

LYTTON GROUP GIVES REPORT ON FAR EAST

Japan's Action In Manchukuo Condemned; Sino-Japanese Conference Suggested

GENEVA, Oct. 3.—(A.P.)—The Lytton commission report, published yesterday by the League of Nations secretariat, indignantly condemns Japan's military organization of the state of Manchukuo, and proposes convening an advisory Sino-Japanese conference to agree upon a special administrative regime for Manchuria.

This report is based upon the findings of a commission created by the League which spent the entire spring and summer in the Far East investigating relations between Japan and China. Its members were Lord Lytton, of Great Britain, Gen. Frank R. McCoy, of the United States army, Count Alvaro, of Italy, General Claude, of France and Heinrich Schnee, of Germany.

It will be presented for formal consideration by the League council Nov. 16. This delay was at the request of Japan which will send a special delegation to present the Japanese case.

The principle of the open door should be maintained not only from the legal standpoint but in the actual practice of banking, trade and industry, the report declares.

Without recommending any form of international action against Japan, the document lays upon the League council responsibility for carrying out its proposed solution in conformity with (Continued on Page Three)

Editor Would Bet Farm On Roosevelt

ATLANTA, Oct. 3.—Clarence G. Sager, owner of the Atlanta (Mo.) Express weekly, offered to wager his \$6,000 Missouri farm at even money that Franklin D. Roosevelt would be the next president of the United States.

In a page-one notice in his paper Mr. Sager said:

"We feel that if Hoover wins we will lose this farm anyway, so we are willing to take it on Roosevelt, against any other farm in Marion county of equal value, or against its value in money with any Hoover enthusiast anywhere in the United States."

JAPAN REFUSES SUGGESTIONS IN LYTTON REPORT

Nation Ready To Quit League If Assembly Takes Body's Advice

TOKIO, Oct. 3.—(A.P.)—Japan cannot for one moment consider the Lytton commission's recommendation for continuation of Chinese sovereignty in Manchukuo, the foreign office announced last night after the government leaders had completed a two-day study of the commission's report.

The war office yesterday issued a statement declaring that if the assembly of the League of Nations acts in the spirit of the Lytton report, Japan will have no alternative but to withdraw from the League and to oppose its action with the firmest determination.

Translated into Japanese, the report ran about 180,000 words, filling 414 typewritten pages.

"So far as the commission's suggestions referred to Manchukuo they are wholly worthless," the government spokesman said, "our policy was irrevocably fixed with our recognition of Manchukuo's independence."

The commission's account of the origin and development of the state of Manchukuo "showed a very strong prejudice," he declared.

Referring to implications in the document that Japan's actions in Manchukuo violated the Briand-Kellogg pact and the nine-power treaty, he said:

"Mr. Stimson should be pleased that part of it fits in nicely with his speech at Philadelphia Saturday night. However, such doctrines and treaties are not sufficient to maintain peace in the Orient, an issue which is the paramount consideration in Japan's viewpoint."

"To maintain that peace we believe that nothing short of a Japanese Monroe Doctrine in the Far East will suffice. Extension of our influence in Manchukuo is one step toward that goal. By comparison American and other commercial interests in Manchukuo are a lesser consideration."

However, Japan has maintained the policy of the open door in her own territory, and there is no reason to expect that the open door policy will not be maintained wherever Japanese influence extends."

McRory Warns Tourist Automobile Owners

MEXICO CITY, Oct. 3.—(A.P.)—The Mexican government today threw down the gauntlet to the United States over last Friday's encyclical in which Pope Pius XI protested against what he called "New and legal persecution of the church and Catholics" in that country.

If the insolent, defiant attitude shown in the recent encyclical is continued," President Aguirre Rodriguez said in a statement, "I am determined that churches will be converted into schools and shrines for the benefit of the nation's proletarian classes." The Protestant statement was followed by an announcement that the national Chamber of Deputies will meet later today to consider the encyclical.

100,000 REWARD PROPOSED

BOSTON, Oct. 3.—(A.P.)—Gov. Frank B. Biggs yesterday proposed a reward of \$40,000 for the bringing to justice of the persons responsible for the bombing last Friday of the home of Judge Charles V. Tinker, Justice-Vassett, judge.

