

## UN Awaits Tshombe Move In Katanga

LEOPOLDVILLE, The Congo (UPI) — The United Nations paused today in its campaign against Katanga to see whether Provincial President Moise Tshombe will bow to UN military might or lead a guerrilla force in a counter-attack.

Tshombe was reported to have returned from Southern Rhodesia to the Katanga copper mining town of Kolwezi, site of a major Katangese air base 150 miles northwest of Elisabethville. But there was no official confirmation of his return.

Nor was there an indication whether Tshombe came back to fight the United Nations or negotiate an end to his secession as demanded by UN Secretary General Thant. With UN troops in control of Elisabethville and other strategic points, Thant warned Tshombe to negotiate reintegration into the Congo within two weeks or face "other measures." The warning was contained in a long statement issued Monday at UN headquarters in New York.

Thant put Tshombe on notice that the 18,000-man UN force will not let the routed Katangese troops back into Elisabethville. He warned that the United Nations will strike back swiftly against any fresh Katangese attack.

The UN chief executive said time was running out for implementation of the UN plan for ending Katanga's secession and reunifying the Congo under a federal system.

## Don't Butt In, West Is Told

MOSCOW (UPI) — Soviet Premier Nikita S. Khrushchev in a half-peaceful, half-bellacose New Year's toast, warned the West today to stay out of his spat with Communist China.

The premier also said the Cuban crisis proved that the Soviet army should be given "new modern weapons." He did not elaborate, but he warned that any Western attack on the Soviet Union would trigger a retaliation causing the West's destruction "in a matter of hours—short hours."

Khrushchev made his comments to 1,500 members of the Soviet elite and the Moscow diplomatic corps at the annual Kremlin New Year's Eve ball. He was in a gay and expansive mood and did not give the signal for the party to break up until 3:30 a. m.

Prior to the lavish banquet in the modernistic Palace of

Congresses and the grand ball in the St. George Hall of the Kremlin palace, Khrushchev and Soviet President Leonid Brezhnev sent a New Year's message to President Kennedy, expressing the hope for a "great improvement in relations" during 1968.

The message, one of many sent to world leaders, said the two Soviet leaders "hope it will be a year of joint efforts radically to improve the international situation in the interests of all humanity." The message wished Kennedy, his family and all Americans best wishes in the new year.

In a message to Cuba, Khrushchev and Brezhnev praised Premier Fidel Castro and pledged Russia's full support to his nation.

In his rambling toast at the ball, Khrushchev admitted there were differences in the Communist world, but he said the Communist nations will

stand together if capitalists some capitalist tries to put his nose in our differences, then we will fight against him together."

## Mr. D. M. Gaines Dies At Age 83

Mr. D. M. Gaines, 83, died at his home at 219 Fifth St. Monday after a lingering illness.

He was born in Walhalla, S. C., Sept. 14, 1879, and was a retired real estate dealer. He had made his home in Sanford for the past three years, and was a member of the First Baptist Church of Arlington, Va.

Survivors include his wife, Mrs. Ida Gaines of Sanford; seven children, Earl M. of Arlington, David of Orange City, Charles of Sanford; Mrs. Bernice Gandy, Sanford; Mrs. Mildred DeBlender of Washington, D. C.; Mrs. Jessie Hamilton of Fishersville, Va. and Mrs. Page Tucker of Camp Springs, Md.; 23 grandchildren and 17 great grandchildren.

The body will be sent to Suitland, Md. for services and burial. Brison Funeral Home is in charge of local arrangements.

A Nepalese mystic spent two nights wandering barefoot in the Mingho Valley of the Himalayas while a snowstorm raged, the National Geographic Magazine says. Though his hands and feet were swollen, the mystic suffered no frostbite. Physiologists found the Nepalese had an amazing ability to control the circulation of blood to his extremities.

**AROUND THE CLOCK**

By LARRY VERSHEL.

HERE'S A MONTH BY MONTH WRAP-UP OF 1962 IN HEADLINE FORM.

**JANUARY:** Weather was 25 degrees on Jan. 1... fear for county's citrus... City sewage treatment plants gets off the ground... Downtown shopping mall project freezes out... County moves to hire administrative aide (we're still waiting)... J. C. Hutchinson named chairman of the County Commission with Avery objecting (will it happen again?)

**FEBRUARY:** Mayor Crapps picture on the front page 11 times during the 28 day period... Plans to renovate the courthouse starts under the direction of Bob Brown... Five-Year Naval Air Station improvement set... New Sanford Post Office bids snagged... Bids opened on State Road 436.

**MARCH:** Forgers hit Sanford Atlantic Bank for \$25,000... Franchise directive submitted to the County Commission. (This will be going on throughout the year so we won't mention it again)... Hospital buys John Burton Mellonville property for \$35,000 (parking lot)... Jim Crapps picture hit front page six times... County tries to help city zoo but cries of politics, politics heard throughout the land... Plan dies.

**APRIL:** Carlton Biles quits as county engineer... City Civil Service Board and commission feuds on firing of worker... Vince Roberts says he'll quit but never does... Mrs. Virgil Wright shoots husband to death... Frank Leone named new County Health director... City, County agrees to pave 25th St.

**MAY:** Judge Vernon Mizorek mandatory jail sentence for drunk drivers... Mrs. Wright indicted on second degree murder charge... Lee Gary and John Alexander elected to County Commission in Demo primary... Joe Davis wins legislative race. Dan Wright and A. W. Epps Jr. named to school board... Chase and Company cited for violation of labor act... Bill Bush named County engineer... New college set for Seminole County.

**JUNE:** Three public officials forced to resign back posts... County Commissioner Vernon Dunn tries to muzzle press. (Poor Curly).

**JULY:** School Board hikes millage... Multi-million dollar Hunt Company to put plant here... Reapportionment battle begins to get Seminole a senator... Hassle in North Orlan du concerning town books... warrant issued for mayor's arrest.

**AUGUST:** One way for First St. proposed... County adopts \$1,500,000 budget... Port authority committee of the Chamber of Commerce named to probe fresh water port here... City imposes stadium tax for football games... Jim Crapps picture on front page five times during month... \$40,000 water improvement program included in city budget.

**SEPTEMBER:** Sleeping sickness scare here... city sprays, sprays and sprays... County gives okay to reapportionment plan giving Seminole County a senator (Black?) (who else?)... Circuit Judge Volie Williams and bar association feud over apportionment... hassle ironed out in quiet, secret session... OCTOBER: Bird sanctuary refused by Game Commission... Diagonal parking starts on one side of First St... Ol' Shep dog case ends after four hour session... Terry Cordell killed in Viet Nam plane crash... NOVEMBER: Sonny Raborn defeats Earl Higginbotham in the City Election race... Plan to build boat marina here flops... Lake Monroe Causeway proposed... Jet fuel storage facility to locate here... plan line from lake to NAS.

**DECEMBER:** Freeze hits county... Francis Stoumiller Jr. named president of Chamber of Commerce... North Orlando mayor case dismissed... New post office dedicated... Well known attorney Fred Wilson dies...

# Holiday Death Toll 26

United Press International

At least 26 persons died from accidents in Florida during the long New Year's holiday weekend, but traffic fatalities fell short of the number predicted by Highway Patrol Chief H. N. Kirkman.

A UPI count showed 14 persons died in traffic accidents, seven from miscellaneous accidents, including four hunting mishaps, and five in a plane crash at Marathon. The Highway Patrol had predicted 28 traffic deaths.

An unidentified pedestrian was killed in Miami when struck by a pickup truck shortly before the holiday period ended at midnight Tuesday.

Five members of a Forestville, Md., family died Tuesday when their light plane crashed and burned shortly after taking off from Marathon Key.

With late national reports still coming in, United Press International counted 265 persons dead in traffic accidents during the long holiday.

A breakdown showed: traffic, 385; fires, 73; planes, 12; miscellaneous, 130. Total 600.

California led the nation with 46 traffic deaths. Texas had 35, Illinois 20, New York and Oklahoma 19 each and Pennsylvania 16. Ohio and North Carolina reported 13 each and Florida, Georgia, Michigan and Virginia 12 each.

A Deland man died as a result of injuries received in a Seminole County wreck Tuesday and the driver of the car was hospitalized.

The victim was identified as William Bray of Deland, who died at Seminole Memorial Hospital after the car in which he was a passenger flipped over twice and skidded 818 feet when the driver, Virginia Parker of Deland, apparently lost control, Highway Patrol Trooper J. L. Sikes said.

The accident occurred on Hwy. 17-92 two and a half miles south of Sanford.

Another Result Of Holiday On Highway

EARLY BIRD LINE at the courthouse today stretched down the sidewalk as hundreds of Seminole County citizens purchased new automobile license tags. Deadline for the new blue and white plates is Feb. 20. They can also be ordered by mail. (Herald Photo)

# The Sanford Herald

WEATHER: Cloudy, continued cool. Low tonight about 45.

VOL. 53 United Press Leased Wire Established 1908 WED., JANUARY 2, 1963 SANFORD, FLORIDA NO. 618

## news... BRIEFS

**Meeting Eyed**  
LONDON (UPI)—The Daily Herald said today President Kennedy is considering "an early meeting" with French President Charles de Gaulle over the U. S. offer to provide Polaris missiles to France and Britain.

**12-Alarm Fire**  
PHILADELPHIA (UPI)—An eight-story building burned to the ground Tuesday night in a 12-alarm fire which severely damaged about 30 homes, wrecked a Reading Railroad right of way and threatened a heavily-populated nine-block area of North Philadelphia.

**Boycott Planned**  
OAKLAND, Calif. (UPI)—Rev. Martin Luther King, speaking at a rally celebrating the 100th anniversary of the Emancipation Proclamation, said Tuesday night that a campaign is being organized to boycott the products of firms that discriminate against Negroes.

**Smoking Gains**  
WASHINGTON (UPI)—The Agriculture Department has forecast cigarette consumption in the United States will show a "modest gain" in 1963 over the 510 billion that went up in smoke in 1962. The department estimated cigarette output in 1962 at a record 537 billion, up eight billion from 1961.

