states of the nation in "moonshine" production. Moonshine production requires sugar, molasses or honey. Meanwhile a veteran who returned to Sanford and wanted to engage in the candy making business, found himself unable to do so because of OPA sugar restrictions.

Federal authorities are investigating a bank robbery that took place recently in Lake Alfred at the American Bank where Cashier John Patterson reported that three young men forced him at early hours of the morning to open the bank. They then snatched several thousand dollars and motored away on Highway 92, and eluded roan traps set up by order of Polk County Sheriff DeWitt Sinclair.

Florida's closed shop controversy is now up before the U. S. Supreme Court to decide the right of a state to ban closed shops. American Federation of Labor Unions appealed to the high tribunal for a decision by a three judge Federal district court here in Florida. If the high court should rule the district court lacked jurisdiction, the lower court's

Native Donates Life Savings To U. S. Government

WASHINGTON — Democracy is appreciated on Peleliu Island, the U. S. Treasury learned when Gen. F. C. Rogers, Marine Commander there, forwarded a gift of \$100, the life savings of an island resident who wanted to "help."

Rogers wrote: "Enclosed herewith is a money order for one hundred (\$100) dollars made in favor of the Treasurer of the United States.

"This sum was delivered to the Island Commander by a native, who stated that he wished to contribute to the funds of the United States. The donor, LUBUAGE, was born on the island of Yap and is now employed by the Palau Islands Military Government Unit at a wage of forty (.40) cents per day. During his spare time he makes and sells souvenir medals of native crafts. The proceeds of these sales plus his daily wage have been combined to make up his donation. When questioned as to the reason for this donation, his reply, made through an interpreter, was: "American government good. I wish to help."

"It is believed that this gift which includes every cent owned by Lubuage, is unique even among the long list of voluntary contributions to the United States Government."

"It is requested that appropriate acknowledgement of this contribution be sent to Lubuage (No. 161) in care of the U. S. Navy Military Government, Palau Islands."

An engraved citation has been sent to Lubuage. It reads: "In recognition of the patriotic and generous donation made to the United States, this citation is awarded to Lubuage."

(Signed) FRED M. VINSON, Secretary of the Treasury.

MAYO, Fla. (Special) — Two hundred and fifty acres of blue lupine in Lafayette County are

decision apparently would be nullified.

The Interstate Commerce Commission is due to receive by Friday several briefs regarding the Atlantic Coast Line plan to take over operation of the Florida East Coast Railroad. The ICC will determine whether to turn the line over to the ACL as a subsidiary line or let it be continued as an independent line confined wholly to Florida.

The queen of the 1946 Orange festival will be crowned in Winter Haven next Monday night as the opening feature of the citrus exposition.

State agencies at Tallahassee are favoring a move to turn the Army's Welch Convalescent Hospital at Daytona Beach into a trade school for veterans and other adults. War Department officials in Washington have indicated that the hospital will stay in use for convalescents at least for several months—contrary to an earlier report by Paul Eddy, director of the Surgeon General's office had declared Welch Hospital surplus. War department officials say their policy is to announce decisions to close down such temporary installations three months in advance.

now growing well, thanks to recent good rains, according to County Agent S. L. Brothers.

USED FATS COLLECTED WASHINGTON, (Special)—The American Fat Salvage Committee estimates that in a period of 41 months more than 600 million pounds of used fats from all sources were collected.

Hike In Power Output Due To Heavier Demand

(Continued From Page One) ing capacity greater than the peak load of the entire system prior to 1940. Substations will have to be expanded and new ones built to handle the enormous post war increase in the use of electricity forecast by the company. The statewide interconnected transmission lines will have to be reinforced, including additional

circuits between Daytona Beach and St. Augustine, and between Ft. Lauderdale and Miami. About a week ago a new 66,000 volt transmission line was completed, connecting the huge Ft. Lauderdale plant with the Lake Okechobee region. This new transmission line is 67 miles long. "The extension and improvement of distribution lines and other facilities to serve new customers will cost in the neighborhood of \$2,000,000, including anticipated construction of over 600 miles of rural lines to serve Florida's fast developing farming activities. "The 120,000 KW new plant

capacity and the other system extensions required to deliver this energy to new customers represents the company's largest construction program since 1925 when the interconnected system was first built to bring modern transmission line service to hundreds of Florida communities which until then had depended upon service from small isolated plants. None of this additional capacity replaces any of the present equipment, which has been maintained and operated as part of its system. The new plants will simply be additions to the present system."

TESTIFYING

before the Pearl Harbor Investigating Committee in Washington, Adm. Royal E. Ingersoll is shown as he asserted that the nation knew before Pearl Harbor that there would be war with Japan. He declared that intercepted Jap messages ordering destruction of codes constituted the "tipoff."

Life's Modern Temp May Result In Memory Loss

CINCINNATI, O.—Now if you forget to mail the wife's letter you can blame it on the tempo of modern life and think nothing more of it—that is, if the wife doesn't find that letter in your pocket. Dr. Arthur G. Bills, professor of psychology at the University of Cincinnati, says time has become so telescoped "and we have so many stimuli poked at us that the patterns of memory are broken

en up. So even if the wife finds that letter, Dr. Bills has an excuse for you that may work—at least once. It is "retroactive inhibition," which can be an entirely commendable affliction. The psychologist demonstrates the workings of retroactive inhibition by teaching a person something, allowing him to sleep for one hour, then having him recite it back. A second part of the test involves the learning of something more, sleeping eight hours, and then reciting it back. In both these phases memory work equally well, proving that mere passage of time cannot be blamed for forgetfulness. However, when the same individual is required to remain awake for eight hours after learning his lesson, he forgets 60 per cent of it. Moral: To remember to mail a letter, sleep on it.

inhibition is caused by the number of other things impressed upon the memory between learning and attempted recall. Dr. G. A. Bills. Moral: To remember to mail a letter, sleep on it.

Missouri Girl Is Now New York City Textile Tycoon

By DOROTHY ROE
Associated Press Fashion Editor
The gal who put glamour in gingham and chic into chambray is Hope Skillman, a Missouri girl who came to New York in search of Art with a capital A, but found it was more important to eat regularly. Now she is one of the few women in the world, if not the only one, to own her own textile business, holding her own with ease and charm against the sharp and not always ethical competition of New York's textile tycoons. It is the smiling and youthful Miss Skillman (in private life Mrs. Saul Schary, wife of an eminent modern artist, who turns out those better smooth chambrays and silky bold ginkhams which are becoming more and more important in the summer fashion picture of the U.S.A. in addition she makes whimsical prints which are used by the cream's top-flight designers. The story of Hope Skillman is a real story with a feminine heroine, born in St. Louis, Hope studied art there and in Chicago, finished up in Europe and came to New York as associate editor of an art magazine. Says she: "I had a perfectly wonderful time and met hundreds of interesting artists, but I found my interest in art didn't quite overshadow my interest in food. So I went out and got a job that would keep me in caviar and cream puffs." That job was an assistant designer in a large textile house. She soon became head designer, made a name in the market for gay and unusual designs and three years ago started her own business. In the meantime she had married Saul Schary, one of the artists she had met during her brief editorial sojourn, but not the starving type. Mr. Schary already was recognized as one of the top figures in modern art, and in the years since his fame has widened. Today Mr. and Mrs. Schary own a town house in downtown New York and a country home in Connecticut, invite their friends in for dinner in a real dining room, streak for the country on weekends and generally enjoy life. During the recent crisis in the fabric industry, when all shipments were held up for months

The parade of Hialeah's 500 Flamingos is a colorful and thrilling spectacle.

by strikes, Miss Skillman pacified her customers in a typically feminine manner. Instead of notifying them grimly that their orders could not be shipped, or simply leaving town to get away from it all, Hope told her story to the girls' customers in verse. One morning each one received in the mail the following ditty: "In extra fine delivery We are the girls who specialize. We beg, we plead, we get our goods Ahead to everyone's surprise. . . But now alas and dreadfully We confess our word is naught. We are beset on every side By strikes still being fought. "New England the fishers For fire whole weeks are sittin' On some of our best goods That to you should be a salt-pil'. We write to you this little ditty To tell you the our goods are late Our only essential acts on this lot They're mighty pretty and worth the wait. Delighted by a light touch in the midst of general gloom, the customers replied in kind. The Skillman office was flooded with cheerful replies, also in verse. Typical is this one from Fred Cole of California: "Keep us advised of all the dope— Though we don't have Skillman we still have HOPE."