QUARTER ENDS WITH NATION IN BIG DEFICIT

Despite Small Return From Many Sources Sum Is Under That At Same Time In '31

WASHINGTON, Oct. 3.—(A.P.)—The government ended the first quarter of its 1933 fiscal year with a deficit of \$400,000,000.

The quarter concluded Sept. 30 and the treasury statement for Sept. 29, issued yesterday, showed it had collected in the three months a total of \$431,483,016, spending \$433,803,836. The net shortage was \$42,320,814, about \$20,000,000 less than the deficit accumulated by this time last year.

The receipts were \$167,000,000 less than collected in the same period of last year but expenditures also were less, by \$168,000,000.

The new taxes levied in the billion dollar tax bill last month began to produce sizable sums, and for the quarter the miscellaneous tax section, under which most of the new taxes are collected, showed a gain of \$36,000,000, for a total of \$167,400,000. However, income taxes dropped \$130,000,000 to \$175,824,000. Customs duties also fell off sharply, amounting to \$67,583,830 for the three months against \$107,268,000 in the same period last year.

While the income from the new taxes has been much less than the quarterly average of the \$10,100,000 annual revenue they were estimated to yield, the increase last month bears out the opinion of treasury officials that the taxes would increase steadily for some time.

Home Loan Bank Will Lend To Individuals

WASHINGTON, Oct. 3.—(A.P.)—Any home owner who comes within the limits of the act, and who is unable to obtain mortgage money from any other source may obtain same from a Home Loan Bank, according to a statement issued today by Senator Duncan U. Fletcher, of Florida.

Florida is in the fourth Home Loan Bank District, with headquarters at Winston-Salem, N.C. The bank to serve this district has an authorized capital of \$10,000,000 and is scheduled to begin operations on Oct. 15.

The act under which this bank was organized provides that any building and loan association, savings and loan association, cooperative bank, homestead association, insurance company, or savings bank, shall be eligible to become a member of, or a non-member borrower, under certain conditions.

It was also announced that the Board had not completed its work of prescribing regulations, restrictions, and limitations under which the banks over which it has supervision may make advances to members and non-member borrowers, or loans to home owners. Also that all communications having reference to obtaining advances, loans, or positions, should be addressed the Federal Home Loan Bank, Winston-Salem, N.C.

Palatka Hotel Rocked By Three Explosions

PALATKA, Oct. 3.—(A.P.)—Ten guests asleep in their rooms experienced serious injury today when a series of explosions rocked the theretory brick Hotel James here. The blasts, believed by firemen to have been caused by escaping gas, left the lobby a mass of twisted wreckage. Fire broke out in three parts of the building following the explosion quickly was extinguished. The first blast occurred when a negro porter struck a match under a staircase leading from the lobby to the second floor. Two other blasts followed the first one.

JOBLESS INCREASE

WASHINGTON, Oct. 3.—(A.P.)—Revising previous more optimistic reports, the American Federation of Labor announced yesterday that unemployment for the country as a whole increased 100,000 in August over July's calculated total of 11,400,000. The revision was ascribed by the federation's statement to layoffs by many of support him.

Records Fall As Yanks Sweep World Series By Great Display Of Batting

WRIGLEY FIELD, Chicago, Oct. 3.—(A.P.)—In a rip-roaring climax that smashed world series records and blasted the last faint National League hopes to fragments, the New York Yankees routed and shell-shocked after the third rough-shod yesterday to their successive clean sweep in baseball's classic championship.

By the record-breaking score of 13 to 6, the American League champions overpowered and routed the last vestiges of the defense of the Chicago Cubs. Five Bruin pitchers failed in the last attempt to stop this steam-roller, as the Yankees pounded out their four successive victory, thereby running their unprecedented winning streak to an even dozen triumphs over the National League (Continued on Page Four)

HOOVER LEAVES SWEAT BOX CASE FOR IOWA WHERE GETS UNDER WAY IN JACKSONVILLE

Outward Calm In Corn State Belied By Recent Political Acts

DES MOINES, Oct. 3.—(A.P.)—Fields browned by autumn, a record corn crop ready for harvesting, and long furrows of rich black soil upturned by fall plowing.

