THE SANFORD HERALD, SANFORD FLORIDA

Miss Springer Is Given Bridal Shower

Miss Jane Chapman was hostess last evening at 8:30 o'clock for a linen shower luncheon. Miss Anna Springer, whose marriage to Stan Rockey will be an event of this month, Effective arrangements of peach colored gladiolus and greenery decorated the rooms and greenery decorated the rooms of the Chapman home on East Tenth Street.

During the evening, a novel game was enjoyed which involved the fashioning of small hats from crepe paper with a prize being awarded to Mrs. Felicia West for the most original hat. Shower gifts were presented to Miss Springer in a clothes basket, containing the linen theme.

Assisting Miss Chapman in serving refreshments were her mother, Mrs. John Chapman, Mrs. James Moughton, Miss Endley Meisch and Miss Gladys Wells. Those invited to be with Miss Springer were Mr. John Melach, Sr., left today for Chicago, Ill., where she will visit her daughter and son-in-law, Mr. and Mrs. Dean A. Smith, for several months.

Mrs. Harry Kudell left last Saturday for a seven weeks trip visiting friends and relatives in Cincinnati, O. and Ft. Thomas, Ky.

Mr. and Mrs. Myron Reck have as their guest at their home in Mayfield, Mrs. J. B. Hamm, of Cincinnati, O.

Mrs. John Melach, Sr., left today for Chicago, Ill., where she will visit her daughter and son-in-law, Mr. and Mrs. Dean A. Smith, for several months.

Mrs. Dorothy Ellen Jamieson of Tallahassee is visiting her aunt and uncle, Mr. and Mrs. John D. Abraham, at their home at 316 West Twentieth Street.

Miss Pat Graves arrived Friday from Baton Rouge, La., to pay a visit to her aunt and uncle, Mr. and Mrs. Cecil Hale, and other relatives.

Mrs. Louise Clark, a junior at Georgia State College for Women in Milledgeville, Ga., has arrived to spend the summer holiday with her parents, Mr. and Mrs. J. L. Clark.

Mrs. Ross Adams left over the past weekend to join her brother and sister-in-law, Mr. and Mrs. J. W. Bradham, to leave for Natchez, Miss., to participate in the National Flying Target meeting.

Mr. and Mrs. J. St. Clair White have returned from Athens, Ga., where they attended the graduation of their son, William W. White, at the University of Georgia.

Miss Ellen Shadoin has returned to Sanford after visiting with her sister-in-law in Sharon Grove, Ky., and with relatives in Evansville, Ind., Owensboro and Elkhorn, Ky.

Mrs. Dorothy West of Tomlinson Technical Institute in St. Petersburg has arrived in spending several weeks with her mother, Mrs. J. P. Stevens. She plans to stay until July 25 to complete a course in medical massage.

Ray Fox, Jr., has returned to Sanford after graduating with a B.S. degree in pre-medical studies at Alabama Polytechnic Institute in Auburn, Ala., on June 3. His mother, Mrs. Fox, attended the graduation exercises and accompanied him home.

Joe Petras is expected to return tomorrow from Pittsburgh, Pa., where he has been employed in the Test Laboratory at Allis Chalmers. He plans to spend two weeks in Sanford before returning to the Georgia Institute of Technology where he will resume his studies.

Miss Catherine Clark returned today from Milledgeville, Ga., where she received a B.S. degree in music education from Georgia State College for Women. She completed her school work in March and since has been instructing in third grade work at the West Side school in Sanford.

Rebekah Lodge 43 Has Regular Meeting

The Seminole Rebekah Lodge No. 43 met on Thursday night in the Odd Fellows Hall with Mrs. J. B. Williams, Noble Grand, presiding. During the meeting degree work was exemplified with Mrs. Louisa Long, Mrs. Janie Lyles, Mrs. Virginia Anderson, Mrs. Nellie Futrell and Mrs. Estelle Elliott being admitted by initiation. Mrs. Falkenburg, former of Eagle Butte, Mont., was admitted to the group by transfer.

A short memorial service was conducted by Mrs. Fred Myers and Mrs. Hasky Wight. Following the meeting refreshments were served to about 80 members.

A tasty warm-weather sandwich filling is made by softening a small package of cream cheese, seasoning it with a little onion, and mixing it well with about a half cup of finely chopped watercress.

