Three Priorities Listed By County

Comprehensive plan for a \$1 million plus five year county road program will be discussed by the County Commission behind closed doors at several workshop meetings to be scheduled by the Board during the next three weeks.

County Planner Jack Godwin today listed three projects which he will recommend be given "top priority" in the proposed program in the comprehensive plan for all future county roads.

Drive Gains Momentum For 520 Widening

The bill brought by Commissioner Robert Parker urging widening and resurfacing of 520 from Oviedo to the Florida Technological University, "to safeguard" growth in Seminole County north of the University gained momentum last night with full support of the Oviedo Town Council of the project.

County Commission Chairman John Alexander said today, "I have recommended the five year plan rather than an annual road program with the county engineer and county planner giving a professional analysis of the road needs. I hope the professional staff will have a long range program to submit to the Board for consideration prior to the time of adoption of this year's program."

Idea of a five year plan was greeted with the exclamation of "excellent" by County Engineer William Bush. "Even with the best of five year programs, new road needs would appear each year, so the plan must be flexible. It would be a step toward the right direction."

"Such a plan would take the planning out of the road program," Commissioner Robert Parker quipped. "However, I do not know if it (the five year plan) can be done this year. I could not find out myself into suggesting it until I go into it further."

Parker pointed out that a five year plan would mean likely favor his district since the major growth over the next few years is expected there. "I would have to be flexible in supporting it until I go into it further."

Parker cited the need in his district in the program for the new fiscal year of resurfacing of Tuskawilla Road from Red Bank north to Florida Power. The new franchise calls for an increase from three to four per cent franchise tax. Florida Power officials had deleted the section which previously had been covering comprehensive administration when the franchise was issued.

FEA Hits Kirk's 'Quality Education' Blueprint

TALLAHASSEE (AP) — Gov. Claude Kirk ruled out an official legislative session on education for at least 15 months. Tuesday he named a 30-member, bipartisan panel to design a master blueprint for Florida's schools.

Kirk's program, entitled "Quality Education for Tomorrow," is a sharp criticism from officials of the Florida Education Association.

The FEA's executive secretary, Dr. Phil Constans, said Kirk's program "offered nothing but empty promises for today."

Kirk, who shook hands with school children and wrote on a blackboard before his televised speech, had called the program "something which would delight and surprise Florida teachers."

"I cannot say we were either surprised or delighted," said David Pierce, president of the Broward County Classroom Teachers Association. "We are not surprised or delighted."

Dr. Bruce Wilson, president of the Palm Beach County Teachers Association, said Kirk's program "offered nothing but empty promises for today."

Christian 'Disappointed'

Plan Fails To Meet Problems

By THE ASSOCIATED PRESS
Florida's top public school official, State School Supt. Floyd Christian, said today he was "very disappointed" with Gov. Claude Kirk's Tuesday night education message and felt it "did not deal with the education problems of today."

Christian's comment echoed the sentiments of many others polled across the state who said Kirk's plan to study Florida education and recommend ways to improve it did not deal with the problems posed by teachers seeking pay raises.

Otherwise, Kirk's proposal received a mixed reaction.

"Frankly, I had hoped that, at long last, the governor would come forward with a concrete program to make good on his pledge in his own White Papers, to make Florida first in education," Christian said in a statement released today.

Christian said he would accept his appointment by Kirk as an official member of the 30-member Commission on Quality Education—assigned by Kirk to draw up a master plan for education—and "I plan to take an active part in its deliberations."

"But it would be difficult if I did not point out that the present education crisis could have been averted had the governor shown a little more interest in education earlier, during the Legislature, and had he not consistently vetoed appropriation after appropriation passed by the Legislature to improve education—and to meet some of the same problems he is now promising to solve at some time in the future," Christian said.

Kirk said the study would take 15 months and predict Florida would be first in education by 1975.

Phil Constans, executive secretary for the Florida Education Association, said in a prepared statement that the plan Kirk called "prospective for tomorrow" really "offered nothing but empty promises for today."

