

Landowners Urged To Sign Petition To Protect County Timberlands

Seminole County may not be numbered among the more than 30 counties of Florida which have forest fire protection unless more landowners sign the petition to the County Commission to include the issue in the 1950 general election ballot.

Mr. Dawson added that while he still is hopeful that enough acreage will be represented by landowners, the signatures of those owning more than 7,000 acres are needed. Signatures of owners of approximately 40,000 acres of land in the Blavia, Oviedo and Chuluota areas were received recently.

1. What does county fire protection mean? It means that the timberlands in Seminole County will be protected from fire and all fires will be put out unless the landowner wishes to burn.

2. If I want to burn my own land, do I have to have permission from the Forest Service? No. County Forest Fire Protection does not alter the ownership of anyone's property and any landowner may burn off his land as he wishes, as long as he complies with Florida's Forest Fire Laws. To comply with the law, which is state-wide, he must confine the fire to his own property and notify adjoining landowners of his intention to burn at least one day and not more than ten days in advance. It would be advisable, but not necessary, to notify the ranger in charge of that area.

3. How many acres will be included in the county? Seminole County has 123,307 acres of woodlands that will be protected.

4. How much will it cost the county? The County's share will

any taxation. If the landowner is not paying taxes at present, then no fire control tax would be levied on his property.

10. Do I receive protection if I don't pay taxes? Yes. All lands wanting protection in the county will be protected from fire. Landowners, both large and small, would benefit equally.

11. Will the forest service crews assist landowners with control burning of their own lands? Yes. If landowners will request assistance in advance and provided that crews are available and not busy fighting fires. The landowners must furnish men to help with burning and keep someone in charge of burning at all times.

12. Would the county fire fighting unit fight a house or building fire? Yes. The fire control unit is primarily a forest fire fighting unit but many rural homes and schools have been partially saved by the quick action and modern equipment of these crews in other counties. The fire towers report all fires in the ranges and they are dispatched accordingly.

13. What is the first step in setting up a county forest fire fighting unit? The first step, according to existing laws, is that a majority of the State and Federal Elected in November. The county commissioners in the county, prior to the circulating of the petition, must pass a resolution that they will accept the petition if properly signed and submitted to them. This has been done.

14. How signing the petition obligate the landowner to any forestry practices? No. The petition is a requirement of State law and does not obligate anyone. It is just an expression that they are favorable to the establishment of a county fire fighting unit.

15. If a majority of those that vote on this question are favorable, what action need be taken? The County Commissioners may sign a contract with the Florida Board of Forestry to establish said unit.

16. How soon after the agreement is signed will the county unit be established? If the State and Federal funds are available, construction of towers and telephone lines and other improvements necessary can begin July 1, 1951, with suppression activities beginning July 1, 1952.

17. When will the county start paying its share of the cost of the fire control unit operations? The county will not start paying its share of the cost until July 1, 1952, or when actual fire control begins. The cost of the towers and telephone lines and other improvements will be paid for by State and Federal funds.

18. Can the county's share of the budget be increased at any time? No. Section 17 of the County Fire Control Agreement states that no amendment, alteration or change in the provisions of this Agreement, or any addition thereto, or extension thereof, shall be valid and binding upon the parties hereto, or either of them, unless such amendment, alteration, change, addition or extension be reduced to writing and executed by the parties to be affected thereby.

19. Is county forest fire protection worth what it costs? Yes. It is worth to the people of the county many, many times its cost. It will increase timber growth and also give the landowners more cash per acre for their timber. The unit will benefit the store owners, filling station operators, and business

men in general by bringing larger payrolls into the county. Largely due to fire, the average growth per acre per year on unprotected timberlands is 35 board feet. It has been proven that fire protection alone can raise that average to 175 board feet per acre per year once the land has had a chance to recover from years of burning.

20. What is the average income on protected and unprotected woods? By protecting the woodlands of Seminole County it would greatly increase their value in eight or ten years. Income from burned woodlands is 37¢ per acre per year while from protected lands over \$2.00 per acre per year is received on the average.

21. Will landowners who want two-way radio be allowed to install this equipment? Yes. A plan is now in force which will permit a landowner to have his own radio provided he purchases same and provides for future maintenance charges. The latest type frequency modulation radio is used. There are two different arrangements where-by forest landowners may have use of two-way radio. First, the Federal Communications Commission will license persons whose business is logging, fire farming, or related woods operations. This is known as Forest Products Radio Service and is created for private industry. Secondly, the Florida Forest Service offers a cooperative two-way radio service to forest landowners who assist in fire fighting activities. The landowner buys his own radio equipment as specified within the agreement.

22. Will a tractor and plow be stationed in Seminole County? Yes. This equipment is primarily used to plow out bad fires, but is used for plowing fire breaks ahead of fire season too. Tanker trucks are used in normal fire suppression.

23. How many counties now have fire protection and what has been the reaction in them to fire control? Thirty counties now have protection. Reaction in favor of county forest fire protection has without exception proved highly favorable in all instances. Several additional counties will vote on the question of fire protection in the next general election.

24. Anyone who has an additional question or would like to sign a petition, see the County Agent in Sanford, or call 878, Ocala, Florida.

Tydings Victory

(Continued From Page One) Island without opposition. Democratic Rep. Farand and Fogarty also are assured of renomination. Massachusetts, without a senatorial contest this year, picks major party nominees for governor and House seats in voting tomorrow.

Interest in today's Maryland balloting centers on the Tydings race and the selection of a Republican opponent who is expected to carry on the criticism which Tydings primary opponents have leveled against him. This criticism concerns the Senate investigation of Communist-in-government charges made by Senator McCarthy (R-Wis). Tydings headed the Senate Foreign Relations Subcommittee which looked into them.

John A. Mayer, Baltimore attorney and former congressman, and Hugh J. Monaghan, another Baltimore attorney, have been blasting away at Tydings in the primary campaign with the accusation that he "whitewashed" the investigation of McCarthy's charges.

Tydings, who is seeking a fifth term, has retorted that as long as he can prevent it there will never

be "government by unfounded character assassination." D. John Markey, who was agitated by Senator O'Connor (D-Md) in the 1946 senatorial contest, and John Marshall Butler, who recently resigned from the Baltimore city service commission, are battling it out for the Republican nomination.

Millionaire Oakes

(Continued From Page One) Oakes at the latter's Mahan's Island estate in 1948.

Majava was arrested on a drunk charge yesterday. Police described him as "very sober and very frightened" today.

The Finnish-born Majava told them he received a pair of threatening phone calls after reportedly learning the identity of the Oakes slayer from an American society woman in Fort Lauderdale, Fla., two years ago.

"Both times a man told me to keep my mouth shut and get out of town—or else," Inspector James J. Mangini quoted Majava. Oakland police withheld the names of the American woman, and the murder suspect named by Majava.

The Oakes slaying, on Nassau, a British-held Bahamas Is-

land, remains one of the most sensational unsolved cases in years.

Hadacol Helps Relieve St. Louis Man's Leg Pains

He Suffered Deficiencies of Vitamins B1, B2, Iron and Niacin

Elmer Prater, 3618 North Broadway, St. Louis, Mo., having tended bar for a good many years, says a man has to work mighty hard these days to make himself a passable living. Gone are the days when you could buy a good lunch for 15c. But he says the good old days of healthful living are today. That is because he found out how worthwhile life really can be. Gone are his days of suffering, thanks to HADACOL. Mr. Prater had been suffering a deficiency of Vitamins B1, B2, Niacin and Iron.

Read Mr. Prater's statement: "I had been bothered many years with neuritis pains in my legs, the pain was so bad I couldn't sleep at night. My appetite was way off, too! I just couldn't seem to get any enjoyment out of food and what I did eat didn't agree with me at all. I had just about given up hope when my brother and sister persuaded me to take HADACOL. What did HADACOL do for me? . . . Why, after taking HADACOL for only 3 weeks I was able to go back to work. You think I don't rate HADACOL first place? . . . I recommend HADACOL every time!"

Wonderful for Both Old and Young!

This new HADACOL is simply wonderful for men, women and children of all ages who are sick and ailing because their systems are lacking these important Vitamins B1, B2, Iron, and Niacin. The important Vitamins and Minerals in HADACOL come to you in special liquid form so that they are more quickly absorbed and assimilated in the blood stream, ready to go right to work at once. HADACOL even builds up the red blood cells (when Iron is needed) to carry these precious elements to every part of your body—to your kidneys, lungs, heart, liver—even to the hair, nails and eyes!

Multiple Causes of Your Sickness from Such Deficiencies

HADACOL now makes it possible for you to obtain the active ingredients of your vitamins and minerals in a special liquid form so that they are more quickly absorbed and assimilated in the blood stream, ready to go right to work at once. HADACOL even builds up the red blood cells (when Iron is needed) to carry these precious elements to every part of your body—to your kidneys, lungs, heart, liver—even to the hair, nails and eyes!

German Police Force Formed By Big Three

Major Decisions On German Participation In Defense Program Outlined

FRANKFURT, Germany, Sept. 18.—(AP)—The United States, Britain and France today in a meeting in Berlin decided to keep hands off Western Germany. The three nations moved to end their state of war with Germany and to strengthen her industrially and defensively, but announced that there is no call for recreating a national army in the western zones. Any attack upon Berlin or upon Western Germany will be regarded as an attack upon the occupying nations themselves.

BONN, Germany, Sept. 18.—(AP)—West German Chancellor Konrad Adenauer said today the decision of western foreign ministers "was the very essential wish of the German people." Adenauer, informed of the contents of the New York communiqué a few hours before its publication, called a special meeting of the federal cabinet for tomorrow to discuss the foreign ministers' new policies toward Germany.

