**A WORLD** 

IN

What has happened to this marvebus world of ours in this twentieth century of God's grace? Mankind seems to be passing through a sea of troubles ALL FOR THE CHURCH

which has no counterpart in human history. There are wars and rumors of wars among the nations, and many of the nations themselves are split into warring factions, each faction striving for supremacy, and each intolerant of the views, hopes, and rights of others. The great trouble with the world is that men have forgotten God. They We have become a cynical, materialistic generation.

If this drift toward world tragedy and chaos is ever stopped, the churches of the world must do it. The world's hope—our hope—is in God and His Church. He alone can save mankind from a sorrowful fate. The Church seeks to turn the hearts of men from the ways of war and fear

and hate to the ways of peace and love.

We wish there were more people around like Thomas Moore Ramsay. If you read your newspapers carefully you will recall that he is the 0-year-old gentleman who recently surrendered his driver's license to the Florida Highway Patrol. Ramsay, may his tribe increase,

voluntarily gave up his right to drive because he considers himself a "potential killer." The retired Naval architect, who had been driving for 56 years, says he has a cataract forming his right eye which hampers his vision. "I hope those who read about this, who through advanced age know

their depth perception, keeness and quickness of reaction have been dimished, will take the same steps and get off the road," Ramsay declared. The retired Miamian says he feels all drivers over 65 should be tested