Greeks Seek Sale Of Tobacco Crop
 ATHENS - (AP) - Greece's rich tobacco, which represents nearly 50 percent of her normal exports, for the past three years has been lying idle in warehouses seeking markets.
 Before the war Greece exported over 60,000 tons of tobacco annually—45,000 tons to Central Europe and 15,000 tons to America and Britain.
 Virtually the entire 1944 crop, 15,000 tons, and the entire 1945 crop of 25,000 tons are in warehouses here. U. S. tobacco agents negotiating for the stored tobacco are handicapped by foreign exchange restrictions and the lack of shipping.

CONFRONTED by the problem of choosing one puppy at the Detroit dog pound, little Sedona Elkin holds an armful and wishes she could take them all. No doubt they'd have come along gladly to keep on being snuggled in that soft warm Arctic jacket Sedona is wearing. (International)

Family Is Reunited By British Queen

TORONTO - (AP) - A letter to Queen Elizabeth has clipped governmental red tape and assured the speedy reunion of a family separated by six years of war.
 The letter was written by an American—Robert E. McCloy of Eden, N. Y. McCloy and his wife cared for two British children evacuated during the blitz, Brenda and Beryl Gowing.
 McCloy needed a foreman for his Christmas tree plantation near Courland, Ontario, James Gowing, in Norwich, England, wanted the job if he could bring his wife and other daughter, Hazel, to Canada and reunite the family.
 Unable to get government permission, McCloy finally wrote the queen.
 "It took three days for the air mail letter to be delivered in England," he said. "The day after it arrived an officer came to Gowing's house and told him, 'The queen's going to bat for you. The permission he'd been trying to get from the foreign office for years is on the way.'"

Red Cross Knitter Is "Sock" Success

WESTFORD, Mass. - (AP) - Mrs. Jennie M. Kendrick, 85, has set a knitting record for the Lowell Red Cross.
 Since March of 1940, she has knitted for servicemen 3,400 Afghan squares, 650 pairs of socks, 12 knee bands and countless scarves and shawldrifts.
 Born in Nashua, New Brunswick, Mrs. Kendrick learned to knit when she was nine years old. She still does all her own housework.
 Mrs. Kendrick performed the same service for the Red Cross in World War I. "But I didn't keep count then," she said.

State News Briefs BY WILLARD CONSOGLY

St. Lucie county supporters of former Governor Spessard L. Holland's candidacy for the United States senate were scheduled to meet this evening in the courthouse at Ft. Pierce to organize a "Holland for Senator Club."
 The Florida State Fair at Tampa continues to attract record breaking crowds. Recently a large crowd at the entrance blocked a railroad track and an ACL train was forced to wait 30 minutes until police succeeded in clearing a path for it.
 A big Douglas DC-3 skytrain of the Flying Tiger Line took off Tuesday evening from Page Field county airport at Ft. Myers with 5,000 pounds of gladioli aboard in 130 cartons or about 37,410 flowers destined for Los Angeles, California. Palma Sola flower farms made the air express shipment which will be a regular weekly event.

Flavert Village, a 100 unit subdivision for married veterans students at the University of Florida, was dedicated Monday afternoon by Secretary of State R. A. Gray. The house units are complete except for landscaping, and provision of living room furnishings.

James C. Henly, former resident of Nashville, Tenn., was named recently by Tampa civic organizations and E. D. Lambright, editorial director of the Tampa Morning Tribune, as the Outstanding Tappan of 1945. Now assistant treasurer of Peninsular Telephone companies he has participated in many activities including heading Tampa's Red Cross Chapter, the Community Chest drive, Tampa Post 6 of the American Legion, Egypt Temple Shrine and many other group activities.

Tampa University now has the largest enrollment of students in five years, with more than 500 attending, of whom more than 200 are veterans. It was recently announced by Dr. E. C. Nance, president.
 Construction of a \$10,000,000 paper mill is under way at Palatka. The big plant which expects to be producing paper in nine months will be a unit of the Hudson Pulp and Paper Mill Company.
 Conversion of idle Army facilities for use of veterans and their families will be the principal

topic discussed at the meeting Saturday in Orlando of the Florida Greek sponge fishing community, the Association of Housing Authorities, who will confer with John Boone, FHA regional director, Prince George and Princess Marie of Greece on a visit to Tarpon Springs got snubbed by divers.

Birthdays... I love them! I know I can LOOK YOUNGER with GOURIELLI ESTROLAR

Contains an Estrogenic Complex
 Yes, I'm over thirty, quite a bit—but I don't look it—and I'm going to continue to not look it! I've found a wonderful cream called Estrolar containing an estrogenic complex—abundant in youth but which diminishes with advancing years. I've used my beloved Estrolar faithfully on my face and throat as directed, and have been delighted with the results. 30 Days Supply, \$2.00. Touchton Drug Co.

BIBLE VERSE FOR TODAY

BUT HOW CAN CHILDREN
HONOR PARENTS WHO SEEK
DIVORCES FOR TRIVIAL REAS-
ONS AND IGNORE THE
RIGHTS OF CHILDREN TO
A REAL HOME? PARENTS
SHOULD TRY TO EARN
HONOR AND CHILDREN
SHOULD DEVOUTLY ADORE
GLADLY PARENTAL LOVE:
Honor the father and the
mother.—Deut. 5:16.

The Tampa Tribune refers to
Harold Ickes as "the last member
of the original Roosevelt Cab-
inet." Henry Wallace was "Sec-
retary of Agriculture in the orig-
inal Roosevelt cabinet, is now
Secretary of Commerce."

The UNO seems to be deter-
mined to make New York City
the temporary site for its head-
quarters. Probably because New
York City is the only place in
the world where all the delegates,
no matter what country they are
from, could feel right at home.

The State government is liter-
ally lousy with money, Comptrol-
ler Lee reveals. A little nest egg
of some \$38,000,000 in cash has
been collected in the State Treas-
ury, while various investments,
mostly in government bonds,
amount to \$21,000,000 for a grand
total—and very grand too—of
\$59,000,000. What a scramble
there will be to get hold of some
of that money when the next ses-
sion of the Legislature meets.

"Keep a close watch over your
money and your jewelry," warn
Tampa police, as they point to a
statistical epidemic of burglaries
and holdups, many of them com-
mitted by youngsters not yet out
of their teens. Better than keep-
ing a close watch on your money
might be to invest some of it in
wholesome recreation facilities for
young people so that they will be
less tempted to commit robberies.
"An idle brain," someone has said,
"is the devil's workshop."

There is an old saying that
when thieves fall out, there's
hell to pay. Well, we don't mean
to imply that there are thieves in
Administration circles in Wash-
ington, but the "Old Curmud-
geon," Sour Puss, Harold Ickes
certainly did when he said, upon
resigning, "I do not care to stay
in an Administration where I am
expected to commit perjury for
the sake of the party," and he
went on to suggest an oil scandal
in connection with the appoint-
ment of Ed Pauley as sinking
as the Teapot Dome scandal.

"When is a lynching not a
lynching" might be the appropri-
ate title for the debate now rag-
ing between Governor Caldwell
and various state and out-of-state
publications regarding the unfor-
tunate "incident" in Madison
last summer. Our observation
leads us to the conclusion that if
a group of men take a man out
and murder him in the South, it
is known as a "lynching" in all
northern publications, but if the
same thing happened in Chicago,
they would say he was "taken for
a ride" while headlines in the
South would shout "Gangster
Murder Breaks Out Again." It's
all a case of the pot calling the
kettle black.

There was an intimation from
the White House the other day
that President Truman "does not
intend to run for re-election in
1948" or words to that effect, but
of course the statement was
promptly denied by Chairman
Hannegan of the Democratic Na-
tional Committee. It is hard to
believe that the people are not
tired of a permanent fixture. But
we couldn't help thinking what a
good thing it would be for the
country if President Truman
promptly made up his mind to
resign and let the people elect
somebody else to run the country
for the next four years.

Like Father Like Son

A circuit court ruled that the non-sectarian religious
education classes instituted three years ago in Illinois
schools may continue. The wife of a University of Illinois
Illinois professor had brought action opposing such teaching,
though attendance was not obligatory and was based on a
written request from a parent.

The plaintiff claimed to be a "rational atheist," said
she had been trained by her father to "deny the existence
of God" and was bringing up her son, a pupil in the school,
on the same principles. In the classes the children of
Jews in their parents' beliefs. The results will be, by and
large, that the plaintiff's child will be an atheist, the
Jewish children Jews, the Catholics' children Catholics and
those of the Protestants will be church members accord-
ing to their denominations.

