### STRESEMANN CABINET LOSES OUT—REISCHSTAG MAY BE DISSOLVED—SOCIALISTS QUIT

AND RECALL MINISTERS  
FROM FOUR PARTY  
COALITION

**BREAD PRICES UP**  
Prices of Dill Pickles Also Jump  
Sky High Out of Reach  
of Poor

(By The Associated Press)  
BERLIN, Nov. 3.—Bavarian government, it is learned authoritatively has sent a letter to Chancellor Stresemann demanding the creation of a dictatorship for Reich, based on the Bavarian model. The letter adds that unless such dictatorship is established in Berlin forthwith the Bavarian government intends to send the troops now concentrated on the Bavarian frontier against capital.

BERLIN, Nov. 3.—Chancellor Stresemann's moribund four party coalition cabinet, which the doctory chancellor resurrected from the last parliamentary crisis, lost one of its chief props last night when the United Socialists at a party caucus voted to recall their three ministers from the cabinet.

The defection of the socialists from the government with which they never coaxed back into it a month ago, followed two days of waiting for the chancellor's reply to their ultimatum embodying a series of demands which obviously had been forced upon them by their moderate parties, are eventually, suggested minority by the clamorous left wing.

The vote of the socialists to withdraw from the coalition was carried by a big majority. They are represented in the cabinet by Wilhelm Sollmann, minister of the Interior; Gustav Radbach, minister of justice; and Robert Schmidt, minister of reconstruction.

Dr. Stresemann has been indisposed for the last two days, but is suspected of having given the program of the radicals mature thought in the quiet of the private chambers, and when the party's emissaries called yesterday afternoon he briefly informed them that their ultimatum was ill-considered, ill-timed and wholly unfeasible in the present situation and that it behooved their party, as an integral component part of the coalition to hold back with such procedure while the nation was passing through a grave internal crisis which was further augmented by complicated foreign relations. The chancellor's reply brought a swift rejoinder from the socialists last night when in party caucus and after brief debate they voted in favor of recalling their ministers and withdrawing from the cabinet.

The dissolution of the Reichstag, followed by the installation of a dictatorial government, or the continuance in office of Chancellor Stresemann at the head of a "rump" cabinet comprising the Bourgeois parties, are eventually, suggested by the retirement of the socialists from the present coalition.

There were no indications last night that the entire cabinet would resign. The chancellor will be apprised by the Bourgeois parties today of their attitude on the question of entering a minority cabinet.

The dollar rate climbed yesterday from six hundred million marks four weeks ago to four hundred billion marks yesterday. During the same period the price of bread jumped to twenty-five billion marks while dill pickles yesterday were quoted at four billion marks each.

### VOLUSIA WILL HAVE BIG FAIR

Rushing Preparations  
For Opening January  
26 Next

DELAND, Nov. 3.—Reports from various committees of the Volusia County Fair association are daily pouring into the association's offices in the DeLand Chamber of Commerce club and, according to the members of these committees, "nothing short of an earthquake" can prevent the association putting on one of the best county fairs in the history of Florida, and on scheduled time—January 22 to 28, next.

Handsome engraved certificates of membership have been received at the office of the fair association and an active membership campaign will begin next week. It is expected that the premium list will go to the printers the latter part of next week.

The work of clearing the fair grounds, near the DeLand station, is now practically completed and the system for drainage of the site will be finished by next week. I. W. Whitcomb has been awarded a contract to sink a deep rock artesian well and install an electric double action pump with automatic pressure tank system to provide an adequate water supply for the fair grounds. With this work finished, the fair officials state, active work on the erection of buildings will begin immediately and a large force of workmen will be put on the job to insure rapid completion.

Nat A. Smith of Daytona, C. L. Allen and Curtis Lindstrom, both of DeLand, have been appointed a committee to secure amusements and free attractions for the fair. At an organization meeting of this committee Wednesday a tentative program was mapped out. The officials of the fair have given this committee unlimited authority, it is said, demanding only that they secure the best attractions obtainable.

Among the free attractions already booked will be auto polo between the Golden Gate team of California and the Indiana Tigers of Indianapolis. Auto polo is said to be the most hair-raising and death-defying of all sports and it will cost considerable money to bring this attraction to Volusia county. Other attractions include concerts by an amalgamated band, a pyrotechnical display of "gigantic proportions," special vaudeville acts and pageants.

H. J. Bates and F. S. Shoemith of Daytona and Earl W. Brown of DeLand have compiled a large premium list for the poultry exhibit. This committee has already booked a representative display from all sections of the state and are now busy securing out of state exhibits of poultry, rare birds and water fowl.

The horticultural committee, composed of Senator H. G. Putnam of Oak Hill; R. J. Kepler, Jr., manager of the Volusia County Citrus Exchange, and F. J. Alexander of Boycot, has made up a large premium list embodying awards for all commercial varieties of citrus fruit and many special varieties of native Volusia county.

That floriculture will occupy a prominent position in the fair is evidenced by the activities of that committee, composed of James N. Howe, Jr., of Daytona, Eugene Parson of

First Photo of Recent Food Riots

This photo shows prisoners taken by Green police in Berlin, following riots of the unemployed on the 10th of October. Many were injured in the riots which broke out near Berlin city hall in Koenigstrasse.

### MRS. CARUSO WILL MARRY CAPT. INGRAM

Her Appearance in a Bathing Suit  
Caught the Captain

NEW YORK, Nov. 3.—Paris newspapers reports that Mrs. Enrico Caruso, formerly Dorothy Park Benjamin of New York, was engaged to marry Captain E. A. Ingram, a Scotsman, where confirmed by members of the Benjamin family, in New York, the New York Times said today. Mrs. Caruso met Captain Ingram last August and the romance developed when he started giving her swimming lessons.

CYPRESS LUMBERMEN  
TO GATHER AT JAX

JACKSONVILLE, Nov. 3.—Cypress lumbermen from all parts of the south will gather here November 21 to attend the semi-annual meeting of the Southern Cypress Manufacturers' Association. The Louisiana delegation has made reservations at a local hotel and will arrive on November 20. Frederick Wilbert of Plaquemine, La., is president, and E. G. Swartz, of Perry, Fla., treasurer.

Pleason and W. B. Curry of DeLand. These men have booked extensive exhibits of floral plants, shrubbery, cut flowers, vines, etc., for which attractive premiums are listed. The floriculture committee also is actively interested in decorative planting at the fair grounds as it is the desire of the officials that the site be beautiful not only during the fair but that it will serve as a year-round beauty spot and place of recreation for the people of Volusia county.

The art committee—R. H. Lesene of Daytona, Prof. H. D. Fluhart of Stetson university and Mrs. Catherine Haynes Stockwell—has been active and reports a large listing of oil and water paintings, china painting, decorative designing and art photography, for which awards have been provided.

Dr. Lincoln Kelley and Prof. G. W. Marks have been working hard to secure a comprehensive exhibit from the schools of the county. Wednesday afternoon they held a meeting with all the principals of Volusia county schools and stated that much interest is being displayed in the educational branch of the fair and gave assurance that the exhibition of work done in the schools would rank second to

### WALTON IS THREATENED

(By The Associated Press)  
OKLAHOMA CITY, Nov. 3.—J. C. Walton, on trial before a senate court of impeachment, declared yesterday that his life had been threatened in a note handed him by a senate page as he sat at his counsel table.

The note was handed to a page by a stranger, the governor said he learned. The stranger then left. Inquirers at the time were given to understand that the note was "insulting," but the governor later declared it was "a threat against my life." The governor remained in his office during the afternoon session of the court but declared it was for the purpose of attending to personal business.

Governor Walton declined to show the alleged note to a press representative.

### FILIPINO, WHO KILLED NURSE FOUND GUILTY

Conviction Carries Death in Electric Chair

NEW YORK, Nov. 3.—Eugelio Lozado, Filipino, who has been on trial in the General Sessions for the past ten days on the charge of having slain Blossom Martin, a nurse, last June, was found guilty of murder in the first degree this morning.

Recent photo of Martin E. Trapp, acting governor of Oklahoma.

### STRICTEST SECRECY IS MAINTAINED

Rag Chewing Match But Nothing is Given Out

PARIS, Nov. 3.—American Ambassador Herriek called on Premier Poincare this morning and had a long conversation with him. The strictest secrecy regarding the subject of the conference is maintained at both the French Foreign office and American Embassy.

### HUSBAND CHARGED ARSON - MURDER

MACON, Ga., Nov. 3.—Mrs. B. E. Lockhart, rescued from her burning home here last night by firemen and rushed to a hospital in a semi-conscious condition, died from burns this morning an hour after she underwent an operation and gave birth to a son. The child is still living.

Her husband was arrested at the hospital on charges of drunk and disorderly conduct shortly after Mrs. Lockhart reached there. He is held by police until an investigation of the origin of the fire is made and until an inquest can be held of the body of his wife this afternoon at 3 o'clock. The Lockhart home was not totally destroyed by fire.

Additional charges of arson and murder were placed against Lockhart by the police this morning.

### LLOYD GEORGE SAILED FOR HOME TODAY

NEW YORK, Nov. 3.—David Lloyd George, former premier of Great Britain, today sailed for home on the steamship Majestic after a triumphant tour of American cities with his wife and daughter. Right up to the minute of his departure he was besieged by officials and delegations wishing him Godspeed.

### Another Bank Goes Fluey

JEFFERSON CITY, Mo., Nov. 3.—Livestock State Bank at Kansas City, Mo., has been closed, according to an announcement by state finance commissioner Millsbaugh.

Mrs. Saul Robbins was transacting business in Eustis yesterday.

### IRISH START ROUGH HOUSE WHEN LLOYD GEORGE SPEAKS AT NEW YORK OPERA HOUSE

### LYNCHED FOR ATTACKING A WHITE WOMAN

Mob Hangs Oklahoma  
Man Accused of  
Crime

(By The Associated Press)  
MUSKOGEE, Okla., Nov. 3.—Dallas Sowell, accused of attacking a white woman recently and who was returned to McIntosh county jail after a break for liberty clear across Oklahoma into Texas, was lynched by a band of eleven masked men at Eufaula this morning.

BORWNE WILL COME  
TO FLORIDA SOON

(By The Associated Press)  
WASHINGTON, Nov. 3.—Dr. C. A. Browne, the new chief of bureau of the Bureau of Chemistry of the Department of Agriculture who is making an inspection of the bureau laboratories and field work, will spend next week in Louisiana and then will go to Tallahassee to confer with state food officials.

PERFECTLY GOOD BEER  
WASTED IN TOLEDO

(By The Associated Press)  
TOLEDO, Nov. 3.—Thousands of gallons of four per cent beer in kegs were seized today by federal prohibition agents who raided the general Products and Storage Company, formerly the old Home Brewery. The brewery, according to the agents, was being operated the same as in the old days. No arrests were made.

WASHINGTON FEELS  
EARTH SHOCK

WASHINGTON, Nov. 2.—Earth shocks, beginning at 3:15 p. m. yesterday and continuing until 3:22, were recorded on the Georgetown University seismograph.

STEAMER AGROUND  
OFF PACIFIC COAST

SAN FRANCISCO, Calif., Nov. 2.—The steamer Elizabeth, with passengers aboard, is ashore near Bandon, Oregon, stated a radio message last night from the Bandon station of the United States coast guard.

WE SHOULD HAVE  
ATHLETIC FIELD

(By The Associated Press)  
SAN ANTONIO, Nov. 3.—The New York Giants, contrary to reports, will not train in San Antonio next spring, according to a telegram received from Manager McGraw by President Benson of the San Antonio, Texas, League club. The telegram said the Giants had made other arrangements. President Benson has been informed the Giants will train in Florida.

