

# CONFERRED ALL NIGHT ON TURKISH QUESTION —MEET AGAIN TODAY

## FRENCH GOVERNMENT INSTRUCTS MINISTER KEEP GREEKS FROM THRACE

### MEET A DEADLOCK

Cannot Be Resumed Before the British and French Can Confer

(By The Associated Press) CONSTANTINOPLE, Oct. 6.—After conferring for most of the night high commissioners and military experts here, allied generals this morning were prepared to leave again for Mehana for resumption of the armistice conference.

PARIS, Oct. 6.—The French government has instructed its minister at Ankara to protest against Greek negotiations having sent reinforcements to Greek army in Thrace.

LONDON, Oct. 6.—Mudania conference ended, it was officially announced at the conclusion of the British meeting this morning but is suspended and cannot be resumed until the British and French governments have conferred over the situation. The British government has announced that it will leave immediately for Mehana.

CONSTANTINOPLE, Oct. 6.—The conference of the evacuation of Thrace, because of the refusal of the British to accept the terms of the armistice, it was announced this morning last night. The British government has threatened to withdraw its forces from the Greek zone unless the conference is resumed. The British government has announced that it will leave immediately for Mehana.

## HARRY PEGLOW DIED AT JACKSONVILLE

Sanford friends of the Peglow family that Mrs. Harry Peglow had died in Jacksonville Wednesday and would be buried Thursday in Jacksonville. Mr. Peglow are well known here and they lived for many years in Jacksonville. Mrs. Peglow leave a young son to mourn and the sympathy of the friends here is extended to the family in their sorrow.

## GLASS SALES WAS SUCCESS

J. Miller & Son were highly successful with their Glass Sales day. At the request of several who could not attend the sale today have consented to hold it all day tomorrow. The big display of fine goods in the window all for one dollar. The opportunity to buy something useful cheap for Saturday only.

## CARDS OF THANKS

To those friends who were so kind and solicitous during the recent funeral of C. H. Campbell and to those who attest to their love and friendship by the beautiful floral tributes at the funeral we wish to express our heartfelt thanks and appreciation. Mrs. C. H. Campbell and family Charles H. Campbell, Jr. Mrs. Hugh Elemendorf.

## CHAMBER OF COMMERCE TONIGHT

The regular monthly meeting of the Chamber of Commerce will be held at the Valdez at eighth o'clock tonight. Be there at that time as the meeting will start a tight sharp and last thirty minutes. Every one come out and get some information about what the Chamber of Commerce is doing and expects to do. This is your meeting. No long winded speeches but just home people telling what they think about the city and county.

## SANFORD'S TEMPERATURE

We have nothing to say. The bulb has gone to 90 again in spite of all we can do and here in the midst of the fall months we have summer heat. There is nothing left except an overdose of sulphur water and wait for the end of the summer season which will be soon.

## LABOR BOARD IS IN SESSION, HEAR APPEAL

### MAINTENANCE OF WAY MEN TOP INCREASE IN SALARIES

(By The Associated Press) WASHINGTON, Oct. 6.—The Railroad Labor Board today heard the appeal of the maintenance of way men for a 10 per cent increase in their salaries. The board is expected to announce its decision by the end of the month. The board is expected to announce its decision by the end of the month.

## MUSTAPHA SAYS WORLD IS HIS AND ADMITS IT

### VAINGLORIOUS TURK CLAIMS WHOLE UNIVERSE EXCEPT SANFORD

(By The Associated Press) SANFORD, Oct. 6.—Mustapha Kemal has sent the following message to the people of Sanford: "I feel great greetings to my friends in Sanford and hope soon to meet them personally. Peace will be concluded with realization of our national aspirations. The whole world now is with us. Humanity applauds us. The saner spirits even of Great Britain favor our cause and many of her public men who hitherto have misguidedly opposed us have seen the truth and changed their sentiment toward us."

## SPECIAL TWO DAYS DRESS SALE

Baumel's Specialty Shop is putting on a special two days dress sale for Saturday and Monday. This will be an extraordinary event for two days and the entire stock of dresses are going at greatly reduced prices. This special sale is put on to stimulate early fall buying. Come early and get your choice of these special bargains and choice selections. All new materials and popular colors. Read the advertisement in this issue.

## WHAT SEE YOU TONIGHT AT THE VALDEZ HOTEL

Every business man in Sanford will see his friends at the Chamber of Commerce meeting at the Valdez Hotel tonight. This is the regular night meeting called once each month to give all the members a chance to meet with each other and to hear something about the work of the Chamber of Commerce. Sanford has a big season ahead and there is much work to do. Will you be there to do it?

## CHAINED GIRL IN THE ATTIC, IS ARRESTED

### INHUMAN FATHER THOUGHT THIS BETTER THAN WHIPPING HER

(By The Associated Press) DETROIT, Oct. 6.—John Hall, factory worker today faced a charge of cruelty to a minor, following the finding in the attic of his home in Hamtramck of his thirteen year old daughter, Wanda, whose wrists had been chained to a rafter. The girl was so imprisoned, Hall said, because she had been told she had conducted herself improperly at school. He denied to chain her to the rafter three hours a day, believing that more humane than whipping.

