Allied Tank Patrol Blasts Out Of Red Ambush Near 38th

60 Thousand Chinese Dig In On Western Front In Attempt To Halt Allied Attack

TOKYO, Mar. 22—(AP)—An American tank-infantry patrol with mine-hunting engineers today shot its way out of a Communist ambush less than three miles from the Red Korean border.

The tanks were moving up one side of the Pukhan River north of Chunchon and the infantry were plodding along the opposite bank when the Reds opened fire.

From high ground they poured machinegun, rifle and mortar fire on all sides of the patrol.

"They let us walk into the trap and then they sprung it," said Cpl. Charley Hamilton, Virginia City, Va. "Our tanks opened up on the hillside with everything they had, but it didn't stop the Chinese. "Enemy fire was all around us everywhere we turned. We finally scrambled across to the tanks and they kept the Chinese down on one side while we moved out."

The tanks pulled back to Chunchon, carrying the wounded.

Along this central Korean sector, the bulk of the Communist troops appeared to have slipped north of Parallel 38.

But in the west, the Reds appeared to be digging in for a desperate stand in South Korea.

Field dispatches said some 60,000 Communist troops manned western defense positions in depth for 15 miles south of the border. These included two divisions of the Chinese Third Field Army, since the Hungnam action in December.

An Allied tank patrol ran into a hot fight Wednesday on the approaches to Uijongbu, north of Seoul.

The third north of Chunchon was the closest announced Allied approach in force to the Red Korean border during the current drive.

Patrols may have crossed the boundary.

A delayed dispatch from AP correspondent William C. Bradford said the armored column rolled north late Wednesday from Red-occupied Chunchon. It pulled back to Uijongbu positions for the night.

Chunchon is eight miles south of Parallel 38.

Allied tanks and infantrymen occupied Chunchon Wednesday afternoon without a fight.

AP correspondent Lef Erickson reported from U. S. Eighth Army Headquarters that Allied forces in (Continued On Page Four)

Defendent In Spy Trial Refuses To Tell Of Red Talks

Rosenberg Declares His Allegiance Is To American Ideals

NEW YORK, Mar. 22—(AP)—A defendant in the atom spy trial refused to say today whether he ever had belonged to any group which discussed the Soviet Russian system.

The question was put to Julius Rosenberg, 34, an electrical engineer, by federal Judge Irving R. Kaufman.

Other witnesses have testified that Rosenberg was a Communist. He is on trial with his wife, Ethel, 35, and his City College classmate, Morton Sobell, 33, a radar expert, on charges of war-time atomic espionage for Soviet Russia. If convicted, all three could be given the death penalty.

Judge Kaufman broke in with his question after Rosenberg said his allegiance was to the United States and that he would fight for this country in a war with any other country. He also testified he had discussed with friends the merits of various economic and political systems.

"Did you ever belong to any group that discussed the system in Soviet Russia?" the judge asked.

"I feel at this time I must decline to answer a question that might tend to incriminate me," Rosenberg replied haltingly.

"Oh!" Judge Kaufman said, and then asked whether Rosenberg had belonged to a particular group or party.

"I refer to membership in any political party," the witness replied.

The defendant counsel, Martin I. Bloch, then asked whether he referred to the Communist Party.

"Yes," Rosenberg replied.

Rosenberg, the first defense witness, entered a series of denials about his position. He testified by his brother-in-law, David Greenglass, former army sergeant at the Los Alamos, N. M., atomic project. Greenglass had told the jury about an espionage ring in which he confessed he played a part.

Rosenberg said he believed the Soviet government "had improved" and "was progressing" and the situation of literacy in the Soviet Union.

"And it contributed a major share in the destruction of the Hitler beast who killed 6,000,000 of my co-religionists," he said, "I feel emotional about it then and (Continued On Page Four)

O'Dwyer Dramatic At Crime Probe

THE ABOVE PICTURES SHOW U. S. Ambassador to Mexico William O'Dwyer in two of his most emotional moments as he testified before the Senate Crime Committee probe in New York. The former Mayor of New York, who told the story of his rise from policeman to mayor, took heated exception to references made by Sen. Charles W. Tobey concerning Frank C. Bliss, one-time Deputy Police Commissioner, insisting on a "respectful hearing," he holds his hands pleadingly. (Top). At bottom, O'Dwyer sits, eyes closed, mopping his brow. (International)

Atomic Scientist Union Proposals Says Russia May Have 50 A-Bombs Rail Companies

ROME, Mar. 22—(AP)—Dr. Harold C. Urey, one of America's leading atomic scientists, said today he thinks 50 might be a good guess as to the number of atom bombs Russia possesses.

The Nobel prize-winning scientist told a news conference here that Russia has that many bombs, that newspapers have speculated and added: "I suppose 50 might be a good guess."

Dr. Urey, who is en route to Israel to deliver a series of lectures in Haifa, told newsmen he doubts whether the Russians have developed any peaceful uses of atomic energy. He said he placed no faith in a statement once made by Soviet Foreign Minister Andrei Vishinsky to the effect that Russia was "moving mountains" with atomic energy.

"I am sure that the Russians have the atom bomb," Dr. Urey said, "and I am sure they have exploded them." When questioned regarding his use of the pronoun "them," the scientist said he felt certain that "several" atom bombs had been exploded in the Soviet Union.

Asked what stage the development of a hydrogen bomb had reached, Dr. Urey said: "They are working on it. I don't know what stage it is in. But I hope it won't work."

He added that all the while the atom bomb was being developed he had "hoped it would not be developed in principle."

"I don't think the atom bomb is a good thing for us to have," the scientist said, "for I think it can only bring destruction." He admitted that he "is very much afraid" of the weapon he helped develop.

However, he said "there is no question in my mind that if a full-scale war should break out, the atom bomb should be used immediately—and on the most effective target possible. But I do hope we will not misinterpret our fear incidents that we will not."

Asked how much stronger America's present-day atom bombs are as compared with those dropped on Japan, Dr. Urey said: "One of our Senators—and they seem to lack the most information—has said bombs six times as (Continued On Page Four)

Four-Year-Old Boy Saves Sister's Life

PHOENIX, Ariz., Mar. 22—(AP)—A four-year-old boy carried his baby sister from their burning home last night shortly before it and six other houses were consumed by flames.

The youngster, Charles Hanley, said "I fetched my sister outside to save her from burning up."

The fire started in the Hanley home and spread quickly to other frame houses, destroying six before the flames were controlled.

The children's parents, Mr. and Mrs. Robert Hanley, were away.

"It got cold and I tried to light a fire in the stove," Charles told firemen. "The big fire started when I dropped a match into a pile of papers near the stove."

The boy's sister, Deborah, is about nine months of age.

Alger Hiss Scheduled To Go To Jail Today

NEW YORK, Mar. 22—(AP)—Alger Hiss—branded a traitor and a liar—goes to prison today.

The former high-ranking State Department official was scheduled to surrender to federal authorities here to begin serving a five-year prison term for perjury.

Judge Henry W. Goddard, who sentenced Hiss, will turn him over to the U. S. Marshal.

Then the Department of Justice will designate the institution to which Hiss will be sent. Hiss, who is 46, will remain at the Federal House of Detention here for about a week.

Hiss has 90 days to move for modification of his sentence. But his counsel, Chester T. Lane, said last night that such a move was unlikely. It would not delay his imprisonment, in any event.

An adviser to President Roosevelt, recently lost an appeal in the U. S. Supreme Court. He has been free in \$10,000 bail while fighting his case up through the courts.

Hiss was convicted Jan. 31, 1950, on two counts of perjury for his testimony before a federal grand jury investigating espionage.

Defense Orders Pour In As West Coast Industries Retool For War

(EDITOR'S NOTE:—Here is another in the series of stories by Associated Press writers telling how the rearmament program is affecting various parts of the country. Today's story tells how California fits into the big mobilization picture.)

By RALPH H. HEPPE

SAN FRANCISCO, Mar. 22—(AP)—Out here on the west coast, they're itching to get on with the job of mobilization.

In typical western fashion, manufacturers are champing at the bit over delays in receiving defense contracts.

This is especially true of smaller manufacturers. They're afraid of being crushed in the materials squeeze if they don't get defense work.

There are few million-dollar contracts so far, outside of the aircraft industry. That industry alone can talk of rearmament in really big terms.

Real weapons of war are coming from the factories, such as the P-80 Sabre jets that are slipping into the Russian MIG jets in Korean skies.

But most defense contracts so far are for such unexciting things as petroleum, rubber products, food and chemicals, radios, tobacco, paper and allied products, electrical machinery, flints and lighters, safety razors, sandbags, coffee urns, pipe, scrapers, valves, tools, aircraft and tractor parts, air encls, electric generators and so on.

The largest single non-aviation contract is that received by the Food Machinery & Chemical Corporation of San Jose. This company, in the heart of the picture, Santa Clara Valley, has a \$177,000,000 order to produce an unannounced type of land tank vehicle. Retooling is to cost \$12,000,000 additional. About \$1,000,000 is being spent on a new plant for the job.

The west coast has a vastly expanded manufacturing capacity, a greatly increased steel industry and a larger manpower pool compared with 1940.

California is the hub of this industrial expansion. Since V-J day private capital has invested more than \$1,200,000,000 in 8,844 new or enlarged plants.

