PARTIES FAIL TO AGREE FOR NEW MINISTRY

GERMANY STILL WITHOUT A GOVERNMENT

BELGIANS PLAN

To Leave the Ruhr by Christmas Now That Active and Passive Resistance is Considered Ended.

(By The Associated Press)
BERLIN, Nov. 28.—Chaos still reigns in governmental circles today, all efforts of the five bourgeois parties which were supposed to constitute a coalition bloc, to come to one accord so as to present a united front in the Reichstag, having failed.

Adam Stegerwald, former premier of Prussia and centrist leader, is now being groomed for the chancellorship. Dr. Heinrich F. Albert having abandoned his efforts to form a ministry because of inability to find support in the Reichstag. Stegerwald, however, has not yet been unqualifiedly accepted by all the parties slated for the new coalition. The German nationalists have complicated the negotiations by demanding that they be included in the Prussian coalition government which at the present time is composed of socialists, the peoples' party, democrats and clericals.

TABERT FAMILY TO RECEIVE \$20,000

LANGDON, N. D., Nov. 28.—Payment has been made by Putnam Lumber Company of Wisconsin to the family of Marin Tabert who died in a Florida convict camp, operated by the company, following flogging by Walter Higginbotham, whipping boss. In agreement with family the company is absolved of all willful blame, but it has no connection with prosecution of Higginbotham whose case is now pending on appeal before the supreme court of that state. Assistant attorney general Grimson said the appeal would be resisted.

CLYDE LINE WILL DOUBLE SIZE OF TERMINALS HERE

Officials Spend Day in City Arrangements to Increase Facilities Here One Hundred Per Cent—Leave Tonight

Plans are being made by the Clyde Line Steamship Company to double the present capacity of their terminals on the lake front, due to increasing business, according to A. G. White, general agent, who is spending the day in Sanford.

Accompanying Mr. White is D. D. Hargan, consulting engineer and H. F. Tinnerholm, assistant superintendent of the Jacksonville terminals. The party expressed surprise at the many new developments and predicted a more rapid growth for the city in the future.

This will be the second time within the past two years that the Clyde Line has been compelled to double their facilities here.

PRESIDENT ENDS WORK ON MESSAGE

Will Present Explicit Recommendations Rather Than Arguments and Disquisitions he Tells Visitors

(By The Associated Press)
WASHINGTON, Nov. 28.—President Coolidge put the finishing touches on his message to Congress today and the document was sent to the printer. The message is comparatively brief, White House attaches declaring it to be shorter than the average length of those sent to congress by Presidents, Wilson and Harding. The President told visitors that he framed the message with a view of presenting explicit recommendations rather than arguments and disquisitions.

Fire in Detroit Causes Big Loss

(By The Associated Press)
DETROIT, Nov. 28.—Fire starting from overheated stove in watchman's shanty early today destroyed Detroit and Windsor Ferry Company dock housing, United States Immigration and Customs offices. Spread to six story Munger building which was burned to ground and then destroyed four story warehouse and several small buildings on Woodward avenue and Bates street. When the fire was brought under control the loss was estimated at \$1,500,000. Three persons were injured and one probably seriously.

Walton's Arraignment Continued Until Monday

OKLAHOMA CITY, Nov. 28.—Arraignment of J. C. Walton, deposed governor on six indictments charging diversion of public funds and dispersal of the meeting of legislature was continued today until Monday. The continuance taken by agreement of counsel after it was found four jury trials were docketed for today.

DELAND, Nov. 28.—A mistrial resulted in the case of George Burns charged in connection with killing of Howard Usher, Daytona taxicab driver, after the jury had deliberated 36 hours.

OBSERVANCE OF THANKSGIVING DAY TOMORROW

UNION SERVICES AT CONGREGATIONAL CHURCH

FOOT BALL GAME

Between High School And Springfield Athletic Club in the Afternoon—Everybody to Enjoy Turkey Dinners

Sanford will celebrate Thanksgiving Day tomorrow with appropriate religious services, real old time Turkey dinners and a football game.

Citizens will join in worship at Union services to be held by the Protestant churches at the Congregational church at 10 o'clock when Dr. King of the First Baptist Church will deliver a Thanksgiving sermon. An offering will be taken for the Children's Home Society at Jacksonville, of which Marcus Flagg is superintendent.

The program for the Union Service is as follows: Organ prelude; Hymn No. 51, "Oh for a Thousand Tongues to Sing Thy Praise"; Bible reading by Dr. Brownlee; Prayer by Dr. Carpenter; Anthem "O Give Thanks Unto the Lord"; Sermon by Dr. King; Solo by Miss Mabel Bolser; and Benediction.

The Christian Science Thanksgiving service will be held at the Woman's Club building tomorrow morning at 11 a. m. All are welcome.

Mass will be held at 6:30 a. m. in the morning at All Souls Catholic church.

Of course everyone will have a turkey dinner and then attend the football game in the afternoon and see the Sanford High school team defeat the Springfield Athletic Club boys from Jacksonville. Coach Chas. A. Hamilton of Jacksonville is expected to arrive tonight with his team.

All public offices and business houses will be closed but The Herald will issue its usual edition.

ROTARIANS ENJOY WEEKLY MEETING

Working for Attendance Record, Only Two Members Absent from Yesterday's Luncheon—Entertainment Features

The Rotary club had a most interesting session at the Valdez hotel yesterday with all but two members present and working to make the attendance the feature of the present quarter. The visitors were Alf Bumby and Ed Kenyon of Orlando and with many songs and good things to eat the time came for the gavel to be passed to Judge Householder, who was the chairman of the entertainment committee.