An individual's religion, like the color of his hair,
eyes and skin, is pretty much the result of what faith
or lack of faith his parents professed. It's a good thing
to recall in tensions over dogma and doctrine.

Campaign Literature

Argentine election disturbances have caused the
burning of great masses of campaign literature, valued by
anti-Peron forces at \$100,000.

How they reached this figure is something to wonder
about. Campaign literature's chief worth is apt to lie
in its weight of paper rather than in the words it contains.
A trip to any campaign headquarters will confirm this.
Thousands of cards bearing the name and portrait of some
candidate for local office, and the inspiring slogan, "Vote
For Peter Harmon For Auditor," make up the bulk of
the output. Really educational pamphlets, explaining the
party position on the issues of the day, and leaflets that
might win over opposition voters, are definitely in the
minority. The overwhelming impression is one of immense
waste. Some day campaigns may be run by realists, chang-
ing all this.

If Argentina is like the United States, Americans will
regret that the anti-Peronites have been interfered with,
but will be slow to call the destruction of their campaign a
real loss.

A Voice From The Past

Away back in 1823, Sydney Smith, famed English
writer and churchman, wrote his friend, Lady Grey, as
follows:

For God's sake, do not drag me into another
war! I am worn down and worn out with crusad-
ing and defending Europe and protecting mankind;
I must think a little of myself.

I am sorry for the Spaniards—I am sorry for
the Greeks—I deplore the fate of the Jews; the
people of the Sandwich Islands are groaning under
the most detestable tyranny; Baghdad is oppressed
—I do not like the present state of the Delta—
Tibet is not comfortable. Am I to fight for all these
people? The world is bursting with sin and sorrow.
Am I to be champion of the Decalogue and to be
eternally raising fleets and armies to make all men
good and happy? We have just done saving
Europe, and I am afraid the consequences will be
that we shall cut each other's throats.

With a few word and name changes, that could be
well and wisely written today.—Tampa Tribune.

Rutology

"What I'm looking for just now," writes Charles F.
Boss' Kettering in the current issue of The Rotarian
magazine, "is some finely educated person who will
write a treatise on 'The Theory of Rutology.' In it I want
him to tell all that is known about ruts -- when to stay
in them, when to get out, and, if getting out, how to do
so without wecking everything."

Kettering, whose inventions run from automotive
starters to watches and on to fever machines -- he is
director of research for General Motors -- does not ob-
ject to ruts because they made roads rough, but because
they make roads easy by staying in them.

Even the war, things Kettering, only provided a change
of ruts. "War hit us at an intersection," he says, "and
joked us out. Then we quickly went to work and made some
more (ruts) -- particularly in our postwar thinking."

WASHINGTON -- Wanna start Supreme Court?
an argument? Ask some enigma
to name the front side of the
nation's Capitol. Is it the west
side which faces historic Penn-
sylvania Avenue, the Washington
Monument, the White House and
the principal business section of
downtown Washington?
Or is it the east side, facing
the Library of Congress and the

END OF THIS "COOLING OFF" PERIOD?

Grave Concern Over Removal Of Ceiling
Prices Is Stressed By Salvation Army

NEW YORK, N. Y., Feb. 13,
(Special)—Grave concern that
the removal of ceiling prices and
resulting inflation will bring un-
told hardship to thousands of
families who are already living
at a subsistence level was ex-
pressed yesterday at national
headquarters of the Salvation
Army by officials of the Family
Service Bureau.

With this expression of appre-
hension was the prediction that
unemployment among ex-servicemen,
discharged from the service
six or more months ago, will
reach a "peak" by the last of
February. At that time, facilities
in all agencies now giving assist-
ance to servicemen and their fam-
ilies are expected to be strained
to the utmost.

Commissioner Donald McMillan,
national secretary of the Salva-
tion Army, said that the number
of individuals and families apply-
ing to the Salvation Army's Fam-
ily Service Bureau for counsel
and for actual assistance has
been rising steadily since last
May, and that the number of ap-
plications of persons in distress
was 65 per cent greater in Janu-
ary 1946 than in January 1945.

Commissioner McMillan point-
ed out that many families, espe-
cially those of men still in the
armed service or in the mer-
chant marine, are today living at
a subsistence level.

"Any increase in prices, such
as will result if price controls are
lifted, will find these families in
a critical condition. Public and
private relief will be necessary
on a much greater scale than has
been given up until now, and to
many who until now have been
self-supporting," he said.

The anticipated large unem-
ployment situation among return-
ing veterans was based in part by
The Salvation Army's Family
Service Bureau upon the fact that
mustering-out pay and special
payments to the large numbers
of servicemen discharged after
V-J Day will have been exhausted
by the end of February.

The Family Service Bureau has
found that the current law wages
available to servicemen have dis-
couraged many from taking em-
ployment, and that they have ex-
isted until now on mustering-out
pay and special benefits.

"Men who were officers, in
particular, have been reluctant to
accept jobs at \$25 and \$35 a
week," said Commissioner McMil-
lan.

YOU WANT GOOD
EATS?

Why sure, my friend,
Johnson's Red Barn
Is your journey's end.

There are juicy steaks
And chicken, too.
Oh yes, and shrimp
Just right for you!

So get in your car
and come our way;
You'll not be sorry,
Oh Boy! Hurray!

Womans Club Gives Bridge Luncheon

The annual Valentine bridge luncheon of the Womans Club was given at the club house Wednesday beginning at 1:30 P. M. with Mrs. W. V. Blitting as chairman and Mrs. Al Lyons, Mrs. George Stine, Mrs. C. L. Redding and Mrs. J. L. Lee as co-hostesses.

A delicious sweet course luncheon was served on individual tables with centerpieces of red fabric. At the conclusion of the luncheon, bridge was enjoyed with Mrs. O. P. Herndon being awarded high score prize and Mrs. Maude Williams was awarded high prize for the game of Chinese checkers.

Among those present were: Mrs. J. B. Root, Mrs. O. P. Herndon, Mrs. June Roumillat, Mrs. C. J. Fisher, Mrs. C. F. Proctor, Mrs. R. M. Burns, Mrs. H. W. Rucker, Mrs. C. C. Earl, Mrs. J. W. Hall, Mrs. J. A. Young, Mrs. J. E. Baker, Mrs. Roy Tillis, Mrs. M. L. Cullum, Mrs. W. M. Leavitt, Mrs. S. D. Highleyman, Mrs. John Meiseh, Sr., Mrs. W. A. Vossler, Mrs. Mark Carpenter, Mrs. W. G. Stemper, Mrs. George Wells, Mrs. E. A. Monforton, Mrs. Brodie Williams, Mrs. Maude Williams, Mrs. J. A. Barber, Mrs. H. J. Lehman, Mrs. W. S. Brumley, Mrs. Herbert Russell, Mrs. J. T. Newby, Mrs. A. M. Phillips, Mrs. Monteth, Mrs. B. B. Crumley, Mrs. Joyce, Mrs. E. J. Nelson, Mrs. E. E. Holt, Mrs. B. C. Moore, Mrs. Harry Papworth, Mrs. Brailley Odham, Mrs. Entminger, Mrs. Martha Kivlin, Mrs. E. B. Clements, Mrs. Nettie Epperson, Mrs. Fred Williams, Mrs. J. C. Bennett, Mrs. Hazel Gillon and several guests.

The Stewardship of Service. Plans were made to visit the County Home on Feb. 21 when members will be requested to meet at the church at 2:30 P. M. and cars will be provided. Refreshments were served to the following: Mrs. R. L. Beard, Mrs. G. S. Selman, Mrs. A. C. Anderson, Mrs. J. N. Kimbrough, Mrs. A. J. Peterson, Mrs. C. C. MacKenzie, Mrs. Britton Johnson, Mrs. B. G. Methvin, Mrs. J. A. Strange, Mrs. J. A. Varn, Mrs. D. K. McNab and Mrs. Volie Williams.

Personals

Mrs. William P. Lowe of New York City is visiting her mother, Mrs. J. Fleischer, at her home 201 East Tenth Street.

Mr. and Mrs. John Callahan have returned from Augusta, Ga. where they were called because of the illness and death of Mr. Callahan's father.

Mrs. Collen Brady of High Point, N. C. has arrived in Sanford to manage the jewelry department of the Mather Furniture Company.

Friends of Porter Lansing III will be glad to learn that he has returned to his home at 2522 Sanford Avenue after being confined in the Fernald-Laughton Memorial Hospital for some time.