BRIDGE ACROSS INDIAN RIVER

FORT PIERCE, Nov. 3.—On November 6 contract for a bridge across Indian river at Jensen, 15 miles south of here, will be awarded. The commissioner of the bridge district already have the bids in their hands. The structure will cost approximately \$100,000, and work on it is expected to start within 30 days after the contract is awarded.

EIGHT IRISH REPUBLICAN  
SYMPATHIZERS ARE  
ARRESTED

### FORMER PREMIER

Is Jeered by Crowd Composed  
of Both Men and  
Women

(By The Associated Press)  
NEW YORK, Nov. 3.—Eight persons were arrested near the Metropolitan Opera House, where Lloyd George, war time premier of Great Britain was speaking last night, when Irish republican sympathizers attempted to hold a mass meeting on the street.

Police fought a hand to hand battle with the large group that gathered on 40th street near Broadway. Many carried signs bearing the picture of Eamon De Valera while others were inscribed with phrases uncomplimentary to the British visitor.

The acre about the Metropolitan opera house was guarded by 250 patrolmen and 150 detectives. Before Mr. Lloyd George arrived the crowds that pressed about to catch a glimpse of him were so great that a traffic jam resulted. Theater goers became angered when they were held up for several minutes by the throng.

Mounted police finally charged the crowd that surged about the blue coats. Hundreds of persons were driven back to Sixth avenue, while here and there a patrolman grabbed one of the group and placed them under arrest. Several of those so caught were women.

Mr. Lloyd George missed seeing the Irish republic sympathizers as he drove up to the Metropolitan on 39th street instead of 40th street where they were congregated. Police intervened on the ground that no permit had been issued for their meeting.

RIBAULT MONUMENT  
COMMITTEE TO MEET

JACKSONVILLE, Nov. 3.—A meeting of the Ribault Monument Committee of the Daughters of the American Revolution has been called to meet November 1 and 2, when three designs and bids will be presented, and a full discussion held as to the exact location, number of bronze inscriptions and other details.

Unveiling of the Ribault monument at Mayport where he made the first Huguenot landing on this continent, will, according to plans, take place May 1, 1924.

WOMAN AND CHILD  
FOUND DEAD IN BED

PITTSBURG, Nov. 3.—Mrs. William E. Robinson, 25, the wife of a building contractor, and her four year old son were found dead in bed in their home at Hays, near here last night by Robinson upon his return home from his day's work.

### Will Investigate Escape of Convicts

TALLAHASSEE, Nov. 3.—The board of state institutions will consider at an early date the report of prison inspector Dickson who investigated the escape, October 23, of Dr. Edward A. Cortell and three other white men from the road camp near Cottondale. Inspector Dickson reported that convicts were allowed to leave the camp unattended by guards and wearing citizen's clothes. The Commissioner of Agriculture, it was stated, has used every means of persuasion to have this practice stopped. The camp is under the direct supervision of the road department.

Monday—Pipe Organ Club meets at the home of Mrs. H. T. Pace on West First street, at 3:30 p. m.

J. C. James, of Atlanta, Ga., is registered at the Montezuma for a short while, attending business here.

C. J. Roberts, of Macon, Ga., made his headquarters at the Montezuma yesterday while in the city transacting business.

Macon, Ga., was represented here yesterday by T. P. Parrott, who is in the city for a brief sojourn, making his headquarters at the Montezuma.

A. P. Lloyd was among the business visitors in the City Substantial yesterday from Tampa. While here Mr. Lloyd was registered at the Montezuma.

Among the tourists arriving in Sanford yesterday were Ivan H. Lauderback, of South Bend, Ind., and Mr. and Mrs. A. E. Batchelder, of Randolph, Vt.

Ray Jones of Tulsa, Okla., and C. D. Oursler, of Fredericksburg, Va., were among the out of state arrivals here yesterday and are stopping at the Montezuma.

Miss Sarita Lake leaves today for Gainesville where she will attend the S. A. E. dance on Friday evening and the Theta Ribbon dance Saturday evening.

Mr. and Mrs. C. D. Lawrence and E. Argo, of Macon, Ga., were among the arrivals here yesterday and are stopping at the Montezuma for a few days en route to the southern part of the state.

### MISS STEMPER ENTERTAINS

Miss Gladys Stemper was the hostess at a Halloween party given in honor of the Alta Vedia's last Friday evening, at her home on West Third street. The rooms were beautifully decorated with golden red and daisies, also carried out with Halloween colors and decorations of pumpkins, black cats, etc.

Ropes of orange and black crepe paper were draped from the chandelier to different parts of the rooms. The lights were covered with fall colors which made the room very spooky as the guests arrived.

Among the different games that were played during the evening was "Vegetable" guessing game. The prize was given to James Hoolehan who had the most correct guess.

### EVERY WEEK BRIDGE CLUB.

Delightful in every detail was the bridge party given yesterday afternoon by Mrs. Raymond Key, at her home on Park avenue, the guests being the members of the Every Week Bridge Club.

Quantities of lavender cut flowers combined with feathery ferns were effectively used in the room where the card tables were placed. On the

tables were miniature baskets of lavender, holding mints, which were enjoyed during the game.

After several interesting games of bridge scores were counted and prizes awarded. Mrs. W. J. Thigpen holding high score among the club members was given a lovely luster glass compote, while the guest prize, a framed William Nutting, picture went to Mrs. J. R. Riddle.

Mrs. Key served fruit salad topped with whipped cream, creamed shrimp in patties, olives, hot rolls, cup cakes and coffee.

Those enjoying the cordial hospitality of Mrs. Key were Mrs. C. R. Legg, Mrs. J. R. Riddle, Mrs. Emmett McCall, Miss Katherine Wilkey, Mrs. Forrest Lake, Mrs. J. G. Shaw, Mrs. W. J. Thigpen and Mrs. L. P. McCuller.

### MOTHER GOOSE PARTY.

Mrs. Charlie Anderson was the hostess Wednesday evening at a masquerade Mother Goose and Halloween party.

The house was decorated in keeping with Halloween and autumn. Large jack-o'-lanterns, black cats, witches and large vases of black-eyed Susans were used.

The special feature of the evening was Mother Goose (the hostess) and her children (the guests), some of the children were Bo-Peep, Jack Horner, Marjorie Daw, Boy Blue, Humpty Dumpty. Throughout the evening different games were played in keeping with Halloween, Souvenirs of witches and brooms with fortunes attached were distributed among the guests.

The prize for the best recitation of Nursery rhymes was awarded Mr. Edward Millen, while the prize for the best costume (Chinaman) went to Mr. Lyle Tapp.

At a late hour the hostess assisted by Mrs. H. B. Darrow and Mrs. C. A. Anderson, served pumpkin pie and coffee.

Those invited to enjoy this delightful affair were Misses Elizabeth Hoolehan, Lucille Anderson, Evelyn Darrow, Carrie Dorsey, Viola Booth, Maurine and Lucilla Echols, Ruth and Essie Whittle, Lorraine Franklin, Marie Steele, Mary Stanley, Elmer Tolar, Julia Laing, Iris Kenney, Gladys Stemper and Messrs. Jeffrey Yates, Chester Melton, Sam Harvey, H. S. Ponds, R. F. Cooper, Brenton Crenshaw, Edward Millen, James Hoolehan, M. C. Haddock, Newton Stenstrom, Ben Austin, Sam Brotherson, Alton Gunter, Lyle Tapp, Burke Steele, Bill Coleman and Mr. and Mrs. Comer Whittle.

### HALLOWEEN PARTY.

The Misses Lourine and Margaret Franklin, Gladys Robinson and Bobbie Lou Garrett entertained most delightfully Monday evening at the home of Misses Franklin on Oak avenue, being assisted by Miss Mildred Robinson, where the Halloween colors of black and gold were carried out and the spacious rooms were opened en suite being most artistically decorated with a profusion of cut flowers and Halloween suggestions, and very pretty was the punch bowl embedded in yellow daisies and golden rod.

Music, dancing and numerous games pertaining to the occasion, was enjoyed by all and one of the most enjoyable features of the evening was the trick fortune telling at which Miss Gladys Robinson, as a gypsy, was an adept hand causing much merriment and laughter, the evening passed all too soon for the young folks. At a late hour delicious punch and cake was served.

Those enjoying this delightful occasion were Misses Lourine and Margaret Franklin, Gladys Robinson, Bobbie Lou Garrett as hostesses, and Eva McAlexander, Mary Robinson, Evelyn Darrow, Viola Booth, Alva McAlexander, Lourine Leavitt, Fannie Belle Priest, Annie Milam, Trixie Franklin, Mrs. Beatrice Anderson; Messrs. Menton Wynn, Virgil McAlexander, Alva Milam, Gus Dunn, Paul Bailey, Chester Gowan, Albert Hekson, Nute Stenstrom, Andrew Carraway, Karl Wetzel, Amy Carraway, B. L. Hatunger, C. C. Melton, Claud Hindcliff, Eugene Turner, Archie Franklin. The out-of-town guests were J. C. Skipper, H. Brown Childress, Clarence Skipper, of New Smyrna.

ST. AGNES GUILD. The St. Agnes Guild will hold their regular meeting Monday afternoon at 3:30 at the home of Mrs. R. W. Pearman, Jr., with Mrs. Pearman and Mrs. Wm. Belding as hostesses.

All members are requested to meet at Parish House and go out together.

**TWO DOLLAR AND TEN CENT AD NETTED ONE THOUSAND DOLLARS TO FERRIS AND TERHUNE**

\$10 invested by Ferris & Terhune, less than a month ago has grown into approximately \$1,000, if general figures can be taken as a standard. It all came about in this way:

Having been in Orlando but a few days, Mr. H. E. Burdick, of Syracuse, N. Y., walked into the office of Ferris & Terhune, laid upon Mr. Ferris' desk the advertisement "The Pick of the Page," as carried by his firm daily in the Reporter-Star.

"Have you sold that particular piece of property?" asked Mr. Burdick.

"No," said Mr. Ferris.

"If it's as advertised, I'll take it," said Mr. Burdick.

The deal was closed that day, and by it Mr. Burdick and his sister, Miss Thompson, also of Syracuse, came into possession of Miss Green's property at 506 Magnolia avenue. The price was said to have been in excess of \$20,000. The house on the property is of semi-colonial architectural design, two stories in height, with the lot 340 feet deep and a wide frontage.

It is Mr. Burdick's intention to open later in the winter one of the highest class tea rooms in this section of the state. It will be a place of refinement where it will be possible for social Orlando to entertain guests. Everything used in connection with the establishment will be of the highest quality.

While Ferris & Terhune made no announcement of the profit they made for their advertisement, which cost them \$2.10 daily, the usual commission allowed on city property is 5 per cent of the sale price, which net \$907.90. Mr. Burdick read the advertisement in Syracuse, cut it out of the paper and brought it to Orlando with him.

Does it pay to advertise?—Orlando Reporter-Star.

**TEN DOLLARS IN TRADE GIVEN BY BALL HARDWARE CO. NO. 3588 LUCKY NUMBER**

Ten dollars worth of merchandise will be given to the holder of No. 3588 at the Ball Hardware Company. See the advertisement in this issue.

**Four Wheel Brake Demonstration Convincing**

True Blue Oakland Was Thoroughly Demonstrated On Palmetto Avenue.

There has been much discussion about the efficiency of the four wheel brakes on automobiles since they have been put on the market but it remained for the Oakland True Blue line to demonstrate what a car would do on wet asphalt yesterday. J. W. Bishop of Detroit was the driver and with him were L. B. Shipp and J. E. McCrea of the Atlanta branch of the Oakland Company.

Palmetto avenue from Third to Second was roped off and wet down by Fire Chief Paxton and Emmett Hunt of the local Oakland branch drove a car with the old two wheel brakes on it. The car skidded and swung clear around facing in the opposite direction. Then the new Oakland four wheel brake car was driven at a speed of forty or more and hitting the wet asphalt was stopped almost instantly and did not skid an inch only the momentum of the car carrying it forward a short distance. It was demonstrated several times and to the entire satisfaction of the big crowd present. Harry Kent, the local dealer and other auto dealers were present and the demonstration was greatly enjoyed as it showed the efficiency of the four wheel brake as the cars could not and did not skid an inch. Mr. Kent is very enthusiastic over the Oakland and especially over the beautiful new True Blue Oakland that is causing such a furore in automobile circles.