## CITY MANAGER IS APPOINTED FOR LAKELAND

### HELPED McADOO BUILD SUBWAYS AND IS A FIRST CLASS MAN

(By The Associated Press) LAKELAND, Oct. 6.—Anton Scherzer, who helped build the McAdoo tunnels in New York and who for eight years was general manager of the phosphate mines at Brewster, Florida, has been appointed city manager of Lakeland by the city commission recently instituted here. He will assume his new duties November 15th. He is also city manager of Bartow. The new position will pay \$5,000 in addition to the \$3,000 he receives from the Bartow commission.

## WEATHER BUREAU PUZZLED OVER RAIN AND DROUGHT—FLORIDA GETS TOO MUCH

### And Other Sections of the Country Are Drying Up for Want of Moisture

(By The Associated Press) WASHINGTON, Oct. 6.—The weather elements just aren't acting right. That is the only explanation the weather bureau can make for the fact that the weather which grips a great portion of the country is "Metemorphosis." The weather is acting in a way that is "Metemorphosis." The weather is acting in a way that is "Metemorphosis."

## STANDARD OIL DIVIDENDS TODAY 200 PER CENT

### 100-OLD ROCKEFLER IS ON AVERAGE OF BEING A MILLIONAIRE

(By The Associated Press) NEW YORK, Oct. 6.—Standard Oil today announced that it will pay a dividend of 200 per cent on its common stock. The dividend will be paid on October 15th. The dividend will be paid on October 15th.

## WIZARD CLARKE IS INDICTED BY U. S. GRAND JURY

### APART FROM HIS OWN PERSONAL INTERESTS

(By The Associated Press) CHARLOTTE, N. C., Oct. 6.—A grand jury today returned an indictment against a wizard of the Ku Klux Klan, who yesterday announced his resignation as president of the Klan. The indictment is on charges of "using the mails to effect a scheme to defraud." He was released on bond of \$500.

## JOSEPH M'GIN SPORTS WRITER DIED TODAY

### NEW YORK, Oct. 6. Joseph M'Gin, for many years sporting reporter for Associated Press, and known to newspaper men all over the country, as the dean of New York sporting writers, died today his home in Brooklyn after a years illness.

## WIFE PLOTTED TO COLLECT HUSBAND'S INSURANCE IS CHARGE

### HUNTINGTON, W. Va., Oct. 6.—Mrs. Laura Price Bowman was indicted to night by the Cabell county grand jury on a charge of plotting to have her husband, L. E. Bowman, killed, so that she might collect his \$5,000 life insurance.

# HEAVY RAINS QUENCH RAGING FOREST FIRES PREVAILED FOR WEEKS

## WORLD SERIES GAMES TODAY

### YANKS VS. GIANTS

And additional spots on page 5.

## THE WEATHER

For Florida: Partly cloudy in South and Central and probably sunny in extreme North portion tonight and Saturday.

## ANOTHER GOOD KIWANIS MEET

The meeting of the Kiwanis Club today was a very successful one. The club members discussed the various projects of the club and the progress of the same. The club members discussed the various projects of the club and the progress of the same.

## IN THE NORTHWEST AND IN CANADA WITH LOSS OF LIVES

### AND PROPERTY

#### Sixty Lives Lost and Many of Smaller Settlements Wiped Out of Existence

(By The Associated Press) COBALT, Ont., Oct. 6.—Heavy rains this morning had virtually quenched the forest fires about the city which took a toll of possibly sixty lives and wiped out the town of Haileybury and several smaller settlements of existence. Thirty-three bodies had been recovered in smoldering wreckage that a week ago was Haileybury. Many scores of persons are missing. Trainloads of tent, food, bedding and other supplies are arriving now to aid the five thousand homeless who have wandered into Cobalt.

## DULUTH, Minn., Oct. 6.—A feeling of optimism prevailed in most sections of Northern forest fire zones today. Fire fighting crews were able to make considerable progress yesterday, and the weather had been reported as favorable. The Duluth fire zone reported that the fire had been controlled and the fire zone reported that the fire had been controlled.

## MISSISSIPPI SHOOTERS ARE PARDONED TODAY BY GOVERNOR TRINKLE

(By The Associated Press) MEMPHIS, Tenn., Oct. 6.—Governor H. H. Sikes today pardoned thirty Mississippi shooters who had been convicted for murder in connection with the shooting up of the courthouse at Hillsdale, Virginia, in 1912.

## BIRMINGHAM, Oct. 6.—General Sherman United Daughters confederate convention here today. The convention is expected to adjourn on October 14 to 20.

## W. W. Clark, N. C. has been elected and will be with the city. Mr. Clark was with the Hipmobile agents in Durham. He expects to move his family here and become a resident citizen.

## NOTICE OF MEETING

The American Legion Auxiliary will meet at the W. W. Clark's tonight at 8 o'clock.

## Our citrus crop is estimated at \$5 million dollars into the state. The Plant City strawberry crop a million and a quarter. Other sections enjoyed fabulous returns from potatoes, tomatoes, phosphate, lumber and various other commodities, not the least among these our own Sanford section which is justly proud of her contribution to the citrus income of approximately 335 thousand dollars, add to this her 1,220,352 crates of celery at an average of \$2.30 per crate, giving her an income of \$2,806,809.60; 275,200 crates of peppers at \$1.25, \$344,000; beets, \$10,000; cabbage, \$50,000; tomatoes, \$58,800; squash, \$5,000; mixed vegetables, \$165,000 to which must be added our normal production of 400,000 hampers of lettuce at \$1.25, \$500,000 which totals for the Sanford section alone, \$3,273,809.60.

