Morris Tied To Shipments Of Chinese Oil

Truman Investigator Head Of Company Making "Blood Profits" In Far East

WASHINGTON (AP)—Senators disclosed today that a trade with the Chinese developed testimony today that a foundation headed by Newbold Morris, now government corruption cleanup man, could have been the oil delivered to the

Houston H. Wasson, law partner of Morris, acknowledged to the Senate investigations subcommittee that this was within the power of the China International Foundation Inc.

One member of the subcommittee, Sen. Mundt (R., D.), has denounced the trade as for "blood profits," and with today's testimony Sen. Nixon (R., Calif.) said Wasson:

"I am morally concerned in about equal of that of international pirates."

Morris is president and Wasson is secretary and treasurer of the foundation, incorporated as a non-profit charitable organization.

The foundation owns stock—and Wasson said "controlled"—United Tanker Corp., a shipping firm whose vessels carried oil to Communist China up until about two months before the outbreak of the Korean War.

The war began June 25, 1950 (Korean time) and it was some five months later before the Chinese Reds entered the fighting.

Questioned as to whether the foundation could have barred United Tanker from making the oil hauls, Wasson said, "If the Chinese International had said 'we are strongly opposed to making these hauls,' they would not have been made."

Wasson added that the decision was left to United Tanker.

Wasson was before the senators for the third day. Members of the subcommittee indicated that before they close their inquiry they expect to get into reports of non-profit trade in which the American and Chinese Nationalists sold their goods to the Chinese Reds after the outbreak of the Korean War.

Wasson said he had been advised that "new evidence is available" to shed light on a story he had reported that the foundation had surplus commodity stocks, were delivered to Communist China in the three months after fighting started in Korea.

Gordon Frederick Explains Goal Of Red Cross Drive

More than 60 percent of the funds raised in the Red Cross fund drive, the goal of which is \$1,040,000, remain in Seminole County, Gordon Frederick, chairman of the campaign, told volunteer workers of the chapter at a meeting at the City Hall yesterday morning.

He announced that Mrs. C. L. Park is in charge of solicitation in residential districts of the city which include 16 block areas with a captain over each. Mr. Charles Meriwether will be in charge of school memberships, and Frank Sanders will direct the work in business districts.

He described the Red Cross work done after the recent Miami flood when 500 paid and 90,000 volunteer workers helped the unfortunate victims and more than \$14,000,000 was expended. He also called attention to the volunteer workers, 1,400,000 of whom are doing work day by day in local chapters with only one paid worker for every 100 volunteers.

The paid workers are trained and equipped to direct the efforts of the volunteer workers, and the national budget is determined by needs resulting from floods, wars and other disasters, he pointed out.

"We must think of what the Red Cross means to the individual," he added. "Blood for the Red Cross means life; first aid to accident victims means a chance to live, and repairs to the start home means a chance to make a living."

RED CROSS
Thousands of servicemen are in Korea, and they are doing work day by day in local chapters with only one paid worker for every 100 volunteers.

Garden Club Flower Show

The flower show, sponsored by the Sanford Garden Club, drew large crowds yesterday and today at McKinley Hall to see outstanding exhibits. New Hampshire Woods Are Full Of Candidates

Voters Go To Polls Next Tuesday To Decide Preferences

By The Associated Press
Presidential candidates found it hard to keep from bumping into each other in New Hampshire today as they stepped up their town-to-town drive for votes in the nation's first presidential primary just four days away.

Victory Tuesday will mean little except the prestige of being an early winner and some talking points between now and the national convention in July. But three candidates and top backers of two others felt it was worth the old college try.

Sen. Taft of Ohio, jubilant after several traffic-stopping appearances, planned heavy schedules for the home state. In a night speech at Berlin Taft promised if elected to reduce federal expenses, cut taxes, and then get rid of government control.

Harold E. Stassen, ex-governor of Minnesota and also a GOP candidate, challenged Taft with five questions, dealing mainly with the national convention in July. The effort, Stassen said Taft owes it to New Hampshire voters to answer.

Sen. Estes Kefauver of Tennessee, Democratic candidate, intensified his hand-shaking, back-patting campaign along the state's byways, stopping and talking to everyone he met, making a few speeches.

Kefauver is opposed only by del. (Continued On Page Six)

Comdr. Coll McLean Teaches CAP Class

Comdr. Coll H. McLean, operations officer on the staff of the commander of Carrier Air Group No. 8, last night took over the duties of training officer of the Civil Air Patrol at a meeting of more than 50 members and cadets last night at the new CAP headquarters at the Naval Air Auxiliary Station, Dr. Henry McLaughlin, president of the CAP, announced today.

Originally from the State of Washington, Comdr. McLean's home is in Pensacola where his wife and three children live. He reported here for duty last May. His assignment to this training duty is evidence of the high regard in which the Navy regards the Civil Air Patrol and its responsibilities, especially of fallen pilots, said Dr. McLaughlin.

Starting Wednesday night, he stated, a course in navigation will be given by the CAP members. Capt. W. H. Kline of the Sanford station, reported last night. The meeting of training activities were held.

Beautiful Exhibits Of Annual Flower Show Draw Huge Crowds

Mrs. J. E. Terwilliger, Jr., won the special award for winning the most blue ribbons in the Flower Show of the Garden Club held yesterday and closing today at 5:00 p.m. at McKinley Hall.

Crowds thronged the show during the first day and the general reaction of club members is that the show this year is one of the most outstanding that has ever been presented by the Garden Club.

Visitors were attracted to the exhibit of orchids and the judges commented on the displays of the Gray Shadow Nurseries and the A. K. Rosler, Florist.

Tri-color awards were won by Mrs. J. E. Terwilliger, Jr. on Artistic Arrangements and Mrs. B. R. Beck on Horticulture.

The main hall and several adjoining rooms were completely filled with the beautiful floral exhibits. The following is a list of ribbon winners with the exception of the Junior Garden Show which will be announced next week:

Sanford Candidate Takes Campaign To Warren Hometown

More than 500 visitors, many of them from Orlando, Winter Park and Sanford, attended the opening last night of the Ovedo Clinic and Hospital, an event which had been eagerly looked forward to by this civic-minded community.

Receiving hours were from 8:00 to 10:00 o'clock and among those who welcomed the visitors at the outer door were Mayor and Mrs. M. L. Gray, Jr. and Mrs. Edward W. Stoner, who have charge of the clinic and hospital, H. F. Wheeler, C. H. Clontz and Mrs. James W. Wilson.