Mr. and Mrs. J. P. Thurmond have received word that their son, Sam Thurmond, 26, has arrived in San Francisco, Calif. from duty in the Pacific and will come to Sanford in 10 days for a 30 day furlough.

J. W. Baker of Hartwell, Ga. and Eugene Baker of LaGrange, Ga. arrived yesterday to visit their daughter and sister, Mrs. Lillian Vickery. Mr. Eugene Baker is executive director of the United War Fund of Georgia, affiliated with the National War Fund. He expects to return to LaGrange tomorrow while Mrs. Vickery's father will remain here for an indefinite stay.

Hospital Benefit At Club Feb. 20

The Civic Department of the Sanford Womans Club will sponsor its annual bridge party, Chinese checkers, and social hour on Feb. 20 at 2:30 P. M. at the club house for the Fernald-Laughton Memorial Hospital with Mrs. Fred L. Williams as general chairman and Mrs. C. R. Dawson, Mrs. A. M. Phillips, Mrs. E. Compton, Mrs. J. C. Bennett and Mrs. Emma Gallison assisting on the committee.

Mrs. James Moughton will have charge of the tables and Mrs. M. L. Cullum will be at the door. Mrs. C. R. Dawson will accept reservations and those wishing to attend are requested to telephone 769-W.

Gardeners Meet With Mrs. J. L. Eminisor

The Dirt Gardeners Circle of the Garden Club met at the home of Mrs. J. L. Eminisor 2701 French Avenue recently with Mrs. B. G. Wilke as presiding officer who requested reports from all committees. Mrs. Myron Smith, beautification chairman, reported that in the near future outdoor fire places, tables and benches are to be built at Ft. Mellon Park that work is being done on "The Big Tree" Park; and that raising and fertilizing is being done at the Fourth Street park on Park Avenue.

More than 6,000 plants have been exchanged by members during the past month. Mrs. S. C. Dickerson reported that Mrs. Tom Adams has donated two trees to the Granular School grounds. Mrs. B. A. Williams distributed papers on summer annuals and Mrs. Edward McCall gave an interesting talk on Florida ferns. Mrs. Clyde Ramsey, program chairman, announced a demonstration on building to be given in March and a Plant Exchange by circle members to be held in April.

Program Is Planned By Methodist Church

A program will be presented by the Student's League of many nations in the auditorium of the First Methodist Church at 7:30 Monday evening. They are a group of 12 young men and women, representatives of some of the most fascinating and historic countries in the world. They are here in the United States as students so that they might return to their native land and assume places of leadership and usefulness in their countries.

Circle No. 2 Meets With Mrs. Whiddon

Circle No. 2 of the First Baptist Church met Monday afternoon at the home of Mrs. C. A. Whiddon on Belleville Avenue with Mrs. Roy Britt as co-hostess. The meeting opened with a prayer by Mrs. S. L. Garrison, president of the W.M.U. The business session was presided over by Mrs. J. M. Blasingame and Mrs. F. M. Gishel. The program was made up of singing, prayer, and a reading of the Bible. The program meeting will be held at the church Feb. 19.

Vida Landress Is Wed To Joe Thomas

Mrs. D. L. Landress announced today the marriage of her daughter, Vida F. Landress, to Joe Thomas, son of Mr. and Mrs. H. C. Thomas of Geneva. The double-ring ceremony was solemnized on Jan. 28 at 8:00 P. M. at the Church of God with the Rev. Paul Yates officiating.

Mrs. Thomas, who was unattended, chose to wear a slate grey gabardine suit with luggage brown accessories and a corsage of pink roses and carnations. She attended the local schools and is employed by the Southern Bell Telephone Company.

Mr. Thomas attended the North Carolina schools and served with the field artillery in the European Theater of Operations for 27 months. He is now employed by the Florida Power and Light Company.

Following a short trip the couple will reside at 114 Maple Avenue.

Miss Prescott To Marry This Evening

Miss Lorraine Prescott, daughter of Mr. and Mrs. H. Wesley Prescott of Sanford, will wed Orin Ruhou, son of Mr. and Mrs. V. C. Ruhou of Wausau, Neb., this evening at the First Baptist Church at 8:30 P. M. with the Rev. W. P. Brooks, Jr. officiating at the ceremony.

Mrs. Eugene Humphrey, sister of Miss Prescott, will serve as her only attendant and Frank Bauer will be best man for the groom.

All friends and relatives of the couple are cordially invited to attend.

Ardis Ruth Lee To Wed. J. G. David

Mr. and Mrs. F. L. Lee of this city have announced the engagement and wedding of their daughter Ardis Ruth to Mr. J. G. David, son of the late Mr. and Mrs. J. G. David, Sr. also of this city.

Miss Lee is a graduate of the DeLand High School and is at present employed as a stenographer at the Sanford Clinic. Mr. David, a graduate of the Semple High School, served in the Army in the states and overseas. He is now employed at the Sanford Post Office.

Cotillion Club Has Scavenger Hunt

The Cotillion Club members and friends enjoyed a scavenger hunt last evening at the home of Mrs. Doris Hall on Valencia Drive. Miss Leticia Gormley and her escort, James Lewis, were awarded first prize for completing the hunt ahead of the rest with all the listed items "in the bag" and Miss Margaret Reitz, Miss Cecelia Truluck, Bobby Newman and Richard D. A. were awarded second prizes. Approximately 50 enjoyed the occasion.

Azalea Circle Meets With Mrs. Harper

The Azalea Circle met recently at the home of Mrs. E. C. Harper 1818 Sanford Avenue with Mrs. C. Redding, president, presiding. During the business session Mrs. M. E. Moye and Mrs. L. E. Spencer were appointed delegates to the state convention to be held in Miami in May with Mrs. O. P. Herndon and Miss Ella Lee Kirchhoff as alternates.

TERRACE TALK

The Romans used sand instead of soap. The leading causes of fire are defective stoves and chimneys. In industrial accidents the fingers are most frequently injured. The most deaths of children 1 to 4 years old are caused by accidents. About 25 per cent of adult pedestrians killed each year are found to have been drinking. To sweeten breakfast grapefruit, fill the bowl with strained honey, set in refrigerator over night. A half teaspoon of celery seed takes the place of one-quarter cup of dried celery in soup. Celery seed and celery salt will add zest to hamburgers, salads and white sauces. In France each year 2,000,000 people die because of vitamin C. The next time you peel an orange, save the skin, for it is one of the most nutritious parts of the fruit. Citrus fruits are one of the best sources of vitamin C. If any officials in Sanford realize that there is not a public address powder room or lounge in the shopping area of this city because the sure they would have remedied the situation by now.

Not only has this been a topic of conversation among Sanford women shoppers and city employees, but citizens of Oviedo, Chuluota, Longwood and surrounding towns... and another bit of information... which can be taken for what its worth is this... a shopper can go to Orlando any day of the week, including Saturday and park for any length of time without being bothered about this one hour stuff... but in Sanford it's different... if you're from a surrounding town and have one day to do all your shopping... and come to Sanford for that purpose... you can only park for one hour on first street.

The Garden Club is striving to beautify the city which is one of the most important jobs of any club... the reason being it is a delight for Seminole County citizens to live in beauty... and too, the tourists will be attracted.

Around the town Thursday Mrs. HARRY TOOKER, Mrs. R. L. CORNELL, Mrs. JOHN IVEY, Mrs. GENE ADAMS, JIM SPENCER, H. H. COLEMAN, BRAXLEY ODHAM, AL LEE, BRAXTON PERKINS, JR., MARY TEPPLER, FRANK WOODRUFF, JR., JACK WOODRUFF, GENE TUCKER, MRS. ROY SYMES, and DOROTHY POWELL. Barbara Wilson's Suggestion. There should be suits for all small girls. Nice suits with brightly colored and cute ties. And cheap white shoes with light colored socks. And purses filled with interesting things. \$5 to \$25. 14

Mr. and Mrs. Joe Thomas whose marriage was solemnized recently at the Church of God with the Rev. Paul Yates officiating. The couple will make their home in this city at 114 Maple Avenue.

Pantomime Is Presented At Southside School By Cogburn School Of Dancing

The Cogburn School of Dancing presented a pantomime ballet, "Peter and the Wolf" and two other acts entitled "A Dancing Class" and "Showtime" last evening in the Southside School auditorium before an enthusiastic audience of approximately 500 persons for the benefit of the school fund.

