## Lake Found Guilty For 3rd. Time; Jury Stays Out 3 Hours

Banker Is Convicted In Connection With Local Bank Failure Of Making Overloans  
Defendant Shows Little Emotion  
Court Finds Him Guilty On Only Second Count Of Indictment

A verdict of guilty was returned against Forrest Lake this afternoon at 2:15 after the jury had deliberated exactly three hours. This is the third conviction against the former banker in the four trials which have been held in connection with the failure of the Seminole County Bank on August 5.

The verdict found him guilty on only the second count of the indictment which charged him with leading himself \$342,552.43, was based on a single note signed by Lake for \$106,654.70, of that amount the state proved he received some \$62,000. The remainder was either barred by the statute of limitations or could not be traced.

The state voluntarily dropped the other three counts of the indictment when it rested on the first count. The state law limits the amount which can be based on an officer of a bank to 40 percent of the combined capital and surplus. In the case of the Seminole County Bank this limit was \$40,000.

The verdict returned by the jury read:

Sanford, Fla., April 19, 1928.

We, the jury, find the defendant, Forrest Lake, guilty as charged in the second count of the indictment.

James A. Sands, Foreman.

The members of the jury were J. A. Sands, H. C. Douglas, Leonard K. W. E. Hettis, F. H. Dickson and Joseph Ludwig. As they came from the jury room all of them looked as though they had been through a strenuous verbal battle. Dickson and Ludwig, especially, showed signs of strain from the three hours in the jury room.

The jury came out once at 2:03 with a verdict but Judge DeWitt T. Gray sent them back to rewrite the verdict paper they offered for his inspection.

Lake was read, while the jury was out, in his claim of want of money about the court room. He was not in the least surprised when the verdict was read. His only complaint was that he would have little time to eat before 3 o'clock when the next trial begins.

An atmosphere of tension and strain in the court room increased as the jury deliberated. Many of the spectators were hungry, satisfied their needs by eating the verdict. Judge Gray did not eat and most of the attorneys in the case remained in the court room.

The door of the jury room closed behind the six jurors at 11:14 o'clock, three minutes after the case had been given them for decision. Judge DeWitt T. Gray finished his instructions at 11:15.

State's Attorney Millard B. Smith delivered the final argument to the jury. He began at 9:30 this morning and closed at 11 o'clock. The judge's charge required approximately 15 minutes.

Other arguments were all made last night. L. F. Fabianski, of the prosecution staff, opened for the state at 6 o'clock yesterday afternoon. He was followed by H. S. White, local defense counsel, who spoke for only 15 minutes before (Continued On Page 4)

## D. A. RE-ELECTION CENTERS UP ON ONE CANDIDATE

Interest In Selecting Seven Vice-Presidents Lies Upon Wife Of Former President Of Packard Motor Company  
Society President Defends Her Choice

Helen Baile Will Have Opportunity To Raise Issue Of Free Speech In Meeting

WASHINGTON, April 19.—(INS)—Chief interest in the election today of seven vice presidents general of the Daughters of the American Revolution at the 37th Continental Congress, was centered in the candidacy of Mrs. Henry B. Joy, of Detroit for one of the vacancies, because of the disclosure that the wife of the former Packard Motor Co. president had been the target of a "poisoned pen" writer.

Mrs. Alfred J. Housner, president of the society, threw consternation into the ranks of those opposed to Mrs. Joy's election when she publicly denounced from the platform the writer of any anonymous communication attacking her for her husband's attitude in opposition to the 18th Amendment.

Reaction to the counter attack by the D. A. R. leader on behalf of Mrs. Joy was that Mrs. Joy's election, if ever doubtful, was now assured by a substantial majority.

The candidates for the seven vacancies besides Mrs. Joy are Mrs. H. Eugene Chubbuck, of Illinois; Mrs. Wattenman Harrison Conway, of West Virginia; Mrs. James Lathrop Gavins, of Indiana; Mrs. Brooke Gwinney White, Jr., of Florida; Mrs. Charles B. County, of Texas; Mrs. William Rock Jopier, of Missouri; Mrs. Robert Howe Hunger of Iowa and Mrs. Daniel Marsh Garrison of Maryland.