Visitors were conducted through the building by Mrs. James Parlin, president of the Ovedo Woman's Club; T. L. Lingo, city clerk; B. F. Wheeler, Jr., Mrs. Max Leinhardt and Mrs. John Evans.

The building was full of flowers including 17 floral gifts (Continued On Page Six)

Chinese Seek To Forestall Action In Other Areas

Reds Want To Prohibit Naval Blockade Of Mainland

By ROBERT B. TUCKAN
MUNSAN, Korea (AP)—Communist truce negotiators today sought to forestall a possible naval blockade of the Red China coast or an invasion of the mainland.

The Reds proposed writing a ban into a Korean armistice. "It seems to us that they are trying to do this to stretch the armistice agreement to any place in the world where forces in Korea have any territory under their control," said Col. Don Darrow.

He said the Reds had that "any military action would be prohibited, not only in Korea, but in any other place."

The Communist maneuver came during a discussion of withdrawing United forces from Korean waters during a truce.

Harvard-educated Col. Pu Shan proposed deleting specific reference to Korea.

Darrow said the proposal apparently was designed primarily to prevent an Allied blockade of the Chinese mainland or an Allied support invasion by Chiang Kai-shek's Nationalist forces from Formosa.

There has been unofficial talk that the U. N. Command might attempt to enforce a Korean truce by threatening to blockade the China coast and bomb Chinese industrial centers if the Reds violate the armistice.

Darrow intimated the Communist move could have far-reaching effects on the truce negotiations. But he emphasized the Reds might be "just exploring the idea."

"Tomorrow they may have a different view," Darrow said.

Another truce group negotiating prisoner exchange met for almost an hour. It made no headway toward ending the stalemate over voluntary repatriation.

Communist negotiators did accept a revised version for exchanging interned foreign nationals. It provides that all foreign civilians be "permitted and assisted" to return to the other side after an armistice if they so desire.

The U. N. Command holds only a 23-year-old Russian and her 32-month-old daughter. They are interned at Pusan. The Communists have reported holding 48 foreign civilians. The U. N. Command has asked for an accounting of 30 others.

Two Bandits Rob Quonset Station Of \$100,000 Cash

Marines Give Chase But Pair Escapes In Green Automobile

NAVAL AIR STATION, QUONSET POINT, R. I. (AP)—Two masked men carrying short, stubby revolvers held up the Quonset Point Naval Air Station credit union today and escaped with \$100,000 in cash.

Naval Station officers said the bandits fled in a green sedan, racing through the Air Station gate at 50 miles an hour. Three marines were on duty at the gate today. Government funds were not involved.

Gerald Lynch, Appomattox, R. I., the Credit Union manager, and Thomas Smith, civilian guard, were about to carry the funds in canvas sacks from their parked cars at the rear of the building when the bandits drove up.

Lynch said the gunman jumped out of their car, waved the guns at them and one of them said, "We're not kidding."

Lynch said the two men grabbed the money sacks, jumped into their green sedan and fled.

One of the marines at the gate jumped into a car and gave chase but was unable to overtake the fleeing bandits. The bandits' car later was found abandoned and ablaze about five miles from the Air Station.

The bandits were wearing green Navy fatigue clothes and flat wooden shoes, Lynch said.

Lynch received the money a few minutes earlier from the Naval Disbursing Department to cash checks for Civil Service employees on the Air Station.

The \$100,000 was the proceeds of a check Lynch said the disbursing office cashed for him.

The Credit Union is an organization composed largely of civilian employees of the station. Its assets (Continued On Page Six)

275 Persons Hurt When Bleachers In Armory Fall

Seats Had Not Even Been Nailed Down At Baltimore Show

BAaltimore (AP)—Top state and city officials today began a thorough investigation into the collapse of a section of bleachers at an indoor show today which injured 275 persons were injured 32 of them seriously.

Gov. Theodore R. McKeldin of Maryland, who addressed a meeting in New York Thursday night, was one of the party arrivals at the Fifth Regiment Armory, where the show of the incident. With him were State Treasurer Nathan Smith and Baltimore's public works director, Mayor Thomas D. Holloman, to make a "roll-and-completeness" survey, and both the city and state groups would go through the wreckage "limb by limb and joint by joint."

Mayor D. Holloman said he believed the construction caused the collapse. Gov. McKeldin called it "an outrage."

The section of bleachers, gave way in a few minutes before the show. Some 7,000 people were in the building.

Just as the rink lights went on and the band struck up a tune, there came a sickening crunch that grew into a loud roar as the back section of seats dropped into a tangled mass of broken timbers and falling arms and legs.

Miss Henle's manager said the seats were erected by a contracting firm headed by Ed Corbett, Westfield, N. J., described the type of stand for circuses, fairs and similar events. He has erected similar stands at the same armory before.

The city's building inspector, Paul Cohen, declined to issue a permit for the seating because the stand were not completely erected when his office inspected the site Thursday afternoon.

However, a city permit is not necessary because the state has jurisdiction over the armory. No state permit is necessary.

Spectators said uprights still were being nailed in place while the audience was streaming into the stands.

Cohen said after a hasty inspection of the collapsed section "it was obvious to me that these rows of seats were in addition to the seats already installed. They were evidently erected in haste and in a hasty manner. They were not properly braced and the uprights were not nailed securely."

He refused to lay the responsibility, saying "That's a matter for investigation."

Capt. Chittenden Opens Red Cross Drive At Station

Capt. J. L. Chittenden, commander of the Sanford Naval Auxiliary Air Station, urged all personnel at the station to participate in aiding the Red Cross drive when he spoke at a rally of the NAAS Red Cross Fund Campaign Committee Tuesday at the station.

Lieut. Comdr. F. Winter Traplin, commanding officer of EA-57N 821, and campaign chairman, conducted the meeting.

Capt. Chittenden pointed out that the Secretary of the Navy has requested active Navy support in the campaign, and that the Commander in Chief of the Atlantic Fleet has heartily endorsed it as a worthy cause.

"My personal request is that all personnel will give the campaign generous support," he declared.

"The American Red Cross has been of immeasurable service to naval personnel during the past years."