The genial judge said he would not send out of town for his entertainers or out of the club and he called upon Frank McMahon to sing something. Mr. McMahon was upon the opera stage for many years and was prominently known as Francis Carriere and while he is older now than he was in the heyday of his youth his splendid voice has never grown old and he gave the Rotarians the "Toreador" from Carmen in grand style while George Brockhahn furnished the accompaniment. It was well worth while to listen to these entertainers and they were roundly applauded. Judge Householder then had the "Huntsmen" of the club try their hand at shooting wild turkeys and had a whole of birds and a rifle to shoot them.

After they had all tried their skill it was found that Billy Hill was the champion and he was presented with a toy turkey. George Brockhahn then gave the club one of his characteristic piano selections and "Kitten on the Keys" with variations was enjoyed.

RUSSIAN PRINCE ARRIVES

Prince Felix Youssouppoff, once reputed to have been the richest man in Russia, and who was said to have had a hand in slaying the monk Rasputin, has arrived in this country with his wife, the Princess Irina, eldest child of the Grand Duke Alexander, uncle of the late czar.

THANKSGIVING PROCLAMATION

To the People of Sanford:
In accordance with the time honored custom, and prompted by the sincere, grateful and sympathetic words which the President of the United States has placed before the nation in calling for a proper observance of Thanksgiving; and further in accordance with the will of the Governor of this state, it befalls the duty of the Mayor of the City of Sanford to exhort our people to take full advantage of this opportunity for returning thanks for their many blessings, and during the course of one day to recount the numerous divine gifts and favors bestowed upon our community during the past twelve months, and in retirement in their respective places of public worship, to offer God the incense of grateful hearts.

THEREFORE:
I, Forest Lake, by the power and authority in me vested as Mayor of the City of Sanford, do hereby declare and proclaim Thursday, November 29th, 1923, a legal holiday, and do urge the people of our city to cease in their work and mark the day by proper and fitting ceremonies, as each in his own conscience shall determine as the most acceptable to God.

Given under my hand and the seal of the City of Sanford, Florida, this 28th day of November, A. D. 1923.
FOREST LAKE, Mayor.
(Seal of City of Sanford).
Attest: L. R. PHILLIPS,
City Auditor and Clerk.

Citizens Will Join in Rebuilding of Parish House for Episcopal Church

Citizens of Sanford and Seminole county, regardless of sect or creed, will join in the immediate construction of a three story fire proof Parish House for the Episcopal Church to replace the plant destroyed by fire early yesterday morning, according to plans launched at a meeting of citizens and members of the Episcopal church which was held last night.

Members of the Holy Cross church expect to build their own church rectory at an early date, but citizens of the community are going to see that the Parish House is built immediately in order that the good work as organized by Father Peck for the youth of the city is not hindered.

Several representative business men attended the meeting held in the directors room at the First National Bank last night when it was decided

Doctors Testify Today In Clore Murder Trial

ORLAND, Nov. 28.—Three medical witnesses testified in the trial of John F. Clore for murder of Alexander P. Boyer that the skeleton of man found in swamp and which the prosecution contends to be that of Boyer had six vertebrae missing and four fractured. They also found traces of lime in leg bone and boots which probably hastened, they said, decomposition of the flesh. The counsel vigorously objected to their testimony on ground state not yet proved that the skeleton belonged to Boyer.

"Did you bring home any relics?" Returned Tourist—"Well, there's the car!"—Judge.

CITIZENS DEMAND IMMEDIATE ACTION FOLLOWING DISASTROUS FIRE; MASS MEETING IS CALLED

Commission Follows Wishes of Voters at Meeting—Election Soon—Improvements Made Necessary on Account of Failure of Public Service Company to Provide Sufficient Pressure, According to Citizens

Yielding to a demand expressed in no uncertain terms by citizens and taxpayers, the City Commissioners last night passed preliminary resolutions calling for a bond election to provide municipal ownership of water, gas and electric light plants.

This action followed the disastrous fire yesterday morning which razed the entire church and plant of the Episcopal Church as well as the home of Jay Beck, and brought home more forcibly the fact that the city is without a water supply of sufficient quantity for protection against fire.

City Will Provide Four Wells at Once

In order to give immediate relief from the fire hazard as now existing due to the lack of water, the city commissioners decided at their meeting last night to drill four six inch wells in the business district to be tapped when necessary to furnish an adequate water source. The cost is estimated at about \$5,000. Mayor Lake assured the citizens attending this meeting that this would be attended to just as soon as possible.

TITUSVILLE ASKS FOR COOPERATION

Of Kiwanis Club in Construction of a Road Between Sanford and East Coast City—Lively Meeting Today

Addressing the weekly luncheon of the Kiwanis Club at the Valdez Hotel today, President Ed Noble of the Titusville Kiwanis Club asked for the cooperation of the Sanford organization in building a road from this city to Titusville. Accompanying Mr. Noble from the east coast city were Ach Ronaldson, Mayor Bert Ives, Robert Wicker and Millard Smith.

Other visitors today were A. J. Lossing of Sanford, Mr. Cruger, Mr. O'Kelly, representative of the Atlantic Coast Line and of New York, county commissioners W. L. Bledsoe and John Meisch.

Short talks were made by all the visitors.

Kiwanians Lane and Langley were in charge of the entertainment and featured Miss Marie Franklyn of New York in a piano solo and Miss Maxlene Brockhahn of Sanford in a vocal solo. Miss Brockhahn was accompanied on the piano by her father.

Citizens Invited to Meet Governor Hardee

Sanford will entertain Governor Cary Hardee Friday when he arrives to spend the afternoon and evening in the city. The governor is making a tour of Central Florida and while here will be tendered an informal reception by Mayor and Mrs. Forest Lake at the Valdez hotel from 9 to 11 p. m., to which the citizens of Sanford and Seminole county have been invited.

Kanner's Store Broken Into and Goods Stolen

Robbers pried a screen loose and broke a back window and entered Kanner's Department Store last night, securing a \$20 overcoat and other articles of merchandise. Several shirts were found in the alley which were evidently dropped as the intruders were leaving the building. This is the second time this store has been broken into during the past two months.