The polls will be open all day until five o'clock, and with the voting is going on, an opportunity will be afforded Mrs. Helen Baile to have the issue of free speech created by the black-list protest she made in Boston last week, brought out on the floor.

Mrs. Eleanor Roy, of Fort Scott, Kansas, has been chosen by the "insurgent forces" within the Congress, to fire the first gun with a demand that resolutions sent here by Kansas chapters, be reported out by the resolutions committee. The resolutions are being withheld from publication until the question is brought up in the session, and parliamentary maneuvers are expected today to accomplish this despite the efforts of the administration forces to stifle discussion.

It has been declared to be the policy of the administration to handle the situation through the regular machinery of the organization and avoid public discussion at the congress.

## Helfin Charges Al Smith With Spending Huge Sums To Win Votes At Houston

WASHINGTON, April 19.—(INS)—Charging the offices of Governor Al Smith, of New York with spending huge sums to secure votes at the Democratic Presidential Convention, Senator Helfin (D) of Alabama, this afternoon renewed his demand for a Senatorial investigation of Presidential campaign expenditures.

Helfin declared Mayor Frank Hague, of Jersey City, had promised to pay all expenses of the New Jersey delegation to Houston if the delegates signed pledges for Governor Smith. "This expenditure totaling \$10,000," Helfin said, "may be a violation of the Corrupt Practices Act."

Helfin predicted the defeat of Governor Smith if he were nominated. "Smith wouldn't have any more chance of carrying these Northern states, where he's getting delegates now, than a snow ball has of keeping its shape, beauty and coolness down in the infernal regions," he shouted.

Helfin challenged the Senate to "call in" Smith, Herbert Hoover, former Governor Frank O. Lowden of Illinois, and Senator Charles Curtis, of Kansas, "to interrogate them about their campaign expenditures." The people have a right to know, he declared, whether any candidate is trying to "buy a nomination or an election."

## DEFENSE FAILS TO ASK OILMEN TO TAKE STAND

WASHINGTON, April 19.—(INS)—The defense rested suddenly in the criminal conspiracy trial of Harry F. Sinclair today without putting the oil men on the stand as expected.

The defense also failed to place in evidence the 150,000 word deposition it took from former Secretary of Interior Albert B. Fall, who charged with conspiracy with Sinclair in connection with the leasing of Teapot Dome.

No reason was ascribed for the last minute decision to keep Sinclair off the stand. The deposition was ignored, most of the lawyers concerned agreed, because in the cross-examination of Fall it had been developed that he had to a Senate committee about a \$100,000 loan he got from E. L. Doherty, writing the committee the money was borrowed from E. B. McLean, Washington publisher.

The defense closed with an explanation of a \$25,000 transaction between Sinclair and Fall. This was a part from the \$250,000 that the government charged was a bribe to Fall, but which the defense said was payment for a grand interest in Fall's New Mexico ranch.

It took half a dozen of the witnesses and a whole series of notes and cancelled checks to trace the highly involved transaction.

As finally unfolded, Sinclair had \$25,000 in liberty bonds in May, 1923. The lawyer turned the bonds over to Fall and got a 12 month note in return. In the meantime, Fall went to Russia for expenses, getting \$100,000 for his expenses.

The note remained untraced.

Then, in 1925, after Fall and Sinclair had been indicted, Fall rendered a bill of \$25,000 for "professional services" to Sinclair in connection with the 1923 Russian trip. The checks this received were endorsed and taken to Zevely, who on Nov. 23, 1925, surrendered the note. Two days later, Zevely gave his own check for \$25,000 to Sinclair.

## Judge Postpones Trial Of Banker

Postponement of the next trial of Forrest Lake until next Tuesday was ordered at 3 o'clock this afternoon by Judge DeWitt T. Gray to give everyone concerned with the case a few days of rest. This trial will be on an indictment returned by the September special grand jury first called to investigate the failure of the bank. The indictment charges embezzlement and misappropriation of \$25,000 of the bank's funds. It is the first indictment of the September grand jury on which Lake has been tried. The previous cases were all based upon indictments returned by the February grand jury.