NEW YORK, Sept. 19.—(AP)—The United States, Britain and France announced today they had agreed to permit the Western German government to organize "mobile police formations" to deal with possible subversive activities of the Communists.

In a final communiqué, Secretary of State Acheson and Foreign Ministers Robert Schuman and Ernest Bevin officially informed the German government that the western powers are considering the problem of "German participation in an integrated force for the defense of European freedom."

Local Legion Post Resolves Against World Federation

The Sanford Post 83 of the American Legion passed a resolution last night declaring itself in opposition to the World Federation movement or any other movement for United Federation or government at this time.

Maryland Washburn Hurt In Collision

Maryland Washburn, six year old daughter of Mrs. Nan Paxton Washburn, was cut about the mouth and several teeth were knocked loose as the result of an automobile collision at West 14th Street and Palmate Avenue at 12:40 o'clock yesterday afternoon.

Second Division Builds Up Naktong Toehold To Prevent 'Little Anzio'

WITH U. S. SECOND DIVISION, Korea, Sept. 19.—(AP)—A day-long stream of men and guns crossed the swollen Naktong River today and mounded the green foothills of the west bank with offensive power.

Nurse Disappears

BOOKETT, N. H., Sept. 19.—The pretty blonde office nurse of Dr. Hermann N. Sander was hunted in woodlands today by 50 firemen and volunteers in this little town after the girl vanished from her home yesterday.

Allies Race Against Communist Reinforcements Toward Seoul; Price Of Naktong Crossing Is High

Crossfire Of Communist Machineguns Takes Heavy Toll Of 24th Division

By BEN PRICE
WITH THE U. S. 24th DIVISION, Korea, Sept. 19.—(AP)—One spit on a bald hill across the Naktong River was owned by the GI's today—but they paid a price for it.

The coin was blood, hands and legs—and life. But for the soldiers it was put up or shut up. For rumor had it that this was "the Sunday punch" designed to shake loose the whole United Nations beachhead.

So with the simplicity of men who have been ordered to do something, they did it. They waded, swam and boated across the bloody Naktong, smacked into an ambush of crossfire from machineguns, mortars, and some artillery.

Just to reach the river itself required a march, often laden with heavy wooden assault boats, across 300 yards of an open sand bar. Originally the attack was planned for dusk the previous day. It was going to be a surprise strike across the Naktong to outflank embattled Warwan, seven miles to the north.

Kefauver Reveals Illegal Gambling Hits 15 Billions

WASHINGTON, Sept. 19.—(AP)—Senator Kefauver (D-Tenn.) declared today that a \$15,000,000,000 illegal gambling industry is being run in this country by the same big city gangs that were the terror of the 1920's.

Rotary Fund Aids In War Relief And Advanced Studies

The Rotary Foundation, created in 1917 for the purpose of enabling college graduates in 25 countries other than their own, and to create relief funds for Rotarians in war areas, has received total contributions of approximately \$2,500,000.

Tydings Wins As Foes Cry Red 'White Wash'

BALTIMORE, Sept. 19.—(AP)—Maryland Democrats gave U.S. Senator Millard E. Tydings a routing endorsement for a fifth term in yesterday's primary election.

It had this significance, all his opponents—Democratic and Republican—scolded him for the way he conducted a Senate investigation on Senator Joseph McCarthy's charges that Tydings had the State Department.

TODAY'S BIBLE VERSE

God's will for you is nothing but good. You don't have to ask for special advantages. God is eager to do great things for you.

Out in Los Angeles Joseph Chavez shot his beautiful 21 year old married daughter because she was too free to live alone in this big round world without her daddy.

Our old friend Heck Rumbley who has been sick in bed for about two years was well enough yesterday to get up on the telephone.

The "Crusade For Freedom" designed to show the people of Europe that J. P. Morgan and John D. Rockefeller are not the only people in the United States who believe in freedom.

Former Rep. Andrew May, returning home after a prison term on a wartime bribery charge, says that although he was innocent, he is not unblemished over the injustice done him.

Stuart Symington denounces all those who raise prices in these times as "war profiteers".

President Truman, who generally sees eye to eye with William Green, returns to ban Marshall Plan aid to those nations of Europe which turn around and sell the stuff we give them to Russia.

President Truman has finally sent to Congress a civil defense program for use in the event of a sudden atomic bomb attack on our American cities.

The growing problem of juvenile delinquency is giving the Children's Bureau and the FBI severe headaches these days.

The big planes brought supplies and troops to the front, bulwark of the thousands of fighting men and hundreds of tons of supplies.

Warplanes strafed and rocketed the rear columns on the stretch between Kuchin, 18 miles northwest of Waegwan, and Yongdun.

Warplanes strafed and rocketed the rear columns on the stretch between Kuchin, 18 miles northwest of Waegwan, and Yongdun.

Warplanes strafed and rocketed the rear columns on the stretch between Kuchin, 18 miles northwest of Waegwan, and Yongdun.

Warplanes strafed and rocketed the rear columns on the stretch between Kuchin, 18 miles northwest of Waegwan, and Yongdun.

The German Riddle

Would German fight German to prevent the reunion of the two post-war areas of Germany? A great deal must be assumed before "yes" can be answered to that question.

It must be assumed that in five years the West Germans have become so loyal to their late intended victims, the Western Powers, that they are ready to seize arms and fight against the East Germans because the latter have been so weak as to strike up a friendship with Germany's other late intended victim, Russia.

It is true that Russia must make corresponding assumptions if it is supposed that the East German police army could be sent in assault against West Germany.

This is a philosophic question filled with unknown quantities. But we cannot leave it unanswered if we seriously consider the proposal to rearm Germany.

Source Of Loyalty

Leaders in all walks of life are freely expressing their theories as to the way to defeat Communism in this country.

Not only should more such courses be taken by more people, but the methods of teaching United States history in some cases need revising.

Rare Baseball Feats

Gil Hodges, the Brooklyn first baseman, has joined one of the most select clubs in baseball, open only to players who hit four home runs in a single game.

There is only one more select group in baseball, that of pitchers who have hurled two consecutive no-hitters.

Vanderveer must be lonesome and is likely to remain so. If any member of the Four-Homer club wishes to be as exclusive, he can become so by hitting five home runs in a game.

Korean War

Seventh Division Infantrymen—Americans and South Koreans—advanced from Inchon into positions across the main highway leading into Seoul from the south.

As Red Koreans streamed out of positions on the southeast Korean front in their northward flight, Allied forces punched ahead there.

The South Korean Third Division entered Pohang port after the battalion's big guns had pounded Red in the bitterly-fought east coast port.

Warplanes strafed and rocketed the rear columns on the stretch between Kuchin, 18 miles northwest of Waegwan, and Yongdun.

Crime Report

THE NATION TODAY

By JAMES MAHLOW

WASHINGTON, Sept. 18.—(AP)—The 81st Congress is almost finished. It may be able to fold up and go home this week.

The 82nd Congress will take over in January, 1951. There will be some new faces in that Congress.

It will be up to the voters in the November elections to decide whether to keep the Democrats in control or give the Republicans the majority.

Fighting in Korea broke out and this country threw in troops to stop the invasion of republics South Korea by the North Korean Communists.

Shocked when I saw how poorly prepared this country was to fight a war, Congress began voting huge sums of money to build up defenses here.

The 81st Congress voted this country into a long-range re-arming program and other congresses will have to carry on from there.

As an example of how Congress re-armed the nation, Congress voted to get about \$15,000,000,000. Now they'll get about double that figure.

What did this 81st Congress do? Well, it didn't do— or, rather, the things which President Truman asked it to do but which got ignored, swamped, or stopped.

The 81st Congress did not repeal the Taft-Hartley Act; it did not provide federal aid to education; it put through none of Mr. Truman's civil rights program.

Mr. Truman wanted a national health program, but Congress brushed that aside. And although he wanted a universal military training program, he didn't get it.

Official reports of concentrations of the Red troops of Manchuria under the command of Mao Tse Tung have been reported.

Mrs. Robert Hickson Entertains Chapter

The Gamma Lambda Chapter of Beta Sigma Phi sorority met Monday night at the home of Mrs. Robert Hickson at 519 Palmetto Avenue to celebrate its first anniversary.

There was short business meeting at which time the hospital receptionist project was discussed. Miss Daphne Connelly, president, expressed her appreciation for the American Home Department of the Woman's Club for having served as receptionists during the month of August.

Mrs. Walter Turner was welcomed back into the chapter, having returned from the transfer of her husband, Capt. Turner, for duty overseas.

ANNOUNCEMENT
The District meeting of the United Council of church Women will be held in Sanford Friday.

CHURCH ANNOUNCEMENT
The Woman's Missionary Union of Seminole Baptist Association which is composed of 27 churches is to have a "Leadership Conference" led by the State Officers at the First Baptist Church, Daytona Beach, on Sept. 26, 27, and 28.

Personals

Mr. and Mrs. Harry Lee spent last weekend in Lake Wales visiting their daughter and son-in-law, Mr. and Mrs. Lee Draper.

Sydney Chase, son of Mr. and Mrs. S. O. Chase, Jr. left Sunday to enter the school at Woodberry Forest School in Orange, Va.

Mr. and Mrs. E. B. Randall have returned after spending the last two months in Waynesville, N. C.

Miss Betty Yarborough, daughter of Mr. and Mrs. J. W. Yarborough of Geneva, left yesterday for Washington D. C. where she will enter American University as a freshman.