**Search Ended**  
CAGLIARI, Sardinia (UPI)—Authorities said Tuesday an ASD jet that disappeared Friday while on a training flight from the aircraft carrier USS Forrestal apparently went down in the Mediterranean Sea. They abandoned a four-day search that had failed to find a trace of the plane or its three-man crew.

**Jimenez Appeals**  
MIAMI (UPI)—Former Venezuelan dictator Marcos Perez Jimenez will make another bid for freedom Friday in the Fifth U. S. Circuit Court of Appeals in New Orleans. It was learned today Perez Jimenez was jailed here Dec. 12 after losing a legal battle against extradition to Venezuela.

**Library Bids Set**  
DELAND (UPI)—Bids will be opened here Thursday on construction of a new library for Stetson University, business manager Edward Furlong said today. The proposed three-story building will take up to 15 months to complete and eventually will hold more than 250,000 books, plus documents, periodicals and microfilm.

**\$50,000 In Furs, Jewels Stolen**  
MIAMI BEACH (UPI)—More than \$50,000 in furs and jewels was stolen from the home of wealthy socialite Bradford R. Crane while he and his wife were at a New Year's party, police disclosed today.

Police believe thieves may have reached Crane's home on exclusive La Gorce Island by boat, as the only road to the island is guarded.

The upper bedrooms of the mansion were ransacked. The loot included a full-length black mink coat, a brown mink jacket, a white mink jacket, a mink stole, an \$8,500 diamond solitaire and a diamond bracelet.

**Herndon Ill**  
Former Clerk of the Circuit Court O. P. Herndon has been hospitalized at Seminole Memorial Hospital and was reported in good condition today.

# Rescuers Seek Lost Families In Snows

BOSTON (UPI)—Rescue teams today continued their round-the-clock search for families, motorists and ice fishermen trapped by the worst blizzard of the century in northern Maine.

The blizzard relaxed its grip on most of the Northeast Tuesday and moved out to sea, leaving in its wake at least 27 victims.

The U. S. Weather Bureau promised clear skies and warmer weather throughout the region today.

At Bangor, Maine, where the blizzard dumped three feet of snow on the level and drifts up to 20 feet deep, officials said it would be at least a week before conditions returned to normal.

Giant bulldozers and snow plows patrolled highways in northern and central Maine to battle steady drifting that continued to bury many roads as quickly as they could be plowed out.

More snow fell Monday in Maine, where authorities feared more than 2,000 persons might be marooned.

The rest of the Northeast experienced relief from biting winds and sub-zero temperatures that closed airports, stalled cars, interrupted electric and telephone service and caused a rash of fires.

Nine New Englanders died in fires during the storm and its aftermath.

Air Force helicopters from the snow-trained 42nd Air Rescue Detachment at Dow Air Force Base in Bangor, game wardens and bush pilots scoured the vast reaches of Maine wilderness in search of stranded fishermen and snowbound families in need of aid.

Officials expressed fear that more deaths would occur if stranded parties were not rescued soon.

## Suspects Sought In 8th Strangling

BOSTON (UPI)—Men who dated a 23-year-old secretary found slain in her apartment Monday were questioned today by homicide detectives investigating the Boston area's eighth strangling in six months.

A 23-year-old man who said he had gone out at least a dozen times with the victim, Patricia F. Bisette, voluntarily took a lie detector test and was believed cleared.

Police said they did not now believe the Bisette killing was related to any of the other stranglings, some of which are believed to be work of a psychopathic killer.

At first it appeared the "mad strangler" had struck again. But an autopsy disclosed that Miss Bisette was one month pregnant and had not been raped as had most of the other victims.

There were signs that the killer and Miss Bisette had coffee together before she was strangled with a nylon stocking and her blouse.

## Bids Expected Soon On Fuel Pipeline

Construction of the million dollar jet fuel facility and pipeline to pump jet fuel from Lake Monroe to the Sanford Naval Air Station will begin by the middle of the month, it was reported today.

Officials of the Sanford Pipeline Co. reported that they will open bids on the project "soon" with construction set later in the month.

The City Commission agreed last month to allow the company to construct two and a half miles of pipeline and utilize rights-of-way for the project stretching from the lake front along Mellonville to NAS.

The company plans to construct its own docks and a quarter of a million dollar storage installation. Some 20 million gallons of fuel is expected to be pumped annually through the pipe.

## Explosion Rocks Processing Plant

TERRE HAUTE, Ind. (UPI)—An explosion shattered a meat processing plant today, trapping dead and injured workers in piles of rubble amid deadly ammonia fumes.

Police said at least two persons were killed and 38 injured. Additional dead and injured were believed trapped beneath tons of debris hours after the blast occurred.

Two men taken from the wreckage were dead on arrival at Union Hospital, police said.

The explosion occurred at the Home Packing Co. plant on the city's west side.

Rescue workers donned gas masks and groped through the wreckage searching for trapped men. Ammonia fumes had forced evacuation of the plant.

## Waterway Bids To Be Opened

JACKSONVILLE (UPI)—The U. S. Army Corps of Engineers will open bids here Jan. 31 on two civil work projects involving waterways which are expected to cost more than \$1.1 million.

The larger of the two projects calls for construction of a 2.1-mile long canal at Boynton Beach and a two-bay spillway as a part of the Central and Southern Florida Flood Control District program. Estimated cost is \$800,000.

The second contract is for deepening and widening of the Intracoastal Waterway from Delray Beach to Oakland Park. Estimated cost is \$500,000.

## Longshoremen Talks Resume

NEW YORK (UPI)—Negotiations in the costly Maine-Texas maritime strike resume today with federal mediators hoping both sides have reconsidered their positions during a brief New Year recess.

Labor Secretary W. Willard Wirtz, in calling off talks Monday, urged the International Longshoremen's Association (ILA) and shippers "to re-evaluate" their demands before returning to the bargaining table.

The major obstacle to settlement to the Dec. 23 walk-out by 35,000 dockworkers, which virtually closed East and Gulf Coast ports, was believed to be the amount of fringe benefit increases.

## Red Trade Set

LONDON (UPI)—The government has agreed to import nearly \$14 million worth of Soviet consumer goods in return for a Russian pledge to import the same amount of goods from Britain, according to an announcement here, it said the British imports will include \$2.8 million worth of canned salmon.

Congress also passed a

## Five U. S. Copters Downed By Reds

SAIGON, Viet Nam (UPI)—An American Army captain was killed today and four other Americans were wounded, two of them seriously, by Communists who shot down five U. S. Army helicopters, a U. S. military spokesman announced.

The spokesman said the slain captain was a military adviser taking part in a government assault on the eastern edge of the Plain of Reeds, about 30 miles south-west of Saigon.

He said the wounded Americans apparently were helicopter crewmen.

Four of the downed copters were H21s from the 93rd Helicopter Company stationed at Soctrang. The other was an HUH1 stationed in Saigon.

## Castroites Drum Up Celebration Crowd

HAVANA (UPI)—Troops swarmed throughout Havana today as government propaganda media called on Cubans to turn out on mass for Fidel Castro's fourth anniversary celebration of the overthrow of ex-president Fulgencio Batista.

All radio stations linked into a nationwide network at the anniversary observance actually comes a day late, presumably to avoid confusion with the traditional celebration of New Year's.

President Osvaldo Dorticos gave a reception at the Cuban presidential palace Tuesday night for foreign diplomats and official visitors, including Soviet astronaut Pavel Popovich.

A number of high Castroite officials attended the reception, including Industries Minister Ernesto (Che) Guevara and Castro's brother Raul, but the premier was not present.

Today's speech was Castro's first since Nov. 2, when the U. S. "arms blockade" of Cuba was still in force.

The premier was expected to review the events of 1962, including the continuing shortages which forced his regime to ration food, shoes and other clothing.

He also was expected to touch on the matters as the Cuban crisis and the release of the 1,113 survivors of the ill-fated 1961 invasion.

## Boards Schedule Reorganization

City and County Commissioners and the School Board will hold their reorganization meetings next Tuesday.

County commissioners and school board will meet at 2 p. m. while the city will convene at 8 p. m.

J. C. Hutchinson is expected to be re-elected as chairman, with new commissioners John Alexander and Lee Gary replacing Ted Williams and Vernon Dunn.

Tom McDunn will be the next mayor with Sonny Raborn replacing Earl Higginbotham on the city board.

Three new faces will be seen on the school board: J. Dan Wright, John Evans and A. W. Epps Jr., Jim Birkenmeyer is expected to be re-elected chairman.

## Official Arrested On Bribe Charge

ST. PETERSBURG (UPI)—St. Petersburg city councilman Jack E. Burklew was arrested Tuesday on charges of offering a bribe in Vice Mayor Eli S. Jenkins to influence his vote in the sale of city-owned radio and television stations.

Burklew was freed on \$3,000 bond.

State Attorney Clair Davis charged Burklew in an information with offering Jenkins \$17,500 to vote for the sale of WSTN radio and television stations.

Burklew said he had merely asked Jenkins for his legal opinion on whether Burklew could act as broker for the proposed sale of the station.

The city-owned Channel 23 is an applicant for the new Channel 10 that had been assigned to the St. Petersburg area. The new channel had previously been awarded to WPST, Inc., but the case was recently re-opened by the Federal Communications Commission.

## France Urged To Accept U. S. Polaris Offer

PARIS (UPI)—The United States and Britain urged France today to accept President Kennedy's offer of Polaris nuclear missiles.

French President Charles de Gaulle has not yet replied, but he has been reported likely to turn down the offer unless France is granted full nuclear power equality with the United States and Britain.

## Meeting Planned

JACKSONVILLE (UPI)—A meeting to develop plans for Florida's second annual world trade conference will be held here Jan. 24. L. C. Ringbaver of St. Augustine, chairman of the world trade committee of the state chamber of commerce, said the 28-man committee will complete a program for the conference scheduled here March 7-8.