## FLYERS STILL WISH TO MAKE U. S. IN PLANE

German Aviators Aver They Are Bent Upon Reaching New York In Airplane Bremen  
First Authentic Report Is Made

Airmen Relate Story Of Thrilling Finish Of Successful Hop

CLARKE CITY, Que., Apr. 19.—(INS)—The first definite and official information as to the plans of Baron Von Huenefeld and Capt. Herman Koehl, of the German trans-Atlantic plane Bremen, was received here today by radio and dog sled from Greenly Island where the famous ship landed.

Baron Von Huenefeld, in a statement to International News Service, revealed that the flyers are still determined to reach New York in the Bremen.

"After the arrival of aviator Charles A. ('Duke') Schiller at Greenly Island it was determined that Major James E. Fitzmaurice should fly back to Murray Bay with Schiller for replacement parts so that the Bremen could be repaired," said the Baron. "We decided to repair the undercarriage and put a new propeller on the plane and then the three of us would continue our flight to Montreal.

"Fitzmaurice did not desert us. There was no misunderstanding. He merely returned to civilization from our lonely outpost to get spare parts for the machine. Capt. Koehl, Dr. Louis Cassinier and the mechanic of the Schiller plane decided to remain here at Greenly Island with me when Fitzmaurice hopped off for Murray Bay. I hope that Fitzmaurice will be back this evening or tomorrow. I think the repairs can be made in a day so that we may be able to hop off on Saturday.

The Baron said that the last half of the journey was made under frightful conditions, with fog so thick that nothing could be seen. He sat in the back of the plane while Koehl and Fitzmaurice took turns at the controls. He slept at intervals and in his waking moments killed time by writing poetry.

"It was Fitzmaurice who first discovered land," said the Baron. "He told Koehl and me we set off flares to see if we could get any response. The flares lit up the air beneath us and we saw that we were flying over a dense forest. Koehl made out the lake and we descended. That was about 5 o'clock in the afternoon. Despite the perils and the hardships of the long flight we felt sure all the time that we would succeed. Fitzmaurice ran into a gale of wind, fog and snow combined. The worst trouble were off the Grand Banks of Newfoundland—a district known for years in shipping circles as the graveyard of the Atlantic."

The Baron told of the "pleasant surprise he and his companions felt when Schiller arrived in his plane on Sunday. In the meantime the flyers were not lonesome. A number of persons had crossed Belle Isle Strait from the Labrador mainland to visit them.

Baron Von Huenefeld paid wonderful tribute to his two companions, saying that they showed the utmost courage throughout the trip. They were cheerful and never once lost hope. When the landing was made Koehl and Fitzmaurice were nearly blind from straining their eyes through the fog in an effort to descry land.

## COMPANY'S HEAD SUGGESTS PLAN TO HELP MINERS

Chairman Of Board Of Directors Of Coal Concern Says Workers Have Too Big Families To Support Properly

WASHINGTON, April 19.—(INS)—Birth control was suggested as a measure of bettering living conditions among coal mine workers today by W. H. Coolidge, chairman of the Board of Directors of the Island Creek Coal Company of Boston, Mass., with mines in Logan County West Virginia, before the Senate Coal Committee.

"I favor birth control," he said in answer to a query by Senator Wheeler (D) of Montana regarding the living conditions of children in the mining districts. "This thing of bringing up a large group of children when the economic burden is already heavy enough for the head of the family, should be curbed."

He defended absentee ownership of coal mines in Southern West Virginia. Coolidge criticized raising wages to find some way of relieving the cost of coal to 100,000,000 people in the United States, for the benefit of 500,000 coal miners and possibly 100,000 owners and stockholders of coal companies.

Heretofore, he pointed out, investigations have been ordered because it was alleged coal cost the people too much.

"We have no believed this matter was within the control of the federal government," he said, "but so far as possible we desire to help this committee in considering the question. There is no coal problem so far as the company I represent is concerned."

Questioned by Wheeler as to his relationship to President Coolidge, the operator said he and the chief executive had a common ancestor ten generations back.