Trifling funds were made by Lieut. Traplin, assisted by Mrs. William A. Comfort, Red Cross field director at the Station. Units (Continued On Page Six)

Plans Made For Livestock Show At County Fair

Plans for rules and regulations governing the first livestock show to be held as an addition to the Seminole County, American Legion sponsored fair, were made last night at a meeting of the Livestock Show committee, of which John Pierson is chairman.

James Q. "Slim" Gallosky is chairman of the American Legion Fair Association of the Sanford Post No. 53. The fair will be held at Collier and Meloyon Avenues, Sanford, Mar. 21-22.

In addition to Mr. Pierson the Livestock Committee includes E. M. Haddy, secretary; Dr. R. L. Hulse and Dr. W. H. Hutton, veterinarians; Francis Meriwether, George Steele, Homer Carter, Roy Roster, George Harbin, E. J. Cameron, Henry Wright and Mr. Gallosky.

The livestock show is being staged to encourage boys and girls of the 4-H Clubs and Future Farmer group to breed better livestock, produce higher quality products, and to reach a finer spirit of cooperation in this area through the guidance and help of the Florida Extension Service, and Mr. Pierson.

Ribbons and prizes will be awarded according to the rules of the judges who will be headed by C. W. Heaves, extension fair man from the University of Florida, Gainesville.

Entries are requested from 4-H boys and girls and from individual breeders. Mar. 21 is the date of entry. Housing and water will be supplied and each animal will be provided with a stall feed and dairy cattle will be admitted. Entry applications may be mailed to John Pierson, P. O. Box 653. His telephone is 130-J.

Rookies' Hitting Features Mission Training Drills

Righthander George Simons Has Sore Arm And Blister On Index Finger

The long ball swatting of a pair of rookie San Antonio Mission infielders highlighted a two-hour hitting drill during the third day of spring training here yesterday. Hard slugging Nick Samela, Dayton third baseman, lost two balls over the 350-foot left field barrier while last year's Wichita Falls second and third sacker Bob Phillips drilled a 350-foot drive over the right field fence. Both Samela and Phillips arrived in camp early yesterday with pitchers Mel Hold, Vachel Perkins and Jim Post. This brought the total number of Missions now training to 15.

Manager Joe White stepped up his daily regime to four hours with the increased number of ball players. He said, "I will start intra-squad games among the boys as soon as we have enough to play."

The likable pilot stated he was satisfied with the progress of the drills thus far, but did express concern over George Simons' pitching index finger. Simons has developed a blister on the finger again as he did last season, which seems to impair his delivery. After a consultation with trainer Bill "Doc" Cole, McLaughlin and White decided to try and have a dermatologist give Simons X-ray treatments in order to cure the tender finger.

The rest of the players ran through the preliminary workouts under cloudy skies and warm weather.

George Simons, hampered by a raw blister pitching finger, came down with a sore arm this morning to be the first official casualty of the three-day, off-training period.

Manager White expressed his pleasure with Fred Hancock, infielder down from Toronto who formerly played with the Chicago White Sox and New York Giants briefly. "Hancock handles himself well," White said. White also was high on the first day showing of two rookie infielders Nick Samela and Bob Phillips, a left-hand hitter.

G. W. Spencer Sinks Second Hole-In-One

G. W. SPENCER SPORTS 14 second hole-in-ones of his career at the Sanford Seminole Country Club yesterday by being the 185-year 10th with an eight iron. Spencer scored another upset last month by defeating medalist Chuck Ica, Stetson University golf captain, in the Mayfair Inn and Seminole Country Club's third annual invitational golf tourney.

Spencer was playing with Eddie Bean, Washington, and G. E. Phillips when he ace'd his drive shot yesterday. Mr. Spencer's first hole-in-one was scored on the 165-yard 5th hole in 1940.

SNIPER REGATTA CLEARWATER

CLEARWATER — Ted Wells, Wichita, Kas. held a comfortable lead at the start of the fifth and last race in the annual International Midwinter Snipe Regatta today.

Wells finished fourth Thursday, piling up 5,038 points on two firsts and two fourths.

Francis Seavy, Clearwater, is second with 1,281, Roy Kaufman, a duck horse from New York City, is third with 520.

J. T. Hayward, Tulsa, Okla., won Thursday's race, but still didn't approach the leaders in total standings because of his poor showing in earlier heats.

All 16 Major League Clubs Open Exhibition Game Slate Tomorrow

By The Associated Press
All 16 of the American and National League teams are scheduled to open their spring exhibition game schedules on a broad Southern and Western baseball front Saturday.

The New York Yankees, world champions and American League pennant winners, will start off against the St. Louis Cardinals of the National loop at St. Petersburg.

Two clubs whom many think will be meeting in the World Series next October—the Cleveland Indians and New York Giants—open their Grapefruit League grind at Tampa, Fla. The Giants are defending National League champions.

Other games: Cincinnati (N) vs Boston (A) at Saratoga Springs; Philadelphia (N) vs Philadelphia (A) at Clearwater; Philadelphia (A) vs Washington (A) at Orlando; Boston (N) vs Brooklyn (N) at Miami; Chicago (N) vs Chicago (A) at Pasadena, Calif.; Pittsburgh (N) vs St. Louis (A) at Burbank, Calif.; Chicago (N) vs Cleveland (A) at Mesa, Ariz.

The two Chicago teams finished on top in the Grapefruit League exhibition heat last spring, so don't get too hooped up over what your favorite does this time. The Cubs wound up in the National League cellar in 1951, or 24½ games back of the winning Giants.

The White Sox, who amazed by pacing the American circuit until early July, finished in fourth place, 17 games behind the Yankees. As for the Giants, they were second in the exhibition standings, the Yankees third, behind Chicago and the Boston Red Sox.

Another full exhibition schedule is set for Sunday: Philadelphia (N) vs Boston (A) at Sarasota; Chicago (A) vs Chicago (N) at Los Angeles; Cleveland (A) vs New York (N) at Phoenix, Ariz.; Chicago (N) vs Cleveland (A) at Tucson, Ariz.; Detroit (A) vs Cincinnati (N) at Tampa; Philadelphia (A) vs Washington (A) at Orlando; New York (A) vs St. Louis (N) at St. Petersburg; St. Louis (A) vs Pittsburgh (N) at San Bernardino, Calif.; and Brooklyn (N) vs Boston (N) at Miami.

Geo. Barr Denies He Will Move To Kissimmee In '53

Arbiter Desires To Return Again To Sanford In 1953

By KENT CHETLAIN
Famed ex-National League umpire George Barr flatly denied he would move his umpire's school in Longwood to Kissimmee next year in a telephone conversation with the Herald today.