Counting government funds, more than \$3,000,000,000 has been (Continued On Page Three)

St. Louis Bookmaker Tells Senate Crime Committee Of \$20 Million Gambling Take

NEW YORK, Mar. 22—(AP)—William O'Dwyer said today he does not plan to resign as ambassador to Mexico as a result of testimony about political gift-giving that forced city water commissioner James Murray to quit. The alleged "good will" gifts were reported to Senate crime investigators yesterday by John P. Crane, president of the Uniformed Firemen's Association. He said he gave Murray \$25,000 and \$10,000.

WASHINGTON, Mar. 22—(AP)—James J. Carroll told Senate crime investigators today a \$20,000,000 a year gambling operation in East St. Louis, Ill., produced around \$750,000 gross profit in 1949.

Carroll, for many years a St. Louis odds maker with a national reputation, said the East St. Louis operation was carried on by John Mooney and Michael Grady.

He acknowledged he had been associated with Mooney and Grady and said he got \$110,000 in one year for "advice" and "financing." Carroll did not say what year that was. His lawyer had declared earlier that Carroll is now retired from the betting business.

Under questioning, Carroll denied he had ever received protection from police officials.

Carroll's session with the crime investigators brought two points where questions were raised as to whether there was conflicting testimony.

One was about his relations with bookmaker Frank Erickson of New York. He denied he did business with Erickson, but did say he was a member of a nationwide "betting syndicate."

He also said he does not know New York racketeer Frank Costello or west coast gambler Mickey Cohen.

It was brought out then that (Continued On Page Four)

President Truman Flies Home After 3 Weeks Vacation

KEY WEST, Mar. 22—(AP)—President Truman left for Washington today aboard the "Independence" after a three-week Florida vacation.

The White House plane took off from the Boca Chica Naval Air Station at 2:03 P. M.

Col. Francis Williams, the presidential pilot, said the trip likely would require about four hours because of unfavorable winds.

The President swam for 20 minutes this morning and then packed his trunk and suitcase. The weather was cool and clear.

Presidential Secretary Joseph Short said that Mr. Truman would not hold his usual Friday cabinet meeting tomorrow.

The departure marked the end of a vacation far removed from the troubles besetting Mr. Truman's Administration in Congress.

Meanwhile holiday absenteeism was blamed for slowing down a House drive to cut President Truman's \$71,600,000,000 budget for the fiscal year 1952.

Rep. Taber of New York, Republican head of the Atlantic National Book building sometime Tuesday night or early Wednesday morning, but nothing of value was reported missing, police disclosed today.

The rooms were entered by jumping open the back. Police stated also that unsuccessful attempts had been made the night before to enter the Raymond Station and the Family Loan Co. offices in the Florida State Bank Building.

Orlando police yesterday reported similar entry into offices of the Florida National Bank and the American Building and Florida Bank building on Tuesday night. Only a small amount of cash was missing.

Absenteeism Blamed For Slowing Down Cutting Of Budget

MIAMI, Mar. 22—(AP)—A Navy Corsair fighter plane crash landed in Hallandale, just north of Miami, after its engine sputtered today, but the pilot escaped with minor cuts and bruises.

Attendees at a hospital in Hollywood identified the pilot as Lt. James David Beardsley, 24, of Monroeville, Pa. He is a member of a fighter squadron based at Oklawaha, which is here for gunnery practice before going into action.

REGISTRATION SQUABBLE CLEARWATER, Mar. 22—(AP)—A political fight broke out today between Pinellas county Democrats and Republicans over the registration of the county's new voters.

Supervisor Richard Collins asked state attorney Archie Clement and Governor Warren to investigate the award of insurance contracts on 150 county-owned voting machines to Commission Chairman Edward H. La Voie's insurance firm.

Jaycees Nominate Stenstrom As King In Kiwanis Contest

The Jaycees today nominated Mrs. M. D. Gatchel and Judge Douglas Stenstrom to be candidates in the Kiwanis Club king and queen contest this week. A party and boxes will be provided at strategic spots in town by the Kiwanians.

A film showing the Golf for Youth project sponsored by the national Jaycee organization was shown by R. P. Ganas.

Mr. Ganas pointed out that the Jaycees were the logical choice among civic clubs to take in hand the problems of recreation for the youth of community.

He emphasized the importance of the fishing rodeo and urged the Jaycees to get behind the project and make it a success.

Using the golf film as a model of Jaycee sports promotion for youth, he said the local club could build the fishing rodeo into a position of similar importance.

All members of the club were invited to attend the fourth district meeting being held in Haines City on April 8. Mr. Stenstrom read a letter from the host club which stated that the meeting would take up the entire afternoon and listing the various projects to be taken up.

Tim Crawford urged members to get behind the Jaycee dance being held at the Army on Mar. 31. He pointed out that the Howard Morris band and four show were top flight selling points.

Hospital Group Plans Move Back To Old Location

Decisions to move the Fernald-Laughton Memorial Hospital from its present location at the Naval Air Station back to its former location at Fifth Street and Oak Avenue by the time the Navy occupies the Station as of May 1, and to make present hospital equipment available for a future hospital here, were made yesterday by the Board of Directors of the Hospital Association at a meeting at the Court House.

L. I. Tucker, who presided, appointed Mrs. Endre Culet, chairman in charge of the moving operations, and pointed out that she had done an efficient job when the hospital moved in 1947 to the Air Station dispensary building.

Mrs. Culet approved the action to move, pointing out that there is no other place to go than the old hospital building. She stated that Lea R. Lesher and H. B. Pope in anticipation of the move, had taken steps to "recondition the old hospital so that it can be reactivated."

She also stated that since the Navy will start to evacuate the station by Apr. 1, the moving to the old hospital site should be carried out as soon as possible.

Mr. Pope reported that electrical and plumbing work in the building had been slowed up pending receipt of materials which had been ordered.

Mr. Lesher said that carpenter work had been started a week ago Tuesday by Fred Byson, and that painting will be started soon. With the exception of the County Health Unit, the building has been vacated, he stated.

Dr. Frank Cullman of the Health Unit replied that it will move as soon as a place for it is secured, and added that the Unit will probably remain at its present location until Apr. 15.

Mr. Tucker reported on the meeting which he attended in De Land in which he said the trustees of the Best Fish estate told members of the Hospital Emergency Committee of Seminole County that they had determined that they were not in a position to help immediately in the construction of a new hospital here, and offered to cooperate by financing the construction of a wing to the hospital.

Mr. Tucker added that the Fernald-Laughton Memorial Hospital Association is trying to assist in the creation of a new hospital, and in "a very unique way" had made an offer whereby the name "Fernald-Laughton" will be remembered.

He called upon H. H. Coleman to read a resolution to this effect. Mr. Tucker also pointed out that local attorneys are working out plans to secure legislative enabling act which will permit Seminole County to issue sufficient bonds to build a new hospital.

The resolution read by Mr. Coleman pointed out that the Fernald-Laughton Memorial Hospital Association is a non-profit corporation, organized under State (Continued On Page Three)

Robberies Attempted In Office Building

A number of offices were entered in the Florida State Bank Building on Tuesday night and early Wednesday morning, but nothing of value was reported missing, police disclosed today.

The rooms were entered by jumping open the back. Police stated also that unsuccessful attempts had been made the night before to enter the Raymond Station and the Family Loan Co. offices in the Florida State Bank Building.

Orlando police yesterday reported similar entry into offices of the Florida National Bank and the American Building and Florida Bank building on Tuesday night. Only a small amount of cash was missing.

Local Red Cross Group Meets To Push Fund Drive

The Emergency Committee of the Seminole County Chapter of the Red Cross met last night at the new quarters at the Lakach Building to consider ways and means of speeding up the drive to raise more than \$2,000 needed to carry on the work in this county.

Gordon Bradley, who presided, pointed out that with the heavy coming here the Red Cross home service requirements of the county will be doubled. He also stated that Mrs. Joe Gonzalez, who has been working at home service secretary on a part time basis, will have to be put on a full time basis.

Present at the meeting were Mrs. Bradley, E. J. Moughton, Jr., district chairman, Judge Douglas Stenstrom, Marion Harmon, Mrs. Gonzalez and W. R. Conolly.

Mrs. Gonzalez reported that "Caseberry is the first community in Seminole County to go over the top on the Red Cross drive, and has raised more than \$210. Last year the community raised more than \$197. Mrs. F. E. Gosler is fund chairman there."

Judge Stenstrom said that Haines City with a smaller population than Sanford completed its drive in seven days, raising more than \$12,000. Leesburg, he added, has also raised its quota.

Plans for the participation of high school pupils, civic groups and community leader in the drive were discussed.

TRAIN WRECK

LEBANON, O., Mar. 22—(AP)—Five cars and the engine tender of a Pennsylvania passenger train were derailed today just north of Kings Mills.

J. F. Henry, superintendent of the road in Cincinnati, said no one was injured.

Cause of the derailment was not learned immediately.

The passengers were transferred to buses and taken to Cincinnati.

An engine tender and a passenger car of the train and it proceeded to Cincinnati.

The superintendent was unable to say how many passengers were aboard. The train was enroute from Columbus to Cincinnati.

GOOD QUESTION

LONDON, Mar. 22—(AP)—Tablets may make Milwaukee more famous—at least in Britain.

A Conservative member of Parliament gave notice today that on Apr. 16 he will ask the chairman of the House of Commons kitchen committee:

"Why certain tablecloths in the House of Commons dining room bear the legend 'Milwaukee University Club'?"

