

IMPORTANT NOTICE FOR SEMINOLE COUNTY VEGETABLE GROWERS:

Now is the time to switch to **Phosdrin[®] Insecticide** to maintain complete protection against insects up to 24 hours from harvest—without creating residue problems.

Powerful Phosdrin Insecticide gives you fast knockdown and kill of aphids, mites, loopers, worms—almost all destructive pests attacking Florida crops.

Then, unlike most other insecticides, Phosdrin disappears, leaves no residue. That's why it can be applied up to 24 hours from harvest on many crops—up to 72 hours on most others.

Read how Phosdrin can save your crop from late-season insect damage or worse, confiscation. Check the chart below for the intervals that apply to your crops.

If not controlled, a late-season insect build-up can quickly downgrade—or make completely unsalable—vegetable crops such as tomatoes, beans, potatoes, peppers, celery, watermelons, eggplants and most leafy vegetables.

If, on the other hand, the infestation is controlled with an insecticide that leaves excess residue on the crop at harvest, the crop is subject to confiscation by government authorities under the terms of the Miller Amendment to Public Law 518.

This is a problem that many growers are solving with Phosdrin Insecticide.

Kills insects fast

Phosdrin is a powerful new phosphate insecticide that kills the toughest insects fast, usually within a few minutes of application. However, unlike most other insecticides, Phosdrin disappears rapidly after it has done its job—leaves no residue.

That's why Phosdrin can be applied up to 24 hours from harvest on many crops—

The photo left shows a Florida grower applying 14 of a pound of Phosdrin per acre to control a late-season build-up of aphids and mites attacking an 82-acre field of tomatoes. The photo on the right shows pickers harvesting the same field the following day. No Phosdrin residue remains to endanger either the pickers or the crop.

up to 72 hours from harvest on most others. See table below for interval data for your crops.

Hard-to-kill insects

Phosdrin solves other problems too. It controls insects such as cabbage loopers and aphids that are becoming harder to kill with

older insecticides. That's why more and more growers are making Phosdrin an integral part of their full-season program.

Good mixer

Phosdrin is compatible with most other insecticides and fungicides. And Phosdrin offers a wide margin of safety to the foliage and fruit of insecticide-sensitive crops such as cucumbers and lettuce.

Low cost

Don't be misled by the cost per pound or gallon of Phosdrin. A little Phosdrin goes a long way. For example, as little as 1/4 to 1/2 of a pound per acre is all it takes to control the toughest in-

sects attacking many vegetables. Dosage rates seldom exceed 1/4 of a pound per acre. In short, on a per acre basis, Phosdrin is very economical.

Where to get Phosdrin

Phosdrin is available from your local insecticide dealer under many well-known brand names. It comes in liquid and dust formulations that are easy to apply with standard application equipment.

Remember, look for the name Phosdrin on the label or in the ingredient statement. Shell Chemical Company, Agricultural Chemicals Division, 55 Marietta Street, N.W., Atlanta 3, Georgia.

Insecticide

A PRODUCT OF SHELL CHEMICAL COMPANY

By LARRY VERSEKEL

It will be Christmas bonus time for city employes this week. . . . Some \$2,000 will be paid out (thanks to taxpayers) to 145 workers.

A tip to Seminole County Realtors . . . a buyer from Daytona Beach who represents a Nudist Colony is looking for lakefront acreage somewhere in the county.

It might be interesting to know that thus far, \$1,790,718 in county taxes have been paid in. . . . Three percent discount still good through Dec. 31.

On the city side, taxes collected total \$342,491. . . . Way ahead of last year.

Lake Mary Blvd. falling apart and County Engineer Bill Bush reports he may ask the County Commission for funds to resurface the two mile stretch. Bill says complaints exist in by the full. . . . The project will cost some \$4,000 to fix.

City Commission looks dull tonight. Bids on those two trucks were opened last Friday with Superior (GMC) the apparent low bid for \$4,500.

Bids will also be awarded for some five sewage pumps at a cost of \$7,567 from Tampa outfit.

An attorney general's opinion is being sought to stop the removal of Gordon Frederick's legislative license tag. Could cause a bigger uproar than the reapportionment squabble. It seems Dade County has some legislators with rusty plates and want equal representation.

Big news around town is J. B. Phillips Jr. getting grid scholarship to Florida. Last one to get honor was in 1930. . . . Judge Ware's boy.

FHP Trooper Bill Stringfield is going into Holiday Hospital today to have some minor eye surgery. Seems one eye hasn't been right since Bill had an accident two years ago. Good luck, Bill, and don't be gone too long.

Seminole Park Raceway tells us that there are over 800 horses due to come into the local track for training that are snowbound up north and can't even start to the sunny Seminole installation.

The word is that the County Commission will nix any endorsement of the Lake Monroe causeway and support one across Lake Jessup.

Johnny Fitzpatrick tells us he's been talking with legislators about a possible pay raise for the commission. . . . well, at least they've been on the job for more than a month now.

Post office dedication slated for 4 p. m. Friday. Congressman Syd Herlong will make the major address. . . . Even Guy Allen has been invited. . . . But will Allen's name be put on the plaque? And if it is, will it be changed come January when a Demo is selected?

Nobody asked me but why not use our new post office on a picture post card to sell this area?

As of 10:30 this morning Mrs. Taamar Braden, Sarapita Home superintendent, who is going to Atlanta this afternoon, hadn't gotten the County Commission resolution backing her request for HHFA other service-outside and funds. The C. of C., Rotary and other service and civic organizations had a come through, as had Dr. Frank Leone, County Health Director, Dr. Charles W. Hardwick and others.

They tell us a new industry had moved into Oviedo. Called Thergen, Inc., they manufacture portable generating equipment. This kind of news is always good news.

NO DAMAGE TO CITRUS is found by County Agricultural Agents Cecil Tucker, (left) and Ernie Lundberg as they examine tangerines today. Neither the fruit nor the foliage has suffered from the cold of the past week, though the bean crop is gone, and egg plant and peppers have been damaged in some areas. Lettuce has been nipped also, Tucker said. (Herald Photo)

Jaycees Sponsor Christmas Light Contest Again

Seminole-Seminole Jaycees are sponsoring the annual Christmas Lighting Contest again this year and have set Dec. 9 as the deadline for entries, contest chairman Harold Rowland said today.

First and second place trophies will be awarded for the best in three categories: religious, traditional and artistic settings and a first place trophy for the best overall display in the residential class.

The Florida Power and Light Company Traveling Trophy will be awarded for the year to the best commercial display. Decorations for doorways, show windows and buildings are included in this type of exhibit.

Contestants may enter both residential and commercial displays but separate entry blanks are required. Blanks are available at the Jaycees building or, in the Sanford Herald. All entries must reach the Jaycees Information Office by noon, Dec. 19 to be eligible.

Displays must be kept lighted every night until winners are announced and displays must be seen from the street and completed before entry is submitted, Rowland said.

Johnny Fitzpatrick tells us he's been talking with legislators about a possible pay raise for the commission. . . . well, at least they've been on the job for more than a month now.

Post office dedication slated for 4 p. m. Friday. Congressman Syd Herlong will make the major address. . . . Even Guy Allen has been invited. . . . But will Allen's name be put on the plaque? And if it is, will it be changed come January when a Demo is selected?

Nobody asked me but why not use our new post office on a picture post card to sell this area?

As of 10:30 this morning Mrs. Taamar Braden, Sarapita Home superintendent, who is going to Atlanta this afternoon, hadn't gotten the County Commission resolution backing her request for HHFA other service-outside and funds. The C. of C., Rotary and other service and civic organizations had a come through, as had Dr. Frank Leone, County Health Director, Dr. Charles W. Hardwick and others.

Florida Gets Wintry Blast

LAKELAND (UPI) — An icy blast of winter was expected to hit the Florida peninsula with sub-freezing temperatures tonight, posing a serious threat to citrus and winter vegetables.

The weather bureau predicted frost and freezing temperatures, down to 24 to 28, as far south as Orlando and the north portion of the Brooksville district.

Seminole County's vegetable crops already have been damaged and residents are warned to take care of plants and lawns. Temperature was near freezing early today and probably will be lower tonight and early Tuesday morning.

Scattered frost was forecast in all farming areas of the state.

The weather bureau said no immediate relief from the cold was in sight. It said the sub-normal temperatures were caused by the jet stream remaining depressed well to the south of its normal position in Florida.

Some early morning lows today were Gainesville 27, Jacksonville 21, Tampa 29, Miami 43, and Key West 63.

Forecasters said temperatures could drop as low as 20 degrees in some pockets and mudslides in the Suwannee and Gainesville districts.

Two persons were injured in a two-car accident at Third and Oak Friday afternoon, Police reported.

Injured were W. H. Stewart and Betty Lou Brooks, both of Sanford. Both were treated at Seminole Memorial Hospital for cuts and bruises and released.

Police said a car operated by George Maffett collided with a vehicle driven by Pauline Miller at the intersection. Maffett was charged with failure to yield the right of way.

The Sanford Herald

WEATHER: Fair, cold through Tuesday. High around 65, low 35 to 40. VOL. 53 United Press Leased Wire Established 1908 MON., DECEMBER 10, 1962 SANFORD, FLORIDA NO. 601

You'd Better Keep Diary

WASHINGTON (UPI) — The Internal Revenue Service may be in the process of giving the man in the gray flannel suit a new look—this time with a bulge.

The bulge may come about an inch below the leg.

That's because an informal sampling of business community opinion leans toward the inside wallet pocket as the most likely place to stash away what the IRS calls, the "diary."

The word crops up in the proposed IRS expense account regulations. It suggests the businessman better have it with him to record to the penny his travel and entertainment expenses.

Estimates are out. This means the diary may become the repository for such entries as:

"\$12.96, dinner and two drinks and a bloody Mary for J. L. Favraham, manager, Kait-Rite Hotel, during a discussion on plans for our new line of red and white argyles."

MIAMI (UPI)—The Miami Herald said today that an approach to a juror was responsible for a mysterious hearing that interrupted the trial of Tomaster's Union President James E. Hoffa last week.

In a copyrighted story from Robert S. Boyd of the Knight newspaper's Washington Bureau, the Herald said the approach apparently was made some time last week to Mrs. James Paschal, a housewife from the small town of Woodbury, Tenn., about 70 miles south of Nashville.

The contact, details of which are still secret, was reported to government officials, the story said. They promptly stopped the teamster president's trial and requested an investigation by Federal Judge William E. Miller.