Sanford Drubs DeLand In Two Games At Municipal Park

Giants Play Red Hats At Conrad Park In One Tilt Tonight; Wilbur Will Pitch

By ARTHUR BECKWITH, JR., Heron Spots Editor

The Sanford Giants took both ends of a twin attraction from the DeLand Red Hats at the Municipal Park last night as two right-handers, Joe Schults and Buddy Lake, notched their seventh victories of the season. The Giants took the opener 5 to 4 and won the nightcap by an 11 to 5 count.

Tonight Manager Jim Gruber leads his organization to DeLand to meet the Red hats in a return engagement, which is likely to see Ben Wilbur on the mound for the Giants. Tomorrow evening Sanford travels to Gainesville and the G-Men return to Sanford on Thursday. Manager Gruber has two left-handers ready for the G's. Larry Barry will probably be given the mound call in Gainesville with Jack Deal starting the Thursday night affair at the Municipal Park.

Friday the Leesburg Dodgers invade Sanford and Saturday evening the Giants return to Leesburg. St. Augustine plays at the Municipal Park Sunday afternoon.

Tommy Cataldo, Sanford center fielder rapped out hits in his 25th and 26th consecutive ball games last night against the Red Hats, and needs but one hit tonight to get the league record for hitting consecutive games held by the Vitter of Deland. Vitter set the record in 1947.

DeLand opened hostilities in the first game last night in the second inning with a one-run uprising. Johnny McManus booted a roller by Red Roberts, Ray Dunn singled and Spike Fernandez sacrificed Roberts home.

Sanford came roaring back with a four-run spree in the third on hits by McManus, Fred Weber, and Cataldo, coupled with an error by Fernandes and two hit batters.

DeLand knotted the count in the fifth, doubled by Garbas, Brueckner, and Acosta, and singles by Roberts and Malek.

There was no scoring in the game until Sanford came to bat in the bottom of the seventh. Weber led off the inning, and ended the contest with a mighty clout over the right field wall to give the Sanfords a 5 to 4 victory.

Left-hander Jack Deal opened on the hill for the Giants, but was removed in favor of Joe Schults in the big fifth inning by Manager Gruber. Lou Ballard went the route for DeLand and received credit for the loss.

DeLand's scoring was confined to two runs in the eighth, Acosta homered with Malek base in the sixth, then Roberts doubled Acosta home and Garbas knocked a home run with Roberts on the bases in the ninth for the only runs of the game for the Giants.

Sanford peeked away with one in the first, two in the third, three in the fifth, one in the sixth and four in the seventh.

Left Fielder Bob Hallman paced the Sanford attack with four hits in five trips to the plate.

Game Notes

It was unfortunate that Ray Dunn, Deland catcher, was injured last night, but there was no way for the Sanford runners to get to the plate except knock him down... and they did...

Manager Gruber protested the second game in the third inning after Plate Umpire Phil Taylor and Base Umpire Dick Wilson had called a ball "fair" hit by McManus. The ball was drilled down the right field line after heated discussion led by Manager Bill Perrin of the Red Hats. Wilson went down the foul line to spot the DeLand players contended the ball had landed. Wilson came back to the infield and changed Taylor's decision, and he allowed Wilson to do so....

Daytona Beach thumped Orlando twice last night and tied Gainesville for the Florida State League lead.

The Islanders pushed over two runs in the seventh to win the contest over Orlando 8-6, and took the second 5-3. Peleka made it nine wins in a row by stopping Gainesville, 4-0.

Sanford also kept the ball rolling with a double win over DeLand, 8-4, and 11-5. Leesburg struggled through to its 16th victory of the year, nosing St. Augustine, 5-4.

Steve Koch and Wally Gaddis, members of the Daytona Beach team, are Opie's boys. The double header between Daytona and Orlando, Lee Belli and Lee Berg, showed the punch in the first game, each hitting a pair of hits and driving in a run. Four Orleanians helped the Islanders with their three on four hits in the second game.

Orlando double plays and errors were a charter of the double header. Gainesville from the start was a bad boy, losing both games to the Islanders.

OB's Calloway Is Pitted Against Fast Field Tonite

Goddess of action is promised in the feature ninth race at the Volusia County Kennel Club in Daytona Beach tonight when OB's Calloway, two-time champion, who never gets a chance to redeem himself, meets the night defeat. At that time the big 67 pounder owned by Oswald Brothers was pinched back at the break and never recovered.

Tonight Calloway will be up against a "hot boy" of greyhound speedsters, any one of which is capable of giving his crown another tilt. Competitors of the red filer are Slim Tom, Keno, Ace, Surefoot, Checkmate and Tailwind. It's a tough bunch to beat.