PLANE CRASH

MIAMI, Mar. 22—(AP)—A Navy Corsair fighter plane crash landed in Hallandale, just north of Miami, after its engine sputtered today, but the pilot escaped with minor cuts and bruises.

Attendees at a hospital in Hollywood identified the pilot as Lt. James David Beardsley, 24, of Monroeville, Pa. He is a member of a fighter squadron based at Oklawaha, which is here for gunnery practice before going into action.

HOPE STORY

PHILADELPHIA, Mar. 22—(AP)—James Dunn was enthralled by the television proceedings of the Senate Crime Investigation in New York. So much so that he didn't even notice that his house was on fire.

The blaze had spread from a shed to the second floor and all the furniture was in flames. It took firemen an hour to put out the flames. The house and its furnishings were heavily damaged.

ZOO GROWING

Eight new animals, including six monkeys, arrived at the Sanford Zoo this week, and all are reported to be getting along fine according to B. J. Davis, manager of the zoo.

The monkeys, all of which have been pitted in cages include two cinnamon ring tailed types, three white faced apes and a full grown squirrel monkey which is very tame and which likes to wear itself inside of Mr. Davis's jacket.

The other new arrivals at the zoo are a male coyote and a kinkajou, a South American mammal.

TIME OF TOYS

PARIS, Mar. 22—(AP)—Erie Coker, Jr., national commander of the American Legion, today started distribution of toys collected in the United States in the "tide of toys."

After Coker made individual presentations to a few bright-eyed nippers, the announcement was made that the other children should come forward and pick out their own packages. About 200 youngsters gathered for the occasion surged forward and left nothing but a few stray ribbons and bits of papers.

This morning's distribution was symbolic, pointed out that the Fernald-Laughton Memorial Hospital Association is a non-profit corporation, organized under State (Continued On Page Three)

CONTRACT LET

Two contracts were recently awarded by the Sanford Housing Authority to the James Stevens Co., Albany, Ga., for equipment for the Castle Brower project.

These include 126 base heaters at a cost of \$5,627 and 125 electric ranges at a cost of \$12,318. It was announced today by George Williams of the SIA.

Williams Praises Work Of Red Cross In World War Two

Service work of the Red Cross during World War II in behalf of soldiers overseas was termed "an excellent job" by a former member of the air group, John Williams, local insurance agent, in a recent letter to Mrs. Volie Williams, Sr.

Pointing out that prior to entering the service and since his return to post-war life he had heard criticisms of the Red Cross, he wrote, "Frankly, I did not ex-

perience any of the criticisms that I heard prior to my entering the service or any of those uttered since my return from overseas.

"During World War II, I encountered the Red Cross on practically every Island I landed troops on. Generally our first stop would be at the Red Cross canteen for coffee, a sample package of cigarettes, and quite often, doughnuts.

"In the evening, we could always go down to their hut where they would furnish us free stationery and a place to write letters home, and at some of their older more established camps they had on hand books, magazines, and games to help us pass away the evening.

"Even on those islands which we were in the process of capturing, one generally found a small Red Cross unit faithfully passing out cigarettes and coffee.

"Consequently, my experience has been very favorable. Generally, when one tries to pin down some of the criticisms that are heard, it turns out that the person doing the knocking didn't have the experience occur to him, but that it happened to a man he knew. I guess it is just a human failure for a person to repeat a criticism to other people without investigating whether it is justifiable or not.

"Speaking for myself, and for our particular Air-Group, the Red Cross did an excellent job."

THURSDAY, MAR. 22, 1951
TODAY'S BIBLE VERSE

There are still millions who think it does. The answer is often flippant. It has a way of turning to ashes in the end. Money answereth all things.—Ecc. 10:19.

Recent news from Iran would seem to indicate that the Russians are getting ready to build up their oil reserves.

Read the newspapers, you people who want to learn how to borrow \$7,000,000 from the government on a \$400 investment. Horatio Alger never wrote anything like it in the most spectacular days of capitalistic freebooting.

Florida's State payroll went up another \$250,000 last month, reaching a total of \$4,775,000 paid out during the month to those who work for the State government.

As important as the conservation of our national resources, as necessary as saving our forests from fires, or our coal and oil from needless waste, is the conservation of the eyesight of the people who make up our nation.

Ambassador (to Mexico) O'Dwyer, formerly mayor of New York City, admits under oath that the King of the Underworld Frank Costello helped him get elected mayor in 1945.

A Duke University psychiatrist, taking note of the growing disrespect and irresponsibility of children, advocates more liberal use of the "spare the rod, spoil the child" theory in combating juvenile delinquency.

We hear so much in this state about how much money the federal government contributes to the welfare of the people of Florida in the form of loans, subsidies, hand-outs and what have you and how this money finds its way into the pockets of fraud and makes everyone prosperous, that it is well to point out sometimes that the federal government actually takes more out of the state than it puts back.

Chemistry And Farming

The word "pesticide" which is so new as not to be found in any but the latest dictionaries, has recently become prominent in government agricultural reports.

It seems that chemicals classed as pesticides are becoming scarcer, and at the same time are considered of vital importance in the defense effort.

Today's farmer must add to his practical abilities some knowledge of chemistry and its gifts to farming.

Puritan Reading List

What did Americans read 250 years ago? John T. Winterich has found unexpected light on this question by browsing in official records of the history of Springfield, Massachusetts.

In the fall of 1711 a wandering peddler named John Mallefuld fell ill and died in Springfield.

The most impressive fact is the preponderance of books on doctrinal theology. Such titles as "The Joy of Faith," "Psalms To Be Sung With Grace In The Heart," "Practical Truth To Promote Holiness" predominate.

Suppose some trick of the supernatural had provided Mallefuld with a cartoon of today's comics.

No Fair-Weather Wife

Are you a fair-weather wife? By that I mean are you only at your best when affairs are bright and hopeful?

No marriage is without its troubles, small or overpowering. And if you want to be a queen among wives you should stand head and shoulder above all your troubles.

It is the wife who sadly succumbs to trials, becomes panic-stricken and helpless, who is a poor prop to her partner.

In times of plenty and success be hopeful and appreciative of your good fortune. But when affairs don't look promising—that is the time to show the world the stuff of which you are made.

Korean War

South Korean troops were eight and one-half miles south of the Parallel in eastern Korea.

One tank force that rumbled north of Chunchon Wednesday ran into Chinese mortar fire about four miles north of the bomb-riddled city.

East of Chunchon South Korean troops finished winning out 4,400 Reds of the Red Korean 10th Division which had slipped behind Allied lines in January.

Only about 500 remained of that unit, which had been backed to pieces by U. S. planes and artillery.

Eighth Army headquarters reported 1,500 Reds killed or wounded in ground action Wednesday.

The total Communist casualties since the Allied offensive began Jan. 25.

Allied warplanes pounded Red troops in western Korea and hit their supply lines from the north.

Killed or wounded more than 95,000 Red troops, destroyed nearly 1,700 railroad cars, 184 bridges, more than 1,000 gun positions and more than 40,000 Red-occupied buildings.

Damaged about 900 Red tanks, more than 7,000 vehicles, nearly 400 locomotives, 6,000 rail cars, nearly 400 bridges, more than 700 gun positions and about 29,000 Red-occupied buildings.

The Allied planes also destroyed 181 Red aircraft on the ground and in the air, probably destroyed 302 and damaged 18.

The White River, a Colorado River tributary, gets its name from the white-walled canyons through which it flows.

Spy Trial

(Continued From Page One) I do now."

Rosenberg, in addition to denying the testimony by Greenglass and his wife, sought to overcome testimony by Harry Gold, Philadelphia biochemist who is serving a 30-year sentence on a plea of guilty of espionage.

He challenged the testimony of the Greenglasses that the Rosenbergs got Greenglass to give them secrets obtained at Los Alamos.

Denying testimony by the Greenglasses, Rosenberg said: "I have never previously had seen a sketch of an atomic bomb which Greenglass prepared and testified was like one he said he had given to Rosenberg."

He did not attempt to get Greenglass into an espionage web through the Greenglass in November, 1944.

Crime Probe

(Continued From Page One) Erickson testified to another Senate committee last April that he did business with Carroll.

A question as to conflict was raised again when Carroll contended he had no interest in the Mooney-Grady setup.

John Burling, associate committee counsel, said Carroll had told a Senate Commerce Subcommittee previously that he had no interest in the organization.

"Well, that has to be qualified terribly," Carroll said.

Senator Kefauver (D-Tenn.) asked if Carroll wasn't "interested in" the Mooney-Grady operation and "worked there yourself."

Carroll replied, "I wouldn't say 'interested,'" Carroll said.

Senator Wiley (R-Wis.) wanted to know just how Carroll was connected with the operation.

He said \$110,000 was pretty big for a "manager's" salary.

Carroll said it was a "private venture."

"Well, what do you do for it?" Wiley demanded.

"I give advice and furnish financing," the witness replied.

"And take the returns," Wiley supplied.

"That is correct," Carroll conceded.

"When did you think up the idea that you had no interest in it?" Burling demanded.

"Is your testimony before the McFarland committee true or false?" Senator McFarland (D-Ariz.) headed the committee which questioned Carroll last spring.

"It was neither true nor false," Carroll replied.

Carroll launched then into a long explanation of how he had received a letter from Nevada to operate there as a bookmaker.

He said he had arranged with Mooney and Grady to take half of the bets placed with them and to handle them through the Nevada book.

Burling noted that Erickson, in testimony to the McFarland committee had told of friendship with Carroll and said: "We do business with one another."