This will be the outward Iowa scene into which President Hoover steps tomorrow in returning to his native state to launch his campaign for re-election to the presidency.

But a number of developments belie this outward calm in the farm state, traditionally Republican in politics.

Most conspicuous is the Iowa-born farm strike, through which members of the Farmers' Holiday Association have sought to obtain cost of production prices for their farm products.

Picketeers along the highways sought to halt movement of produce to markets. Attacks on drivers, shootings, and battles between strikers and officers resulted in Iowa and adjoining states.

Following a conference of growers (Continued on Page Two)

Business Men Secure City Licenses Today

SANFORD business and professional men are evidently aware of the fact that City occupational license became due and payable today, for an examination of official records at the City Hall this morning revealed that nearly a score had made application for their 1932-33 licenses.

Because the City Commissioners have been unusually busy in conferences relating to the 1932-33 budget and the assessment board, they had no time at all in which to make what has been termed a needed change in license fees. The Commissioners did find time last week to make one change however, but it relates to business of which there are few in this city, pool halls.

Gustafson Youth Gives 2 Snakes To Local Zoo

Harry Gustafson today made his second presentation of reptiles to the Sanford Municipal Zoo to receive the thanks of Superintendent of Parks James Mougham.

Today's presentation consisted of a four and one-half foot Florida racer and a nearly three foot adder, both of which were captured in a field adjoining the Gustafson home in Merri hammock late yesterday.

Young Gustafson is a member of Seminole Chapter, Future Farmers of America, and is ever on the alert for creatures and reptiles which might be displayed for the education of the public.

MUST BE LOVED

WASHINGTON, Oct. 3.—(A.P.)—Mamie Williams, negro, former Republican national committee woman for Georgia, in a statement yesterday said "unless President and Candidate Hoover comes out in language loud and strong against the principles of Jim Whalen no thoughtful and honest colored man or woman can support him."

VACATION DAYS END AS COUNTY SCHOOLS OPEN

Brief Exercises Mark Beginning Of New Term As Over 1000 Pupils Are Enrolled

Seminole County's largest industry, the school system, which annually produces several thousand well educated young men and women, this morning went into full production when in 10 thoroughly renovated and adequately manned plants throughout the county, more than 1000 students who had enjoyed a summer vacation, resumed their studies.

Brief but impressive exercises marked a majority of the opening day activities, particularly at Sanford Junior High School where Prof. J. Tilmon Jacobs had arranged a program of songs, Scripture readings, prayer, talks, and general announcements.

More than 1000 pupils trooped into five city and five county schools today. In Sanford they entered Sanford Junior High School, Sanford Grammar School, South Side Primary School, West Side Primary School, and East Side Primary School. In the country they entered Wilson School at Pauls, Lake Mary School, Lynn School near Altamonte Springs, Orlando High School, and Chuluota Grade School.

At Junior High School, Prof. Jacobs, member of the faculty, local clergymen, and Superintendent T. W. Lawton of the system, faced some 300 pupils and half a hundred parents and friends, who opened the program by singing America.

Rev. F. M. Miller of the First Christian Church read from

HAS BIRTHDAY

Paul von Hindenburg

President Paul von Hindenburg, for whom it was necessary to establish a special postal delivery and telegraph line to his residence yesterday, as countless friends and well-wishers congratulated him upon the occasion of his 85th birthday.

Orlando Public Figure To Speak Before Voters

Maguire To Bring Message Of Democracy To Local Group

The as yet but temporarily unorganized Seminole County League of Young Democrats anticipating a busy evening tomorrow, according to an announcement today by John Melch, Jr., temporary chairman of the Democratic state convention, as party leaders sought to prevent an open fight over who will be nominated for governor.

Hendricks' selection by the Democratic kingdom as their choice for the chairmanship was announced by John J. Tracy, Tammany chief, after a day filled with acrimonious conferences.