In opening the meeting Mayor Lake said "We all know of the great misfortune this morning and we are here tonight to discuss ways and means of securing a better water supply for the city. I will first ask Fire Chief Paxton to tell you just how the fire was handled by the department."

Chief Paxton stated that the department responded to the call in about three minutes finding the whole rear of the kitchen of the parish house and part of the bowling alley in flames. He said that he connected with the Park Street hydrant but pumping was started there was no water to be had.

"Did you send Policeman Walker to see about the pressure?" Mayor Lake interrogated.

"No sir, I went to Mr. Moulton's house and telephoned the station," the chief replied.

"We pumped for five minutes and got no results."

Much Unprotected Property.

Jos. E. Craig, consulting engineer for the city then stated in reply to a question from the mayor, that there was \$1,600,000 worth of unprotected property in the city of Sanford. He then told of his personal experience at the fire, explaining that when he arrived on the scene that the area of the fire was not more than twenty feet in diameter and that he was satisfied that the stream thrown by the department could not have been more than thirty feet high. "Fifty pounds of pressure could have extinguished the fire in five minutes," the engineer said.

George A. DeCottes then suggested that a mass meeting be held at which the voters could get together and express themselves on the proposed bond issue for \$350,000 for the construction of a new waterworks system. Mayor Lake said that Monday night would probably be the better time to have the meeting and this was agreed upon.

S. O. Shinholser told of putting out a blaze on his roof with a wet bath towel as there was no water available and several other instances were cited where citizens prevented a spread of the flames by taking the same measures.

Rates May Be Increased

A. P. Connolly advised the board that it was entirely probable that the insurance companies would place Sanford in fourth class rates instead of the second class rates as now enjoyed and that the additional expense to property owners would probably aggregate \$50,000 if some action was not taken soon to provide a sufficient water supply to serve the city.

E. H. Douglas asked Mr. DeCottes why should the city continue to pay the Southern Utilities Company for service that was not being given. "This very thing has happened before and it is time that some action was taken," he said.

"We want water and want it now" Mr. Douglas continued. "The election should be called at once. There's no use to wait five days longer."

Ed Higgins, president of the Chamber of Commerce, Bob Holly and others voiced the same sentiments and the commissioners decided to call the election at once providing the \$350,000 issue for water works.

British Golfers Play With Old Style Balls

(By The Associated Press)
LONDON, Nov. 26.—Nearly all of Britain's most famous amateur golfers went down to Woking the other day, to test their skill with the old gutta ball, which disappeared from the tees 21 years ago upon the invention in America of the rubber-core ball.

A competition was held between the "Habeens," and the "Neverwasers," these of the grey-haired school who had learned the game with the solid old gutta, and the younger men who took up golf after the appearance of the more resilient ball. It ended all square.

Curiously enough the day proved a triumph for youth and genius, rather than for experience. Roger Wethered, played as well with the gutta, a new thing in his golf life, as did any of the great men of the past. He reeled off pars and birdies and got a card of 75, despite a six at the home hole, where he slashed his drive into a puddle of water. In the afternoon he won the stroke competition with a return of 77. His driving and wooden play through the fairways was hard and accurate, and he reached all but two of the long holes with his second shot, which proves that the solid old gutta will get there if you hit it hard enough.

Where Wethered and, for that matter, most of the others, misjudged the ball was on the greens. They thought it would never be slower than the newer, livelier balls, and tapped it too hard, many putts running past the cup.

Most of the players had beaten the gutta into shape of an egg or even an egg plant after a few smashes at it, and new balls had to be supplied on an average of every third hole.

SLAVE GIRLS BANNED.

(By The Associated Press)
SAN FRANCISCO, Nov. 27.—In San Francisco's Chinatown the tailors used to thrive by making dainty clothes for Chinese slave girls. But now, the police report, this trade has diminished to the point that the Chinese tailors are appealing to the Y. W. C. A. secretaries to put them in touch with American families wanting clothes.

The reason for this is said to be that most of the slave girls have been sent away by their owners, largely to small towns. The change in policy is attributed to the activities of Christian missionaries and the police in curbing some of the practices of the tongs.

WEALTHY CHINESE FORCED TO RANSOM DEAD KINSMAN: GANG LEADERS STRONG

Threatening Declarations Worry Well-to-Do Chinese—Hanan Bandits Are Responsible

PEKING, Nov. 27.—A practice almost as old as China itself—that of extorting money from well-to-do Chinese by threatening to desecrate or by actually desecrating ancestral graves—has been revived by Honan bandits.

Nanyang, in the middle of Honan province, offers an outstanding example of this revival. Once a thriving town and the home of Chu-ko Liang, famous hero and strategist of the time of the Three Kingdoms, has become a bandit stronghold. Virtually all wealthy Chinese have long since left the place to escape extortion. But the bandits still have a grip on them.

By threatening to exhume the bones of their parents or other ancestors, the most sacred things conceivable to the mind of the Chinese, and to burn them or scatter them to the four winds, the bandits are virtually

certain of receiving ransom money from these wealthy people. They are just as certain of the victim of extortion himself or of his living relatives.

Moreover, even in the event a captive is killed owing to delay on the part of friends or relatives in paying ransom money, the body still remains to be ransomed to save it from desecration.

It is said there are at least 60 gangs of bandits centering around Nanyang and occupying more than 50 villages in the surrounding territory. The gangs range in number from 800 to 2,000 members each. Each is striving to attain the fame of the infamous "White Wolf," who for years terrorized portions of Honan province before banditry became such a widely recognized profession.

"Wang, the Bearded," "Wang, the Monk," "Chang, the Ninth," are titles assumed by three of the gang leaders. No apparent effort is being made by the military authorities to suppress these gangs.