The story said Miller clamp a ban on any official comment regarding the incident.

Two persons were injured in a two-car accident at Third and Oak Friday afternoon, Police reported.

Injured were W. H. Stewart and Betty Lou Brooks, both of Sanford. Both were treated at Seminole Memorial Hospital for cuts and bruises and released.

Police said a car operated by George Maffett collided with a vehicle driven by Pauline Miller at the intersection. Maffett was charged with failure to yield the right of way.

All bands, whether they performed or not were given a rain rating, which Bandmaster Ernest Cowley, contest director said counts as a Superior for averaging purposes.

Federal Funds Asked For Home

Mrs. Taamar Braden, superintendent of the Sarapita Home for the Aged, left today for Atlanta where she will confer with officials of the House and Home Finance Administration on the acquisition of public funds for the expansion of her facilities in order to serve more of the aged and indigent of Seminole County.

Mrs. Braden wrote for information on a loan under recent legislation allowing grants of public funds for private homes serving a public need.

The loan, which will run for a period of 40 to 50 years of interest not to exceed four per cent, will be for purposes of making possible the expansion of the existing plant and its renovation.

At the meeting of county leaders held last Monday at the County Courthouse, Mrs. Braden pointed out that unless

some funds were forthcoming from some source, the home's license would be withdrawn by the state.

In the face of the inadequacy of the present county-owned facility the County Commission and service club and civic representatives agreed to support her request to the federal agency.

Her interview Tuesday will be a "pre-filing" meeting, to determine the actual need involved and the best method under the existing legislation to meet it.

A resolution has been prepared by County Attorney Harold Johnson from the County Commission urging the HHFA to take whatever steps possible to help the Sarapita Home and underscoring the county's need for the expanded installation.

College Started BOCA RATON (UPI) — Construction of Florida Atlantic University got underway officially here Sunday with a groundbreaking ceremony attended by Gov. Farris Bryant and other state officials. The university at Boca Raton is scheduled to open in the fall of 1964.

Sales Gain Seen WASHINGTON (UPI) — Manufacturers expect a gain of about \$500 million in sales in the first three months of next year, the Commerce Department reported Sunday night. The department based its estimates on a survey made last month.

Fresh Air Sells LONDON (UPI) — Alex Lynes sold 100 cans daily of "English country air" at 35 cents each during last week's smog, the Sunday Times reported. "People buy it partly as a joke," Lynes was quoted, "and partly to cheer up their friends in foggy weather."

Cruises To Cuba MOSCOW (UPI) — Soviet citizens today were offered winter cruises to sunny Cuba. The Tass news agency said three cruise liners, including the Baltika, which brought Premier Nikita Khrushchev to New York in 1960, will make the trip twice monthly.

Budget Talks Start TALLAHASSEE (UPI) — The State Cabinet opens hearings here Tuesday on a \$1,128,167,637 budget to run the state government during the 1963-65 biennium. But the Cabinet Budget Commission, with economy-minded legislators looking in, is expected to whack large hunks from this sum before submitting the final budget to the 1963 Legislature.

Man Charged With Break-In A Sanford resident, Curtis Hall Jr., was charged with breaking and entering after he was caught "red-handed" in a Geneva home Sunday night, the Sheriff's Office reported.

Deputies said Hall was seen breaking the door of the home with an ax. Neighbors called the sheriff's office and Hall was picked up in the house. No bond has been set.

Bids Expected In Casselberry The regular monthly business meeting of the Casselberry Board of Aldermen will be held at 7:30 p. m. today at the Woman's Club on Overbrook Dr.

Expected on the agenda are the opening of bids for a dump truck and a system of radio equipment to be used in conjunction with civil defense action.

COMFORTS RELATIVES — Bishop John J. Wright of the Diocese of Pittsburgh, Pa., comforts relatives of the 37 trapped miners at Robena No. 3 mine. (NEA Telephoto)

More Miners' Bodies Found

CARMICHAELS, Pa. (UPI) — Rescue workers found the bodies of eight more miners today as they dug toward the end of a coal shaft wrecked by a methane gas explosion four days ago.

That brought to 15 the number of bodies found, leaving 22 miners still unaccounted for. Hope was very slim that any of the missing would be found alive.

The forward rescue teams were about 1,700 feet from the working face, or end of the passageway, where most of the men were believed to have been working when the explosion ripped through the Frosty Run shaft of the U.S. Steel Corp.'s Robena No. 3 mine.

Seven of the bodies were identified. Identification was made difficult because of the condition of the bodies. Mine experts had described the explosion as "tremendous."

A U. S. Steel spokesman said recovery of the bodies was delayed this morning by a breakdown in the ventilation system put up by the rescue workers.

Man Charged With Break-In A Sanford resident, Curtis Hall Jr., was charged with breaking and entering after he was caught "red-handed" in a Geneva home Sunday night, the Sheriff's Office reported.

Deputies said Hall was seen breaking the door of the home with an ax. Neighbors called the sheriff's office and Hall was picked up in the house. No bond has been set.

Fighter Crashes, But Pilot Escapes ALEXANDRIA, La. (UPI) — An Air Force jet fighter plane crashed into a wooded area near a university here this morning but the pilot bailed out and was uninjured.

The pilot was identified as Lt. Jerry L. Girard of Ingram, Tex., who is assigned to the Homestead Air Force Base in Florida. Girard was reported on a training flight from Homestead to New Mexico.

Meeting Slated On Apportionment By Statute

TALLAHASSEE (UPI) — Legislative leaders plan to meet with Gov. Farris Bryant Tuesday to try to work out an acceptable reapportionment plan by simple statute.

Senate President Wilson Carraway said he and House Speaker Halberstam will seek the meeting with the governor to discuss plans for a third special session of the legislature to redistrict membership in give greater recognition in both houses to urban areas.

Bryant told UPI last week that he would call another special session if a majority of each house could agree to an acceptable compromise that would head off court action on reapportionment.

"I am confident we can accomplish reapportionment by statute," Carraway said. Chances for a reapportionment by constitutional amendment faded last week when a strong minority group in the Senate served notice it would block any apportionment by amendment that increased the size of the Senate.

Differences in the two approaches is that a constitutional amendment would have to be submitted to the people for approval whereas a statute would not. The Governor said there was not enough time left now for a vote of the people and special election to fill new seats so the legislators could take their seats next April as directed by a federal court in Miami.

The group, which controls about 18 of the 38 Senate votes, is holding out for an apportionment within the framework of 38 seats which would increase representation of the populous areas at the expense of the small rural counties.

Mayfair Turned Into Garden For Annual Opening

A charming indoor Southern garden with a lighted fountain spraying shimmering jets of water set the scene at the newly re-decorated Mayfair Inn opened for the season to a gala crowd of over 300 Sanford residents Saturday.

An extra-added touch was the shining double doors, with

Mayfair Inn written in gold, which was swung wide by two uniformed doormen as the handsomely gowned ladies and gentlemen arrived for the gala annual opening.

They were greeted by General Manager Everett Kerr and Mrs. Kerr, Assistant Manager Richard Regan and Eleanora, Mrs. Edith Yorlan and ushered into the freshly re-created grand lobby of the inn. The supporting pillars were garlanded with decorative styled green foil branches hung with golden balls.

In the ballroom, a giant 15 (for 15th anniversary opening) carved out of ice, centered the table of hot and cold hors d'oeuvres and in the dining room dozens of artistic halves of decorated evergreen trees sparkled on the walls between the mural panels, all done in the new Mayfair color scheme of gold and white.

Formally-dressed guests in beautiful and fashionable gowns and outfits added color and glamor to the setting. Furs, especially mink were seen on many ladies, and the shimmering gold and silver metallic fabrics were noted in many costumes.

Sets and taffeta brocades in all the brilliant seasonal colors, ever-beautiful chiffons, popular silks and satins, gowns of the ladies, and one guest, popular Mrs. Jan Tietz, who's shop of beautiful Indian brass — and gift items will open Monday at the inn, was seen in a cocktail length imported Indian sari in gold and scarlet.

LIEUTENANT (jg) David H. Dow of VAH-7 recently received his promotion to that rank from ensign at the Sanford Naval Air Station. Dow is assistant radar target intelligence officer of the unit, recently returned from the first AEA Vigilante deployment aboard the USS Enterprise.

Two Giants Hailed NEW YORK (UPI) — **Rosy Brown** and **Bill Winter** of the New York Giants were named today's heroes with **Cleveland Brown**, an All-League offensive tackle, was officially inducted in the Hall of Fame of the National Association of Intercollegiate Athletics for his play at Morgan State. Winter was presented with the club's Rookie of the Year award.

Nehru Says Fight May Drag On

NEW DELHI (UPI) — Prime Minister Jawaharlal Nehru today rejected Red China's withdrawal terms and warned parliament the border war could last five years or more.

Veneral Cases Show Increases

"Syphilis kills more than 4,000 persons each year," Dr. Frank Leone, director of the Seminole County Health Department, said today.

Ascension Guild Sets Meeting

The Ladies Guild of the Ascension Lutheran Church of Casselberry will hold its regular meeting and Christmas Party at 3 p. m. Thursday at the church.

He said India would be willing to submit the dispute to an international court, such as the World Court at The Hague, but that Red China first must get out of 15,000 square miles of territory claimed by India.

Nehru's tough tone apparently was prompted by a 5,000-word statement broadcast by Peking radio Sunday which an Indian Foreign Ministry spokesman termed and "unveiled threat."

Last week, in talking to parliament, Nehru was vague about terms on which India would negotiate with Red China and drew angry cries from opposition members. Today he was cheered.

The 73-year-old prime minister said he believed the border war would be a long one — "it may even last five years or more."

"I feel confident we will win this struggle," Nehru declared.

Referring to three specific problems, Nehru made these points:

India is observing the ceasefire despite the fact it was established by Red China and despite the fact the Chinese have fired on Indian soldiers since they began it.

Indian firmly rejects Peking's withdrawal offer based on Red China's version of the positions held by each side Nov. 7, 1959. The government favors disengagement but only if the Chinese get out of 2,500 square miles of Indian territory occupied since last Sept. 8.

There will be no meetings between the two sides in any demilitarized zones until Red China complies with India's withdrawal demands.

"I regret to say that the word of the Chinese government cannot be relied upon," Nehru said bluntly.

He said India could not submit to the Chinese challenge.

"We must face it with all the consequences it might bring . . . What China has done as an insult to the conscience of the world," Nehru said.

A Foreign Ministry spokesman said that Peking's long Sunday statement "appears to be a sort of ultimatum to the participants in the conference at Colombo."