"Peter and the Wolf" was danced to music by Prokofiev, transcribed by Leopold Stokowski, conducted by All American Orchestra, with commentary by Basil Rathbone and choreography by Mrs. P. H. Tepsic, director of the dance school.

Early one morning Peter (Jimmy) tramped out into the meadow to play with his friends, the Bird (Gretchen Kirchhoff) and the Duck (Ann Whitaker), and watched them argue whether 'twas better to be able to swim or fly. Peter became frightened when the Cat (Jacquelyn MacDonald) stalked on the scene and nearly captured the Bluebird. Soon, Grandpapa (Bobo Dean) hobbled into the meadow and left, shaking his head because Peter would not heed his warning of the Wolf (Mrs. P. H. Tepsic) lurking in the forest. But, just then, a big Wolf rushed out of the woods and grabbed up the duck. After Peter and the Bird captured the Wolf, they begged the approach-hunters to kill him. So they all marched off triumphantly to the zoo, leading the Wolf.

The hunters were: Mona Jobe, Gail Bittling, Harriet Brown, Linda Leonard, Jane Davis and Phyllis Shames. "At Dancing Class" which portrayed actual scenes during lessons opened with Little Nannie Eticout Butterflies who were: Joan Stafford, Edith Hinson, Carol McNeill, Karen Carpenter, June Jennings, Dottie Williams, Jane Williams, Nancy Robb, Irma Jean Corley, Peggy Jane Lundquist and Joyce Ann Cullum. This was followed by Ballet Technique with Betty Stiles, Sandra Dunn, Marvell McMillan, Martha Owen, Felice Smith, Betty Ann Munson, Penelope Wallace, Beverly Gray, Mary Ester Powell, Susan Shames, Maria Menendez, Gladys Hasty, Jean Humphrey and Maggie Jane Lawson.

Yvonne Cullen danced a Military Salute, solo tap number, which was followed by The Skaters, Elizabeth Woodruff, Patricia Ratigan, Kay Ratigan, Susan Shames, Gladys Hasty, Mary Rose Spear, Marvel McMillan, Betty Ann Munson, Joyce Jere and Barbara Brown. LaRue McNeill danced the First Time Dance and Maria Menendez did Tricky Taps. All Abroad included: Betty Jean Toanand, Mary Ester Powell, Betty Ann Stiles, Sandra Dunn, Miriam Moye, Beverly Gray, Rochelle Eubanks, Sylvia Hayes, Jeanette Wathen and Margaret Morrison.

Minstrel Days was the solo number of Janice Kinlaw. The stimulating Sentimental Journey in Dance starred Eloise Cooke and Anita Aiken. Happy Feet included: Linda Leonard, Phyllis Shames, Penelope Wallace, Harriett Brown and Patsy Joyner. "Showtime," featuring some of the older and more advanced students of the dance school, opened with an acrobatic number by Anita Aiken and Eloise Cooke. The Tango, beautifully executed by Jean Ayer and Simon Dingfelder received tumultuous ovation from the spectators. Ann Whitaker, Jacquelyn MacDonald and Gretchen Kirchhoff danced Fascinating Rhythm, which was certainly true to title and the Cardas: Jane Chapman, Lortha Sackett, Eloise Cooke, Anita Aiken and Phyllis Bach brought to a close a program of excellent entertainment.

Mrs. A. B. Duxbury was assistant director of the production and the pianists included: Mrs. Marvin Milam, Mrs. W. T. Jackson, Mrs. J. Owen and Miss Lillian Moran. The decorations were done by Mrs. Mildred Babcock and T. O. Landress and costumes by Mrs. J. B. Cogburn, Mrs. Jack MacDonald, Mrs. V. G. Hasty and Mrs. W. H. Stewart. Programmes were distributed by Bobby Reely, Kenneth Ramsey, Henry Tooke, Bob by Little, Hank McLaughlin and Larry Nuyton.

Yanks Take In Culture Along With Champagne

By CYNTHIA LOWRY

PARIS—"Perfume" many hundreds of American soldiers will say firmly to startled wives and sweethearts, "is designed to be placed on the skin and hair—not for clothing and furs."

COFBA speaking.

"A fine wine—like this champagne—those soldiers will continue muttering, holding glasses to the light, "is to be savored and sipped, not tossed off like mouth-old bourbon."

COFBA speaking.

"It's all years of hard training, from infancy, to make a ballet dancer," they will go on. "Nijinsky was most famous for his tremendous leaps and incredible entre-chat."

And it's still COFBA-formally the France-Allied Goodwill committee, which undertook the job of educating so many GIs and Tommies as would listen and look into the mysteries and luxuries of the French capital.

Its success was blended of smooth showmanship, free samples and entertaining speakers, and was so great that at times the crowds caught the organization flat-footed.

The committee was formed at the suggestion of Rene Fievet, French finance minister, and its first job was to foster friendly international relationships by doing something about the combination of high prices and taxes which had soldiers complaining bitterly.

The first accomplishments were getting in government okay to knock off the high luxury taxes on French goods sold in Army post-exchanges. They found things so that tax on perfume, jewelry and other luxuries could be refunded to the men who bought the items in stores. Then they arranged for tax-free liquor and special prices in GI nightclubs.

The current estimate on tax refunds in the Paris office alone is 450,000 francs (\$9,000) daily.

COFBA has similar bureaus in Rheims, Marseilles and Nice and plans to open up in La Havre and Biarritz.

After that, COFBA really got rolling along Chamber of Commerce lines and opened the door on some of the things which are synonymous with France.

First they set up a cooking school and taught a bunch of interested soldiers the difference between a truffle and a caper, the subtleties of garlic and what sauce really could do to a tough piece of adult chicken.

It organized special hair-dressing and dressmaking classes, where the famous and best creators of their trade, from setting a recalcitrant lock of hair to the line art of making an unfortunate bulge disappear under well-draped material. Between their straight university courses and special study shops, they had almost 5,000 students.

But COFBA's smash success lets were shown, and finally was, unexpectedly, its lecture series. They started with a discussion on wine. The invitations mentioned, in small print, there would be a "sampling" after the talking. Only a couple of hundred turned up. But it was so successful—lecture and sampling—that they were forced to do a repeat a couple of weeks later, and this time the grand ballroom of the Chamber of Commerce building on Avenue Friedland was jammed to the doors.

Warmed with this success, COFBA next essayed a perfume lecture—also with samples. The turn-out was so large that the organization was forced to back-track on its plan to distribute small bottles of perfume and to tell the audience to come back and get their share when they had obtained more supplies.

But COFBA did more than that: On December 18 it succeeded in filling 2,200 seats in Paris' famous old opera house for a program of ballet. Furthermore, it sent 2,200 American and British soldiers away sold on ballet as an enjoyable art form.

First, the ballet program described in scenes the long training cash balling must go through. Finally excerpts from several ballets were shown, and finally as

Life really Begins at

BE FREE

like your neighbor

Perhaps you've wondered how your neighbor has so much leisure time and is free so early in the day. She, too, has children to get off to school and household tasks to do. But she solved the problem when she investigated and found out what SIO meant for her.

THE ANSWER IS SIMPLE... YET AMAZING. Compare the cost of complete household electric service with other costs. Generally, SIO has ten times the purchasing power of \$1.

BUT

When spent for cheap electric service in your home, SIO buys you 37 times as much as a \$1.

WHAT SIO DOES

WHAT SIO DOES

Of course, you don't have to use SIO worth of electric service to get more leisure time but to enjoy the full benefit of Sunshine Service, remember, the more you use... the cheaper it gets! And the more leisure time you will have to do the things you've always wanted to do. That's what SIO means in these days of rising prices.

Al Lopez, Rick Ferrell and Frank Hayes Ring Baseball's Bell As Good Receivers

By CHIP ROYAL AP Newsfeatures, Sports Editor NEW YORK—All baseball fans should doff their hats to catchers Al Lopez, Rick Ferrell and Frank Hayes. Those three fellows are a credit to the game. Al, of course, is the durable receiver for the Pittsburgh Pirates. Rick is the Washington Senators' backstop, and Frank has been doing the catching for Cleveland since Connie Mack swapped him for Buddy Bosh last season. Lopez is the king of all the guys behind the plate as the 1946 season takes shape! And, that exclamation goes in more ways than one. First of all, the Spaniard from Tampa, Fla., has caught more games—1,805—than any other fellow who ever put on the mask and shin guards. Until last season, Gabby Hartnett held the record with 1,791 appearances behind the plate. But, Al has proven himself to be much more than just a backstop. More than one pitcher in the National League has confessed he owes his winning ways to Lopez's smart maneuvering. Sixty-four games the Spaniard won by using his head are more numerous than those about your favorite baseball character.