Much Activity Among Students Noted At the Florida State College in Tallahassee

TALLAHASSEE, Fla., Nov. 27.—Anticipated social events found on the social calendar each year are big "rush parties" given by the members of the various sororities previous to pledge day which this year falls on December 3.

The first three of these parties were given on Saturday evening by the members of the Kappa Delta, Delta Delta Delta and Phi Epsilon sororities.

Kappa Delta Party.

In response to invitations sent out by Kappa Alpha Chapter of Kappa Delta sorority, twenty or more rushers were present at their attractive chapter house on West Jefferson street Saturday evening at 7 o'clock there to enjoy a unique "gypsy" party planned in their honor.

Attired in their artistic gypsy costumes the number presented a true gypsy picture as they assembled aboard roomy trucks to adjourn to the "haunted house" for the first part of the evening's program. Upon reaching the spot, huge fires were built and all gathered about the cheery bright blazes to take part in the celebration of a gypsy wedding.

Miss Dorothy Lee took the role of bride, and Miss Catherine Hill was the groom. Miss Mary Pringle acted the gypsy king, performing the ceremony.

Just before the ceremony, a gypsy song was sung by a quartet, Misses Stanley Cornwell, Catherine Smith, Ethel Henry and Florence Pierpont. At the conclusion of the ceremony, My Little Gypsy Sweetheart was an appropriate number. Miss Edna Greer furnished the violin obligato.

Further carrying out the gypsy idea, was a graceful interpretative dance given by Miss Gary Ford, who danced in gypsy costume.

A little to one side of the "gypsy camp" was a typical gypsy hut which each guest visited to learn her past, present and future as disclosed by the fortune teller, Miss Ethel Henry, who stirred the "fortunes" in a huge black pot.

When the favors in the form of pretty little bracelets and strings of beads had been presented, refreshments, consisting of rolls, ham, pickles and coffee, proved tempting.

At 9:30 o'clock, the number returned to the chapter house, where the remainder of the evening's entertainment was concluded.

Autumn leaves, in all their riot of color, were used in the adornment of the home. In the reception room, fragrant red carnations and lovely white chrysanthemums lent an artistic note, while in the chapter rooms these flowers in white, combined with green fern carried out the chapter colors. Misses Stevenson and Richardson presided at the punch bowl which was particularly banked in green which was artistically banked in fern. A soft glow from white candles held in green and white candlesticks fell over the entire scene.

Music was furnished by a pep

orchestra and dancing was enjoyed throughout the entire evening.

The handpainted dance programs, ornamented with a tiny white rose carried out the sorority colors.

numbers were given. Miss Gary Ford first gave a beautiful interpretative dance. Her costume was most lovely. Favors were dainty little white satin vases adorned with white roses.

The second special number was a pretty vocal solo, Rose of Pienardy by Miss Stanley Cornwell, who was most charming in a heavy silver and yellow brocade combined with silk net, and fashioned hoop fashion. Her encore was "Smilin' Tru." A violin solo by Miss Edna Greer was the third special number. Miss Greer was lovely in white satin. The fourth special number was a scene by Pierot and Pierrette presented by Misses Ethel and Florence Henry. Favors were clever miniature Perrots and Pierrettes dressed in green and white.

Later in the evening delicious refreshments were served, consisting of ice cream in white rose cups, and tempting cakes, iced in white and ornamented in green and with the letters "K. D." Favors were small gold daggers tied in green and white.

Dancing was enjoyed until a late hour, gay colored streamers tossed about the room adding a pretty note to festivities.

Out of town guests for the party were Mrs. W. E. Hamner, of Tampa, Misses Stanley and Emma Cornwell, of Clearwater, Misses Edna Greer, of New Smyrna, Miss Leola Caruthers of Quincy and Miss Elsie Turnbull, of Moultrie, Ga.

Mae Holly and Helen Vernay, of Sanford, Misses Elizabeth Cornwell and Lillian Foulks, Clearwater, Isa-

belle Todd and Mary Louise Hoffman, of Lakeland, Eleanor Hope Miller, Elvire Bolles and Anita Johnson of Tampa, Joe Coarney of Jacksonville, Lillian McCahnick and Miriam McKinstry, of Gainesville, Marston Maffert, of Ocala, Virginia Lewis, Dorothy Rogers and Lucy Barber, of Moultrie, Ga., Lillian Cayne, of Quitman, Ga., Dorothy MacDonald, of Andalusia, Ala., Bessie Fesslin, of Birmingham, Ala., Mae White, Pensacola, Margaret Mohr, Tallahassee, Isabelle Bird, Oklawaha, Elizabeth Smith, Madison, and Helen Watson, of New Smyrna.

Members of Kappa Delta Sorority acting as hostesses were Misses Martha Page, Lucille Sumner, Elizabeth Bird, Anna Dubose, Florence Henry, Mary Fringle, Bessie Blackburn, Rhoda Fraleigh, Genevieve Morrow, Florida Davis, Susan Smith, Catherine Anderson, Marguerite Barcus, Bary Ford, Catherine Hill, Margaret Ramsey, Henrietta Johnson, Mary Lee Mathews, Dorothy Lee, Louise Henderson, Isabelle Gwin, Eva Greer, Fannie Blackburn, Ethel Henry, Florence Piermont, Katherine Smith, Mary Owen Murphy, Luskie Shore and Annabelle Ball.

BOYS SHUN VOCATIONS

CHAPEL HILL, N. C., Nov. 27.—More than one-half of the 750 members of the freshman class at the University of North Carolina are wholly dependent on themselves for support, and are working their way through college as self-help students, according to Dean Francis F. Bradshaw.

A study of the matriculation cards made by the dean reveals also that students are not following in the footsteps of their fathers in choosing their life work. Ninety-five per cent of the new men are selecting different occupations, indicating North Carolina's change from rural to industrial life.

Medicine leads the vocational list, with the law second and teaching third.