## "In conclusion I wish to say: It is up to the Kiwanis Club, it is up to the Rotary Club, it is up to the Woman's Club, it is up to the Chamber of Commerce, it is up to Holly and Neel and the Sanford Herald to tell the world what we have to offer and back up their statements with statistics that cannot be disputed. We will then and then see a greater Florida, a greater Seminole county, a greater Sanford, with innumerable fine churches, well equipped school buildings, commodious hotels, attractive business blocks, beautiful residences and a busy contented prosperous people. Let's go."

The chance to get the very latest fall and winter styles at summer prices.

The Presbyterian Ladies will hold their Bazaar Sale Dec. 1st and 2nd. 159-F to Sat tfe

DON BISHOP WINS AT THE CHESS CLUB One of the best and most interesting meetings of the Sanford Chess Club was held last night at Dr. Howard's home. Geo. D. Bishop carried off high honors, winning four games and losing none. He was in good form last night and won his games with remarkable skill.

E. A. Bail, our popular band master, is a military genius of old, and it was he that was next to Bishop, winning two and losing one. A Raffled played with a forceful offense and won two of his four games.

The jinx had W. A. Lester, and through that bad luck that some times catches the best of them, he lost all four of his games.

Capt. Geo. A. DeCottes was expected at this meeting to take off the bacon as he is well up in the modern military maneuvers, but his military tactics with the National Guard on First street kept him away.

The next meeting will be held at the same place, October 12th, at which time a much larger attendance is expected.

# Let's Boost Our Town!

## ONE MILLION DOLLARS DAILY

FLORIDA PRODUCTS YIELD ANNUAL REVENUE OF \$365,000,000

By I. M. RHODES, State Marketing Commissioner

With only a small fractional portion of her wealth developed, Florida has an assessed valuation of \$409,588,963.

Florida banks have resources amounting to \$245,500,000 and deposits amounting to \$192,000,000. These deposits have increased 205 per cent in five years.

More than 25 per cent of all the building done in the United States in 1920-21 was done in Florida, and Florida has building material enough to build two cities as large as New York, or homes for 20,000,000.

Florida is as large as New York, Massachusetts and Rhode Island. These states have a population of 15,000,000. With intensified farming on our 20,000,000 available acres and salt water fish and sea food, we could feed 15,000,000 of people. Florida is so big that if it should turn a somersault west, Jacksonville and St. Augustine would land in Texas. If it should turn north, Key West would strike Kentucky.

Florida has room to build 500,000 homes on the margin of her waters, giving each 100 feet front, or 1,000,000, giving each a 50 foot front, or 5,000,000 people could live on the water fronts, and people like the water for 70 per cent of the population of the United States is in our 28 port states, and people are coming to Florida, 36 per cent of our population were born out of the state.

**Successful Crops**  
Florida has 6,474 miles of railroad and 8,376 miles of motor routes of the world by water. Florida led all of the states in 1921 production of winter grain, tomatoes, 18,000 acres, production of 7,100,000 crates valued at \$19,000,000, nearly one-third of the production of the United States.

Florida is rich, first in diversity of food production, in variety of crops, fruit, birds, trees, flowers and herbs. Second in variety of farm products, in growing diversity in products of phosphate, coal and iron ore. Third in variety of products in area of staple timber, in winter grown truck crops, in annual rainfall, in coconuts, banana, camphor, sisal and sponges.

Florida has an annual crop and livestock value of \$1,900,000,000, and an annual production of manufactured products worth \$1,000,000,000, making a total production of \$2,900,000,000, or \$1,000,000 daily, and the state has no bonded indebtedness. Outtotal value of production has increased 209 per cent in ten years.

There are 250 different varieties of crops, nuts, fruits and vegetables that grow well in Florida. There are 80 crops shipped by carload in the United States, 62 of them grow well in Florida, and our farm property has increased in value 131 per cent in a decade, and less than 2 per cent of our farm value is covered by mortgage.

Florida has invigorating atmosphere, cooled, warmed and cleansed by ozone pines, breezes from silvery lakes and tropic seas, beauty of landscape, natural attractiveness, charm, and health-giving conditions and strength-building qualities which often give new lease on life and increase years to those in poor health. It is nature's own sanitarium.

Florida is in the most ideal latitude and longitude on earth, the warmest in winter and coolest in summer. We are in the same latitude with the land that the Lord said would flow with milk and honey and in which our Savior and the Christian religion were born.

**Real Playground**  
Florida is the playground of the western continent, the Garden of Eden of the United States, where babbling brooks, rippling lakes, silvery rivers and crystal seas blend in eternal melody with gorgeous magnolias, flaming poinsettias, mounded oaks, stately pines, graceful palms and myriad song birds, and where amid incomparable beauty and matchless climate, nature seems to smile

and say, 'Abide with us forever.' Florida is the laborer's opportunity, the farmer's chance twelve months in the year, the dairyman's flowing bowl, the beekeeper's land of honey, the poultryman's egg basket, the stockman's perpetual pasture, the banker's strong box, the manufacturer's and the lumberman's abundance, the sportsman's rendezvous, the yachtman's paradise, the homeseeker's goal, the Tourist's refuge, the pessimist's Waterloo, the citizen's haven, the best place to live this side of heaven, and we can go there from Florida.