ONLY RETONGA GAVE HIM RELIEF SAYS R. R. MAN

The Best Turn I Can Do Anyone Suffering As I Did Is To Suggest They Give Retonga A Trial", States Sou. Conductor, Feels Fine Now.

Among the hundreds of well-known railroad men who have voluntarily given Retonga their grateful public endorsement is Mr. H. G. Landers, retired Southern Railroad conductor, Hills Park, R.F.D. No. 4, Atlanta, Ga. Mr. Landers spent 46 years with the Southern R. R.

"I can sympathize with anyone who becomes almost afraid to eat because of distress from acid burning indigestion," states Mr. Landers. "At times so much gas formed in my stomach and pressed up against my chest I could hardly breathe. I got little restful sleep and would get up mornings feeling as tired as though I had already done a hard day's work."

"I tried lots of different medicines and treatments but Retonga was the first one I found that gave me the necessary relief. All that has been relieved, I have my appetite back, and I'm eating better and better all over. The best turn I could do anyone suffering as I did is to suggest that they give Retonga a trial."

Retonga is intended to relieve distress caused by insufficient flow of gastric juices in the stomach, loss of appetite, Vitamin B-1 deficiency, and constipation. Accepted as a substitute. Retonga may be obtained at Touchon Drug Co., Atlanta, Ga.

Feds Hit Trail
The Seminole High School Celery Feds left town at noon today for a cage tilt tonight with Ketterlinus High in St. Augustine and another with Bolles Military Academy in Jacksonville tomorrow night.

The probable starters for the improved quintet will be Kaestner and Anderson at forward, Clark at center and Grantham and Dyma at guard. Other Feds making the trip included Kiptrick, Bowen, Jenkinson, Swain and Jimmie Anderson. The Feds, in their first en-

agements with Holles and Ketterlinus, were defeated but their improved local aggregation during recent tilts will no doubt give their opponents this weekend a little more trouble. However, in the first game with Bolles, the Feds, after the military five, had recorded up a sizeable margin, narrowly cut down the Cadet lead and missed tying the Jacksonville cagers by a single point.

The Feds are also preparing for the East Central Florida Conference cage tourney which is to be played in Daytona Beach on Feb. 22 and 23.

Net Is Burned
J. C. Trice, deputy state game warden, said yesterday that he had found a 100 foot seining net in the vicinity of Mullet Lake Park. Upon instructions of Judge R. W. Ware, Trice burned the net. Only recently, he added, he found a much larger net. These nets are illegal and the persons using such nets, if discovered, should be punished to the full extent of the law.

Florida Flashes
Five pitchers and a catcher are on their way to Florida today

to open the Yankee Spring training camp at St. Petersburg. . . . Both youngsters and veterans around the state appear to be in good shape. But it's a different story this year. The youngsters are eager to show the stuff while the old boys are a bit nervous. . . . Manager Southworth of the Braves says every starting position on the club is wide open. . . . The Braves have 52 players coming south. . . . Mel Ott is taking no foolishness. Danny Gardella was tossed off the Giant club in Miami yesterday. We don't blame Ott one bit. No ball club can be successful if perfect harmony doesn't exist. . . . at least on the surface. Gardella had a good season last year, swatting in 18 circuit blows, but that doesn't mean he can blow his top at owners and even front office men. It's the old story—never bite the hand that feeds the face. Gardella says he's going to play ball in Mexico and it appears that as far as Ott's concern, Mexico has another ball player.

Southern Shots
A new intercollegiate conference has been formed by

seven small southeastern schools including Mercer, Birmingham-Southern, Howard, State, Rollins, Oglethorpe and Presbyterian. . . . The first commercial race for jockeys will open in Louisville on Mar. 15. . . . Duke University's annual high school basketball tournament of champions will be revived next month. The tourney hasn't been held since 1942 because of the war.

National Notes
Outfielder Bill Nicholson of the Cubs says he hasn't signed his 1946 contract but insists he's not a holdout. . . . Hugh McLaughlin, trainer for Dartmouth for 25 years, died yesterday at the age of 64. . . . Dr. Eddie Anderson has been given a new five year contract as head mentor at the U. of Iowa. . . . The new chief umpire for the All-American Girl's Baseball League is former American Association official George Johnson. . . . Former baseball coach Frank Silva of Rochester, N. Y. has signed a two year contract as general manager of the Leavenworth, Kan. Western Association club. . . . American Association teams will play full nine-inning twin tilts on all Sundays and holidays during the '46 season. . . . Hard-hitting Ron Northey of the Phillies has joined the holdout ranks. . . . Hank Greenberg, after signing his '46 contract with Detroit, will return for Spring training within a few days. . . . Tippy Larkin of Garfield N. J. and Nick Moran of California have been signed for a 10 round bout in Madison Square Garden. . . . The National Hockey League Board of Governors have set Mar. 19 as the date for the start of the Stanley Cup playoffs.

Pre-war Stock Car Field To Race Feb. 24

Bill France, National Champion, Will Lead Famed Drivers

The fastest field to go to post in a stock race since the pre-war days will roar away from the starting line at the Sanford-Orlando Seminole Park Speedway Sunday afternoon, February 24.

Bill France of Daytona Beach, the national stock car champion who is promoting the races, announced today that upwards of 25 topline drivers will navigate around the one-mile oval at Seminole Park, located between Orlando and Sanford.

The main event on the all-star card is a 50-mile grand finale. The semi-final features a novel 25-mile Australian pursuit race. Another 10-mile consolation race for drivers who fall in the qualifying trials will be tossed in for good measure.

"A number of drivers are just beginning to get out of the Armed Forces and they're itching to step on the gas pedal and let fly," France said.

Two recently discharged veterans who will be returning to the racing scene are Red Byron of Anniston, Ala., an Army Air Corps sergeant who was wounded in action and spent 27 months in the hospital, and Sy Clark of Miami, a Navy dischargee, who turned over three times the last time he raced in 1941.

Bowles Faces Job Of Making Policy-Work

Continued From Page One

That range, of course, can go higher — and it also can go lower.

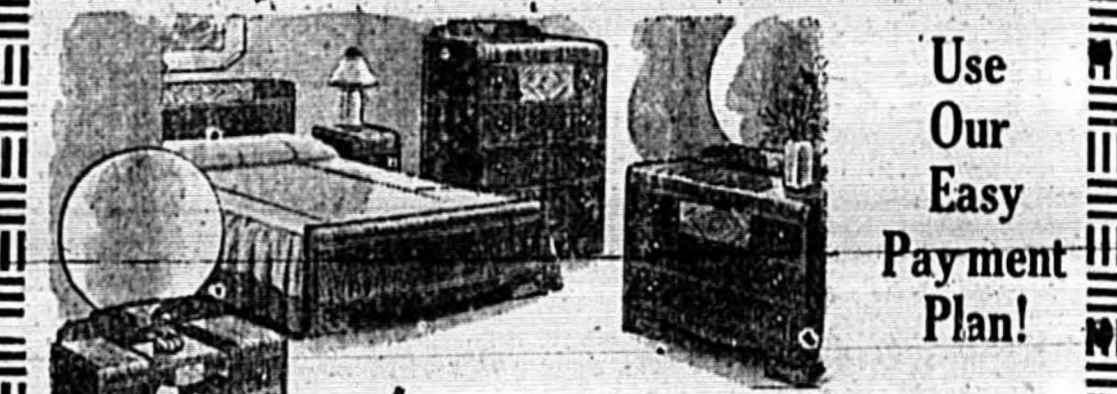

This is the feature of the new

policy which already has drawn strong criticism from organized labor and is expected to draw even more now that it is official policy. However, labor so far has accepted wage recommendations of Presidential fact-finding boards. These recommendations all fit into the pattern now established.

Some labor quarters argue that this, in effect, is a restriction of collective bargaining. On the other hand, administration officials counter with the argument that right now certain checks are necessary to prevent inflation. This is one of them, and the most important in the entire new policy.

Applications for such relief can be made at once, along with a statement supporting claims that the pay raise granted will force a financial hardship. If the employer proves his case, OPA,

SPORT ODDITY

In 1939, a young golfer named Curtis James set out to break the Marathon Golf record at Miami Beach. James smashed the old mark of 144 holes by playing 162 successive holes of golf. James started at 5:44 o'clock in the morning, and wound up at 7:00 o'clock in the evening. Furthermore, he had not eaten a bite of food for 85 on any round of the par-71 course. His scores ranged between 75 and 80 for all nine rounds.