In tonight's card Racing Secretary Merrill Watts is following his prevailing policy of listing eight races over the 5-16 mile route and two marathons over the long Beach Course. Among the stamina runners are Florafile, Sooner, Seleet and Baby Fay all 48 favorites in Daytona Beach.

The one-called animal never grows old and never dies, unless it is eaten by another animal or meets with an accident. To propagate, it simply divides itself in two.

**RUSSIAN "NATIONAL"
RESTAURANTS PLANNED**
MOBCOW June 3—(AP)—Fourteen restaurants specializing each in the national food of one of the nationalities of the Soviet Union are to be opened in Moscow in the future. At the present time there is only one such "national" restaurant, which is the "Araya," a Georgian restaurant.

There are, however, other eating places which specialize in some particular type of food. For instance, there is a Jewish dinning room which serves Jewish dishes. There are several restaurants specializing in "pelmeny"—a Siberian dish—and "blini"—or

Russian pancakes. There are special "shashlyk" restaurants serving mainly this famous Near Eastern dish of broiled lamb.

In fact it is possible even at the present time to find nearly every sort of specially prepared dish either by origin or typical of one of the other nationalities of this country.

The new "national" restaurants, however, will be something quite new. They will be decorated throughout in the style typical of the nationality which they represent. The entertainment will not only be "national" but in many cases will actually be sent by train or plane to Moscow from the national republic.

Rural Common Sense
By SPUDS JOHNSON

To the old question, "When do we eat?" has been added a new one, "What do we eat?" in a good part of the world. With a rapidly increasing world population, with available land for food production greatly taken up and decreased in many cases, the problem of producing enough food for the world's people to be well fed is giving increasing concern.

It is to be hoped that the question will never become the simple one, "Do we eat?" While soil conservation is necessary, simply holding our own will not be sufficient for the future. We must increase the area cultivated or the yields of those soils under cultivation, or both. If an increasing population is to be adequately fed

Parallel development of both agriculture and industry within the same region is the constructive approach to the problem, in the opinion of Dr. Charles E. Kellogg, soil scientist of the U. S. Department of Agriculture.

He estimates that between one

and a quarter and one and a half million acres in the world can be

brought into cultivation if industry is developed in the areas of agriculture. In this way farmers would be provided with transportation, electric power, machinery and all other essentials for modern farming.

Community industrial development has received considerable attention in this country, and the South today has small rural industries scattered throughout its bounds. This not only helps provide a market for products but also gives employment to the surplus labor and increases the income of the community. Rural industry has and is being encouraged.

Of course, increased productivity through wider use of present knowledge, through development of new research, new methods, and se

on, can give a considerable lift to the food supply still. With more machinery, fertilizers, lime, insecticides and electric power, farmers could raise output easily 30 percent on some items and 20 percent on others, USDA experts say.

IF YOU WANT-RELIEF and HELP

Send for our ARTHRITIS BOOK

(We Have No Medicine or Anything Else to Sell You)

No Matter how long you have suffered, or what you have tried, this instructive Arthritis Book, written in easily understood words, will enable you to understand your own case and may save you years of suffering.

This book contains information heretofore known only to Specialists. It explains the difference between types of Arthritis and between Arthritis and Rheumatism, Sciatica, Neuritis and Lumbar Disease, and describes associated complicating diseases. It explains the Anatomy and Physiology of the Involved Muscles, Joints and Nerves. Few realize how serious these diseases can

become if long neglected.

Methods of treatment are mentioned. You are told where to look for Help and Pain relief near at home, without the expense of traveling to another climate.

This book is sent only to sufferers who really need help.

The edition is limited. Number not appear again. Write at once—for your copy SEND \$2 Three Cent Stamps (not) to help cover distribution cost. You are not obliged. We have no medicine or anything else to sell. You will not be asked to send us a penny of money. Address

Governor Signs Record Bill On Appropriations

\$57 Million Expenditure Over Expected Income Made Law

TALLAHASSEE, June 14 (P)—A record appropriations bill authorizing \$57,000,000 more in expenditures than the State has in sight for the next two years is law today with Governor Warren's signature.

He approved the \$240,000,000 spending bill last night after using his veto power to strike out three provisions by which the Legislature sought to tie strings to some of the funds.

The bill allocates the money to nearly every State agency, institution and department for the next two years. The Governor is expected to call a special legislative session late in the summer to levy new taxes to pay the bill.