Six non-aligned nations

Farm Leader Raps Fical Plan

ATLANTA (UPI) — The president of the nation's biggest farm organization said today that federal taxes should be cut only if government spending is slashed.

"Any other course would be the rankest kind of fiscal irresponsibility," said Charles B. Shuman, head of the American Farm Bureau Federation, in an address at the opening general session of the federation's 44th annual convention.

He criticized Kennedy administration planners in a range of fields including taxes and farm policy, foreign trade policy, and medical care for the aged.

Shuman's tax statement agreement on the issue of proposed 1963 income tax cuts with leaders of the National Grange, another major farm organization.

In early American colonial days, clergymen, teachers and most public officials were paid in tobacco.

COMMANDER Edwin T. Garbee, a pilot of the supersonic AEA Vigilante during its first Mediterranean deployment, just received his promotion from the rank of lieutenant commander to commander. Cdr. Garbee is a pilot in VAH-7.

Mrs. Alma Angel Dies in Hospital

Mrs. Alma Angel, 77, died at 4:35 a. m. today at Seminole Memorial Hospital following a lingering illness.

Born Nov. 11, 1882 in Gila, Ga., she had been a resident of Sanford for the past 20 years making her home at 1201 S. Palmerville Ave. She was a member of the First Methodist Church of Sanford.

Survivors are her husband, Price J. Angel of Sanford; five sisters, Mrs. W. H. Tyson of Atlanta, Ga.; Mrs. H. D. Price of Sanford; Mrs. H. J. Schein of New York City, N.Y.; Mrs. Lois Zook of Chicago, Ill. and Mrs. Lucille Raines of Wrightsville, Ga. and several nieces and nephews.

Funeral services will be held at 11 a. m. Tuesday at Brianna Funeral Home with Rev. John T. Adams officiating. The body will be sent to Wrightsville for burial.

Three-Day Snow Storm Continues

By United Press International
The third snow storm in as many days brought more heavy snow in a wide band from Indiana to New England today.

Arctic cold clutched at the Midwest and the Pacific Coast continued to grope in dense fog. Freezing temperatures penetrated the Deep South.

Early today Ludington and Walkersville, Mich., reported 30 inches of snow on the ground and more falling. Many secondary roads were closed by drifting snow in Michigan.

Randolph, Vt., received six inches of snow and five inch falls were common at many Vermont points.

For today, forecasters predicted snow squalls in the Great Lakes and locally heavy amounts of snow from Upper Michigan and northwestern Indiana eastward through northern Ohio, western Pennsylvania and New York.

A cold mass of Canadian air dropped temperatures to season's lows in the Midwest. Northern Michigan and northern Minnesota had below-zero readings.

Atlanta, Ga., was chilled by a 24-degree reading today. Louisville, Ky., had a temperature of 17, Washington, D.C. 25, and the mercury slumped to 40 at Dallas, Tex.

Atlanta was colder than Anchorage, Alaska, where the temperature stood at 29.

Michigan each have counted 21 deaths as a result of the storms.

Vermont, New Hampshire, Massachusetts and Connecticut received up to six inches of snow. Heavy rain in Rhode Island was expected to turn to snow, and it was snowing in New York City this morning.

Up to three inches of snow fell throughout Virginia Sunday. Temperatures in Virginia dipped to the teens and small craft warnings were posted for Chesapeake Bay.

Houghton, Mich., had 20 inches of snow. South Bend, Ind., had 18 inches and Cleveland, Ohio, 10 inches.

At least 49 schools were closed in the South Bend area today and many northern Ohio schools announced no classes would be held today. Some schools in larger cities reopened.

Roads in the Findlay and Bucyrus, Ohio, sector had eight-foot drifts during the night. Numerous Ohio roads, including some state routes, were blocked.

Since Thursday, Ohio and

Lodge Supper

The Royal Arch Widows will be sponsors of a ham supper for the York Rite Masons at the Masonic Lodge at 6:30 p. m. Tuesday. Wives and husbands are invited to attend.

REFRESHER TRAINING CLASSES for Seminole County school bus drivers were held last week at the Lake Mary Elementary School. Instructor for the four-day course was Van Murdock of Tallahassee, second from left. With Murdock are, from left, Herbert Muse, county bus mechanic; Roy Howell, county bus supervisor and Harvey Pugh who has driven a bus for the past 23 years, the record among present drivers.

Bus Drivers Attend Annual Training

The fifth annual training course for Seminole County school bus drivers was held Monday through Thursday of last week with drivers and substitutes attending evening classes conducted in the auditorium of the Lake Mary Elementary School.

Instructor for the course was Van Murdock, coordinator of school bus drivers and maintenance from Tallahassee. Assisting were Roy Howell county bus supervisor and Herbert Muse, chief county school bus mechanic.

The course opened on Monday with a question and answer review which was followed on Tuesday with a

class of film strips dealing with safety and prevention of accidents.

It was pointed out that since the first bus was purchased by the county in 1935 no accidents involving a school bus has occurred resulting in permanent injury or death to a child. Buses were contracted to private owners before 1935.

At present there are 47 drivers in the county and 2 substitutes. The buses travel more than 60,000 miles monthly transporting 7,900 pupils daily.

Drivers took written tests on Wednesday containing 57 questions and later participated in an oral discussion

period pertaining to the tests.

Thursday's wind-up class was devoted to discussion, a true and false quiz and two film strips dealing with eye movement.

WCSO To Meet In Casselberry
By Jane Casselberry
The Women's Society of Christian Service of the Casselberry Community Methodist Church will meet at 2 p. m. Wednesday at the Church.

Mrs. E. P. Richards will be in charge of the Christmas Program.

Mrs. Murdock, wife of the instructor, was a guest for all classes.

Next year's 20-hour course has been scheduled for August prior to school's opening.

Old \$28 Painting Brings \$12,320

BIRMINGHAM, England (UPI)—A \$45-a-week factory worker who bought a painting in "appalling condition" for less than \$28 has discovered it is a 17th Century masterpiece and sold it for \$12,320.

Norman Crompton said he bought the painting 15 years ago at an auction in Wales. Last June, he took it to the Birmingham city art gallery to have it cleaned and discovered it was the long-lost "Embarkation of St. Paul," by French landscape master Claude Lorraine, painted in 1655.

The gallery paid Crompton \$12,320 for the canvas, which had been missing from the art

world for 74 years. It was last seen at a show in Manchester in 1888. Several other Claudes have been valued at over \$36,400 each.

Nurses Slate Yule Party

The annual Christmas party for Registered Nurses of District 37 will be held at the Capri Restaurant, Dec. 19, Mrs. Bob Crumley, publicity chairman, said today.

Nurses may bring a guest, and all registered nurses are invited as well as those who are members of the organization.

Reservations must be made by Dec. 14 with Mrs. Verna Woodward, 102 Hays Drive.

Dinner will be served at 8 p. m. preceded by a social hour from 7 to 8 p. m.

If you need help, call FA 2-5612 and place a Herald Classified.

Lucky Shoppers Get Certificates

Three lucky Seminole Countians were surprised with a stocking-booster Friday night as Mrs. Linda Daffron of Longdale, Mrs. M. Delbert of Cowan-Moughton Terrace and Lynn Queen of 1912 Summerlin Ave. took home \$45, \$35 and \$20 worth of gift certificates from the Friday night drawing.

Sanford downtown merchants were well pleased with the results of the big three-week pre-Christmas promotional as even heavier crowds thronged the streets to take advantage of advertised bargains and check off Christmas shopping lists Friday and Saturday.

Downtown stores will begin staying open until 9 p. m. every night on Dec. 17. Shoppers are advised to remember that only 13 more shopping days remain until Christmas.

IT'S FOR YOU! IT'S CHRISTMAS!

Handy phones make happy homes . . . all year round

Telephone services are personal, different, and appreciated all year long. Here are three ways to make Christmas really special in your home:

With extension phones, for Mom in the kitchen, for Dad in his den and for everyone in the family room. Step-saving, time-saving extensions come in a wide choice of colors and styles.

With Home Interphone as a part of your family's regular telephone service. Home Interphone lets you talk room to room, answer the door, relay outside calls, check on the children — all from the nearest phone!

With the Bell Chime to carol your calls with musical tones. When warm weather returns, you can set the Bell Chime for a louder bell that's easily heard on porch or terrace.

And consider this — these and other useful, modern telephone services are so easy to order. Just call the Business Office or ask your telephone man.

Santa's Helper

Who says you can't get something for nothing? Kids may not know it but they are getting every benefit of the doubt when they write to Jolly Old St. Nick at the North Pole.

Maybe every postmaster is not as lenient as Sanford's Guy Allen but we know that he takes a personal interest in boys and girls getting a message through to the big fat man with the long beard.

We get countless letters at the Herald office which have gone

through Sanford post office without a postage stamp.

Of course they are all handled carefully and are directed to the proper address eventually.

And the tots can rest assured of one thing: If Santa doesn't hear from the kids in Sanford it isn't because Postmaster Allen doesn't have a big-hearted, broad-minded attitude (even if he is a Republican) toward the little tykes. No one else can get by Guy without a four-cent stamp on a sealed envelope, we bet.

Durable Colonialism

Colonialism will likely be a standing issue at the United Nations for some time, though the number of countries still in this category has shrunk with amazing speed in recent years.

The Soviet Union continues to ride this horse for all it is worth, but it ought to be a cause for sober concern among the Kremlinites to realize that they themselves may one day be the target of anti-imperialist pressure from the small nations they are so stoutly championing.

A hint of this is the movement now growing within the UN under Western inspiration to bring Russia to account on this matter of colonialism. The list of Russian conquests and absorptions, begun by the czars

and carried on by the communists, is long — Azerbaijan, the Ukraine, Kazakhstan, Estonia, Latvia, Lithuania, not to mention the satellite states of Eastern Europe.

The attempt is probably premature. The "neutrals" and the new nations are still enchanted with the rapid rollback of European colonialism, still preoccupied with building viable governments and economies in their own lands.

And the Soviet Union has a good legalistic case that may stall things indefinitely. Its republics, on paper, are sovereign, with the right to secede from the union "at will." It may even be that should such a thing as free elections ever come to Russia, many of these lands would choose to remain within it.

GOOD LITTLE BAD BOY SEASON

Dick West Says

Consults Willie On Taxes

WASHINGTON (UPI) — After the recent elections, I cited some quotations from Shakespeare to show that many of the immortal bard's lines seemed to apply to de-fused candidates.