Federal funds also provide aid or school districts in enrollment has increased because of federal activity during the year. Florida school districts received \$9.2 million in these impact funds for operation of schools, including teachers' salaries, and \$1.3 million for school construction.

## State Education Aid Is Listed

# President Intends To Wage All-Out Fight On Tax Cut

By Merriman Smith  
PALM BEACH (UPI)—President Kennedy at the dawn of 1968 believes it will be possible to keep the country relatively prosperous and avoid a growth-stunting rise in unemployment. For this reason and beginning this month, he intends to wage an all-out fight in Congress for tax reduction effective this year.

The tax cut he envisions would not go into effect all at once. It would be phased to take effect at different times in order to lessen its impact on the budget deficit.

Before Treasury Secretary Douglas Dillon puts the detailed administration, one-package tax reform bill before the House Ways and Means Committee late this month, the president and his lieutenants face a first fight—over whether to keep the House Rules Committee at 15 members or allow it to revert to 12 members.

Without a 15-member Rules Committee, Kennedy fears the next two years will be virtually barren of legislative accomplishment and his program largely unadopted.

Domestically and economically, the president feels the nation is slightly better off than a year ago today. But without the tax reduction, he fears unemployment will rise dangerously. For this reason, once the Rules Committee fight is out of the way, the tax bill will have first priority on his list of needed legislation.

Economically, he thinks business is reasonably good and for this reason, 1963 is a better time to put across a tax cut than waiting until unemployment rolls the nation into another recession. He regards his relations with the business community as more satisfactory than they were six months ago, but he also attributes this in part to business, itself, being more satisfactory than it was last June.

He foresees 1963 trouble in the labor-management field with hard-to-settle strikes arising from automation, work rules and technological changes, particularly when such changes result in abolition of jobs.

Politically, the president regards his second term candidacy as more or less inevitable; he feels he is in good political shape now, but he expects a decline in popularity of his administration as measured by opinion polls when Congress re-opens and fighting over domestic issues begins. According to associates, he does not have a 1964 Republican-opponent in mind, but expects the race to be hard-fought in the manner of for-

mer President Harry S. Truman's re-election battle of 1948. The president looks at the 1962 congressional and gubernatorial election results and finds the country politically is very closely divided.

He foresees no changes in his cabinet although he accepts the fact that after two years in office, some of his cabinet members may want to return to private business in the foreseeable future. This does not apply to Secretary of State Dean Rusk. There is no doubt in Kennedy's mind that Rusk will stay in his post.

In the international field, the chief executive thinks Russia may have learned a lesson from the Cuban missile venture and thus helped to improve slightly chances for keeping the world at peace in 1963.

While this country has no intention of invading Cuba, the president has made it clear that absence of American action is contingent on Cuba living at peace with her neighbors. He believes in time that Premier Fidel Castro will be toppled, but he does not know how or when this change will take place. He wants it understood, however, that the United States would be sympathetic toward a shift to new and free government in Cuba.

Generally, the president takes a guarded attitude toward the continuing East-West struggle in 1963. He finds the military balance of power still on the side of the West. The United States in his opinion also has an edge in nuclear weapons. And despite stray hits to the contrary, he finds no currently dependable evidence that Russia wants to deliberately better relations with the West.

Domestic and foreign prospects taken together, the president sees 1963 as a year of increased peril for the United States, but an era of more opportunities for advancement.

It is possible to report this and other Kennedy attitudes at the new year as the result of conversations here in Palm Beach where he is spending a mixed rest-and-work holiday. His associates responsible for this report are clearly authoritative. Staff planning sessions for the legislative year resume today in Kennedy's quarters.

## Scores Double

CORAL GABLES (UPI)—Ronnie Ferraro, the nation's leading jockey in 1962 with 332 victories, scored a double to start the New Year Tuesday at Tropical Park. He won on Count Bailey in the fourth race and on Mary Collette in the eighth.

### Chinese Reds Pledge Support To Castro Rule

TOKYO (UPI)—Communist China, in a New Year's blast at the United States, today pledged its full support to Cuba in maintaining a foothold for communism "on the American continent."

The Peking government appealed for Sino-Soviet unity in the struggle against the American "paper tiger."

An editorial in the Peking People's Daily, official newspaper of the Chinese Communist party, said establishment of a Communist regime in the Western Hemisphere by Cuban Premier Fidel Castro was one of the most significant developments in the history of communism.

Noting the fourth anniversary Tuesday of Castro's revolution, the People's Daily said the United States "has resorted to every conceivable means to strangle the Castro regime. The paper said it is 'very important' that other Communist countries assist Cuba.

"The Chinese people will do everything in their power to support their Cuban brothers standing at the forefront of the struggle against imperialism and in defense of their sovereignty and independence and the fruits of the Cuban revolution, until they win complete and final victory," the paper said.

### 722 Dead Listed In Europe Storm

LONDON (UPI)—The third blizzard since Christmas gathered force in Western England today bringing new woes to Britain, already suffering its worst winter in 82 years.

The new storm was part of a vicious weather pattern that has blanketed Europe with snow and cold from the Atlantic to Siberia for 10 days.

Britons, little equipped to handle snows of major proportions, struggled with 20-foot drifts. Vast snowfields isolated hundreds of villages and blocked thousands of roads, including at least 200 main highways.

An unofficial count showed at least 722 persons had been killed across Europe by road and air accidents, exposure, drownings and asphyxiations since the storms began. France led with 271 dead.

### New Year Same As Last Time

ALBUQUERQUE, N. M.—(UPI)—Catherine Rupp of Albuquerque was one year old today. She was the first baby born here in 1962.

At 1 a. m. this morning, her mother, Mrs. Connie Rupp, 20, presented Catherine with a baby sister, the first baby born here in 1963.

### Leftover Nominations Remain On List For Congress Action

WASHINGTON (UPI)—Former Virginia Gov. J. Lindsay Almond heads a list of men left behind when Congress adjourned last Oct. 13 without acting on their nominations.

The Senate probably will be asked again this year by President Kennedy to confirm the appointments. In most cases, the nominees have been on the federal payroll for months under recess appointments.

The list of nominations awaiting confirmation includes several judgeships, an ambassador, two customs collectors, a tariff commissioner and about 250 postmaster appointments in 32 states.

Some are controversial, others simply were submitted by Kennedy too late in the 87th Congress to be acted upon.

Almond, who feuded with the powerful Byrd group in Virginia over school desegregation, was named by Kennedy last April to a \$25,500-a-year post as judge on the D. S. Court of Customs and Patent Appeals.

Veteran Sen. Harry F. Byrd, (D-Va.), withheld his endorsement of the nomina-

A MOST DETAILED CHRISTMAS DISPLAY is this one at the home of Mr. and Mrs. B. F. Kutz of Sipes Ave., who built it in their living room. It portrays a mountain scene with a road, farm house, barn and Christmas decorations. It took three days to construct and is made of cardboard, sheets, cotton, ornaments and plastic toys and boxes.

### Strength Is Hope, Norstad Says

PARIS (UPI)—Gen. Lauris-Norstad ended six crisis-filled years as supreme commander of Allied forces in Europe today, saying that Western strength provides "confidence and hope" for the future.

Norstad, 55, handed over his command to Gen. Lyman L. Lemnitzer, 63, in a brief ceremony at Allied headquarters near Paris.

Lemnitzer, former chairman of the U. S. Joint Chiefs of Staff, promptly pledged to carry on the efforts of the North Atlantic Treaty Organization "for collective defense and for the preservation of peace and security."

Norstad is retiring not only from his NATO job but also from the U. S. Air Force, ending a 30-year career in the American armed forces.

### Sen. Kerr's Death Regarded As Blow To Kennedy Program

PALM BEACH (UPI)—The death of Sen. Robert S. Kerr was regarded at the winter White House today as a severe blow to the New Frontier despite his opposition to some key administration programs.

President Kennedy, who plans to fly to Oklahoma for Kerr's funeral later this week, expressed shock upon learning of Kerr's death Tuesday.

Kennedy added: "He will be greatly missed when the Senate opens next week and even more so in the months ahead."

The chief executive has placed tax reduction at the top of his 1963 legislative priority list and had hoped for the powerful support of Kerr, second-ranking Democrat on the Senate Finance Committee.

Last year, Kerr led the fight for Kennedy's tax revision program. He also carried the heavy load of moving through the Senate Kennedy's foreign trade program, welfare reform, public works acceleration program and establishment of a communications satellite corporation.

Kerr also was in the forefront of opposition to Kennedy's bill for health care of the aged through Social Security financing—a measure on which Kennedy suffered his biggest Senate defeat last year. He also opposed hopes of some administration officials to tamper with the 2 1/2 per cent oil depletion allowance.

But Kennedy, a former senator himself, was grateful to Kerr for his help on the longer list of programs—particularly foreign trade.

The famous shell collection of St. Clare Whitman is housed in the museum at the Cedar Key Historic Memorial.

Large Hydro Consumer The International Nickel Company's new Thompson nickel producing operation in Northern Manitoba uses as much daily hydro-electric power as a city of 250,000 people.

# Still Up To Date

A national magazine took a look at the state of the world and arrived at this conclusion:

"It is a gloomy moment in history. Not for many years — not in the lifetime of most men who read this paper — has there been so much grave and deep apprehension; never has the future seemed so incalculable as at this time — in France the political caldron seethes and bubbles with uncertainty; Russia hangs as usual, like a cloud, dark

and silent upon the horizons of Europe; while all the energies, resources and influences of the British Empire are sorely tried.

"It is a solemn moment and no man can feel an indifference — which happily, no man pretends to feel — in the issue of events of our own troubles no man sees the end."

This pessimistic summary was quoted by the Allison News from Harper's Weekly. Date of its original printing: Oct. 10, 1887.

Peter Edson

## Political Notebook

WASHINGTON (NEA) — Everybody is getting into the aircraft noise abatement act.