## Police Hold Man Taking Blame In Hall-Mills Case

EL RENO, Okla., Apr. 19.—(INS)—Elvin F. Allen 28, serving a sentence in the Oklahoma Penitentiary for larceny and transferred here for trial on a burglary charge, was held incommunicado in county jail today. The authorities await an expression from New Jersey officials on his nine page confession that he murdered the Rev. Edward Wheeler Hall and Mrs. Eleanor Mills near New Brunswick, N. J. Sept. 14, 1922.

County Attorney W. P. Morrison and Sheriff T. C. Shackelford, said they had nothing of which to base the principals in the murder and the later trial talked officials secured for purposes of comparison.

Allen informed the authorities he was making his confession to "get something off my conscience" according to his story, he is the son of an American parent but was born in Mexico, he served a term for mail robbery as a boy in the Meriden, Connecticut reform school, he said. Portions of Allen's confession, which named a Newark, N. J. dentist whom he had paid him \$2,000 and gave him an automobile, for committing the murders, were withheld by County Attorney Morrison pending word from New Jersey.

The gist of the confession, summarized in a mass of detail, is that Allen held Mr. Hall and Mrs. Mills as they sat in a parked car, compelled them to drive into a corn field and there shot both. After carrying the bodies to the spot where they were later found, in what he termed "plain language" Allen drove the car to Vernon, Okla., and burned it, he said.

The confession further referred to a woman accomplice who Allen says his common law wife and who, he says, held Mrs. Mills and presented her escape, while he was killing the clergyman. Allen refused to divulge her name.

## POWERS PERMIT CHINESE TO HAVE SAY IN SHANGHAI

For First Time In Many Years Orientals Will Have Representation In Governmental Affairs Of Their Own City

WASHINGTON, April 19.—(INS)—Chinese were admitted today to the governing power in Shanghai, the great metropolis of the Orient, for the first time since the treaty powers set up the international settlement there seventy-five years ago.

Details of the new arrangements were communicated to the State Department by Consul General Cunningham at Shanghai.

Under a formula approved by Great Britain, Japan and the United States, a foreign settlement in Shanghai is to be governed by a council of nine members of the council will henceforth be Chinese, elected by native taxpayers. In addition, six other natives are to be appointed by the council to membership on standing committees—namely, police, various phases of the municipal government, such as the police committee, sanitation commission, education board, etc.

Effective in June, all public parks, heretofore closed to all natives save servants of white residents, are to be open to all. These concessions, by the treaty powers, represent a notable advance for Chinese nationalism.

## CONSPIRACY TRIAL OF HARRY F. SINCLAIR WITHOUT CALLING HIM TO TESTIFY AS EXPECTED

WASHINGTON, April 19.—(INS)—The defense rested suddenly in the criminal conspiracy trial of Harry F. Sinclair today without putting the oil men on the stand as expected.

## BIRGER GIVES HIS LIFE FOR MURDER OF CITY'S MAYOR

"Scourge Of Egypt" Goes To Death On Gallows With Apparent Unconcern; Waves His Hand At Large Throng

BENTON, Ill., Apr. 19.—(INS)—Charles Birger, "scourge of Egypt," went to his death on the gallows here at 9:51 A. M. today for the murder of Mayor Joe Adams of West City, Ill.

Birger was led from his cell at 9:45. He walked the short distance to the gallows unassisted and once upon the wooden structure, waved his hands to the vast throng of spectators.

State's Attorney Roy Martin and Sheriff James Pritchard approached him and said a few words. Birger assumed an air of gaiety which the strain in his face belied.

Not once during the long night had Birger closed his eyes. When dawn came he was asked if he wished anything to eat. "Yeah," drawled the gangster general. "Yeah, gimme a couple ounces of carbolic acid."

When it came time to lead him to the gallows, Birger as if with a great effort drew himself into a semblance of composure. He waived assistance in walking up the scaffold steps.

The noose was adjusted about his neck and the execution rope was fastened about his small, lean body. The trap was sprung at 9:51 and he was pronounced dead at 9:58.

## Fosdick Says Crime Of Wealthy Offers Menace To Country

AUGUSTA, Ga., Apr. 15.—(INS)—The more serious problems in crime and degeneracy come not from the weak but from the strong, Dr. Harry Emerson Fosdick of the Park Avenue Baptist Church, New York, told the executive council of the American Bankers' Association, in convention here today.