**SPANISH MOSS.**

Thief, shod with velvet of a twilight hue,  
Footing with stealthy silence through the air  
To penetrate the proudest, highest towers,  
Of green, magnificent and lusty life  
Where treasure has its habitat in leaf  
And branch and flower, exquisite and pure,  
Fastening your inexorable coils  
About the helpless and the innocent!

Let strive the wind his utmost, or the sun,  
To balk you of your secret, drea'd intent,  
You do but rob them first,—out of their spoils  
To build your evil structure yet more strong,  
And so climb by their aid to glorious heights  
For most inglorious ends—to steal from, starve,  
And ultimately murder every host  
You force to labor you! Not glutted yet  
You fashion tattered banners of dull drab,  
And, cynical assassin to the last,  
Wind him within a moldy, ragged shroud  
Before he even yields his final breath.

We submit the following tests made by the United States Bureau of Standards, regarding the economical and extravagant use of gas.

In making their tests the United States Bureau of Standards used a light aluminum utensil holding two quarts of water which was filled and kept over the flame in each case until the water was evaporated. The results were:

Test No. 1. It was found that with a lid on the utensil, violent boiling (gas on full) consumed about nine times more gas than was necessary to maintain gentle boiling. Violent boiling required eighteen cubic feet of gas an hour; gentle boiling required two cubic feet.

Test No. 2. For gentle boiling about five times as much gas was used with the lid off; with lid off 10 cubic feet an hour; with the lid on, two cubic feet an hour.

Test No. 3. When violently boiled, water evaporated about as quickly with the lid on as with the lid off, and consumed the same amount of gas.

Test No. 4. Gentle boiling evaporated water about six times as fast with the lid off as with the lid on.

The report also says: "Many cooking processes require the heating of the water up to boiling and the maintenance of boiling temperature, 212 degrees Fahrenheit, until the food is cooked. Some people forget or do not know that water cannot be heated to a temperature higher than 212 degrees F. (except in a steam boiler) and that violent boiling does not accelerate the speed of cooking."

The above is submitted for our customers in the hope that they will receive benefit therefrom. A satisfied and pleased customer is our best asset. We are always ready and willing to serve our customers to the best of our ability.

SOUTHERN UTILITIES COMPANY

H. R. ROSEBRO, Manager.

The 1924 Model Studebaker Light-Six Touring Car \$995

The unprecedented popularity of the Studebaker Light-Six can be traced to the fact that it represents a degree of automobile value that the public has sought for years.

It is built complete in the great Studebaker factories.

By manufacturing complete motors, transmissions, axles, frames, bodies, tops, castings, forgings, and stampings, parts-makers' profits are eliminated from costs, and one profit only is included in Studebaker prices.

Phone or call for demonstration.

POWER & COMFORT

**Ford**  
THE UNIVERSAL CAR

**New Roadster**

Business men—with whom the runabout has always been very popular—are well pleased with the changes embodied in this model.

Always rugged, the car has been made decidedly trimmer and more comfortable.

This result is obtained by raising the radiator and enlarging the cowl, making a decided improvement in looks and providing more leg room.

A well designed top and slanting windshield do their share toward adding a finished, clean-cut appearance.

Make it a point to see the other new models also on display in the nearest Ford dealer's show room.

These cars can be obtained through the Ford Weekly Purchase Plan.

Annual Seminar For Farmers Of East Coast

DAVIE, Fla., Nov. 3.—An appeal to the authorities of the Florida College of Agriculture to give the farmers of Southeast Florida an annual seminar, was one of the outstanding features of the gathering here this week of more than 200 Broward county farm people to study various problems confronting tillers of tropical Florida soils, particularly in the Everglades.

Expressed sentiment of the local growers and truckers was that being far removed from the central part of the state it is difficult and impractical for them to take advantage of the facilities provided by the state through its agricultural institutions. Another reason which prompted the action was the fact that local agriculture is so foreign to that of most other areas of the state that no particular advantage is to be gained by bringing many sections together for the intensive study of agriculture.

The resolution asking for the annual seminar, called for co-operation of all local organizations, agricultural, business, civic and otherwise, for the successful conduct of such a seminar as the state's authorities may find it possible to give.

Appearing and taking part in the program of the day were Dean William Newell, Prof. A. P. Spencer, Ed. L. Ayers and Frank Stirling of the College of Agriculture and state plant board, County Agent J. S. Rainey of Dade county, and Prof. James Silver of the United States department of agriculture.

The first farmers' rally in Broward county, and of Davie farmers in particular, was arranged by local community leaders and boosters of the "Empire of the Everglades." Active among these leaders are C. A. Walsh, H. M. Veile, and Ilay Jenne, all of Davie. S. H. Wimberly was chairman of the day's program.

ONE IN TEN Neglecting a little wound, cut or abrasion of the flesh may in nine cases out of ten cause no great suffering or inconvenience, but it is the one case in ten that causes blood poisoning, lockjaw or a chronic festering sore. The cheapest, safest and best course is to disinfect the wound with liquid Borozone and apply the Borozone Powder to complete the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 30c, and 60c. Sold by Union Pharmacy.

Young man with experience in fruit and produce business in northwest desires position. Have bought and sold also familiar with traffic and cold storage. Address G. S. care of Herald. 186-2tp.

LLOYD GEORGE PAYS VISIT TO OYSTER BAY NATIONAL SHRINE

(By The Associated Press) OYSTER BAY, N. Y., Nov. 2.—A sturdy little pilgrim, with flowing gray hair, toiled up the stony path of the cemetery in Oyster Bay yesterday and placed upon the mound of fading blossoms that almost covered a grave a fresh wreath of bay leaves on which was the inscription:

"To the memory of a powerful and attractive personality who fought the good fight with radiant valour."

A tiny white square of pasteboard with the name "D. Lloyd George" was tucked into the foliage.

A moment of wistful gazing, a movement of lips in prayer; a sigh—such was the tribute a former British premier paid to the memory of Theodore Roosevelt.

Lloyd George made the trip from the estate of John W. Davis in Locust Valley, where he is a guest. He was accompanied only by Mr. and Mrs. Davis, a chauffeur and a Scotland Yard detective.

NEW YORK, Nov. 2.—Conviction that the future of civilization depends upon British and American flags flying side by side in comradeship was expressed by David Lloyd George last night in an address before the Lotus Club. The two countries, he declared, would benefit the world by adopting a policy based upon mutual understanding because, he asserted, they never would unite upon any policy of aggression or of oppression against neighbors.

MANILA, Nov. 2.—Another earthquake shock, fourth in three days lasting about ten seconds was felt here this afternoon. No damage has been reported.

For quick results try a want ad.

Sunday school at 9 a. m. Low Mass at 10:30 a. m. Sermon on the gospel of the day. Benediction of the Blessed Sacrament.

Low Masses during the week at 8 a. m. Bazaar meeting as usual, Tuesday afternoon at 9 p. m. Strangers welcomed to all church services.

ADVERTISE AND KEEP ADVERTISING IS SLOGAN OF NEW ORLANDO CLUB

"Advertise and keep on advertising" seemed to be the keynote of the first rally dinner of the Orlando and Orange county advertising club at the Monogram, the new dining room of the Orlando Business and Professional Women's club. There were 108 present including the members of the Ad Club and invited guests. Karl Lehmann, president of the club, presided as toastmaster, while S. Kendrick Kuernsey, secretary of the Orlando Chamber of Commerce, led the singing. The chief address of the evening was delivered by William B. Powell, secretary of the Lake county Chamber of Commerce.

The first speaker introduced was N. P. Yowell, president of the Yowell-Drew company, who declared that every successful business has to be advertised. "You must tell the people about what you have to sell," he said, "and the newspaper is the medium." He recounted the growth of Orlando, congratulated the club and declared that advertisers everywhere were telling the world about Florida, and he opportunities.

H. H. Dickson, president of the Dickson-Lives company, and one of the pioneer good roads enthusiasts of Florida, talked on "Good roads and Business." He declared that prosperity followed the good roads and promoted business. He briefly told of the primitive highways in Orange county in the early days and spoke of the marvelous changes which road construction has brought about.

Miss Adolphine Hein read a telegram of congratulation from the Woman's Advertising club of Toledo. Miss Hein is chairman of the "On to London" committee and insisted that the Orlando and Orange county club should send a large delegation to the convention of Associated Advertising Clubs of the world, which will meet in London next year. Miss Hein was one of the active organizers of the local club and is assistant advertising manager of the Yowell-Drew Company.

An excellent address was delivered by Miss Gertrude Delaney, who advanced many helpful ideas whereby the Ad club can assist in solving some of the problems confronting the post office.

Frank Kay Anderson, vice-president of the Carr Advertising Agency, briefly touched upon the many advan-

Red Cross Aid to Disabled Ex-Service Men Increasing

DISABLED VETERANS IN HOSPITALS RECEIVE INDIVIDUAL AID FROM RED CROSS WORKERS

Washington—Five years after the armistice ending the World War, reports of American Red Cross services in behalf of the men who wore the uniform of the United States refuse any belief that conflict exists that the wounds of that conflict are nearly healed.

In this activity \$5,886,255 was expended by Red Cross Chapters and the national organization during the last year.

One problem in which the Red Cross alone is meeting a financial demand is that of the transient disabled ex-service man and his family who must be cared for while traveling from place to place. In personal loans and grants to these travelers \$138,534.71 was spent during the year. The variety of Red Cross service also embraces straightening out complicated claims, supplying recreational equipment to veterans' training centers, furnishing capital for disabled veterans' small businesses, hospital service, medical social service, information service, recreation and

LONG DISTANCE TELEPHONE IMPROVEMENTS

JACKSONVILLE, Nov. 3.—The Southern Bell Telephone and Telegraph Company plans to spend more than a million dollars in improving long distance service in Florida, according to a statement by R. L. Boyd, local district manager for the company. Fifty-nine new long distance circuits will be constructed to virtually every corner of the state. Approximately 2,500 miles of new wire will be strung.

THE GLORY GRABBER.

The biggest thief I ever knew was a man who stood well in his profession and in his church. He called his class by their first names. The minister counted heavily on him, and the old ladies set much store by him. Nevertheless, he was a thief. But he stole things for which one could not jail him; he was a credit kleptomaniac. He was a glory-grabber.

One could not advance any plan, from widening the Suez Canal to leveling the Himalayas, but he would slide forward on the edge of his chair and with uplifted finger say impressively, "Ah, that is a thought I have been working on for years. If you will come to my office, I will show you the blue prints on that very idea."

Let a man advance any scheme for securing world peace, for harmonizing capital and labor, for making hair grow on bald heads, and he would interrupt you with a story of how six years ago he had presented that same plan in an address before the Amalgamated Order of Associated Anglers of America. Refer to anyone's praise-worthy accomplishment and he would hasten to say that he had told that person how to do it or had done it for him.

He was so busy trying to cop the credit for doing the things that other people did he had no time for achievement himself.

Many of us have a tendency toward glory-grabbing, and the less we accomplish, the more we are inclined to grab. It sometimes comforts us to make believe we are somebody, just as the little girl likes to get into mamma's clothes and pretend she is a grown-up lady.

The greatest braggart I ever heard was a man who lived in an almshouse and was allowed to do odd jobs around the neighborhood to keep him in tobacco. He bragged because he longed to be the man that he bragged he was.

But there is no point in pretensions of that sort. It is the emptiest kind of satisfaction. We do not fool ourselves and we do not fool anybody else.