Current developments involve the plane makers, the airlines, the pilots, the Federal Aviation Agency, the airports and their city fathers, the FAA and VA, Urban Renewal, the courts and Congress.

Night now some 160 suits complaining of aircraft noise are pending. They involve more than 1,400 individual complaints and \$14 million in claims. Big trouble spots are New York's Idlewild, Atlanta, Dallas, Denver, San Diego, Los Angeles, San Francisco, Seattle.

Nearly 250 additional suits are threatened, with upward of \$14 million more potentially at stake.

The cities which own the besieged airports are concerned. When the executive committee of the United States Conference of Mayors meets in Washington Jan. 18, noise damage suits will be on the agenda.

What frightened them was the United States Supreme Court's decision in the Griggs case. The court held the airport operator liable for damages sought by a man who had resided in a house in direct runway line at the Pittsburgh airport. Flares sometimes missed his chimney by no more than 1 1/4 feet.

Under Chairman Owen Harris, a House Interstate and Foreign Commerce subcommittee recently heard a panel of experts on plane noise. The aim was to decide what role, if any, the federal government should play in meeting the problem of the airports face. Legislation could develop in the 86th Congress.

Industry representatives conceded at the hearings that important noise control devices could have been built into today's powerful jets had the makers been alerted to the problem in the "design

stage" years ago. When complaints began, the industry spent \$50 million developing "organ pipe" suppressors for jet engines. In added load and drag, they cost the airlines \$38 million a year.

The big recent change is the so-called fan jet engine. It is quieter and, being more powerful, permits steeper climb out of trouble areas. One third of all United States jets now have fan engines, and eventually all will be thus equipped.

Experiments are going forward with sound-absorbing devices for the air intake. These produce the greatest nuisance, the high-frequency whine as a jet slips down for a landing. Other tests may produce a new wing surface that could ease the problem further by allowing still steeper climb and descent. This is years off.

The industry, the pilots and the FAA agree that further efforts to get at the problem by such flight procedures as power cut-backs, special climbs and turns are unlikely. These have reached the limit of safety.

A big, new, hope is to control or convert land use around affected airports. At new fields like Washington's Dulles International, FAA and industry noise specialists see a golden chance to keep residential buildings the necessary five to seven miles away from the ends of jet runways.

FAA experts are finishing a revised, vastly refined planning guide to help communities determine what "sound contours" they can expect from various kinds of aircraft. This is intended to aid zoning around new airports, and conversion of built-up residential areas to light industry and other uses considered "compatible" with jet plane noise.

FAA and VA already refuse to insure mortgages on new homes planned within

zones where noise levels are rated too high.

Talks are in progress between FAA and Urban Renewal officials to determine whether URA might designate close-in residences as "noise blighted" and allot funds to finance their removal. As an alternative, it is being suggested that federal airport aid money might be so used.

The National Aircraft Noise Abatement Council, representing airlines, pilots and plane makers, plays a co-ordinating and advisory role in much of this effort. With 65 new fields planning to take jets by 1967, the work of the council and other interested parties seems just beginning.

Phil Newsom Says . . .

## Neutral Eyes Opened

When the 110 members of the United Nations packed up their brief cases at the close of the UN's 17th General Assembly, they had lived through some stirring times, suffered some anxious moments and, on the whole, come through better than might have been expected.

Perhaps the most noteworthy single achievement was the election of the 33-year-old U Thant as secretary-general to serve out a term running until November 1966.

It removed temporarily a potential deadlock over Soviet Union demands that the office be reorganized into a three-man directorate subject to Soviet veto.

In the UN headquarters standing like an upended, glassed-in matchbox on New York's East River, business was in fact conducted with unusual harmony.

An exception was U. S. Ambassador Adlai Stevenson's denunciation of Soviet Ambassador Valerian A. Zorin and his announcement that he would walk "until hell freezes over" for Zorin's answer as to the offensive character of Soviet arms in Cuba.

However, Zorin, a hatchet man in the old Soviet tradition, proved himself not even a pale carbon copy of Nikita Khrushchev, his shoe-banging boss, and wound up fired from his job.

Within the UN subtle changes took place, of which Zorin's election was one outward manifestation.

The direct U. S.-Soviet confrontation over Cuba boosted U. S. prestige at the expense of Russia and caused second thoughts among the so-called neutrals.

It taught the non-aligned or neutral nations that they were not going to run the world by the sheer weight of their vote.

Khrushchev's high-handed methods in dealing with Fidel Castro also gave them new insight of the dangers of too close a relationship with the Russian bear.

The myth of any real neutral bloc probably disappeared forever.

When the Red Chinese crashed across India's border, Ghana and the United Arab Republic initiated a half-hearted move which resulted in a resolution of censure against the Chinese.

India, the greatest neutral of them all, found she could not count on others fearful of their own skins.

From time to time, the Soviets tried to ignite some of the old fireworks. But without Khrushchev, they seemed only to be going through the motions.

In the end, Russia's agree-

ment to Thant's election and the dismissal of Zorin led to speculation that Khrushchev, with troubles at home and within his party, was content with a period of quiet.

### Q's and A's

Q—How did the expression "to feel one's oats" come to mean playful and full of energy?

A—It originated as a farmer's expression, indicating how much more energetic a horse acts after it has had its meal of oats.

Dr. Crane's

## Worry Clinic

Tom's case should be an eye-opener to all clergymen. For Tom shows that in a crisis we use short words and don't indulge in fancy oratory. Jesus also placed His approval on short public prayers and said these of the winded sort should be reserved for home use. Scrapbook this case for future use. CASE M-417: Tom G., aged 21, was a soldier in the Korean War.

He had a twin brother in the Medical Corps, but Tom didn't know his twin was in his sector. During a fierce battle, Tom was shot through the chest. And the first man to reach his side happened to be his twin brother. Tom was dying. The pain was terrific and his eyes were glazing.

"Oh, Daddy, help me," whispered Tom, and then he was gone. Please note that Tom had a throwback to his kindergarten days, for his daddy had died when the twins entered public school.

At that stage in their lives, their Daddy was regarded as omnipotent and all-wise. So Tom now reverted to his childhood and cried out to his daddy for help.

And he didn't waste words! His request was short and direct, as is usually true of all of us human beings when we are in urgent need.

Jesus criticized long prayers as being "show off" stuff. Instead, he held up as an example, the publican who prayed:

"Lord, be merciful to me, a sinner." So why don't you clergymen take the hint? Last week I attended a swanky church. The service

was also being broadcast via radio. The assistant pastor delivered an opening prayer that ran 3 minutes and 15 seconds, for I timed it to be accurate.

It was a typical trite church prayer covering the standard items of asking God to remember all those who could not be present because of illness, and those present who needed help, etc., etc.

If you priests and clerics wish to show off on the pulpit by long oratorical prayers, why not go into a huddle with some advertising man in your parish and at least vary your trite formula?

If you are not praying direct from the heart (which means about a 10 or 12 word prayer) then you are trying to show off, so let an advertising copy writer give you pointers!

One of my medical colleagues was called by a frantic husband to examine his ailing wife.

"If you have anything to say to her," the doctor informed him in the hall outside the bedroom, "you better do it fast. For your wife is dying and will last only a few minutes."

This man knelt down by the bedside. He took his wife's hands in his own, and poured out his heart with this single sentence:

"Honey, I love you with all my heart."

Only 8 words in all! No fancy phrases or oratorical effects. For in a time crisis, we use monosyllables and few of them, but to the point.

Jesus said if we want to indulge in long prayers, go into our closets where people can't see or hear us.

But in public, Christ placed His approval on short prayers, direct from the heart, for Jesus vetoed prayers as oratorical show-off.

If you clerics want to indulge in oratory, let the congregation keep their eyes open so they can see your facial expressions and gestures.

It is poor platform psychology to let an audience shut its eyes, so make your public prayers short!

### Red Cross First Aid Certificates Given To Groups

Red Cross certificates were recently issued for completion of a standard first aid course to a class of 20 men and women of South Seminole County. Mrs. Edwina Meister of Maitland was instructor for the class which met at the Forest City Baptist Church. Certificates were issued Monday for the completion of another Red Cross standard first aid course to a group of 14 residents of the South Seminole County area in a class conducted by Miss Jean E. Kuster and sponsored by Forest Lake Academy. A class of 200 youngsters of the Jackson Heights Elementary School participated in Junior Red Cross program during the Christmas holidays when Christmas cards were sent to several institutions as well as gifts of chewing gum to the Girl's Home at Forest City. Upon completion of the project, Miss—Barbara. Howers, teacher, and Mr. S. T. Muller, principal of the school, presented Red Cross buttons to the children. In all, 13 classrooms of the school took an active role in providing cheer to others during the holiday season.

### Business Briefs

Southern Bell Telephone Company in Sanford added nearly 1,000 telephones to service the Sanford area during the year of 1962, bringing the total to 14,650 including the Oviedo, Geneva and DeBary areas, Manager Robert Shedden said today. The increase in telephones in the state brought an increase in both local and long distance usage, the manager said. The company handled approximately ten percent more completed long distance calls than in the preceding year, he noted. You can find anything you need advertised in the Herald by Sanford merchants.

### Legal Notice

In the Court of the County of Seminole, Florida, in Probate. In re the Estate of MARGARET E. HAINES, Deceased. FRACTURED VIEWER

Orange: Alabama, 17-0

MIAMI (UPI)—Coach Paul (Bear) Bryant hung most of the praise for Alabama's 17-0 Orange Bowl victory over Oklahoma squarely on quarterback Joe Namath today, but Sooners coach Bud Wilkinson said the Alabama line play was the big thing.

That's Namath, too—N.A.M.A.T.H. But don't worry about it, you'll learn how to spell it in the next couple of years. Jibbed the happy Bryant at a photographer trying to get Namath's name straight in the dressing room after the game.

The crowd of 73,380, including President Kennedy, that watched the game Tuesday should be little disposed to quarrel with Bryant. Namath threw a 25-yard touchdown pass to Dick Williamson in the first quarter to put the Tide out front, then set up the second score with his running and passing. He was the game's leading passer with 86 yards on nine of 17 tries.