"The Kissimmee Chamber of Commerce asked me to come down there and discuss a shift," the ex-arbiter continued. "But I went on to say he was going to meet with them only out of courtesy."

"Actually, I would like to return to Sanford next year, if it could be worked out," he added.

Barr admitted while his stay in Longwood was a pleasant one, the school felt the lack of game experience, which could be afforded if a baseball training camp or a baseball school were nearby.

He said Ed Hudson, who conducts a baseball school in Kissimmee, had asked him to come down there. However, Barr asserted, "I don't think we can set together because Ed holds his school too early as there would be no advantage for us to go to Kissimmee."

In regard to leaving Longwood at all he said that he had a possible deal there to arrange for next year.

Meanwhile San Antonio vice president Jim McLaughlin and Mr. Barr held a conference at the Valdes Hotel yesterday to arrange an agreement for using Barr's umpires for the Mission Intersquad and exhibition games.

Barr reported he and his staff had received their passes for the Armed Service in April. "We will leave the later part of this month and cover the Pacific and Atlantic theaters during the succeeding six weeks," he said.

It is reported John Kridter, president of the Florida State League, has contacted Barr for a number of new umpires for the 1953 season. Mr. Kridter, however, said he has made no definite commitment other than promising to help.

Senior Loop Champion New York Giants Are Not Stand-Pat Club

PHOENIX, Ariz. (Special)—The National League's championship flag flies over the Phoenix training camp of the New York Giants this spring but nobody knows better than Leo Durocher that the club is not a stand-pat aggregation.

The opportunity is there for the 12 young newcomers to the Giant roster who need only to show they have the stuff to land a job on the club which in 1951 wrote one of the greatest chapters ever entered in the annals of sports.

Eddie Stanky's graduation to managerial ranks ostensibly has thrown the champs' second-base job wide-open to little Dave Williams, 22-year old Texas who divided last season between the Giants and Minneapolis. An outstanding defensive player, the

SARASOTA, Fla. — In order to get Sturgess Ted Williams and Junior Stephens up to the plate more often, Manager Lou Boudreau is moving them up higher in the Boston Red Sox' batting order.

"My idea," says Boudreau, "is to try to get both Ted and Stephens up to the plate more often. In that fifth or sixth time one or both might hit a home run."

Williams moved from third to second and Stephens from the fourth "cleanup" slot to third with Walt Dropo fourth. Second baseman Johnny Pesky will lead off.

BRADENTON, Fla. — Ernie Johnson, considered the best pitcher in the minors last season, was on the Boston Braves casualty list today with a sore arm.

Johnson's record with Milwaukee in the American Association last year was 14-4 and he chalked up five straight victories in the playoffs and Little World Series.

LAKELAND, Fla. — The sparkling play of two rookies had Detroit Tiger veterans hustling today every day.

That was the result of the first intra-squad game Thursday in which young John Phillips at third and Alex Garbowski at shortstop halted home runs and started in fielding.

Outfielder Hoyt Hensler, slumped last year, humored over the left field wall.

SAN BERNARDINO, Calif. — Second baseman Jackie Mason is the only Pittsburgh Pirate infielder sure of his job, says Manager Billy Meyer.

Mason, who played most of last year with Indianapolis of the American Association, has been impressive in drills this week. During the late part of 1951 he hit at a .300 clip for the Reds and in one game against Brooklyn drove in six runs.

TAMPA, Fla. — The battle for pitching jobs with the Cincinnati Reds is getting a bit rugged even though spring training is in its early stages.

Manager Luke Sewell has indicated he plans to carry 10 hurlers—five starters, one alternate starter and four relievers. Right now, it is assumed that Ken Raffensberger, Herman Wehmeier, Ewell Blackwell and Harry Perkowski are the starters with Frank Hillier as the alternate.

That leaves Frank Smith as the

Williams moved from third to second and Stephens from the fourth "cleanup" slot to third with Walt Dropo fourth. Second baseman Johnny Pesky will lead off.

BRADENTON, Fla. — Ernie Johnson, considered the best pitcher in the minors last season, was on the Boston Braves casualty list today with a sore arm.

Johnson's record with Milwaukee in the American Association last year was 14-4 and he chalked up five straight victories in the playoffs and Little World Series.

LAKELAND, Fla. — The sparkling play of two rookies had Detroit Tiger veterans hustling today every day.

That was the result of the first intra-squad game Thursday in which young John Phillips at third and Alex Garbowski at shortstop halted home runs and started in fielding.

Outfielder Hoyt Hensler, slumped last year, humored over the left field wall.

SAN BERNARDINO, Calif. — Second baseman Jackie Mason is the only Pittsburgh Pirate infielder sure of his job, says Manager Billy Meyer.

Mason, who played most of last year with Indianapolis of the American Association, has been impressive in drills this week. During the late part of 1951 he hit at a .300 clip for the Reds and in one game against Brooklyn drove in six runs.

TAMPA, Fla. — The battle for pitching jobs with the Cincinnati Reds is getting a bit rugged even though spring training is in its early stages.

Manager Luke Sewell has indicated he plans to carry 10 hurlers—five starters, one alternate starter and four relievers. Right now, it is assumed that Ken Raffensberger, Herman Wehmeier, Ewell Blackwell and Harry Perkowski are the starters with Frank Hillier as the alternate.

That leaves Frank Smith as the

Rollins College Tennis Stars To Hold Exhibition

The Rollins College Amateur All-Star tennis team will stage their second men's singles and doubles and women's singles net exhibition at the Mayfair Inn courts tonight starting at 8:00 p.m. John Semiford, Mayfair pro, announced today.

Three Latin American net stars will feature the men's singles and doubles exhibition. Alfredo Millet, Alberto Bassol, Mexico City, and Ederado Garcia of San Diego, Calif., will be competing with California Blown of Tampa.

In the women's singles match Nancy Corle, Chicago, will face Carmen Lampe of Forest Hills, New York.

The exhibition will be open to the public.

Room 7 Cagers Win 6th Grade Tourney

Room Seven won the sixth grade basketball championship by defeating Room Five in the finals of the round robin cage tourney at the Grammar School court yesterday. The tournament was the first of its kind ever conducted at the Sanford Grammar School.

The sudden death eight-point per game tourney began last Monday. The most intense three days with the teams scoring the first eight points winning the games.