Governor Warren struck out provisions which would have:

1. Prohibit release of any contingent or emergency funds except on written application, public hearing and affirmative vote of five of the seven Cabinet Budget Committee members. He said that would be cumbersome and might result in delays when emergencies arose.

2. Limit the salary of the State forester to \$6,500. He pointed out that it conflicted with another act of the Legislature permitting payment of \$7,500 to the forester. He now gets \$6,000.

3. Prohibiting employment of a person in two jobs or payment of his salary from more than one fund except with the Budget Committee approval.

The Governor also vetoed two other acts of the Legislature designed to stop the practice of employees receiving pay from two or more funds. The Governor's press secretary and one of his special investigators are on a long list of workers drawing pay in two ways.

Warren said although the bills might be economy measures, they actually would have the opposite result by forcing many agencies to hire full time specialists for essential work when they could save by hiring an expert of another agency part time.

Before the midnight deadline for him to sign or veto passed by the Legislature, the Governor also vetoed sets that would:

Compensate cattle owners whose animals died as a result of dipping for fever ticks. He said the Legislature failed to provide funds to make the payments.

Permit the Game and Fresh Water Fish Commission to arrest anyone in the state who is absent without leave. He said it would cause confusion among people doing business with the board and increase travel expenses.

Require medicine chest poisons to be sold in rough surfaced bottles. He said the bill was inspired by "splendid motives" — but it was unenforceable, did not define poisons and might be an unconstitutional infringement of trade in interstate commerce.

His last-minute vetoes brought the total to 44. If the Legislature comes back in special session, it will get a quick chance to override those that came after the regular session adjourned.

More than 800 bills became law without the Governor's signature and all before the deadline passed.

Most of them were local bills affecting only one city or county.

Along them were measures controlling rents in Dade, Hillsborough and Polk Counties. The Governor had vetoed a statewide rent control law and it was sustained by the Legislature in regular session, but he let the local laws stand.

General acts that became law on the last day:

Set up a separate board of parks and historic memorials, divorcing the State Park Service entirely from the State Forest Service.

Legalized summer dog racing in North Florida at Jacksonville and Pensacola tracks.

Permit Sunday night baseball.

Changed State beverage laws to eliminate county commission authority to pass on liquor licenses and altering method of measuring distance liquor stores are allowed to be from schools and churches.

Appropriated \$125,000 for expanding the State hospital psychiatric staff.

Retired Professor

(Continued From Page One) him and his wife with rope made from a mattress cover. One of the men burned the bottoms of their shoes so that when he returned to tell them where she had left her car home.

The man escaped, but severely. Several times and without his head down roughly, he told Chief Sheriff. Neither suffered serious injuries, however.

Chief said, "he was able to run away about 20 minutes." The man was taken to the hospital and released.

encourage trade and commerce in Germany, to speed the movement of goods between Berlin and the various zones and to settle specific questions as they arise. The informants said an all-German economic affairs group would be made up of representatives of the East and West zones' economic councils.

Russia is believed to favor this sort of setup. However, the West asked in return that Russia promise never again to reimpose the Berlin blockade.

Vishinsky has expressed a desire to restore Four-Power control in Germany in the form of a representative German Council and Berlin Kommissionatura, and to promote all-German economic unity through a German state council with economic and administrative functions.

Economic experts of the four occupying powers in Berlin yesterday headed to the Foreign Ministry, the East-West checkpoint in the German capital. A spokesman for the Foreign Ministry said the experts had been summoned to discuss the present economic situation and the importance of the foreign exchange situation.

Yet, the foreign ministers fear a disaster if there is no agreement on the currency situation.

On the other hand, the Foreign

Congress Action

(Continued From Page One) struck from Army lexicon the word "unemployable."

"It's a bad word," Secretary of the Army told a Senate armed services committee.

Clapp, much to his surprise, found himself termed "unemployable" by the Army for lecture duty in Germany. The Army quickly apologized but the Senate group called Secretary Gray before it today for an "object lesson" on publishing reports damaging to a man's reputation.

Secretary Gray testified a subordinate in the Department of the Army applied the term "unemployable" to denote unavailability, covering many reasons for unavailability.

"In no way did the files indicate any question regarding the loyalty of Clapp," reiterated Gray.

Earlier the House Un-American Activities Committee voted to grant Dr. Edward U. Condon a hearing whenever he asks for it. And Dr. Condon will request Rep. Nixon (R-Calif.) said he will push for one anyway.