'Use' Of News Is Defense Policy

NEW YORK (UPI) — Assistant Defense Secretary Arthur Sylvester says the Defense Department will continue to "use" news to further American foreign policy because "information is power."

Sylvester spoke Thursday night before the New York chapter of the professional journalistic fraternity, Sigma Delta Chi.

The assistant secretary for public affairs said new Defense Department regulations would not interfere with the flow of legitimate news, but that there were restrictions on information about intelligence and about new weapons.

Sylvester said that during his 27 years as a reporter for the Newark, N. J. News he "always felt that some official who answered some of the questions I asked were jerks for doing so."

Sylvester said news "generated" by the American government was used successfully in the Cuban crisis.

Teenage Hermit Works In Sewer

COLUMBUS, Ohio (UPI) — A teen-aged hermit who set up a type of laboratory in a storm sewer near Ohio State University was sought today as an arson suspect.

Authorities believe the youth may be responsible for a series of 10 fires during recent months, mostly in garages.

The underground laboratory was discovered when a college workman saw a youth 14 to 17 years old, emerge from a manhole of the sewer Tuesday. Campus police were alerted but the youth fled.

The makeshift laboratory was located at the base of a 48-inch pipe, nine feet underground. Various kinds of chemical equipment was found along a cement ledge.

The equipment included beakers, test tubes, empty shotgun casings, and a box of excelsior. A notebook listed various kinds of experiments with animals. One suggested a dog or cat could be made to sneeze by giving it a mixture of insecticide and cider.

Letters

To The Editor

Dear Editor: Everybody wants peace but we differ on how to go about it. Some suggest a strong military force will discourage attack. Others say that an arms race will lead us to destruction.

Fortunately we now have a third choice available. At the very least, this third choice offers survival for a large chunk of the human race. At the most, this choice offers a method of gradual disarmament free from the paralyzing grip of disagreement.

At the 1961 session of the UN, the representative from Sweden recommended a Non-Nuclear Club, to be composed of such nations as would voluntarily agree to neither make or stockpile nuclear weapons. A number of nations have already joined this club, and more are considering it.

The Non-Nuclear Club has a very decided advantage in the conference table should the very joining of this club insures the member nations against attack, there is no

need for any treaty or negotiation. Our recent difficulties at forming out agreements at the conference table should make us more receptive to a peace plan that bypasses argument.

At the same time that our scientists are making more destructive weapons, they are also perfecting the means of pinpointing their delivery. This means greater and greater safety for non-combatant nations in case of war.

However, there is a greater hope inherent in the idea of a Non-Nuclear Club of nations. It is the possibility of declaring great areas, even within nuclear nations as being disarmed. This can save many millions of lives in case of an accidental or purposeful war.

It can be seen that this development can help us to deal with the big obstacle of 'inspection' in our disarmament plans. Since 'inspection rights' offer safety to wide areas of a nation, it is within the nations self-interest to declare non-essential areas as disarmed and open to inspection.

As time goes on, the very momentum developed by Non-Nuclear Zones will inevitably protect greater segments of the world's population against war. Eventually it may even be possible for our little human race to achieve true peace on earth.

BARBS

By Hal Cochran
Some people feel that the toll charges on the turnpikes come under the head of highway robbery.

We'll bet Dad will find some excuse to work late at the office, come fall housecleaning time—and Mom may be glad.

Hey, rascal! When your wife's birthday is in the not too distant future, now is the time to think of the present.

For crying out loud, you can't blame people, when a tear destroys a million bacteria, according to a scientist.

Lots of folks have unpacked their vacation grips and put away a whole flock of things they never used.

Most restaurant owners are open to suggestions, not to mention that waiters also are glad to get tips.

An Ohio boy was made to stay after school for a week for putting a tack on his teacher's chair. Short and to the point.

Wonder how Mom and her grade school children would like it if they could change homework.

Dr. Crane's

Worry Clinic

Carole and Shermie are two very charming girls who are studying to become Dental Hygienists. But they didn't know about this interesting profession until their family dental surgeon opened their eyes. So will all you professional folks consider yourselves "recruited"? Send for the booklet below.

CASE O-407: Carole Heine and Sbermie Schaefer are two very attractive coeds who are studying at Indiana University Medical Center to become Dental Hygienists.

"Girls," I began, "how did you decide on your career?"

"Carole, aged 19, answered first: 'We have a neighbor at Ft. Wayne who is a very successful dentist named Dr. Harold Motainger.'

"While I was in high school, he asked what I planned to study at college. 'I had thought maybe I'd take nurse's training, but Dr. Motainger then sold me on becoming a Dental Hygienist.'

"For he said it is a splendid profession for a woman. The hours are convenient and in the daytime, not throughout the night.

"And the work is beneficial to the health and happiness of people.

"Besides, a girl gets to meet many people of both sexes who are healthy; not on their death beds!

"So there are romantic possibilities, too, Dr. Crane! "And Dr. Motainger also told me that the girls all enjoy their work at the Indiana Medical Center, so even the preparatory period is fun."

Well, I salute Dr. Motainger for a splendid job of helping steer young people in the field of vocational guidance.

Then I turned to Sbermie, also aged 19, and listened to her reply.

"Our family dentist at Ft. Wayne is Dr. Edward Sell Sr.," Sbermie began.

"I have known him ever since I was in kindergarten. He also asked what I planned to study when I went on to college.

"I didn't know for sure but said I had thought of becoming a nurse.

"Well, Mrs. Sell had been a nurse, so he told me that was a splendid career, but he thought I'd prefer being a Dental Hygienist.

"For he said not only would I render a fine health service but I would also meet a wide variety of people who were well—not sick or dying.

"He told me that a medical nurse also suffers more emotional heartache when a patient she has tended for many months may finally pass away.

"So he felt being a Dental Hygienist would be a happier choice of career for me. "Besides, Dr. Sell had pre-

viously steered 5 other girls into a career as Dental Hygienist. I'm the 6th. And I am delighted with my choice."

Last summer Sbermie worked in Dr. Sell's office, thus putting in several months of practical internship.

Every professional person should imitate Dr. Motainger and Dr. Sell in being superlative press agents for their occupations.

That is especially true if your profession has a helpful effect on mankind.

So polish up this "halo" and present it to talented high schoolers.

Recruit boys and girls to help carry on your own field of teaching or preaching, or being a dental surgeon, medic, lawyer, or engineer.

It is not enough just to perform a superlative job in your field. You also should

encourage some young replacements!

So send for my "Vocational Guidance Booklet," enclosing a stamped return envelope, plus 20c. Use it to help steer teen-agers more wisely.

Whether I am a member of the government or parliament or running a canteen, I will contribute my mite to the country's war effort.

—V. K. Krishna Menon, ousted Indian defense minister.

The peace-loving character of the Soviet foreign policy has again been demonstrated in the Cuban situation.

—Soviet Deputy Foreign Minister Valerian A. Zorin.

People who watch such shows as Ben Casey and Dr. Kildare can be difficult patients on occasion. They learn a little bit about rare diseases . . . and they think they know a great deal.

—Dr. Peter Mott, of New York's Bellevue Medical Center.

Religion is strong in America, but a good deal of it is a kind of rather vague religious sentiment.

—Arthur Michale Ramsey, Archbishop of Canterbury, after three weeks visit.

If we say that world opinion doesn't matter, we say ultimately that people don't matter, and we would end by relying on brute strength and terror, like our adversaries.—Edward R. Murrow, head of U. S. Information Agency.

Parents owe teen-agers no entertainment, their city does not owe them a recreation center and the world does not owe them a living.

—Gen. David M. Shoup, U.S. Marine Corps commandant.

This may be an old-fashioned idea, but

Sorority Makes Eye Bank Gift

The first group donation of the gift of sight to be made to SHEBA, the local eye bank, was presented recently by a majority of the mem-

MRS. AL HUNT

Eye Bank Group Adds Mrs. Hunt

Mrs. Al Hunt is a member of SHEBA, the Seminole County Eye Bank, the executive board announced. Mrs. Hunt replaces Mrs. M. R. Strickland who found it necessary to resign the position.

Milton E. Freeman of the Casselberry Lions Club gave the board a report of his recent trip to J. Hillis Miller Medical Center in Gainesville to visit the new Eye Bank Clinic. His visit was in conjunction with that of 80 members of the Florida Lions International.

"Work is progressing, but is hampered for lack of funds," Freeman reported. He said that the Sanford and Seminole Branch is the best organized of any that he had seen.

bers of Theta Epsilon Chapter of Beta Sigma Phi.

The completed donor cards were turned over to Mrs. Hulda Kibbe, a member of the executive board of the eye bank, and local health department nurse, by Mrs. Richard Walker, a member of the sorority's service committee.

"This is the first women's organization to offer the donation of sight, as a group, to my knowledge," said Mrs. Walker.

Not every member of the group joined the mass donation and no pressure was put upon anyone. Mrs. Walker said. The donor cards were simply offered to any who would take them and consider making the supreme gift of the use of their eyes after death to replace those of a blind person.

"This donation brings the list of donors in this area to over 100," Mrs. Frank Woodruff, secretary and one of the founders of the Eye Bank, said today.

Donor cards and information are available at Seminole Memorial Hospital, she added.

Federal Buying Of Citrus Asked

LAKELAND (UPI) — Two Florida citrus industry officials say federal purchases of frozen orange concentrate would boost Florida orange growers' on-tree returns and bolster the state's economy.

Homer E. Hooks, general manager of the Florida Citrus Commission, and Robert W. Rutledge, executive vice president of Florida Citrus Mutual, sent a joint telegram to the U. S. Department of Agriculture Thursday asking the USDA to purchase at least four million gallons of concentrate.

THETA EPSILON CHAPTER, of Beta Sigma Phi, represented by Mrs. Richard Walker, left, presents the names of 30 donors to Mrs. Hulda Kibbe, member of the executive board of the Seminole Eye Bank Association. All donors are members of the sorority. (Herald Photo)

Free Overseas Phone Call Offer Includes More People

The drawing for two free overseas telephone calls for American service people, through the Sanford Unit of CWA Local 3108 and the USO, has been extended to include not only wives and mothers of servicemen, but also daughters sons or husbands.

"It is not necessary to write an explanatory letter," Mrs. Carolyn Higgins, USO, Staff Aide said today.

"Just a postcard will be sufficient for the drawing which will be held Dec. 19 at 9 p. m. at the USO," Mrs. Higgins said. "But be sure the following information is on your card:

"Your own name, address and phone number and your relationship to the service person. Also the name, rank, address, serial number, name of country in which service person is located and the overseas telephone number if known."

