# What We Are Actually Doingto Prepare for Our Opening Next Monday 

#### Abstract

Ninety men are at work at Sanford Manor. Ninety men, from eight in the moming fill five at night. They have been working, working steadily for two weeks - clearing, grubbing, discing, plowing-transforming a tract of high pine land a mile in width by half a mile in depth, seven minutes from the center of Sanford. Preparing for the development of Sanford Manor.

The work of scores of men, the investment of thousands of dollars-that is the initial history of Sanford Manor. An honest, and successful effort to offer improved homesites-not a platted wilderness. Here streets are being cut and graded. Combination curbs and gutters are going in. Sidewalks of Portland ce-ment-five and six feet wide-are being laid. The Manor En-trance-thirty-five feet in height and one hundred feet long-is rapidly nearing completion.

## We Are Defying the Embargo

Twenty-seven cars of coral rock for streets has been received. Macadam rock base and asphalt wearing sufface is in transit. Ornamental posts, street signs and fixtures for Sanford Manor's White Way are enroute. Sanford, the Inland Port, is successfully evading the embargo which holds all inland Florida in blockade. Well directed effort is rushing improvements forward for the opening of Sanford Manor next Monday. Further facts tomorrowl