What is the use of a seat on the platform unless it is given as a recognition of true merit? What is the advantage of getting into the procession next to the President's carriage unless we are put there as a well-earned distinction? It is simply getting into Grandfather's uniform and playing we helped to clean 'em up at Bull Run.

Glory craving can become pernicious. I witnessed the unfortunate spectacle of one of our great national war heroes, who, when his fame began to wane, as the war drifted farther and farther into the background, attempted to continue in the public eye by letting his picture in full uniform appear in a half page patent medicine advertisement.

The effect on ourselves is more beneficial, the effect on others is more pleasing, and the net result is more constructive, if we take only that glory that is logically awarded us and to which we are legitimately entitled.—DeLand News.

AIKEN, S. C., Nov. 2.—Policeman Charlie Johnson was fatally killed here last night by Harry Thompson, a negro, who in turn was killed by Chief Jesse George. Chief George was shot in the arm by the negro.

TOO MANY WORDS Wordy, windy people are a treacherous bore. They buttonhole you and sputter in your face for fifteen minutes when they can say it all in sixty seconds. I have several acquaintances who have large possibilities along conversational lines. But a superfluity of words takes the punch and point out of everything they say. Many a man has talked himself out of a job or an order. A man was trying to sell me a car not long ago. He had me sold. I was opening my mouth to tell him so, when he launched into a long line of reasons why his car was superior to a certain other make of car. Whereupon, I closed my mouth and decided I would take a look at that other car. Mark Twain said he sat in a congregation listening to a minister plead for a large contribution. The plea was so eloquent and effective he decided to give five hundred dollars. But the preacher talked so long that when the collection plate was finally passed, Mark reached in and took a nickel out of it. I once listened to a speaker argue for an hour and a half to prove that Jesus was a unique individual, while everyone in the congregation was ready to admit it at the start. The short story has reached its highest development in this country. That is because the United States insists that things must be "snappy." He demands that the three hundred thousand word novel be boiled down, so that he may read it in a hurry and be on his way. That is what the average present-day reader has against the old-time literature. It is too prolix. This is not always the case, however. One of the shortest short stories I ever read is to be found in the sixteenth chapter of Second Chronicles: "Asa, in the thirty and ninth year of his reign was diseased in his feet, until his disease was exceeding great: Yet in his disease he sought not the Lord but the physicians. And Asa slept with his fathers."

INCOME TAX FORMS ARE AVAILABLE IN FLORIDA

The following statement is issued by Collector of Internal Revenue D. T. Gerow for the district of Florida: Forms 1090 and 1096 for filing returns of information are available today at the office of collector of internal revenue, Jacksonville, Florida, and the following branch offices: Tampa, Miami, Pensacola and Key West, Florida. The early release will be of aid to firms, corporations and businesses employing large forces, which annually are required to report to the commissioner of internal revenue at Washington payments of \$1,000 or more made during the preceding calendar year. A separate return of information for each employe whose salary for 1923 was \$1,000 or more is required of employers on form 1090. Form 1096, on which must be shown the number of separate returns, serves as a letter of transmittal. Banks and similar organizations are required to report interest paid or credited to a depositor if the total during the year equalled or exceeded \$1,000. Information returns are carefully checked with individual returns. If in a tax payer's individual return a payment reported on an information return is omitted, action by the bureau of internal revenue follows: Copies of the forms will be sent to those who filed similar returns for 1922. The filing period is from January 1 to March 15, 1924.

FLORIDA CAN FURNISH ROOM FOR EVERYBODY.

There need be no hesitation expressed by those of the North and West as to the ability of Florida to furnish accommodations for all who may seek its salubrious climate, its manifold attractions, its varied scenery, its sunny days and its comfortable nights.

Florida is a large state. In area it exceeds New York by considerable; the Empire State having 30,476,800 acres, while Florida strikes the mark at 37,545,200 acres.

Visitors to Florida need have little fear that they are about to endure the hardships that pioneers of years ago felt when the Middle West and the extreme West were being subdued from the wilderness of nature to answer the demands of man.

SELF HELP IS THE VERY BEST KIND OF HELP.

Newspapers are commenting on the recent achievement of the little town of Lawrenceburg, Tennessee, in launching a municipal project that has been just like a gold mine in that it has made the municipality self-sustaining.

Another Fishing Trip About Shot

The little stream on which the town is located. Of course there was much opposition by the moss backs who insisted that the plan if carried out would only add to the already great burden of taxation and result in no practical good to anyone.

Speaking on that subject before the Associated Industries of Massachusetts recently, Judge Thompson, chief justice of the supreme court of Illinois, said, in attacking the present craze for law-making:

"The surest remedy is to enforce strictly all laws that are passed and an outraged people will immediately rise up in righteous rebellion and bring about a prompt repeal of existing paternalistic legislation, and make legislative bodies more of the true spirit of American government.

A TIMELY WARNING.

Gradually, it is being more and more realized that this fair land of ours is rapidly becoming law ridden and tax ridden, to an extent that actually threatens our existence.

taxation to provide for the luxuries in public works that are constantly being demanded in an ever increasing degree.

Continuing his remarks upon the tendency to more and more public expenditure, the judge said: "The brave heart of American business is being broken by government intermeddling and the individual citizens are constantly reminded of the ever-ready jailer.

TOUR FLORIDA CITIES

In his latest issue of the Florida Bull, Isaac Van Horn, developer of Haines City and now engaged in establishing another Polk county town that will eventually be one of the model communities of the South, Polk City, makes plain his position as an unprejudiced booster for Polk county and its northern section in particular.

OUR FLORIDA CITIES

In his latest issue of the Florida Bull, Isaac Van Horn, developer of Haines City and now engaged in establishing another Polk county town that will eventually be one of the model communities of the South, Polk City, makes plain his position as an unprejudiced booster for Polk county and its northern section in particular.

result so astounding that the whole of Polk county will wonderfully benefit. That the man of both cities working together on broad lines will bring great results.

Each one of the four has a wonderful future and are certain to become four of the important cities of Florida. They are connected on the main line of the Coast Line from Jacksonville to Tampa and each one has an individuality of its own which make such a coalition very desirable in many ways.

RUSHING GREEN FRUIT TO MARKET.

There is no greater enemy of the citrus industry of either Florida or California than the grower who ships immature fruit to the markets. He knows that he does his follow-growers great injustice by damaging the reputation of the fruit from his state, but he does not care if he can secure the high price paid for first citrus fruits.

Some varieties of the orange, however, are still green in hue when ripe, by the time they have become yellow naturally they are past maturity. It is recognized that it is entirely legitimate to color such fruit artificially. The only criterion to be followed is that they possess the proper proportion of sugar to acid—the "acid test."

most attractive feature of California the California Cultivator, giving his experiences while on a trip to the East. He expresses astonishment at the poor quality of the deciduous fruits of his state which he saw exposed for sale on fruit stands or served on the tables of his friends.

Florida can sympathize with California in this particular. Publicity, backing law enforcement, is probably the most efficient cure for this evil.

What do the people want? No one has ever been able to answer that question satisfactorily. You may get some idea from "Mrs. and Mr. Polly Ticker."

SERIOUS BLADDER TROUBLE

"Could not stand nor sit and was forced to cry out from intense pain," writes Henry Williams, Tarkio, Montana. "The doctors said I had inflammation of the bladder and an operation was necessary. Tried Foley Kidney Pills and improved at once. Tell all my friends about Foley Kidney Pills and perhaps, as in my case, a dangerous operation."

The Sanford Dry Goods Company, located at the corner of Second street and Sanford avenue, is making very attractive prices on men's and boy's clothing. Their stock is new and the store located out of the high-rent district and their expenses are reduced to a minimum and they pass the saving thus made on to their customers.

China may unite against her bandits. Then the bandits may start coal mines in America.

Mohey is a bad substitute for digestion.

Princeton vs. Swarthmore at Princeton, N. J.  
Williams vs. Mass. Aggies at Williamstown, Mass.  
Yale vs. Army at New Haven, Conn.

## PROFESSIONAL FOOTBALL MENACE TO GAME

CHICAGO, Nov. 2.—Branding professional football as a "menace" working for the destruction of the college game, Amos Olonzo Stagg, sixty-two year old director of athletics at the University of Chicago, last night addressed a letter "to all friends of college football" urging them to refrain from in any manner encouraging the professional sport. Stagg, whose reputation for the development of amateur athletics has made him a national figure, declared that "professional Sunday professional football is to co-operate with the forces which are destructive of the inter-scholastic and inter-collegiate football, and to add to the heavy burden of the schools and colleges in preserving it in its ennobling worth."

Declaring that football when played with the amateur spirit, possessed more elements for the development of character and manhood than any other sport. Coach Stagg said that "if you believe in preserving inter-scholastic and inter-collegiate football for the upbuilding of the present and future generations of clean, healthy, right-minded and patriotic citizens, you will not lend your assistance to any of the forces helping to destroy it."

"There is nothing a bunch of gamblers will not do for their purpose, and quite often they carry along with them the support of a group of well-meaning citizens" the veteran coach wrote.

## MIAMI NEXT TO PLAY SANFORD HIGH HERE

Hey-L. Cats Will Be Here Armistice Day, November 12.  
After today's game with the Pilatka Pals the locals will go into hard training for the game with Miami High who will meet the Celery Feds on Hood Field Armistice Day (week from Monday). This is to be the premier game of the season in all probability, as Miami was the only team to beat Sanford High last year and the Celery Feds are blood thirsty to trounce them in the same manner.

Miami slightly outweighs the locals, being around 150 while the locals are classed at 150. Miami is still among the undefeated of the state, though today's game with the Duval Tigers may change their standing.

Coach Wilkinson is confident that if the Duval Tigers cannot break the winning streak of the Hey-L. Cats that the locals can at least give a good account of themselves and in all probability put a crimp in whatever championship aspirations the Miami boys may have.

The locals have been practicing faithfully for the Palatka game which is to be played here today and are as fit as fiddles for the upstate boys. Immediately after this game the High school boys will go into their hardest training of the season to meet the Miami boys when they come up here for their second upstate trip of two weeks.

## COUGHS, COLDS, WHOPPING COUGH

Mrs. Will Hall, R. No. 3 Baxley, Ga., states: "I am writing to all who suffer from coughs, colds, croup or whopping cough. I cannot recommend Foley's Honey and Tar too much, and I can't keep house without it. Have been using it since 1919 and have found it the best medicine there is for grown-ups and children." Best and largest cough and cold remedy in the world. Refuse substitutes. Sold everywhere.

## BRUISED ORANGES ARE CULLS

GAINESVILLE, Nov. 3.—Almost every orange that is thrown out as a cull has the green spot characteristic of bruised fruit from the coloring room, according to counts made for one day in Marion county packing houses. To be exact, 97 per cent of the culls had the green spots. Seventeen percent were unfit in order respects. In making this report to the Florida College of Agriculture, County Agent K. C. Moore added "This is by no means conclusive proof that this figure will hold as the crop average, it being, simply the conditions found in one day's survey." However, these figures mean that fruit is being handled too roughly, since investigations have proved that green spotting is caused in most cases by rough handling, he added.

## LET'S GO! FLORIDA STATE FAIR

Jacksonville  
NOVEMBER 15-24, 1923

## BISHOP, STAR ANGLER, GOES TO FLORIDA

Fred A. Bishop, president of the Long Island Casting Club, one of the best known fishing and angling organizations on the Atlantic Coast, is on his way to Jacksonville, Fla., today aboard the steamship Comanche, where for the next six weeks he will try his hand with some of the "game" fish which infest the waters off the Florida keys. Bishop, a New York steamship man and a life resident of Brooklyn, for more than thirty years has visited the Florida coasts annually on fishing expeditions. During that time the veteran has broken three different records with rod and reel. He was given a rousing send-off by a large number of friends and fellow members of the Long Island Casting Club who were at the pier to see him depart. Bishop has been president of the Long Island Casting Club for five terms, being elected each year by the members.—From New York American, Oct. 18.