Tommy Vaughn and Kenneth Leffer are leaving today for Knoxville, where they will resume their studies at the University of Tennessee.

Mr. and Mrs. Norman Wedekind and children, Ronnie, Norma Jean and Carol have returned to their home in Deland, after being here for the Kerwin-Perold wedding.

Miss June Rose Dutton, daughter of Mr. and Mrs. S. P. Dutton has left for Miami, where she will enter nursing training at Jackson Memorial Hospital.

Miss Jackie Cameron, daughter of Mr. and Mrs. J. M. Cameron and Miss Beverly Gradick, daughter of Mr. and Mrs. J. E. Gradick, left last week for Atlanta where they will enter nursing training at Crawford Long Hospital.

Mrs. Robert Kerwin has returned to Freehold, N. J. after spending the past week with Mr. and Mrs. Paul Perold. She was here for the marriage of her daughter, Miss Lois Lillian Kerwin to Paul P. Perold, Jr.

Delicious refreshments were served by the hostesses at the following Mrs. H. H. Billingsley, Mrs. W. H. Young, Mrs. O. L. Pearson, Mrs. C. R. Grime, Mrs. J. L. Horton, Mrs. Bill Eva, Mrs. H. K. Ring, Mrs. R. G. Fox, Mrs. V. H. Grantham, Mrs. W. C. Clause, Mrs. A. R. Gramling, Mrs. O. D. Landress, Mrs. Betha L. Richards and Mrs. James Alderman, Mrs. R. W. Casabe.

P. T. A. MEETING
The South Side Primary P.T.A. will meet Thursday afternoon at 3:15 o'clock.

Miss Jeanne Chance Weds David Ustler

OVIEDO (Special) - The Oviedo Methodist Church was the scene of one of the loveliest weddings of the Fall season when on Sunday evening at 6 P. M. Miss Jeanne Chance, the daughter of Mr. and Mrs. W. T. Chance of Oviedo, became the bride of David Ustler, son of Mr. and Mrs. Harry Ustler of Apopka.

Palms formed a background for the myriads of white candles in seven-branched candelabra and baskets of white gladiolus, asters, chrysanthemums and pom-poms.

A program of traditional nuptial music was played by James Lawton, organist. Mrs. William Henry Martin, soloist, gave a lovely vocal selection, "I Love You Truly".

Given in marriage by her father, the bride wore a gown of white bridal satin and chanelly lace was used for the drop shoulder neckline.

Miss June Rose Dutton, daughter of Mr. and Mrs. S. P. Dutton has left for Miami, where she will enter nursing training at Jackson Memorial Hospital.

Mrs. Robert Kerwin has returned to Freehold, N. J. after spending the past week with Mr. and Mrs. Paul Perold. She was here for the marriage of her daughter, Miss Lois Lillian Kerwin to Paul P. Perold, Jr.

Delicious refreshments were served by the hostesses at the following Mrs. H. H. Billingsley, Mrs. W. H. Young, Mrs. O. L. Pearson, Mrs. C. R. Grime, Mrs. J. L. Horton, Mrs. Bill Eva, Mrs. H. K. Ring, Mrs. R. G. Fox, Mrs. V. H. Grantham, Mrs. W. C. Clause, Mrs. A. R. Gramling, Mrs. O. D. Landress, Mrs. Betha L. Richards and Mrs. James Alderman, Mrs. R. W. Casabe.

Hollywood

HOLLYWOOD, Sept. 19 (AP) - Time now to give a few thoughts to that species of Hollywood life known as the screen writer.

The movie scribbler is a much maligned gent. He is branded as everything from a soul-selling hack to heaven knows what and is often pictured as having wild hair, loud shirts and two swimming pools.

Actually, the screen writer is a craftsman who works hard at his profession. Take Randall MacDougal. He wears neat suits with white shirts and owns but one swimming pool.

MacDougal, producer Jerry Wald and director Mike Curtiz were visiting the actress to discuss "Mildred Pierce." They were ushered into a beautiful den with walls of mahogany.

"Hm," said the writer. "This must be like living in a wallet." "Nobody laughed. MacDougal tried to put the line in the script and was told it wasn't funny.

"Twenty years ago, it would have been funny to do the unobvious. The husband would say 'What are you doing here?' The man would answer, 'Waiting for a streetcar.'"

Another favorite was a writer's remark about the filming of "Don Juan" with Errol Flynn. The director, Vincent Sherman, was constantly rewriting the script, authored by George Oppenheimer.

CIRCLE MEETING
The R.W.A. Circle of the First Christian Church met at the home of Mrs. O. T. Pearson, Monday, in the absence of the chairman and vice-chairman.

ANNOUNCEMENT
The District meeting of the United Council of church Women will be held in Sanford Friday.

Plantation Estates

The many friends of Beas Patterson, who usually brings you the news of the Plantation, will be delighted to know that her son James was able to talk to her by long distance telephone on Tuesday.

What a month for birthdays! Tess Denman and Robert Newton had theirs on Sept. 5. You may remember that it rained a little that day so there weren't many callers.

Mr. and Mrs. Alfred Braut are very happy this week to be entertained by their grandson and his bride, the honeymooners, Mr. and Mrs. Howard K. Stearns of Watertown, Mass.

Lee Hatfield has obtained a position as nurse in the Deland Hospital.

Mr. and Mrs. E. L. Miller and their two children have moved into the two-story cottage near the Mansion.

Miss Ivy Blackburn and Miss Anna Marshall are here from New York trying to decide what kind of house they will build on their lot on Angell Drive.

Construction has been started on the home of Mrs. Rachel Alley on Medina Road.

Mr. and Mrs. Robert of Valencia Road reluctantly bade their house guests goodbye on Thursday. They have enjoyed very much the company of Mr. Rabner.

Another favorite was a writer's remark about the filming of "Don Juan" with Errol Flynn. The director, Vincent Sherman, was constantly rewriting the script, authored by George Oppenheimer.

CIRCLE MEETING
The R.W.A. Circle of the First Christian Church met at the home of Mrs. O. T. Pearson, Monday, in the absence of the chairman and vice-chairman.

ANNOUNCEMENT
The District meeting of the United Council of church Women will be held in Sanford Friday.

Brother and his wife of Richmond Hill, N. Y.

We are pleased to hear that Mrs. Aaron Dungan is well on the road to recovery after a three weeks' stay in a Norfolk hospital.

The swimming pool has been a favorite gathering place this week. It's in fine condition and most enjoyable these warm September days.

Mr. and Mrs. Joseph Spink are starting to build their home on Santiago Road and hope to be in it before Christmas.

Mr. and Mrs. Norman Gould have also returned after a month spent with their children and grandchildren in Philadelphia and New York.

Mr. and Mrs. W. C. Langbein have returned after a three months' vacation in upper New York state.

Mr. and Mrs. Joseph Santil, in returned after spending two weeks in Connecticut. He says the weather was bad and he is more than glad to be back.

Roberts After 20th Win Tonight Approaches Alexander's Record

PHILADELPHIA, Sept. 19.—(AP)—Back in 1917, two world wars ago, the Philadelphia Phillies had a pitcher who won more than 20 games in one season. They haven't had one since.

Tonight that not-so-glorious record might be altered, unless the opposing Chicago Cubs get winning ideas of their own. Robin Roberts, ace of the 1950 Phillies' mound corps that has pitched the Whiz Kids to within touching distance of the National League pennant, is after his 20th victory—feat last accomplished by Grover Cleveland Alexander.

It was Alexander who hurled the Phils to the only pennant they ever captured, way, way back in 1915. That year he won 31; in 1916 he won 23. In 1917 Alexander won 30, lost 13, but the Phils finished second (for the second straight year). Since then they've finished in the first division only twice—in 1932 (fourth) and last year (third).

Today they're leading the league by 7 1/2 games and need only eight victories in their next 18 games to clinch the pennant, providing their two closest opponents win every contest. Of course, each time second place Boston loses it means the Phils have to win one less game to capture the NL flag.

Roberts, one of only two able-bodied starting pitchers remaining on the Phils' bench, has won 19 against eight defeats. He's beaten the Cubs twice this season, lost once.

"Tonight's the game I want to win more than any other game I've pitched," the 25-year-old righthander said.

Chicago, deep in seventh place, has assigned slim Bob Rush to oppose Roberts. He hurled against the Whiz Kids in Chicago. That game was called in the 11th inning with the score tied 4-4. It was replayed the next day with the Phils winning.

The pennant-driving Phils, luckily avoiding the doctor's office the first five months of the campaign, are now finding sickness and injury the only roadblock in their path.

Four key players have been laid aside since September 1. Outfielder Dick Slater has been sidelined by a wrist injury. Bill Nicholson, another outfielder, was hospitalized with diabetes. And then rookie hustler Bubba Church and Bob Miller were put out of action temporarily when they were struck in the face by a batted ball. And Miller has a sore shoulder (injury).

Earlier, the Phils lost pitcher Curt Simmons to a shoulder injury. That injury Roberts and Russ Meyer are the only starting pitchers left in the rotation. Meyer said he's planning to use few "new" pitchers, but he's not revealing anything goes okay, he adds.

Should Roberts or Meyer falter there's always fireman Jim Konstanty who has made 66 relief appearances. And if Jim needs help Sawyer can call on Ken Heintzleman, Bix Donnelly or Ken Johnson. None of these three have come up to expectations but on a few late-inning occasions they've shown flashes of brilliance.

Sawyer said he hopes "somebody makes a comeback. Right now my pitching selections are all up in the air."

Every one but Roberts tonight, that is.