The public is invited to attend the drawing, but those sending in cards need not be present to win. They will be called immediately by Mrs. Higgins. Russ Kitner and David Van

ness representatives of the local unit of the Communications Workers of American Union, Local 3108 will be on hand to take charge of the phone calls overseas.

New Members Invited By Radio Group

Joe LaFollette, president of the newly organized Seminole County Radio Club, has announced that the monthly meeting of the club to be held at the Florida State Bank at 7:30 p. m. today will be open to any persons interested in two-way radio communication.

A. B. Peterson Jr., CD director, and Robert Shelden, CD communications officer will present the program for the meeting.

A display of the new Johnson Messenger II Transceiver will be seen and Ted Waltz of Longwood will have a Heath Kit Transceiver for demonstration.

Right Now Is Time To Start Christmas Mailing

"Right now is the time to start your Christmas cards and gifts on their way. The calendar says Christmas is awhile away, but here in the new post office it will be Christmas every day from now on," Postmaster Guy Allen said today.

"A lot of headaches can be avoided when the full Christmas rush begins by getting started early," he said.

"For example, don't take chances on mailing poorly

wrapped packages. Use sturdy corrugated mailing cartons, heavy paper adhesive tape and strong cord. Cartons containing several gift packages should be fully stuffed with tissue or old newspaper to cushion the contents."

When mailing articles of unusual size or bulk, better check with the Post Office before attempting to mail them—the limits on size and weight of packages vary, depending on where they are

mailed. As an extra precaution, it's always a good idea to place an extra label carrying both the return address and the recipient's address inside the carton or package.

"Be sure to send your Christmas cards by First Class mail, using the attractive new 4c Christmas stamps," the Postmaster urged.

"When sent First Class, your cards are delivered quicker, and they'll be for-

warded or returned, if it becomes necessary. Also, they may carry written messages along with your signature."

The Postmaster says it's especially important to include the return address on every Christmas card envelope. Besides being socially correct, this is a big help to both you and your friends in keeping your mailing lists up-to-date.

Before mailing Christmas cards, secure free labels from the Post Office which

real. "ALL FOR LOCAL DELIVERY" and "ALL FOR OUT OF TOWN DELIVERY" so that cards can be sorted into two bundles, with the addresses all facing one way, thus expediting delivery.

Reds Make Offer
GENEVA (UPI) — The Soviet Union offered today to permit international inspectors to enter its territory to inspect seismic "black boxes" in three Russian areas to police a nuclear test ban.

St. Agnes Chapter Meets At Palmer Home

The December meeting of St. Agnes Chapter of Holy Cross Episcopal Church was held at the home of Mrs. Floyd Palmer in San Louis with Mrs. Archie Betts as co-hostess.

Regular business was conducted by chapter chairman Miss Eva Hunt after which an interesting program on the Advent season and the Christmas Church year was presented by the educational chairman Mrs. Raymond Key.

The Christmas theme was carried out during the meeting with the members exchanging gifts and making a donation of \$5 to be sent to Gray Inn to assist in the purchase of Christmas gifts for the residents of the Inn.

At the conclusion of the meeting delicious refreshments were served by the hostesses to the 16 members present for the meeting.

DeBary Club Plans Tea Wednesday

Mrs. Preston E. McBean, wife and means chairman of the DeBary Women's Club will open her home, on Oceanfor Lane, to members of the club for the annual Silver Christmas Tea, this Wednesday, from 2:30 to 5 p. m.

Mrs. William Fidler will be vice chairman and Mrs. Eli Yoder and Mrs. Fidler will preside at the tea table.

St. Nicholas Pays His Annual Visit To Catholic Woman's Club Program

MANGER SCENE — Taking part in one of the skits presented at the Catholic Women's Club program, were (seated) from left, Mrs. W. H. Kramer and Mrs. L. Rotas, standing, Mrs. D. A. Carver, Mrs. M. J. LeCuyer and Mrs. Bridget Kolarik. (Herald Photo)

Yule Program Given By Fideles Class

Members of the Fideles Sunday School Class, of First Baptist Church, held their Christmas meeting at the Florida Power Corp. Employees' Recreation Building, in Enterprise with Mrs. E. H. Craft and her group as hostesses.

A story "The Christmas Story" was given by Mrs. E. R. Wood, with the class teacher, Mrs. Durward Walker, assisting with the scripture and prayer.

During the business session, it was voted to make a contribution to the Lottie Moon Christmas offering.

Plans were also made to help a needy family at Christmas.

Games were enjoyed during the social hour and prizes awarded to Mrs. Walker, Mrs. Wood, Mrs. Marjorie Cowan and Mrs. Clyde Humphrey. Background Christmas music was heard from a M. A. set.

The refreshment table was covered with a red cloth and centered with a tree designed of plums, fern and red roses, from the garden of Mrs. Fred Bentler. Green tapers in silver sandalsticks completed the table decorations.

Homemade orange dessert cake, coffee, tea, and nuts were served by the hostess group including, Mrs. Craft, Mrs. J. Malloy, Mrs. H. E. Swain, Mrs. Irvin Pryor, Mrs. E. H. Rodgers and Mrs. Walker.

Others attending were Mrs. W. T. Cavanaugh, Mrs. E. C. Soodgrass, Mrs. H. H. Grier, Mrs. A. L. Thomas, Mrs. W. E. Giles and Mrs. C. E. Chanlot.

COFFEE FLUFF
22 marshmallows
1 cup strong, hot coffee
1/4 tsp. Angostura bitters
1 tsp. rum flavoring
2 cups whipping cream, divided

Cut marshmallows in quarters with scissors dipped in cold water. Put in top of double boiler with hot coffee. Cook over hot water until marshmallows are completely melted and blended with coffee. Remove from heat. Add bitters and flavoring. Chill until mixture begins to thicken. Whip 1 1/2 cups cream. Fold into coffee mixture. Spoon into dessert glasses. Chill until firm. Whip remaining cream. Use to garnish tops of desserts. Makes 4 to 6 servings.

Thinking before speaking prevents foot-in-mouth disease.

MR. AND MRS. HENRY GIBBS AYERS JR., who were married Nov. 30 at 5 p. m. in a double ring ceremony at the Naval Air Station Chapel, with Chaplain R. L. Deal, officiating. The bride is the former Miss Marilyn Washburn, daughter of Mrs. Nan Washburn and the late Lt. Col. Harold C. Washburn, of Sanford. The groom is the son of Henry Gibbs Ayers, Swansea, S. C. and Mrs. Susie B. Ayers, Bamberg, S. C. (Jameson Photo)

Local Events

TUESDAY
The Royal Arch Widows meet in Masonic Hall, at 8:30 p. m. for ham supper, followed by a workshop on Christmas wreaths, led by Mrs. Irving Pryor. Members asked to bring two yards of nylon net and wire coat hanger. All York Rite bodies and their ladies invited to attend.

Personal

Do you know that when you buy things which can be laundered and reused in a matter of hours, you can get along with a smaller inventory of clothing and household linens?

Don't expect your washing machine to do an efficient job if you stuff it with an overload of soiled laundry. Smaller loads and plenty of soap or detergent will give best results.

Navy Thrift Shop Operated By Officers Wives Club

With so many new shops opening up all over the area, perhaps few people know that the Sanford Naval Air Station has a shop known as the "Navy Thrift Shop."

It provides dependents of Naval personnel with a place to purchase good used clothing at nominal prices. All proceeds from the shop are used for charitable purposes.

SOME VAH-9 OFFICERS WIVES collecting articles for the Thrift Shop at the Naval Air Station. Left to right are Mrs. T. B. Wood, welfare chairman; Mrs. W. L. Lewis Jr. and Mrs. Charles Jasper.

Miss Booth Named Circle President

Mrs. Oscar Zitrower gave the dedication service of the Women's Gift Offerings at the recent meeting of the Ethel Root Circle of the Congregational Christian Church. Members met in the home of Mrs. Clyde Stinson with the president, Mrs. Helen Remusat, presiding.

New officers elected to serve next year were Miss Ruby Booth, president; Mrs. Helen Remusat, vice president; Mrs. G. O. Nordgren, secretary; Mrs. Oscar Zitrower, treasurer, and Mrs. Gus Schmah, chaplain.

Mrs. Walter McPherson and Miss Ruby Booth, circle delegates spent Nov. 5, 6 and 7 at Avon Park attending the annual meeting of the State Women's Fellowship of the United Church of Christ (Congregational Christian Church). Each gave their report and experiences at these meetings.

Instead of exchanging Christmas gifts at the party on Dec. 17, members voted that each give their dollar towards a gift for the Sarepta Home. It was also voted to purchase additional tables and folding chairs as soon as possible.

Final plans for the Christmas Party for the Sunday School classes were made and Santa will make his annual appearance on Dec. 20. Mrs. Bea Alford will be chairman of refreshments with Mrs. Robert Getman and Miss Ruby Booth assisting.

More tickets were distributed among members for the Fish Fry being held this Saturday with serving from 5 p. m. to 7 p. m. Adults may select for their plate any one of several kinds of fish accompanied by a generous portion of hush puppies, cole slaw, baked beans, a relish tray including tartar sauce, coffee and punch. Weather permitting, the affair will be held outdoors on the church grounds.

Mrs. Clyde Stinson, hostess for the evening served delicious refreshments of chocolate cake, cookies, tea and coffee to the 15 members.

Catholic Wives Plan Social Tuesday Night

Final plans were made for the Christmas party for members of the Catholic Navy Wives Club, when board members held a planning meeting, recently. Those attending were Mrs. Lenox Fay, Mrs. F. C. Fowler, Mrs. Wally Bernhart and Mrs. Truman Wolfkill.

The party is scheduled for this Tuesday at 8:15 p. m. in the social hall of the Church of the Nativity, on State Road 427. Club officers will do the decorating and Mrs. H. L. Monroe will be in charge of the entertainment.

All members are invited to attend the festive get-together and enjoy an evening of yuletide fun. Each one is requested to bring an item of food for the Christmas basket being prepared for the needy family. Husbands of the members will be guests for the evening.

Other VAH-9 Wives who worked during this period included, Mrs. W. L. Lewis Jr., Mrs. Warren Fordham, Mrs. Don Munday, Mrs. Richard Cooke, Mrs. Charles Jasper, Mrs. G. W. Kimmons, Mrs. Charles Dukes, Mrs. Joe Smythe and Mrs. James Shipman.