## WILLIAM VANDERBILT MARRIES MISS DAVIES

NEW YORK, Nov. 2.—Wedding bells pealed from historic Grace Church yesterday to announce the union of two old American families through the marriage of William H. Vanderbilt, fifth generation descendant of Commodore Cornelius Vanderbilt, and Miss Emily O'Neill Davies, daughter of Mrs. Frederick Martin Davies.

## DOLLARS INVESTED IN COUNTRY CLUBS BRING RETURNS.

Speaking on general principles, no city of any pretensions whatever is without a creditable country club and golf course. Aside entirely from the pleasure which comes from membership in such an enterprise by the people of the home town, is the very effective advertising value of being able to offer these facilities to the visitor. Many Florida cities boast of not one club but half a dozen, scattered here and there in the most charming surroundings, out in the great, wide open where men and women get close to nature and where the surroundings are such as to inspire those essential factors of our mental machinery as enable the human being to get a new grip on himself or herself and the problem that confront us in our daily grind. As for the season visitor, the time has passed when people are content to sit down on the park bench or take up a strategic position in some automobile the better to watch the passing throng. People of red blood, used to a certain amount of out-of-door life are not content to waste time in that way they want action and they will have it, if not in this place or that, then somewhere else.

The formal opening of the new club house on the beautiful grounds of the Lakeland Country Club, is an important event of today. This new building replaces an old home destroyed by fire just at the time when its remodeling for club house purposes was about to be attempted. The location on the south shore of Lake Parker is ideal. Much money has been spent on club house and grounds; much more is still needed before Lakeland can do much boasting. But the greatest credit is due all those who have so loyally stood by what may well be termed a real asset to Lakeland. A wonderful start

## JEWETT SIX

PAIGE BUILT

### Think of an Enclosed Jewett at \$1325

Never a Body Built Like This Brougham—Baked Enamel Finish, Wood Frame

THIS new 5-passenger Jewett Brougham is a triumph of enclosed body construction. Never was such a body built before. And it's not to be had on any other car. An enclosed Jewett FOR BUT \$1325!

Paige designers have done what was said to be impossible—combined a permanent baked enamel finish ALL OVER THE CAR on steel panels—with a wood frame. Wood, because wood absorbs vibration, eliminates "drumming" and reduces noise to nil.

Each steel body panel is dipped in enamel and baked three separate times, with a rub between each coat, then fastened to the wood frame. Baking is done separately because the intense heat required to bake enamel would warp wood.

Jewett Brougham has a smart, glossy, permanent finish ALL OVER THE CAR that you see on fenders ONLY of other cars. It stays good-looking—no attention needed other than washing. You'll marvel at this finish achieved by Paige engineers.

Cleverest seating arrangement for 5 adults you ever saw! Two individual front seats, both folding forward. Easy entrance and exit for all passengers on either side. Ample leg room front and rear. Rear seat 46½ inches wide, seats three. Rear cushion is removable, giving ample carrying space for merchandise, luggage or sample trunk.

And this new type Brougham is mounted on the famous, sturdy Jewett Six chassis. You know what that means—full 50 h. p. 6-cylinder motor, giving a closed car with open car performance. From 2 to 60 miles an hour in high; beats most any car's time up any hill; picks up from 5 to 25 miles an hour in 7 seconds, in high.

In all our experience we've never seen a closed car of such character and merit for \$1325 factory. Come in. Sit in it. Examine all its features. Drive it—today!

### FLORIDA CAN FURNISH ROOM FOR EVERYBODY.

There need be no hesitation expressed by those of the North and West as to the ability of Florida to furnish accommodations for all who may seek its salubrious climate, its manifold attractions, its varied scenery, its sunny days and its comfortable nights. Propaganda sent from this state to all portions of the country tell of the remarkable influx by auto and by train of the thousands from all sections of the United States; yet there need be no alarm felt lest there be no more room.

Florida is a large state. In area it exceeds New York by considerable; the Empire State having 30,476,800 acres, while Florida strikes the mark at 37,545,200 acres. So large is Florida that every man, woman and child in the state of New York, including the metropolis itself, might locate here and find "an idle acre" for each, in spite of the fact that there is a considerable area of the state occupied by lakes and rivers. In other words, Florida with its million population, has room to care for another ten million without crowding any of them off its thousand miles of ocean and gulf frontage. Only by comparison can full appreciation of the extent of size or distance be gained.

Visitors to Florida need have little fear that they are about to endure the hardships that pioneers of years ago felt when the Middle West and the extreme West were being subdued from the wildness of nature to answer the demands of man. There is no locality "far from the busy marts of trade." None have ever been turned away from the state because of lack of space, nor from lack of anything. There is room for all, in spite of the fact this season is proving the greatest ever known.—Palatka News.

### SELF HELP IS THE VERY BEST KIND OF HELP.

Newspapers are commenting on the recent achievement of the little town of Lawrenceburg, Tennessee, in launching a municipal project that has been just like a gold mine in that it has made the municipality self-sustaining. It seems that only a few years ago Lawrenceburg was a straggling little one-street town without paved roads or any of the comforts to be found in any wide-awake community. One day a local genius conceived the idea of throwing a dam across

### Another Fishing Trip About Shot

the little stream on which the town is located. Of course there was much opposition by the mos backs who insisted that the plan if carried out would only add to the already great burden of taxation and result in no practical good to anyone. But the genius found enough people who had faith in his project to back him up and put the thing through. The dam was built, turbin generators were installed and within a year the town was supplying its residents with electricity at 4 cents per kilowatt. Not only is the place well lighted, but the electric current is being used for domestic purposes in heating dwellings and in the kitchen for cooking.

What has happened? Lawrenceburg has paid off every cent of indebtedness, has paved its streets, built sidewalks, installed a sewer system and created a cash reserve in the banks. Its credit is 100 per cent. What is the lesson for the average municipality? It is that with efficient management, intelligent administration and co-operation between the people and the civic administration, it is possible to achieve truly great things. Municipal ownership of public utilities is the proper program to follow when that ownership is made effective by conscientious and trained officials who are carefully chosen because of their fitness and not for political reward. In other words, the case of Lawrenceburg is another example of business efficiency as opposed to political expediency.—Lakeland Star Telegram.

A TIMELY WARNING.  
Gradually, it is being more and more realized that this fair land of ours is rapidly becoming law ridden and tax ridden, to an extent that actually threatens our existence. On the one hand, there is the immense pressure upon our law making bodies for more and more regulation, for more and more state or national aid in procuring the things that the people ought to provide for themselves, and for greater burdens of

taxation to provide for the luxuries in public works that are constantly being demanded in an ever increasing degree. On the other, is the growing class of thinking men who see that there must be a pause in this reckless imposition of law and taxation, if we are to save our form of government and our civilization. Speaking on that subject before the Associated Industries of Massachusetts recently, Judge Thompson, chief justice of the supreme court of Illinois, said, in attacking the present craze for law-making: "The surest remedy is to enforce strictly all laws that are passed and an outraged people will immediately rise up in righteous rebellion and bring about a prompt repeal of existing paternalistic legislation, and make legislative bodies more of the true spirit of American government. We Americans today awakened from a peaceful sleep to find in the place of the land of freedom a land of regulation. Our federal government is now in the death throes over indulgence and until it regains the strength of its youth we should not add to its agony by feeding it more local problems."

Continuing his remarks upon the tendency to more and more public expenditure, the judge said: "The brave heart of American business is being broken by government intermeddling and the individual citizens are constantly reminded of the ever-ready jailer. Government job holders are stepping on each other's heels and new jobs are being created daily." If a few more men of standing and ability will unite in this serious warning to the American people, perhaps something might be accomplished in the way of damping the flood of legislation and the constant interference with the ordinary rights of the individual. The country needs a thorough awakening with reference to both matters, an awakening that would have its influence upon those men whom we send to our state legislatures and to congress.—Miami Herald.

TOUR FLORIDA CITIES  
In his latest issue of the Florida Bull, Isaac Van Horn, developer of Haines City and now engaged in establishing another Polk county town that will eventually be one of the model communities of the South, Polk City, makes plain his position as an unprejudiced booster for Polk county and this northern section in particular. The following paragraph affords an insight into his fair and generous attitude toward Lakeland, an attitude that will meet an instant and cordial response by the people of this growing city which is glad to claim Isaac Van Horn as a friend: "The writer was asked during the past week why he had included Lakeland in his work in Polk county along with Haines City and Polk City, that the natural competition between Haines City and Lakeland would to make such a position untenable. After a close study of the situation for a period of over six years, we believe just the reverse is the true situation. That development already assured in the tributary territory made certain the future of both as large commercial cities and that their interests were mutual and working together in harmony could produce a

result so astounding that the whole of Polk county will wonderfully benefit. That the man of both cities working together on broad lines will bring great results.

There are four cities in Florida that should work together: Sanford, Orlando, Haines City and Lakeland. Just as the cities and towns on the East Coast work together to get publicity for their section generally, so should these four cities work together in union for Central Florida. Each one of the four has a wonderful future and are certain to become four of the important cities of Florida. They are connected on the main line of the Coast Line from Jacksonville to Tampa and each one has an individuality of its own which make such a coalition very desirable in many ways. They are so situated as to distance that their tributary territory is exclusive and non-competitive and sufficiently great to assure the rearing of four influential cities of importance and large population."—Lakeland Star-Telegram.

RUSHING GREEN FRUIT TO MARKET.  
There is no greater enemy of the citrus industry of either Florida or California than the grower who ships immature fruit to the markets. He knows that he does his fellow-growers great injustice by damaging the reputation of the fruit from his state, but he does not care if he can secure the high price paid for first citrus fruits. The northern consumer who gets a sour, tasteless orange, or an unduly sour and bitter grapefruit which he cannot eat with any pleasure, is apt to condemn citrus fruits in general or, if he is wiser, to wait the next season until he is sure only ripe fruit is coming to market before he buys. This has a tendency to depress the market for the earlier fruit. Fruit that is green in color as well as immature will not sell, of course. But the shipper of immature fruit knows how to stimulate the hue of maturity by the application of heat. In so doing, however, he may run against the pure food law of the United States. Under this his fruit is liable to confiscation and already carloads of oranges have been seized by the authorities at New York and Philadelphia. Prosecutions may follow and the selfish eagerness of such fraudulent shippers is likely to bring them some unpleasant experiences. Whatever is done to punish those who thus injure the market for good fruit is a benefit to Florida.

Some varieties of the orange, however, are still green in hue when ripe, by the time they have become yellow naturally they are past maturity. It is recognized that it is entirely legitimate to color such fruit artificially. The only criterion to be followed is that they possess the proper proportion of sugar to acid—the "acid test." California has a similar problem. Not only citrus but other California fruit is shipped long before it is ripe in too many instances. That is so much further from the eastern markets than Florida is that the temptation to ship immature fruit is the stronger. In such case competition is the death, not the life, of trade. Myer J. Hopper, of the University of California, contributes an article to the paper which has acquired much, if any, sugar or even the high color which is the

most attractive feature of California the California Cultivator, giving his experiences while on a trip to the East. He expresses astonishment at the poor quality of the deciduous fruits of his state which he saw exposed for sale on fruit stands or served on the tables of his friends. Used as he was to the ripe fruit at home he could not eat this fruit that had been plucked for shipping before fruit. He gives instances of the frauds which the greed of some California growers inflict upon eastern dealers in and consumers of the fruits of that state.

Florida can sympathize with California in this particular. Publicity, backing law enforcement, is probably the most efficient cure for this evil.—Times-Union.

What do the people want? No one has ever been able to answer that question satisfactorily. You may get some idea from "Mrs. and Mr. Polly Tick." 186-ltc.