Dr. Condon is director of the Federal Bureau of Standards. A sub-committee report last year described him as one of the weakest links in atomic security. Condon replied he was "absolutely reliable."

Another atomic scientist, Dr. Frank F. Oppenheimer, told the committee this week he was a Communist for three and a half years. He said this was before he worked on the atom bomb project. And he insisted he always was a loyal American.

The commission took no action on a proposal that it investigate a steel strike in Hawaii.

Now was there any action on the bill? The House committee has been handling espionage reports. Nixon has been critical of departmental management of the trial of a suspended employee, Miss Judith Coplon. Nixon said the matter was discussed today but nothing was done.

City Commission

(Continued From Page One)

County Health Unit team as a health measure since costs for this are not included in the City budget. The Commission, however, intends to have alleys sprayed to kill insects as in former years, said Mr. McKibbin.

William Stanwell was appointed as deputy building inspector for the Municipal Airport area. He will serve under Dr. Howard Paulson, building inspector.

A. H. Peterson requested a franchise to mount small triangular advertising signs on City parking meters, with 20 percent of gross advertising receipts to go to the City Manager. McKibbin was directed to investigate other cities having experience of this type of advertising.

Lease for one of the small arms buildings at the Municipal Airport to Spangler Castle was approved. It will be rebuilt to serve as living quarters.

Lease for one of the six lots immediately south of the City water plant to the produce firm of Jones and McLaughlin was approved, subject to a six month clause, at the same area may be later leased by the City if expansion of the water works. The firm will erect a temporary office on the site and park trucks in the area. The site was formerly occupied by municipal tennis courts.

Robert Bestwick of the Florida Power and Light Co. presented an outline of a long range street lighting program and pointed out that the company had previously turned us as demonstrating a new type of high light fixtures of high intensity at the Park Avenue-Twenty-fifth Street intersection.

The Commission delayed action on the matter, due to the fact that the talk was concentrated on commercial and arterial lighting, whereas the immediate need is for lighting of residential areas, said McKibbin.

Visitors at the luncheon included Lyman Phillips, Howard Monteil and Hobo Dean of Sanford.

Dallas Storms

(Continued From Page One)

Property and crop damage was tremendous. Duck Creek rose into a shopping village at Garland, washed away stocks and battered buildings. Constable C. R. Smith said \$1 million dollars in damage was wrought at Garland. A hundred persons were rescued in boats.

Mrs. Cooper and her husband were clinging to telephone poles. She was swept away. He was rescued by a boat and treated at a hospital.

Garland, Vickery, Carrollton and Farmers Branch, all in Dallas county, were under water for a time early today. The floodwaters had receded today.

At just before 10 a. m. the U. S. Weather Bureau issued a special storm warning for the Dallas area. It said a thunderstorm with high winds, heavy rain and possibly hail would reach the Dallas area shortly.

The Trinity River rose 11 feet during the night to 28.2 feet, two feet above flood stage.

An Air Force plane reported a tornado at 8:30 a. m. near northeast Fort Worth shortly before 10 a. m. today. The tornado was moving east-northeast.

Yet, the weather minister said a number of factors are to blame.

On the other hand, the Foreign

Bookie Joints

(Continued From Page One) police chief to enforce the gambling law.

Yesterday two city councilmen—Melvin J. Richard and Burnett Roth—who voted for the resolution, reported to the Miami office of the FBI that they had received telephone threats.

Richard said his telephone rang and when he answered a deep, gruff voice told him:

"Lay off Chief Short (Police Chief R. P. Short) and the Syndicate. This is your last warning."

Richard said the caller hung up and he was unable to trace the call. The caller apparently referred to the Miami Police Department, which controls bookmaking and other gambling activities here.

Roth said he had received several threatening calls and added: "They were just cracks, I suppose; people with nothing better to do."

Both councilmen, elected last Tuesday, said their positions remained unchanged and they intended to press for enforcement of the resolution.

Last Friday Richard introduced a resolution naming the S. & G. Syndicate. Mayor Harold Turk joined Richard and Roth in voting for the resolution but it failed of passage by a 4 to 2 vote.

Cabinet Meet

(Continued From Page One)

"This is the first time the State has been confronted with the stark danger of having to close shop," he declared.

Meanwhile, charges that John A. Scobell, a brash senator for his vote against the anti-secrecy bill, were sent to the grand jury for study after his accuser underwent sharp and rough questioning by defense lawyers.