Broward Schools Close

FORT LAUDERDALE (AP)—Forty thousand public school students in Broward County began an unexcused three-week holiday today after 2,534 teachers submitted their resignations in a dispute over higher pay.

In an emergency meeting, the county school board unanimously voted to close the schools until Sept. 23 after the resignations were handed over in a court-ordered session.

Parents expressed disbelief at the closing. Many expressed sympathy for the teachers.

Meanwhile, Gov. Claude Kirk used a statewide television broadcast to announce appointment of a 30-member commission to study the state's educational system, and to reject teacher demands for an immediate session of the legislature to deal with school problems.

Kirk ruled out a special legislative session on education for at least 15 months, when the new commission is due to make its report.

Spokesmen for the Florida Education Association said they were disappointed by the governor's action.

Dr. Bruce Wilson, president of the Palm Beach County Teachers Association, said Kirk's program "offered nothing but empty promises for today."

Kirk, who shook hands with school children and wrote on a blackboard before his televised speech, had called the program "something which would delight and surprise Florida teachers."

Quads Enroll In 1st Grade

HOLYOKE, Mass. (AP)—The roll call in the first grade at Sacred Heart school today includes Ferris, Ferris, Ferris and Ferris.

It will be the first day of school for the four-year-old Ferris quadruplets—Margaret, Marie, Robert and Jaime.

"When they go off to school, the biggest change in his house hold in over six years will take place," said Mrs. Raymond Ferris, their mother.

"The only people left in the house all day when they leave will be Michael and I," said Mrs. Ferris. "I can hardly believe it. Perhaps then I'll have a chance to finish a few things around here."

The quads have seven brothers and sisters.

Christine, 20, is Mrs. William Dowd's Kathy. He is an X-ray technician at Providence Hospital. Mary and Raymond, 14-year-old twins attend Holyoke Catholic High School. Tommy is Johnny, 8, and Michael, 2.

The quads grow like weeds, Mrs. Ferris said. They have consumed 20 gallons of milk, five after learning the 23-year-old victim had gotten married a day after the party.

Burglars Need Sign Language

CHICAGO (AP)—A language barrier hindered a post-prison burglar in a North Side restaurant. But the workers, who were cleaning outside the restaurant, were unable to understand because they had arrived recently from Brazil and spoke only Portuguese.

After a brief struggle, the gunman fled empty handed.

Police were vague about details of the encounter because they, too, were having trouble with the language.

Road Priorities Listed

(Continued from Page 1)
Top priority in the district is the "Parker" declared. "The existing four-lane mainline to be completed in my district so that I can decide the road I will recommend in the 'new year,'" Commissioner W. L. Lawrence said.

Lawrence said that, in his district, he will recommend that the improvement of Lake Brantley

probably would be announced today. The commission's first meeting is set for 10 a.m.

Kirk said Floridians cannot afford to keep pouring tax money into education without results, and that a long-range plan is necessary for results.

Teacher salaries, he said, are no guarantee of better teaching or even good teaching.

The commission, headed by the Academy for Educational Development in New York, would develop a new knowledge at a time he designated as 1975.

"There is no such thing as instant education," Kirk said.

"We do not believe the citizens and parents of Florida are willing to wait until 1975 for quality education. We know only that the teachers and the children are."

Dr. Constans said the commission would break down the "Chinese walls" in the Education Department and "find out what is going on behind the Chinese wall they have built," Kirk said.

Constans said later "the governor is wrong if he expects the FEA to be in any way involved in the study. We are not interested in what is going on behind the Chinese wall they have built," Kirk said.

Myths Punctured 'Sanctions Alert' Invoked Pre-Kirk

Public belief of "three popular myths" concerning sanctions imposed by Florida Education Association was refuted Tuesday night in meeting of the Bear Lake Community Club.

British Churchman To Visit U. S.

LONDON (AP) — Britain's top churchman—the Most Rev. Michael Ramsey, primate of the Church of England—flies next week to the United States and probably into more controversy. The Archbishop of Canterbury is in the turbulent tradition of England's primates.