SERIOUS BLADDER TROUBLE  
"Could not stand nor sit and was forced to cry out from intense pain," writes Henry Williams, Tarkio, Montana. "The doctors said I had inflammation of the bladder and an operation was necessary. Tried Foley Kidney Pills and improved at once. Tell all my friends about Foley Kidney Pills, suffering and perhaps, as in my case, a dangerous operation." Bladder and kidney trouble demand prompt treatment. Foley Kidney Pills give quick relief.

The Sanford Dry Goods Company, located at the corner of Second street and Sanford avenue, is making very attractive prices on men's and boy's clothing. Their stock is new and the store located out of the high-rent district and their expenses are reduced to a minimum and they pass the saving thus made on to their customers. Try the Sanford Dry Goods Company once, anyway.

China may unite against her bandits. Then the bandits may starve coat mines in America.  
Mohey is a bad substitute for digestion.

### SENTIMENT—Old and New

#### A FRIEND OF MINE

When you are happy, friend of mine,  
And all your skies are blue,  
Tell me your luck, your fortune fine,  
And let me laugh with you.  
Tell me the hopes that spur you on,  
The deeds you mean to do,  
The gold you've struck, the fame you've won,  
And let me be jolly—with you!

When you are sad and heart a-cold,  
And all your skies are dark,  
Tell me the dreams that mocked your hold,  
The shaft that missed the mark.  
Am I not yours for weal or woe?  
How else can friends prove true?  
Tell me what breaks and brings you low,  
And let me stand with you!

So when the night falls tremulous,  
When the last lamp burns low,  
And the one of us or both of us  
The long lone road must go.  
Look with your dear old eyes in mine,  
Give me a handshake true;  
Whatever fate or souls await,  
Let me be there with you!

—Andrew Chapman in the Kansas City Star.

## MILANE NEWS

Lester Richards Vaudeville Review today in a big double black face bill.

Your last chance to see the two funny black face comedians, Richards and Walsh.

Two shows will be given tonight. First show starting at 7 o'clock sharp.

On the screen today Wm. Fox presents Wm. Russell in the "Alias the Night Wind."

A drama of the underworld that proves convincing.

A story of city lights and shadows.

Outlawed youth and mystery girl.

High power action in "Alias the Night Wind."

One of those mystery plays that keep you holding on to the arms of your theater chair.

Comedy—Cupid, Elephant, also Mutt and Jeff.

Monday—Doug Fairbanks in "The Nut."

Don't miss Lester Richards and Company of Vaudeville favorites to-day your last chance to see them.

### WEATHER CHANGES CAUSE SICKNESS

Extreme changes of weather during Fall cause many colds and coughs. For quick relief from throat, chest and bronchial trouble, coughs, colds and croup use Foley's Honey and Tar. Contains no opiates—ingredients printed on the wrapper. Largest selling cough medicine in the world. "Foley's Honey and Tar is the most pleasant and efficient remedy for coughs and colds that I ever saw," writes Wm. Jones, El Dara, Illinois.

Robbers run great risks. In Oakland, Ill., 12 robbers posed as hunters without being shot.

### WHAT IS SLATED ON THE GRIDIRON TODAY

The following is the schedule of the major games in the various sections of the country tomorrow afternoon:

- South.**
- Tulane vs. Tennessee at Knoxville, Tenn.
- Auburn vs. Georgia at Columbus, Ga.
- Georgia Tech vs. Alabama University at Atlanta, Ga.
- Chattanooga vs. Sewanee at Chattanooga, Tenn.
- North Carolina U. vs. South Carolina U. at Columbia, S. C.
- Washington & Lee vs. Virginia University at Lexington, Va.
- Florida vs. Mercer at Gainesville, Fla.
- Vanderbilt vs. Mississippi (A. & M.) at Nashville, Tenn.
- Wake Forest vs. Furman at Greenville, S. C.
- V. P. I. vs. Clemson at Blacksburg, Virginia.
- Emory and Henry vs. V. M. I. at Lexington, Va.
- Hampden-Sidney vs. William and Mary at Norfolk, Va.
- University of Mississippi vs. Birmingham-Southern at Oxford, Miss.
- Milspal vs. Howard at Birmingham, Ala.
- Davidson vs. North Carolina State at Charlotte, N. C.
- Little Rock College vs. West Tennessee Normal at Little Rock, Ark.
- Elon vs. Trinity at Greensboro, N. C.
- Lynchburg vs. Guilford at Guilford, N. C.
- Newberry vs. Citadel at Charleston, S. C.
- Catholic University vs. Roanoke at Salem, Va.
- Randolph-Macon vs. University of Richmond at Richmond, Va.
- Milligan College vs. King College at Bristol, Va.-Tenn.
- State Normal vs. Arkansas College at Batesville, Ark.
- Ouachita vs. University of Arkansas at Fayetteville, Ark.
- East.**
- Amherst vs. Wesleyan at Amherst, Mass.
- Brown vs. St. Bonaventure at Providence, R. I.
- Columbia vs. Middlebury at New York.
- Dartmouth vs. Cornell at Hanover, N. H.
- Georgetown vs. Boston College at Boston, Mass.
- Harvard vs. Tufts at Cambridge, Mass.
- Holy Cross vs. Vermont at Worcester, Mass.
- Lafayette vs. Washington & Jefferson at New York.
- Lehigh vs. Carnegie Tech at Pittsburgh, Pa.
- Navy vs. Colgate at Annapolis, Md.
- Penn State vs. Syracuse at Syracuse, N. Y.
- Pittsburgh vs. Pennsylvania at Philadelphia.
- Princeton vs. Swarthmore at Princeton, N. J.
- Williams vs. Mass. Aggies at Williamstown, Mass.
- Yale vs. Army at New Haven, Conn.
- Far West.**
- Washington vs. Oregon Aggies at Corvallis, Wash.
- Oregon vs. Washington State at Pullman, Ore.
- Wyoming vs. Denver at Denver, Colo.
- Colorado College vs. Colorado University at Boulder, Colo.
- Idaho College vs. Utah at Salt Lake City, Utah.
- Nevada vs. California at Berkeley, Calif.
- Gonzaga vs. Idaho University at Moscow, Idaho.
- Olympic Club vs. Stanford at Palo Alto, Calif.
- Middle West.**
- Michigan vs. Iowa at Iowa City, Iowa.
- Chicago vs. Illinois at Urbana, Ill.
- Minnesota vs. Northwestern at Minneapolis, Minn.
- Hanover vs. Indiana at Indianapolis.
- Purdue vs. Notre Dame at South Bend, Ind.
- Denison vs. Ohio State at Columbus, Ohio.
- Denison vs. Ohio State at Columbus, Ohio.
- Missouri vs. Kansas Aggies at Manhattan, Kan.
- Kansas vs. Oklahoma at Norman, Okla.
- Ames vs. Drake at Des Moines, Iowa.
- Drury vs. Washington University at St. Louis, Mo.
- Centre vs. Kentucky at Danville, Ky.

### PROFESSIONAL FOOTBALL MENACE TO GAME

CHICAGO, Nov. 2.—Branding professional football as a "menace" working for the destruction of the college game, Amos Olonzo Stagg, sixty-two year old director of athletics at the University of Chicago, last night addressed a letter "to all friends of college football" urging them to refrain from in any manner encouraging the professional sport. Stagg, whose reputation for the development of amateur athletics has made him a national figure, declared that "professional Sunday professional football is to co-operate with the forces which are destructive of the inter-scholastic and inter-collegiate football, and to add to the heavy burden of the schools and colleges in preserving it in its ennobling worth."

Declaring that football when played with the amateur spirit, possessed more elements for the development of character and manhood than any other sport. Coach Stagg said that "if you believe in preserving inter-scholastic and inter-collegiate football for the upbuilding of the present and future generations of clean, healthy, right-minded and patriotic citizens, you will not lend your assistance to any of the forces helping to destroy it."

### MIAMI NEXT TO PLAY SANFORD HIGH HERE

Hey-L Cats Will Be Here Armistice Day, November 12.

After today's game with the Pilatka Pals the locals will go into hard training for the game with Miami High who will meet the Celery Feds on Hood Field Armistice Day (week from Monday). This is to be the premier game of the season in all probability, as Miami was the only team to beat Sanford High last year and the Celery Feds are blood thirsty to trounce them in the same manner.

Miami slightly outweighs the locals, being around 154 while the locals are classed at 150. Miami is still among the undefeated of the state, though today's game with the Duval Tigers may change their standing.

### COUGHS, COLDS, WHOPPING COUGH

Mrs. Will Hall, R. No. 3 Baxley, Ga., states: "I am writing to all who suffer from coughs, colds, croup or whopping cough. I cannot recommend Foley's Honey and Tar too much, and I can't keep house without it. Have been using it since 1919 and have found it the best medicine there is for grown-ups and children." Best and largest cough and cold remedy in the world. Refuse substitutes. Sold everywhere.

### BRUISED ORANGES ARE CULLS

GAINESVILLE, Nov. 3.—Almost every orange that is thrown out as a cull has the green spot characteristic of bruised fruit from the coloring room, according to counts made for one day in Marion county packing houses. To be exact, 97 per cent of the culls had the green spots. Seventeen percent were unfit in order respects. In making this report to the Florida College of Agriculture, County Agent K. C. Moore added "This is by no means conclusive proof that this figure will hold as the crop average, it being, simply the conditions found in one day's survey." However, these figures mean that fruit is being handled too roughly, since investigations have proved that green spotting is caused in most cases by rough handling, he added.

### LET'S GO!

FLORIDA STATE FAIR  
Jacksonville  
NOVEMBER 15-24, 1923

### BISHOP, STAR ANGLER, GOES TO FLORIDA

Fred A. Bishop, president of the Long Island Casting Club, one of the best known fishing and angling organizations on the Atlantic Coast, is on his way to Jacksonville, Fla., today aboard the steamship Comanche, where for the next six weeks he will try his hand with some of the "game" fish which infest the waters off the Florida keys.

Bishop, a New York steamship man and a life resident of Brooklyn, for more than thirty years has visited the Florida coasts annually on fishing expeditions. During that time the veteran has broken three different records with rod and reel.

He was given a rousing send-off by a large number of friends and fellow members of the Long Island Casting Club who were at the pier to see him depart. Bishop has been president of the Long Island Casting Club for five terms, being elected each year by the members.—From New York American, Oct. 18.

### WILLIAM VANDERBILT MARRIES MISS DAVIES

NEW YORK, Nov. 2.—Wedding bells pealed from historic Grace Church yesterday to announce the union of two old American families through the marriage of William H. Vanderbilt, fifth generation descendant of Commodore Cornelius Vanderbilt, and Miss Emily O'Neill Davies, daughter of Mrs. Frederick Martin Davies.

### DOLLARS INVESTED IN COUNTRY CLUBS BRING RETURNS.

Speaking on general principles, no city of any pretensions whatever is without a creditable country club and golf course. Aside entirely from the pleasure which comes from membership in such an enterprise by the people of the home town, is the very effective advertising value of being able to offer these facilities to the visitor. Many Florida cities boast of not one club but half a dozen, scattered here and there in the most charming surroundings, out in the great, wide open where men and women get close to nature and where the surroundings are such as to inspire those essential factors of our mental machinery as enable the human being to get a new grip on himself or herself and the problem that confront us in our daily grind. As for the season visitor, the time has passed when people are content to sit down on the park bench or take up a strategic position in some automobile the better to watch the passing throng. People of red blood, used to a certain amount of out-of-door life are not content to waste time in that way they want action and they will have it, if not in this place or that, then somewhere else.