Police Chief Hits 99 Out Of 100 In Pistol Practice

Police Chief Roy G. Williams led all competition at pistol practice held by the Seminole Gun Club at the local range Wednesday afternoon. P. L. Woodruff II had the highest score in the shotgun (shot) shooting.

Pistol scores were: R. G. Williams, 99x 100; William Graham, 98; F. F. Rockett, 90; W. A. Horn, 80; Ned Smith, 89; T. O. Brown, 89; E. R. Henny, 87.

Shotgun scores were: F. L. Woodruff III, 68 x 75; George Maffett, 33 x 50; M. L. Raborn, 17 x 50; J. P. Pope, 17; F. L. Woodruff II, 13 x 25.

Arrangements are being made to have a supper and meeting at which officers of the club will be elected in the near future. The time and place of this meeting will be announced later.

Anyone interested in either pistol or shotgun shooting is advised to telephone Byrd J. Goodie, 587 J. from 9:00 A. M. to 9:00 P. M. or 454 at from 5:00 P. M. to 11:00 P. M., or to write, P. O. Box 51.

Star hurlers Start In Southern Finals

ATLANTA, Sept. 19.—(AP)—When Nashville and Atlanta open the final Southern Association playoff series here tonight, each team will be facing a pitcher who gave it lots of trouble during the regular season.

Nashville will be up against Dick Hoover, whom the Vols managed to beat only once in five games. The Crackers will struggle with Bob Schantz, who posted no defeats. Both are south-

Holloman and Dan Brozman. Atlanta and Nashville appear to be evenly matched for the best of seven winnow series. Each club has a 11 loss during the season.

Atlanta's pitching staff has been troubled the finest by Holloman, who has lost four straight games. Nashville ousted Brozman in four games to oust

tery over Detroit yesterday. They didn't know whether to be glad or sad. It could turn out to be the game that cost them the pennant.

Celery Feds Meet Orlando Tigers In First Game Friday

Feds Rated As Under Dog Against Powerful Orlando Tigers

The Seminole High School Celery Feds, rated as a faster and much improved team, are getting into the final practice sessions this week before their opening game of the 1950 season with the Orlando Tigers in Orlando Friday night.

The Feds, although sporting some of the fastest backfield men ever to don a Seminole High School football uniform, will be the under-dog of the contest.

Fed Coach Carl "Goose" Kotler declared that "although the boys have shown much improvement and seem to be a much faster team than last year, they lack in experience and depth in reserves."

The Celery Feds are expected to have 20 men in uniform Friday night as compared with the much stronger Tigers' 45.

With an average weight of 165 pounds and a few leftmen from last year the Tigers are rated as a good prospect in Florida's Big Ten.

After meeting the Tigers Friday night the Feds will return home on Sept. 29 to meet the Eustis Panthers in the first of three straight home games of the 1950 season.

The Celery Feds' forward wall, of medium weight and with a little experience, is expected to be fast and dangerous on the offense.

Those returning from last year are Walter Routh and Herman Swagerty, tackles; Ed Gordon and Wim Hardin, ends; The guard positions will be filled by Mike Wheeler and Denis "Buddy" Bass, which played center last year.

The backfield will be made up of Frankie Stenstrom, Clarence Clause, Spencer Taylor, Dan Smith, Martin Taylor and Don Dlesley.

Stenstrom will be remembered for his broken field running last year and is expected to be the spark-plug of the Fed attack again this season.

DiMaggio Sparks Yankees Drive For 2nd Straight Flag

CHICAGO, Sept. 19.—(AP)—It's still true but true that "as Joe DiMaggio goes, so go the Yankees."

The \$100,000 Yankee clipper remains the key to New York's bid for a second straight American League pennant.

With Joe D. batting at a .358 clip since his mid-summer "vacation" on the bench, the Yanks surged from third to first. Now, with 12 games to go, they lead Detroit by a game and Detroit by 1 1/2 games.

You ask DiMaggio how he snapp'd out of it. He honestly doesn't know.

"No, I haven't made any changes," he said. "I just keep going along trying to get my hits. Earlier I was trying to do things at the plate to snap out of it. Probably you couldn't notice it from the stands. But now I've found it again."

"Last spring I hit to right more than usual. But now everything is left. It is used to be, I pull everything. I hope it keeps up."

Since his return, Aug. 17, DiMaggio has played 32 games. He has 45 hits in his last 116 at bats, triples and nine homers. His season batting average soared from .270 to .298. Any day now, perhaps tonight at Comiskey Park, he may go over .300 for the first time since 1938.

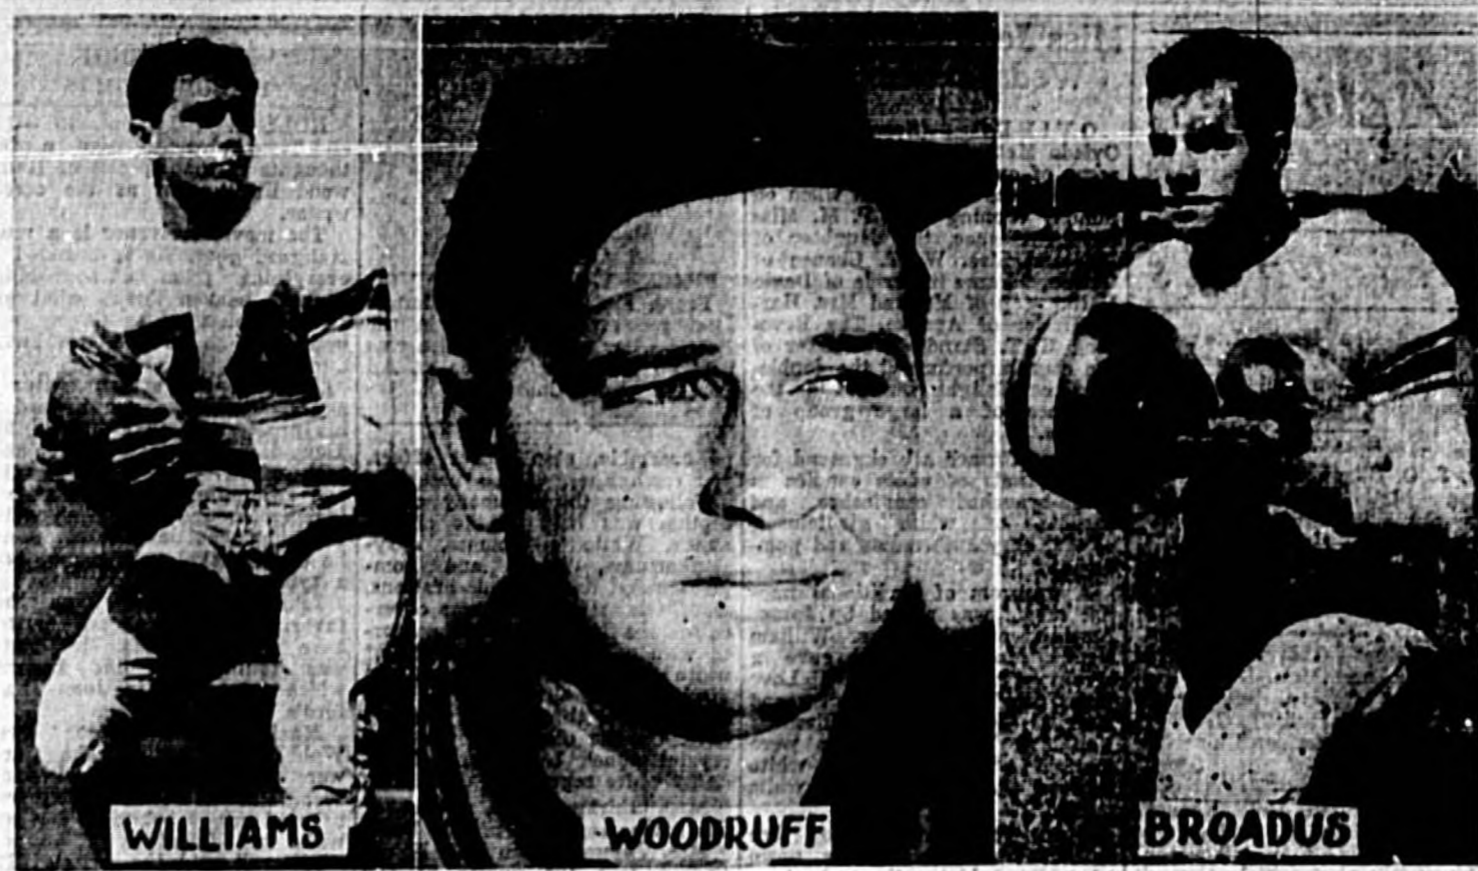

DiMaggio's "comeback," when many were writing his baseball obituary, sparked a home run flurry by the entire Yankee club.

In the last 20 games, they have hit 36 homers for a season total of 167. Johnny Mize hit 10 during the streak. DiMaggio seven and Yogi Berra six.

Even when he's still struggling to get over .300, "The big fellow," as his teammates and manager Casey Stengel call him, is the man who has to carry the load.

DiMaggio says he feels "about the same" as he did before he was taken out for a week's rest. He's down to 192, about nine pounds below normal, due to a cold.

The Yankee players weren't sure how to take Boston's 3-2 victory over Detroit yesterday. They didn't know whether to be glad or sad. It could turn out to be the game that cost them the pennant.