Scobell, former legislator and long-time local Democratic party leader, entered a formal plea of innocence at the outset of the trial.

Judge James C. Gwynn,

Stanford C. L. Alford of Grand Ridge, who accused Scobell of paying him \$2,000 to vote against the bill, retold the story in a dramatic speech after passage of the measure April 2.

Defense lawyers asked him

whether it was not true that he was for the bill denying wire service to bookmakers because it was backed by "several influential newspapers" and "big money boys."

Alford said he didn't know the editorial policies of the press on the measure, but "I don't know anything about any big money boys and I didn't have any connection with any of them."

At one point, Defense Counsel Clyde W. Atkinson popped at him: "You are pretty easily bribed."

"No, I've never been bribed," Alford shot back. "I've been lunched and dined but never bribed."

The Senator said he had accepted \$2,000 from Judge George L. Scobell of a surrounding county.

A recording of the alleged conversation between the two was mentioned several times but was not produced in court.

Lieut. Jay L. Hill of the State Highway Patrol testified he listened to a conversation over a sound system from the next room between Alford and another man, but he never saw the man. He said he heard Alford say:

"I'll give you a thousand dollars if you'll give me a taste of the case."

"I'll give you a thousand dollars if you'll give me a taste of the case."

In the house itself Rep. King (D-Calif.) described as "highly inappropriate" the criticism leveled at Justice Department handling of the Coplon case by Rep. Nixon (R-Calif.). Nixon was quoted last night as saying the case should be dropped.

In the Coplon trial, Defense Attorney Archibald Palmer maintained that he expected Judge Albert L. Reeves to turn down his acquittal motion, and the court responded:

"That's exactly right."

Palmer said he planned to call a long list of witnesses including Hollywood stars, Dr. and Mrs. Condon and former Secretary of the Interior Harold L. Ickes.

The first conference called to draw up an international wheat agreement met in Rome in 1937.

Stools and umbrellas are the symbols of power for chiefs of the Ashanti, an African tribe.

schools in Seminole County and in the U. S. Air Force, Oct. 6, 1943. He received his basic training at MacDill Field, completed training at Buckingham Field, Ft. Myers and at Cheyenne, Wyoming. In Europe he served with the 746th Bomber Squadron and was first reported missing on March 2, 1944. Confirmation of the death was made in March, 1946.

Spy Trials

(Continued From Page One) perjury charges. The former high State Department official is accused of lying when he denied that he ever gave confidential government papers to Whittaker Chambers, self-styled courier for wartime Red spy ring.

Walter H. Anderson of the State Department identified a message to "M28 tel from Mary Martin widow of Hugh Martin formerly employed for special work by legation at Riga." There followed a cryptic coded passage, its significance not explained.

Outside the courtrooms, the Un-American Activities Committee heard from Dr. Frank F. Oppenheimer, another atomic scientist, that he was a Communist for three and a half years. But he said that was before he worked on the atom bomb project, and he said he always has been a loyal American.

In the house itself Rep. King (D-Calif.) described as "highly inappropriate" the criticism leveled at Justice Department handling of the Coplon case by Rep. Nixon (R-Calif.). Nixon was quoted last night as saying the case should be dropped.

Farmers' Income

(Continued From Page One) son than a year ago.

Much land formerly devoted to vegetable growing now has been put to pasture. Mounts reported. He said five new dairies have come into the county recently and will sell their entire output.

Clark Denies Report Hoover Quit FBI Post

Use Of Secret Reports In Coplon Trial Said To Be Basis Of Hot Row

WASHINGTON, June 15 (AP)—Attorney General Clark today described as "ridiculous" a report that J. Edgar Hoover had resigned in a hot row with Clark after protesting against the Attorney General's decision to let secret FBI reports be used in Judith Coplon's espionage trial here.

Asked about the story in the Times Herald, Clark declared: "I am amazed that a reputable newspaper would go to such lengths as to conjure up a story like that."

A few minutes earlier, Press Secretary Charles G. Ross was asked by White House reporters if he had any comment on the report.

Hoover himself was unavailable. The FBI had met all inquiries with a crisp "no comment."

Clark went into a huddle with a aide immediately after his arrival at the Justice Department this morning. It was understood the subject under discussion was whether to issue a formal statement on the resignation report or ignore it, since it was related to the still-continuing Coplon trial. There was no formal statement after the meeting broke up.

Clark then left for Capitol Hill to testify before a House judiciary subcommittee on a series of civil rights bills. Reporters made no interview on his arrival (Continued on page Two).