These players took part on the championship Room Seven squad, Lawrence Howard, Sydney Whelan, Teddy Walker, Bobby Johnson, Dale Buckner, Pete Nash and Ronnie Rossi.

Grammar School principal B. C. Steele inaugurated the tournament and directed its operation.

No. 1 reliever and from there on it figures to be a fight among Niles Jordan, Eddie Erault, Bud Beverly, Bill Bevins and Eddie Blake.

Ray Kati, a 64-year old, 100-pounder who backstopped at Minneapolis last year, will be out to out Ray Noble or Sal Yverson, a number-three in the catching department where Wes Westrum is a fixture. A member of the '51 American Association All-Star team, Kati hit .308 in 117 games and belted 111 homers.

Rollins College Amateur All-Star tennis team will stage their second men's singles and doubles and women's singles net exhibition at the Mayfair Inn courts tonight starting at 8:00 p.m. John Semiford, Mayfair pro, announced today.

Truman Suggests IRB Opposition Based On Politics

President Renews Ap- peal For Approval Of Bureau Program

WASHINGTON (AP) — President Truman suggested today that senators opposing his plan to reorganize the scandal-hit Internal Revenue Bureau "are more interested in their political patronage than in good public service."

The president in a letter to Vice President Barkley, made the strongest yet of a series of appeals to Congress to approve his reorganization proposal.

The Senate Expenditures Committee voted 7 to 5, this week against the plan, which would end the political appointment of collectors of internal revenue and other top officials and place all tax-collecting officials except the revenue commissioner under civil service.

"Unfortunately, those who find it to their advantage to preserve the present system, or to play politics with the integrity of the public service, have raised specious arguments against the plan that obscure the real issue," Mr. Truman wrote.

"Disapproval of the plan would be a blow to our efforts to assure efficiency and prevent improper conduct in government. The approval of the plan would be a victory for proponents of a political patronage system. We must not let these things happen."

"Millions of American taxpayers will be watching the Senate action on the reorganization plan. They have been hearing a lot lately about corruption in government, and they are concerned about what is being done to strengthen the federal service against it."

"These taxpayers will be greatly interested in seeing whether the plan is more interested in their political patronage than in good public service."

Under present practices the president appoints the 61 tax collectors. They are subject to Senate confirmation.

The House, which has no voice in the confirmations, has approved Mr. Truman's plan.

Under government reorganization laws, a presidentially submitted plan becomes effective unless an actual majority of either House or Senate rejects it. In the case of the Revenue Bureau, the plan will become effective unless a majority vote to turn it down by March 15.

The 7 to 5 committee vote to reject the Truman plan for the bureau was made up this way: For the plan: Sens. Humphrey (D., Minn.), McClellan (D., N. C.), McCarthy (R., Wis.), Bennett (R., D. C.), Schepel (R., Kan.), Thurmond (R., S. C.) and Nixon (R., Calif.).

from prominent firms, and eight floral gifts were in the City Hall which was visited also and which is a memorial to the war dead of Oviedo.

Costing more than \$40,000, and designed by Elton J. Moughtin, the clinic and hospital provides four bedrooms of two beds each with separate quarters for white and colored patients. The 16 room building also provides examining and waiting rooms for white and colored patients, operating and x-ray rooms and a front office.

Mrs. James Wilson headed the committee which served cake, coffee and orange juice to the visitors.

Oil Ships

(Continued From Page One)
concerned with huge profits reaped on deals in war surplus oil tankers, already has branched out to cover these new points:

1. A statement by Sen. McCarthy (D., Wis.) at a public hearing Thursday that he has learned two trustees of a charitable foundation headed by government Ciazup Man Newbold Morris had participated in numerous "Communist front" activities.

2. Reasons why the State Department wanted more than a year to set quotas for traffic with Red China after getting protests from the Pentagon and some other government agencies that it was "dangerous" to this country's security.

The subcommittee is expected to get a date today for questioning Morris.

Houston H. Wasson, Morris' New York law partner, who returned today for a third day of testimony, has acknowledged that he and Morris were lawyers for two firms whose ships hauled goods to the Chinese Reds under charter arrangements with Soviet Russia.

Wasson denied it was "incongruous" for Americans and Chinese Nationalists to engage in such trade. If the subcommittee has any quarrel about it, he said, the quarrel should be with the State Department for not ordering an earlier halt.

New Hampshire

(Continued From Page One)
regate pledged to President Truman—who hasn't said yet whether he plans to run for reelection.

Taft and Stassen face tough but shadowy opposition from Gen. Dwight D. Eisenhower, who has said he will accept the GOP nomination but will not fight for it.

A "grass-roots" survey of local sentiment announced today by eight Associated Press member newspapers in New Hampshire showed Eisenhower still has a slight lead over Taft. But the margin was narrower than a similar survey a week ago.

The survey gave Mr. Truman a 3 to 1 edge over Kefauver. Eisenhower backers said in New York Thursday it's time for those who favor the general to get out and work—and stop asking him to quit his job and make a personal campaign.

Eisenhower himself notified a New Hampshire supporter he had "no alternative" but to stick by his Jan. 7 decision not to campaign. In Washington this was interpreted by (1) Sen. Carlson (R., Kan.) as leaving the door wide open for his return, and by (2) Sen. Ellender (D., La.) as meaning the general will stay in Europe until he finishes his job as head of NATO.

Other political developments: Gov. Sherman Adams of New Hampshire, an Eisenhower man, said he has "no real authority" Mr. Truman's decision as of now is not to run again.

Stassen said he plans to enter the April 15 New Jersey primary against Taft, Eisenhower and Gen. Douglas MacArthur, making it a 4-way GOP battle. So far, Kefauver is the only Democrat entered.

3. In Washington, Rep. Bryson (D., S. C.) said Mr. Truman feels Kefauver tried to dig up some thing about him during his crime probe, is peeved at the Tennessee.

4. The Oregon May 16 primary is one of the hottest yet: Kefauver, MacArthur, and Stassen are already entered, among the Republicans, and Gov. Earl Warren of California has said he will file. Taft and Sen. Morse of Oregon may be entered also. Kefauver and Supreme Court Justice Douglas are entered, among the Democrats, and Gov. Adlai Stevenson of Illinois may be in before today's deadline. An entry's consent is not required in Oregon.