During his three weeks in America some of his contested views on divorce, abortion and Christianity will be put to a public test. The man who is 19th in succession to St. Augustine, Canterbury's first archbishop in 597, is convinced that one day there will be a united Christendom around his neck, he looks every inch the prelate.

A tall, bulky figure in his purple cassock with a gleaming episcopal cross on a chain around his neck, he looks every inch the prelate.

Strikes And Spares

BY JOHN A. SPOLSKI

This is one week when I know for certain that we'll be popular. Let's see how many of you, with the many leagues which started their fall schedules, loaded with newcomers to the area and to bowling.

The Friday Evening Mr. and Mrs. League is supposed to be a "novel" event. Don Smith didn't get the message, because he got most unfriendly with a big 237-800 series. (You just gotta keep your eyes on those smart-aleck leathers, IT'S ALL YOURS!)

But then I shouldn't take it all out on Don, what with his other "buddies" joining the assault: C. Kelley 206, Terry Small 201, Jim Neder 193, Jack Waddle 200, Woody Wilson 200-203. And then again, maybe they did it in self defense. Some of the guys weren't to be denied and clattered the pins with almost as much vehemence: Elaine Kotival had a 205-533 and Betty Drummond rolled a 222-866. (Geez, don't those Mrs. know that they're not supposed to out-bowl the Mister?)

ELAINE KOSTIVAL BETTY DRUMMOND

Introducing to our friends from across the pond... the Deltona Mixed League of Sunday evening fame. And what a good time these folks have when they come out to bowl!

They also manage to get around that one-three pocket, too, as shown by some of the opening night scores: Doug Lewis 181, Ed Probst 222-470, Paul Rose 187, Bob Moore 225-275, Bill A. 196-266, George Turfitt 190, Bill Ware 175, Les Carl 170, Jack Blanton 180 and Gus Beardi 191, 180. Lead out 1-10, Jack Blanton 10 and Gus Beardi 10, 180. I don't think for our second that they don't have a good sense of humor, too.

Take a gender at some of their team names... Old Times, Terribles, The Two Hops, Lane Rangers, and last but not least, The Last Game! (You know, there's many a night when I feel exactly the same way, potners.)

It was an awol week if I listed, but like all those things, it had to come to a screeching halt. Speaking of the Jet League team resting in the number one position for the City League for so many months and then on the final night of bowling... HANG, HANG!

Would you believe that they came in second and the dark horses from H.L.I. copped the pennant. No wonder, what with Bill Parker showing the way with his 241-600 series. (Betty he's tired of his two swimming sons getting all of the publicity here of late and he decided to claim his share of the clippings.)

This five-team took all four points from the Buzzards while the lanesmen split two and two, with Trudy Louize. As per usual, Hank (Just Call Me Bud) Kretzer exploded with games of 212 and 222 for a fine 501 series. Teammate Larry Buzget topped a 209-538. (By the way, you never did mention your score, did you Split-A? HOW CUM?)

This league will hold its familiarization tonight at 7 p.m. just another way of saying, "Come on in for your prize money, fellas."

Little for the Ball and Chain League, which is four to a team, mixed. They'll both start their leagues next Wednesday at 7 p.m.

The top prize for the Handicap Sweeper this week of \$50 went to the duo of Ivan Branson and Woody Wilson for their 1202 series, including Branson's second place of \$20 went to Steve Peterson and Rusty Berry (1273) and third slot of a 1212 set was rolled by Ray Hatcher and Jim Farris, worth \$12.

This tourney is run each week with a \$30, first place guarantee and is open to both men and women, based on 10 per cent of 200.

The Sand Spurs women's handicapped league starts its action this Friday at 7 p.m. with 10 teams of bowlers. According to League President Margie Kip, there are vacancies for about three or four girls to fill completely all of these teams.