"Crime and degeneracy are creating a dangerous situation in America," he said. "There are a number of men of ability who rise to the top in American industry, where only the ablest can come through, and it is men like these who, dishonoring the courts despising the people, and condemning the government, have presented to the world one of the most devastating spectacles of public wrongdoing in the history of the government."

The central problem of America today is the handling of power, Dr. Fosdick said. It is not the crime among the weak that we must fear but rather that which originates with the strong, he declared.

## Police Investigate Shooting Of Negro By Civil Engineer

RICHMOND, Apr. 19.—(INS)—Police today were investigating the shooting last night of Michael Lewis, negro, by George L. Suhor, retired civil engineer, while the man was attempting to break into his home.

Suhor advanced the theory that the negro was hired to come here from their old home near Clarksville, in Mecklenburg County, to murder him and his wife. "We own a big tract of land down there and some of the natives have it in for us," Mrs. Suhor said, "and he is the daughter of the late William H. Couch, wealthy whiskey distiller, who committed suicide about ten years ago in a Pullman car near Houston, Texas, while returning from a trip to the Pacific Coast on his second honeymoon."

Suhor shot the negro three times, seriously wounding him, and then held him for police. Although the negro emptied his six-shooter at him, only one struck him, causing a slight wound in his finger.

Five years ago Suhor killed a white man in the act of breaking into his home. He believes this man was also involved in the same conspiracy to murder him and his wife.

## Sweeping Investigation Is Proposed Into Leases Of Salt Creek Fields

WASHINGTON, April 19.—(INS)—A sweeping investigation into the leasing of government oil lands in the Salt Creek fields of Wyoming was proposed in the Senate this afternoon by Senator Norris (R) of Nebraska.

Norris sponsored the resolution of inquiry as the climax to several weeks of debate in which Senator Robinson (R) of Indiana charged the Wilson Democratic Administration was just as culpable in the oil scandal as the Harding Administration because of the leasing of the Salt Creek fields.

A seven year old memorandum, written by Robert C. Bell, former Assistant Attorney General in 1921, condemning the Salt Creek leases as fraudulent, spurred Norris to denouncing the inquiry. The resolution was referred to the Senate Committee on Audit and Control without debate.

Norris proposed that the Senate Public Lands Committee conduct a "full and complete investigation as to the leasing of the Salt Creek lands in the State of Wyoming," to determine whether there was fraud in the leases. He also proposed that the inquiry determine whether the leases "tended to create a monopoly in the production of oil."

The resolution finally asked the committee to report what legislation was necessary to curb fraudulent leases and to prevent monopoly of government oil fields.

WASHINGTON, April 19.—(INS)—A sweeping investigation into the leasing of government oil lands in the Salt Creek fields of Wyoming was proposed in the Senate this afternoon by Senator Norris (R) of Nebraska.

Norris sponsored the resolution of inquiry as the climax to several weeks of debate in which Senator Robinson (R) of Indiana charged the Wilson Democratic Administration was just as culpable in the oil scandal as the Harding Administration because of the leasing of the Salt Creek fields.

A seven year old memorandum, written by Robert C. Bell, former Assistant Attorney General in 1921, condemning the Salt Creek leases as fraudulent, spurred Norris to denouncing the inquiry. The resolution was referred to the Senate Committee on Audit and Control without debate.

Norris proposed that the Senate Public Lands Committee conduct a "full and complete investigation as to the leasing of the Salt Creek lands in the State of Wyoming," to determine whether there was fraud in the leases. He also proposed that the inquiry determine whether the leases "tended to create a monopoly in the production of oil."

The resolution finally asked the committee to report what legislation was necessary to curb fraudulent leases and to prevent monopoly of government oil fields.

### Tunney Engineered Entire Details Of Coming Match With Heeney, Says Rumor

NEW YORK, Apr. 18.—(INS)—In the wake of George L. Rickard's return to the land of the sky blue check home came a potpourri of affirmations today that seemed to prove that full details of the bout in July for the world's heavyweight championship—including the selection of Thomas Heeney, the honest one, as challenger—are being very carefully handled by James Joseph Tunney.