Pentagon Accused Of Holding Back On Publicity Men

WASHINGTON (AP)—Rep. Hebert (D., La.) accused the Pentagon today of holding back at least 211 names from the list of public relations officials it supplied to his armed services subcommittee.

Hebert said the Pentagon gave the subcommittee "an inadequate and incomplete list of 181 officers and civilians engaged in public relations work."

Hebert's group is making a study of military buying practices. The Louisiana senator has said that Army and Navy officials wasted a lot of money in their procurement programs.

That investigation led to the current lance over public relations personnel. Hebert called these workers part of a "Pentagon propaganda mill." He said they are "deliberately distorting" the results of the subcommittee probe.

Hebert called attention to the fact that the Pentagon, in its list of public relations workers turned over to his subcommittee Thursday, included only 12 names in the Department of Defense public relations organization.

But, Hebert said, his group has in its possession a mimeographed roster, dated Feb. 1, 1952, showing there were 234 persons employed in that section.

And, he said he is suggesting his subcommittee ask the Pentagon "to re-examine its conscience and ask if it doesn't want to confess a few more names."

Hebert has called for a "thorough exploration" of the Pentagon staff of sub-artists, propagandists and phrase makers. This will begin, he said, when the subcommittee finishes its probe of military buying, which may take another two weeks.

Hebert said he would link the Pentagon probe to the whole question of "excess personnel at the seat of government."

Hebert conceded public relations officials are necessary but he complained they were "perjuring their talents" in trying to discredit his subcommittee's findings.

The subcommittee is considering a bill that would require the services to consolidate 15 different supply catalogues into a single listing. Hebert says the savings would run into millions of dollars.

5. In Washington, Rep. Bryson (D., S. C.) said Mr. Truman feels Kefauver tried to dig up some thing about him during his crime probe, is peeved at the Tennessee.

Korean War

(Continued From Page One)
about 2 a. m. The skirmishes continued intermittently until 6:45 when the Communists pulled back to the safety of their bunkers. The longest fight lasted about 20 minutes.

Stormy skies put the damper on aerial activity today after highly successful raids on Red supply facilities Thursday. Fifth Air Force planes flew only 200 sorties and cut Communist rail lines in 12 sorties Friday, compared with 750 sorties Thursday.

Land and sea-based warplanes cut Red rail lines Thursday at a near-record 354 points. They also destroyed or damaged eight locomotives and more than 70 freight cars. Scores of supply vehicles, 11 bridges, gun emplacements, and supply or troop shelters were blasted. Air Force and naval headquarters announced.

Capt. Charles Wolfe, Chula Vista, Calif., the "Loco Ace" of Korea, laid a bomb squarely on a locomotive south of Pyongyang to boost his total "kills" to eight.

The Eighth Army today identified three U. N. divisions now in a battle line. The U. S. Third and British Commonwealth Divisions are on the western front, facing the Chinese. The marines are on the mountainous eastern front. The announcement made no mention of the 40th and 45th National Guard Divisions which recently were shifted into the front lines from Japan. It did not say whether any other divisions are in action.

Truman Appeal

(Continued From Page One)
ers conceded that the program faces a tough time in this election-year Congress.

"The President said 'neutrality,' which he defined as 'the strict like disposition to ignore the reality of the Soviet threat,' has steadily declined as confidence in the free world's defense has grown. He said 'Not one nation has turned from the path of cooperation' and that this country's Atlantic Allies in Europe, including Greece and Turkey, have increased their standing armies in the past two years by more than half a million men. The quality of the troops, he said, has also increased.

The President said the power of Communism in the Western European countries has declined. It remains a threat in France and Italy, although its power has been very substantially reduced" in those countries during the past five years.

The danger of runaway inflation in Europe has been brought under control, he said.

Mr. Truman renewed his appeal for continued American support of efforts to increase the living standards of underdeveloped peoples in the Near East and Africa as the best means of gaining stability and fighting Communism.

The President pictured all of the Far East as under the shadow of Communism and said Red China is waging physical and psychological warfare against the young nations around its borders.

Only American assistance, he said, can continue to "contain" this.

Mr. Truman said the United States has been compelled to meet a variety of Soviet challenges in the free nations in the form of subversion, revolution and in Korea, "unveiled military aggression."

This country has had to employ an equal variety of measures in deal with these moves, he said, citing political, economic and military maneuvers on the part of the United States.

"But, in simplest terms," he said "we have sought to build positions of strength — political, economic and military — throughout the free world. With strength, the free nations would be able to deter further Communist aggression, or to repel it if it occurred."

"I have said strength and the moral standards which inspire it, the free world could move forward in confidence to the ultimate destiny of the Soviet slave world."

Baltimore Stands

sons were seated in the section which collapsed.

Hospitals sent out emergency calls for doctors as ambulances brought the bleeding and bruised victims in for treatment.

Families were separated and anxious fathers and mothers raced from one of 10 hospitals to another in search of injured relatives.

There were angry comments from the injured.

Eugene Shriver, Riverdale, Md., stood over his wife whose dress was blood-soaked and said grimly, "Somebody's going to pay for this."

Mrs. Julia Westervelt, Baltimore, held her 6-year-old son Ronald, and said, "It's an outrage. For \$2.40 (the admission price) they want to kill us. Why couldn't they have put up these stands properly?"

Frank Cosgrove, Baltimore, consoled his girl friend, Mary Ann Nolan, as they awaited help. "We'll be all right, just pray to God," he said. The girl held a rosary to her lips as he talked.

Exhausted workers were forced to remove debris from the stands in huge beams jutting at awkward angles to protect the helpless injured from a further avalanche of grotesquely piled lumber.

The Air Station is located in the southern part of Rhode Island, on Narragansett Bay.

State police threw up road blocks throughout the area surrounding the Air Station and on all roads leading into and away from the station.

Federal Bureau of Investigation agents arrived on the scene noon after the holding.

A safe in the Credit Union's office was broken into in February, 1951, and \$68,000 in cash taken.

VOTING AGE

TALLAHASSEE (AP) — You have to be 21 years old to register to vote, Attorney General Richard Krvin ruled today.

You can't register before that age on the strength of the fact that your first birthday will come before you actually cast your ballot. He gave the opinion to Registration Supervisor Samuel Pinder of Monroe County.

Krvin pointed out the State Constitution sets the age requirement "at the time of registration," not the time of voting and said there's no getting around it.