### SPECULATE ON PROPERTIES

"In the world of finance," says Herbert N. Casson in Forbes Magazine, "everybody speculates. Everybody takes risks. Everybody backs his judgment, to win or lose. Finance consists of investment and speculation, and the banker in the world cannot tell you where the one ends and the other begins."

"There is no infallible rule by which a few guide posts to show them the worst danger spots, and one of these guide posts has on it these words—speculate on properties, not schemes."

"A property is anything that has intrinsic value, while a scheme depends for its value entirely upon the way in which it is carried out."

"A property is tangible. You can always sell it, if you wish in a week or two."

"But a scheme is an idea. It has no substance in the material world. It is a bubble."

"No property, however old and dilapidated, has any money value, but the scheme, however new, may not be worth a cent. It may only be a wide door to bankruptcy."

"No man would have schemes made legal far from it. The Bank of England was a scheme once."

"My point is that investing in homes is for those who can afford it, and it is a safe investment."

"Do not get into schemes, but high quality property. Note that the schemes are not a small percentage of the property. Not more than 1 per cent of the property is a scheme."

"The more a man is, the more he should depend upon schemes. The more he should depend upon schemes, the more he should depend upon schemes. Do not depend upon schemes, but high quality property."

"The facts about the scheme, the property, and yourself."

### JEWELL REPORTS 125,000 SHOPMEN RETURN TO WORK

(By The Associated Press.)  
BALTIMORE, Oct. 5.—Eighty-three per cent of the United States, operating approximately 65,000 miles and employing between 125,000 and 150,000, have settled the shop craft's strike with their system federations, according to a special bulletin sent today to all members of the organization over the signature of B. M. Jewell, president. The latest additions to the settling roads were the Fort Smith and Western, The Georgia, Florida and Alabama, and the Chicago Great Western.

Replying to numerous requests for an interpretation of the Baltimore plan, upon which the strike leaders claim the settlements have been made, the circular states three reasons accented the executives in accepting this agreement basis. It gives, first, a "split in the Association of Railway Executives—one group agreeable to a settlement and the other bent on destroying these organizations, second, willingness of the liberal group to negotiate national agreements and lay down a basis for settlements on other roads" third, that "no justification could be found for keeping 125,000 men on strike who could return to work and assist in financing those who remained idle."

Justification for the action of the police committee, the circular declared, is seen in the fact that thirty-one other carriers, in addition to the original fifty-two have agreed to the Baltimore plan.

A second special circular to the membership contained in detail an interpretation of Federal Judge Wilkerson's decision on the injunction bill filed against the organization by

Attorney-General Daugherty. It was supplied by Donald R. Richberg, attorney for the shop crafts.

"We cannot interpret the temporary injunction drastic as its terms are," said Mr. Richberg's opinion in part, "as in any way restraining or preventing the officers and other representatives of the shopcraft organizations from doing all in their power to maintain an orderly discipline, and conduct of the lawful work of the organizations, to continue to call for, and to expect to receive the loyal support of each and every member and to continue to work in harmony and with common lawful purpose to advance the common interests of the organized shop craft employees."

Mr. Jewell, accompanied by Mr. Rueger, arrived today from Washington, where they conferred with Attorney-General Daugherty, regarding the submission of Judge Wilkerson's decision to a higher court for review. Attorney-General Daugherty assured them of his co-operation insofar as it is possible for him to act, they said.

### ORLANDO MOVING PICTURE COMPANY ARE ON THE JOB

The movie visitors got on the job this morning taking scenes for "The Broad Road," this being the first day since their arrival that actual scenes for the play were photographed.

The work was undertaken at the Forest City "set," which represents a lumber camp.

The first scene out upon Central Avenue this morning from the Empire, where they are staying, all dolled up in their stage trappings, which made the natives gasp.

They were taken to Forest City in automobiles where they spent the entire day at work. John C. O'Loughlin, general manager of the enterprise, said this morning that he expects to see the troupe put in a week's work at the lumber camp. They will then transfer their activities to Orlando, and interest is centering meanwhile on the desire to be given to the visitors tomorrow night at the Empire, by R. U. Grable, president of the Associated Authors Productions, Inc., the local motion picture company.

Fifty guests are expected to be entertained, Orlando Reporter Star.

### PELLEE DOWNS DEMONSTRATION

But You Own Windows. Tell the Boss by?

If made of sturdy curtains are as fatal to the appearance of a house as a distorted face to the appearance of a person.

Curtiling is an art in which happy results can only be gained by nature. A knowledge of the simple laws of light and shadow, enables the housewife to arrange her windows correctly.

Color, exposure, architecture and the type and decoration of the room in which the curtains are to hang should determine whether they will be gay or sober, sheer or heavy, long or short. For example, if the curtains are to hang at windows facing a street or road, the glass curtains should be the choice. Glass curtains are the sheer kind which hang close to the window-pane. They permit plenty of light to enter and also screen the windows. If, however, the windows face a garden or lawn, any appropriate material may be hung on rods by means of little brass rings, so that it may easily be pushed or drawn aside to admit the view and sunshine.

The committee in charge of the decoration of the model house, Park ave., which will be open to the public, Demonstration Week, October 9 to 14, in the Better Homes in America campaign, in which Seminole Co. Federation of Woman's Clubs is taking part with hundred of other American cities and towns, is giving careful thought to the selection of attractive and suitable window curtains and other hangings.