The committee shifted its hearings back to Washington after an eight day session in New York City which was still bringing political and other repercussions.

In New York, James Moran resigned as water commissioner under demands from Mayor Vincent R. Impallitteri. It is a \$15,000 a year lifetime job.

The mayor fired his demand as a result of testimony from John P. Crane, president of the uniformed firemen's association.

Atomic Bomb

(Continued From Page One) powerful bomb been developed."

As to whether war is inevitable, a scientist said he has hopes for no war of importance will break out for a considerable time.

"On the other hand," Dr. Urey said, "The U. S. never has been dominated by a military clique at any time in its history. The people still control the government—and the people of the U. S. don't want war."

Asked whether he thought America's possession of the atom bomb had deterred war, Dr. Urey said: "It is my personal view that the Russian army might have moved to the Atlantic Ocean by now if we did not have the atom bomb."

President's Truman's physician, Brig. General Wallace H. Graham, before acting on his promotion to major general.

Rail Disagreement

(Continued From Page One) the White House last Dec. 21. It later was rejected by local union officials.

The trainmen propose two changes in that December agreement.

They want another arbitrator appointed in place of John R. Steelman, assistant to President Truman.

They also want a working condition rule dealing with the coupling of air hoses left to negotiation between individual railroads and the unions.

Lewis told the committee, which has been investigating the long-standing dispute, that the carriers could not agree to either proposed change.

"I am authorized to state," Lewis said, "that the carriers feel that Dr. Steelman should be retained as arbitrator although we have expressed a willingness to accept his nominee if he does not wish to serve."

Truman Goes Home

(Continued From Page One) a few days at home with the voters will convince the members that the people want economy.

The House Easter recess, ending Apr. 2, got under way for most members yesterday after the House passed and sent to the Senate a bill to finance the Treasury and postoffice departments for the year starting July 1.

Officially it starts at the close of today's "non-business" session.

Senator also decided to question

MONDAY
The Board of Health will meet at 2:00 P. M. at the Board of Health.

Good Friday Service Planned By Churches

A three-hour devotional service for Good Friday will be presented by the Ministerial Association tomorrow at the First Presbyterian Church. The service will begin promptly at noon and continue until 3:00 o'clock. All are urged to attend the service. Persons who cannot attend the entire service may enter and leave as they must. The following is the complete program.

1) The First Word (12:00 to 12:45 P. M.): Solo—"Gethsemane" by Claude C. Howard; Devotional Address—"Father, forgive them, for they know not what they do."—Rev. A. G. McNie.

2) The Second Word (12:45 to 1:30 P. M.): Solo—"One Sweetly Solemn Thought" by Mrs. George Hardin; Devotional Address—"Today shalt Thou be with me in Paradise"—Rev. J. E. McKiney.

3) Third Word (1:30 to 2:15 P. M.): Solo—"In the Hour of Trial" by Mrs. Charles E. Ginn; Devotional Address—"Woman, behold thy son" and "Behold thy mother"—Rev. I. A. Allen.

4) The Fourth Word (2:15 to 2:45 P. M.): Quartet—"All in an April Evening" Donna Lou Harp; Carol—"Carols" by Stanley Brumley; John Pley Devotional Address—"My God, My God, why hast thou forsaken me?"—Rev. J. R. Farris.

5) The Fifth Word (2:45 to 3:05 P. M.): Solo—"There is a Green Hill Far Away" by Robert Brown; Devotional Address—"I Thirst"—Rev. J. E. Crews.

6) The Sixth Word (3:05 to 3:25 P. M.): Solo—"Beneath the Cross of Jesus" by Mrs. Harry Folsky; Devotional Address—"It is Finished"—Rev. Glenn E. Smith.

7) The Seventh Word (3:25 to 3:50 P. M.): Solo—"I Love Divine" by Dick Allen; Devotional Address—"Father, into thy hands I commend my spirit"—Rev. W. P. Brooks, Jr.

Culpeppers Honored By A. G. Allens

Capt. and Mrs. C. W. Culpepper and Lieut. Vernon Culpepper were honored Friday with an "At Home" given by Mr. and Mrs. A. G. Allen at their home in Geneva.

The living room was beautifully decorated with roses, sweet peas and calla lilies, which were also used in the dining room.

The guests met at the home by Mrs. W. L. Sieg. The receiving line was composed of Mr. and Mrs. Allen, Capt. and Mrs. Culpepper and Lieut. Culpepper.

Mrs. E. M. Ward, Mrs. Henry Wolcott, Mrs. E. Everett and Miss Carol David were floating hostesses and showed the guests to the dining room, where delicious and varied refreshments were served from a table covered with a hand crocheted lace cloth.

The centerpiece was a low silver basket filled with pink japonica and wisteria as a background; on both sides were silver candlesticks holding white lighted tapers. At one end of the table coffee was poured by Mrs. H. M. Sellers from a silver service while at the other and tea was served from a similar service by Mrs. Sieg.

Mrs. David Speer presided over the guest book. Approximately 75 guests called during the evening.

Miss Sandra Skeen Weds Mr. Twichell

Miss Sandra Skeen, daughter of Mr. and Mrs. L. H. Skeen of Williamsburg, Ky., was married in a randslight double ring ceremony Tuesday afternoon to Richard Haves Twichell, Jr., son of Mrs. Sam Lawson of Stone Island, and R. H. Twichell of New Bradford, Mass. The ceremony was performed at the Presbyterian Church in Ireland and was followed by a reception in Chaudoin Hall.

The church was decorated with white gladioluses and greenery with graduating candelabras holding long white tapers. Miss Sally Stillwell sang "Through the Years" and "I Love Thee" and Bill Jones sang "Beaus", during the ceremony he sang the "Lord's Prayer". The traditional wedding music was played.

Given in marriage by her father, the bride wore a gown of white lace over taffeta and a yoke of white net, an illusion fingertip veil fastened to a halo cap and she carried a white prayer book topped with a white orchid.

Mrs. Al Sappia was matron of honor. The other bridal attendants were Miss Betty Jane Robbins, Miss Peck Hart, Mrs. Sappia's sister, and a lady in length yellow net over taffeta and the brides maids dresses were blue and identical in style to the maid-of-honor. They wore matching hats of net.

Law Green served as best man and Jack Whitaker, Donald Spence, George Osorio and Bob Doty were ushers.

Mrs. Skeen chose for the wedding a rose crepe street length dress with white accessories and a corsage of a white orchid. Mrs. Lawson wore a purple crepe street length dress with orchid accessories and an orchid corsage.

Following the reception Mr. and Mrs. Twichell left for a wedding trip on the east coast after which Mr. Twichell will report to Ft. Lewis, Wash. on Mar. 30.

Mrs. Twichell is a senior at Stetson University, she is secretary of Alpha Xi Delta sorority, secretary-treasurer of the Women's Student Government and a member of Sigma Pi Kappa, honorary journalistic fraternity.

Mr. Twichell attended Stetson University for three years where he was a member of Pi Kappa Phi fraternity. He is now serving in the U. S. Army.

Holy Cross Plans Good Friday Service

The traditional three hour service of the Passion of Christ will be observed at Holy Cross Episcopal Church from noon until 3:00 o'clock on Good Friday. The Rev. H. Lytleton Zimmerman will deliver the address from the Cross.

This ancient service, commemorating the three hours during which "there was darkness over all the earth" when Christ hung upon the Cross, was celebrated as early as the fourth century in Jerusalem and has been used frequently by the Church in succeeding ages of her history.

The altars in the Church are stripped and all adornment is removed and the Church left bare, except for the Cross, which is draped in black. This makes for a fitting contrast to the festival of Easter—the Feast of the Resurrection of Christ, when the Church is decorated with flowers and the festival white and gold vestments are used.

During the Three Hour Service the people are invited to come and go when it is convenient for them, if it is not possible for them to remain for the entire service, Mr. Zimmerman said.

Mrs. Elvina Garner Presents Program

Mrs. Elvina Garner presented an interesting program at the American Home Department meeting which was held Tuesday night at the Woman's Club.

She read one of her "Ezekiel" books and talked on some of the best suited books for children. She read excerpts from "Christopher Robin", "Tom Sawyer", and "Huckleberry Finn" and a humorous discussion followed as to why they are interesting to children.

The meeting was presided over by Mrs. C. E. Carlton, chairman and two new members were introduced. They are Mrs. Stanley Hockey and Mrs. Phil Stanley.

Refreshments were served by Mrs. Max Fandom, Mrs. C. C. Henderson, Mrs. Charles Moska, Mrs. Harry Robinson, Ralph Wight II, and Mrs. Ed Willink to the following: Mrs. Garner, Mrs. James Young, Mrs. Alfred Stanley, Mrs. Lauren Johnson, Mrs. R. W. Williams, Mrs. Ted Williams, Mrs. Gordon Bradley, Mrs. Ernest Southward, Mrs. C. W. Johnson, Mrs. Clayton Smith, Mrs. Robert Washburn, Mrs. Baco Elberle and Mrs. Broughton Watkins.

Also Mrs. David Gatchel, Mrs. Stanley, Mrs. Blake Sawyer, Mrs. Beckey, Mrs. M. W. Castle, Jr., Mrs. Willis Pascoe, Mrs. Marion Laddon, Mrs. Arthur Beckwith, Jr., Mrs. C. P. Ripley, Mrs. Carlton, Miss Barbara Ruprecht and Miss Carol Stone.