This coming Monday, the Jet League Keglers League will hold an organizational meeting at 7 p.m. with the actual start of the group to be on Sept. 18. Our reason is to be able to contact as many bowlers as is possible and expand the league to a 10-team league. As it is presently, we have six full teams—Southern Bell, Dearborn Electronics, Florida Public Utilities, Sanford Atlantic National Bank and two others of individual applications.

There's still plenty of time and room to join this lower averaged men's handicap league which will compete on Mondays at 7 p.m.

Listing all of those Junior Bowler names in Monday's sport section of The Sanford Herald surely produced results. There were quite a few telephone calls asking if there was still time to join their friends.

Remember, this year the Heasians (eight through 12 years of age) will be bowling at 8:30 a.m.

The older boys and girls (13 through 18) Junior-Seniors will bowl each Wednesday at 8 p.m.

Meet The Oriole Lions This Friday

The Oriole Athletic Association will be sponsoring a fish fry this Friday at 7:00 p.m. at John Coover Field. Tickets to the event are available from any athletic association member and several other town merchants. Tickets may also be purchased at the gate. Program for the evening will include an introduction of the

Sports In Brief

Passing Records

BOUSTON, Tex. (AP)—The Houston Oilers have acquired quarterback Billy Anderson who passed for 2,150 yards in 1966. Anderson was picked up as a free agent Tuesday after the Los Angeles Rams waived him. The Oilers assigned him to their development squad.

Well Now

ISLE OF PINES, Cuba (AP)—Guiliana Trelean (AP) reportedly has broken the world record for free breathing and immersion by descending 45 meters off the Isle of Pines.

The Communist Youth news paper, Juventud Rebelde (Rebel Youth), said the 27-year-old bi-lingual swimmer set the mark Monday, remaining submerged one minute, 15 seconds. Evelyn Patterson of the United States held the old mark of 65 meters.

Cepeda Selected

CINCINNATI (AP)—First baseman Orlando Cepeda of the St. Louis Cardinals was selected Player of the Month in the league's monthly poll.

Britain Benten

CHELTFENHAM, England (AP)—Callaghan Greg Hill and John Shore sparred the U.S. water polo team in an exhibition over Britain Tuesday for its 35th straight victory in Europe.

SEC Teams Could Sweep Any Playoff

BATON ROUGE, La. (AP)—Proposals to hold playoffs to decide the college football champion of the country have met strong disapproval from Southeastern Conference Commissioner A. M. "Tommy" Coleman.

Mixed League Largest Ever

"There's no trouble at all in filling all of these teams," said Margie Helman, Secretary for the Thursday evening Mixed League which bowls at Jet Lane.

'Shug' Says

AUBURN, Ala. (AP)—Coach Ralph "Shug" Jordan of Auburn says football games played by Southeastern Conference teams with nonconference rivals should not count in the SEC standings.

Lots Of Kids Try Football

Over the Labor Day holidays around 75 young men between the ages of 10 and 18 turned out for flag football tryouts at Ft. Mellon Park in Sanford.

These young men inspired by their older brothers, parents and Johnny Unitas of the future pointed, piped and kicked the old pigskin around the Ft. Mellon Park.

"This heavy turnout was more than expected," said Joe Williams of the Sanford Recreation Department.

'Bear' Lashes, 'We're Sluggish'

By THE ASSOCIATED PRESS. The weather had the snap of fall, the leather popped and the tongue of Alabama Coach Paul "Bear" Bryant had that familiar crackling sound Tuesday in a Crimson Tide workout.

Bryant handed out a verbal lashing to his team for being "somewhat sluggish, mentally and physically," and he promised harder work to come.

"Offensively it was not good," he said of a passing drill he had set up. "The blocking was poor. We'll be getting into game scrimmage pretty soon. We've got to. It's the only way we can tell."

Elsewhere in the South, Dixie's major football teams hunted for new quarterbacks, planned game-style scrimmages, sparred in the mud and mowed losses of players through injuries.