These three winners will lead the inexperienced Florida Gators through the 1950 season. Coach Bob Woodruff, at Baylor University last year, will be in his first year as head man of the Florida Gators. Captain Angus Williams, of Tampa, is the only experienced quarterback on the squad and alternate captain Loren Broadus, of Jacksonville, is the only halfback letterman returning from last year. The Gators open with Citadel on September 23rd and then meet Duquesne, Georgia Tech, Auburn, Vanderbilt, Furman, Kentucky, Georgia, Miami and Alabama in that order.

Florida Worried About Citadel After Saturday Win Over Marines

GAINESVILLE, Sept. 19.—(Special)—The 56 to 6 licking Citadel's Bulldogs handed the Palm Island Marines last Saturday has not made the sleeping any sounder for Florida's Head Coach Bob Woodruff.

The Gators, making their debut under Woodruff, open their season here next Saturday night against Citidel. Kickoff time is 8 P. M.

With two weeks of heavy work and rough scrimmages behind it, the Florida team will ease up considerably this week and probably even enjoy cooler night air for one or two workouts.

Halfbacks J. (Papa) Hall and Scotty Peek and fullbacks Ken Sumner and Billy Reddell are expected to be back in playing shape after missing last week's game scrimmages because of injuries.

An audience approaching 25,000 may be on hand when the sophomore-studded Florida outfit makes its initial appearance under Bob Woodruff, former Tennessee tackle, Army and Georgia Tech assistant coach and head coach at Baylor University for the season of 1949.

One year ago, who started against Georgia a year ago to back for duty this year: Cannon and quarterback Angus Williams.

Two of the three individuals who provided the Gator touchdowns in the hard-earned 13 to 0 win last fall are on hand: Williams, who threw a 16-yard touchdown to Charlie Hunsinger, and Loren Broadus, who raced 45 yards on a punt return for the other score.

Throughout the line and in at least three backfield positions will be new faces to the Florida starting lineup.

A major practice development has been the surprising progress of Fred Montsodca, SEC punting champion last year, as an all-around offensive fullback who takes his regular turn in the ball-carrying department. The past two seasons Montsodca ran with the ball only three times and as a punting specialist, averaged

35.5 yards in 1948 and led the Conference with a 41.6 average last year.

His competitor at fullback is coming from sophomore Ken Sumner, 125-pound power back; Billy Reddell, 180-pound broken-field artist; and Floyd Huggins, 198-pound speedster. Reddell and Huggins are junior college transfers.

The dangerous Citidel offensive ran wild against Palm Island last week with veteran Jack Chandler and sophomore Buddy Vreidling furnishing the spearhead. Florida will raise the 1950 curtain in a Florida Field Stadium that has had a major face-lifting since last fall. The addition of 15,000 seats is under way, and some 7,000 of them are expected to be ready for Saturday night's contest.

PARIS HAS HORN TROUBLE PARIS—(AP)—Perfect of Police Roger Leonard has promised a deputation of municipal councilors that he will see what can be done about reducing the noise of motor-horns in Paris. A suggestion that use of horns might be banned entirely was rejected on ground that it would slow traffic and make the congestion worse. Two hundred and sixty-eight Paris motorists have been fined for "abusive" use of motor-horns during the past three months but visitors notice little relief from the usual clamor.

Sophomores are holding down nine of 11 starting positions on the 1950 University of Arizona football team.

Put a sugar syrup, flavored with fresh mint over sliced melon and serve as a sauce for ice cream.

Musial Is A Cinch To Take Batting Crown

NEW YORK, Sept. 19.—(AP)—Only the severest of slumps can keep Stan Musial from a fourth National League batting title. The St. Louis Cardinal slugger, sporting a neat .352 average, looks like a shoo-in.

Musial is 19 points ahead of his closest pursuer—Brooklyn's Jackie Robinson, the defending champ. The Dodgers' second baseman is hitting .333.

The No. 3 batsman is Boston's veteran Walker Cooper. Big Coop, shuffled from club to club in recent seasons, is batting .317. Figures include games of Sunday, September 17.

Sid Gordon continues as the Braves' "solid man," hitting .315 for fourth place.

Completing the top ten batters are Ted Kluszewski, Cincinnati, .313; Duke Snider, Brooklyn, .312; Andy Pate, Chicago, .311; Ed Stanky, New York, .308; Carl Furillo, Brooklyn, and Richie Ashburn, Philadelphia, .297.

Florida Worried About Citadel After Saturday Win Over Marines

GAINESVILLE, Sept. 19.—(Special)—The 56 to 6 licking Citadel's Bulldogs handed the Palm Island Marines last Saturday has not made the sleeping any sounder for Florida's Head Coach Bob Woodruff.

The Gators, making their debut under Woodruff, open their season here next Saturday night against Citidel. Kickoff time is 8 P. M.

With two weeks of heavy work and rough scrimmages behind it, the Florida team will ease up considerably this week and probably even enjoy cooler night air for one or two workouts.

Halfbacks J. (Papa) Hall and Scotty Peek and fullbacks Ken Sumner and Billy Reddell are expected to be back in playing shape after missing last week's game scrimmages because of injuries.

An audience approaching 25,000 may be on hand when the sophomore-studded Florida outfit makes its initial appearance under Bob Woodruff, former Tennessee tackle, Army and Georgia Tech assistant coach and head coach at Baylor University for the season of 1949.

One year ago, who started against Georgia a year ago to back for duty this year: Cannon and quarterback Angus Williams.

Two of the three individuals who provided the Gator touchdowns in the hard-earned 13 to 0 win last fall are on hand: Williams, who threw a 16-yard touchdown to Charlie Hunsinger, and Loren Broadus, who raced 45 yards on a punt return for the other score.

Throughout the line and in at least three backfield positions will be new faces to the Florida starting lineup.

A major practice development has been the surprising progress of Fred Montsodca, SEC punting champion last year, as an all-around offensive fullback who takes his regular turn in the ball-carrying department. The past two seasons Montsodca ran with the ball only three times and as a punting specialist, averaged

Fans Will Get Money's Worth At Weekend Southeastern Battles

Beef on the cleat, a more or less valuable commodity during the mild September days, is being primed this week for Saturday's Southeastern Conference football melee.

Never the ones to pamper their padded charges, SEC coaches like coaches throughout the land from Slippery Rock to Stanford are busy ironing out the kinks for dear old rah-rah-rah.

No members of moment are expected in the Southeastern Conference play on Saturday, but fans will get their money's worth at such opening games as Kentucky and Louisiana State, Georgia Tech and Southern Methodist, and Georgia and Maryland.

Some other SEC games are expected to be as top-sided as a low-legged toe dancer. Walkover victories seem to be in the cards for Alabama over Chattanooga, Florida over Citadel, Tennessee over Mississippi Southern, and Mississippi State over Arkansas State. As a football pretties goes, that's a long way off.

Florida is still working on fundamentals, and Tulane is coasting along while waiting for the September 30 opener against Alabama. As football pretties goes, that's a long way off.

Mississippi is taking no chances with it Friday night sores with Memphis State. Coach Johnny Vance has ordered heavy scrimmages in the wake of Memphis State 64 to 0 brace last weekend over Union.

Alabama is getting ready for Wofford, and avert to hear the Wofford wail wafted westward from South Carolina.

"As long as I've been coaching football," lamented Wofford coach Phil Dickens, "I've never seen a team as low mentally and physically."

The words have an old, sad, familiar ring, and reek alight of moth balls. No matter, Dickens is probably nearer right than wrong, an almost miraculous state for a coach in a pre-game prediction.

Ed Filipovitz threw a curve low on the inside. Beg pardon, but the inside, a few old ball notes got mixed up here. Ed Filipovitz, a hardlocking end, was a standout in the line.

Alabama looks for a fight because Scrappy Moore's Lookouts always live up to the coach's name, but it will be a lost cause for Chattanooga. Alabama has four teams for the double-team system it plans to use Saturday. Instead of offensive and defensive platoons.

Captain Mike Mizerny is still sidelined by an injury, but the chances are he'll be ready for the kickoff.

There's a wide-eyed rumor going around that Tennessee plans to play Citadel against Mississippi Southern, but that's probably taking it a little too far. The Vols' score, however, will no doubt look like a figure in an Einstein equation before Mississippi Southern is carted from the field.

Frank Alexander's sprained ankle is expected to be healed by Saturday, but Bill Fulton's shoulder injury has taken him out indefinitely.

Georgia Tech is working on its pass patterns for Saturday's game in Texas. Coach Bobby Dodd was cheered by the return of Joe Statler, who has been nursing a bruised hip. Joe flipped a few

Legion Meet

(Continued From Page One)
over the meeting, following the Legion supper. The membership drive was discussed.
In its resolution, unanimously adopted in opposition to a World Federalist movement, the Legion Post was indicated as following the lead of the Department of Florida, which at its 1950 convention in Ft. Lauderdale, unanimously adopted a resolution declaring that "The Department of Florida is opposed to the United World Federalist movement."
The resolution also points out that the national executive committee of the American Legion at its meeting in Indianapolis declared that the Legion is "opposed to any form of World Federation or government at this time."
The local resolution was made in accord with the national and department Legion actions.

Rotary Meeting

(Continued From Page One)
dent of the then International Association of Rotary Clubs.
Since the program of foundation fellowships was started in 1917, fellowships have been awarded to 195 young men and women, said Mr. Dean.
President Orville Touchton urged Rotarians to observe the coming Employ the Physically Handicapped Week, and the club endorsed the project. Sam Martina introduced Sonny Powell as a guest.