Try serving sliced beets with vinegar or lemon juice. A little chopped parsley sprinkled over the beets just before serving makes them especially attractive.

Personals

Mrs. J. W. Mero has as her guest her daughter, Mrs. J. M. Jackson of Crescent City.

Mrs. V. M. Green has returned home after visiting her parents, Mr. and Mrs. G. R. Foster of Monticello.

Friends of Charles Morrison will be glad to learn that he is recovering at home after a recent illness.

Syd Chase arrived today from Woodbury Forest School in Orange, Va. to spend Easter with his parents, Mr. and Mrs. S. O. Chase.

Miss Frances Cobb will arrive tonight from Florida State University to spend the Easter holidays with her parents, Mr. and Mrs. R. A. Cobb.

Dr. and Mrs. A. S. McCallan of Haddon Heights, N. J. have returned home after spending some time with Mr. and Mrs. Roy Holter.

Miss Ann French and Miss Peggy Fraser will leave tomorrow for Valdosta, Ga., where they will spend the holidays with Miss French's parents.

Mr. and Mrs. Harold Greenwood and son Robert, and I. T. French of Gardner, Mass., left Tuesday for home after spending some time with Mr. and Mrs. R. E. True.

Mr. and Mrs. C. F. Furbis of Davidson, N. C. are expected to arrive Saturday to spend some time with Mr. and Mrs. Roy Holter. Mrs. Furbis is Mr. Holter's sister.

Friends of George Hughes will be glad to learn that he has returned home after being confined to the Orange General Hospital for two weeks after undergoing an operation.

Miss Betty Bone Hall and guest Gretl Schutter of Austria and Ohio will arrive tonight from Florida State University to spend the Easter holidays with Miss Hall's parents, Mr. and Mrs. Raymond Hall.

Miss Mary Ann Galloway and Miss Lila Laffer are expected to arrive today from Florida State University to spend the Easter holidays with their parents, Mr. and Mrs. John L. Galloway and Mr. and Mrs. W. A. Laffer.

Nell Powell and Dave Blackie arrived Tuesday from Atlanta to spend the holidays with Mr. Powell's parents, Mr. and Mrs. C. L. Powell. Mrs. Nell Powell will arrive Friday with Mr. and Mrs. Charles Park.

Eugene Newman Kelley, a sophomore student at the University of Florida in Gainesville, arrives in Sanford today and will spend his Easter holidays with his parents, Mr. and Mrs. Harold H. Kastner in their home on Twin Lake.

Mrs. Margaret Stewart Is Guest Of Honor

Mrs. Margaret Stewart was honored with a surprise miscellaneous shower given by Mrs. H. J. Lehman Tuesday afternoon at the meeting of the Gleasons' Class of the First Presbyterian Church.

Mrs. Lehman read a poem written by Mrs. H. M. Goodwin in honor of Mrs. Stewart.

Officers were elected for the coming year and Mrs. Frank Leiske, president; Mrs. Mary Holly, secretary and treasurer.

After the meeting the hostesses assisted by Mrs. I. A. Ramley and Mrs. Lillie Jones served refreshments of sandwiches, cakes and tea to the following:

Mrs. C. W. Davis, Mrs. Maude E. Beach, Mrs. J. I. Ray, Mrs. George Elliott, Mrs. V. E. Smith, Mrs. M. B. DeLeon, Mrs. O. B. Senn, Miss Beatie Lane, Mrs. Phoebe Van Zile, Mrs. A. G. McNie, Mrs. Beatrice Robb, Mrs. Jessie Russell, Mrs. Henry McLaughlin, Mrs. M. H. Brock, Mrs. O. H. Strayer, Mrs. H. M. Goodwin, Mrs. Arthur DeYoung, Mrs. Boyly, Mrs. R. C. Maxwell, Mrs. Stuart and Mrs. Lehmann.

Lodge Bishop

Mr. and Mrs. M. J. Lodge announced today the marriage of their daughter, Mary, to Whit M. Bishop, in Washington, D. C. Feb. 23. Mr. and Mrs. Bishop are making their home in Washington and are both working for the government.

Birth Announcement

Mr. and Mrs. W. F. Meriwether of Atlanta, Ga., announce the birth of a daughter on Mar. 21.

A rubber spatula will help you get every bit of batter out of a mixing bowl when you are making cakes, cookies or a quick bread. Or you can use one of the inexpensive new spatulas made from plastic.

Mrs. Cagle Entertains Trainmen's Auxiliary

The Ladies Auxiliary of the Brotherhood of Railroad Trainmen were entertained at a lovely party Tuesday evening in the home of Mrs. W. A. Cagle. Co-hostesses were Mrs. M. E. Baker and Mrs. J. Brodie Williams. Helping the hostesses was Mrs. Cagle's daughter, Betty Ann. Games were played during the evening and prizes were awarded.

After which refreshments were served

the dining table was beautifully decorated with Easter colors.

Enjoying the party were

Mrs. N. Gillon, Mrs. O. G. Owen, Mrs. C. A. Anderson Jr., Mrs. H. J. Goodspeed, Mrs. P. A. Rowland,

Mrs. W. E. Varn, Mrs. John Rogers, Mrs. Pioma Lewis, Mrs. A. L. Gunter, Mrs. T. O. Ray, Mrs. P. T. Meeks.

Even the lovely chocolate had gone modern; it's now available in colored plastics.

When a duck is from five to seven pounds dressed weight, it will weigh about four to five and one-half pounds when it is ready to cook.

If you are using a low temperature of 320 F. when you are roasting this one duck it will take about three hours in the oven.

You've Got a Date with Easter

Chic... Charming!

Like a breath of spring freshness, are the lovely suits gathered by our Ready-to-wear buyer for your Easter pleasure. In White and luscious pastels. Sizes 12 to 20; also half sizes.

14.98 to 17.98

GLOVES
Lovely costume makers in Nylon... tailored or dressy styles.

PICK A PRETTY PURSE FOR EASTER

Patents, Leathers and Nylon String Bags in lovely Spring colors.

You'll rise to new fashion heights when you choose a pair of shoes from our wonderful new selection!

LACY LOVELIES
from our lingerie department

Sheer, lace-trimmed blouse, as dainty as a negligee, as pert as Grandmother's shirtwaist. One of several styles.

Fitted Rayon crepe and Nylon slips, embroidered and lace edged, in white and Easter Pastels.

Look your very best in one of these fashion-headlined dresses! Bright prints, soft pastels, dark tones... floating, puffed, dolman, one-piece, blessed effects, and from vibrant lavender to dramatic shades of earthy pinks. Junior, Misses and Half Sizes.

Kentucky Favored To Win Eastern N. C. A. A. Basketball Championship

By WILL GRIMSLEY
 NEW YORK, Mar. 22 — (AP) — You can't blame Illinois' basketball team if it happens to look over the head of North Carolina State in the eastern NCAA semi-finals tonight and throws a few anxious glances in the direction of Kentucky.

Two times in the past the Illini have gone into the NCAA tournament with lofty hopes only to have them shattered by the Wildcats from Lexington. In 1942 Kentucky stopped the Big Ten team, 66-44. In 1949 it happened again, only worse—76-47.

If tonight's games at Madison Square Garden follow form, Illinois will find Kentucky barring its path again in Saturday's eastern final. However, this time coach Harry Combs' dashing sophomores may get even.

Illinois' game with N. C. State opens the program at 7:45 P. M. to be followed by the game between Kentucky, ranked No. 1 nationally, and St. John's of Brooklyn.

An almost perfect blend of senior and sophomore talent has made the Illini a real threat for the NCAA championship.

"Our sophomores are fortunate in having two seniors like Ted Beach and Don Sunderlage to play with," Combs said. "At the same time, Beach and Sunderlage are fortunate to be able to play with such fine sophomores."

Three first-year varsity men—Clive Follmer, Irv Remoras and Bob Peterson—are in the starting lineup of this Big Ten championship team.

The other starter is junior guard, Rod Fletcher, since Beach is a trouble-shooting sub who never opens a game but just in when the going gets heavy.

N. C. State will be playing without its three outstanding regular season stars—All-American Sam Hanzino, Paul Horvath and Vic Bubas, all declared ineligible under the NCAA four-year rule.

But Coach Everett Case has pulled in a bunch of flashy sophomores to fill the gaps. Bill Kukuy, a third-stringer from Gary, Ind., scored 27 points in N. C. State's Tuesday night 67-62 win over Villanova.

"We're naturally not as strong as we were with those veterans," said Case, "but the sophomores probably give us more fire."

The Kentucky-St. John's game will feature the pivot duel between Kentucky's seven-foot Bill Epley, who scored 542 points in 30 games, and Bob Zawoluk who luffed 630 in 28 games for St. John's. Epley got the better of the deal when Kentucky beat St. John's, 43-37, during the regular season.

"We have profound respect for St. John's," said Kentucky's coach Adolph Rupp. "Personally, I think it's one of the five best teams in the country."

"Kentucky has too much all-around strength," said coach Frank McGuire of St. John's. "You concentrate on stopping Epley and a guy like Frank Ramsey or Shelby Livville will run you crazy."

The western NCAA at Kansas City will complete its semi-final bracket tonight, with Oklahoma A. and M. playing Montana State at 9 P. M. and Washington meet-

Stetson Tourney Attracts 40 Top College Golfers

DELAND, Mar. 22, (Special) — Approximately 40 college golfers are expected in Deland today for the Fourth Annual Florida Intercollegiate Golf Tournament which starts tomorrow afternoon at College Arms Golf Club.