The biggest quarterback change is in Kentucky, where Coach Charlie Bradshaw put Duke Lyons in as No. 1 signal caller, ahead of Terry Hendrix and Dave Bate Lyons.

At Tennessee, Charlie Fulton, who has played every position in the backfield worked at alternate positions of tailback and quarterback for the Vol. Sept. 10 opener with UCLA. Fulton bawled up on signal calling because of the temporary loss of Hubbs Wyche because of an appendectomy.

Vanderbilt ran through the first scrimmage drill for new Coach Bill "Mac" who termed the U.S. water polo team in an exhibition over Britain Tuesday for its 35th straight victory in Europe.

SEC teams could sweep any playoff. Coleman said Tuesday the U.S. water polo team in an exhibition over Britain Tuesday for its 35th straight victory in Europe.

And The Angels Sing Still An Outside Chance

By HAL BOCK. Associated Press Sports Writer. The crush at the top of the American League remains unchanged today and don't look new but Bill Riggs is trying to toss another log into the jam.

Riggs' California Angels stand just six games off the pace after sweeping Baltimore 7-2 and 11-4 Tuesday. Ruben Moran drove in four runs with two hits in each game.

Ordinarily, six games behind with 20 or so to play wouldn't be so bad, but the Angels have a problem. There are four teams in front of them.

The status quo which survived four doubleheaders on Labor Day remained unchanged Tuesday when the first-place Minnesota Twins and pursuing Boston, Chicago and Detroit all won. Thus California, which had a pair, was the only team to gain ground Tuesday.

The fifth-place Angels have seven of their last eight games. Minnesota batted Cleveland 9-2. Boston 14-1. 6-6. One-half game back with an 8-2 triumph over Washington as Carl Yastrzemski cracked a pair of home runs. Chicago topped New York 5-3 and remained one game behind.

Joe Spurnas hurled a brilliant two-hitter as Detroit blanked Kansas City 4-0.

Dolphins Need Backs?

By THE ASSOCIATED PRESS. Miami Dolphins Coach George Wilson Tuesday surprised move Tuesday and kept four quarterbacks on his 48-man American Football League squad.

The Monday morning quarter-backs had predicted that Rick Norton, a \$200,000 some-bath from Kentucky, would be put on waivers. Instead, Wilson swapped veteran tight end Dave Kopp to Atlanta for back Tommie Smith.

Kopp, starting his ninth year in pro football and eighth in the AFL, was dealt for an undisclosed draft choice. He came to Atlanta two years ago from San Diego in the Dolphins' draft of AFL players.

The Dolphins roster now lists eight, 20 of the 40 players from last year at this time. Included in the missing 20 are 14 of the Dolphins' original AFL picks.

Orlando Hosts Florida League Championships

ORLANDO (AP)—The Florida League championship playoffs will be held in Orlando tonight with St. Petersburg one game up in the best-of-five series.

The Cardinals, behind the pitching of Santiago Guzman, beat Orlando 6-2 in the first game Tuesday. Guzman, a rookie right-hander with a 16-3 record for the season, retired the first 14 men he faced.

Bob Becker singled over third base with two outs in the seventh inning to break Guzman's no-hitter.

Guzman finished with a four-hitter, striking out six and walking four.

Twins first baseman Pete Miska doubled in Orlando's fifth, Willie Mouton hit a two-run homer to lead off the first inning.

Orlando's other two runs came in the bottom of the ninth with two out.

The Cardinals jumped to a five-run lead in the first three innings and added another in the fifth. Willie Mouton hit a two-run homer to lead off the first inning.

The Cardinals jumped to a five-run lead in the first three innings and added another in the fifth. Willie Mouton hit a two-run homer to lead off the first inning.

Orlando's other two runs came in the bottom of the ninth with two out.

The couple exchanged their wedding vows under a canopy lined with yellow tulle, interspersed with sprigged fern, leatherleaf fern, white and yellow pom-poms and sprays of white gladioli, with a background of pink palms in the background.