### SUMTER COUNTY FULL OF PEP FORGING AHEAD

(By The Associated Press.)  
BETHLEHEM, Oct. 5.—Sumter county has a population of around 8,000 but what it lacks in numbers the citizenry is making up in "pep". At the general election of November 7 they will vote on a county bond is-

sum of \$605,000 for highway building which, if passed, will make a total of \$1,490,000 voted for good roads by Sumter county within the last two years.

The Sumter good roads campaign began two years with a bond issue of \$750,000. A month ago this sum was increased at another election by \$135,000. The last issue stirred the sentiment for hard surfaced roads to such an extent that the boosters decided to use it as an incentive to great things and the Board of County Commissioners last week, as a result of a monster mass meeting of citizens, ordered the vote on the \$605,000 issue next month.

ALMOST PUT HIS FOOT IN IT

Visitor In Small Town Found He Had to Be Exceptionally Careful About Offending In-Laws.

There is a town in the Southwest where the families have intermarried to such an extent that it is difficult for an outsider to make the least criticism of one person without the danger of offending the family connection. When an unfortunate visitor commented on this fact to Mr. Jones the postmaster Mr. Jones nodded.

"Well, perhaps that's our sheriff," complained of that no longer ago than last week," said he according to the Philadelphia Ledger.

"You see, it took him more'n a week to arrest Frank, because Frank got what that he was wanted on a little matter of selling moonshine, and he will on a round of visits visiting his relatives, uncles, nephews-in-law and I don't know what all and it wasn't till he had had his fill and went back home to his wife that Bill could make the arrest without seeming to kind of butt in, as you might say, and spoil the reunion."

"I should think he would make a strange sort of sheriff," said the visitor, "waiting all the time for sentimental reasons and then arresting a man when he went home, just because his wife wasn't a relation!"

Whereupon the postmaster drew himself up and assumed a remote expression.

"That's as you look at it," he said in a chilly tone. "I may be a bit prejudiced in Bill's favor as he married my son-in-law's youngest sister. Anything that concerns him concerns me, you understand."

FRAGRANCE ON PRISON

Electric Perfumer in Cleveland, Cal., Jail Arouses Mind to All Kinds of Possibilities

At the county jail in Cleveland, Cal., there is a garden of roses and orange blossoms. The other day the atmosphere of the jail reflected the aroma of the best cedar. It might have been Norway pine, sassafras, or the apple blossom but it just happened that the perfume was charged to dispense an aromatic tinged with rose petals.

The machine has possibilities, the sheriff believes. It might be employed to awaken the prisoners each morning with scents of violets and soothe them at breakfast with odors of hump spruce, fennel, grapefruit and other blends not on the regular morning menu of coffee and butterless bread.

Oh yes indeed, the machine has possibilities. At night it could discharge the odor of plum, pine or figs or dates, and any prisoner with a good sense of smell and a strong imagination could readily go to sleep and feel that he was in Hawaii.

But the perfect use is in jail only on trial, Cleveland Daily Dealer.

Little Density in Fog

It takes a big bucket of fog to make one good swallow of water, says Dr. W. J. Humphreys of the United States weather bureau at Washington. The densest fog off Newfoundland banks contains some 20,000 droplets in a cubic inch. Doctor Wells and Doctor Thomas of the bureau of standards found

To get one glass of water through fog to fill a space 3 by 5 by 100 feet would have to be condensed. In a fog that size there are 60,000,000,000,000 particles of water. "It would take about a half hour to count an inch of fog particles," says Doctor Humphreys. Placed side by side, 2,500 to 3,000 droplets would be needed to fill that length. "The droplets in a cloud have been found to be on the average twice the size of a fog droplet."

Oil From Sunflower Seed

The sunflower is a possible source of oil. A large quantity of it having been made from sunflower seed in Russia before the war. The cold-pressed oil is used for culinary and other purposes where a high-grade edible oil is required, while the hot-pressed is employed in making soups and Russian varnishes. In 1911 more than 500 mills in the Caucasus were engaged in pressing sunflower seed. It is possible that the sunflower may some day be an important oil-producing plant in this country. The crop is now grown to quite an extent in some parts of the country, notably Missouri, for poultry feed.

Meteora Fall in Saskatchewan

A giant meteor plunged into the Big Quill lake, near Wynward, Saskatchewan. A fiery body was seen by many in the district to drop from a clear sky and clouds of steam rose from the lake for some time after it had sunk in the water. Other meteoric disturbances are reported from Vancouver, Saskatchewan, southwest of Saskatoon. People in the neighborhood heard five or six loud explosions and the earth between Vancouver and Pike lake was shaken.—Montreal Gazette.

Huge Jellyfish

A jellyfish of beautiful, translucent blue, weighing close to 60 pounds, was washed ashore on the south of England coast recently. The creature has seven odd-looking pink-lined tentacles protruding below the body of it and had two or three resembling gills to breathe through. Some of us have vivid recollections of being stung badly by small ones and tremble to think what such a big fellow as this could do.—Exchange.

WASHINGTON HEARS JUDGE DAVIS WILL BE CHOSEN JUDGE

By The Associated Press

WASHINGTON, Oct. 5.—There were rumors here today that Judge E. C. Davis, of West Palm Beach, had been practically selected to fill the place an federal bench of Florida created by the recent act of Congress authorizing an additional judge for the Southern District. These rumors could not be confirmed either at the White House, department of Justice or elsewhere, but Congressman Will Wood, of Indiana, who is sponsoring Judge Davis' campaign holds big hopes of success.