University of Miami is sending 18 men, the largest group from any college. University of Florida will be represented by 8, Florida State University 6 and Stetson and Rollins with four each. Others may enter before the Thursday noon deadline.

The golfers will be sent out in foursomes and new pairings will be made daily so that the better players will compete on the final day. There will be 18 holes Thursday, 26 Friday and 18 on Saturday.

The low individual score will win and the low gross of teams designated in advance will win the team trophy.

Straight from the Horse's Mouth

By ED HARPER
 Beginning in about a month it will become progressively more difficult for the average sports page addict to find anything to read other than baseball.

Aside from the games—which will be covered in minute detail with long analysis of managerial strategy—there will be anxious biographical sketches describing the pathology of a bone spur in the heel of a noted—and aging—centerfielder and scowering remarks about the supposed pain another—and less popular—outfielder will be feeling in his elbow.

The progress of Casey Stengel's shrewd and Lou Bamber's inevitable frustration with umpires will be covered exhaustively and various feats and "revenge" games will be played. Certain pitchers will be "death" in one pack and "set-ups" in another, although both have the same dimensions and are otherwise interchangeable.

Battling stars will go into unaccountable slumps and take to carrying rabbits' feet. Rockies will battle veterans for regular positions and most will fall and be unheard of by the first of June.

Billy Goodman will have played every position on the Red Sox roster in the first of May and be pictured by the singularly cynical Boston sports writers as eager to take on any job—such as rank stupidity in any competent ball player who knows he can play one position better than any other and would naturally prefer to do it.

Ted Williams—individualist par excellence—will be gleefully castigated for acting like a normal human being when his personal privacy is needlessly invaded and when he is subjected to senseless jeers for the very competency with which he performs his job.

All this is baseball and it is probably a healthy release for the millions of people who must, for lack of time or energy, take their exercise vicariously.

College sports have already begun to fade into the background as the magnificent panorama of the professional game takes over the spot light, but they have hardly ceased to be less active.

The University of Florida has scheduled 30 baseball games, 29 tennis matches, 22 golf and 8 track meets for the spring quarter—an average of almost one event every day from now until school ends in June.

Although these four sports get little publicity they are in a sense the last resort of

Krider Announces Umpires' Signing

SILVER SPRING, Mar. 22 — Florida State League President John Krider said today he had completed his 1951 umpiring staff with the signing of T. D. Williamson of Jacksonville and John Holowka of Spring City Pa.

Krider said Williamson and Bill Letts of Palatka would be the lone members of the 1950 staff returning this season. Holowka is a graduate of the Burr School.

With the signing of Carl "Goose" Kettles as manager of the Coron Indians, Krider said all managerial posts in the circuit had been filled.

American League Takes Heart At Sluggish Play Of New York Yanks

By ASSOCIATED PRESS
 Of course it's too early to get excited about indifferent performances, but the sluggish play of the New York Yanks is causing a ripple of hope among American League pennant contenders.

The Yanks, basically an aging group of veterans, are, no doubt, taking their training chores in stride. Like world champions, you might imagine, they can be completely over-

The Hollywood Stars of the Pacific Coast League exploded three home runs yesterday to edge the Yanks, 1 to 3, before 7,827 fans in the movie capital. It was New York's third kicking in as many days.

The St. Louis Browns continued their hot streak by tripping Cleveland for the second straight day, 9 to 8. A five-run rally in the ninth inning, clinaxed by Joe Lutz's home run, gave the Browns the victory.

Ed Sauer hit two home runs for Hollywood for the second one in the 10th inning. If Max Peterson was the one that hurt, the Yanks' spring training never was on.

Jack Peepke connected for the other Hollywood home run, a solo effort in the second inning. The Yanks' spring training never was on.

However, the New Yorkers hold an edge on the other American League contenders. Boston, Cleveland and Detroit.

Andy Seminick Is Steady Hand On Young 'Whiz Kids'

By JACK HAND
 MIAMI, Mar. 22 — Andy Seminick is senior Senator of the Philadelphia Whiz Kids. Not in age, but in point of service.

When the fuzzy-checked pitchers have a problem, they come to old "skin head." The baldish 30-year-old catcher usually sets them right.

"Makes a fellow feel good," says Seminick, "to see them finally come into their own. They're a great bunch of boys to work with."

Andy pre-dates the Whiz Kids. Way back yonder in 1941 when Bill Cox owned the club, before his one-round kn by Judge Landis, Seminick joined the club. With the exception of a part season at Buffalo in 1944, he's been there ever since.

To him the late Herb Pennock confided his dream of pennant days for the Phils.

Maybe that explains why Andy played through the '50 World Series when he should have been on the bench.

The day after the series they discovered Andy's painful "sprained ankle" actually was a bone separation. He wore a cast on the ankle for seven weeks and hobbled around all winter.

Andy still has a steel brace on street shoes, just to guard against a sudden wrench. But he's confident he'll be able to catch his usual quota of 100 to 150 games.

"I let on like I wasn't worried," he says. "But I didn't know for sure until I started running on it a little. Now it feels okay."

Seminick was injured in the final week of the season. The Phils, needing one more victory to clinch the pennant, were hooked up in a 10-inning game at New York. Monte Irvin bowled home with the winning run to find Andy blocking the plate, taking a throw from right field. The ball and Monte arrived simultaneously.

Some 200 pounds of Irvin crashed into Seminick with an impact that could be heard in the bleachers. Andy was stretched out flat. It looked like a sure broken leg as they carried him to the clubhouse.

But Andy was back in the lineup the next day, locking the plate against the Dodgers. He finished the season and caught all four games of the Series before they discovered how bad it was.

Moccasins To Open Baseball Season With Georgia Tech

LAKELAND, Mar. 22 — (Special) — King Baseball takes over Spring sports at Florida Southern College this week when the Mocs open against Georgia Tech on Friday and Saturday afternoon at Hensley Field.

Two months of intense activity have put the squad in fighting trim for the 18 game schedule that faces it in the coming months. The Mocs, who won the Dixie Conference championship in 1949 and were runners-up in Florida State last year, will face their opponents with only three return lettermen.

Veterans of last season's squad slated for the starting line up Friday at 2:00 P. M. are: Dan O'Brien, pitcher; Fik Tolle, center field; and Robert Steenson, third base. The starting nine will be rounded out with John Gaylard, catcher; Harlan Norman, first base; Vic Jordano, second base; Charlie Selph, shortstop; Hal Bennett, left field; and Dill McKenna, right field. Tom Randall, pitcher, and Pasco Cade, catcher, have been named to the relief battery.

The remainder of the 1951 schedule for Florida Southern will pit the Mocs against Florida State University here on Mar. 24 and 27, Lakeland Flors (exhibition) here on April 5, Stetson University at Deland on April 10, Jacksonville Naval Air Station at Jacksonville on April 17, Rollins College here on April 19, Rollins College at Winter Park on April 21, Stetson University here on April 26, University of Florida at Gainesville on April 28.

Florida State University at Tallahassee on May 2, Oglethrope at

Training Camp Notes

By ASSOCIATED PRESS
 ST. PETERSBURG, Mar. 22 — (AP) — Johnny Jorgensen, one-time Brooklyn third baseman, will fill in as utility outfielder and pinch-hitter for the New York Giants this season.

The Giants purchased the 20-year-old veteran yesterday from their Minneapolis farm club in the American Association.

LAKELAND, Mar. 22 — (AP) — Insiders say that Joe Ginsberg is going to stick around as the Detroit Tigers' regular catcher this year.

Joe might be certain of it if he perfects his throwing style to suit manager Red Rolfe. Joe throws on a level with his right ear.

"That's not good," Rolfe says. "The ball sails. As a result, he is 'limon pure' college athletics. For it is here that the 'student' as differentiated from the 'athletes' are supreme.

Most of the boys competing in these and other minor sports are in school primarily for an education and the sports are diverting exercise—nothing more.

Unspectacular and occasionally inept, these sports continue the tradition of "sportsmanship" and integrity regardless of defeat which has largely disappeared from football and basketball.

The valdicator of Jeff Gravath when leaving his UNC coaching post must be haunting many a coach these days. "I'll leave the sportsmanship up to others," he said. "From now on I'm building a winner at any cost."

College baseball was at the turn of the century a major sport which compared favorably with football in attendance and in the interest attracted. It died as an attraction because of the superior showmanship of the professionals.

There are signs that a similar effect is being felt by college football. Perhaps worse things could happen than having both basketball and football enter the ranks of the so-called "minor sports."

68 Years Old, Now Climbs 155 Feet to Work on Scaffold

HADACOL Raves the Cause of Nervousness and Weakness When Due to a Lack of Vitamins B₁, B₂, Nicotin and Iron.

Seems like more and more folks are feeling out every day that they have to keep themselves in tip-top condition to really stay on the ball as far as doing a good job is concerned. Mr. John I. Napier, Route 1, Moultrie, Miss., says: "I was certainly not feeling like that when I was 68 years old. I was a carpenter and masonry work. Specializing in roofing. No job to small or large. M. D. Beardsley, Sanford, Rt. 2, Box 399, Phone Winter Park 292987."

But Mr. Napier heard how HADACOL was helping folks with such conditions that may have been due to deficiencies of Vitamins B₁, B₂, Nicotin and Iron. Here are his own words: "Before taking HADACOL, I was suffering with weakness, nervousness, and a general feeling of being out of it. I was a carpenter and masonry work. Specializing in roofing. No job to small or large. M. D. Beardsley, Sanford, Rt. 2, Box 399, Phone Winter Park 292987."