"LET'S TALK DRY CLEANING"

By WOODROW CASH

The feeling of the approaching Christmas season is already generating a lot of excitement. These are busy days with all the shopping, card mailing, tree hunting and decorating, as well as visiting and partying.

In the midst of all this hustle, we want to drop a gentle reminder: don't forget to have the family "best" in the way of clothes put right for the festive occasions ahead.

It can be pretty alarming on the night of a party to take out your best cocktail dress or gown and find you forgot to have it cleaned and pressed. And Dad can be forgetful about that drink that was spilled on his best blue suit. So check over those better dresses and suits now, before it's too late.

Incidentally, here's a thought for husbands buying gift clothing for their wives: be careful in buying blouses, sweaters or other garments with a lot of tricky ornaments or fancy novelty fabrics that are tough to clean. Be sure to ask the salesgirl pointed questions about cleaning, so you'll avoid getting a pretty thing that won't be much use after one wearing!

So look ahead... there aren't many cleaning days before Christmas. Better call us now for quick service on your best suits or dresses. We pickup and deliver. Look to your clothes—others do.

VAH-9 Wives Planning Pot Luck Supper

Mrs. George Koehn and Mrs. John Moynihan were co-hostesses for the monthly coffee of the VAH-9 Officers Wives. The Koehn home, in Pinecrest, was decorated in a Christmas mood. The buffet table was centered with a white Christmas tree decorated in red with tiny wrapped packages and a miniature Santa Claus.

Refreshments of hot and cold cider, coffee, fruit-out bread, Christmas cookies and plum pudding were served by the hostesses.

Mrs. G. W. Kimmons conducted the business meeting and heard reports from the committees including the one from the All Wives Club, by Mrs. Leigh Ebbert.

Welfare chairman, Mrs. Barclay Wood, reported on the Christmas projects. The Hoot Owl Wives are sending a gift of money to the Casa Scugnizi Boys' Orphanage, in Naples, Italy. Mrs. Kimmons visited this orphanage during her trip to Europe, last year. She told of the desperate need of these children for individual attention, so the wives are requesting that their money be used for individual gifts for the boys there.

Plans were discussed for the December luncheon, which will be a pot luck supper at the Kimmons home, in Loch Arbor.

Farewells were said to Mrs. Charles Dukes who is leaving soon with her husband for a tour of duty, in Baltimore, Md. The group presented Mrs. Dukes with a farewell gift of a miniature silver Paul Revere bowl, engraved "To Phronis from VAH-9 Officers' Wives."

Mrs. Robison Hostess For UDC Meeting

Mrs. R. F. Robison was hostess for the November meeting of the Norman de Vere Howard Chapter of the United Daughters of the Confederacy.

Following the business session, the president, Mrs. W. L. Merritt, presented slides on "General Lee and Confederate Action" and gave interesting comments on each slide.

Mrs. Robison and her co-hostess, Mrs. Claude Herndon served refreshments to Misses Martin Bram, L. A. Brumley, David Caldwell, Richard Gleason, A. W. Lee, G. E. McCall, Edmund Meisch, R. B. Munroe, A. K. Rosetter, F. E. Roumillat, M. L. Strickland, Lois Taylor, J. H. Truluck, A. B. Wallace, J. St. Clair White, W. A. Perry and Mrs. Merritt.

Dear Abby: By Abigail Van Buren

DEAR ABBY: My neighbor's father is a retired gentleman of about 75. He is very friendly and likes to visit the neighbors, but he doesn't shut his mouth. When we go out in the evening, he hires a 17-year-old girl to sit with the children. This old gent comes over in our absence and talks the poor girl's ear off. She has complained to us, but we don't know how to handle it. We hate to tell the lovely old man to stay away, and I suppose his daughter is glad to get him out of the house. Can you or any of your readers help me?

A PUZZLEMENT

DEAR PUZZLEMENT: The old gentleman is probably a little senile. Tell his daughter that you have left instructions with your sister that no one is permitted in the house when she is sitting—and this includes her father. She'll get the message.

DEAR ABBY: I have six children. The oldest is 9. Today I found a note in her pocket. It was from a little boy (he is 10 or 11) who wrote he "loved" her and wanted to know if she "loved" him, too. Should I overlook this incident or do you think I should tell her the facts of life? I felt that she was too young until I read the note today.

When I was 9, I had no one to tell me the facts of life, and can't recall if I was curious then. But I do know that when my mother finally got around to telling me, I had already picked up a lot of information the wrong way. I don't want that to happen to my daughter. How much should a 9-year-old be told today?

INFORMATION PLEASE

DEAR INFORMATION: When your daughter becomes curious about "the facts of life," she will initiate the conversation. Answer every question frankly and without embar-

raiment. But don't bring the subject up until she does.

DEAR ABBY: The fellow who has been dating me is getting on my nerves. He perspires a lot and when he breathes he breathes so heavy it drives me mad. I have asked other people if they can hear him breathing, and they say no. But I can hear every breath, and it makes me nervous. I know he can't help perspiring, but his hands get clammy when we dance and it bothers me. Should I tell him the truth about why I don't like him or should I just find somebody else?

BOTHERED

DEAR BOTHERED: Find someone else, honey. If you really cared for him, his "breathing" would become "sighs" and his perspiring would indicate "happy excitement." He is not for you—but someone else will think he's great.

DEAR ABBY: Do you know if a cow has to have a calf first in order to give milk or can she produce milk before she has a calf?

ROSE, TESS, MARCIA AND HELEN

DEAR R.T., M. AND H.: Yes, a cow must "calf" first in order to give milk.

CONFIDENTIAL TO FORT WORTH: True "Beauty is only skin deep," but if a girl is poor and a little on the stupid side, she's lucky to have it!

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 8365, Beverly Hills, Calif.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to ABBY, Box 8365, Beverly Hills, Calif.

Highlights

7:20-8:30 p. m. (NBC) It's A Man's World. "The Macaulay Profile." A warm and penetrating insight into a young man's mixed emotions. Wes (Glen Corbett) has one of those days when everything goes wrong. After a fracas with his young brother (Michael Burns), his job at the gas station is doubly trying. But his biggest setback comes when his girl friend (Jan Norris) gives him an aptitude test. He finds he is not cut out to be the lawyer he dreams of being.

8:30-9 p. m. (CBS) The Lucy Show. The last 10 minutes are worth waiting for when Lucy and Viv (Lucille Ball and Vivian Vance) get submerged in a top of coal after abortive attempts to build a basement rumpus room. Prior to the avalanche, Lucy literally sticks to her job with a glue that sets quicker than she thinks. Reason for the do-it-yourself project: Lucy and Viv find their boy friends on the same night.

Jacoby On Bridge By Oswald Jacoby

The new California Bridge Digest has made its appearance and will probably be here to stay. In the October issue Edwin Kantar, one of our best players, writers and analysts, gives several interesting problems in play. All of them illustrate the need to plan your play at trick one. These are to be used for this week's series.

South's first impulse is to play dummy's queen of clubs on West's jack. West might have led from king-jack-ten. A little thought tells South that his correct play is to duck that jack of clubs in both hands. West has made a vulnerable overall. Surely he

holds both missing aces and South wants to make sure that East can't get the lead. After ducking, South has no more trouble. He wins the next club and draws trumps. Then he leads a diamond. West takes his ace, but has no way to keep South from discarding one of dummy's spades on a high diamond and winding up with only one spade loser.

Had West held the king of clubs and East the ace of diamonds South would have lost a hand that he could have made. But the chances were much greater to find the cards as they actually were.

We The Women: By Ruth Millett

The future of a marriage is usually settled during the first year, says a marriage counselor.

Sure, it is. It's during the first year that a couple works out the pattern for their marriage.

During the first year, whether or not they realize they are making permanent decisions, a couple settles such matters as how they will handle their money, how they will work out disagreements, how much freedom they are willing to allow each other, how big a part parents and in-laws are to play in their lives, what their first major objectives are, and whether or not they are going to try to change each other or learn to live together "as is."

The trouble is that often a couple doesn't know that the day-to-day decisions they make during the first year and their day-to-day routine is forming a pattern that will influence them all of their days together.

If all young couples realized this they might give more thought to the way they manage their lives in those first, all-important months of marriage.

Both husband and wife would make more of an effort to let the other know, "These are the things that are important to me" so that the marriage would provide the most important things to both.

It isn't easy to change the basic pattern of a marriage once it has been set. So setting up the right pattern in the beginning is all important. But no one can tell a couple what that pattern ought to be. That depends entirely on what is most important to the husband and what is most important to the wife.

Minnesota's Best Lineman

NEW YORK (UPI) — Bobby Bell of Minnesota, a converted high school quarterback from Shelby, N. C., was hailed today as college football's "Lineman of the Year" for 1962.

The 6-4, 214-pound tackle, drafted by the Minnesota Vikings of the National Football League, was the Dallas Texans of the American Football League and the Winnipeg Blue Bombers of the Canadian Football League, was picked as the nation's top lineman by a 2-1 majority over Lee Roy Jordan of Alabama, a center, in balloting conducted by United Press International.

Pat Richter of Wisconsin was third and Hal Bedsole of national champion Southern California and end Dave Robinson of Penn State tied for fourth.

Two Teams Gain In All-Star Loop

Last week's action in the Jet Lakes All Star Bowling Loop found the Betty Ann's and Meador's Marine trios picking up a game on league leaders Larry's Mart as they faltered and lost one out of three to the Handy Food team.

While the Larry's men were stumbling over Handy Food, the Betty Ann's and Meador's aggregations were busy winning three straight from Faust Drugs and Sanford Dry Cleaners, respectively.

The climatic series of the night found the two contenders for the collar position fighting it out, with Fralley's rubbing it in to the tune of three straight that gave the battered Zeul team uncontented possession of the low spot on the totem pole.

Nine over-200 games highlighted the individual performances of the evening, with Bob Steele leading the pack by virtue of a resounding 221-501 series, closely followed by Johnny Wright who toppled the maples at a 201, 213/592 rate. Al DePalma came up with a 214-563 series, Rich Murphy at 204/569, Bob Borsdorf a 218, 202/575, Neal Maxwell came through with a 219/577 and Harold Harlet had a 211/640 evening.

FSU GRIDIRON BOUND are two of Sanford's 1968 stars, Eugene Williams and Butch Riser, who signed scholarship agreements with Florida State Saturday. Shown are, from left, Gene Wil-

liams and his father, Jim Riser and Butch, Coaches Jim Pigott and Jim McCoy. Bill Proctor, at rear) former Lyman High coach now at FSU, signed the two for the Tallahassee school.