LEADS COMMUNISTS.

(By The Associated Press)

FERDINAND, Bulgaria, Nov. 28.—Katcho Dimoff, millionaire dealer in gasoline and lubricating oils, was the leader of the local communists in their recent vain efforts to overthrow the Tsankoff government and set up a Soviet republic. Asked why he was conspicuous in a movement aimed at the denial of property rights, Dimoff said: "There are other rights to be considered beside my own."

Are You Using this Free Service?

It comes with every sack of cement. It has been made possible through the Portland Cement Association by the eighty-six cement manufacturers who are its members.

They realized that important research and educational work was necessary to give people the best information on how to use cement. They also realized that this could be done better by unified effort than by any individual company alone.

As a result, you may have for the asking the benefit of this Association's long and exhaustive studies on how best to use cement for the most satisfactory results in concrete construction.

Whatever use you plan to make of cement—whether you are building a concrete hog house or concrete dairy barn, a stretch of concrete walk or a concrete road, a silo or a skyscraper, a home, workshop or a factory—you needn't guess. You can know.

If you want information about the usefulness of concrete under certain conditions, how to mix or place it to get the greatest value out of every sack of cement—you can get it by writing any one of our 28 offices listed below.

Supplying dependable information without charge by booklet, by letter or by personal conference when necessary, is the work of this Association. Millions of helpful booklets, covering a multitude of uses of concrete, are distributed annually to people who know they needn't guess—who know they can get the facts from us.

One of our new booklets, "Concrete in Home Sanitation," will surprise you with the number of easy ways in which concrete can be used to make the home healthier and happier. Address our nearest district office for your free copy.

Once You've Put STANOCOLA Polarine MOTOR OIL In Your Motor

and given it a test, you will not be satisfied with any other motor oil. Polarine is made in one of the world's greatest refineries, from the heart of specially-selected "crudes"—distilled, refined and filtered to just the proper grade of oiliness.

It is transported from the refineries to your dealer's tanks and dispensed by him with such care that you may be assured of its purity, regardless of whether you buy it in bulk or in packages.

Ask your dealer to consult the chart of recommendations and tell you just what grade of Polarine to use. After you have done this, the simple recipe for motor satisfaction is to watch your quantity and have your crank case drained every six or seven hundred miles and refilled with Polarine; then stick to the grade the chart has recommended.

CROWN Gasoline

is made and dispensed with the same care as Polarine. There is just as much difference in the quality of gasoline as there is in the quality of motor oils. Better stick to the standard and use Crown Gasoline.

BIBLE THOUGHT FOR TODAY

CHOOSE YE:—Abhor that which is evil; cleave to that which is good.—Romans 12:9.

Is your house insured?

Tomorrow is Thanksgiving.

Be sure to attend the Union Thanksgiving service tomorrow.

What are you doing to help Sanford get a more adequate water supply?

Go to the football game tomorrow and help support Sanford's excellent team.

Thanksgiving Day should follow Christmas, and thus kill two birds with one stone.

They say if they had had a little more pressure of the fire yesterday morning someone might have got his feet wet.

Several more of Sanford's streets are to be widened and paved. If your street is not included in the list, find out why.

Now that Colonel Roosevelt has thrown his hat into New York's gubernatorial ring, we shall expect to see a new Griffith production, called "In His Footsteps."

English bookdealers now come forward with the statement that a book with a sale of 500 copies in England will readily produce a sale of more than 1,000 copies in America.

Mayor Lake evidently doesn't believe in shabby uniforms. He has advised the police department to get good looking suits, but to "leave off the diamonds."

The city planning commission has made an excellent start by asking the city fathers not to allow encroachment of business in the residential section of the city. This will relieve the situation until the proposed zoning law becomes effective.

Someone has suggested that more courtesy, a greater feeling of friendliness, and more co-operation among business men, as among the greatest needs of the city. If these three principles would always be kept in mind there would be no stopping of Sanford's growth.

An exchange says that the extension of our dry territory on the high seas from three to nine miles means that it is to be followed by an expenditure of millions for water craft and coast guard. This will not help the temper of those who believe that our secretary of the state "Took in too much territory."

On December 2 people of all nations will join in the observance of Golden Rule Sunday. People of every country will gather around the same table, figuratively speaking, partaking of the same food, representing the menu which the parentless children of the Near East hope, by benevolence of the West to eat every day in the year.

Someone has figured out that if all the money in savings departments of American banks and trust companies was divided, there would only be \$1.38 for every person. This is double the amount figured one year ago and does not necessarily mean that we are more prosperous. It reflects the shrunken buying power of the dollar.

Says the Miami Herald: R. L. Dean, Reese Combs and R. H. Berg, former associates on the Miami Metropolis, have bought the Sanford Herald. In their introductory they say: "It's (Sanford's) opportunities for substantial growth are greater than those which Miami has used to such signal advantage." It takes Miami-ans to find the jewels in this earthly firmament.

Should Be No Sidestepping

It usually takes some great conflagration or disaster to awaken a community to the realization of its vital needs. The fire that destroyed one of Sanford's most historic landmarks and valuable institutions yesterday brought home a lesson to the citizen, the voter and taxpayer that must not be forgotten.

Here are some facts that taxpayers should consider in viewing the situation:

Sanford narrowly escaped being wiped off the map by fire Wednesday night. Luck was with us and the people of our city will probably never realize how close they were to a great disaster.

And this very same thing might happen again tonight or tomorrow. Your home, your office, your factory, everything that is yours, is in immediate danger NOW and will be until something is done to provide water in sufficient quantities for fire fighting purposes.

And more that that—there are 1,731 houses in the city of Sanford. Only 706 are served by city water. Most of these are located on streets where there are no fire plugs.

There is but one solution for the problem and that is the building by the city of an up-to-date waterworks to provide a quantity of water sufficient for fire protection and quality of water that is fit for human consumption.