68 Years Old, Now Climbs 155 Feet to Work on Scaffold

HADACOL Raves the Cause of Nervousness and Weakness When Due to a Lack of Vitamins B₁, B₂, Nicotin and Iron.

After the third bottle I went back to work, carpentering and laying bricks. Now I climb as high as 15 feet and work all day on a scaffold. I have never felt so well in many years. I am 68 years of age and when there is no carpenter or brick work to do, I work on my farm, planting and harvesting my crops. Thank you HADACOL!

There's a clue that may help you, if you are suffering from a lack of Vitamins B₁, B₂, Nicotin and Iron. Why continue to suffer... why experiment with your work as a bricklayer and carpenter? For it is these very Vitamins and Minerals you may need that HADACOL supplies in a quantity greater than the minimum daily requirements. And this marvelous formula contains helpful quantities of Phosphorus and Calcium, too. HADACOL binds up the hemoglobin content of the blood (when Iron is needed) to send these elements coursing through your body, to every body organ. Already deficient, in a special way from the depletion are absorbed quickly and result in your system. Come a strict no-may-lock guest.

Candidates Named For King, Queen By American Legion

James Quincy Galloway, past commander of the Sanford Post 53, the American Legion, and Mrs. Russell W. Tench, Jr., of the Post Auxiliary, were selected Monday night by the post as its candidates for the crowns of king and queen at the Kiwanis minstrel show at Seminole High School. Krylie Housholder presided at the meeting.

Adjutant James J. Singletary, a past commander of the post, was awarded a Legion century card. Capt. Earle T. Loucks, department executive committeeman, made the presentation on behalf of Donald K. Carroll, department commander.

It was reported that 531 members had been secured for 1951, a mark only 19 short of the all time record of 550 last year when Mr. Galloway was commander.

"A great effort is being made

Drum Shortage Hits Oil Spray Business

Max L. Brown, citrus consultant for the Stauffer Chemical Company, said today that due to a shortage of steel drum containers the timing of oil sprays may be hindered somewhat this summer. Mr. Brown explained that his company has secured the country for new or used containers and had some success. However, the number obtained is far short of estimated requirements.

The insecticide man urged growers to cooperate in returning empty drums for re-filling. Brown asserted that growers throughout the citrus belt are faced with a serious scale problem and that more oil sprays will be used this year than ever before.

this week to secure the remaining 19 members," said Capt. Loucks today, "in order that a 100 percent record may be reported to the Department headquarters by Saturday.

"This is necessary," he added, "in order that Post 53 gain a 100 percent credit at the Sixth District Constitutional Conference at the Orlando Memorial Home at 10:00 A.M., Sunday, Apr. 1.

Nine men were admitted to post membership, Monday night. These were George W. J. Allen, J. Roy Britt, Woodrow W. Coleman, William T. DeBarre, James W. Fields, William G. Fleming, Jr., Capt. David Gatehel, Milton D. Reel and William E. White.

Commander Housholder urged members of the post to attend the Sixth District conference and the Department Constitutional Convention at Tampa, Apr. 20-24-25.

Dr. Leonard W. Esper, a past department commander in Illinois, and present department adjutant of that state, was introduced by Joel Field, past post and district commander. Adjutant Esper told of the National Rehabilitation Commission meeting which he attended in February in Washington, D. C.

It was announced that Legionnaire William G. Fleming had accepted Commander Housholder's appointment of him as director of the Legion Junior Baseball team, and is ready formulating plans for a successful year.

THE WEATHER

Fair and warmer this afternoon, tonight and Saturday. Some cloudiness north portion Saturday. Light to moderate easterly winds becoming moderate to fresh southerly on Saturday.

Paratroopers Land Behind Front Lines

Audacious Assault Is Complete Success; Tank Column Races To Meet 'Chutists

TOKYO, Mar. 23—(AP)—American paratroopers, bolstered by tough Rangers jumped today behind Communist lines north of Seoul and shocked some 20,000 Red troops into hasty flight.

The paratroopers filled the sky with their brightly-banded parachutes like a massive Easter bouquet.

But the Communists rallied later and were fighting desperately to surround and wipe out the 3,300 outnumbered American jumpers.

An armored column spearheading a fresh Allied drive by three divisions north of Seoul linked up with the paratroopers near the drop area south of Munsan.

Lines of infantrymen trudged up the road for miles behind, moving to the aid of the hard-fighting 'chutists.

A second column rolled through the road center of Uijongbu and fanned out to the east, north and west.

But the Reds won back a commanding peak four miles northwest of Uijongbu and later Friday were pouring heavy artillery and mortar fire into the Allied positions.

Munsan is 21 miles northwest of Seoul and only nine miles south of Red Korea. Uijongbu is 11 miles north of Seoul.

I. General Matthew B. Ridgway landed in his light plane on a dirt road near Munsan only 20 minutes after the first paratrooper jumped.

Field dispatches said the Eighth Army commander at one time was "frenzied on Page Four."

Tampa Trib Wins Prize For Expose Of Open Gambling

ORLANDO, Mar. 24—(AP)—Gambling exposes and resultant coverage of crime hearings scored virtual clean sweeps for Florida newspapers in the 1950 annual news and public service contests of the state's daily newspapers.

Prize winners in all the contests were announced here tonight at a dinner of the two sponsoring organizations—the Associated Press Association of Florida and the Associated Dailies of Florida.

First place in the public service contest sponsored by the Associated Dailies, was won by the Tampa Morning Tribune, with its series of news stories and editorials on gambling in numerous Florida counties.

The series led to widespread official investigations in several counties and the indictment and ousting of several public officials. The first prize was awarded to A. A. "Jack" Murray, veteran Tribune reporter. (Continued on Page Four)

Sauls To Attend New Orleans Meet

ORLANDO, Mar. 23—(Special)—John Sauls of Sanford is one of a group of Peninsula Life Insurance salesmen signally honored by being selected to attend the President's Honor Club convention at the Roosevelt Hotel in New Orleans next week, R. L. Walker, district manager announced today.

SEMINOLE COUNTY CHAMBER OF COMMERCE

951

Join Now!

Florida Stuntist opens the 1951 Chamber of Commerce Drive with a radiant smile. The drive, headed by Jack Ritzgen, gets underway Monday and will continue throughout the week. Speeches will be made to all civic clubs and John Williams, John Kader and J. B. Roston will assist Mr. Ritzgen in canvassing for new members.

Truman Accused Of Pouring Money Down 'Rat Holes'

Former Rubber Boss Says Truman Spends In Loose Fashion

WASHINGTON, Mar. 23—(AP)—William M. Jeffers, World War II loss of the federal rubber program, says President Truman is pouring the taxpayers' money "down a hundred rat holes" and has lost the people's confidence.

"Any thinking man knows we cannot look to the President for constructive leadership," Jeffers declared in a letter to Vice President Barkley.

"He is still operating on the old principle 'tax and spend and spend, elect and elect' that policy was laid enough before this country was debt-ridden, but this country now is in a serious financial condition."

"On top of that, the people have lost confidence in the President" (Continued on Page Three)

John Anderson To Be Buried Sunday

Funeral services will be held at Hrisson Funeral Home Sunday at 2:30 P. M. for John Anderson, who died Wednesday at the home of his daughter, Mrs. John Erickson, in Lane, Pa.

A former resident of Upsala, Mr. Johnson had made his home in the Upsala, Pa. area since he died in 1939. Burial will be made in the Lutheran Cemetery at Upsala.

BYRNES OUT

GOV. LUMMIS, S. C., Mar. 23—(AP)—Governor James F. Byrnes said flatly again today he will not be a candidate for president on the "Rights Democratic" or any other ticket.

Byrnes also declared in a letter to the 1948 States' Rights candidate, former Governor J. Strom Thurmond, that he will not "seek leadership" of the more than 1,000,000 voters who supported Thurmond for president.

New England Yankees Contribute Many Skills To Defense Program

(EDITOR'S NOTE: Here is another in the series of stories by Associated Press writers telling how the rearmament program is affecting various parts of the country. Today's story surveys the situation in New England.)

NEW YORK, Mar. 23—(AP)—Some 300 years ago, an English king gave a big boost to the rearming of America in 1951.

Open House To Be Held In Bel Air By Ozier-Weller

The Ozier-Weller Homes development in the Bel Air section at Meltonville Avenue and Seventeenth Street will hold open house for the inspection of new homes this week-end between 2:00 P.M. and 8:00 P.M. daily.

One of these will be a completely equipped two bedroom house which has been furnished by Sears Roebuck and Co.

Several two and three bedroom homes are nearing completion and are in the \$2,850 and \$3,775 price range, including the lot and landscaping. They vary in design and in elevation type.

Ozier-Weller Homes, Inc., has had wide experience in home construction, having built extensively in Illinois and the mid west, believing that their successful building projects could be carried on in Florida, they selected Sanford as the site of their first development.

The Bel Air section is in the highest part of the city and has all utilities and paved streets.

Designed by A. E. Cellar of Jacksonville, the houses are planned for convenience, adaptability to Florida living, economy of space and cost. Since housewives spend so much time in kitchens, the placement of equipment is carefully planned and there is ample cabinet space and working room.

Other features of the homes include cross ventilation, polished floors, and large closets. Rooms are finished in pastel shades.