Flanking the canopy were two brass candelabra arms, lit with yellow tapers and white gladioli, yellow pom-poms, white carnations and fern. On either side of the canopy were two leatherleaf ferns, white and yellow pom-poms and sprays of white gladioli, with a background of pink palms in the background.

Red Cross News

By REIDA McCALL
How many of us ever stop to consider the meaning of the Red Cross symbol? I would like to share with you the meaning for those of us who give of ourselves to its many services.

The Red Cross flag is a flag of many nations, all existing under an international treaty called the "Treaty of the Red Cross." Regardless of the differences of language, religion, different countries, their representatives work together for the health, welfare and happiness of all the world.

The emblem is composed of five equal squares. The first square is dedicated to "Tradition"—the history of the Red Cross movement; this is placed at the bottom because it is the foundation. The second is dedicated to "Hope"—the Red Cross is the hope of those in distress in time of emergency.

The third is dedicated to "Faith"—those who are members of the Red Cross, and those who respond to its appeal in time of emergency, have faith that funds will be wisely used and the needs of the sufferers will be adequately met.

The fourth will be dedicated to "Love"—for it is love of humanity that has, from the beginning, been the motivating force in the Red Cross. It is placed at the top because it is written that "the greatest of these is love." The fifth is dedicated to "Service"—for not service it is not the Red Cross.

The capping and pinning ceremony for uniformed volunteers in the county will be held Thursday at 7:30 p.m. at the Seminole Memorial Hospital Auditorium. Candidates for capping and pinning are requested to be at the auditorium at 7:15 p.m. Families and friends of the volunteers are invited to attend the ceremony.

The Sanford refresher course for those volunteers whose first aid certificates have expired within the past six months or will expire soon will be held Sept. 11 and 12 at the Seminole County health department conference room from 9 a.m. to noon.

There will be an ARC orientation class Sept. 16 from 9 a.m. to 3 p.m. This class will be held at the Seminole County health department conference room and is a requirement for all volunteers who have not taken the six-hour course. Persons who wish to take this course should bring a lunch.

Sign Stealers Save Souvenirs

NEW ORLEANS, La. (AP) — Everybody agreed that those new black and silver street signs were attractive when the bilingual markers were installed recently in the French Quarter. But the bright new markers have turned out to be too attractive to souvenir hunters: about 200 of the signs, which cost \$8 each, were stolen in the first three months of use.

Preventive measures, including the use of heavier brackets, heavy-duty riveting and extra bolting, have been tried, to no avail. "Nothing seems to work," said city traffic engineer John Exelcius. "I guess if we made the signs so that they couldn't be removed from the light standards, people would begin cutting off our street lights."

Old Homestead In One Family

IPSWICH, Mass. (AP) — The Appleton farm is probably the oldest farm in the United States still held by the original owner's family.

Samuel Appleton, who came to the American colonies in 1633 from England, cleared the land for farming in 1638. The family dwells on the site of the first house, which burned in 1806. The present owner of the 1,000-acre farm, Francis Appleton Jr., is a New York lawyer.