Sugar: Ole Miss, 17-13

NEW ORLEANS (UPI)—Pro football talent scouts swooped down on the Sugar Bowl Tuesday following Mississippi's thrilling 17-13 victory over Arkansas in the 20th annual renewal of the New Year's Day classic.

One of the first players plucked was Glynn Griffing, Mississippi's do-everything quarterback who was the overwhelming choice as the game's most valuable player. The 6-foot-1, 200-pound senior signed with the New York Giants.

Griffing closed out a brilliant college career with his greatest performance, running for one touchdown, passing for another, and setting a Sugar Bowl record with 242 yards in pass completions. Griffing threw a 33-yard touchdown pass to halfback Louis Gray in the second quarter that gave Mississippi a 10-3 edge at intermission, and the husky Rebel again earlier eliminated an 80-yard drive in the third period with a one-yard scoring plunge.

Cotton: LSU, 13-0

DALLAS (UPI)—Louisiana State, which came to Dallas to "have a good time" and did just that in defeating Texas 13-0 in the Cotton Bowl, turned the trick by surprising the Longhorns with their passing.

We didn't expect LSU to throw and catch like they did," losing Texas coach Darrell Royal said of the Tigers' prolific use of passes to keep the Texas defense off balance.

The Tigers, who were winning only their fourth of 10 post-season bowl efforts, stunned the 75,504 spectators as well as Texas by electing to double their normal 10-pass-per-game and throw 21 against the Longhorns. But, it also was a surprise to Royal to learn that LSU receivers could catch as well as they did. The Tigers, who had averaged only four com-

Rose: Southern Cal, 42-37

PASADENA, Calif. (UPI)—Wisconsin rewrote most of the Rose Bowl records but Southern California pointed to the 42-37 score today as proof it deserved the national football championship.

Badger quarterback Ron VanderKelen put on the greatest exhibition of passing in the history of the New Year's Day classic as Wisconsin scored 23 points in the final quarter but fell short before 108,000 fans.

And after it was over coach John McKay said the final score proved Southern California deserved to be rated No. 1 and Wisconsin still was second in the nation. The drama of the game centered around the passing of VanderKelen and Trojan quarterback Pete Beathard, who were chosen co-players of the game, and the pass-catching duel between All-America ends Pat Richter of Wisconsin and Hal Bedsole of Southern California.

## REVIEW OF THE YEAR—By Alan Maver

**ARNOLD PALMER** RETAINS BRITISH OPEN CROWN WITH A RECORD 278-684 TO BEAT THE YANKEE GOLF LEAGUE

**MAURY WILLS** BASKETBALL LEADS NATIONAL LEAGUE TO 5-1 VICTORY IN FIRST ALL-STAR GAME, BUT AMERICAN LEAGUE SLUGS WAY TO 9-4 TRUMPH IN 2ND.

**ROD LAVER** CONTINUES SHEEP BY WINNING AT WIMBLEDON

**VALERY BRUMEL** OF RUSSIA, HIGH JUMPER, RECORD 7'5" BUT U.S.A. DEFEATS U.S.S.R. IN MEN'S DUAL MEET.

## Schooling Race Card Includes 173 Greyhounds

Thirty-three races will send 173 greyhounds to the post as the pre-season schooling tests close at the Sanford-Orlando Kennel Club tonight in a program starting at 7 p.m.

Approximately 700 greyhounds have now been schooled and reclassified and are eligible to race when the 1963 campaign gets underway Saturday night.

As always, the big opening night feature will be the Inaugural Handicap and kennel owners have been trying hard to have one or more of their speedsters selected for the Inaugural field.

Veteran Racing Secretary R. C. "Pitts" Williamson has the Inaugural possibilities whittled down to about 30, though one or more names may be added tonight. Williamson will have reduced the number to the chosen eight by Friday.

The performance of Star Club's Big Calhoun will be watched closely tonight when he competes in the ninth race. Big Calhoun made the Inaugural field a year ago but finished seventh. However, he apparently has improved since then for after leaving here he posted winning the Desert Park Inaugural by a length and the Pueblo Inaugural by a nose. Big Calhoun has already accounted for one schooling victory.

Opposing Star Club's fast 63-pounder in tonight's ninth will be Speed Beam, Fly Doll and Soft Whirl.

## Packers Set Up \$250,000 Trust Fund To Keep Coach Lombardi

NEW YORK (UPI)—The Green Bay Packers have set up a \$250,000 trust fund for coach Vince Lombardi to keep him from accepting an attractive offer from the Los Angeles Rams. Joe Williams, sports editor of the Scripps Howard newspapers, reported today.

"The Rams had offered to assume his contract, which still has three years to go, and, additionally, to cut him in for 10 per cent of the club ownership," Williams wrote in his column.

"By way of further enticement," Williams said, "Rams representatives had introduced

## Zarra Puts On Show In Singles

Backcourt star Zarra put on a one man show Tuesday night during the all star 11th game at the Orlando-Seminole Jul Alai Fronton as he and Uria pushed across four straight points of a seven point game to win.

The front court star sealed the walls on many occasions to save points which was one of the best exhibitions of spectacular playing seen on the court this season.

Zarra also won the featured eighth game singles during the New Year matinee. The big payoff of the day was the daily double of the evening performance of \$200.00, a 7-1 combination, which saw Abasolo take the lead in singles competition. Mamel won the second half of the double.

Abasolo moved ahead of Martin, who had been leading the individual singles all season, with two wins giving him 16 for the season. Martin has 14.

## Lions Warned Of Pro Results

MIAMI (UPI)—Detroit Lion coach George Wilson cautioned against overconfidence as he prepared to put his charges through their paces today in their first Pro Playoff Bowl workout.

The Lions, who beat the Pittsburgh Steelers 45-7 in the National Football League opener, meet them again Sunday in the Playoff Bowl game at the Orange Bowl.

Pat Studstill broke open the earlier game with the Steelers when he ran back a kickoff 69 yards to score a tie-breaking touchdown in the second quarter, then scampered 92 yards with a punt to set up another score and break the backs of the Steelers.

But Wilson warned, "the score is deceiving. The game was very close until Studstill broke it open. And, as those things go, the Steelers never recovered. Final scores don't mean a thing in this game anyway."

"A team can be beaten by six or seven touchdowns one week and turn the score around the next."

The Steelers will be out to prove him right.

Williams further reported that "the Rams' offer was only one of several he (Lombardi) has received in recent months. It happened to be the best, and the capital gains gimmick was mighty attractive."

As a result of the offer, Lombardi met with directors of the Green Bay club before the game against the Giants.

"Out of the meeting came this arrangement—a quarter-million dollar trust fund which matures in 10 years," Williams reported.

"This was in no sense a showdown or ultimatum," Williams quoted Lombardi, "These people are my friends. They understand my situation. I'll never forget their consideration."

Williams said the fact that "Lombardi forced the meeting was indicative of unrest."

## South Finally To Get Squad

MOBILE, Ala. (UPI)—Herb coach Weab Ewbank, handicapped by so many late arrivals, takes a full squad out to the practice field today for the first time and tries to figure out who will be some of his starters.

One of Ewbank's biggest headaches for the annual Senior Bowl game against the North Saturday is so many of his players come from top-ranked college teams.

"We've been hurt by so many of the boys having to show up late because of other bowl games," said Ewbank, whose regular job is coaching the Baltimore Colts in the National Football League.

"But," he added, "we'll be out there. We'll show up for the game."

North coach Tom Landry of the NFL's Dallas Cowboys has had almost all his boys for two practice sessions.

# Officers Wives Club Will Elect New President At Election Coffee

Interest among the members of the Naval Officers Wives Club is centered on a post-holiday event, the "Election Coffee" to be held at the NAS Ballroom on Jan. 10. Each year in January and July the members meet to elect a new president who serves for a six-month term.

Mrs. Edward Decker, club president, has announced the candidacy of three club members for the office. They are Mrs. C. T. Covill, Mrs. Robert Lovelace, and Mrs. Neil Pruden.

Lcdr. and Mrs. Covill came to Sanford after duty in Whidbey Island, Washington; Beaverville, Tex.; San Diego, Calif.; Hutchinson, Kan., and Pensacola. While here Eri has represented the Staff Wives on the Executive Board of the Club in the capacity of first vice president and has served as chairman of two club committees. She is also a volunteer worker for the Navy Relief Society.

The mother of two sons, Eri also likes to sew her own clothes and keep up with her favorite hobbies of golf and bridge. She is a native of Oroville, Calif. Before coming to Sanford, Lcdr. and Mrs. Lovelace had duty in Pensacola, which is Chris's hometown, and Okinawa. From there she and her husband took the opportunity to visit such Far Eastern spots as Hong Kong, Japan, and the Philippines. Chris has always been an active Navy wife, whose special interests are oil

painting and playing the piano. Sanford Navy wives recall her as one of the models in the Fall Fashion Show held last September at the Mayfair Inn. She is known to her friends as a gifted home decorator. The Lovelaces have one son.

Lt. and Mrs. Pruden are well-known in Sanford, as they have been stationed here for many years. Although a native of Columbus, Ohio, Jane has come to feel that Florida is her home. She has served as Treasurer for the VAW-7 and VAW-3 wives groups. The Prudens have a son and two daughters, and Jane's interests center around the family hobbies of boating and water-skiing. She is the assistant leader of a Brownie troop and has recently become a Garden Club member.

ONE OF THESE THREE WOMEN will be the new president of the Officers Wives Club after Jan. 10. Candidates, left to right, for the honor are Mrs. Neil Pruden, Mrs. Robert Lovelace and Mrs. C. T. Covill. (Herald Photo)

FOR THE MUFFLED LOOK of fashion this winter, there is this silk crepe scarf (left) in a tweedy print. Brushed wool scarf (right) is perfect for a collarless coat. Both are Glentex designs.