The formal opening of the new club house on the beautiful grounds of the Lakeland Country Club, is an important event of today. This new building replaces an old home destroyed by fire just at the time when its remodeling for club house purposes was about to be attempted. The location on the south shore of Lake Parker is ideal. Much money has been spent on club house and grounds; much more is still needed before Lakeland can do much boasting. But the greatest credit is due all those who have so loyally stood by what may well be termed a real asset to Lakeland. A wonderful start

has been made toward the attainment of the goal. The people of this community can best show their appreciation by at least visiting the country club some time this afternoon or this evening and those who are not already members will undoubtedly find a cordial welcome as active participants in something that is sure to be a valuable drawing card to Lakeland. Every dollar invested in the Lakeland Country Club will return a direct dividend either through the medium of personal enjoyment and recreation or in the knowledge that the purchase of stock will make this community just that much more attractive to hundreds of people who will be glad to make Lakeland their winter home because of its golf facilities. To those men who have devoted so much time and taken such a personal interest in bringing to pass that which is to now be enjoyed, well, here's to you!—Lakeland Star-Telegram.

## JEWETT SIX

PAIGE BUILT

### Think of an Enclosed Jewett at \$1325

Never a Body Built Like This Brougham—Baked Enamel Finish, Wood Frame

THIS new 5-passenger Jewett Brougham is a triumph of enclosed body construction. Never was such a body built before. And it's not to be had on any other car. An enclosed Jewett FOR BUT \$1325! Paige designers have done what was said to be impossible—combined a permanent baked enamel finish ALL OVER THE CAR on steel panels—with a wood frame. Wood, because wood absorbs vibration, eliminates "drumming" and reduces noise to nil.

Each steel body panel is dipped in enamel and baked three separate times, with a rub between each coat, then fastened to the wood frame. Baking is done separately because the intense heat required to bake enamel would warp wood.

Jewett Brougham has a smart, glossy, permanent finish ALL OVER THE CAR that you see on fenders ONLY of other cars. It stays good-looking—no attention needed other

than washing. You'll marvel at this finish achieved by Paige engineers.

Cleverest seating arrangement for 5 adults you ever saw! Two individual front seats, both folding forward. Easy entrance and exit for all passengers on either side. Ample leg room front and rear. Rear seat 46 1/2 inches wide, seats three. Rear cushion is removable, giving ample carrying space for merchandise, luggage or sample trunk.

And this new type Brougham is mounted on the famous, sturdy Jewett Six chassis. You know what that means—full 50 h. p. 6-cylinder motor, giving a closed car with open car performance. From 2 to 60 miles an hour in high; beats most any car's time up any hill; picks up from 5 to 25 miles an hour in 7 seconds, in high.

In all our experience we've never seen a closed car of such character and merit for \$1325 factory. Come in. Sit in it. Examine all its features. Drive it—today!

## SEMINOLE OVERLAND COMPANY

SANFORD FLORIDA

## Your Money Invested in Buys like these Will Net You Big Returns

**BRICK BUNGALOW**—6 rooms and bath, located on a corner lot, 70x130, with paved street on two sides. One of the nicest bungalows in one of the nicest parts of Sanford. Party will make reasonable terms.

LAKE MARY

Mr. and Mrs. J. E. Singletary arrived last Saturday from Waycross, Ga., where Mr. Singletary had been in the hospital for the past two weeks.

Mr. and Mrs. Minchen made a business trip to Sanford Friday.

Mr. and Mrs. John Cliff moved Friday in the new house that Mr. Engersoll has just completed.

Mr. and Mrs. J. A. Braddock returned Wednesday from a few days visit with their children at DeLand and Pierson, and also looking after their grove and greenhouse at Pierson.

Mr. and Mrs. J. J. Yates left Thursday morning for their home at Auburndale. Mr. Yates had charge of the section during the absence of Mr. Singletary.

Mr. and Mrs. Hopkins, the popular school teachers of Lake Mary and Paola, moved in the village Saturday.

Mr. and Mrs. McCormick moved Monday in to their new home here they have recently purchased.

Mr. and Mrs. Earnest Braddock of DeLand spent Sunday here the guests of their parents.

Mr. and Mrs. Morris Sjoblom and Mrs. C. L. Locke and children spent Sunday last in Haines City, the guests of Mrs. Sjoblom's parents, Mr. and Mrs. J. C. Locke.

Mr. and Mrs. John Cliff and Mr. and Mrs. M. Fanning attended the show in Orlando Saturday evening.

Mr. and Mrs. Minchew had as their guests last Thursday, Mr. and Mrs. Cook of Paola.

The ladies of the Presbyterian church gave a supper last Friday night that was well attended and a good sum of money cleared.

The Ladies Aid Society was organized at the home of Mrs. H. D. Durant on Thursday the 11th of October, commencing with sixteen members. Mrs. L. F. Snow was elected president; Mrs. Pearl Whitaker vice-president; Mrs. C. C. Locke, secretary, and Mrs. Florence Minchew treasurer. It was decided to hold a meeting on the second and fourth Thursdays of each month. Twenty-five cents will be charged each member every month as dues.

Mr. Greenleaf has about finished a house for Mr. I. C. Nichols of West Virginia, the lot being purchased of Mr. Greenleaf.

Mr. and Mrs. George Wilson and children arrived Friday afternoon, making the trip over the road from Hollis, N. H. They were accompanied on the trip by Mr. and Mrs. Gene Shaddock of Nashua, N. H. They stopped over here for a few days before going on to Orlando where they will reside for the winter. Mr. and Mrs. Wilson will reside here for the winter as usual.

Mr. Laura Fernel and Mrs. E. Hersey were shopping in Sanford Tuesday.

The Ladies Aid Society of Lake Mary held their first meeting last Thursday afternoon at the home of Mrs. Florence Minchew, with a very good attendance, and Mrs. Cook, president of Paola Circle as a visitor, who gave a very interesting talk on the good that derives from a Ladies Aid Society. After the business meeting refreshments consisting of coffee and sandwiches were served by the hostesses assisted by Mrs. L. F. Snow. The next meeting will be held at the home of Mrs. C. C. Locke, Nov. 8th.

Mrs. E. E. Lloyd came home last Sunday from Tampa where she had been in the hospital for ten days. Her friends regret very much that she still continues in very poor health.

Mr. J. I. Jones of Americus, Ga., has opened the garage here for business, and has the prospects of doing a good business here this winter. Mrs. Jones and children arrived here Saturday and they are expecting to make this their future home.

Among the arrivals here for the winter are Mr. and Mrs. Jealson, of Hampton Beach, N. H.; Mrs. E. Hersey of Lullaburg, Mass.; Mr. and Mrs. Ellis of Chelsea, Mass. Quite a bunch are expected in a few days. Mr. Ellis purchased seven lots here last winter and is building a nice house.

In Rome, a man who stole a kiss was given castor oil, which is nothing to smack his lips over.

PAINT WITHOUT OIL

Remarkable Discovery That Cuts Down the Cost of Painting—Fits For Trial.

A Free Trial Package is Mailed to Everyone Who Writes.

A. L. Hite, a prominent manufacturer of Adams, N. Y., discovered a process of making a new kind of paint without the use of oil. He named it Powder-paint. It comes in the form of a dry powder and all that is required is cold water to make a paint weather proof, fire proof, sanitary and durable for outside or inside painting. It is the cement principle applied to paint. It adheres to any surface, wood, stone or brick, spreads and looks like oil paint and costs about one-fourth as much.

Write to A. L. Hite, Inc., Manufacturer, 222 North St., Adams, N. Y., and a trial package will be mailed to you. Also color cards and full information showing you how you can save a good money. Write today.

PUTNAM SHOULD SEND SHOWING TO NEW YORK.

Through the offices of Ringling, of circus fame, whose winter home is in Sarasota, every county in Florida has been offered a splendid opportunity to gain prestige for a nominal cost, and numerous counties have accepted the offer. Mr. Ringling has engaged upon his own initiative the great Madison Square Garden, New York, and has agreed that any and all counties in Florida may have ample space in which to exhibit the showings of the county products free of charge. From the space there may be distributed booklets or cards from each county entering the proposition, while the Florida Improvement Board has arranged for announcements to appear in New York papers at the proper time.

Such an opportunity for issuing good propaganda for a county is not to be overlooked. One east coast county has subscribed ten thousand dollars to make a proper display. The action need not cost that amount, should those in authority see fit to be more economical; or it may be made to cost more provided that greater publicity be sought. Other counties are making preparations to send the exhibit that may be made at the state fairs at Jacksonville and Tampa direct to New York, after being "freshened" a bit and any needed additions have been made.

Some months ago a representative from the promoter of this enterprise was before the commissioners of Putnam, and explained in full the project proposed. At the close of his explanation it appeared that the commissioners approved of the plan and would take steps to have the exhibit from this county forwarded to New York. The cost was a mere trifle to the publicity to be secured, and the public, so far as informed, were in accord with the proposal. At the last meeting of that body the matter was briefly touched upon and allowed to drop. There might have been a misunderstanding regarding the matter, or it might have been the board failed to remember any former partial acceptance of the proposition. It was discarded, however.

Two years ago the county allowed fifteen hundred dollars for its agent to take the county exhibit to both Jacksonville and Tampa. Last year that amount was cut to one thousand dollars, and had not the agent been successful in drawing down some cash the whole plan would have "been in the hole." Certain it is that the thousand dollars appropriated this year will not care for the display that is to be made at the two state fairs and still allow the display to be taken to New York. The sum appropriated for the two fairs would be ample for the display in Madison Square Garden—but in that case the state fairs would have to be cut out, and this is one thing Putnam does not feel like doing.

The state displays will be seen by many thousands, it is true; and that these people will come from all states is equally true. It must be admitted, however, that numerous thousands who will see the two state fairs are already residents of Florida. The New York exhibit would cater to an entirely different class of people, and would at the same time interest people from all portions of the country. Three hundred thousand people stop in New York City every night who are from distant points. That is the estimate; and probably there is no state not represented among that number. With proper publicity, at that end of the line, and Manager Ringling is to see to some of that, there opens a vast opportunity for the county that will co-operate in this enterprise. It will make a showing before at least a million people who

PLANS FOR THE HOME BUILDER—In this department there will be presented from time to time plans of attractive, economical homes for persons of limited means. If one plan does not appeal to you, watch for others. They have all been prepared by architects who know home building and home planning. All of the prominent plans of construction have been considered—frame, stucco, brick, hollow tile, and concrete, each in its various forms of use and in such combination as good taste approves.

THE quiet charm of the English country home has been well expressed in the artistic suburban home which is shown here. From the broad walk and sun-lit entrance to the quaint chimney pots and graceful gables the architect has combined a distinctive grace with a modern type of permanent building. The main entrance has been placed at the side in order to give the full width of the house to the living room. The broad roof above the doorway is broken by an attractive gable and the main chimney which serves the living room fireplace and the main heating plant. Another pleasing gable on the other side extends the bedroom and is trellised for vines while the tidy back porch is enclosed with a neat lattice. The walls of the house shown are of hollow tile construction covered with portland cement stucco and the ideas of permanence and freedom from upkeep are further exemplified in the paneled windows with their brick sills and concrete flower boxes. The plans shown illustrate an arrangement of five rooms all on the ground floor, but the spacious second floor may easily be converted into additional bedrooms with ample attic space remaining. The main entrance is into a vestibule and hall which opens on the dining room or the living room and at the same time gives private access to another hall serving both bedrooms, the bathroom and the stairway. The bathroom is conveniently placed for both bedrooms or for additional ones upstairs. A convenient coat closet is provided in the hall as well as a linen closet, broom closet and clothes chute. Both bedrooms have ample closets and windows on both sides for sunlight and ventilation. The kitchen has been designed to please the housewife with easy entry to the dining room and to the back porch which houses the refrigerator. Convenient wall cases replace the old fashioned pantry. A real fireplace with book cases and windows on either side is a feature of the broad living room. A wide cased opening leads to the pretty sun room. The dining room is well lighted with a bank of five windows and both the dining room and the living room offer excellent opportunity for artistic finish and decoration.