J. B. PHILLIPS JR. became the first Sanford high griddier to win a University of Florida scholarship in 32 years as he signed his grid scholarship in Orlando Saturday night. The hard hitting center was a bulwark for the locals on defense throughout the past two years.

Rayborn Cops Top Honors

Harold Rayborn took top honors at the Central Florida Golfers' Assn. monthly pro-am play at the Mayfair this past weekend. Sharing the spotlight with Rayborn was Moe Norman. Both golfers shot a 69 to tie for low pro honors.

Four fish were caught by the average Wyoming fishermen on every fishing trip he took in 1968.

Packers Close In On Third Division Title

By Norman Miller
The Green Bay Packers' bruising ground game and rugged defense have carried them through another National Football League crisis, and only a miracle win next Sunday by the Los Angeles Rams can prevent them from clinching their third straight Western Division title.

As for the Detroit Lions, who now have won seven straight games in an effort to earn that playoff berth opposite the New York Giants, it looks like a nice try but no cigar.

For the manner in which the Packers battled back from the 11-point deficit to beat the San Francisco Forty Niners, 21-21, Sunday, they appear hardly likely to blow

next weekend's game against the Rams, whose 1-11-1 record is the poorest in the NFL. Detroit clinging to its forlorn hope of catching the Packers by defeating the Minnesota Vikings, 27-28, in a raggedly played game. The Lions wind up with the Chicago Bears next weekend.

Meanwhile, the Giants, playing without any championship pressure, defeated their old adversary, the Cleveland Browns, 17-13, for their eighth straight victory. This is the Giants' longest streak since 1956.

In other games, the Pittsburgh Steelers clinched second place in the Eastern Division by defeating the Philadelphia Eagles, 24-17; the Chicago Bears assured them-

selves of a third-place finish in the West by beating the Rams, 30-14; and the St. Louis Cardinals trounced the Dallas Cowboys, 22-20. On Saturday, the Baltimore Colts beat the Washington Redskins, 24-21.

Two NFL records and two team records were set Sunday. Lee Namellin, Forty Niners defensive tackle, played his 150th consecutive game and Lou Michaels of the Steelers kicked four field goals to set a season mark of 24.

Rich Pettibon of the Bears ran 101 yards with an intercepted pass to set a Bears club record and Dick Bass of the Rams gained 160 rushing yards for a season team record of 955.

SERIOUS EFFORT is mirrored on the faces of both teams, as Linda Spencer races around end with the ball, while opposing players rush in for the tackle and teammates fight to keep the

ball-carrier free. Grim determination seen here was players' attitude throughout game. (P. S.—she made it!) (Herald Photo)

Seniors Outscore Juniors In Powder Puff Tilt

By Dottie Higginbotham
Herald Features Editor

The outnumbered, underdog Senior girls Powder Puff team, calling on an experienced backfield paced by fleet-footed Linda Spencer, quarterbacked by Nylene Albers and captained by "veteran" halfback Louise Higginbotham, outdistanced the Junior girls team to take the third Annual Powder Puff Game with a 20-17 score Sunday.

This was the biggest score and the most decisive victory of the games' three year history, and the Juniors almost tied it up in the closing minutes of the game, but the Seniors determined line stopped the Titans drive on the goal line to keep their one touchdown lead.

The game was marred by an injury to Helions quarterback, Nylene Albers who suffered a broken collarbone as she fell after making a goal line block.

The Senior Helions drew the first scream of outrage as tall rany Linda Spencer scored with a pitch out from Albers midway in the first quarter.

But the Junior Titans came fighting back with seatback Rena McKenzie passing and calling her teammates down to the five yard line where she took the ball over on a keeper play, and Michele Jones ran the extra point to put the Juniors ahead, 7-6 at the end of the first quarter.

The Seniors took the ball on the kickoff and started a drive right on down to the goal line with Higginbotham, Spencer, Cox and Albers carrying off

tackle, around the ends and plunging up the center all the way to the goal, where Barbara Cox dove over from the one yard line for the TD. A snap pass from Albers to Spencer added the PAT, and the Seniors again took the lead, as the first half ended.

After a highly entertaining show during the break by the wildly costumed members of the two bands, play was resumed in the second half, with the Powder Puffers rested, refreshed and ready to go.

On the kickoff, halfback Shirley Bowen of the Juniors tore down the sidelines and almost got away with a TD punt return but stepped out of bounds on the Seniors 40 yard line.

A series of razzle dazzle plays, passes, pitchouts, reverses and double reverses by Bonnie Caslo, Marilyn Hunt, Rena McKenzie and Shirley Bowen, all doing their share of the ball carrying carried the Junior Titans right down to the goal line where halfback Bonnie Caslo plunged over tackle for the touchdown.

and the game was all tied up 13-13.

In the fourth quarter, Donna Beard's kickoff, low and hard, bounced off one of the Helion's linemen and fell to the ground where center Ann Farless recovered it.

With their hands on the ball again, the determined Seniors, ran, skipped, wiggled, squirmed, plunged and fell toward the goal line, 50 yards away, as the Titans tried desperately to hold the line.

The drive was marred by penalties as the hard pressing seniors jumped off sides, but they managed to rack up enough first downs with the end sweeps of Halfback Higginbotham, the keeper plays of Albers and the sweeping end runs of Linda Spencer to get to the goal line, where the ball was handed off to Spencer who raced around right end for the third TD to give the Seniors a one touchdown lead.

Pat Bruce leaped over tackle for the extra point and the seniors took a luscious 20-13 lead, which they defended to the last whistle as the Titans

GET INTO CIVIL SERVICE WORK!
Many appointments to U. S. Civil Service jobs will be made during the next 12 months. These positions provide SECURITY for you and your family with good pay, steady employment and advancement. Many jobs require little or no specialized education or experience.
Lincoln Service, a privately owned school, helps thousands prepare for these tests each year. For full information on U. S. Civil Service jobs, mail TODAY.

Seminoles Get 41-31 Victory Over Titusville

Seminole's Seminoles overcame a two point deficit to come from behind and wallop Titusville Terriers, 41-31, in the local season curtain raiser Friday night.

A highly pleased Coach Ralph Stumph gave last year's Junior varsity graduates the credit for the victory saying, "It was those boys who sparked us during the last quarter and by applying a full press held Titusville to a meagre six points while they ran up 18 counts."

Mike Woodruff led the Seminoles offense with a total of 15 points.

The Sanford Jayvee offense also was from Titusville's B team, by a close 26-22 score.

The Seminoles will be playing tonight in the Davis Armory at Orlando, where they take on the Hornets of Bishop Moore at 8:15 p. m. The Bishop Moore team defeated Osceola in a 44-37 contest Friday night.

By LARRY VERSHEL
Those long awaited potted plants were put out along First St.

The Carroll Daniel Construction Co. has been given the contract to build those new locker rooms at the Mayfair Golf Course. Estimated cost \$25,000 with work expected to be completed in six weeks.

Out by W. Lake Mary Blvd. . . where the overpass will be by Interstate 4, there's a sign about the federal highway project. . . The only gimmick is . . . the sign is facing the pasture. . . Only ones that can see the sign are the cows.

It sure would be nice if someone cleaned up that lawn by the Edwards Building.

In that same area, don't be surprised if that Amoco station is torn down and something goes up in its place.

The contract has already been let on the old Malfitt Building.

Air Force men pulling out . . . only skeleton crews left. Troops gone from the Giant dormitories. Talked with AF Colonel Michael Barry who wants to thank the people of Sanford for their warm greetings.

City Manager W. E. Knowles added a poetic touch (in blank verse) to the Christmas bonus season. Included in each pay envelope will be a brief eulogy . . . We'll take Frost.

87 new street name signs have been erected in the city since last month.

Notice the way city crews touched up and beautified that Nativity scene this season by City Hall? By the way, a choir will perform in front of the scene at 7 p.m. Dec. 22.

Chamber of Commerce new directors name their new president at 7:30 p.m. today at the Florida State Bank lounge. Francis Roumillat Jr. a sure bet . . . with Scott Burns groomed for the office seat.

Can you imagine Seminole County and its five neighboring counties having more people living in them than will be residing in some 16 or 17 STATES by 1970 . . . That's what Bob Doyle, who heads up the East Central Florida Impact Committee, told the Altarians yesterday. . . Also said that by 1970 one out of five folks living in Florida would be living in these six counties.

"Planning Can Save You Dollars" is the foundation from which all this growth may be assimilated, adds Doyle. . . Plan to maximize benefits, minimize problems. He goes on. . . And THAT, neighbors, is basic for any one's business, too, isn't it? . . . On the county and city level plans MUST be made — and then FOLLOWED — for the road systems, land use, . . . Make sure land developers take care of ALL the costs incident to the housing subdivisions, streets, sewers, water supply — and by all means, drainage. . . This is NOT a political subdivision, and the general poster of taxpayers should not be saddled with these "neighborhood developments", was the idea expressed to the attentive Rotarians.

Oh, by the way, Doyle said that in spite of the expense involved in preparing for this "population explosion" the ANNUAL cost is just "one cup of coffee per capita" — ten cents a year.

All four plants that had groundbreakings last August are nearly ready for production. Antenna Systems, Hunt, Alix of Sanford and Dearborn Electronics Labs. When queried on progress, Dearborn's bossman, Frank Dorigan, wouldn't talk to us, but told his secretary to say, "No comment." Hummmmm.

A berserk father beat his wife to death, choked his daughter, then slashed his own throat and wrists with a knife early today at nearby Margate.

The man, David Nicholson, was in critical condition under police guard at a hospital. The reason for the attack was not determined.

Freeze Covers County - Low Is 25

The Sanford Herald

Angle Parking Termed 'Mess,' But It Stays

Angle parking along First St. was termed "silly" and a "mess" by Commissioner Earl Higginbotham Monday night and he added "I'm sorry I voted for it."

The discussion came up after commissioners agreed to keep angle parking on Palmetto by the old post office. In other business during a routine session, the commission awarded the low bid for two long wheel base dump trucks to Superior GMC trucks for \$6,500; Awarded sewer and trash pumps to the Machinery Service Co. of Tampa for \$7,687; Denied a request from the Sanfly, a NAS publication, asking for a full page ad; Denied a request to relocate a street light pole on South Park Dr.; Heard a protest from 23 Academy Manor residents protesting farming in the area. A petition was read by the 23 calling the farming in the area "harmful." The commission took the petition under advisement.