Mr. Wood said Judge Davis had accompanied him to see the president and Attorney General Daugherty "Judge Davis," Mr. Wood stated, "is originally from my congressional district in Indiana. He is a man of the highest type, excellently fitted judicially for the bench, of a broad liberal education, and in every way worthy of the position for which the president is now considering him. The fact that he was not long ago named by a Democratic governor of Florida for a responsible position when there were many Democrats who might have been named is the best evidence of the honor and esteem in which he is held by the Democrats of Florida. I know of no other man who in my opinion, could so well fill the place on the bench as Judge Davis."

Continuing Mr. Wood said he did not know when President Harding would make a nomination in the matter but the Judge Davis' candidacy is being most favorably looked upon by the president and attorney general. Congressman Wood's support of Judge Davis is calculated to have considerable weight. Tampa Tribune.

ed people who want to protect the law breakers by disapproving of an officer who shoots a bootlegger. Where is the difference? If the lawbreaker want lead let them have it. There is no need of any officer getting hot at any time or any place and possibly would uphold them in doing their duty at all times.

The weather bureau is puzzled over the strange freaks of nature this season when all the rain is falling in Florida and part of California and other parts of the country are trying to get up. Well, if it must be one or the other extreme we would rather have the water than the drought although the Sanford section can stand either one better than any other part of the world.

New Smyrna, which has a municipal electric plant, has reduced the charge for lighting service from 15 cents to 12 cents per kilowatt hour, with a minimum charge of \$2 per month, and the News reports that the people are jubilant. Tampa Times. Yes, they ought to be. If the rates are ever lowered here we will fire off the old cannon.

**A CHANGE AT FORT MYERS**

George E. Hosmer, former president of the National Editorial Association, who recently sold his interest in the Bradentown Journal when the Journal consolidated, has become interested in the Fort Myers Press, associating himself with Morton M. Milford, the editor and publisher, as business manager. George Hosmer will be an acquisition to Ft Myers and a source of strength to The Daily Press because of his wide experience and his ability to make friends.—Lakeland Star Telegram

**A COUNTY MANAGER**

Charles A. Clark, chairman of the county board of commissioners, declares that Duval county needs a manager; that the present commissioner form is clumsy and too easily swayed by political factions. He believes three commissioners could serve the county better than fix the present number.

Whether one wishes the county manager form of government or not, there is a good straight forward thinking in Mr. Clark's state ment. He and the rest of the county board and should know what he

is talking about. Of course the fact he has been defeated for office and will retire on January 1 may account for the free expression of his opinions, but during the past few months the people of Duval county have seen the factional spirit flame high in the board of commissioners and as a result, much work has been left undone that should have been done.

We have a board of county commissioners, a body vested with authority to handle the affairs of the taxpayers of Duval county, divided into majority faction and a minority faction, and the factional lines are clearly drawn. Any private business would go bankrupt quick if this condition existed. The only reason a county does not go bankrupt under a similar condition is because it is always possible to dig deeper into the pockets of the taxpayer. The present board is all right in its way, there's nothing that can be said against the integrity of its individual members, but the predominance of the political element entirely waste motion and does not expedite the handling of the people's business.

It is foolish to contend that public business cannot be transacted as efficiently as private business. Old catch-as-catch-can methods are things of the past. If efficiency cannot be had in the present commissioner form, it's time for a change, to the county manager plan, to the commissioner plan or to some other plan. Compared to the object in view—service to the taxpayers and the public generally—the plan is secondary.—Jacksonville Journal.

**HOW MUCH PROHIBITION?**

California, along with a good many of the other 47 states of the Union, is facing a liquor issue in the coming November election. Both sides are busy—the wets making a door-to-door canvass of voters and the enforcement faction carrying on educational work, especially among women voters.

The latter group is making use of a recent report on the status of prohibition in American cities. This report shows that arrests for drunkenness and treatment for alcoholism in California have been reduced to a fraction of their former volume. Crime generally has diminished. In San Francisco the total number of arrests for all charges has dropped from 49,617 in 1918-19 to 26,673 in 1919-20. Crimes of violence have shown the greatest proportional de-

crease. Physicians and administrators of public charity and child welfare have noted substantial improvement in their respective lines which they credit to prohibition.

The report does not miss the fact that there is a need for improved enforcement. That is probably the question. A very large and increasing proportion of the nation's population approves of the benefits so far derived from prohibition. There are many in this group, however, who feel that enforcement would be simplified if the laws against liquor were less drastic.

Little is to be feared from the out-and-out "wets." If present prohibition laws are relaxed it will be because many citizens believe that full enforcement of milder laws is better than partial enforcement of strict laws. That is a question which probably will not be finally settled without many more years of legislative experiment.—St. Augustine Record.

The East's Lige Region comes out this week in a special addition that combines the booklet recently compiled by Willis Powell for Lake county and the regular edition of the Lake Region. It makes a nifty special and will bring many people to Lake county. It takes continuous advertising to bring in the new people and the Daily and Weekly Herald should be sent out of this county by the thousands every week as advertising. Every county should have a fund for this purpose. The newspapers are the kind of advertising that bring in the people. It is the daily happenings that make the real reading for newsmen and prospective buyers of homes and farms and groceries.