What The States Pay For Schools

By DONNA DICKINSON
Associated Press Writer
If dollars are the only measure of wealth, a New York pupil gets almost three times the education of a Mississippi child. New York, the highest school spender of the 50 states, paid out \$912 for each pupil in average daily attendance last year. That sum was a little less than three times Mississippi's country-wide low — \$315 per child. Naturally, high spending doesn't guarantee good education. But there may be some connection: Mississippi also has an illiteracy rate about twice the national average. In 1965, roughly 37 per cent of the state's army volunteers and draftees failed the preinduction mental tests — compared to 21 per cent of the New Yorkers. This apparent inequality in mental tests largely to the fact that New York has a lower proportion of students and more money to spend. When you calculate school-age children as a per cent of the total population, Mississippi ranks third highest, while New York has the lowest proportion in the country. But if you figure the personal income available per school-age child you'll find New York highest with over \$14,000; Mississippi lowest with about \$5,000. The amount spent on each pupil is only one way education policies vary throughout the states, according to the National Education Association. Delaware schools, for example, get about 75 per cent of their revenues from the state government; the Nebraska state administration pays only 5 per cent of school costs, with local communities footing about 85 per cent of the bill. Between these wide extremes lies the national average — with 40 per cent of the cost covered by the state and 52 per cent paid by the township. Mississippi receives about 20 per cent of its school expenses from the federal government — which pays Wyoming only 4 per cent of that state's education costs. The U. S. average is 8 per cent, but the Federal government usually gives a larger amount to low-income states. Aid to private and parochial schools — a question which involves the church-state separation controversy — points up more differences among the states. While 20 states authorize transportation for church pupils, 19 forbid it; six states provide textbooks to non-public schools, but eight prohibit such service. The inconsistency is carried even further to four states — Iowa, Kentucky, Mississippi, and Massachusetts. They give parochial schools one of the two services — transportation or texts — but forbid the other. Not only do the states differ among themselves: some have church school policies at odds with Washington's aid. The U. S. Supreme Court ruled in 1947 that parochial school transportation doesn't violate the First Amendment's guarantee against the "establishment" of religion. But some more rigid on this question than the federal Hill of Rights, says the Department of Health, Education and Welfare. Several state courts have found that busing religious school students would crack the "wall of separation" between church and state. The issue is hot in New York, where the state constitutional convention wants to end the ban on aid for church pupils. Federal aid to education might run out from some of the inequalities and inconsistencies among the states. The 1965 Elementary and Secondary Education Act benefits religious schools as well as public ones. Non-public pupils can share in educational radio and TV, "dual enrollment" plans, after-school programs, mobile services, and remedial reading instruction.

ACUTE SHORTAGE of animal skins in the area is obviously the reason for the scanty, ragged attire of this nature girl of the Brazilian wilds. Actually her name is Celeste Yarnall, who has a shortage of very little, and the obvious circumstance for a costume like this is on a movie set, where she has her first starring role in "The Two Faces of Eve."

Sky Diver Saves Girl, Is Killed

SONOMA, Calif. (AP) — A 23-year-old sky diver plunged 7,500 feet to his death in a field Monday after rescuing a free-time student jumper whose parachute hadn't opened.
The victim was Richard Wayne Thulin, 22 of Moffett Naval Air Station near Mountain View, Calif., and of Dayton, Ohio, the Sonoma County coroner said.
The student sky diver, Traute Schroeder, 24, of Menlo Park, Calif., said she Thulin and four others jumped from a plane at 7,500 feet.
After they had fallen to about 2,500 feet, she told the coroner, Thulin shouted for her to open the chute, but she could not understand him.
Thulin, with 110 leaps to his record, maneuvered under Miss Thulin, got her chute open at 1,500 feet, then fell past her when his own chute didn't open.

Missing Marshal BOND, AKA (AP) — The town council has set an 11 p.m. to 6 a.m. curfew to curb an increase in vandalism. The ordinance provides that anyone who needs to be out during curfew hours can "get a pass from the town marshal." But this little rural community has no town marshal.

CASTING OFF on the Good Ship Pollie is former child movie star Shirley Temple, now Mrs. Charles Black of San Mateo, Calif., who has announced her candidacy for the congressional seat vacated by the death of Rep. J. Arthur Younger. Mrs. Black, who won the biggest box office draw of her day, will run as a "Republican Independent."