Fishing On St. John's Topic Of 2 Year Study

FORT PIERCE, Sept. 19—(AP)—J. W. Corbett of this city, former member of the Florida Game and Fresh Water Fish Commission and chairman of its special committee named to consider the report on a two-year study of fishing conditions in Lake Okechobee and the St. Johns River area, has called a meeting of the 14-man committee to be held here Tuesday, Sept. 26. Porter Lansing, Sanford sportsman is a member of the committee.
The meeting is being called, Corbett said, for the purpose of receiving and considering the report of the study. It will be held at the Community Center starting at 1:30 P. M., and everyone who is interested is invited to attend, Corbett added.

Blood Bank

(Continued From Page One)
general public for blood donations. Following this report, Lion Kader received a rousing Lion roar of commendation for his efficient work.
Secretary Roderick Adams announced plans for a district membership campaign, and urged that local Lions attend the district meeting next Tuesday night in DeLand.
King Lion Harry Robson welcomed as a guest the King Lion of Ovidio, the Rev. F. C. Morgan. Another visiting Lion, the district of Belle Glade was outspoken in praise of the cooking of Mrs. M. D. Gatchell.

Cecil Carlton stated that the Lions will celebrate their big event of the season, Charter Night, on Oct. 27, the 25th anniversary of the club, at the San Orlo Club. Volie Williams Jr., led the singing.

P. M. Exhibit

(Continued From Page One)
their report on any state at an international event.
One diorama will feature a Florida beach with a large view of ocean, and waves apparently rolling and breaking on the beach. Bathing and promenade will be shown, and a sunset in the western sky.
Another diorama will portray the historic Suwannee River, famous in song and story, showing Negroes singing around the cabin door, and the river flowing in the background. The Orange Belt of Florida, with modern homes, lakes, and passing cars and trucks on the highway will be portrayed.
Free orange juice will be dispensed by a "Florida beauty" representing the concentrate industries, and samples of many products of the state, including cigars from Tampa, sugar from the Glades, pecans and other nuts, will be given to the visiting postmasters.

2nd Division

(Continued From Page One)
ed out by American planes.
As they reached the west bank, combat-ready infantrymen took cover behind a big stone wall. Then, at a lieutenant's order, they moved out in long thin line to the front. They walked past a big enemy ammunition dump captured Monday.
On the last line of hills marking the bridgehead frontier, the Americans were dug in solidly. Last night there were enemy attacks. A Red platoon was sent to attack the American positions. American patrols moved quietly out in front, probing for Red positions.
One returned with a warning that a Red platoon was entrenched behind a few hundred yards ahead. American artillery behind the east bank of the Nakdong promptly hit the Red position.

Back on the river, engineers who had been fighting as infantrymen only three days ago went back to their old jobs, working waist deep in water constructing a bridge.
Sgt. First Class Kenneth Hill of the Dalles, Ore., and Pfc. Jimmy Connell of Henderson, Ky., were two of those bullying the big bridge parts into position.
The general impression of the whole bridgehead was that the Second Division men had consolidated and were ready to repulse any enemy attack—or to thrust out themselves.

Elsewhere on the Second Division front, weary infantrymen finally captured Hill 201 with all its intricate fortifications.
By dusk they had moved 600 yards southwest, methodically driving the enemy from ridge to ridge. Once these lesser ridges are cleared, the Second Division can sweep North Korean remnants from the east side of the Nakdong north of the Nam and Nakdong confluence.
Other elements were striking south on the east bank of the river against this same enemy pocket, overcoming small arms and automatic weapons fire.
In the division's northern sector the enemy stubbornly held out on Hill 409 despite a B-26 attack on the shell-pocked peak.
Back here on the bridgehead across the Nakdong, Second Division infantrymen were flushed with victory after their sweep to the river bank.

The whole eastern approach to the river evidences the enemy rout. Still in their camouflaged positions were dozens of artillery pieces, mortars and tons of ammunition. Hundreds of dead North Koreans still lay grotesquely sprawled in death. They were cut down by American bullets.

German Police

(Continued From Page One)
The Big Three also announced they had agreed "that the efforts of the United Nations to resist threats to peace and to achieve peaceful settlements will receive their firm support." In other words, they are going into the new session of the general assembly with a common front against Soviet Russia on major peace problems.
Here are the principal points of the agreement on Germany:
1. With an obvious warning to the Soviet Union, the three announced that they will treat any attack against the federal republic (West Germany) or Berlin from any quarter as an attack upon themselves. They backed this up by announcing that they will "increase and reinforce" their forces in Germany.
2. All three will take the steps necessary in their domestic legislation to end the state of war with Germany, and thus "create a firmer foundation" for friendly relations between Germany and other countries and remove handicaps to which German nationals abroad are subject.
3. The powers are prepared to revise the occupation status although continuing the occupation itself, so that Western Germany can set up a foreign ministry and establish diplomatic relations with other countries "in all suitable cases." Existing internal economic controls of the occupation powers, as well as a review system over German legislation, will be reduced or modified.
4. The Big Three further agreed to have a new look at prohibited and limiting laws imposed on German industries. Pending the completion of that study, they have already instructed the high commission to remove all restrictions on construction of commercial cargo ships for export and to permit steel to be produced above the present 11,000,000-ton limit. This would aid the western defense effort.
5. With respect to Berlin, the three powers will continue to provide economic aid and will liberalize Allied controls in the city as much as possible.
6. On the police force the Big Three stated they had agreed "to permit the establishment of mobile police formations organized on a local (state) basis but will provisions which would enable the general government to use this special force in emergencies. No figure was given on the size of the force but it was understood that what is contemplated is an increase to 30,000 for a previously authorized emergency force of 10,000.

"These decisions," the three foreign ministers declared, "mark an important stage in the normalization of the relations (between the West and Germany) and should contribute toward the creation of an atmosphere of mutual confidence and understanding."
"They represent a major advance toward the progressive return of Germany to partnership in Western Europe," Secretary Johnson was convinced that the American proposal to incorporate German troops into a Western European defense force has fundamental agreement a-

mong the ministers who compose the North Atlantic Council—the Big Three and nine smaller states. The council is to resume sessions here within two weeks.
WASHINGTON, Sept. 19—(AP)—The decision to end the state of war with Germany confronts Congress and various governing agencies with the prospect of a big job in revising or dropping many wartime laws and rules.
Part of the work already has been done, based on President Truman's proclamation of Dec. 31, 1946, which declared the cessation of hostilities, but did not end the state of war.
The Senate Judiciary Committee's legal staff said literally hundreds of laws and parts of laws would automatically die when war ends with the signing of a peace treaty.
But the President case, a committee aide said, the job is complicated by these facts:
1. There is no peace treaty.
2. The decision by the foreign members of the United States, France and Britain to end the state of war with Germany applies only to that country, but not to Japan.
3. Some laws name the specific war for which they will be operative, and these name all of the Axis powers.
For instance, said a staff lawyer who has studied the whole situation, new problems will arise immediately in handling the property of German nationals under the Trading-With-the-Enemy Act since Germany no longer is an enemy officially.
The Justice Department disclosed it has devoted a lot of work to preparations for the official end of the war. It is compiling a list of all the laws that might need changing, and indicated the list would be a long one.
The reaction to Big Three's decision was generally favorable in Capitol Hill.
Sample comments:
Senator Brian McMahon (D-Conn.)—"This is an important step toward the unification of Western Europe which is so highly desirable." McMahon is a member of the Senate Foreign Relations Committee.
Senator Chan Gurney (R-S.D.) of the Armed Services Committee—"That is a very fine solution and I hope it all works out."
Senator Ed Johnson (D-Colo.)—"I am very glad."

Contract Signed

(Continued From Page One)
the issuance of the bonds.
Another important factor to be determined is if under present building costs the terminal can be built within the limitations of the \$30,000 bond issue, Mr. McKibbin pointed out.
The fiscal agents require as pledges for meeting the bond interest and principal terminal revenues plus parking meter funds. The agency, said Mr. Ghormley, will not try to control the location, number or types of meters.
There was no dissenting vote to the authorization motion by the Commission.
Had the City been granted an R. F. C. loan, no future additions could have been financed during the period of the loan by use of terminal revenues, said Mr. Mc-

Naktong Crossing

(Continued From Page One)
barrage didn't amount to much in terms of European warfare.
Just as dawn broke—just enough light to make good targets—the first assault boats were hefted into the water.
The first way, led by Second Lt. Loran Chambers of Mount Sterling, Pa., got half way across when there was hell to pay. Throughout the night the hills on the opposite shore had been quiet. But now they crackled with fire.
Many of the men in the boats were hit. Some leaped into the in spots, the river was but waist deep.
The fire fight started precisely at 5:45 A. M.
I watched the whole operation, sweating it out in an apple orchard over night in the dank, cold air with four nice guys in a heavy weapons platoon.
They were 1st Lt. Joe Griffin of Charleston, S. C.; 1st Lt. Thomas Sheehan of Philadelphia; 1st Lt. and 2nd Lt. William B. De Graf of San Francisco.
De Graf was graduated from West Point this year as number one man in his class.
None was enthusiastic at the prospect of the crossing in the face of enemy fire.
They were carrying rations for 24 hours and what ammunition they could load on themselves.
Sheehan, the company commander, after a wearing night, called his officers together.
With a phony British accent, he bid them "cheerio and all that boys. Now get the hell out of here."
I did not see them again. They were divided up as a company and attached in support of others.
I wandered in the darkness to where engineer 1st Lt. George Schirmer of Norfolk, Va., was doing yeoman work in creating order out of confusion and getting the boats moving. At the first crack of dawn and with the first fire from the opposite shore, I crouched atop a bank with a magnificent panoramic view of the whole show.
Some men drowned on their bellies in the sand at the first shot but others plugged steadily ahead with their boats. On the opposite fire and then the heavy chug of an American light machinegun.
It was possible to see men dropping in their tracks.
Not long after this, Harold Faber, New York Times correspondent, was wounded slightly in the leg as he made his way off the beach.
A few minutes after Faber had gone to an aid station, a mortar round fell where he had been lying. The burst killed a medic 20 feet from me.
Kilbin. The present bond resolution, however, permits additional financing for needed additions, provided revenues indicate that interest costs can be carried.
A request for the improvement of an alley between Second and Third Street, and Magnolia and Park Avenues was turned down, as the present budget will not permit this.