CHILD KILLING

SMITHTOWN, N. Y. (AP) — A 13-year-old boy accused of killing a girl classmate has been turned over to Children's Court and a first-degree murder charge has been withdrawn.

Suffolk County District Attorney Lindsay R. Henry replaced the charge with juvenile delinquency and turned the case over to County Judge D. Ormonde Ritchie Thursday.

Harold Lorentz, an honor student in junior high school, was charged with strangling Lyla

Strike Ties Up N.Y. Central, Inland Lines

Congestion Grows In St. Louis As Railroad Employees Defy Army Official

KEY WEST (AP)—President Truman, interrupting a vacation here, will fly to Washington Friday for an overnight stay and will go to New York City for a speech on Saturday. Presidential Secretary Joseph P. Kamp, who made the announcement, said Truman will fly back to Key West after the New York speech to resume his Florida vacation.

CHICAGO (AP)—Strikes paralyzed most of the New York Central's inland service today and snarled rail connections in the St. Louis area a second day.

A war of nerves set in, with the striking engineers, firemen and conductors defying the Army, nominal operator of the rail carriers. But it was the public—shoppers and travelers—who sought fits and frustration.

Wholesale layoffs began on the Central system, completely shut down west of Buffalo. Several railroads canceled their trains to St. Louis until further notice.

The unions were told by Karl R. Bendisen, assistant secretary of the Army, to call off the workouts or face "appropriate action."

But a minor official of the firemen's brotherhood said today that the NYC strike might spread east to the Central's New York state service. There was a strong hint from the unions of possible walkouts on other lines.

Chiefs of the three big unions which struck in concert for higher wages, the Brotherhood of Railroad Conductors, Locomotive Engineers, and Locomotive Firemen and Enginemen—themselves raised the question without answer.

When instructions to strikers said the orders would apply to "every other railroad to which the strike may later be extended," it is other unions said, "it is a determination to extend the strike to all railroads."

At a news conference in Cleveland, the Brotherhood leaders, Roy O. Hudson, its president, James P. Shields of the engineers, and David B. Robertson of the firemen and enginemen, declined to elaborate. They said, "We'll have to await developments."

There was also a possibility that the strategy of the fight for more pay envisaged selected strike targets and separate settlements, to avoid government intervention.

McCarty's weekly financial statement showed expenditures of \$4,449 and contributions of \$5,100. Odham's statement listed \$759 spent last week and \$1,769 deposited in his campaign fund. Adams' report on spending and contributions for last week had not reached the secretary of state this morning.

Contributors to the McCarty campaign fund included:

W. J. Heritman, Orlando, Q. J. Roberts, Jacksonville, J. E. Young, Allentown, Pa., James C. Merrill, J. Jacksonville, Gardner T. Gillette, Jacksonville, and A. L. Richter, Miami, \$250 each.

Henry C. Dupree, Jacksonville, \$200; W. J. Walker Gainesville, \$150; William H. Eason, Pittsfield, Mass., and George T. Erverson, Columbus, O., \$125 each.

Contributions of \$100 each to the McCarty campaign were given by Stephen E. McCreedy and Robert D. Yancey, both of Ocala, Thurston W. Knight, Belle Glade, W. H. Hodges, Fort Lauderdale, R. P. Layman, West Palm Beach, Perry Marshall, St. Petersburg, Mr. and Mrs. E. H. Alford, Tallahassee, Walter Benson Jr., E. H. Huntley, Ft. Meade, Mrs. J. W. Galloway, all of Jacksonville, and Edward Gerbin, Miami.

4th Candidate For Governor Files His Fee

TALLAHASSEE (AP)—A fourth candidate for governor today filed his fee with the State Board of Elections.

McCarty's weekly financial statement showed expenditures of \$4,449 and contributions of \$5,100. Odham's statement listed \$759 spent last week and \$1,769 deposited in his campaign fund. Adams' report on spending and contributions for last week had not reached the secretary of state this morning.

Contributors to the McCarty campaign fund included:

W. J. Heritman, Orlando, Q. J. Roberts, Jacksonville, J. E. Young, Allentown, Pa., James C. Merrill, J. Jacksonville, Gardner T. Gillette, Jacksonville, and A. L. Richter, Miami, \$250 each.

Henry C. Dupree, Jacksonville, \$200; W. J. Walker Gainesville, \$150; William H. Eason, Pittsfield, Mass., and George T. Erverson, Columbus, O., \$125 each.

Contributions of \$100 each to the McCarty campaign were given by Stephen E. McCreedy and Robert D. Yancey, both of Ocala, Thurston W. Knight, Belle Glade, W. H. Hodges, Fort Lauderdale, R. P. Layman, West Palm Beach, Perry Marshall, St. Petersburg, Mr. and Mrs. E. H. Alford, Tallahassee, Walter Benson Jr., E. H. Huntley, Ft. Meade, Mrs. J. W. Snyder Urges Council For Money Crisis

Reserve Board And Treasury Disagree Over Support Of Federal Securities

WASHINGTON (AP)—Secretary of the Treasury, John G. Snyder, today urged a council to help President Truman solve the nation's money problem.

Snyder was called before a Senate House subcommittee which opened three weeks of hearings on the government's monetary policy. Objective of the group, headed by Senator William E. Jenner, is to determine not only policy with regard to money supplies, but also who should be given broad powers to carry it out.

The Treasury and the Federal Reserve Board, independent agencies, have conflicting outlooks on the complex problem.

Recently the board withdrew most of its support of government securities, causing the market price to fall and interest rates to rise. The move was described as anti-inflationary, since lending firms can use money from bond sales to increase reserves and fund more money into the private economy.

The Treasury, however, fears the board's withdrawal will complicate government financing. A major task for the Treasury during 1952 will be to borrow about 10 billion dollars in public securities to help finance the defense program.

11 Top Communist Sentences Upheld By Supreme Court

WASHINGTON (AP)—The Supreme Court today upheld contempt sentences imposed on lawyers who defended the 11 top Communist leaders at a stormy New York trial.

The sentences, ranging from one to six months, were imposed by Federal Judge Harold R. Medina. He held the lawyers guilty of contempt in that they refused to answer questions in the trial.

Justice Jackson delivered the high tribunal's 5-3 decision. Justices Frankfurter, Black and Douglas wrote separate dissenting opinions. Justice Clark took no part in the case.

That meant the majority was made up of Chief Justice Vinson and Justices Reed, Burton, Minton and Jackson.

