, Seminole, St. Johns, St. Leon, Suwannee, Taylor, Volusia, and Washington.

News Briefs

Ad, Newsmen Speak — GAINESVILLE (UPI) — Speeches by Matthew J. Culligan and Richard C. Holtelet will highlight today's program of the University of Florida's annual Communications Week, with the second day's event stressing advertising media.

Methodists Gain

MIAMI BEACH (UPI) — Membership in the Methodist Church in the United States increased by almost one million persons within a year.

Among the bills opposed were: a bill to allow dispensation of marriage for medicines; all construction to use Florida timber, lumber or forest products native to Florida; a bill to require municipalities to have annual audits under the supervision of the state; exempting from taxation all boats assessed up to value of \$1,500; raising to a felony resisting arrest charge; exempting insurance companies and agents from municipal license.

Stocks Steady

NEW YORK (UPI) — Stocks steadied at the opening today following Monday's decline, the sharpest in seven months. The Algerian crisis, diplomatic setback for the United States in international affairs and the rush of unfavorable first quarter earnings were blamed by Wall Street for the fall.

120 Escape Crash

TOKYO (UPI) — A Japan Air Lines DC8 jetliner arriving from the United States overshot a runway and crashed in a ditch today but all 120 persons aboard escaped without injury. A JAL spokesman said the pilot of the plane reported the brakes failed. The \$6 million plane overran the runway at Tokyo's International Airport by 200 yards.

Carriers Reduced

WASHINGTON (UPI) — The Defense Department has quietly cut American aircraft carrier strength in the Mediterranean from three to two ships and ordered the USS Shangri-La home ahead of schedule. The 33,000-ton Shangri-La is due at Mayport, Fla., about May 15. The 35,000-ton Forrestal and 51,000-ton Franklin D. Roosevelt will complete their normal tours.

City To Dedicate Field In Honor Of Roy Holler

City officials will pay tribute to the memory of Roy Holler, Sanford insurance man who died last year, when they participate in dedication ceremonies at Roy Holler Little League Field May 1.

The City Commission agreed Monday night to participate in the services at the opening of the Little League season. The board last year agreed to name the field in honor of Holler.

"No man has done more for the youth of this city," Commissioner Earl Higginbotham said. "Ceremonies will start at 7 p.m. on that date."

In other business, the commission: Agreed to put one street light at Rose St. and Lakeview; heard a report from engineer William Leffer that a test well in the Country Club area was almost completed and that the quality of the water is "very good." The board agreed to use a 12-inch casing instead of an eight;

Tabled discussion on raising the assessment level in the city pending a study by city clerk Henry Tamm Jr. on vacant lot assessments;

Agreed to widen the ramp near Lake Monroe and transfer contingency funds to carry out the project;

Heard a report from City Manager W. E. Knowles on some statewide legislative bills and agreed to oppose the majority of them.

Among the bills opposed were: a bill to allow dispensation of marriage for medicines; all construction to use Florida timber, lumber or forest products native to Florida; a bill to require municipalities to have annual audits under the supervision of the state; exempting from taxation all boats assessed up to value of \$1,500; raising to a felony resisting arrest charge; exempting insurance companies and agents from municipal license.

\$15 Million Swindle Ring Is Arrested

INDIANAPOLIS, Ind. (UPI) — Federal agents today sought the last of 37 life insurance salesmen, soldiers and Army civilian workers indicted in a \$15 million insurance swindle that netted them \$600,000 in commissions.

FBI agents picked up 26 men and women within hours of their indictment Monday. Among those arrested was Charles E. Berling, 46, of Indianapolis, a branch chief in the accounts division at the Army Finance Center here. Berling had been a civilian worker for the Army for 30 years.

U. S. Atty. Don A. Tabbert said the scheme worked this way: Fake applications for \$15 million worth of life insurance were forwarded by insurance agents to the finance center between August and December last year. Signatures on some of the documents were forged; others bore fictitious names; still others were signed unwittingly by soldiers.

The center forwarded insurance premiums to the insurance companies, which knew nothing of the scheme. The insurance companies paid commission on the "new policies" to their salesmen.

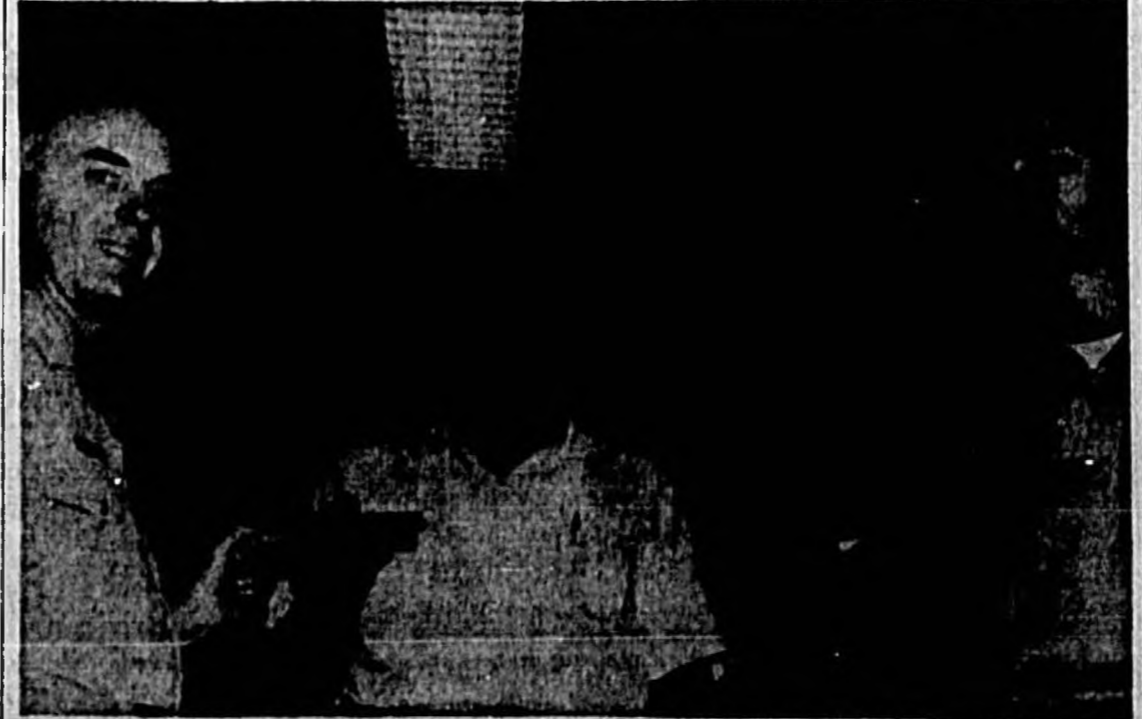

Tabbert said the companies were the only losers. The government already had recovered the \$75,000 in premiums paid to the firms by the finance center. He said:

Among those rounded up was John Kayser, arrested at Orlando.

Man Found Guilty In Store Break-In

A Circuit Court jury Monday found George Lee Allen, a Sanford Negro, guilty of breaking in to the Tip Top Super Market Jan. 15.

Allen, charged with taking an undetermined amount of money and merchandise, will be sentenced later this week.

BRITT R. HOLTZCLAW, civilian employe at Sanford NAS, is shown being presented a check for \$150 in "recognition of sustained superior performance." Capt. R. W. Slye gave the award to Holtzclaw who designed and manufactured seven items which improved electronic devices and saved the Navy thousands of dollars. Looking on are CWO K. C. Dederling, ground electronics officer, and Cdr. E. D. Nunnery, operations officer.