Barbara Manning Takes Rest From Publicity Whirl

LOS ANGELES, June 15 (AP)—Pretty Barbara Manning is taking a few days rest from the strenuous publicity whirl as Florida's first lady-to-be.

Hollywood publicists handling the pre-nuptials press relations say the 24-year-old blonde is weary after much picture-taking and interviews by newsmen. She wants to be ready for the actual activities preceding her marriage June 28 to Governor Fuller Warren.

The Governor said yesterday at Tallahassee that Barbara is such a good cook that "in furtherance of frontier frugality which this administration has so faithfully practiced" he is thinking of having her take over the kitchen in the executive mansion.

When Barbara heard this she said, "that's fine, I'll be happy to."

Warren seemed astonished when he learned that one of the Hollywood press agents had banned kitchen photos of Barbara. The press agent explained to newsmen: "A governor's wife or for that matter, any woman in the South doesn't want to be kitchen."

Declared Warren: "If I had been silly enough to hire a publicity man who would make such (Continued on page Two).

Longwood Boy Wins Elks Essay Contest

William "Bill" Snyder, a junior at Lyman School at Longwood, is the winner in Seminole County of the Elks sponsored contest, "What Makes Democracy Work." Joel Field, local Elks essay contest chairman, announced this morning, the youth is the son of Mr. and Mrs. W. H. Snyder of Maitland. Anne Hammontree, daughter of Mr. and Mrs. D. W. Hammontree, was the second prize winner.

At Orlando High School, Charlotte Smith, junior student, and daughter of Mr. and Mrs. R. C. Smith won first prize and Eddie Lemos McConahay, a junior, won second prize. First, prize awards were \$10 and second prize awards

\$5.

The contest, said Mr. Field, was to encourage students to study democracy and to emphasize it in the light of its importance in the hope it holds for the future.

COL. THALEIS PRAISED

JACKSONVILLE, June 15 (AP)—The Chamber of Commerce waterway development committee will present a plaque to Col. Willis E. Teale in appreciation of the work of the Army Engineers and dredgers on the St. Johns River channel to 84 feet.

The plaque, which will be given to Col. Teale Friday, will serve as a fitting award gift for the officer who will leave soon for a post in Germany.

KIDDIES AND MOTHERS ENJOY PARTY AT ZOO

An outstanding social event of the year for the "small fry" was the party given on May 24 by first grade pupils of the West Side Primary School for the kindergarten class. The group of 72 children, accompanied by 45 mothers, Mrs. M. St. John,

principal and Mrs. H. H. Beard, a teacher, walked to the Miami Zoo for an hour of delightful fun watching the birds and animals. Following this they tramped back to the school to complete the party by enjoying cup cakes and ice cream.

Civic Duties Of Women Stressed At Pilot Meet

Mrs. Williams Explains Effects Of Children's Training

"The way the home is run is the way the government will be run in the future," stated Mrs. Sara Nero Williams, president of the Business and Professional Women's Club, who spoke to members of the Pilot Club at their dinner meeting held in the Tourist Center last night.

Explaining the effects of training the children receive in their homes on the future of the state and the nation, Mrs. Williams' topic was "Woman's Responsibility to Her Community."

Mrs. Williams urged that all women take an interest in their government, both city and national. It makes no difference, she said, what club or organization that (Continued on page Two).

Knot Hole Gang To Be Started June 20

Boys and girls under 12 years of age who daily attend the play grounds in the program conducted by the Sanford Recreation Department will be members of the "Knot Hole Gang" to be admitted free to baseball games at Municipal Park, Mrs. P. M. Gingles, recreation director, announced today. The "Knot Hole Gang" will be started June 20.

Bleachers will be erected to the north of the regular bleachers to take care of all members who will be given cards entitling them to admission.

The program for the colored Knot Hole Gang will be operated in the same manner, and members will be admitted to the regular

(Continued on page Three).

New Rotary International Head Goes Out Gunning For Babbitt

NEW YORK, June 15 (AP)—The new president of Rotary International went out gunning for Babbitt today.

"Once and for all, let's kill any remaining ideas about Rotarians being Babbitts," Percy Hodgson said.

He referred to Sinclair Lewis' novel, years ago, which pictured

Rotary president at the organiza-

tion's 10th annual convention now

meeting in New York.

Generally speaking, he said, his ambitions for the coming year are to "make this great organization, which I love so dearly, just a little bit better than it is at the moment."