The Daily Herald has received many compliments upon the manner in which the World's Series has been handled by this newspaper. One gentleman recently coming here from another state to live said yesterday that the Daily Herald was as good as his home papers published in a city of fifty thousand people. You can always rely on the Herald to give you the news regardless of expense. We believe that nothing is too good for our readers and when we get our new equipment the Daily Herald will be as good as any in the state.

The Sanford business men are responding nobly to the call for more publicity and many firms are contracting for a year's advertising in the Daily and Weekly Herald. They

realize that now is the time to advertise never before and with the future growth of Sanford assured there will have to be more stimulus given to business through good newspaper advertising. Now is the accepted time to get in the Daily and Weekly Herald at the old rates.

# GIANTS' HEAVY HITTING AGAIN WINS

## Let to Hoyt for 11 Bingles and Pound Out Victory

### SCOTT PITCHES JAM UP BALL AND HOLDS YANKS TO FOUR SCATTERED HITS

### GIANTS WILL BE HOME CLUB TOMORROW

(By The Associated Press)  
NEW YORK, Oct. 6.—Prospects for a third game of the world's series between the Giants and the Yankees at 7 o'clock this morning were excellent. The down-poured fair and light winds blowing from the north.

(By Leased Wire Service)  
The third game of the series was pitched under excellent conditions. The weather is with the Giants.

caught by two feet. He went into the bag standing up, running into Groh, trying to make him drop the ball. After a hot exchange of words Umpire Hilderbrand got between them, separating them before anything happened. Ruth was loudly hissed as he took his position in the field.

No runs, no hits, one error.  
Giants up. Kelly started this inning well with a single to short right, but was caught trying to steal second. Cunningham, out, third to first. Earl Smith singled to left, but died on first as Scott fanned out.

No runs, two hits, no errors.

FIFTH INNING.  
Yanks up. Three up and three down this time. Schang hits one to Kelly and was thrown out by J. Scott who covered first. Ward flew out to center and Groh made a great catch of Scott's foul in front of the Yank's dug out.

No runs, no hits, no errors.  
Giants up. Things looked good for the Giants in this frame with their big lead up but nothing serious developed. Bancroft struck out. Groh went out third to first. Frisch drew a free pass on four wide ones and after one ball and one strike was called by E. Meusel he was caught trying to steal second.

No runs, no hits, no errors.

SIXTH INNING.  
Yanks up. Hoyt singled to center. Witt was forced at second when Witt grounded to short. Dugan flew out to left. As Ruth came to the bat he was hissed and booed by the crowd. He grounded out to Kelly who made the play unassisted.

No runs, one hit, no errors.

SEVENTH INNING.  
Yanks up. The Yanks missed their best chance to tie the score in this inning. Pipp grounded out second to first. R. Meusel hit to pitcher and beat it out. Schang doubled to right. Meusel stopping on third. Elmer Smith was sent in to pinch hit for Ward and struck out. Scott spoiled their chances by grounding out, short to first.

No runs, two hits, no errors.

GIANTS UP. The Giants' third run was made in this inning. E. Smith grounded out pitcher to first. J. Scott grounded out third to first. Bancroft drew four wide ones. The hit and run was on with Groh up and he singled, Bancroft going to third. Frisch singled to right scoring Bancroft. Groh going to third. E. Meusel went out second to first. McNally playing second in Ward's place making a great stop.

One run, two hits, no errors.

EIGHTH INNING.  
Yanks up. Baker was sent in to pinch hit for Hoyt, but hit along first base line, being put out by Kelly, unassisted. Witt flew out to center and Dugan went out, third to first. Groh making a great stop of a hard hit ball.

No runs, no hits, no errors.

GIANTS UP. It looked as if the Giants were going to increase their lead in this inning, when Jones, now pitching in Hoyt's place allowed Young to connect for a single. Kelly sacrificed and Young went to second. Cunningham walked. McNally stopped things with a brilliant catch of E. Smith's hit to short right and then Scott fouled out to third.

No runs, one hit, no errors.

### NINTH INNING

Yanks up. The Yanks went out in order in the ninth and added one more victory to the Giants chances for the series. Ruth grounded out, second to first, Pipp grounded out short to first and R. Meusel followed Pipp over the same route.

No runs, no hits, no errors.

The Yanks will be the home club tomorrow and the game will start at 2 p. m. Leased wire service will be given out at the same time in the city hall building and the Sanford public is invited.

Score by innings:

Yanks 000 000 000 0 4 1  
Giants 002 000 01x 3 12 1

### AMERICAN LEAGUE CHAMPIONSHIP RACE ECLIPSED YEARS AGO

(By The Associated Press)  
NEW YORK, Oct. 6.—As close as the American League championship race has been this year between the New York Yankees and the St. Louis Browns, and as equally exciting as it was last year between the Yankees and the Cleveland Indians, neither compares to that of the National League of the season of 1905.

The New York Giants and the Chicago Cubs finished in a tie, which the Cubs won, after those two clubs and the Pittsburgh Pirates had entered the first week of the campaign in a neck and neck. That season was perhaps the most remarkable in the history of baseball.