SPORT LAUGH

At the turn of the century, Columbia turned out one of its most famed football machines, which took the measure of Yale, Army, Dartmouth and other powers of the day. Starring on the team were Weekes, Morely and Larendon. Bob Larendon, short, squat and pudgy, all of which earned him the nickname of "Gorilla".

A few years ago, the "Gorilla" took part in a golf tournament at the Oakland Country Club, and to everyone's surprise, tied for first place. All excited, Larendon spread over the committee chairman and asked how the tie was to be settled. The bored chairman said, impatiently, "break it any way you want." Play off the tie, or flip a coin, or roll dice for it. Anything you want. A slow grin spread over the "Gorilla's" wide pan, and he answered: "All right. I'll wrestle him for it."

DURABLE DOME

MISSOULA, Mont. —(AP)—Sheriff R. D. McLean says that certainly was a hard-headed fellow he arrested for automobile theft. The prisoner charged a heavy oak door in the jail office room using his head for a battering ram. The door was smashed off its hinges, his noggin undamaged.

First Peacetime Duck Season Was Generally Spotty

By FRANK ECK
NEW YORK—The first peacetime duck hunting season was quite spotty in general but Ray E. Benson, executive secretary of Ducks Unlimited, Inc., still believes the end of the war was a boon to DU's work of increasing natural production of waterfowl on their most important breeding grounds in Canada.

"Construction materials for dams, as well as labor, have been released from priorities and we plan to double our efforts during 1946," says Benson who operates DU's national headquarters here.

The State Canadian government, in cooperation with DU, has set aside an area of over 1,000,000 acres on the Saskatchewan River as a permanent wildlife reserve for waterfowl nesting. DU is earmarking a fund of \$100,000 for development work, mostly stabilization of water levels in great marshes bordering the river to protect duck nests from being washed out by periodic floods.

In some drought years millions of young ducklings perish when these great marshes dry up.

During the season recently concluded guides were booked solid in most of the popular gunning localities.

The Dakotas had particularly good hunting while in Iowa the shooting fell off. . . . Arkansas, however, reports its best duck season in many years with a notable increase in mallards. . . . Minnesota, which has more duck hunters than any other state, reports an increase of diving ducks.

Cardinals Have 23 Winner This Year In Fred Martin

HOUSTON, Tex.—Fred Martin is back from the war and outside of being 10 pounds underweight is ready to try for a pitching job with the St. Louis Cardinals whom he reports to be Cardinals at St. Petersburg, Fla., Feb. 18.

Martin's pitching career was cut short in November of 1941, when he was called to the service. He finished that season with the Houston Buffs of the Texas League with a record of 23 victories against six defeats.

Forty-two months in the Army hasn't dulled his hurling effectiveness, he says.

"I can throw as hard as I ever could," he declares.

The 30-year-old Martin has been in the Cardinal organization since he first entered pro ball in 1935, advancing up the ladder from Class D.

He has battle scars from action at New Guinea and in the Philippines but he also had time for some baseball pitching last summer at New Guinea, New Hebrides and in Manila against a team managed by Hugh Mulenby of the Phillies. In a series between the Army and Navy all-stars, Fred hurled 2-0 and 1-0 victories before losing in the finale.

Charles C. Peterson, president of the Billiard Association of America, reports that several military personnel during World War II.

In Unity There Is Strength—
To Protect the Peace of the World;
To Promote the Progress of America;
To Produce Prosperity for Sanford.

Inflationary Explosion Is Threat To U.S.

Chester Bowles Says Pressure Against Wage-Price Policy At Bursting Point

WASHINGTON, Feb. 18, (AP)—Chester Bowles today told the House Banking Committee that the United States faces an inflationary explosion. The new economic stabilizer says that the pressure against the wage-price line now is, as he put it, "up to the bursting point."

Bowles is appearing before the House committee to plead for an extension of life for the Office of Price Administration. The agency he just left to become economic stabilizer.

Bowles has told the committee he believes President Truman's new wage-price policy will work. If the bulge in the stabilization line is not permitted to become a breakthrough—Bowles says he believes the program will have little or no effect on food, rent or clothing prices.

Bowles has requested extension of the OPA for another year at the earliest possible moment. The agency is due to terminate June 30 unless an extension is granted. The new economic stabilizer has acknowledged that the new wage-price program is not perfect. But he declares that it does not mean that price increases should be out of the entire national economy. Bowles says he is emphatic about this last point.

Here is what Bowles has to say about the inflationary dangers facing the country: "A speculative fever has taken hold of the country. The pressure in the boiler is up to the bursting point. The lobbyists and profiteers are licking their chops. It is going to take firm and decisive action . . . if we are to hold this country on an even keel."

Mobile Blood Bank To Accept Sanford Donations Feb. 21

Representatives of the mobile Central Florida Blood Bank will be in Sanford Thursday under the sponsorship of the Seminole County Chamber of Commerce. President Jack Ratigan of the Jaycees announced today.

Citizens of the city, according to Mr. Ratigan, are urged to support this movement which is designed to continue the adequate availability of whole blood for transfusions when requests to the bank are made.

Mr. Ratigan said that persons who will volunteer to donate to the bank are asked to make an appointment either at the Seminole County Motors or at the Sanford Paint and Glass Company. The mobile blood bank headquarters will be in the offices of Dr. L. Munro which are located in the Touchton Building.

Group Announces Bounties For Game

The Commission of Game and Fresh Water Fish is paying bounties of \$1.00 on foxes; \$2.00 on bobcats; 50 cents on skunks and possum and on Armadillos \$1.50. It was announced Thursday by County Judge R.W. Hagan.

In a letter to Judge Ware, J. N. Kennedy, director of the Game and Fresh Water Fish Commission, wrote: "Persons wishing to claim bounty must turn the two front feet of the animal taken to me or my Conservation Officer. The Conservation Officer will give them a receipt which will show the number of animals killed and the amount of money due them. These receipts are sent in to the Comptroller for payment in the same manner as other State invoices are paid."

MASONS TO MEET

Candidate Urges Reinstatement Of Funds For River Company Formed

VOSS Asks Andrews And Pepper To Take Vigorous Action

ORLANDO, Feb. 18, (Special)—Tom Voss of Orlando, candidate for Congress from the Fifth Congressional District, declared here today that he had wired Senators Claude Pepper and Charles A. McNary urging them to seek reinstatement of funds for the Sanford River project which was disapproved last week by action of the House of Representatives. Declaring his wholehearted support of an immediate appropriation bill for the Sanford River project, Voss expressed hope that vigorous action by the Florida senators might yet prove a deciding factor for favorable legislation during the present session of Congress.

The telegram sent to Pepper and Andrews was released by Voss as follows: "Urgently request you do everything possible to have funds for Sanford River project, deleted by House, reinstated in Rivers and Harbors Appropriation Bill now in Senate without necessitating withdrawal of funds from other much needed Florida projects. The people of this district want work, started on the 10-foot channel as it has already been approved by Army Engineers. Authorization for 12-foot channel will only delay project so necessary to people of this district. Call for an end of political dilly-dallying. Voss asserts, "I believe the Sanford River project has been a political football long enough. The people of Sanford and the Fifth Congressional District want action by their representatives in Congress on this project and other internal improvement projects. "The political practice of voicing glowing promises along with election time each biennium must come to an end. If we are ever

Farm Bureau Votes To Oppose Government Operation Of Plants

Members of the Seminole County Farm Bureau, at a special meeting Friday night, voted to sustain the action of the directors of the Florida Farm Bureau in opposing several bills before Congress which propose that the Government set up and operate two large phosphate plants and one potash plant. It was reported today by M. L. Cullum, bureau president.

The bill, he said, provides that after five years of such operation, the plants would be turned over to cooperatives to buy and operate with the condition that cooperative operations be subject to making available up to 50 percent of the production for government demonstration purposes. The length and complexity of the bills made it impossible to read them to the members, and so in order to give the members both sides of the question, Alex P. Johnson was requested to bring their contents and to prepare the arguments of the pro and con sides of the bills. The committee on this subject was again instructed to take up the matter with County Engineer Hagan, and the county commissioners and to report progress. Proper drainage to protect farm lands was again discussed. The committee on this subject was again instructed to take up the matter with County Engineer Hagan, and the county commissioners and to report progress. Proper drainage to protect farm lands was again discussed.