Jewels to look at—Gems to cook with

FOR MEALS THAT MAKE YOU FAMOUS THERE'S NOTHING LIKE REVERE WARE!

You SAVE when you cook the REVERE way . . .

- You SAVE fuel . . . because REVERE WARE requires so little heat and water!
- You SAVE food . . . because REVERE WARE means no "hot spots," no scorched foods, no food shrinkage!
- You SAVE FLAVOR, VITAMINS and MINERALS . . . because meats retain their full flavor, and vegetables stay garden-fresh!

COPPER CLAD for quick, even heat . . . STAINLESS STEEL for jewel-like beauty that lasts

Acheson Lays U.S. Program Before World

Secretary Proposes U. N. Police Force To Bar Aggression Anywhere In World

NEW YORK, Sept. 20 (AP)—Secretary of State Acheson laid before the U. N. Assembly today an American program to combat aggression anywhere in the world, including a provision for a peace patrol and military forces to back up United Nations decisions.

He also suggested that the Assembly organize itself so it can meet "upon 24 hours notice" in case of any breach of the peace on which the veto-bound Security Council cannot act. This would apply in any subsequent case similar to the present Korean war.

Giving a major outline of United States policy in the U. N., Acheson said a world organization with teeth to back up its decisions might deter the results in the Kremlin from seeking the piecemeal dismemberment of the non-Soviet world.

"If this does not occur, the increase in our defensive strength shall be the means of ensuring our survival and protecting the essential values of our societies," he declared.

Acheson proposed that the Formosa question should be placed on the assembly agenda as a matter of special and urgent importance. Formosa now is the last stronghold of the Chinese Nationalists. Its waters now are being patrolled by American naval units on orders of President Truman to prevent the spread of the Korean conflict throughout the Orient. The Secretary of State said the United States government believes the "problem of Formosa and the near 1,000,000 people who inhabit it should not be settled by force."

Referring to Korea, the Secretary said the United States will continue to support the bulk of them American—will be able to crush the Communist aggression there and that Korea will be returned to the custody of its people.

Meteor Explodes Lighting Up Sky In Nashville Area

NASHVILLE, Tenn., Sept. 20 (AP)—A meteor flashed through the sky to the west of here early today and apparently exploded in the air, lighting up an area from Paducah, Ky. to Memphis, Tenn.

The Illinois Central Railroad dispatcher in Paducah said reports from all along his line to Memphis told of a jar of an explosion.

The IC dispatcher's account was related here by Fred Boston, Tennessee Central dispatcher who said the IC man called to ask if there had been an explosion.

At Memphis, 220 miles south of the Shelby county and state highway patrol sent six cars racing north of the city. The central radio office said one car reported the meteor hit in the vicinity of Hatchie Bottoms, a semi-swampy area between Memphis and the Millington Naval Base, about 20 miles away. This report was not confirmed.

A report of the sky flash was given in Memphis by American Airlines Capt. H. J. Garman, of Dallas, Tex. Garman had just landed a DC-6 with 41 passengers from Washington.

"We sighted that thing about one-thirty (1:30 A.M., CST) some 50 miles east of Nashville," Garman said.

"I was flying at 18,000 feet and it looked as though it came right across my nose."

"I tell you, I never saw such a brilliant flash of light before. No one else saw it."

GOING UP
WASHINGTON, Sept. 20 (AP)—The executive branch of the federal government had 1,367,715 employees at the end of July, the Civil Service Commission said today.

This was an increase of 16,971 during the month.

The military departments and the Selective Service system reported increases totaling more than \$7,700. The Commerce and Agriculture Departments and the Veterans Administration reported large increases.

Gen. MacArthur Holds Front-Line Conference

MAKING A TOUR of the fighting front around Inchon, General Douglas MacArthur pauses for a moment to confer with an unidentified Marine Battalion Commander. The United Nations Commander in Korea was reported to have shown an almost unprecedented disregard for his personal safety as he inspected the American invasion troops fighting in Korea. (Army-Navy Radio-photo from International Soundphoto)

Army Air Force Officers Inspect Local Air Field

A group of Air Force officers and civilian technicians headed by Major Jesse A. Irwin of Scott Air Field, Belleville, Ill., arrived yesterday afternoon at the Municipal Airport in order to make a full survey of the facilities of the former Naval Air Station.

The purpose of the survey, said Major Irwin in a conference at Remley's Restaurant with City officials, is to determine how much time and money it would take to put the air facilities back into condition for a civilian contract flight training program for more than 100 cadets at a time.

Asked by Mayor Carraway if it would be necessary to take over the entire facilities of the former Naval Air Station, Major Irwin replied that he did not feel that this would be necessary in case the Air Force decides to locate here, but only to take over that portion needed for the training program.

Some 600 cadets and about 50 officers and airmen would occupy barracks, he pointed out, and the balance of about 1,200 would be civilian personnel. He estimated that about 300 families would locate in the city proper in case the site is approved.

Mayor Carraway stated that certain facilities at the airport, such as Florida Pathways and its holdings are very vital to this community, and it is the wish of the city to retain them.

MIDWAY IN MID
CAULIARI, Sardinia, Sept. 20 (AP)—The U. S. aircraft carrier Midway and 12 smaller units of the American Mediterranean fleet arrived here today from Algiers. The U.S. ships are expected to remain here for a few days.

Montezuma Dining Room Will Reopen
The Dining Room of the Montezuma Hotel, closed for a number of years, will be reopened Sunday, Sept. 24, under the management of Mr. and Mrs. Milton Walsh, who moved to Sanford from Wisconsin in July.

Mrs. Walsh, who will personally oversee and assist in the operation of the dining room, has had wide experience in this type of work. She will be assisted by her husband in various capacities.

Both kitchen and dining room have been completely redecorated and all newly equipped. It is planned to keep it open the year around.

New York Bookmaker Says Graft Paid To Police For Protection

NEW YORK, Sept. 20 (AP)—A big-time bookmaker has told a Brooklyn judge that he could reveal a "terrible scandal" involving graft payments to police.

He indicated that officers as high as inspector might be incriminated.

But the gambler, 54-year-old Harry Gross, later changed his mind, saying he couldn't "live with myself" if he named the police who had accepted graft.

Kings county Judge Samuel S. Leibowitz raised Gross' bail to \$100,000 and ordered a special 24-hour guard on his jail cell. He is held as a material witness.

The high bail and guard were ordered after Assistant District Attorney Julius Helford told the court that Gross might face underworld execution if freed.

Gross, alleged head of a \$20,000,000-a-year bookmaking ring smashed last week, had been handled with kid gloves by the district attorney's men as long as he gave indication of barring operations of the ring and connections with police officers.

At Gross' own request, it was

County Fire Issue Goes On Ballot In November Election

The required number of landowners in Seminole County have signed a petition requesting the Board of County Commissioners to place the matter of a county fire fighting unit on the ballot in the 1950 General Election in November.

County Agent C. R. Dawson announced this morning. He expressed appreciation to Fire Chief M. N. Cleveland for bringing the acreage quota over the 102,321 acre mark, or more than half of the 205,440 acres in the county in order to make the petition valid. Chief Cleveland secured the signature of one owner of 3,200 acres among other signers.

A county fire control unit, if approved, would be handled by the State Forestry Service.

Landowners, declared today that securing of fire control is the progressive thing to do, and pointed out that Seminole is the only county in Central Florida which does not have this control.

Landowners may continue to burn their own land as long as they comply with Florida's forest fire laws in event fire control is established, said Mr. Dawson.

Seminole County has 133,307 acres of woodlands that would be protected, and the County's share of expense of the program would amount to about \$4,000 a year. State and Federal aid will be approximately \$12,000 a year.

Montezuma Dining Room Will Reopen
The Dining Room of the Montezuma Hotel, closed for a number of years, will be reopened Sunday, Sept. 24, under the management of Mr. and Mrs. Milton Walsh, who moved to Sanford from Wisconsin in July.

Mrs. Walsh, who will personally oversee and assist in the operation of the dining room, has had wide experience in this type of work. She will be assisted by her husband in various capacities.

Both kitchen and dining room have been completely redecorated and all newly equipped. It is planned to keep it open the year around.

General Bradley Says Korean War Most Significant

COMMUNISM IS SAID TO HAVE SHED PRETENSE OF PEACE INTENTION

DETROIT, Sept. 20 (AP)—General Omar N. Bradley said today the Korean campaign has become one of the most significant in all military history.

This is so, he said in a speech prepared for a meeting of the Detroit Rotary Club, because it marks the birth of a new power in the world—"armed action by the United Nations."

General Bradley, chairman of the Joint Chiefs of Staff, said the Korean fighting also has demonstrated that Communism has "shed even its pretense of peaceful intention."

Americans "had come victims of our own catch phrase 'cold war' with its illusion that Communism is merely an opposing ideology."

He added that it will be America's own fault if its military preparations now are "hating, fumbling, or of half measure."

But he warned Americans that "tension and sacrifice" may be "our normal way of life for many years to come."