Hendricks, the Jefferson county leader, was appointed a county Judge by Gov. Roosevelt several years ago. At the national convention (Continued on Page Three)

WAGNER HITS AT HOOVER IN ALBANY SPEECH

New York Democrats Hear Attack On Eves Of Annual Session; Open Fight Expected

ALBANY, Oct. 3.—(A.P.)—In an attack upon the administration of President Hoover, Senator Robert F. Wagner, temporary chairman of the New York state Democratic convention told delegates here today that "The American people will never again accept as gold the brass that was sold to them in 1932. They have learned to shun the medicine man in the medical worker. They have learned to distinguish propaganda from truth. We need no new issue for 1932. We accept the issue selected by Mr. Hoover himself. Four years ago he said the present is as the well-being and security of the American family and the American home."

ALBANY, N.Y., Oct. 3.—(A.P.)—One of Tammany's upstart political allies, T. Arthur Hendricks, was chosen last night for permanent chairman of the Democratic state convention, as party leaders sought to prevent an open fight over who will be nominated for governor.

Hendricks' selection by the Democratic kingdom as their choice for the chairmanship was announced by John J. Tracy, Tammany chief, after a day filled with acrimonious conferences.

Hendricks, the Jefferson county leader, was appointed a county Judge by Gov. Roosevelt several years ago. At the national convention (Continued on Page Three)

Office Seekers Visit Here Enroute South

Fred Waite, of Jacksonville, independent candidate for the United States Senate from Florida, and H. O. Brown of Lake Butler, independent candidate for the governorship of the state, were in Sanford this morning in the interests of their constituents. They were enroute to south Florida.

During his brief stay, Mr. Waite declared that he can assure his constituents that from many influential sources who he says are in agreement with my platform and stand for a change in this situation, he will be elected himself. He stood for Veterans' relief, reorganization of unemployment insurance and that the nation had a part in alleviating the immediate burden of caring for the unemployed.

"But that is politics and I can't talk about it today," he said while the crowd cheered.

Extension Classes To Be Taught In Sanford

The general Extension Bureau of the University of Florida at Gainesville has announced that Miss Anne E. Bracken, a member of its faculty, will be in Sanford every week starting Thursday Oct. 20, for the purpose of organizing classes of adults who wish to work for college credit or those who are interested in professional or vocational advancement.

Classes will be held weekly for a period of two hours during a term of 12 weeks. A small fee of each student, and any person is eligible.

Credit earned after taking the course will be registered at the University of Florida or at the Florida State College for Women.

For three semesters hours will be 10 to 12 a student must attend 12 two-hour class meetings, submit 12 satisfactory written assignments and pass a final examination.

Legion To Meet

Election of officers for the 1932-33 season will occupy attention of members of the American Legion. Campbell Longfellow, as they met at the Legion Hall tomorrow night at 8 o'clock. Post Commander W. H. Shepherd expressed the hope to day that a large number of Legionnaires will express their conviction at the election tomorrow night. Matters of general interest and importance to the entire membership will also be discussed. Commander Shepherd said.

Alabama Schools Close

MONTGOMERY, Ala., Oct. 3.—(A.P.)—Frank Grove, secretary of the Alabama Education, has announced that all county elementary schools in Cullinan county had been forced to close down because of insufficient operating funds affecting 14,000 school children.

The Register and Tribune straw poll of 75,104 votes represents 7.1 percent of the voting population in Alabama.

Great Game In View As Feds - Islanders Meet Here Sunday

Intense Rivalry Exists Between Teams; Otis Curry To Pitch

By PETER SCHAUER

With hostilities between members of the Colorfeds and Islanders having reached that point where even the slightest deviation from what some players and managers call perfection in baseball play brings about arguments that touch the boiling over point, action and plenty of it is promised Sanford and Central Florida fans who gather at Municipal Park tomorrow afternoon to see the sixth game of the post-season series.

Reports from Thursday's game at Daytona Beach indicate that early and often strong men fought with swords and fists, women fainted, children howled gleefully at it all, and players and umpires tangled in verbal fits on dozens of occasions. In other words, the old days of baseball as it was played between Sanford and Orlando teams 20 years ago have returned, and right in the middle of a series for the championship of the Central Florida Baseball League.