Contempt sentences of six months each were given Harry Sachs of New York, Richard Gladstein, San Francisco, and Eugene Dennis, Communist Party general secretary. Dennis was one of the 11 leaders convicted. He acted as his own attorney during the trial.

Mr. Simpson said that the only real cure for the present situation is to get rid of the spoils system in government. He pointed out that candidates are spending 100 times as much to get themselves elected to office as the salaries for the offices they pay after they are elected, and once they get in office they spend all their time trying to get re-elected instead of tending to their jobs.

Mr. Poppe referred to a recent statement by Senator Tamm to the effect that out of 90 million possible voters in 1948 only 50 million actually went to the polls. Not enough people vote, who are not directly employed by the government or aided by government subsidies, he suggested.

Mr. Holler pointed out that it is just as important to educate the public in how to vote as to get them to the polls and added that we had better government when the poll tax was in effect than we have now. He said that when a person has to use a bribe to mark his ballot, he is not likely to be able to choose well qualified leaders. There should be some sort of an intelligence test for the voter, he said.

Mr. Kader declared that what this country needs is a return to (Continued on Page Two)

More Units Sold At State Market For Less Money

Volume Of Unit Sales Is Reported At Record Breaking Size

Sales at the Sanford State Farmers' Market fell just short of the million dollar mark during the past month, totalling \$903,898 in comparison with sales of \$1,250,468 in February, 1951.

Florida products accounted for a decrease in valuation this February of \$305,000, in spite of a record breaking total of sales amounting to \$707,142.

That meant the majority was made up of Chief Justice Vinson and Justices Reed, Burton, Minton and Jackson.

Dr. Gibbs, Observing His 96th Birthday, Sees World In Chaos

Age 96 Today

Dr. J. C. Gibbs celebrated his 96th birthday quietly today by donning overalls, connecting the hose to his lawnmower, and mowing in front of his pleasant home at 905 Magnolia Avenue.

The birthday was really celebrated a day ahead of time yesterday when he was taken to Jacksonville to visit a half-sister of his first wife, Mrs. Martin B. Manary and her husband.

Dr. Gibbs, together with Mrs. Gibbs and a niece, Mrs. Mary Frances Keeling of Norfolk, Va., were driven to Jacksonville by a cousin, Ralph Hatton and wife, of Wainwright, Mich.

An enjoyable day was spent at the Manary's. Mrs. Manary, who for a number of years lived with Dr. Gibbs and his first wife at Crown Point, Ind., where for many years he practiced medicine, served a big cake with 96 candles at the dinner.

Born in Kalamazoo, Mich., Mar. 10, 1856, Dr. Gibbs started his medical studies in Crown Point in 1922.

He enjoys his yard with its bright, flowering azaleas, orange and grapefruit trees and papayas. His front lawn, he admits, is not done as well as he would like it to be and attributes it to too much shade from the front live oaks.

That reminds me, I've got to cut the grass in the back yard," he declared this morning.

"I enjoyed Pioneer Night at Fisk. Many the other night, and liked the music and the plays put on by the young folks," he added.

Asked what he thought of the state of the world at present, he replied, "It appears to be pretty much in chaos; we must trust in the Lord."

President Socarras Is Forced To Flee As Former Strong Man Takes Charge

By DEN F. MEYER

HAVANA (AP)—Fulgencio Batista rode back to power today in an army-backed revolt, three months ahead of Cuba's scheduled presidential election. President Carlos Prío Socarras fled from his palace, where two men were killed.

President Prío, accompanied by six army officers and possibly under arrest, left the presidential palace after announcing that Batista had seized control of Camp Columbia, the army's major military base.

Batista told a reporter: "I was obliged to make a revolution because I had news from the most reliable sources that President Prío, faced with defeat of his candidate in the June 1 elections, was planning aphony revolution for April 15."

Two army tanks and army trucks loaded with soldiers took over the presidential palace in the center of Havana. Nearby residents said they saw white flags appear in the palace windows as the troops arrived.

A Batista supporter, Lt. Rafael Salas, took over police headquarters. He announced "I am a colonel now" and chief of police Orlando sent out to seize some government automobiles.

Batista, a Cuban "strong man," controlled Cuba for 10 years, between 1933 and 1940. He was a declared presidential candidate in the elections scheduled for June.

The announced motives behind the revolt were corruption and gangsterism, which has been blamed for 30 killings since President Prío took office in 1948. Last August a senator committed suicide to "awaken Cuba against corruption in government," Salas said. Cubans were weary of gangsterism and corruption and army forces friendly to Batista had asked him to take over.

Comparatively little violence marked Batista's bid for power, which came as a complete surprise. Two palace guards were slain by submachinegun fire from a speeding police automobile.

The barracks at the palace followed by a band of soldiers and later two tanks appeared before the building.

Appearing sad and under great strain, Prío said upon his departure: "We will resist if the people of Cuba support me and the constituted government." This indicated (Continued on Page Two)

Senator Russell Files Candidacy In Florida Primary

TALLAHASSEE (AP)—Sen. Richard B. Russell of Georgia today entered Florida's Democratic primary as a candidate for the state's conference vote in his campaign for the party presidential nomination.

It was the first candidate to qualify for ballot space in the state's new purely advisory and non-binding presidential preference primary. He previously had announced he would do it.

Frank D. Uphurch, St. Augustine, state party organization leader and former state senator, transmitted Russell's \$100 qualification fee and signed oath of candidacy to Secretary of State H. A. Gray. The Georgia Senator designated H. E. Wolfe, St. Augustine, road contractor, as his state campaign treasurer and the Exchange National Bank of St. Augustine as his campaign fund depository.

The presidential preference vote will be taken in connection with the first regular Democratic primary May 6. However, if no one else enters the contest, there will be some question of whether even Russell's name will go on the ballot since one name would give the voters no choice.

Russell supporters already have filed on almost a full slate of candidates for delegates who will have their pledges to the Georgian designated on the ballot. No other delegate candidates have declared a choice.

Three more candidates for delegate, pledged to Russell, qualified today. They are Byrd Sims, Pensacola, delegate from the Third District; Edward Campbell (Soup) Jones, Pensacola, delegate from the state-at-large; and W. B. Burch, Winter Garden, Fifth District.

Mrs. Beatrice Crawford Bonifay, qualified as an undeclared delegate from the Third District.

Richard D. Barker, Jacksonville, qualified as a candidate for Democratic national committeeman.