The city is paying today and has been paying for a number of years, a large amount to the public utilities company for service and there has been no service. Taxpayers have been content to pay their money and get nothing in return.

In the adoption of preliminary resolutions by the city commissioners last night calling for a bond election to provide funds not only for the water works system, but for gas and electric lights as well, a right step was taken.

But there should be no sidestepping. Alert taxpayers will no doubt see to it that the election is held and that voters are acquainted with the economy and the compelling necessity for the successful carrying out of the proposition.

People have been paying for a long time. Now is the opportunity to turn the tables, secure a good abundant supply of water, gas and electric lights at reasonable rates and as a natural result a greater Sanford will be built.

Something Else Needed

When Lincoln Green, Vice-President of the Southern Railway System, was recently discussing the proposition before the Southeastern Passenger Association, to grant homesteaders' rates, he said that the mere granting of such rates would not be sufficient to move people from their present homes to the fertile fields of Dixie.

Well directed and highly intensive advertising MUST be conducted co-operatively by the railroads, the municipalities, and commercial organizations if the South reaps any noticeable benefit from these rates, Mr. Green declares.

Throughout the north and northwest hundreds of homesteaders could no doubt be induced to come to the South and Florida if the merits of this section are properly put before them.

Hiding our light under a bushel is a most expensive policy. The next decade will see greater progress and prosperity throughout the Southern states because the South will take advantage of advice as given by Mr. Green to "Tell the World" about Dixie.

WE ARE building up a stronger people today than ever before in an educational way. This statement is so self-evident that it needs no argument. The multiplied and multiplying schools and the laws requiring attendance so that no child shall fail to take advantage of the free schools shows how the heart of the nation is set on this one thing. And yet we apparently find law violation more prevalent than usual. Perhaps visualizing this kind of a situation led Lincoln to emphasize the value of the schools when he said: "Let reverence for the laws be breathed by every American mother to the lisping babe that prattles on her lap. Let it be written in primers, spelling books and almanacs. Let it be preached from the pulpit, proclaimed in legislative halls, and enforced in courts of justice. In short, let it become the political religion of the Nation." Lincoln saw the close relation between education and law-obedience and we wonder if his appeal to the schools is always harkened to in the manner and extent he contemplated—Exchange

THERE IS NOTHING taught in college that a boy cannot learn at home if it is really and only knowledge that he wants, says Arthur Brisbane in a copyright article. And you may truly say of college life what the French proverb says of foreign travel: "Travel forms youth when it does not deform it."

DID you ever hear a man who had striven all his life faithfully and singly toward an object and in no measure obtained it? If a man constantly aspires, is he not elevated? Did ever man try heroism, magnanimity, truth, sincerity and find that there was no advantage in them, that it was a vain endeavor?—Henry D. Thoreau.

Insurance rates in Sanford will probably be materially advanced should the city fail to take any definite action regarding the securing of an adequate water supply for fire fighting. It is estimated that the additional premiums on such an advance will cost the people \$50,000 per year.

My Favorite Stories

By Irvin S. Cobb

Altogether, I figure I must have heard a dozen separate renditions of this ancient classic. Nearly every state in the Southwest has its own way of telling it, differing more or less from all the other ways. However, the version I like best is the Arizona version. As this one runs, the thing befell in the old territorial days when the country was cruder than it is now. It seems there was a Mexican shepherd, who committed a cold-blooded assassination. Even law-abiding shepherders were none too popular back in those times, and this particular shepherd immediately became the object of an intense and general aversion on the part of the citizenry. He was pursued, captured, lodged in jail, and in due time having been indicted, was brought up for trial before a certain judge.

The jury heard the evidence and the speeches and then retired and within an hour came in with a verdict of murder in the first degree. But, short as the time of their deliberations was, His Honor had not wasted it. During the recess he had retired to his private chambers where he had consumed the better part of a quart of prime Kentucky whiskey. When he returned to the bench to hear the juror's findings and pass sentence he was in a weaving way. He slumped down in his chair and when the fore-

YOUR HEALTH

By DR. CLIFFORD C. ROBINSON

"Now good digestion waits on appetite, and good health on both." Thanksgiving may be a time of real joy on account of a number of conditions, but first and best of all is good health. Of course, we must remember there is no such condition as bad health; all health is good. But if your digestive system is doing the right thing and there is sufficient coal in the bin to counteract the attacks of the weather man, why worry about the size of the turkey? To eat your Thanksgiving dinner in an enjoyable way and at the same time avoid impairing your health is our topic for the day.

think you have to eat everything. Enjoy the occasion by the absence of any hurry or worry. They increase blood pressure and bring on that throbbing headache.

Run your dinner on schedule time and don't keep the man part of the family waiting two or three hours. He will hurry his eating, and approach the feast in a wrong attitude of mind.

Don't forget to enjoy the vegetables; use plenty of green ones. They help the turkey or roast pig on its way rejoicing. Your health will not suffer if celery, spinach, cabbage or some tempting dish of tomatoes form a part of your menu. The best kind of season is reason.

Remember that cheerfulness is a most necessary asset for enjoying a real meal. If your wife has invited someone who doesn't agree with your idea on the League of Nations, don't forget to carry on with a smile just the same. It helps the liver secretions. If you are an inside worker, try and hike a few miles before dinner. It's a wonderful tonic for the appetite. Drop in on someone who may be less fortunate than yourself and drop a good-sized package of Thanksgiving cheer in the shape of a dinner basket. Your own dinner will taste much better and it won't impair your health one bit.

The fruits are preferred for dessert in place of rich pudding or pies. You will get plenty of carbohydrates in the balance of the dinner.

Plan to spend at least half an hour at the table and eat slowly, chewing your food well. This will make a smaller portion more tasteful, satisfying and healthful.