Hodgson is 47, well-built, curly-haired and a wearer of heavy horn-rimmed glasses and, he said, round ties. He was born in England, came to this country when he was 18, joined Rotary when he was 20, and was attracted by the motto of service.

He said he has been a registered Rotarian all his voting life, but was reluctant to discuss his personal life, and held talk about one's own business down to a minimum.

Hodgson, a yarn manufacturer of Pawtucket, R. I., was elected

(Continued on page Three).

Small town "jolters" are shallow,

narrow, constricting back-slappers,

small town Rotarians by no means resemble a Babbitt.

The decision brought immediate release to two white men, accused by the negro's widow as the murderers of her husband.

Dennis Lamar Purvis, 37-year-old well-to-do business man, and

Malcolm Vivian Pierce, an elec-

trician 27 years old, had been held

for ten days in the same jail from

which the negro was kidnapped

and 30 killed.

Apparently it is now up to the

federal government to decide

whether to tackle the case.

Three Fort Myers Children Drown

FORT MYERS, June 15 (AP)—

Three children, missing since late yesterday, were found drowned in the Caloosahatchie River here today. They were Sidney, 13, Maureen, five, and Shirley, three—children of Mr. and Mrs. Frank Rockwell of Fort Myers. Constable Jimmy Flynn, one of those who recovered the bodies, said apparently the children had gone out in a rowboat and the boat overturned in a heavy wind and rain storm. The capsized boat was floating about 300 yards from the nearest bushes.

Council Approves Ban On Gambling In Miami Beach

City Manager, Police Chief Get Orders To Clean Up Area

MIAMI BEACH, June 15 (AP)—The Miami Beach city council today unanimously adopted two resolutions banning all gambling in the city.

One resolution presented by the Miami Beach Hotel Owners Association called upon the Police Department and the city manager to clean up, impartially, without fear or favor, all ordinances and laws now in force, including those covering every type and form of gambling.

The second resolution, introduced by Councilman D. Lee Powell, directed the city manager and chief of police "to take whatever steps necessary and to employ all available means to suppress and eliminate all illegal gambling and all other forms of lawlessness."

The action today reversed the stand taken by the council last Friday when it voted four to three to adopt a resolution designed to enforce the gambling laws.

It followed a showdown on bookings ordered yesterday by Police Chief Philip A. Short. His appointment is scheduled to be confirmed later today by the council, though his chief has not been re-

City Manager Claude Renshaw.

Unsolved Lynchings Hit 26 In Georgia

IRWINTON, Ga., June 15 (AP)—

Grover added No. 20 today to an unbroken string of unsolved negro lynchings.

A special Wilkinson county grand jury probed for six hours yesterday into the lynch-murder of Caleb Hill, Jr., then the jury ruled there was not enough evidence to bring anyone to trial.

The decision brought immediate release to two white men, accused by the negro's widow as the murderers of her husband.

Coroner E. G. Duckworth identified the victim as Mrs. Ellen Kennerly, about 45, and William Kennerly, 49. He said it was murder and suicide.

The woman had six .38-caliber pistol bullet wounds in her chest, abdomen and head. Kennerly shot himself above his right ear.

Rev. E. A. Covington, Mrs. E. A. Covington, Mrs. E. A. Covington (Continued on page Two).

Mother Of Five Is Killed In Orlando

ORLANDO, June 15 (AP)—A

mother of five children was shot

and killed at her home here to

date by her ex-husband, who then

killed himself.

Police said the woman was

murdered and strangled.

The woman had six .38-caliber

pistol bullet wounds in her chest,

abdomen and head. Kennerly shot

himself above his right ear.

RATLIFF SERVICES

Funeral services for Sgt. Ernest Harold Ratliff, who died

overseas in action March 2, 1945,

and whose body arrived this morn-

ing from Belgium, will be held at 10:30 o'clock tomorrow afternoon at the First Presbyterian Church

with the Rev. A. G. McLain, Dr. M. D. Brownlee and the Rev. W. P. Brooks officiating. Military ser-

vices in Evergreen Cemetery will

be conducted by Campbell-Lossing

Funeral Home.

DUVAL GOVERNMENT

JACKSONVILLE, June 14 (AP)—

Duval County Commissioners

estimated it will take \$3,541,785 to

run the county government during

the next fiscal year. In figures sent to the county budget committee, which must approve the ap-

propriations, the county board pro-

posed to raise \$3,900,010 of the

total by ad valorem taxation.