Monroe Home Demonstration Club will meet at 7:30 p.m. in Whitehall of Upsala Presbyterian Community Church.

## County Council Meets Friday

The Seminole County Home Demonstration Council will meet Friday at 10 a.m. at the home of the retiring president, Mrs. H. L. Johnson, on Narcissus Ave.

A covered dish luncheon will be served at noon and the newly installed officers will preside for the first time.

## Oviedo

### Personals

By Jean Lyles  
Mr. and Mrs. Warren McCall Jr. have returned to their home in Gainesville after spending the holidays with their parents, Mr. and Mrs. Warren McCall Sr., and Mrs. R. C. Miller.  
Mr. and Mrs. George Riggins and family of Omega, Ga., spent the Christmas holiday with Mrs. Riggins' parents, Mr. and Mrs. Josh G. Beasley.

It's a good wardrobe rule never to put a pair of white gloves back in the drawer unless they have been freshly sudsed.

Mr. and Mrs. M. R. Woodall and son and three daughters of Wichita, Kan., spent Christmas with his brother and sister-in-law, Dr. and Mrs. A. W. Woodall and family. This was the first time in seven years the brothers had seen each other.  
Edward Brown of Duluth, Minn., arrived in Sanford recently to spend the winter. He is staying with his niece and nephew, Mr. and Mrs. J. F. Wilson.

## Osteen

### Personals

By Mrs. Clarence Snyder  
Mr. and Mrs. Norman Miller entertained with Open House for their friends Christmas Eve. They were assisted by her parents, Mr. and Mrs. Julius Gerhardt. Mr. Gerhardt celebrated his 84th birthday, Christmas Day.

Luncheon guests of Mrs. James Wallin, Thursday, were Mrs. P. T. Plety, Mrs. Hazel Gihuly and Mrs. Joe Masters. In the afternoon all four ladies drove to DeLand and called on Mrs. Harold Eby and her parents, who are visiting from Pensacola. They also called on Mrs. Leila Wood and Miss Blanche Wood, former residents of Osteen.

Mr. and Mrs. Warren Melrose and daughter, Ruth, of Okemos, Mich., are visiting his parents, Mr. and Mrs. John Melrose.

Mr. and Mrs. James Wallin had as their Christmas Day guests, Mr. and Mrs. Bob Frazier and children, Bobby, Cathy and Linda of Sanford. Mr. and Mrs. Jack McNeil of DeLand recently called on Mrs. Harry Osteen.

Mr. and Mrs. Robert Williams spent Christmas day with their daughter and son-in-law, Mr. and Mrs. Vernon Hopper, in Orlando.

Mr. and Mrs. Nick Pfeiffert had as their guests during Christmas, Mr. and Mrs. Wendall Brooks of Sanford. Mrs. Clarence Snyder entertained ten members of her family for Christmas dinner and in the evening, 25 at a buffet.

Robert Arnez has returned home from Tonnawanda, N. Y., after a two week visit. He was called there because of the serious illness of his grandfather, Emmer Arnez. He also visited his mother, Mrs. Harriett Arnez.

Mrs. Lola Brooke entertained her immediate family at dinner, Christmas day. Christmas dinner guests of Mr. and Mrs. Raymond Pell were his sister and brother-in-law Mr. and Mrs. George Ireland, of Miami and Mr. and Mrs. Harold Pell and children. In the evening they were joined by Mrs. Hay Pell and children.

## Rebekahs Plan Meetings For January

By Mrs. Clarence Snyder  
Seminole Rebekah Lodge held its regular meeting and Christmas party at the Odd Fellows Hall, Thursday evening with Mrs. W. L. Roche, noble grand, presiding.

Mrs. Elizabeth Hannum, a member who lives in Zephyr Hills, was welcomed. Also Mr. and Mrs. A. Green from New York.

Final arrangements were made for the banquet to be held, Jan. 10 at the Civic Center and also for the covered dish supper to be held at the Odd Fellows Hall, Jan. 7 at 8:30 p.m. This will be for the families of all Odd Fellows and Rebekahs. A program will follow.

Mrs. Eva Williams was appointed chairman of the refreshment committee for the Jan. 10 meeting. Gifts will be purchased for the shut-ins with the money from the birthday pig. Following the meeting the group sang Christmas carols led by Mrs. Hazel Gihuly. Gifts were exchanged and delicious refreshments served by the noble grand and her committee.

## Mr. And Mrs. A. C. McReynolds Host Christmas Party For Employes

The spacious home of Mr. and Mrs. A. C. McReynolds, on Lake Golden, was the scene of a gala buffet dinner and Christmas party, recently.

Mr. and Mrs. McReynolds entertained the employes of the Drug Store with their husbands, wives and friends. The home was elaborately decorated for the season and Christmas music was enjoyed throughout the evening.

Silver and red bells, colored pine cones, candy canes and holly sprays were suspended on colored ribbon streamers from the chandelier above the buffet table ending in a center arrangement. Turkey with all the trimmings and luscious pastries comprised the menu. Santa Claus in all his glory, (portrayed by Alburn C. Rector) with Amby Jones as his helper, was in charge of the gift exchange. The employes gave the host a wrist watch.

Games were played and last, but not least, an exciting pantomime presented by Gordon Kellett, Bob Clark and Chris Hausch. The latter brought roars of laughter from the guests.

No well-dressed woman wears shorts or long pants on a city street.

Martha Rowland assisted the host and hostess with the entertaining. Twenty-eight guests enjoyed the delightful evening.

## New Arrivals

Mr. and Mrs. Joseph S. Alexander 3rd, 718 West First Street, announce the birth of an eight pound, two ounce daughter, Dec. 14 at Seminole Memorial Hospital.

This is the couple's first child and they have chosen the name, Lenela Lee, for the new arrival.

Mrs. Alexander is the former Miss Shirley Morgan, daughter of Mr. and Mrs. G. W. Morgan, Sanford. Paternal grandparents are Mr. and Mrs. Sim Alexander of Lyons, Ga.

## Longwood

### Personals

By Donna Estes  
A recent bride, the former Miss Wanda Gaddie, was honored with a miscellaneous shower given by Miss Diane Wharton at the W. W. Wharton home in Longwood. Several former classmates from Lyman and Orlando Junior College were invited to the event. The honoree received many useful gifts.

Special holiday guests of Mr. and Mrs. A. P. Bowersox are Mrs. Bowersox's parents, Mr. and Mrs. S. E. Slusser, and her sister and family, Mr. and Mrs. Michael Gorga, from Nescopeck, Pa. The Bowersox' children and their families and other relatives have been visiting with the family during the holidays. Mr. and Mrs. Gorga have gone to Miami for a visit before returning to Longwood and their home in Pennsylvania.

## Holiday Party Held By VFW

The Seminole Veterans of Foreign Wars Post 8207 and the Auxiliary held a party for members and their families recently at the home of Harold Matz in Fern Park. The children played games and exchanged gifts. A covered dish supper was served buffet style, preceding the festivities.

## NEWCOMER?

Have you, or has someone you know, just moved to a new home?

Your Welcome Wagon Hostess will call with gifts and friendly greetings from the community.

## Youth Slashed To Death After Auto 'Bumping' On Highway

BAXLEY, Ga. (UPI) — A 30-year-old father of five confessed Monday of the "senseless and brutal" killing of a 19-year-old Pennsylvania college student who was slashed to death Saturday night shortly after his car was bumped off a highway.

Authorities said Wilton Edwards a truck driver for a power company, admitted fatally stabbing Nicholas Cascario of Bangor, Pa., following an alleged highway bumping duel.

Appling County Sheriff J. B. (Red) Carter said Edwards and his nephew, Robert Edwards, 19, a lumber mill worker, who was with him at the time of the slaying, have been charged with murder and held without bonds for the grand jury. Both Edwards men live in Appling County.

**HOBBLIN' HOUND** — Chow Hound, a 6-month-old puppy, has managed to hobble around with the aid of splints since he broke both legs in Jackson, Mich. Dog will walk normally when splints are removed.

Cascario was slashed to death after his car was forced off U. S. 1 near here by a "perfect stranger." The victim's traveling companion, Dan Fiorot, 22, also of Bangor, was not hurt.

Fiorot was held in protective custody as a material witness, the sheriff said, and was expected to be released in two or three days.

"We don't want anything to happen to him," the sheriff said. "We're keeping him for his own protection. He's a nice kid and we've assigned a man to watch him every minute."

Carter said Robert Edwards was driving the car at the time of the slaying and the elder Edwards admitted drinking before the incident.

The sheriff said both cars were trying to push each other off the road, and finally left the road. He told the sheriff that Cascario got out of his car and advanced toward him, using profane language, and struck him. Edwards said he then drew his pocket knife, slashed the youth, and drove away.

"After we stopped, this Cascario came back there cursing and fighting and struck at us," the sheriff quoted the elder Edwards as saying.

Authorities said Edwards was unable to give any other reason for the slaying.

"It is the most senseless and brutal thing I ever looked at," the sheriff said.

The sheriff said Fiorot told him that an old model car "began picking at" his car—passing it at a high speed, then dropping behind and "bumping" it.

Fiorot told officers the Edwards car forced the Cascario automobile off the highway about six miles north of Baxley, and both vehicles came to a stop.

Fiorot said Cascario got out to investigate, and was slashed to death.

## State Economy Boost Reported

TALLAHASSEE (UPI) — "Frankly, I'm surprised." Those are the words of State Comptroller Ray E. Green as he describes the late-year boost in Florida's economy despite the recent freeze which cut deep into crop monies.

Green said Monday that citrus growers were able to save much of the crop, and that a good tourist season would bring Florida through the fiscal year with flying colors.

"I feel a lot better now than I did a few days ago following the freeze," he said. "The state's economy hasn't been affected by the freeze as much as it was first thought."

Green said the freeze has had very little noticeable effect on the tourist season and that the hotel and motel business is normal for this time of year.