The first of these, as should be proved to be the most important, was the effect that Tunney had to do with Jack Dempsey's retirement than any other individual identified with the matter. It was said that Tunney himself insisted that Dempsey should fight him in June or not at all. An alternative, being more in line with Dempsey's idea of a situation, proved to be the more acceptable it seems.

Dempsey either will fight no more or he will not fight more at any time, Tunney was said as having declared. "I do not accept the June date, I do not want to fight him again because I shall refuse to fight him."

The man to whom this statement was made was in New York today and his word can be accepted as thoroughly reliable. He declared that Tunney had gone on to explain that his two-fight plan had been predicated on this program: first, Dempsey; second, the winner of the elimination tournament.

### Unexpected Strength Has been Exhibited In Western Area Of American League

NEW YORK, Apr. 18.—(INS)—The infant baseball season entering its second week exhibited unexpected strength in the Western American League. The St. Louis Browns, who dropped to fourth place, led Lyons was effective in the pinches. The Chicago Cubs are beginning to live up to their training camp reputation. They jumped to second place in the National League by knocking out the Cardinals in the tenth, 4 to 2. Perry Jones, a better start than their pitcher had anticipated. Two Alexander the Great and scored the winning run on Cuyler's single in the center field, and Earl Webb, under study for Chicago, made his debut. Jack Wilson, Jameson, Summa and the others, are enjoying a new life.

Nearly 50,000 fans are expected to attend the Tigers' game today when they defeat yesterday 6 to 0. The Tigers, however, Detroit, might count home run and had been obtained by the Tigers.

Flag Education Week

Governor John W. Martin has stopped long enough in the hurry and bustle of managing the affairs of the state and conducting his campaign to call attention to the importance of the United States flag.

The purpose of this week is to inculcate into the boys and girls of this state, and into older people too for that matter, a proper respect for the flag of their country.

We have seen the American flag on a staff mounted with an eagle carried through the streets of American cities as thoughtless Americans allowed it to pass while their heads remained covered.

Such instances as these are no doubt due entirely to carelessness. No one in this country, we believe, is so ignorant as not to know better.

Catholics In The United States

The Official Catholic Directory for 1928 gives some interesting statistics pertaining to Roman Catholics living in the United States.

There are 1,273,291 Catholics living in the Archdiocese of New York and 1,250,000 in the Archdiocese of Chicago.

There are 2,281,837 pupils in the Catholic schools and colleges of this country. The number of churches is placed at 18,293 and there are 25,773 Catholic priests.

There are also 615 Catholic hospitals in this country, 147 Catholic homes for the aged and 351 Catholic orphan asylums caring for 51,961 Catholic children.

"Spouts Of Blood"

Latin American countries and the city of Chicago are not the only places where campaign speeches in behalf of political candidates grow too warm for comfort.

"Speeches in the French general election," says the Time weekly magazine, "are now bubbling up as hot as boiling beeswax."

"When Minister Tardieu's tongue came bounding from his pince-nez and pierced the blankness of his opponent with icy logic, thereupon Andre Miellet smote Andre Tardieu squarely upon the nose, shattering his pince-nez, drawing spouts of crimson blood."

Occasionally, as was the case in Fort Myers last summer, are we reminded of the curious newspaper notions which prevailed in the adolescent years of American journalism.

### Lake Found Guilty For 3rd. Time; Jury Stays Out 3 Hours

receiv for dinner was taken. Court reconvened at 8 o'clock on Palmer and W. B. Dickenson, Tampa, the two chief defense attorneys, spoke between that time and 10 o'clock when court was recessed by Judge Gray until this morning.

State and defense were each allotted three hours for argument. State opened and closed. Palmer spoke for approximately one hour. Dickenson and Dickenson spoke over an hour and a half for defense.

The arguments last night drew court room full of spectators. This morning's session drew out half as many. Shortly before 10 o'clock this afternoon, many of those still remaining, awaiting the verdict. Of these, at least 10 were women, many of whom followed the trial each day night since it began.

his case outlasted by several days the other three in which he has been tried. It began at 10 o'clock today at 4 o'clock in the afternoon, when the task of selecting a jury began. Testimony of the first witnesses for the state began at 8 o'clock last Friday night after 24 hours had been consumed getting six men to try the case.