Jap Scheme To Regain Fishing Trade Is Spiked

Company Refused Per- mission To Enter American Fishing Areas In U.S. Boats

TOKYO, Feb. 18, (AP)—General MacArthur's headquarters has announced it has spiked a Japanese scheme by Nippon Kaisha to re-open Japan's lost pre-war fishing business under the American flag and with American ships.

Headquarters say a Japanese company has been summarily refused permission to enter American fishing areas in American vessels manned by Japanese crews. The headquarters announcement discloses that the Japanese planned to run crab meat out of the United States—duty free. A headquarters announcement says: "Because it (the crab meat) would have come from American ships, it would be a product of American fisheries and enter the American market without duty. The significance of this scheme is not the mere fact that it was another attempt to break out of fishing areas now open to Japan, but the audacious manner in which the Japanese firm presumes to use the United States as the American flag to accomplish its ends."

A headquarters spokesman brands the Japanese request "outrageous" and says it is calculated deliberately to evade the restrictions imposed on the Japanese fishing industry by occupation authorities. Earlier, Emperor Hirohito had expressed a rare interest, according to a United States newspaper executive, the hope that the United States would cooperate with Japan in speeding Nippon's recovery.

Mrs. F. J. Warren Receives Injuries In Auto Accident

Mrs. Felton J. Warren was injured and taken to a hospital Saturday evening following a collision between the Plymouth coupe her husband was driving south on Park Avenue and a Plymouth sedan driven by H. N. Tamm, it was reported by police. A little colored boy, Charles Armstrong, age 8, ran from behind a cab on East Thirteenth Street and was hit by a car driven by Sammy E. Wiley, of 416 East Eighth Street. He was seriously injured, it was reported. Margaret Caswell, age 2, blonde hair, and wearing green striped overalls and Ann Schwartz, brown hair and wearing red overalls, set out to see Sanford this morning and walked from 510 West First Street to the Hotel Mayfair before they were recognized and their parents summoned.

Monroe Vaughn, negro city prisoner who escaped Saturday morning from the jail park, went to a store during the evening and requested that the police be called as he wanted to surrender. Deputy Sheriff Jack Hickson came and got him.

Curley Is Fined, Sentenced To Jail By Federal Court

WASHINGTON, Feb. 18, (AP)—Seventy-one-year-old Janet Curley, who is a Congressional Representative from Massachusetts and also mayor of Boston, was sentenced by a Federal Court in Washington today for mail fraud. He is to serve from six months to a year and a half in prison and pay a fine of \$1,000.

Entered along with Curley was a former member of the National Labor Relations Board, Donald Wakefield Smith, a 41-year-old man who was serving a five-year term at Atlanta for mail fraud. Smith was sentenced to four months in prison and a fine of \$1,000, and ordered to pay a \$1,000 fine, and Fuller drew a term of 18 months to four years.

All three men say that they will appeal to the Federal Circuit Court of Appeals. Curley said he will take his case to the Supreme Court if necessary.

WOODMEN TO MEET

The Woodmen of the World will hold their regular meeting tomorrow night at 7:30 o'clock at the Woodmen Hall, 116 Park Avenue. Refreshments will be served during the meeting.

Pickets Block Car Entering Struck Plant

DURING A HEAVY DOWNFALL of snow, pickets at the western Electric plant at Kearny, N.J., attempt to overturn a car seeking to enter the factory grounds. Police in the picture face overwhelming odds as they attempt to halt the violence. Although a court order has been issued forbidding mass picketing and union leaders have asked the strikers to comply, hundreds remain on the picket line. (International)

Dodger's General Ed Levy-Whitner Signed As Pilot Manager Speaks Before Rotary

Former Rollins Student Was Member Of New York Yankee Farm For Nine Seasons; Whiddon Named General Manager

B. JULIAN STENSRIM
Herald Sports Editor

Ed Levy-Whitner has been signed as manager of the Sanford baseball club in the Florida State League, according to a statement made today by the club's president, Joel Field.

Mr. Field also announced the appointment of Claude A. Whiddon, former owner of the Sanford baseball club, as general manager of the Sanford Baseball Association. Levy-Whitner, although he was graduated from Rollins College in Winter Park in 1910, turned professional in 1911 when he signed with the New York Yankees. During his first year with the Yankee organization, he was named out to the Augusta club of the South Atlantic League where his season's batting average was .244. He also played in Norfolk in the Piedmont League in 1917 where he batted out an average of .311 for the season. He earned a total of \$15,000 in 1918 while with the Birmingham team of the Eastern League.

He went into Spring training with the Yankees in 1919 but was traded to Newark of the International League. He later was transferred to the Oakland club of the Pacific Coast League. During that year, however, he hit his career high in batting average in Norfolk in 1927, but he batted only .217 in the latter portion of the season, he was forced out because of a minor illness during the last three weeks of play. He came back, however, in the little world series playoffs to help the Braves capture the title by hitting .437.

Misfortune came Levy-Whitner's way in 1941 and during the 12th game of the season, while playing first base, he was struck by a base runner and his left arm

W. H. Browning Died Friday In Oviedo

William H. Browning, 68, died at his home in Oviedo on Friday. He had lived in Oviedo for the past 60 years and was conductor on the first train that came to that city. He was born Mar. 25, 1878, at Boston, Mass., and had no known relatives. Funeral services for Mr. Browning will be held Tuesday afternoon at 4:30 o'clock at the Oviedo Cemetery, the Rev. J. McLeod, officiating. The Erickson Funeral Home is in charge of arrangements.

Entire Nation Threatened By Phone Strike

Pickets Virtually Placed Around All Industrial Plants In Lancaster Area

MEMPHIS, Feb. 18, (AP)—The entire nation is threatened with a tie-up of telephone service as the result of a union executive board recommendation that 250,000 telephone workers strike. The executive board of the National Federation of Telephone Workers has proposed that its members quit their jobs to support demands for a revision of wages and hours.

President Joseph Heine of the independent union announced that the recommendation was made at a meeting of representatives of 49 unions affiliated with the independent federation. However, the board action does not mean that a strike has been declared. Heine said that the representatives will discuss the situation, and then decide what course is to be taken. The federation represents both local and long-distance operators, as well as maintenance workers and manufacturing and research employees of the American Telephone and Telegraph system. The issues at stake in the controversy include demands for a wage increase of 10 per cent, for a minimum hourly wage of 65 cents, and for a 40-hour week.

LANCASTER, Pa. Feb. 18, (AP)—Picket lines have been thrown about virtually all industrial plants in the city of Lancaster, Pa., as a "no work" period gets underway in support of the telephone operators' strike at the United Telephone Company. The AF of L Central Labor Union of Lancaster County has ordered all its affiliated unions out of support of the telephone operators' strike at the United Telephone Company.

The strike has been underway since Feb. 6 to enforce 26 demands, including one for a wage boost of 20 cents an hour. The central union says its "no work" action, affecting all industries and businesses in the Lancaster county area having contracts with the union, will continue until the transit strike is settled. A spokesman for the Central Labor Union says that pickets have been stationed at all main roads leading into Lancaster to stop all long-distance trucks and buses operated by union labor.

Improvement Of Mart Facilities Nears Completion

JACKSONVILLE, Feb. 18, (Special)—Improvement in our market facilities at Florida City and Sanford are rapidly nearing completion, shipments of produce are going forward in heavy volume from these and other points in the State system and at Fort Myers plans are under construction for the large-scale handling of gladioli—a brand new product so far as our organization is concerned," said William L. Wilson, Director of Florida State Farmers' Markets today, in summarizing current activities in production areas.

"This appears to be a very good chance that the Fort Myers State Farmers' Market, of which John C. McKeown is manager, will provide facilities for sale and shipment of gladioli growers have evidenced an active interest, and since there is very plentiful production in adjacent territory, it appears quite possible that this important commercial flower business may take its place alongside the more prosaic tomatoes, beans and other items normally handled through our market facilities," Mr. Wilson added.

Construction of a shed to increase facilities of the Florida City market was about 90 percent complete at the end of the week, Col. M. B. Hawkins, supervisor of construction of the Florida State Farmers' Markets reported. He said that this project should be completed within the next ten days. A similar improvement, badly needed by the Sanford Market, will be completed about Mar. 15. Col. Hawkins stated.

F. & A.M. TO MEET

Sanford Lodge No. 68, F. and A.M., will hold its regular meeting tomorrow evening at the Masonic Temple at 7:30 o'clock. All Masons are invited to attend.