He said a good tourist season "could go a long way toward offsetting any losses in predicted income to meet legislative appropriations. An 8 per cent boost in sales tax revenue would do the trick."

The state needs \$94 million for the second year of the 1962-63 biennium to meet the 8 per cent goal.

## Ballroom Dance Classes Slated

Beginning ballroom dancing instruction for adults will begin Jan. 8 at the Civic Center under the sponsorship of the Sanford Recreation Department, Director Jim Jernigan announced today.

Classes will be held at 7:30 p. m. on Tuesdays and the class will be limited. Those interested are urged to register as soon as possible. A small charge will be made for each person.

Advanced classes for adults will be offered starting Jan. 10 and this class will be limited to 10 couples. Prospective members are urged to get their registrations in quickly.

### UN Troops Keep Up Drive After Katanga Chief

ELISABETHVILLE, The Congo (UPI)—United Nations troops resumed their drive today toward President Moise Tshombe's southern Katanga strongholds of Jadotville and Kolwezi.

Tshombe himself was believed to be rallying his forces in or around Kolwezi. Diplomatic sources reported he had sent a message through officials of the big Union Miniere combine asking for a cease-fire so he could return to Elisabethville and negotiate with the United Nations. This could not be confirmed immediately.

UN civilian chief Robert K. Gardiner has offered Tshombe a safe conduct back to Elisabethville to negotiate Katanga's integration into the rest of the Congo but said he would not agree to any cease-fire. Twice before the UN Command agreed to a cease-fire with Katangese forces, only to have negotiations with renegeing Katanga with the rest of the Congo collapse.

Indian troops of the UN Command were halted in their drive toward Jadotville Tuesday when Katanga demolition experts blew up a bridge that had been rebuilt only recently over the Lufira River.

The Indians called up bulldozers to fill in the giant crater blocking their way 30 miles from the mining town.

UN spokesmen said air strikes had completely destroyed the main Katanga air base at Kolwezi.

In Leopoldville, Premier Cyrille Adoula announced that Congo President Joseph Kasavubu had decreed the closing of central government's parliament for 90 days. The move had been expected since mid-November when parliament had come close to overthrowing Adoula.

Adoula also announced that the president would grant a pardon to any Katanga politician who came back to support the central government.

### Dear Abby:

By Abigail Van Buren

DEAR ABBY: I'm a girl with a big problem. A while ago I wrote to my cousin and told her all about a boy friend of mine who doesn't exist. Recently she sent me a letter insisting I send her a picture of my boy friend and me together. I can't send her any such picture because I made him up. Something has got to give. But what? IMAGINATION

DEAR IMAGINATION: You've got to give. Give your cousin the straight dope. I doubt whether she will be surprised. I suspect the reason she asked for a picture of the two of you together was because she doubted he existed in the first place.

DEAR ABBY: Please answer as quickly as possible as I am very disturbed. My daughter, 13, and her friend 14, went to the drug store for me. When they got back my daughter told me that her friend had stolen some eye make-up and hair clips. She said she didn't see her friend take them but on the way home she showed them to her. Abby, I feel guilty for not being able to tell her mother. I would want to be told if my child did something wrong so I could correct her. But this girl's mother is so strange. Last year, when I caught the girls smoking, I told the mother of the other girl and she acted like it was all my daughter's fault. What should I do? FEELING GUILTY

DEAR FEELING: Tell the mother of the girl. If she doesn't appreciate it, at least you will have done your duty. The little girl needs lots of help. If she doesn't shape up and get over this kind of behavior, discourage your daughter's friendship

with her. It's an unhealthy association.

DEAR ABBY: An elderly friend of mine showed me a lump on her chest the size of an egg. I asked if she'd been to a doctor and she said no, and it appears she won't go. I asked if she had told her daughter about it. (Her only daughter is about my age and lives 500 miles away.) She said no, she didn't want to "bother" her. I have met the daughter and have her address. I want to know if I should write an anonymous letter to the daughter telling her about her mother's lump. The old lady might have years to go without an operation, but what if she needs an operation and puts it off until it's too late? TROUBLED FRIEND

DEAR TROUBLED: First try to persuade the woman to see a doctor. If she refuses, write the daughter, and sign your name. If she were YOUR mother you'd want to be told, wouldn't you?

DEAR ABBY: Being in a class with "NOSE BETTER," who wrote to you asking for a snappy retort for those insensitive clods who ask, "Why don't you get your nose fixed?"—my standard answer, "It WAS fixed—it used to be over here!" Then I point to my right temple. Boy, that stops 'em.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

### Jacoby On Bridge

By Oswald Jacoby

One of the most important things a declarer must remember is that when a finesse works the first time, it may not work the second.

South won the opening heart in his own hand and promptly led a club and finessed dummy's ten. When the ten held South remarked, "Maybe we didn't bid enough." Then he led a spade from dummy and finessed the jack. This finesse lost and a second heart lead knocked out dummy's king. South returned to his own hand with a diamond, led a

Bridge score table with columns for North, West, East, South and various card counts.

second club and finessed dummy's jack. This time East was ready with the king and three heart tricks set the hand. South was guilty of plain carelessness. After the ten of clubs held he should have returned to his hand with a high diamond and repeated the club finesse. It would still have lost, but now South would be sure of four club tricks, one spade and two in each red suit. Furthermore, if the king of clubs had been in the West hand South would still have had plenty of opportunity to go after the spade unit.

### We The Women:

By Ruth Millett

In most United States families, it's the wife who's the tightwad. At least that's what a pilot study conducted by the Public Relations Board shows. In most households, papa is pretty open-handed, wanting his wife and children to have whatever they want that he can possibly provide. It's mama who pinches the pennies. Unless anyone gets the idea that women are natural-born tightwads, it is only fair to point out that in any family someone has to watch the pennies.

Wives often have to assume the role of penny-pinchers simply because their husbands enjoy being open-handed about money. After all, if a man gets a glow of pride and satisfaction out of being the kind of provider who hates to say "no" to anything his wife or children want, somebody has to keep the family from going bankrupt.

So mama, instead of taking big-hearted, open-handed papa at his word when he is being generous, often gives him credit for wanting her to have the things she knows they can't afford without actually buying them. For instance, papa sees mama's eyes light up as she stops to look at a display of milk stools. So, papa says magnanimously, "Let's get you one; you've been wanting one for years." When mama refuses to go in the store, she is being the family tightwad—financially speaking. But actually she is making it possible for papa to be as generous and open-handed as he likes to be. He has had all the fun of making a generous gesture, and it hasn't cost him a cent or wrecked the family budget.

The same thing is true when mama marches downtown to return some faulty item that papa bought but wouldn't think of taking back himself. It doesn't humiliate mama to return a purchase that turns out to be a lemon. Again she plays the tightwad role.

If women refused to play the role of tightwad, then the men would have to take it. They needn't worry about that. Any woman with an ounce of femininity would rather be a tightwad than be

# Port Fund Request Readied

Application for preliminary planning funds for the proposed port terminal here is expected to be completed today and will be sent to the City Commission at their next meeting, Harold Scott of Reynolds, Smith and Hill reported today.

# Tax Reductions Across Board To Be Asked

WASHINGTON (UPI) — President Kennedy will send Congress a tax package calling for across-the-board reductions of about \$8 billion with substantial offsetting tax reforms, it was learned today. In a preview of what can be expected in Kennedy's long-awaited tax program, congressional sources said the first cut in income taxes would be scheduled for July 1. Additional reductions will be spaced over future months. As for reforms, preliminary estimates are that Kennedy will seek about \$3.5 billion in new revenue through "tax loopholes" closing revisions, including reduction in the 27.5 per cent gas-oil depletion allowances, sources said. One administration source said the tax cuts sought by Kennedy to stimulate the economy may be as high as \$10 billion overall. In giving the broad outlines of the administration's tax program, informants said the reductions would apply to all individual taxpayers—from the low 20 per cent to the high 91 per cent brackets. Kennedy also will ask that the 52 per cent corporate income tax be reduced. Details of the program, such as effective dates and exact rate reductions in each bracket of personal income taxes, must await Kennedy's tax message to Congress later this month. But informed sources said that one plan given serious consideration is to split the lowest bracket, making one rate for taxable income from zero to \$1,000 for single persons, and another rate from \$1,000 to \$2,000.

# Electric Brush Is A Weapon

SAN DIEGO, Calif. (UPI) — A tape recording was played in Superior Court Wednesday in which a woman discussed electrically with her husband with a rugged electric toothbrush. The prosecution is expected to conclude its case today in the trial of Mrs. Doris Saunders, 28, accused of trying to hire a man to kill her husband, Larry Saunders, 42, a salesman. The hired "killer" was a police undercover agent. In four tape recordings of conversations played Wednesday the woman told him, "You just goof that up and we'll be facing the gas chamber . . . so do it clean." One of the tapes assertedly revealed Mrs. Saunders' offer of \$25,000 to the agent out of insurance money and a suggestion that Saunders be killed by electrocution. Saunders appeared in court with his wife and has hired an attorney for her defense.

# Oil Field Seen

TALLAHASSEE (UPI) — An attorney for Coastal Petroleum Company told the cabinet today that the company plans to drill a well off the west coast of Florida in the Gulf before April "which we think may develop into one of the biggest oil fields in the country."

# 30 Russians Plead For U.S. Protection

MOSCOW (UPI) — Thirty Russian peasant men, women and children pushed past Soviet guards into the U. S. Embassy today seeking protection from religious persecution. The embassy turned them over to Soviet officials and they were taken away in a bus. Some of the elderly men in the group wept. Others argued with Soviet Foreign Ministry officials who had been called to the embassy compound. One man told an embassy official: "We don't want to go anywhere. They will shoot us." Another said in a loud voice to newsmen: "Those who believe in God and Christ help us. We ask it. We ask that those who believe in God and Christ help us." Soviet plainclothesmen threatened to confiscate the camera of any Western photographer who took a picture of the departing bus load of peasants. A U. S. Embassy statement said the band was from the Siberian city of Chermogorsk and entered the embassy compound "asserting religious persecution." The embassy notified the Ministry of Foreign Affairs and asked that the people be cared for," the statement said.