The basement, which covers the full span of the house, is a very usable section as freedom from dampness, vermin and rodents is assured by the concrete foundation walls and the concrete floor. The entire house is typical of the artistic use of the better methods of construction which careful home builders are finding to be the most economical. It is an enduring home with nothing about it to rot or decay. Once it is built the expense of constant repair bills is eliminated. Those of our readers who are interested in learning where and how plans may be obtained for this attractive residence can address our Home Building Department, which will give all such requests prompt attention.

EAST COAST WATER TRAFFIC LEAGUE IS FORMED AMID MUCH ENTHUSIASM

An important meeting was held at Eau Gallie on Wednesday evening last in the interest of the proposed inlet through the peninsula to the ocean, thereby providing a deep-water harbor and loading place for large ships in the Indian River, at the mouth of the Banana River.

This project was discussed last year in connection with the formation of Coeca of a branch of the Central Florida Water Traffic League, at which speakers from Orlando and delegates from various East Coast cities were present.

Developments of the past year seem to make it advisable for the East Coast cities to organize the East Coast Water Traffic League, in which activity will be centered on purely East Coast matters, including the proposition now under consideration for the inlet and also that of taking over the entire East Coast waterways by the United States government.

Great enthusiasm was shown at the Eau Gallie meeting on Wednesday. It was voted to make an active canvass for members in Melbourne, Eau Gallie, Cooca, Titusville, and other East Coast cities, and to have a meeting for final organization, election of officers etc., at Melbourne on Thursday evening, November 8.

The dues of each member were fixed at two dollars per year. The funds of the organization will be used to defray expenses incidental to furnishing the general public with accurate data, blue prints, etc., of the proposed inlet, the yardage to be removed, estimated tonnage that would move through it, etc.

This material for publicity will be prepared at once, and given widespread distribution. It was felt by those who attended the meeting that the prospects for the inlet grow brighter and brighter as the State of Florida develops more and more in a big way.

In connection with the inspection of the East Coast Waterways by the Federal Rivers and Harbors Commission early in 1924, it is hoped to get the members of this body, with the District Engineers, to inspect the proposed location of the Eau Gallie inlet and see for themselves the expediency of cutting the same through the peninsula at this point where the formation is of solid coquina and where there is deep water on both the ocean and river sides.

Pending the election of new officers of the East Coast Traffic League at Melbourne on Nov. 8, the old officers of the East Coast Branch of the Central Florida Water Traffic League presided at the Eau Gallie meeting. These included Mr. Russel A. Field of Cooca, as chairman, and Mr. Henry Jernigan of Melbourne, secretary.

The following committees were appointed for the drive to get as many

EAST COAST WATER TRAFFIC LEAGUE IS FORMED AMID MUCH ENTHUSIASM

members as possible before the organization meeting at Melbourne: L. A. Lyman, Stanley S. Lichty, Joseph Masch; Eau Gallie, George E. Sprues, W. R. Roesch, C. F. Canova; Cooca, Russell A. Field, P. L. Kershaw, Charles Lensing; Titusville, personnel to be announced later.

Here in Melbourne the committee in charge has met with every encouragement on the part of the citizens, both men and women. Forty names were signed upon the membership list during the first forenoon the committee was at work. The proposition was given the hearty support of the Chamber of Commerce at the meeting of that body Monday evening, and when the proposition was presented to the County Federation of Women's Clubs in session here yesterday, it met with the enthusiastic support of the progressive women of the county and thirty-eight ladies signed up as members of the League.

The Melbourne committee has set to mark for 200 members by Thursday evening of next week, when the big meeting is called to order for the purpose of perfecting the county organization. Large delegations will be here from Titusville, Cooca, Eau Gallie and points south, and the committee is arranging to serve refreshments at the close of the business session. Every progressive citizen of Melbourne is expected to attend and to show by their enthusiasm that this community is back of the League in true progressive style.—Melbourne Times.

MOTHERS

Watch for symptoms of worms in your children. These parasites are the great destroyers of child life. If you have reason to think your children have worms, act quickly. Give the little one a dose or two of White's Cream Vermifuge. Worms cannot exist where this time-tried and successful remedy is used. It drives out the worms and restores the rosy hue of health to baby cheeks. Price 25c. Sold by Union Pharmacy.

You will receive a ten cent bottle of FOLEY'S HONEY AND TAR for Coughs, Colds, and Croup, also free sample packages of FOLEY KIDNEY PILLS for Backache, Rheumatic Pains, Kidney and Bladder trouble, and FOLEY CATHARTIC TABLETS for Constipation and Biliousness. These wonderful remedies have helped millions of people. Try them! Sold everywhere—Adm.

A plump girl in Convent, N. J., has been on the job 45 years, which is plenty of wrong numbers.

WOMAN'S CLUB COLUMN

Mrs. Henry Wright, Reporter Phone 345-W

The recently announced candidacy of Mrs. W. F. Blackman for the presidency of the Florida Federation of Women's Clubs is of great interest to the local organization, of which she has been a valued member for three years. It would be hard to find a woman of greater ability, of more lovable nature and of more splendid presence, and if elected she will certainly grace the office which is at present the highest honor in the gift of the women of Florida. The Sanford Club is especially rich in what is known as presidential timber, as our own Mrs. Galloway is so well equipped, so thoroughly prepared and so personally popular throughout the state, that it has been a question which of the two women would be our chief for the next two years. During her term as vice-president-at-large of the Florida Federation, Mrs. Galloway's work has taken her to every part of the state, and brought her into close and intimate touch with the clubs and their problems. In all of this she has shown the same patience and efficiency which has characterized her record of ten years consecutive and devoted service here at home. It is simple enough to give a spurt of brilliant work and leave loose ends for others to pick, but the club work that counts is the stubborn resolution to stick by the interests of the work in the face of discouragement and often of the lack of appreciation that comes to leaders from those less well prepared and less able to point the way to others. Mrs. Galloway's latest service to the club as chairman of the Building committee has resulted in the beautiful structure which is a source of pride to the entire town.

It is but fair to both to say that not until Mrs. Galloway had positively decided against allowing her name mentioned for the honor, did Mrs. Blackman allow the announcement of her own willingness to make the race. So far as yet has been made public there is no other candidate for president. Those who know Mrs. Blackman best, pay her the most loving tribute of praise for the splendid work she has done in past years in the Federation, and in the several clubs which have had the blessing of her influence and activity. But it is in her more intimate relations that she is most endearing.

Next Wednesday, Nov. 7th, the date for the monthly business meeting, which is set apart in line with clubs all over the country as Louvain Day is to have a brief but delightful program as follows: Song, "America, the Beautiful," Katherine Lee Bates. The assembly, led by Mrs. Julius Takach. Address, "The Restoration of the Library of Louvain," Mrs. S. O. Shinsoler. Solo, "La Brabanconne," Belgian national air, Mrs. Julius Takach. Song, "America," the assembly. The restoration of this Library of Louvain has been undertaken to be in the nature of a war memorial to American soldiers and civilian workers in the World War, and their service. In 1918 Theodore Roosevelt, James J. Hill, William Dean Howells, and other prominent Americans organized a committee which contributed \$180,000 to this cause, but that the memorial might be a national monument from all America to all Americans who served in the war, it has been decided to complete the work of restoration by many small gifts from many people, instead of by larger gifts from a few. Dr. Nicholas Butler, president of Columbia University, is chairman of the committee carrying on the work of the loyal spirits who conceived the idea which has been taken up so enthusiastically by civic and patriotic organizations, state governors, educators, college students and school children all over the country.

The speaker on the program for next week will give something on the history of the building, its importance in an educational sense, the design of the new library by an American architect and plans for financing the undertaking. The very best of local talent is taking part in the Woman's Club play, "Mr. and Mrs. Polly-Tick," which is to be given in the High school auditorium Tuesday evening. The rehearsals are going on with great spirit and enjoyment.

WEST PALM BEACH, Nov. 3.—Pineapple growers of Palm Beach county will meet here November 7 to form an organization to look after their interests. Committees on organization, marketing and other phases of development are expected to report at the meeting.

In the Circuit Court of the Seventh Judicial Circuit of the State of Florida, in and for Seminole County

CITY of Sanford, Florida, a Municipal Corporation, by and through Forrest Lake, S. O. Chase and C. J. Marshall, comprising the City Commission of the City of Sanford, Florida.

vs. STATE of Florida, ex rel Geo. A. DeCottes, State Attorney for the Seventh Judicial Circuit of the State of Florida.

To The Citizens and Tax Payers of the City of Sanford, Florida:

Whereas, a petition has been filed in the above entitled cause by the City of Sanford, Florida, by and through Forrest Lake, S. O. Chase and C. J. Marshall, comprising the City Commission of the City of Sanford, Florida, setting forth the fact that an election was held throughout the City of Sanford, Florida, on the 9th day of October, A. D., 1923, to determine whether that certain ordinance numbered 56, entitled "An Ordinance Providing for an Issue of Bonds by the City of Sanford, Florida, in the Sum of Eighty Thousand Dollars, for Municipal Purposes, the Proceeds Derived from the Sale Thereof to be Used to Enlarge, Improve and Extend the Sewerage and Drainage System of the City of Sanford, Florida," duly passed and adopted on the 31st day of August, A. D., 1923, and that certain ordinance numbered 57, entitled "An Ordinance Providing for an Issue of Bonds by the City of Sanford, Florida, in the Sum of Seventy Five Thousand Dollars, for Municipal Purposes, the Proceeds Derived from the Sale Thereof to be Used to Purchase and Acquire the Necessary Land for a Public Park, or Parks, Fair Grounds, Play Grounds, Athletic Field and Golf Grounds, and to Improve and Develop the Lands so Purchased to Make the Same Adaptable for the Purposes Aforesaid,"

Duly passed and adopted on the 31st day of August, A. D., 1923, and that certain ordinance numbered 58, entitled "An Ordinance Providing for an Issue of Bonds by the City of Sanford, Florida, in the Sum of Five Thousand Dollars, the Proceeds to be Derived from the Sale Thereof to be Used to Purchase Furniture, Fixtures and Equipment for the Municipal Library,"

Also duly passed and adopted on the 31st day of August, A. D., 1923, should be ratified, approved and confirmed by the electors of the City of Sanford, Florida, and whether the bonds provided for in said ordinances should be issued by the City of Sanford, Florida, in the manner and for the purposes in said ordinances provided and set forth, and, Whereas, said ordinances provide for the issuance of bonds by the City of Sanford, Florida, for municipal purposes in the total sum of \$100,000, said bonds to be of the denomination of \$1,000.00 each, bearing interest at the rate of five and one-half per centum per annum, interest payable semi-annually on the first days of July and January, said entire issue of bonds to be dated July 1st, 1923, and to mature July 1st, 1933, both principal and interest of said bonds to be payable at some bank in the City of New York, State of New York, in lawful money of the United States of America, and,

Whereas, a canvass of the returns of said election shows prima facie that the result of said election was in favor of the approval, adoption and confirmation of said Ordinances Nos. 56, 57 and 58, and in favor of the issuance of bonds in the total sum of \$100,000.00 by the City of Sanford, Florida, in the manner and for the purposes provided for in said ordinances.

Now, Therefore, in pursuance of an order of the Court herein made, notice is hereby given that the Citizens and Tax-payers of the City of Sanford, Florida, are by said order required to be and appear before the Circuit Court of the Seventh Judicial Circuit of the State of Florida, on the 12th day of November, A. D., 1923, at 10:00 a. m., at Sanford, in the County of Seminole, State of Florida, then and there to show cause, if any they have, why said bonds should not be validated and confirmed.

Witness my hand and the seal of the Circuit Court of the State of Florida, in and for the County of Seminole, on this 19th day of October, A. D., 1923.

E. A. DOUGLASS, Clerk of the Circuit Court of the Seventh Judicial Circuit of Florida, by A. M. Weeks, D. C. G. W. SPENCER, Jr., Attorney for Petitioner.