The state rested its formal case several days ago and since then there has been a succession of defense witnesses mixed with several state witnesses recalled by both state and defense.

The large portion of the testimony was given by two men, Lake and A. R. Key, his former friend and associate in the Seminole County Bank. Their testimony clashed at several points and it was the jury's business to decide which told the truth.

Lake's chief defense was attack on Key and pleading ignorance of illegal deals made in the bank. Key, who had pleaded guilty to the charge against himself and admitted on the stand that he had done many illegal things to benefit of Lake and with the defendant's authorization and aid.

his argument this morning, Attorney Smith pictured Lake's come-on man, the man who did all these things which wrecked the bank at Lake's side. He pointed to Lake as a hoodlum, a bond trustee, Mayor of City and president of the bank, and in his responsibility to the general public and to the state.

He was a wizard with figures, kept a "fearful and a set of books" for the charged Key with attention to fasten the blame for transactions in the bank on reasons of his own.

He told them to make the loan come before the legal limit the Lake exceeded.

The other American League teams are still waiting for the champion Yankees to crack. Although hit hard, Waite Hoyt pitched the New Yorkers to a 10 to 7 triumph over the Red Sox.

INDIANAPOLIS, Ind., Apr. 19.—(INS)—The French Hispano-Suiza stock car leading its American rival early today in the 21 hour grind of the \$25,000 International Speedway match race. The Stutz entry had twice been forced to the pits by mechanical trouble. Guided only by flares along the track, the stars tore through the night in terrific speed. Shortly after midnight when the Hispano-Suiza had completed 8000 miles—320 laps—it was found that the French had averaged 72.35 miles per hour.

At that time the American entry, owing to mechanical delays, was more than 200 miles behind, but had taken the track again and was trying heroically to whittle down the intervening gap. Hispano's immunity from mechanical trouble has been the sensation of the race. For the first 675 miles the French car averaged 76.43 miles per hour. The previous track record in similar races is 70.44 miles per hour.

### Lake Found Guilty For 3rd. Time; Jury Stays Out 3 Hours

Court reconvened at 8 o'clock. Tom Palmer and W. B. Dickenson, of Tampa, the two chief defense attorneys, spoke between that time and 10 o'clock when court was recessed by Judge Gray until this morning.

State and defense were each allotted three hours for argument. The state opened and closed. Palmski spoke for approximately an hour for the state. Palmer took 25 minutes and Dickenson a little over an hour and a half for the defense.

The arguments last night drew a court room full of spectators and this morning's session drew about half as many. Shortly before 2 o'clock this afternoon, many of them still remained, awaiting the jury's verdict. Of these, at least half were women, many of whom have followed the trial each day and night since it began.

This case outlasted by several days the other three in which Lake has been tried. It began a week ago today at 4 o'clock in the afternoon, when the task of selecting a jury began. Testimony of the first witnesses for the state began at 8 o'clock last Friday night after 24 hours had been consumed getting six men to try the case.

The state rested its formal case several days ago and since then there has been a succession of defense witnesses mixed with several state witnesses recalled by both state and defense.

The large portion of the testimony was given by two men, Lake and A. R. Key, his former friend and associate in the Seminole County Bank. Their testimony clashed at several points and it was the jury's business to decide who told the truth.

Lake's chief defense was attacking Key and pleading ignorance of all illegal deals made in the bank. Key, who had plead guilty to this charge against himself and Lake, admitted on the stand that he had done many illegal things for the benefit of Lake and with the defendant's authorization and knowledge.

In his argument this morning, State's Attorney Smith pictured Key as Lake's come-on man, the yes-man who did all these things that wrecked the bank at Lake's direction. He pointed to Lake as a man, who as a bond trustee, Mayor of the City and president of the bank, failed in his responsibility to both the general public and depositors of the bank.

"Big hearted Forrest, that's what his lawyers would have you believe he is," he told the jury. "He was a big hearted Forrest who whooped and hurrahed with your money."

The defense, said Smith, pictured him as a man with his entire fortune crumbling around his head. "It wasn't Lake's fortune that was crumbling," he said, "it was the people of the city and county's money which was going."