"We face the fact that a large

AFL Plans To Unionize Southern Workers, Move Into Coal Fields

HOUSTON, Sept. 20 (AP)—The American Federation of Labor is planning new efforts toward unionization of workers in the South. The AFL also may try to move into John L. Lewis' domain—the coal fields.

Resolutions aimed at those objectives were ready today for submission to the AFL's 69th annual convention. They were expected to win unanimous approval, probably Friday.

Secretary of Labor Maurice Tobin was today's principal scheduled speaker, and second in a series of Administration spokesmen to appear. W. Averell Harriman, special assistant to President Truman, told the AFL yesterday Senator Taft (R-Ohio) should be defeated for reelection. President Truman sent a message praising labor's production efforts and repeating his opposition to the Taft-Hartley Act. Vice President Barkley is scheduled to speak tomorrow.

The AFL claims that many employers seeking to evade union influence are shifting their industries to the fast growing South and southwest, where union control is weaker.

"Unionization of the southern industries," says the resolution, "will not only improve the standard of living of millions of workers located in the South, benefit the nation as a whole by adding substantially to the purchasing power essential to the prosperity of our country, but it will also weaken the forces of reaction since the South today constitutes the strongest stronghold of reaction in our nation."

A conference of all AFL officers and representatives having jurisdiction over southern industries was urged for the purpose of "coordinating their organizational activities in the South and

Marines Hurdle Han River, Hammer At Gates Of Seoul

House Approves Anti-Subversive Bill 312 To 20

Senate-Group Conference Delayed On Tax-Boosting Bill

WASHINGTON, Sept. 20 (AP)—President Truman called on Congress today to sign out a senate-approved proposal to buy economic aid to countries suffering potential roads behind the Iron Curtain. He said the proposal is brought with "dignity to the United States and would pay" and would "weaken the first nations more than it could weaken the Soviet bloc."

WASHINGTON, Sept. 20 (AP)—Disregarding the chance of a presidential veto, the House today passed a subversives control bill calling for peacetime registration of Communists and wartime internment of potential spies and saboteurs. The vote was 312 to 20.

Agreeing to a Senate-House compromise on conflicting versions of the bill, the House sent it back to the Senate for expected speedy concurrence.

By completing congressional action on the bill today.

Blood Donors May Receive Two Pints For One Donated

Donors of blood or members of their families are eligible to receive, if needed, two pints of blood for every pint donated to the Seminole County Blood Bank. John K. Kline, chairman of the Limer Club blood bank committee, announced today.

Donors will be given cards, and in event of an emergency requiring a transfusion, these can be presented at any blood bank in the United States, he declared.

The regular cost of securing blood from a blood bank is \$25 a pint, plus \$10 service charge to cover the cost of equipment, laboratory expenses, and general overhead. However, the blood is secured from the Seminole County Blood Bank, the \$10 service charge will be the only charge he said.

The service charge includes \$1.75 as a fee for use in charity cases for which no charge is made.

The blood bank clinic, as previously announced, will be held at the office of the County Nurse on Palmtoe Avenue next to the Fire Station, Sept. 28 at 9:00 A.M.

Two patients received blood last month from the Seminole County Blood Bank. They are Mrs. J. D. Driggers and Mrs. V. Tucker.

Marines Have Situation Well In Hand After First Setback On Han

UNITED STATES PRESS CORRESPONDENT DON WHITFIELD WAS IN THE FIRST ASSAULT WAVE OF U. S. MARINES TO CROSS THE HAN RIVER NEAR SEOUL AT DAWN TODAY. His amphibious craft was hit by a shell but he was unharmed. Here's his dispatch sent back from the front by courier and telephoned to Tokyo.

BY DON WHITFIELD
WITH U. S. MARINES OUTSIDE SEOUL, Sept. 20 (AP)—A pale three-quarters moon was sliding below the horizon when the Marines came out of their foxholes and started trudging toward the Han River today.

Most of them, nonetheless, and the dirty road were the big amphibious tractors. The assault waves would ride into the battle for the Han River bridgehead on the Seoul side.

The moon came out of their holes unobscured, the tractors from blankets and shelter halves and outside shells. The night was cold and damp.

Major Mike Fitch of the 2nd Division led the way, the heavy weapons company of the 4th Regiment's First Battalion.

"Get ready to move. Assemble in boats."

The men shouldered heavy machine guns and mortars and ammunition and radios as they came stumbling out of the cotton mats were to ride with the assault: was set for 1 A. M. and Fitch led.

Deranged Farmer United States Is Commits Suicide, Speeding Arms To French Indochina

MONTECLA, Fla., Sept. 20 (AP)—Joe Wheeler Gann, 64, shot and killed his daughter-in-law, wounded his eldest son and then committed suicide at their farm here yesterday.

The woman was Edith Standford Gann, 34, mother of five children.

Madison County Sheriff Frank M. Sexton at Gainesville said Gann was mentally ill. County Judge H. H. McDonald declared the shooting a clear case of murder and suicide, and that no inquest would be held.

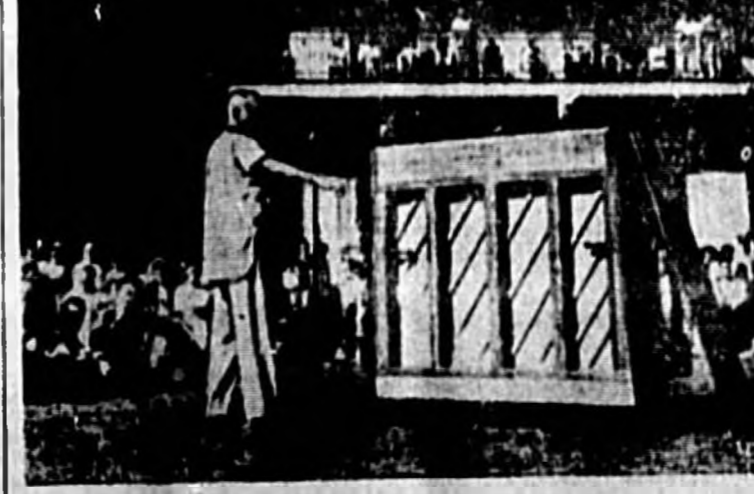

Two small girls, Clara Ethel, 5, and Rena, 3, children of Gann's brother, were at the scene and witnessed the tragedy, but neither were harmed.

Sexton, in piecing together the shootings, said that Felton, 34, Gann's eldest son, came to his farm about noon yesterday, wounded slightly in the right arm. He asked for a warrant for the arrest of his father, whom he said shot him as he was repairing a tractor.

Sheriff's deputies took Gann to the Alachua General Hospital at Gainesville for treatment after obtaining the warrant.

Sexton, with deputies Carl H. Morgan and Julian Smith, went to the Gann farm about 13 miles outside Gainesville in this section. Lying in a line leading to the farmhouse they found Felton Gann's wife, Edith. She had been shot in the head. Near a work bench outside the farmhouse they

Jolson Entertains Wounded GIs

VETERAN OF THE STAGE and screen, sixty-two-year-old mummy singer Al Jolson (foreground) sings beside a piano in courtyard of the 49th General Hospital, Tokyo, as he entertains GI casualties of the Korean war. The actor is en route to the battleground in Korea. (International)

Armored Columns Are Converging On The Capital Against Stiff Resistance

BY LEO EHRKSON
TOKYO, Thursday, Sept. 21 (AP)—Thousands of Marines hurled the Han River yesterday under tactical enemy fire and today were reported hammering at the gates to Seoul.

General MacArthur's post-midnight communique said two armored columns were converging on Seoul against stiffened resistance. Enemy casualties were reported heavy.

The Marines on their first lunges from the river bank drove ahead four miles today to the Korean capital field daybreak. The communique did not say how close the Marines are to Seoul now.

Five hours after the first waves hit the far bank, powerful U. S. tanks were turned across. They churned up sand banks, plowed over river paddies and moved into the van of the march on Seoul.

The Marines' first river-crossing try in darkness was repulsed by dark smoke and a long-range naval shell from the West from Inchon made good.

The tanks rumbled southeast, bringing powerful fire support to Leathernecks attacking hill positions outside Seoul.

Red Koreans were fleeing before the armored vanguard of a 40,000-man Allied liberation force.

Americans and their Communist enemy still were racing for possession of the capital. Communist troops rushed from the old southeast Korea front were reported streaming into Seoul as late as a winding secondary road from the southeast.

The Leathernecks were striking at Seoul from the northwest. A sharpshooters match in the streets continued on Page Two.

Carroll Is Freed As Judge Reviews Hearsay Evidence

SOUTH PARIS, Me., Sept. 20 (AP)—A superior court justice today ordered French M. Carroll, central figure in the celebrated Carroll-Dover murder case, free from 12 months' imprisonment.

Justice Albert Hebrard granted the 34-year-old Carroll's request for a writ of habeas corpus.

The state has no ground for the order, which shattered Maine court precedent.

He contended at a recent hearing in Portland that he had been sent to prison by fraud and deception and that his constitutional rights

ROLLINS OPENS
WINTER PARK, Sept. 20 (AP)—President Paul A. Wagoner will welcome 276 new students to the campus tomorrow as Rollins College begins its orientation week program.

Old students will return the middle of next week, increasing the enrollment to 623, two higher than the 1948 record on opening day. Classes will start Friday morning, Sept. 29.

AUCTION MARKET
Work is progressing on erection of a platform and seats for the new Farmers Auction Market at Gidderville, C. R. Dawson, chairman in charge of the program, announced this morning. Lights are being installed. Many growers, he said, are expected to attend the meeting of the market group there tomorrow night.