New Constable To Be Speaker For AARP

Thomas C. Von, newly appointed constable in Orange City, Delray, Estero area, will be guest speaker for the 11th Chapter of American Association of Retired Persons at first meeting of the fall season scheduled for 8 a.m. Friday, in the Pioneers Recreation Hall.
Von will review new legislation relating to traffic unrelated by the 1967 Legislature and will outline his policies on law enforcement. A question answer period will follow his talk.
In other announcements from the Chapter it is reported Kim Crumbraker, insurance chairman, will confer with members having health insurance problems from 9 until 10 a.m. Friday, prior to the meeting at the Hall. Crumbraker has reported an excellent record of obtaining adjustments for members on claims.
Harry Bell, activities chairman, will resume planning and conducting his tour for members when he returns to Delray in January.
Nominating committee, appointed by Chapter President Beatrice Hamilton, is made up of Earl D. Merrill, Muriel Weaver and Oscar Hovick. At the Oct. 13 annual meeting, they will recommend candidates for three year directors to succeed Glynis S. Reider, Howard V. Middleton and Miss Beatrice J. Tyson.
Mrs. Hamilton advises that the chapter's panel program in June, in which representatives of many of the community organizations held a briefing for their respective groups were serving Delray, had received national recognition and commendation as an unusual and useful program.

Heiress Held In Shooting

PALM BEACH, Fla. (AP) — An heiress to the John Deere farm implement fortune was free on \$1,000 bond today after police charged her with aggravated assault in the shooting of her husband.
Police Chief Frederick Mead said Nancy Wakeman shot her husband, a socially prominent Palm Beach financier, after a domestic quarrel. The husband, William Thomson Wakeman, was reported in fair condition at Good Samaritan Hospital. The police chief said he was shot in the back with a .22-caliber revolver.
Wakeman, 41, is a former chairman of the Florida State Republican Finance Committee. Mrs. Wakeman, the former Nancy Deere Winan, was a member of the Junior League in New York City.
Police said Mrs. Wakeman notified them immediately after the shooting early Monday in their bedroom.

Dear Abby: By Abigail Van Buren

DEAR ABBY: Recently, my 30-year-old son and I had to make an extensive cross-country trip.

We drove and stopped at motels over night. The average single room was \$11. A twin-bedded room was \$12. It seemed only sensible for us to share a twin-bedded room for \$13 instead of spending \$22 for two singles.

When she answered our experiences to friends, I actually mentioned the fact that my son and I had shared a room each night, and he would have seen the eye-rows about up at the implied "intensity" of such an arrangement.

Do you see anything "indecent" about a mother and her 30-year-old son sharing a room? Or am I too stupid to see it?

DEAR CALIFORNIAN: The only "stupidity" in this situation would be for you to concern yourself with what others think.

DEAR ABBY: I know it's awfully early to be worrying about Christmas, but I am. You see, last year we had lots of Christmas cards, and I owed a lot of money, so we decided not to give Christmas presents anyone excepting our children. Not even to each other.

We asked all our relatives not to give us anything this

year because we couldn't give them anything.

Well, along came Christmas, and all our relatives gave us real nice gifts, just like the radio I said a word. Abby, my husband felt so bad. It was the first time I had ever seen him cry.

When we asked our relatives why they gave us gifts, they said, "Because we wanted to, not because we expected anything in return."

This year we are still in debt, but my husband says he is not going to be the poor relative again, and he will borrow the money to buy everyone Christmas gifts.

I don't think he should, but he has a lot of pride.

Weren't our relatives wrong to give us presents when we asked them not to? How should it be handled this year?

CHRISTMAS SADNESS DEAR SADNESS: Had your relatives been able to foresee your reaction to their gifts, I'm sure they would have respected your wishes. But their generosity exemplified the true Christmas spirit — giving without expecting anything in return.

I think your husband is wrong to consider going deep into debt to save his pride. The best way to persuade him not to is to ask your relatives to please omit gifts this year.

DEAR ABBY: My wife and

The late Grant Marrow of Detroit was one of our best players, but more than that, he was one of the nicest people to play with.

Grant was confined to a wheelchair due to Korean War wounds, but he was always cheerful and pleasant. What's more, he was unflinching in his courtesy to both partners and opponents.

Today's hand shows Grant's careful bidding style. He had a tremendous hand for his heart opening. His double of one spade was for takeout so that his partner's two heart bid didn't really promise anything. But Grant felt justified in going on to three, whereupon his partner raised to his king and two jacks ought to be enough for a grand slam.

There wasn't much to the play but it does illustrate how an expert declarer handles