Pittsburg was at the top of the league on October 1, New York played Philadelphia that day and the Braves defeated Mathewson, 1 to 0, with out for Philadelphia, 3 to 2, Pittsburg and the Cubs won their games and the Giants fell with a thud into third place.

Chicago and Pittsburg met in what was thought would be the deciding game of the season. If either Chicago or Pittsburg captured that game, they would be the pennant holder, but Chicago's own misplays.

That placed Chicago first, Pittsburg second and New York third. The Giants, however, had three games remaining to play with Boston and, if they won all of them, their percentage would equal that of the Cubs and the campaign would result in a tie. New York did win and an extra game was decided upon to settle the issue, Chicago winning.

The whole situation, however, had created by an incident in a game between the Giants and Cubs on Sept. 23 in which Fred Merkle, the Giants' first baseman, pulled what has since been regarded as the "biggest bone" play in history.

In the particular game in which Merkle erred in the ninth had been reached and two Giants were out. McCormick was on third base and Merkle was on first when Bridwell, the Giant batter, hit a clean liner over second base. McCormick scored and Bridwell touched first base.

In the midst of the pandemonium Evers, playing second base for the Cubs, jumped astride that bag and called for the ball to be thrown to him. When Evers received the ball Manager Frank Chance of Chicago asserted that Merkle was out for failure to touch second base. While heilan broke loose Umpire O'Day suspended play and left the field to think out the problem.

O'Day returned when most of the crowd had gone and declared that Merkle was out, thus nullifying the run that McCormick would have scored, and ruled the game therefore was a tie, one to one. Then, when the season ended in a tie, the play off was necessary.

Watch the Daily Herald every day for the latest in all sports, local, national and state. We print it first.

### CELERY SEED

The Chicago Cubs even up the Chicago series yesterday by defeating the White Sox in the second game, ten to three.

Mainly because of some wonderful pitching by Rube Benton, former big league south paw, the St. Paul club evened up the "little World Series" by defeating Baltimore yesterday, 2 to 1. Only 31 men faced Benton.

The Orlando American Legion team will play football with the Rollins College eleven tomorrow. What is the matter with the Sanford American Legion getting a game with the Orlando Legionairs.

Sanford Post of the American Legion worked a fine game last year with Rollins and we believe a good battle could be staged with the Orlando bunch. Let's try it.

A football game of this nature would draw a big crowd and the American Legion could use the money very nicely in building that new home. Just a suggestion, you know.

We hear that an Orlando man bought two tickets for one night. Bet Henry or John Pruden could tell a better on that point.

Receipts of yesterday's World Series game amounted to \$1,255,141, a record for a world series game. And all this money is to go to the disabled soldiers and New York charities.

Will you be at the football game tomorrow?

You are going to witness the surprise of your life if you do. Sanford Herd is some outfit this year.

And good coach to see they do it right.

Mr. Landis gives no reason for the decision whereby the different charities gets the receipts of yesterday's game other than "many spectators are dissatisfied with the decision."

It is a pity that the money to be used for the benefit of the disabled was not finished.

### OCALA HIGH PLAY HERE TOMORROW

GAME WILL BE PLAYED ON THE BULKHEAD SANFORD IS READY

The Sanford High School football season opens officially tomorrow afternoon at 3:30 o'clock with Ocala High at Sanford. The game will be played on the lake front in order that every one will be given a chance to witness the game.

The Ocala High School has a good team in the field this season—but so has Sanford. These two teams are pretty well matched and a good game is assured the Sanford fans. On account of the game being played down town a record breaking foot ball crowd is expected. There is no fence around the place they play but the Sanford people are expected to be there with their donation of a half dollar in order that the High School boys can pay the guarantee coming to Ocala High without going in the hole. The interest of the public and the way they help financially at this opening game will have a lot to do with the kind of season the lads will give us this year. Come out and do your little bit, you'll get your money's worth.

Coach Wilkenson states that his squad will give the Ocala boys a tough tussle and even hinted that a Sanford by a good score was not a thing to be waived aside without consideration. But he is very anxious to see the Sanford people turn out and back these boys as it makes work even more pleasant when he knows every one is with him. In an interview with Wilkenson this morning it was learned that he was not anxious to

### CELERY SEED

marked "third game" will be acceptable today.

Many fans purchased tickets intending to attend Saturday and Sunday's games and should yesterday's tie game be replayed today a bad ticket mixup would result, it was pointed out.

Every play made yesterday counts in the records and averages of the series and the ultimate victor still must win four games—the Giants three more, since they won the first Wednesday.

Strout Farm Agency, 113 Magnolia Avenue: A pick up for someone, about 30 acres heavy black loam, all in tillage, perfectly ditched and drained. This dirt would fertilize celery avenue soil. Good five room house, 2 barns and a number of other out-buildings, poultry houses, etc., all in usable condition. 30 minutes drive to Sanford. Price \$2,000, \$800 cash, balance to suit. Let me show you a patch of cane growing on this place.

### LANDIS DECIDES TODAY IS THIRD GAME OF SERIES

(By The Associated Press)  
NEW YORK, Oct. 6.—Yesterday's tie game between the Giants and the Yankees, the second of the world's series, counted as a complete contest and today the third game with the National League club technically at home will be played, it was officially announced from the office of Commissioner Landis last night.

This statement was made after a conference of the commissioner with Secretaries Barow and Tierney of the two clubs. The decision was designed to avoid confusion of the public, especially ticket holders. Only tickets