And lastly, a dinner of herbs is sweet, they say, if a certain thing is around that day. Speak a quiet word of praise to mother, wife, Aunt Jennie or Sister Sue, and say the dinner was fine, at least. It may make her heart beat a little faster and increase the blood pressure for the time being. But no doctor would think of prescribing for such a condition. It's good for what ails you.

Income Taxes and Business

Pensacola News

The immediate effect of Secretary Mellon's proposal for federal income tax reduction all along the line has been to send up stocks and give business men a dose of optimism. The New York World, after sounding out business opinion all over the country, reports:

"The composite opinion is that Secretary Mellon has made a masterstroke for the restoration of business and public confidence, and if backed up by proper congressional action with the same national welfare in view, it would afford probably the greatest stride in stabilization that has been taken since the war."

Lower income taxes naturally would stimulate enterprise of every kind, drawing more capital into active business and encouraging business management to do its best for the sake of the greater profit obtainable. And

the big majority of people, whose incomes consist of wages or salaries in the lower levels, would have more money left to spend—which fact in itself would be a powerful business stimulant.

All this, however, according to the Secretary of the Treasury, depends on whether or not Congress votes a bonus to the service men. A bonus of any size, bankers and business men agree, would discourage business.

If this is the case, it looks like a flat choice between prosperity and dullness, or at least between greater and less prosperity. The bonus advocates, however, remain to be heard from as soon as they get their breath. The public is open to conviction by any reasonable argument, and will give a fair hearing to both sides. Congress should do the same.

State Press Comment

Orlando Reporter-Star: The retirement of Bob Holly from the Sanford Herald will be noted with regret all over the state of Florida. Holly was a prominent figure in Florida journalism. He was a factor in the economic and political affairs of Florida of more than ordinary consequence. He made the Herald a good paper—a credit to Sanford and the state. Sanford has assumed an importance in the development of the state that Bob Holly has not failed to note. He will, no doubt, be identified with business interests of that city that will keep him to the front just as he has been in the past.

The new proprietors of the Herald are young men of good newspaper training. They are not novices,

Miss Maureen Echols Weds Mr. Arthur Hatcher at the Baptist Church

A beautiful event of much social interest, was the marriage of Miss Maureen Echols and Mr. Arthur Hatcher, which was solemnized yesterday afternoon at 2:30 o'clock at the First Baptist church, Dr. F. D. King, officiating, in the presence of a large number of friends and relatives of the young couple.

The church was artistically decorated with quantities of potted plants, which closely banked the chancel, and the choir rail was entwined with Southern amilax. Tall floor baskets of giant chrysanthemums were placed on either side of the pulpit. An arch of white ribbon, entwined with feathery ferns, from which a large white bell, was suspended, was placed directly in front of the pulpit and here the solemn vows were made. The pews reserved for the family were roped with yellow ribbons caught with large chrysanthemums.

The marriage music was in charge of Miss Mildred Simmons, who was assisted by Mrs. Robert Glenn and Mrs. J. H. Colclough vocalists. Mrs. Glenn sang very sweetly, "I Love You Truly" (Carrie Jacobs Bond) while Mrs. Colclough sang in her usual charming manner "At Dawning" by Cadman. The "Bridal Chorus" from Lohengrin was used as processional and as the ceremony intermezzo, "O Promise Me," was softly played. Mendelssohn's "Wedding March" was used as recessional.

MRS. LUCILE ASPENWALL TAKACH SINGS AT WEST PALM BEACH CONVENTION.

One of the outstanding musical features of the Federation of Women's Clubs convention at Palm Beach was the group of songs given by Mrs. Julius Takach, of Sanford. Her voice is a dramatic soprano and her numbers were received with so much enthusiasm, that despite the convention rule to the contrary was obliged to give an encore.

Her first selection was "Nichavo by Manna Zucca. Manna Zucca is an American composer of note and is now making her home at Miami. The next number was a dramatic composition by Sidney Homer "How's My Boy." The last number was Holiday by John Prindle Scott.

Mrs. Takach is rapidly becoming one of Florida's noted singers and is in great demand for concerts by the club women of the state.

The air is full of things. You shouldn't miss. Get a Radio.

The two little dainty flower girls, Evelyn Echols, sister of the bride, and Mary Forrester entered first, carrying French baskets tied with tulle, scattering rose petals in the pathway of the bridal party. Mary Forrester's dainty frock was of white organdie with trimming of tiny ruffles, while Evelyn Echols' frock was of ruffled yellow organdie.

Master Volie Williams, wearing a cunning white suit, acted as ring bearer, carrying the ring in the heart of a large lily.

Miss Lucile Echols, also a sister of the bride, was maid of honor and wore a smart costume of brown crepe satin with pleated trimmings. Her hat was also of brown. She carried a large bouquet of yellow chrysanthemums and fern.

Mr. Bryant Hatcher of Forsyth, Ga., attended his brother as best man. The bride, who entered alone was lovely indeed in her traveling costume, a three-piece model of blue Polret twill. Her hat was of suede colored velvet with darker shaded ostrich trimmings. Her other accessories were also of brown, and her flowers were a shower bouquet of bride's roses and valley lilies.

Immediately following the ceremony the happy young couple left for Dothan, Ala., where they will make their future home. The many friends of Mr. and Mrs. Hatcher join in wishing them every future happiness.

TRUTH SEEKERS MEET.

Monday afternoon at the lovely home of Mrs. Darsey on West First street, the Truth Seekers class held their usual monthly business meeting. The meeting was opened by a song, followed by prayer. The Scripture reading was read by the devotional chairman, Mrs. Fred Mitchell. The business topics were discussed by the class after which the pastor, Dr. Carpenter and the presiding elder, Mr. Bell, made short talks. Then the meeting was turned over to the hostesses, Mrs. J. T. Pope, Mrs. Cobb, Griffin, Elliott, Chorpeneing, Filippo and Darsey, who served delicious refreshments consisting of hot rolls, tuna salad on a lettuce leaf and coffee. The favors were yellow chrysanthemums. The rooms were beautifully decorated in yellow and white chrysanthemums and ferns. About thirty-five ladies enjoyed the hospitality of these ladies.