Fans therefore can expect the final game of the series to be bitterly contested, more so than ever before. Players of each team have dropped that spirit of camaraderie that they enjoyed during the regular season, and tinges of bitterness are evident on all sides as the games progress. It's a matter of fighting tooth and nail for the old permanent now, letting the chips fall where they may.

That Olip Hatto will again assume the mound for Daytona is almost certain, although he pitched last Thursday. Manager Mike Bolich is more than anxious to bring this series to a close quickly. He has a team riddled by injuries and repeatedly torn by internal dissension. With Lane out of action on Sundays, he has a team of only nine men, only he and the crippled Spaku remaining on the bench. He does not wish to take any unnecessary chances, in other words.

With Hatto on the hill another fine game is in prospect for the veteran left-hander has certainly turned in three great performances during this series. Realizing that he must do most all of the work since the team back of him is 50 percent dependable, the youngster has turned to with great effectiveness.

Otis Curry, the one-hit specialist is due to hurl for the Feds, who will be out to win and thus tie the series at two all. Curry's great performance of last Tuesday is still being discussed as one of the finer exhibitions of the year, with Daytona Beach sports writers rhapsodizing about the magical spell which Curry's fast ball cast over the Islanders.

Curry today is confident that he will beat the Islanders tomorrow and any time he hurls. His confidence returned with that one-hit game, and with plenty of moral support from players and fans alike, he is sure of finishing the series as one of its heroes.

Fans should not miss tomorrow's game. It promises more for the money than any game played this season, and it is sure to be another hurling gem. The game is scheduled to start at 3:30 o'clock. Umpire Driskill, of Daytona Beach will handle the assignment back of the plate.

TEMPLE IDOLS STOLEN

POONA, India, Oct. 1. — (AP) — Reporters' news agency learned yesterday that priests of the temple of Parvati, one of those opened to the untouchables as a result of Mahatma Gandhi's hunger strike, had reported the theft of two shrined golden idols.

MOVIE ACTRESS TO BE CO-ED

YELLOW SPRINGS, Ohio, Oct. 1.—Nancy Drexel, movie actress, will be a co-ed at Antioch College here this year, but the men on the campus needn't get excited about it. Miss Drexel, whose name off the screen is Dorothy Kitchen, 21, is the bride of Thomas Ince, Jr., 30, son of the late film producer, and both will matriculate here.

Smith Concedes Victory To His Party Already

(Continued From Page One)
vantage of a liberal background and record. In the past it has never failed to be hospitable to new ideas. The first issue to be decided is what elements will control the Democratic party because it must be admitted that the party is not united and that it is composed of a number of conflicting elements and interests. This was clearly indicated at the recent Chicago convention.

"With some elements and forces in the party I am completely out of sympathy. Not for personal reasons, but because I believe that they are inimical to the best interest of the country.

"In my opinion the Democratic party must urge itself to adopt a position to administer the best interests of the nation."

In declaring his belief that the hope of the country lies in a Democratic victory he does not mention by name either Governor Roosevelt, the presidential nominee or Speaker Garner, vice presidential candidate.

He devotes several hundred words to criticism of the Republican administration. He declares the country "is set for a change."

At the end of his four page article which also discusses signs of returning prosperity, his own public work program, the Reconstruction Finance Corporation and prohibition, he urges voters to apply the "acid test" to all political candidates; to demand their

AMERICAN CONSUL RETIRES

LONDON, Oct. 1. — (AP) — Albert Halstead, American consul-general in London, retired yesterday, having reached the service age limit of 65. He will be the consul-service since 1906 when President Roosevelt appointed him consul at Birmingham.

prediction stand.

He predicts that if the pro-labor fight continues long enough there will be an attempt made to cut all enforcement appropriations from the budget.

The article is contained in the final issue of the magazine appearing under Smith's editorship.

PRINGLE FUNERAL SUNDAY

ANNAPOLIS, Md., Oct. 1. — (AP) — Funeral services for Vice Admiral Joe A. T. Pringle will be conducted Sunday at the United States Naval Academy Chapel, with three battalions of midshipmen as escort of the body to the academy cemetery for burial. Admiral Pringle died Monday at San Diego, Calif., after he was stricken aboard his flagship, the U. S. S. West Virginia, in Puget Sound.