Stevenson Furor Traced To Bandy

WASHINGTON (UPI) — The Columbia Broadcasting System said Monday night that presidential adviser George Bandy provided the inside information for the Saturday Evening Post article that created a furor around Adlai Stevenson. CBS correspondent Robert Pierpont said in a network broadcast that Bandy was the source for the piece, written by Stewart Alsop and Charles Bartlett. The Post article traced the chronology of the Cuban crisis and stated that Stevenson had advocated a soft line during policy discussions. "Although Bandy himself denies having said anything about Stevenson's specific role in the Cuban crisis, it is well known in Washington that Bandy — a Republican — is no friend of Stevenson's," Pierpont said.

Schools Have 3 Texts On Reds

TALLAHASSEE (UPI) — The Cabinet Textbook Purchasing Commission adopted three texts today for use in public school classes on the new course on Americanism versus Communism. The books were recommended by a 12-member committee of educators and laymen which studied 19 books submitted by publishers. Local schools can make their own choice from: A Study of Communism by J. Edgar Hoover, director of the FBI; Holt, Rinehart and Winston; The Meaning of Communism by Miller, Roberts, Shulman, Silver Burdett Co.; The Masks of Communism, by Dan N. Jacobs, Harper and Row.

Man Kills Two, Slashes Wrists

POMPANO BEACH (UPI) — A berserk father beat his wife to death, choked his daughter, then slashed his own throat and wrists with a knife early today at nearby Margate. The man, David Nicholson, was in critical condition under police guard at a hospital. The reason for the attack was not determined.

Victims Removed From Wreck Scene By Ambulance

City Requests 'True' Port Feasibility Study

A "true" engineering feasibility report on where to locate the proposed port terminal was ordered by the City Commission Monday night. City Commissioners took the action after City Manager W. E. Knowles said the study done by the late Harold Scott, of the Jacksonville firm was the best feasible site was the area north of French Ave. Andrew Carraway, chairman of the chamber committee said this morning "as far as I know, we haven't recommended any site, that's why we're not making a complete study of all the feasible locations."

Hungary May Allow Cardinal To Leave

UNITED NATIONS, N. Y. (UPI) — Hungary was reported today to have offered to let Josef Cardinal Mindszenty leave the country if the United States will drop UN charges against its Communist government. The Roman Catholic primate of Hungary has been in asylum in the U. S. legation in Budapest since 1956. He was freed from Communist imprisonment by the liberation fighters that fell but faced new persecution when the freedom revolt was crushed by Russian troops. According to reliable sources, Hungarian diplomats here were sounding out the United States on a deal. They would give Mindszenty safe conduct out of the country and free the remaining political prisoners seized in the 1956 uprising if the United States will not press a vote on an item renewing the UN condemnation of the revolt's suppression. The sources said the Hungarians estimated that the Budapest government holds a total of 20 such prisoners.

Driver Escaped Injury When This Auto Flipped Over

Two Are Injured, Damages Total \$1,000 In Mishap

A head-on crash between two cars early this morning resulted in two injuries and damages over \$1,000, the Florida Highway Patrol reported. It was the third accident on Seminole County roads in less than 24 hours. Injured were David Fryman, 16, Old Orlando Highway, and Herman Shime, Casselberry. Trooper J. L. Sikes reported that Fryman attempted to turn into the 7-11 store by Sunland Estates at 7:30 a. m. and slammed head-on into the Blume car. The youngster was charged with driving on the wrong side of the road. Both he and Blume were treated for cuts and bruises at the hospital. At 7:30 p. m. Monday a car driven by David H. Green, Sanford, flipped over on 20th St. west of the city. Green escaped without injury but was charged with unlawful speeding. Earlier in the afternoon a car operated by George Massey, Chulota, going west on SR 46 turned over after Massey apparently lost control of his vehicle. He was charged with exceeding the safe speed. He was uninjured.

Firemen Contain Residence Fire

Fast work by Sanford fire fighters stopped a second floor fire on South Park Ave. from spreading and destroying the entire home, the fire department reported today. Chief Mack Cleveland Sr. said the fire started on the second floor of a home at 415 S. Park. Cause of the blaze was an overheated oil heater. Firemen quickly extinguished the blaze and contained it to one room of the massive home, Cleveland said. "Damage was extensive," the chief added.

Lighting Entry Blanks Ready

Residents and commercial establishments may enter the Jaycee Christmas Lighting Contest by using the entry blank on Page 3 of today's Herald or by obtaining a blank from the Jaycee office on French Ave. Deadline for entries is Dec. 19.

news... BRIEFS

Burr In Hospital — HOLLYWOOD (UPI) — Television's "Ferry Mason," Raymond Burr, was reported in excellent condition today after undergoing minor corrective surgery.

New Crisis? — BUENOS AIRES (UPI) — The top commanders of the Argentine air force were ousted today in an abrupt and unexplained change of command possibly indicating the start of a new military crisis.

Paradrop Lands — AVON PARK (UPI) — Five hundred paratroopers of the U. S. Strike Command parachuted onto a frost-covered Air Force bombing range here today in a reaction test of the nation's brush-fire warfare force.

Slightly Overdue — NORWICH, England (UPI) — An unidentified borrower, assured that an over-due book amnesty still was in force, returned some books to the public library Monday. The carload of 300 volumes had been borrowed over the past 14 years.

Surprise — OJAI, Calif. (UPI) — Mrs. Robert Ross, 26, went to the hospital Sunday expecting her 18th child. Today she has 18. Mrs. Ross said the triplet girls were "kind of a surprise." She and her oil products salesman husband had more good news today—the hospital will give them a single rate in honor of the occasion.

Sentenced To Life — ST. AUGUSTINE (UPI) — Mrs. Effie Norris of Orlando, convicted here in October of the arsenic poisoning of a 75-year-old retired shipbuilder, was given a mandatory life sentence in St. Johns County Circuit Court here Monday. Judge Howell Malton handed down the life term after denying a motion for a new trial.

Troops Leave Drivers Beware, It's December

TALLAHASSEE (UPI) — State Patrol Director H. N. Kirkman reminded Floridians today that December is the deadliest month of the year on the highways.

Osceola Okays Highway To Cape

KISSIMMEE (UPI) — A proposed road from St. Cloud to Cocoa has been approved by Osceola County. The road would cut the distance from St. Cloud to Cocoa from about 70 miles to about 28. Drivers now must go by way of Orlando or Melbourne. The county acceptance of the recommendation is subject to approval by Deseret Farms in north-east Osceola County and across which a major share of the road will go. The farm already has given 50 acres of land for right-of-way.

British Troops Recapture Town

SINGAPORE (UPI) — British troops who recaptured the vital oilfield city of Seria from Brunei nationalist rebels have found 400 Europeans safe and sound. It was reported today. A spokesman for Shell Oil Co. in Singapore said 40 persons, mostly Europeans, held hostage by the rebels had been freed. An earlier report that one European at Seria had been shot was "not correct," the Shell spokesman said. "All others in the Seria area who were confined in their homes are reported doing well," he said. The rebels took Seria, about 50 miles from Brunei town, in an uprising against British domination Saturday.

Whole State Hit By Cold

Seminole County was freezing early today and damage to vegetable crops, shrubs and flowers was extensive. There also was some damage to citrus groves, but Asst. County Agent Ernie Lundberg said "it is too early to estimate this." Another cold night or two is forecast for the area after temperatures which dropped to lows of 25 in the southern part of the county and 27 in the Sanford section. Temperatures were below freezing from 1:15 a. m. until 7:30 a. m. today, records of the Central Florida Experiment Station disclosed.

Driving Snows Are Plague To Midwest

United Press International A driving snowstorm sweeping across the Great Lakes slowed its pace today, but continued to plague Indiana and Ohio "snow belt" cities. A huge mass of arctic air moved southward over the plains, plunging temperatures well below zero at many points. A provisional heavy snow warning was posted for eastern Kentucky and southeastern Ohio. South Bend, Ind., remained under a state of emergency. The city, along with Ashland, Ohio, received the worst of the storm's ravages. Fifty South Bend schools were closed Friday and Monday and there was doubt they would open today. The sheriff's office at South Bend said the storm was the worst in 10 years. The county highway department said if the storm doesn't end soon, it may have to call off road clearing operations since there was no place to put the snow removed from the heavily-decked roads. Drifts were as high as eight feet in South Bend and hundreds of cars were abandoned by drivers. Twenty-eight snow plows were keeping most roads open. Since the snow began falling Wednesday night, United Press International counted at least 76 weather-blamed deaths. Ohio had 21 dead, Michigan 20, New England 10, New York 7, Pennsylvania 5, Indiana 4, and Tennessee, West Virginia and Illinois 3 each. Only emergency travel was recommended through northern Indiana. Southern Illinois also became hazardous today when up to three inches of snow fell. The Illinois Highway Patrol reported countless traffic mishaps of the glazed highways.

U. S. Warned On Testing

GENEVA (UPI) — The Soviet Union warned the West today that if Britain and the United States go on testing nuclear weapons beyond the end of the year "other nuclear powers will take corresponding action." Soviet negotiator Semyon K. Tsarapkin told the three-power test ban subcommittee of the 17-nation disarmament conference that "the responsibility for this rests squarely on the United States."

County Takes Deed To Osceola Field

In an effort to safeguard the county's investment in the purchase of Osceola air field, the County Commission today formally accepted the deed to the property as offered by the General Services Administration. It was pointed out by Chairman J. C. Hutchison that in the event of a national emergency it would be possible for the federal government to reclaim the property unless the deed were accepted. He also said that if the decision to make the Naval Air Station a permanent base is confirmed then the air strip might be needed for an alternate landing place for Navy planes. Acceptance of the deed was the only way the county has to protect the \$75,000 already invested. Commissioner Jim Avery said he thought the county should ask the county forest to look into the possibility of selling the pulpwood out on the Osceola property. In his opinion, there are at least 100 carloads of pulpwood out there that could be sold, he said. The question of liability for injuries arising out of the use of the air strip for non-

air uses was brought up by Commissioner John Fitzpatrick. It was his opinion some protection against possible suits arising out of an accident occurring during the drag races. Commissioner-elect John Alexander, chairman of the airport use committee, said his group would enter into discussions with the Seminole Timing Association at once concerning such protection. Avery said he didn't think any non-air use should be permitted until insurance is arranged and he moved that Clerk Arthur Beckwith contact the insurance committee concerning the kind and cost of such protection.
