Some Disappointments

There were some disappointments, as far as we are concerned, about last Tuesday's election. First of all the turnout of only 25 per cent of the eligible voters was nothing of which to be proud. Secondly, we were sorry to see the failure of the \$300 million road bond issue. We still believe the program was a good one. Now Governor Burns, and those itching to take his place in Tallahassee, will have to come up with some alternate plan to speed traffic flow and cut down on the high fatality rate on our state highways.

From a Seminole County viewpoint the election did show that our citizens are for progress. That was the most pleasant outcome of the election locally. Our voters backed all the constitutional amendments and voted, progressively-minded, to hike the

If any kind of a tragedy or disaster occurred in the area the Blood Bank could not supply the demand. In fact, demands at Seminole Memorial Hospital are greater now than the intake at the Blood Bank.

The hospital needs about 100 pints a month — the Blood Bank can now supply only 65 pints.

The stock of blood is going down steadily and recent accidents, requiring transfusions, have depleted the stock more sharply.