It takes two to make a couple, but only one to make a divorce.

SOCIAL DEPARTMENT BRIDGE PARTY.

Mrs. John Charles Smith, was hostess yesterday afternoon for the members of the Woman's Club, at bridge, there were ten tables of players.

The large lobby was festive with its decorations of autumn leaves, and exquisite red roses.

Scores were kept on tallies done in autumnal designs and when scores were counted, it was found that Mrs. Howard Overlin held high score and was awarded a luster glass sandwich tray.

Mrs. Smith, assisted by Mrs. W. A. Fitts, Mrs. W. D. Gardiner, and Mrs. Bert Fort served fruit salad, saltines, fruit cake and coffee as refreshments of the Social Department of the refreshments.

The attention of the club members is called to the annual Shower for the Children's Home at Jacksonville and which will be held, December 11, at the club house. Mrs. E. P. Morse will be hostess on that date and asked the hearty response of all club members.

GATORS FACE HARD HITTING ELEVEN FROM ALABAMA ON THANKSGIVING DAY

Outside of Army Game Already Played Alabama Appears to be Florida's Hardest Opponent

GAINESVILLE, Nov. 28.—Florida faces one of the strongest opponents of this season when she meets the hard hitting team from Alabama on Thanksgiving day. The Crimson and White has not been defeated this year and remains one of the ablest contestants for the Southern championship. Coach Wade's team certainly shows the results of good training by their striking ability in following the ball and consistent good playing in all the other branches of the game. On the offense, their line plunging seems to be the strong point, although they show quite a bit of speed and ability in their running and forward passing. On the defense the line holds like a stone wall and what little slips through it is immediately snapped up by the backfield, whose tackling is only second to their ability in keeping up with the ball.

In the backfield, Datty stands out for line plunging and defense work. In this he is ably seconded by Hubert Barnes, playing left half, shows his speed when he starts one of his long sweeping end runs.

At quarterback, Gillis is the outstanding star. His excellent punting, in spite of the wet field and ball, featured the Alabama-Tech game and contributed largely toward staving off the Golden Tornado. A heady man for the position and a fast runner, he is assured of a chance for an all-southern position.

The strongest part of the Crimson line appears to be the ends. Captain Clemens, mentioned by Morgan Blake for an all-southern berth, holds down one end and Tom Newton the other. Propat, center, and Compton, tackle, were also mentioned for possible positions.

However, Alabama faces a hard hitting, scrapping team when they meet the 'Gators in Birmingham. Should Florida defeat Miss A. and M. this game will in all probability be the deciding game of the southern championship. By defeating the Mississippi Aggies, Vanderbilt, who tied them, will also be eliminated.

Alabama has the edge on Georgia and should put a stop to their grid hopes Saturday. Now, if Florida defeats Alabama by a decisive score, Georgia Tech, who tied both teams, will also be eliminated from the list of championship claimants.

Most of the above nicknames are common, that is, most of them are picked up from some famous college. In the Dreadnoughts of Lakeland, and the "Green Devils" of St. Petersburg two very unique nicknames will be found. It is doubted if another football team in America has the same nickname as L. H. E.—Lakeland Star-Telegram.

Red, we're afraid that you'll insult the Miami boys by forgetting to mention their nickname. But it's hard for us to remember too. When they came up here to play us, they had changed it from Heyl-Cats to Stingarees.

However, they did very little stinging!

FOR CONSTIPATION

Black-Draught Recommended by an Arkansas Farmer Who Has Used It, When Needed, for 25 Years.

Hatfield, Ark.—Mr. G. W. Parsons, a well-known farmer on Route 1, this place, says: "I keep Black-Draught in my home all the time. It is the best all-around medicine I have ever found for the liver and for constipation. We began using it 25 or more years ago and have used it whenever needed since. I have never found any other medicine as good for constipation, and that was what I suffered with till I began using Black-Draught. Black-Draught corrected this condition, and now we use it for the liver and for indigestion—a tight and sluggish feeling after meals, for bad taste in the mouth and sour stomach. "My wife uses it for headache and biliousness. It sets on our shelf and we don't let it get out. It has been a great help to us. I believe a great deal of sickness is caused by hurried eating and constipation, and Black-Draught, if taken right, will correct this condition." Get Theodor's, the original and only genuine Black-Draught powdered liver medicine. Sold everywhere. NC-150

Celery Seed advertisement with image of a celery seed and text: R. L. SHIPP

"Ham" Hamilton's Springfield Athletic Club football team will invade the city tonight—they will come on the train and in automobiles—and go back in ambulances and boxes.

That is, if our wires are not crossed in regard to the game. We are sorry for the football fellows, the Coach just told us that they couldn't eat anything for their Thanksgiving meal at noon, except three leaves of lettuce and a glass of milk. And we are quite sure that this is all they will eat too! Since Lakeland has laid claim to the state title, tomorrow's game between Hillsborough and Duval will decide which of them shall play the Dreadnoughts in a post season game. Tavares, Fla. is seeking that the game be played there, if Duval and Lakeland are going to play. That would be a good idea in our opinion. Tavares is closer to Sanford than either Lakeland or Jacksonville—and we sure—gosh want to see that game.

Tavares says that they can furnish a place big enough to allow 1500 spectators. They'll certainly need it all. Sanford will have a large crowd over to see the game sure.

In the event that the Terriers win tomorrow's game with the Duval Tigers, there probably won't be any title game. The Terriers have won all their games this year except two, though they tied these. We cannot see where they have a claim on the state title when there is a team that has won all of its games. Frankly, we are pulling for Lakeland to win the title. They are the only team in