High School To Aid Red Cross Drive

County Judge Douglas Stenstrom and Principal Herman E. Morris of Seminole High School discussed plans yesterday for the co-operation of high school students in speeding up the lagging Red Cross drive, which after more than 20 days of effort has netted only \$1,400 toward its \$7,000 goal.

Morris, who co-operate in every way possible toward aiding in the drive, present plans include a torch light parade in which the students, including the Seminole High School Band, will participate. This will take place on the evening of Friday, Mar. 30.

Hartford, Conn., and jet engine, sleek and shiny as costume jewelry, are emerging from another mill, are rolling, and even the lipstick factories are ready to convert.

It is no trick, so they tell me, to change over from lipstick cartridges to making cases for bullets and even shells.

The fashioning of fuses and the delicate instruments summoned up by the science of electronics is in the hands of New England optical experts, clock and watch-makers, and even jewelers.

The immense range and variety of industry in New England is apparent in this how it went: 9 A.M.—The first wave par-

Tobey Calls For Investigation Of William O'Dwyer

Senator Says Crime Committee Should Continue Probing

WASHINGTON, Mar. 23—(AP)—Senator Tobey (R-NH) said today the Senate Foreign Relations committee ought to look into the position of Ambassador William O'Dwyer in the light of Senate Crime Committee hearings.

Asked if he thought O'Dwyer should resign as Ambassador to Mexico, Tobey told a news conference: "That is in the hands of the President. You know what I would do" (Continued on Page Three)

Stackhouse Named U. S. Vice Counsel

Heywood Stackhouse, son of Mr. and Mrs. H. B. Stackhouse, 80, USN, has been named vice counsel of the State Department, Washington, D. C., has been appointed vice consul of Montevideo, Uruguay, and with his wife will be made soon by plane for South America.

His mother, Mrs. Stackhouse, is the former Ruth Vaughan of Sanford.

The appointment of Mr. Stackhouse, who is but 39 years of age, has been given considerable publicity in Washington newspapers.

He attended schools in St. Augustine, served with distinction in the Air Force, and at 20 months of age was promoted to the rank of captain. Now in the Air Force reserve, he has been released for a two year period in which he may officiate at Montevideo.

Parachute Attack Behind Red Lines Goes Off With Perfect Precision

OVER THE IMJIN RIVER FRONT, Korea, Mar. 23—(AP)—Thousands of American troops parachuted behind Red lines in South Korea today in an operation so perfectly executed that an officer exclaimed: "It would be beautiful—really beautiful—if it weren't so terrible."

The quote was from Lt. Col. A. Edward, Tulsa. He is an Eighth Army intelligence officer.

I. General Matthew B. Ridgway, Eighth Army commander, who landed in a tiny plane on this new front just 20 minutes after the first of his airborne troops, left no doubt that it was intended as a terrible operation for the Communists.

"The purpose of this operation is to kill the enemy," he said bluntly. That enemy comprises some 20,000 Red troops, presumably North Koreans.

For a solid hour men and equipment poured down in the drop zone—only a mile wide—in five waves; infantry and Rangers, especially trained for this task; ammunition, field guns and jeeps, all carried by bright-hued parachutes.

Army Announces 40 Thousand Cut In Draft Call For April; Air Force Plane Feared Down

Brigadier General Is Among Fifty-Three Passengers Aboard Atlantic Transport

LONDON, Mar. 23—(AP)—A Giant U. S. Air Force transport plane with 53 persons reported aboard vanished in fog and rain over the Atlantic Ocean today while enroute from the United States to England. One of the passengers was believed to be a brigadier general.

Search and rescue planes from three nations scoured the wind-tossed seas in thus far fruitless search for some trace of wreckage, survivors or life rafts.

Officials at Shannon airport in Ireland said the big plane, a C-124, which is known as Globe-master II, radiated at 1 A.M. that it had 53 persons aboard including a VIP (very important person) with the rank of brigadier general. At the time of that report the plane crew gave their position as 500 miles southwest of Ireland.

The plane, of a type used to ferry personnel and supplies across the ocean, was enroute to Mildenhall Air Base in Suffolk from the base at Limestone, Me. At Limestone, officials declined to give out any information as to the number or identity of those aboard. First reports said 17 were aboard. The U. S. Third Air Division in Britain did not know how many were aboard. British, Irish and U. S. planes were engaged in the search for the Globe-master, which normally would carry life rafts.

The Royal Air Force's transport directing staff, and operations staff, the plane carried a Brigadier General Collins. This report aroused belief that he was Brig. General Paul T. Cullen, deputy commander at Barksdale field, near Shreveport, La., who left there Wednesday for a European destination.

The U. S. Third Air Division (Continued on Page Three)

Costello Admits Political Ties

BRIEF CONSULTATION is held by Frank Costello (left) with his attorney, George Wolf, during his resumption of testimony before the New York City hearings of the Senate Crime Investigating Committee. Costello, who said he had never voted in his life, attributed any influence he might have to the fact that he has "lived all my life in Manhattan. I know the leaders and I may sometimes say a good word" (International)

Truman Signs Law Rest Home Group For 3 Months Rent Buys Nickle House Control Extension For Elderly Finns

WASHINGTON, Mar. 23—(AP)—President Truman today signed stop-gap legislation extending the federal rent control program for three months—through June 30.

Without the extension the program would have expired at the end of this month and up to about 2,000,000 dwellings now under rent control (Continued on Page Three)

Lt. Paul Biggers Is Inspection Officer

Word has been received here by Mrs. Paul G. Biggers that her son, Lt. Paul T. Biggers, SC, USN, has recently been made Inspection Officer of the Depot at the Navy Yard in Brooklyn, N.Y.

Lt. Biggers was in the Navy from June, 1942 until February, 1946, when he was put in an inactive duty status. He was recalled to active duty at the depot on February 12 of this year.

A native of Sanford, Lt. Biggers attended the local schools and was graduated from Seminole High School. He later attended North Carolina State University where he majored in textile management and has had considerable experience in textile research and allied fields as a civilian. He is married and has one daughter.

Sunrise Services To Be Held At 6:15 On Sunday At Municipal Bandshell

An unusually large attendance is expected at the annual Easter Sunrise service at 6:15 o'clock Sunday morning at the Municipal Bandshell.

The Rev. A. G. McInnis, pastor of the First Presbyterian Church, and president of the Ministerial Association here, will deliver the Easter sermon.

Always impressive in the beauty of the scene as the sun casts its first morning beam over Lake Monroe, the service will be made even more enjoyable by the singing of the Seminole High School Glee Club, and the playing of the High School Band under direction of B. E. Black.

Much has been done to make this the largest and best Sunrise Service ever held in Sanford, said the Rev. Glenn E. Smith of the Ministerial Association, and a cordial invitation is extended to all worshippers of the risen Christ to attend.

Modern celebrations of Easter, other than the religious one, are developments of rites and customs of the Norse festival. The name is derived from Ostara or Eostre, ancient Norse goddess of spring, whose annual return was celebrated.

Enlistment Increase And Decreasing War Casualties Given As Reason For Move

WASHINGTON, Mar. 23—(AP)—The Army announced today it is cutting in half the April draft call of 80,000.

It announced the April call has been reduced to 40,000.

An increase in voluntary enlistments and a decline in Korean casualties made the action possible, the Army said.

The Army notified Selective Service headquarters that the reduction in the quota could be made "without interfering with the planned expansion of the Army's strength."

The announcement followed word to Senators by Mrs. Anna Rosenberg, assistant Secretary of defense, that manpower commitments made to General MacArthur are expected to be met in April—for the first time since the Korean war began.

The Army said the reduced call was attributed to two factors:

1. "New enlistments in January and February totaled 60,000 as against an anticipated total for the two months of only 20,000. This represents a gain of 20,000 over Army's original expectations."

2. "Casualties in date in the Korean fighting were 10,000 below estimates based on casualties sustained in the earlier phases of the fighting."

The downward revision today reduces the total of monthly quotas called since last September from 590,000 to 570,000.

The cut in the April draft call, free with the attainment of the Army's required strength in April, will be the first since the war began.

Crew Revolts At Taking Ship Into Red Chinese Port

TOKYO, Mar. 23—(AP)—The crew of a British merchant ship that won commendation for its part in the Korean Hungnam evacuation today refused to sail to Taiwan, in Red China.

Tonight, the owners said they would neither imprison nor otherwise penalize the crew. Instead, said a message from the London shipping firm of P. H. Pandoles, the ship will be returned to another port, and it won't be in Communist territory.

An official of a Yokohama shipping agent for Pandoles said (Continued on Page Three)

Ford Charity Assets Rise To Half Billion

DETROIT, Mar. 23—(AP)—Assets of the giant Ford Foundation, set up by Henry Ford in 1930, have mounted to approximately half a billion dollars.

This was shown today in the report of the organization as of Dec. 31, 1950. The financial statement showed that after deducting \$18,272,522.07 for unpaid appropriations and \$24,431.17 for accounts payable net assets came to \$492,678,255.

The bulk of the assets is represented in non-voting but dividend-earning stock in the Ford Motor Co.

The Foundation's income from Ford dividends was described as relatively large in 1949 and 1950. The forecast was made, however, that in 1951 and the "foreseeable future" a reduction in such income "is anticipated because of the national emergency, with reduced volume of automobile production and substantially higher rates of corporate taxation."

The Foundation was set up in 1936. As a philanthropic, educational and non-profit organization its stock holdings are non-taxable.