The state's attorney charged the defense with bringing in great masses of evidence to cloud the real issue and to muddle, befuddle and confuse the jury and drag the case to a greater length.

Dickenson defended Lake in his argument by attacking Key. He insisted that the former cashier had filched \$25,000 out of Lake's personal account the day he left for Europe in January, 1925. He said Key was a wizard with figures and "kept a fearful and wonderful set of books" for the bank. He charged Key with attempting to fasten the blame for all the transactions in the bank on Lake "for reasons of his own."

If Forrest Lake is guilty in this case, he said, "he's the biggest fool that ever lived." He said no criminal left as wide a trail behind him as Lake seems to have done, according to the state. He told the jury to consider Lake's former reputation in weighing the truth of his point of the state's charges. And he drew them a picture of Lake as a big hearted man.

Palmer's speech was short. He pictured the state with being a mountain that had labored and brought forth a mouse. He tried to show the jury that the bank owed Lake enough to offset the loan of \$62,000 the state succeeded in tracing to him. He told them the \$62,000 offset made the loan come below \$50,000, the legal limit the state charges Lake exceeded.

### Gotham Fans Have New Idol As O'Doul Hits Two Homers

NEW YORK, Apr. 19.—Frank (lefty) O'Doul, who wasn't good enough to make the grade with the New York Yankees several years ago is now a leading gate attraction in the camp of their rivals, the New York Giants. The California Irishman is the new idol of Gotham fans today as the result of his feat in hitting two mighty home runs yesterday, which gave the Giants a 5 to 1 victory over the Phillies in a struggle held on the top rung of the National League ladder.

O'Doul, like Babe Ruth, was converted from a pitcher into an outfielder because of his hitting. And his fielding is brilliant enough to

make any manager turn handsprings. His errors and effective pitching by Dazzy Vance enabled Brooklyn to swamp the Braves, 7 to 5, and jump to second place.

No less than 46,000 fans packed Wrigley Field to see the Cubs lose their first home game to Cincinnati, 9 to 6. Home run by pinch hitter Earl Webb, his third of the season, enabled Chicago to overcome a four run lead, but the Cubs won in the ninth on George Kelly's double with two on.

The other American League teams are still waiting for the champion Yankees to crack. Although hit hard, Waite Hoyt pitched the New Yorkers to a 10 to 7 triumph over the Red Sox.

Cleveland continued its winning ways, beating the White Sox 7 to 1 in the Forest City inaugural. Joe Shaute curbed the Sox to death while his mates pounded Adkins, Shreveport rookie.

The Athletic cemented their hold on last place by losing to Wash-

ington, 11 to 6. Grandpa John Pies Quinn was the victim. Henry Fex with two on failed to stem the tide. The St. Louis Browns, slipping after a good start, disappointed the fans by losing their home inaugural to Detroit, 4 to 1.

### FIGHT POSTPONED

NEW YORK, April 19.—(INS)—Suffering from boils on the neck, Tod Morgan has gone to Hot Springs, Ark., for treatment. The junior lightweight champion's bout with Eddie (Camorah) Martin, former lightweight king, at Madison Square Garden has been postponed from May 1 to May 21.

### RACE SEASON OPENS

NEW YORK, Apr. 19.—(INS)—The New York racing season starts unofficially today with the opening of the three-day meeting of the United Hunt Racing Association at Aqueduct. The regular campaign begins next Monday.

### French Stock Car Is Leading On Speedway

INDIANAPOLIS, Ind., Apr. 19. (INS)—The French Hispano-Suiza stock car leading its American rival early today in the 24 hour grind of the \$25,000 International Speedway match race. The Stutz entry had twice been forced to the pits by mechanical trouble. Guided only by flares along the track, the cars tore through the night at terrific speed. Shortly after midnight when the Hispano-Suiza had completed 8,000 miles—329 laps—it was found that the French had averaged 72.35 miles per hour.

At that time the American entry, owing to mechanical delays, was more than 200 miles behind, but had taken the track again and was trying heroically to whittle down the intervening gap. Hispano's immunity from mechanical trouble has been the sensation of the race. For the first 675 miles the French car averaged 76.43 miles per hour. The previous track record in this race was 70.44 miles per hour.