# 'Think Big' Is County's Slogan For This Year

Seminole County plans for the growing pains that are already beginning to afflict some segments of the area and the tremendous changes that are in the offing as the result of the Nova developments and their impact on Central East Florida. The word all over the county is "Think Big!" J. C. Hutchison, chairman of the County Commission said it is his hope that the county will take steps to meet the impact of Nova and the predicted population explosion in several ways. One will be to procure

rights of way for four lanes SR 46 to the Orange County line from French Ave. There is also a great need to complete SR 436 to the Orange County line to tie into the proposed Lake Barton Road extension from SR 50 east of Orlando. Also of prime importance is the improvement of SR 13 through Geneva and SR 426 from Oviedo to SR 46 and open up the east side of the county to the Cape Canaveral area. It is essential, said Hutchison, that a solution be found to the problem of adequate care for the county's aged citizens. This, he declared, must be done by the end of the year.

Also on the docket for the new year is the completion of the renovation program for the county courthouse. Hutchison said the county commission will continue to cooperate with the towns of the county and will also continue to encourage new industry to come to Seminole County. Speaking for the county school system, Supt. R. T. Milwee said a program of constant and steady improvement will be the guide for the County Board of Public Instruction. A major improvement planned for Seminole County during this coming year is the development of a school for business education, complete with a full set of business machines. One of the major ambitions of the school board this year is the installation of an industrial arts shop at Seminole High. This has long been needed, said Milwee, and if at all possible will be achieved this year. He also said there will be continual improvement and expansion of the technical curricula in the county schools. Milwee said it is impossible at this time to predict what new construction will be needed for this fiscal year in school systems but when the need arises proper plans will be made. He also said there was a great deal of study and plan-

ning being done in principals conferences to upgrade the curriculum in all schools and academic standards will be continually raised through the county and study programs will be improved. Out in the department provided over by County Agricultural Agent Cecil Tucker, the primary emphasis will be placed on programs and information designed to aid the citrus and produce farmers to recover from the effects of the big freeze. When this problem is out of the way, Tucker said, schools will be conducted for the citrus men and nurserymen on new techniques in protection of groves and nurseries. There is also planned a

program for the development of new drops and the realignment of old with emphasis in keeping up with the new processing plant in the county, and its needs. The Homeowners Clinic will be continued as will the Vegetable Grower's Round-up, and there will be continued development and expansion of the I-I Club program in the county. The department will continue to work with all segments of the agricultural industry in Seminole County "to make 1963 the best year the county has ever had," Tucker said.

(TOMORROW: The outlook for the various towns and communities in Seminole County.)

# 1962 Was Big Year, Chamber Chief Reports

Richard Deas, outgoing president of the Chamber of Commerce, said today that "1962 was a big year" industrially for Seminole County. Deas was guest speaker at the weekly Jaycee luncheon and outlined the chamber's achievements during the past 12 months. Deas pointed out that currently in this county there are four major electronic firms—three of which have made recent big expansions in their facilities—and a major cabinet making company and others which have brought the industrial payroll of the county to over \$6.5 million dollars a year. The speaker pointed to the coming of the Hunt Oil Co. division, H.H. Products, as a major accomplishment for 1962 and also the new plant of Antenna Systems, Inc. in Fern Park. The chamber has taken the lead in the movement for a barge terminal for Sanford, said Deas, and also has moved into a position of leadership in the statewide movement to spur the building of the Florida Cross-State Barge Canal and the Tennessee-Tombigbee Canal, both of which are of prime importance to Central Florida and the Cape Canaveral area. One of the outstanding accomplishments of the chamber during the past year has been the organization of the long range planning committees for roads and schools, he said. The former, said Deas, has been instrumental in securing the completion of Interstate Hwy. 1 north and a south through the county and the four lanes of SR 436 from Red Bug Lake Road west to the city limits of Altamonte Springs. This project will be complete when SR 136 is extended to the Orange County line sometime in 1964. Deas stressed the importance of two aggressive organizations, the Jaycees and the chamber, which supplement each other in promoting the cause of Seminole County as a business and industrial center for this area.

# news... BRIEFS

Attlee Is 80 LONDON (UPI) — Former Prime Minister Earl Clement Attlee, architect of Britain's "cradle-to-the-grave" welfare state, celebrated his 80th birthday today.

Mix Ordered RICHMOND, Va. (UPI) — A federal judge today ordered Powhatan County, Va., to desegregate its public schools and prohibited the rural community from abandoning public education to avoid compliance.

Study Group Set TALLAHASSEE (UPI) — A 16-member citizens committee has been set up by Gov. Farris Bryant to advise the state on education study being made for the Board of Control. Bryant said the committee will meet here this month to hear progress on the study.

More Cubans MIAMI (UPI) — A chartered plane is scheduled to fly to Havana today to bring back more than 100 Cubans who hold U. S. citizenship. Three doctors were to make the flight to help process the ransom supplies delivered last week in exchange for the 113 Cuban invasion prisoners.

Body Recovered TERRE HAUTE, Ind. (UPI) — Rescue teams today recovered another body from the rubble of a big meat packing plant destroyed by a violent explosion Wednesday. The death toll rose to 14 as rescuers worked relentlessly in an attempt to reach two other workers missing and presumed dead.

Dockers Work TAMPA (UPI) — Banana handlers at the Tampa docks remained on the job today under a court order to continue work until their contract expires Jan. 10. Circuit Judge John Gernany refused Wednesday to rescind his own order, handed down Dec. 26, requiring the banana handlers to stay on the job.

Troops Move BERLIN (UPI) — The U. S. Army, in a new demonstration of its rights, today began a week-long troop movement over the East German highway between West Germany and West Berlin. A convoy of 27 vehicles with 103 men entered the 110-mile autobahn en route to West Berlin at 9 a. m.

Honor Goes To Gator Prof GAINESVILLE (UPI) — A new treatment for a virus eye infection developed by Dr. Herbert Kaufman, now an assistant professor of ophthalmology at the University of Florida, has been listed by the American Medical Assn. as one of the outstanding medical developments of 1962. The chemical treatment for herpes simplex keratitis, which causes blindness, was developed by Kaufman while at the Massachusetts Eye and Ear Institute in Boston early in 1962.

# Construction Drops In Sanford, County

Construction in Sanford and Seminole County in 1962 was down almost \$2 million as compared to the previous year, with more than a 50 percent drop in single family dwellings, official records revealed today. Total construction in the county for the past year totaled \$8,231,276 compared to \$9,030,802 in 1961—a drop of close to \$800,000.

In the city, total construction was valued at \$1,024,978 compared to \$2,870,857 for 1961. There was a 30 to 35 percent drop in the building of homes in the county, while in Sanford it was over 60 percent, with only 50 new homes constructed. There were 128 homes built in 1961. In the city there were 1,015 permits issued last year while in 1961 there were 1,149 issued.

The two biggest construction projects in the city were the sewage treatment plant, \$465,000, and the new post office, \$135,000. In the county, the biggest project was the new Bear Lake Elementary school, \$500,000.

# Altamonte Okays Water Obligation

The Altamonte Springs town council passed a resolution at its meeting Wednesday night authorizing the issue of three \$10,000 notes and pledging the cigarette tax refunds as security for a loan of \$30,000 to enable it to buy the Southern Gulf Utilities, Inc., water plant in the town. The notes will be payable on the first of January in the years 1961, 1963 and 1966, with the four per cent interest payable quarterly. Town attorney S. J. Davis Jr. will present the resolution to officials of the Commercial Bank at Winter Park today and, with their approval, the funds may be available in a day or two. It is specifically stated in the resolution that no lien lies against the town except for the cigarette tax refunds, and that a special account be opened with the bank for the deposit of the refunds as received. Harold Hatcliffe, engineer, who is designing the new system, said the new mains and take-offs in the subdivision will be ready by Friday and the only job that will remain will be the testing and chlorinating of the mains as required by the state health department. In other business, the board approved a resolution received from M. L. Barr, of the Winter Park Telephone Company, asking support for the new jetport projected for McCoy AFB in Orlando. Also considered was a proposal by Councilman Frank Gerhart that more personnel be added to the sanitation crews to facilitate the removal of trash and frozen fruit which has accumulated since the big freeze of a few weeks ago.

# Longwood Board To Reorganize

The annual reorganization and election of a chairman for the Longwood City Council will take place at today's 8 p.m. meeting of the council in the City Hall. Councilmen R. C. Carlson and John Means, re-elected to their posts in November, will be installed and various council committees will be appointed. The meeting will open with a public hearing on reorganizing the Molnar Ave. area adjacent to the Atlantic Coast Line Railroad from commercial to industrial as requested by Russell Hass, owner-manager of Master Door Co., Inc., of Orlando, who seeks to locate his plant permanently in Longwood.

# Driver Charged After Accident

An Osteen resident was charged early today with driving while intoxicated after he rammed his car into a telephone pole at Fourth and Orange, police reported. The driver, identified as King Allman, escaped without any injuries. Damage to his vehicle was estimated at \$175.

# Search For 3 Fliers Given Up

The land, sea and air search for the missing A1D V4H-5 aboard the USS Forrestal in the Mediterranean has been terminated with negative results. The missing crewmen are LeDr Charles E. Andrews, pilot, Ensign George S. Roberts, bombardier and Chief Aviation Mechanic Mate Harold R. Sundvall, third crewman. All units of Task Force 60 searched extensively by air and sea assisted by units of the United States Air Force and Rescue teams, French and Italian military personnel and local civilians in the area. Local Italian military and civilian personnel voluntarily conducted an extensive land search of mountainous areas of Sicily. Chief Sundvall's wife and five children reside at 1902 Roseway, Sanford, LeDr. Andrews was unmarried. His parents are residents of Baltimore, Md. The parents of Ensign Roberts, who was also unmarried, are residents of Miami.
